You may withdraw tendered Starwood Notes at any time prior to the Expiration Date. As of the date of this prospectus, there was \$1,556,404,000 aggregate principal amount of Starwood Notes outstanding.

Concurrently with the exchange offers, we are also soliciting consents (the "consent solicitations") from each holder of the Starwood Notes, upon the terms and conditions set forth in this prospectus and the related letter of transmittal and consent, to certain proposed amendments (the "proposed amendments") to each series of Starwood Notes to be governed by, as applicable:

You may revoke your consent at any time prior to the Expiration Date by withdrawing the Starwood Notes you have tendered.

The Company

We are one of the world's leading lodging companies. On September 23, 2016, we completed our business combination with Starwood. We are a worldwide operator, franchisor, and licensor of nearly 6,000 hotel and timeshare properties with over 1.17 million rooms in 120 countries and territories under 30 brand names as of September 30, 2016. We also develop, operate, and market residential properties and provide services to home/condominium owner associations. Under our business model, we typically manage or franchise hotels, rather than own them. We report our operations in three segments: North American Full-Service, North American Limited-Service, and International.

Marriott's principal executive offices are located at 10400 Fernwood Road, Bethesda, Maryland 20817. Our telephone number is (301) 380-3000.

Recent Developments

In connection with our business combination with Starwood, we offered to repurchase any or all of Starwood's outstanding 7.150% Senior Notes due 2019 and 3.125% Senior Notes due 2023. We completed our offer on October 25, 2016 and repurchased \$310,000 in aggregate principal amount of the 7.150% Senior Notes due 2019 and \$23,667,000 in aggregate principal amount of the 3.125% Senior Notes due 2023. \$209,445,000 in aggregate principal amount of the 7.150% Senior Notes due 2019 and \$326,333,000, in aggregate principal amount of the 3.125% Senior Notes due 2023, remained outstanding following the completion of the offer to repurchase.

Questions and Answers about the Exchange Offers and Consent Solicitations

Q: Why is Marriott making the exchange offers and consent solicitations?

A: Marriott is conducting the exchange offers to simplify its capital structure and to give existing holders of Starwood Notes the option to obtain securities issued by Marriott International, Inc. which will be *pari passu* with Marriott's other unsecured and unsubordinated debt securities. Marriott is conducting the consent solicitations to, among other things, eliminate (1) substantially all of the restrictive covenants, (2) the change of control provisions, (3) certain requirements that must be met for Starwood to consolidate, merge or sell all or substantially all of its assets and (4) certain events of default in the Starwood Indentures so they will no longer apply. Completion of the exchange offers and consent solicitations is expected to ease administration of the Company's consolidated indebtedness. Although the proposed amendments would also delete the company reporting covenant, Starwood has already ceased reporting under Section 13 or 15(d) of the

Exchange Act and, accordingly, current stand-alone information about Starwood is no longer publicly available. Marriott expects that completion of the exchange offers and consent solicitations will ease administration of the consolidated indebtedness.

Table of Contents

Q: What will I receive if I tender my Starwood Notes in the exchange offers and consent solicitations?

A: Upon the terms and subject to the conditions of the exchange offers described in this prospectus and the letter of transmittal and consent, for each Starwood Note that you validly tender before 11:59 p.m., New York City time, on Friday, December 16, 2016 (the **Expiration Date**), and do not validly withdraw, you will be eligible to receive a Marriott Note of the applicable series (as designated in the table below), which will accrue interest at the same annual interest rate, have the same interest payment dates, same optional redemption prices and same maturity date as the Starwood Note which you exchanged. Specifically, (i) in exchange for each \$1,000 principal amount of Starwood Notes that you validly tender before 5:00 p.m., New York City time, on Friday, December 2, 2016, unless extended (the **Early Participation Date**), and do not validly withdraw, you will be eligible to receive the Total Consideration, which consists of \$1,000 principal amount of Marriott Notes and includes the Early Participation Premium of \$30 principal amount of Marriott Notes, and a cash amount of \$1.00, and (ii) in exchange for each \$1,000 principal amount of Starwood Notes that you validly tender after the Early Participation Date but before the Expiration Date, and do not validly withdraw, you will receive only the Exchange Consideration, which consists of \$970 principal amount of Marriott Notes and a cash amount of \$1.00.

The Marriott Notes will be issued under and governed by the terms of the Marriott Indenture (as defined in this prospectus) described under **The Exchange Offers and Consent Solicitations**. The Marriott Notes will be issued only in denominations of \$2,000 and integral multiples of \$1,000 thereof. We will not accept any tender that would result in the issuance of less than \$2,000 principal amount of Marriott Notes with respect to such tender. See **Description of New Marriott Notes Additional Mechanics**. If Marriott would be required to issue a Marriott Note in a minimum denomination other than \$2,000 or a larger whole multiple of \$1,000, Marriott will, in lieu of such issuance:

issue a Marriott Note in a principal amount that has been rounded down to \$2,000 or the nearest lesser whole multiple of \$1,000 that is larger than \$2,000, as applicable; and

pay a cash amount equal to:

the difference between (i) the principal amount of the Marriott Notes to which the tendering holder would otherwise be entitled and (ii) the principal amount of the Marriott Note actually issued in accordance with this paragraph; plus

accrued and unpaid interest on the principal amount representing such difference up to, but excluding, the Settlement Date.

Except as otherwise set forth above: (i) instead of receiving a payment for accrued interest on Starwood Notes that you exchange, the Marriott Notes you receive in exchange for those Starwood Notes will accrue interest from (and including) the most recent interest payment date on those Starwood Notes and (ii) no accrued but unpaid interest will be paid on the Starwood Notes that you tender for exchange.

By tendering your Starwood Notes for exchange, you will be deemed to have validly delivered your consent to the proposed amendments to the relevant Starwood Indenture, as further described under **The Proposed Amendments**. You may not consent to the proposed amendments to the applicable Starwood Indenture without tendering your

Starwood Notes in the appropriate exchange offer and you may not tender your Starwood Notes for exchange

without consenting to the applicable proposed amendments. The proposed amendments may become effective for any series of Starwood Notes where the Requisite Consents are received and the conditions discussed under The Exchange Offers and Consent Solicitations Conditions to the Exchange Offers and Consent Solicitations have been satisfied or, where permitted, waived. You may revoke your consent at any time before the Expiration Date by withdrawing the Starwood Notes you have tendered.

Q: What are the proposed amendments?

A: The proposed amendments will, among other things, eliminate (1) substantially all of the restrictive covenants, (2) the change of control provisions, (3) certain requirements that must be met for Starwood to consolidate, merge or sell all or substantially all of its assets and (4) certain events of default in the Starwood Indentures so they will no longer apply, as well as change the delivery date of the annual compliance certificate.

For each series of Starwood Notes, if the Requisite Consents have been received before the Expiration Date, assuming all other conditions of the exchange offers and consent solicitations are satisfied or, where permitted, waived, as applicable, all of the sections or provisions listed below under the applicable Starwood Indenture for the following series of Starwood Notes will be deleted or modified, as applicable:

Section 6.03 of the 2008 Starwood Indenture, Section 6.03 of the 2009 Starwood Indenture, Section 6.03 of the 2012 Starwood Indenture and Section 6.03 of the 2014 Starwood Indenture Existence

Section 6.02 of the 2008 Starwood Indenture, Section 6.02 of the 2009 Starwood Indenture, Section 6.02 of the 2012 Starwood Indenture and Section 6.02 of the 2014 Starwood Indenture Restrictions on Secured Debt

Section 6.01 of the 2008 Starwood Indenture, Section 6.01 of the 2009 Starwood Indenture, Section 6.01 of the 2012 Starwood Indenture and Section 6.01 of the 2014 Starwood Indenture Limitations on Sales and Leasebacks

Section 6.01(e) of the 2007 Starwood Base Indenture and Section 6.01(e) of the 2012 Starwood Base Indenture Events of Default (Cross-Acceleration)

Section 3.02 of the 2008 Starwood Indenture, Section 3.02 of the 2009 Starwood Indenture, Section 3.02 of the 2012 Starwood Indenture and Section 3.02 of the 2014 Starwood Indenture Change of Control

Merger and Consolidation Covenant. The proposed amendments would also modify Section 11.01 of both the 2007 Starwood Base Indenture and Section 11.01 of the 2012 Starwood Base Indenture Company May Consolidate, Etc., Only On Certain Terms to (i) modify the restrictions on Starwood's ability to sell its assets as, or substantially as, an entirety so that such a sale may occur so long as Starwood is not insolvent as a result of such sale, (ii) eliminate the requirement that a surviving successor corporation be organized only in certain states or countries, and (iii) eliminate the requirement that no defaults exist after such transactions.

Company Reporting Covenant. Although the proposed amendments would also delete the company reporting covenant in each of the Starwood Indentures, Starwood has already ceased reporting under Section 13 or 15(d) of the Exchange Act and, accordingly, has ceased to file periodic reports or information with the SEC or the Starwood Trustees or to provide such reports or information to any holders of the Starwood Notes.

Table of Contents

Conforming Delivery Date of Annual Compliance Certificate. The proposed amendments would also amend Section 4.05 of both the 2007 Starwood Base Indenture and the 2012 Starwood Base Indenture Certificate as to Default to be Delivered Annually to conform the delivery date of the annual compliance certificate to that of the Marriott Indenture.

Conforming Changes, etc. The proposed amendments would amend each of the Starwood Indentures to make certain conforming or other changes to the Starwood Indentures, including modification or deletion of certain definitions and cross-references.

The elimination or modification of the restrictive covenants contemplated by the proposed amendments would, among other things, permit Starwood and its subsidiaries to take actions that could be adverse to the interests of the holders of the Starwood Notes that remain outstanding after consummation of the exchange offers and consent solicitations. See Description of Differences Between the Starwood Notes and the Marriott Notes, The Exchange Offers and Consent Solicitations, The Proposed Amendments and Description of New Marriott Notes.

Q: What are the consequences of not participating in the exchange offers and consent solicitations before the Early Participation Date?

A: Upon the terms and subject to the conditions of the exchange offers, if you fail to tender your Starwood Notes before the Early Participation Date but do so before the Expiration Date (and do not validly withdraw your Starwood Notes before the Expiration Date), you will be eligible to receive the Exchange Consideration, which consists of \$970 principal amount of Marriott Notes and a cash amount of \$1.00 for each \$1,000 principal amount of Starwood Notes, but not the Early Participation Premium, which would include an additional \$30 principal amount of Marriott Notes.

Q: What are the consequences of not participating in the exchange offers and consent solicitations at all?

A: If you do not exchange your Starwood Notes for Marriott Notes in the exchange offers, you will not receive the benefit of having Marriott, the parent entity of Starwood, as the obligor of your notes. In addition, if the proposed amendments to such series of Starwood Notes become effective, those amendments will apply to all Starwood Notes of that series that are not exchanged in the applicable exchange offer, even though the remaining holders of such Starwood Notes did not consent to the proposed amendments. Thereafter, all such Starwood Notes will be governed by the applicable Starwood Indenture as amended by the proposed amendments, which will have less restrictive terms and afford reduced protections to the holders of those securities compared to those currently in the Starwood Indentures or those applicable to the corresponding Marriott Notes. Additionally, the trading market for any remaining Starwood Notes may be more limited than it is at present, and the smaller outstanding principal amount may make the trading market of any remaining Starwood Notes more volatile. Consequently, the liquidity, market value and price of Starwood Notes that remain outstanding may be materially and adversely affected. Therefore, if your Starwood Notes are not tendered and accepted in the applicable exchange offer, it may become more difficult for you to sell or transfer your unexchanged Starwood Notes. See Risk Factors Risks Related to the Exchange Offers and the Consent Solicitations The proposed amendments to the Starwood Indentures will reduce protections for remaining holders of Starwood Notes.

Table of Contents

Q: How do the Starwood Notes differ from the Marriott Notes to be issued in the exchange offers?

A: The Starwood Notes are the obligations solely of Starwood and are governed by the applicable Starwood Indentures. The Marriott Notes will be the obligations solely of Marriott and will be governed by the Marriott Indenture. The Starwood Indentures and the Marriott Indenture are similar, but differ in certain respects, including the applicable covenants, merger and consolidation terms, and events of default. In particular, the covenant relating to changes of control is less restrictive in the Marriott Indenture than it is in the 2009 and 2012 Starwood Indentures.

However, each Marriott Note issued in exchange for a Starwood Note will have an interest rate and maturity date that are identical to the interest rate and maturity date of the tendered Starwood Note, as well as identical interest payment dates and optional redemption prices and will accrue interest from and including the most recent interest payment date of the tendered Starwood Note. Marriott Notes will have features that are consistent with other outstanding notes of Marriott, including provisions about certain changes of control of Marriott that are substantially consistent with the change of control provisions in the 2008 and 2014 Starwood Indentures. See [Description of Differences Between the Starwood Notes and the Marriott Notes](#).

Q: What will be the ranking of the Marriott Notes?

A: The Marriott Notes will be unsecured general obligations of Marriott and will rank equally with all other unsecured and unsubordinated indebtedness of Marriott from time to time outstanding. See [Description of New Marriott Notes Terms](#).

The Marriott Notes offered will also be structurally subordinated to all existing and future liabilities of any of Marriott's subsidiaries and any subsidiaries that we may in the future acquire or establish. See [Risk Factors Risks Related to the Marriott Notes](#) We depend on cash flow of our subsidiaries to make payments on our securities.

Q: Will the Marriott Notes be eligible for listing on an exchange?

A: The Marriott Notes will not be listed on any securities exchange. We cannot assure you about the liquidity of the Marriott Notes or the development of any market for the Marriott Notes. See [Risk Factors Risks Related to the Marriott Notes](#) A liquid trading market for the Marriott Notes may not develop.

Q: What consents are required to effect the proposed amendments to the Starwood Indentures and consummate the exchange offers?

A: In order for the proposed amendments to the Starwood Indentures to be adopted for any series of Starwood Notes, holders of not less than a majority in aggregate principal amount of the outstanding Starwood Notes of that series must consent to them, and those consents must be received before the Expiration Date for the exchange offer that relates to that series.

Table of Contents

Q: May I tender my Starwood Notes in the exchange offers without delivering a consent in the consent solicitations?

A: No. By tendering your Starwood Notes for exchange, you will be deemed to have validly delivered your consent to the proposed amendments to the applicable Starwood Indenture for that specific series of Starwood Notes, as further described under The Proposed Amendments. You may not consent to the proposed amendments to the applicable Starwood Indenture without tendering your Starwood Notes in the appropriate exchange offer and you may not tender your Starwood Notes for exchange without consenting to the applicable proposed amendments.

Q: May I tender only a portion of the Starwood Notes that I hold?

A: Yes. You may tender only a portion of the Starwood Notes that you hold, provided that tenders of Starwood Notes (and corresponding consents thereto) will be accepted only in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000.

Q: What are the conditions to the exchange offers and consent solicitations?

A: The consummation of the exchange offers and consent solicitations is subject to, and conditional upon, the satisfaction or, where permitted, waiver of the conditions discussed under The Exchange Offers and Consent Solicitations Conditions to the Exchange Offers and Consent Solicitations, including, among other things, the receipt of the Requisite Consents as to each series of Starwood Notes. We may, at our option and in our sole discretion, waive any such conditions except the condition that the registration statement of which this prospectus forms part has been declared effective by the Commission. All conditions to the exchange offers must be satisfied or, where permitted, waived, on or before the Expiration Date. The proposed amendments may become effective for any series of Starwood Notes where the Requisite Consents are received and the conditions discussed under The Exchange Offers and Consent Solicitations Conditions to the Exchange Offers and Consent Solicitations have been satisfied or, where permitted, waived.

Q: Will Marriott accept all tenders of Starwood Notes?

A: Subject to the satisfaction or, where permitted, waiver of the conditions to the exchange offers, we will accept for exchange any and all Starwood Notes that (i) have been validly tendered in the exchange offers before the Expiration Date and (ii) have not been validly withdrawn before the Expiration Date (provided that tender of Starwood Notes (and corresponding consents thereto) will be accepted only in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000).

Q: What will Marriott do with the Starwood Notes accepted for exchange in the exchange offers?

A: The Starwood Notes surrendered in connection with the exchange offers and accepted for exchange will be retired and cancelled.

Q: When will Marriott issue the Marriott Notes and pay the cash consideration?

A: Assuming the conditions to the exchange offers are satisfied or, where permitted, waived, Marriott will issue the Marriott Notes in book-entry form and pay the cash consideration promptly on or about the second business day following the Expiration Date (the Settlement Date).

Table of Contents

Q: Will I be paid the accrued and unpaid interest on my Starwood Notes accepted for exchange on the Settlement Date?

A: No, that interest will not be paid in cash on the Settlement Date. The Marriott Notes received in exchange for the tendered Starwood Notes will instead accrue interest from (and including) the most recent date for which interest has been paid on the tendered Starwood Notes; *provided*, that interest will only accrue on the aggregate principal amount of Marriott Notes you receive, which will be less than the principal amount of Starwood Notes you tendered for exchange if you tender your Starwood Notes after the Early Participation Date.

Q: When will the proposed amendments to the Starwood Indentures become operative?

A: For the applicable Starwood Indenture for each series of Starwood Notes, if we receive the Requisite Consents for such series of Starwood Notes before the Expiration Date, we expect that the proposed amendments to the Starwood Indenture applicable to such series will become effective on the Settlement Date.

Q: When will the exchange offers expire?

A: Each exchange offer will expire after 11:59 p.m., New York City time, on Friday, December 16, 2016, unless we, in our sole discretion, extend the exchange offer, in which case the Expiration Date will be the latest date and time to which such exchange offer is extended. See The Exchange Offers and Consent Solicitations Expiration Date; Extensions; Amendments.

Q: Can I withdraw my Starwood Notes after I tender them? Can I revoke the consent related to my Starwood Notes after I deliver it?

A: Tenders of Starwood Notes may be validly withdrawn (and the related consents to the proposed amendments revoked as a result) at any time before the Expiration Date.

Following the Expiration Date, tenders of Starwood Notes may not be validly withdrawn unless Marriott is otherwise required by law to permit withdrawal. In the event of termination of an exchange offer, the Starwood Notes tendered pursuant to such exchange offer will be promptly returned to the tendering holders. See The Exchange Offers and Consent Solicitations Procedures for Tendering and Consenting Withdrawal of Tenders and Revocation of Corresponding Consents.

Q: How do I exchange my Starwood Notes if I am a beneficial owner of Starwood Notes held in certificated form by a custodian bank, depository, broker, trust company or other nominee? Will the record holder exchange my Starwood Notes for me?

- A: Currently, all of the Starwood Notes are held in book-entry form and can only be tendered through the applicable procedures of The Depository Trust Company (DTC). If your Starwood Notes are held by a broker, dealer, commercial bank, trust company or other nominee, that nominee may not take action on the exchange offers and consent solicitations unless you provide that nominee with instructions to tender your Starwood Notes on your behalf. See The Exchange Offers and Consent Solicitations Procedures for Tendering and Consenting Starwood Notes Held Through a Nominee. However, if any Starwood Notes are subsequently issued in certificated form and are held of record by a broker, dealer, commercial bank, trust company or other nominee and you wish to tender the securities in the exchange offers, you should contact that institution promptly and instruct the institution to tender on your behalf.

Table of Contents

Beneficial owners should be aware that their broker, dealer, commercial bank, trust company or other nominee may establish its own earlier deadlines for participation in the exchange offers and consent solicitations. Accordingly, beneficial owners wishing to participate in the exchange offers and consent solicitations should contact their broker, dealer, commercial bank, trust company or other nominee as soon as possible in order to determine the times by which you must take action in order to participate in the exchange offers and consent solicitations.

Q: Will I have to pay any fees or commissions if I tender my Starwood Notes for exchange in the exchange offers?

A: You will not be required to pay any fees or commissions to Marriott, the dealer manager, the exchange agent or the information agent in connection with the exchange offers. If you hold Starwood Notes through a broker, dealer, commercial bank, trust company or other nominee that tenders your Starwood Notes on your behalf, your broker or other nominee may charge you a commission for doing so. You should consult your broker, dealer, commercial bank, trust company or other nominee to determine whether any charges will apply.

Q: Are there procedures for guaranteed delivery of Starwood Notes?

