**ABOUT MEDICAL PROPERTIES AND MPT OPERATING PARTNERSHIP**

Medical Properties is a self-advised real estate investment trust, or a REIT, listed on the New York Stock Exchange focused on investing in and owning net-leased healthcare facilities across the United States ( U.S. ) and selectively in foreign jurisdictions. Medical Properties has operated as a REIT since April 6, 2004. Medical Properties was incorporated under Maryland law on August 27, 2003, and MPT Operating Partnership was formed under Delaware law on September 10, 2003. We conduct substantially all of our business through MPT Operating Partnership. We acquire and develop healthcare facilities and lease the facilities to healthcare operating companies under long-term net leases, which require the tenant to bear most of the costs associated with the property. We also make mortgage loans to healthcare operators collateralized by their real estate assets. In addition, we selectively make loans to certain of our operators through our taxable REIT subsidiaries, the proceeds of which are typically used for acquisition and working capital. From time to time, we may also acquire a profit or other equity interest in certain of our tenants that gives us a right to share in such tenants' profits and losses.

Our principal executive offices are located at 1000 Urban Center Drive, Suite 501, Birmingham, Alabama 35242. Our telephone number is (205) 969-3755. Our Internet address is [www.medicalpropertystrust.com](http://www.medicalpropertystrust.com). The information found on, or otherwise accessible through, our website is not incorporated into, and does not form a part of, this prospectus or any other report or document we file with or furnish to the SEC.

**ABOUT MPT FINANCE CORP.**

MPT Finance Corp. is a wholly-owned subsidiary of MPT Operating Partnership. MPT Finance Corp. has no assets and does not and will not conduct any operations or have any employees. It was formed for the sole purpose of acting as an issuer or co-issuer of debt securities that MPT Operating Partnership may issue from time to time solely to allow certain institutional investors that might otherwise not be able to invest in our securities, either because MPT

Operating Partnership is a limited partnership, or by reason of the legal investment laws of their states of organization or their charters, to invest in our debt securities.

**Table of Contents****RISK FACTORS**

Before investing in the debt securities, you should consider carefully all of the information set forth herein, in any accompanying prospectus supplement and the documents incorporated by reference herein and therein, and any free writing prospectus we authorize to be delivered to you unless expressly provided otherwise, and, in particular, the risk factors described in the combined Annual Report of Medical Properties and MPT Operating Partnership on Form 10-K for the year ended December 31, 2015 and the combined Quarterly Report of Medical Properties and MPT Operating Partnership on Form 10-Q for the quarter ended June 30, 2016, each filed with the SEC and incorporated by reference in this prospectus, and in any future filings with the SEC that are incorporated by reference in this prospectus. The risks described in any accompanying prospectus supplement and the documents incorporated by reference herein are not the only ones we face. Additional risks not presently known to us or that we currently deem immaterial may also adversely affect our business operations. These risks could materially adversely affect, among other things, our business financial condition and results of operations, and could cause the trading price of the debt securities to decline, resulting in the loss of all or part of your investment.

**DESCRIPTION OF DEBT SECURITIES**

This prospectus contains a summary of the securities that we may sell pursuant to this prospectus. This summary is not meant to be a complete description of each security. However, this prospectus, together with any applicable accompanying prospectus supplement, will contain the material terms of the securities being offered.

**Description of Certain Debt Securities and Guarantees**

***General***

MPT Operating Partnership, L.P. ( **Opco** ) may issue senior debt securities in one or more series, and MPT Finance Corporation ( **Finco** ) is expected to be a co-issuer of any such series. Finco is a wholly-owned subsidiary of OpCo. Finco has no assets and does not and will not conduct any operations or have any employees. It was formed for the sole purpose of acting as an issuer or co-obligor of debt securities that OpCo may issue from time to time. When used in this section Description of Certain Debt Securities, the terms we, us, our and Issuers refer jointly to OpCo and Finco. The term **Parent** as used in this section refers only to Medical Properties Trust, Inc. and not to any of its subsidiaries.

