PROXY STATEMENT
2014 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD MAY 15, 2014

The board of directors of SPS Commerce, Inc. is soliciting proxies for use at the annual meeting of stockholders to be held on May 15, 2014, and at any adjournment or postponement of the meeting.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

What is the purpose of the meeting?

At our annual meeting, stockholders will act upon the matters outlined in the Notice of Annual Meeting of Stockholders, and management will report on matters of current interest to our stockholders and respond to questions from our stockholders. The matters outlined in the notice include the election of directors, the ratification of the selection of our independent auditor for 2014, and an advisory vote on approval of the compensation of our named executive officers.

Who is entitled to vote at the meeting?

The board of directors has set March 20, 2014 as the record date for the annual meeting. If you were a stockholder of record at the close of business on March 20, 2014, you are entitled to vote at the meeting. As of the record date, 16,179,557 shares of common stock, representing all of our voting stock, were issued and outstanding and, therefore, eligible to vote at the meeting.

What are my voting rights?

Holders of our common stock are entitled to one vote per share. Therefore, a total of 16,179,557 votes are entitled to be cast at the meeting. There is no cumulative voting.

How many shares must be present to hold the meeting?

In accordance with our bylaws, shares equal to a majority of the voting power of the outstanding shares of common stock entitled to vote generally in the election of directors as of the record date must be present at the annual meeting in order to hold the meeting and conduct business. This is called a quorum. Shares are counted as present at the meeting if:

you are present and vote in person at the meeting; or

you have properly and timely submitted your proxy as described below under **How do I submit my proxy?**

What is a proxy?

It is your designation of another person to vote stock you own. That other person is called a proxy. If you designate someone as your proxy in a written document, that document also is called a proxy or a proxy card. When you designate a proxy, you also may direct the proxy how to vote your shares. We refer to this as your proxy vote. Two executive officers have been designated as proxies for our 2014 annual meeting of stockholders. These executive officers are Archie C. Black and Kimberly K. Nelson.

What is the difference between a stockholder of record and a street name holder?

If your shares are registered directly in your name, you are considered the stockholder of record with respect to those shares. If your shares are held in a stock brokerage account or by a bank, trust or other nominee, then the

Table of Contents

broker, bank, trust or other nominee is considered to be the stockholder of record with respect to those shares, while you are considered the beneficial owner of those shares. In that case, your shares are said to be held in street name. Street name holders generally cannot vote their shares directly and must instead instruct the broker, bank, trust or other nominee how to vote their shares using the method described below under How do I submit my proxy?

How do I submit my proxy?

If you are a stockholder of record, you can submit a proxy to be voted at the meeting in any of the following ways:

over the telephone by calling a toll-free number;

over the internet; or

signing, dating and mailing the proxy card in the envelope provided.

To vote by telephone or the internet, you will need to use a control number that was provided to you by our vote tabulator, Broadridge Financial Solutions, and then follow the additional steps when prompted. The steps have been designed to authenticate your identity, allow you to give voting instructions, and confirm that those instructions have been recorded properly. If you hold your shares in street name, you must vote your shares in the manner prescribed by your broker, bank, trust or other nominee, which is similar to the voting procedures for stockholders of record. You will receive a voting instruction form (not a proxy card) to use in directing the broker, bank, trust or other nominee how to vote your shares.

What does it mean if I receive more than one printed set of proxy materials?

If you receive more than one printed set of proxy materials, it means that you hold shares registered in more than one account. To ensure that all of your shares are voted, vote once for each control number you receive as described above under How do I submit my proxy?

Can I vote my shares in person at the meeting?

If you are a stockholder of record, you may vote your shares in person at the meeting by completing a ballot at the meeting. Even if you currently plan to attend the meeting, we recommend that you submit your proxy as described above so your vote will be counted if you later decide not to attend the meeting. If you submit your vote by proxy and later decide to vote in person at the annual meeting, the vote you submit at the meeting will override your proxy vote.

If you are a street name holder, you may vote your shares in person at the meeting only if you obtain and bring to the meeting a signed letter or other form of proxy from your broker, bank, trust or other nominee giving you the right to vote the shares at the meeting.

How does the board of directors recommend that I vote?

The board of directors recommends a vote:

FOR all of the nominees for director;

FOR the ratification of the selection of KPMG LLP as the independent auditor of SPS Commerce, Inc. for the year ending December 31, 2014; and

Edgar Filing: SPS COMMERCE INC - Form DEF 14A

FOR the advisory approval of the compensation of our named executive officers.

Table of Contents

What if I do not specify how I want my shares voted?

If you are a stockholder of record and submit a signed proxy card or submit your proxy by internet or telephone but do not specify how you want to vote your shares on a particular matter, we will vote your shares as follows:

FOR all of the nominees for director;

FOR the ratification of the selection of KPMG LLP as the independent auditor of SPS Commerce, Inc. for the year ending December 31, 2014; and

FOR the advisory approval of the compensation of our named executive officers.

Your vote is important. We urge you to vote, or to instruct your broker, bank, trust or other nominee how to vote, on all matters before the annual meeting. If you are a street name holder and fail to instruct the stockholder of record how you want to vote your shares on a particular matter, those shares are considered to be uninstructed. New York Stock Exchange rules determine the circumstances under which member brokers of the New York Stock Exchange may exercise discretion to vote uninstructed shares held by them on behalf of their clients who are street name holders. Other than the ratification of the selection of KPMG LLP as our independent auditor for the year ending December 31, 2014, the rules do *not* permit member brokers to exercise voting discretion as to the uninstructed shares on any matter included in the notice of meeting. With respect to the ratification of the selection of KPMG LLP as our independent auditor for the year ending December 31, 2014, the rules permit member brokers to exercise voting discretion as to the uninstructed shares. For matters with respect to which the broker, bank or other nominee does not have voting discretion or has, but does not exercise, voting discretion, the uninstructed shares will be referred to as a broker non-vote. For more information regarding the effect of broker non-votes on the outcome of the vote, see below under How are votes counted?

Can I change my vote after submitting my proxy?

Yes. You may revoke your proxy and change your vote at any time before your proxy is voted at the annual meeting, in any of the following ways:

by submitting a later-dated proxy by telephone or the internet before 11:59 p.m. Eastern Time on Wednesday, May 14, 2014;

by submitting a later-dated proxy to the Chief Financial Officer of SPS Commerce, Inc., which must be received by us before the time of the annual meeting;

by sending a written notice of revocation to the Chief Financial Officer of SPS Commerce, Inc., which must be received by us before the time of the annual meeting; or

by voting in person at the meeting.