A: No. There are no guaranteed delivery procedures applicable to the exchange offers. If you wish to participate in the exchange offers you must validly tender your Starwood Notes in accordance with the procedures described in this prospectus before the Early Participation Date, in order to be eligible to receive the Total Consideration, or before the Expiration Date, in order to be eligible to receive the Exchange Consideration.

Q: Is any recommendation being made about the exchange offers and the consent solicitations?

A: None of Marriott, Starwood, the dealer manager, the exchange agent, the information agent, the trustee under the Marriott Indenture, the Starwood Trustees or any other person makes any recommendation as to whether any Starwood noteholder should tender or refrain from tendering any or all of your Starwood Notes (and in so doing, consent to the adoption of the proposed amendments to the Starwood Indentures and the Starwood Notes), and no one has been authorized by any of them to make such a recommendation.

Q: To whom should I direct any questions?

Amendments and Supplements

We may be required to amend or supplement this prospectus at any time to add, update or change the information contained in this prospectus. You should read this prospectus and any prospectus supplement, together with the documents incorporated by reference in this prospectus, the registration statement, the exhibits to the registration statement and the additional information described under the heading **Where You Can Find More Information**.

Risk Factors

An investment in the Marriott Notes involves risks that you should carefully evaluate before making such an investment. See **Risk Factors** beginning on page 17 of this prospectus.

Table of Contents

The Exchange Offers and Consent Solicitations

Exchange Offers

Marriott is hereby offering to exchange, upon the terms and conditions in this prospectus and the related letter of transmittal and consent, any and all of each series of outstanding Starwood Notes listed on the front cover of this prospectus for (i) newly issued series of Marriott Notes with identical interest rates, interest payment dates, optional redemption prices and maturity dates as the corresponding series of Starwood Notes and (ii) cash. See The Exchange Offers and Consent Solicitations Terms of the Exchange Offers and Consent Solicitations.

Consent Solicitations

Marriott is soliciting consents to the proposed amendments of the Starwood Indentures from holders of the Starwood Notes, on behalf of Starwood and on the terms and conditions in this prospectus and the related letter of transmittal and consent. You may not tender your Starwood Notes for exchange without delivering a consent to the proposed amendments of the applicable Starwood Indenture under which the respective series of Starwood Notes was issued and you may not deliver consents in the consent solicitations for your Starwood Notes without tendering such Starwood Notes. See The Exchange Offers and Consent Solicitations Terms of the Exchange Offers and Consent Solicitations.

The Proposed Amendments

The proposed amendments will, among other things, eliminate (1) substantially all of the restrictive covenants, (2) the change of control provisions, (3) certain requirements that must be met for Starwood to consolidate, merge or sell all or substantially all of its assets and (4) certain events of default in the Starwood Indentures so they will no longer apply, as well as change the delivery date of the annual compliance certificate. The proposed amendments are substantially the same for each series of the Starwood Notes. See The Proposed Amendments.

Requisite Consents

The exchange offers are conditioned upon the receipt of valid consents to the proposed amendments from the holders of at least a majority of the outstanding aggregate principal amount of each series of Starwood Notes. See The Exchange Offers and Consent Solicitations Terms of the Exchange Offers and Consent Solicitations. The proposed amendments may become effective for any series of Starwood Notes where the Requisite Consents are received and the conditions discussed under The Exchange Offers and Consent Solicitations Conditions to the Exchange Offers and Consent Solicitations have been satisfied or, where permitted, waived.

**Procedures for Participating in the
Exchange Offers and Consent
Solicitations**

If you wish to participate in an exchange offer and related consent solicitation, you must cause the book-entry transfer of your Starwood Notes to the exchange agent's account at DTC, and the exchange agent must receive a confirmation of book-entry transfer and either:

A completed letter of transmittal and consent; or

An agent's message transmitted under DTC's Automated Tender Offer Program (ATOP), by which each tendering holder agrees to be bound by the letter of transmittal and consent.

Table of Contents

See The Exchange Offers and Consent Solicitations Procedures for Tendering and Consenting.

No Guaranteed Delivery Procedures

No guaranteed delivery procedures are available in connection with the exchange offers and consent solicitations. You must tender your Starwood Notes and deliver your consents by the Expiration Date in order to participate in the exchange offers and the consent solicitations.

Total Consideration; Early Participation Premium before the Early Participation Date

In exchange for each \$1,000 principal amount of Starwood Notes that you validly tender before the Early Participation Date and do not validly withdraw, you will receive the Total Consideration, which consists of \$1,000 principal amount of Marriott Notes, which includes the Early Participation Premium of \$30 principal amount of Marriott Notes, and a cash amount of \$1.00. In exchange for each \$1,000 principal amount of Starwood Notes that you validly tender after the Early Participation Date but before the Expiration Date and do not validly withdraw, you will receive only the Exchange Consideration, which equals the Total Consideration less the Early Participation Premium of \$30 principal amount of Marriott Notes, and so consists of \$970 principal amount of Marriott Notes and a cash amount of \$1.00.

Expiration Date

Each of the exchange offers and consent solicitations will expire at 11:59 p.m., New York City time, on Friday, December 16, 2016, or at such later date and time to which Marriott extends it for one or more series of Starwood Notes.

Withdrawal and Revocation

You may validly withdraw tenders of Starwood Notes (and related consents to the proposed amendments revoked as a result) at any time before the Expiration Date.

After the Expiration Date, you may not validly withdraw tenders of Starwood Notes unless Marriott is otherwise required by law to permit withdrawal. If any exchange offer is terminated, the Starwood Notes tendered under that exchange offer will be promptly returned to you. See The Exchange Offers and Consent Solicitations Withdrawal of Tenders and Revocation of Corresponding Consents.

Conditions

The consummation of the exchange offers is subject to, and conditional upon, the satisfaction or, where permitted, waiver of the conditions discussed under The Exchange Offers and Consent Solicitations Conditions to the Exchange Offers and Consent Solicitations, including, among other things, the receipt of valid consents

to the proposed amendments from the holders of at least a majority of the outstanding aggregate principal amount of each series of Starwood Notes (the Requisite Consents). We may, at our option and in our sole discretion, waive any such conditions except the condition that the registration statement of which this prospectus forms part has been declared effective by the Commission. All conditions to the exchange offers must be satisfied or, where permitted, waived by the Expiration Date. The proposed

Table of Contents

amendments may become effective for any series of Starwood Notes where the Requisite Consents are received and the conditions discussed under The Exchange Offers and Consent Solicitations Conditions to the Exchange Offers and Consent Solicitations have been satisfied or, where permitted, waived.

Acceptance of Starwood Notes and Consents and Delivery of Marriott Notes

You may not consent to the proposed amendments to the Starwood Indentures without tendering your Starwood Notes in the appropriate exchange offer and you may not tender your Starwood Notes for exchange without consenting to the proposed amendments to the applicable Starwood Indenture. If we waive the Requisite Consent condition as it relates to one or more series of Starwood Notes, upon completion of the exchange offers and consent solicitations, the proposed amendments will apply only to those series of Starwood Notes where the Requisite Consents were received.

Subject to the satisfaction or, where permitted, waiver of the conditions to the exchange offers and consent solicitations, Marriott will accept for exchange any and all Starwood Notes that you validly tender before the Expiration Date and do not validly withdraw; likewise, because the act of validly tendering Starwood Notes will also constitute valid delivery of consents to the proposed amendments to the applicable Starwood Indenture for the series of Starwood Notes so tendered, Marriott will also accept all consents that are validly delivered and not validly revoked before the Expiration Date. All Starwood Notes exchanged will be retired and cancelled.

The Marriott Notes issued under the exchange offers will be issued and delivered, and the cash amounts payable will be delivered, through the facilities of DTC on the Settlement Date. We will return to you any Starwood Notes that are not accepted for exchange for any reason without expense to you promptly after the Expiration Date. See The Exchange Offers and Consent Solicitations Acceptance of Starwood Notes for Exchange; Marriott Notes; Effectiveness of Proposed Amendments.

U.S. Federal Income Tax Considerations

Holders should consider certain U.S. federal income tax consequences of the exchange offers and consent solicitations; please consult your tax advisor about the tax consequences to you of the exchange. See Certain U.S. Federal Income Tax Consequences.

Consequences of Not Exchanging Starwood Notes for Marriott Notes

If you do not exchange your Starwood Notes for Marriott Notes in the exchange offers, you will not receive the benefit of having Marriott, the

parent entity of Starwood, as the obligor of your notes. In addition, if the proposed amendments to a series of Starwood Notes become effective, those amendments will apply to all Starwood Notes of that series that are not exchanged in the applicable exchange offer, even though the remaining holders of such Starwood Notes did not consent to the proposed amendments. Thereafter, all such Starwood Notes will be governed by the applicable Starwood Indenture as amended by the proposed amendments, which will have less restrictive terms and afford reduced protections for the holders of those securities compared to those currently in the Starwood Indentures or applicable to the Starwood Notes.

Table of Contents

Additionally, the trading market for any remaining Starwood Notes may be more limited than it is at present, and the smaller outstanding principal amount may make the trading market of any remaining Starwood Notes more volatile. Consequently, the liquidity, market value and price of Starwood Notes that remain outstanding may be materially and adversely affected. Therefore, if your Starwood Notes are not tendered and accepted in the applicable exchange offer, it may become more difficult for you to sell or transfer your unexchanged Starwood Notes. In addition, although the proposed amendments would also delete the company reporting covenant, Starwood has already ceased reporting under Section 13 or 15(d) of the Exchange Act and, accordingly, current stand-alone information about Starwood is no longer publicly available.

See Risk Factors Risks Related to the Exchange Offers and the Consent Solicitations The proposed amendments to the Starwood Indentures will reduce protections for remaining holders of Starwood Notes.

Use of Proceeds

We will not receive any cash proceeds from the exchange offers.

Exchange Agent, Information Agent and Dealer Manager

Global Bondholder Services Corporation serves as exchange agent and information agent for the exchange offers and consent solicitations. Deutsche Bank Securities Inc. serves as the dealer manager.

The addresses and telephone numbers of the dealer manager is set forth on the back cover of this prospectus.

We have other business relationships with the dealer manager, as described in The Exchange Offers and Consent Solicitations Dealer Manager.

No Recommendation

None of Marriott, Starwood, the dealer manager, the exchange agent, the information agent, the trustee under the Marriott Indenture, the Starwood Trustees or any other person makes any recommendation on whether you should tender or refrain from tendering all or any portion of the principal amount of your Starwood Notes (and in so doing, consent to the adoption of the proposed amendments to the Starwood Indentures and the Starwood Notes), and no one has been authorized by any of them to make such a recommendation. The exchange offers and consent solicitations are only offerings of the Marriott Notes and are being made by Marriott only in Marriott's capacity as the issuer of the Marriott Notes. No other securities are being offered and no consents are being solicited other than for the Starwood Notes in the exchange offers and consent

solicitations. None of Marriott, Starwood, the dealer manager, the exchange agent, the information agent, the trustees under the Marriott Indenture, the Starwood Trustees or any other person is soliciting you to reject the exchange offers, to not tender your Starwood Notes or to otherwise retain your investment in the Starwood Notes.

Risk Factors

For risks related to the exchange offers and consent solicitations, please read the section entitled **Risk Factors** beginning on page 17s of this prospectus.

Optional Redemption

Marriott will have the right at its option to redeem any series of the Marriott Notes, in whole or in part, at any time or from time to time at the optional redemption prices described in Description of New Marriott Notes Redemption at Our Option. Those redemption terms are identical to those applicable to the corresponding series of Starwood Notes.

Ranking

The Marriott Notes will be unsecured general obligations of Marriott and will rank equally with all other unsecured and unsubordinated indebtedness of Marriott from time to time outstanding.

Further Issuances

Marriott may, without the consent of the holders of any series of the Marriott Notes, issue additional notes having the same ranking and the same interest rate, maturity and other terms as any series of the Marriott Notes.

Denominations

Marriott will issue the Marriott Notes in minimum denominations of \$2,000 and integral multiples of \$1,000 thereof.

In the exchange offers, the principal amount of each Marriott Note issued to you will be rounded down, if necessary, to the nearest whole multiple of \$1,000 in excess of \$2,000, and we will pay cash equal to the difference between the principal amount of the Marriott Notes to which you would otherwise be entitled and the principal amount of the Marriott Note actually issued, plus accrued and unpaid interest on the principal amount representing such difference up to, but excluding, the Settlement Date.

Trading

The Marriott Notes will not be listed on any national securities exchange or be quoted on any automated dealer quotation system.

Trustee

The Bank of New York Mellon, as successor to JPMorgan Chase Bank, N.A. (formerly known as The Chase Manhattan Bank).

Use of Proceeds

Marriott will not receive any cash proceeds from the issuance of the Marriott Notes under the exchange offers. In exchange for issuing the Marriott Notes and paying the cash consideration, Marriott will receive Starwood Notes that will be retired and cancelled. See Use of Proceeds.

Risk Factors

You should consider carefully all the information set forth and incorporated by reference in this prospectus and any prospectus

supplement, together with the registration statement and the exhibits thereto, including the risks and uncertainties described below in the section entitled "Risk Factors" beginning on page 17 of this prospectus and under the heading "Risk Factors" included in our Quarterly Report on Form 10-Q for the fiscal quarter ended September 30, 2016. Each of the risks described in these documents could materially and adversely affect our business, financial condition, results of operations and prospects, and could result in a partial or complete loss of your investment.

RISK FACTORS

*Before making an investment decision in any of the exchange offers and consent solicitations, you should consider carefully the following risks and all of the information set forth or incorporated by reference in this prospectus and any prospectus supplement, together with the registration statement and the exhibits thereto, including the risks and uncertainties described under the heading **Risk Factors** included in our *Quarterly Report on Form 10-Q* for the fiscal quarter ended September 30, 2016. Each of the risks described in these documents could materially and adversely affect our business, financial condition, results of operations and prospects, and could result in a partial or complete loss of your investment.*

Risks Related to the Marriott Notes

The Marriott Notes are unsecured and will be effectively junior to our secured indebtedness to the extent of the collateral therefor.

The Marriott Notes are unsecured general obligations of Marriott. Holders of our secured indebtedness, if any, will have claims that are before your claims as holders of the Marriott Notes, to the extent of the assets securing such indebtedness. Thus, in the event of a bankruptcy, liquidation, dissolution, reorganization or similar proceeding, our pledged assets would be available to satisfy obligations of our secured indebtedness before any payment could be made on the Marriott Notes. To the extent that such assets cannot satisfy in full our secured indebtedness, the holders of such indebtedness would have a claim for any shortfall that would rank equally in right of payment with the Marriott Notes. In any of the foregoing events, we cannot assure you that there will be sufficient assets to pay amounts due on the Marriott Notes. As a result, holders of the Marriott Notes may receive less, ratably, than holders of our secured indebtedness. At September 30, 2016, Marriott International, Inc. had no secured indebtedness.

A liquid trading market for the Marriott Notes may not develop.

The Marriott Notes are new issuances of securities for which no public trading market currently exists. A liquid market for the Marriott Notes may not develop or be maintained. The Marriott Notes will not be listed on any national securities exchange or be quoted on any automated dealer quotation system. The liquidity of any market for any series of the Marriott Notes will depend upon the number of holders of such notes, our performance, the market for similar securities, the interest of securities dealers in making a market in such notes and other factors. A liquid trading market may not develop for any series of the Marriott Notes. As a result, the market price of the Marriott Notes could be adversely affected.

We depend on cash flow of our subsidiaries to make payments on our securities.

Marriott International, Inc. is in part a holding company. Our subsidiaries conduct a significant percentage of our consolidated operations and own a significant percentage of our consolidated assets. Consequently, our cash flow and our ability to meet our debt service obligations depend in large part upon the cash flow of our subsidiaries and the payment of funds by the subsidiaries to us in the form of loans, dividends or otherwise. Our subsidiaries, including Starwood, are not obligated to pay any amounts due under the Marriott Notes or make funds available to us for payment of our debt securities or preferred stock dividends or otherwise. In addition, their ability to make any payments will depend on their earnings, the terms of their indebtedness, business and tax considerations and legal restrictions. The Marriott Notes effectively rank junior to all liabilities of our subsidiaries (including trade creditors and holders of any Starwood Notes not exchanged). In the event of a bankruptcy, liquidation or dissolution of a subsidiary and following payment of its liabilities, the subsidiary may not have sufficient assets

Table of Contents

remaining to make payments to us as a shareholder or otherwise. The indenture governing the Marriott Notes does not limit the amount of unsecured debt which our subsidiaries may incur. In addition, we and our subsidiaries may incur secured debt and enter into sale and leaseback transactions, subject to certain limitations. See Description of the New Marriott Notes Certain Covenants.

Our credit ratings may not reflect all risks of your investment in the Marriott Notes.

The credit ratings assigned to the Marriott Notes are limited in scope, and do not address all material risks relating to an investment in the Marriott Notes, but rather reflect only the view of each rating agency at the time the rating is issued. We cannot assure you that those credit ratings will remain in effect for any given period of time or that a rating will not be lowered, suspended or withdrawn entirely by one or more rating agencies if, in that rating agency's judgment, circumstances so warrant. Agency credit ratings are not a recommendation to buy, sell or hold any security. You should evaluate each agency's rating independently of any other agency's rating. Actual or anticipated changes or downgrades in our credit ratings, including any announcement that our ratings are under further review for a downgrade, could affect the market value of the Marriott Notes and increase our corporate borrowing costs.

We may not be able to repurchase the Marriott Notes upon a change of control repurchase event.

Upon the occurrence of specific kinds of change of control events accompanied by a below investment grade rating event (each as defined in the Marriott Indenture), we will be required to offer to purchase all of the Marriott Notes at a price equal to 101% of their principal amount, plus accrued and unpaid interest, if any, to the date of purchase, unless we had previously exercised our right to redeem the Marriott Notes. If we experience such a change of control and rating downgrade, we cannot assure you that we would have sufficient financial resources available to satisfy our obligations to repurchase the Marriott Notes. Our failure to purchase the Marriott Notes as required under the terms of such notes would result in a default, which could have material adverse consequences for us and for you as holders of Marriott Notes. See Description of New Marriott Notes Change of Control.

Risks Related to the Exchange Offers and the Consent Solicitations

The proposed amendments to the Starwood Indentures will reduce protections for remaining holders of Starwood Notes.

Although the Starwood Indentures currently contain limited protections, if the proposed amendments to the applicable Starwood Indentures for each series of Starwood Notes are adopted, the covenants and certain other terms of such amended series of Starwood Notes will be even less restrictive and will afford further reduced protection to any remaining holders of such series of Starwood Notes compared to the covenants and other provisions currently in place.

The proposed amendments to the Starwood Indentures would, among other things, eliminate (1) substantially all of the restrictive covenants (2) the change of control provisions, (3) certain requirements that must be met for Starwood to consolidate, merge or sell all or substantially all of its assets and (4) certain events of default in the Starwood Indentures so they will no longer apply, as well as change the delivery date of the annual compliance certificate.

If the proposed amendments are adopted for a series of Starwood Notes, each non-exchanging holder of that series will be bound by the proposed amendments even if that holder did not consent to the proposed amendments. These amendments will permit us to take certain actions previously prohibited that

Table of Contents

could increase the credit risk of Starwood, and might adversely affect the liquidity, market price and price volatility of the Starwood Notes or otherwise be adverse to the interests of the holders of the Starwood Notes. See The Proposed Amendments.

The liquidity of the Starwood Notes that are not exchanged will be reduced.

We expect that the trading market for unexchanged Starwood Notes will become more limited due to the reduction in the amount of the Starwood Notes outstanding upon consummation of the exchange offers. A more limited trading market might adversely affect the liquidity, market price and price volatility of these securities. If a market for unexchanged Starwood Notes exists or develops, those securities may trade at a discount to the price at which the securities would trade if the amount outstanding were not reduced, depending on prevailing interest rates, the market for similar securities and other factors. However, we cannot assure you that an active market in the unexchanged Starwood Notes will exist, develop or be maintained or as to the prices at which the unexchanged Starwood Notes may be traded.

Trading in the Starwood Notes may be adversely affected by the lack of information about Starwood.

