CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This report may contain forward-looking statements that involve risks and uncertainties. The words anticipate, believe, plan, estimate, expect, strive, future, intend and similar expressions are intended to identify such forward-looking statements. Our actual results could differ materially from the results anticipated in these forward-looking statements as a result of certain factors set forth under Management's Discussion and Analysis of Financial Condition and Results of Operations, Quantitative and Qualitative Disclosures about Market Risk and elsewhere in this report. Risks and uncertainties that could cause actual results to differ include, without limitation, general economic conditions, competition, loss of key personnel, pricing, brand reputation, consumer trends, acquisitions, new initiatives undertaken by us, security and information systems, legal liability for website content, merchandise supply problems, failure of third parties to provide adequate service, our reliance on centralized customer service, overstocks and merchandise returns, our reliance on a centralized fulfillment center, increases in postage and shipping costs, E-commerce trends, future Internet related taxes, our founder's control of us, fluctuations in quarterly operating results, customer interest in our products, the effect of government regulation, the potential separation of our subscription unit from the Gaiam-branded business resulting in two separate publicly traded companies and other risks and uncertainties included in our filings with the Securities and Exchange Commission. We caution you that no forward-looking statement is a guarantee of future performance, and you should not place undue reliance on these forward-looking statements which reflect our view only as of the date of this report. We undertake no obligation to update any forward-looking information.

PART I FINANCIAL INFORMATION

Item 1. Financial Statements (Unaudited)

Unaudited Interim Condensed Consolidated Financial Statements

We have prepared our unaudited interim condensed consolidated financial statements included herein pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and note disclosures normally included in annual financial statements prepared in accordance with accounting principles generally accepted in the United States have been condensed or omitted pursuant to these rules and regulations, although we believe that the disclosures made are adequate to make the information not misleading. In our opinion, the unaudited interim condensed financial statements contain all adjustments (consisting of only normal recurring adjustments) necessary to present fairly, in all material respects, our consolidated financial position as of September 30, 2014, the interim results of operations for the three and nine months ended September 30, 2014 and 2013, and cash flows for the nine months ended September 30, 2014 and 2013. These interim statements have not been audited. The balance sheet as of December 31, 2013 was derived from our audited consolidated financial statements included in our annual report on Form 10-K. The interim condensed consolidated financial statements contained herein should be read in conjunction with our audited financial statements, including the notes thereto, for the year ended December 31, 2013.

References in this report to we , us , our or Gaiam refer to Gaiam, Inc. and its consolidated subsidiaries, unless we indicate otherwise.

1. Organization, Nature of Operations, and Principles of Consolidation

Gaiam, Inc. and its consolidated subsidiaries (the Company) provide a broad selection of yoga, fitness, and well-being products, with media, subscription and travel services to customers who value personal development, wellness, ecological lifestyles, responsible media and conscious community. We were incorporated under the laws of the State of Colorado on July 7, 1988.

We have prepared the accompanying unaudited interim condensed consolidated financial statements in accordance with accounting principles generally accepted in the United States, or GAAP, and they include our accounts and those of our subsidiaries. Intercompany transactions and balances have been eliminated.

The unaudited condensed consolidated financial position, results of operations and cash flows for the interim periods disclosed in this report are not necessarily indicative of future financial results.

Discontinued Operations

During the fourth quarter of 2013, we consummated the sale of GVE Newco, LLC (GVE), a wholly-owned subsidiary of ours representing our non-branded entertainment media business and discontinued our direct response television operations (DRTV). Accordingly, the assets and liabilities, operating results, and cash flows for these businesses are presented as discontinued operations separate from our continuing operations, for all periods presented in these consolidated condensed financial statements and footnotes, unless indicated otherwise.

In connection with these discontinued operations, we recognized certain exit activity and asset impairment charges.

The sale of GVE to Cinedigm Corp. and Cinedigm Entertainment Holdings, LLC (together, Cinedigm) was subject to customary adjustments, including a post-closing working capital adjustment, which is currently in dispute (see Note 9). After the sale was consummated, we continued providing extensive administrative and accounting services to the buyer through May 2014. Since May 2014, our services have been limited to collection of outstanding receivables on their behalf.

The income from discontinued operations amounts as reported on our consolidated statements of operations were comprised of the following amounts:

(in thousands)	Three Months Ended		Nine Months	
	September 30,		Ended

Table of Contents**2. Significant Accounting Policies**

No changes were made to our significant accounting policies during the nine months ended September 30, 2014.