What vote is required to approve each item of business included in the notice of meeting?

The seven directors who receive a plurality of the voting power of the shares of common stock entitled to vote and present in person or represented by proxy at the meeting.

The affirmative vote of the holders of a majority of the outstanding shares of common stock present in person or represented by proxy and entitled to vote at the annual meeting is required to ratify the selection of our independent auditor.

Edgar Filing: SPS COMMERCE INC - Form DEF 14A

If the advisory vote on the compensation of our named executive officers receives more votes for than against, then it will be deemed approved.

Table of Contents

How are votes counted?

You may either vote **FOR** or **WITHHOLD** authority to vote for each director nominee. You may vote **FOR**, **AGAINST** or **ABSTAIN** on the other proposals. If you properly submit your proxy but withhold authority to vote for one or more director nominees or abstain from voting on the other proposals, your shares will be counted as present at the meeting for the purpose of determining a quorum and for the purpose of calculating the vote on the particular matter(s) with respect to which you abstained from voting or withheld authority to vote. If you do not submit your proxy or voting instructions and also do not vote by ballot at the annual meeting, your shares will not be counted as present at the meeting for the purpose of determining a quorum unless you hold your shares in street name and the broker, bank, trust or other nominee has discretion to vote your shares and does so. For more information regarding discretionary voting, see the information above under **What if I do not specify how I want my shares voted?**

If you withhold authority to vote for one or more of the director nominees or you do not vote your shares on this matter (whether by broker non-vote or otherwise), this will have no effect on the outcome of the vote. With respect to the proposal to ratify the selection of KPMG LLP as our independent auditor, if you abstain from voting, doing so will have the same effect as a vote against the proposal, but if you do not vote your shares (or, for shares held in street name, if you do not submit voting instructions and your broker, bank, trust or other nominee does not or may not vote your shares), this will have no effect on the outcome of the vote. Abstentions will have no effect on the advisory vote to approve the compensation of our named executive officers.

How can I attend the meeting?

All of our stockholders are invited to attend the annual meeting. You may be asked to present valid photo identification, such as a driver's license or passport, before being admitted to the meeting. If you hold your shares in street name, you also may be asked to present proof of ownership to be admitted to the meeting. A brokerage statement or letter from your broker, bank, trust or other nominee are examples of proof of ownership.

Who pays for the cost of proxy preparation and solicitation?

SPS Commerce pays for the cost of proxy preparation and solicitation, including the reasonable charges and expenses of brokerage firms, banks, trusts or other nominees for forwarding proxy materials to street name holders. We are soliciting proxies by mail. In addition, our directors, officers and regular employees may solicit proxies personally, telephonically, electronically or by other means of communication. Our directors, officers and regular employees will receive no additional compensation for their services other than their regular compensation.

ITEM 1 *ELECTION OF DIRECTORS*

The number of directors currently serving on our board of directors is seven. Upon recommendation of the governance and nominating committee, which acts as the nominating committee of the board of directors, the board has nominated seven current members of the board of directors for election at our 2014 annual meeting, who are Archie C. Black, Michael B. Gorman, Martin J. Leestma, James B. Ramsey, Michael A. Smerklo, Philip E. Soran and Sven A. Wehrwein. Bradley A. Cleveland served on the board during the fiscal year ending December 31, 2013 but resigned effective January 21, 2014. These nominees will each be a candidate for election to the board of directors to serve until our 2015 annual meeting or until his successor is elected and qualified. Each of the nominees has agreed to serve as a director if elected. The seven nominees receiving a plurality of the votes cast at the meeting in person or by proxy will be elected. Proxies may not be voted for more than seven directors. If, for any reason, any nominee becomes unable to serve before the annual meeting occurs, the persons named as proxies may vote your shares for a substitute nominee selected by our board of directors.

The board of directors recommends a vote FOR the election of the seven director nominees. Proxies will be voted FOR the election of the seven nominees unless otherwise specified.

INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

The board of directors conducts its business through meetings of the board and the following standing committees: audit, compensation, and governance and nominating. Each of the standing committees has adopted and operates under a written charter, all of which are available on our website at www.spscommerce.com. Other corporate governance documents available on our website include our Corporate Governance Guidelines and Code of Business Conduct and Ethics.

Table of Contents

Code of Business Conduct and Ethics

We have adopted a code of business conduct and ethics relating to the conduct of our business by our directors, officers and employees, which is posted on our website at *www.spscommerce.com*.

Director Independence

As required under The NASDAQ Stock Market rules and regulations, a majority of the members of a listed company's board of directors must qualify as independent, as affirmatively determined by the board. The board of directors consults with our counsel to ensure that the board's determinations are consistent with all relevant securities and other laws and regulations regarding the definition of independent, including those set forth in pertinent listing standards of The NASDAQ Stock Market, as in effect from time to time.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and our company, our management and our independent registered public accounting firm, the board of directors has affirmatively determined that all of the Company's directors are independent directors within the meaning of the applicable listing standards of The NASDAQ Stock Market, except for Mr. Black, our current President and Chief Executive Officer.

As required under The NASDAQ Stock Market rules and regulations, our independent directors meet in regularly scheduled executive sessions at which only independent directors are present. All of the committees of our board of directors are comprised entirely of directors determined by the board to be independent within the meaning of The NASDAQ Stock Market rules and regulations.

Board Leadership Structure

Mr. Leestma, a non-employee independent director, has served as our chairman of the board of directors since March 2011, while Mr. Black serves as our President and Chief Executive Officer. Separating these positions allows our Chief Executive Officer to focus on our day-to-day business, while allowing the chairman of the board to lead the board in its fundamental role of providing advice to, and independent oversight of, management. The board of directors recognizes the time, effort and energy that the Chief Executive Officer is required to devote to his position in the current business environment, as well as the commitment required to serve as our chairman. Our Corporate Governance Guidelines require our chairman and Chief Executive Officer positions to be separate because the board of directors believes that having separate positions and having an independent director serve as chairman of the board is the appropriate leadership structure for us and demonstrates our commitment to good corporate governance.