Starwood has ceased reporting under Section 13 or 15(d) of the Exchange Act and, accordingly, it has ceased to provide reports or information to the SEC, Starwood Trustees or holders of the Starwood Notes. In addition, one or more credit rating agencies may cease to provide a credit rating for the Starwood Notes. Trading in the Starwood Notes may be adversely affected by the lack of current publicly available information about Starwood.

The exchange offers and consent solicitations may be cancelled or delayed.

The consummation of the exchange offers is subject to, and conditional upon the satisfaction or, where permitted, waiver of the conditions specified in this prospectus, including the receipt of the Requisite Consents. Even if each of the exchange offers and consent solicitations is completed, the exchange offers and consent solicitations may not be completed on the schedule described in this prospectus. Accordingly, holders participating in the exchange offers and consent solicitations may have to wait longer than they expect to receive their Marriott Notes and the cash consideration offered.

We may acquire Starwood Notes in future transactions.

We may in the future seek to acquire Starwood Notes in open market or privately-negotiated transactions, through subsequent exchange offers or otherwise. The terms of any of those purchases or offers could differ from the terms of these exchange offers and such other terms may be more or less favorable to holders of Starwood Notes.

You may not receive Marriott Notes in the exchange offers if you do not follow the procedures for the exchange offers.

We will issue the Marriott Notes in exchange for your Starwood Notes only if you tender your Starwood Notes and deliver a properly completed and duly executed letter of transmittal and consent or the electronic transmittal through DTC's ATOP and other required documents before the exchange offers. You should allow sufficient time to ensure timely delivery of the necessary documents. Beneficial owners should be aware that their broker, dealer, commercial bank, trust company or other nominee may establish its own earlier deadlines for participation in the exchange offers and consent solicitations. Accordingly, beneficial owners wishing to participate in the exchange offers and consent solicitations should contact their broker, dealer, commercial bank, trust company or other nominee as soon as possible in order to determine the times by which you must take action in order to participate in the exchange offers and

consent solicitations.

Table of Contents

The consideration to be received in the exchange offers does not reflect any valuation of the Starwood Notes or the Marriott Notes and is subject to market volatility.

We have made no determination that the consideration to be received in the exchange offers represents a fair valuation of either the Starwood Notes or the Marriott Notes. We have not obtained a fairness opinion from any financial advisor about the fairness to us or to you of the consideration to be received by holders of Starwood Notes. None of Marriott, Starwood, the dealer manager, the exchange agent, the information agent, the trustees under the Marriott Indenture, the Starwood Trustees, or any other person is making any recommendation as to whether or not you should tender Starwood Notes for exchange in the exchange offers or deliver a consent pursuant to the consent solicitations.

A holder will recognize gain or loss on the exchange of Starwood Notes for Marriott Notes.

We believe that the exchange of the Starwood Notes for the Marriott Notes pursuant to the exchange offers will be treated as a disposition of the Starwood Notes in exchange for the Marriott Notes on which gain or loss is recognized for U.S. federal income tax purposes. Accordingly, a U.S. Holder (as defined in Certain U.S. Federal Income Tax Consequences) that tenders the Starwood Notes in exchange for the Marriott Notes will generally recognize taxable gain or loss for U.S. federal income tax purposes. See Certain U.S. Federal Income Tax Consequences U.S. Holders The Exchange Offers.

The U.S. federal income tax treatment of holders who do not tender their Starwood Notes pursuant to the exchange offers is unclear.

The adoption of the proposed amendments may or may not result in a deemed exchange of Starwood Notes for new notes (the Amended Notes) for U.S. federal income tax purposes. If, as we believe more likely, the adoption of the proposed amendments does not result in such a deemed exchange, non-exchanging holders should not recognize gain or loss as a result of the adoption of the proposed amendments and completion of the exchange offers. If the adoption of the proposed amendments does result in such a deemed exchange, a U.S. Holder could recognize taxable gain on the deemed exchange of the Starwood Notes for the Amended Notes. See Certain U.S. Federal Income Tax Consequences Holders Not Tendering in the Exchange Offers.

Our consolidated ratio of earnings to fixed charges for the periods indicated is as follows:

Ratio of earnings to fixed charges	5.0x	6.4x	6.2x	5.1x	4.6x	2.3x

In calculating the ratio of earnings to fixed charges, earnings represent income from continuing operations before income taxes (i) plus (income)/loss for equity method investees, fixed charges and distributed income of equity method investees and (ii) minus interest capitalized. Fixed charges represent interest (including amounts capitalized) and that portion of rental expense deemed representative of interest.

USE OF PROCEEDS

We will not receive any cash proceeds from the issuance of the Marriott Notes in connection with the exchange offers. In exchange for issuing the Marriott Notes and paying the cash consideration, we will receive the tendered Starwood Notes. The Starwood Notes surrendered in connection with the exchange offers and accepted for exchange will be retired and cancelled.

Table of Contents**THE EXCHANGE OFFERS AND CONSENT SOLICITATIONS****Purpose of the Exchange Offers and Consent Solicitations**

Marriott is conducting the exchange offers to simplify its capital structure and to give existing holders of Starwood Notes the option to obtain securities issued by Marriott. Marriott is conducting the consent solicitations to, among other things, eliminate (1) substantially all of the restrictive covenants, (2) the change of control provisions, (3) certain requirements that must be met for Starwood to consolidate, merge or sell all or substantially all of its assets and (4) certain events of default in the Starwood Indentures so they will no longer apply. Completion of the exchange offers and consent solicitations is expected to ease administration of the Company's consolidated indebtedness.

Terms of the Exchange Offers and Consent Solicitations

In exchange for each \$1,000 principal amount of Starwood Notes that is validly tendered before the Early Participation Date, and not validly withdrawn, holders will be eligible to receive the Total Consideration which consists of \$1,000 principal amount of Marriott Notes and includes the Early Participation Premium of \$30 principal amount of Marriott Notes, and a cash amount of \$1.00. In exchange for each \$1,000 principal amount of Starwood

Notes that is validly tendered after the Early Participation Date but before the Expiration Date, and not validly withdrawn, holders will be eligible to receive only the Exchange Consideration of \$970 principal amount of Marriott Notes and a cash amount of \$1.00, which is equal to the Total Consideration less the Early Participation Premium.

The Marriott Notes will be issued only in minimum denominations of \$2,000 and integral multiples of \$1,000. We will not accept any tender that would result in the issuance of less than \$2,000 principal amount of Marriott Notes with respect to such tender. See Description of New Marriott Notes Additional Mechanics. If Marriott would be required to issue a Marriott Note in a denomination other than \$2,000 or a whole multiple of \$1,000 above such minimum, Marriott will, in lieu of such issuance:

issue a Marriott Note in a principal amount that has been rounded down to the nearest lesser whole multiple of \$1,000 above the \$2,000 minimum; and

pay a cash amount equal to:

the difference between (i) the principal amount of the Marriott Notes to which the tendering holder would otherwise be entitled and (ii) the principal amount of the Marriott Note actually issued in accordance with this paragraph; *plus*

accrued and unpaid interest on the principal amount representing such difference up to, but excluding, the Settlement Date.

Table of Contents

The interest rate, interest payment dates, optional redemption prices and maturity date of each series of Marriott Notes to be issued by Marriott in the exchange offers will be the same as those of the corresponding series of Starwood Notes to be exchanged. The Marriott Notes received in exchange for the tendered Starwood Notes will accrue interest from (and including) the most recent date to which interest has been paid on those Starwood Notes; *provided*, that interest will only accrue for the aggregate principal amount of Marriott Notes you receive, which will be less than the principal amount of Starwood Notes you tendered for exchange in the event that your Starwood Notes are tendered after the Early Participation Date. Except as otherwise set forth above, you will not receive a payment for accrued and unpaid interest on Starwood Notes you exchange at the time of the exchange. However, the first interest payment for each series of Marriott Notes issued in the exchange will have accrued from the most recent interest payment date for Starwood Notes tendered in exchange for such series of Marriott Notes.

Each series of Marriott Notes is a new series of debt securities that will be issued under the Indenture, dated as of November 16, 1998 (the Marriott Indenture), between Marriott International, Inc. and The Bank of New York Mellon, as successor to JPMorgan Chase Bank, N.A. (formerly known as The Chase Manhattan Bank), as trustee. The terms of the Marriott Notes will include those expressly set forth in such notes and the Marriott Indenture and those made part of the Marriott Indenture by reference to the Trust Indenture Act of 1939, as amended (the Trust Indenture Act).

In conjunction with the exchange offers, we are also soliciting consents from the holders of each series of Starwood Notes to effect a number of amendments to the applicable Starwood Indenture under which each such series of Starwood Notes was issued and is governed. You may not consent to the proposed amendments to the applicable Starwood Indenture without tendering your Starwood Notes in the appropriate exchange offer and you may not tender your Starwood Notes for exchange without consenting to the applicable proposed amendments.

The consummation of the exchange offers is subject to, and conditional upon, the satisfaction or, where permitted, waiver of the conditions discussed under Conditions to the Exchange Offers and Consent Solicitations, including, among other things, the receipt of the Requisite Consents as to each series of Starwood Notes. We may, at our option and in our sole discretion, waive any such conditions except the condition that the registration statement of which this prospectus forms part has been declared effective by the Commission and, for the avoidance of doubt, the condition to receive the Requisite Consents. All conditions to the exchange offers must be satisfied or, where permitted, waived, on or by the Expiration Date. For a description of the proposed amendments, see The Proposed Amendments. The proposed amendments may become effective for any series of Starwood Notes where the Requisite Consents are received and the conditions discussed under The Exchange Offers and Consent Solicitations Conditions to the Exchange Offers and Consent Solicitations have been satisfied or, where permitted, waived.

If the Requisite Consents as to each are received and the conditions discussed under The Exchange Offers and Consent Solicitations Conditions to the Exchange Offers and Consent Solicitations have been satisfied or, where permitted, waived, then Starwood and the applicable trustee under the applicable Starwood Indenture will execute supplemental indentures setting forth the proposed amendments and such supplemental indentures shall become effective upon their execution and delivery. However, the proposed amendments to the applicable Starwood Indenture for each series will not become operative until after the issuance of the Marriott Notes and the payment of the cash consideration payable pursuant to the exchanges offers on the Settlement Date. Each non-consenting holder of a series of Starwood Notes as to which the exchange offer has been consummated will be bound by the applicable supplemental indenture.

Conditions to the Exchange Offers and Consent Solicitations

The consummation of the exchange offers is subject to, and conditional upon, the satisfaction or, where permitted, waiver of the following conditions: (a) the receipt of valid consents to the proposed amendments from the holders of at least a majority of the outstanding aggregate principal amount of each series of Starwood Notes (the "Requisite Consents"), (b) the valid tender (without valid withdrawal) of a majority in aggregate principal amount of each series of Starwood Notes as of the Expiration Date, as it may be extended at Marriott's discretion, (c) the registration statement of which this prospectus forms part has been declared effective by the Commission and (d) the following statements are true:

1. In our reasonable judgment, no action or event has occurred or been threatened (including a default under an agreement, indenture or other instrument or obligation to which we or one of our affiliates is a party or by which we or one of our affiliates is bound), no action is pending, no action has been taken, and no statute, rule, regulation, judgment, order, stay, decree or injunction has been promulgated, enacted, entered, enforced or deemed applicable to the exchange offers, the exchange of Starwood Notes under an exchange offer, the consent solicitations or the proposed amendments, by or before any court or governmental, regulatory or administrative agency, authority or tribunal, which either:

challenges the exchange offers, the exchange of Starwood Notes under an exchange offer, the consent solicitations or the proposed amendments or might, directly or indirectly, prohibit, prevent, restrict or delay consummation of, or might otherwise adversely affect in any material manner, the exchange offers, the exchange of Starwood Notes under an exchange offer, the consent solicitations or the proposed amendments; or

could materially affect the business, condition (financial or otherwise), income, operations, properties, assets, liabilities or prospects of Marriott and its subsidiaries, taken as a whole, or materially impair the contemplated benefits to Marriott of the exchange offers, the exchange of Starwood Notes under an exchange offer, the consent solicitations or the proposed amendments, or might be material to holders of Starwood Notes in deciding whether to accept the exchange offers and give their consents;

2. None of the following has occurred:

any general suspension of or limitation on trading in securities on any United States national securities exchange or in the over-the-counter market (whether or not mandatory);

any material adverse change in United States securities or financial markets generally; or

in the case of any of the foregoing existing at the time of the commencement of the exchange offers, a material acceleration or worsening thereof; and

3. Each of the Starwood Trustees has executed and delivered a supplemental indenture relating to the proposed amendments to the applicable Starwood Indenture and has not objected in any respect to, or taken any action that could in our reasonable judgment adversely affect the consummation of, any of the exchange offers, the exchange of Starwood Notes under an exchange offer, the consent solicitations or our ability to effect the proposed amendments, nor have either of the Starwood Trustees taken any action that challenges the validity or effectiveness of the procedures used by us in soliciting consents (including the form thereof) or in making the exchange offers, the exchange of the Starwood Notes under an exchange offer or the consent solicitations.

Table of Contents

All of these conditions are for our sole benefit and, except as set forth below, may be waived by us, in whole or in part in our sole discretion. Any determination made by us concerning these events, developments or circumstances shall be conclusive and binding, subject to the rights of the holders of the Starwood Notes to challenge such determination in a court of competent jurisdiction. We may, at our option and in our sole discretion, waive any such conditions except for the condition that the registration statement of which this prospectus forms part has been declared effective by the Commission. All conditions to the exchange offers must be satisfied or, where permitted, waived, on or by the Expiration Date.

Expiration Date; Extensions; Amendments

The Expiration Date for the exchange offers shall be 11:59 p.m., New York City time, on Friday, December 16, 2016, subject to our right to extend that date and time in our sole discretion, in which case the Expiration Date shall be the latest date and time to which we have extended the relevant exchange offer.

Subject to applicable law, we expressly reserve the right, in our sole discretion, for the exchange offers and consent solicitations for each series of Starwood Notes to:

1. delay accepting any Starwood Notes, to extend the exchange offers and consent solicitations or to terminate the exchange offers and consent solicitations and not accept any Starwood Notes; and
2. amend, modify or waive in part or whole, at any time before the expiration of the exchange offers, the terms of the exchange offers and consent solicitations in any respect, including waiver of any conditions to consummation of the exchange offers and consent solicitations (except the condition that the registration statement of which this prospectus is a part has been declared effective by the Commission and the condition of receiving the Requisite Consents).

If we exercise any such right, we will give written notice thereof to the exchange agent and will make a public announcement thereof as promptly as practicable. Without limiting the manner in which we may choose to make a public announcement of any extension, amendment or termination of the exchange offers and consent solicitations, we will not be obligated to publish, advertise or otherwise communicate any such public announcement, other than by making a timely press release to any appropriate news agency.

The minimum period during which the exchange offers and consent solicitations will remain open following material changes in the terms of the exchange offers and consent solicitations or in the information concerning the exchange offers and consent solicitations will depend upon the facts and circumstances of such change, including the relative materiality of the changes.

In accordance with Rule 14e-1 under the Exchange Act, if we elect to change the consideration offered or the percentage of Starwood Notes sought, the relevant exchange offers and consent solicitations will remain open for a minimum ten business-day period following the date that the notice of such change is first published or sent to holders of the Starwood Notes. We may choose to extend any of the exchange offers, in our sole discretion, by giving notice of such extension at any time on or before 9:00 a.m., New York City time, on the business day immediately following the previously scheduled Expiration Date.

Table of Contents

If the terms of the exchange offers and consent solicitations are amended in a manner determined by us to constitute a material change adversely affecting any holder of the Starwood Notes, we will promptly disclose any such amendment in a manner reasonably calculated to inform holders of the Starwood Notes of such amendment, and will extend the relevant exchange offers and consent solicitations as well as extend the withdrawal deadline, or if the Expiration Date has passed, provide additional withdrawal rights, for a time period that we deem appropriate, depending upon the significance of the amendment and the manner of disclosure to the holders of the Starwood Notes, if the exchange offers and consent solicitations would otherwise expire during such time period.

Subject to applicable law, each exchange offer and each consent solicitation is being made independently of the other exchange offers and consent solicitations, and we reserve the right to terminate, withdraw or amend each exchange offer and each consent solicitation independently of the other exchange offers and consent solicitations at any time and from time to time, as described in this prospectus.

Effect of Tender

Any tender of a Starwood Note by a noteholder that is not validly withdrawn before the Expiration Date will constitute a binding agreement between that holder and Marriott and a consent to the proposed amendments, upon the terms and subject to the conditions of the relevant exchange offer and the letter of transmittal and consent, which agreement will be governed by, and construed in accordance with, the laws of the State of New York. The acceptance of the exchange offers by a tendering holder of Starwood Notes will constitute the agreement by that holder to deliver good and marketable title to the tendered Starwood Notes, free and clear of all liens, charges, claims, encumbrances, interests and restrictions of any kind.

If the proposed amendments to the Starwood Indentures have been adopted, the amendments will apply to all Starwood Notes that are not acquired in the exchange offers, even though the holders of those Starwood Notes did not consent to the proposed amendments. Thereafter, all such Starwood Notes will be governed by the applicable Starwood Indenture, as amended by the proposed amendments, which will have less restrictive terms and afford reduced protections to the holders of those securities compared to those currently in the Starwood Indentures or those applicable to the Marriott Notes. See Risk Factors Risks Relating to the Exchange Offers and Consent Solicitations The proposed amendments to the Starwood Indentures will reduce protections for remaining holders of Starwood Notes.

Accounting Treatment of the Exchange Offers

Marriott prepares its financial statements in accordance with GAAP. The exchange offers will be accounted for as an exchange of debt that is substantially the same.

Absence of Dissenters Rights

Holders of the Starwood Notes do not have any appraisal or dissenters rights under New York law, the law governing the Starwood Indentures or under the terms of the Starwood Indentures in connection with the exchange offers and consent solicitations.

Acceptance of Starwood Notes for Exchange; Marriott Notes; Effectiveness of Proposed Amendments

Assuming the conditions to the exchange offers are satisfied or, where permitted, waived, we will issue the Marriott Notes in book-entry form and pay the cash consideration in connection with the exchange offers promptly on the Settlement Date in exchange for Starwood Notes that are properly tendered (and not validly withdrawn) before the Expiration Date and accepted for exchange.

Table of Contents

We will be deemed to have accepted validly tendered Starwood Notes (and will be deemed to have accepted validly delivered consents to the proposed amendments for the applicable Starwood Indenture) if and when we have given oral or written notice thereof to the exchange agent. Subject to the terms and conditions of the exchange offers, delivery of Marriott Notes and payment of the cash consideration in connection with the exchange of Starwood Notes accepted by us will be made by the exchange agent on the Settlement Date, upon receipt of such notice. The exchange agent will act as agent for participating holders of the Starwood Notes for the purpose of receiving consents and Starwood Notes from, and transmitting Marriott Notes and the cash consideration to, such holders. If any tendered Starwood Notes are not accepted for any reason set forth in the terms and conditions of the exchange offers or if Starwood Notes are withdrawn before the Expiration Date of the exchange offers, such unaccepted or withdrawn Starwood Notes will be returned without expense to the tendering holder promptly after the expiration or termination of the exchange offers.

In no event will interest accrue or be payable by reason of any delay on the part of the exchange agent in making delivery or payment to the holders entitled thereto or any delay in the allocation or crediting of securities or monies received by DTC to participants in DTC or in the allocation or crediting of securities or monies received by participants to beneficial owners and in no event will Marriott be liable for interest or damages in relation to any delay or failure of payment to be remitted to any holder.

The supplemental indentures containing the proposed amendments will become effective upon their respective execution and delivery. However, the proposed amendments to the applicable Starwood Indenture for each series will not become operative until after the issuance of the Marriott Notes and the payment of the cash consideration payable pursuant to the exchanges offers on the Settlement Date.

Procedures for Tendering and Consenting

If you hold Starwood Notes and wish to have those notes exchanged for Marriott Notes and the cash consideration, you must validly tender (or cause the valid tender of) your Starwood Notes using the procedures described in this prospectus and in the accompanying letter of transmittal and consent. The proper tender of Starwood Notes will constitute a consent to the proposed amendments to the applicable Starwood Indenture and the Starwood Notes in respect of such tendered Starwood Notes.

