FREQUENTLY ASKED QUESTIONS

1. Who is soliciting my proxy?

The Board of Directors is soliciting your proxy for the annual meeting of shareholders to be held on Thursday, August 14, 2014, in order to provide you the opportunity to vote on all matters scheduled to come before the meeting, whether or not you attend the meeting in person.

2. Who pays for the solicitation of proxies?

Alliance One bears the cost of soliciting proxies, and will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for expenses reasonably incurred by them in sending proxy materials to the beneficial owners of stock. The Company may utilize employees to solicit proxies by mail, in person or by telephone. The Company has engaged Georgeson Inc., to assist in the solicitation of proxies and provide informational support for a service fee and the reimbursement of customary disbursements that together are not expected to exceed \$10,000 in the aggregate.

3. Who is entitled to vote?

You may vote if you owned shares of Alliance One common stock on June 6, 2014, the date established by the Board for determining shareholders entitled to vote at the annual meeting. On that date there were 88,158,555 shares of common stock outstanding and entitled to vote, with each such share having the right to one vote.

4. What is the difference between holding shares as a registered shareholder and holding the shares in street name?

If your shares are owned directly in your name with our transfer agent, American Stock Transfer & Trust Company (American Stock Transfer), you are considered a registered shareholder with respect to those shares.

If your shares are held in a brokerage account or by a bank, you hold the shares in street name.

5. How do I vote my shares?

Even if you plan to attend the Annual Meeting, you are encouraged to vote your shares by proxy.

If you are a registered shareholder, you may vote your shares: (i) by returning a properly executed proxy card in the envelope provided; or (ii) in person at the Annual Meeting.

If you hold your shares in street name, you may vote: (i) via the internet, by telephone or by returning by mail a properly executed proxy card, depending upon the method(s) made available by your bank or broker; or (ii) in person at the Annual Meeting; however, to vote in person at the Annual Meeting you must contact your bank or broker and obtain a legal proxy to bring to the Annual Meeting.

6. Will my shares be voted if I do not return my proxy card or instruction form?

If you are a registered shareholder or if you hold restricted stock, your shares will not be voted unless (i) your proxy card is signed and returned, or (ii) you attend the Annual Meeting and vote in person.

If your shares are held in street name, your shares may be voted even if you do not vote by internet, by telephone or by providing voting instructions on your proxy card. Brokerage firms have the authority under the New York Stock Exchange (NYSE) rules to vote shares on behalf of their customers on certain routine matters if you do not provide the brokerage firm with voting instructions. The ratification of the selection of independent auditors is considered a routine matter for which brokerage firms may vote shares without voting instructions from the customer. The election of director nominees and the advisory vote to approve the compensation of executive officers are not considered routine under NYSE rules. When a proposal is not a routine matter and the brokerage firm has not received voting instructions from the beneficial owner of the shares with respect to that proposal, the brokerage firm cannot vote the shares on that proposal. This is called a broker non-vote. *It is important therefore that you provide appropriate voting instructions to your brokerage firm with respect to your vote on these matters.*

7. What does it mean if I receive more than one proxy card or instruction form?

It means that you have multiple accounts with our transfer agent and/or banks or brokers. Please vote all of the shares. For assistance consolidating your accounts to the extent possible, you may contact our transfer agent, American Stock Transfer, at **1-866-627-2656**.

Table of Contents

8. Can I change my vote after returning my proxy card or instruction form?

If you are a registered shareholder you may revoke your proxy at any time before it is voted. A proxy can be changed or revoked by voting in person at the Annual Meeting, delivering another later dated proxy or notifying Alliance One's Secretary in writing that you want to change or revoke your proxy.

If you hold your shares in nominee or street name through a bank or broker, you must follow the instructions provided by your bank or broker, or contact your bank or broker regarding the revocation of your proxy. If you have obtained a legal proxy from your bank or broker giving you the right to vote your shares, you may change your vote by attending the Annual Meeting and voting in person.

All signed proxies that have not been revoked will be voted at the meeting.

9. How many votes are needed to hold the meeting?

A quorum is necessary to conduct business at the annual meeting. A quorum will exist at the meeting if holders of record of a majority of the issued and outstanding shares of Alliance One common stock as of June 6, 2014 are present in person at the meeting, or represented by proxy at the meeting. For the purpose of determining whether there is a quorum at the meeting, shares represented by proxy at the meeting include shares that are voted as abstentions or with respect to which votes are withheld on a signed proxy and shares held by a broker or bank on behalf of their customers that are voted on any matter.

If a quorum is not present, the meeting may be adjourned from time to time without any further notice other than announcement at the meeting.

10. What items of business will be conducted at the meeting?

The election of three directors to serve until the 2017 annual meeting or, in each case, until the election of their respective successors.

The ratification of the selection of Deloitte & Touche LLP as the Company's independent auditors for the fiscal year ending March 31, 2015.

The adoption of a resolution approving, on an advisory basis, the compensation paid to the Company's named executive officers as disclosed in this proxy statement.

Any other business properly brought before the meeting.

11. How many votes are needed to elect the nominees for director?

The election of each nominee for director requires a plurality of the votes cast by shareholders entitled to vote at the meeting. Because directors are elected by a plurality, abstentions, withheld votes and broker non-votes will have no

effect on their election.

However, pursuant to the Company's Corporate Governance Guidelines, any person (including an incumbent Director) nominated for election as a Director who is elected by a plurality of votes cast for his or her election, but who does not receive a majority of the votes cast for his or her election, must promptly tender his or her resignation following certification of the shareholder vote. Thereafter, the Board, acting on the recommendation of the Governance and Nominating Committee, must determine within 90 days after the certification of the shareholder vote whether to accept the resignation.

12. How many votes are needed to ratify the selection of Deloitte & Touche LLP as the Company's independent auditors?

The selection of Deloitte & Touche, LLP as the Company's independent auditors will be ratified if the votes cast For exceed the votes cast Against. Abstentions will not be included in the vote totals for the ratification of the selection of Deloitte & Touche LLP as the Company's independent auditors.

13. What are the voting choices when casting the advisory vote on the compensation of the Company's named executive officers and what is the effect of the vote?

When voting on the compensation of the Company's named executive officers, shareholders may:

vote in favor of the compensation of the Company's named executive officers;

vote against the compensation of the Company's named executive officers; or

abstain from voting.

Table of Contents

The resolution approving, on an advisory basis, the compensation of the Company's named executive officers will be adopted if the votes cast FOR the resolution exceed the votes cast AGAINST the resolution. This vote is not binding upon the Company, the Board or the Executive Compensation Committee. Nevertheless, the Executive Compensation Committee values the opinions expressed by shareholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for named executive officers.

14. What are the Board's recommendations on the matters to be presented for a shareholder vote?

The Board recommends that shareholders vote:

FOR the election as directors of the three nominees named in this proxy statement;

FOR ratification of the appointment of Deloitte & Touche LLP as the Company's independent auditors for the fiscal year ending March 31, 2015; and

FOR adoption of a resolution approving, on an advisory basis, the compensation paid to the Company's named executive officers as disclosed in this accompanying proxy statement.

16. What if I do not specify how I want my shares voted?

Unless you specify to the contrary, all of your shares represented by valid proxies will be voted **FOR** the election of the director nominees named in this proxy statement; **FOR** ratification of the selection of Deloitte & Touche LLP as the Company's independent auditors; **FOR** adoption of a resolution approving, on an advisory basis, the compensation paid to the Company's named executive officers as disclosed in this accompanying proxy statement; and in accordance with the discretion of the proxy holders on any other matter that properly comes before the annual meeting.

17. How will proxies be voted on other matters that are properly brought before the meeting?

The Company is not aware of any other business to be presented at the meeting. However, if any other matter is properly brought before the meeting, the proxies received will be voted on those items in accordance with the discretion of the proxy holders.

18. Will the directors be present at the meeting?

It is Alliance One's policy that directors attend the annual meetings of shareholders and we currently expect all of our directors to attend the 2014 annual meeting.

19. Will shareholders have an opportunity to ask questions at the meeting?

Yes. Following action on the items to be presented to the shareholders for a vote at the meeting, Company representatives will be available to answer shareholder questions.

GOVERNANCE OF THE COMPANY

The Board fosters and encourages an environment of strong corporate governance, including disclosure controls and procedures, internal controls, fiscal accountability, high ethical standards and compliance with applicable policies, laws and regulations. Re-examining Company practices and setting new standards is an ongoing process as the area of corporate governance continues to evolve. Therefore, the Board has charged the Governance and Nominating Committee to periodically review and recommend appropriate changes to the Board's governance practices and policies.

Shareholder Access to Governance Documents

Website

The Company's governance-related documents are available on its website at www.aointl.com. Available documents include the Company's Corporate Governance Guidelines, Code of Business Conduct and charters of the Audit, Executive Compensation and Governance and Nominating Committees. When changes are made to any of these documents, updated copies are posted on the website as soon as practical thereafter.

Written Request

Copies of the Company's governance documents are also available, free of charge, by written request addressed to: Corporate Secretary, Alliance One International, Inc., 8001 Aerial Center Parkway, P. O. Box 2009, Morrisville, North Carolina 27560.

Communications to the Board of Directors

Shareholders and interested parties may communicate with the Board of Directors, any committee of the Board, the Lead Independent Director or any individual director, as appropriate. Communications must be made in writing to the Corporate Secretary, Alliance One International, Inc., 8001 Aerial Center Parkway, P. O. Box 2009, Morrisville, North Carolina 27560. The Secretary will determine in his good faith judgment which communications to relay to the applicable directors.

See the paragraphs entitled *Shareholder Nominations - 2015 Annual Meeting* and *Shareholder Proposals - 2015 Annual Meeting*, for guidelines specific to those types of communications with the Board.

Code of Business Conduct

Alliance One has a Code of Business Conduct that clearly defines the Company's expectations for legal and ethical behavior on the part of every Alliance One director, officer, employee and agent. The Code of Business Conduct also governs Alliance One's principal executive officer, principal financial officer and principal accounting officer. It is designed to deter wrongdoing and promote honest and ethical business conduct in all aspects of the Company's affairs. Any waiver of the Code of Business Conduct for any director or executive officer would require approval by the Board of Directors and would be disclosed immediately thereafter to shareholders via the Company's website, www.aointl.com.

Corporate Governance Guidelines

The Alliance One Corporate Governance Guidelines, in conjunction with the charters of key Board committees, inform shareholders, employees, customers and other constituents of the Board's principles as a governing body. The Guidelines are reviewed at least annually by the Board.

Determination of Independence of Directors

For a director to be deemed independent, the Board of Directors of Alliance One must affirmatively determine that the director has no material relationship with Alliance One either directly or as a partner, shareholder or officer of an organization that has a relationship with Alliance One. In making this determination, the Board applies the following standards:

A director who is an employee, or whose immediate family member is an executive officer of Alliance One, is not independent until three years after the end of such employment relationship. Employment as an interim Chairman or Chief Executive Officer will not disqualify a director from being considered independent following such employment.

Table of Contents

A director who receives (or whose immediate family member receives) more than \$120,000 per year in direct compensation from Alliance One is not independent until three years after he or she ceases to receive more than \$120,000 per year in such compensation (excluding director and committee fees and pensions or other forms of deferred compensation for prior service, provided such compensation is not contingent in any way on continued service). Compensation received by a director for former service as an interim Chairman or Chief Executive Officer will not count toward the \$120,000 limitation.