Board Involvement in Risk Oversight

Our management is responsible for defining the various risks facing us, formulating risk management policies and procedures, and managing our risk exposures on a day-to-day basis. The board of directors' responsibility is to monitor our risk management processes by informing itself concerning our material risks and evaluating whether management has reasonable controls in place to address the material risks; the board is not responsible, however, for defining or managing our various risks. The audit committee of the board of directors is primarily responsible for monitoring management's responsibility in the area of financial risk oversight and the board of directors primarily responsible for monitoring management's responsibility in our other areas of risk management. Accordingly, management regularly reported to the audit committee and the board of directors on risk management during 2012. The audit committee, in turn, reports on the matters discussed at the committee level to the full board. The audit committee and the full board focus on the material risks facing us, including financial, operational, market, credit, liquidity, legal and regulatory risks, to assess whether management has reasonable controls in place to address these risks. In addition, the compensation committee is charged with reviewing and discussing with management whether our compensation arrangements are consistent with effective

controls and sound risk management. The board of directors believes this division of responsibilities provides an effective and efficient approach for addressing risk management.

Table of Contents**Board Committees**

The board of directors has established an audit committee, a compensation committee and a governance and nominating committee. Each of our committees has a charter and each charter is posted on our website. The following sets forth the membership of each of our committees as of March 28, 2014.

Audit Committee

Among other matters, our audit committee:

evaluates the qualifications, performance and independence of our independent auditor and reviews and approves both audit and non-audit services to be provided by the independent auditor;

discusses with management and our independent auditors any major issues as to the adequacy of our internal controls, any actions to be taken in light of significant or material control deficiencies and the adequacy of disclosures about changes in internal control over financial reporting;

establishes procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters, including the confidential, anonymous submission by employees of concerns regarding accounting or auditing matters;

administers our investment and cash management policies; and

prepares the audit committee report that SEC rules require to be included in our annual proxy statement and annual report on Form 10-K.

Each of the members of our audit committee meets the requirements for financial literacy under the applicable rules and regulations of the SEC and the NASDAQ Stock Market. Our board of directors has determined that Mr. Wehrwein is an audit committee financial expert, as defined under the applicable rules of the SEC. Each member of our audit committee satisfies the NASDAQ Stock Market independence standards and the independence standards of Rule 10A-3(b)(1) of the Securities Exchange Act.

Compensation Committee

Edgar Filing: SPS COMMERCE INC - Form DEF 14A

Our compensation committee reviews and approves on an annual basis the goals and objectives relevant to our Chief Executive Officer's compensation and annually reviews the evaluation of the performance of our executive officers and approves our executive officers' annual compensation. Our compensation committee also administers the issuance of stock options and other awards under our 2010 Equity Incentive Plan.

Table of Contents

Governance and Nominating Committee

Our governance and nominating committee identifies individuals qualified to become members of the board of directors, recommends individuals to the board for nomination as members of the board and board committees, reviews the compensation paid to our non-employee directors and recommends any adjustments in director compensation and oversees the evaluation of our board of directors.

Meeting Attendance

Our Corporate Governance Guidelines provide that our directors are expected to attend meetings of the board of directors and of the committees on which they serve, as well as our annual meeting of stockholders. Our board of directors held nine (9) meetings and acted by written consent one (1) time during 2013. The audit committee of the board met twelve (12) times, the compensation committee of the board met ten (10) times and acted by written consent two (2) times, and the governance and nominating committee of the board met thirteen (13) times and acted by written consent one (1) time during 2013. Each of our directors attended at least 75% of the meetings of the board of directors and the committees on which he served during 2013.

Procedures for Contacting the Board of Directors

Stockholders who wish to communicate with the board of directors may do so by writing to the board or a particular director in care of the Secretary of the Company. All communications will initially be received and processed by the Secretary of the Company, who will then refer the communication to the appropriate board member (either the director named in the communication, the chairperson of the board committee having authority over the matter raised in the communication, or the chairperson of the board in all other cases. The director to whom a communication is referred will determine, in consultation with our counsel, whether a copy or summary of the communication will be provided to the other directors. The board of directors will respond to communications if and as appropriate.

Procedures for Selecting and Nominating Director Candidates

Stockholders may directly nominate a person for election to our board of directors by complying with the procedures set forth in Article II, Section 2.4(a)(2) of our bylaws, and with the rules and regulations of the Securities and Exchange Commission. Under our bylaws, only persons nominated in accordance with the procedures set forth in the bylaws will be eligible to serve as directors. In order to nominate a candidate for service as a director, you must be a stockholder at the time you give the board notice of your nomination, and you must be entitled to vote for the election of directors at the meeting at which your nominee will be considered. In accordance with our bylaws, director nominations generally must be made pursuant to notice delivered to, or mailed and received at, our principal executive offices at the address above, not later than the 90th day, nor earlier than the 120th day, prior to the first anniversary of the prior year's annual meeting of stockholders. Your notice must set forth all information relating to the nominee that is required to be disclosed in solicitations of proxies for the election of directors in an election contest, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including the nominee's written consent to being named in the proxy statement as a nominee and to serving as a director if elected).

Your notice also must set forth the following information for you and any beneficial owner on whose behalf you make a nomination: (i) the name and address of the stockholder, as they appear on our books; (ii) the class and number of shares of our capital stock which are owned beneficially and of record, as well as a description of all securities or contracts, with a value derived in whole or in part from the value of any shares of our capital stock, held by you and such beneficial owner or to which either is a party; (iii) a description of all arrangements or understandings between you and any such beneficial owner and any other person or persons (including their names) regarding the nomination; (iv) a representation that you intend to appear in person or by proxy at the meeting to nominate the persons named in your notice; and (v) a description of any other information relating to

you and any such beneficial owner that would be required to be disclosed in a proxy statement or other filing required to be made in connection with the solicitation of proxies pursuant to Regulation 14A under the Securities Exchange Act of 1934.

As required by our Corporate Governance Guidelines, when evaluating the appropriate characteristics of candidates for service as a director, the governance and nominating committee takes into account many factors. The board of directors selects and recommends to stockholders qualified individuals who, if added to the board, would provide the mix of director characteristics and diverse experiences, perspectives and skills appropriate for us. Board candidates are considered based on various criteria, including breadth and depth of relevant business and board skills and experiences, judgment and integrity, reputation in their profession, diversity of background, education, leadership ability, concern for the interests of stockholders and relevant regulatory guidelines. These considerations are made in the context of an assessment of the perceived needs of the board of directors at the particular point in time. We do not have a formal policy with respect to diversity, however, the board of directors seeks to have a board that represents diversity as to gender, race, ethnicity and background experiences. Directors must be willing and able to devote sufficient time to carrying out their duties and responsibilities effectively, and should be committed to serving on the board for an extended period of time.

