Item 2.02 Results of Operations and Financial Condition.

On February 28, 2019, Capital Senior Living Corporation (the Company) announced its financial results for the fourth quarter and fiscal year ended December 31, 2018, by issuing a press release. The full text of the press release issued in connection with the announcement is attached hereto as Exhibit 99.1.

The information being furnished under Item 2.02 and Exhibit 99.1 shall not be deemed filed for purposes of the Securities Exchange Act of 1934, as amended (the Exchange Act), or incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as may be expressly set forth by specific reference in such a filing. The press release contains, and may implicate, forward-looking statements regarding the Company and includes cautionary statements identifying important factors that could cause actual results to differ materially from those anticipated.

In the press release, the Company's management utilizes Adjusted EBITDAR as a financial valuation measure and Adjusted Net Income (Loss) and Adjusted CFFO as financial performance measures that are not calculated in accordance with U.S. generally accepted accounting principles (GAAP). Non-GAAP financial measures may have material limitations in that they do not reflect all of the costs associated with the Company's results of operations as determined in accordance with GAAP. As a result, these non-GAAP financial measures should not be considered a substitute for, nor superior to, financial results and measures determined or calculated in accordance with GAAP. Adjusted EBITDAR is a valuation measure commonly used by the Company's management, research analysts and investors to value companies in the senior living industry. Because Adjusted EBITDAR excludes interest expense and rent expense, it allows the Company's management, research analysts and investors to compare the enterprise values of different companies without regard to differences in capital structures and leasing arrangements. The Company believes that Adjusted Net Income (Loss) and Adjusted CFFO are useful as performance measures in identifying trends in day-to-day operations because they exclude the costs associated with acquisitions and conversions and other items that do not ordinarily reflect the ongoing operating results of the Company's primary business. Adjusted Net Income (Loss) and Adjusted CFFO provide indicators to management of progress in achieving both consolidated and individual business unit operating performance and are used by research analysts and investors to evaluate the performance of companies in the senior living industry. The Company strongly urges investors to review on the last page of the press release the reconciliation of net loss to Adjusted EBITDAR and the reconciliation of net income (loss) to Adjusted Net Income (Loss) and Adjusted CFFO, along with the Company's consolidated balance sheets, statements of operations, and statements of cash flows.

Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On February 28, 2019, the Company announced that its Chief Operating Officer, Brett D. Lee, is no longer with the Company, effective immediately.

Item 8.01 Other Events.

The 2019 annual meeting of stockholders of the Company (the Annual Meeting) has been scheduled for May 14, 2019. The record date for the Annual Meeting has been set as the close of business on March 27, 2019.

The Company will be filing a proxy statement and other documents regarding the Annual Meeting with the Securities and Exchange Commission (the SEC). The Company's stockholders are urged to read the proxy statement and other relevant materials when they become available, because they will contain important information about the Company, the Annual Meeting and related matters.
