No, you do not need a ticket, but you will need to register and identify yourself as a stockholder in order to receive certain Annual Meeting materials when you arrive.

What is the purpose of the Annual Meeting?

At the Annual Meeting, stockholders will consider and vote upon:

- (i) the election of Kevin M. Charlton, Todd A. Dunn, David J. Gilbert, Richard I. Gilchrist, Diane M. Morefield, Thomas H. Nolan, Jr., Sheli Z. Rosenberg, Thomas D. Senkbeil and Nicholas P. Shepherd as members of the Company's Board of Directors, each to serve until the 2015 Annual Meeting of Stockholders and until a successor for each is duly elected and qualifies;

- (iv) a resolution to approve, on a non-binding, advisory basis, how frequently the say-on-pay vote should occur (the frequency vote),

as well as transact such other business as may properly come before the meeting or any adjournment(s) or postponement(s) thereof.

Who is entitled to vote at the Annual Meeting?

Holders of our common stock at the close of business on March 31, 2014 are entitled to receive notice of and to vote their shares at the Annual Meeting. As of that date, there were 370,732,369 shares of common stock outstanding and entitled to vote. Each outstanding share of our common stock is entitled to one vote on each matter properly brought before the Annual Meeting.

What is the difference between holding shares as a stockholder of record or as a beneficial owner?

If your shares are registered directly in your name with our transfer agent, American Stock Transfer and Trust Company (AST), you are considered the stockholder of record. In this case, you receive your dividend check from AST Shareowner Services. This year we have engaged AST to mail our proxy materials to our registered holders.

Edgar Filing: Spirit Realty Capital, Inc. - Form DEF 14A

If your shares are held in a brokerage account, or by a bank or other holder of record, you are considered the beneficial owner of shares held in street name. These proxy materials have been forwarded to you by your broker, bank, or other holder of record. As the beneficial owner, you have the right to direct your broker, bank, or other holder of record on how to vote your shares by using the voting instruction form included in the mailing or by following their instructions for authorizing your proxy by telephone or on the internet.

Table of Contents

Is it necessary to vote if my shares are held in my brokerage account?

It is important to vote your shares even if your shares are held in a brokerage account. Otherwise, your shares may not be voted on certain matters unless you have a Legal Proxy in place authorizing them to vote your shares on your behalf, or you provide voting instructions to your broker, bank or other holder of record. If you are unsure, then please vote your Spirit Realty Capital shares using the voting information provided.

How do I vote?

You may vote using any of the following methods:

By Mail

Be sure to complete, sign and date the proxy card or voting instruction form and return it in the prepaid envelope. If you are a stockholder of record, and the prepaid envelope is missing, please mail your completed proxy to: Spirit Realty Capital, Inc., c/o American Stock Transfer & Trust Company, 6201 15th Ave., Brooklyn, NY 11219.

By Telephone

Stockholders may authorize their proxies by telephone. The telephone voting procedures are designed to authenticate your identity, to allow you to authorize your proxy, to give your voting instructions and to confirm that those instructions have been properly recorded. You may authorize your proxy by calling the toll-free number on the proxy card or your broker's voting instruction form. Please have your card or form available when you call as it contains your control number, which will be required to identify yourself and authorize your proxy to vote your shares. If you authorize your proxy by telephone, you do not have to return your proxy or voting instruction form.

By Internet

Stockholders may authorize their proxies on the Internet by going to the website indicated on the proxy card or your broker's voting instruction form. Step-by-step instructions on how to authorize or vote your proxy are provided on the voting sites.

In person at the Annual Meeting

All stockholders of record may vote in person at the Annual Meeting. You may also be represented by another person at the meeting by executing a proper proxy designating that person as your representative. If you are a beneficial owner of shares, you must obtain a Legal Proxy from your broker, bank or other holder of record and present it to the inspector of election at the Annual Meeting to be able to vote at the Annual Meeting.

What do I need to bring to attend the Annual Meeting

In order to attend the Annual Meeting, you will need proof of ownership of our Common Stock as of the Record Date. If you hold your shares in street name (such as through a bank, broker or other nominee), you should bring your statement showing your beneficial ownership of our Common Stock in order to be admitted to the meeting and you must obtain a proxy issued in your name from such bank, broker or other nominee if you wish to vote in person at the meeting.

What happens if I do not indicate my voting preferences?

Edgar Filing: Spirit Realty Capital, Inc. - Form DEF 14A

If you are a stockholder of record and you submit your proxy card or authorize your proxy by telephone or Internet, but do not indicate your voting preferences, the persons named in the proxy will vote the shares represented by that proxy FOR the election to the Board of Directors of the nine nominees listed in this proxy statement, FOR the ratification of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2014, FOR the say on pay vote, FOR the one-year option in the say on frequency vote, and in the discretion of the proxy holders on any other matter that may properly come before the Annual Meeting.

Table of Contents

If you hold your shares through a broker and do not instruct your broker on how to vote your shares, your broker cannot vote your shares on the election of directors, the say on pay vote or say on frequency vote, but can vote your shares on the proposal regarding ratification of the appointment of our auditor.

Can I change my vote after I submit my proxy?

If you are a stockholder of record, you may revoke your proxy at any time before it is voted at the Annual Meeting by doing any one of the following:

delivering to our Corporate Secretary a written notice of revocation prior to or at the Annual Meeting;

signing and returning to our Corporate Secretary a proxy bearing a later date;

authorizing another proxy by telephone or on the Internet (your most recent telephone or Internet authorization is used); or

voting in person at the Annual Meeting.

If your shares are held in the name of a broker, bank, trust or other nominee, you may change your voting instructions by following the instructions provided by your broker, bank or other record holder in the voting instruction form.

Your attendance at the Annual Meeting will not by itself be sufficient to revoke a proxy unless you vote in person or give written notice of revocation to our Corporate Secretary, Ryan A. Berry, before the polls are closed. Any written notice revoking a proxy should be sent to our Corporate Secretary, at our corporate offices at 16767 N. Perimeter Drive Suite 210, Scottsdale, AZ 85260.

How are the votes counted?

All votes will be tabulated by the inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes and abstentions. Shares held by persons attending the Annual Meeting but not voting, shares represented by proxies that reflect abstentions as to a particular proposal and broker non-votes will be counted as present for purposes of determining a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner has not received instructions from the beneficial owner and does not have or chooses not to exercise discretionary authority to vote the shares.

The affirmative vote of a majority of the votes cast at the Annual Meeting at which a quorum is present is required for the election of each director nominee. For purposes of the election of directors, a majority of the votes cast means that the number of votes cast for a nominee for election as a director exceeds the number of votes cast against that nominee. For purposes of calculating votes cast in the election of directors, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote on the election of the directors.

The affirmative vote of a majority of the votes cast at the Annual Meeting at which a quorum is present is required for ratifying the selection of Ernst & Young LLP as our independent registered public accounting firm. For purposes of the vote on ratifying the selection of Ernst & Young LLP as our independent registered public accounting firm,

abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote.

The affirmative vote of a majority of the votes cast at the Annual Meeting at which a quorum is present is required to approve the non-binding, advisory say-on-pay vote. For purposes of the advisory say-on-pay vote, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote.

Table of Contents

The affirmative vote of a majority of the votes cast at the Annual Meeting at which a quorum is present is required to approve the non-binding, advisory frequency vote. For purposes of the advisory frequency vote, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote. In the event that none of the one year, two years or three years options receive a majority of the votes cast, we will consider the option that receives the most votes as the option selected by the stockholders.

How does our Board of Directors recommend you vote on the proposals?

Our Board of Directors recommends a vote FOR the election of the nine director nominees listed in this proxy to serve until the 2015 annual meeting and until their respective successors are duly elected and qualify. Our Board of Directors recommends a vote FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ended December 31, 2014, FOR the say on pay vote and FOR one year in the say on frequency vote.

What are the quorum and voting requirements on our three proposals mentioned in this Proxy Statement?

The presence of the holders of a majority of outstanding shares of common stock entitled to vote at the Annual Meeting, present in person or represented by proxy, is necessary to constitute a quorum. Abstentions and broker non-votes are counted as present for purposes of determining a quorum. A broker non-vote occurs when a bank, broker or other holder of record holding shares for a beneficial owner properly executes and returns a proxy card, but does not vote because the broker or other holder does not have discretionary voting power and has not received voting instructions from the beneficial owner.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has selected Ernst & Young LLP as the Company's independent registered public accounting firm for the year ending December 31, 2014 and has further directed that management submit the selection of Ernst & Young LLP for ratification by the stockholders at the Annual Meeting. A representative of Ernst & Young LLP is expected to be present at the Annual Meeting and will have an opportunity to make a statement if he or she so desires and will be available to respond to appropriate questions.

Stockholder ratification of the selection of Ernst & Young LLP as the Company's independent registered public accounting firm is not required by the Bylaws or otherwise. However, the Board is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of corporate practice. If the stockholders fail to ratify the selection, the Audit Committee may reconsider whether or not to retain Ernst & Young LLP in the

future. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company.

The affirmative vote of a majority of the votes cast at the Annual Meeting on the matter is required to ratify the selection of Ernst & Young LLP as our independent registered public accounting firm.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR RATIFYING THE SELECTION OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2014.

PROPOSAL 3

ADVISORY VOTE ON THE COMPENSATION OF NAMED EXECUTIVE OFFICERS

Background

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) enables our stockholders to vote to approve, on an advisory (non-binding) basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with SEC rules.

Summary

We are asking our stockholders to provide advisory approval of the compensation of our named executive officers (which consist of our Chief Executive Officer, Chief Financial Officer and our next three highest paid executives), as such compensation is described in the Compensation Discussion & Analysis section below, the tabular disclosure regarding such compensation and the accompanying narrative disclosure set forth in this proxy statement, beginning on page 26. Our executive compensation programs are designed to achieve certain key objectives of the Company, including: enabling us to attract, motivate and retain executive talent, who are critical to our success; linking the compensation of our executives to the achievement of operational and strategic goals of the Company; providing balanced incentives to our executives that do not promote excessive risk-taking; and encouraging our executives to become and remain long-term stockholders of the Company. These programs reward corporate and individual performance that achieve pre-established goals and provide long-term incentive compensation that focuses our executives' efforts on building stockholder value by aligning their interests with those of our stockholders. The following is a summary of some of the key elements of our executive compensation program. We urge our stockholders to review the Compensation Discussion & Analysis and tabular disclosure of this proxy statement for more information.

Our executive compensation programs are designed to focus our executives on both short-term execution and long-term performance, emphasizing pay-for-performance and rendering a significant amount of our named executive officers' pay variable, at-risk and tied to the Company's near and long-term performance.