The governance and nominating committee will consider director candidates recommended by stockholders in the same manner that it considers all director candidates. Stockholders who wish to suggest qualified candidates should write to SPS Commerce, Inc., 333 South Seventh Street, Suite 1000, Minneapolis, Minnesota 55402, Attention: Chief Financial Officer, stating in detail the characteristics that make the candidate a suitable person to serve on our board of directors in light of our Corporate Governance Guidelines.

The awards vest in four equal installments on the last day of each fiscal quarter with the first vesting occurring on June 30, 2013, provided the recipient remains a member of the board as of the vesting date. In addition, each director receives an initial stock option grant to purchase up to \$111,000 of shares of our common stock in connection with appointment to the board calculated as the grant date fair value of the option computed in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 718, *Stock Compensation*. All stock options granted under the policy have an exercise price equal to the fair market value of our common stock on the date of grant in accordance with our 2010 Equity Incentive Plan.

Our director compensation policy for 2013 also provided that each non-employee director received a restricted stock grant to acquire up to \$46,175 of shares of our common stock on the date of the annual meeting of stockholders at which the director was elected to the board or continued to serve as a director. The restricted stock awards vest in four equal installments on the last day of each fiscal quarter with the first vesting occurring on June 30, 2013, provided the recipient remains a member of the board as of the vesting date. We also reimbursed our directors for out-of-pocket expenses incurred in connection with attending our board and committee meetings.

Non-employee directors received cash fees in addition to the equity awards described above. As of the date of the 2013 annual meeting, we increased the cash fees and each non-employee director received an annual retainer of \$27,500 and the chairman of our board of directors received an additional annual fee of \$12,000. EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

The following is a discussion and analysis of compensation arrangements of our named executive officers for 2013. Our named executive officers for 2013 were:

Archie C. Black, our President and Chief Executive Officer,

Kimberly K. Nelson, our Executive Vice President and Chief Financial Officer,

James J. Frome, our Executive Vice President and Chief Operating Officer,

Executive Summary

We are a technology company with \$104.4 million in annual revenues. We are a leading provider of cloud-based supply chain management solutions, providing prewired, proven integrations and comprehensive retail performance analytics to thousands of customers worldwide.

2013 was a very successful year for us based on our financial results. In our earnings releases we focus on revenue, recurring revenue, net income (and diluted EPS), non-GAAP net income (and diluted non-GAAP EPS) and Adjusted EBITDA and we performed well on all these measures in 2013.

We had sequential revenue growth for all four quarters of 2013 and we now have 52 consecutive quarters of sequential revenue growth.

Our revenues of \$104.4 million, compared to \$77.1 for 2012, reflect 35% growth from 2012.

Our recurring revenues from recurring revenue customers grew 37% from 2012.

We achieved improvements in operational efficiency that produced Adjusted EBITDA of \$13.8 million, compared to \$9.0 million in 2012, and non-GAAP income per diluted share of \$0.53 in 2013 compared to \$0.41 in 2012.

As reflected in our compensation philosophy, we set the compensation of our executive officers, including the named executive officers, based on their ability to achieve annual operational objectives that further our long-term business objectives and to create sustainable long-term stockholder value in a cost-effective manner. Accordingly, our 2013 compensation actions and decisions were based on our executive's accomplishments in these dual areas. Each of the primary elements of our executive compensation program is discussed in more detail below. While we have identified particular compensation objectives that each element of executive compensation serves, our compensation programs are designed to be flexible and complementary and to collectively serve all of the executive compensation objectives described above. Accordingly, whether or not specifically mentioned below, we believe that, as a part of our overall executive compensation policy, each individual element, to a greater or lesser extent, serves each of our objectives.

The committee also considers the results of the shareholders' advisory vote on the compensation of named executive officers. At our 2013 Annual Meeting, our say-on-pay proposal received 91% of the votes that represented approximately 91% of the shares voted on this proposal. The Compensation Committee considered the results of the say-on-pay vote when evaluating our compensation practices and policies in 2013 and when setting the compensation of our named executive officers for 2013 and 2014. The Compensation Committee believes that the significant support for the 2013 say-on-pay proposal demonstrates shareholders' support of our compensation policies.

In 2013, the committee took the following actions with respect to the compensation of the named executive officers:

increased base salaries between 6% and 7% per individual compared to 2012;

Table of Contents

awarded formula-based bonuses at 145% of the target bonus opportunity established at the beginning of the year and qualitative factor bonuses at 100% of the qualitative factor bonus opportunity; and

approved stock option and restricted stock unit awards to satisfy competitive market concerns, satisfy our retention objectives, and reward individual performance for 2012.

In addition to the compensation details provided above and discussed further below, other important details are as follows:

named executive officers are not entitled to any tax gross-up treatment on any severance or change in control benefits; and

our compensation programs are reviewed regularly by our compensation committee, which has determined that our compensation programs do not create inappropriate or excessive risk that is likely to have a material adverse effect on the company;

We engaged an independent compensation consultant, Compensia, to assist the committee with determining compensation for our named executive officers; and

Our executive officers are also prohibited from purchasing our securities on margin, or otherwise pledging our securities.

Compensation Objectives and Process

We have designed the compensation arrangements for our named executive officers to provide compensation in overall amounts and in forms that attract and retain talented and experienced individuals and motivate our executives to achieve the goals that are important to our growth. We typically provide compensation to our named executive officers through a combination of base salary, bonuses and equity awards. During 2013, our compensation primarily consisted of base salary, annual cash incentive awards, stock option grants and restricted stock unit awards, which helps align the incentives of our named executive officers with the interests of our stockholders.

Historically, our compensation committee has established all elements of compensation for our named executive officers. Generally, prior to commencing the compensation determinations, our Chief Executive Officer provided his review of our other named executive officers to the compensation committee. Our compensation committee engaged Compensia, Inc., a compensation consultant, to help evaluate our compensation philosophy and provide guidance in administering our compensation program.

Our compensation committee determines executive compensation, in part, by reference to the compensation information for the executives of a peer group of comparable companies. For 2013, our compensation committee reviewed a refreshed version of the formal compensation study and executive compensation market assessment developed in 2012 by Compensia, our independent compensation consultant. Compensia updated the base salary information based on its understanding of the changes that had occurred over the past year. Because the underlying data was not charged in the report, the peer group remained the same as in 2012 and consisted of the following companies:

American Software	Envestnet	SciQuest
Carbonite	LivePerson	Support.com
Convio	Local.com	Tangoe
DemandTec	LogMeIn	Vocus
Demandware	Pros Holdings	Zix
Digimarc	Proto Labs	

Table of Contents

This comparative data from the peer group is valuable to the compensation committee because it provides insight into competitive pay practices for each of the components of total compensation as well as confirms the reasonableness of our own compensation decisions. In January 2012, our compensation committee reviewed again the analysis of the compensation of our named executive officers relative to compensation paid by our peer group of companies summarized in a report prepared by Compensia.

