Corporate Governance Summary

We are committed to good corporate governance, which promotes the long-term interests of our stockholders, strengthens accountability for our Board of Directors and management, and helps build public trust in us. Highlights of our corporate governance policies and practices include:

All independent directors, except for our Chief Executive Officer;

Independent presiding Chairman of the Board of Directors;

Standing committees consist entirely of independent directors;

Risk oversight by our Board of Directors and our standing committees;

Regular executive sessions of independent directors;

Executive compensation driven by pay-for-performance philosophy;

Majority voting for uncontested director elections;

Limits on directors' service on other public company boards and audit committees;

Incentive compensation recoupment (clawback) policy applicable to any equity awards issued under our compensation plans;

Director and executive stock ownership guidelines;

Engagement of compensation consultant, Willis Towers Watson, to support our efforts of further aligning executive compensation with our stockholders' interests; and

Beginning at the 2021 annual meeting of stockholders, annual election of all directors of the Company if the proposed amendment to declassify the Board of Directors (Proposal II) is approved.

PROXY STATEMENT
FOR
2019 ANNUAL MEETING OF STOCKHOLDERS
NN, INC.
6210 Ardrey Kell Road
Charlotte, North Carolina 28277

Proxies are being solicited by the Board of Directors of NN, Inc., or the Board, in connection with the 2019 Annual Meeting of Stockholders of NN, Inc., or the Annual Meeting. Your vote is very important. For this reason, our Board is requesting that you allow your shares to be represented at the Annual Meeting by the proxies named on the enclosed proxy card. In connection with our solicitation of proxies, we are mailing this proxy statement for the Annual Meeting, or this Proxy Statement, the enclosed proxy card and our 2018 Annual Report on Form 10-K to all stockholders beginning on or about April , 2019.

In this Proxy Statement, terms such as NN, the Company, we, us and our refer to NN, Inc. The mailing address executive office is 6210 Ardrey Kell Road, Charlotte, North Carolina 28277. Our website is www.nninc.com. Information from our website is not incorporated by reference into any portion of this Proxy Statement.

Annual Meeting Date, Time and Location

The Annual Meeting will be held on Thursday, May 16, 2019, at 10:00 a.m., local time, at the Hilton Garden Inn Charlotte Waverly, 7415 Waverly Walk Avenue, Charlotte, North Carolina 28227.

Record Date

Stockholders of record of our common stock, par value \$0.01 per share, or the common stock, as of the close of business on March 19, 2019, or the Record Date, will be entitled to vote at the Annual Meeting. On the Record Date, 42,366,961 shares of common stock were issued and outstanding.

Voting

Each share of common stock outstanding on the Record Date is entitled to one vote on each matter submitted to a vote at the Annual Meeting. We encourage you to vote by proxy, even if you plan to attend the Annual Meeting. Your vote is important. You can vote your shares using one of the following methods and by following the instructions that are printed on your proxy card:

Completing and mailing the enclosed proxy card;

By telephone at (800) 690-6903;

By Internet at www.proxyvote.com; and

In person at the Annual Meeting.

Voting for Stockholders of Record

If on the Record Date your shares were registered directly in your name with our transfer agent, then you are a stockholder of record. As a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy. Whether you plan to attend the Annual Meeting, we urge you to fill out and return the enclosed proxy card, or vote by proxy over the telephone or on the Internet as instructed below, to ensure your vote is counted.

If you vote by proxy and your proxy card is incomplete, or if you do not provide instructions with respect to any of the proposals, the appointed proxy will vote FOR Proposal I (*Election of Directors*), Proposal II (*Amendment to Certificate of Incorporation to Declassify the Board*), Proposal III (*Amendment to Certificate of Incorporation to Increase the Number of Authorized Shares of Common Stock from 45,000,000 to 90,000,000*), Proposal IV (*Approval of the 2019 Omnibus Incentive Plan*), Proposal V (*Advisory (Non-Binding) Vote to Approve the Compensation of our Named Executive Officers*), Proposal VI (*Ratification of Selection of our Registered Independent Public Accounting Firm*), and pursuant to the appointed proxy's discretion for any other business properly brought before the Annual Meeting. If your proxy card is unclear as to how you intended to vote (e.g., multiple selections are made for one proposal), your proxy will be voted pursuant to the discretion of the appointed proxy.

Voting for Beneficial Owners

If on the Record Date your shares were held in an account at a brokerage firm, bank, dealer or similar organization, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The organization maintaining your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker or other agent on how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy from your broker or other agent. If you plan to attend the Annual Meeting, you will need to bring a valid proxy from the organization maintaining your account to vote your shares at the Annual Meeting.

If you hold your shares in street name, and do not provide instructions, your shares may constitute broker non-votes on certain proposals. Generally, broker non-votes occur on a non-routine proposal where a broker is not permitted to vote on that proposal without instructions from the beneficial owner. Broker non-votes are counted as present for purposes of determining whether there is a quorum, but are not counted for purposes of determining whether a matter has been approved. If you properly submit a proxy card to the organization maintaining your account, but do not provide voting instructions, that organization will be able to vote your shares on Proposal III (*Amendment to Certificate of Incorporation to Increase the Number of Authorized Shares of Common Stock from 45,000,000 to 90,000,000*) and Proposal VI (*Ratification of Selection of our Registered Independent Public Accounting Firm*); however, that organization will not be permitted to vote your shares on Proposal I (*Election of Directors*), Proposal II (*Amendment to Certificate of Incorporation to Declassify the Board*), Proposal IV (*Approval of the 2019 Omnibus Incentive Plan*) or Proposal V (*Advisory (Non-Binding) Vote to Approve the Compensation of our Named Executive Officers*). As a result, if you do not provide voting instructions to the organization maintaining your account, your shares will have no effect on the outcome of the election of directors, the approval of the 2019 Omnibus Incentive Plan or the advisory vote to approve the compensation of our named executive officers and will have the effect of an AGAINST vote on the amendment to the Certificate of Incorporation to declassify the Board.

Quorum

A quorum must be present in order for business to be conducted at the Annual Meeting. A quorum consists of at least a majority of the outstanding shares of common stock on the Record Date. Shares represented at the Annual Meeting in person or by proxy will be counted in determining whether a quorum exists. If you abstain or withhold your vote, your shares will be treated as present and entitled to vote in determining the presence of a quorum. Broker non-votes will be counted as present at the Annual Meeting for quorum purposes, but not voted on non-routine proposals. Our Inspector of Elections will tabulate the votes and determine whether a quorum is present. On the Record Date, there were 42,366,961 shares of common stock outstanding and entitled to vote. Thus, 21,183,481 shares of common stock must be represented by stockholders present in person or by proxy at the Annual Meeting to have a quorum.

Election Process and Majority Voting Standard

Our bylaws provide that the number of directors will be determined by the Board, which has currently set the number at nine. However, as previously announced, William Dries will retire from the Board and has tendered his resignation to be effective immediately prior to the commencement of the Annual Meeting, and upon his retirement, the size of the Board will automatically be reduced from nine to eight directors. There are no limits on the number of terms a director may serve because we believe that term limits may cause the loss of experience and expertise important to the optimal operation of the Board. However, to ensure that the Board remains composed of high-functioning members able to keep their commitments to Board service, the Governance Committee evaluates the qualifications and performance of each incumbent director before recommending the nomination of that director for an additional term.

Our bylaws provide for a majority voting standard in uncontested elections. This means that in an election of directors where the number of nominees does not exceed the number of directors to be elected, each director must receive more votes cast FOR the nominee than votes cast AGAINST the nominee to be elected. If a director is not elected, he or she has agreed to submit a letter of resignation to the Board. The Governance Committee will make a recommendation to the Board on whether to accept or reject the resignation, or whether other action should be taken. The Board will act on the resignation taking into account the recommendation of the Governance Committee and publicly disclose its decision and its rationale within ninety days of the certification of the election results. A director who tenders his or her resignation will not participate in the decisions of the Governance Committee or the Board that concern the resignation.

Soliciting Proxies

The entire cost of this proxy solicitation is being paid by the Company. In addition to solicitation by mail, our officers and employees, without additional remuneration, may solicit proxies by telephone, facsimile transmission or personal contact. Brokerage firms, banks, dealers or other similar organizations will be requested to forward soliciting material to the beneficial owners of shares held by them of record and they will be reimbursed for any expenses that they incur.

Proxies

Shares represented by a properly executed proxy will be voted at the Annual Meeting in the manner specified. In the absence of specific instructions, shares represented by a properly executed proxy will be voted FOR each of the nominees named herein for election to the Board named in this Proxy Statement, FOR the amendment to Certificate of Incorporation to declassify the Board, FOR the amendment to Certificate of Incorporation to increase the number of authorized shares of common stock from 45,000,000 to 90,000,000, FOR the approval of the 2019 Omnibus Incentive Plan, FOR the advisory (non-binding) resolution to approve the compensation of our named executive officers, and FOR ratification of the selection of PricewaterhouseCoopers LLP to serve as our registered independent public accounting firm for 2019.

If you are an authorized officer, partner or other agent voting shares on behalf of a corporation, limited liability company, partnership or other legal entity owning common stock, you should sign the accompanying proxy card in the entity name and indicate your name and title. If you are an agent, attorney, guardian or trustee submitting a proxy card on behalf of a registered stockholder, you should also indicate your title with your signature. If you own common stock with multiple parties, each party should sign the proxy card. If common stock is registered in the name of a decedent and you are an executor, or an administrator of the decedent's estate, you should sign the accompanying proxy card, indicate your title following your signature, and attach legal instruments showing your qualification and authority to act in this capacity.

Revoking a Proxy

You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of three ways:

You may submit another properly completed proxy bearing a later date;

You may send a written notice that you are revoking your proxy to NN, Inc., 6210 Ardrey Kell Road, Charlotte, North Carolina 28277, Attention: Secretary; or

Edgar Filing: NN INC - Form PRE 14A

You may attend the Annual Meeting and notify the election officials that you wish to revoke your proxy and vote in person. Attending the Annual Meeting will not, by itself, revoke your proxy. If your shares are held by a brokerage firm, bank, dealer or similar organization, you should follow the instructions provided by that organization.

Other Matters

Our Board does not now intend to bring before the Annual Meeting any matters other than those disclosed in the Notice, and it is not aware of any business that any other persons intend to bring before the Annual Meeting. Should any such matter requiring a vote of the stockholders arise, the enclosed form of proxy confers upon the persons named therein the discretionary authority to vote the shares represented by the proxy as they deem appropriate.

Votes Required

Proposal I: Election of Directors. Directors are elected by a majority of the votes cast in person or by proxy. This means that the number of votes cast FOR the nominee must exceed the votes cast AGAINST the nominee. Abstentions and broker non-votes will not be taken into account in determining the outcome of the election. If a nominee fails to receive more FOR votes than votes cast AGAINST, and is an incumbent director, the nominee is required to tender his or her resignation to the Board for consideration.

Proposal II: Amendment to Certificate of Incorporation to Declassify the Board. To be approved, this matter must receive the affirmative vote of a majority of the outstanding shares entitled to vote on the matter. Abstentions and broker non-votes will have the effect of an AGAINST vote on this matter.

Proposal III: Amendment to Certificate of Incorporation to Increase the Number of Authorized Shares of Common Stock from 45,000,000 to 90,000,000. To be approved, this matter must receive the affirmative vote of a majority of the outstanding shares entitled to vote on the matter. Abstentions and broker non-votes will have the effect of an AGAINST vote on this matter.