A director who is a current partner or employee of (or whose immediate family member is a current partner of) Alliance One's internal or external auditor is not independent.

A director who has an immediate family member who is an employee of Alliance One's internal or external auditor and who personally works on the Company's current audit is not independent.

A director who (or whose immediate family member) was within the past three years a partner or employee of Alliance One's internal or external auditor and personally worked on the Company's audit during that time is not independent.

A director who is employed (or whose immediate family member is employed) as an executive officer of another company where any of Alliance One's present executives serve on that company's compensation committee is not independent until three years after the end of such service or employment relationship.

A director who is an employee (or whose immediate family member is an executive officer) of a company that makes payments to, or receives payments from, Alliance One for property or services in an amount which, in any single fiscal year, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues is not independent until three years after falling below such threshold.

Board Leadership Structure

The Bylaws of the Company provide that the Board shall designate a Chairman of the Board from its membership. It is the Board's preferred governance structure to separate the roles of Chairman and Chief Executive Officer (CEO). The Chairman presides at all meetings of the shareholders, the Board of Directors and the Executive Committee and has such other powers as are conferred upon him or her by the Board. Mark W. Kehaya currently serves as Chairman of the Board and J. Pieter Sikkel serves as President and CEO.

The Company's Corporate Governance Guidelines provide that if the current governance structure changes and the Chairman also serves as CEO, Board members should raise any issues regarding the performance or compensation of the CEO with the Chairman of the Executive Compensation Committee and all other issues should be raised with the Lead Independent Director.

The Governance and Nominating Committee annually recommends a Lead Independent Director for approval by the Board. The role of the Lead Independent Director is to preside at executive sessions of the non-management directors, act as the liaison between the non-management directors and the CEO, and consult with the Chairman and CEO on Board agendas as necessary. There is no mandatory rotation or term limit associated with the role of Lead Independent Director. C. Richard Green, Jr., currently serves as Lead Independent Director.

The Board's Role in Risk Oversight

Our Company faces a variety of risks, including credit, liquidity, operational, regulatory, environmental and others regularly disclosed in our public filings. The Board believes that an effective risk management system is necessary to (1) identify material risks that the Company faces, (2) communicate necessary information with respect to such risks to senior management and, as appropriate, the Board or its committees, (3) implement appropriate and responsive risk management strategies consistent with the Company's risk profile, and (4) integrate risk management into the Company's decision making.

The Board has delegated to the Audit Committee the primary responsibility for overseeing risk management. The Audit Committee is comprised solely of independent directors and, pursuant to its charter, periodically discusses policies with management with respect to risk assessment and risk management and assesses the steps management has taken to minimize such risks to the Company. The Audit Committee makes periodic reports to the Board regarding the Company's risks and regarding its analyses and conclusions as to the adequacy of the Company's risk management processes.

Table of Contents

The Board encourages management to promote a culture that incorporates risk management into our Company's strategy and business operations. The Company maintains an active Compliance Program; at least quarterly the Company's Global Disclosure Committee conducts a thorough and detailed review of risks, including potential risks, which are systematically reported and tracked through resolution; and, finally, the Company's senior management actively oversees the processes by which risk assessment and risk management are undertaken.

Governance and Nominating Committee Process

Alliance One's Board of Directors has a Governance and Nominating Committee composed entirely of independent directors and governed by a charter. As stated in the charter, it is the responsibility of the Committee to identify and evaluate potential candidates to serve on the Board. Candidates may be identified through a variety of means, including professional or personal contacts of directors, shareholder recommendations or a third-party firm engaged in the recruitment of directors.

Candidates are assessed by the Committee in view of the responsibilities, qualifications and independence requirements set forth in the Corporate Governance Guidelines. Candidate assessment begins with a review of the candidate's background, education, experience and other qualifications. Candidates viewed favorably by the Committee then meet, either individually or collectively, with the Chairman of the Board, the Chairman of the Governance and Nominating Committee and other directors as appropriate, prior to being recommended for election to the Board.

An invitation to join the Board of Directors is extended only after a candidate's qualifications have been reviewed by the Committee, the Committee has formally recommended the candidate to the Board for approval, and the Board has approved the candidate's election by a majority vote. Invitations are extended on behalf of the Board by the Chairman.

Director Conflicts of Interest

The Alliance One Corporate Governance Guidelines provide that if an actual or potential conflict of interest arises for a director, the director is required to promptly inform the Chief Executive Officer and the Lead Independent Director. If a significant conflict exists and cannot be resolved, the Corporate Governance Guidelines call for the director to resign. The Corporate Governance Guidelines call for all directors to recuse themselves from any discussion or decision affecting their personal, business or professional interests.

Shareholder Nominations 2015 Annual Meeting

Any shareholder entitled to vote in the election of directors generally may nominate at a meeting one or more persons for election as a director if written notice of such nomination or nominations is delivered or mailed to the Secretary of the Corporation in accordance with the Company's Bylaws, which state that such notification must include:

the name, age and address of each proposed nominee;

the principal occupation of each proposed nominee;

the nominee's qualifications to serve as a director;

the name and residence address of the notifying shareholders;

the number of shares owned by the notifying shareholder;

a description of agreements or arrangements between the notifying shareholder and any other person(s) in connection with director nominations;

a description of agreements or arrangements entered into by the notifying shareholder with the intent to mitigate loss, manage risk or benefit from changes in the stock price or increase or decrease the voting power of the notifying shareholder; and

a representation that the notifying shareholder is a holder of record of shares of capital stock of entitled to vote at the meeting and intends to appear in person or by proxy at the meeting to make the nominations.

To be received in accordance with the Company's Bylaws, nominations for the 2015 Annual Meeting must be received by the Secretary of the Company not later than April 16, 2015. The notice must be updated following the

Table of Contents

later of the record date or the first public announcement of the record date for the meeting to reflect changes to certain of this information. The Secretary will deliver all such notices to the Governance and Nominating Committee which will consider such candidates. The Governance and Nominating Committee shall thereafter make its recommendation to the Board of Directors, and the Board of Directors shall in turn make its determination with respect to whether such candidate should be nominated for election as a director.

Shareholder Proposals 2015 Annual Meeting

To be considered for inclusion in the Company's proxy statement for the 2015 Annual Meeting, shareholder proposals must be submitted in writing to the Secretary of the Corporation by March 11, 2015, and must be submitted in accordance with Rule 14a-8 of the Securities Exchange Act of 1934, the laws of the Commonwealth of Virginia and the Bylaws of the Company.

Pursuant to the Bylaws of the Company, in order for any business to be brought before the Annual Meeting by a shareholder, the proposal must be received by the Secretary of the Company not later than April 16, 2015. The notice must include as to each matter the shareholder proposes to bring before the Annual Meeting:

a brief description of the business desired to be brought before the Annual Meeting and the reasons for conducting such business at the Annual Meeting;

the name and record address of the shareholder proposing the business;

the number of shares beneficially owned by the shareholder;

any material interest the shareholder has in such business;

a description of agreements or arrangements between the notifying shareholder and any other person(s) in connection with the proposal of business;

a description of agreements or arrangements entered into by the notifying shareholder with the intent to mitigate loss, manage risk or benefit from changes in the stock price or increase or decrease the voting power of the shareholder;

a representation that the notifying shareholder is a holder of record of shares of capital stock entitled to vote at the meeting and intends to appear in person or by proxy at the meeting to propose the business.

The notice must be updated following the later of the record date or the first public announcement of the record date for the meeting to reflect changes to certain of this information.

BOARD OF DIRECTORS

PROPOSAL ONE

ELECTION OF DIRECTORS

The Company's Bylaws currently provide that the Board of Directors consists of eleven directors, divided into three classes as nearly equal in number as possible. Typically, each class of directors serves for three years and one class is elected at each annual meeting. The three directors nominated for election at the 2014 annual meeting to serve three-year terms are Mr. C. Richard Green, Jr., Mr. Nigel G. Howard and Mr. J. Pieter Sikkel. Each of the three nominees is currently a director of Alliance One, with a term of office scheduled to expire at the 2014 annual meeting.

The Governance and Nominating Committee has recommended to the Board of Directors and the Board of Directors has approved each of the nominees for election to the Board of Directors. The Board has determined that each of the nominees, other than Mr. Sikkel, is independent from management. All nominees have consented to serve if elected.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF EACH OF THE NOMINEES LISTED ABOVE.

Director Qualifications

The Company's Corporate Governance Guidelines require that our directors have diverse professional backgrounds, combine a broad spectrum of experience and expertise and possess a reputation for the highest personal and professional ethics, integrity and values. The Governance and Nominating Committee is responsible for identifying specific skills and characteristics that may be sought in light of the current make-up of the Board and its anticipated needs going forward, and considers factors including experience in areas relevant to the strategy and operations of the Company's businesses, particularly the tobacco industry, the ability to actively participate in and contribute to

Table of Contents

the deliberations of the Board, international business experience, the capacity and desire to represent the balanced, best interest of the shareholders, the ability to exercise independent judgment and decision making, the time available to devote to the responsibilities of a director and the Board's diversity of background, personal and professional experience, gender and ethnicity. Determination of whether an individual meets these qualifications is made in the business judgment of the Board. The Corporate Governance Guidelines do not include any limitations on the age of director nominees.

The Company believes that the Board meets the foregoing criteria and that, additionally, its members as a whole encompass a range of talent, skill, diversity and expertise enabling it to provide sound guidance with respect to the Company's operations and interests. Potential candidates for membership on the Company's Board are reviewed in the context of the current composition of the Board and the evolving needs of the Company. It is the Company's policy to have a majority of directors qualify as "Independent" under the listing requirements of the New York Stock Exchange and the Company's own Corporate Governance Guidelines. The Governance and Nominating Committee identifies candidates for election to the Board of Directors; reviews their skills, characteristics and experience; and recommends nominees for director to the Board for approval.

Each of the nominees for election as a director at the 2014 annual meeting and each of the Company's current directors who will continue in office after the 2014 annual meeting hold or has held senior executive positions in large, complex organizations. In these positions they have also gained experience in core management skills such as strategic and financial planning, financial reporting, corporate governance, risk management and leadership development.

Several of our directors have direct experience in the tobacco industry in addition to their service as a director of our Company or one of its corporate predecessors. Mr. Hines has served as an Executive Vice President of, and a consultant to one of our corporate predecessors, as well as serving as a consultant to other businesses. Mr. Kehaya, prior to his service as the Company's Interim Chief Executive Officer between December 2010 and February 2013, served in various management capacities for one of our corporate predecessors, including managing a tobacco processing facility in St. Petersburg, Russia; and has financial experience as a partner at Meriturn Partners, LLC and operating experience as Chief Executive Officer and Chief Operating Officer of Eturn Communications. Mr. Green has significant management experience in the tobacco industry, having served for many years as an executive of British American Tobacco and as a director of ITC Limited (India). Mr. Eckmann served in multiple executive capacities with both Reynolds American and Brown & Williamson, and also has substantial accounting and financial experience as the former Chief Financial Officer of Brown & Williamson. Mr. Sikkel has extensive tobacco industry experience, having served for over twenty years in management positions in the Company and one of our corporate predecessors.