Recent Accounting Pronouncements

In April of 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2014-08, *Presentation of Financial Statements (Topic 205) and Property, Plant, and Equipment (Topic 360): Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity*. The amendments in the ASU change the criteria for reporting discontinued operations and expand the related disclosures. Under the new guidance, only disposals representing a strategic shift in operations are presented as discontinued operations. The new guidance also requires disclosure of the pre-tax income attributable to a disposal of a significant part of an organization that does not qualify for discontinued operations reporting. The ASU requires prospective adoption and is effective for us in the first quarter of 2015. The new ASU is not expected to have a material impact on our reported financial position or results of operations.

In May of 2014, the Financial Accounting Standards Board (FASB) issued ASU No. 2014-09, *Revenue from Contracts with Customers (Topic 606)* (ASU 2014-09). The new standard supersedes most previously existing revenue recognition rules, and will become effective for us in the first quarter of 2017. The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Our revenue transactions typically consist of one, distinct, fixed-price performance obligation which is delivered to the customer at a single point in time, or over a subscription period. While we are still assessing the full impact of the new standard, we do not expect that it will have a material impact on our reported financial position or results of operations.

Use of Estimates and Reclassifications

The preparation of financial statements in accordance with GAAP requires us to make estimates and assumptions that affect the amounts reported in the accompanying financial statements and disclosures. Although we base these estimates on our best knowledge of current events and actions that we may undertake in the future, actual results may be different from the estimates. We have made certain reclassifications to prior period amounts to conform to the current period presentations.

3. Investments

In connection with the sale of the non-branded entertainment media business to Cinedigm Corp. which occurred in October 2013, we received shares of Cinedigm Corp. s Class A common stock with a fair value of \$1.2 million. During June 2014, we sold all of these shares and realized a gain of \$0.5 million.

During 2013, we sold the majority of our investment in Real Goods Solar, Inc. (RGSE) for total net proceeds of approximately \$25 million. Following the sale of the first portion in May 2013, our voting ownership percentage declined to below 20% and our Chairman resigned as Chairman of RGSE s board and, thus, we no longer had significant influence over Real Goods Solar. Therefore, we changed our accounting for our investment from the equity to cost method.

During the nine months ended September 30, 2014 and 2013, we reported gains of \$1.0 million and \$18.4 million, respectively on the sale of our RGSE stock. In accordance with GAAP, we recognized the value of the RGSE stock as

an asset during our initial public offering, and subsequently reduced it to zero through the recognition of our portion of RGSE's net losses.

Table of Contents**4. Equity**

During the first nine months of 2014, we issued 10,000 shares of our Class A common stock under our 2009 Long-Term Incentive Plan to our independent directors, in lieu of cash compensation, for services rendered in 2014. We valued the shares issued to our independent directors at estimated fair value based on the closing price of our shares on the date the shares were issued, which by policy is the last trading day of each quarter in which the services were rendered.

During the first nine months of 2014, we issued 328,000 shares of common stock with net proceeds of \$1.7 million in connection with option exercises. The following is a reconciliation from December 31, 2013 to September 30, 2014 of the carrying amount of total equity, equity attributable to Gaiam, Inc., and equity attributable to the noncontrolling interest.

5. Share-Based Payments

During the first nine months of 2014, we extended the term of certain options granted under our 2009 Long-Term Incentive Plan to a member of our executive team for an additional year, and recognized \$0.4 million of associated stock compensation expense. Total share-based compensation expense is reported in corporate, general and

administration expenses on our condensed consolidated statements of operations.

6. Net Loss Per Share Attributable To Gaiam, Inc. Common Shareholders

Basic net loss per share attributable to Gaiam, Inc. common shareholders excludes any dilutive effects of options. We compute basic net loss per share attributable to Gaiam, Inc. common shareholders using the weighted average number of shares of common stock outstanding during the period. We compute diluted net loss per share attributable to Gaiam, Inc. common shareholders using the weighted average number of shares of common stock and common stock equivalents outstanding during the period. We excluded common stock equivalents of 645,000 and 1,072,000 from the computation of diluted net loss per share attributable to Gaiam, Inc. common shareholders for the three months ended September 30, 2014 and 2013 and 845,000 and 1,537,000 for the nine months ended September 30, 2014 and 2013, respectively, because their effect was antidilutive.