Proposal IV: Approval of the 2019 Omnibus Incentive Plan. To be approved, this matter must receive the affirmative vote of the majority of shares present in person or by proxy and entitled to vote on the matter. Abstentions will have the effect of an AGAINST vote on this matter. A broker non-vote will have no impact on the vote for this proposal.

Proposal V: Advisory (Non-Binding) Vote to Approve the Compensation of our Named Executive Officers. To be approved, this matter must receive the affirmative vote of the majority of the shares present in person or by proxy and entitled to vote on the matter. Abstentions will have the effect of an AGAINST vote on this matter. A broker non-vote will have no impact on the vote for this proposal.

Proposal VI: Ratification of Selection of our Registered Independent Public Accounting Firm. To be approved, this matter must receive the affirmative vote of the majority of the shares present in person or by proxy and entitled to vote on the matter. Abstentions will have the effect of an AGAINST vote on this matter. There will not be a broker non-vote with regard to this proposal.

Submission of Stockholder Proposals

Any stockholder proposal intended to be presented at next year's annual meeting of stockholders, including stockholder nominations for directors, must be received by us at our executive offices not later than December 31, 2019 in order to be considered for inclusion in our proxy statement and form of proxy for next year's annual meeting of stockholders. Any stockholder submitting a proposal with regard to a nominee for election to the Board must also provide the information specified in our bylaws, including the following:

the stockholder's name and address and, if the stockholder holds for the benefit of another, the name and address of the beneficial owner;

the number of NN shares owned;

the number of NN derivative securities owned;

whether the stockholder holds any proxy or other right to vote on behalf of another;

any short interest in any NN security;

any rights to dividends on NN shares that are separated or separable from the underlying NN shares;

any proportionate interest in any NN securities held by a general or limited partnership or limited liability company, or similar entity where the stockholder owns some or all of such entity;

any performance-related fees to which the stockholder is entitled, based on the increase or decrease of the value of NN's securities;

any arrangements, rights or interests in any of the foregoing held by members of the stockholder's immediate family sharing the same household;

any information relating to the stockholder that would be required to be disclosed in the proxy statement or other filings required to be made in connection with solicitations of proxies for the proposal; and

any other information reasonably requested by NN.

Pursuant to our bylaws, proposals of stockholders not intended for inclusion in the proxy statement for the 2020 Annual Meeting of Stockholders must be received by us in writing not less than 90 days and not more than 120 days prior to May 16, 2020 to be considered timely. We also advise you to review our bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations, including the different notice submission date requirements in the event we do not hold our 2020 Annual Meeting of Stockholders on or between April 16, 2020 and July 15, 2020. All stockholder proposals should be sent to NN, Inc., Attention: Secretary, 6210 Ardrey Kell Road, Charlotte, North Carolina 28277.

Householding

The SEC's rules regarding the delivery of proxy materials to stockholders permit us to deliver a single copy of these documents to an address shared by two or more of our stockholders. This method of delivery is called "householding," and can significantly reduce our printing and mailing costs. It also reduces the volume of mail you receive. This year, we are delivering only one set of proxy materials to multiple stockholders sharing an address, unless we receive instructions to the contrary from one or more of the stockholders at the same mailing address. We will still be required, however, to send you and each other stockholder at your address an individual proxy voting card.

If you would like to receive more than one set of proxy materials, we will promptly send you additional copies upon written or oral request directed to our Secretary at 6210 Ardrey Kell Road, Charlotte, North Carolina 28277 or (980) 264-4300. The same address and phone number may be used to notify us that you wish to receive a separate set of proxy materials in the future, or to request delivery of a single copy of our proxy materials if you are receiving multiple copies.

Results of the 2019 Annual Meeting

Preliminary voting results will be announced at the Annual Meeting. Final results will be disclosed in a Current Report on Form 8-K, which can be found on the "Investor Relations" page of our website, www.nninc.com, following the report's filing the SEC within four business days of the Annual Meeting.

PROPOSAL I: ELECTION OF DIRECTORS

The Company's Restated Certificate of Incorporation, or the Certificate of Incorporation, currently provides for the division of the Board into three classes: Class I, Class II and Class III. Only one class of directors is elected at each annual meeting. The Class III directors elected at the Annual Meeting will be elected to serve for a term of one year if the proposed amendment to the Certificate of Incorporation to declassify the Board (Proposal II) is approved, or for a term of three year if the proposed amendment is not approved, and in either case until his or her successor is elected and qualified, subject to such director's earlier death, resignation or removal.

Two Class III directors will be elected to the Board at the Annual Meeting. The Board has nominated for election David K. Floyd and Janice E. Stipp, each a current director of the Company. Additional information about each of these nominees and our other directors can be found under "Information about the Directors and Director Nominees" below. The nominees have indicated a willingness to serve as directors if elected, but if any of them should decline or be unable to serve, the persons named as proxies intend to vote all shares in favor of the election of such other persons who may be nominated as replacements by the Board. There are no family relationships among any director, executive officer or person nominated or chosen to be a director or executive officer known to us.

THE BOARD RECOMMENDS A VOTE FOR THE ELECTION OF THE NOMINATED DIRECTORS.

Information about the Directors and the Director Nominees

Edgar Filing: NN INC - Form PRE 14A

The following table sets forth the names of each current director (including the nominees for election), their age, their years of service as a director, the year in which their current or proposed term expires, and their current positions with the Company. The table is followed by a more detailed biographical description for each director or nominee.

- (1) As previously announced, Mr. Dries will retire from the Board and has tendered his resignation to be effective immediately prior to the commencement of the Annual Meeting.
- (2) As previously announced, Ms. Stipp was appointed by the Board to serve as a Class III director until the Annual Meeting upon expansion of the size of the Board from seven to nine members, effective as of February 25, 2019.
- (3) As previously announced, Ms. Harman was appointed by the Board to serve as a Class I director until the 2020 annual meeting of stockholders upon expansion of the size of the Board from seven to nine members, effective as of February 25, 2019.

William Dries has been a member of the Board since 2014. Mr. Dries previously served as Senior Vice President and Chief Financial Officer of EnPro Industries, Inc., a publicly held engineered industrial products manufacturer, prior to his retirement in 2011. Before assuming his role at EnPro in June 2002, Mr. Dries was affiliated with EnPro and Goodrich Corporation, the former parent company of EnPro, from September 2001. From 1985 until 2001, Mr. Dries was employed by United Dominion Industries Limited, a machine and instrument manufacturer, where he was Senior Vice President and Chief Financial Officer, having previously served as Manager of Accounting and Senior Vice President of Finance and Controller. Mr. Dries was an audit principal for Ernst & Young in New York for eleven years before joining United Dominion. Mr. Dries is a director of TransDigm Group, Inc., a producer of aircraft components. Mr. Dries brings to the Board financial acumen and extensive experience working with public companies in the precision manufacturing and industrial sectors.

David K. Floyd has been a member of the Board since 2016. Since 2012, Mr. Floyd has served as a Group President of Stryker Corporation, a leading global medical technology company. From 2007 to 2011, Mr. Floyd served as the U.S. President, and then Worldwide President, of Johnson & Johnson's DePuy Orthopaedics. From 2005 to 2007, Mr. Floyd served as the General Manager, and then President, of the Spine Division of Abbott Laboratories. From 2004 to 2005, Mr. Floyd served as the President and Chief Executive Officer of AxioMed Spine Corporation, a medical device manufacturer. From 2000 to 2003, Mr. Floyd was the Vice President, U.S. Market, and then President, of Centerpulse Orthopedics Inc., a medical device manufacturer. Prior to that, Mr. Floyd held various leadership positions in sales, marketing and operations with OrthoLogic Corporation, Sulzer Orthopedics, Inc. and Zimmer, Inc., and has worked in the medical technology industry for over 28 years. Mr. Floyd was also a director of OrthoWorx, a business league founded to support the orthopedic industry, and served as its first Chief Executive Officer from 2011 to 2012. Mr. Floyd brings to the Board broad knowledge of the medical device industry, substantial executive leadership experience and extensive experience with strategy development, commercial operations, and mergers and acquisitions.

Janice E. Stipp has been a member of the Board since February 2019. Janice E. Stipp retired as Senior Vice President, CFO & Treasurer at Rogers Corporation, a leader in specialty engineered materials that enable high performance and high reliability in EV/HEV, wireless infrastructure, automotive safety and portable electronics. She is on the board of ArcBest Corp., Commercial Vehicle Group, Inc and Michigan State University Foundation. Previously, she also served on the board of PlyGem Industries, Inc. until the company was taken private in 2018. She

also is a Member of the Michigan Association of Certified Public Accountants and Member of The American Institute of Certified Public Accountants. Over the course of her career Ms. Stipp held the positions of CFO, Treasurer, Principal Accounting Officer & SVP at Rogers Corp., CFO, Secretary, Treasurer & Executive VP at Tecumseh Products Co. Compensation of Directors

In 2018, directors who are not employees of the Company are paid an annual retainer of \$170,000, consisting of \$70,000 of cash and \$100,000 of shares of restricted stock, which vests one year from the date of grant. Our Non-Executive Chairman receives an additional retainer of \$50,000, each Chairman of the Audit Committee and the Compensation Committee receives an additional retainer of \$10,000 and the Chairman of the Governance Committee receives an additional retainer of \$6,000. Mr. Holder, our President and Chief Executive Officer, is our only director who is also an employee of the Company. Mr. Holder does not receive any compensation for his service as a director. Directors may elect to defer some or all of the compensation they receive. We reimburse all directors for out-of-pocket expenses incurred in attending Board and committee meetings. Director compensation is reviewed and approved by the Compensation Committee.

The table below provides information about the compensation our non-employee directors received during 2018.

Committees of the Board

Audit Committee. The Audit Committee consists of William Dries who serves as Chairman, Messrs. Pugh and Warshaw and Ms. Smith. All members of the Audit Committee are independent as defined by Nasdaq rules and Mr. Dries has been designated as the audit committee financial expert as defined by Item 407(d) of Regulation S-K. Among other matters described in its charter, the Audit Committee's primary duties and responsibilities are to:

oversee that management has maintained the reliability and integrity of our accounting policies, financial reporting and disclosure practices;

oversee that management has adequate resources and has established and maintains processes to assure that an adequate system of internal control is functioning within the Company, including the formation and oversight of the internal audit function;

oversee that management has established and maintains processes to assure compliance with all applicable laws, regulations and corporate policies including the Code of Business Conduct and Ethics;

engage our registered independent public accounting firm to conduct the annual audit of the books and accounts of the Company, including the preapproval of all associated fees;

preapprove all permissible non-audit related services provided by the independent auditor;

review the independence of the independent accounting firm;

oversee that management has designed, implemented and maintains processes to assess and manage enterprise and event risk;

review the effectiveness of our accounting and financial controls with our registered independent public accounting firm;

review and discuss with management and the independent auditor the results of our annual audit and our quarterly financial statements;

review and recommend to the Board that the financial statements be included in our Annual Report on Form 10-K and in our Quarterly Reports on Form 10-Q;

review and approve earnings press releases; and

establish a confidential, anonymous procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls and auditing matters.

The Audit Committee has a written charter, which can be found on our website at www.nninc.com. The Audit Committee met nine times in 2018.