Base Salary

Base salaries are used to recognize the experience, skills, knowledge and responsibilities required of all our employees, including our named executive officers. Base salaries for each of our named executive officers are initially established based on arm's-length negotiations between us and the executive. Our compensation committee reviews the base salaries of our named executive officers annually at the beginning of each year. When negotiating or reviewing base salaries, the compensation committee considers market competitiveness based on their experience, the executive's expected future contribution to our success and the relative base salaries and responsibilities of our other executives.

In February 2013, our named executive officers received base salary increases ranging from 6% to 7% of their 2012 base salaries. The adjustments were made to transition our named executive officers' compensation to be competitive with the compensation of other similarly situated companies as reflected in the peer group.

Bonuses

2013 Management Incentive Plan

Our named executive officers participated in our management incentive plan, which provides them with an opportunity to receive two types of bonuses: a formula-based bonus and a qualitative factor bonus. The formula-based bonus is intended to motivate our executives to achieve specific financial goals that will drive the growth and success of our business. The qualitative factor bonus is designed to motivate our executive team to achieve goals that contribute to our growth and success but are not necessarily measurable by the financial results of our operations.

Formula-Based Bonuses. The formula-based bonus is based on the target bonus for each named executive officer established by the compensation committee at the beginning of each year. The compensation committee established the target bonus opportunity based on the amount it believes is necessary to provide a competitive overall compensation package in light of each named executive officer's base salary and to motivate our executives to achieve an aggressive level of growth. The amount of the formula-based bonus, if any, actually paid to executives after the end of the year is determined by a matrix that takes into account our revenues and earnings before interest, taxes, depreciation and amortization and stock-based compensation, or Adjusted EBITDA. The formula-based bonus is based in part on revenues because, given the scalability of our current core business, the compensation committee believes our financial results are driven most significantly by the revenues we generate. The compensation committee also believes formula-based bonuses should be based in part on Adjusted EBITDA because Adjusted EBITDA is a useful measure of our operating performance. A reconciliation of net income to Adjusted EBITDA is incorporated by reference to the section titled "Results of Operations - Year Ended December 31, 2013 Compared to Year Ended December 31, 2012 - Adjusted EBITDA" included in our annual report on Form 10-K filed with the Securities and Exchange Commission on February 20, 2014 (SEC file no. 001-34702).

The matrix provides that each executive will receive a percentage of his or her target formula-based bonus, between 0% and 145%, based on our revenues and Adjusted EBITDA. For example, for our executives to earn their target bonuses for 2013, we needed to generate revenues of approximately \$101.8 million and Adjusted EBITDA of approximately \$13.8 million. If we failed to have either revenues of approximately \$98.4 million or Adjusted EBITDA of approximately \$12.9 million, our named executive officers would not have received a

Table of Contents

formula-based bonus for the year. With some exceptions, the percentage of the target bonus earned between the minimum and the maximum varies in five percentage-point increments based on revenues and Adjusted EBITDA for the year relative to increments established for each metric in the matrix. The target revenues and Adjusted EBITDA are adjusted during the year by the compensation committee in the event we complete acquisitions, if any, during the year. The compensation committee established the intervals for the matrix with the intent that achieving 100% of an executive's target bonus will be a difficult but achievable goal in light of the prior year's results of operations and anticipated growth for 2013. For 2013, we exceeded the targets for both revenue and Adjusted EBITDA and the formula-based bonus for each named executive officer was as follows:

Mr. Black \$341,040

Ms. Nelson \$171,680

Mr. Frome \$173,456

Qualitative Factor Bonuses. At the beginning of each year, our compensation committee also establishes a target qualitative factor bonus opportunity for each named executive officer that it may pay to the executive at the end of the year in our compensation committee's discretion. Our compensation committee establishes the target bonus opportunity for each executive in an amount the committee believes is appropriate to incentivize our executives to strive to exceed performance expectations and pursue activities that will not necessarily increase the calculations of revenues or Adjusted EBITDA applied to the formula-based bonus matrix. For 2013, the target qualitative factor bonus opportunity for each named executive officer was as follows:

Mr. Black \$78,400

Ms. Nelson \$39,450

Mr. Frome \$39,875

The amount actually paid to each named executive officer is based on the compensation committee's qualitative evaluation of each named executive officer's achievement during the year. Our compensation committee predetermines criteria or goals that they consider in connection with payment of the qualitative factor bonus. For 2013, in determining whether to pay a qualitative factor bonus, the compensation committee reviewed Mr. Black based on the Company's successful completion of the objectives for the Company's executive vice presidents, Mr. Frome based on establishment of a detailed product roadmap for our customer offerings, and Ms. Nelson based on the success of the implementation of our new enterprise resource planning system and her performance in identifying acquisition opportunities. The compensation committee determines the amount of the qualitative factor bonus actually paid to each member of our executive team independent of the formula-based bonus earned after considering the criteria described above. For 2013, the qualitative factor bonus earned for each named executive officer was as follows:

Mr. Black \$78,400

Ms. Nelson \$39,450

Mr. Frome \$39,875

Equity Awards

Edgar Filing: SPS COMMERCE INC - Form DEF 14A

Historically, we have granted our named executive officers stock options in connection with their initial employment. When determining the size of the award, our compensation committee considers the executive's position and responsibilities, the equity holdings of our other executives and the anticipated future contribution the executive will make to our success. We believe stock options are an important element of compensation because they provide our executives a potential ownership interest in our company, which helps align executives' interests with those of other stockholders. We believe stock options further align the interest of our executives and stockholders because the executives profit from stock options only if our stock price increases relative to the option's exercise price. We believe options also help retain our executives because the awards vest over several years, and vesting depends on the executive's continued employment with us. Typically, these stock options vest

Table of Contents

over a period of four years. The vesting of these stock options in the event of a termination or change in control is described in more detail below under Potential Payments Upon Termination or Change in Control. We do not have any security ownership requirements for our named executive officers.