Other directors have considerable managerial and other experience as executives in a broad range of industries. Mr. Wade has substantial managerial and operating experience as Chief Executive Officer of several firms and financial experience as a managing director of Prudential Securities. Mr. Rice has an extensive background in the operation and management of a multinational agribusiness, with multiple executive positions, including Vice Chair, over his 36-year career with Archer-Daniels-Midland. Mr. Hausmann similarly has extensive experience in managing global agribusiness organizations, including his service as President and Chief Executive Officer of Bunge North America and Chief Executive Officer of Cereol SA, as well as considerable experience in government and corporate affairs from his service as Managing Director of such functions at Bunge Limited. Mr. Scher has considerable managerial, operational and financial experience from his service in various executive capacities with Tredegar Corporation, including five years as its Chief Executive Officer and the prior twelve years as its Chief Financial Officer. Mr. Howard has significant managerial and international business experience as an executive of Morgan Crucible Company PLC and Assam Carbon Products, Ltd., India. Ms. Fitzpatrick combines executive experience as

the president of a corporate communications firm for the past 10 years, and as an officer of a multinational public relations firm before that, with a depth of expertise and public relations experience developed over a more than 25 year career of providing strategic advice to corporations, universities and non-profit organizations.

In connection with his service as a partner at Meriturn Partners, LLC, an investment firm specializing in restructurings and turnarounds of middle-market companies, Mr. Kehaya served as interim Chief Executive Officer of Prime Tanning Co., Inc., between March 2009 and December 2009, until a permanent replacement could be found. On November 16, 2010, Prime Tanning Co., Inc., filed a voluntary petition for relief under Chapter 11 of Title 11 of the United States Code in the United States Bankruptcy Court for the District of Maine.

The Governance and Nominating Committee and the Board believe that each of the nominees and the continuing directors has other key attributes that are important to an effective board: integrity and demonstrated high ethical standards; sound judgment; analytical skills; the ability to engage management and each other in a constructive and

Table of Contents

collaborative fashion; diversity of origin, background, experience and thought; and the commitment to devote significant time and energy to service on the Board and its Committees. Consideration of the specific experiences, qualifications and skills of the directors as listed above, as well as the common attributes listed in this paragraph, led to the conclusion that each of the nominees and continuing directors should serve as a director of the Company.

Board Diversity

Historically, the Board has implemented and assessed the effectiveness of its guideline to achieve diversity in professional backgrounds by reviewing and evaluating information detailing the positions held by incumbent directors and proposed director candidates, as well as the industries in which they work or had worked in the past. The Company's Corporate Governance Guidelines provide that diversity of gender and ethnicity are factors that the Governance and Nominating Committee may consider in recommending nominees for election to the Board. These factors were considered by the Governance and Nominating Committee in making its recommendation that each of C. Richard Green, Jr., Nigel G. Howard and J. Pieter Sikkel be nominated for re-election to the Board. By the inclusion of these provisions to the Corporate Governance Guidelines, the Board encourages consideration of these factors, but does not anticipate that consideration of such matters of diversity would, of itself, result in the displacement of qualified incumbent directors. Instead, the Board anticipates that these factors have the most impact in the evaluation of new candidates joining the Board. The Board believes that Ms. Fitzpatrick contributes to the Board's diversity.

Independence

The Board has affirmatively determined that the directors and nominees listed herein, with the exception of Mr. Kehaya who served as Interim Chief Executive Officer of the Company between December 2010 and February 2013, and Mr. Sikkel who is currently President and Chief Executive Officer of the Company, are independent as that term is defined under the Corporate Governance Standards of the New York Stock Exchange.

Director Stock Ownership Guidelines

In November 2012, the Board of Directors adopted amended stock ownership guidelines pursuant to which each then-incumbent non-management director has until three years thereafter, and each director elected after November 2012 has three years after the individual becomes a director, to accumulate ownership of Alliance One common stock having a market value that equals or exceeds three (3) times the then-current annual base cash retainer (excluding committee fees and equity grants) payable to non-management directors for their service on the Board. Shares held by immediate family members residing in the same household, shares of restricted stock (whether vested or unvested), and shares held in trust for the benefit of the director count toward the threshold established under such stock ownership guidelines. As of March 31, 2014, each of the non-management directors then in office owned shares in excess of the amount specified by the guidelines, other than Ms. Fitzpatrick and Messrs. Eckmann, Hausmann and Rice, each of whom has been a director for less than three years and is making progress toward the ownership threshold established by the guidelines.

Board Committees and Membership

The Board has standing Audit, Executive, Executive Compensation and Governance and Nominating Committees. With the exception of the Executive Committee, each committee operates under a charter approved by the Board. Such charters, containing descriptions of the committees' responsibilities, are available on our website, www.aointl.com. All members of the Audit, Executive Compensation and Governance and Nominating Committees meet the requirements for independence set forth by the New York Stock Exchange in Section 303A.02 of the Listed Company Manual. Further, the Board has determined that each member of the Audit Committee meets the additional

requirements for independence set forth by the New York Stock Exchange in Section 303A.07 of the Listed Company Manual, and that each member of the Executive Compensation Committee meets the additional requirements for independence set forth by the New York Stock Exchange in Section 303A.05 of the Listed Company Manual.

The **Audit Committee** currently consists of Mr. Eckmann (Chairman), Ms. Fitzpatrick, Mr. Rice, Mr. Scher and Mr. Wade. This Committee's principal responsibilities include overseeing accounting policies, auditing and reporting practices; selecting, overseeing, evaluating, compensating and replacing independent auditors; overseeing the internal audit function; evaluating the adequacy and effectiveness of internal controls and risk management policies; overseeing compliance with legal and regulatory requirements; providing for the receipt, retention and treatment of complaints regarding internal accounting controls or auditing matters; and preparing a committee report for inclusion in the annual proxy statement.

The **Executive Committee** currently consists of Mr. Kehaya (Chairman), Mr. Green, Mr. Hines and Mr. Sikkell. This Committee meets on call and has the authority to act on behalf of the Board when the full Board is not in session.

The **Executive Compensation Committee** currently consists of Mr. Howard (Chairman), Mr. Green, Mr. Hausmann and Mr. Hines. This Committee's principal responsibilities include reviewing and approving incentive compensation and equity-based plans consistent with shareholder-approved plans; where appropriate, making recommendations to the Board with respect to new incentive compensation plans and equity-based plans for Board or shareholder approval; reviewing and approving salaries and incentive awards for executive officers; reviewing and approving corporate goals and objectives relevant to the compensation of the Chief Executive Officer; evaluating CEO performance; recommending to the independent directors the compensation of the CEO, including base salary and incentive awards; and preparing a committee report on executive compensation for inclusion in the annual proxy statement.

The **Governance and Nominating Committee** currently consists of Mr. Hines (Chairman), Ms. Fitzpatrick, Mr. Green, Mr. Scher and Mr. Wade. This Committee's principal responsibilities include analyzing the structure, size and composition of the Board; developing and monitoring director selection criteria; identifying, recruiting, evaluating and recommending to the Board qualified nominees for election to the Board of Directors at the Annual Meeting of Shareholders; reviewing and recommending to the Board Corporate Governance Guidelines; overseeing the adoption and periodic review of committee charters; overseeing the Company's Compliance Program; recommending to the Board, when appropriate, the removal of a director; recommending to the Board directors to serve as Chairman, Lead Independent Director, committee chairs and committee members; recommending to the Board the retirement policy and remuneration of non-employee directors; providing for Board and committee self-evaluations; and reporting to the Board its conclusions regarding the Board's effectiveness and performance.

Board Meetings

Alliance One's non-management directors, all of whom are independent as that term is defined by the Corporate Governance Standards of the New York Stock Exchange, meet regularly in executive session. In accordance with Alliance One's Corporate Governance Guidelines, the Lead Independent Director presides at executive sessions of non-management directors. Mr. Green has served as Lead Independent Director since the 2013 annual meeting of shareholders. The Board typically determines the Lead Independent Director at the first meeting of the Board of Directors following the annual shareholders meeting in conjunction with committee assignments.

Table of Contents

During fiscal year 2014, there were seven meetings of the Board of Directors, and no director attended fewer than 75% of the aggregate of all meetings of the Board of Directors and the committees on which he or she served. All eleven directors then in office attended the 2013 annual meeting.

Compensation of Directors

Directors who are employees of the Company or its subsidiaries or who serve as paid consultants to the Company are not compensated for their services as director. The following table represents the fiscal year 2014 compensation for all directors then in office other than Mr. Sikkel. Compensation information for Mr. Sikkel is disclosed herein under the section entitled *Executive Compensation Tables*.

The Company has been advised by Price Associates that these shares are owned by various individual and institutional investors which Price Associates serves as investment adviser with power to direct investments and/or sole power to vote the shares. For purposes of the reporting requirements of the Securities Exchange Act of 1934, Price Associates is deemed to be a beneficial owner of such shares; however, Price Associates expressly disclaims that it is, in fact, the beneficial owner of such shares.
- (9) Based solely on a Schedule 13G filed by Aegis Financial Corporation and Scott L. Barbee on February 14, 2014, reporting information as of December 31, 2013, that indicates that such persons beneficially owned 4,707,907 shares and have shared voting power and shared dispositive power over all such shares.

Section 16(a) Beneficial Ownership Reporting Compliance

The Company believes that during the fiscal year ended March 31, 2014, all reports for the Company's executive officers and directors that were required to be filed under Section 16(a) of the Securities Exchange Act of 1934 were filed on a timely basis, except that as a result of an administrative filing error which was not discovered until after the period for timely submission had passed, William L. O'Quinn, Jr., the Company's Senior Vice President - Chief Legal

Officer and Secretary, was late in filing a Form 4 to report the vesting of Company-awarded restricted stock units and the surrender of shares to the Company for income tax withholding in connection with the vesting of that award.

AUDIT MATTERS

Audit Committee Members and Meetings

Alliance One's Board of Directors has an Audit Committee that is composed of Mr. Eckmann (Chairman), Ms. Fitzpatrick, and Messrs. Rice, Scher and Wade. The Committee met seven times during fiscal year 2014.

Financial Literacy and Expertise

The Board, upon recommendation of the Governance and Nominating Committee, has determined that each member of the Audit Committee is financially literate as that term is interpreted by the Board in its business judgment. The Board has further determined that each of Mr. Eckmann and Mr. Wade meet the requirements of an audit committee financial expert, as that term is defined by the SEC in Item 407 of Regulation S-K. As stated above, Mr. Eckmann, Ms. Fitzpatrick, and Messrs. Rice, Scher and Wade have been determined to be independent from management in accordance with the categorical standards described above and the NYSE listed company guidelines.

Other Audit Committee Service

The Company currently does not limit the number of audit committees on which its Audit Committee members may serve. However, the Audit Committee charter approved by the Board stipulates that, if an Audit Committee member simultaneously serves on the audit committee of more than three public companies, the Board must determine that such simultaneous service would not impair the ability of the director to effectively serve on the Company's Audit Committee and disclose such determination in the annual proxy statement. None of the Audit Committee members currently serves on more than three audit committees of public companies.