If we offer debt securities covered by this registration statement, we will issue them under a base indenture, dated as of October 10, 2013, by and among the Issuers, the Parent, as guarantor, certain subsidiaries of OpCo party thereto and Wilmington Trust, National Association, as trustee, which will be amended and supplemented by a supplemental indenture to create the form and terms of each series of debt securities that may be issued, offered and sold hereunder. The base indenture is filed as an exhibit to the registration statement of which this prospectus is a part, and any supplemental indenture will be filed as an exhibit to a document incorporated by reference herein, in connection with the issuance of any new series of debt securities offered and sold hereunder. We refer to the base indenture, as amended and supplemented by each supplemental indenture applicable to a series of debt securities issued thereunder and offered hereby, as an indenture. We urge you to read the base and relevant supplemental indenture because these documents, and not the summary below, will define your rights as a holder of debt securities. Capitalized terms used in the summary have the meanings specified in the indenture.

**Specific Terms of Each Series of Debt Securities in the Prospectus Supplement**

A prospectus supplement and a supplemental indenture relating to any series of debt securities being offered will include specific terms relating to the offering. These terms will include some or all of the following:

whether Finco will be a co-issuer;

the guarantors of the debt securities, if any;

the title of the debt securities;

the total principal amount of the debt securities;

the assets, if any, that are pledged as security for the payment of the debt securities;

whether we will issue the debt securities in individual certificates to each holder in registered form, or in the form of temporary or permanent global securities held by a depository on behalf of holders;

the prices at which we will issue the debt securities;

the portion of the principal amount that will be payable if the maturity of the debt securities is accelerated;

the currency or currency unit in which the debt securities will be payable, if not U.S. dollars;

the dates on which the principal of the debt securities will be payable;

the interest rate that the debt securities will bear and the interest payment dates for the debt securities;

## **Table of Contents**

any optional redemption provisions;

any sinking fund or other provisions that would obligate us to repurchase or otherwise redeem the debt securities;

any changes to or additional events of default or covenants; and

any other terms of the debt securities.

We may offer and sell debt securities, including original issue discount debt securities, at a substantial discount below their principal amount. The prospectus supplement will describe special U.S. federal income tax and any other considerations applicable to those securities. In addition, the prospectus supplement may describe certain special U.S. federal income tax or other considerations applicable to any debt securities that are denominated in a currency other than U.S. dollars.

## ***Guarantees***

To the extent specified in the prospectus supplement relating to a series of debt securities, Parent may guarantee to each holder and the Trustee, on a joint and several basis, the full and prompt payment of principal of, premium, if any, and interest on the debt securities of that series when and as the same become due and payable, whether at stated maturity, upon redemption or repurchase, by declaration of acceleration or otherwise. If a series of debt securities is guaranteed, such series may be guaranteed by Parent and, to the extent specified in the prospectus supplement relating to a series of debt securities and if one or more specified contingencies occurs after issuance of such debt securities, by some or all of Parent's subsidiaries. The prospectus supplement will describe any limitation on the maximum amount of any particular guarantee and the conditions under which guarantees may be released. The guarantees will be general obligations of the Parent and any such subsidiaries.

## ***Consolidation, Merger or Asset Sale***

Unless otherwise specified in the prospectus supplement respecting a series of debt securities, each indenture will, in general, allow us to consolidate or merge with or into another entity. It will also allow each issuer to sell, lease, transfer or otherwise dispose of all or substantially all of its assets to another entity. If this happens, the remaining or acquiring entity must assume all of the issuer's responsibilities and liabilities under the indenture including the payment of all amounts due on the debt securities and performance of the issuer's covenants in the indenture.

