We are selling 6,000,000 of our 7.20% Series C Cumulative Redeemable Perpetual Preferred Shares, which we refer to in this prospectus supplement as the Series C Preferred Shares. The Series C Preferred Shares will not be redeemable before January 27, 2022, except under circumstances intended to preserve our status as a real estate investment trust, or REIT, for federal and/or state income tax purposes and except as described below upon the occurrence of a Change of Control (as defined in this prospectus supplement). On and after January 27, 2022, we may, at our option, redeem any or all of the Series C Preferred Shares for cash at \$25.00 per share plus, subject to exceptions, any accrued and unpaid dividends to but excluding the date fixed for redemption. In addition, upon the occurrence of a Change of Control, we may, at our option, redeem any or all of the Series C Preferred Shares for cash within 120 days after the first date on which such Change of Control occurred at \$25.00 per share plus, subject to certain exceptions, any accrued and unpaid dividends to but excluding the date fixed for redemption. The Series C Preferred Shares have no stated maturity, are not subject to any sinking fund or mandatory redemption and will remain outstanding indefinitely unless we redeem or otherwise repurchase them or they become convertible and are converted as described in this prospectus supplement.

Upon the occurrence of a Change of Control, each holder of Series C Preferred Shares will have the right (unless, prior to the Change of Control Conversion Date (as defined in this prospectus supplement), we have provided or provide notice of our election to redeem some or all of the Series C Preferred Shares held by such holder as described in this prospectus supplement, in which case such holder will have the right only with respect to Series C Preferred Shares that are not called for redemption) to convert some or all of the Series C Preferred Shares held by such holder on the Change of Control Conversion Date into a number of our common shares per Series C Preferred Share equal to the lesser of:

the quotient obtained by dividing (i) the sum of the \$25.00 liquidation preference per Series C Preferred Share plus the amount of any accrued and unpaid dividends thereon to the Change of Control Conversion Date (unless the Change of Control Conversion Date is after a record date for a Series C Preferred Shares dividend payment and prior to the corresponding dividend payment date for the Series C Preferred Shares, in which case no additional amount for such accrued and unpaid dividends will be included in this sum) by (ii) the Common Share Price (as defined herein); and

2.72035, or the Share Cap, subject to adjustments for any splits, subdivisions or combinations of our common shares;

subject, in each case, to provisions for the receipt of alternative consideration under specified circumstances as described in this prospectus supplement.

Currently, no market exists for the Series C Preferred Shares. We plan to file an application to list the Series C Preferred Shares on the New York Stock Exchange, or NYSE, under the symbol PEIPrC. If the application is approved, trading of the Series C Preferred Shares on the NYSE is expected to begin within 30 days after the date of initial issuance of the Series C Preferred Shares.

There are restrictions on ownership of our Series C Preferred Shares intended to preserve our qualification as a REIT. See Description of Our Series C Preferred Shares Restrictions on Ownership and Transfer in this prospectus supplement and Description of Preferred Shares of Beneficial Interest Restrictions on Ownership in the accompanying prospectus for additional information about these restrictions. In addition, except under limited circumstances as described in this prospectus supplement, holders of our Series C Preferred Shares generally do not have any voting rights.

PROSPECTUS SUPPLEMENT SUMMARY

This summary description of us and our business highlights selected information about us contained elsewhere in this prospectus supplement, the accompanying prospectus or the documents incorporated by reference herein or therein. This summary does not contain all of the information about us that you should consider before deciding to buy securities in this offering. You should carefully read this entire prospectus supplement and the accompanying prospectus, including each of the documents incorporated herein and therein by reference, before making an investment decision.

Our Company

Pennsylvania Real Estate Investment Trust, a Pennsylvania business trust founded in 1960 and one of the first equity real estate investment trusts (REITs) in the United States, has a primary investment focus on retail shopping malls located in the eastern half of the United States, primarily in the Mid-Atlantic region.

We currently own interests in 30 retail properties in 10 states, of which 26 are operating properties, three are development properties, and one is under redevelopment. The 26 operating properties include 22 shopping malls and four other operating retail properties, have a total of 21.6 million square feet and are located in nine states. We and partnerships in which we own an interest own 16.0 million square feet at these properties. The above property counts do not include Beaver Valley Mall in Monaca, Pennsylvania, and Crossroads Mall in Beckley, West Virginia, which we sold in January 2017. See Recent Developments.

There are 20 operating retail properties in our portfolio that we consolidate for financial reporting purposes. These consolidated operating properties have a total of 17.5 million square feet, of which we own 13.2 million square feet. The six operating retail properties that are owned by unconsolidated partnerships with third parties have a total of 4.1 million square feet, of which 2.8 million square feet are owned by such partnerships.

The development and redevelopment portion of our portfolio contains four properties in two states, with two classified as mixed use (a combination of retail and other uses), one classified as retail (redevelopment of The Gallery at Market East into the Fashion Outlets of Philadelphia), and one classified as other.

We are a fully integrated, self-managed and self-administered REIT that has elected to be treated as a REIT for federal income tax purposes. In general, we are required each year to distribute to our shareholders at least 90% of our net taxable income and to meet certain other requirements in order to maintain the favorable tax treatment associated with qualifying as a REIT.

We hold our interests in our portfolio of properties primarily through the Operating Partnership. We are the sole general partner of the Operating Partnership and, as of September 30, 2016, held an 89.3% controlling interest in the Operating Partnership, and consolidated it for reporting purposes. We own our interests in our properties through various ownership structures, including partnerships and tenancy in common arrangements.

Our primary business is owning and operating retail shopping malls, which we primarily do through the Operating Partnership. We provide management, leasing and real estate development services through PREIT Services, LLC, which generally develops and manages properties that we consolidate for financial reporting purposes, and PREIT-RUBIN, Inc., which generally develops and manages properties that we do not consolidate for financial reporting purposes, including properties in which we own interests through partnerships with third parties and properties that are owned by third parties in which we do not have an interest. PREIT-RUBIN, Inc. is a taxable REIT subsidiary, as defined by federal tax laws, which means that it is able to offer additional services to tenants without

jeopardizing our continuing qualification as a REIT under federal tax law.

Recent Developments

Sale of Beaver Valley and Crossroads Malls

On January 13, 2017, we completed the sale of Beaver Valley Mall, in Monaca, Pennsylvania, and Crossroads Mall in Beckley, West Virginia, to a single buyer for a combined purchase price of \$49.0 million. The company received net cash proceeds of \$41.7 million after credits, prorations and closing costs. We used \$30 million of sales proceeds to repay a portion of our unsecured revolving credit facility (the 2013 Revolving Facility) and expect to use the remainder for working capital purposes. These sales are a continuation of the execution of our portfolio optimization and capital allocation prioritization plan. See Item 1. Business Business Strategy in our Annual Report on Form 10-K for the year ended December 31, 2015 for a discussion of our business strategy.

Recapture of three Sears and closure of three Macy s

We have entered into an agreement with Sears and have purchased their department store at Woodland Mall in Grand Rapids, Michigan, and also have entered into agreements with Sears allowing us to terminate their department store leases at Capital City Mall in Camp Hill, Pennsylvania and Magnolia Mall in Florence, South Carolina, prior to the leases original termination dates. We have executed a lease with a fashion department store to replace Sears at Woodland Mall and are in lease negotiations with replacement tenants at Capital City and Magnolia Malls. In addition to the Sears closings, three Macy s department stores at Moorestown Mall in Moorestown, New Jersey, Plymouth Meeting Mall in Plymouth Meeting, Pennsylvania, and Valley View Mall in La Crosse, Wisconsin, are expected to close in 2017 and we are in the process of negotiating transactions with Macy s to control the real estate at these locations and lease the space to replacement tenants.

Table of Contents

The Offering

The following is a brief summary of the terms of this offering. For a description of some of the terms of the Series C Preferred Shares, see Description of Our Series C Preferred Shares in this prospectus supplement.

Issuer Pennsylvania Real Estate Investment Trust

Securities Offered 7.20% Series C Cumulative Redeemable Perpetual Preferred Shares, par value \$0.01 per share. We have granted the underwriters an option to purchase up to an additional 900,000 Series C Preferred Shares. We reserve the right to reopen this series and issue additional Series C Preferred Shares either through public or private sales at any time.

Dividends Holders of Series C Preferred Shares will be entitled to receive cumulative cash dividends on the Series C Preferred Shares at the rate of 7.20% per annum of the \$25.00 per share liquidation preference, which is equivalent to \$1.80 per annum per share. Dividends on the Series C Preferred Shares are payable quarterly in arrears on or about the 15th day of March, June, September and December of each year (or, if the 15th day of any such month is not a business day, on the next business day), commencing March 15, 2017. Dividends will accrue and be cumulative from, and including, the date of original issuance, which is expected to be January 27, 2017. Because the first date on which dividends are payable after the date of original issuance will be March 15, 2017, the dividend payable on each Series C Preferred Share on that date will be less than the full amount of a regular quarterly dividend per share. The dividend payable on March 15, 2017 will be paid to the persons who are the holders of record of the Series C Preferred Shares at the close of business on the corresponding record date, which will be March 1, 2017.

No Maturity Our Series C Preferred Shares have no maturity date, and we are not required to repurchase or redeem our Series C Preferred Shares at any time. Accordingly, our Series C Preferred Shares will remain outstanding indefinitely, unless we elect to repurchase or redeem them for cash or unless, under circumstances where the holders of Series C Preferred Shares have a conversion right, such holders decide to convert their shares into our common shares. We are not required to set aside funds to repurchase or redeem our Series C Preferred Shares.

Ranking Our Series C Preferred Shares will rank, with respect to the payment of dividends and distribution of assets upon our liquidation, dissolution or

winding up: (i) senior to our common shares and any other junior equity securities that we may issue in the future, if any; (ii) equally with our 8.25% Series A Cumulative Redeemable Perpetual Preferred Shares (the Series A Preferred Shares), our 7.375% Series B Cumulative Redeemable Perpetual Preferred Shares (the Series B Preferred Shares) and any other parity equity securities that we may issue in the future, if any; and (iii) junior to all

of our existing and future indebtedness and senior equity securities, if any, the issuance of which is approved by holders of the Series C Preferred Shares voting together as a single class with all other classes or series of parity equity securities upon which like voting rights have been conferred and are exercisable, as described in this prospectus supplement.

Optional Redemption

Except in circumstances intended to preserve our qualification as a REIT or pursuant to our special optional redemption right discussed below, our Series C Preferred Shares are not redeemable prior to January 27, 2022. To assist us in complying with the limitations on the concentration of ownership of a REIT imposed by the Internal Revenue Code, we may, at our option, redeem our Series C Preferred Shares, in whole, at any time, or in part, from time to time, for cash at \$25.00 per share, plus, subject to exceptions, any accrued and unpaid dividends (whether or not declared) to, but not including, the date of redemption. On and after January 27, 2022, we may, at our option, redeem our Series C Preferred Shares, in whole, at any time, or in part, from time to time, for cash at a redemption price of \$25.00 per share, plus, subject to exceptions, any accrued and unpaid dividends (whether or not declared) to, but not including, the date of redemption. Any partial redemption will be selected by lot or pro rata.

Special Optional Redemption

Upon the occurrence of a Change of Control (as defined under Conversion Rights below), we will have the option to redeem our Series C Preferred Shares, in whole, at any time, or in part, from time to time, within 120 days after the first date on which such Change of Control occurred, for cash at a redemption price of \$25.00 per share, plus, subject to exceptions, any accrued and unpaid dividends (whether or not declared) to, but not including, the redemption date.

Conversion Rights

Upon the occurrence of a Change of Control, each holder of Series C Preferred Shares will have the right (the Change of Control Conversion Right) (unless, prior to the Change of Control Conversion Date, we have provided or provide notice of our election to redeem some or all of the Series C Preferred Shares held by such holder as described above under Optional Redemption or Special Optional Redemption, in which case such holder will have the right only with respect to Series C Preferred Shares that are not called for redemption) to convert some or all of the Series C Preferred Shares held by such holder on the Change of Control Conversion Date into a number of our common shares per Series C Preferred Share equal to the lesser of:

the quotient obtained by dividing (i) the sum of the \$25.00 liquidation preference per Series C Preferred Share plus the amount of any

accrued and unpaid dividends thereon to the Change of Control Conversion Date (unless the Change of Control Conversion Date is after a record date for a Series C Preferred Shares dividend payment and prior to the corresponding dividend payment date for

S-6

Table of Contents

the Series C Preferred Shares, in which case no additional amount for such accrued and unpaid dividends will be included in this sum) by (ii) the Common Share Price; and

2.72035 (referred to as the Share Cap), subject to adjustments for any splits, subdivisions or combinations of our common shares;

subject, in each case, to provisions for the receipt of alternative consideration under specified circumstances as described in this prospectus supplement.

As a result of the Share Cap, subject to the immediately succeeding sentence, the number of our common shares (or corresponding alternative consideration, as applicable) issuable or deliverable, as applicable, upon conversion of Series C Preferred Shares in connection with a Change of Control will not exceed 16,322,100 common shares in total (or corresponding alternative consideration, as applicable), subject to proportionate increase to the extent the underwriters' option to purchase additional Series C Preferred Shares is exercised, not to exceed 18,770,415 common shares in total (or corresponding alternative consideration, as applicable) (referred to as the Exchange Cap). The Exchange Cap is subject to pro rata adjustments for any splits, subdivisions or combinations of our common shares on the same basis as corresponding adjustments to the Share Cap, and shall be increased on a pro rata basis for any additional Series C Preferred Shares that we may issue in the future.

If, prior to the Change of Control Conversion Date, we have provided or provide notice of our election to redeem some or all of the Series C Preferred Shares, whether pursuant to our special optional redemption right or our optional redemption right described above, holders of Series C Preferred Shares will not have the right to convert the Series C Preferred Shares called for redemption, and any Series C Preferred Shares called for redemption that have been tendered for conversion will be redeemed on the applicable redemption date instead of converted on the Change of Control Conversion Date.

For definitions of Change of Control, Change of Control Conversion Right, Change of Control Conversion Date and Common Share Price, and for a description of the adjustments and provisions for the receipt of alternative consideration that may be applicable to the Change of Control Conversion Right, see Description of the Series C Preferred Shares Conversion Rights.

Except as provided above in connection with a Change of Control, the Series C Preferred Shares are not convertible into or exchangeable for any other securities or property.

Liquidation Preference Amount

If we liquidate, dissolve or wind-up, holders of our Series C Preferred Shares will have the right to receive \$25.00 per share, plus an amount per share equal to accrued and unpaid dividends (whether or not

S-7

Table of Contents

earned or declared) to, but not including, the date of payment, before any payments are made to holders of our common shares or other junior equity securities.