Audit Committee Functions

The primary function of the Audit Committee is to assist the Board in fulfilling its oversight responsibilities with respect to the Company's accounting and financial reporting practices, and the quality and integrity of the Company's financial reports. This includes the oversight of Alliance One's financial statements provided to any governmental or regulatory body, the public or other users; the effectiveness of Alliance One's internal control process; and Alliance One's engagement of independent auditors. The Committee's functions are described more fully in the section entitled *Board Committees and Membership*.

Report of the Audit Committee

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities the Committee reviewed with management the audited financial statements in the Annual Report, including a discussion of the quality, not just the acceptability, of the accounting principles; the reasonableness of significant judgments; and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee including, but not limited to, the standards of the Public Company Accounting Oversight Board regarding Auditing Standard No. 16, and the Committee has discussed any items required to be

communicated to it by the independent auditors in accordance with regulations promulgated by the Securities and Exchange Commission and the Public Company Accounting Oversight Board and standards established by the American Institute of Certified Public Accountants and the Independence Standards Board.

The Committee has received from the independent auditors a letter describing any relationships with the Company that may bear on their independence and has discussed with the independent auditors the auditors' independence from the Company and its management. The Committee has pre-approved all fiscal year 2014 audit and permissible non-audit services provided by the independent auditors and the fees for those services. As part of this process, the Committee has reviewed the audit fees of the independent auditors. It has also reviewed non-audit services and fees to assure compliance with regulations prohibiting the independent auditors from performing specified services that might impair their independence as well as compliance with the Company's and the Committee's policies.

Table of Contents

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended March 31, 2014 for filing with the Securities and Exchange Commission.

Audit Committee:

Jeffrey A. Eckmann, Chairman

Joyce L. Fitzpatrick

John D. Rice

Norman A. Scher

Martin R. Wade, III

Policy for Pre-Approval of Audit and Non-Audit Services

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services to be provided by the independent auditors. These services include audit services, audit-related services, tax services and other services. Pre-approval is detailed as to the particular service or category of service and is subject to a specific budget. The Audit Committee requires the independent auditors and management to report at Audit Committee meetings throughout the year on the actual fees charged for each category of service.

During the year, circumstances may arise when it may become necessary to engage the independent auditors for additional services not contemplated in the original pre-approval. In those instances the Audit Committee requires specific pre-approval before engagement. The Audit Committee has delegated pre-approval authority to the Chairman of the Audit Committee for those instances when pre-approval is needed prior to a scheduled Audit Committee meeting. The Chairman of the Audit Committee must report on such pre-approvals at the next scheduled Audit Committee meeting.

Independent Auditors

Deloitte & Touche LLP ("Deloitte & Touche"), audited the Company's accounts for the fiscal years ended March 31, 2014 and March 31, 2013; and, as more fully described below in Proposal Two, has been selected by the Audit Committee to serve as Alliance One's independent auditors for the fiscal year ending March 31, 2015.

Audit and Non-Audit Fees

Set forth below are the fees billed to the Company by Deloitte & Touche in connection with services rendered during the fiscal years ended March 31, 2013 and March 31, 2014:

	FY 2013	FY 2014
Audit Fees⁽¹⁾	\$ 3,671,499	\$ 3,874,133
Audit-Related Fees⁽²⁾	16,127	131,678
Tax Fees⁽³⁾	163,757	90,966
All Other Fees⁽⁴⁾	3,525	
Total	\$ 3,854,908	\$ 4,096,777

- (1) *Audit Fees.* Audit Fees consist of professional services rendered in the audit of the Company's annual financial statements, review of the Company's quarterly financial statements, as well as work that generally only the independent auditor can reasonably be expected to provide, such as comfort letters, statutory audits, attest services, consents and assistance with reporting requirements.
- (2) *Audit-Related Fees.* Audit-Related Fees consist of assurance and related services performed by the independent auditor that are reasonably related to the performance of the audit or review of financial statements and may include, among others, employee benefit plan audits, due diligence related to mergers and acquisitions, internal control reviews and consultation regarding financial accounting and reporting standards.

Table of Contents

- (3) *Tax Fees.* Tax Fees consist of services performed by the independent auditor for tax compliance, tax planning and tax advice.
- (4) *All Other Fees.* Amounts paid to Deloitte & Touche during fiscal year 2013 relate to assistance with system configuration and data migration issues in connection with an SAP upgrade. There were no fees billed or services rendered by Deloitte & Touche during fiscal years 2013 and 2014 other than those described above.

PROPOSAL TWO

RATIFICATION OF DELOITTE & TOUCHE AS INDEPENDENT AUDITORS

The Audit Committee has selected the firm of Deloitte & Touche to serve as the Company's independent auditors for the fiscal year ending March 31, 2015, and has directed that management submit the selection of independent auditors to the shareholders for ratification at the Annual Meeting. Representatives of Deloitte & Touche are expected to attend the shareholder meeting, will have an opportunity to make a statement if they so desire, and will also be available to respond to appropriate questions.

Shareholder ratification of the selection of Deloitte & Touche as the Company's independent auditors is not required by the Company's bylaws or otherwise. However, we are submitting the selection of Deloitte & Touche to the shareholders for ratification as a matter of good corporate practice. If the appointment of Deloitte & Touche is not ratified by the shareholders, the Audit Committee will reconsider whether or not to retain Deloitte & Touche. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent audit firm at any time during the year if it is determined that such a change would be in the best interests of the Company and its shareholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE AS THE COMPANY'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING MARCH 31, 2015.

PROPOSAL THREE

ADVISORY VOTE ON THE

COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act), the Company is required to provide shareholders with the opportunity to cast an advisory vote on compensation to our Named Executive Officers as reported in this proxy statement (sometimes referred to as say on pay). Accordingly, the following resolution will be presented to the shareholders at the annual meeting:

Resolved, that the shareholders hereby approve, on an advisory basis, the compensation paid to the Company's named executive officers as disclosed, pursuant to Item 402 of Regulation S-K of the Securities and Exchange Commission, in the Company's proxy statement for the 2014 annual meeting of shareholders.

This advisory vote is nonbinding on the Company; however, the Board and the Executive Compensation Committee, which is comprised of independent directors, will take into account the outcome of the vote when considering future executive compensation decisions.

As described in detail below under the section entitled *Executive Compensation Compensation Discussion and Analysis*, our executive compensation program is designed to tie pay to performance. For fiscal year 2014, the Company's consolidated earnings before interest and taxes, excluding discreet projects (EBIT) of \$103,849,000 and economic profit of \$(101,471,000) were below the Company's threshold expectations when financial performance objectives underlying annual incentive awards for fiscal year 2014 had been set. As a result of this performance, the Company's Named Executive Officers did not receive any incentive compensation payments based on financial performance metrics for fiscal year 2014 under our annual incentive compensation plan.

Table of Contents

In addition, as a result of not achieving financial metrics, long-term performance-contingent share units awarded in fiscal year 2014 with vesting based on fiscal year 2014 performance were not earned. The restricted share units awarded in fiscal year 2014 establish a retention incentive for the executive officers.

We believe that our compensation program, with its balance of short-term incentives and long-term incentives and of cash and equity compensation, along with share ownership requirements, reward sustained performance that is aligned with long-term shareholder interests. We have concluded that the compensation paid or awarded to each executive officer for the most recent fiscal year was reasonable and appropriate. Shareholders are encouraged to read the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure included in this proxy statement.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE ADOPTION OF THE RESOLUTION APPROVING, ON AN ADVISORY BASIS, OF THE COMPENSATION PAID TO THE COMPANY'S NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction

The following sections contain the Compensation Discussion and Analysis (CD&A). This CD&A provides an overview and analysis of the Company's fiscal year 2014 executive compensation program and the material compensation decisions that were made for our principal executive officer and our other executive officers named in the *Summary Compensation Table* in the following section *Executive Compensation Tables*. This group of executive officers is collectively referred to as the Named Executive Officers throughout this document. During fiscal year 2014, our Named Executive Officers were:

J. Pieter Sikkel, President and Chief Executive Officer (principal executive officer)

Robert A. Sheets, former Executive Vice President, Chief Administrative Officer and Chief Financial Officer (principal financial officer from April 1, 2013 to December 31, 2013)

Joel L. Thomas, Executive Vice President, Chief Financial Officer (principal financial officer beginning January 1, 2014)

J. Henry Denny, former Executive Vice President, Business Relationship Management and Leaf

Jose Maria Costa Garcia, Executive Vice President, Global Operations and Supply Chain

William L. O Quinn, Jr., Senior Vice President, Chief Legal Officer and Secretary

Mr. Sheets retired on December 31, 2013 as the Company's Chief Financial officer and on June 30, 2014 as the Company's Executive Vice President, Chief Administrative Officer. Mr. Denny retired as Executive Vice President, Business Relationship Management and Leaf on June 30, 2014.

Mr. Thomas was named Executive Vice President, Chief Financial Officer effective January 1, 2014.

Executive Summary

During fiscal year 2014, although operating and trading conditions presented challenges, the Company continued its commitment to reposition and reset the Company by refinancing our capital structure and investing in operations to maintain and further improve operational efficiencies in order to support a compliant sustainable supply required by our customers. Despite continued challenges, the Company made progress by improving sales and other operating revenues by 5%, reducing selling, general and administrative expenses by 8% and improving working capital by 16.9%, compared to last year.

While our improved operating and cost structures further strengthen our global competitive position to deal with changing market conditions, we fell short of the financial targets set by the Executive Compensation Committee of the Board of Directors (the Committee). As discussed in more detail under the section entitled *Incentives*, based on the annual incentive plan targets and metrics applicable to each Named Executive Officer, no annual incentive compensation payouts resulted from the financial metrics for fiscal year 2014. In addition, no incentive compensation payments based on financial metrics for fiscal year 2014 were made under the long-term performance-contingent share units awarded in fiscal year 2014 for the performance period ending March 31, 2014.

Table of Contents

Pay for Performance

Prior to the beginning of fiscal year 2014, the Committee reviewed the executive compensation programs in light of the Company's strategic goals and operating strategy and approved new annual incentive and long-term incentive programs.

The Committee approved an annual incentive plan for the Named Executive Officers with target metrics of consolidated earnings before interest and taxes, excluding discrete projects, and a consolidated economic profit measure. These metrics were chosen for the Named Executive Officers because they are responsible for the major profit and loss and balance sheet economic decisions, investments allocations and refinancing decisions of the Company, all of which impact earnings before interest and taxes and economic profit measures.

In tandem with the annual incentive plans, the Committee approved a long-term incentive plan with a three-year time frame consisting of a combination of performance-contingent share unit and restricted share unit awards. The Committee believes that using the combination of performance-based and time-based awards addresses the goal of motivating long-term performance while providing for retention.

The Company and the Committee believe that the compensation program should be designed so that pay is commensurate with the level of performance generated, with incentive compensation representing the majority of the total compensation. Accordingly, the base salaries for our Named Executive Officers are set within a range of the market median and, on average, the Named Executive Officers had 57% of their target compensation at-risk, or dependent upon the Company's performance, as detailed under the section entitled *Elements of Compensation*. The annual and long-term incentive programs are discussed in detail under the section entitled *Incentives*.