The procedures by which you may tender or cause to be tendered Starwood Notes will depend upon the manner in which you hold the Starwood Notes, as described below. No alternative, conditional or contingent tenders will be accepted.

Starwood Notes Held with DTC

Under authority granted by DTC, if you are a DTC participant that has Starwood Notes credited to your DTC account and thereby held of record by DTC's nominee, you may directly tender your Starwood Notes and deliver a consent as if you were the record holder. Accordingly, references in this prospectus to record holders include DTC participants with Starwood Notes credited to their accounts. Within two business days after the date of this prospectus, the exchange agent will establish accounts for the Starwood Notes at DTC for purposes of the exchange offers.

Tender of Starwood Notes (and corresponding consents thereto) will be accepted only in minimum denominations of \$2,000 and integral multiples of \$1,000 excess thereof. No alternative, conditional or contingent tenders will be accepted. Holders who tender less than all of their Starwood Notes must continue to hold Starwood Notes in the minimum authorized denomination of \$2,000 principal amount.

Any DTC participant may tender Starwood Notes and thereby deliver a consent to the proposed amendments to the Starwood Indentures by effecting a book-entry transfer of the Starwood Notes to be

Table of Contents

tendered in the exchange offers into the account of the exchange agent at DTC and either (1) electronically transmitting its acceptance of the exchange offers through DTC's ATOP procedures for transfer; or (2) completing and signing the letter of transmittal and consent according to the instructions contained therein and delivering it, together with any signature guarantees and other required documents, to the exchange agent at its address on the back cover page of this prospectus, in either case before the Expiration Date of the exchange offers.

If ATOP procedures are followed, DTC will verify each acceptance transmitted to it, execute a book-entry delivery to the exchange agent's account at DTC and send an agent's message to the exchange agent. An agent's message is a message, transmitted by DTC to and received by the exchange agent and forming part of a book-entry confirmation, which states that DTC has received an express acknowledgement from a DTC participant tendering Starwood Notes that the participant has received and agrees to be bound by the terms and conditions of the exchange offers and consent solicitations as set forth in this prospectus and the letter of transmittal and consent, and that Marriott and Starwood may enforce the agreement against the participant. DTC participants following this procedure should allow sufficient time for completion of the ATOP procedures before the Expiration Date of the exchange offers.

The letter of transmittal and consent (or facsimile thereof), with any required signature guarantees, or (in the case of book-entry transfer) an agent's message in lieu of the letter of transmittal and consent, and any other required documents, must be transmitted to and received by the exchange agent before the Expiration Date of the exchange offers at its address set forth on the back cover page of this prospectus. Delivery of these documents to DTC does not constitute delivery to the exchange agent.

Starwood Notes Held Through a Nominee

Currently, all of the Starwood Notes are held in book-entry form and can only be tendered by following the procedures described above under *Starwood Notes Held with DTC*. However, if you are a beneficial owner of Starwood Notes that are subsequently issued in certificated form and that are held of record by a broker, dealer, commercial bank, trust company or other nominee, and you wish to tender Starwood Notes in the exchange offers, you should contact the record holder promptly and instruct the record holder to tender the Starwood Notes and thereby deliver a consent on your behalf using one of the procedures described above.

Beneficial owners should be aware that their broker, dealer, commercial bank, trust company or other nominee may establish its own earlier deadlines for participation in the exchange offers and consent solicitations. Accordingly, beneficial owners wishing to participate in the exchange offers and consent solicitations should contact their broker, dealer, commercial bank, trust company or other nominee as soon as possible in order to determine the times by which you must take action in order to participate in the exchange offers and consent solicitations.

Letter of Transmittal and Consent

Subject to and effective upon the acceptance for exchange and issuance of Marriott Notes and the payment of the cash consideration, in exchange for Starwood Notes tendered by a letter of transmittal and consent or agent's message in accordance with the terms and subject to the conditions in this prospectus, by executing and delivering a letter of transmittal and consent (or agreeing to the terms of a letter of transmittal and consent under an agent's message) a tendering holder of Starwood Notes, among other things:

irrevocably sells, assigns and transfers to or upon the order of Marriott all right, title and interest in and to, and all claims in respect of or arising or having arisen as a result of the holder's status as a holder of,

the Starwood Notes tendered thereby;

Table of Contents

represents and warrants that the Starwood Notes tendered were owned as of the date of tender, free and clear of all liens, charges, claims, encumbrances, interests and restrictions of any kind;

consents to the proposed amendments described below under The Proposed Amendments for the series of Starwood Notes tendered; and

irrevocably constitutes and appoints the exchange agent the true and lawful agent and attorney-in-fact of the holder for any tendered Starwood Notes (with full knowledge that the exchange agent also acts as the agent of Marriott), with full powers of substitution and revocation (such power of attorney being deemed to be an irrevocable power coupled with an interest) to cause the Starwood Notes tendered to be assigned, transferred and exchanged in the exchange offers.

Proper Execution and Delivery of Letter of Transmittal and Consent

If you wish to participate in the exchange offers and consent solicitations, delivery of your Starwood Notes, signature guarantees and other required documents are your responsibility. Delivery is not complete until the required items are actually received by the exchange agent. If you mail these items, we recommend that you (1) use registered mail properly insured with return receipt requested and (2) mail the required items in sufficient time to ensure timely delivery.

Except as otherwise provided below, all signatures on the letter of transmittal and consent or a notice of withdrawal must be guaranteed by a recognized participant in the Securities Transfer Agents Medallion Program, the NYSE Medallion Signature Program or the Stock Exchange Medallion Program. Signatures on the letter of transmittal and consent need not be guaranteed if:

the letter of transmittal and consent is signed by a DTC participant whose name appears on a security position listing of DTC as the owner of the Starwood Notes and the portion entitled Special Payment Instructions on the letter of transmittal and consent has not been completed; or

the Starwood Notes are tendered for the account of an eligible institution. See Instruction 4 in the letter of transmittal and consent.

Withdrawal of Tenders and Revocation of Corresponding Consents

By tendering Starwood Notes for exchange, holders will be deemed to have validly delivered consent to the proposed amendments to the applicable Starwood Indenture under which those respective Starwood Notes were issued. Tenders of Starwood Notes in connection with any of the exchange offers may be withdrawn at any time before the Expiration Date of the particular exchange offer. Tenders of Starwood Notes may not be withdrawn at any time thereafter. Consents to the proposed amendments in connection with the consent solicitations may be revoked at any time before the Expiration Date of the particular consent solicitation by withdrawing tender of Starwood Notes, but may not be withdrawn at any time thereafter. A valid withdrawal of tendered Starwood Notes before the Expiration Date will be deemed to be a concurrent revocation of the related consent to the proposed amendments to the Starwood Indentures.

Beneficial owners desiring to withdraw Starwood Notes previously tendered through the ATOP procedures should contact the DTC participant through which they hold their Starwood Notes. In order to withdraw Starwood Notes

previously tendered, a DTC participant may, before the Expiration Date of the exchange offers, withdraw its instruction previously transmitted through ATOP by (1) withdrawing its acceptance through ATOP, or (2) delivering to the exchange agent by mail, hand delivery or facsimile

transmission, notice of withdrawal of such instruction. The notice of withdrawal must contain the name and number of the DTC participant, the series of Starwood Notes subject to the notice and the principal amount of each series of Starwood Notes subject to the notice. Withdrawal of a prior instruction will be effective upon receipt of such notice of withdrawal by the exchange agent. All signatures on a notice of withdrawal must be guaranteed by a recognized participant in the Securities Transfer Agents Medallion Program, the NYSE Medallion Signature Program or the Stock Exchange Medallion Program, except that signatures on the notice of withdrawal need not be guaranteed if the Starwood Notes being withdrawn are held for the account of an eligible institution. A withdrawal of an instruction must be executed by a DTC participant in the same manner as such DTC participant's name appears on its transmission through ATOP to which the withdrawal relates. A DTC participant may withdraw a tender only if the withdrawal complies with the provisions described in this section.

If you are a beneficial owner of Starwood Notes issued in certificated form and have tendered these notes (but not through DTC) and you wish to withdraw your tendered notes, you should contact the exchange agent for instructions.

Withdrawals of tenders of Starwood Notes may not be rescinded and any Starwood Notes withdrawn will thereafter be deemed not validly tendered for purposes of the exchange offers. Properly withdrawn Starwood Notes, however, may be re-tendered by following the procedures described above at any time before the Expiration Date of the applicable exchange offer.

Miscellaneous

All questions as to the validity, form, eligibility (including time of receipt) and acceptance for exchange of any tender or withdrawal of Starwood Notes in connection with the exchange offers will be determined by us, in our sole discretion, and our determination will be final and binding. We reserve the absolute right to reject any or all tenders or withdrawals not in proper form or the acceptance for exchange of which may, in the opinion of our counsel, be unlawful. We also reserve the absolute right to waive any defect or irregularity in the tender or withdrawal of any Starwood Notes in the exchange offers, and our interpretation of the terms and conditions of the exchange offers (including the instructions in the letter of transmittal and consent) will be final and binding on all parties. None of Marriott, Starwood, the dealer manager, the exchange agent, the information agent, the trustee under the Marriott Indenture, the Starwood Trustees or any other person will be under any duty to give notification of any defects or irregularities in tenders or withdrawals or incur any liability for failure to give any such notification.

Tenders or withdrawals of Starwood Notes involving any irregularities will not be deemed to have been made until such irregularities have been cured or waived. Starwood Notes received by the exchange agent in connection with any exchange offer that are not validly tendered or withdrawn and as to which the irregularities have not been cured or waived will be returned by the exchange agent to (i) you by mail if they were tendered or withdrawn in certificated form or (ii) if they were tendered or withdrawn through the ATOP procedures, to the DTC participant who delivered such Starwood Notes by crediting an account maintained at DTC designated by such DTC participant, in either case promptly after the Expiration Date of the applicable exchange offer or the withdrawal or termination of the applicable exchange offer.

We may also in the future seek to acquire untendered Starwood Notes in open market or privately-negotiated transactions, through subsequent exchange offers or otherwise. The terms of any of those purchases or offers could differ from the terms of these exchange offers.

**DESCRIPTION OF DIFFERENCES BETWEEN THE STARWOOD NOTES
AND THE MARRIOTT NOTES**

The following is a summary comparison of the material terms of the Starwood Notes and the Marriott Notes that differ. The Marriott Notes issued in the applicable exchange offers will be governed by the Marriott Indenture. This summary does not purport to be complete and is qualified in its entirety by reference to the Starwood Indentures, the Marriott Indenture and applicable note certificate. Copies of those indentures and the note certificates are filed as exhibits to the registration statement of which this prospectus forms a part and are also available from the information agent upon request.

The Starwood Notes represent, as of the date of this prospectus, the only debt securities issued and currently outstanding under the Starwood Indentures.

Terms used in the comparison of the Starwood Notes and the Marriott Notes below and not otherwise defined in this prospectus have the meanings given to those terms in the relevant Starwood Indenture, the Marriott Indenture or applicable note certificate, as applicable. Article and section references in the descriptions of the notes below are references to the applicable indenture under which such notes were or will be issued.

The description of the Starwood Notes reflects the Starwood Notes as currently constituted and does not reflect any changes to the covenants and other terms of the Starwood Notes or the Starwood Indentures that may be effected following the consent solicitations as described under The Proposed Amendments. The summary of the Starwood Notes reflects a summary of the 2007 Starwood Base Indenture or 2008 Starwood Indenture, as noted, with any material differences in subsequent Starwood Indentures as specified.

This provision, however, is subject to the condition that if, at any time after the principal amount (or, if the Securities of such series are Original Issue Discount Securities, such portion of the principal amount as may be specified in the terms of such series) of the Securities of any series shall have been so declared or otherwise become due and payable, and before any judgment or decree for the payment of the moneys due shall have been obtained or entered as hereinafter provided, Starwood shall pay or shall deposit with the Trustee a sum sufficient to pay all matured installments of interest, if any, upon all of the Securities of such series and the principal of, and premium, if any, on any and all Securities of such series which shall have become due otherwise than by acceleration (with interest on overdue installments of interest (to the extent that payment of such interest is enforceable under applicable law) and on such principal at the Overdue Rate applicable to such series, to the date of such payment or deposit) and all amounts payable to the Trustee pursuant to the provisions of Section 7.06, and any and all defaults under the 2007 Starwood Base Indenture with respect to such series of Securities, other than the nonpayment of principal of and accrued interest on Securities of such series which shall have become due solely by acceleration, shall have been remedied or cured or waived or provision shall

have been made therefor to the satisfaction of the Trustee then and in every such case the holders of a majority in aggregate principal amount of the Securities of such series then Outstanding, by written notice to Starwood and to the Trustee, may waive all defaults with respect to such series and rescind and annul such declaration or acceleration and its consequences; but no such waiver or rescission and annulment shall extend to or shall affect any subsequent default or shall impair any right consequent thereon.

In case the Trustee shall have proceeded to enforce any right under the 2007 Starwood Base Indenture and such proceeding shall have been discontinued or abandoned because of such rescission or annulment or for any other reason or shall have been determined adversely to the Trustee, then and in every such case Starwood and the Trustee shall be restored respectively to their several positions and rights hereunder, and all rights, remedies and powers of Starwood and the Trustee shall continue as though no such proceeding had been taken.

If a Change of Control Triggering Event occurs, unless Starwood has exercised its right to redeem the Notes as described in Section 3.01, holders of Notes will have the right to require Starwood to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of their Notes pursuant to the offer described below (the "Change of Control Offer") on the terms set forth in the Notes. In the Change of Control Offer, Starwood will be required to offer payment in cash equal to 101% of the aggregate principal amount of Notes repurchased plus accrued and unpaid interest, if any, on the Notes repurchased to the date of purchase (the "Change of Control Payment"). notice is mailed (the Change of Control Payment Date), pursuant to the procedures required by the Notes and described in such notice. The notice shall, if mailed prior to the date of the consummation of the Change of Control, state that the offer to purchase is conditioned on the Change of Control Triggering Event occurring on or prior to the payment date specified in the notice. Starwood must comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the Notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control Triggering Event provisions of the Notes, Starwood will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control Triggering Event provisions of the Notes by virtue of such conflicts.

On the Change of Control Payment Date, Starwood will be required, to the extent lawful, to:

payment date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is sent. The notice shall, if sent prior to the date of consummation of the Change of Control, state that the offer to purchase is conditioned on the Change of Control Repurchase Event occurring on or prior to the payment date specified in the notice. Marriott will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the Securities of this series as a result of a Change of Control Repurchase Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control Repurchase Event provisions herein, Marriott will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control Repurchase Event provisions herein by virtue of such conflict.

On the Change of Control Repurchase Event payment date, Marriott will, to the extent lawful:

(1) accept for payment all Securities of this series or portions of Securities of this series properly tendered pursuant to Marriott's offer;

(2) deposit with the Paying Agent an amount equal to the aggregate purchase price in respect of all Securities of this series or portions of Securities of this series properly tendered; and

(iii) deliver or cause to be delivered to the Trustee the Notes properly accepted.

The paying agent will promptly mail to each holder of Notes properly tendered the purchase price for the Notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book-entry) to each holder a new Note equal in principal amount to any unpurchased portion of any Notes surrendered; *provided* that each new Note will be in a principal amount of U.S. \$2,000 or an integral multiple of U.S. \$1,000 in excess thereof. Starwood will not be required to make an offer to repurchase the Notes upon a Change of Control Triggering Event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by Starwood and such third party purchases all Notes properly tendered and not withdrawn under its offer.

Change of Control shall mean the occurrence of any of the following: (1) the direct or indirect sale, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the assets of Starwood and its Subsidiaries taken as a whole to any Person other than Starwood or one of its subsidiaries; *provided* that Starwood will be deemed to own any asset that Starwood sells, transfers, conveys or otherwise disposes and, following such transaction, manages pursuant to a management agreement or it is operated by a third party subject to a franchise or license agreement with Starwood; (2) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any Person becomes the beneficial owner, directly or indirectly, of more than 50% of the then outstanding number of shares of Starwood's Voting Stock; or (3) the first day on which a majority of the members of Starwood's Board of Directors are not Continuing Directors.

(3) deliver or cause to be delivered to the Trustee the Securities of this series properly accepted, together with an Officers Certificate stating the aggregate principal amount of the Securities being purchased by Marriott.

The Paying Agent will promptly pay to each Holder of the Securities of this series properly tendered the purchase price for the Securities, and the Trustee will promptly authenticate and deliver (or cause to be transferred by book-entry) to each Holder a new Security equal in principal amount to any unpurchased portion of any Securities surrendered; *provided* that each new Security will be in a principal amount of \$2,000 or an integral multiple of \$1,000.

Marriott will not be required to make an offer to repurchase the Securities of this series upon a Change of Control Repurchase Event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by Marriott and such third party purchases all Securities properly tendered and not withdrawn under its offer.

Change of Control means the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any person (as that term is used in Section 13(d)(3) of the Exchange Act) becomes the beneficial owner, directly or indirectly, of more than 50% of Marriott's Voting Stock, measured by voting power rather than number of shares.

Change of Control Triggering Event shall mean the occurrence of both a Change of Control and a Rating Event.

Table of Contents

Starwood Notes

Rating Event shall mean the rating on the Notes is lowered by each of the Rating Agencies and the Notes are rated below an Investment Grade Rating by each of the Rating Agencies on any day within the 60-day period (which 60-day period will be extended so long as the rating of the Notes is under publicly announced consideration for a possible downgrade by any of the Rating Agencies) after the earlier of (1) the occurrence of a Change of Control and (2) public notice of the occurrence of a Change of Control or Starwood's intention to effect a Change of Control; *provided, however*, that a Rating Event otherwise arising by virtue of a particular reduction in rating will not be deemed to have occurred in respect of a particular Change of Control (and thus will not be deemed a Rating Event for purposes of the definition of Change of Control Triggering Event) if the Rating Agencies making the reduction in rating to which this definition would otherwise apply do not announce or publicly confirm or inform the Trustee in writing at Starwood's or its request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control has occurred at the time of the Rating Event).

Marriott Notes

Notwithstanding the foregoing, a transaction effected to create a holding company for Marriott will not be deemed to involve a change of control if: (1) pursuant to such transaction Marriott becomes a direct or indirect wholly owned subsidiary of such holding company and (2)(A) the direct or indirect holders of the Voting Stock of such holding company immediately following that transaction are substantially the same as the holders of Marriott's Voting Stock immediately prior to that transaction or (B) immediately following that transaction no person (other than a holding company satisfying the requirements of this sentence) is the beneficial owner, directly or indirectly, of more than 50% of the Voting Stock of such holding company, measured by voting power rather than number of shares.

Change of Control Repurchase Event means the occurrence of both a Change of Control and a Below Investment Grade Rating Event.

Material differences noted in other Starwood Indentures

Both the 2009 Starwood Indenture Change of Control provision (Section 3.02) and the 2012 Starwood Indenture Change of Control provision (Section 3.02) omit the concepts of a Rating Event and a Change of Control Triggering Event each as defined therein, such that a Change of Control will trigger a Change of Control Offer.

Each Starwood Indenture (Section 3.02) subsequent to the 2008 Starwood Indenture provides that on a Change of Control Payment Date, Starwood must deliver to the Trustee, together with the Notes properly accepted, an Officers Certificate to the effect that the consummation of the applicable Change of Control Offer is in compliance with Section 3.02 of the 2014 Starwood Indenture.