Our annual cash bonus program is designed to reward short-term performance based on achievement of pre-identified Company performance goals as well as an executive's individual performance. The performance goals under our bonus program, which relate to achievement of pre-identified targets related to funds from operations (FFO), debt leverage, portfolio occupancy, and acquisitions volume and quality, are key drivers of performance in our business.

Our long term incentive plan employs a combination of restricted stock grants and performance shares which vest over time to motivate and reward long-term, multi-year performance and facilitate retention of our executives. Our executives' performance share awards vest at the end of a multi-year period based on the total shareholder return we deliver relative to our peers, strongly aligning our executives' interests with those of our stockholders.

We maintain strong governance standards and seek to employ best practices for our compensation programs. Our Compensation Committee meets frequently to address compensation matters in a timely manner and regularly reviews our executive compensation program to ensure that it provides competitive pay opportunities to help attract and retain highly-qualified and dedicated executive talent that is so important to our business. As part of its commitment to strong corporate governance and best practices, our Compensation Committee engaged and received advice on the compensation program from an independent, third-party compensation consultant, which provided no other services to us in 2013 other than those provided directly to or on behalf of the Compensation Committee. In addition, our Compensation Committee has adopted an insider trading policy as well as stock ownership guidelines for our senior executives.

Table of Contents

Recommendation

As an advisory vote, this proposal will not bind the Company, the Board or the Compensation Committee. However, the Board and our Compensation Committee, which is responsible for the design and administration of our executive compensation practices, value the opinions of our stockholders, including those expressed through the vote on this proposal. Our Board and Compensation Committee will consider the outcome of this vote in making future compensation decisions for our named executive officers.

Accordingly, we will present the following say-on-pay resolution for vote at the 2014 Annual Meeting of Stockholders: RESOLVED, that the stockholders of Spirit Realty Capital, Inc. approve, on an advisory basis, the compensation paid to the company's named executive officers as disclosed pursuant to the disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion & Analysis, the compensation tables and narrative discussion as set forth in this proxy statement.

The Board of Directors unanimously recommends that you vote FOR the approval, on an advisory basis, of our executive compensation program as presented in this proxy statement.

The affirmative vote of the holders of a majority in voting power of the shares which are present in person or by proxy and entitled to vote thereon at the Annual Meeting is required for approval, on an advisory basis, of the compensation of our named executive officers as disclosed in this proxy statement. Abstentions will have the same effect as voting against this proposal. The approval of this proposal is a non-routine proposal on which brokers or other nominees do not have discretion to vote any uninstructed shares. Broker non-votes represent votes not entitled to be cast on this matter and thus will have no effect on the outcome of the say-on-pay vote.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ADOPTION OF THIS RESOLUTION APPROVING, ON A NON-BINDING, ADVISORY BASIS, THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS DISCLOSED IN THIS PROXY STATEMENT PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE SECURITIES AND EXCHANGE COMMISSION.

PROPOSAL 4

ADVISORY VOTE ON THE FREQUENCY OF AN ADVISORY VOTE ON THE COMPENSATION OF NAMED EXECUTIVE OFFICERS

Background

The Dodd-Frank Act enables our stockholders to indicate how frequently they believe we should seek an advisory vote on the compensation of our named executive officers. We are seeking an advisory, non-binding determination from our stockholders as to the frequency with which stockholders would like to have an opportunity to provide an advisory approval of our executive compensation program. We are providing stockholders the option of selecting a frequency of every one, two or three years, or abstaining. For the reasons described below, we recommend that our stockholders select a frequency of one year, or an annual vote.

A shorter time period between advisory votes will enhance our Board's understanding of the reasons for positive or negative vote results. An annual vote will provide near-immediate feedback on compensation decisions and allow the Board to link the results of each advisory vote to specific compensation actions or decisions.

Many of our compensation decisions, including salary adjustments and determination of annual cash incentive awards and long-term incentive awards, are made annually. An annual advisory vote aligns with the timing of these decisions and allows our stockholders a formal opportunity to express their view on each year's compensation decisions.

An annual advisory vote is consistent with corporate governance principles that encourage regular engagement with stockholders. The Board considers frequent solicitation of our stockholders' views, including on matters of executive compensation, as an important component of corporate governance.

Recommendation

Based on the factors discussed, our Board of Directors recommends that future say-on-pay votes occur every one year until the next frequency vote. Stockholders are not being asked to approve or disapprove our Board of Director's recommendation, but rather to indicate their choice among the following say-on-pay frequency options: every one year, every two years or every three years, or to abstain from voting.

Our Board of Directors unanimously recommends that you vote for every ONE YEAR as the frequency for the presentation of an advisory vote on our executive compensation programs.

The affirmative vote of the holders of a majority in voting power of the shares which are present in person or by proxy and entitled to vote thereon at the Annual Meeting, provided a quorum is present, is required for the approval of the vote regarding the frequency of an advisory vote on the compensation of our named executive officers. Abstentions will have the same effect as voting against this proposal. The approval of this proposal is a non-routine proposal on which brokers or other nominees do not have discretion to vote any uninstructed shares. Broker non-votes represent votes not entitled to be cast on this matter and thus will have no effect on the outcome of this vote. With respect to this proposal, if none of the frequency alternatives (one year, two years or three years) receives a majority vote, we will consider the frequency that receives the highest number of votes by stockholders to be the frequency that has been selected by our stockholders.

This vote is advisory, and therefore not binding on our company, our Compensation Committee or our Board of Directors. Although the vote is non-binding, our Board of Directors values the opinions of our stockholders and will take into account the outcome of the vote when considering how frequently we should conduct a say-on-pay vote going forward. However, because this vote is advisory and not binding on our company or our Board of Directors, our Board of Directors may decide that it is in our company's and our stockholders' best interests to hold an advisory vote on executive compensation more or less frequently than the option approved by our stockholders.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE OF ONE YEAR WITH RESPECT TO THE ADVISORY VOTE ON THE FREQUENCY OF THE ADVISORY VOTE ON THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS DISCLOSED IN THIS PROXY STATEMENT PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE SECURITIES AND EXCHANGE COMMISSION.

Director Independence

New York Stock Exchange (NYSE) listing standards require NYSE-listed companies to have a majority of independent board members and an audit committee, compensation committee and nominating and corporate governance committee each composed solely of independent directors. Under the NYSE listing standards, no director of a company qualifies as independent unless the board of directors of such company affirmatively determines that the director has no material relationship with such company (either directly or as a partner, stockholder or officer of an organization that has a relationship with such company).

In addition, the NYSE listing standards provide that a director is not independent if:

- (i) the director is, or has been within the last three years, an employee of the listed company, or an immediate family member is, or has been within the last three years, an executive officer of the listed company;
- (ii) the director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from the listed company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);
- (iii) (A) the director is a current partner or employee of a firm that is the company's internal or external auditor; (B) the director has an immediate family member who is a current partner of such a firm; (C) the director has an immediate family member who is a current employee of such a firm and personally works on the listed company's audit; or (D) the director or an immediate family member was within the last three years a partner or employee of such a firm and personally worked on the listed company's audit within that time;
- (iv) the director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of the listed company's present executive officers at the same time serves or served on that company's compensation committee; or
- (v) the director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the listed company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues.

The Board by resolution has affirmatively determined that, based on the standards set forth in the NYSE rules and our corporate governance documents, all nominees for election to the Board at the Annual Meeting are independent (the Independent Directors), except for Mr. Nolan.

Board of Directors Leadership Structure

Our Board recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide effective oversight of management. The Board understands that no single approach to Board leadership is universally accepted and that the appropriate leadership structure may differ depending on a company's size, industry, operations, history and culture. Consistent with this understanding, our Board, led by the Nominating and Corporate Governance Committee, conducts an annual evaluation to determine the optimal leadership structure for us and for our stockholders. At the current time, the Board believes that our existing leadership structure under which our Chief Executive Officer also serves as Chairman of the Board and a Lead Independent Director assumes specific responsibilities on behalf of the independent directors is effective, provides the appropriate balance of

authority between those who oversee our company and those who manage it on a day-to-day basis and achieves the optimal governance model for us and for our stockholders.

Pursuant to our Bylaws, the Board has discretion to determine whether to separate or combine the roles of Chief Executive Officer and Chairman of the Board. Thomas H. Nolan, Jr. has served in both roles since 2012, and our Board continues to believe that his combined role is most advantageous to us and our stockholders.

Table of Contents

Mr. Nolan's knowledge of the issues, opportunities and risks facing us, our business and our industry renders him best positioned among our directors to fulfill the Chairman's responsibility to develop agendas that focus the Board's time and attention on the most critical matters. Moreover, the combined roles enable decisive leadership, clear accountability and consistent communication of our message and strategy to all of our stakeholders. These leadership attributes are uniquely important to our company given our fairly recent reintroduction to the public markets, our history of rapid and significant growth and the value to our company of opportunistic capital markets execution.

In connection with Mr. Nolan's service as our Chief Executive Officer and Chairman of the Board, the independent members of our Board have selected Richard I. Gilchrist to serve as Lead Independent Director, whose specific responsibilities include, among other things, presiding at all meetings of our Board at which the Chairman is not present, including executive sessions and all other meetings of the independent directors. The Lead Independent Director also serves as liaison between the Chairman and the independent directors, approves information sent to the Board and approves Board meeting agendas and meeting schedules to assure that there is sufficient time for discussion of all agenda items. The Lead Independent Director conducts annual performance reviews with our Chairman and Chief Executive Officer and has such other duties as may be assigned from time to time by the independent directors or the Board. Although the Lead Independent Director is elected on an annual basis, the Board generally expects that he or she will serve for more than one year.

Board Governance Documents

The Board maintains charters for all committees. In addition, the Board has adopted a written set of Corporate Governance Guidelines, as well as a Code of Business Conduct and Ethics that applies to the Company's employees, officers and directors, including our principal executive officer and principal financial officer. To view our committee charters, Corporate Governance Guidelines, Code of Business Conduct and Ethics, and whistleblower policy, please visit our website at www.spiritrealty.com. Please note that the website and its contents are not a part of this proxy statement. Each of these governing documents is also available, free of charge, in print to any stockholder who sends a written request to such effect to Ryan A. Berry, Secretary, Spirit Realty Capital, Inc., 16767 North Perimeter Drive, Suite 210, Scottsdale, Arizona 85260.