Fiscal Year 2013 Executive Compensation Vote

Beginning in 2011, the Company provided an annual say-on-pay advisory vote regarding executive compensation. The Company received majority approval at the fiscal year 2013 annual meeting of shareholders, with more than 98% of the votes cast in favor of the compensation of our named executive officers as described in our fiscal year 2013 proxy statement. The Committee acknowledged the overwhelming support received from our shareholders and viewed the results as confirmation of the Company's executive compensation policies and decisions. Accordingly, the compensation philosophy and objectives were not significantly changed in 2014.

Compensation Philosophy and Core Principles

The primary objectives of our compensation and benefit programs are:

to attract, motivate and retain qualified executive talent to provide strong, competitive leadership;

to align the interests of our executives with the interests of our shareholders;

to support a pay-for-performance culture which encourages and rewards the achievement of the Company's strategic, financial and operating performance objectives; and,

to maintain a cost-effective structure that is aligned with the interests of our shareholders.

Role of Executive Compensation Consultant

Under its charter, the Committee is responsible for selecting and retaining its advisors. For fiscal year 2014, the Committee retained Radford, an Aon Hewitt company (Radford or the Consultant), as its independent third-party advisor to provide advice, research, evaluation and design services related to executive compensation. During fiscal year 2014, Radford also provided advice, research, evaluation and design services related to Board of Directors compensation to the Governance and Nominating Committee of the Board of Directors, but provided no services to the Company other than the executive compensation and board compensation consulting services provided to the Committee and the Governance and Nominating Committee. Radford reported directly to the Committee and met regularly with the Committee Chair and the Committee both with and without management present. The Committee considered the relevant factors set forth in the rules of the New York Stock Exchange and believes Radford is able to provide independent advice, free from conflicts of interest, to the Committee concerning executive compensation matters.

Table of Contents

Process and Procedure for Determining Compensation of Executive Officers

The Board of Directors has charged the Committee with the responsibility for establishing and overseeing executive compensation for the Named Executive Officers. As part of this responsibility, the Committee, along with the other Independent Directors, also evaluates the performance of the President and Chief Executive Officer (CEO) and determines the CEO s compensation based on such performance assessment as well as Alliance One s compensation philosophy. Prior to the beginning of the fiscal year, based on independent data provided by Radford, as well as individual performance evaluation results, the CEO made recommendations to the Committee for the base salary and incentive compensation opportunities of the Named Executive Officers other than himself.

For fiscal year 2014, in determining and assessing the compensation levels and structure, the Committee reviewed and considered market data and information provided by Radford, individual compensation tally sheets prepared by the Company showing a summary total of all elements of compensation, individual performance evaluation results and recommendations from the CEO. In addition, given the limited number of direct competitors for which data is available, the market data provided by Radford was obtained from independent published compensation surveys as well as from a selected group of peer companies. The Committee frequently reevaluates the group of peer companies for reasonableness based on the following criteria:

Companies with whom we compete directly;

Companies with an international scope;

Companies of similar size with regard to revenues; and,

Companies with a similar place in the supply chain.

For fiscal year 2014, the following companies were selected by the Committee for use as the group of peer companies:

Buckeye Technologies Inc.

Boise Inc.

Chiquita Brands International, Inc.

Clearwater Paper Corporation

Greif, Inc.

The Hain Celestial Group, Inc.

International Flavors & Fragrances Inc.

Louisiana-Pacific Corporation
McCormick & Company, Incorporated

P. H. Glatfelter Company

Packaging Corporation of America

Sanderson Farms, Inc.

Schweitzer-Mauduit International, Inc.

The Andersons, Inc.

Universal Corporation

Wausau Paper Corp.

The Committee uses a consistent approach in setting compensation opportunities for the Named Executive Officers but also exercises appropriate business judgment in how it applies these standard approaches to the facts and circumstances associated with each executive. Although the Committee reviews the compensation practices of the companies in the peer group, the Committee does not adhere to strict formulas or survey data to determine the mix or absolute value of compensation components. Instead the Committee considers various factors in exercising its discretion to determine compensation, including the experience, responsibilities and performance of each of the Named Executive Officers as well as the Company's overall financial and competitive performance. The Committee also reviews composite market data from independent published compensation surveys, as noted above, which provides general background information. However, the Committee's benchmarking analysis focused on data with respect to the peer group of companies named above when making compensation policies and decisions.

Elements of Compensation

To meet our compensation objectives, our compensation programs must be both competitive and reflect an appropriate balance of performance-based versus fixed, and cash versus equity, compensation. The Committee regularly reviews the compensation programs based on our strategy and the market to ensure alignment with our core compensation principles and objectives. Accordingly, the compensation mix may vary over time and among executives. In general, overall compensation levels are targeted at the median of competitive practice, but actual pay earned varies based on Company and individual performance.

Table of Contents

The core elements of compensation for the Named Executive Officers are described in the following table:

Element	Description	Objective
Base salary (typically 30% - 40% percent of an officer's target compensation)	Fixed compensation typically set within range of market median	Provides base economic security at a level consistent with competitive practices Reflects role and responsibility of executive Affected by individual performance, experience, level of responsibility and future potential.
Annual incentives (typically 25% - 35% of an officer's target compensation)	Variable cash compensation linked to corporate objectives Actual payment based on performance	Provides alignment to annual operating and long-term business strategy through corporate objectives
Long-term incentives (typically 25% - 45% of an officer's target compensation)	Long-term equity compensation	Provides link to shareholder value creation Motivates and rewards for financial performance over a sustained period Fosters retention of key employees
Benefits and Perquisites	Healthcare	Ensure employee health, welfare, and retirement needs
	Life and disability insurance	Fosters retirement and savings planning
	Retirement and pension plans	Provides retirement security
	Basic benefit participation offered to other employees	

The following chart reflects the allocation for each Named Executive Officer of compensation opportunities in fiscal year 2014 (at target levels) among base salary, annual incentives and long-term incentives.

Base Salaries

Base salaries serve as the foundation of Alliance One's compensation program, as the majority of other compensation elements are generally determined as a percentage of base salary. Base salary levels are targeted to approximate the median salary of those presented in the competitive market data. However, an individual's actual salary may deviate from the market median based on the Committee's subjective evaluation of a number of factors, including the role and nature of the job relative to market information as well as the individual's performance, tenure and qualifications. Base salaries are adjusted periodically (typically at the start of the fiscal year), based on competitive market changes, individual and corporate performance, modifications in job responsibilities, the executive's position within his respective salary range and the Committee's subjective assessment of the executive's future potential and value to the Company.

Table of Contents

After considering the principles and market data discussed above, in March 2013, the Committee reviewed the base salary of each of the Named Executive Officers, with the exception of Mr. Thomas, and the following salaries were approved effective April 1, 2013:

Fiscal Year 2014 Base Salaries of Record

Name	FY2013 Base Salary	FY2014 Base Salary	% Increase
J. Pieter Sikkel	\$ 550,000	\$ 550,000	0%
Robert A. Sheets	\$ 437,750	\$ 450,880	3%
J. Henry Denny	\$ 360,500	\$ 371,315	3%
Jose Maria Costa Garcia	\$ 300,000	\$ 309,000	3%
William L. O Quinn, Jr.	\$ 283,250	\$ 291,750	3%

Mr. Sikkel did not receive a base salary increase for fiscal year 2014 due to receiving an increase with his promotion to President and Chief Executive Officer on March 1, 2013. Effective January 1, 2014, Mr. Sheets' s annual base salary was reduced to \$400,080 in recognition of his relinquishing the Chief Financial Officer role and continuing in the transitional role of Executive Vice President, Chief Administrative Officer for the remainder of the fiscal year. Also effective January 1, 2014, Mr. Thomas' s base salary was set at \$330,000 in recognition of his promotion to Executive Vice President, Chief Financial Officer. Consistent with our compensation strategy, Messrs. Sheets and Thomas' s base salaries were determined based on competitive market data provided by Radford, their new job responsibilities and the Committee' s subjective assessment of their future potential and value to the Company.

Each of the Named Executive Officer' s base salaries are at or below the market median when compared to the median salary of those presented in the competitive market data.

Incentives

For fiscal year 2014, as noted above under the section entitled *Pay for Performance*, the Committee approved new annual and long-term incentive programs that strengthen senior management' s alignment with the interest of shareholders and that are designed to drive a true pay-for-performance culture. The goal of both the annual and long-term incentive programs is to provide significant incentive to senior executives to consider both the short-term and long-term impact when making business decisions to strengthen our organization and to position the Company for long-term success in order to deliver added value for our customers and shareholders. Below are details describing the Company' s annual and long-term incentive plans:

Annual Incentives

The purpose of the annual incentive plan is to reward the achievement of key corporate financial and strategic objectives that lead to business growth and increased shareholder value. For fiscal year 2014, the Committee adopted the Annual Incentive Plan (the "AIP"), pursuant to which Named Executive Officers were eligible for cash bonus awards. Annual incentives under the AIP are structured to provide for varying target award opportunities expressed as a percentage of annual base salary with actual awards reflecting achievement of Company goals.

Each year management presents to the Board an operating strategy and financial plan for the year. The Committee, with input from its compensation consultant and management, established and approved the AIP' s key performance measures and corporate goals for the year. For fiscal year 2014, the Company performance was measured using an equally weighted combination of (a) consolidated earnings before interest and taxes, excluding discreet projects

(EBIT) and (b) a consolidated economic profit measure based on earnings less the opportunity cost of the net assets employed in the business and after certain adjustments. The Company believes that these measures closely align with shareholder value creation. The Company performance goals are expressed as threshold, target, and maximum objectives for the executives. Threshold is the minimum level of performance at which AIP awards begin. Achievement of the target goal is rewarded at 100% of the target bonus opportunity. Achievement at or above the maximum level results in 200% of target bonus opportunity. Performance between threshold and target, or target maximum is interpolated. The Committee generally intends to set Company performance targets that are challenging yet provide executives with a reasonable opportunity to reach threshold, while requiring meaningful growth to reach target and substantial growth to reach maximum. The amount of growth required to reach maximum is developed within the context of the annual operating plan, and while difficult to achieve, is not viewed to be so aggressive as to entice executives to take inappropriate risks that could threaten financial or operating stability.

Table of Contents

For fiscal year 2014, the Committee approved the following Company performance goals for the AIP:

(000 s)	Threshold	Target	Maximum	FY2014 Actual Results
EBIT ⁽¹⁾	162,500	201,600	240,000	103,849
Economic Profit (Loss) ⁽²⁾	(55,500)	(30,000)	0	(101,471)

(1) EBIT is the Company's consolidated earnings before interest and taxes, excluding discreet projects.

(2) Economic Profit is the consolidated earnings before interest and taxes after certain adjustments, minus a capital charge multiplied by average funds employed.

The Committee maintains discretion to reduce the payment amounts for annual incentives awards under the AIP if the performance targets are achieved.

For fiscal year 2014, the Company's EBIT and Economic Profit levels were below the thresholds set by the Committee. Therefore, no payouts under the AIP were awarded. The 2014 AIP award opportunities and the actual annual incentive award payouts for each of the Named Executive Officers are presented below:

FY2014 AIP Awards				
AIP				
Name	Target Opportunity (%)	AIP Target Opportunity (\$)	AIP Maximum Opportunity (\$)	AIP Actual Award (\$)
J. Pieter Sikkel	100%	\$ 550,000	\$ 1,100,000	\$ 0
Robert A. Sheets ⁽¹⁾	75%	\$ 328,770	\$ 657,540	\$ 0
Joel L. Thomas ⁽¹⁾	75%	\$ 219,375	\$ 438,750	\$ 0
J. Henry Denny	75%	\$ 278,486	\$ 556,973	\$ 0
Jose Maria Costa Garcia	75%	\$ 231,750	\$ 463,500	\$ 0
William L. O'Quinn, Jr.	75%	\$ 218,813	\$ 437,625	\$ 0

(1) Messrs. Sheets and Thomas received base salary changes effective January 1, 2014. Their annual incentive compensation opportunities were prorated to reflect the change in base salary.