Section 11.01 of the 2007 Starwood Base Indenture

Nothing contained in the 2007 Starwood Base Indenture or in any of the Securities shall be deemed to prevent the consolidation or merger of Starwood with or into any other corporation, or the merger into Starwood of any other corporation, or the sale by Starwood of its assets as, or substantially as, an entirety, or otherwise; *provided, however*, that (a) in case of any such consolidation or merger, the corporation resulting from such consolidation or any corporation other than Starwood into which such merger shall be made shall succeed to and be substituted for Starwood with the same effect as if it had been named herein as a party hereto and shall become liable and be bound for, and shall expressly assume, by a supplemental indenture hereto, executed and delivered to the Trustee, the due and punctual payment of the principal of, and premium, if any, and interest, if any, on all the Securities of each series and the

Section 801 of the Marriot Indenture

Coupons, if any, appertaining thereto and the performance and observance of each and every covenant and condition of the 2008 Starwood Indenture on the part of Starwood to be performed or observed, (b) as a condition of any such sale of the assets of Starwood as, or substantially as, an entirety, the corporation to which such assets shall be sold shall (i) expressly assume the due and punctual payment of the principal of, premium, if any, and interest, if any, on all the Securities of each series and the Coupons, if any, appertaining thereto and the performance and observance of all the covenants and conditions of the 2007 Starwood Base Indenture on the part of Starwood to be performed or observed and (ii) simultaneously with the delivery to it of the conveyances or instruments of transfer of such assets, execute and deliver to the Trustee a supplemental indenture thereto, in form satisfactory to the Trustee, whereby such purchasing corporation shall so assume the due and punctual payment of the principal of, premium, if any, and interest, if any, on all the Securities of each series and the Coupons, if any, appertaining thereto and the performance and observance of each and every covenant and condition of the 2007 Starwood Base Indenture on the part of Starwood to be performed or observed, to the same extent that the Issuer is bound and liable, (c) either Starwood is the continuing corporation or the successor corporation is a corporation or limited liability company organized under the laws of the United States of America or any state thereof or the District of Columbia, Switzerland or any member country of the European Union, and (d) Starwood is not, or such successor corporation is not, immediately after such merger, consolidation or sale, in default in the performance of any obligations under the 2007 Starwood Base Indenture.

Marriott Notes

(2) immediately after giving effect to such transaction and treating any indebtedness which becomes an obligation of Marriott or any Subsidiary as a result of such transaction as having been incurred by the Company or such Subsidiary at the time of such transaction, no Event of Default, and no event which, after notice or lapse of time or both, would become an Event of Default, shall have happened and be continuing;

(3) if, as a result of any such consolidation or merger or such conveyance, transfer or lease, any Principal Property of Marriott or any Restricted Subsidiary would become subject to a Lien which would not be permitted by the Marriott Indenture, Marriott or such successor Person, as the case may be, shall take such steps as shall be necessary effectively to secure the Securities equally and ratably with (or prior to) all indebtedness secured thereby; and

(4) Marriott has delivered to the Trustee an Officers Certificate and an Opinion of Counsel, each addressed to the Trustee and stating that such consolidation, merger, conveyance, transfer or lease and, if a supplemental indenture is required in connection with such transaction, such supplemental indenture comply with this Article and that all conditions precedent herein provided for relating to such transaction have been complied with.

Table of Contents**THE PROPOSED AMENDMENTS**

We are soliciting the consent of the holders of Starwood Notes to, among other things, eliminate (1) substantially all of the restrictive covenants, (2) the change of control provisions, (3) certain requirements that must be met for Starwood to consolidate, merge or sell all or substantially all of its assets and (4) certain events of default in the Starwood Indentures so they will no longer apply, as well as change the delivery date of the annual compliance certificate. If the proposed amendments described below are adopted with respect to any series of Starwood Notes, the amendments will apply to all Starwood Notes of that series not acquired in the applicable exchange offer. Thereafter, all such Starwood Notes of that series will be governed by the applicable Starwood Indenture as amended by the proposed amendments, which will have less restrictive terms and afford reduced protections to the holders of those securities compared to those currently in the applicable Starwood Indenture and those that will be applicable to the new Marriott Notes. See **Risk Factors** **Risks Related to the Exchange Offers and the Consent Solicitations** The proposed amendments to the Starwood Indentures will reduce protections for remaining holders of Starwood Notes.

The descriptions below of the provisions of the Starwood Indentures to be eliminated or modified do not purport to be complete and are qualified in their entirety by reference to the Starwood Indentures and the forms of supplemental indentures to the applicable Starwood Indenture that contain the proposed amendments. Copies of the forms of supplemental indentures are attached as exhibits to the registration statement of which this prospectus forms a part.

The proposed amendments for each series of Starwood Notes constitute a single proposal, and a consenting holder must consent to the proposed amendments in their entirety and may not consent selectively with respect to only certain of the proposed amendments.

Pursuant to the Starwood Indentures and related supplemental indentures for each series of Starwood Notes, the proposed amendments require the consent of the holders of not less than a majority in aggregate principal amount of the outstanding Starwood Notes of such series affected by the supplemental indentures. Any Starwood Notes held by Starwood or any person directly or indirectly controlling or controlled by or under direct or indirect common control with Starwood are not considered to be outstanding for this purpose.

As of the date of this prospectus, the aggregate principal amount outstanding with respect to each series of Starwood Notes is:

Series of Starwood Notes	Principal Amount Outstanding
6.750% Notes due 2018	\$ 370,626,000
7.150% Notes due 2019	\$ 209,445,000
3.125% Notes due 2023	\$ 326,333,000
3.750% Notes due 2025	\$ 350,000,000
4.500% Notes due 2034	\$ 300,000,000
Total	\$ 1,556,404,000

The valid tender of a holder's Starwood Notes will constitute the consent of the tendering holder to the proposed amendments in their entirety.

If the Requisite Consents with respect to all series of Starwood Notes under the Starwood Indentures have been received before the Expiration Date, assuming all other conditions of the exchange offers and consent solicitations are satisfied or waived, as applicable, all of the sections or provisions listed below under the applicable Starwood

Indenture for that series of Starwood Notes will be deleted or modified, as applicable:

Merger and Consolidation Covenant. The proposed amendments would also modify Section 11.01 of both the 2007 Starwood Base Indenture and Section 11.01 of the 2012 Starwood Base Indenture **Company May Consolidate, Etc., Only On Certain Terms** to (i) modify the restrictions on Starwood's ability to sell its assets as, or substantially as, an entirety so that such a sale may occur so long as Starwood is not insolvent as a result of such sale, (ii) eliminate the requirement that a surviving successor corporation be organized only in certain states or countries, and (iii) eliminate the requirement that no defaults exist after such transactions.

Company Reporting Covenant. Although the proposed amendments would also delete the company reporting covenant in each of the Starwood Indentures, Starwood has already ceased reporting under Section 13 or 15(d) of the Exchange Act and, accordingly, has ceased to file periodic reports or information with the SEC or the Starwood Trustees or to provide such reports or information to any holders of the Starwood Notes.

Conforming Delivery Date of Annual Compliance Certificate. The proposed amendments would also amend Section 4.05 of both the 2007 Starwood Base Indenture and the 2012 Starwood Base Indenture **Certificate as to Default to be Delivered Annually** to conform the delivery date of the annual compliance certificate to that of the Marriott Indenture.

Conforming Changes, etc. The proposed amendments would amend the Starwood Indentures to make certain conforming or other changes to the Starwood Indentures, including modification or deletion of certain definitions and cross-references.

Effectiveness of the Supplemental Indentures and Proposed Amendments

Assuming we have received the Requisite Consents with respect to all series of Starwood Notes before the Expiration Date, the supplemental indentures for the proposed amendments will be duly executed and delivered by Starwood and the Starwood Trustees and such supplemental indentures shall become effective upon their execution and delivery. However, the proposed amendments to the Starwood Indentures with respect to each series will not become operative

until after the issuance of the Marriott Notes and the payment of the cash consideration payable pursuant to the exchange offers on the Settlement Date.

Table of Contents**DESCRIPTION OF NEW MARRIOTT NOTES****General**

The Series S Notes, Series T Notes, Series U Notes, Series V Notes and Series W Notes (each as defined below and, collectively, the **Marriott Notes**) will be issued by Marriott in connection with the exchange offers for the Starwood Notes described elsewhere in this prospectus and governed by the indenture, dated as of November 16, 1998 (the **Marriott Indenture**), between Marriott and The Bank of New York Mellon, as successor to JPMorgan Chase Bank, N.A., formerly known as The Chase Manhattan Bank, which acts as trustee. The Indenture and its associated documents contain the full legal text of the matters described in this section. The Marriott Indenture and the Marriott Notes are governed by New York law. A copy of the Marriott Indenture has been filed with the Securities and Exchange Commission (**SEC**). See **Where You Can Find More Information** for information on how to obtain a copy.

Because this section is a summary, it does not describe every aspect of the Marriott Notes. This summary is subject to and qualified in its entirety by reference to all the provisions of the Marriott Indenture, including definitions of certain terms used in the Marriott Indenture. For example, in this section we use capitalized words to signify defined terms that have been given special meaning in the Marriott Indenture. We describe in this prospectus the meaning of some terms defined in the Marriott Indenture. You should refer to the Marriott Indenture for the meanings of all of the defined terms. We also include references in parentheses to certain sections of the Marriott Indenture. Whenever we refer to particular sections or defined terms of the Marriott Indenture in this prospectus, such sections or defined terms are incorporated by reference here.

Terms

Each series of Marriott Notes is a separate series of debt securities. The Marriott Notes will be our general unsecured and senior obligations. The Marriott Notes will rank equally with all of our other unsecured and unsubordinated debt. We will issue the Marriott Notes under the Marriott Indenture. Each series of Marriott Notes will be limited to the total principal amount of corresponding Starwood Notes delivered in the exchange offers on the Settlement Date. We may, without the consent of the existing holders of the Marriott Notes of any series, issue additional Marriott Notes of such series having the same terms; *provided* that the existing notes and the additional notes of such series form a single series under the Marriott Indenture and such additional notes must be fungible with previously issued notes of such series for U.S. federal income tax purposes.

Marriott International, Inc. is a legal entity separate and distinct from its subsidiaries. Our subsidiaries are not obligated to make required payments on the Marriott Notes. Accordingly, Marriott's rights and the rights of holders of the Marriott Notes to participate in any distribution of the assets or income from any subsidiary are necessarily subject to the prior claims of creditors of the subsidiary. The Marriott Indenture does not limit the amount of unsecured debt which our subsidiaries may incur. In addition, we and our subsidiaries may incur secured debt and enter into sale and leaseback transactions, subject to the limitations described under Certain Covenants.

The Marriott Notes will not be entitled to the benefit of any sinking fund or other mandatory redemption provisions.

The Trustee

The trustee under the Marriott Indenture has two main roles. First, the Trustee can enforce your rights against us if we default on our obligations under our debt securities. There are some limitations on the extent to which the Trustee acts on your behalf, described below under Remedies If an Event of Default Occurs. Second, the Trustee performs administrative duties for us, such as sending you interest payments, sending you notices and transferring your debt securities to a new buyer if you sell.

Redemption at Our Option

We may redeem the Marriott Notes in whole or in part from time to time, at our option, at any time, in the case of the Series S Notes and the Series T Notes, in the case of the Series U Notes, before November 15, 2022 (three months before their maturity date), in the case of the Series V Notes, before December 15, 2024 (three months before their maturity date) and in the case of the Series W Notes, before April 1, 2034 (six months before their maturity date), at a redemption price equal to the greater of:

100% of the principal amount of the Marriott Notes of that series to be redeemed, and

the sum, as determined by the Independent Investment Banker, of the present values of the remaining scheduled payments of principal and interest (exclusive of any interest accrued to the date of

redemption) discounted to the redemption date on a semiannual basis at the Treasury Rate plus 45 basis points, in the case of the Series S Notes, 50 basis points, in the case of the Series T Notes, and 25 basis points, in the case of each of the Series U Notes, Series V Notes and Series W Notes, plus accrued and unpaid interest to, but excluding, the date of redemption.

Table of Contents

We may redeem the Series U Notes, the Series V Notes and the Series W Notes in whole or in part from time to time, at our option, in the case of the Series U Notes, on or after November 15, 2022 (three months before their maturity date), in the case of the Series V Notes, on or after December 15, 2024 (three months before their maturity date) and in the case of the Series W Notes, on or after April 1, 2034 (six months before their maturity date), at a redemption price equal to 100% of the principal amount of such notes being redeemed.

In the case of any such redemption, we will also pay accrued and unpaid interest to, but not including, the redemption date.

The redemption price will be calculated assuming a 360-day year consisting of twelve 30-day months.

Treasury Rate means, with respect to any redemption date, the rate per year equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue (if no maturity is within three months before or after the Remaining Life, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue shall be determined and the Treasury Rate shall be interpolated or extrapolated from such yields on a straight line basis, rounding to the nearest month), calculated on the third business day preceding the redemption date, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date.

Comparable Treasury Issue means the United States Treasury security selected by the Independent Investment Banker as having a maturity comparable to the remaining term (Remaining Life) of the Marriott Notes that would be used, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Marriott Notes.

Comparable Treasury Price means, with respect to any redemption date:

the average of the Reference Treasury Dealer Quotations for that redemption date, after excluding the highest and lowest of the Reference Treasury Dealer Quotations, or

if the Independent Investment Banker obtains fewer than three Reference Treasury Dealer Quotations, the average of all Reference Treasury Dealer Quotations so received.

Independent Investment Banker means one of the Reference Treasury Dealers appointed by us.

Reference Treasury Dealer means (a) Deutsche Bank Securities Inc., or an affiliate or successor thereof, unless the foregoing ceases to be a primary U.S. government securities dealer in New York City (a Primary Treasury Dealer), in which case we shall substitute another Primary Treasury Dealer, and (b) any two other Primary Treasury Dealers selected by us.

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker by that Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day preceding that redemption date.

We will deliver notice of any redemption at least 15 days but not more than 45 days before the redemption date to each holder of the Marriott Notes to be redeemed.

Table of Contents

If we choose to redeem less than all of the Marriott Notes of a series, we will notify the Trustee at least five business days before giving notice of redemption, or a shorter period as may be satisfactory to the Trustee, of the series and aggregate principal amount of Marriott Notes to be redeemed and their redemption date. The Marriott Notes to be redeemed in whole or in part will be selected in a manner that complies with the requirements of the Depositary.

Unless we default in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the Marriott Notes or portions of the Marriott Notes called for redemption.

Change of Control

If a change of control repurchase event occurs as to a series of Marriott Notes, unless we have exercised our right to redeem the Marriott Notes in whole as described under Redemption at Our Option, we will make an offer to each holder of Marriott Notes to repurchase all or any part (in excess of \$2,000 in integral multiples of \$1,000) of that holder's Marriott Notes at a repurchase price in cash equal to 101% of the aggregate principal amount of Marriott Notes repurchased plus any accrued and unpaid interest on the Marriott Notes repurchased to the date of purchase. Within 30 days following any change of control repurchase event or, at our option, before any change of control, but after the public announcement of the change of control, we will deliver a notice to each holder, with a copy to the trustee, describing the transaction or transactions that constitute or may constitute the change of control repurchase event and offering to repurchase Marriott Notes on the payment date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is sent. The notice shall, if sent before the date of consummation of the change of control, state that the offer to purchase is conditioned on the change of control repurchase event occurring on or before the payment date specified in the notice. We will comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended, which we refer to as the Exchange Act, and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the Marriott Notes as a result of a change of control repurchase event. To the extent that the provisions of any securities laws or regulations conflict with the change of control repurchase event provisions of the Marriott Notes, we will comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under the change of control repurchase event provisions of the Marriott Notes by virtue of such conflict.

On the change of control repurchase event payment date, we will, to the extent lawful:

accept for payment all Marriott Notes or portions of Marriott Notes properly tendered pursuant to our offer;

deposit with the paying agent an amount equal to the aggregate purchase price in respect of all Marriott Notes or portions of Marriott Notes properly tendered; and

deliver or cause to be delivered to the trustee the Marriott Notes properly accepted, together with an officers' certificate stating the aggregate principal amount of Marriott Notes being purchased by us.

The paying agent will promptly pay to each holder of Marriott Notes properly tendered the purchase price for the Marriott Notes, and the trustee will promptly authenticate and deliver (or cause to be transferred by book-entry) to each holder a new note equal in principal amount to any unpurchased portion of any Marriott Notes surrendered; *provided* that each new note will be in a principal amount of \$2,000 or an integral multiple of \$1,000.

Table of Contents

We will not be required to make an offer to repurchase the Marriott Notes upon a change of control repurchase event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by us and such third party purchases all Marriott Notes properly tendered and not withdrawn under its offer.

Below investment grade rating event means with respect to a series of Marriott Notes, the Marriott Notes of such series are rated below investment grade by both rating agencies on any date from the date of the public notice of an arrangement that could result in a change of control until the end of the 60-day period following public notice of the occurrence of a change of control (which period shall be extended so long as the rating of such Marriott Notes is under publicly announced consideration for possible downgrade by either of the rating agencies); *provided* that a below investment grade rating event otherwise arising by virtue of a particular reduction in rating shall not be deemed to have occurred in respect of a particular change of control (and thus shall not be deemed a below investment grade rating event for purposes of the definition of change of control repurchase event hereunder) if the rating agencies making the reduction in rating to which this definition would otherwise apply do not announce or publicly confirm or inform us in writing at our request that the reduction was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable change of control (whether or not the applicable change of control shall have occurred at the time of the below investment grade rating event).

Change of control means the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any person (as that term is used in Section 13(d)(3) of the Exchange Act) becomes the beneficial owner, directly or indirectly, of more than 50% of our voting stock, measured by voting power rather than number of shares. Notwithstanding the foregoing, a transaction effected to create a holding company for us will not be deemed to involve a change of control if: (1) pursuant to such transaction we become a direct or indirect wholly owned subsidiary of such holding company and (2)(A) the direct or indirect holders of the voting stock of such holding company immediately following that transaction are substantially the same as the holders of our voting stock immediately before that transaction or (B) immediately following that transaction no person (other than a holding company satisfying the requirements of this sentence) is the beneficial owner, directly or indirectly, of more than 50% of the voting stock of such holding company, measured by voting power rather than number of shares.

Change of control repurchase event means the occurrence of both a change of control and a below investment grade rating event.

Investment grade means a rating of Baa3 or better by Moody's (or its equivalent under any successor rating categories of Moody's); a rating of BBB- or better by S&P (or its equivalent under any successor rating categories of S&P); and the equivalent investment grade credit rating from any replacement rating agency or rating agencies selected by us.

Moody's means Moody's Investors Service, Inc.

Rating agency means (1) each of Moody's and S&P; and (2) if either of Moody's or S&P ceases to rate the Marriott Notes of the applicable series or fails to make a rating of such Marriott Notes publicly available for reasons outside of our control, a nationally recognized statistical rating organization within the meaning of Rule 15c3-1(c)(2)(vi)(F) under the Exchange Act, selected by us (as certified by a resolution of our board of directors delivered to the Trustee) as a replacement agency for Moody's or S&P, or both, as the case may be.

S&P means Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc.

Table of Contents

Voting stock of any specified person (as that term is used in Section 13(d)(3) of the Exchange Act) as of any date means the capital stock of such person that is at the time entitled to vote generally in the election of the board of directors of such person.

Legal Ownership

Street Name and Other Indirect Holders

Investors who hold the Marriott Notes in accounts at banks or brokers will generally not be recognized by us as legal Holders of the Marriott Notes. This is called holding in Street Name. Instead, we would recognize only the bank or broker, or the financial institution the bank or broker uses to hold its Marriott Notes. These intermediary banks, brokers and other financial institutions pass along principal, interest and other payments on the Marriott Notes, either because they agree to do so in their customer agreements or because they are legally required to. If you hold Marriott Notes in Street Name, you should check with your own institution to find out:

how it handles securities payments and notices;

whether it imposes fees or charges;

how it would handle voting if ever required;

whether and how you can instruct it to send you Marriott Notes registered in your own name so you can be a direct Holder as described below; and

how it would pursue rights under the Marriott Notes if there were a default or other event triggering the need for Holders to act to protect their interests.

Direct Holders

Our obligations, as well as the obligations of the Trustee and those of any third parties employed by us or the Trustee, run only to Persons who are registered as Holders of Marriott Notes. We do not have obligations to you if you hold in Street Name or other indirect means, either because you choose to hold Marriott Notes in that manner or because the Marriott Notes are issued in the form of Global Securities as described below. For example, once we make payment to the registered Holder, we have no further responsibility for the payment if that Holder is legally required to pass the payment along to you as a Street Name customer but does not do so.

Global Securities

The Marriott Notes of each series will initially be issued only as a registered note in global form without interest coupons, known as a Global Security.

What is a Global Security? A Global Security is a special type of indirectly held Security, as described above under Street Name and Other Indirect Holders. The financial institution that acts as the sole direct Holder of the Global

Security is called the Depositary. Any person wishing to own a Global Security must do so indirectly by virtue of an account with a broker, bank or other financial institution that in turn has an account with the Depositary.

