PRESS RELEASE

Amsterdam, 28 March 2014

ING publishes historical trend data adjusted for upcoming changes in cost allocations within ING Bank

ING announced today that it has published extra historical trend data that are adjusted to reflect reporting changes with respect to funding costs and Dutch banking tax.

As communicated on 12 February 2014, ING will transfer results from Bank Treasury to Corporate Line Banking to isolate the costs for replacing short term funding with long term funding, which mainly consists of negative interest results.

Additionally, in order to allocate the Dutch Banking tax, these costs will be transferred from Corporate Line Banking to the relevant business lines from 2014 onwards.

Both changes will be implemented starting the first quarter of 2014. For easy comparison with ING Bank's first quarter 2014 results, to be published on 7 May 2014, adjusted historical trend data for 2012 and 2013 are published on ing.com and can be downloaded [here](#).