Long-Term Incentive Compensation

Long-term incentives comprise a significant portion of the Named Executive Officers' compensation. The purpose of long-term incentive compensation is to build share ownership among key employees and to closely align the interests of management and shareholders by creating a long-term view of performance and value creation.

In August 2011, the shareholders approved the Alliance One International, Inc. Amended and Restated 2007 Incentive Plan (the "2007 Incentive Plan"). The Committee administers this plan as the principal means to provide long-term incentives to the Company's executive officers and certain other officers and key employees, and in doing so, annually monitors the overall dilution level and run-rate of shares issued under the plan. All equity grants are approved by the Committee before being issued. The Company does not time or plan to time its release of material non-public information for the purpose of affecting the value of executive compensation.

On June 12, 2013, the Committee awarded senior executives, including the Named Executive Officers, a combination of performance-contingent share units and restricted share units with the goal of motivating long-term performance and shareholder value creation, while providing a retention element.

William L. O Quinn, Jr.	\$ 202,125	5,775	17,500	35,000	35,000

(1) The value as of the grant date is the number of performance-contingent share unit awards at target (100%) plus the number of restricted share unit awards multiplied by the closing price on the date of grant. The closing price of Alliance One International, Inc. common stock on June 12, 2013 was \$3.85 per share.

(2) The actual number of shares that will be earned at the end of the performance period, if any, cannot be determined because the shares earned will be based on future performance.

The performance-contingent share unit awards are earned if certain cumulative company-wide performance criteria are met over a three-year performance period ending March 31, 2016. The performance measure used for the fiscal year 2014 performance-contingent share unit awards is based on a performance matrix comprised of the Company's Consolidated Net Debt and Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA) at the end of the Performance Periods. Consolidated Net Debt for this purpose means the sum of the Company's consolidated long-term debt, current maturities of long-term debt and notes payable to banks minus the Company's consolidated cash and cash equivalents at the end of the performance periods. EBITDA for this purpose means the term in the credit agreement dated July 2, 2009 among the Company, certain of its subsidiaries, the lenders from time to time parties thereto, and Deutsche Bank Trust Company Americas, as administrative agent, as such credit agreement has been amended and may further be amended from time to time, with any adjustments as may be determined by the Committee in its sole and absolute discretion, regardless of whether any such adjustment increases or decreases EBITDA as would otherwise be determined at the end of the performance periods.

The performance-contingent share unit awards earned will depend on the Company's performance for three separate performance periods (1) the fiscal year ended March 31, 2014, (2) the two fiscal-year period ending March 31, 2015 and (3) the three fiscal-year period ending March 31, 2016 against a performance matrix of cumulative EBITDA for the period and Consolidated Net Debt at period end. If performance is sufficient to register on the matrix for (1) the fiscal year ending March 31, 2014 and/or (2) the fiscal year period ending March 31, 2015, the company will pay out one-sixth of the award earned on the performance matrix (i.e., one-half of one-third of the total award) for that performance period. Any shares earned, net of taxes, must be held until the end of the three-year performance period and the final award earned will be net of any interim awards earned. The Committee, in its discretion, may adjust the number of performance share unit awards earned in recognition of other performance factors that the Committee deems relevant.

The performance matrix is designed to reflect a probability of success and level of difficulty for meeting the goals. There is a risk that no shares will be earned or vest at all or will be earned or vest at less than 100% of the target amount. These performance criteria were set by the Committee in June 2013 to encourage performance by executive officers and to achieve the Compensation Committee's compensation objectives. Based on EBITDA and Net Debt levels for and at the end of fiscal year 2014, no shares vested under the performance-contingent share unit awards for fiscal year 2014.

The restricted stock units set forth in the table above ratably vest one-third per year over three years after the date of grant in the event that the executive officer is still employed by the Company at that time. Upon vesting, one share of common stock is delivered for each vested unit. Once the restricted share unit awards vest, 100% of the shares earned/vested, net of taxes, must be held until the earliest of (a) June 12, 2016 or (b) termination of employment. This holding period is intended to foster long-term share ownership. In addition to providing an incentive to increase the value of the Company's common stock, these units also provide for the retention of executive officers.

Stock Ownership Guidelines

In addition to the holding periods described above, executive officers are subject to minimum stock ownership guidelines to align the executive's interests with those of the shareholders and strongly motivate executives to build long-term shareholder value. Effective June 13, 2013, the Board of Directors adopted new Executive Stock Ownership Guidelines which require the President and Chief Executive Officer to own Company stock with a market value equal to or exceeding four (4) times his base salary and require the other Named Executive Officers to own Company stock with a market value equal to or exceeding one (1) times base salary. Full compliance with the target ownership guidelines must be achieved within that later of five (5) years of the date these guidelines were approved by the Board or five (5) years from the date of the executive's appointment or promotion into the respective position. As of March 31, 2014, Messrs. Sheets and Costa Garcia have met their guidelines, while the remaining four Named Executive Officers are each making progress towards reaching the threshold established by the guidelines.

Effective June 16, 2014, the Board of Directors adopted revisions to the Executive Stock Ownership Guidelines which increased the requirement for the Named Executive Officers, other than the President and CEO, to own Company stock with a market value equal to or exceeding two (2) times base salary. Full compliance with the target ownership guidelines must be achieved within five (5) years of the date the revisions were approved by the Board.

Clawback in the Event of Prohibited Activity

The Company's long-term incentive award grant agreements include a recoupment or clawback provision. The purpose of the clawback provision is to permit the Committee, in its discretion, to cancel, rescind, cause the forfeiture of or otherwise limit or restrict any earned or unearned long-term incentive awards, and potentially to recover damages or adjust awards, in the event the Committee determines that a participant in the long-term incentive plan has engaged in defined prohibited activity, including without limitation violation of the Company's Code of Business Conduct and/or any law that injures or damages the business reputation or prospects of the Company, or intentional misconduct that causes or materially contributes to a substantial restatement of the Company's financial statements.

Other Benefits and Perquisites for the Named Executive Officers

As part of its total compensation package, Alliance One provides Named Executive Officers with the same benefit package available to all salaried employees. The benefits package includes a cash balance pension plan and a qualified 401(k) plan. Named Executive Officers participate in these plans on the same terms as other salaried employees. The ability of Named Executive Officers to participate fully in these plans is limited under Internal Revenue Code and ERISA requirements. In fiscal year 2008, as a part of its review of the Company's non-qualified pension plans, to align these plans with the Company's compensation philosophy, the Committee froze these existing defined benefit nonqualified restoration plans (the AOI Supplemental Executive Retirement Plan and the AOI Pension Equity Plan) and replaced these enhanced pension benefit plans with a nonqualified defined contribution pension plan (SRAP) resulting in generally lower but consistent benefit levels that the Company believes are market competitive and cost effective. The Named Executive Officers are participants in the SRAP.

Alliance One provides other limited perquisites which are generally provided through the Company's relocation and mobility policies. These policies are intended to facilitate the movement of company personnel around the globe to meet critical staffing needs and may allow for gross-up adjustments on certain compensation and benefits provided under the policies. The Committee believes market-based relocation and international mobility policies are important for an international company with a presence in over 30 countries and employees that are frequently asked to move to other locations.

Employment and Consulting Agreements

Effective March 1, 2013, the Company entered into an employment agreement with Mr. Sikkel to provide the terms and conditions of his employment as President and Chief Executive Officer. This contract generally addresses Mr. Sikkel's role and responsibilities as well as his rights to compensation and benefits. This contract also contains termination provisions and related compensation in the event of a change in control, severance, and involuntary termination. Mr. Sikkel's contract is described below in greater detail under the section entitled *Potential Payments Upon Termination or Change-in-Control - Employment Agreements*.

Severance Agreements and Change in Control ("CIC") Policy

The Company does not have any change in control agreements, with the exception of those change-in-control provisions included as components of the employment agreement with Mr. Sikkel. The Committee does not currently intend to use employment or change-in-control agreements as a compensation tool or benefit, but may do so should a change in facts and circumstances warrant a change in this policy.

Tax and Accounting Considerations

The Committee reviews projections of the estimated accounting (pro forma expense) and tax impact of all material elements of the executive compensation program. Alliance One and the Committee intend to administer the compensation plans in a manner that maintains an appropriate cost structure and is aligned with shareholder interests.

Section 162(m) of the Internal Revenue Code generally provides that publicly held corporations may not deduct in any one taxable year certain compensation in excess of \$1 million paid to the Chief Executive Officer and the next four most highly compensated executive officers, unless the compensation is based on objectively determined performance criteria pursuant to a plan approved by shareholders. As part of its role, the Committee reviews and considers the deductibility of executive compensation under Section 162(m). Although the Committee has structured the compensation program for executive officers based on various performance criteria as described above, certain aspects of the program do not comply with the requirements for deductibility under Section 162(m). The Committee has determined that it is essential in achieving the compensation objectives discussed above to retain the flexibility to exercise subjective judgment in assessing an executive officer's performance. The Committee believes that the achievement of Alliance One's general compensation policies and objectives, which it believes requires this flexibility, best serves shareholders' interests.

Report of the Executive Compensation Committee

The Executive Compensation Committee has reviewed and discussed the foregoing Compensation Discussion and Analysis with management. Based on this review and discussion, the Executive Compensation Committee has recommended to the full Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

- (1) Reflects the grant date fair value of awards made in the fiscal year determined in accordance with ASC Topic 718. Values above indicate the grant date fair value for awards made during fiscal year 2014 of restricted share units and performance-contingent share units, the grant date values of which are based on the target levels for these awards. The grant date fair value of the performance-contingent share units calculated at the maximum payout level are \$269,500 for Mr. Sikkel, \$173,250 for Mr. Sheets, \$23,100 for Mr. Thomas, \$134,750 for Mr. Denny, \$134,750 for Mr. Costa Garcia and \$134,750 for Mr. O Quinn, which would increase the aggregate amounts reported under this column to \$539,000 for Mr. Sikkel, \$346,500 for Mr. Sheets, \$46,200 for Mr. Thomas, \$269,500 for Mr. Denny, \$269,500 for Mr. Costa Garcia and \$269,500 for Mr. O Quinn. For a discussion of the assumptions used in the valuation of these awards, see Note 11 of Notes to Consolidated Financial Statements included in Alliance One's Annual Report on Form 10-K for the fiscal year ended March 31, 2014. However, for the purpose of this table, the grant date fair value excludes the effect of estimated forfeitures.
- (2) No option awards were made during fiscal year 2014.
- (3) Includes the payment of performance-based annual cash incentive awards to the Named Executive Officer pursuant to the Annual Incentive Plan (AIP) for services performed during fiscal years 2014, 2013 and 2012, respectively.
- (4) Reflects the aggregate change in the actuarial present value of the Named Executive Officer's accumulated pension benefits in fiscal years 2014, 2013 and 2012. For Mr. Sheets, the FY2014 aggregate change is comprised of an increase in value of \$19,757 in the AOI Pension Plan and a decrease in value of \$1,593 in the SCC SERP. The decrease in the present value of the SCC SERP is due to the higher discount rate used in FY2014 vs. FY2013 for calculating the present value in the SCC SERP (4.30% v. 3.80%). For Mr. Denny, the FY2014 aggregate change is a decrease in value of \$99,043, which is comprised of an increase in value of \$34,968 in the AOI Pension Plan, an increase in value of \$22,049 in the AOI SERP and a decrease in value of \$156,060 in the AOI PEP. The decrease is due to a higher discount rate used in FY2014 vs. FY2013 for calculating the present value in the AOI PEP (4.40% vs. 3.90%). See the *Pension Benefits Table* for additional information. None of the Named Executive Officers earned above-market returns on deferred compensation during fiscal years 2014, 2013 or 2012, respectively.