Compensation Committee. The Compensation Committee consists of Steven T. Warshaw, who serves as Chairman, Messrs. Brunner, Dries and Floyd. All members of the Compensation Committee are independent as defined by Nasdaq rules. Among other matters described in its charter, the Compensation Committee's primary duties and

responsibilities are to:

annually review and approve corporate goals and objectives relative to the Chief Executive Officer evaluation, compensation and performance;

review and approve our executive compensation policies and practices;

supervise the administration of our employee benefit plans, including the 2016 Omnibus Incentive Plan;

retain and terminate any compensation consultant to be used to assist in the evaluation of director, CEO, or senior executive compensation;

review and approve annually for senior executives of the Company: (a) the annual base salary level; (b) the annual incentive opportunity level; (c) the long-term incentive opportunity level; (d) employment agreements, severance agreements, and change in control agreements/provisions; and (e) special or supplemental benefits;

review annually the risks that arise from our compensation policies and determine whether such risks are reasonably likely to have a material adverse effect; and

review and assess our senior management succession plan on an annual basis.

The Compensation Committee has a written charter, which can be found on our website at www.nninc.com. The functions of the Compensation Committee are discussed in further detail in the section entitled "Compensation Committee Report" herein. The Compensation Committee met five times in 2018.

Governance Committee. The Governance Committee consists of David K. Floyd, who serves as Chairman, Messrs. Brunner and Pugh and Ms. Smith. All members of the Governance Committee are independent as defined by Nasdaq rules. Among other matters as provided in its charter, the Governance Committee's primary duties and responsibilities are to:

review and recommend qualified candidates for membership on the Board;

establish procedures for the retirement or replacement of Board members;

establish a process and criteria for Board membership;

review a candidate's qualifications and any potential conflicts with our interests;

assess the contributions and qualifications of current Directors in connection with their re-nomination to the Board;

establish a process and criteria for Committee membership and each Committee's chair;

develop and maintain our Governance Principles;

oversee the process of providing information to the Board; and

provide oversight and review the Board performance on an annual basis.

In reviewing and recommending qualified candidates for membership on the Board, the Governance Committee seeks input from the Chairman, other Board members, and professional search firms, if applicable. The Governance Committee will also consider and evaluate any qualified candidates recommended by stockholders.

In accordance with the Board's governance principles, the Governance Committee seeks to establish a board of directors that will bring to the Company a broad and diverse range of experience, knowledge and professional judgment. The Governance Committee believes that the Board should have collective competency, knowledge and experience with respect to corporate governance, business, finance and accounting, economics, industry knowledge, manufacturing, technology, legal and government affairs, risk management, international operations and acquisitions among other things.

A candidate's competencies, experience and knowledge should enable him or her to contribute significantly to the governance of a complex, multi-national business enterprise. The candidate should be independent in judgment and not represent the interests of particular constituencies. The Governance Committee will review a candidate's qualifications and any potential conflicts they may have with the Company's interests.

In evaluating director nominees, including candidates submitted by stockholders, the Governance Committee will consider the candidate's experience, integrity, ability to make independent analytical inquiries, understanding of our business environment and willingness to devote adequate time to Board duties. Although diversity is a consideration in the Committee's consideration of candidates, we do not have a formal policy regarding diversity. We do not discriminate against candidates on the basis of gender, race, religion, national origin, sexual orientation, disability or any other basis as prescribed by law. The Governance Committee will also consider whether a candidate meets the definition of "independent director" under Nasdaq rules.

In evaluating director nominees, including candidates submitted by stockholders, the Governance Committee will consider a director candidate's experience, qualifications, attributes, and skills. The Governance Committee will also consider the candidate's integrity, ability to make independent analytical inquiries, understanding of our business environment and willingness to devote adequate time to board duties. The Governance Committee will also consider whether a candidate meets the definition of independent director under Nasdaq rules. The Governance Committee will evaluate any director candidate nominated by stockholders according to the foregoing criteria and, based on the results of that evaluation, will determine whether to include the candidate in its recommended slate of director nominees in the proxy statement. No stockholder or group of stockholders who beneficially owned more than 5% of NN's common stock for at least one year at the time of such recommendation has recommended candidates for election to the Board.

The Governance Committee has a written charter, which can be found on our website at www.nninc.com. The Governance Committee met four times in 2018.

The following table shows the current membership of each standing Committee of the Board:

Mr. Dries ⁽¹⁾	Chair	X	
Mr. Floyd		X	Chair
Ms. Harman			
Mr. Pugh	X		X
Ms. Smith	X		X
Ms. Stipp			
Mr. Warshaw	X	Chair	

(1) As previously announced, Mr. Dries will retire from the Board and has tendered his resignation to be effective immediately prior to the commencement of the Annual Meeting.

Board Leadership

The Board is responsible for overseeing that our business is managed to meet our strategic goals and objectives and that the long-term interests of stockholders are served. The Board's leadership structure includes very active and engaged independent directors. The Chairman of the Board approves the agenda for each Board meeting and presides over each executive session of independent directors held at each Board meeting. Each of the standing committees of the Board are chaired and comprised solely of independent Board members. During 2018, our independent, non-management directors regularly met without management present.

The positions of Chairman of the Board and Chief Executive Officer are held by two different individuals. The Board is led by Robert E. Brunner, the Chairman of the Board and an independent director. Mr. Brunner has served as our Chairman since 2017 and has performed the responsibilities prescribed to him by the Board and those detailed in the Principles of Corporate Governance, including establishing the agenda for and leading Board meetings, facilitating communications among Board members and communications between the Board and the Chief Executive Officer outside of Board meetings.

The Board has determined that the current separation of Chairman of the Board and Chief Executive Officer is the most appropriate structure at this time as it provides an effective balance between oversight of management and day-to-day leadership. Mr. Brunner, a long-time independent director, has extensive experience with technology, precision metal, plastic and bearing manufacturers and has deep knowledge about the Company, its operations and businesses, which has been advantageous in leading the Board in the performance of its duties, while allowing our Chief Executive Officer to execute our strategic plan and provide day-to-day leadership. The Board may, at a future date, combine the Chairman and Chief Executive Officer roles if the Board determines that such a leadership structure would be more beneficial.

Board Independence

Shares of our common stock are traded on the Nasdaq Global Select Market, and as such, we are subject to the corporate governance requirements set forth in the Nasdaq Marketplace Rules. Our Board undertook a review of the composition of our Board and its Committees and the independence of each director. Based upon information requested from and provided by each director and nominee to become director concerning his or her background, employment and affiliations, including family relationships, our Board has determined that none of our current

directors or nominees to become director, other than Mr. Holder, who is our Chief Executive Officer, has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors and nominees is independent as that term is defined under Rule 5605(a)(2) of the Nasdaq Marketplace Rules. In making each of these determinations, our Board considered the relationships that each such director and nominee has with us and all other facts and circumstances the Board deemed relevant in determining independence.

Board Oversight of Risk

The Board as a whole has responsibility for risk oversight. This oversight responsibility of the Board and its Committees is enabled by management reporting processes that are designed to provide maximum visibility to the Board of the identification and assessment of critical risks and management's risk mitigation strategies. The Chief Executive Officer, as well as various management personnel, regularly discuss material risks facing the Company with members of the Board.

The Board and its standing committees oversee risks associated with their respective principal areas of focus. The Board is responsible for strategic, financial and execution risks and exposures associated with the annual operating plan, the five-year strategic plan, acquisitions and divestitures, senior management succession planning and general risk oversight.

The Board has delegated certain risk management responsibility to its standing committees. The Audit Committee is responsible for risk and exposures associated with financial, accounting, legal and regulatory matters. The Audit Committee oversees that management has established a process to assure an adequate system of internal controls and maintains the reliability of our accounting policies and financial reporting and disclosures. The Governance Committee is responsible for the oversight of corporate governance, the selection of the candidates for the Board and the evaluation of Board members. The Compensation Committee is responsible for evaluating, approving and monitoring our executive compensation plans, policies and programs and to oversee other significant human resource issues. Additionally, the Compensation Committee is responsible for reviewing and overseeing the management of any risk related to our compensation plans, policies and programs. The Compensation Committee reviews such risks annually and in connection with discussions of various compensation developments and benefits throughout the year.

Attendance at Board and Committee Meetings

The Board met eight times in 2018. All then current directors attended at least 75% of the aggregate of the total number of meetings of the Board and the total number of meetings held by all committees of the Board on which they served. While we do not have a policy requiring attendance by directors at the Annual Meeting, all of our then current directors attended our annual meeting of stockholders in 2018.

Communicating with the Board

Stockholders and other interested parties may contact the Board, any of its standing committees, its independent directors, or any individual director by sending correspondence to NN, Inc., 6210 Ardrey Kell Road, Charlotte, North Carolina 28277, Attention: Secretary. Any mail received by the Secretary with the exception of improper commercial solicitations will be forwarded to the members of the Board for their further action, if necessary.

Code of Business Conduct and Ethics

Our Board has adopted a Code of Business Conduct and Ethics applicable to our executive officers, including our Chief Executive Officer and Chief Financial Officer, as well as our directors and employees. The Code of Business Conduct and Ethics is available in the About NN section of our website at www.nninc.com. We intend to post amendments to or waivers from our Code of Business Conduct and Ethics (to the extent applicable to our Chief Executive Officer, Principal Financial Officer or Principal Accounting Officer) at this location on our website.

Principles of Corporate Governance

The Board has adopted the Principles of Corporate Governance, which consist of a series of policies and principles that are adhered to when overseeing the corporate governance of the Company. The Principles of Corporate Governance are available in the Investor Relations section of our website at www.nninc.com.

- (8) Amount based on Schedule 13G filed on February 13, 2019 with the SEC by RE Advisors Corporation, or RE Advisors. The Schedule 13G states that RE Advisors and National Rural Electric Cooperative Association each has sole voting power with respect to 2,397,250 shares and sole dispositive power with respect to 2,397,250 shares. The principal business address of RE Advisors is 4301 Wilson Boulevard, Arlington, Virginia 22203.

Section 16(a) Beneficial Ownership Reporting Compliance

Under Section 16(a) of the Exchange Act, each of our directors and executive officers, and any beneficial owner of more than 10% of our common stock, is required to file with the SEC initial reports of beneficial ownership of the common stock and reports of changes in beneficial ownership of the common stock. These persons also are required by SEC regulations to furnish us with copies of all filed reports.

Based solely on its review of the copies of these reports furnished to us for the year ended December 31, 2018, we are not aware of any instance of noncompliance with Section 16(a) by its directors, executive officers or owners of more than 10% of the common stock.

PROPOSAL II: AMENDMENT TO CERTIFICATE OF INCORPORATION TO DECLASSIFY THE BOARD

Overview

On February 25, 2019, the Board unanimously adopted and approved an amendment to the Certificate of Incorporation to eliminate the classification of the Board over a two-year period so that beginning at the 2021 annual meeting of stockholders all directors will be elected for one-year terms, or the Declassification Amendment, subject to the approval of this proposal by the requisite vote of our stockholders at the Annual Meeting. The following discussion of the Declassification Amendment is qualified in its entirety by reference to the text of the Declassification Amendment set forth in the form of the Certificate of Amendment attached hereto as Appendix A, which is incorporated herein by reference.

