Item 7.01 Regulation FD Disclosure

Michael Durham, President and CEO, and Graham Mattison, Vice President of Investor Relations, of Advanced Emissions Solutions, Inc. (ADES) will be participating in the Baird 2013 Industrial Conference on Monday, November 4, 2013 at the Four Seasons Hotel in Chicago, IL. A copy of the slides to be used at this conference is currently available via the Investor Information section of ADES' s website at www.advancedemissionssolutions.com. A copy of the materials is attached hereto as Exhibit 99.1.

On October 22, 2013, we issued a press release announcing ADES' s scheduled participation at this conference. A copy of the press release is furnished as Exhibit 99.2 to this report.

Item 8.01. Other Events

On October 22, 2013, we issued a press release announcing the Company' s progress on R&D efforts for future products describing, among other things, an update to prior information about the \$20.5 million Department of Energy (DOE) program supporting the development of our regenerable solid-sorbent based carbon capture technology, the award of three R&D contracts of which two were awarded by the DOE related to technology to capture carbon dioxide from coal-fired power plants with a total combined value of \$1.6 million and the third awarded by a major utility related to technology to stabilize effluents from power plants, the Environmental Protection Agency' s (EPA) September 2013 announcement of draft regulations on carbon emissions on new coal-fired power plants and scheduled release of draft regulations for existing plants in June 2014 and the June 2013 EPA draft guidelines and standards for liquid effluents generated by power plants that define acceptable limits for effluents that are primarily generated in a plant' s air pollution control equipment. A copy of the press release is filed as Exhibit 99.3 to this report.

On October 29, 2013, we issued a press release updating prior information about the refined coal (RC) business we carry out through Clean Coal Solutions, LLC (CCS), the 42.5% owned and consolidated subsidiary of ADA-ES, Inc. describing, among other things, the status of operating RC facilities, the lease of an additional RC facility and \$6 million upfront cash payment received by CCS for this lease from an existing RC investor, another RC facility put into full-time operations, CCS' s plans to have six additional RC facilities begin full-time operations by the end of the first quarter of 2014 including two facilities that will use ADES' s M-45-PCTM technology for pulverized coal boilers and the expansion of the potential market for CCS and its RC technologies due to the ability to operate at plants that burn bituminous coal. A copy of the press release is filed as Exhibit 99.4 to this report.

Item 9.01. Financial Statements and Exhibits