Voting Rights

Holders of our Series C Preferred Shares will generally have no voting rights. However, if dividends on our Series C Preferred Shares are in arrears for six quarterly dividend periods (whether or not consecutive), the holders of our Series C Preferred Shares (voting together as a single class with the holders of our Series A Preferred Shares, Series B Preferred Shares and all other classes or series of parity equity securities upon which like voting rights have been conferred and are exercisable) will have the right to elect two additional members to serve on our Board of Trustees until we pay all dividends that are then in arrears on our Series C Preferred Shares and any such parity equity securities. In addition, the affirmative vote of the holders of at least two-thirds of the outstanding Series C Preferred Shares is required for us to authorize, create or increase the number of any class or series of equity securities ranking senior to the Series C Preferred Shares with respect to the payment of dividends or the distribution of assets on liquidation, to amend our Trust Agreement (including the Amendment to the Trust Agreement establishing the Series C Preferred Shares (the Preferred Shares Amendment)) in a manner that materially and adversely affects the rights of the holders of Series C Preferred Shares or to take certain other actions. See Description of Our Series C Preferred Shares Voting Rights in this prospectus supplement.

Among other things, we may, without any vote of the holders of Series C Preferred Shares, issue additional Series C Preferred Shares and we may authorize and issue additional classes or series of parity and junior equity securities.

Information Rights

During any period in which we are not subject to Section 13 or 15(d) of the Exchange Act, and any of our Series C Preferred Shares are outstanding, we will (i) transmit by mail (or other permissible means under the Exchange Act) to all holders of Series C Preferred Shares, as their names and addresses appear in our record books and without cost to such holders, copies of the annual reports and quarterly reports that we would have been required to file with the SEC pursuant to Section 13 or 15(d) of the Exchange Act if we were subject thereto (other than any exhibits that would have been required) and (ii) promptly, upon request, supply copies of such reports to any prospective holder of Series C Preferred Shares. We will mail (or otherwise provide) the information to the holders of Series C Preferred Shares within 15 days after the respective dates by which a periodic report on Form 10-K or Form 10-Q, as the case may be, in respect of such information would have been

required to be filed with the SEC if we were subject to Section 13 or 15(d) of the Exchange Act.

Listing

Currently, no market exists for the Series C Preferred Shares. We intend to file an application to list our Series C Preferred Shares on the NYSE under the symbol PEIPrC. We expect trading of the Series C Preferred Shares on the NYSE, if listing is approved, to commence within 30 days after the date of initial delivery of the shares. See **Underwriting** in this prospectus supplement for a discussion of the expected trading of our Series C Preferred Shares on the NYSE. The underwriters have advised us that they intend to make a market in the Series C Preferred Shares prior to the commencement of any trading on the NYSE. However, the underwriters have no obligation to do so, and we cannot assure you that a market for the Series C Preferred Shares will develop prior to commencement of trading on the NYSE or, if developed, will be maintained or will provide you with adequate liquidity.

Use of Proceeds

We estimate that the net proceeds of this offering will be approximately \$144.8 million (or approximately \$166.6 million if the underwriters exercise their option to purchase additional Series C Preferred Shares in full), after deducting the underwriting discount and other estimated offering expenses payable by us. We expect to use the net proceeds from this offering to repay all or a portion of amounts outstanding under our 2013 Revolving Facility, for general business purposes and possibly to redeem some or all of our outstanding Series A Preferred Shares with an aggregate liquidation preference of approximately \$115.0 million when eligible for redemption in April 2017. Pending such application, we may invest the net proceeds in short term investments, some or all of which may not be investment grade rated. Affiliates of certain of the underwriters in this offering are lenders under our 2013 Revolving Facility and will receive their pro rata share of any net proceeds of this offering that are used to repay amounts outstanding under our 2013 Revolving Facility. See **Use of Proceeds** in this prospectus supplement.

Restrictions on Ownership and Transfer

To assist us in complying with the limitations on the concentration of ownership of a REIT imposed by the Internal Revenue Code, our Trust Agreement and the Preferred Shares Amendment setting forth the terms of the Series C Preferred Shares contain ownership and transfer restrictions relating to our shares. For example, the terms of the Series C Preferred Shares restrict any person from acquiring actual or constructive ownership of more than 9.9% (by number of shares or value, whichever is more restrictive) of the outstanding Series C Preferred Shares. See

Description of Our Series C Preferred Shares **Restrictions on Ownership and Transfer** in this prospectus supplement and **Description of Preferred Shares of Beneficial Interest** **Restrictions on Ownership** in the accompanying prospectus for additional information about these restrictions.

Settlement Date

The underwriters expect to deliver the shares through The Depository Trust Company on or about January 27, 2017.

Risk Factors

Investing in our Series C Preferred Shares involves a high degree of risk and the purchasers of our Series C Preferred Shares may lose their entire investment. See **Risk Factors** beginning on page S-11 and the other information included and incorporated by reference in this prospectus supplement and the accompanying prospectus for a discussion of risk factors you should carefully consider before deciding to invest in our Series C Preferred Shares.

Table of Contents**RISK FACTORS**

Investing in our Series C Preferred Shares will provide you with an equity ownership in our Company. As one of our shareholders, you will be subject to risks inherent in our business. The trading price of our Series C Preferred Shares will be affected by the performance of our business relative to, among other things, competition, market conditions and general economic and industry conditions. The value of your investment may decrease, resulting in a loss. You should carefully consider the following factors as well as the risk factors included in our Annual Report on Form 10-K for the year ended December 31, 2015 and our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2016, June 30, 2016 and September 30, 2016 (which are incorporated by reference into this prospectus supplement) before deciding to invest in our Series C Preferred Shares.

Risks Relating to this Offering

Our Series C Preferred Shares are subordinate to our debt, and your interests could be diluted by the issuance of additional preferred shares, including additional Series C Preferred Shares, and by other transactions.

Our Series C Preferred Shares are subordinate to all of our and our subsidiaries' existing and future debt. Our existing debt restricts, and our future debt may include restrictions on, our ability to pay dividends to preferred shareholders, including holders of the Series C Preferred Shares. Our Trust Agreement currently authorizes the issuance of up to 25,000,000 preferred shares in one or more series. In April 2012 and October 2012, we issued 4,600,000 8.25% Series A Preferred Shares and 3,450,000 7.375% Series B Preferred Shares, respectively, both with a liquidation preference of \$25.00 per share. Subject to limitations prescribed by Pennsylvania law and our Trust Agreement, the Board of Trustees is authorized to issue, from our authorized but unissued capital shares, additional preferred shares in such classes or series as our Board of Trustees may determine and to establish from time to time the number of preferred shares to be included in any such class or series. We may not issue senior preferred shares without the affirmative vote of at least two-thirds of the outstanding Series C Preferred Shares and any parity equity securities; however, we may issue additional preferred shares that rank equally with the Series C Preferred Shares and any parity equity securities without the consent of any holder of the Series C Preferred Shares or such parity equity securities. The issuance of additional equity securities ranking equally with or senior to our Series C Preferred Shares would dilute the interests of the holders of our Series C Preferred Shares, and any issuance of equity securities senior to our Series C Preferred Shares or of additional indebtedness could affect our ability to pay dividends on, redeem or pay the liquidation preference on our Series C Preferred Shares. Other than the conversion right afforded to holders of Series C Preferred Shares that may become exercisable in connection with a Change of Control described under [Description of Our Series C Preferred Shares](#) [Conversion Rights](#) in this prospectus supplement, none of the provisions relating to our Series C Preferred Shares contain any terms relating to or limiting our ability to incur indebtedness or affording the holders of our Series C Preferred Shares protection in the event of a highly leveraged or other transaction, including a merger or the sale, lease or conveyance of all or substantially all our assets or business, that might materially and adversely affect the holders of our Series C Preferred Shares.

We have significant outstanding indebtedness that exposes us to the risk of default under our debt obligations, which could adversely affect our ability to pay dividends on our Series C Preferred Shares.

As of September 30, 2016, we had an aggregate consolidated indebtedness outstanding of \$1,747.5 million, consisting of consolidated mortgage loans of \$1,232.5 million, which were secured by a subset of our properties, \$400.0 million outstanding under the 2014 7-Year Term Loan, the 2014 5-Year Term Loan, and the 2015 5-Year Term Loan, and \$115.0 million outstanding under the 2013 Revolving Facility (with \$7.4 million pledged as collateral for a letter of credit). This indebtedness does not include our proportionate share of indebtedness of our partnership properties, which was \$201.9 million at September 30, 2016. We may incur additional debt for various purposes, including,

without limitation, to fund future asset acquisitions or ground-up development and

S-11

operational needs. Our outstanding indebtedness, and the limitations imposed on us by our debt agreements, could have significant adverse consequences, including making it more difficult for us to pay quarterly cash dividends on the Series C Preferred Shares.

Our outstanding debt obligations restrict our ability to pay dividends on our Series C Preferred Shares or to redeem our Series C Preferred Shares.

We, our Operating Partnership and our subsidiaries are, and may in the future become, parties to debt agreements and instruments, which, among other things, restrict or prevent the payment of dividends on our capital shares or our ability to redeem any of our capital shares. For example, under the terms of our 2013 Revolving Facility, we are required to satisfy certain financial covenants, including among others, (1) total liabilities to gross asset value not to exceed 0.60:1; (2) minimum unencumbered NOI to Unsecured Interest Expense of 1.75:1; and (3) minimum ratio of adjusted EBITDA to fixed charges of 1.50:1. Our inability to meet the various financial and operating covenants contained in our debt agreements and instruments, including those discussed above, would prevent us from paying dividends to holders of our Series C Preferred Shares or redeeming our Series C Preferred Shares.

Our Series C Preferred Shares have not been rated.

We have not sought to obtain a rating for our Series C Preferred Shares. No assurance can be given, however, that one or more rating agencies might not independently determine to issue such a rating or that such a rating, if issued, would not adversely affect the market price of our Series C Preferred Shares. In addition, we may elect in the future to obtain a rating of our Series C Preferred Shares, which could adversely affect the market price of our Series C Preferred Shares. Ratings only reflect the views of the rating agency or agencies issuing the ratings and such ratings could be revised downward, placed on a watch list or withdrawn entirely at the discretion of the issuing rating agency if, in its judgment, circumstances so warrant. Any such downward revision, placing on a watch list or withdrawal of a rating could have a material adverse effect on the market price of our Series C Preferred Shares.

As a holder of Series C Preferred Shares, you will have extremely limited voting rights.

Your voting rights as a holder of Series C Preferred Shares will be extremely limited. Our common shares are the only class of our capital shares carrying full voting rights. Voting rights for holders of Series C Preferred Shares exist primarily with respect to the ability to appoint, together with holders of our parity equity securities having like voting rights (including holders of our Series A Preferred Shares and Series B Preferred Shares), two additional trustees to our Board of Trustees in the event that six quarterly dividends (whether or not consecutive) payable on our Series C Preferred Shares (and such parity equity securities) are in arrears, and with respect to voting on amendments to our Trust Agreement or the Preferred Shares Amendment setting forth the terms of the Series C Preferred Shares that materially and adversely affect the rights of Series C Preferred Shareholders or create additional classes or series of preferred shares that are senior to our Series C Preferred Shares. See [Description of Our Series C Preferred Shares Voting Rights](#) below. Other than the limited circumstances described in this prospectus supplement, holders of Series C Preferred Shares will not have any voting rights.

The change of control feature of our Series C Preferred Shares may not allow you to recover the liquidation preference of the Series C Preferred Shares, and the change of control conversion and redemption features of the Series C Preferred Shares may make it more difficult for, or discourage, a party from taking over our Company.

Upon the occurrence of a Change of Control, as a result of which our common shares and the common securities of the acquiring or surviving entity (or ADRs representing such common securities) are not listed on the NYSE, the NYSE MKT LLC, or NYSE MKT, or the NASDAQ Stock Market, or NASDAQ, or listed or quoted on an exchange

or quotation system that is a successor to the NYSE, NYSE MKT or NASDAQ, holders

of Series C Preferred Shares will have the right to convert some or all of their Series C Preferred Shares into our common shares (or equivalent value of alternative consideration). Notwithstanding that we generally may not redeem the Series C Preferred Shares prior to January 27, 2022, we have a special optional redemption right to redeem the Series C Preferred Shares at any time in the event of a Change of Control, and holders of Series C Preferred Shares will not have the right to convert any shares that we have elected to redeem prior to the Change of Control Conversion Date. See Description of the Series C Preferred Shares Conversion Rights and Description of the Series C Preferred Shares Redemption. Upon such a conversion, the holders will be limited to a maximum number of common shares equal to the Share Cap multiplied by the number of Series C Preferred Shares converted. If the Common Share Price (as defined in Description of the Series C Preferred Shares Conversion Rights) is less than \$9.19 (which is 50% of the per-share closing sale price of our common shares on January 17, 2017), subject to adjustment, each holder will receive a maximum of 2.72035 of our common shares per Series C Preferred Share, which may result in a holder receiving value that is less than the liquidation preference of the holder's Series C Preferred Shares. In addition, those features of the Series C Preferred Shares may have the effect of inhibiting a third party from making an acquisition proposal for our Company or of delaying, deferring or preventing a change of control of our Company under circumstances that otherwise could provide the holders of our common shares and Series C Preferred Shares with the opportunity to realize a premium over the then-current market price or that shareholders may otherwise believe is in their best interests.

There is no established trading market for the Series C Preferred Shares and listing on the NYSE does not guarantee a market for the Series C Preferred Shares.

Our Series C Preferred Shares are a new issue of securities with no established trading market. We intend to file an application to list our Series C Preferred Shares on the NYSE, but there can be no assurance that the NYSE will approve the Series C Preferred Shares for listing. Even if the Series C Preferred Shares were to be listed, an active trading market on the NYSE for our Series C Preferred Shares may not develop or, if it does develop, may not last, in which case the trading price of our Series C Preferred Shares could be adversely affected. If an active trading market does develop on the NYSE, our Series C Preferred Shares may trade at prices lower than the initial offering price. In addition, we have been advised by the underwriters that they intend to make a market in our Series C Preferred Shares, but they are not obligated to do so and may discontinue market-making at any time without notice.

The market price and trading volume of the Series C Preferred Shares may fluctuate significantly and be volatile due to numerous factors beyond our control.

The Series C Preferred Shares are a new issue of securities with no established trading market, which may result in significant volatility in the market price and trading volume of the Series C Preferred Shares. In addition, the market price of our Series C Preferred Shares will depend on many factors (some of which are beyond our control), including:

prevailing interest rates;

the market for similar securities;

general economic and financial market conditions;

our issuance of additional preferred shares or debt securities; and

our financial condition, cash flows, results of operations and prospects.

The trading prices of common and preferred shares issued by REITs and other real estate companies historically have been affected by changes in market interest rates. One of the factors that may influence the market price of the Series C Preferred Shares is the annual yield from distributions on the Series C Preferred Shares as compared to yields on other financial instruments. An increase in market interest rates may lead

S-13

Table of Contents

prospective purchasers of the Series C Preferred Shares to demand a higher annual yield, which could reduce the market price of the Series C Preferred Shares.

Future offerings of debt or senior equity securities may adversely affect the market price of the Series C Preferred Shares.

