Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On March 20, 2014, The Mosaic Company (Mosaic, and Mosaic and its subsidiaries, individually or in any combination, the Company) entered into an unsecured term loan facility with U.S. Bank National Association, as Syndication Agent, Wells Fargo Bank, National Association, as Administrative Agent, and certain other lenders (the Term Loan Facility). Under the Term Loan Facility, to September 19, 2014, Mosaic may on up to two occasions borrow, on a pro rata basis, up to \$370 million under Term A-1 Loans (the Term A-1 Loans) and up to \$430 million under Term A-2 Loans (Term A-2 Loans, and collectively with the Term A-1 Loans, Loans). The lenders commitments to loan such amounts expire on the earlier of September 19, 2014, full funding of the Loans or earlier termination of the loan commitments (the Commitment Termination Date). Final maturity of the Term A-1 Loans is the third anniversary of the Commitment Termination Date and final maturity of the Term A-2 Loans is the fifth anniversary of the Commitment Termination Date. In addition, Mosaic is required to repay 5.00% of the Term A-1 loan balance on each of the first two anniversaries of the Commitment Termination Date and 5.00% of the Term A-2 loan balance on each of the first two anniversaries, 7.50% on the third anniversary, and 10.00% on the fourth anniversary of the Commitment Termination Date. A ticking fee accrues at an annual rate of .0125% on the aggregate undrawn commitments under the Term Loan Facility beginning April 19, 2014. Mosaic may prepay outstanding Term A-1 Loans and Term A-2 Loans at any time and from time to time, without premium or penalty.

As of the date hereof, no borrowings have been made or are outstanding under the Term Loan Facility. Prior to September 19, 2014, Mosaic plans to use net proceeds from borrowings under the Term Loan Facility to replace cash that Mosaic used to fund its purchase on March 17, 2014 of the Florida phosphate assets and assumption of certain related liabilities of CF Industries, Inc. (*CF*) for \$1.2 billion plus an additional \$200 million to fund CF's asset retirement obligation escrow, as previously reported in Mosaic's Current Report on Form 8-K dated March 17, 2014 and filed with the U.S. Securities and Exchange Commission (the SEC) on March 18, 2014. Under the Term Loan Facility, proceeds of borrowings may also be used for working capital, capital expenditures, dividends, share repurchases, other acquisitions and other lawful corporate purposes.

The Term Loan Facility has cross-default provisions that, in general, provide that a failure to pay principal or interest under any one item of other indebtedness in excess of \$50 million or \$75 million for multiple items of other indebtedness, or breach or default under such indebtedness that permits the holders thereof to accelerate the maturity thereof, will result in a cross-default.

The Term Loan Facility requires the Company to maintain certain financial ratios, including a maximum ratio of Total Debt to EBITDA (as defined) of 3.5 to 1.0, as well as a minimum Interest Coverage Ratio (as defined) of not less than 3.0 to 1.0.

The Term Loan Facility also contains other events of default and covenants that limit various matters. These provisions include limitations on indebtedness, liens, investments and acquisitions (other than capital expenditures), certain mergers, certain sales of assets and other matters customary for credit facilities of this nature.

Mosaic hereby agrees to furnish the SEC, upon request, with a copy of the Term Loan Facility, to the extent required by rules and regulations of the SEC.
