Background

On February 16, 2016, Accretive Health, Inc. (Accretive Health or the Company) completed the previously announced strategic transaction (the Closing) in which Ascension Health Alliance (Ascension) and Accretive Health entered into a long-term strategic partnership and amended and restated the Master Professional Services Agreement (the A&R MPSA) between Ascension Health, an affiliate of Ascension (Ascension Health), and Accretive Health on terms more fully described below. In addition, pursuant to the Securities Purchase Agreement (the Purchase Agreement), dated December 7, 2015, by and among Accretive Health, TCP-ASC ACHI Series LLLP (the Investor), a Delaware series limited liability limited partnership jointly owned by Ascension and investment funds affiliated with TowerBrook Capital Partners (TowerBrook), and Ascension solely for the purposes set forth therein, at the Closing the Company sold to the Investor, in private placements under the Securities Act of 1933, as amended, (the Securities Act), (i) 200,000 shares of the Company's 8.00% Series A Convertible Preferred Stock, par value \$0.01 per share (the Series A Preferred Stock) for an aggregate price of \$200 million and (ii) a warrant to acquire up to 60 million shares of the Company's common stock, par value \$0.01 per share (the Common Stock) on the terms and subject to the conditions set forth in the Warrant Agreement (the Warrant). The Series A Preferred Stock issued to the Investor pursuant to the Purchase Agreement is immediately convertible into shares of Common Stock.

In connection with the Closing, Accretive Health entered into: (i) the Certificate of Designations of the 8.00% Series A Convertible Preferred Stock (the Series A CoD) setting forth the rights, preferences, privileges and restrictions applicable to the Series A Convertible Preferred Stock, as filed with the Secretary of State of the State of Delaware on February 12, 2016; (ii) a Warrant Agreement by and between the Company and the Investor; (iii) an Investor Rights Agreement by and between the Company and the Investor; and (iv) a Registration Rights Agreement by and between the Company and the Investor, that were each in substantially the same form as those forms of agreements filed as exhibits to the Current Report on Form 8-K filed by the Company on December 8, 2015 (the Prior Form 8-K).

The information contained in Item 1.01 of the Prior Form 8-K is incorporated herein by reference. In addition, in connection with the Closing and consistent with the terms in the Purchase Agreement, the Company paid the Investor a funding fee equal to \$4,000,000 and an additional closing fee equal to \$10,000,000.

MPSA

The Company's A&R MPSA with Ascension Health was entered into, and is effective as of, February 16, 2016 and has a term of ten years. The A&R MPSA continues the Company's relationship with Ascension Health which commenced in October 2004 and was previously extended under the prior five-year master professional services agreement dated August 6, 2012 (the Prior MPSA). The Prior MPSA was filed as Exhibit 10.1 to the Company's Quarterly Report on Form 10-Q filed on November 8, 2012. In 2015, net services revenue from hospitals affiliated with Ascension Health are expected to represent approximately 45% of the Company's total net service revenue. In 2015, hospitals affiliated with Ascension Health are expected to represent approximately 59% of the Company's gross cash generated from customer contracting activities. As of December 31, 2015, hospitals affiliated with Ascension Health are expected to represent approximately 75% of the Company's total deferred customer billings.

Pursuant to the A&R MPSA, the Company will continue to provide its revenue cycle management service offering to hospitals affiliated with Ascension Health. The existing supplement agreements for such hospitals receiving services under the prior MPSA will continue in effect, as

appropriate, under the A&R MPSA. Each such hospital will be also required to execute a supplement agreement to transition to Accretive Health such hospital's PAS (as defined in the A&R MPSA) needs under the A&R MPSA. Certain other of Ascension Health's affiliated hospitals not currently receiving services from the Company will be required to execute a supplement agreement to receive revenue cycle management services and PAS under the A&R MPSA. Further, the Company expects that additional hospitals acquired by Ascension Health or any of its affiliated hospital systems will, over time, execute supplement agreements under the A&R MPSA.

The A&R MPSA provides that each supplement agreement between the Company and a hospital affiliated with Ascension Health will incorporate the provisions of the A&R MPSA and provide that the hospital will be bound by the A&R MPSA and all amendments, modifications and waivers to which the Company and Ascension Health agree under the A&R MPSA. With certain limited exceptions, the Company will be the exclusive provider of revenue cycle management services and PAS with respect to acute care services provided by the hospitals affiliated with Ascension Health that execute supplement agreements with the Company.