If we decide to incur debt or issue senior equity securities in the future, it is possible that such debt or senior equity securities will be governed by an indenture or other instrument containing covenants restricting our operating flexibility. Additionally, any convertible or exchangeable securities that we issue in the future might have rights, preferences and privileges more favorable than those of the Series C Preferred Shares and might result in dilution to holders of the Series C Preferred Shares. We and, indirectly, our shareholders, will bear the cost of issuing and servicing such securities. Because our decision to incur debt or issue equity securities in the future will depend on market conditions and other factors beyond our control, we cannot predict or estimate the amount, timing or nature of our future capital-raising efforts. Thus, holders of the Series C Preferred Shares will bear the risk that our future capital-raising efforts will reduce the market price of the Series C Preferred Shares and dilute the value of their holdings in us.

If our common shares are delisted, your ability to transfer or sell your Series C Preferred Shares may be limited and the market price of the Series C Preferred Shares will be materially adversely affected.

Other than in connection with certain change of control transactions, the Series C Preferred Shares will not contain provisions that protect you if our common shares are delisted from the NYSE. Since the Series C Preferred Shares have no stated maturity date, you may be forced to hold your Series C Preferred Shares indefinitely and receive dividends thereon only when, as and if authorized by our Board of Trustees and declared by us, with no assurance as to ever receiving the liquidation preference. In addition, if our common shares are delisted, it is likely that the Series C Preferred Shares will be delisted, which will limit your ability to transfer or sell your Series C Preferred Shares and would have a material adverse effect on the market price of the Series C Preferred Shares.

Market interest rates and other factors may have an effect on the price of the Series C Preferred Shares.

One of the factors that will influence the price of the Series C Preferred Shares will be the dividend yield on the Series C Preferred Shares (i.e. annual dividends as a percentage of the price of the Series C Preferred Shares, as applicable) relative to market interest rates. An increase in market interest rates, which are currently at low levels relative to historical rates, may lead prospective purchasers of the Series C Preferred Shares to expect a higher dividend yield and higher interest rates would likely increase our borrowing costs and potentially decrease funds available for distribution to our shareholders. Thus, higher market interest rates could cause the market price of the Series C Preferred Shares to decrease.

In addition, over the last several years, prices of equity securities in the U.S. trading markets have been experiencing extreme price fluctuations, and the market price of our common shares has also fluctuated significantly during this period. As a result of these and other factors, investors who purchase the Series C Preferred Shares in this offering may experience a decrease, which could be substantial and rapid, in the market price of the Series C Preferred Shares, including decreases unrelated to our operating performance or prospects. Likewise, in the event that the Series C Preferred Shares become convertible upon a Change of Control and are converted into our common shares, holders of our common shares issued on conversion may experience a similar decrease in the market price of our common shares.

Our Trust Agreement contains, and the Preferred Shares Amendment setting forth the terms of the Series C Preferred Shares will contain, restrictions upon ownership and transfer of the Series C Preferred Shares.

The Preferred Shares Amendment setting forth the terms of the Series C Preferred Shares will contain restrictions on ownership and transfer of the Series C Preferred Shares intended to assist us in maintaining our

S-14

Table of Contents

status as a REIT for U.S. federal income tax purposes. For example, the terms of the Series C Preferred Shares will restrict any person from acquiring beneficial or constructive ownership of more than 9.9% (by value or number of shares, whichever is more restrictive) of the outstanding Series C Preferred Shares, and our Trust Agreement, among other restrictions, restricts any person from acquiring beneficially or constructively more than 9.9% of the aggregate of our outstanding common shares, or 9.9% of the aggregate of the outstanding shares of a class or series of our preferred shares. See Description of our Series C Preferred Shares Restrictions on Ownership and Transfer in this prospectus supplement. You should consider these ownership limitations prior to making a decision to purchase the Series C Preferred Shares. These ownership restrictions could also have anti-takeover effects and could reduce the possibility that a third party will attempt to acquire control of us, which could adversely affect the market price of the Series C Preferred Shares.

Risks Relating to our Taxation as a REIT

There is a risk of changes in the tax law applicable to REITs.

The IRS, the United States Treasury Department and Congress frequently review U.S. federal income tax legislation, regulations and other guidance. Legislative and regulatory changes, including comprehensive tax reform, may be more likely in the 115th Congress, which convened in January 2017, because the Presidency and both Houses of Congress will be controlled by the same political party. We cannot predict whether, when or to what extent new federal tax laws, regulations, interpretations or rulings will be adopted. Any legislative action may prospectively or retroactively modify our tax treatment and, therefore, may adversely affect taxation of us and/or our shareholders.

Risks Related to our Business and our Properties

Our redevelopment of The Gallery at Market East into the Fashion Outlets of Philadelphia could be harmed by delays in the project's completion.

Portions of the land comprising the Fashion Outlets of Philadelphia project are subject to ground leases with the Philadelphia Redevelopment Authority (the PRA). Under the terms of the ground leases, we and our joint venture partner, The Macerich Company, committed to completing the entire redevelopment of the Fashion Outlets of Philadelphia within forty-eight months of the PRA's issuance of a notice to proceed. This notice to proceed was issued on March 14, 2016. If the joint venture fails to complete the project within the forty-eight month timeframe, the PRA, subject to the expiration of applicable notice and cure periods, has the right to terminate the ground leases. In the event of such a termination, we would be unable to recognize the anticipated returns on our investment in the Fashion Outlets of Philadelphia project. Additionally, delays in the project's completion could prevent us from opening the Fashion Outlets of Philadelphia in 2018, as previously announced, increase the overall project cost, and/or delay our ability to collect revenue from the project.

USE OF PROCEEDS

The net proceeds from this offering will be approximately \$144.8 million (or approximately \$166.6 million if the underwriters exercise in full their option to purchase 900,000 additional Series C Preferred Shares), after deducting the underwriting discount and our estimated offering expenses.

We expect to use the net proceeds from this offering to repay all or a portion of amounts outstanding under our 2013 Revolving Facility, for general business purposes and possibly to redeem some or all of our outstanding Series A Preferred Shares with an aggregate liquidation preference of approximately \$115.0 million when eligible for redemption in April 2017. Pending such application, we may invest the net proceeds in short term investments, some or all of which may not be investment grade rated. As of the date of this prospectus supplement, the interest rate payable on outstanding amounts under our 2013 Revolving Facility is approximately 2.07% per annum, and the principal amount outstanding is approximately \$117.0 million. The maturity date of the 2013 Revolving Facility is June 26, 2018.

Affiliates of certain of the underwriters in this offering are lenders under our 2013 Revolving Facility and will receive their pro rata share of any net proceeds of this offering that are used to repay the 2013 Revolving Facility. See **Underwriting** in this prospectus supplement.

Table of Contents**RATIO OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED DIVIDENDS**

Our ratio of earnings to combined fixed charges and preferred dividends for the nine months ended September 30, 2016 and for the fiscal years ended December 31, 2015, 2014, 2013, 2012 and 2011 was as follows:

	Nine months ended September 30, 2016	Year ended December 31, 2015	Year ended December 31, 2014	Year ended December 31, 2013	Year ended December 31, 2012	Year ended December 31, 2011
Ratio of Earnings to Combined Fixed Charges and Preferred Dividends	1.03	(A)	(A)	(A)	(A)	(A)

The ratio of earnings to combined fixed charges and preferred dividends was computed by dividing our earnings by our combined fixed charges and preferred dividends. For this purpose, earnings have been calculated as (a) income (loss) from continuing operations before allocation to noncontrolling interest and income from investments in unconsolidated joint ventures, plus (b) fixed charges (as defined below), plus (c) amortization of capitalized interest, plus (d) distributed income of investments in unconsolidated joint ventures, less (a) capitalized interest, and less (b) preferred dividends on our Series A and Series B Preferred Shares. Fixed charges are comprised of (a) interest, whether expensed or capitalized, (b) amortization of premiums, discounts and capitalized expenses related to our indebtedness, and (c) the estimated interest component of rental expense. Preferred dividends are the amount of earnings required to pay dividends on outstanding preferred shares.

(A) The ratio is less than 1.0. The amount of the coverage deficiency for the respective periods is as follows:

DESCRIPTION OF OUR SERIES C PREFERRED SHARES

The description of certain terms and provisions of our Series C Preferred Shares contained in this prospectus supplement does not purport to be complete and is in all respects subject to, and qualified in its entirety by reference to, our Trust Agreement, including the Preferred Shares Amendment setting forth the terms of our Series C Preferred Shares, our By-Laws and Pennsylvania law. The following description of the terms of our Series C Preferred Shares supplements, and to the extent inconsistent with, replaces, the description of the general terms and provisions of our preferred shares set forth in the accompanying prospectus.

For purposes of this section, references to we, our and our Company refer only to Pennsylvania Real Estate Investment Trust and not to any of its subsidiaries.

General

Our Trust Agreement provides that we may issue up to 25,000,000 preferred shares. Our Trust Agreement authorizes our Board of Trustees to increase or decrease the number of authorized shares without shareholder approval. In April 2012 and October 2012, we issued 4,600,000 8.25% Series A Preferred Shares and 3,450,000 7.375% Series B Preferred Shares, respectively, both with a liquidation preference of \$25.00 per share.

Subject to the limitations prescribed by Pennsylvania law and our Trust Agreement and By-Laws, our Board of Trustees is authorized to establish the number of shares constituting each class or series of preferred shares and to fix the designations and powers, preferences and relative, participating, optional or other special rights and qualifications, limitations or restrictions thereof, including such provisions as may be desired concerning voting, redemption, dividends, dissolution or the distribution of assets, conversion or exchange, and such other subjects or matters as may be fixed by resolution of the Board of Trustees or a duly authorized committee thereof.

Prior to the closing of this offering, we will amend our Trust Agreement to classify 6,900,000 shares of our authorized preferred shares as 7.20% Series C Cumulative Redeemable Perpetual Preferred Shares and authorize the issuance thereof. When issued, our Series C Preferred Shares will be validly issued, fully paid and nonassessable. The holders of Series C Preferred Shares have no preemptive rights with respect to any of our shares or any of our other securities convertible into or carrying rights or options to purchase any shares of our shares.

Our Series C Preferred Shares will not be subject to any sinking fund and we will have no obligation to redeem or repurchase our Series C Preferred Shares. Unless converted by you in connection with a Change of Control or redeemed or repurchased by us, our Series C Preferred Shares will have a perpetual term, with no maturity.

The Preferred Shares Amendment setting forth the terms of our Series C Preferred Shares permits us to reopen this series, without the consent of the holders of our Series C Preferred Shares, in order to issue additional Series C Preferred Shares from time to time. Thus, we may in the future issue additional Series C Preferred Shares without your consent. Any additional Series C Preferred Shares will have the same terms as the Series C Preferred Shares being issued in this offering. These additional Series C Preferred Shares will, together with the Series C Preferred Shares being issued in this offering, constitute a single series of preferred shares under the Trust Agreement.

Ranking

Our Series C Preferred Shares will rank senior to the Junior Shares (as defined under Dividends below), including our common shares, and equally with our Series A Preferred Shares, Series B Preferred Shares and any other parity equity securities that we might issue in the future, with respect to payment of dividends and amounts upon liquidation,

dissolution or winding up. While any Series C Preferred Shares are outstanding, we

Table of Contents

may not authorize or create any class or series of capital shares that ranks senior to our Series C Preferred Shares with respect to the payment of dividends or amounts upon liquidation, dissolution or winding up without the consent of the holders of two-thirds of the outstanding Series C Preferred Shares voting as a single class. However, we may create additional classes or series of shares, amend our Trust Agreement to increase the authorized number of preferred shares or issue any class or series of equity securities ranking equally with our Series C Preferred Shares with respect, in each case, to the payment of dividends and amounts upon liquidation, dissolution or winding up (Parity Shares) without the consent of any holder of Series C Preferred Shares. See Voting Rights below for a discussion of the voting rights applicable if we seek to create any class or series of equity securities senior to our Series C Preferred Shares.

Dividends

Holders of Series C Preferred Shares will be entitled to receive, when, as and if authorized by our Board of Trustees, out of funds legally available for payment, and declared by us, cumulative cash dividends at the rate of 7.20% per annum per share of its liquidation preference (equivalent to \$1.80 per annum per Series C Preferred Share).

Dividends on each Series C Preferred Share shall accrue daily and shall be cumulative from, and including, the date of original issue and are payable quarterly in arrears on or about the 15th day of each March, June, September and December (each, a dividend payment date), at the then applicable annual rate; provided, however, that if any dividend payment date falls on any day other than a business day, as defined in the Preferred Shares Amendment setting forth the terms of the Series C Preferred Shares, the dividend due on such dividend payment date shall be paid on the first business day immediately following such dividend payment date and no interest, additional dividends or other sum will accrue on the amount so payable for the period from and after that dividend payment date to that next succeeding business day. Each dividend is payable to holders of record as they appear on our share records at the close of business on the record date, not exceeding 30 days preceding the payment dates thereof as fixed by our Board of Trustees. The first dividend on the Series C Preferred Shares after the date of original issuance is scheduled to be paid on March 15, 2017 and will be less than the amount of a regular quarterly dividend, and that dividend will be paid to the persons who are holders of record of the Series C Preferred Shares at the close of business on the corresponding record date, which will be March 1, 2017. Dividends are cumulative from, and including, the date of original issue or the most recent dividend payment date to which dividends have been paid, whether or not in any dividend period or periods there shall be funds of ours legally available for the payment of such dividends. Accumulations of dividends on our Series C Preferred Shares will not bear interest and holders of our Series C Preferred Shares will not be entitled to any dividends in excess of full cumulative dividends. Dividends payable on our Series C Preferred Shares for any period greater or less than a full dividend period will be computed on the basis of a 360-day year consisting of twelve 30-day months. Dividends payable on our Series C Preferred Shares for each full dividend period will be computed by dividing the annual dividend rate by four.

No dividend will be declared or paid on any Parity Shares unless full cumulative dividends have been declared and paid or are contemporaneously declared and funds sufficient for payment set aside on our Series C Preferred Shares for all prior dividend periods; provided, however, that if accrued dividends on our Series C Preferred Shares for all prior dividend periods have not been paid in full or a sum sufficient for such payment is not set apart, then any dividend declared on our Series C Preferred Shares for any dividend period and on any Parity Shares will be declared ratably in proportion to accrued and unpaid dividends on our Series C Preferred Shares and such Parity Shares. All of our dividends on our Series C Preferred Shares will be credited first to the earliest accrued and unpaid dividend.

Our Board of Trustees will not authorize and we will not (i) declare, pay or set apart funds for the payment of any dividend or other distribution with respect to any Junior Shares (other than in the form of Junior Shares) or (ii) redeem, purchase or otherwise acquire for consideration any Junior Shares through a sinking fund or otherwise

(other than a redemption or purchase or other acquisition of our common shares made for purposes of

an employee incentive or benefit plan of our Company or any subsidiary, or a conversion into or exchange for Junior Shares or redemptions for the purpose of preserving our qualification as a REIT), unless all cumulative dividends with respect to our Series C Preferred Shares and any Parity Shares at the time such dividends are payable have been paid or funds have been set apart for payment of such dividends.