Table of Contents

The following table sets forth the computation of basic and diluted net loss per share attributable to Gaiam, Inc. common shareholders:

Basic and diluted net (loss) income per share attributable to Gaiam, Inc.	\$ (0.12)	\$ 0.01	\$ (0.31)	\$ 0.34

7. Income Taxes

During the fourth quarter of 2013, we determined that a full valuation allowance against our deferred tax assets was necessary due to the cumulative loss incurred over the three-year period ended December 31, 2013. For the three and nine months ended September 30, 2014, we continued to provide a full valuation allowance against deferred tax assets generated during the quarter. As income is generated in future periods, the Company expects to reverse the valuation allowance as utilization of the deferred tax assets occurs.

Table of Contents**8. Segment Information**

We manage our company and aggregate our operational and financial information in accordance with two reportable segments: business and direct to consumer. The business segment comprises our retailer and corporate account channels. The direct to consumer segment contains our catalog, Internet, travel, and subscription channels. Although we are able to track sales by channel, the management, allocation of resources, and analysis and reporting of expenses are presented on a combined basis, at the reportable segment level. Contribution margin is defined as net revenue less cost of goods sold and total operating expenses. Financial information for our segments is as follows:

As a result of the sale of our non-branded entertainment business in late 2013, and the announced potential spin-off of our subscription unit into a separate company, we are re-evaluating how we group and report our various lines of business with a focus on the Gaiam brand and our subscription business including Gaiam TV. Our segment reporting will likely change in future periods, when these new groupings have been finalized, and as we have discrete financial information available.

9. Commitments and Contingencies

On August 13, 2014, Cinedigm initiated an arbitration proceeding with the American Arbitration Association under the Membership Interest Purchase Agreement, dated October 17, 2013, by and among Cinedigm and the Company and one of its subsidiaries (the MIPA). Cinedigm's arbitration demand alleges that the Company owes Cinedigm approximately \$12.9 million under the working capital adjustment mechanism included in the MIPA.

The Company disagrees with Cinedigm's claim, and believes that if the working capital mechanism is properly applied, Cinedigm owes the Company over \$5.0 million. Therefore, the Company would have initiated the arbitration process against Cinedigm if Cinedigm had not done so. In addition to its working capital counter-claim, the Company is pursuing a counter-claim of approximately \$700,000 against Cinedigm in connection with the Transition Services Agreement executed as part of the MIPA transaction, and is reviewing other claims that it may pursue against Cinedigm. Negotiations between the Company and Cinedigm are ongoing. The Company believes that Cinedigm's arbitration claim is without merit, is a post-closing attempt to renegotiate the MIPA purchase price, and intends to deny all liability in this matter. However, this matter is in its earliest stages and neither party's ultimate liability can be predicted at this time.

10. Exit Activity Costs

During the fourth quarter of 2013, as a result of the sale of GVE and the discontinuation of DRTV, we recorded impairment charges on certain media and assets; and recorded accruals for termination benefits. Those accruals are included in accrued expenses in our condensed consolidated balance sheets. The activity in the accrual for termination benefits for the nine months ended September 30, 2014 is as follows:

Balance, December 31, 2013	\$ 2,174
Payments made	(122)
Balance, September 30, 2014	\$ 2,052

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion and analysis of our financial condition and results of operations in conjunction with the condensed consolidated financial statements and related notes included elsewhere in this document. This section is designed to provide information that will assist in understanding our condensed consolidated financial statements, changes in certain items in those statements from period to period, the primary factors that caused those changes and how certain accounting principles, policies and estimates affect the condensed consolidated financial statements.

Overview and Outlook

We design, create, and market products and media for consumers who are interested in yoga, fitness, and wellbeing. Additionally, we operate a subscription video on-demand service, Gaiam TV, which is dedicated to creating, acquiring, and delivering conscious media. Through our business activities, we seek to position our brand as a trusted source for products and information that are relevant to our consumers' active lifestyles and transformational journeys. Our broad distribution network includes retail, online, and digital channels. Our business is vertically integrated from product design and content creation through product development and sourcing, to customer service and distribution. This efficient supply chain enables us to provide quality products at competitive prices for all of our brands.

We intend to build upon our authenticity and heritage in the yoga, fitness, wellbeing, and conscious media sectors. We believe that the size of our end markets is growing as a result of growth in yoga participation, greater awareness of health and wellness, and the success of our retail and online partners. We intend to leverage our product development, supply chain, and retail relationships to continue to expand and innovate our brand's offerings enabling us to capitalize on the growth in our end markets.

