Item 1.01 Entry into a Material Definitive Agreement.

On September 21, 2017, MGM Growth Properties Operating Partnership LP (the **Issuer**) and MGP Finance Co-Issuer, Inc. (the **Co-Issuer** and together with the Issuer, the **Issuers**), indirect subsidiaries of MGM Resorts International, a Delaware corporation (the **Company**), issued \$350 million in aggregate principal amount of their 4.500% senior unsecured notes due 2028 (the **notes**) under an indenture dated as of September 21, 2017 (the **Indenture**), among the Issuers, the subsidiary guarantors party thereto and U.S. Bank National Association, as trustee. The notes were sold in the United States only to accredited investors pursuant to an exemption from the Securities Act of 1933, as amended (the **Securities Act**), and subsequently resold to qualified institutional buyers pursuant to Rule 144A under the Securities Act and to non-U.S. persons in accordance with Regulation S under the Securities Act.

The Issuers intend to use the net proceeds of the offering, or approximately \$345.5 million (after giving effect to discounts, commissions and offering expenses), to pay the Company a portion of the \$1,187.5 million purchase price for the long-term leasehold interest and real property improvements related to the MGM National Harbor casino resort (the **MGM National Harbor Transaction**), including to refinance indebtedness expected to be assumed by a subsidiary of the Company in connection with the transaction. The MGM National Harbor Transaction is expected to close in the fourth quarter of 2017, subject to regulatory approvals and other customary closing conditions. Any remaining proceeds will be used for general corporate purposes.

The offering of the notes was not conditioned upon the successful completion of the MGM National Harbor Transaction. If the MGM National Harbor Transaction does not occur for any reason, the Issuers intend to use the net proceeds of the offering for working capital and general corporate purposes, which may include acquisitions, the repayment of indebtedness and other general business purposes.

The notes will mature on January 15, 2028. The Company will pay interest on the notes on January 15 and July 15 of each year, commencing on January 15, 2018. Interest on the notes will accrue at a rate of 4.500% per annum and be payable in cash.

The notes will be fully and unconditionally guaranteed, jointly and severally, by each of the Issuer's direct and indirect wholly owned material domestic subsidiaries, excluding the Co-Issuer, that guarantees the Issuer's senior credit agreement or any other material capital markets indebtedness. The notes will not be guaranteed by or be the obligations of the Company, MGM Growth Properties LLC, MGM Growth Properties OP GP LLC, or the Company's other subsidiaries.

The Issuers may redeem all or part of the notes at a redemption price equal to 100% of the principal amount of the notes plus, to the extent the Issuers are redeeming notes prior to the date that is three months prior to their maturity date, an applicable make whole premium, plus, in each case, accrued and unpaid interest.

The Indenture contains customary covenants that will limit the Issuers' ability and, in certain instances, the ability of the Issuers' subsidiaries, to borrow money, create liens on assets, make distributions and pay dividends on or redeem or repurchase stock, make certain types of investments, sell stock in certain subsidiaries, enter into agreements that restrict dividends or other payments from subsidiaries, enter into transactions with affiliates, issue guarantees of debt, and sell assets or merge with other companies. These limitations are subject to a number of important exceptions and qualifications set forth in the Indenture. A copy of the Indenture is incorporated by reference hereto as Exhibit 4.1.

Events of default under the Indenture include, among others, the following with respect to the notes: default for 30 days in the payment when due of interest on the notes; default in payment when due of the principal of, or premium, if any, on the notes; failure to comply with certain covenants in the Indenture for 60 days after the receipt of notice from the trustee or holders of 25% in aggregate principal amount of the notes of such series; acceleration or payment default of debt of the Issuers or a significant subsidiary thereof in excess of a specified amount that remains uncured for 30 days; certain events of bankruptcy or insolvency; and the master lease or the guaranty related thereto

terminating or ceasing to be effective in certain circumstances. In the case of an event of default arising from certain events of bankruptcy or insolvency with respect to the Issuers, all notes then outstanding will become due and payable immediately without further action or notice. If any other event of default occurs with respect to the notes, the trustee or holders of 25% in aggregate principal amount of the notes may declare all the notes to be due and payable immediately.

The description set forth above is qualified in its entirety by reference to the full text of the Indenture incorporated by reference hereto as Exhibit 4.1. This Current Report on Form 8-K does not constitute an offer to sell or the solicitation of an offer to buy the notes.
