**Item 7.01. Regulation FD Disclosure**

Due to the organizational changes announced in November 2017, effective for the quarter ended March 31, 2018, Teva Pharmaceutical Industries Limited's (Teva's) financial results are being reported under new segments. Teva's new reportable segments are:

- a) *North America segment*, which includes the United States and Canada.
  
- b) *Europe segment*, which includes the European Union and certain other European countries.
  
- c) *Growth Markets segment*, which includes all countries other than those in our North American and European segments.

In addition to these three segments, Teva has other activities, primarily its active pharmaceutical ingredient manufacturing business and certain contract manufacturing services.

Segment profit is comprised of gross profit for the segment, less Research and Development, Selling and Marketing and General and Administrative expenses and other income related to each segment. Segment profit does not include amortization and certain other items.

In addition to the new segment reporting, certain comparative figures in 2017 have been reclassified to conform to the current first quarter 2018 presentation.

As a convenience to investors who may want to consider the effects of the above in advance of first quarter earnings, Teva is making available the recasting of summary historical results for the years ended December 31, 2017 and 2016 and for each quarter of 2017 on a segment basis and on a consolidated basis, which are provided as Exhibits 99.1 and 99.2 hereto, respectively. Beginning with the quarter ended March 31, 2018, Teva's financial statements will reflect the new reporting structure with prior periods adjusted accordingly.