As used herein, (i) the term **dividend** does not include dividends payable solely in Junior Shares on Junior Shares, or in options, warrants or rights to holders of Junior Shares to subscribe for or purchase any Junior Shares, and (ii) the term **Junior Shares** means our common shares, and any other class or series of our capital shares now or hereafter issued and outstanding that ranks junior as to the payment of dividends or amounts upon liquidation, dissolution and winding up to our Series C Preferred Shares.

Liquidation Preference

The holders of Series C Preferred Shares will be entitled to receive in the event of any liquidation, dissolution or winding up of our Company, whether voluntary or involuntary, \$25.00 per Series C Preferred Share, which we refer to in this prospectus supplement as the **Liquidation Preference**, plus an amount per share of Series C Preferred Shares equal to all dividends (whether or not earned or declared) accrued and unpaid thereon to, but not including, the date of final distribution to such holders.

Until the holders of Series C Preferred Shares have been paid their entire Liquidation Preference per share, plus all accrued and unpaid dividends thereon (whether or not declared) to, but not including, the date of final distribution to such holders, no payment will be made to any holder of Junior Shares upon the liquidation, dissolution or winding up of our Company. If, upon any liquidation, dissolution or winding up of our Company, our assets, or proceeds thereof, distributable among the holders of our Series C Preferred Shares are insufficient to pay in full the Liquidation Preference plus all accrued and unpaid dividends thereon (whether or not declared) to, but not including, the date of final distribution to such holders, and the liquidation preference and all accrued and unpaid dividends with respect to our Series A Preferred Shares, Series B Preferred Shares and any other Parity Shares, then such assets, or the proceeds thereof, will be distributed among the holders of Series C Preferred Shares and our Series A Preferred Shares, Series B Preferred Shares and any such other Parity Shares ratably in accordance with the respective amounts which would be payable on such Series C Preferred Shares and Series A Preferred Shares, Series B Preferred Shares and any such other Parity Shares if all amounts payable thereon were paid in full. None of (i) a consolidation or merger of our Company with one or more entities, (ii) a statutory share exchange by our Company or (iii) a sale or transfer of all or substantially all of our assets, individually or as part of a series of transactions, will be considered a liquidation, dissolution or winding up, voluntary or involuntary, of our Company.

Optional Redemption

We may not redeem our Series C Preferred Shares prior to January 27, 2022, except in certain limited circumstances relating to the ownership limitation necessary to preserve our qualification as a REIT or in connection with our special optional redemption right to redeem Series C Preferred Shares upon a Change of Control (as defined under **Conversion Rights Definitions** below). For further information regarding these exceptions, see **Special Optional Redemption** below and **Description of Preferred Shares of Beneficial Interest Restrictions on Ownership** in the accompanying prospectus. To assist us in complying with the limitations on the concentration of ownership of a REIT imposed by the Internal Revenue Code, we may, at our option, redeem our Series C Preferred Shares, in whole, at any time, or in part, from time to time, for cash at \$25.00 per share, plus, subject to exceptions, any accrued and unpaid dividends (whether or not declared) to, but not including, the date fixed for redemption. On or after January 27, 2022, we, at our option upon not less than 30 nor more than 60 days written notice, may redeem our Series C Preferred Shares, in whole, at any time, or in part, from time to time, for cash at a redemption price of \$25.00 per share, plus all

accrued and unpaid dividends thereon (whether or not declared) to, but not including, the date fixed for redemption, which we refer to in this prospectus supplement collectively as the redemption price.

Table of Contents

A notice of optional redemption (which may be contingent on the occurrence of a future event) will be mailed, postage prepaid, not less than 30 nor more than 60 days prior to the redemption date, addressed to the holders of record of our Series C Preferred Shares at their addresses as they appear on our share transfer records. A failure to give such notice or any defect in the notice or in its mailing will not affect the validity of the proceedings for the redemption of any Series C Preferred Shares except as to the holder to whom notice was defective or not given. Each notice will state:

the redemption date;

the redemption price and whether or not accrued and unpaid dividends will be payable to holders surrendering Series C Preferred Shares or to the persons who were holders of record at the close of business on the relevant dividend record date;

the number of Series C Preferred Shares to be redeemed;

the place or places where the certificates, if any, evidencing the Series C Preferred Shares are to be surrendered for payment;

the procedures that the holders of Series C Preferred Shares must follow to surrender the certificates, if any, for redemption, including whether the certificates, if any, shall be properly endorsed or assigned for transfer; and

that dividends on the shares to be redeemed will cease to accrue on such redemption date.

If fewer than all the Series C Preferred Shares held by any holder are to be redeemed, the notice mailed to such holder will also specify the number of Series C Preferred Shares to be redeemed from such holder. If fewer than all of the outstanding Series C Preferred Shares are to be redeemed, the shares to be redeemed shall be selected by lot or pro rata. If any redemption date is not a business day, then the redemption price may be paid on the next business day and no interest, additional dividends or other sums will accrue on the amount payable for the period from and after that redemption date to that next business day.

Special Optional Redemption

Upon the occurrence of a Change of Control (as defined under **Conversion Rights** below), we will have the option to redeem our Series C Preferred Shares, in whole, at any time, or in part, from time to time, within 120 days after the date on which such Change of Control has occurred for cash at a redemption price of \$25.00 per share, plus any accrued and unpaid dividends (whether or not declared) to, but not including, the redemption date. If, prior to the Change of Control Conversion Date (as defined below), we have provided or provide notice of our election to redeem some or all of the Series C Preferred Shares (whether pursuant to our optional redemption right described above under **Optional Redemption** or this special optional redemption right), the holders of Series C Preferred Shares will not have the Change of Control Conversion Right (as defined below) with respect to the shares called for redemption. If we elect to redeem any Series C Preferred Shares as described in this paragraph, we may use any available cash to pay the

redemption price, and we will not be required to pay the redemption price only out of the proceeds from the issuance of other classes and series of our capital shares or any other specific source.

A notice of special optional redemption will be mailed, postage prepaid, not less than 30 nor more than 60 days prior to the redemption date, addressed to the holders of record of our Series C Preferred Shares at their addresses as they appear on our share transfer records. A failure to give such notice or any defect in the notice or in its mailing will not affect the validity of the proceedings for the special optional redemption of the Series C Preferred Shares except as to the holder to whom notice was defective or not given. Each notice will state:

the redemption date;

the redemption price and whether or not accrued and unpaid dividends will be payable to holders surrendering Series C Preferred Shares or to the persons who were holders of record at the close of business on the relevant dividend record date;

that the Series C Preferred Shares are being redeemed pursuant to our special optional redemption right in connection with the occurrence of a Change of Control and a brief description of the transaction or transactions constituting such Change of Control;

that the holders of Series C Preferred Shares to which the notice relates will not be able to tender such Series C Preferred Shares for conversion in connection with the Change of Control and each Series C Preferred Share tendered for conversion that is selected, prior to the Change of Control Conversion Date, for redemption will be redeemed on the related date of redemption instead of converted on the Change of Control Conversion Date; and

that dividends on the shares to be redeemed will cease to accrue on such redemption date.

If fewer than all the Series C Preferred Shares held by any holder are to be redeemed, the notice mailed to such holder will also specify the number of Series C Preferred Shares to be redeemed from such holder. If fewer than all of the outstanding Series C Preferred Shares are to be redeemed, the shares to be redeemed shall be selected by lot or pro rata. If any redemption date is not a business day, then the redemption price may be paid on the next business day and no interest, additional dividends or other sums will accrue on the amount payable for the period from and after that redemption date to that next business day.

General Provisions Applicable to Redemptions

On the redemption date, we must pay on each Series C Preferred Share to be redeemed any accrued and unpaid dividends, in arrears, for any dividend period ending on or prior to the redemption date. In the case of a redemption date falling after a dividend payment record date and on or prior to the related payment date, the holders of Series C Preferred Shares at the close of business on such record date will be entitled to receive the dividend payable on such shares on the corresponding dividend payment date, notwithstanding the redemption of such shares on or prior to such dividend payment date. Except as provided for in the two preceding sentences, no payment or allowance will be made for unpaid dividends, whether or not in arrears, on any Series C Preferred Shares called for redemption.

If full cumulative dividends on our Series C Preferred Shares and any Parity Shares have not been paid or declared and set apart for payment, we may not purchase, redeem or otherwise acquire any Series C Preferred Shares or any Parity Shares other than in exchange for Junior Shares; provided, however, that the foregoing shall not prevent the purchase by us of shares held in excess of the limits in our Trust Agreement in order to ensure that we continue to meet the requirements for qualification as a REIT. See Description of Preferred Shares of Beneficial Interest Restrictions on Ownership in the accompanying prospectus.

On and after the date fixed for redemption, provided that we have made available at the office of the registrar and transfer agent a sufficient amount of cash to effect the redemption, dividends will cease to accrue on the Series C Preferred Shares called for redemption (except that, in the case of a redemption date after a dividend payment record date and on or prior to the related payment date, holders of Series C Preferred Shares on the dividend payment record date will be entitled to receive the dividend payable on such shares on the corresponding dividend payment date), such shares shall no longer be deemed to be outstanding and all rights of the holders of such shares as holders of Series C Preferred Shares shall cease except the right to receive the cash payable upon such redemption, without interest from the date of such redemption.

Conversion Rights

Definitions

As used in this prospectus supplement, the following terms shall have the following meanings:

A **Change of Control** will be deemed to have occurred at such time after the original issuance of the Series C Preferred Shares when the following has occurred:

the acquisition by any person, including any syndicate or group deemed to be a person under Section 13(d)(3) of the Exchange Act, of beneficial ownership, directly or indirectly, through a purchase, merger or other acquisition transaction or series of purchases, mergers or other acquisition transactions of shares of the Company entitling that person to exercise more than 50% of the total voting power of all shares of the Company entitled to vote generally in the election of our trustees (except that such person will be deemed to have beneficial ownership of all securities that such person has the right to acquire, whether such right is currently exercisable or is exercisable only upon the occurrence of a subsequent condition); and

following the closing of any transaction referred to in the bullet point above, neither we nor the acquiring or surviving entity has a class of common securities (or American Depositary Receipts representing such securities) listed on NYSE, NYSE MKT, or NASDAQ, or listed or quoted on an exchange or quotation system that is a successor to the NYSE, NYSE MKT or NASDAQ.

The **Common Share Price** will be (i) if the consideration to be received in the Change of Control by the holders of our common shares is solely cash, the amount of cash consideration per common share or (ii) if the consideration to be received in the Change of Control by holders of our common shares is other than solely cash (x) the average of the closing sale prices per common share (or, if no closing sale price is reported, the average of the closing bid and ask prices per share or, if more than one in either case, the average of the average closing bid and the average closing ask prices per share) for the ten consecutive trading days immediately preceding, but not including, the date on which such Change of Control occurred as reported on the principal U.S. securities exchange on which our common shares are then traded, or (y) the average of the last quoted bid prices for our common shares in the over-the-counter market as reported by Pink OTC Markets Inc. or similar organization for the ten consecutive trading days immediately preceding, but not including, the date on which such Change of Control occurred, if our common shares are not then listed for trading on a U.S. securities exchange.

Conversion

Upon the occurrence of a Change of Control, each holder of Series C Preferred Shares will have the right (unless, prior to the Change of Control Conversion Date, we have provided or provide notice of our election to redeem some or all of the Series C Preferred Shares held by such holder as described above under **Optional Redemption** or **Special Optional Redemption**, in which case such holder will have the right only with respect to Series C Preferred Shares that are not called for redemption) to convert some or all of the Series C Preferred Shares held by such holder (referred to as the **Change of Control Conversion Right**) on the Change of Control Conversion Date into a number of our common shares per Series C Preferred Share (referred to as the **Common Shares Conversion Consideration**) equal to the lesser of:

the quotient obtained by dividing (i) the sum of the \$25.00 liquidation preference per Series C Preferred Share plus the amount of any accrued and unpaid dividends thereon to but excluding the Change of Control Conversion Date (unless the Change of Control Conversion Date is after a record date for a Series C Preferred Shares dividend payment and prior to the corresponding dividend payment date for the Series C Preferred Shares, in which case no additional amount for such accrued and unpaid dividends will be included in this sum) by (ii) the Common Share Price, as defined above (such quotient is referred to as the Conversion Rate); and

2.72035 (referred to as the Share Cap).

S-24

Table of Contents

Anything in the Preferred Shares Amendment to the contrary notwithstanding and except as otherwise required by law, the persons who are the holders of record of Series C Preferred Shares at the close of business on a record date for the payment of dividends will be entitled to receive the dividend payable on the corresponding dividend payment date notwithstanding the conversion of those shares after such record date and on or prior to such dividend payment date and, in such case, the full amount of such dividend shall be paid on such dividend payment date to the persons who were the holders of record at the close of business on such record date.

The Share Cap is subject to pro rata adjustments for any share splits (including those effected pursuant to a distribution of our common shares), subdivisions or combinations (in each case referred to as a Share Split) with respect to our common shares as follows: the adjusted Share Cap as the result of a Share Split will be the number of our common shares that is equivalent to the product obtained by multiplying (i) the Share Cap in effect immediately prior to such Share Split by (ii) a fraction, the numerator of which is the number of our common shares outstanding immediately after giving effect to such Share Split and the denominator of which is the number of our common shares outstanding immediately prior to such Share Split.

For the avoidance of doubt, subject to the immediately succeeding sentence, the number of our common shares (or equivalent Alternative Conversion Consideration (as defined below), as applicable) issuable or deliverable, as applicable, in connection with the exercise of the Change of Control Conversion Right will not exceed 16,322,100 common shares in total (or equivalent Alternative Conversion Consideration, as applicable), subject to proportionate increase to the extent the underwriters' option to purchase additional Series C Preferred Shares is exercised, not to exceed 18,770,415 common shares in total (or equivalent Alternative Conversion Consideration, as applicable) (referred to as the Exchange Cap). The Exchange Cap is subject to pro rata adjustments for any Share Splits on the same basis as the corresponding adjustment to the Share Cap, and shall be increased on a pro rata basis with respect to any additional Series C Preferred Shares designated and authorized for issuance pursuant to any subsequent amendments to our Trust Agreement.

In the case of a Change of Control as a result of which holders of our common shares are entitled to receive consideration in a form other than solely our common shares, including other securities, other property or assets (including cash or any combination thereof) with respect to or in exchange for our common shares (the Alternative Form Consideration), a holder of Series C Preferred Shares will be entitled thereafter to convert (subject to our redemption rights as described above) such Series C Preferred Shares not into our common shares but solely into the kind and amount of Alternative Form Consideration which the holder of Series C Preferred Shares would have owned or been entitled to receive upon such Change of Control as if such holder of Series C Preferred Shares then held the Common Shares Conversion Consideration immediately prior to the effective time of the Change of Control (the Alternative Conversion Consideration, and the Common Shares Conversion Consideration or the Alternative Conversion Consideration, as may be applicable to a Change of Control, are referred to as the Conversion Consideration).