Description of the Declassification Amendment

Section 3 of Article V of the Certificate of Incorporation currently provides that the Company's directors are divided into three classes, with the term of one class expiring each year and the directors in each class serving three-year terms. If the Declassification Amendment is approved and becomes effective, the Class III directors elected at the Annual Meeting will be elected to one-year terms. The Class I directors and Class II directors would continue to serve out the remaining portion of their three-year terms but, upon completion of such terms, would also be elected for one-year terms. As a result, beginning with the 2021 annual meeting of stockholders, the Board would be declassified, and all directors would be elected on an annual basis.

The Declassification Amendment would not change the present number of directors or the Board's authority to change that number and to fill any vacancies or newly created directorships. Until the 2021 annual meeting of stockholders, any director appointed to fill a vacancy or newly created directorship would hold office for the current remaining term of the relevant class. Upon the annual election of the entire Board at the 2021 annual meeting of stockholders, any director appointed to fill a vacancy or newly created Board seat would serve for a term expiring at the next annual meeting of stockholders following his or her appointment.

Reasons for the Board Declassification

The Board considered a number of factors when considering whether to declassify the Board. These factors included the views expressed to us during our proactive engagement with a number of our stockholders to understand their views on our corporate governance practices, the merits of classified and declassified board structures, corporate governance trends among other public companies and the general views of institutional stockholders regarding board structures. The Board also recognizes that stockholders may believe that a classified board structure diminishes a board's accountability to stockholders since stockholders are unable to express a view on each director's performance by means of an annual vote. Annual voting would allow stockholders to express their views on the individual

performance of each director and on the entire Board more frequently than with the existing classified board structure. Moreover, many institutional investors believe that the election of directors is the primary means for stockholders to influence corporate governance policies and to hold management accountable for implementing those policies. After careful consideration of the foregoing factors, the full Board determined that declassification of the Board is in the best interests of the Company and our stockholders.

If the proposed Declassification Amendment is approved, it will become effective upon filing of the Certificate of Amendment with the Secretary of State of the State of Delaware, which is expected to occur promptly following the Annual Meeting. The Board also adopted and approved conforming amendments to our bylaws, which will become effective upon the filing and effectiveness of the Certificate of Amendment to fully implement the Declassification Amendment. If the proposed Declassification Amendment is not approved, the Board's current classified structure will remain in place, and the Class III directors elected at the Annual Meeting will be elected to three-year terms.

Vote Required

This proposal must be approved by the affirmative vote of a majority of the outstanding shares of our common stock entitled to vote on the proposal. Abstentions and broker non-votes will have the effect of a vote **AGAINST** this proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THIS PROPOSAL.

PROPOSAL III: AMENDMENT TO CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK FROM 45,000,000 TO 90,000,000

Overview

On February 25, 2019, the Board unanimously adopted and approved an amendment to the Certificate of Incorporation to increase the number of authorized shares of common stock from 45,000,000 to 90,000,000, or the Share Increase Amendment, subject to the approval of this proposal by the requisite vote of our stockholders at the Annual Meeting. The following discussion of the Share Increase Amendment is qualified in its entirety by reference to the text of the Share Increase Amendment set forth in the form of the Certificate of Amendment attached hereto as Appendix B, which is incorporated herein by reference.

Article IV, Section 1 of the Certificate of Incorporation currently provides that the Company shall have the authority to issue 50,000,000 shares, consisting of 45,000,000 shares of common stock and 5,000,000 shares of preferred stock, par value \$.01 per share, or the preferred stock. As of the Record Date, 42,366,961 shares of common stock were issued and outstanding, and an additional 781,817 shares of common stock were reserved for issuance upon the exercise of outstanding stock options and the vesting of performance stock units as of such date. No changes to the Certificate of Incorporation are being proposed with respect to the number of authorized shares of preferred stock of which none are currently outstanding. Other than the proposed increase in the number of authorized shares of common stock, this proposal is not intended to modify the rights of existing stockholders in any material respect.

This proposal to increase the number of authorized shares of common stock, if approved, will become effective, and the Company's number of authorized shares of common stock will be increased as proposed herein, upon the filing of the Certificate of Amendment with the Secretary of State of the State of Delaware.

Reasons for the Increase in Authorized Shares

The Board believes that it is in the best interest of the Company to have additional authorized shares of common stock available for possible future financings, equity compensation, strategic transactions and other general corporate purposes. The Board believes that having such additional authorized shares of common stock available for issuance under the Certificate of Incorporation will give the Company increased flexibility to meet future business needs and would allow such shares to be issued without the expense and delay of a special stockholders' meeting unless such approval is expressly required by applicable law or the Nasdaq Marketplace Rules. The Company currently has no specific plan, commitment, arrangement, understanding or agreement in place for the issuance or use of the proposed additional authorized shares of common stock, other than issuances in the ordinary course of business. There are certain advantages and disadvantages of an increase in authorized common stock.

The advantages include:

The ability to raise capital as needed by issuing capital stock in future financing transactions; and

To have shares of common stock available for equity compensation, to pursue strategic transactions, including mergers, acquisitions, joint ventures and other business combinations and expansion opportunities, if any, and for general corporate purposes.

The disadvantages include:

Our stockholders do not have any preemptive or similar rights to subscribe for or purchase any additional shares of common stock that may be issued in the future, and therefore, future issuances of common stock may, depending on the circumstances, have a dilutive effect on the earnings per share, voting power and other interests of existing stockholders of the Company; and

The issuance of authorized but unissued stock could be used to deter a potential takeover of the Company that may otherwise be beneficial to stockholders by diluting the shares held by a potential suitor or issuing shares to a stockholder that will vote in accordance with the Board's desires.

Effects of the Increase in Authorized Shares

If this proposal is approved, the authorized shares of common stock will be increased from 45,000,000 shares to 90,000,000 shares, effective upon the Company's filing of the Certificate of Amendment with the Secretary of State of the State of Delaware.

Upon such filing, the additional authorized shares of common stock would be available for issuance at the discretion of the Board of Directors for various corporate purposes without further stockholder approval, except as may be required by applicable law or the Nasdaq Marketplace Rules. The additional authorized shares of common stock, upon issuance, would have the same rights and privileges as the shares of common stock currently issued and outstanding. No changes would be made to the number of authorized shares of preferred stock or the Board's authority in connection with issuances thereof under the Certificate of Incorporation. Also, it is not anticipated that the Company's financial condition, management's percentage ownership, the number of stockholders, or any aspect of the Company's business would materially change as a result of the increase in authorized shares of common stock.

The increase in authorized shares would not have any immediate effect on our existing stockholders' percentage ownership interest in the Company or proportionate voting power. However, it may have a dilutive effect on our existing stockholders if additional shares are issued. The issuance of additional shares would cause immediate dilution of the ownership interests and the voting power of our existing stockholders and, depending on the price at which they are issued, could have a negative effect on the market price of common stock. It may also affect the amount of dividends, if any, paid to our existing stockholders and may reduce the share of the proceeds that they would receive upon the future liquidation, if any, of the Company.

The Board is not aware of any attempt, or contemplated attempt, to acquire control of the Company, and this proposal is not being presented with the intent that it be utilized as a type of anti-takeover device or to secure management's position within the Company. However, the increase in the number of authorized shares of common stock could, under certain circumstances, have an anti-takeover effect by permitting the issuance of shares to purchasers who might oppose a hostile takeover bid or oppose any efforts to amend or repeal certain provisions of the Certificate of Incorporation or the Company's bylaws. The increased number of authorized shares of common stock would give our management more flexibility to resist or impede a third party takeover bid that provides an above market premium that is favored by a majority of the unaffiliated stockholders. The issuance of new shares of common stock could also be used to dilute the stock ownership of a person or entity seeking to obtain control of the Company should the Board consider the action of the entity or person not to be in the best interest of our stockholders.

Vote Required

This proposal must be approved by the affirmative vote of a majority of the outstanding shares of our common stock entitled to vote on the proposal. Abstentions and broker non-votes will have the effect of a vote AGAINST this proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THIS PROPOSAL.

PROPOSAL IV: APPROVAL OF THE 2019 OMNIBUS INCENTIVE PLAN

Introduction

On March 14, 2019, the Board unanimously adopted and approved the NN, Inc. 2019 Omnibus Incentive Plan, or the Plan, subject to approval by our stockholders at the Annual Meeting. The Plan would replace the NN, Inc. 2016 Omnibus Incentive Plan, or the Prior Plan, and would apply to all awards granted after the Annual Meeting.

In determining to adopt and approve the Plan, subject to stockholder approval, the Board considered various factors, including the following:

As of the Record Date, 798,461 shares remain available for grant under our prior equity compensation plans, including the Prior Plan. Based on historical usage, the current share price of our common stock and expected practices, and noting that future circumstances may require us to make changes to our expected practices, we estimate that the existing shares available for grant under our prior equity compensation plans would be insufficient to make company-wide equity grants for fiscal 2020. Upon approval of the Plan by our stockholders, no awards will be granted under any prior equity compensation plans, including the Prior Plan.

If the Plan is approved, we would have 2,900,000 shares authorized for issuance for future awards under the Plan, with 1,933,333 available for issuance as full value awards. The additional shares to be authorized for grant under the Plan would be dilutive to stockholders by 6.8% based on the outstanding shares as of the Record Date.

Based on historical usage and current share price of our common stock, we estimate that the 2,900,000 shares to be authorized for grant under the Plan, if approved by our stockholders, should be sufficient for us to make equity grants for the next several years, assuming we continue to grant awards consistent with our historical usage and expected practices, and noting that future circumstances may require us to make changes to our expected practices.

The Plan was designed to conform with existing best practices in equity incentive plans, which include:

fixed term of 10 years;

fungible share count;

prohibition on liberal share recycling;

prohibition on the repricing of stock options or stock appreciation rights;

establishment of minimum vesting requirements;

recoupment of awards under certain circumstances; and

limitations on non-employee director compensation.

Equity compensation is a critical component of our compensation program, and approval of the Plan is necessary to continue our company-wide equity compensation program for 2020 and beyond. If stockholders do not approve the Plan, we will be at a competitive disadvantage within our industry. The Board believes the Plan is essential to our success and in motivating executives and other employees to strive to enhance our growth and profitability.

THEREFORE, THE BOARD RECOMMENDS YOU TO VOTE TO APPROVE THE PLAN.

Historical Equity Award Data

The following table sets forth information regarding all outstanding Options and unvested Restricted Shares under all of our prior equity compensation plans as of the Record Date. The last sales price of our common stock on December 31, 2018 and the Record Date, as reported on the Nasdaq Global Select Market, was \$6.71 and \$7.51 per share, respectively.

Outstanding Options	Weighted Average Exercise Price	Weighted Average Remaining Contractual Term (in years)	Unvested Restricted Stock/PSU Outstanding⁽¹⁾	Number of Shares Available for Grant Under All Prior Equity Compensation Plans ⁽²⁾
978,215	\$ 13.58	6.4	843,754	798,461

(1) This amount includes all total outstanding full value awards from all prior equity compensation plans.

(2) This amount includes all shares available for grant under all prior equity compensation plans; however, as of the effective date of the Plan, no awards will be granted under any prior equity compensation plans.

The table below sets forth our burn rate for each of the last three fiscal years and the three-year average burn rate.

Burn rate is calculated as (i) the number of stock options and time-based restricted stock granted, plus (ii) the number of performance stock units (PSUs) earned, divided by (iii) the weighted average basic common shares outstanding in the year indicated.