We market our products and services across two segments: business and direct to consumer.

Business Segment

Our business segment sells directly to retailers, digital partners, and corporate accounts. It has products available in approximately 38,000 retail doors worldwide. Our business segment has also successfully expanded our brands with strategic store-within-store placements, which now total over 16,000 worldwide. We anticipate launching a yoga apparel line in this segment in the spring of 2015.

The business segment continues to benefit from growth in Gaiam Restore products, our at-home rehabilitative and restorative products, and our SPRI Dynamic Recovery brands. These products along with the recent introduction of our SPRI Cross Train line of high-intensity fitness accessories have broadened our offerings and are expected to enable us to continue growing our brand this year. Due to our compliment of branded and non-branded products and our leading offering for fitness media, we have achieved category management and media aggregator roles and effectively manage the yoga and fitness offerings at some of the largest retailers in the nation. We plan to make additional investments during the remainder of 2014 to improve our SPRI commercial channel website, extend our product offerings and to design and produce a yoga apparel line launching in the spring 2015 season.

Recently, we renegotiated our largest media category management contracts. Our category management business consists of contracts with certain vendors to sell their products along with ours to our retail customers. It is a service we provide in order to reduce the number of vendor relationships our customers must manage. Before the change, our arrangements with these vendors required that we take ownership of the inventory. We accounted for these arrangements on a gross basis, since we concluded that we were acting as the principal in the arrangement. We entered into a new contract with one of the largest vendors effective October 1, 2013, and another vendor effective April 1,

2014. Under the new contract terms, we hold the inventory on consignment and do not take ownership. We earn a fixed fee similar to what we earned under the old contracts. We are accounting for the new contracts on a net basis, since we have concluded that we are acting as the agent in the arrangement. The new contracts have resulted in significantly reduced working capital requirements and operating costs. The change reduces revenue and cost of goods sold, without significantly impacting gross profit. This change is expected to reduce our business segment revenue for 2014 by \$1.4 million.

Direct to Consumer Segment

Our direct to consumer segment includes those business units which sell directly to end customers, including Gaiam TV, Gaiam online and catalog, and Natural Habitat, our adventure travel company. This segment gives us the ability to test, launch, and support new products, and through direct relationships with our customers, allows us to promote our products, grow our digital subscription and streaming customer base, and gather customer feedback on Gaiam and the LOHAS industry. This channel also allows us to develop and showcase our brand directly to customers.

In our direct to consumer segment, we continue to work on the category and channel expansion of the Gaiam brand and narrow our e-commerce and catalog offerings towards more proprietary yoga and fitness, health and wellness, and apparel products. We recently completed updates for our e-commerce platform in order to deliver more engaging, focused, and simplified shopping experiences to our customers. Our re-designed website has allowed us to stay even more connected with and accessible to our customers, and now

Table of Contents

includes user-friendly mobile designs for Apple and Android devices. We continue to expand our e-commerce offerings with unique products that are only available online and that complement our core Gaiam product lines. We plan to continue to grow our offerings for video, interactive, and mobile devices as these initiatives enable us to better leverage our e-commerce products. We plan to invest in our online branding, more digital offerings and apps, develop emerging talent, utilize more social media, sponsor more local events and significantly reduce the circulation of our catalogs.

We continue to invest in and actively market our subscription video streaming business, Gaiam TV (GaiamTV.com). In late 2013, we acquired My Yoga Online (My Yoga), Canada's largest online yoga video streaming subscription business, and merged it with Gaiam TV during the third quarter of 2014. With a subscription price the same as Gaiam TV, \$9.95 per month, My Yoga is a perfect complement to Gaiam TV's offerings and well aligned with the Gaiam brand. With over 6,500 video titles, Gaiam TV offers subscribers access to the world's largest online library of yoga, wellness, personal growth and conscious media videos.

Gaiam's Board of Directors previously approved the separation of Gaiam TV from the Gaiam-branded business into two separate publicly traded companies. We currently expect the separation to take the form of a tax-free spin-off to shareholders. If consummated, the separation of the subscription unit could materially change reported operating results and liquidity needs of the Company subsequent to the spin-off transaction.