Special Investor Considerations for Global Securities. As an indirect holder, an investor's rights relating to a Global Security will be governed by the account rules of the investor's financial institution and of the Depositary, as well as general laws relating to securities transfers. We and the Trustee do not recognize this type of investor as a Holder of the Marriott Notes and instead deal only with the Depositary that holds the Global Security.

Table of Contents

An investor holding interests in a Global Security should be aware that:

the investor cannot get the Marriott Notes registered in his or her own name;

the investor cannot receive physical certificates for his or her interest in the Marriott Notes;

the investor will hold in Street Name and must look to his or her own bank or broker for payments on the Marriott Notes and protection of his or her legal rights relating to the Marriott Notes;

the investor may not be able to sell interests in the Marriott Notes to some insurance companies and other institutions that are required by law to own their securities in the form of physical certificates;

the Depositary's policies will govern payments, transfers, exchange and other matters relating to the investor's interest in the Global Security;

we and the Trustee have no responsibility for any aspect of the Depositary's actions or for its records of ownership interests in the Global Security and do not supervise the Depositary in any way; and

payment for purchases and sales in the market for corporate bonds and Marriott Notes is generally made in next-day funds. In contrast, the Depositary will usually require that interests in a Global Security be purchased or sold within its system using same-day funds. This difference could have some effect on how Global Security interests trade, but we do not know what that effect will be.

Special Situations When Global Security Will Be Terminated. In a few special situations described below, the Global Security may terminate and interests in it may be exchangeable for physical certificates representing the Marriott Notes. After that exchange, the choice of whether to hold the Marriott Notes directly or in Street Name will be up to the investor. Investors must consult their own bank or brokers to find out how to have their interests in the Marriott Notes transferred to their own name, so that they will be direct Holders. The rights of Street Name investors and direct Holders in the debt securities have been previously described in the subsections entitled Street Name and Other Indirect Holders and Direct Holders.

The special situations for termination of a Global Security are:

When the Depositary notifies us that it is unwilling, unable or no longer qualified to continue as Depositary.

When an Event of Default on the Marriott Notes has occurred and has not been cured. We discuss defaults below under Events of Default.

In the remainder of this description you means direct Holders and not Street Name or other indirect holders of debt securities. Indirect holders should read the previous subsection entitled Street Name and Other Indirect Holders.

Overview of Remainder of This Description

The remainder of this description summarizes:

additional mechanics relevant to the Marriott Notes under normal circumstances, such as how you transfer ownership and where we make payments;

your rights under several special situations, such as if we merge with another company or if we want to change a term of the Marriott Notes;

promises we make to you about how we will run our business, or business actions we promise not to take (known as restrictive covenants); and

your rights if we default or experience other financial difficulties.

Additional Mechanics

Form, Exchange and Transfer

The Marriott Notes of each series will be issued:

only in fully registered form;

without interest coupons; and

in denominations of \$2,000 and in integral multiples of \$1,000 in excess thereof. (Section 302) You may have your Marriott Notes broken into more Marriott Notes of smaller denominations or combined into fewer Marriott Notes of larger denominations, as long as the total principal amount is not changed. (Section 305) This is called an exchange.

You may exchange or transfer Marriott Notes at the office of the Trustee. The Trustee acts as our agent for registering Marriott Notes in the names of Holders and transferring Marriott Notes. We may change this appointment to another entity or perform it ourselves. The entity performing the role of maintaining the list of registered Holders is called the Security Registrar. It will also perform transfers. (Section 305) You will not be required to pay a service charge to transfer or exchange Marriott Notes, but you may be required to pay for any tax or other governmental charge associated with the exchange or transfer. The transfer or exchange will only be made if the Security Registrar is satisfied with your proof of ownership.

We may cancel the designation of any particular transfer agent. We may also approve a change in the office through which any transfer agent acts. (Section 1002)

Interest in a Global Security may be transferred only in compliance with the customary procedures of the Depositary, including the delivery of appropriate certificates and information. If we redeem at our option less than all of the Marriott Notes of a series, we may block the transfer or exchange of such Marriott Notes during the period beginning 15 days before the day we send the notice of redemption and ending on the day the notice of redemption is sent in order to freeze the list of holders of Marriott Notes to prepare the notice of redemption. We may also refuse to register transfers or exchanges of Marriott Notes selected for redemption, except that we will continue to permit transfers and exchanges of the unredeemed portion of Marriott Notes.

Payment and Paying Agents

We will pay interest to you if you are a direct Holder listed in the Trustee's records at the close of business on a particular day in advance of each due date for interest, even if you no longer own the Marriott Notes on the interest due date. That particular day, usually about two weeks in advance of the interest due date, is called the Regular Record Date and is stated above under Terms. (Section 307) Holders buying and selling Marriott Notes must work out between them how to compensate for the fact that we will pay all the interest for an interest period to the one who is the registered Holder on the Regular Record Date. The most common manner is to adjust the sales price of the Marriott Notes to prorate interest fairly between buyer and seller. This prorated interest amount is called accrued interest.

We will pay interest, principal and any other money due on the debt securities at the corporate trust office of the Trustee in New York, New York. That office is currently located at 101 Barclay Street, New York, New York 10286. You may elect to have your payments picked up at or wired from that office. We may also choose to pay interest by mailing checks.

Street Name and other indirect holders should consult their banks or brokers for information on how they will receive payments.

We may also arrange for additional payment offices, and may cancel or change these offices, including our use of the Trustee's corporate trust office. These offices are called Paying Agents. We may also choose to act as our own Paying Agent. We must notify you of changes in the Paying Agents for the Marriott Notes. (Section 1002)

Notices

We and the Trustee will send notices about the debt securities only to direct Holders, using their addresses as listed in the Trustee's records or, if the Marriott Notes are held in global form, electronically in accordance with the applicable procedures of the Depositary. (Sections 101 and 106)

Regardless of who acts as Paying Agent, all money paid by us to a Paying Agent that remains unclaimed at the end of two years after the amount is due to direct Holders will be repaid to us. After that two-year period, you may look only to us for payment and not to the Trustee, any other Paying Agent or anyone else. (Section 1003)

Special Situations

Mergers and Similar Events

We are generally permitted to consolidate or merge with another company or entity. We are also permitted to sell substantially all of our assets to another entity. However, we may not take any of these actions unless all the following conditions are met:

Where we merge out of existence or sell substantially all of our assets, the other entity may not be organized under a foreign country's laws (that is, it must be a corporation, partnership or trust organized under the laws of a State or the District of Columbia or under federal law) and it must agree to be legally responsible for the Marriott Notes.

The merger, sale of assets or other transaction must not cause a default on the Marriott Notes, and we must not already be in default (unless the merger or other transaction would cure the default). For purposes of this no-default test, a default would include an Event of Default that has occurred and not been cured, as described under What Is an Event of Default? A default for this purpose would also include any event that would be an Event of Default if the requirements for giving us default notice or our default having to exist for a specific period of time were disregarded.

Table of Contents

It is possible that the merger, sale of assets or other transaction would cause some of our property to become subject to a mortgage or other legal mechanism giving lenders preferential rights in that property over other lenders or over our general creditors if we fail to pay them back. We have promised to limit these preferential rights on our property, called Liens, as discussed under Certain Covenants Restrictions on Liens. If a merger or other transaction would create any Liens on our property, we must comply with that covenant. We would do this either by deciding that the Liens were permitted, or by following the requirements of the covenant to grant an equivalent or higher-ranking Lien on the same property to you and the other direct Holders of the Marriott Notes entitled to that protection. (Section 801)

Modification and Waiver

There are three types of changes we can make to the Marriott Indenture and the Marriott Notes.

Changes Requiring Your Approval. First, there are changes that we cannot make to the Marriott Indenture or your Marriott Notes without your specific approval. We cannot do the following without your specific approval:

change the Stated Maturity of the principal or interest on a note;

reduce any amounts due on a note;

reduce the amount of principal payable upon acceleration of the Maturity of a note following a default;

change the place or currency of payment on a note;

impair your right to sue for payment;

reduce the percentage of Holders of Marriott Notes whose consent is needed to modify or amend the Marriott Indenture;

reduce the percentage of Holders of Marriott Notes whose consent is needed to waive compliance with certain provisions of the Marriott Indenture or to waive certain defaults; or

modify any other aspect of the provisions dealing with modification and waiver of the Marriott Indenture. (Section 902)

Changes Requiring a Majority or 50% Vote. Second, there are changes that we cannot make to the Marriott Indenture or the Marriott Notes without a vote in favor by Holders of Marriott Notes owning not less than 50% of the principal amount of the particular series affected. Most changes fall into this category, except for clarifying changes and certain other changes that would not adversely affect Holders of the Marriott Notes. A majority vote would be required for us to obtain a waiver of all or part of the covenants described below, or a waiver of a past default. However, we cannot

obtain a waiver of a payment default or any other aspect of the Marriott Indenture or the Marriott Notes listed in the first category described above under **Changes Requiring Your Approval** unless we obtain your individual consent to the waiver. (Section 513)

Table of Contents

Changes Not Requiring Approval. The third type of change does not require any vote by Holders of the Marriott Notes. This type is limited to clarifications and certain other changes that would not adversely affect Holders of the Marriott Notes. (Section 901)

Further Details Concerning Voting. When taking a vote, Marriott Notes will not be considered Outstanding, and therefore not eligible to vote, if we have deposited or set aside in trust for you money for their payment or redemption. Notes will also not be eligible to vote if they have been fully defeased as described below under Defeasance Full Defeasance. (Section 101)

We will generally be entitled to set any day as a record date for the purpose of determining the Holders of Outstanding Marriott Notes that are entitled to vote or take other action under the Marriott Indenture. In certain limited circumstances, the Trustee will be entitled to set a record date for action by Holders. If we or the Trustee set a record date for a vote or other action to be taken by Holders, that vote or action may be taken only by persons who are Holders of Outstanding Marriott Notes on the record date and must be taken within 180 days following the record date or another shorter period that we may specify (or as the Trustee may specify, if it set the record date). We may shorten or lengthen (but not beyond 180 days) this period from time to time. (Section 104)

Street Name and other indirect holders should consult their banks or brokers for information on how approval may be granted or denied if we seek to change the Marriott Indenture or the Marriott Notes or request a waiver.

Limited Protection in the Event of a Change of Control

Other than as described in this prospectus under Change of Control, the Marriott Notes will not contain any provisions which may afford holders of the debt securities protection in the event of a change in control of our company or in the event of a highly leveraged transaction (whether or not such transaction results in a change in control) which could adversely affect Holders of Marriott Notes.

Certain Covenants

Restrictions on Liens. Some of our property may be subject to a mortgage or other legal mechanism that gives our lenders preferential rights in that property over other lenders (including you and any other Holders of the debt securities) or over our general creditors if we fail to pay them back. These preferential rights are called Liens. Neither Marriott International, Inc. nor its Restricted Subsidiaries will place a Lien on any of our Principal Properties, or on any shares of stock or debt of any of our Restricted Subsidiaries, to secure new debt unless we grant an equivalent or higher-ranking Lien on the same property to you and any other Holders of the Marriott Notes. (Section 1008)

However, we do not need to comply with this restriction if the amount of all debt that would be secured by Liens on Principal Properties (including the new debt and all Attributable Debt, as described under Restriction on Sales and Leasebacks below, that results from a sale and leaseback transaction involving Principal Properties) is less than the greater of \$400 million or 10% of our Consolidated Net Assets.

This restriction on Liens also does not apply to certain types of Liens, and we can disregard these Liens when we calculate the limits imposed by this restriction. We may disregard a Lien on any Principal Property or on any shares of stock or debt of any Restricted Subsidiary if:

the Lien existed on the date of the Marriott Indenture;

the Lien existed at the time the property was acquired or at the time an entity became a Restricted Subsidiary;

Table of Contents

the Lien secures Debt that is no greater than the Acquisition Cost;

the Cost of Construction on a Principal Property or Restricted Subsidiary (if the Lien is created no later than 24 months after such acquisition or completion of construction);

the Lien is in favor of us or any Subsidiary; or

the Lien is granted in order to assure our performance of any tender or bid on any project (and other similar Liens).

Subject to certain limitations, we may also disregard any Lien that extends, renews or replaces any of these types of Liens.

We and our subsidiaries are permitted to have as much unsecured debt as we may choose and, except as provided in this Restriction on Liens, the Marriott Indenture does not contain provisions that would afford protection to you in the event of a highly leveraged transaction involving us.

Restrictions on Sales and Leasebacks. We promise that neither we nor any of our Restricted Subsidiaries will enter into any sale and leaseback transaction involving a Principal Property, unless we comply with this covenant. A sale and leaseback transaction generally is an arrangement between us or a Restricted Subsidiary and any lessor (other than the Company or a Subsidiary) where we or the Restricted Subsidiary lease a Principal Property for a period in excess of three years, if such property was or will be sold by us or such Restricted Subsidiary to that lender or investor.

We can comply with this promise in either of two different ways. First, we will be in compliance if we or a Restricted Subsidiary could grant a Lien on the Principal Property in an amount equal to the Attributable Debt for the sale and leaseback transaction without being required to grant an equivalent or higher-ranking Lien to you and the other Holders of the debt securities under the Restriction on Liens described above. Second, we can comply if we retire an amount of Debt ranking on a parity with, or senior to, the debt securities, within 240 days of the transaction, equal to at least the net proceeds of the sale of the Principal Property that we lease in the transaction or the fair value of that property, whichever is greater. (Section 1009).

Certain Definitions Relating to our Covenants. Following are the meanings of the terms that are important in understanding the covenants previously described. (Section 101).

Attributable Debt means the total present value of the minimum rental payments called for during the term of the lease (discounted at the rate that the lessee could borrow over a similar term at the time of the transaction).

Consolidated Net Assets is the consolidated assets (less reserves and certain other permitted deductible items), after subtracting all current liabilities (other than the current portion of long-term debt and Capitalized Lease Obligations) as such amounts appear on our most recent consolidated balance sheet and computed in accordance with generally accepted accounting principles.

Debt means Marriott Notes, bonds, debentures or other similar evidences of indebtedness for borrowed money or any guarantee thereof.

A **Principal Property** is any parcel or groups of parcels of real estate or one or more physical facilities or depreciable assets, the net book value of which exceeds 2% of the Consolidated Net Assets.

Table of Contents

Restricted Subsidiary means any Subsidiary:

organized and existing under the laws of the United States,

the principal business of which is carried on within the United States of America, and

which either (1) owns or is a lessee pursuant to a capital lease of any real estate or depreciable asset which has a net book value in excess of 2% of Consolidated Net Assets, or (2) in which the investment of the Company and all its Subsidiaries exceeds 5% of Consolidated Net Assets.

The definition of a Restricted Subsidiary does not include any Subsidiaries principally engaged in our timeshare or senior living services businesses or the major part of whose business consists of finance, banking, credit, leasing, insurance, financial services or other similar operations, or any combination thereof. The definition also does not include any Subsidiary formed or acquired after the date of the Marriott Indenture for the purpose of developing new assets or acquiring the business or assets of another person and which does not acquire all or any substantial part of our business or assets or those of any Restricted Subsidiary.

A Subsidiary is a corporation in which we and/or one or more of our other subsidiaries owns at least 50% of the voting stock, which is a kind of stock that ordinarily permits its owners to vote for the election of directors.

Defeasance

Full Defeasance. If there is a change in federal tax law, as described below, we can legally release ourselves from any payment or other obligations on the Marriott Notes of a series (called full defeasance) if we put in place the following other arrangements for you to be repaid:

we must deposit in trust for your benefit and the benefit of all other direct Holders of such Marriott Notes a combination of money and U.S. government or U.S. government agency Marriott Notes or bonds that will generate enough cash to make interest, principal and any other payments on such Marriott Notes on their various due dates;

there must be a change in current federal tax law or an Internal Revenue Service ruling that lets us make the above deposit without causing you to be taxed on such Marriott Notes any differently than if we did not make the deposit and just repaid the Marriott Notes ourselves (under current federal tax law, the deposit and our legal release from the Marriott Notes would be treated as though we took back your Marriott Notes and gave you your share of the cash and Marriott Notes or bonds deposited in trust and, in that event, you could be required to recognize gain or loss on the debt securities you give back to us); and

we must deliver to the Trustee a legal opinion of our counsel confirming the tax law change or ruling described above. (Sections 1302 and 1304)

If we ever did accomplish full defeasance, as described above, you would have to rely solely on the trust deposit for repayment on the Marriott Notes. You could not look to us for repayment in the unlikely event of any shortfall. Conversely, the trust deposit would most likely be protected from claims of our lenders and other creditors if we ever become bankrupt or insolvent.

Covenant Defeasance. Under current federal tax law, we can make the same type of deposit described above and be released from some of the covenants in the series of Marriott Notes for which such deposit is made. This is called covenant defeasance. In that event, you would lose the protection of

Table of Contents

those covenants but would gain the protection of having money and securities set aside in trust to repay the Marriott Notes. In order to achieve covenant defeasance, we must, among other things, do the following:

deposit in trust for your benefit and the benefit of all other direct Holders of the Marriott Notes a combination of money and U.S. government or U.S. government agency Marriott Notes or bonds that will generate enough cash to make interest, principal and any other payments on Marriott Notes on their maturity date; and

deliver to the Trustee a legal opinion of our counsel confirming that under current federal income tax law we may make the above deposit without causing you to be taxed on the Marriott Notes any differently than if we did not make the deposit and just repaid such debt securities ourselves.

If we accomplish covenant defeasance, the following provisions of the Marriott Indenture with respect to the Marriott Notes would no longer apply:

our promises about conduct of our business previously described under Certain Covenants;

our obligation to purchase such Marriott Notes in the event of a change of control repurchase event at the price previously described under Change of Control;

the condition about the treatment of Liens when we merge or engage in similar transactions, as previously described under Mergers and Similar Events; and

the Events of Default relating to breach of covenants and acceleration of the maturity of other debt, described later under What Is an Event of Default?

If we accomplish covenant defeasance, you can still look to us for repayment of the Marriott Notes if there were a shortfall in the trust deposit. In fact, if one of the remaining Events of Default occurred (such as our bankruptcy) and the Marriott Notes become immediately due and payable, there may be such a shortfall. Depending on the event causing the default, you may not be able to obtain payment of the shortfall. (Sections 1303 and 1304)

Default and Related Matters

Events of Default

Holders of Marriott Notes will have special rights if an Event of Default occurs and is not cured, as described below.

What Is an Event of Default? The term Event of Default means any of the following:

we do not pay the principal or any premium on a note on its due date;

we do not pay interest on a note within 30 days of its due date;

we remain in breach of a covenant described under Certain Covenants or any other term of the Marriott Indenture for 60 days after we receive a notice of default stating we are in breach, which notice must be sent by either the Trustee or Holders of 25% of the principal amount of Marriott Notes of the affected series;

Table of Contents

we or any Restricted Subsidiary default on other debt (excluding any non-recourse debt) which totals over \$100 million (or 4% of our Consolidated Net Assets, whichever amount is greater) and the lenders of such debt shall have taken affirmative action to enforce the payment of such debt, and this repayment obligation remains accelerated for 10 days after we receive a notice of default as described in the previous paragraph; or

we file for bankruptcy or certain other events in bankruptcy, insolvency or reorganization occur.
(Section 501)

A payment default or other default under one series of Marriott Notes may, but will not necessarily, cause a default to occur under any other series of Marriott Notes issued under the Marriott Indenture.