Fiscal Year	(a) Options Granted	(b) Restricted Stock Granted⁽¹⁾	(c) PSUs Earned	(d) = (a) : (c) Total Granted/ Earned Shares	(e) Weighted Average Basic Common Outstanding	(d) ÷ (e) Burn Rate
2018	57,800	86,516		244,316	31,678	7.71%
2017	125,700	85,393	80,066	291,159	27,433	10.61%
2016	167,000	152,510		319,510	27,016	11.83%
						3-Year Average 10.05%

(1) Amount excludes PSUs granted in 2016, 2017 and 2018.

Summary of the Plan

The following summary of the material terms of the Plan is qualified in its entirety by reference to the complete text of the Plan as set forth in [Appendix C](#) to this Proxy Statement. You should read the complete text of the Plan for more details regarding the operation of the Plan.

Purpose. The purpose of the Plan is to promote our interests and those of our stockholders by attracting and retaining key officers, employees, directors and consultants; motivating such individuals by means of performance-related incentives to achieve long-range performance goals; enabling such individuals to participate in our long-term growth and financial success; encouraging ownership of our stock by such individuals; and linking their compensation to our long-term interests and those of our stockholders.

Administration. The Plan will be administered by a committee composed of at least two non-employee directors, within the meaning of Section 16 of the Exchange Act, and Rule 16b-3 thereunder, each of whom will be independent within the meaning of the Nasdaq rules (or such other market or exchange as is the principal trading market for our stock) and the rules and regulations of the SEC. The Board has appointed the Compensation Committee to serve as the administrator of the Plan. The Compensation Committee will determine eligibility for and designate participants of the Plan, determine the type and amount of awards to be granted, determine the timing, terms, and conditions of any award, and make other determinations as provided in the Plan. All decisions and interpretations made by the Compensation Committee with respect to the Plan will be binding on us and participants. Subject to certain limitations under the Plan, the Compensation Committee may delegate its authority to our officers or managers to grant, modify, or cancel awards, other than with respect to participants who are subject to Section 16 of the Exchange Act.

Prohibition on Repricing without Stockholder Approval. The Plan provides that, without the approval of our stockholders, the Compensation Committee may not lower the option price of a stock option after it is granted, lower the grant price of a stock appreciation right, or SAR, after it is granted, cancel a stock option when the option price exceeds the fair market value of the underlying shares (other than in certain limited situations involving a change in control) in exchange for cash or additional awards, cancel a SAR when the grant price exceeds the fair market value of the underlying shares (other than in certain limited situations involving a change in control) in exchange for cash or additional awards, or take any other action with respect to a stock option or SAR that would be treated as a repricing under the rules and regulations of the principal securities exchange on which shares of our common stock are traded.

Eligible Participants. Any current or prospective (i) officer or employee of ours or any of our subsidiaries or affiliates, (ii) member of our board of directors, or (iii) consultant of ours or one of our affiliates (provided that such person is a natural person and that such services are not in connection with the offer or sale of securities in a capital-raising transaction and do not directly or indirectly promote or maintain a market for any of our securities) is eligible to be designated as a participant by the Compensation Committee. However, the vesting and exercise of an award to a prospective employee, director or consultant are conditioned upon such individual attaining such status. The Board must approve awards to directors that are not also employees of ours. As of December 31, 2018, approximately 56 employees, 6 non-employee directors, and an indeterminate number of consultants would be eligible to participate in the Plan.

Shares Subject to the Plan. A total of 2,900,000 shares shall be authorized for grant under the Plan, less one share for every share that was subject to a stock option or SAR granted after March 15, 2019 under the Prior Plan and one and one-half shares for every share that was subject to an award other than a stock option or SAR granted after March 15, 2019 under the Prior Plan, all of which shares may be used for the granting of incentive stock options. Any shares that are subject to awards other than stock options or SARs shall be counted against this limit one and one-half shares for every one share granted. The number of shares subject to the Plan may be adjusted in the event of certain changes in our corporate structure.

If (i) any shares subject to an award under the Plan are forfeited, an award under the Plan expires or an award under the Plan is settled for cash (in whole or in part), or (ii) after March 15, 2019, any shares subject to an award under the Prior Plan are forfeited, an award expires or an award under the Prior Plan is settled for cash (in whole or in part), the shares subject to such award under the Plan or the Prior Plan shall, to the extent of such forfeiture, expiration or cash settlement, again be available for awards under the Plan. Notwithstanding anything to the contrary contained herein, the following shares shall not be added to the shares authorized for grant: (I) shares tendered by the participant or withheld by us in payment of the purchase price of a stock option under the Plan or the Prior Plan, or to satisfy any tax withholding obligation with respect to an award under the Plan or the Prior Plan, and (II) shares subject to a SAR under the Plan that are not issued in connection with the stock settlement of the SAR under the Plan on exercise thereof, or a SAR under the Prior Plan and (III) shares reacquired by us on the open market or otherwise using cash proceeds from the exercise of stock options under the Plan or the Prior Plan.

Any shares that again become available for grant shall be added back as (i) one share for every one share subject to stock options or SARs granted under the Plan or the Prior Plan, and (ii) as one and one-half shares for every one share subject to awards other than stock options or SARs granted under the Plan or the Prior Plan.

Limitations on Awards. Subject to exceptions for extraordinary circumstances, non-employee directors shall not receive compensation, paid or granted, in any calendar year in excess of \$500,000.

Terms and Conditions of Awards. The Plan permits the grant of stock options, SARs, restricted shares, restricted share units, performance awards (including performance shares and performance units), and other stock-based awards. Stock options granted under the Plan may be either incentive stock options complying with Section 422 of the Internal Revenue Code, or the Code, or nonqualified stock options. Incentive stock options may be granted only to employees. All other awards may be granted to current or prospective officers, employees, directors and consultants. All awards under the Plan must be evidenced by an award agreement that may specify the terms and conditions of the award and any rules applicable thereto.

Stock Options. A stock option represents the right to purchase a specified number of shares during a specified period of up to ten years. The award agreement will set forth the number of shares subject to the stock options, the option price, and the conditions and limitations applicable to the exercise of the stock options as determined by the Compensation Committee. The option price of stock options may not be less than the fair market value on the date that such stock options are granted under the Plan. With respect to incentive stock options, the terms and conditions of such stock options will be subject to and comply with Section 422 of the Code. To the extent stock options intended to qualify as incentive stock options fail to qualify for any reason, such stock options will constitute non-qualified stock options. Incentive stock options may not be granted to any individual who, at the time of grant owns stock possessing more than 10% of the total combined voting power of all of our outstanding common stock or any of our subsidiaries, unless the exercise price is not less than 110% of the fair market value of the common stock on the date of the grant and the exercise of such option is prohibited by its terms after the expiration of five years from the date of grant of such option.

SARs. Unless otherwise set forth in the award agreement, SARs represent the right to receive an amount of cash equal, or shares of common stock having a value equal, to the increase in the fair market value of a specified number of shares between the grant date of the SARs and the date on which they are exercised. The award agreement will set forth the number of shares subject to the award, the grant price, and the conditions and limitations applicable to the exercise of the SARs as determined by the Compensation Committee. The grant price of SARs may not be less than the fair market value on the date that such SARs are granted under the Plan.

Restricted Shares. The award agreement for restricted shares will set forth the number of shares subject to the award, the period during which, and the conditions under which, the restricted shares may be forfeited to us, and the other terms and conditions of the award. Restricted shares may not be sold, transferred, or otherwise encumbered or disposed of until the expiration of the restricted period and the fulfillment of any other conditions to the award. The award agreement will set forth a period of time (which will be not less than one year for participants other than non-employee directors) during which the participant must remain in the continuous employment (or other service-providing capacity) for the forfeiture and transfer restrictions to lapse. Unless otherwise provided in the award agreement, the participant receiving restricted shares will have the right to receive dividends and to vote such shares. At the end of the restricted period and provided that any other restrictive conditions of the award are met, a stock certificate will be delivered to the participant free of the restricted stock legend (or restrictions on book-entry shares will be removed).

Restricted Share Units. Each restricted share unit will have a value equal to the fair market value of a share on the date such restricted share units are granted under the Plan. Restricted share units may be settled in cash, shares, other securities or property (as determined by the Compensation Committee) upon the lapse of restrictions applicable to the

award and otherwise in accordance with the award agreement. Unless otherwise provided in the applicable award agreement, restricted share units will be subject to transfer restrictions similar to those of restricted shares, except that no shares are awarded to a participant who is granted restricted share units on the date of grant, and such participant will have no rights of a stockholder with respect to the restricted share units until the restrictions set forth in the award agreement lapse and the underlying shares have been delivered to the participant. The award agreement for restricted share units will set forth the number of shares subject to the award, the period during which, and the conditions under which, the restricted shares units may be forfeited to us, and the other terms and conditions of the award. The award agreement will set forth a period of time (which will be not less than one year for participants other than non-employee directors) during which the participant must remain in the continuous employment (or other service-providing capacity) for the forfeiture and transfer restrictions to lapse. The award agreement may also set forth performance or other conditions (including, but not limited to, performance goals based on the criteria listed in the Plan) that will subject the shares to forfeiture and transfer restrictions. The award agreement will specify whether restricted share units entitle the participant to dividend equivalent rights at the time of payment of dividends to our stockholders. Unless otherwise determined by the Compensation Committee or as provided in the award agreement, all of the restricted share units will terminate unless the participant remains in continuous employment for the entire restricted period and unless the other restrictive conditions of the award are met.

Performance Awards. The Compensation Committee may grant performance awards, which will consist of a right that is denominated in cash or shares (including but not limited to restricted shares and restricted share units), valued, as determined by the Compensation Committee, in accordance with the achievement of such performance goals during such performance periods as the Compensation Committee may establish, and payable at such time and in such form as the Compensation Committee shall determine. Subject to the terms of the Plan and any applicable award agreement, the Compensation Committee will determine the performance goals to be achieved during any performance period, the length of any performance period, the amount of any performance award and the amount and kind of any payment or transfer to be made pursuant to any performance award, and may amend specific provisions of the performance award; however, any such amendment may not adversely affect existing performance awards made within a performance period commencing prior to implementation of the amendment. Performance awards may be paid in a lump sum or in installments following the close of the performance period or, in accordance with the procedures established by the Compensation Committee, on a deferred basis. Except as otherwise determined by the Compensation Committee at or after grant, separation from service prior to the end of any performance period, other than for reasons of death or disability, will result in the forfeiture of the performance award, and no payments will be made. Notwithstanding the foregoing, the Compensation Committee may, in its discretion, waive any performance goals and/or other terms and conditions relating to a performance award.