Three Months Ended September 30, 2014 Compared to Three Months Ended September 30, 2013

Net revenue. Net revenue increased \$5.1 million, or 14.2%, to \$41.3 million during the third quarter of 2014 from \$36.1 million during the third quarter of 2013. Net revenue in our business segment increased \$0.2 million, or 1.0%, to \$23.6 million during the third quarter of 2014 from \$23.3 million during the third quarter of 2013. The increase is due to orders from a new customer and from increased orders of our SPRI branded professional fitness accessories, offset by a decrease in orders from our largest customer after a security breach in the customer's systems and the change in our media category management contracts. Net revenue in our direct to consumer segment increased \$4.9 million, or 38.3%, to \$17.7 million during the third quarter of 2014 from \$12.8 million during the third quarter of 2013. The growth in revenues was caused by increased adventure travel volume, and growth in Gaiam TV.

Table of Contents

Cost of goods sold. Cost of goods sold increased \$1.8 million, or 8.4%, to \$23.2 million during the third quarter of 2014 from \$21.4 million during the third quarter of 2013. Cost of goods sold in our business segment decreased \$1.0 million, or 7.2%, to \$13.0 million during the third quarter of 2014 from \$14.0 million during the third quarter of 2013 and, as a percentage of net revenue, decreased 490 basis points to 55.2% during the third quarter of 2014 from 60.1% during the third quarter of 2013, due to product sales mix as well as the changes in our media category management contracts. Cost of goods sold in our direct to consumer segment increased \$2.8 million, or 37.9%, to \$10.2 million during the third quarter of 2014 from \$7.4 million during the third quarter of 2013. It stayed roughly flat as a percentage of net revenue, primarily reflecting the increase of sales in our Gaiam TV digital subscription service, which carries lower associated cost of goods sold, offset by increased expenses from our travel business, which carries a higher associated cost of goods sold.

Selling and operating expenses. Selling and operating expenses increased \$2.6 million, or 17.9%, to \$17.1 million during the third quarter of 2014 from \$14.5 million during the third quarter of 2013 and, as a percentage of net revenue, increased to 41.6% during the third quarter of 2014 from 40.2% during the third quarter of 2013, primarily due to additional investments in our digital subscription businesses and staffing to support our apparel launch planned for the spring of 2015.

Corporate, general and administration expenses. Corporate, general and administration expenses increased slightly during the third quarter of 2014 compared to 2013 and, as a percentage of net revenue, decreased to 6.6% during the third quarter of 2014 from 7.4% during the third quarter of 2013.

Gain on sale of investments. We did not sell any investments or recognize any gains on sales of investments during the quarter ended September 30, 2014. During the third quarter of 2013, we sold shares of RGSE stock for a gain of \$2.0 million.

Income tax expense. The Company recognized income tax expense of \$0.5 million during the quarter related to its majority-owned subsidiaries compared to \$0.1 million for the third quarter of 2013. The Company recognized a net loss for the quarter but, in accordance with GAAP, did not recognize a tax benefit because it continues to record a valuation allowance against its deferred tax assets. Although fully reserved on our balance sheet, Gaiam's deferred tax assets remain available to offset any income tax liabilities.

Net (loss) income attributable to Gaiam, Inc. As a result of the above factors, net loss attributable to Gaiam, Inc. was \$3.0 million, or \$0.12 per share, during the third quarter of 2014 compared to net income of \$0.1 million, or \$0.01 per share, during the third quarter of 2013. The net income for the third quarter of 2013 included \$2.0 million of gains from sales of investments and \$1.0 million of income from discontinued operations.

Nine Months Ended September 30, 2014 Compared to Nine Months Ended September 30, 2013

Net revenue. Net revenue increased \$6.6 million, or 6.3%, to \$111.3 million during the first nine months of 2014 from \$104.7 million during the first nine months of 2013. Net revenue in our business segment decreased \$1.0 million, or 1.4%, to \$68.0 million during the first nine months of 2014 from \$69.0 million during the first nine months of 2013, primarily due to a \$3.6 million decline in orders from our largest customer after a security breach in the customer's systems and changes in our category management relationships, offset by increased orders from existing and new customers. Net revenue in our direct to consumer segment increased \$7.6 million, or 21.2%, to \$43.3 million during the first nine months of 2014 from \$35.7 million during the first nine months of 2013 primarily attributable to higher adventure travel volume, and increased subscription services, partially offset by revenue declines caused by a planned decrease in catalog circulation.