Board Committee Composition and 2013 Meetings Attendance

On July 17, 2013, we completed the acquisition of Cole Credit Property Trust II, Inc. (Cole II) through a transaction in which our prior legal entity merged into the Cole II legal entity, and our Board of Directors and executive team managed the surviving entity, which was renamed Spirit Realty Capital, Inc. and began trading on the NYSE under the SRC ticker symbol. As a result, disclosure in the Proxy Statement relating to director attendance at Board meetings and committee meetings describes those parties' attendance at the pre-Merger Spirit meetings and those of the post-Merger surviving entity.

Our Board held a total of 13 meetings during 2013. Each director attended at least 75% of the total meetings of the Board and the committees on which he or she served that were held during the time he or she was a director in 2013. The table below provides current membership:

We do not have a formal policy regarding attendance by all directors at our annual meeting of stockholders, however, we invite and encourage all directors to attend. We make every effort to schedule our annual meeting of stockholders at a time and date to permit attendance by directors, taking into account the directors' schedules and the timing requirements of applicable law.

Committees of the Board of Directors*Audit Committee*

The Audit Committee consists of four directors. Members of the Committee and the Chairperson are appointed by the Board and may be removed by the Board in its discretion. The Audit Committee is currently comprised of Ms. Morefield and Messrs. Dunn, Gilbert and Senkbeil, with Ms. Morefield functioning as Chair. The Board has determined that all members are independent and have sufficient accounting and financial experience and ability to enable them to discharge their responsibilities pursuant to NYSE listing standards, and the Board has determined that Ms. Morefield is an audit committee financial expert as defined by the SEC. The Audit Committee carries out its responsibilities in accordance with the terms of our Audit Committee Charter, which is located on our website at www.spiritrealty.com and is available in print to any stockholder who requests it by writing to our Secretary.

The purpose of the Audit Committee is to assist the Board in its oversight of the integrity of the financial statements of the Company, of the Company's compliance with legal and regulatory requirements, of the independence and qualifications of the independent auditor and of the performance of the Company's internal audit function and independent auditors. The Committee's role is one of oversight. The Company's management is responsible for establishing and maintaining accounting policies and procedures in accordance with generally accepted accounting principles (GAAP) and other applicable reporting and disclosure standards and for preparing the Company's financial statements. The Company's independent auditors are responsible for auditing and reviewing those financial statements, and the Audit Committee is responsible for the pre-approval of audit and non-audit services performed by the Company's independent auditor.

The Audit Committee also is actively involved in oversight of risks that could affect us. Our General Counsel works with an independent contractor to conduct an annual risk assessment by working with key members of management to identify key risks and mitigating factors in each area. The results of risks identified and corresponding mitigating activities are presented to the Audit Committee, certain of which the Audit Committee presents to the full Board. The Audit Committee reviews the guidelines and policies that govern the process by which risk assessment and risk management is undertaken and by which the Company's exposure to risk is handled.

Table of Contents

Our Board has adopted procedures for reporting concerns under our Code of Business Conduct and Ethics, and other Company policies, including complaints regarding accounting and auditing matters in accordance with Rule 10A-3 under the Exchange Act. The full text of these procedures, including our whistleblower policy, is available on our corporate website at www.spiritrealty.com. A copy of our Code of Business Conduct and Ethics and our whistleblower policy is also available, free of charge, upon request directed to Secretary, Ryan A. Berry, Senior Vice President and General Counsel, Spirit Realty Capital, Inc., 16767 N. Perimeter Drive, Suite 210, Scottsdale, Arizona 85260.

Compensation Committee

The Compensation Committee consists of four directors. Members of the Compensation Committee and the Chairperson are appointed annually by the Board and may be removed by the Board at any time. The Committee is currently comprised of Ms. Rosenberg and Messrs. Gilbert, Gilchrist and Charlton, with Mr. Gilbert functioning as Chair. The Board has determined that all members of the Compensation Committee are independent pursuant to NYSE listing standards and qualify as outside directors under Section 162(m) of the Internal Revenue Code, and as non-employee directors under Rule 16b-3 of the Exchange Act.

The purpose of the Compensation Committee is to carry out the Board's responsibilities related to compensation plans, policies and programs for the Company's senior managers and non-employee directors, as well as any compensation program that delivers Company equity to participants as further described in the Compensation Committee charter which is posted on our website at www.spiritrealty.com and is available in print to any stockholder who requests it by writing to our Secretary. The Compensation Committee has primary responsibility for the design, review, approval and administration of all aspects of our executive compensation program. The Compensation Committee reviews the performance of, and makes all compensation decisions for, each of our executive officers other than our Chief Executive Officer. The Compensation Committee also reviews the performance of, and makes recommendations to the Board regarding the compensation of our Chief Executive Officer. Final decisions regarding compensation for our Chief Executive Officer are made by the independent members of the Board, taking into consideration the Compensation Committee's recommendations.

For 2013, the Compensation Committee retained the services of Towers Watson & Co. (Towers Watson), a human capital consulting firm, to assist the Compensation Committee in the development and implementation of an executive compensation program closely aligned with our compensation philosophy and business strategy. Towers Watson also provided assistance to the Committee in reviewing market data on compensation, understanding industry executive compensation trends, and determining and managing risks associated with elements of our executive compensation program. For 2013, the Compensation Committee also retained the services of Latham & Watkins, LLP, an international law firm (Latham & Watkins) to assist in the development and implementation of the executive compensation program and other executive compensation matters. The Committee determined both Towers Watson and Latham & Watkins to be independent under Rule 10C-1 of the Exchange Act and NYSE listing standards.

Our executive officers provide support to the Compensation Committee by coordinating meeting logistics, preparing and disseminating relevant financial and non-financial company information and relevant data concerning our peer comparators as a supplement to the comparative market data prepared by the independent compensation consultant, and making recommendations with respect to performance metrics and related goals. Our Chief Executive Officer attends meetings at the Compensation Committee's request and recommends to the Compensation Committee compensation changes affecting the other executive officers. However, our Chief Executive Officer plays no role in setting his own compensation. Also at the Compensation Committee's request, our General Counsel attends meetings to act as Secretary and record the minutes of the meetings, provide updates on legal developments and make presentations regarding certain organizational matters. The Compensation Committee usually meets separately in

executive session, without management present, at each regularly scheduled meeting and at other times as necessary or desirable.

Table of Contents

The Compensation Committee meets during the first quarter of each year to review the achievement of pre-established performance metrics for the prior year, to determine the appropriate annual and long-term incentive awards for executive officers based on that prior-year performance and to approve grants of equity awards to our executive officers and, upon management's recommendation, other employees. Our executive officers provide support to the Compensation Committee in this process, and the Chief Executive Officer makes award recommendations with respect to the other executive officers

Compensation Committee Interlocks and Insider Participation

During the year ended December 31, 2013, no member of the Compensation Committee is, or has been, employed by us or our subsidiaries or is an employee of any entity for which any of our executive officers serves on the Board of Directors. Prior to becoming a member of the Compensation Committee in connection with the Merger, Ms. Rosenberg served as a paid advisor to Spirit Realty Capital, Inc. in 2012 and 2013. The engagement was the result of arms-length negotiations between the Company and Ms. Rosenberg, and the fees paid were market rate and fell below the NYSE and SEC thresholds for direct compensation to a qualifying independent director. All such consideration for consulting services was earned and paid prior to her becoming a director, and the Board, on the recommendation of the Nominating and Corporate Governance Committee, determined Ms. Rosenberg to be independent after considering her prior engagement as an advisor.

Compensation Risk Assessment

The Company believes that our compensation policies and practices appropriately balance near-term performance improvement with sustainable long-term value creation, and that they do not encourage unnecessary or excessive risk taking. In 2013, the Compensation Committee, with the assistance of Towers Watson, conducted an extensive review of the design and operation of our compensation program and its findings were presented to management and the Board. The review included an assessment of the level of risk associated with the various elements of compensation. Based on this review and assessment, the Company believes that our compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee consists of four directors. Members of the Committee and the Chairperson are appointed annually by the Board and may be removed by the Board at any time. The Committee is currently comprised of Ms. Rosenberg and Messrs. Charlton, Dunn and Shepherd, with Mr. Shepherd functioning as Chair. The Board has determined that all members of the Nominating and Corporate Governance Committee are independent pursuant to NYSE listing standards.

The Committee is responsible for matters of corporate governance and matters relating to the practices, policies and procedures of the Board, such as: identifying individuals qualified to become members of the Board; selecting, or recommending to the Board for selection, director-nominees; making recommendations to the Board regarding committee structure and composition; overseeing evaluation of the Board and Board committees; developing and recommending to the Board a set of corporate governance guidelines and the corporate code of ethics; reviewing and approving or ratifying any transaction between the Company and a related person which is required to be disclosed under the rules of the Securities and Exchange Commission; and generally advising the Board on corporate governance and related matters

Our Nominating and Corporate Governance Committee Charter is located on our website at www.spiritrealty.com and is available in print to any stockholder who requests it by writing to our Secretary.

Nominating and Corporate Governance Committee's Process for Considering Director Nominees

The Nominating and Corporate Governance Committee, at least annually, evaluates the performance of each current director and considers the results of such evaluation when determining whether to recommend the nomination of such director for an additional term. At an appropriate time prior to each annual meeting at which

Table of Contents

directors are to be elected or re-elected, the Nominating and Corporate Governance Committee recommends to the Board for nomination by the Board such candidates as the Nominating and Corporate Governance Committee, in the exercise of its judgment, has found to be well qualified and willing and available to serve.

At an appropriate time after a vacancy arises on the Board or a director advises the Board of his or her intention to resign, the Nominating and Corporate Governance Committee recommends to the Board for election by the Board to fill such vacancy, such prospective member of the Board as the Nominating and Corporate Governance Committee, in the exercise of its judgment, has found to be well qualified, willing and available to serve, and possessing the skills and experience desirable to complement the other Board members to effectively oversee the interests of the Company and its stockholders. In determining whether a prospective member is qualified to serve and appropriate for Board membership, the Nominating and Corporate Governance Committee will consider the factors listed above in *Director Nominee Skills and Experience* .

Stockholder and Interested Party Communications with the Board

Stockholders and interested parties may send correspondence directed to the Board, care of Ryan A. Berry, Senior Vice President and General Counsel, Spirit Realty Capital, Inc., 16767 N. Perimeter Drive, Suite 210, Scottsdale, Arizona 85260. Mr. Berry will review all correspondence addressed to the Board, or any individual Board member, for any inappropriate correspondence and correspondence more suitably directed to management. Mr. Berry will summarize all correspondence not forwarded to the Board and make the correspondence available to the Board for its review at the Board's request. Mr. Berry will forward stockholder communications to the Board prior to the next regularly scheduled meeting of the Board following the receipt of the communication, as appropriate.