- (1) The market value of stock awards is based on the closing price of Alliance One common stock on March 31, 2014, the last trading day of the fiscal year, which was \$2.92 per share.
- (2) Performance-contingent share units awards granted on June 12, 2013. The total number of shares to be earned under the award will be determined at the completion of the performance periods under the award. For purposes of the number of shares to be reported, as well as for purposes of computing the market value of the award, we have assumed that target performance has been achieved. For additional information see the section entitled *Compensation Discussion and Analysis Incentives Long-Term Incentive Compensation* and the *Grants of Plan-Based Awards Table*.
- (3) Premium-priced non-qualified stock option awards granted on March 24, 2011. Awards vest 20% on each of the first, second, third, fourth and fifth anniversaries of the grant date.
- (4) Premium-priced non-qualified stock option awards granted on April 17, 2012. Awards vest 20% on each of the first, second, third, fourth and fifth anniversaries of the grant date.
- (5) Restricted share units granted June 12, 2013. Awards vest ratably one-third per year on each of the first, second and third anniversaries of the grant date.

Option Exercises and Stock Vested Table

The following table summarizes information for the Named Executive Officers with respect to stock option exercises and the vesting of restricted shares, restricted stock units and performance shares for fiscal year 2014.

Name	Option Awards		Stock Awards ⁽¹⁾	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$) ⁽²⁾

- (1) Restricted share unit vesting and dollar values reflect amounts on a pre-tax basis. The plans under which the restricted share units were granted permit the withholding of shares upon vesting to pay applicable income taxes.
- (2) Calculated by multiplying the number of shares vesting by the closing price of the Company's common stock on the date of vesting.

Nonqualified Deferred Compensation Table

The following table presents information on the Company's deferred compensation program, which provides for the deferral of compensation earned by the Named Executive Officers on a basis that is not tax qualified, as of March 31, 2014.

- (1) During fiscal year 2014, the Named Executive Officers were participants in the Alliance One International, Inc. Supplemental Retirement Account Plan (the AOI SRAP), established April 1, 2007. The Plan is a non-qualified defined contribution supplemental retirement plan established to provide deferred compensation for a select group of management. Benefits under the AOI SRAP are based on a hypothetical bookkeeping account established for each participant. Each fiscal year, company credits and interest credits are added to the account. The company credit is equal to a specified percentage of base salary, bonus and annual incentive compensation paid to the participant during the fiscal year. For fiscal year 2014, the company credit for Messrs. Sikkel, Sheets, Denny and Costa Garcia was 7.5%. Mr. Thomas's company credit was prorated at 7.5% for 3 months following his promotion. Mr. O'Quinn's company credit was 5%. The interest credit each fiscal year is equal to the beginning account balance times the Moody's Aa Corporate Bond Yield Average as of the beginning of the fiscal year. However, the interest crediting rate cannot exceed 120% of the applicable federal long-term rate prescribed by the Secretary of Treasury for the first month of the fiscal year. For fiscal year 2014, the interest crediting rate was 3.25%.

Each participant becomes vested in his AOI SRAP benefit after five years of service, whether or not the service is consecutive. Each of the Named Executive Officers is vested in the AOI SRAP benefit. However, a participant who is terminated for cause will forfeit any benefits otherwise payable under the AOI SRAP. Participants must also comply with a non-compete following termination of employment. A participant who violates the non-compete will forfeit all benefits under the AOI SRAP. However, the non-compete provision will not apply after a change in control.

Vested benefits are payable in 120 equal monthly installments starting in the seventh month following separation from service, unless the final account balance is less than \$100,000, in which case the benefit will be payable in a lump-sum. The monthly installment amount is based on the final account balance plus interest at the AOI SRAP's applicable interest crediting rate for the year. If the participant dies, unpaid installments are payable to the employee's designated beneficiary.

Registrant contributions and aggregate earnings in the last fiscal year are not included in the compensation reported for fiscal year 2014 in the Summary Compensation Table included elsewhere in this proxy statement and amounts included in the aggregate balance at last fiscal year end were not included in compensation report in such tables in prior years.

- (2) None of the Named Executive Officers earned above-market returns on deferred compensation during fiscal year 2014.
- (3) Mr. Sikkel also has a vested balance in the Alliance One International, Inc. Global Pension Plan (the AOI GPP). The AOI GPP is a defined contribution pension plan established by the Company for certain international employees. Mr. Sikkel has not been an active participant in the AOI GPP since he transferred to the US in 2008. He no longer receives Company contributions, nor can he make contributions to the plan. Mr. Sikkel directs the investments in his account and bears complete investment risk. Mr. Sikkel's amount in the column "Aggregate Earnings in Last FY" consists of \$10,294 earned in the AOI SRAP and \$5,230 in the AOI GPP. His amount in the column "Aggregate Balance at Last FYE" consists of \$368,272 in the AOI SRAP and \$68,593 in the AOI GPP.
- (4) Mr. Costa Garcia also has a vested balance in the Alliance One International Services Ltd Group Personal Pension Plan (The AOISL PPP), a defined contribution plan established by the Company for employees of Alliance One International Services Ltd based in the United Kingdom. Mr. Costa Garcia's ceased active participation in the AOISL PPP upon his promotion and transfer to the United States August 1, 2012. He no longer receives Company contributions, nor can he make contributions to the plan. Mr. Costa Garcia directs the investments in his account and bears complete investment risk. Mr. Costa Garcia's amount in the column "Aggregate Earnings in Last FY" consists of \$2,388 earned in the AOI SRAP and \$8,880 in the AOISL PPP. His

amount in the column *Aggregate Balance at Last FYE* consists of \$108,412 in the AOI SRAP and \$248,908 in the AOISL PPP. The AOISL PPP is a GBP denominated account and the amounts are converted to US dollars using the exchange rate as of the end of the fiscal year, which was 1.66368 GBP to 1 USD.

- (1) Pension benefits shown in the above table were determined using the methodology and material assumptions described in Note 13 of Notes to Consolidated Financial Statements included in Alliance One's Annual Report on Form 10-K for the fiscal year ended March 31, 2014, except as described in the footnotes below.
- (2) Present values for the AOI Pension Plan have been determined by assuming a retirement age of 65 (the normal retirement age specified in the Pension Plan).
- (3) The SCC SERP was frozen as of December 31, 2005. The present value calculations are based on the frozen benefit, assuming a retirement age of 65 (the normal retirement age specified in the SCC SERP).
- (4) The AOI SERP was frozen as of March 31, 2007. Present values for the net AOI SERP benefits have been determined by assuming a retirement age of 65 (the normal retirement age specified in the AOI SERP). The accumulated AOI SERP benefit as of March 31, 2014 is based on compensation and service through March 31, 2007 and the value of offsetting benefits (such as the AOI Pension Plan and the AOI PEP), determined as of March 31, 2014.
- (5) The AOI PEP was frozen as of March 31, 2007. The present value for the net AOI PEP benefit has been determined by assuming a retirement age of 60 (the normal retirement age specified in the AOI PEP). The accumulated AOI PEP benefit as of March 31, 2014 is based on compensation and service through March 31,

2007 and the value of offsetting benefits (such as the AOI Pension Plan) determined as of March 31, 2014.

- (6) Prior to terminating employment with the Company July 1, 2005, Mr. Sheets was a vested participant in the Standard Commercial Corporation Pension Plan (the SCC Plan). The AOI Pension Plan provides that a terminated vested participant in the SCC Plan who resumes employment after the SCC Plan was merged into the AOI Pension Plan will receive vesting, eligibility and benefit accrual credit for years of service while in the SCC Plan. As such, Mr. Sheets' credited service in the AOI Pension Plan includes his years of service in the SCC Plan.

Plan Summaries/Provisions

Alliance One International, Inc. Pension Plan

The AOI Pension Plan is a funded and tax-qualified defined benefit pension plan that provides benefits under a cash balance formula. Under this formula, pension benefits are based on the participant's notional account balance. As of the last day of each calendar year, the participant's notional account balance is credited with a notional retirement credit equal to a percentage of eligible compensation for the year. The percentage is based on the participant's age and years of total service with AOI or one of its subsidiaries, as follows:

Age plus Service	Retirement Credit
Under 40	3.5%
40-49	4.0%
50-59	5.0%
60-69	6.0%
70-79	7.0%
80 or more	8.0%

Table of Contents

As of March 31, 2014, combined age and credited service for Messrs. Sikkel, Sheets, Thomas, Denny, Costa Garcia and O Quinn equaled 79, 75, 55, 104, 70 and 54 respectively.

Eligible compensation generally includes all taxable earnings paid in cash plus the participant's pre-tax 401(k) and cafeteria plan contributions for the year. However, eligible compensation does not include commissions and extra pay for foreign service. In addition, compensation in excess of the applicable IRS limit (\$260,000 for calendar year 2014) is ignored.

The participant's notional account balance is also credited with annual interest credits. The annual interest crediting rate for each calendar year is equal to the average rate paid on One Year Treasury Constant Maturity Bonds for the month of November in the preceding year, plus 1%. The interest crediting rate for calendar year 2014 is 1.18%.

As of March 31, 2014, the Alliance One Pension Plan covered all full-time, salaried employees of Alliance One and its subsidiaries who have completed 30 days of employment. Benefits earned under the AOI Pension Plan vest after three years of service with at least one hour of service on or after January 1, 2008 or upon attaining age 65 while actively employed.

A terminated participant may elect to receive the actuarially equivalent value of his or her vested accrued benefit in the form of a lump sum payment or an immediate or deferred annuity commencing at any time following termination of employment.

The Alliance One Pension Plan preserves certain early retirement rights for participants whose benefits include benefits earned under pension plans merged into the Alliance One Pension Plan. These provisions will not have a material effect on benefit payments for any of the Named Executive Officers. As of March 31, 2013, Messrs. Sheets and Denny were eligible for early retirement. Messrs. Sikkel, Thomas, Costa Garcia and O Quinn are not eligible for early retirement.

Alliance One International, Inc. Pension Equity Plan

The AOI PEP was amended and restated on March 30, 2007. The AOI PEP is an unfunded, nonqualified pension plan for selected current and former management employees. The AOI PEP provides an annual retirement allowance equal to 1.1% of the employee's credited service multiplied by the employee's final average compensation. Benefits payable to an employee under the AOI PEP are offset by all or a portion of the retirement benefits payable to the employee under certain other arrangements, including the Company's domestic and foreign pension plans.