## ***No Protection in the Event of a Change of Control***

Unless otherwise set forth in the prospectus supplement, the debt securities will not contain any provisions that protect the holders of the debt securities in the event of a change of control of us or in the event of a highly leveraged transaction, whether or not such transaction results in a change of control of us.

## ***Modification of Indentures***

Unless otherwise specified in the prospectus supplement respecting a series of debt securities, the following description will apply to modifications of indentures.

We may supplement or amend an indenture if the holders of a majority in aggregate principal amount of the outstanding debt securities of all series issued under the indenture affected by the supplement or amendment consent to it. Further, the holders of a majority in aggregate principal amount of the outstanding debt securities of any series may waive past defaults under the indenture and compliance by us with our covenants with respect to the debt securities of that series only. Those holders may not, however, waive any default in any payment on any

**Table of Contents**

debt security of that series or compliance with a provision that cannot be supplemented or amended without the consent of each holder affected. Without the consent of each outstanding debt security affected, no modification of the indenture or waiver may:

reduce the principal amount of debt securities whose holders must consent to an amendment, supplement or waiver;

reduce the principal of or change the fixed maturity of any debt security;

reduce or waive the premium payable upon redemption or alter or waive the provisions with respect to the redemption of the debt securities (except as may be permitted in the case of a particular series of debt securities);

reduce the rate of or change the time for payment of interest on any debt security;

waive a Default or an Event of Default in the payment of principal of or premium, if any, or interest on the debt securities (except a rescission of acceleration of the debt securities by the holders of at least a majority in aggregate principal amount of the debt securities and a waiver of the payment default that resulted from such acceleration);

except as otherwise permitted under the indenture, release any security that may have been granted with respect to the debt securities;

make any debt security payable in currency other than that stated in the debt securities;

make any change in the provisions of the indenture relating to waivers of past Defaults or the rights of holders of debt securities to receive payments of principal of or premium, if any, or interest on the debt securities;

waive a redemption payment with respect to any debt security (except as may be permitted in the case of a particular series of debt securities);

except as otherwise permitted in the indenture, release any guarantor from its obligations under its guarantee or the indenture or change any guarantee in any manner that would adversely affect the rights of holders; or

Edgar Filing: MEDICAL PROPERTIES TRUST INC - Form S-3ASR

make any change in the preceding amendment, supplement and waiver provisions (except to increase any percentage set forth therein).

We may supplement or amend an indenture without the consent of any holders of the debt securities in certain circumstances, including:

to establish the form of terms of any series of debt securities;

to cure any ambiguity, defect or inconsistency;

to provide for the assumption of an issuer's or guarantor's obligations to holders of debt securities in the case of a merger or consolidation or disposition of all or substantially all of such issuer's or guarantor's assets;

to add or release guarantors pursuant to the terms of the indenture;

to make any changes that would provide any additional rights or benefits to the holders of debt securities or that do not, taken as a whole, adversely affect the rights under the indenture of any holder of debt securities;

to evidence or provide for the acceptance of appointment under the indenture of a successor Trustee;

to add any additional Events of Default; or

to secure the debt securities and/or the guarantees.

**Table of Contents**

***Events of Default and Remedies***

Unless otherwise specified in the prospectus supplement respecting a series of debt securities, the following description will apply to Events of Default and remedies under an indenture.

An Event of Default, when used in an indenture, will mean any of the following with respect to the debt securities of any series:

failure to pay when due the principal of or any premium on any debt security of that series;

failure to pay, within 60 days of the due date, interest on any debt security of that series;

failure to pay when due any sinking fund payment with respect to any debt securities of that series;

failure on the part of the Issuers to comply with the covenant described under Consolidation, Merger or Asset Sale ;

failure to perform any other covenant in the indenture that continues for 30 days after written notice is given to the Issuers;

certain events of bankruptcy, insolvency or reorganization of an issuer; or

any other Event of Default provided under the terms of the debt securities of that series.

