**Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.**

On December 14, 2018, the Compensation Committee (the Committee) of the Board of Directors of Career Education Corporation (the Company) granted performance-based restricted stock units (RSUs) under the Career Education Corporation 2016 Incentive Compensation Plan (the 2016 Plan) to certain eligible employees, including executive officers of the Company. These awards, referred to as Ownership Equity Awards (OEA), are designed to continue to foster an ownership culture at the Company while focusing on achieving the Company's financial goals, delivering on its strategic objective to support student retention and academic outcomes and retaining talent to increase long-term stockholder value. The Committee determined that this is an appropriate time to make these awards to drive continued progress on the Company's objective of sustainable and responsible growth given that the Company will have completed the teach-out of all of the campuses in its All Other Campuses segment by the end of 2018.

Awards to the Company's named executive officers (as such term is defined in Item 402(a)(3) of Regulation S-K) were as follows:

Named Executive Officer	2018 OEA Performance- Based RSUs Awarded (#)
Todd S. Nelson	161,292
Ashish R. Ghia	99,400
Jeffrey D. Ayers	82,521
Andrew H. Hurst	82,521
John R. Kline	82,521

The amount and terms of each award was determined by the Committee and are set forth in an individual's award agreement on the form of performance-based stock-settled RSU award agreement previously filed as Exhibit 10.4 to the Company's Form 8-K filed on May 27, 2016. Each 2018 OEA RSU constitutes a right to receive one share of the Company's common stock on December 14, 2021 depending on achievement of the performance conditions and subject to continued employment on that date.

The 2018 OEA grants (other than those made to Messrs. Nelson and Ghia, the Company's Chief Executive Officer and Chief Financial Officer, respectively) are eligible to vest 85% subject to the achievement of a rigorous two-year adjusted EBITDA performance goal for 2019-20, and 15% subject to the achievement of a new student retention performance measure which requires improved new student retention at both of the Company's Universities in 2020 as compared to 2018. In addition, vesting of both performance components will depend on achievement of a minimum threshold level of adjusted EBITDA performance for the nine months ended September 30, 2021.

The 2018 OEA grants to Messrs. Nelson and Ghia are the same as those made to other participants, except that 70% is subject to the rigorous two-year adjusted EBITDA performance goal for 2019-20 (rather than the 85% for other participants). The vesting of the remaining 15% of the awards to Messrs. Nelson and Ghia are eligible to vest based upon whether the 75-day average closing price of the Company's common stock achieves certain rigorous thresholds during the term of the award.

If a participant's employment is terminated because of death or disability, then the unvested portion of the 2018 OEA RSUs will immediately vest as of the participant's termination date. If a participant's employment is terminated for any other reason, then any unvested 2018 OEA RSUs will automatically terminate and be forfeited. Upon a change of

control of the Company, the participant will have such rights with respect to the 2018 OEA RSUs as are provided for in the 2016 Plan.