Under the AOI PEP, final average compensation is defined as the highest average of five consecutive fiscal years' cash compensation during the ten preceding fiscal years. Compensation does not include commissions, extra pay for foreign service, amounts paid as special incentive bonuses in connection with the Merger, or severance benefits. Under the AOI PEP, final average compensation was frozen as of March 31, 2007. However, the value of the offsetting benefits is not frozen, and will not be determined until the employee's termination of employment.

Credited service is the employee's total period of service with the Company plus future service the employee would earn if he remained employed with the Company until age 65.

An employee will vest in his full AOI PEP benefit by remaining employed with the Company until the earlier of March 31, 2012, or the AOI PEP normal retirement date. The AOI PEP normal retirement date is the date the employee attains age 60 and the sum of his age and years of service equals at least 85. If the employee had the title of Senior Vice President or above with DIMON Incorporated (or one of its predecessor companies) prior to July 1, 1995,

the employee's AOI PEP normal retirement date is the date the employee attains age 55 and the sum of his age and years of service equals at least 85. An employee who terminates before full vesting but after a change in control is entitled to a pro-rated benefit. However, an employee who is terminated for cause will forfeit any benefits otherwise payable under the AOI PEP.

Table of Contents

An unmarried employee will receive his vested AOI PEP retirement allowance in the form of a life annuity with monthly payments starting on his AOI PEP normal retirement date (or actual retirement date, if later). If the employee is married, he will begin receiving his vested AOI PEP retirement allowance at the same time as an unmarried plan participant, but in the form of an actuarially equivalent joint and 50% survivor annuity with the spouse as the contingent annuitant. Any amounts payable within six months after the retired employee's separation from service will be withheld and paid, with interest, in the seventh month after separation.

If a married employee dies before retirement but after satisfying the AOI PEP's vesting provisions (or after age 50, if earlier), his surviving spouse will receive a death benefit equal to the survivor benefit the spouse would have received if the employee had survived and started receiving benefits under a joint and 50% survivor annuity.

As of March 31, 2014, Mr. Denny was a participant in the AOI PEP and was eligible for normal retirement under the plan. Messrs. Sikkell, Sheets, Thomas, Costa Garcia and O'Quinn are not participants in the AOI PEP.

Alliance One International, Inc. Supplemental Executive Retirement Plan

The AOI SERP was amended and restated on March 30, 2007. The AOI SERP is an unfunded, nonqualified pension plan for selected current and former management employees. The AOI SERP provides an annual retirement benefit equal to 50 percent of the employee's final average compensation. Benefits payable to an employee under the AOI SERP are offset by all or a portion of the retirement benefits payable to the employee under certain other arrangements, including the Company's domestic and foreign pension plans, social security-type programs of foreign countries, and profit-sharing accounts originally funded by a Company predecessor. AOI SERP benefits are also offset by supplemental retirement benefits payable under the terms of an employment agreement, unless the terms of an employment agreement provide otherwise.

Under the AOI SERP, final average compensation is defined as the average of the three highest fiscal years' cash compensation during the ten preceding fiscal years. Compensation does not include commissions, extra pay for foreign service, amounts paid as special incentive bonuses in connection with the merger of Standard Commercial Corporation and DIMON Incorporated, or severance benefits. Under the AOI SERP, the employee's final average compensation is frozen as of March 31, 2007. However, the value of the offsetting benefits is not frozen, and will not be determined until the employee's termination of employment.

An employee will vest in his full AOI SERP benefit by remaining employed with the Company until the earlier of March 31, 2012, or the date the employee has attained age 60 and the sum of his age and years of service equal at least 80. An employee who terminates before full vesting but after a change in control is entitled to a pro-rated benefit. However, an employee who is terminated for cause will forfeit any benefits otherwise payable under the AOI SERP. Prior to a change in control, an employee's benefits are also subject to forfeiture if the employee violates the AOI SERP's non-compete provisions.

The vested AOI SERP benefit is payable in the form of an annuity for the life of the retired employee, with monthly payments commencing at age 65 (or actual retirement if later). However, any amounts payable within six months after the retired employee's separation from service will be withheld and paid, with interest, in the seventh month after separation.

If the retired employee is married when AOI SERP benefit payments begin and his spouse survives him, his surviving spouse will receive monthly payments for her life in an amount equal to 50 percent of the monthly payments the retired employee was receiving. If a married employee dies before retirement but after satisfying the AOI SERP's vesting provisions (or after age 50, if earlier), his surviving spouse will receive a pre-retirement death benefit

equivalent in value to the 50 percent survivor benefit the spouse would have received if the employee had survived to age 65.

As of March 31, 2014, Mr. Denny was a participant in the AOI SERP and was eligible for normal retirement under the plan. Messrs. Sikkel, Sheets, Thomas, Costa Garcia and O Quinn are not participants in the AOI SERP.

Standard Commercial Corporation Supplemental Retirement Plan

The SCC SERP provided benefits that would otherwise have been provided under Standard Commercial Corporation's tax-qualified pension plan but for Internal Revenue Code limitations on amounts which could be paid out of a tax-qualified plan. Benefits under the SCC SERP were frozen as of December 31, 2005.

As of March 31, 2014, Mr. Sheets was a participant in the SCC SERP. Messrs. Sikkel, Thomas, Denny, Costa Garcia and O Quinn are not participants in the SCC SERP.

Table of Contents**Potential Payments Upon Termination or Change-in-Control**

The following table presents the information on certain potential payments and benefits the Named Executive Officers would be entitled to receive on account of their termination of employment, assuming that their employment had been terminated on March 31, 2014 under the listed scenarios.

The table includes the value of termination benefits payable under employment agreements, nonvested equity awards, the AOI SERP, the AOI PEP and the SCC SERP. Except as specifically noted, the table does not include the value of benefits payable under the Alliance One International, Inc. Pension Plan or group insurance programs, or benefits that might be realized upon the Named Executive Officers' exercise of equity awards that were vested as of March 31, 2014.

- (1) Amounts shown in this column represent benefits payable in the event of the Named Executive Officer's termination following a change in control, provided that the termination is either a voluntary termination by the Named Executive Officer for good reason, or an involuntary termination by Alliance One without cause.
- (2) Amounts reflect benefits payable in the absence of a change in control.
- (3) The severance benefit shown for Mr. Sikkel under Disability is equal to two-thirds of his base salary in effect on March 31, 2014, for 18 months. The severance benefit shown for Termination following Change-in-Control and Involuntary Termination without Cause is based on two times his base salary in effect on March 31, 2014.

Table of Contents

- (4) Stock option values are estimated based on the closing price of Alliance One stock on March 31, 2014. Upon a Named Executive Officer's termination of employment (other than a for cause termination by Alliance One), for Disability or after satisfying the eligibility requirements for retirement under the Alliance One Pension Plan, the options granted March 24, 2011 and April 17, 2012 shall vest immediately as detailed in the grant agreements. Messrs. Sheets and Denny met the retirement definition of being at least age 55 with 10 years of service as of March 31, 2014. However, because the closing price of Alliance One stock on March 31, 2014 was less than the \$6.00 grant price, no value is included in the table.
- (5) Restricted share unit values are estimated based on the closing price of Alliance One stock on March 31, 2014. Upon death or disability, all restricted share unit awards become immediately vested in accordance with the provisions of the grant agreements. Upon a Change-in-Control, per the provisions of the 2007 Incentive Plan, the Committee, in its sole discretion, may provide for the vesting of the restricted share unit awards. Therefore, we have assumed the restricted share awards will vest upon termination following a change in control.
- (6) In accordance with the grant agreements, upon termination of a Named Executive Officer for any reason at any time (other than termination following a change in control) on or prior to the first anniversary of the grant date of June 12, 2013, all vested and unvested performance-contingent share units shall be forfeited. Upon a Change-in-Control, per the provisions of the 2007 Incentive Plan, the Committee, in its sole discretion, may provide for the vesting of the performance-contingent share unit awards. We have assumed the awards will vest at target upon termination following a change in control.
- (7) Amounts shown for welfare benefits reflect the value of Alliance One's obligation to provide post-termination coverage under Alliance One's employee welfare benefit plans, to the extent such coverage is not made available generally to all salaried employees on a nondiscriminatory basis.

Mr. Sikkel's employment agreement entitles him to a health care coverage benefit for 24 months following termination in which the Company will reimburse Mr. Sikkel for up to eighteen months to the extent that the cost of his monthly premiums for coverage under COBRA exceeds the share of the monthly premiums he was paying to participate in the active health care coverage at the time of termination. Once the eighteen months of COBRA coverage is exhausted, the Company will reimburse Mr. Sikkel for the costs of his monthly premiums for replacement health insurance coverage, provided that such reimbursements do not exceed the amount being reimbursed at the time his right to coverage under COBRA ends. This benefit will cease at such time Mr. Sikkel becomes eligible for health care coverage through a subsequent employer.

- (8) Values reflect the present value of the accumulated benefit obligation for the applicable Named Executive Officer. Present values were determined using the same assumptions as described in the *Pension Benefits Table*. Benefits under the AOI SERP and AOI PEP are payable only in the form of an annuity, as described in the narrative following the *Pension Benefits Table*.

Employment Agreements

On February 5, 2013, the Company entered into an employment agreement with Mr. Sikkel which was effective as of March 1, 2013 that contains provisions relating to termination for cause, termination due to disability, termination other than cause and termination for good reason following a change-in-control of the Company. Mr. Sikkel's employment agreement has an initial term expiring three years after the effective date and is subject to automatic annual renewals thereafter absent notice of non-renewal delivered by either the Company or Mr. Sikkel at least 90 days prior to the scheduled expiration. If Mr. Sikkel's employment is terminated by the Company without cause, if Mr. Sikkel resigns his employment for good reason or Mr. Sikkel resigns for a change-in-control good reason within twelve months after a change-in-control of the Company, he will be entitled to receive severance equal to two times his annual base salary payable in 24 monthly installments. In addition to severance payments, in connection with a termination of employment as described above, Mr. Sikkel is entitled to health care coverage benefits for up to two

years following termination and payment of up to \$25,000 for outplacement services. If Mr. Sikkel's employment is terminated because of disability, he is entitled to receive payments for 18 months at two-thirds of his annual base salary at time of termination. If Mr. Sikkel's employment is terminated by the Company with cause or he separates from employment for any reason other than good reason or following a change-in-control, the Company is obligated to pay compensation and benefits only to the date of termination or separation. Good reason is defined to include any of the following events occurring within ninety-five days prior to separation of employment: Mr. Sikkel's base salary is reduced more than fifteen percent unless the reduction is part of and at the same percentage as an across-the-board salary reduction for AOI's senior management, AOI fails to perform any material obligation or breaches any material provision of the employment agreement, or Mr. Sikkel is not re-elected to the position of President and Chief Executive Officer; and, Mr. Sikkel resigns in writing within thirty days after such events arise.

Mr. Sikkel's agreement also contains a world-wide non-competition provision for twelve months following a termination or separation of employment. In addition, he is subject to a prohibition on solicitation of Alliance One's employees, customers and vendors, for a period of twenty-four months after any termination or separation of employment.