In addition to stock options, we granted our named executive officers restricted stock units in 2013 to provide an enhanced retention element to our equity compensation plan. We believe restricted stock awards are an important element of compensation because they provide our executives an immediate ownership interest in our company, which helps align executives' interests with those of other stockholders. We believe restricted stock units help retain our executives because the awards vest over several years and have immediate value to the executives upon vesting, while requiring the executives to maintain continuous employment with us in order for the awards to vest. Typically, these restricted stock units vest over a period of four years. The vesting of these restricted stock units in the event of a termination or change in control is described in more detail below under Potential Payments Upon Termination or Change in Control.

At the beginning of each year, our compensation committee grants annual equity awards to our named executive officers. In 2013, Mr. Black received a stock option grant to purchase 33,929 shares of common stock and our other named executive officers received stock option grants to purchase 18,215 shares of common stock. Our policy is to grant annual stock options with an exercise price equal to the fair market value of our common stock on the date of grant. Our named executive officers also received grants of restricted stock units to be settled in shares of common stock ranging from a restricted stock unit grant of 12,176 for Mr. Black to restricted stock unit grants of 6,536 for our other named executive officers. Going forward, we anticipate that equity compensation, whether in the form of restricted stock, stock options, restricted stock units, or other stock-based awards, will become a more significant part of our executive compensation and will continue to be granted on an annual basis in order to ensure a continued unvested equity component to the executive compensation package.

Other Compensation

Perquisites are not a material aspect of our executive compensation program. All of our full-time employees, including our named executive officers, are eligible to participate in our Section 401(k) plan. Pursuant to our Section 401(k) plan, employees may elect to reduce their current compensation by up to the statutorily prescribed annual limit and to have the amount of this reduction contributed to our Section 401(k) plan. Our Section 401(k) plan provides that we will match eligible employees' Section 401(k) contributions equal to 25% of the employee's elective deferrals, up to an amount not to exceed 6% of the employee's compensation.

Severance and Change in Control Benefits

We have entered into agreements that will require us to provide compensation to our named executive officers in the event of a termination of employment or a change in control of our company. We believe that these benefits were necessary to attract our executives and that the change in control benefits are in the best interests of the company and our shareholders because they help assure us that we will have the continued dedication and objectivity of our executives, notwithstanding the possibility or occurrence of a change in control.

Accounting and Tax Implications

As a publicly-traded company we are not permitted under Section 162(m) of the Internal Revenue Code (the Code) to deduct compensation paid to certain executive officers to the extent that compensation exceeds \$1.0 million per covered officer in any year. Compensation that is considered performance based for purposes of Section 162(m) is excluded from this limitation. Non-performance based compensation paid to our named executive officers for 2013 did not exceed the \$1.0 million limit per officer.

Our compensation committee believes that in establishing the cash and equity incentive compensation programs for our named executive officers, the potential deductibility of the compensation payable under those

Table of Contents

programs should be only one of a number of relevant factors taken into consideration, and not the sole governing factor. For that reason, our compensation committee may deem it appropriate to provide one or more named executive officers with the opportunity to earn compensation which may not qualify as performance based for purposes of Section 162(m), such as cash incentive awards under programs not approved by our shareholders or restricted stock grants tied to the named executive officer's continued service, and which may be in excess of the amount deductible by reason of Section 162(m) or other provisions of the Code. Our compensation committee believes it is important to maintain this flexibility in determining cash and equity incentive compensation in order to attract and retain high caliber named executive officer candidates, even if all or part of that compensation may not be deductible by reason of the Section 162(m) limitation.

Also, our compensation committee takes into account whether components of our compensation program may be subject to the penalty tax associated with Section 409A of the Code, and aims to structure the elements of compensation to be compliant with or exempt from Section 409A to avoid such potential adverse tax consequences.

Overview of 2014 Executive Compensation Program

In February 2014, our compensation committee determined the components, design and performance objectives of our 2014 executive compensation program.

2014 Base Salaries

For 2014, our named executive officers each received base salary increases of 3% of their 2013 base salaries. The adjustments were made in order to keep our named executive officers' compensation competitive with the compensation of other similarly situated companies as reflected in the peer group.

2014 Management Incentive Plan

The management incentive plan for 2014 has been structured in a manner similar to that in place for 2013. The amount of the formula-based bonus, if any, actually paid to executives after the end of the year will still be determined by a matrix that takes into account our revenues and earnings before interest, taxes, depreciation and amortization and stock-based compensation, or Adjusted EBITDA. The target revenues and Adjusted EBITDA will still be adjusted during the year by the compensation committee in the event we complete acquisitions during the year. The management incentive plan for 2014 also includes a target qualitative factor bonus for each named executive officer that it may pay to the executive in the first quarter of 2015 in the compensation committee's discretion. The compensation committee established the target amount for each executive in an amount the committee believes is appropriate to incentivize our executives to strive to exceed performance expectations and pursue activities that will not necessarily increase the calculations of revenues or Adjusted EBITDA applied to the formula-based bonus matrix. Our compensation committee predetermines criteria or goals that they consider in connection with payment of the qualitative factor bonus. The amount actually paid to each executive is based on the compensation committee's subjective evaluation of our executive team's achievement during the year. The compensation committee determines the amount of the qualitative factor bonus actually paid to each member of our executive team independent of the formula-based bonus earned after considering the specified criteria described above.

2014 Stock Option Grants and Restricted Stock Unit Grants

In February 2014, Mr. Black received a stock option grant to purchase 23,551 shares of common stock and our other named executive officers received stock option grants to purchase 10,009 shares of common stock. Our named executive officers also received grants of restricted stock units to be settled in shares of common stock ranging from a restricted stock unit grant of 9,370 for Mr. Black to restricted stock unit grants of 3,982 for our other named executive officers. The restricted stock units vest over a period of four years.

Pension Benefits

We do not offer pension benefits to our named executive officers.

Non-Qualified Deferred Compensation

We do not offer non-qualified deferred compensation to our named executive officers.

Employment Agreements

We entered into an employment agreement with Archie C. Black, our Chief Executive Officer. The initial term of the agreement expired on December 31, 2009, but the agreement automatically renews for additional one-year terms unless terminated by us or Mr. Black. This agreement renewed for an additional year on January 1, 2013. Pursuant to the agreement, Mr. Black's base salary is reviewed annually by our compensation committee and may be maintained or increased, but not decreased, in the compensation committee's discretion. Mr. Black's employment agreement requires him not disclose our confidential information or disparage us or our officers or employees at any time during the term of the agreement or thereafter.

