And Biglari s Recent Public Statements Show a Questionable Shift in Narrative What Biglari Said Before 2011 2013 Source: Public filings What Biglari Says Now

2014 Our intention was that even if we were to purchase additional stock, we would keep ownership well under 20%. Biglari Holdings is not seeking to acquire control of Cracker Barrel. Furthermore, under Tennessee law, there are strict antitakeover laws. [W]e have been clear about our agenda: We are interested in making money, not controlling the Company. If a sale of Cracker Barrel were approved by the Board, we would also be willing to submit а bid to purchase

the

Company under а structure that would allow current shareholders the opportunity to participate in the Company s future performance. we have stated our willingness to enter into discussions to acquire the Company in а transaction that we give credit to as in the best interests of all shareholders. 5

Proposal #1: Why You Should Vote Against Pursuing All Potential Extraordinary Transactions Background The Board Recommends That You

Vote

AGAINST

This

Proposal

As shown on Slide 4, at each of the last three annual meetings of the Company's shareholders, Biglari nominees have been defeated by significant and increasing margins

Moreover, just months ago, at the 2013 Annual Meeting in November 2013, the Company's shareholders also voted, by a wide margin, aga a non-binding proposal publicly made by Biglari recommending that the Board approve the payment of a \$20 per share cash sp all shareholders

Yet, despite Biglari s history of repeated, significant losses in its proxy contests at the Company s annual meetings, Biglari seems bound at determined to force yet another meeting on the Company

The Company has delivered strong operational performance and shareholder returns that the Board believes are exceptional relatito the Company s peers over the last two and a half fiscal years

The Board believes that Biglari s demand for a special meeting may be motivated by Biglari s self-interest in seeking to achieve full liquidity of its investment through a single extraordinary transaction rather than the long-term interests of all shareholders. The Board believes that the interests of all shareholders are best served by the management team continuing to focus on the execution of the Company s current operational and strategic plan

Since the Company's announcement of its strategic priorities in September 2011, the Company has delivered total shareholder return of approximately

160%. which consisted of approximately 144% growth in the Company s stock price and approximately 16% in quarterly dividends paid The Board believes that the interests of a single shareholder should not take priority over the long-term interests of ALL shareholders Publicly undertaking a sale process at this time would disrupt the Company's progress, which could damage the long-term value of the Company 6 Why You Should Vote AGAINST This Proposal

Proposal #2: Why You Should Vote Against the Proposal for the Company to "Take Any Action Necessary" to Amend the Tennessee Business Corporation Act The provision of Tennessee law that Biglari desires to amend restricts shareholders holding 10% or more of the voting securitie of a publicly traded Tennessee corporation from engaging in business combinations with that corporation for a period of five y following the date on which the shareholder acquired the securities crossing the 10% threshold Biglari crossed the 10% threshold with its CBRL share purchases in January 2012

Before acquiring a 10% stake in the Company s common stock, Biglari had the opportunity either to make an offer

Before acquiring a 10% stake in the Company s common stock, Biglari had the opportunity either to make an offer directly to the Company s shareholders or to approach the Board about a possible business combination transaction, but chose not to do either

In all three proxy contests, Biglari has vehemently denied any intent to acquire control of the Company and, in fact, repeatedly cited the Tennessee law s prohibition as evidence to try to refute the Board s concerns about Biglari s intentions

# Edgar Filing: CRACKER BARREL OLD COUNTRY STORE, INC - Form DEFA14A

The Board does not have the power to amend Tennessee law

The Board believes that the interests of all shareholders are best served by the management team continuing to focus upon the execution of the Company s current operational and strategic plan, rather than engaging in a time consuming and potentially expensive lobbying effort

Moreover, there appears to be no evidence to suggest that Biglari has taken any steps of its own to seek an amendment; given the Tennessee legislative calendar, we believe at this point any proposed amendment could not be considered by the Tennessee legislature until 2015 at the earliest