Director Compensation

We use a combination of cash and equity-based incentive compensation to attract and retain qualified non-employee director candidates to serve on our Board. In setting non-employee director compensation, we consider the significant amount of time that directors spend in fulfilling their duties to our Company as well as the skill level we require of members of our Board.

Director Compensation Program

In 2013 we maintained a compensation program, or the Director Compensation Program, for eligible non-employee directors, whom we refer to as eligible directors, which our Board amended and restated in connection with the closing of the Merger in July 2013.

Prior to the amendment and restatement of the Director Compensation Program, non-employee directors not affiliated with Macquarie Capital (USA) Inc. were eligible to participate. Following the amendment and restatement, each non-employee director became eligible to participate in the program, as Macquarie Capital (USA) Inc. became unaffiliated from our Company in connection with the Merger. Under the Director Compensation Program, eligible directors are entitled to receive a combination of cash and equity-based compensation, as described below:

Cash Compensation. Under the cash compensation component of the Director Compensation Program, which was not modified in connection with the amendment and restatement, each eligible director is entitled to receive an annual cash retainer of \$70,000. In addition, the committee chairpersons and Lead Independent Director receive the following annual cash retainers (as applicable):

Audit Committee chair: \$20,000

Compensation Committee chair: \$10,000

Nominating and Corporate Governance Committee chair: \$10,000

Lead Independent Director: \$20,000

Table of Contents

All annual retainers are paid in cash quarterly in arrears following the end of the applicable calendar quarter. Annual retainers will be pro-rated to reflect any partial year of service. Eligible directors are also entitled to Board of Directors meeting fees equal to \$1,000 per meeting for in-person attendance and \$500 per meeting for telephonic attendance.

Equity Compensation. In connection with the Merger, our Board amended the Director Compensation Program to provide that (i) each board member designated by Cole II in connection with the Merger would receive a grant of restricted stock covering a number of shares having a value equal to \$80,000 on the closing date of the Merger and (ii) each other eligible director who is initially elected or appointed to serve on our Board after the closing of the Merger will receive a grant of restricted stock covering a number of shares having a value equal to \$80,000 on the date of such initial election or appointment. Each restricted stock grant will vest in full on the first anniversary of the closing date of the Merger, or the initial election of appointment of the eligible director, as applicable, subject to the eligible director's continued service with our company through such vesting date.

In addition, an eligible director will receive an annual common stock grant valued at \$80,000 on the date of each annual meeting of our stockholders.

2013 Common Stock Grant

In June 2013, our Board determined to grant each eligible director a common stock grant having a value equal to \$80,000. Our Board decided to approve these grants because we did not hold an annual meeting of our stockholders in 2013, due to the Cole II Merger, and so the eligible directors would not have been entitled to an annual common stock grant under the Director Compensation Program for 2013.

The following table provides additional detail regarding the 2013 compensation of our eligible directors:

Compensation Discussion and Analysis

This section discusses the principles underlying our policies and decisions with respect to the compensation of our executive officers who are named in the Summary Compensation Table below and the principal factors relevant to an analysis of these policies and decisions. In 2013, our named executive officers and their positions were as follows:

Thomas H. Nolan, Jr., Chief Executive Officer;

Michael A. Bender, Executive Vice President, Chief Financial Officer;

Peter M. Mavroides, President and Chief Operating Officer;

Gregg A. Seibert, Chief Investment Officer and Executive Vice President Acquisitions; and

Mark L. Manheimer, Executive Vice President Asset Management

Specifically, this section provides an overview of our executive compensation philosophy, the overall objectives of our executive compensation program and each compensation component that we provide. Each of the key elements of our executive compensation program is discussed in more detail below. The following discussion and analysis of compensation arrangements of our named executive officers should be read together with the compensation tables and related disclosures set forth below.

Our executive compensation program is designed to provide a total compensation package intended to align executive compensation to the Company's performance and with stockholder interests, and to attract, motivate and retain talented and experienced executive officers through competitive compensation arrangements relative to our peer group.

To serve the foregoing objectives, our overall compensation program is generally designed to be flexible and complementary rather than purely formulaic. In alignment with the objectives set forth above, the Compensation Committee of our Board of Directors (or, prior to our initial public offering, our Board of Directors) has generally determined the overall compensation of our named executive officers and its allocation among the elements described above, relying on the analyses and advice provided by its compensation consultant as well as input from our management team.

Our compensation decisions for the named executive officers in 2013, including each of the key elements of our executive compensation program, are discussed in more detail below.

Executive Summary

Summary of 2013 financial and operational results⁽¹⁾

For the year ended December 31, 2013, the Company:

Completed a merger (the Merger) with Cole Credit Property Trust II (Cole II), which diversified the Company's tenant base by adding 747 properties consistent with our investment philosophy and of enhanced credit quality, improved the Company's operating efficiency, reduced the Company's leverage and provided additional financial strength and flexibility, in part by almost doubling the size of the Company's portfolio.

Improved balance sheet strength by (a) expanding liquidity by establishing a new \$400.0 million revolving credit facility and (b) fixing the term and interest rate of variable, short-term debt assumed in the Merger through a \$203.0 million CMBS offering and issuance of \$330.0 million of investment grade-rated notes from our Spirit Master Funding asset backed securities platform.

Generated revenues of \$419.5 million, a 53.6% increase over the year ended December 31, 2012.

Achieved FFO of \$139.5 million or \$0.54 per share.

Exclusive of the Merger, acquired 194 new properties for a gross investment of \$408.6 million in 40 transactions with an initial cash yield of 7.92% and an average remaining lease term of 16.8 years. The gross investment in real estate was more than double the Company's investment total during 2012.

The following graphs illustrate the Company's financial highlights for the year ended December 31, 2013.

* Calculated as defined in Performance Share Award Agreements to our executives which assumes reinvestment of all dividends paid on Common Stock and otherwise in accordance with the total shareholders return calculation methodology used in the MSCI US REIT Index. Peer Group and Primary Net Lease Group described under *Annual Performance Based Compensation* below.

Since our IPO on September 20, 2012, the Company has generated among the best risk-adjusted returns in the sector. During 2013, our shareholders received dividends of \$169.4 million, or \$0.6585 per share, and our fourth quarter 2013 dividend equated to an annualized amount of \$0.665 per share. For the year ended December 31, 2013, taking into account both share price appreciation and dividends paid, shareholders received a 12.3% total return on their investment.

After completing the integration of the portfolio acquired in the Merger, we ended 2013 with a well-diversified, \$7.2 billion portfolio that included 2,186 properties across 48 states and 19 industries. At year-end, those properties were 99% occupied and generally leased under long-term, triple-net leases with a weighted average remaining maturity of over 10 years.

The following graph shows our cumulative total stockholder return for the period beginning with the initial listing of our common stock on the New York Stock Exchange on September 20, 2012 and ending on December 31, 2013, with stock prices retroactively adjusted for the 1.9048 merger exchange ratio. The graph assumes a \$100 investment in each of the indices on September 20, 2012 and the reinvestment of all dividends. The graph also shows the cumulative total returns of the S&P Index and an industry peer group. Our stock price performance shown in the following graph is not indicative of future stock price performance.

Table of Contents*Compensation Elements*

Our executive compensation program consists of the following elements: base salary, annual cash incentive bonus, equity based long-term incentive awards, severance and change in control payments and benefits, retirement benefits and health/welfare benefits. Each of these elements taken separately as well as each of these elements taken as a whole, are necessary to support the Company's overall compensation objectives. The following table sets forth the key elements of our named executive officers' compensation, along with the primary objective associated with each element of compensation.

Compensation Element	Primary Objective
Base salary	To compensate ongoing performance of job responsibilities and provide a fixed and knowable minimum income level as a necessary tool in attracting and retaining executives.
Annual performance-based cash compensation (incentives)	To incentivize the attainment of short-term corporate objectives and individual contributions to the achievement of those objectives.
Long-term equity incentive compensation	To emphasize long-term performance objectives, align the interests of our executives with stockholder interests, encourage the maximization of stockholder value and retain executives.
Severance and change in control benefits	To encourage the continued attention and dedication of our executives and provide reasonable individual security to enable our executives to focus on our best interests, particularly when considering strategic alternatives that may adversely impact our executives.
Retirement savings - 401(k) plan	To provide retirement savings in a tax-efficient manner.
Health and welfare benefits	To provide typical protections from health, dental, death and disability risks.

Table of Contents

The Compensation Committee believes that executive compensation should reflect the value created for our stockholders, while supporting our business strategies, operational goals and long-range plans. In addition, the Compensation Committee believes that such compensation should assist the Company in attracting and retaining key executives critical to our long-term success.

We emphasize pay for performance.

The Company's compensation program is designed to align Company-wide financial, operational and stock price achievements with the annual cash bonuses to its named executive officers. Annual incentives are focused primarily on short-term Company financial performance, as well as individual performance metrics linked to important strategic initiatives. Annual cash and equity bonuses are earned based upon the Compensation Committee's assessment of Company-wide performance under key performance metrics targeted in the 2013 Bonus Program approved by the Compensation Committee. Under the 2013 Bonus Program, all of the executives were eligible to earn cash bonuses based on the Company's achievement in 2013 of performance goals relating to (i) Funds From Operations (a supplemental non-GAAP financial measure defined in the Annual Report on Form 10-K of Spirit Realty Capital, Inc. filed with the SEC on March 4, 2014); (ii) ratio of debt to EBITDA (a supplemental non-GAAP financial measure meaning earnings of the Company before interest, taxes, depreciation and amortization); (iii) weighted average occupancy levels of Company real estate assets; and (iv) acquisition volume.

The table below reflects the company performance target goals set forth in the 2013 Bonus Program:

2013 Key Performance Measures	Threshold	Target	Maximum
Core FFO (millions)	\$ 116	\$ 119	\$ 122
Debt to EBITDA	8.2x	7.8x	7.4x
Occupancy	96.5%	98%	99.5%
Acquisitions (millions)	\$ 180	\$ 225	\$ 270

The Compensation Committee believes these annual targeted operational and financial goals align with our strategy to attain long-term financial stability that will support sustained cash flows beneficial to our stockholders. Individual performance is not evaluated solely upon satisfaction of pre-determined performance goals, but evaluated subjectively (a) by the Compensation Committee with input by the CEO with respect to the other four named executive officers and (b) by the Board with respect to the CEO. Depending on the actual operational results, each named executive officer, excluding the CEO, can earn a maximum of 133% of his base salary if the maximum target is achieved or exceeded, while the CEO may earn a maximum of 200% of his base annual salary under the same conditions. In determining each executive's actual cash bonus under the 2013 Bonus Program, the base salary percentage earned is further weighted based on the officer's core responsibilities within the organization.