If the holders of our common shares have the opportunity to elect the form of consideration to be received in such Change of Control, the Conversion Consideration will be deemed to be the kind and amount of consideration actually received by holders of a majority of our common shares that voted for such an election (if electing between two types of consideration) or holders of a plurality of our common shares that voted for such an election (if electing between more than two types of consideration), as the case may be.

We will not issue fractional common shares upon the conversion of our Series C Preferred Shares. Instead, we will pay the cash value of such fractional shares.

Within 15 days following the occurrence of a Change of Control, we will provide to holders of Series C Preferred Shares a notice of occurrence of the Change of Control that describes the resulting Change of Control Conversion Right. This notice will state the following:

the events constituting the Change of Control;

S-25

Table of Contents

the date of the Change of Control;

the last date on which the holders of Series C Preferred Shares may exercise their Change of Control Conversion Right;

the method and period for calculating the Common Share Price;

the Change of Control Conversion Date, which will be a business day that is no less than 20 days nor more than 35 days following the date of the notice;

that if, prior to the Change of Control Conversion Date, we have provided or provide notice of our election to redeem all or any Series C Preferred Shares, holders will not be able to convert the Series C Preferred Shares called for redemption and such shares will be redeemed on the related redemption date, even if such shares have already been tendered for conversion pursuant to the Change of Control Conversion Right;

if applicable, the type and amount of Alternative Conversion Consideration entitled to be received per Series C Preferred Share;

the name and address of the paying agent, transfer agent and the conversion agent;

the procedures that the holders of Series C Preferred Shares must follow to exercise the Change of Control Conversion Right (including procedures for surrendering shares for conversion through the facilities of a depository), including the form of conversion notice to be delivered by such holders as described below; and

the last date on which holders of Series C Preferred Shares may withdraw shares surrendered for conversion and the procedures that such holders must follow to effect such a withdrawal.

We will issue a press release for publication on Dow Jones & Company, Inc., Business Wire, PR Newswire or Bloomberg Business News (or, if such organizations are not in existence at the time of issuance of such press release, such other news or press organization as is reasonably calculated to broadly disseminate the relevant information to the public), or post notice on our website, in any event prior to the opening of business on the first business day following any date on which we provide the notice described above to the holders of Series C Preferred Shares.

In order to exercise the Change of Control Conversion Right, a holder of Series C Preferred Shares will be required to deliver, on or before the close of business on the Change of Control Conversion Date, the certificates (if any) evidencing Series C Preferred Shares to be converted, duly endorsed for transfer, together with a written conversion notice completed, to our transfer agent. The conversion notice must state:

the relevant Change of Control Conversion Date;

the number of Series C Preferred Shares to be converted; and

that the Series C Preferred Shares are to be converted pursuant to the applicable provisions of the Series C Preferred Shares.

The Change of Control Conversion Date will be a business day that is no less than 20 days nor more than 35 days after the date on which we provide the notice described above to the holders of Series C Preferred Shares.

Holders of Series C Preferred Shares may withdraw any notice of exercise of a Change of Control Conversion Right (in whole or in part) by a written notice of withdrawal delivered to our transfer agent prior to the close of business on the business day prior to the Change of Control Conversion Date. The notice of withdrawal must state:

the number of withdrawn Series C Preferred Shares;

if certificated Series C Preferred Shares have been issued, the certificate numbers of the withdrawn Series C Preferred Shares; and

the number of Series C Preferred Shares, if any, which remain subject to the conversion notice.

S-26

Table of Contents

Notwithstanding the foregoing, if the Series C Preferred Shares are held in global form, the conversion notice and/or the notice of withdrawal, as applicable, must comply with applicable procedures of The Depository Trust Company, or DTC.

Subject to the exercise of our redemption rights, Series C Preferred Shares as to which the Change of Control Conversion Right has been properly exercised and for which the conversion notice has not been properly withdrawn will be converted into the applicable Conversion Consideration in accordance with the Change of Control Conversion Right on the Change of Control Conversion Date.

In connection with the exercise of any Change of Control Conversion Right, we will comply with all U.S. federal and state securities laws and stock exchange rules in connection with any conversion of Series C Preferred Shares into common shares. Notwithstanding any other provision of our Series C Preferred Shares, no holder of our Series C Preferred Shares will be entitled to convert such Series C Preferred Shares for our common shares to the extent that receipt of such common shares would cause such holder (or any other person) to exceed the share ownership limits contained in our Trust Agreement and the Preferred Shares Amendment setting forth the terms of the Series C Preferred Shares. See [Restrictions on Ownership and Transfer](#) below and [Description of Preferred Shares of Beneficial Interest](#) [Restrictions on Ownership](#) in the accompanying prospectus.

These Change of Control conversion and redemption features may make it more difficult for or discourage a party from taking over our Company. See [Risk Factors](#) [The change of control feature of our Series C Preferred Shares may not allow you to recover the liquidation preference of the Series C Preferred Shares, and the change of control conversion and redemption features of the Series C Preferred Shares may make it more difficult for, or discourage, a party from taking over our Company.](#) We are not aware, however, of any specific effort to accumulate our shares with the intent to obtain control of our Company by means of a merger, tender offer, solicitation or otherwise. In addition, the Change of Control redemption feature is not part of a plan by us to adopt a series of anti-takeover provisions. Instead, the Change of Control conversion and redemption features are a result of negotiations between us and the underwriters.

Except as provided above in connection with a Change of Control, the Series C Preferred Shares are not convertible into or exchangeable for any other securities or property.

Voting Rights

Except as indicated below, the holders of Series C Preferred Shares have no voting rights.

If and whenever six quarterly dividends (whether or not consecutive) payable on our Series C Preferred Shares are in arrears, whether or not earned or declared, the number of members then constituting our Board of Trustees will be increased by two and the holders of Series C Preferred Shares, voting together as a single class with the holders of our Series A Preferred Shares, Series B Preferred Shares and any other Parity Shares upon which like voting rights have been conferred and are exercisable (collectively, the [Voting Preferred Shares](#)), will have the right to elect two additional trustees of the Company (the [Preferred Share Trustees](#)) at an annual meeting of shareholders or a properly called special meeting of the holders of our Series C Preferred Shares and such Voting Preferred Shares and at each subsequent annual meeting of shareholders until all such dividends and dividends for the then current quarterly period on our Series C Preferred Shares and such other Voting Preferred Shares have been paid. Whenever all arrears in dividends on our Series C Preferred Shares and the Voting Preferred Shares then outstanding have been paid and full dividends on our Series C Preferred Shares and the Voting Preferred Shares for the then current quarterly dividend period have been paid in full or declared and set apart for payment in full, then the right of the holders of our Series C Preferred Shares and the Voting Preferred Shares to elect the Preferred Share Trustees will cease, the terms of office

of the Preferred Share Trustees will forthwith terminate and the number of members of the Board of Trustees will be reduced accordingly. However, the right of the holders of our Series C Preferred Shares and the Voting Preferred Shares to elect the Preferred

Share Trustees will again vest if and whenever six quarterly dividends (whether or not consecutive) are in arrears, as described above. In class votes with other Voting Preferred Shares, preferred shares of different classes or series shall vote in proportion to the liquidation preference of the respective preferred shares.

In addition, the approval of two-thirds of the votes entitled to be cast by the holders of outstanding Series C Preferred Shares, voting separately as a class, either at a meeting of shareholders or by written consent, is required (i) to amend, alter or repeal any provisions of our Trust Agreement or the Preferred Shares Amendment setting forth the terms of the Series C Preferred Shares, whether by merger, consolidation or otherwise, to affect materially and adversely the voting powers, rights or preferences of the holders of our Series C Preferred Shares, (ii) to enter into any share exchange that affects the Series C Preferred Shares or to consolidate with or merge into any other entity, or to permit any other entity to consolidate with or merge into us, unless in each such case each Series C Preferred Share remains outstanding without a material adverse change to its terms and rights or is converted into or exchanged for preferred shares of the surviving or resulting entity having preferences, rights, dividends, voting powers, restrictions, limitations as to dividends, qualifications and terms and conditions of redemption substantially identical to and in any event without any material adverse change to those of the Series C Preferred Shares, or (iii) to authorize, create, or increase the authorized amount of any class or series of capital shares having rights senior to our Series C Preferred Shares with respect to the payment of dividends or amounts upon liquidation, dissolution or winding up (provided that if such amendment affects materially and adversely the rights, preferences, privileges or voting powers of one or more but not all of the other class or series of Voting Preferred Shares, the consent of the holders of at least two-thirds of the outstanding shares of each such class or series so affected is required). However, we may create additional classes of Parity Shares and Junior Shares, amend our Trust Agreement to increase the authorized number of Series C Preferred Shares, Parity Shares and Junior Shares and issue additional classes or series of Parity Shares and Junior Shares without the consent of any holder of Series C Preferred Shares.

Information Rights

During any period in which we are not subject to Section 13 or 15(d) of the Exchange Act and any Series C Preferred Shares are outstanding, we will (i) transmit by mail (or other permissible means under the Exchange Act) to all holders of Series C Preferred Shares, as their names and addresses appear in our record books and without cost to such holders, copies of the annual reports on Form 10-K and quarterly reports on Form 10-Q that we would have been required to file with the SEC pursuant to Section 13 or 15(d) of the Exchange Act if we were subject thereto (other than any exhibits that would have been required) and (ii) promptly, upon request, supply copies of such reports to any prospective holder of Series C Preferred Shares. We will mail (or otherwise provide) the information to the holders of Series C Preferred Shares within 15 days after the respective dates by which a periodic report on Form 10-K or Form 10-Q, as the case may be, in respect of such information would have been required to be filed with the SEC if we were subject to Section 13 or 15(d) of the Exchange Act, in each case, based on the dates on which we would be required to file such periodic reports if we were a non-accelerated filer within the meaning of the Exchange Act.

Restrictions on Ownership and Transfer

Holders of Series C Preferred Shares will be subject to the ownership and transfer restrictions of our Trust Agreement and the Preferred Shares Amendment setting forth the terms of the Series C Preferred Shares. See **Description of Preferred Shares of Beneficial Interest** **Restrictions on Ownership** in the accompanying prospectus.

As discussed in **Description of Preferred Shares of Beneficial Interest** **Restrictions on Ownership** in the accompanying prospectus, our Trust Agreement generally prohibits any person (other than a person who has been granted an exception) from beneficially or constructively owning more than 9.9% of the aggregate of our outstanding common shares, or 9.9% of the aggregate of the outstanding shares of a class or series of our preferred shares. In

addition, pursuant to the Preferred Shares Amendment setting forth the terms of the Series C

Table of Contents

Preferred Shares, no person may own, or be deemed to own by virtue of the attribution provisions of the Code, more than 9.9% (by value or number of shares, whichever is more restrictive) of our Series C Preferred Shares.

Our board of trustees, in its sole discretion, may exempt a person from the above ownership limits. However, our board of trustees may not grant an exemption to any person unless our board of trustees obtains such representations and undertakings as our board of trustees may deem appropriate in order to determine that granting the exemption would not result in our losing our qualification as a REIT. As a condition of granting the exemption, our board of trustees will require a ruling from the Internal Revenue Service or an opinion of counsel or PREIT's tax accountants to the effect that such exemption will not result in PREIT being "closely held" within the meaning of Section 856(h) of the Internal Revenue Code.

In addition to the 9.9% ownership limit discussed above, the Series C Preferred Shares are subject to the transfer restrictions set forth in our Trust Agreement, as amended by the Preferred Shares Amendment, setting forth the terms of the Series C Preferred Shares. Generally, the Trust Agreement, as amended by the Preferred Shares Amendment, prohibits the transfer of Series C Preferred Shares which, if effective, would result in any person beneficially or constructively owning Series C Preferred Shares in excess, or in violation, of the transfer or ownership limitations. In that event, that number of Series C Preferred Shares, the beneficial or constructive ownership of which otherwise would cause such person to violate the transfer or ownership limitations (rounded up to the nearest whole share), will be automatically exchanged for an equal number of Excess Shares (as defined in the Trust Agreement), which Excess Shares shall be deemed to have been transferred to the Company, as trustee of a Special Trust (as defined in the Trust Agreement) for the exclusive benefit of the beneficiaries thereof. The prohibited owner will not acquire any rights in such Series C Preferred Shares. This automatic transfer will be considered effective as of the close of business on the business day before the violative transfer.

Listing

We intend to file an application to list our Series C Preferred Shares on the NYSE under the symbol PEIPrC. We expect trading of the Series C Preferred Shares on the NYSE, if listing is approved, to commence within 30 days after the date of initial delivery of the shares. See "Underwriting" in this prospectus supplement for a discussion of the expected trading of our Series C Preferred Shares on the NYSE.

Book-Entry Procedures

DTC will act as securities depositary for our Series C Preferred Shares. We will issue one or more fully registered global securities certificates in the name of DTC's nominee, Cede & Co. These certificates will represent the total aggregate number of Series C Preferred Shares. We will deposit these certificates with DTC or a custodian appointed by DTC. We will not issue certificates to you for our Series C Preferred Shares that you purchase, unless DTC's services are discontinued as described below.

Title to book-entry interests in our Series C Preferred Shares will pass by book-entry registration of the transfer within the records of DTC in accordance with their respective procedures. Book-entry interests in the securities may be transferred within DTC in accordance with procedures established for these purposes by DTC.

Each person owning a beneficial interest in our Series C Preferred Shares must rely on the procedures of DTC and the participant through which such person owns its interest to exercise its rights as a holder of our Series C Preferred Shares.

DTC has advised us that it is a limited-purpose trust company organized under the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered under the provisions of Section 17A of the Exchange Act. DTC holds securities that its participants, referred to as Direct Participants, deposit with DTC. DTC also facilitates the settlement among Direct Participants of securities transactions, such as transfers and pledges, in

S-29

deposited securities through electronic computerized book-entry changes in Direct Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. Access to the DTC system is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly, and are referred to as Indirect Participants. The rules applicable to DTC and its Direct and Indirect Participants are on file with the SEC.

When you purchase our Series C Preferred Shares within the DTC system, the purchase must be by or through a Direct Participant. The Direct Participant will receive a credit for our Series C Preferred Shares on DTC's records. You, as the actual owner of our Series C Preferred Shares, are the beneficial owner. Your beneficial ownership interest will be recorded on the Direct and Indirect Participants' records, but DTC will have no knowledge of your individual ownership. DTC's records reflect only the identity of the Direct Participants to whose accounts Series C Preferred Shares are credited.

You will not receive written confirmation from DTC of your purchase. The Direct or Indirect Participants through whom you purchased our Series C Preferred Shares should send you written confirmations providing details of your transactions, as well as periodic statements of your holdings. The Direct and Indirect Participants are responsible for keeping an accurate account of the holdings of their customers like you.

Transfers of ownership interests held through Direct and Indirect Participants will be accomplished by entries on the books of Direct and Indirect Participants acting on behalf of the beneficial owners.