An Event of Default for a particular series of debt securities will not necessarily constitute an Event of Default for any other series of debt securities issued under an indenture. The Trustee may withhold notice to the holders of debt securities of any default (except in the payment of principal, premium, if any, or interest) if it considers such withholding of notice to be in the best interests of the holders.

If an Event of Default for any series of debt securities occurs and continues, the Trustee or the holders of at least 25% in aggregate principal amount of the debt securities of the series may declare the entire principal of, and accrued interest on, all the debt securities of that series to be due and payable immediately. If this happens, subject to certain conditions, the holders of a majority in the aggregate principal amount of the debt securities of that series can rescind the declaration.

Other than its duties in case of a default, a Trustee is not obligated to exercise any of its rights or powers under either indenture at the request, order or direction of any holders, unless the holders offer the Trustee reasonable security or indemnity. If they provide this reasonable security or indemnification, the holders of a majority in aggregate principal amount of any series of debt securities may direct the time, method and place of conducting any proceeding or any remedy available to the Trustee, or exercising any power conferred upon the Trustee, for that series of debt securities.

***No Limit on Amount of Debt Securities***

The indenture will not limit the amount of debt securities that we may issue, unless we indicate otherwise in a prospectus supplement.

***Registration of Debt Securities***

We will issue debt securities of a series only in registered form, without coupons, unless otherwise indicated in the prospectus supplement.

***Minimum Denominations***

Unless the prospectus supplement states otherwise, the debt securities will be issued only in principal amounts of \$1,000 each or integral multiples of \$1,000.

## **Table of Contents**

### ***No Personal Liability***

The indenture provides that no recourse for the payment of the principal of, premium, if any, or interest on any of the debt securities or for any claim based thereon or otherwise in respect thereof, and no recourse under or upon any obligation, covenant or agreement of the Issuers or the guarantors in the indenture, or in any of the debt securities or guarantees or because of the creation of any indebtedness represented thereby, shall be had against any incorporator, stockholder, officer, director, employee or controlling person of the Issuers or the guarantors or of any successor person thereof. Each holder, by accepting the debt securities, waives and releases all such liability. The waiver and release are part of the consideration for issuance of the debt securities.

### **Payment and Transfer**

The Trustee will initially act as paying agent and registrar under the indenture. The Issuers may change the paying agent or registrar without prior notice to the holders of debt securities, and the Issuers or any of their subsidiaries may act as paying agent or registrar.

If a holder of debt securities has given wire transfer instructions to the Issuers, the Issuers will make all payments on the debt securities in accordance with those instructions. All other payments on the debt securities will be made at the corporate trust office of the Trustee, unless the Issuers elect to make interest payments by check mailed to the holders at their addresses set forth in the debt security register.

### **Exchange, Registration and Transfer**

Debt securities of any series will be exchangeable for other debt securities of the same series, the same total principal amount and the same terms but in different authorized denominations in accordance with the indenture. Holders may present debt securities for exchange or registration of transfer at the office of the registrar. The registrar will effect the transfer or exchange when it is satisfied with the documents of title and identity of the person making the request. We will not charge a service charge for any registration of transfer or exchange of the debt securities. We may, however, require the payment of any tax or other governmental charge payable for that registration.

We will not be required:

to issue, register the transfer of, or exchange debt securities of a series either during a period beginning 15 business days prior to the selection of debt securities of that series for redemption and ending on the close of business on the day of mailing of the relevant notice of redemption or repurchase, or between a record date and the next succeeding interest payment date; or

to register the transfer of or exchange any debt security called for redemption or repurchase, except the unredeemed portion of any debt security we are redeeming or repurchasing in part.

### **Satisfaction and Discharge; Defeasance**

Unless otherwise specified in the prospectus supplement respecting a series of debt securities, the following description will apply to the satisfaction and discharge and defeasance of the debt securities.