Table of Contents

Cost of goods sold. Cost of goods sold decreased slightly in the first nine months of 2014 compared the first nine months of 2013. Cost of goods sold in our business segment decreased \$2.8 million, or 6.9%, to \$38.3 million during the first nine months of 2014 from \$41.1 million during the first nine months of 2013 and, as a percentage of net revenue, decreased to 56.3% during the first nine months of 2014 from 59.6% during the first nine months of 2013, due to the change in our media category management contracts as well as a shift in product sales mix. Cost of goods sold in our direct to consumer segment increased \$2.7 million, or 13.6%, to \$22.5 million during the first nine months of 2014 from \$19.8 million during the first nine months of 2013 and, as a percentage of net revenue, decreased to 52.0% during the first nine months of 2014 from 55.6% during the first nine months of 2013, primarily reflecting the increase of sales in our Gaiam TV digital subscription service, which carries lower associated cost of goods sold, partially offset by increased expenses from our travel business, which carries a higher associated cost of goods sold.

Selling and operating expenses. Selling and operating expenses increased \$4.4 million, or 10.0%, to \$48.8 million during the first nine months of 2014 from \$44.4 million during the first nine months of 2013 and, as a percentage of net revenue, increased to 43.8% during the first nine months of 2014 from 42.4% during the first nine months of 2013 primarily due to additional investments in our digital subscription business.

Corporate, general and administration expenses. Corporate, general and administration expenses increased \$0.4 million, or 4.5%, to \$8.6 million during the first nine months of 2014 from \$8.2 million during the first nine months of 2013 and, as a percentage of net revenue, decreased to 7.7% during the first nine months of 2014 from 7.8% during the first nine months of 2013.

Other general expenses. During the first nine months of 2014 we incurred \$0.7 million of legal and auditing expenses related to the potential spin-off of Gaiam TV, our digital subscription business, into a separately-traded public company.

Interest and other income. Interest and other income was an expense of \$108,000 during the first nine months of 2014 compared to income of \$100,000 during the first nine months of 2013. The loss in 2014 relates to changes in value of our foreign currency investment.

Gain on sale of investments. Gain on sale of investment of \$1.5 million during the first nine months of 2014 represents our gain recognized and net proceeds received from the sale shares of our investment in RGSE stock and all of our investment in Cinedigm Corp. stock. During the first nine months of 2013, we sold shares of RGSE stock for a gain of \$18.4 million.

Income tax expense. The Company recognized income tax expense during the first nine months of 2014 of \$0.7 million related to its majority-owned subsidiaries compared to \$3.5 million for the first nine months of 2013. The Company recognized a net loss for the first nine months of 2014 but, in accordance with GAAP, did not recognize a tax benefit because it continues to record a valuation allowance against its deferred tax assets. Although fully reserved on our balance sheet, Gaiam's deferred tax assets remain available to offset any income tax liabilities.

Net (loss) income attributable to Gaiam, Inc. As a result of the above factors, net loss attributable to Gaiam, Inc. was \$7.5 million, or \$0.31 per share, during the first nine months of 2014 compared to net income of \$7.7 million, or \$0.34 per share, during the first nine months of 2013. The net loss for the first nine months of 2014 included \$1.5 million of gains from sales of investments and no deferred tax benefit compared to the net income for the second half of 2013 which included \$18.4 million of gains from sales of investments, \$2.9 million income from discontinued operations, and a \$3.5 million tax provision.

Seasonality

Our sales are affected by seasonal influences. On an aggregate basis, we generate our strongest revenues and net income in the fourth quarter due to increased holiday spending and retailer fitness purchases.

Liquidity and Capital Resources

Our capital needs arise from working capital required to fund operations, capital expenditures related to acquisition and development of media content, development and marketing of our ecommerce and digital platforms and new products, acquisitions of new businesses, replacements, expansions and improvements to our infrastructure, and future growth. These capital requirements depend on numerous factors, including the rate of market acceptance of our product offerings, our ability to expand our customer base, the cost of ongoing upgrades to our product offerings, the level of expenditures for sales and marketing, the level of investment in distribution systems and facilities and other factors. The timing and amount of these capital requirements are variable and we cannot accurately predict them. Additionally, we will continue to pursue opportunities to expand our media libraries, evaluate possible investments in businesses, products and technologies, and increase our sales and marketing programs and brand promotions as needed. At September 30, 2014, our cash balance was \$23.4 million. Including our investment in Gaiam TV, we estimate that our capital expenditures will total approximately \$6.0 million for 2014.