In determining each executive's actual bonus under the 2013 Bonus Program, the goals were weighted as follows for the applicable executive:

Individual Weighting	Core FFO	Debt:EBITDA	Occupancy	Acquisitions	Individual Performance
Thomas H. Nolan Jr.	20%	20%	20%	20%	20%
Peter M. Mavroides	20%	10%	25%	25%	20%
Michael A. Bender	20%	30%	15%	15%	20%

Edgar Filing: Spirit Realty Capital, Inc. - Form DEF 14A

Greg A. Seibert	20%	10%	10%	40%	20%
Mark L. Manheimer	20%	10%	25%	25%	20%

Table of Contents***We align executive compensation with the creation of value for our stockholders.***

Equity awards consist of annual grants of restricted stock and performance share grants. Restricted stock awards are based on the Company's performance under these company performance metrics as well as each executive's individual performance during the prior fiscal year. Restricted stock grants, which generally vest over a three-year period, create a balanced focus on the achievement of short-term and long-term financial and operational goals and stock price performance. The Compensation Committee believes that this at-risk compensation of annual bonuses and long-term equity incentives play a significant role in aligning management's interests with those of the Company's stockholders.

As part of the 2013 executive compensation program, the Compensation Committee approved a performance share plan for our named executive officers. The primary objective of these awards is to motivate and reward long-term sustained performance. The performance share awards are earned based on a multi-year performance over a three-year performance cycle. Pursuant to the performance share awards, each participant is eligible to vest in and receive shares of the Company's common stock based on an initial target number of shares granted multiplied by a percentage range between 0% and 250% depending on the Company's TSR during the performance period. The percentage range is based on the attainment of TSR of the Company compared to that of specified peer groups of companies during the performance period. The performance period runs from September 20, 2012 (the day of the Company's IPO) through December 31, 2015. In addition, each performance share award entitles its holder to a cash payment equal to the aggregate dividends that would have been paid on the total number of performance shares that ultimately vest, as if such shares had been outstanding on each dividend record date over the period from August 1, 2013 through the issuance date of the shares. In the event of a non-qualifying termination of a participant prior to the performance period end date, all of the rights to performance shares will be automatically forfeited along with the participants rights to the cash payment of any dividend equivalent. The Compensation Committee believes the at-risk structure of the performance awards are designed to foster retention and align the executive officers' interests with the long-term interests of our stockholders.

2013 Compensation Highlights and Key Decisions

Base Salaries and Target Bonus Opportunities. Base salaries were adjusted for our named executive officers in 2013 as needed to bring their salaries closer to those paid by competitors and other comparable market participants. None of our named executive officers received any increases to their target bonus opportunities, expressed as a percentage of salary.

Cash Bonuses Reflected Positive 2013 Company Performance. In 2013 we implemented a bonus program that motivates our executives to achieve our company-wide short-term performance objectives and individual performance objectives. Under the 2013 bonus program, each named executive officer was eligible to earn a cash bonus based on achievement in 2013 of performance goals relating to (i) FFO; (ii) ratio of debt to EBITDA; (iii) weighted average occupancy levels of Company real estate assets; and (iv) acquisition volume, as well as each executive's individual performance as evaluated by the CEO, or in the case of the CEO, our Board.

For 2013, we achieved FFO, Debt-to-EBITDA, and acquisition volumes above the maximum goal established with FFO of \$139.5 million (vs. \$119 million target and \$122 million maximum), Debt-to-EBITDA at 7.3x (vs. 7.8x target and 7.4x maximum) and \$409 million acquisition volume excluding the Cole II Merger (vs. \$225 million target and \$270 million maximum). Weighted average occupancy achieved was above the 98% target at 98.9%, but below the maximum goal of 100%. As a result of our performance and based on a review of each executive's individual

performance, and in accordance with the 2013 bonus program, the bonus payouts under the program were 196.0%, 129.7%, 131.0%, 131.7% and 129.7% of Messrs. Nolan, Mavoides, Bender, Seibert and Manheimer's salaries, respectively.

Performance Share Awards. In addition, in 2013 we granted for the first time performance share awards that vest based on the attainment of TSR compared to specified peer groups of companies during a multi-

Table of Contents

year performance period. The Compensation Committee believes the at-risk structure of the performance awards are designed to foster retention and align the named executive officers' interests with the long-term interests of our stockholders. 75% of the long-term equity incentive compensation of each of Mr. Nolan, Mr. Mavroides and Mr. Bender was formulated as performance share awards, with the remaining 25% allocated in restricted stock. The long-term equity incentive compensation of Mr. Seibert and Mr. Manheimer was allocated 50% to performance share awards, and 50% to restricted stock.

Change in Control Excise Tax Gross-Up Policy. We adopted a policy that the Company will not in the future enter into any new plan, program, policy, agreement or arrangement that provides for the payment or the reimbursement of any excise tax imposed in connection with a change in control under Section 4999 of the Code by operation of Section 280G of the Code.

Determination of Compensation

Roles of Our Compensation Committee and Chief Executive Officer in Compensation Decisions

Prior to our initial public offering in September 2012, our Board of Directors, in conjunction with our Chief Executive Officer, was responsible for overseeing our executive compensation program, as well as determining and approving the ongoing compensation arrangements for our Chief Executive Officer and other named executive officers. Our Board of Directors and Chief Executive Officer met periodically as necessary throughout the year to review adjustments to the compensation, including base salary, annual bonus and long-term equity awards, for our named executive officers. Since the completion of our initial public offering, the Compensation Committee of our Board of Directors has overseen our compensation program for all named executive officers.

Our Chief Executive Officer evaluates the individual performance and contributions of each other named executive officer and reports to our Compensation Committee his recommendations regarding the other named executive officers' compensation. Our Chief Executive Officer does not participate in any formal discussion with our Compensation Committee regarding decisions on his own compensation and recuses himself from meetings when his compensation is discussed.

We do not generally rely on formulaic guidelines or react to short-term changes in business performance for determining the mix or levels of cash and equity-based compensation, but rather maintain a flexible compensation program that allows us to adapt components and levels of compensation to motivate, reward and retain individual named executive officers within the context of our desire to attain financial and operational goals. Subjective factors considered in compensation determinations include a named executive officer's responsibilities, leadership abilities, skills, contributions as a member of the executive management team and contributions to our overall performance and whether the total compensation potential and structure is sufficient to ensure the retention of a named executive officer when considering the compensation potential that may be available elsewhere.

Engagement of Compensation Consultants

Following our initial public offering in September 2012, our Compensation Committee engaged Towers Watson, to provide advice regarding, and to assist us in formulating, the post-initial public offering compensation program for our employees, including our named executive officers. For 2013, the Compensation Committee retained the services of Towers Watson to assist in the development and implementation of an executive compensation program closely aligned with our compensation philosophy and business strategy, and provided assistance to the Committee in reviewing market data on compensation, understanding industry executive compensation trends, and determining and managing risks associated with elements of our executive compensation program.

Executive Compensation Philosophy and Objectives

The market for experienced management is highly competitive in our industry. Our goal is to attract and retain the most highly qualified executives to manage each of our business functions. In doing so, we draw upon

Table of Contents

a pool of talent that is highly sought after by similarly-sized real estate investment trusts and other real estate companies. Our executive compensation philosophy recognizes that, given that the market for experienced management is highly competitive in our industry, key and core to our success is our ability to attract and retain the most highly-qualified executives to manage each of our business functions.

We regard as fundamental that executive officer compensation be structured to provide competitive base salaries and benefits to attract and retain superior employees, and to provide incentive compensation to motivate executive officers to attain, and to reward executive officers for attaining, financial, operational, individual and other goals that are consistent with increasing stockholder value. We also believe that our executive compensation program should include a long-term incentive component that aligns executives' interests with our stockholders' interests. The objective of our long-term incentive awards, including equity-based compensation, is to encourage executives to focus on our long-term growth and incentivize executives to manage our company from the perspective of stockholders with a meaningful stake in our success.

We view the components of our executive compensation program as related but distinct, and we expect to regularly reassess the total compensation of our named executive officers to ensure that our overall compensation objectives are met. Historically, not all components have been provided to our named executive officers. We have considered, but not relied upon exclusively, the following factors in determining the appropriate level for each compensation component: our understanding of the competitive market based on the collective experience of members of our Compensation Committee (or, prior to our initial offering, our board of directors) and their review of compensation surveys; our recruiting and retention goals; our view of internal equity and consistency; the length of service of our executive officers; our overall performance; and other considerations our Board of Directors, Compensation Committee and/or Chief Executive Officer determines are relevant.

Each of the primary elements of our executive compensation program is discussed in more detail below. While we have identified particular compensation objectives that each element of executive compensation serves, our compensation programs are designed to be flexible and complementary and to collectively serve all of the executive compensation objectives described above. Accordingly, whether or not specifically mentioned below, we believe that, as a part of our overall executive compensation policy, each individual element, to a greater or lesser extent, serves each of our compensation objectives and that, collectively, they are effective in achieving our overall objectives.

Elements of Executive Compensation Program

The following describes the primary components of our executive compensation program for each of our named executive officers, the rationale for each component and how compensation amounts are determined.

Base Salary

We provide our named executive officers with a base salary to compensate them for services rendered to our company during the fiscal year. The base salary payable to each named executive officer is intended to provide a fixed component of compensation reflecting the executive's skill set, experience, role and responsibilities. Generally, initial base salary amounts are established based on consideration of, among other factors, the scope of the named executive officer's responsibilities, years of service and the general knowledge of our Compensation Committee (or, prior to our initial offering, our Board of Directors) or Chief Executive Officer of the competitive market based on, among other things, experience with other companies and our industry. Since our initial public offering, the base salaries of our named executive officers have been reviewed periodically by our Compensation Committee or Chief Executive Officer and merit salary increases have been made as deemed appropriate based on such factors as the scope of an executive officer's responsibilities, individual contribution, prior experience and sustained performance.