The indenture will be discharged and will cease to be of further effect as to all outstanding debt securities of any series issued thereunder, when:

(a) either

- (1) all outstanding debt securities of that series that have been authenticated (except lost, stolen or destroyed debt securities that have been replaced or paid and debt securities for whose payment money has theretofore been deposited in trust and thereafter repaid to us) have been delivered to the Trustee for cancellation; or

The debt securities of a particular series will be subject to legal or covenant defeasance to the extent, and upon the terms and conditions, set forth in the prospectus supplement.

**Concerning the Trustee**

The indenture provides that, except during the continuance of a Default, the trustee will not be liable, except for the performance of such duties as are specifically set forth in the indenture. If an Event of Default has occurred and is continuing, the trustee will use the same degree of care and skill in its exercise of the rights and powers vested in it under the indenture as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

The indenture and provisions of the Trust Indenture Act of 1939 incorporated by reference into the indenture contain limitations on the rights of the trustee, should it become a creditor of an Issuer, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise. The trustee is permitted to engage in other transactions; *provided, however*, that if it acquires any conflicting interest, it must eliminate such conflict or resign.

**Governing Law**

The indenture and all of the debt securities and guarantees will be governed by the laws of the State of New York.

**CERTAIN MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS**

This section summarizes the current material federal income tax consequences to Medical Properties and MPT Operating Partnership generally resulting from the treatment of Medical Properties as a REIT. Because this section is a general summary, it does not address all of the potential tax issues that may be relevant to you in light of your particular circumstances. Baker, Donelson, Bearman, Caldwell & Berkowitz, P.C., or Baker Donelson, has acted as our counsel, has reviewed this summary, and is of the opinion that the discussion contained herein fairly summarizes the federal income tax consequences that are material to a holder of our securities. The discussion does not address all aspects of taxation that may be relevant to particular securityholders in light of their personal investment or tax circumstances, or to certain types of securityholders that are subject to special treatment under the federal income tax laws, such as insurance companies, tax-exempt organizations, financial institutions or broker-dealers, and non-United States individuals and foreign corporations.

The statements in this section of the opinion of Baker Donelson, referred to as the Tax Opinion, are based on the current federal income tax laws governing qualification as a REIT. We cannot assure you that new laws, interpretations of law or court decisions, any of which may take effect retroactively, will not cause any statement in this section to be inaccurate. You should be aware that opinions of counsel are not binding on the Internal Revenue Service ( IRS ), and no assurance can be given that the IRS will not challenge the conclusions set forth in those opinions.

This section is not a substitute for careful tax planning, nor does it constitute tax advice. We urge you to consult your own tax advisors regarding the specific federal, state, local, foreign and other tax consequences to you, in the light of your own particular circumstances, of the purchase, ownership and disposition of shares of our common stock, our election to be taxed as a REIT and the effect of potential changes in applicable tax laws.

**Taxation of Our Company**

We were previously taxed as a subchapter S corporation. We revoked our subchapter S election on April 6, 2004 and we have elected to be taxed as a REIT under Sections 856 through 860 of the Internal Revenue Code of 1986, as amended (the Code ), commencing with our taxable year that began on April 6, 2004 and ended on December 31, 2004. In connection with this offering, our REIT counsel, Baker Donelson, has opined that, for federal income tax purposes, we are and have been organized in conformity with the requirements for qualification to be taxed as a REIT under the Code commencing with our initial short taxable year ended December 31, 2004, and that our current and proposed method of operations as described in this prospectus and as represented to our counsel by us satisfies currently, and will enable us to continue to satisfy in the future, the requirements for such qualification and taxation as a REIT under the Code for future taxable years. This opinion, however, is based on factual assumptions and representations made by us to Baker Donelson concerning our organization, our proposed ownership and operations, and other matters relating to our ability to qualify as a REIT, and is expressly conditioned upon the accuracy of such assumptions and representations.