Either party may terminate the A&R MPSA upon the occurrence of certain bankruptcy or similar insolvency events with respect to the other party, except that Ascension Health may not so terminate the A&R MPSA if the Company continues to provide the services under the A&R MPSA, and the Company may not so terminate the A&R MPSA if Ascension Health or the applicable hospital pays for the services under the A&R MPSA. Further, the non-breaching party may terminate an applicable supplement agreement for uncured material breaches of the A&R MPSA by the other party that are not cured within 30 days after receipt of written notice (for material breaches regarding HIPAA violations or violations of data protection obligations) or 90 days of written notice (for all other material breaches). Ascension Health may terminate an applicable supplement agreement upon the occurrence of certain amounts of service level failures in a specified period (subject to an initial grace period) or payment of certain amounts of service level credits (subject to an initial grace period and a right to cure by increasing the maximum amount of service level credits that may be incurred by Accretive).

In addition, a party may terminate the applicable portion of the services under the A&R MPSA: (i) in the event of a change in an applicable law relating to healthcare regulatory matters, only to the extent that, as a result of such change, (a) it would be unlawful for such party to continue to perform or receive such applicable portion of the services, or (b) the continued performance or receipt by such party of such applicable portion of the services would have a material adverse effect on such party's business, taken as a whole; or (ii) in the event of certain adverse judgments, injunctions, orders or decisions made by a governmental entity of competent jurisdiction. Further, a party may terminate the entire A&R MPSA if the other party is excluded from certain health care programs.

None of the A&R MPSA, any supplement agreement, or any service may be terminated by any hospital affiliated with Ascension Health.

The A&R MPSA provides, among other things, that, when providing revenue cycle management or PAS to an Ascension Health-affiliated hospital:

the Company must comply with the applicable hospital's or Ascension Health's, as applicable, policies and procedures relating to billing, collections, charity care, personnel, risk management, good corporate citizenship and other matters; the ethical and religious directives for Catholic healthcare services; and all applicable federal, state and local laws and regulations;

the Company assumes responsibility for managing the hospital's revenue cycle management operations to comply with the hospital's established policies and standard operating procedures;

the Company assumes responsibility for the cost of the hospital's revenue cycle management operations including agreements and costs associated with certain related third-party services, and the payroll and benefit costs associated with the hospital's employees conducting revenue cycle management activities, a number of whom will become Accretive Health employees for all purposes;

the Company is required to supply the technology necessary to implement and manage its services;

each hospital must provide the Company with certain facilities, standard office furnishings and services, certain pre-existing revenue cycle management assets, and authority, in each case to provide the Company's services;

in general, each hospital pays the Company:

base fees equal to a specified percentage of cash collections; and

incentive payments equal to a specified percentage of cash collections, then adjusted based on the weighted average of the Company's performance scores across a series of performance metrics associated with the hospital's revenue cycle operations;

the Company has agreed to meet specific service level standards when managing certain portions of each hospital's revenue cycle management operations and PAS; failure to meet the service level standards will typically result in the payment of a credit to the applicable hospital (up to a cap);

the Company is required to offer to Ascension Health's affiliated hospitals fees for the Company's services that are at least as low as the fees the Company charges any other similarly-situated customer receiving comparable services at comparable or lower volumes;

the Company must implement its services and technology at each hospital in a manner designed to minimize any interruption in the hospital's operations;

the Company is required to follow Ascension Health's charity care and billing and collection policies and may be required to provide discounts for patients in financial need and for those who are not;

designated executive representatives of each of the Company and Ascension Health oversee the obligations and performance of the parties and resolve disputes, with any unresolved disputes submitted to designated senior executives at each of the Company and Ascension Health, and with any remaining unresolved issues

Edgar Filing: Accretive Health, Inc. - Form 8-K

submitted to a joint review board for resolution; the parties may resort to formal proceedings to resolve their disputes either after the joint review board is unable to resolve such disputes that are not sooner resolved or to avoid harm to such party that cannot be avoided without resorting to formal proceedings;

the parties provide various representations and indemnities to each other;

following termination or expiration of the A&R MPSA or any supplement agreement between the Company and a hospital affiliated with Ascension Health or any services specified therein, if requested by Ascension Health, the Company must continue to provide the Company's services for up to one year in return for compensation equal to applicable charges for the services provided, including additional charges for additional services outside the scope of the previously provided services; and

following termination or expiration of the A&R MPSA, the Company must grant to the applicable hospitals a license to continue using all software and applications the Company used to provide its services, in exchange for payments and fees that vary depending on whether the A&R MPSA is terminated for cause or for any other reason.

Indemnification Agreements

In connection with the Closing, the Company has entered or will enter into new indemnification agreements with each of the Company's directors. These indemnification agreements may require the Company, among other things, to indemnify its directors and executive officers for some expenses, including attorneys' fees, judgments, fines and settlement amounts incurred by a director in any action or proceeding arising out of his service as one of the Company's directors or executive officers, or any of the Company's subsidiaries or any other company or enterprise to which the person provides services at the Company's request.

The form of Indemnification Agreement is filed as Exhibit 10.1 to this Current Report on Form 8-K and incorporated into this Item 1.01 by reference, and the foregoing summary of the Indemnification Agreement is qualified in its entirety by reference to Exhibit 10.1.