In July 2013, in connection with the amendment and restatement of our named executive officers' employment agreements in connection with the Merger, the base salaries for each of our named executive officers were increased as follows: the base salary for Mr. Nolan was increased from \$700,000 to \$721,000, the

Table of Contents

base salary for Mr. Bender was increased from \$350,000 to \$360,500, the base salary for Mr. Mavoides was increased from \$450,000 to \$463,500, the base salary for Mr. Seibert was increased from \$250,000 to \$257,500 and the base salary for Mr. Manheimer was increased from \$250,000 to \$257,500. In its review of base salaries for fiscal 2013, the Compensation Committee considered the Company's operating results and the positioning of the Company's salaries for the Named Executive Officers as compared to similarly situated executives in the Company's peer group. Based on that review, the Compensation Committee approved the aforementioned base salary increases.

Annual Performance-Based Compensation

We use cash bonuses to motivate our named executive officers to achieve our short-term financial and strategic objectives while making progress towards our longer-term growth and other goals. In August 2013, our Compensation Committee approved the 2013 Bonus Program, which ties our executives' annual cash incentive awards closely to our financial performance, thereby aligning the interests of management with the interests of our shareholders. All of our executive officers, including our named executive officers, were eligible to participate in the 2013 Bonus Program.

Under the 2013 Bonus Program, each executive was eligible to earn a cash bonus based on our achievement in 2013 of performance goals relating to (i) Funds From Operations, or FFO; (ii) ratio of debt to EBITDA; (iii) weighted average occupancy levels of our real estate assets; and (iv) acquisition volume (subject to adherence to the Company's approved underwriting and operating budget guidelines regarding weighted-average capitalization rates, annual rent increases, and tenant and guarantor credit quality), as well as each executive's achievement of individual performance goals. FFO and EBITDA are non-GAAP financial measures and are generally defined as follows: FFO as net income attributable to common stockholders (computed in accordance with GAAP), excluding real estate-related depreciation and amortization, impairment charges and losses (gains) from property dispositions, and EBITDA as earnings before interest, taxes, depreciation and amortization. For additional information regarding the calculation of FFO, refer to our Annual Report on Form 10-K filed with the SEC on March 4, 2014.

In connection with the establishment of the following targets and ranges for each of the performance goals, the Compensation Committee evaluated the degree of difficulty of the achievement of the targets prior to finalizing the 2013 Bonus Program.

Performance Goal	Target	Target Range	
Core FFO	\$119,400,000	\$ 116,400,000	\$122,300,000
Debt to EBITDA	7.8X	8.2X	7.4X
Occupancy	98%	96.5%	99.5%
Acquisition Volume	\$225,000,000	\$180,000,000	\$270,000,000

In determining each executive's actual bonus under the 2013 Bonus Program, the goals were weighted as follows for the applicable executive:

Named Executive Officer	Core FFO	Debt to EBITDA	Occupancy	Acquisitions	Individual Performance
Thomas H. Nolan, Jr.	20%	20%	20%	20%	20%
Michael A. Bender	20%	30%	15%	15%	20%
Peter M. Mavoides	20%	10%	25%	25%	20%
Gregg A. Seibert	20%	10%	10%	40%	20%

Mark L. Manheimer	20%	10%	25%	25%	20%
-------------------	-----	-----	-----	-----	-----

Table of Contents

In addition, our Compensation Committee approved threshold, target and maximum bonuses for each executive, as set forth below, based on each executive's annual base salary:

Named Executive Officer	Threshold Bonus	Target Bonus	Maximum Bonus
Thomas H. Nolan, Jr.	75%	150%	200%
Michael A. Bender	50%	100%	133%
Peter M. Mavoides	50%	100%	133%
Gregg A. Seibert	50%	100%	133%
Mark L. Manheimer	50%	100%	133%

In 2013, Core FFO was \$139.5 million, Debt-to-EBITDA was 7.3X, weighted average occupancy was 98.9% and acquisition volume was \$409 million excluding the Cole II Merger. In determining 2013 annual cash bonuses, our Compensation Committee also took into consideration its review of each executive's individual performance, and determined to award the maximum portion of the bonus tied to individual performance.

Based on these results, our Compensation Committee approved payment of annual cash bonus compensation ranging from 129.7% to 196.0% of the executives' target bonus opportunities, with actual amounts for each executive officer set forth in the table below.

Named Executive Officer	2013 individual discretionary bonus (\$)	2013 non-equity performance incentive bonus (\$)
Thomas H. Nolan, Jr.	288,400	1,124,890
Michael A. Bender	95,893	376,466
Peter M. Mavoides	123,291	477,937
Gregg A. Seibert	68,495	270,596
Mark L. Manheimer	68,495	265,521

For 2014, the Compensation Committee has approved substantially similar company performance criteria as approved under the 2013 Bonus Program, however the FFO goal will be based on FFO per share as opposed to aggregate FFO.

Long-Term Equity-Based Incentives

The goals of our long-term equity-based awards are to reward and encourage long-term corporate performance based on the value of our stock and, thereby, to align the interests of our executive officers, including our named executive officers, with those of our stockholders.

The size and form of the initial equity awards for our named executive officers typically have been established through arm's-length negotiation at the time the individual was hired or at the time at which we entered into an employment agreement with the named executive officer. In making these awards, we consider, among other things, the prospective role and responsibility of the individual, competitive factors, the amount of equity-based compensation held by the executive officer at his or her former employer, our Compensation Committee's collective experience with compensation paid in respect of similar roles and in companies in similar stages of growth and industries as us at the time the executive officer was hired, the cash compensation received by the executive officer and the need to create a meaningful opportunity for reward predicated on the creation of long-term stockholder value. Under the 2013 Program, the target value of equity incentive awards granted to our executive officers was allocated

25% to restricted stock and 75% to performance shares for Messrs. Nolan, Bender and Mavoides and 50% each to restricted stock and performance shares for Messrs. Seibert and Manheimer. Performance share awards, as defined below, remain at risk of forfeiture during the duration of the three-year performance period.

Table of Contents

Restricted Stock Awards. In July 2013, we made the following grants of restricted stock to our named executive officers:

Named Executive Officer	Number of Restricted Shares
Thomas H. Nolan, Jr.	71,730
Michael A. Bender	26,898
Peter M. Mavroides	34,584
Gregg A. Seibert	18,569
Mark L. Manheimer	18,569

These restricted stock grants were awarded to reflect the increased expectations we have of our named executive officers now that we are a public company, to incentivize and reward increases in long-term stockholder value and to further align their interests with those of our stockholders, as well as to encourage retention of our named executive officers. These grants are subject to vesting over a period of three years commencing on January 1, 2013, subject to the executive's continued employment with us. The executive officers are entitled to receive dividends on unvested shares of restricted stock.

For additional information regarding the vesting terms and conditions applicable to all outstanding restricted stock awards held by our named executive officers, refer to *Potential Payments Upon Termination or Change of Control* below.

Performance Share Awards. In August 2013, our Compensation Committee approved the grant of performance share awards in tandem with dividend equivalent rights to each of our named executive officers. Pursuant to the performance share awards, each named executive officer is eligible to vest in and receive a number of shares of our common stock ranging from 0%-250% of the target number of performance shares granted and set forth in the table below based on the attainment of total shareholder return, or TSR, goals during the performance period running from September 20, 2012 through December 31, 2015, relative to a specified Peer Group of companies and a Primary Net Lease Peer Group, and subject to the named executive officer's continued employment.

The Peer Group and Primary Net Lease Peer Group of companies under our Performance Share Awards, each adopted by our Compensation Committee based on recommendations and assistance from Towers Watson, consist of the following companies:

Peer Group: Alexandria Real Estate Equities, Inc., Healthcare Trust of America, Inc., BioMed Realty Trust, Inc., Lexington Realty Trust, CapLease, Inc., Medical Properties Trust, Inc., DuPont Fabros Technology, Inc., National Retail Properties, Inc., EPR Properties, Omega Healthcare Investors, Inc., Health Care REIT, Inc., Realty Income Corporation, Healthcare Realty Trust Incorporated and W.P. Carey, Inc.

Primary Net Lease Peer Group: National Retail Properties, Inc. and Realty Income Corporation.

The target performance shares granted to each executive are as follows:

Named Executive Officer	Target Number of Performance Shares
--------------------------------	--

	Granted
Thomas H. Nolan, Jr.	177,489
Michael A. Bender	66,558
Peter M. Mavoides	85,575
Gregg A. Seibert	19,146
Mark L. Manheimer	19,146

Table of Contents

In addition, each performance share award entitles its holder to a cash payment equal to the aggregate dividends that would have been paid on the total number of performance shares that vest, had such shares been outstanding on the record date(s) that occur over the period from August 1, 2013 through the date on which the shares are issued, if any.

The number of performance shares that vest is dependent on our TSR achieved during the performance period relative to the TSR achieved by the specified Peer Group of companies and the Primary Net Lease Peer Group.

0% – 200% of the Target Performance Shares will be eligible to vest based on the achievement of minimum, target and maximum TSR goals relative to the TSR achieved by the specified Peer Group of companies. The minimum, target and maximum TSR goals are the achievement of a TSR during the performance period that places the company in the 25th, 50th or 80th percentile, respectively, of the TSRs achieved during the performance period by the companies in the Peer Group.

The number of performance shares that vest will be further adjusted by a factor of 0.75, 1.0 (i.e., no adjustment) or 1.25 depending on our TSR during the performance period relative to that of a two-company Primary Net Lease Peer Group: if our TSR is lower than the TSR of each of the companies in the Primary Net Lease Peer Group, the adjustment factor will be 0.75; if our TSR is greater than the TSR of one company but lower than the TSR of the other company, the adjustment factor will be 1.0; and if our TSR exceeds the TSR of each of the companies, the adjustment factor will be 1.25. However, in no event will more than 100% of the target number of performance shares fully vest and be earned unless our TSR reaches a certain minimum level during the performance period.

If an executive experiences a termination of employment without cause or for good reason during the Performance Period, then 100% of the target performance shares will vest immediately prior to such termination. In addition, upon a change in control of our company, the performance shares will vest based on the company's achievement of the performance goals as of the change in control.

Stock ownership guidelines

Under the 2013 Bonus Program, we implemented stock ownership guidelines for our executive officers. The guidelines require the executive officers to own the lesser of a minimum number of shares of stock or value as a percentage of base salary. Individuals will be given five years to meet these guidelines. The table below reflects the current stock ownership guidelines.