The laws of some states may require that specified purchasers of securities take physical delivery of our Series C Preferred Shares in definitive form. These laws may impair the ability to transfer beneficial interests in the global certificates representing our Series C Preferred Shares.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

We understand that, under DTC's existing practices, in the event that we request any action of holders, or an owner of a beneficial interest in a global security such as you desires to take any action which a holder is entitled to take under our Trust Agreement, DTC would authorize the Direct Participants holding the relevant shares to take such action, and those Direct Participants and any Indirect Participants would authorize beneficial owners owning through those Direct and Indirect Participants to take such action or would otherwise act upon the instructions of beneficial owners owning through them.

Redemption notices will be sent to Cede & Co. If less than all of the Series C Preferred Shares are being redeemed, DTC will reduce each Direct Participant's holdings of Series C Preferred Shares by lot or otherwise in accordance with its procedures. Notices regarding the occurrence of a Change of Control will also be sent to Cede & Co. Holders of Series C Preferred Shares must follow the procedures of DTC to exercise a Change of Control Conversion Right.

In those instances where a vote is required, neither DTC nor Cede & Co. itself will consent or vote with respect to our Series C Preferred Shares. Under its usual procedures, DTC would mail an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants whose accounts our Series C Preferred Shares are credited on the record date, which are identified in a listing attached to the omnibus proxy.

Dividend payments on our Series C Preferred Shares will be made directly to DTC (or its successor, if applicable). DTC's practice is to credit Direct and Indirect Participants' accounts on the relevant payment date in accordance with their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on that payment date.

Payments by Direct and Indirect Participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in street name. These payments will be the responsibility of the participant and not of DTC, us or any agent of ours.

DTC may discontinue providing its services as securities depository with respect to our Series C Preferred Shares at any time by giving reasonable notice to us. Additionally, we might decide to discontinue the book-entry only system of transfers with respect to our Series C Preferred Shares. In that event, we will print and deliver certificates in fully registered, definitive form for our Series C Preferred Shares. If DTC notifies us that it is unwilling to continue as securities depository, or it is unable to continue or ceases to be a clearing agency registered under the Exchange Act and a successor depository is not appointed by us within 90 days after receiving such notice or becoming aware that DTC is no longer so registered, we will issue our Series C Preferred Shares in definitive form, at our expense, upon registration or transfer of, or in exchange for, such global security.

According to DTC, the foregoing information with respect to DTC has been provided to the financial community for informational purposes only and is not intended to serve as a representation, warranty or contract modification of any kind.

Global Clearance and Settlement Procedures. Initial settlement for our Series C Preferred Shares will be made in immediately available funds. Secondary market trading between DTC's Participants will occur in the ordinary way in accordance with DTC's rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System.

ADDITIONAL MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES

The following is a summary of additional material U.S. federal income tax considerations pertaining to the ownership and disposition of Series C Preferred Shares and should be read in conjunction with the referenced sections in the accompanying prospectus. This discussion of additional considerations is general in nature and is not exhaustive of all possible U.S. federal income tax considerations, nor does the discussion address any state, local or foreign tax considerations. This discussion of additional considerations is based on current law and does not purport to deal with all aspects of U.S. federal income taxation that may be relevant to a prospective shareholder in light of its particular circumstances or to certain types of shareholders (including insurance companies, financial institutions, broker-dealers, tax exempt investors, former citizens or residents of the United States, and entities that are partnerships for U.S. federal income tax purposes) subject to special treatment under U.S. federal income tax law. We have not requested and will not request a ruling from the Internal Revenue Service (the "IRS") with respect to any of the U.S. federal income tax issues discussed below or in the accompanying prospectus. Prospective investors should consult, and must depend on, their own tax advisors regarding the U.S. federal, state, local, foreign and other tax consequences of holding and disposing of Series C Preferred Shares.

For a discussion of the taxation of the Company and the tax considerations relevant to shareholders generally, see *Material U.S. Federal Income Tax Consequences* in the accompanying prospectus, as supplemented and superseded by the discussion below, beginning with the heading *Taxation of the Company as a REIT*. To the extent any information set forth under the title *Material U.S. Federal Income Tax Consequences* in the accompanying prospectus is inconsistent with this supplemental information, this supplemental information will apply and supersede the information in the accompanying prospectus. The supplemental information below is provided on the same basis and subject to the same qualifications as are set forth in the first three paragraphs immediately below the title *Material U.S. Federal Income Tax Consequences* in the accompanying prospectus, as if those paragraphs were set forth in this prospectus supplement.

Taxation of Shareholders of Series C Preferred Shares

Taxation of United States Shareholders of Series C Preferred Shares

Distributions; Withholding. For a discussion of the taxation of the Company, the treatment of distributions with respect to shares of the Company, and the withholding rules, see *Material U.S. Federal Income Tax Consequences Taxation of the Company as a REIT*, *Taxation of United States Shareholders*, and *Information Reporting and Backup Withholding Tax Applicable to Shareholders United States Shareholders* in the accompanying prospectus. In determining the extent to which a distribution on Series C Preferred Shares constitutes a dividend for U.S. federal income tax purposes, the earnings and profits of the Company will be allocated first to distributions with respect to the Series C Preferred Shares and all other series of preferred shares of the Company, and second to distributions with respect to our common shares.

Sale or Exchange of Series C Preferred Shares. Upon the sale, exchange or other disposition (other than a redemption or conversion) of Series C Preferred Shares, a United States Shareholder of Series C Preferred Shares will realize capital gain or loss measured by the difference between the amount realized on the sale, exchange or other disposition of the Series C Preferred Shares and such shareholder's adjusted tax basis in the Series C Preferred Shares (provided the Series C Preferred Shares are held as capital assets). For a discussion of capital gain taxation see *Material U.S. Federal Income Tax Consequences Taxation of United States Shareholders* in the accompanying prospectus.

Redemption of Series C Preferred Shares. The treatment to a United States Shareholder of Series C Preferred Shares of any redemption by the Company (as distinguished from a sale, exchange or other disposition other than a

redemption or conversion) of Series C Preferred Shares can only be determined on the basis of particular facts as to the shareholder of Series C Preferred Shares at the time of redemption. In general, a

S-32

Table of Contents

United States Shareholder of Series C Preferred Shares will recognize capital gain or loss measured by the difference between the amount received upon the redemption and the shareholder's adjusted tax basis in the Series C Preferred Shares redeemed (provided the Series C Preferred Shares are held as capital assets) if such redemption (i) results in a complete termination of a shareholder's interest in all classes of stock of the Company under Section 302(b)(3) of the Code, (ii) is not essentially equivalent to a dividend with respect to the shareholder under Section 302(b)(1) of the Code, or (iii) is a substantially disproportionate redemption with respect to the shareholder under the Code. In applying these tests, there must be taken into account not only any Series C Preferred Shares owned by the U.S. shareholder, but also such shareholder's ownership of other classes of our shares of stock and any options (including share purchase rights) to acquire any of the foregoing. The United States Shareholder also must take into account any such securities (including options) which are considered to be owned by such shareholder by reason of the constructive ownership rules set forth in Sections 318 and 302(c) of the Code.

If a particular United States Shareholder of Series C Preferred Shares owns (actually or constructively) none of our voting stock or owns an insubstantial amount of our voting stock, based upon current law, it is probable that the redemption of Series C Preferred Shares from such a shareholder would be considered not essentially equivalent to a dividend. However, whether a distribution in redemption of shares is not essentially equivalent to a dividend depends on all of the facts and circumstances, and a shareholder of Series C Preferred Shares intending to rely on any of these tests at the time of redemption should consult its tax advisor to determine their application to its particular situation. If the redemption does not meet any of the tests under Section 302 of the Code, then the redemption proceeds received from the Series C Preferred Shares will be treated as a distribution on the Series C Preferred Shares as described under **Material U.S. Federal Income Tax Consequences – Taxation of United States Shareholders** in the accompanying prospectus.

If the redemption is taxed as a distribution, the United States Shareholder's adjusted tax basis in the redeemed Series C Preferred Shares will be transferred to any other stockholdings of the shareholder of Series C Preferred Shares in the Company. If the United States Shareholder of Series C Preferred Shares owns no other stock in the Company, under certain circumstances, such basis may be transferred to a related person, or it may be lost entirely.

With respect to a redemption of Series C Preferred Shares that is treated as a distribution with respect to our stock, the IRS has proposed Treasury Regulations that would require the basis reduction associated with a distribution, which is not otherwise taxable as a dividend, to be applied on a share-by-share basis, which could result in taxable income with respect to some shares, even though the shareholder's aggregate basis in its shares would be sufficient to absorb the entire redemption distribution (in excess of any amount of such distribution treated as a dividend). In addition, as a general matter, these proposed Treasury Regulations would not permit the transfer of basis in the redeemed shares of the Series C Preferred Shares to the remaining shares of other classes of our stock held (directly or indirectly) by the redeemed shareholder. Instead, the unrecovered basis in our Series C Preferred Shares would be treated as a deferred loss to be recognized when certain conditions are satisfied. These proposed Treasury Regulations would be effective for transactions that occur after the date the regulations are published as final Treasury Regulations. There can, however, be no assurance as to whether, when, and in what particular form such proposed Treasury Regulations will ultimately be finalized.

Conversion of Series C Preferred Shares into Common Shares. Except as provided below, a United States Shareholder of our Series C Preferred Shares generally will not recognize gain or loss upon the conversion of our Series C Preferred Shares into our common shares. Except as provided below, a United States Shareholder's basis and holding period in the common shares received upon conversion generally will be the same as those of the converted Series C Preferred Shares (but the basis will be reduced by the portion of adjusted tax basis allocated to any fractional share of common shares exchanged for cash). Common shares received in a conversion that is attributable to accumulated and unpaid dividends on the converted Series C Preferred Shares will be treated as a distribution on our shares as

described under Material U.S. Federal Income Tax Consequences Taxation of United States Shareholders in the accompanying prospectus. A United States

S-33

Table of Contents

Shareholder's basis in common shares received upon a conversion that is attributable to accumulated and unpaid dividends should be equal to the amount of such accumulated and unpaid dividends and the holding period of such common shares will begin on the day after the conversion. Cash received upon conversion in lieu of a fractional share of common stock generally will be treated as a payment in a taxable exchange for such fractional share of common stock, and gain or loss will be recognized on the receipt of cash in an amount equal to the difference between the amount of cash received and the adjusted tax basis allocable to the fractional share of common stock deemed exchanged. This gain or loss will be long-term capital gain or loss if the United States Shareholder has held the Series C Preferred Shares for more than one year. See *Material U.S. Federal Income Tax Consequences Taxation of United States Shareholders* in the accompanying prospectus. United States Shareholders should consult with their tax advisor regarding the U.S. federal income tax consequences of any transaction by which such shareholder exchanges common shares received on a conversion of Series C Preferred Shares for cash or other property.

Taxation of Non-United States Shareholders of Series C Preferred Shares

Distributions; Withholding. For a discussion of the taxation of the Company, the treatment of distributions with respect to shares of the Company, and the withholding rules, see *Material U.S. Federal Income Tax Consequences Taxation of the Company as a REITs, U.S. Taxation of Non-United States Shareholders, and Information Reporting and Backup Withholding Tax Applicable to Shareholders-Non-United States Shareholders* in the accompanying prospectus. In determining the extent to which a distribution on Series C Preferred Shares constitutes a dividend for U.S. federal income tax purposes, the earnings and profits of the Company will be allocated first to distributions with respect to the Series C Preferred Shares and all other series of preferred shares of the Company, and second to distributions with respect to our common shares.

Sale or Exchange of Series C Preferred Shares. For a discussion of the tax treatment of the sale, exchange or other disposition (other than a redemption or conversion) of Series C Preferred Shares by a non-United States Shareholder, see *Material U.S. Federal Income Tax Consequences U.S. Taxation of Non-United States Shareholders* in the accompanying prospectus.

Redemption of Series C Preferred Shares. See discussion above under *Taxation of United States Shareholders of Series C Preferred Shares Redemption of Series C Preferred Shares*. If the redemption does not meet any of the tests described in *Taxation of United States Shareholders of Series C Preferred Shares Redemption of Series C Preferred Shares*, then the redemption proceeds received from our Series C Preferred Shares will be treated as a distribution on our shares as described under *Distributions; Withholding* above. If the redemption is not treated as a distribution taxable as a dividend, it will be treated as a sale or exchange in the manner described under *Sale or Exchange of Series C Preferred Shares* above.

Conversion of Series C Preferred Shares into Common Shares. Except as provided below, a non-United States Shareholder of our Series C Preferred Shares generally will not recognize gain or loss upon the conversion of our Series C Preferred Shares into our common shares, provided our Series C Preferred Shares do not constitute a U.S. real property interest (*USRPI*). Even if our Series C Preferred Shares constitute a *USRPI*, provided our common shares also constitute a *USRPI*, a non-United States Shareholder generally will not recognize gain or loss upon a conversion of our Series C Preferred Shares into our common shares provided certain reporting requirements are satisfied. Assuming that a non-United States Shareholder does not generally recognize gain or loss upon the conversion of the Series C Preferred Shares into our common shares and except as provided below, a non-United States Shareholder's basis and holding period in the common shares received upon conversion will be the same as those of the converted Series C Preferred Shares (but the basis will be reduced by the portion of adjusted tax basis allocated to any fractional share of common shares exchanged for cash). Common shares received in a conversion that is attributable to accumulated and unpaid dividends on the converted Series C Preferred Shares will be treated as a

distribution on our shares as described under Material U.S. Federal Income Tax Consequences U.S. Taxation of Non-United States Shareholders in the accompanying prospectus. A non-United States Shareholder's basis in common shares received upon a

S-34

Table of Contents

conversion that is attributable to accumulated and unpaid dividends should be equal to the amount of such accumulated and unpaid dividends and the holding period of such common shares will begin on the day after the conversion. Cash received upon conversion in lieu of a fractional share of common stock generally will be treated as a payment in exchange for such fractional share of common stock as described under "Material U.S. Federal Income Tax Consequences – U.S. Taxation of Non-United States Shareholders" in the accompanying prospectus. Non-United States Shareholders should consult with their tax advisor regarding the U.S. federal income tax consequences of any transaction by which such shareholder exchanges common shares received on a conversion of Series C Preferred Shares for cash or other property.

Taxation of the Company as a REIT – Taxation

The following discussion supersedes the eighth numbered paragraph in the third paragraph in the discussion under the heading "Taxation of the Company as a REIT – Taxation" in the accompanying prospectus.

If we acquire any assets from a non-REIT C corporation in a transaction in which the basis of the assets in our hands is determined by reference to the basis of the assets in the hands of the non-REIT C corporation, we would be liable for corporate income tax, at the highest applicable corporate rate, for the built-in gain with respect to those assets if we dispose of those assets in a taxable transaction during the 5-year period beginning on the day the assets were transferred to us by the non-REIT C corporation. To the extent that assets are transferred to us in a carry-over basis transaction by a partnership in which a corporation owns an interest, we will be subject to this tax in proportion to the non-REIT C corporation's interest in the partnership. Built-in gain is the amount by which an asset's fair market value exceeds its adjusted tax basis at the time we acquire the asset. The results described in this paragraph assume that the non-REIT C corporation will not elect, in lieu of this treatment, to be subject to an immediate tax when the asset is acquired by us. Any gain from the sale of property acquired by us in an exchange under Section 1031 (a like kind exchange) or 1033 (an involuntary conversion) of the Code would be excluded from the application of this built-in gains tax.