Awards that are granted as performance-based awards based upon the attainment of performance targets related to one or more performance goals selected by the Compensation Committee from among the following: earnings before any one or more of the following: interest, taxes, depreciation, amortization and/or stock compensation; net sales; operating (or gross) income or profit; pretax income before allocation of corporate overhead and/or bonus; productivity or operating efficiencies; operating income as a percentage of net sales; return on capital, capital employed, investment, equity or assets (including economic value created); after tax operating income; net income; earnings or book value per share; financial ratios; cash flow(s); total sales or revenues or sales or revenues per employee; capital expenditures as a percentage of net sales; total operating expenses, or some component or combination of components of total operating expenses, as a percentage of net sales; stock price or total stockholder return, including any comparisons with stock market indices; appreciation in or maintenance of the price of the common stock or any of our publicly-traded securities; dividends; debt or cost reduction; comparisons with performance metrics of peer companies; comparisons of our stock price performance to the stock price performance of peer companies; strategic business objectives, consisting of one or more objectives based on meeting specified cost targets, meeting or reducing budgeted expenditures, attaining division, group or corporate financial goals, meeting business expansion goals (including, without limitation, developmental, strategic or manufacturing milestones of products or projects in development, execution of contracts with current or prospective customers and development of business expansion strategies) and meeting goals relating to acquisitions, joint ventures or collaborations or divestitures; quality or customer satisfaction; comparable site sales; economic value-added models; or any combination thereof. The Compensation Committee may define such performance goals with respect to generally accepted accounting principles, or GAAP, where applicable, or may adopt such definitions or modifications of GAAP as it deems appropriate. Each goal may be expressed on an absolute and/or relative basis, may be based on or otherwise employ comparisons based on internal targets, our past performance or the past performance of any of our subsidiaries, operating units, business segments or divisions and/or the past or current performance of other companies, and in the case of earnings-based measures, may use or employ comparisons relating to capital, stockholders' equity and/or shares outstanding, or to assets or net assets. The Compensation Committee may appropriately adjust any evaluation of performance under the foregoing criteria to exclude any of the following events that occurs during a performance period: asset impairments or write-downs; litigation or claim judgments or settlements; the effect of changes in tax law, accounting principles or other such laws or provisions affecting reported results; accruals for reorganization and restructuring programs; any terms that are unusual in nature or infrequently occurring (within the meaning of applicable accounting standards) and/or described in management's discussion and analysis of financial condition and results of operations appearing in our annual report to stockholders for the applicable year; the effect of adverse federal, governmental or regulatory action, or delays in federal, governmental or regulatory action; or any other event either not directly related to our operations or not within the reasonable control of

our management.

Other Stock-Based Awards. The Compensation Committee may grant stock-based awards other than stock options, SARs, restricted shares, restricted share units, and performance awards. Such other stock-based awards will consist of an award of shares or an award denominated or payable in, or valued in whole or part by reference to, shares, and will have terms determined by the Compensation Committee to be consistent with the purposes of the Plan.

Minimum Vesting Requirements. Except for substitute awards, no portion of any option awards, SAR awards, performance awards (to the extent appreciation awards (as defined in the plan)) and other stock-based awards (to the extent appreciation awards) shall have a vesting period of less than twelve (12) months from the date of grant; provided, however, that up

to five percent (5%) of the number of shares authorized for grant under the Plan may be subject to Options or SARs that do not meet the minimum vesting requirement set forth in the previous clause. These minimum vesting requirements shall also apply to any performance awards that are appreciation awards. These minimum vesting requirements shall also apply to non-employee director appreciation awards (as defined in the Plan) but not with respect to non-employee director restricted shares, restricted share units or performance awards (to the extent not appreciation awards (as defined in the Plan)).

Separation from Service. The Compensation Committee will determine the terms and conditions that will apply to any award upon a participant's separation from service and may provide such terms and conditions in the award agreement or in such rules and regulations as it may prescribe. Unless otherwise provided in the Plan, an award agreement, or by a contractual agreement between us and a participant, if a participant's employment with or service to us terminates before the restrictions imposed on the award lapse, the performance goals have been satisfied or the award otherwise vests, such award will be forfeited.

Change in Control. Unless otherwise provided by the Compensation Committee, or in an award agreement or by a contractual agreement between us and a participant, if, within one year following a change in control, a participant separates from service with us (or our successor) by reason of death, disability, retirement, for good reason by the participant, or involuntary termination by us for any reason other than for cause, all outstanding awards of such participant will vest, become immediately exercisable and payable and have all restrictions lifted. Unless otherwise provided in an award agreement or by a contractual agreement between us and the participant, in the event of a change in control, the successor or purchasing entity may, without the consent of any participant, either assume or continue our rights and obligations under any award outstanding immediately prior to the change in control or substitute for any such outstanding award a substantially equivalent award with respect to the successor's or purchasing entity's stock. The Compensation Committee may in its discretion and without the consent of any participant, determine that, upon the occurrence of a change in control, each or any award or a portion thereof outstanding immediately prior to the change in control and not previously exercised or settled will be canceled in exchange for a payment with respect to each vested share subject to such award in cash, shares, shares of a corporation or other business entity a party to the change in control, or other property which, in any such case, will be in an amount having a fair market value equal to the fair market value of the consideration to be paid per share in the change in control, reduced by the exercise or purchase price per share, if any, under such award.

Transferability of Awards. Except as otherwise permitted in the Plan, an award agreement or by the Compensation Committee, awards under the Plan are not transferable other than by a participant's will or the laws of descent and distribution. The transfer of an award by will or by laws of descent and distribution will not be effective to bind the Company unless the Company is furnished with written notice thereof and an authenticated copy of the will and/or such other evidence as the Compensation Committee may deem necessary or appropriate to establish the validity of the transfer. No transfer of an award for value is permitted under the Plan.

Clawback. Any award granted pursuant to the Plan shall be subject to mandatory repayment by the participant to us (i) to the extent set forth in any award agreement, (ii) to the extent that such participant is, or in the future becomes, subject to (a) any clawback or recoupment policy adopted by us or any of our affiliates to comply with the requirements of any applicable laws, rules or regulations, including pursuant to final rules adopted by the SEC pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, or otherwise, or (b) any applicable laws which impose mandatory recoupment, under circumstances set forth in such applicable laws, including the Sarbanes-Oxley Act of 2002.

The Compensation Committee has adopted a recoupment policy applicable to our executive officers. Under the policy, in the event of a material restatement of our consolidated financial statements, willful misconduct or fraud, the Compensation Committee may, to the extent permitted by law and to the extent it determines that it is in our best interests to do so require reimbursement or payment of the portion of any annual incentive compensation, including

any equity compensation, paid or awarded to the executive within the three year period prior to the date such material restatement is first publicly disclosed that would have been materially lower if determined using the restated financial results.

Term and Amendment. No new awards may be granted under the Plan after the tenth anniversary of its approval by our stockholders. The Board may amend, alter, suspend, discontinue or terminate the Plan at any time; however, no amendment, alteration, suspension, discontinuation or termination may be made without stockholder approval if approval is necessary to comply with any tax or regulatory requirement for which or with which the Board deems it necessary or desirable to comply.

Certain Federal Income Tax Consequences

The following is a brief summary of certain Federal income tax laws in effect on the date hereof with applicability to the Plan. This summary is not intended to be exhaustive and the exact tax consequences to any participant will depend on his or her particular circumstances and other factors. The Plan participants are encouraged to consult their own tax advisors with respect to any state tax consequences or particular federal tax implications of awards granted under the Plan. The Plan is not intended to be qualified under Section 401(a) of the Code.

Stock Options. A participant will not recognize income, and we will not be entitled to take a deduction, upon the grant of stock options. Upon exercising a non-qualified option, the participant generally will recognize ordinary income equal to the difference between the exercise price and fair market value of the shares acquired on the date of exercise, and we will be entitled to a deduction for the same amount. Any ordinary income of the participant will be subject to tax withholding by us. We generally will have no tax consequence in connection with the later disposition of shares acquired pursuant to non-qualified stock options. A participant generally will not recognize income, and we will not be entitled to take a deduction, upon the exercise of an incentive stock option (except that the alternative minimum tax may apply). If shares acquired upon the exercise of an incentive stock option are held for the longer of two years from the grant date of the stock options and more than one year after the date they were exercised, the difference between the sale price and the exercise price generally will be taxed as long-term capital gain or loss, and we will not be entitled to any deduction. We generally will have no tax consequence in connection with the later disposition of shares acquired pursuant to incentive stock options if such holding periods are met. If the participant does not satisfy these holding periods, then the participant will recognize ordinary income equal to the excess of the lesser of the amount realized upon such disposition and the fair market value of such shares on the date of exercise, over the exercise price, and we should be entitled to take a corresponding deduction.

SARs. A participant will not recognize income, and we will not be entitled to take a deduction, upon the grant of SARs. Upon exercising a SAR, the participant generally will recognize ordinary income in the amount by which the fair market value of the shares on the date of exercise exceeds the SAR exercise price, if any, and we will be entitled to a deduction for the same amount. Any ordinary income of the participant will be subject to tax withholding by us. Any additional gain or loss recognized upon the later disposition of the shares will be capital gain or loss, which may be long- or short-term capital gain or loss depending on the holding period. We generally will have no tax consequence in connection with the later disposition of shares acquired pursuant to a SAR.

Restricted Shares. The award of restricted shares will not result in taxable income to the participant, and we will not be entitled to take a deduction, at the time of grant unless the participant makes an election under Section 83(b) of the Code to be taxed at such time. If such election is not made, upon the lapse of the restrictions upon restricted shares, the participant will recognize ordinary income in the amount equal to the fair market value of the shares at the time the restricted shares vest (less any amount paid for the shares), and we will be entitled to a deduction for the same amount.

Prior to the lapse of the restrictions on restricted shares, any dividends received on such shares will be treated as ordinary income to the participant (and will not be eligible for reduced rates of taxation applicable to qualified dividend income). If an election under Section 83(b) of the Code is made within 30 days after receipt of restricted shares, the participant will recognize ordinary income in the year that the restricted shares are awarded in an amount equal to the fair market value of the shares on the date of such award determined as if the restricted shares were not subject to restrictions, and we will be entitled to a deduction for the same amount. If the election is made, the participant will not recognize income at the time that the restrictions actually lapse. Any dividends received after the election is made generally will constitute qualified dividend income generally subject to reduced rates of taxation. If the restricted shares subject to the election are subsequently forfeited, the participant will not be entitled to a deduction or tax refund. Any ordinary income of the participant will be subject to tax withholding by us. We generally will have no tax consequence in connection with the later disposition of shares acquired pursuant to vested restricted shares.

Restricted Share Units. With respect to a grant of restricted share units, the participant will recognize ordinary income on the amount of cash (for units payable in cash) or the fair market value of the common stock (for units settled in stock) at the time such payments are made available to the participant under the terms of the restricted share unit award, and we will be entitled to a deduction for the same amount. No Section 83(b) election is permitted with respect to restricted share units. The participant also is subject to capital gains treatment on the subsequent sale of any shares acquired through the vesting of restricted share units. For this purpose, the participant's basis in the common stock is the fair market value of the stock at the time the restricted share units are made available to the participant (unless delivery of the shares has been validly deferred). Any ordinary income of the participant will be subject to tax withholding by us. We generally will have no tax consequence in connection with the later disposition of shares acquired pursuant to restricted share units.

Performance Awards. A performance award issued in the form of shares will have similar income tax consequences as described under the subheading *Restricted Shares* above. A performance award issued in the form of units (whether settled in cash or shares) will have similar income tax consequences as described under the subheading *Restricted Share Units* above.

Substitute Payments. Substitute payments for dividends made to participants with respect to restricted shares or certain performance awards payable in our stock will be taxed as ordinary income to the participant until the shares vest. After vesting, dividend payments may be qualified dividend income subject to a current maximum federal tax rate of 20% provided that the stockholder meets certain other requirements with respect to those shares. If a participant makes a Section 83(b) election with respect to restricted shares or certain eligible performance awards, these payments may be qualified dividend income, provided that the other requirements are met. We recommend that participants consult with their tax advisors to determine whether such dividends are qualified dividend income.