Remedies If an Event of Default Occurs. If an Event of Default has occurred and has not been cured, the Trustee or the Holders of 25% in principal amount of the Marriott Notes of the affected series may declare the entire principal amount of all the Marriott Notes to be due and immediately payable. This is called a declaration of acceleration of maturity. If an Event of Default occurs because of certain events in bankruptcy, insolvency or reorganization, the principal amount of all the Marriott Notes will be automatically accelerated, without any action by the Trustee or any Holder. A declaration of acceleration of maturity may be cancelled by the Holders of at least a majority in principal amount of the Marriott Notes. (Section 502)

The Trustee is not required to take any action under the Marriott Indenture at the request of any Holders unless the Holders offer the Trustee protection satisfactory to it from expenses and liability (called an indemnity). (Section 603) If indemnity is provided, the Holders of a majority in principal amount of the Outstanding Marriott Notes of the affected series may direct the time, method and place of conducting any lawsuit or other formal legal action seeking any remedy available to the Trustee. These majority Holders may also direct the Trustee in performing any other action under the Marriott Indenture. (Section 512)

Before you bypass the Trustee and bring your own lawsuit or other formal legal action or take other steps to enforce your rights or protect your interests relating to the Marriott Notes, the following must occur:

you must give the Trustee written notice that an Event of Default has occurred and remains uncured;

the Holders of 25% in principal amount of all Outstanding Marriott Notes of the affected series must make a written request that the Trustee take action because of the default, and must offer reasonable indemnity to the Trustee against the cost and other liabilities of taking that action; and

the Trustee must have not taken action for 60 days after receipt of the above notice and offer of indemnity. (Section 507)

However, you are entitled at any time to bring a lawsuit for the payment of money due on your Marriott Notes on or after the due date. (Section 508)

Street Name and other indirect holders should consult their banks or brokers for information on how to give notice or direction to or make a request of the Trustee and to make or cancel a declaration of acceleration.

Table of Contents

We will furnish to the Trustee every year a written statement of certain of our officers certifying that to their knowledge we are in compliance with the Marriott Indenture and the debt securities, or else specifying any default. (Section 1004)

Regarding the Trustee

The Bank of New York Mellon, as successor to JPMorgan Chase Bank, N.A., formerly known as The Chase Manhattan Bank, is the Trustee, Security Registrar and Paying Agent under the Marriott Indenture. We have certain existing banking relationships with The Bank of New York Mellon, including that one of its affiliates is a lender under our credit facility. In addition, affiliates of The Bank of New York Mellon may be a purchaser of our securities.

If an Event of Default (or an event that would be an Event of Default if the requirements for giving us default notice or our default having to exist for a specific period of time were disregarded) occurs, the Trustee may be considered to have a conflicting interest with respect to the Marriott Notes for purposes of the Trust Indenture Act of 1939. In that case, the Trustee may be required to resign as Trustee under the Marriott Indenture and we would be required to appoint a successor trustee.

Book-Entry System

We will issue the Marriott Notes of each series in the form of one or more fully registered global Marriott Notes which will be deposited with, or on behalf of, The Depository Trust Company, New York, New York, also referred to as DTC. DTC will act as the depository. The Marriott Notes will be registered in the name of DTC or its nominee.

Investors may hold interests in a global note through DTC in the United States if they are participants in DTC or indirectly hold such interests through organizations that are participants in DTC. Clearstream Banking, société anonyme, also referred to as Clearstream, and Euroclear Bank S.A./N.V., as operator of the Euroclear System, also referred to as Euroclear, will hold interests on behalf of their participants through customers' securities accounts in Clearstream's and Euroclear's name on the books of their respective depositories, which in turn will hold such interests in customers' securities accounts in the depositories' names on the books of DTC. JPMorgan Chase Bank currently acts as U.S. depository for Euroclear (in such capacity, the U.S. depository). Beneficial interests in a global note will be shown on, and transfers of those ownership interests will be effected only through, records maintained by DTC and its participants for such global note. The conveyance of notices and other communications by DTC to its participants and by its participants to owners of beneficial interests in the Marriott Notes will be governed by arrangements among them, subject to any statutory or regulatory requirements in effect. You will not receive written confirmation from DTC of your purchase of the Marriott Notes. The DTC rules applicable to its participants are on file with the SEC. More information about DTC can be found at www.dtcc.com and www.dtc.org.

DTC

DTC holds the securities of its participants and facilitates the clearance and settlement of securities transactions among its participants in such securities through electronic book-entry changes in accounts of its participants. The electronic book-entry system eliminates the need for physical certificates. DTC's participants include:

securities brokers and dealers, including the underwriters;

banks;

trust companies;

Table of Contents

clearing corporations; and

certain other organizations, some of which or their representatives, own DTC.

Banks, brokers, dealers, trust companies and others that clear through or maintain a custodial relationship with a participant, either directly or indirectly, also have access to DTC's book-entry system.

Principal and interest payments on the Marriott Notes represented by a global note will be made to DTC or its nominee, as the case may be, as the sole registered owner and the sole holder of the Marriott Notes represented by the global note for all purposes under the indenture. Accordingly, we, the trustee and any paying agent will have no responsibility or liability for:

any aspect of DTC's records relating to, or payments made on account of, beneficial ownership interests in a note represented by a global note;

any other aspect of the relationship between DTC and its participants or the relationship between such participants and the owners of beneficial interests in a global note held through such participants; or

the maintenance, supervision or review of any of DTC's records relating to such beneficial ownership interests.

DTC has advised us that upon receipt of any payment of principal of or interest on a note, DTC will credit, on its book-entry registration and transfer system, the accounts of participants with payments in amounts proportionate to their respective holdings shown on DTC's records. The underwriters will initially designate the accounts to be credited.

Clearstream

Clearstream advises that it is incorporated under Luxembourg law as a professional depository. Clearstream holds securities for its participating organizations (Clearstream participants) and facilitates the clearance and settlement of securities transactions between Clearstream participants through electronic book-entry changes in accounts of Clearstream participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to Clearstream participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. Clearstream is subject to regulation by the *Commission de Surveillance du Secteur Financier*. Clearstream participants are recognized financial institutions around the world, including securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include the underwriters. Indirect access to Clearstream is also available to other institutions, such as banks, brokers, dealers and trust companies that clear transactions through or maintain a custodial relationship with a Clearstream participant, either directly or indirectly.

Distributions with respect to interests in the Marriott Notes held beneficially through Clearstream will be credited to cash accounts of Clearstream participants in accordance with its rules and procedures, to the extent received by the U.S. depository for Clearstream.

Euroclear

Euroclear advises that it was created in 1968 to hold securities for participants of Euroclear, also referred to as

Euroclear participants, and to clear and settle transactions between Euroclear participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash.

Table of Contents

Euroclear provides various other services, including securities lending and borrowing, and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V., also referred to as the Euroclear operator. All operations are conducted by the Euroclear operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear operator. Euroclear participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear transactions through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

Securities clearance accounts and cash accounts with the Euroclear operator are governed by the Terms and Conditions Governing Use of Euroclear and the related operating procedures of the Euroclear System, and applicable Belgian law (the terms and conditions). The terms and conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear operator acts under the terms and conditions only on behalf of Euroclear participants, and has no record of or relationship with persons holding through Euroclear participants.

Distributions with respect to the Marriott Notes held beneficially through Euroclear will be credited to the cash accounts of Euroclear participants in accordance with the terms and conditions of Euroclear, to the extent received by the U.S. depositary for Euroclear.

Global Notes

Payments by participants to owners of beneficial interests in a global note will be governed by standing instructions and customary practices, as is the case with securities held for customer accounts registered in street name, and will be the sole responsibility of those participants.

A global note can only be transferred:

as a whole by DTC to one of its nominees;

as a whole by a nominee of DTC to DTC or another nominee of DTC; or

as a whole by DTC or a nominee of DTC to a successor of DTC or a nominee of such successor.

Notes represented by a global note can be exchanged for definitive Marriott Notes in registered form only if:

DTC notifies us that it is unwilling, unable or no longer qualified to continue as the depositary for such global note;

we in our sole discretion determine that such global note will be exchangeable for definitive Marriott Notes in registered form and notify the trustee of our decision; or

an event of default with respect to the Marriott Notes represented by such global note has occurred and is continuing.

A global note that can be exchanged for a definitive note under the preceding sentence will be exchanged for definitive Marriott Notes that are issued in authorized denominations in registered form for the same aggregate amount. Such definitive Marriott Notes will be registered in the names of the owners of the beneficial interests in such global Marriott Notes as directed by DTC.

Table of Contents

Except as provided above, (1) owners of beneficial interests in such global note will not be entitled to receive physical delivery of Marriott Notes in definitive form and will not be considered the holders of the Marriott Notes for any purpose under the indenture and (2) no Marriott Notes represented by a global note will be exchangeable.

Accordingly, each person owning a beneficial interest in a global note must rely on the procedures of DTC, and if such person is not a participant, on the procedures of the participant through which such person owns its interest, to exercise any rights of a holder under the indenture or such global note. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of the securities in definitive form. Such laws may impair the ability to transfer beneficial interests in a global note.

DTC and the underwriters have informed us that, under existing industry practices, if we request holders to take any action, or if an owner of a beneficial interest in a global note desires to take any action which a holder is entitled to take under the indenture, then (1) DTC would authorize the participants holding the relevant beneficial interests to take such action and (2) such participants would authorize the beneficial owners owning through such participants to take such action or would otherwise act upon the instructions of beneficial owners owning through them.

DTC has provided the following information to us. DTC is:

a limited-purpose trust company organized under the laws of the State of New York;

a banking organization within the meaning of the New York Banking Law;

a member of the Federal Reserve System;

a clearing corporation within the meaning of the New York Uniform Commercial Code; and

a clearing agency registered under the Exchange Act.

Settlement for the Marriott Notes will be made by the underwriters in immediately available funds. The Marriott Notes will trade in the DTC settlement system until maturity or until definitive Marriott Notes are issued. DTC will require secondary trading activity in the Marriott Notes to be settled in immediately available funds.

The information in this section concerning DTC, Clearstream and Euroclear and DTC's book-entry system has been obtained from sources that we believe to be reliable, but we do not take any responsibility for its accuracy. This information is subject to any changes to the arrangements between or among us, DTC, Clearstream and Euroclear and any changes to procedures that may be instituted unilaterally by DTC, Clearstream or Euroclear. We will not have any responsibility for the performance by DTC, Clearstream, Euroclear or their respective participants under the rules and procedures governing them.

The underwriters will make settlement for the Marriott Notes in immediately available or same-day funds. So long as the Marriott Notes are represented by a global note, we will make all payments of principal and interest in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC's rules and will be settled in immediately available funds using the depositary's Same-Day Funds Settlement System. Secondary market trading between Clearstream participants or Euroclear participants will occur in

the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear.

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream participants or Euroclear participants, on the other

Table of Contents

hand, will be effected through DTC in accordance with DTC's rules on behalf of the relevant European international clearing system by its U.S. depository. However, these cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). If the transaction meets its settlement requirements, the relevant European international clearing system will deliver instructions to its U.S. depository to take action to effect final settlement on its behalf by delivering or receiving Marriott Notes in DTC and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream participants and Euroclear participants may not deliver instructions directly to DTC.

Because of time-zone differences, credits of Marriott Notes received in Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and will be credited the business day following the DTC settlement date. Such credits or any transactions in the Marriott Notes settled during such processing will be reported to the relevant Clearstream participant or Euroclear participant on that business day. Cash received in Clearstream or Euroclear as a result of sales of Marriott Notes by or through a Clearstream participant or Euroclear participant to a DTC participant will be received with value on the DTC settlement date, but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of beneficial interests in the Marriott Notes among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be discontinued at any time.

CERTAIN U.S. FEDERAL INCOME TAX CONSEQUENCES

The following summary describes the material U.S. federal income tax consequences relating to the exchange offers and consent solicitations and to the ownership and disposition of Marriott Notes acquired pursuant to the exchange offers and consent solicitations. This summary is based upon provisions of the Internal Revenue Code of 1986, as amended (the "Code"), the U.S. Treasury Regulations promulgated thereunder (the "Treasury Regulations"), administrative rulings and judicial decisions, all as in effect as of the date hereof, any of which may subsequently be changed or interpreted differently by the Internal Revenue Service (the "IRS"), possibly with retroactive effect, so as to result in U.S. federal income tax consequences different from those discussed below. Marriott has not sought and does not intend to seek a ruling from the IRS on any aspect of the exchange offers and consents. Accordingly, Marriott cannot assure you that the IRS will agree with the views expressed in this summary, or that a court will not sustain any challenge by the IRS in the event of litigation. This summary does not address all aspects of U.S. federal income tax related to the exchange offers and consent solicitations and to the ownership and disposition of Marriott Notes and does not deal with foreign, state, local or other tax considerations that may be relevant to Holders of the Marriott or Starwood Notes in light of their particular circumstances. In addition, it does not address all tax consequences that may be relevant to Marriott or Starwood Note Holders that are subject to special treatment under the U.S. federal income tax laws, such as:

Marriott or Starwood Note Holders that may be subject to special tax treatment under U.S. federal income tax laws, including dealers in securities or currencies, banks and other financial institutions, regulated investment companies, real estate investment trusts, tax-exempt entities, insurance companies, traders in securities that elect to use a mark-to-market method of accounting for their securities, employee stock ownership plans, corporations that accumulate earnings to avoid tax, controlled foreign corporations, passive foreign investment companies and tax-exempt organizations;

persons holding Marriott or Starwood Notes as a part of a hedging, integrated, conversion, wash sale or constructive sale transaction or a straddle;

U.S. Holders (as defined below) of Starwood or Marriott Notes whose functional currency is not the U.S. dollar;

persons that are, or hold their Starwood or Marriott Notes through, partnerships or other pass-through entities;

former citizens or residents of the United States; and

U.S. Holders that are subject to the U.S. federal alternative minimum tax.

If a partnership (including any entity or arrangement treated as a partnership for U.S. federal income tax purposes) holds Notes, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. A beneficial owner that is a partnership and partners in such a partnership should consult their tax advisors as to the particular U.S. federal income tax consequences applicable to them.

This summary of material U.S. federal income tax consequences is for general information only and is not tax advice for any particular investor. Furthermore, this summary only applies to beneficial owners of Notes who hold their Notes as capital assets within the meaning of Section 1221 of the Code (generally, property held for investment).

Table of Contents

In this discussion, the term **U.S. Holder** is used to refer to a beneficial owner of Notes that, for U.S. federal income tax purposes, is:

an individual citizen or resident of the United States;

a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States or any state or political subdivision thereof (including the District of Columbia);

an estate the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust, if (i) a court within the United States is able to exercise primary supervision over the trust's administration and one or more U.S. persons have the authority to control all substantial decisions of the trust, or (ii) such trust has a valid election in effect under applicable Treasury Regulations to be treated as a U.S. person.

The term **Non-U.S. Holder** is used to describe a beneficial owner of Notes that is neither a U.S. Holder nor a partnership or any entity or arrangement treated as a partnership for U.S. federal income tax purposes. This discussion does not discuss (i) any U.S. federal income tax consequences to a Non-U.S. Holder (as defined below) that is (A) a nonresident alien individual who is present in the United States for 183 or more days during the relevant taxable year or (B) a corporation which operates through a U.S. branch, (ii) any state, local or non-U.S. tax considerations or other U.S. federal tax considerations (e.g., estate or gift tax) and (iii) except as specifically set forth below, any applicable tax reporting requirements. Furthermore, Starwood has taken the position for U.S. federal income tax purposes that the Starwood Notes (or the Marriott Notes) are not contingent payment debt instruments within the meaning of the applicable Treasury Regulations and, therefore, the discussion below assumes that the Starwood Notes are not subject to the special rules governing contingent payment debt instruments. The discussion in this prospectus applies to each series of Starwood Notes and/or Marriott Notes separately and not in the aggregate. Accordingly, holders should consider the tax consequences applicable to them on a series-by-series basis.

THIS DISCUSSION OF CERTAIN U.S. FEDERAL INCOME TAX CONSEQUENCES IS FOR GENERAL INFORMATION PURPOSES ONLY AND IS NOT TAX ADVICE. EACH HOLDER SHOULD CONSULT ITS TAX ADVISOR AS TO THE PARTICULAR TAX CONSIDERATIONS TO SUCH HOLDER OF THE EXCHANGE OFFERS AND CONSENT SOLICITATIONS AND THE OWNERSHIP AND DISPOSITION OF MARRIOTT NOTES ACQUIRED PURSUANT TO THE EXCHANGE OFFERS AND CONSENT SOLICITATIONS, INCLUDING THE APPLICABILITY OF U.S. FEDERAL, STATE, OR LOCAL TAX LAWS OR NON-U.S. TAX LAWS.

U.S. Holders

The Exchange Offers

Tender of Starwood Notes. The exchange of Starwood Notes for Marriott Notes pursuant to the exchange offers and consent solicitations will be a taxable exchange for U.S. federal income tax purposes.

Subject to the discussion below under Early Participation Premium, a U.S. Holder that exchanges Starwood Notes for Marriott Notes pursuant to the exchange offers and consent solicitations generally will recognize gain or loss equal to the difference, if any, between (i) the sum of the amount of cash received and the issue price of the Marriott Notes received in respect of the Starwood Notes (as discussed below under Issue Price), reduced by an amount equal to the accrued interest on the Starwood Notes at the time of the exchange (which amount will be includable in such U.S. Holder's gross

Table of Contents

income as interest income at the time of the exchange to the extent that it has not yet been included), and (ii) the U.S. Holder's adjusted tax basis in the Starwood Notes. A U.S. Holder's adjusted tax basis in a Starwood Note will generally equal the amount paid for the Starwood Note (x) increased by any market discount previously taken into account by the U.S. Holder in respect of the Starwood Note and (y) reduced (but not below zero) by any amortizable bond premium previously amortized on the Starwood Note.

Subject to the treatment of a portion of any gain as ordinary income to the extent of any market discount accrued on a Starwood Note (see below under *Market Discount*), any gain or loss recognized in respect of a Starwood Note generally will be capital gain or loss, which will be long-term capital gain or loss if the U.S. Holder held the Starwood Note for more than one year as of the date of the exchange. The deductibility of capital losses is subject to limitations under the Code. A U.S. Holder generally will have an initial tax basis in a Marriott Note received pursuant to the exchange offers and consent solicitations equal to its issue price (as defined below), and generally will commence a new holding period with respect to the Marriott Note the day after the completion of the exchange.

Market Discount. The market discount provisions of the Code may apply to U.S. Holders of Starwood Notes who or that acquired the Starwood Notes in the secondary market. In general, a Starwood Note that was acquired by a U.S. Holder in the secondary market will be treated as having been acquired with market discount if the Starwood Note's principal amount exceeded the tax basis of the Starwood Note in the U.S. Holder's hands immediately after its acquisition, unless such excess was less than a statutorily defined *de minimis* amount.

Any gain recognized by a U.S. Holder with respect to a Starwood Note that was acquired with market discount will be subject to tax as ordinary income to the extent of the market discount accrued during the period the Starwood Note was held by such U.S. Holder, unless the U.S. Holder previously elected to include market discount in income as it accrued for U.S. federal income tax purposes.

Issue Price. If a Marriott Note is considered to be *publicly traded* for U.S. federal income tax purposes, the issue price of such Marriott Note will, subject to the sentence below, generally equal its fair market value on the date of issuance. In accordance with applicable U.S. Treasury Regulations, we intend to determine the issue price of the Marriott Notes by subtracting from such fair market value amount any Marriott Note Pre-Issuance Accrued Interest (as defined below under *Treatment of the Marriott Notes' Stated Interest*). Although no assurances can be given in this regard, we believe that the Marriott Notes are likely to be considered *publicly traded* for these purposes and intend to take this position for all relevant reporting and other purposes. We will provide investors with information about our determination of the issue price of the Marriott Notes by publishing that information on our website. Our determination of the issue price of the Marriott Notes is binding upon a holder unless such holder explicitly discloses to the IRS, on a timely filed U.S. federal income tax return for the taxable year that includes the date of the exchange, that its determination is different from ours, the reasons for the different determination and how such holder determined the issue price.

Early Participation Premium. The U.S. federal income tax treatment of the receipt of the Early Participation Premium is unclear and we have not requested a ruling from the IRS with respect thereto. We intend to take the position that any Early Participation Premium is additional consideration for the tendered Starwood Notes, in which case the Early Participation Premium would be treated as part of the amount paid to the U.S. Holder in respect of such Starwood Notes, as provided above in *Tender of Starwood Notes*. Alternatively, the Early Participation Premium may be treated as interest or a separate

Table of Contents

fee that would be subject to tax as ordinary income. There can be no assurance that the IRS will not successfully challenge the position that we intend to take. U.S. Holders should consult their tax advisors about the U.S. federal income tax treatment of the receipt of the Early Participation Premium.