The following discussion is added to the discussion under the heading "Taxation of the Company as a REIT Taxable REIT Subsidiaries" in the accompanying prospectus.

As a REIT, we are subject to certain restrictions and excise taxes with respect to transactions with taxable REIT subsidiaries. Effective for taxable years beginning after December 31, 2015, an excise tax of 100% is imposed on a REIT with respect to the gross income of a taxable REIT subsidiary that is attributable to services provided to, or on behalf of, the REIT (and not to services provided to tenants), less properly allocable deductions, to the extent that the reported amount of such income is adjusted by the IRS by reason of such reported amount being less than the amount that would have been paid to a party in an arm's-length transaction.

The following discussion is added to the discussion under the heading "Taxation of the Company as a REIT Ownership of Partnership Interests by a REIT" in the accompanying prospectus.

Recent legislation may alter who bears the liability in the event any subsidiary partnership is audited and an adjustment is assessed. Congress recently revised the rules applicable to U.S. federal income tax audits of partnerships (such as certain of our subsidiaries) and the collection of any tax resulting from any such audits or other tax proceedings, generally for taxable years beginning after December 31, 2017. Under the new rules, the partnership itself may be liable for a hypothetical increase in partner-level taxes (including interest and penalties) resulting from an adjustment of partnership tax items on audit, regardless of changes in the composition of the partners (or their relative ownership) between the year under audit and the year of the adjustment. The new rules also include an elective alternative method under which the additional taxes resulting from the adjustment are assessed against and

collected from the affected partners, subject to a higher rate of interest than otherwise would apply. Many questions remain as to how the new rules will apply, especially with respect to partners that are REITs, and it is not clear at this time what effect this new legislation will have on us. However, these changes

S-35

Table of Contents

could increase the U.S. federal income tax, interest, and/or penalties otherwise borne by us in the event of a U.S. federal income tax audit of a subsidiary partnership.

The following discussion is added to the discussion under the heading **Taxation of the Company as a REIT Income Tests Applicable to REITs** in the accompanying prospectus.

Effective for taxable years beginning after December 31, 2015: (1) income from clearly identified hedging transactions that are entered into with respect to previously-acquired hedging transactions that a REIT entered into to manage interest rate or currency fluctuation risks when the previously hedged indebtedness is extinguished or property is disposed of is excluded from gross income; and (2) interest income and gain from the sale of a debt instrument issued by a publicly offered REIT, unless the debt instrument is secured by real property or an interest in real property, is not treated as qualifying income for purposes of the 75% gross income test but will continue to be treated as qualifying income for purposes of the 95% gross income test. A publicly offered REIT means a REIT that is required to file annual and periodic reports with the Securities and Exchange Commission under the Securities Exchange Act of 1934.

The following discussion is added to the discussion under the heading **Taxation of the Company as a REIT** in the accompanying prospectus.

Hedging Transaction Income. From time to time, we may enter into hedging transactions with respect to one or more of our assets or liabilities. Our hedging activities may include entering into interest rate swaps, caps and floors, options to purchase such items and futures and forward contracts. Income and gain from qualified hedging transactions are excluded from gross income for purposes of the 75% and 95% gross income tests. A qualified hedging transaction includes: (i) any transaction entered into in the normal course of our trade or business primarily to manage the risk of interest rate, price changes or currency fluctuations with respect to borrowings made or to be made, or ordinary obligations incurred or to be incurred, to acquire or carry real estate assets; (ii) any transaction entered into primarily to manage the risk of currency fluctuations with respect to any item of income or gain that would be qualifying income under the 75% or 95% gross income test (or any property which generates such income or gain); and (iii) any transaction entered into to offset a transaction described in (i) or (ii) if a portion of the hedged indebtedness is extinguished or the related property disposed of. We are required to clearly identify any such hedging transaction before the close of the day on which it was acquired, originated or entered into and to satisfy other identification requirements in order to be treated as a qualified hedging transaction. Effective for taxable years beginning after December 31, 2015, also excluded from gross income for purposes of the 75% and 95% gross income tests is income from hedging transactions that are entered into with respect to previously-acquired hedging transactions that were entered into to manage interest rate or currency fluctuation risks when the previously hedged indebtedness is extinguished or the property is disposed of tests. We have structured and intend to continue to structure any hedging transactions in a manner that does not jeopardize its qualification as a REIT.

The following discussion is added to the discussion under the heading **Taxation of the Company as a REIT Prohibited Transactions Income** in the accompanying prospectus.

We are subject to a prohibited transaction tax of 100% of the net income derived from the sale of property held as inventory or otherwise held primarily for sale to customers in the ordinary course of business. We will not be subject to this tax if we satisfy the requirements of a safe harbor, which includes an asset holding period of at least two years. If we satisfy these requirements, we may either (1) make no more than seven sales within a taxable year, or (2) sell either no more than 10% of the aggregate bases, or no more than 10% of the aggregate fair market value, of all of our assets as of the beginning of the taxable year (other than, in the case of either (1) or (2), sales of foreclosure property or tax-deferred involuntary conversions) without being subject to the prohibited transaction tax. If we make more than

seven sales within a taxable year, substantially all of the marketing and development expenditures with respect to the property must be made through an independent contractor from whom we do not derive or receive any income.

S-36

Table of Contents

Effective for taxable years beginning after December 18, 2015, the 10% limits described in the immediately preceding paragraph have been increased to 20% so that we are now permitted under the safe harbor to sell in a taxable year no more than 20% of the aggregate bases, or no more than 20% of the aggregate fair market value, of all of our assets as of the beginning of the taxable year (other than sales of foreclosure property or tax-deferred involuntary conversions) without being subject to the prohibited transaction tax, provided that the aggregate adjusted bases and the fair market value of the property sold (other than sales of foreclosure property or tax-deferred conversions) during the three taxable year period ending with such taxable year does not exceed 10% of the sum of the aggregate adjusted bases, or the sum of the fair market value, of all of our assets as of the beginning of each of the three taxable years that are part of the period. In addition, a taxable REIT subsidiary may now provide development and marketing expenditures without causing us to fail to satisfy the requirements of the safe harbor.

The following discussion is added to the discussion under the heading **Taxation of the Company as a REIT Penalty Tax** in the accompanying prospectus.

Effective for taxable years beginning after December 31, 2015, the items subject to the 100% penalty tax include redetermined TRS service income. Redetermined TRS service income is gross income (less deductions allocable thereto) of a taxable REIT subsidiary attributable to services provided to, or on behalf of, us that is less than the amounts that would have been paid by us to the taxable REIT subsidiary if based on arm's length negotiations.

The following discussion is added to the discussion under the heading **Taxation of the Company as a REIT Asset Tests Applicable to REITs** in the accompanying prospectus.

We are subject to certain tests relating to the nature of our assets. At least 75% of the value of our total assets must be represented by some combination of real estate assets, cash, cash items, U.S. government securities and, in some circumstances, stock or debt instruments purchased with new capital. Effective for taxable years beginning after December 31, 2015, real estate assets includes debt instruments of publicly offered REITs, interests in mortgages on interests in real property, personal property to the extent that rents attributable to the property are treated as rents from real property under the applicable Code section, and a mortgage secured by real property and personal property, provided that the fair market value of the personal property does not exceed 15% of the total fair market value of all personal property.

Under current law, not more than 25% of the value of our total assets may be represented by the securities of one or more taxable REIT subsidiaries. Effective for taxable years beginning after December 31, 2017, not more than 20% of the value of our total assets may be represented by the securities of one or more taxable REIT subsidiaries.

Effective for taxable years beginning after December 31, 2015, no more than 25% of the value of the value of our total assets may consist of debt instruments issued by publicly offered REITs to the extent such debt instruments are not secured by real property or interests in real property.

The following discussion is added to the discussion under the heading **Taxation of the Company as a REIT Annual Distribution Requirements Applicable to REITs** in the accompanying prospectus.

As a REIT, we are subject to a requirement that we make distributions to our shareholders in an amount equal to the sum of 90% of our REIT taxable income, computed without regard to the dividends-paid deduction and our net capital gain, and 90% of our net income, if any, from foreclosure property in excess of the special tax on income from foreclosure property, minus the excess of the sum of specified items of our non-cash income over 5% of our REIT taxable income. Under the law in effect prior to January 1, 2015, a preferential dividend was not eligible for a dividends-paid deduction and, therefore, was not counted toward this distribution requirement. Effective for

distributions in our taxable year that began on January 1, 2015 and all future taxable years,

S-37

Table of Contents

preferential dividends distributed by us may be taken into account for purposes of determining our dividends-paid deduction so long as we qualify as a publicly offered REIT (as defined above).

The following discussion is added to the discussion under the headings *Taxation of United States Shareholders Capital Gain Distributions* and *Qualified Dividend Income* in the accompanying prospectus.

Effective for taxable years beginning after December 31, 2015, the maximum amount of dividends that we may designate as capital gain dividends and as qualified dividend income with respect to any taxable year may not exceed the dividends paid by us with respect to such year, including dividends paid by us in the succeeding taxable year that relate back to the prior taxable year for purposes of determining our dividends paid deduction. In addition, the IRS has been granted authority, pursuant to recently enacted legislation, to prescribe regulations or other guidance requiring the proportionality of the designation for particular types of dividends (for example, capital gain dividends) among REIT shares.

The following discussion is added to the discussion under the heading *U.S. Taxation of Non-United States Shareholders* in the accompanying prospectus.

A distribution that is attributable to gain from our sale or exchange of a United States real property interest, or USRPI, with respect to any class of our shares that is traded on an established securities market located in the United States will not be subject to a certain 35% withholding tax so long as the non-United States Shareholder did not own more than 5% (10% for distributions on or after December 18, 2015) of such class of shares at any time during the 1-year period ending on the date of the distribution. Instead, any such distribution will be treated as a distribution subject to the ordinary dividend rules described in the accompanying prospectus.

In addition, if we are not a domestically controlled REIT, a non-United States Shareholder's sale of our shares will not be subject to U.S. federal income taxation as a sale of a USRPI and gain from the sale of such shares will not be subject to U.S. federal income taxation, provided that our shares are regularly traded, as defined by applicable Treasury regulations, on an established securities market, such as the New York Stock Exchange, and the non-United States Shareholder has at all times during the preceding five years owned no more than 5% (no more than 10% effective with respect to any disposition of shares on and after December 18, 2015) by value of the then-outstanding shares.

Shares of a REIT will not be treated as a USRPI subject to tax under the Foreign Investment in Real Property Tax Act of 1980, or FIRPTA, if the shares are held directly (or indirectly through one or more partnerships) by a qualified shareholder or qualified foreign pension fund. Similarly, any distribution made to a qualified shareholder or qualified foreign pension fund with respect to REIT shares will not be treated as gain from the sale or exchange of a USRPI subject to tax under FIRPTA to the extent the shares of the REIT held by such qualified shareholder or qualified foreign pension fund are not treated as a USRPI.

Qualified Shareholders. A qualified shareholder generally means a foreign person which (i) (x) is eligible for certain income tax treaty benefits and the principal class of interests of which is listed and regularly traded on at least one recognized stock exchange or (y) is a foreign limited partnership that has an agreement with the United States for the exchange of information with respect to taxes, has a class of limited partnership units which is regularly traded on the New York Stock Exchange or the NASDAQ Stock Market, and such units value is greater than 50% of the value of all the partnership's units; (ii) is a qualified collective investment vehicle; and (iii) maintains certain records with respect to certain of its owners. A qualified collective investment vehicle is a foreign person which (i) is entitled, under a comprehensive income tax treaty, to certain reduced withholding rates with respect to ordinary dividends paid by a REIT even if such person holds more than 10% of the shares of the REIT; (ii) (x) is a publicly traded partnership that

is not treated as a corporation, (y) is a withholding foreign partnership for purposes of chapters 3, 4 and 61 of the Code, and (z) if the foreign partnership were a United States corporation, it would be a United States real property holding corporation, at any time during the 5-year

S-38

Table of Contents

period ending on the date of disposition of, or distribution with respect to, such partnership's interest in a REIT; or (iii) is designated as a qualified collective investment vehicle by the Secretary of the Treasury and is either fiscally transparent within the meaning of Section 894 of the Code or is required to include dividends in its gross income, but is entitled to a deduction for distribution to a person holding interests (other than interests solely as a creditor) in such foreign person.

Qualified Foreign Pension Funds. A qualified foreign pension fund is any trust, corporation, or other organization or arrangement (A) which is created or organized under the law of a country other than the United States, (B) which is established to provide retirement or pension benefits to participants or beneficiaries that are current or former employees (or persons designated by such employees) of one or more employers in consideration for services rendered, (C) which does not have a single participant or beneficiary with a right to more than 5% of its assets or income, (D) which is subject to government regulation and provides annual information reporting about its beneficiaries to the relevant tax authorities in the country in which it is established or operates, and (E) with respect to which, under the laws of the country in which it is established or operates, (i) contributions to such organization or arrangement that would otherwise be subject to tax under such laws are deductible or excluded from the gross income of such entity or taxed at a reduced rate, or (ii) taxation of any investment income of such organization or arrangement is deferred or such income is taxed at a reduced rate.

Notwithstanding the foregoing, if a foreign investor in a qualified shareholder directly or indirectly, whether or not by reason of such investor's ownership interest in the qualified shareholder, holds more than 10% of the shares of the REIT, then a portion of the REIT shares held by the qualified shareholder (based on the foreign investor's percentage ownership of the qualified shareholder) will be treated as a USRPI in the hands of the qualified shareholder and, as such, will be subject to tax as otherwise described herein.

Effective February 16, 2016, the FIRPTA withholding tax rate increased to 15% from 10% with respect to a purchase of our shares from a non-United States Shareholder if our shares are not traded on an established securities market or if we are not a domestically controlled REIT.

The following discussion is added to the discussion under the heading **Information Reporting and Backup Withholding Tax Applicable to Shareholders – United States Shareholders** in the accompanying prospectus.

Withholding on Payments in Respect of Certain Foreign Accounts. As described below, certain payments after June 30, 2014 (i.e., on or after July 1, 2014) made to foreign financial institutions and non-financial foreign entities in respect of accounts of United States Shareholders at such financial institutions may be subject to withholding at a rate of 30%. United States Shareholders should consult their tax advisors regarding the effect, if any, of this legislation on their ownership and disposition of their common shares. See **Non-United States Shareholders – Withholding on Payments in Respect of Certain Foreign Entities** below.

The following discussion is added to the discussion under the heading **Information Reporting Backup Withholding Tax Applicable to Shareholders – Non-United States Shareholders** in the accompanying prospectus.