Table of Contents***Cash Flows***

The following table summarizes our primary sources (uses) of cash during the periods presented:

Net (decrease) increase in cash	\$ (8,808)	\$ 1,011

Continuing Operations

Operating activities. Cash flow from operations decreased \$6.3 million during the first nine months of 2014 compared to the same period in 2013. The decrease was primarily due to a \$8.8 million reduction of accounts payable and accrued liabilities, a \$1.9 million increased investment in deferred advertising costs, and a \$1.2 million increase in advances; partially offset by a \$3.8 million decrease in inventory levels.

Investing activities. Our investing activities used net cash of \$3.0 million and provided net cash of \$15.2 million during the first nine months of 2014 and 2013, respectively. The change between years is due to \$18.4 million in sales of RGSE stock in 2013, \$1.3 million additional capital spending for media and equipment during 2014, and \$1.1 million additional cash spent to acquire businesses during 2014.

Financing activities. Our financing activities provided net cash of \$1.5 million during the first nine months of 2014. The net cash provided by financing activities during the first nine months of 2014 was due to the issuance of \$1.7 million of Gaiam Class A common stock resulting from stock option exercises. Proceeds from the exercise of stock options were used to fund general operations of the company.

We currently have an effective shelf registration statement on file with the Securities and Exchange Commission for 5,000,000 shares of our Class A common stock and to date no shares have been issued under this shelf registration statement.

In the normal course of our business, we investigate, evaluate and discuss acquisition, joint venture, minority investment, strategic relationship and other business combination opportunities in our market. For any future investment, acquisition or joint venture opportunities, we may consider using then-available liquidity, issuing equity securities or incurring additional indebtedness.

While there can be no assurances, we believe our cash on hand, cash expected to be generated from operations, cash that could be raised by the sale of our shelf registration stock and RGSE common stock, tax savings from net operating losses, and borrowing capabilities should be sufficient to fund our operations on both a short-term and long-term basis. In addition, we own our corporate headquarters and could enter into a financing or sale/lease back transaction to provide additional funds. However, our projected cash needs may change as a result of acquisitions, product development, unforeseen operational difficulties or other factors.

Table of Contents**Discontinued Operations:**

Operating activities. Our operating activities for the operations discontinued during the fourth quarter of 2013 used net cash of \$0.1 million and \$12.3 million during the first nine months of 2014 and 2013, respectively. The decrease in used cash from last year is primarily due to the wind down of our discontinued operations.

Financing activities. During the first six months of 2013, we made net payments totaling \$0.8 million on our revolving line of credit.

Contractual Obligations

We have commitments pursuant to operating lease and media distribution agreements. The following table shows our commitments to make future payments or advances under these agreements as of September 30, 2014:

(in thousands)	Total	< 1 year	1-3 years	3-5 years	> 5 years
Operating lease payments	\$ 1,742	\$ 1,254	\$ 488	\$	\$
Minimum distribution payments	6,125	3,375	2,750		
Total contractual obligations	\$ 7,867	\$ 4,629	\$ 3,238	\$	\$

Risk Factors

We wish to caution you that there are risks and uncertainties that could cause our actual results to be materially different from those indicated by forward looking statements that we make from time to time in filings with the Securities and Exchange Commission, news releases, reports, proxy statements, registration statements and other written communications as well as oral forward looking statements made from time to time by our representatives. These risks and uncertainties include those risks listed in our Annual Report on Form 10-K for the year ended December 31, 2013. Historical results are not necessarily an indication of the future results. Except for the historical information contained herein, the matters discussed in this analysis are forward-looking statements that involve risk and uncertainties, including, but not limited to, general economic and business conditions, competition, pricing, brand reputation, consumer trends, and other factors which are often beyond our control. We do not undertake any obligation to update forward-looking statements except as required by law.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We are exposed to market risks, which include changes in foreign exchange rates. We do not engage in financial transactions for trading or speculative purposes. We hold foreign currency and occasionally have forward contracts for foreign currency transactions, the gains and losses from which have been immaterial. In 2010, we acquired controlling financial interest in and, therefore, consolidated Gaiam PTY, an Australian based joint venture. Since Gaiam PTY's functional currency is the Australian dollar, this subsidiary exposes us to risk associated with foreign currency exchange rate fluctuations. However, we have determined that no material market risk exposure to our consolidated financial position, results from operations or cash flows existed as of September 30, 2014.