Treatment of the Marriott Notes

Stated Interest. Subject to the following sentence, interest on the Marriott Notes will generally be included in the income of a U.S. Holder as ordinary income at the time it is paid or accrued in accordance with the U.S. Holder's method of accounting for U.S. federal income tax purposes. However, a U.S. Holder should not include in income the portion of the first payment of interest on a Marriott Note that is attributable to accrued interest on the Starwood Notes as of the time of the exchange and should instead treat such portion as a non-taxable return of principal (such amount is referred to as the Marriott Note Pre-Issuance Accrued Interest).

Original Issue Discount. As described above, because we intend to determine the issue price of the Marriott Notes by reference to the fair market value of the Marriott Notes on the applicable exchange date, we cannot know before the applicable exchange date whether any series of the Marriott Notes will have original issue discount (OID). If the principal amount of any Marriott Note exceeds the issue price of the Marriott Note by at least a statutorily specified *de minimis* amount (which is generally 1/4 of one percent of the principal amount multiplied by the number of complete years to maturity), the difference will constitute OID for U.S. federal income tax purposes. A U.S. Holder of a Marriott Note that is issued with OID will, regardless of such U.S. holder's method of accounting, be required to include the OID in income (as ordinary income) as it accrues in accordance with a constant yield method based upon a compounding of interest and before receiving the cash to which that income is attributable.

Amortizable Bond Premium on Marriott Notes. If a U.S. Holder's initial tax basis in a Marriott Note is greater than the principal amount of the Marriott Note, the U.S. Holder will be considered to have acquired the Marriott Note with amortizable bond premium. A U.S. Holder generally may elect to amortize the premium over the remaining term of the Marriott Note on a constant yield method as an offset to interest when includible in income under a U.S. Holder's regular accounting method. An election to amortize premium on a constant yield method will also apply to all other taxable debt instruments held or subsequently acquired by a U.S. Holder on or after the first day of the first taxable year for which the election is made. Such an election may not be revoked without the consent of the IRS.

Sale or Other Taxable Disposition of Marriott Notes. Upon the sale, exchange, optional redemption, retirement or other taxable disposition of a Marriott Note, a U.S. Holder will generally recognize capital gain or loss in an amount equal to the difference between (1) the sum of cash plus the fair market value of all other property received on such disposition in respect of the Marriott Note (except to the extent such cash or property is attributable to accrued but unpaid interest, which will generally be taxable as ordinary income as described above to the extent not previously included in income) and (2) the U.S. Holder's adjusted tax basis in the Marriott Note. A U.S. Holder's adjusted tax basis in a Marriott Note will generally equal its initial tax basis in the Marriott Note, (x) increased by any OID that it previously included in income with respect to the Marriott Note, and (y) decreased by any bond premium that it previously amortized with respect to the Marriott Note. Such gain or loss will generally be capital gain or loss and will be long-term capital gain or loss if, at the time of such disposition, the U.S. Holder's holding period for the Marriott Note exceeds one year. The deductibility of capital losses is subject to limitations.

Additional Tax on Net Investment Income. Non-corporate U.S. Holders are generally subject to a 3.8% tax on the lesser of (1) the U.S. Holder's net investment income for the relevant taxable year and (2) the excess of the U.S. Holder's modified adjusted gross income for the taxable year over a certain threshold (which in the case of individuals will be between \$125,000 and \$250,000, depending on the

Table of Contents

individual's tax return filing status). A U.S. Holder's net investment income will generally include any income or gain recognized by such holder with respect to the Marriott or Starwood Notes. Non-corporate U.S. Holders should consult their tax advisors on the applicability of this additional tax to its income and gains in respect of their investment in the Notes.

Information Reporting and Backup Withholding for U.S. Holders. In general, information reporting requirements will apply to payments made to U.S. Holders that surrender their Notes, other than certain exempt recipients. Each U.S. Holder will be asked to provide to Marriott's paying agent such Holder's correct taxpayer identification number and certify that such Holder is not subject to backup withholding. Backup withholding at the applicable rate will apply to payments made to a U.S. Holder if the U.S. Holder fails to timely provide its correct taxpayer identification number or certification of exempt status.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will be allowed as a credit against a U.S. Holder's U.S. federal income tax liability, and may entitle such U.S. Holder to a refund, provided the required information is timely furnished to the IRS.

Non-U.S. Holders

The Exchange Offers

Tender of Starwood Notes. As discussed above under "U.S. Holders," "The Exchange Offers," "Tender of Starwood Notes," the exchange of Starwood Notes for Marriott Notes pursuant to the exchange offers and consent solicitations will constitute a taxable exchange for U.S. federal income tax purposes. However, subject to the discussion in the next paragraph and the discussion below under "Payments of Interest" and "Early Participation Premium," a Non-U.S. Holder will generally not be subject to U.S. federal income tax on any gain realized on the Non-U.S. Holder's exchange of Starwood Notes pursuant to the exchange offers and consent solicitations. Non-U.S. Holders should consult their tax advisors about the U.S. federal tax consequences of the exchange offers and consent solicitations.

A Non-U.S. Holder generally will be subject to U.S. federal income tax on any gain realized on the exchange that is effectively connected with the conduct by the Non-U.S. Holder of a trade or business in the United States (and, if an applicable treaty so requires, is attributable to the conduct of a trade or business through a permanent establishment or fixed base in the United States) in the same manner as if such holder were a U.S. Holder. In addition, if the Non-U.S. Holder is a foreign corporation, such holder may also be subject to a branch profits tax at a rate of 30% (or lower treaty rate, if applicable) on its effectively connected earnings and profits for the taxable year, subject to certain adjustments.

Payments of Interest. Any amount received pursuant to the exchange offers and consent solicitations with respect to a Starwood Note that is attributable to accrued but unpaid interest will generally not be subject to U.S. federal income or withholding tax provided that (i) such Non-U.S. Holder (A) does not actually or constructively own 10% or more of the total combined voting power of all classes of Starwood's stock entitled to vote (including as a result of the ownership of Marriott stock), (B) is not a controlled foreign corporation that is related to Starwood (actually or constructively) through stock ownership for U.S. federal income tax purposes and (C) is not a bank receiving certain types of interest, and (ii) the applicable withholding agent has received appropriate documentation from the Non-U.S. Holder (e.g., IRS Form W-8BEN or W-8BEN-E (or a suitable substitute form)) establishing that the Non-U.S. Holder is not a U.S. person for U.S. federal income tax purposes and certain other certification requirements are satisfied.

Table of Contents

A Non-U.S. Holder generally will, however, be subject to U.S. federal income tax on amounts received pursuant to the exchange offers and consent solicitations that are attributable to accrued but unpaid interest on the Starwood Notes if such accrued but unpaid interest is effectively connected with the conduct by the Non-U.S. Holder of a trade or business in the United States (and, if an applicable treaty so requires, is attributable to the conduct of a trade or business through a permanent establishment or fixed base in the United States). A Non-U.S. Holder that is subject to U.S. federal income tax on accrued but unpaid interest under the rules described in the preceding sentence will not be subject to U.S. federal withholding tax on any such accrued but unpaid interest if the holder satisfies certain certification requirements under penalty of perjury (generally through the provision of a properly executed IRS Form W-8ECI or other applicable form). Accrued but unpaid interest that is effectively connected with the conduct by a Non-U.S. Holder of a trade or business in the United States (and, if an applicable treaty so requires, is attributable to the conduct of a trade or business through a permanent establishment or fixed base in the United States) will be subject to tax in the same manner as if such holder were a U.S. Holder. In addition, if the Non-U.S. Holder is a foreign corporation, such holder may also be subject to a branch profits tax at a rate of 30% (or lower treaty rate, if applicable) on its effectively connected earnings and profits for the taxable year, subject to certain adjustments.

A Non-U.S. Holder that does not qualify for an exemption from U.S. federal withholding tax under the rules described above will generally be subject to withholding at a rate of 30% (or lower treaty rate, if applicable) on amounts received pursuant to the exchange offers and consent solicitations that are attributable to accrued but unpaid interest received on the Starwood Notes.

Early Participation Premium. As discussed above under *U.S. Holders The Exchange Offers Early Participation Premium*, the U.S. federal income tax treatment of the Early Participation Premium is unclear. We intend to take the position that any Early Participation Premium is additional consideration for the tendered Starwood Notes, in which case the Early Participation Premium would be treated as part of the amount paid to the Non-U.S. Holder in respect of such Starwood Notes, as provided above under *Tender of Starwood Notes*. Alternatively, the Early Participation Premium may be treated as interest or a separate fee and thus may be subject to U.S. federal withholding tax at a 30% rate (or lower applicable treaty rate). If, however, the interest or separate fee is effectively connected with the conduct by the Non-U.S. Holder of a trade or business in the United States (and, if an applicable treaty so requires, is attributable to the conduct of a trade or business through a permanent establishment or fixed base in the United States), the interest or separate fee will be subject to tax in the same manner as if such holder were a U.S. Holder and generally will be exempt from U.S. federal withholding tax if the Non-U.S. Holder provides a properly executed IRS Form W-8ECI or other applicable form. There can be no assurance that the IRS will not successfully challenge the position that we intend to take. Non-U.S. Holders should consult their tax advisors about the U.S. federal income tax treatment of the receipt of the Early Participation Premium, the availability of a refund of any U.S. withholding tax, and the provisions of any applicable income tax treaties which may provide different rules from those described above.

Treatment of the Marriott Notes

Payments of Interest. Payments of interest (including OID) on Marriott Notes received pursuant to the exchange offers and consent solicitations will generally not be subject to U.S. federal income or withholding tax, subject to the conditions described above under *Non-U.S. Holders The Exchange Offers Payments of Interest* (substituting references to Marriott for references to Starwood for purposes of clauses (i)(A) and (i)(B) in the first paragraph of such section).

Sale or Other Taxable Disposition of Marriott Notes. Any gain realized by a Non-U.S. Holder on the sale, exchange, optional redemption, retirement or other taxable disposition of a Marriott Note (except with respect to accrued and unpaid interest, which would be treated as described above) will generally not be subject to U.S. federal income tax. As discussed above under *Non-U.S. Holders The Exchange*

Table of Contents

Offers Tender of Starwood Notes, a Non-U.S. Holder generally will, however, be subject to U.S. federal income tax on any gain realized in a taxable disposition of a Marriott Note that is effectively connected with the conduct by the Non-U.S. Holder of a trade or business in the United States (and, if an applicable treaty so requires, is attributable to the conduct of a trade or business through a permanent establishment or fixed base in the United States).

Information Reporting and Backup Withholding for Non-U.S. Holders. In general, a Non-U.S. Holder will not be subject to information reporting or backup withholding with respect to the proceeds from the exchange offers or the payments in respect of Marriott Notes provided such Non-U.S. Holder certifies under penalties of perjury that it is not a U.S. person (which certification may be made on an IRS Form W-8BEN, W-8BEN-E or other applicable form) and the payor does not have actual knowledge or reason to know that such Non-U.S. Holder is a U.S. person. However, information reporting (but not backup withholding) will generally apply to the portion of the payment attributable to any accrued and unpaid interest. Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will be allowed as a credit against a Non-U.S. Holder's U.S. federal income tax liability, and may entitle such Non-U.S. Holder to a refund, provided the required information is timely furnished to the IRS.

Holders Not Tendering in the Exchange Offers

In General

The U.S. federal income tax treatment of holders who do not tender their Starwood Notes pursuant to the exchange offers and consent solicitations will depend upon whether the adoption of the proposed amendments results in a deemed exchange of such Starwood Notes for U.S. federal income tax purposes to such non-tendering holders. In general, the modification of a debt instrument will result in a deemed exchange of an old debt instrument for a new debt instrument (upon which gain or loss may be realized) if such modification is significant within the meaning of applicable Treasury Regulations. Under these Treasury Regulations, a modification is significant if, based on all the facts and circumstances and taking into account all modifications of the debt instrument collectively, the legal rights and obligations that are altered and the degree to which they are altered are economically significant. The Treasury Regulations further provide that a modification of a debt instrument that adds, deletes or alters customary accounting or financial covenants is not a significant modification. The Treasury Regulations do not define customary accounting or financial covenants. We intend to treat the adoption of the proposed amendments as deletions of or alterations to customary accounting or financial covenants so as not to constitute a significant modification to the terms of the Starwood Notes with respect to non-tendering holders. If adoption of the proposed amendments does not constitute a significant modification of the Starwood Notes, then non-tendering holders should not recognize gain or loss as a result of the adoption of the proposed amendments. There can be no assurance that the IRS will not successfully challenge the position that we intend to take.

U.S. Holders

If the IRS successfully asserts that the adoption of the proposed amendments resulted in a deemed exchange of the old Starwood Notes for new Starwood Notes to non-tendering U.S. Holders, whether such deemed exchange would be taxable to a non-tendering U.S. Holder would depend upon, among other things, whether such exchange qualifies as a tax-free recapitalization for U.S. federal income tax purposes. Such qualification may not be clear and will generally depend on whether the old and new Starwood Notes constitute securities for U.S. federal income tax purposes. If a deemed exchange does not qualify as a tax-free recapitalization, non-tendering U.S. Holders would generally recognize taxable gain or loss (which loss may be subject to deferral under the wash sale provisions of the Code) on the deemed exchange. U.S. Holders should consult their tax advisors as to the possibility that any such

Table of Contents

deemed exchange could qualify as a recapitalization for U.S. federal income tax purposes and the amount and character of any gain or loss that would be recognized in the case of a taxable deemed exchange, as well as the possibility of the new Starwood Notes being issued with OID.

Non-U.S. Holders

Non-U.S. Holders who do not tender their Starwood Notes should experience no material U.S. federal income tax consequences if the adoption of the proposed amendments is not treated as resulting in a deemed exchange. Even if the adoption of the proposed amendments results in a deemed exchange, Non-U.S. Holders generally would not be subject to U.S. federal income tax on such deemed exchange except as described above under *Non-U.S. Holders The Exchange Offers Tender of Starwood Notes and Payments of Interest*.

Additional Withholding Requirements under the Foreign Account Tax Compliance Act

Foreign Account Tax Compliance Withholding. Sections 1471 through 1474 of the Code, the Treasury Regulations promulgated thereunder and other governmental notices with respect thereto (collectively *FATCA*) could impose a withholding tax of 30% (*FATCA Withholding*) on the portion of the payment made in exchange for the Starwood Notes attributable to accrued and unpaid interest on the Starwood Notes, if any, and on interest on the Marriott Notes, in each case paid to a Non-U.S. Holder or any non-U.S. person or entity that receives such payments on behalf of a Non-U.S. Holder (a *non-U.S. payee*), unless such Non-U.S. Holder and each non-U.S. payee in the payment chain complies with the applicable information reporting, account identification, withholding, certification and other FATCA-related requirements (including any intergovernmental agreement entered into by the United States and another applicable jurisdiction to facilitate the application and implementation of FATCA (an *IGA*)). In the case of a payee that is a non-U.S. financial institution (for example, a clearing system, custodian, nominee or broker), withholding generally will not be imposed if the financial institution complies with the requirements imposed by FATCA to collect and report (to the U.S. or another relevant taxing authority) substantial information about such institution's U.S. account holders (which would include some account holders that are non-U.S. entities but have U.S. owners). Other payees, including individuals, may be required to provide proof of tax residence or waivers of confidentiality laws and/or, in the case of non-U.S. entities, certification or information relating to their U.S. ownership.

FATCA Withholding may be imposed at any point in a payment chain if a non-U.S. payee is not compliant with the applicable FATCA requirements. A payment chain may consist of a number of parties, including a paying agent, a clearing system, each of the clearing system's participants and a non-U.S. bank or broker through which a Non-U.S. Holder holds the Starwood Notes or Marriott Notes, as applicable. Accordingly, if a Non-U.S. Holder receives payments through a payment chain that includes one or more non-U.S. payees, the payment could be subject to FATCA Withholding if any non-U.S. payee in the payment chain fails to comply with the FATCA requirements and is subject to withholding. This would be the case even if the Non-U.S. Holder would not otherwise have been directly subject to FATCA Withholding.

A number of countries have entered into, and other countries are expected to enter into, IGAs. While the existence of an IGA will not eliminate the risk that Notes will be subject to FATCA Withholding, these agreements are expected to facilitate compliance with the FATCA requirements thereby reducing the likelihood that FATCA Withholding will occur for Holders in (or Holders that indirectly hold Notes through financial institutions in) those countries.

In addition, FATCA Withholding could apply to the gross proceeds payable upon the sale, exchange, redemption or maturity of the Marriott Notes on or after January 1, 2019.

Table of Contents

Depending on a Non-U.S. Holder's circumstances, such Non-U.S. Holder may be entitled to a refund or credit in respect of some or all of any FATCA Withholding. However, even if a Non-U.S. Holder were entitled to have any such withholding refunded, the required procedures could be cumbersome and significantly delay such Non-U.S. Holder's receipt of any withheld amounts.

Non-U.S. Holders are strongly urged to consult their tax advisors about FATCA. Non-U.S. Holders should also consult their banks or brokers through which they hold the Starwood Notes or Marriott Notes, as applicable, about the likelihood that payments to such banks or brokers (for credit to such Non-U.S. Holders) may become subject to FATCA Withholding at some point in the payment chain.

PART II.

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 20. Indemnification of Directors and Officers

Article Eleventh and Article Sixteenth of Marriott's Restated Certificate of Incorporation (the "Certificate") and Section 7.7 of Marriott's Amended and Restated Bylaws (the "Bylaws") limit the personal liability of directors to Marriott or its stockholders for monetary damages for breach of fiduciary duty. These provisions of Marriott's Certificate and Bylaws are collectively referred to herein as the "Director Liability and Indemnification Provisions."

The Director Liability and Indemnification Provisions define and clarify the rights of individuals, including Marriott directors and officers, to indemnification by Marriott for personal liability or expenses incurred by them as a result of litigation against them. These provisions are consistent with Section 102(b)(7) of the Delaware General Corporation Law, which is designed, among other things, to encourage qualified individuals to serve as directors of Delaware corporations by permitting Delaware corporations to include in their certificates of incorporation a provision limiting or eliminating directors' liability for monetary damages and with other existing Delaware General Corporation Law provisions permitting indemnification of certain individuals, including directors and officers. The limitations of liability in the Director Liability and Indemnification Provisions may not affect claims arising under the federal securities laws.

In performing their duties, directors of a Delaware corporation are obligated as fiduciaries to exercise their business judgment and act in what they reasonably determine in good faith, after appropriate consideration, to be the best interests of the corporation and its stockholders. Decisions made on that basis are protected by the so-called "business judgment rule." The business judgment rule is designed to protect directors from personal liability to the corporation or its stockholders when business decisions are subsequently challenged. However, the expense of defending lawsuits, the frequency with which unwarranted litigation is brought against directors and the inevitable uncertainties about the outcome of applying the business judgment rule to particular facts and circumstances mean that, as a practical matter, directors and officers of a corporation rely on indemnity from, and insurance procured by, the corporation they serve, as a financial backstop for such expenses or unforeseen liability. The Delaware legislature has recognized that adequate insurance and indemnity provisions are often a condition of an individual's willingness to serve as director of a Delaware corporation. The Delaware General Corporation Law has for some time specifically permitted corporations to provide indemnity and procure insurance for its directors and officers.

This description of the Director Liability and Indemnification Provisions is intended as a summary only and is qualified in its entirety by reference to Marriott's Certificate and Marriott's Bylaws, each of which has been filed with the SEC.

Item 22. Undertakings

(a) The undersigned registrant hereby undertakes:

1. To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement;

Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

2. That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
4. That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser, each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A, shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness; *provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the

registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

5. That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

II-4

Table of Contents

any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

the portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

- (b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (c) The undersigned registrant hereby undertakes as follows: that prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other Items of the applicable form.
- (d) The registrant undertakes that every prospectus (i) that is filed pursuant to the paragraph immediately preceding, or (ii) that purports to meet the requirements of Section 10(a)(3) of the Securities Act of 1933 and is used in connection with an offering of securities subject to Rule 415, will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (e) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the undersigned registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the undersigned registrant of expenses incurred or paid by a director, officer or controlling person of the undersigned registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the undersigned registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate

jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

This includes information contained in documents filed subsequent to the effective date of the registration statement through the date of responding to the request.