Withholding on Payments in Respect of Certain Foreign Entities. As a general matter, FATCA imposes a 30% withholding tax on dividends on, and gross proceeds from the sale or other disposition of, our shares if paid to a foreign entity unless either (i) the foreign entity is a foreign financial institution that undertakes certain due diligence, reporting, withholding, and certification obligations, (ii) the foreign entity is not a foreign financial institution and identifies certain of its U.S. investors, or (iii) the foreign entity otherwise is excepted under FATCA. Under delayed effective dates provided for in the final regulations and subsequent guidance, the required withholding began on July 1, 2014 with respect to dividends on our shares, and will begin on January 1, 2019 with respect to gross proceeds

from a sale or other disposition of our shares.

Table of Contents

If withholding is required under FATCA on a payment related to our shares, investors that otherwise would not be subject to withholding (or that otherwise would be entitled to a reduced rate of withholding) generally will be required to seek a refund or credit from the IRS to obtain the benefit of such exemption or reduction (provided that such benefit is available). Prospective investors should consult their tax advisors regarding the effect of FATCA in their particular circumstances.

The following discussion is added to the discussion under the heading **Other Tax Consequences for the Company and Our Shareholders** in the accompanying prospectus.

Legislative or Other Actions Affecting REITs. The present U.S. federal income tax treatment of REITs may be modified, possibly with retroactive effect, by legislative, judicial or administrative action at any time. The REIT rules are constantly under review by persons involved in the legislative process and by the IRS and the U.S. Treasury Department, which may result in statutory changes as well as revisions to regulations and interpretations. Legislative and regulatory changes, including comprehensive tax reform, may be more likely in the 115th Congress, which convened in January 2017, because the Presidency and both Houses of Congress will be controlled by the same political party. Additionally, several of the tax considerations described herein are currently under review and are subject to change. We cannot predict whether, when or to what extent new federal tax laws, regulations, interpretations or rulings will be adopted. Prospective investors are urged to consult their tax advisors regarding the effect of potential changes to the federal tax laws on an investment in our shares.

We have agreed to indemnify the underwriters and their respective controlling persons against specified liabilities in connection with this offering, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the Series C Preferred Shares, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by counsel and other conditions such as the receipt by the underwriters of officers' certificates, comfort letters and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

Commissions and Discounts

The representative has advised us that the underwriters propose initially to offer the Series C Preferred Shares to the public at the public offering price appearing on the cover page of this prospectus supplement and to dealers at that price less a concession not in excess of \$0.50 per share. The underwriters may allow, and the dealers may reallow, a discount not in excess of \$0.45 per share to other dealers. After the initial offering, the public offering price and other selling terms may be changed.

The following table shows the per share and total public offering price, the underwriting discount and proceeds before expenses to us. The information assumes either no exercise or full exercise by the underwriters of their option to

purchase additional Series C Preferred Shares.

	Per Share	Without Option	With Option

The expenses of this offering, exclusive of the underwriting discount, are estimated at approximately \$510,000 and are payable by us.

Option to Purchase Additional Series C Preferred Shares

We have granted an option to the underwriters to purchase up to 900,000 additional Series C Preferred Shares at the public offering price on the cover page of this prospectus supplement less the underwriting discount. The underwriters may exercise this option for 30 days from the date of this prospectus supplement. If the underwriters exercise this option, each underwriter will be obligated, subject to conditions contained in the underwriting agreement, to purchase a number of additional shares proportionate to that underwriter's initial amount reflected in the above table.

No Sales of Series C Preferred Shares or Other Preferred Shares

We have agreed that, for a period of 45 days after the date of this prospectus supplement and subject to certain exceptions, we will not, without the prior written consent of the representative, (i) directly or indirectly, offer, pledge, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase or otherwise transfer or dispose of any Series C Preferred Shares or other preferred shares or any securities convertible into or exercisable or exchangeable for Series C Preferred Shares, other preferred shares or such other securities or file any registration statement under the Securities Act with respect to any of the foregoing or (ii) enter into any swap or any other agreement or any transaction that transfers, in whole or in part, directly or indirectly, the economic consequence of ownership of the Series C Preferred Shares, other preferred shares or such other securities, whether any such swap or transaction described in clause (i) or (ii) above is to be settled by delivery of Series C Preferred Shares, other preferred shares or such other securities, in cash or otherwise.

New York Stock Exchange Listing

We plan to file an application to list the Series C Preferred Shares on the NYSE. If the application is approved, trading of the Series C Preferred Shares on the NYSE is expected to begin within 30 days after the date of initial issuance of the Series C Preferred Shares.

Price Stabilization and Short Positions

Until the distribution of the Series C Preferred Shares is completed, SEC rules may limit the ability of the underwriters to bid for or purchase Series C Preferred Shares. However, the representative may engage in transactions that stabilize the price of the Series C Preferred Shares, such as bids or purchases to peg, fix or maintain that price.

If the underwriters create a short position in the Series C Preferred Shares in connection with this offering, i.e., if they sell more Series C Preferred Shares than are listed on the cover page of this prospectus supplement, the underwriters may reduce that short position by purchasing Series C Preferred Shares in the open market. The underwriters may also elect to reduce any short position by exercising all or a part of the option to purchase additional Series C Preferred Shares described above. Purchases of Series C Preferred Shares to stabilize the per share price or to reduce a short position may cause the price of Series C Preferred Shares to be higher than it might be in the absence of those purchases.

Neither we nor the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of Series C Preferred Shares. In addition, neither we nor the underwriters make any representation that the underwriters will engage in those transactions or that those transactions, once commenced, will not be discontinued without notice.

Delayed Settlement

We expect that the delivery of the Series C Preferred Shares will be made against payment therefor on or about the closing date specified on the cover page of this prospectus supplement, which will be the seventh

S-42

Table of Contents

business day following the date of this prospectus supplement. Under rules of the SEC, trades in the secondary market generally are required to settle in three business days, unless the parties to that trade expressly agree otherwise. Accordingly, purchasers who wish to trade the Series C Preferred Shares before the third business day prior to the closing date specified on the cover page of this prospectus supplement will be required, by virtue of the fact that the normal settlement date for that trade would occur prior to the closing date for the issuance of the Series C Preferred Shares, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement, and should consult their own advisors with respect to these matters.

Canada

The Series C Preferred Shares may be sold only to purchasers purchasing, or deemed to be purchasing, as principal that are accredited investors, as defined in National Instrument 45-106 *Prospectus Exemptions* or subsection 73.3(1) of the *Securities Act* (Ontario), and are permitted clients, as defined in National Instrument 31-103 *Registration Requirements, Exemptions and Ongoing Registrant Obligations*. Any resale of the Series C Preferred Shares must be made in accordance with an exemption from, or in a transaction not subject to, the prospectus requirements of applicable securities laws.

Securities legislation in certain provinces or territories of Canada may provide a purchaser with remedies for rescission or damages if this prospectus supplement (including any amendment thereto) contains a misrepresentation, provided that the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province or territory. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province or territory for particulars of these rights or consult with a legal advisor.

Pursuant to section 3A.3 of National Instrument 33-105 *Underwriting Conflicts* (NI 33-105), the underwriters are not required to comply with the disclosure requirements of NI 33-105 regarding underwriter conflicts of interest in connection with this offering.

Other Relationships

In the ordinary course of their business, the underwriters and their respective affiliates have engaged in, and may in the future engage in, commercial banking and investment banking transactions with us for which they have received or will receive customary fees and expense reimbursements.

Affiliates of certain of the underwriters are lenders under our 2013 Revolving Facility. Since we intend to use a portion of the net proceeds from this offering to repay all or a portion of amounts outstanding under our 2013 Revolving Facility, these lenders will receive a portion of the net proceeds from this offering through the repayment of such borrowings. The aggregate amount received by the underwriters and their affiliates, as applicable, from the repayment of those borrowings may exceed 5% of the proceeds of this offering (not including the underwriting discount). Nonetheless, in accordance with Rule 5121 of the Financial Industry Regulatory Authority Inc., or FINRA, the appointment of a qualified independent underwriter is not necessary in connection with this offering because REITs are excluded from that requirement. Stifel, Nicolaus & Company, Incorporated may pay an unaffiliated entity or its affiliate, who is also a lender under our 2013 Revolving Facility, a fee in connection with this offering.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. Certain of the underwriters

or their affiliates that have a lending relationship with us routinely hedge their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit

default swaps or the creation of short positions in our securities. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions to such securities and instrument.

SUMMARY

The Company

We are a Pennsylvania business trust founded in 1960 and one of the first equity real estate investment trusts (REITs) in the United States, and we have a primary investment focus on retail shopping malls located in the eastern half of the United States, primarily in the Mid-Atlantic region.

We currently own interests in 42 retail properties, of which 38 are operating properties and four are development properties. The 38 operating properties include 32 shopping malls and six other retail properties, have a total of 28.4 million square feet and operate in 11 states. We and partnerships in which we own an interest own 21.6 million square feet at these properties (excluding space owned by anchors).

There are 31 operating retail properties in our portfolio that we consolidate for financial reporting purposes. These consolidated properties have a total of 23.1 million square feet, of which we own 17.8 million square feet. The seven operating retail properties that are owned by unconsolidated partnerships with third parties have a total of 5.3 million square feet, of which 3.8 million square feet are owned by such partnerships.

The development portion of our portfolio contains four properties in three states, with two classified as mixed use (a combination of retail and other uses), one classified as retail (outlet) and one classified as other.

We are a fully integrated, self-managed and self-administered REIT that has elected to be treated as a REIT for federal income tax purposes. In general, we are required each year to distribute to our shareholders at least 90% of our net taxable income and to meet certain other requirements in order to maintain the favorable tax treatment associated with qualifying as a REIT.

We hold our interests in our portfolio of properties primarily through our operating partnership, PREIT Associates, L.P. (PREIT Associates). We are the sole general partner of PREIT Associates and, as of September 30, 2014, held a 97.0% controlling interest in PREIT Associates. We consolidate PREIT Associates for financial reporting purposes. We own our interests in our properties through various ownership structures, including partnerships and tenancy in common arrangements. PREIT owns interests in some of these properties directly and has pledged the entire economic benefit of such ownership to PREIT Associates.

We provide management, leasing and real estate development services through PREIT Services, LLC (PREIT Services), which generally develops and manages properties that we consolidate for financial reporting purposes, and PREIT-RUBIN, Inc. (PRI), which generally develops and manages properties that we do not consolidate for financial reporting purposes, including properties we own interests in through partnerships with third parties and properties that are owned by third parties in which we do not have an interest. PRI is a taxable REIT subsidiary, as defined by federal tax laws, which means that it is able to offer additional services to tenants without jeopardizing our continuing qualification as a REIT under federal tax law.

Our primary objective is to maximize the long-term value of the Company for our shareholders. To that end, our business goals are to obtain the highest possible rental income, tenant sales and occupancy at our properties in order to maximize our cash flows, funds from operations, funds available for distribution to shareholders, and other operating measures and results, and ultimately to maximize the values of our properties.

Our principal corporate offices are located at The Bellevue, 200 South Broad Street, Philadelphia, Pennsylvania 19102-3803, and our telephone number is (215) 875-0700. We maintain a web site that contains information about us

at www.preit.com. The information included on the web site is not, and should not be considered to be, a part of this prospectus.

RISK FACTORS

*Investment in the securities offered pursuant to this prospectus involves risks. You should carefully consider the risk factors incorporated into this prospectus by reference to our most recent Annual Report on Form 10-K and Quarterly Reports on Form 10-Q and the other information contained in this prospectus, as updated by our subsequent filings under the Securities Exchange Act of 1934, as amended, or the Exchange Act, and the risk factors and other information contained in any applicable prospectus supplement, before acquiring any of such securities. Please also refer to the section below entitled *Forward-Looking Statements*.*

FORWARD LOOKING STATEMENTS

This prospectus and the information incorporated by reference herein contain certain forward-looking statements within the meaning of the federal securities laws. Such statements are based on assumptions and expectations that may not be realized and are inherently subject to risks, uncertainties and other factors, many of which cannot be predicted with accuracy and some of which might not even be anticipated. When used, the words anticipate, believe, estimate, expect, intend, may, might, plan, project, result, should, will and similar expressions that do not relate to historical matters are intended to identify forward-looking statements. Future events and actual results, performance, transactions or achievements, financial and otherwise, may differ materially from the results, performance, transactions or achievements expressed or implied by the forward-looking statements. Risks, uncertainties and other factors that might cause such differences, some of which could be material, include, but are not limited to:

constraining leverage, unencumbered debt yield, interest and tangible net worth covenants under our 2013 Revolving Facility, our 2014 Term Loans and the Letter of Credit;

the effects of online shopping and other uses of technology on our retail tenants;

general economic, financial and political conditions, including credit and capital market conditions, changes in interest rates or unemployment;

risks relating to development and redevelopment activities;

our ability to sell properties that we seek to dispose of or our ability to obtain estimated sale prices;

our ability to maintain and increase property occupancy, sales and rental rates, in light of the relatively high number of leases that have expired or are expiring in the next two years;

acts of violence at malls, including our properties, or at other similar spaces, and the potential effect on traffic and sales;

increases in operating costs that cannot be passed on to tenants;

concentration of our properties in the Mid-Atlantic region;

changes in local market conditions, such as the supply of or demand for retail space, or other competitive factors; and

potential dilution from any capital raising transactions or other equity issuances.

While forward-looking statements reflect our good faith beliefs, they are not guarantees of future performance. We do not intend to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. For a further discussion of these and other factors that could impact our future results, performance or transactions, see the section above entitled Risk Factors, including the risks incorporated therein from our most recent Annual Report on Form 10-K and Quarterly Reports on Form 10-Q, as updated by our future filings, including any applicable prospectus supplement.

Our ratio of earnings to fixed charges for the fiscal years ended December 31, 2013, 2012, 2011, 2010 and for the nine-month period ended September 30, 2014 was as follows:

	Nine months ended September 30, 2014	Year ended December 31, 2013	Year ended December 31, 2012	Year ended December 31, 2011	Year ended December 31, 2010	Year ended December 31, 2009
Ratio of Earnings to Fixed Charges	0.49	0.80	0.69	0.50	0.50	0.69

Fixed charges are comprised of (a) interest, whether expensed or capitalized, (b) amortization of premiums, discounts and capitalized expenses related to our indebtedness, and (c) the estimated interest component of rental expense.

Springfield Town Center

On March 2, 2014, we entered into a Contribution Agreement (the "Contribution Agreement") relating to the acquisition of Springfield Town Center in Springfield, Virginia (the "Property") for total consideration of \$465.0 million. The total consideration is expected to be funded using \$125.0 million of common and preferred Operating Partnership units, with the remaining balance to be paid in cash. We expect to provide the remaining cash balance by borrowing from the amounts available under our existing credit agreements. The closing is subject to the substantial completion of the redevelopment of the Property in accordance with plans and specifications for such redevelopment, as well as certain other customary closing conditions.

Pursuant to the Contribution Agreement, closing will occur after all of the conditions to closing have been satisfied or waived, on the date that is the earlier of (i) fifteen days after the later of the date on which Regal Cinemas, Dick's Sporting Goods and at least seventy-five percent (75%) of the aggregate square footage of the in-line space of the Property are
