PART III NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

AVEO Pharmaceuticals, Inc. (the "Company") has determined that it is unable to file its Annual Report on Form 10-K for the year ended December 31, 2016 (the "2016 10-K") within the prescribed time period without unreasonable effort or expense because it has not been able to reconcile a United Kingdom, or U.K., bank account held by its U.K. subsidiary and complete its assessment of the effectiveness of its internal control over financial reporting as of December 31, 2016.

In connection with the audit of the Company's consolidated financial statements for the year ended December 31, 2016, the Company identified a material weakness in its internal control over financial reporting. This material weakness related to the Company's failure during 2016 to regularly reconcile the U.K. bank account held by the Company's U.K. subsidiary, Aveo Pharma Limited, that was established to support prior European operations that existed in 2012-2013 and had not yet been repatriated. As a result, the Company's internal controls did not detect on a timely basis that, in October 2016, the bank closed this account due to inactivity. Based on information provided by the bank, the Company believes that funds in the U.K. account at the time the account was closed represented approximately 3% of its total cash, cash equivalents and marketable securities as of December 31, 2016. The Company has requested that the bank remit the funds remaining in the U.K. account at the time it was closed to the Company's U.S. bank account, and a representative of the U.K. bank has indicated that the bank intends to remit the funds. Until the Company receives the remaining funds and is able to reconcile the account, the Company cannot complete the preparation of its consolidated financial statements for the year ended December 31, 2016 and the Company cannot complete its assessment of the effectiveness of its internal control over financial reporting as of

December 31, 2016.

The Company is diligently pursuing the remittance of the funds and the completion of both the preparation of the consolidated financial statements for the year ended December 31, 2016 and the assessment of the effectiveness of its internal control over financial reporting. The Company intends to file the 2016 10-K as soon as reasonably practicable and, in accordance with Rule 12b-25(b) promulgated under the Securities Exchange Act of 1934, as amended, no later than the fifteenth calendar day following the prescribed due date.

Based on preliminary figures, the Company expects to report a net loss of approximately \$26.9 million, or a loss of \$0.39 per basic and diluted share, for the year ended December 31, 2016 compared with a net loss of \$15.0 million, or a loss of \$0.27 per basic and diluted share, for the year ended December 31, 2015. Although management does not anticipate any adjustments, these amounts do not give any consideration to any adjustments that may result from the completion of the account reconciliation described herein.