We believe that our proposed future method of operation will enable us to continue to qualify as a REIT. However, no assurances can be given that our beliefs or expectations will be fulfilled, as such qualification and taxation as a REIT depends upon our ability to meet, for each taxable year, various tests imposed under the Code as discussed below. Those qualification tests involve the percentage of income that we earn from specified sources, the percentage of our assets that falls within specified categories, the diversity of our stock ownership, and the percentage of our earnings that we distribute. Baker Donelson will not review our compliance with those tests on a continuing basis. Accordingly, with respect to our current and future taxable years, no assurance can be given that the actual results of our operation will satisfy such requirements. For a discussion of the tax consequences of our failure to maintain our

qualification as a REIT, see Requirements for Qualification Failure to Qualify.

The sections of the Code relating to qualification and operation as a REIT, and the federal income taxation of a REIT and its stockholders, are highly technical and complex. The following discussion sets forth only the material aspects of those sections. This summary is qualified in its entirety by the applicable Code provisions and the related rules and regulations.

**Table of Contents**

We generally will not be subject to federal income tax on the taxable income that we currently distribute to our stockholders. The benefit of that tax treatment is that it avoids the double taxation, or taxation at both the corporate and stockholder levels, that generally results from owning stock in a corporation. However, we will be subject to federal tax in the following circumstances:

We are subject to the corporate federal income tax on taxable income, including net capital gain, that we do not distribute to stockholders during, or within a specified time period after, the calendar year in which the income is earned.

We are subject to the corporate alternative minimum tax on any items of tax preference that we do not distribute or allocate to stockholders.

We are subject to tax, at the highest corporate rate, on:

net gain from the sale or other disposition of property acquired through foreclosure ( foreclosure property ) that we hold primarily for sale to customers in the ordinary course of business, and

other non-qualifying income from foreclosure property.

We are subject to a 100% tax on net income from sales or other dispositions of property, other than foreclosure property, that we hold primarily for sale to customers in the ordinary course of business.

We fail to satisfy the 75% gross income test or the 95% gross income test, as described below under Requirements for Qualification Gross Income Tests, but nonetheless continue to qualify as a REIT because we meet other requirements, we will be subject to a 100% tax on:

the greater of (1) the amount by which we fail the 75% gross income test, or (2) the amount by which we fail the 95% gross income test multiplied by

a fraction intended to reflect our profitability.

If we fail to distribute during a calendar year at least the sum of: (1) 85% of our REIT ordinary income for the year, (2) 95% of our REIT capital gain net income for the year and (3) any undistributed taxable income from earlier periods, then we will be subject to a 4% excise tax on the excess of the required distribution over the amount we actually distributed.

If we fail to satisfy one or more requirements for REIT qualification during a taxable year, other than a gross income test or an asset test and such failure is due to reasonable cause, we may retain our REIT qualification if we pay a penalty of \$50,000 for each such failure.

We may elect to retain and pay income tax on our net long-term capital gain. In that case, a United States stockholder would be taxed on its proportionate share of our undistributed long-term capital gain (to the extent that we make a timely designation of such gain to the stockholder) and would receive a credit or refund for its proportionate share of the tax we paid.

We may be subject to a 100% excise tax on certain transactions with a taxable REIT subsidiary that are not conducted at arm's-length.

If we acquire any asset from a C corporation (that is, a corporation generally subject to the full corporate-level tax) in a transaction in which the basis of the asset in our hands is determined by reference to the basis of the asset in the hands of the C corporation, and we recognize gain on the disposition of the asset during the 5 year period beginning on the date that we acquired the asset (7 years for dispositions in 2009 or 2010 and 10 years for dispositions prior to 2010 or after August 8, 2016), then the asset's built-in gain will be subject to tax at the highest corporate rate.

#### **Requirements for Qualification**

To continue to qualify as a REIT, we must meet various (1) organizational requirements, (2) gross income tests, (3) asset tests, and (4) annual distribution requirements.