We purchase a significant amount of inventory from vendors outside of the U.S. in transactions that are primarily U.S.-dollar-denominated transactions. A decline in the relative value of the U.S. dollar to other foreign currencies has

and may continue to lead to increased purchasing costs.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures, as defined in Rule 13a-15(e) and Rule 15d-15(e) promulgated under the Exchange Act. Based upon its evaluation as of September 30, 2014, our management has concluded that those disclosure controls and procedures are effective.

Changes in Internal Control over Financial Reporting

No changes in our internal control over financial reporting occurred during the quarter ended September 30, 2014 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II OTHER INFORMATION

Item 1. Legal Proceedings

On August 13, 2014, Cinedigm Corp. and Cinedigm Entertainment Holdings, LLC (together, "Cinedigm") initiated an arbitration proceeding with the American Arbitration Association under the Membership Interest Purchase Agreement, dated October 17, 2013, by and among Cinedigm and the Company and one of its subsidiaries (the "MIPA"). Cinedigm's arbitration demand alleges that the Company owes Cinedigm approximately \$12.9 million under the working capital adjustment mechanism included in the MIPA.

The Company disagrees with Cinedigm's claim, and believes that if the working capital mechanism is properly applied, Cinedigm owes the Company over \$5.0 million. Therefore, the Company would have initiated the arbitration process against Cinedigm if Cinedigm had not done so. In addition to its working capital counter-claim, the Company is pursuing a counter-claim of approximately \$700,000 against Cinedigm in connection with the Transition Services Agreement executed as part of the MIPA transaction, and is reviewing other claims that it may pursue against Cinedigm. Negotiations between the Company and Cinedigm are ongoing. The Company believes that Cinedigm's arbitration claim is without merit, is a post-closing attempt to renegotiate the MIPA purchase price, and intends to deny all liability in this matter. However, this matter is in its earliest stages and neither party's ultimate liability can be predicted at this time.

From time to time, we are involved in legal proceedings that we consider to be in the normal course of business. Claimed amounts against us may be substantial but may not bear any reasonable relationship to the merits of the claim or the extent of any real risk of court or arbitral awards. We record accruals for losses related to those matters against us that we consider to be probable and that can be reasonably estimated. Although it is not feasible to predict the outcome of these matters with certainty, it is reasonably possible that some legal proceedings may be disposed of or decided unfavorably to us and in excess of the amounts currently accrued. Based on available information, in the opinion of management, settlements, arbitration awards and final judgments, if any, which are considered probable of being rendered against us in litigation or arbitration in existence at September 30, 2014 are reserved against or would not have a material adverse effect on our financial condition, results of operations or cash flows.

Item 1A. Risk Factors

No material changes.

Item 5. Other Information

We have scheduled our 2015 annual meeting of shareholders for June 3, 2015. Please note that the date of our 2015 annual meeting of shareholders has changed by more than 30 days from the first anniversary of our 2014 annual meeting of shareholders.

Shareholders may submit proposals on matters appropriate for shareholder action at our annual meetings consistent with regulations adopted by the Securities and Exchange Commission and our Bylaws. For shareholder proposals to be considered for inclusion in our proxy statement and proxy card relating to our 2015 annual meeting of shareholders pursuant to Rule 14a-8 promulgated under the Exchange Act, they must be received by us not later than 5:00 p.m. on February 21, 2015. Such proposals must contain specified information, including, among other things, information as

would be required to be included in a proxy statement under Securities and Exchange Commission rules.

In addition and in accordance with Exchange Act Rule 14a-5(f) and pursuant to the terms of our Bylaws, shareholders who desire to present a proposal for action or to nominate directors (other than proposals to be included in our proxy statement and proxy card pursuant to Rule 14a-8 promulgated under the Exchange Act) at our 2015 annual meeting of shareholders must provide notice in writing of such proposal or nomination to us no earlier than March 20, 2015 and no later than 5:00 p.m. on April 14, 2015. Shareholder notices must contain the information required by our Bylaws.

All proposals or other notices should be addressed to us at 833 West South Boulder Road, Louisville, Colorado 80027, Attention: Secretary, Gaiam, Inc.

If we do not have notice of a matter to come before our 2015 annual meeting of shareholders before the deadlines described above, your proxy card for such annual meeting will confer discretionary authority to vote on such matter.