We entered into confidentiality and non-competition agreements with our named executive officers other than Mr. Black. These agreements require the executives to not disclose our confidential information at any time. The agreements also require the executives not to compete with us or solicit our employees to engage in other employment during the term of the executive's employment with us and for one year thereafter. We entered into a confidentiality agreement, but not a non-competition agreement, with Mr. Black.

The employment and confidentiality and non-competition agreements with our named executive officers address various termination of employment scenarios. No severance payments are made to executives who are terminated for cause. The terms of potential payments under these agreements upon a termination of employment are summarized below under Potential Payments Upon Termination or Change-in-Control.

Potential Payments Upon Termination or Change-in-Control

Employment Agreements

We have entered into agreements that will require us to provide compensation to our named executive officers in the event of a termination of employment or a change in control of our company. Our employment agreement with Archie C. Black, our Chief Executive Officer, provides that, if we terminate his employment without cause, or if he terminates his employment with us for good reason, we will (1) pay his salary for 12 months in accordance with our regular payroll practices and any unused vacation accrued as of the date of termination and (2) provide health care benefits to him and his family for 12 months after the date of termination on the same terms as they are provided as of termination. Cause for termination exists upon (a) conviction of a felony; (b) dishonesty or gross misconduct in the performance of the agreement; or (c) failure by Mr. Black to cure his material breach of the agreement within 30 days of receiving written notice of breach from us. Mr. Black may terminate his employment for good reason (a) by providing us with notice of his intent to terminate his employment within 10 days of his annual performance review; (b) our failure to cure our material breach of the agreement within 30 days of receiving written notice of breach from him; or (c) upon a change in control, which includes removal of Mr. Black as our Chief Executive Officer by our board of directors or the occurrence of a transaction that results in the holders of our stock immediately prior to the transaction ceasing to hold the voting power necessary to elect a majority of our board following the transaction. Also, if we terminate Mr. Black's employment if he suffers a permanent disability, we will maintain for his benefit for 12 months after termination all health benefit plans in which he was entitled to participate immediately prior to termination.

Table of Contents

We have entered into agreements with each of our named executive officers other than Mr. Black that provide that, if we terminate the named executive officer's employment without cause, and provided the termination does not occur upon or within 12 months of a change in control of our company, we will pay the named executive officer six months of his or her then-current base salary over a six-month period in accordance with our normal payroll practices. If we terminate the named executive officer's employment without cause upon or within 12 months after a change in control, or if the named executive officer terminates his or her employment for good reason upon or within 12 months after a change in control, we will pay the named executive officer 12 months of his or her then-current base salary over a 12-month period in accordance with our normal payroll practices. Payment of these amounts is subject to certain conditions and limitations, including that the named executive officer execute a release of claims against us. A change in control and the reasons for which a named executive officer may terminate without cause are defined in accordance with our 2001 Stock Option Plan and described below. A named executive officer may terminate his or her employment for good reason if there is a material reduction in the officer's salary at the time of the change in control or a material reduction in responsibilities following the change in control.

Option Agreements and Restricted Stock Unit Agreements

Generally, option agreements executed pursuant to our 2001 Stock Option Plan, provide that, in the event of a change in control of our company, outstanding stock options granted to senior management, including our named executive officers, immediately become exercisable as to 50% of the unvested shares subject to option. Our option agreements with our named executive officers also provide that if the named executive officer's employment with us is terminated, or the named executive officer's employment responsibilities or base salary are materially reduced, other than for cause, prior to the first anniversary of the change in control, all remaining unvested shares subject to the option immediately become fully exercisable. A change in control includes (1) any person's acquisition of beneficial ownership of 50% or more of our outstanding common stock; (2) a failure to have a majority of our board of directors be people for whose election our board solicited proxies; (3) approval by our stockholders of a reorganization, merger or consolidation, unless our stockholders immediately prior to the transaction own more than 50% of the voting power of the corporation resulting from the transaction; or (4) approval by our stockholders of the disposition of all or substantially all of our assets. Cause for termination exists upon (a) failure by the named executive officer to cure his or her material breach of the terms of a non-competition/non-solicitation agreement between us and the officer within 30 days of receipt of written notice of breach from us; (b) gross negligence or willful misconduct by the officer; (c) conviction of the officer of a crime involving moral turpitude or any felony; (d) willful violation of instructions from our board of directors or Chief Executive Officer; or (e) fraud, embezzlement, theft or proven dishonesty against us.

Generally, option agreements and restricted stock unit agreements executed pursuant to our 2010 Equity Incentive Plan provide that in the event of a sale of all or substantially all of our assets or a merger, consolidation, or share exchange involving our company, the surviving or successor entity may continue, assume or replace some or all of the outstanding awards under the 2010 Equity Incentive Plan. Our awards agreements with our executive officers typically provide that if awards granted to the executive officer under the 2010 Equity Incentive Plan are continued, assumed or replaced in connection with such an event and if within one year after the event the executive officer experiences an involuntary termination of service other than for cause, then the executive officer's outstanding awards will vest in full, will immediately become fully exercisable and will remain exercisable for one year following termination. If awards granted to any participant are not continued, assumed or replaced, the administrator may provide for the surrender of any outstanding award in exchange for payment to the holder of the amount of the consideration that would have been received in the event for the number of shares subject to the award less the aggregate exercise price (if any) of the award. In the event

of a change in control (as defined in the 2010 Equity Incentive Plan) that does not involve a merger, consolidation, share exchange, or sale of all or substantially all of our company's assets, the plan administrator, in its discretion, may provide that any outstanding award will become fully vested and exercisable upon the change in control or upon the involuntary termination of the participant within one year after the change in

control or that any outstanding award will be surrendered in exchange for payment to the holder of the amount of

The following tables list the potential payments and benefits upon termination of employment or change in control of our company for our named executive officers. The tables assume the triggering event for the payments or provision of benefits occurred on December 31, 2013. 3. Received the written disclosures and letter from the independent auditor required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditor's communications with the audit committee concerning independence, and has discussed with the independent auditor the independent auditor's independence.

Management is responsible for the company's system of internal controls and financial reporting process. KPMG LLP is responsible for performing an independent audit of the consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board and for issuing a report thereon. Our committee's responsibility is to monitor and oversee these processes. Based on the foregoing review and discussions and a review of the report of KPMG LLP with respect to the consolidated financial statements, and relying thereon, we have recommended to the board of directors of SPS Commerce, Inc. the inclusion of the audited consolidated financial statements in SPS Commerce, Inc.'s Annual Report on Form 10-K for the year ended December 31, 2013, for filing with the Securities and Exchange Commission.