Stock Ownership Guidelines

Position	Percentage of Base Salary	Minimum number of shares
Chief Executive Officer	500%	240,000
Chief Operating Officer	300%	92,500
Chief Financial Officer	300%	72,500
Executive Vice President	200%	34,500

Retirement Savings

We have established a 401(k) retirement savings plan for our employees, including our named executive officers, who satisfy certain eligibility requirements. Our named executive officers are eligible to participate in the 401(k) plan on the same terms as other full-time employees. The Code allows eligible employees to defer a portion of their

compensation, within prescribed limits, on a pre-tax basis through contributions to the 401(k) plan. Currently, we match contributions made by participants in the 401(k) plan up to a specified percentage of the employee contributions, and these matching contributions are fully vested as of the date on which the contribution is made. We believe that providing a vehicle for tax-deferred retirement savings through our 401(k)

Table of Contents

plan, and making fully vested matching contributions, adds to the overall desirability of our executive compensation package and further incentivizes our employees, including our named executive officers, in accordance with our compensation policies.

Employee Benefits and Perquisites

All of our full-time employees, including our named executive officers, are eligible to participate in our health and welfare plans, including:

- medical and dental benefits, as well as vision discounts;
- medical and dependent care flexible spending accounts;
- short-term and long-term disability insurance;
- accidental death and dismemberment insurance; and
- life insurance.

With the exception of the flexible spending accounts, premiums for each of our employee's health and welfare plans were paid in full by our company for the 2013 plan year. In addition, we contributed \$500 to the medical flexible spending account for each individual who was employed on January 1, 2013. We design our employee benefits programs to be affordable and competitive in relation to the market, and we modify our employee benefits programs as needed based upon regular monitoring of applicable laws and practices in the competitive market.

These benefits are provided to our named executive officers on the same general terms as they are provided to all of our full-time employees, with the exception of certain additional supplemental long-term disability insurance, which covers participating executives, (including our named executive officers), in addition to any related gross-up of taxes to make the named executive officers whole. We may also reimburse certain of our named executive officers for reasonable legal fees and expenses incurred in connection with the negotiation of an employment agreement. We believe that providing these benefits is a relatively inexpensive way to enhance the competitiveness of the executives compensation packages.

In the future, we may provide perquisites or other personal benefits in limited circumstances, such as where we believe it is appropriate to assist an individual named executive officer in the performance of his duties, to make our named executive officers more efficient and effective, and for recruitment, motivation and/or retention purposes. Future practices with respect to perquisites or other personal benefits for our named executive officers will be approved and subject to periodic review by our Compensation Committee. We do not expect these perquisites to be a material component of our compensation program.

Severance and Change of Control-Based Compensation

As more fully described below under the caption *Potential Payments Upon Termination or Change of Control*, the employment agreements with our named executive officers that were in effect during 2013 provided for certain payments and/or benefits upon a qualifying termination of employment or in connection with a change of control. We believe that job security and terminations of employment, both within and outside of the change of control context, are causes of significant concern and uncertainty for senior executives and that providing protections to our named executive officers in these contexts is therefore appropriate in order to alleviate these concerns and allow the executives to remain focused on their duties and responsibilities to our company in all situations.

Payments and/or benefits provided in the effective employment agreements for Messrs. Nolan, Bender, Mavoides, Seibert and Manheimer, in each case, upon a termination by our company without cause, by the employee for good reason or as a result of our company's non-extension of the employment term include, without limitation, (1) a

multiple of base salary, (2) with respect to Messrs. Nolan, Bender and Mavoides, a lump-sum cash payment ranging from \$150,000 to \$1,000,000 and, in certain cases, accelerated vesting of the executive s restricted common stock awards granted in connection with the termination of the executive s

Table of Contents

restricted unit award in SRC's former parent, Redford Holdco, LLC (Redford), (3) with respect to Mr. Mavoides, a prorated performance bonus for our company's fiscal year in which the termination occurs and (4) with respect to Messrs. Seibert and Manheimer, (A) a pro-rated bonus based on the executive's most recent annual cash bonus paid within the three years prior to the year in which the termination occurs, (B) an amount equal to the annual cash bonus earned by the executive in the year prior to the year in which the termination occurs and (C) accelerated vesting of the restricted stock award granted to the executive in connection with our initial public offering. The amended and restated employment agreements for Messrs. Nolan, Bender and Mavoides also provide for gross-up payments to reimburse these executives for any excise taxes imposed on the executive in connection with the occurrence of a change in control (as defined in the Incentive Award Plan).

Furthermore, the restricted stock award agreements covering the restricted stock awards granted to Messrs. Nolan, Bender and Mavoides, and the performance share awards granted to each named executive officer provide for accelerated vesting of these awards in certain circumstances.

The Board of Directors has adopted a policy that the company will not enter into in the future, any plan, program, policy, agreement or arrangement that provides for the payment or the reimbursement of any excise tax imposed under Section 4999 of the Code by operation of Section 280G of the Code.

Tax and Accounting Considerations

Code Section 162(m)

Generally, Section 162(m) of the Code, or Section 162(m), disallows a tax deduction for any publicly-held corporation for individual compensation exceeding \$1.0 million in any taxable year to its chief executive officer and each of its three other most highly compensated executive officers, other than its chief financial officer, unless compensation qualifies as performance-based compensation within the meaning of the Code. Prior to our initial public offering in September 2012, our Board of Directors and Chief Executive Officer had not previously taken the deductibility limit imposed by Section 162(m) into consideration in setting compensation.

We believe that we qualify as a REIT under the Code and generally are not subject to federal income taxes, provided we distribute to our stockholders at least 90% of our taxable income each year. As a result of the Company's tax status as a REIT, the loss of a deduction under Section 162(m) may not affect the amount of federal income tax payable by the Company. In approving the amount and form of compensation for our named executive officers in the future, our Compensation Committee will consider all elements of the cost to our company of providing such compensation, including the potential impact of Section 162(m). However, our Compensation Committee may, in its judgment, authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes that such payments are appropriate to attract and retain executive talent.

Furthermore, under a Section 162(m) transition rule for compensation plans of corporations which are privately held and which become publicly held in an initial public offering, certain awards under the Incentive Award Plan and other pre-existing plans will not be subject to Section 162(m) until the expiration of a post-closing transition period, which will occur on the earliest to occur of our annual stockholders' meeting in 2016, a material modification or expiration of the applicable plan or the exhaustion of the shares or other compensation reserved for issuance under the plan.

Code Section 409A

Section 409A of the Code, or Section 409A, requires that nonqualified deferred compensation be deferred and paid under plans or arrangements that satisfy the requirements of the statute with respect to the timing of deferral elections,

timing of payments and certain other matters. Failure to satisfy these requirements can expose employees and other service providers to accelerated income tax liabilities, penalty taxes and interest on their vested compensation under such plans. Accordingly, as a general matter, it is our intention to design and administer our compensation and benefits plans and arrangements for all of our employees and other service providers, including our named executive officers, so that they are either exempt from, or satisfy the requirements of, Section 409A.

Table of Contents

Code Section 280G

Section 280G of the Code, or Section 280G, disallows a tax deduction with respect to excess parachute payments to certain executives of companies which undergo a change of control. In addition, Section 4999 of the Code, or Section 4999, imposes a 20% excise tax on the individual with respect to the excess parachute payment. Parachute payments are compensation linked to or triggered by a change of control and may include, but are not limited to, bonus payments, severance payments, certain fringe benefits, and payments and acceleration of vesting from long-term incentive plans including stock options, restricted stock and other equity-based compensation. Excess parachute payments are parachute payments that exceed a threshold determined under Section 280G based on the executive's prior compensation. In approving the compensation arrangements for our named executive officers, our Compensation Committee considers all elements of the cost to our company of providing such compensation, including the potential impact of Section 280G. However, the Compensation Committee may, in its judgment, authorize compensation arrangements that could give rise to loss of deductibility under Section 280G and the imposition of excise taxes under Section 4999 when it believes that such arrangements are appropriate to attract and retain executive talent. The Board of Directors has adopted a policy that the Company will not enter into in the future, any new plan, program, policy, agreement or arrangement that provides for the payment or the reimbursement of any excise tax imposed under Section 4999 of the Code by operation of Section 280G of the Code.

Accounting for Stock-Based Compensation

We follow FASB Accounting Standards Codification Topic 718, or ASC Topic 718, for our stock-based compensation awards. ASC Topic 718 requires companies to calculate the grant date fair value of their stock-based awards using a variety of assumptions. ASC Topic 718 also requires companies to recognize the compensation cost of their stock-based awards in their income statements over the period that an employee is required to render service in exchange for the award. Grants of stock options, restricted stock, restricted stock units and other equity-based awards under our equity incentive award plans will be accounted for under ASC Topic 718. Our Compensation Committee will regularly consider the accounting implications of significant compensation decisions, especially in connection with decisions that relate to our equity incentive award plans and programs. As accounting standards change, we may revise certain programs to appropriately align accounting expenses of our equity awards with our overall executive compensation philosophy and objectives.

(1) The awards shown are the 2013 award opportunities under the 2013 Bonus Program, which are expressed as percentages of base salary and were established by our Compensation Committee at its meeting in July 2013. The amounts shown represent the potential value of cash bonus awards that could have been earned for 2013 (and paid in 2014) under the 2013 Bonus Program. Under the 2013 Bonus Program, each executive was eligible to earn a cash bonus based on our achievement in 2013 of performance goals relating to (i) FFO, (ii) ratio of debt to EBITDA, (iii) weighted average occupancy levels of our owned real estate assets, and (iv) acquisition volume, as well as each executive's achievement of individual performance goals.

For Mr. Nolan, his bonus opportunity was weighted equally among the five performance goals. For Mr. Bender, 20% was tied to FFO, 30% was tied to the ratio of debt to EBITDA, 15% was tied to occupancy, 15% was tied to acquisition volume, and 20% was tied to individual performance. For Messrs. Mavoides and Manheimer, 20% was tied to FFO, 10% was tied to the ratio of debt to EBITDA, 25% was tied to occupancy, 25% was tied to acquisition volume, and 20% was tied to individual performance. For Mr. Seibert, 20% was tied to FFO, 10% was tied to the ratio of debt to EBITDA, 10% was tied to occupancy, 40% was tied to acquisition volume, and 20% was tied to individual performance.

Table of Contents

At the threshold, target and maximum levels of achievement, Mr. Nolan could have earned a bonus equal to 75%, 150% and 200%, respectively, of his base salary. For Messrs. Bender, Mavoides, Seibert and Manheimer, at the threshold, target and maximum levels of achievement, they could have each earned a bonus equal to 50%, 100% and 133%, respectively, of their respective base salaries. Please also see Compensation Discussion and Analysis Elements of Executive Compensation Program Annual Performance-Based Compensation for a detailed discussion of the 2013 Bonus Program.