Section 409A. Section 409A of the Code provides generally that nonqualified deferred compensation that does not meet certain requirements will subject the recipients of such compensation to accelerated taxation, enhanced underpayment interest and an additional twenty percent tax. In the event that it is reasonably determined by the Compensation Committee that, as a result of Section 409A of the Code, payments in respect of any award under the Plan may not be made at the time contemplated by the terms of the Plan or the relevant award agreement, as the case may be, without causing the participant holding such award to be subject to additional taxation under Section 409A of the Code, we will make such payment on the first day that would not result in the participant incurring any tax liability under Section 409A of the Code; which, if the participant is a specified employee within the meaning of the Section 409A, shall be the first day following the six-month period beginning on the date of participant's termination of employment. Notwithstanding the foregoing, each participant is solely responsible and liable for the satisfaction of all taxes and penalties that may be imposed on him or her, or in respect of any payment or benefit delivered in connection with the Plan (including any taxes and penalties under Section 409A of the Code), and we will not have any obligation to indemnify or otherwise hold any participant harmless from any or all such taxes or penalties.

New Plan Benefits

Any future awards granted to eligible participants under the Plan will be subject to the discretion of the Compensation Committee and, therefore, the number of awards that will be granted under the Plan is not determinable at this time.

Common Stock Price

The last sales price of our common stock on December 31, 2018 and the Record Date, as reported on the Nasdaq Global Select Market, was \$6.71 and \$7.51 per share, respectively.

Award Payments

Past Award Payments. The following table sets forth information regarding the number of equity and cash based awards that were made under the Prior Plan during 2018, to (i) each of our named executive officers, (ii) all named executive officers as a group, (iii) all directors, who are not executive officers, as a group, and (iv) all employees, who are not named executive officers, as a group. There is no applicable disclosure to be made with regard to any associate of our directors, director nominees, and executive officers or any other recipient of 5% or more of the awards.

Future Award Grants. The granting of equity-based awards under the Plan is at the discretion of the Compensation Committee. The Compensation Committee has not yet determined any additional awards that will be granted under the Plan to the persons and groups of persons identified in the preceding table. See **Executive Compensation Grant of Plan Based Awards** for information regarding the restricted stock and performance stock units granted in 2018 to our named executive officers. See **Compensation Discussion and Analysis Non-Equity Incentive Compensation, Compensation Discussion and Analysis Long Term Incentive Compensation** and **Executive Compensation Summary Compensation Table** for information regarding our recent practices with respect to awards under the Prior Plan.

THE BOARD RECOMMENDS A VOTE FOR THIS PROPOSAL.

PROPOSAL V: ADVISORY (NON-BINDING) VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

At the 2017 annual meeting of stockholders, our stockholders expressed their strong preference for an annual advisory (non-binding) vote to approve executive compensation. Accordingly, the Board determined that, every year until the next vote on the frequency of such advisory vote, we will hold a vote to approve the executive compensation of our named executive officers on an advisory basis. As such, the Board is asking stockholders to vote on an advisory resolution to approve our executive compensation as reported in this Proxy Statement. As described in the **Compensation Discussion and Analysis** section of this Proxy Statement, our goal is to structure our compensation arrangements for executive officers in a manner that will promote our profitability and enhance long-term stockholder value. In designing our compensation arrangements to achieve this goal, we are guided by the following objectives:

attracting and retaining qualified and dedicated executives who are essential to our long-term success;

providing compensation packages that are competitive with the compensation arrangements offered by comparable companies;

tying a significant portion of an executive officer's compensation to attainment of specific financial performance goals and the individual's performance; and

directly aligning the interests of management with the interests of the stockholders through stock-based compensation arrangements, including performance share units that vest in three years only if certain performance measures are attained over the period.

Stockholders are urged to read the **Compensation Discussion and Analysis** beginning on page 26 of this Proxy Statement, which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the **Summary Compensation Table** and other related compensation tables and narrative, appearing on pages 37 through 42, which provide detailed information on the compensation of our named executive officers. The Compensation Committee and the Board believe that the policies and procedures discussed in the **Compensation Discussion and Analysis** are effective in achieving our goals, and that the compensation of our named executive officers reported in this Proxy Statement has contributed to our recent and long-term success.

In accordance with Section 14A of the Exchange Act and as a matter of good corporate governance, the Company is asking stockholders to approve the following advisory resolution at the Annual Meeting:

RESOLVED, that the stockholders of NN, Inc. (the Company) approve, on an advisory (non-binding) basis, the compensation of the Company s named executive officers disclosed in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables, notes and narrative in the Proxy Statement for the Company s 2019 Annual Meeting of Stockholders.

THE BOARD RECOMMENDS A VOTE FOR THIS PROPOSAL.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

Our executive compensation program is comprised of a mix of short-term and long-term performance based programs and emphasizes long-term equity awards, which are tied closely to stockholder returns. We believe that our executive compensation program encourages and motivates our executive officers to achieve sustainable, long-term operating financial performance and aligns with the creation of long-term stockholder value.

Our compensation philosophy is best described as pay-for-performance which rewards both financial and operational successes as well as actions that drive stockholder value creation. The following are the objectives of our compensation program:

attracting and retaining qualified and dedicated executives who are essential to our long-term success;

providing compensation packages that are competitive with the compensation arrangements offered by comparable companies, including our competitors;

tying a significant portion of an executive officer's compensation to the Company's and the individual's performance; and

aligning the interests of management with the interests of our stockholders through stock-based compensation arrangements.

In 2018, our named executive officers received a compensation package that consisted of an annual base salary, annual incentive award opportunities and long-term equity incentive award opportunities. The components of our compensation that are tied to performance align the interests of our named executive officers and other participants with the interests of our stockholders. Our compensation programs are structured to motivate and reward our executives to increase stockholder value and provide balanced incentives for achieving our objectives without incentivizing executives to take excessive risks.

We believe our executive compensation program incorporates market best practices, creates long-term stockholder value and increases management accountability via:

Performance stock units, or PSUs, that vest based on our total shareholder return (TSR) ranking relative to the S&P SmallCap 600 Index over a three-year performance period and require a median TSR ranking for target payout;

PSUs that vest based on our return on invested capital (ROIC) over a three-year performance period; and

Performance metrics intended to hold our executive officers accountable for the Company's financial performance. In 2018, the short-term incentive performance metrics established by the Compensation Committee related to net sales, adjusted earnings per share and free cash flow generation.

2018 Pay for Performance Summary

At the start of 2018, and in light of outstanding Company financial performance in 2017 and a record high market capitalization in excess of \$760 million, the Compensation Committee focused on retaining the high performing, in-demand senior management team, as well as attracting additional talent to the organization. Relatedly, the Board determined to relocate the corporate headquarters from Johnson City, Tennessee to Charlotte, North Carolina to enhance our executive recruitment opportunities and strengthen our customer, stockholder and supplier relationships. Our Chief Executive Officer and certain of the named executive officers received meaningful pay increases, which reflected new roles, increased responsibilities and further alignment with market pay practices. In order to minimize the financial hardships related to our corporate relocation, including moving to North Carolina which has a substantially higher state income tax, our Chief Executive Officer and the impacted named executive officers were provided additional, one-time compensation. This one-time compensation included a make whole payment related to the difference in real estate values in Charlotte and Johnson City, reimbursement for real estate closing and related costs, tax assistance, reimbursement of certain moving expenses and a general moving expense allowance. This one-time compensation did not include any home loss buyouts.

2018 proved to be a challenging year for the Company, and our ultimate financial performance failed to meet expectations. As more fully described below, the performance metrics established for our executive incentive bonus program and for our 2016 TSR and ROIC performance stock units were not met resulting in no payout to our Chief Executive Officer or to any of the named executive officers. In addition, for 2018, the Compensation Committee did not award any discretionary bonuses to the Chief Executive Officer or to any our named executive officers and determined not to increase the Chief

Executive Officer's salary for 2019. Furthermore, and as a result of engagement with our stockholders regarding our long term incentive compensation program, the Compensation Committee modified the calculation of return on invested capital with respect to ROIC performance stock units granted in 2019 to include a capital charge for the goodwill acquired in acquisitions. We believe our executive compensation programs are acting as intended, that is to properly incentivize and compensate our executive officers when our financial objectives are met and to hold our executive officers accountable when they are not.

Executive Compensation Policies and Practices

The following highlights practices that the Company embraces in support of our pay-for-performance philosophy:

What We Do

Align executive pay with Company performance;

Establish performance metrics that correlate to stockholder value creation;

Mitigate undue risk in compensation programs;

Include meaningful vesting periods on equity awards;

Set maximum payout limits on all variable, performance-based compensation programs;

Utilize an independent compensation consultant;

Provide reasonable post-employment/change in control provisions in employment/separation agreements;

Maintain executive stock ownership guidelines; and

Maintain an incentive compensation recoupment (clawback) policy applicable to all equity awards granted under our compensation plans.

What We Don't Do

Reprice underwater stock options;

Exchange underwater stock options for cash;

Grant multi-year guaranteed bonuses; or

Permit hedging, pledging or short-sale transactions by our executive officers and directors.

Named Executive Officers

In this section we discuss and analyze the compensation provided to each of our named executive officers for 2018, who were:

Name	Title
Richard D. Holder	Director, President and Chief Executive Officer
Thomas C. Burwell, Jr. ⁽¹⁾	Senior Vice President and Chief Financial Officer
J. Robbie Atkinson	Executive Vice President Life Sciences
D. Gail Nixon	Senior Vice President and Chief Human Resources Officer
Warren Veltman	Executive Vice President Mobile Solutions

- (1) As previously announced, Mr. Burwell will be departing the Company but has agreed to remain in his current role and assist with an orderly transition while a search for a replacement is being conducted.

Compensation Committee

The Compensation Committee consists of four independent non-employee directors and is supported by our human resources department. As discussed below, the Compensation Committee may also retain one or more independent compensation consultants to assist it. The Compensation Committee handles a variety of compensation and organizational matters relating to our executives, including the following:

reviews, approves and administers all of our executive compensation programs;

establishes the performance objectives under our executive incentive compensation and long-term equity compensation programs;

determines the attainment of those performance objectives and the awards to be made under our compensation programs;

evaluates the performance of our chief executive officer and our other named executive officers;

reviews succession planning for our executives, including the position of the chief executive officer; and

reviews proposed organization or responsibility changes at the senior executive level.

The Compensation Committee uses its informed judgment to determine the appropriate type and mix of compensation elements; to select performance measures, target levels and payout schedules for incentive compensation; and to determine the level of salary and incentive awards for each executive officer. The Compensation Committee has the authority to engage its own external compensation consultant as needed and has engaged Willis Towers Watson as its independent consultant since 2015. We conducted a conflict of interest assessment prior to the Compensation Committee engaging Willis Towers Watson (and on an annual basis thereafter), which verified, in the Compensation Committee's judgment, Willis Towers Watson's independence and that no conflicts of interest existed.

In fiscal 2018, Willis Towers Watson provided services to us in the areas of executive compensation, benefits and corporate risk and broking consulting services. During fiscal 2018, we paid Willis Towers Watson the following amounts for such services:

Executive Compensation Consulting Fees. Fees for executive compensation consulting services totaled approximately \$125,000, including fees associated with services provided to management and the Compensation Committee.

Other Consulting Fees. Fees for other consulting services totaled approximately \$955,000 related to the NN, Inc. Health and Welfare Benefit Plan and Voluntary benefit offerings and Global Property, Casualty and Management Liability Insurance programs.