Auditor Services Pre-Approval Policy

The audit committee has adopted an auditor services pre-approval policy applicable to services performed for us by our independent auditor. In accordance with this policy, the audit committee's practice is to approve annually all audit, audit-related and tax and other services to be provided by the independent auditor during the year. If a service to be provided is not pre-approved as part of the annual process or if it may exceed pre-approved fee levels, the service must receive a specific and separate pre-approval by the audit committee, which may delegate authority to grant such pre-approvals during the year to one or more independent members of the audit committee. Any pre-approvals granted pursuant to delegated authority must be reported to the audit committee at its next regular meeting.

Our audit committee has determined that the provision of the non-audit services described in the table above was compatible with maintaining the independence of our independent auditor. The audit committee reviews each non-audit service to be provided and assesses the impact of the service on the auditor's independence.

Change in Independent Registered Public Accounting Firms

As previously disclosed in the Company's current report on Form 8-K filed with the SEC on June 6, 2014, we dismissed our independent registered public accounting firm, Grant Thornton LLP on June 4, 2013. The dismissal was approved by the audit committee.

Grant Thornton LLP's reports on our financial statements for the years ended December 31, 2012 and 2011 did not contain any adverse opinion or a disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles. In connection with the audits of the fiscal years ended December 31, 2012 and 2011 and through June 4, 2013, there were (1) no disagreements with Grant Thornton LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements if not resolved to the satisfaction of Grant Thornton LLP would have caused Grant Thornton LLP to make reference to the subject matter of the disagreement(s) in connection with its reports; and (2) no reportable events (as such term is defined in Item 304(a)(1)(v) of Regulation S-K) other than there was a material weakness in the internal control over financial reporting as disclosed in the Company's Form 10-Q for fiscal quarter ended September 30, 2012, which has been remediated.

The Company provided Grant Thornton LLP with a copy of the foregoing disclosure, and requested that Grant Thornton LLP furnish a letter addressed to the SEC stating whether or not it agrees with the above statements and, if not, stating the respects in which it does not agree. A copy of such letter, dated June 4, 2013, indicating that Grant Thornton LLP is in agreement with the foregoing disclosures, is Exhibit 16.1 to the Company's current report on Form 8-K filed with the SEC on June 6, 2014.

On June 4, 2013, we engaged KPMG LLP as our independent registered public accountant effective immediately. The engagement was approved by the audit committee. During the fiscal years ended December 31, 2012 and 2011 and through June 4, 2013, we did not consult with KPMG regarding (1) the application of accounting principles to a specified transaction, (2) the type of audit opinion that might be rendered on our financial statements, (3) written or oral advice provided that would be an important factor considered by us in reaching a decision as to an accounting, auditing or financial reporting issue, or (4) any matter that was the subject of a disagreement between our company and our predecessor auditor (as described in Item 304(a)(1)(iv) of Regulation S-K) or a reportable event (as described in Item 304(a)(1)(v) of Regulation S-K).

ITEM 2 *RATIFICATION OF SELECTION OF INDEPENDENT AUDITOR*

The audit committee of our board of directors has selected KPMG LLP to serve as our independent auditor for the year ending December 31, 2014. While it is not required to do so, our board of directors is submitting the selection of KPMG LLP for ratification in order to ascertain the views of our stockholders with respect to the choice of audit firm. If the selection is not ratified, the audit committee will reconsider its selection.

Table of Contents

Representatives of KPMG LLP are expected to be present at the annual meeting, will be available to answer stockholder questions and will have the opportunity to make a statement if they desire to do so.

The board of directors recommends that you vote FOR ratification of the selection of KPMG LLP as the independent auditor of SPS Commerce, Inc. and our subsidiaries for the year ending December 31, 2014. Proxies will be voted FOR ratification of this selection unless otherwise specified.

ITEM 3 *ADVISORY VOTE ON APPROVAL OF THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS*

General Information

We are providing our stockholders the opportunity to cast an advisory (non-binding) vote to approve the compensation of our named executive officers as disclosed in this proxy statement. As described in the Compensation Discussion and Analysis (CD&A), we have designed the compensation arrangements for our named executive officers to provide compensation in overall amounts and in forms that attract and retain talented and experienced individuals and motivate our executives to achieve the goals that are important to our growth. We typically provide compensation to our named executive officers through a combination of base salary, bonuses and equity awards. During 2013, our compensation primarily consisted of base salary, annual cash incentive awards, stock option grants and restricted stock unit awards, which helps align the incentives of our named executive officers with the interests of our stockholders.

Our stockholders have a right to cast an advisory vote on our executive compensation program at the annual meeting. As a result, we are presenting this proposal, which gives you, as a stockholder, the opportunity to endorse our executive compensation program by voting for or against the following resolution:

RESOLVED, that the stockholders approve the compensation of SPS Commerce, Inc. named executive officers, as disclosed in the Compensation Discussion and Analysis, the compensation tables, and the related disclosure contained in our 2013 proxy statement.

The board of directors urges stockholders to endorse the compensation programs for our named executive officers by voting FOR the resolution.

As discussed in the CD&A contained in this proxy statement, the compensation committee of the board of directors believes that the executive compensation for 2013 is reasonable and appropriate, is justified by our performance in an extremely difficult economic environment and is the result of a carefully considered approach. In deciding how to vote on this proposal, the board of directors advises you to consider the following factors related to the compensation paid to our named executive officers in fiscal 2013, each of which is discussed in the CD&A:

Our financial results exceeded the expectations we set for ourselves at the beginning of the year, with a revenue increase of 35% over 2012, to \$104.4 million, and a 53% increase in adjusted EBITDA to \$13.8 million. Recurring revenue also increased 37% from 2012. Our stock price closed 2013 at \$65.30 per share, an increase of 75.2% from \$37.27 at the end of 2012.

In 2013, we made only modest base salary increases for our named executive officers of between 6% and 7% per individual compared to 2012.

Because your vote is advisory, it will not be binding on the board of directors and will not overrule any decision by the board or require the board to take any action. However, the board of directors and the compensation committee will carefully review the voting results. To the extent there is any significant negative vote on this proposal, we may consult directly with stockholders to better understand the concerns that influenced the vote. The board of directors and the compensation committee would consider constructive feedback obtained through this process in making future decisions about executive compensation programs.