(2) The performance share awards were awarded in 2013 for the performance period running from September 20, 2012 through December 31, 2015. The threshold number of shares represents 66.7% of the performance shares granted, which is the number of shares that would vest based on achieving the minimum TSR goal during the performance period relative to that of the applicable peer group, as adjusted by a factor of 0.75 based on our company's TSR during the performance period relative to that of the primary net lease group. The target number of shares represents 100% of the performance shares granted, which is the number of shares that would vest based on achieving the target TSR goal during the performance period relative to that of the applicable peer group, as adjusted by a factor of 1.0 based on our company's TSR during the performance period relative to that of the primary net lease group. The maximum number of shares shown is 200% of the performance shares granted, which is the number of shares that would vest based on achieving the maximum TSR goal during the performance period relative to that of the applicable peer group, as adjusted by a factor of 1.25 based on our company's TSR during the performance period relative to that of the primary net lease group. Please see the section Compensation Discussion and Analysis Elements of Executive Compensation Program Performance Share Awards for a detailed discussion of the performance share awards.

(3) Amounts represent the full grant date fair value of restricted common stock awards and performance share awards granted during 2013, calculated in accordance with ASC Topic 718. For a discussion of the assumptions used to calculate the value of all restricted common stock awards made to named executive officers, refer to Note 15 to our financial statements included in our Annual Report on Form 10-K for the period ended December 31, 2013.

Each of Messrs. Seibert and Manheimer would be entitled to receive the following:

(1) one year's annual base salary, payable in continuation payments over the 12-month period following the termination of employment (Seibert) or in a lump-sum payment (Manheimer);

(2) a lump-sum payment in an amount equal to the annual cash bonus earned by the executive in the year prior to the year in which the termination occurs;

(3) an amount equal to the most recent annual cash bonus paid to the executive during the three-year period immediately preceding the year in which the termination occurs, pro-rated for the portion of the year of termination during which the executive was employed with our company; and

(4) accelerated vesting of the restricted stock award granted to the executive in connection with our initial public offering.

Each executive's right to receive the severance payments described above is subject to continued compliance with certain restrictive covenants and his delivery of an effective general release of claims in favor of our company. In the event that a change of control (as defined in the Incentive Award Plan) of our company occurs and an excise tax is imposed as a result of any compensation or benefits provided to Messrs. Nolan, Bender or Mavoides in connection with such change of control, our company will pay or reimburse the executive an amount equal to such excise tax plus any taxes resulting from such payment or reimbursement.

Furthermore, under the amended and restated employment agreements for Messrs. Seibert and Manheimer, in the event that the executive is terminated by reason of his death or disability, the executive will be entitled to receive, in addition to payment of accrued compensation and benefits through the date of termination, an amount equal to the most recent annual cash bonus paid during the three-year period immediately preceding the year in which the termination occurs, pro-rated for the portion of the year of termination during which the executive was employed with our company.

Equity Awards

With the exception of the restricted stock awards granted to Messrs. Nolan, Bender and Mavoides in connection with the termination and cancellation of their Redford restricted unit awards, the restricted stock award agreements covering the restricted stock awards granted to each of our named executive officers provide for accelerated vesting of these awards upon a termination by our company without cause or by the employee for good reason, or as a result of our company's non-extension of the employment term under the executive's amended employment agreement.

If an executive experiences a termination of employment without cause or for good reason during the performance period for the performance shares, then 100% of the target performance shares will vest immediately prior to such termination. In addition, upon a change in control of our company, the performance shares will vest based on the company's achievement of the performance goals as of the change in control.

Waiver Agreements

In January 2013 Messrs. Nolan, Bender, Mavoides, Seibert and Manheimer each entered into waiver agreements, pursuant to which the executive agreed that (i) the Merger will not constitute a change in control for purposes of the executive's then-effective employment agreement and related restricted stock agreements, (ii) any change in position that occurs in connection with the Merger will not constitute good reason or a termination without cause for purposes of the executive's then-effective employment agreement and related restricted stock agreements. Under the waiver agreements, each of Messrs. Nolan, Bender and Mavoides also waived his entitlement to a tax gross-up payment under Section 280G of the Code as a result of any payments made to him in connection with the Merger.

None of our executive officers serves, or in the past has served, as a member of the Board of Directors or Compensation Committee, or other committee serving an equivalent function, of any entity that has one or more executive officers who serve as members of our Board of Directors or our Compensation Committee. As discussed above, none of the members of our Compensation Committee is, or has ever been, an officer or employee of our company.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's executive officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities (Reporting Persons), to file reports of ownership and changes in ownership with the SEC. Reporting Persons are required by SEC regulations to furnish us with copies of all forms they file pursuant to Section 16(a). Based solely on our review of the copies of such reports received by us, and written representations from certain Reporting Persons that no other reports were required for those persons, we believe that, during the year ended December 31, 2013, the Reporting Persons met all applicable Section 16(a) filing requirements, with the exception of the following: two late Form 4 filings related to restricted stock grants for Sheli Z. Rosenberg and Tom D. Senkbeil relating to grants received in connection with their appointment to the Board at the time of the Merger in July.

Certain Relationships and Related Party Transactions

Indemnification of Directors and Officers

We have entered into indemnification agreements with each of our directors and executive officers.

Director Independence

A majority of our directors meet the criteria for independence set forth under applicable securities laws, including the Exchange Act, applicable rules and regulations of the SEC and applicable rules and regulations of the NYSE. The NYSE Listed Company Manual and corresponding listing standards provide that, in order to be considered independent, the Board must determine that a director has no material relationship with the Company other than as a director. The Board of Directors has reviewed the relationships between the Company, including its subsidiaries or affiliates, and each member of the Board of Directors (and each director's immediate family members).

Based on its review, the Board determined that none of Messrs. Charlton, Dunn, Gilbert, Gilchrist, Senkbeil, Shepherd or Meses. Morefield or Rosenberg currently have any material relationship with Spirit other than as a director and each is independent within the foregoing independence standards. In connection with the determination, the Board considered the transactions with Ms. Rosenberg and Strategic Hotels & Resorts, Inc. described below. Mr. Nolan was determined to not be independent based on his service as the Company's Chief Executive Officer.

The Board of Directors has also determined that each member of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee, respectively, is independent under the applicable listing standards of the NYSE and, with respect to members of the Audit Committee, the audit committee requirements of the SEC. None of the members of these committees is an officer, employee or former employee of the Company or any of the Company's subsidiaries.

Transactions with Sheli Z. Rosenberg and Strategic Hotels & Resorts, Inc.

Prior to becoming a director in connection with the Merger, Ms. Rosenberg served as a paid advisor to Spirit Realty Capital, Inc. in 2012 and 2013. The engagement was the result of arms-length negotiations between the Company and Ms. Rosenberg, and the fees paid were market rate and fell below the NYSE and SEC thresholds for direct compensation to a qualifying independent director. All such consideration for consulting services was earned and paid prior to her becoming a director, and the Board, on the recommendation of the Nominating and Corporate Governance Committee, determined Ms. Rosenberg to be independent after considering her prior engagement as an advisor.

From time to time during 2011, 2012 and 2013, the Company has conducted meetings, Company-sponsored social gatherings and stockholder meetings at properties owned by Strategic Hotels & Resorts, Inc., and employees and directors of the Company have stayed at Strategic Hotels & Resorts, Inc. properties for business and personal travel. Ms. Morefield is currently the Executive Vice President and Chief Financial Officer of Strategic Hotels & Resorts, Inc. The aggregate value of these transactions did not exceed 2% of the gross revenues of Strategic Hotels & Resorts, Inc., in any of these years, and the Board, on the recommendation of the Nominating and Corporate Governance Committee, determined Ms. Morefield to be independent after considering these transactions.

Under our Bylaws, stockholders must follow certain procedures to introduce an item for business or to nominate a person for election as a director at an annual meeting. For director nominations and other stockholder proposals, the stockholder must give timely notice in writing to our Corporate Secretary at our principal executive offices and such proposal must be a proper subject for stockholder action. To be timely, we must receive notice of a stockholder's intention to make a nomination or to propose an item of business at our 2015 Annual Meeting at least 120 days, but not more than 150 days, prior to the anniversary of this year's Annual Meeting (June 2, 2014); however, if we hold our 2014 Annual Meeting more than 30 days before or after such anniversary date, we must receive the notice not earlier than the 150th day prior to that annual meeting date, and not later than the 120th day prior to that annual meeting date or the tenth day following the date on which we first publicly announce the date of the 2015 Annual Meeting, whichever occurs later. For any other meeting, we must receive notice of a stockholder's intention to make a nomination or to propose an item of business not earlier than the 120th day and not later than the 90th day prior to the date of such meeting or the tenth day following the date on which we first publicly announce the date of such meeting, whichever occurs later.

Stockholders may obtain a copy of our Bylaws upon request and without charge from our Corporate Secretary at Spirit Realty Capital, Inc., 16767 North Perimeter Drive, Suite 210, Scottsdale, Arizona 85260. If we do not receive timely notice pursuant to our Bylaws, the proposal will be excluded from consideration at the meeting.

Householding

Under SEC rules, issuers and intermediaries (such as banks and brokers) are permitted to deliver a single set of proxy materials to any address in which two or more different stockholders reside and share a household. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies. If we household materials for future meetings, then only one copy of our Annual Report and Proxy Statement will be sent to multiple stockholders who share the same address and last name, unless we have received contrary instructions from one or more of those stockholders.

In addition, we have been notified that certain intermediaries (i.e., brokers, banks or other nominees) will household proxy materials for the Annual Meeting. For voting purposes, a separate proxy card will be included for each account at the shared address. We will deliver promptly, upon oral or written request, a separate copy of the Annual Report and Proxy Statement to any stockholder at the same address. If you wish to receive a separate copy of the Annual Report and Proxy Statement, or future annual reports and proxy statements, then you may contact our Investor Relations Department by: (a) mail at Spirit Realty Capital, Inc., 16767 North Perimeter Drive, Suite 210, Scottsdale, Arizona 85260, (b) telephone at 480.315.6634, or (c) e-mail at investorrelations@spiritrealty.com. You can also contact your broker, bank or other nominee to make a similar request. Stockholders sharing an address who now receive multiple copies of our Annual Report and Proxy Statement may request delivery of a single copy by contacting us as indicated above, or by contacting their broker, bank or other nominee, provided the broker, bank or other nominee has elected to household proxy materials.

Other Matters

As of the date of this proxy statement, we know of no business that will be presented for consideration at the 2014 Annual Meeting of Stockholders other than the items referred to above. If any other matter is properly brought before the meeting for action by stockholders, proxies in the enclosed form returned to us will be voted in accordance with the recommendation of the Board of Directors or, in the absence of such a recommendation, in accordance with the discretion of the proxy holders.