The Compensation Committee engaged Willis Towers Watson to perform a competitive review of the Company's executive pay programs in comparison to competitive market practices. Willis Towers Watson also advised on selecting a peer group of companies for executive compensation benchmarking, provided comparative data for the

annual executive compensation review and assisted with other compensation matters as requested. Representatives from Willis Towers Watson also attend Compensation Committee meetings on request.

The Company's Human Resources Department also provides compensation data, research and analysis that the Compensation Committee may request, and our Chief Human Resources Officer, along with our CEO and our General Counsel, regularly attend Compensation Committee meetings. However, the Compensation Committee meets in executive session without management present to discuss CEO performance and compensation, as well as any other matters deemed appropriate by the Compensation Committee.

The CEO recommends to the Compensation Committee compensation levels for the other executive officers, including salary increases, annual incentive targets and equity award values, based on his assessment of each executive's performance and level of responsibility.

Peer Group Compensation Analysis

The Compensation Committee believes it is important to clearly understand the relevant market for executive talent to inform its decision-making and ensure that our executive compensation program supports our recruitment and retention needs and is fair and efficient. As a result, the Compensation Committee has worked with Willis Towers Watson to develop a peer group for purposes of assessing competitive compensation practices, and periodically reviews compensation data for the peer group derived from publicly filed proxy statements.

Our peer group consists of the companies set forth below:

Actuant Corporation	Crane Co.	Kaman Corporation
Albany International Corp.	EnPro Industries, Inc.	Lydall, Inc.
Altra Industrial Motion Corp.	ESCO Technologies, Inc.	RBC Bearings Inc.
Barnes Group, Inc.	HEICO Corporation	SPX Corporation
CIRCOR International, Inc.	John Bean Technologies Corporation	TriMas Corporation

The Compensation Committee selected companies for inclusion in this peer group based on (i) the extent to which they compete with us in one or more lines of business, for executive talent and for investors, and (ii) selected financial measures such as comparability of revenues.

2018 Achievements and Value Creation

<i>Reorganized Business Groups to Focus on Key End Markets</i>	<p>We implemented a new enterprise and management structure designed to accelerate growth in our key end markets. We reorganized our business groups into Life Sciences (medical), Power Solutions (aerospace and defense and electrical) and Mobile Solutions (general industrial and automotive).</p>
<i>Significant Life Sciences Acquisitions</i>	<p>We believe our new business groups will allow us to further balance our portfolio and enhance alignment of our strategic assets and businesses.</p> <p>We made two important life sciences acquisitions that have provided significant growth in our medical end market.</p>
<i>Continued Investment to Accelerate Growth in Aerospace and Defense markets</i>	<p>We acquired Bridgemedica, LLC, a medical device company that provides concept through commercialization solutions through design, development engineering and manufacturing. We also acquired Paragon Medical, Inc., a medical device company focused on the orthopedic, case and tray, implant and instrumentation markets.</p> <p>In 2018, our revenue in life sciences grew by 152%, or approximately \$150 million dollars.</p> <p>We acquired a business and began the buildout of a 78,000 square foot facility located in Southern California to better service the numerous aerospace and defense customers in that region.</p>
<i>Improved Capital Structure & Enhanced Liquidity</i>	<p>We designed a brand new 100,000 square foot manufacturing facility in Taunton Massachusetts. We expect both facilities to be in full production by the second half of 2019.</p> <p>We raised \$217 million through the sale of equity and repaid in full our Second Lien credit facility that was accruing interest at 10.3% annually.</p>

Efficient Capital Spending

We enhanced our access to capital by increasing the amount available under our revolving credit agreement by \$25 million.

We continued to deploy our capital in 2018 to make efficient, growth-oriented investments in our businesses.

Corporate Headquarters Relocation

We relocated our corporate headquarters to Charlotte, North Carolina to facilitate customer, supplier and investor visits, as well as enhance our executive recruitment opportunities.

What We Pay and Why: Elements of Compensation

We have three elements of total direct compensation: base salary, annual incentive compensation and long-term equity incentive compensation.

Base Salary. We pay base salaries to attract talented executives and to provide a fixed base of cash compensation. The salary levels for our executive officers and other direct reports of the Chief Executive Officer are reviewed and determined annually by the Compensation Committee. Salaries are established and adjusted based upon three factors: individual performance, our financial performance and peer group and market data established by compensation studies. Based on compensation studies prepared by Willis Towers Watson, the Compensation Committee approved increases to the base salaries for our named executive officers. In light of outstanding Company financial performance in 2017 and a record high market capitalization in excess of \$760 million, the Compensation Committee focused on retaining the high performing, in-demand senior management team. Base salary increases were implemented for retention purposes, to bring base salaries for certain of the named executive officers in line with market and to offset the cost of living impact of relocating our corporate headquarters to Charlotte, North Carolina.

The following table indicates the base salaries for 2017 and 2018, and the percentage increase from the prior year for our named executive officers:

Name	2017 Base Salary	2018 Base Salary ⁽¹⁾	Percent Increase
Mr. Holder	\$ 720,000	\$ 972,000	35%
Mr. Burwell ⁽²⁾	\$ 292,000	\$ 382,880	32%
Mr. Atkinson	\$ 200,000	\$ 280,000	40%
Ms. Nixon	\$ 237,800	\$ 268,710	13%
Mr. Veltman	\$ 345,700	\$ 359,530	4%

(1) Includes cost of living adjustments for Messrs. Holder, Burwell and Atkinson and Ms. Nixon made in connection with the relocation of our corporate headquarters to Charlotte, North Carolina of \$72,000, \$29,200, \$20,000 and \$23,780, respectively.

(2) As previously announced, Mr. Burwell will be departing the Company but has agreed to remain in his current role and assist with an orderly transition while a search for a replacement is being conducted.

Executive Incentive Compensation (EIC). We pay annual incentives to drive the achievement of key business results and to recognize individuals based on their contributions to those results. The Compensation Committee believes that this feature of compensation motivates executive officers to strive to attain our annual goals. Each fiscal year, the Compensation Committee establishes objectives for the upcoming fiscal year which are tied to our success in achieving our strategic plan. These objectives are within the following categories:

Financial Goals: Achieve our annual business plan;

Operational Excellence: Improve workplace safety; maintain and improve product quality; improve on-time delivery of products; and

Functional Excellence: Attract and develop talent; remediate previously identified material weaknesses in internal controls; reduce net debt leverage; successfully source, execute and integrate acquisitions.

In 2018, the Compensation Committee established that Messrs. Holder and Burwell and Ms. Nixon's performance would be measured against attainment of the Company Financial Goals (Company adjusted earnings per share, free cash flow generation and net sales). The performance of Mr. Atkinson would be measured against attainment of the Life Sciences (LS) Group Financial Goals (LS group adjusted earnings per share, LS group free cash flow generation and LS group net sales), and the performance of Mr. Veltman would be measured against attainment of the Mobile Solutions (MS) Group Financial Goals (MS group adjusted earnings per share, MS group free cash flow generation and MS net sales). For all of our named executive officers, attainment of their respective Financial Goals was weighted at 75%, and attainment of operational and functional goals were weighted at 25%, in the aggregate. The operational and functional goals related to attaining excellence with respect to safety, product quality and delivery improvements, remediation of previously identified material weaknesses in internal controls, reduction of net debt leverage, improvements to the NN Operating System, deployment of a manufacturing enterprise software platform within the business groups, successfully integrating acquisitions exceeding new sales targets and successful execution of the Company's acquisition and divestiture strategy.

We provide our executive officers with targeted executive incentive compensation of 45% to 100% of base salary, as shown in the table below. In 2018, the Compensation Committee established the following targeted award levels for our named executive officers.

Name	Target Award Opportunity as a % of Base Salary
Mr. Holder	100%
Mr. Burwell	50%
Mr. Atkinson	50%
Ms. Nixon	45%
Mr. Veltman	50%

With respect to the approach used by the Compensation Committee to establish the threshold, target and maximum performance goals, the Committee considered multiple factors that included, but were not limited to, historical performance, budget performance for fiscal 2018 and targeted levels of performance improvement over multiple years. Performance metrics are established at a level that focuses on key business success factors that drive performance and challenge management to achieve higher operational performance. Target performance is considered difficult, yet attainable, to achieve at the time when the goals are set.

In addition, the Compensation Committee established a performance gate for 2018 of Company adjusted earnings per share of \$1.24. If the Company did not achieve at least \$1.24 adjusted earnings per share for 2018, no payout under this program would be made. For 2018, the specific Company and business group financial goals, weighting of the goals and actual achievement by the Company, the Life Sciences and the Mobile Solutions groups in relation to the performance levels previously set by the Compensation Committee is reflected in the following tables:

- (1) If the Company does not attain the threshold performance for Adjusted Earnings per Share, no payout under the program is made.
- (2) Adjusted earnings per share represents GAAP net income, adjusted to exclude the tax-affected effects of restructuring and impairment charges (related to plant closures and other charges incurred to implement our strategic goals, that do not necessarily represent a major strategic shift in operations), charges related to acquisition and integration costs, amortization of intangibles costs for fair value step-up in values related to acquisitions and amortization of deferred financing costs, and foreign exchange gain (loss) on inter-company loans. We believe this performance measure provides meaningful supplemental information regarding our core operational performance.
- (3) Free Cash Flow represents GAAP net income, adjusted to include income taxes, interest expense, depreciation and amortization, acquisition and integration expenses, non-stock compensation, foreign exchange gain (loss) on intercompany loans, and working capital, and further adjusted to exclude capital expenditures, interest expense, dividends, and income tax expense. We believe this performance measure provides meaningful supplemental information regarding our core operational performance.
- (4) Amounts reported in millions of U.S. dollars.

In March 2019, the Compensation Committee met to consider the payment of executive incentive compensation. Because the Company's adjusted earnings per share was below the threshold amount, no payout under this program was made.

Long-Term Incentive Compensation. We provide performance-based long-term incentive compensation to certain employees, including our named executive officers, to directly tie the interests of these individuals to the interests of our stockholders. We believe that long-term equity compensation is an important retention tool. We also encourage stock ownership which we regard as important for commitment, engagement and motivation. In March 2015, our Board established stock ownership guidelines of five times annual base salary for our Chief Executive Officer, three times annual base salary for our other executive officers and three times the annual cash retainer for directors, which acts to further align the interests of our directors and executive officers with those of our stockholders.

In 2015, we significantly enhanced our executive compensation program by including in our long-term incentive compensation program performance stock units, or PSUs, that vest based on our total shareholder return, or the TSR Awards, relative to the S&P SmallCap 600 Index, and on our return on invested capital, or the ROIC Awards, over a three-year performance period (Performance Period). In addition, our named executive officers receive long-term incentive compensation in the form of shares of restricted stock. Such long-term incentive compensation is equally allocated among TSR Awards, ROIC Awards and restricted stock awards. Our long-term incentive compensation is designed to directly align the interests of executives to the interests of our stockholders and to create long-term stockholder value.

The Compensation Committee chose the S&P SmallCap 600 Index as a relative TSR comparison group because it is a broad and stable index group that is comprised of companies with similar market capitalizations as ours. TSR is calculated by taking a total of share price appreciation plus dividends over the three-year period compared to our share price at the beginning of the period. The performance metrics and corresponding payouts for TSR Awards are based on our ranking within the S&P SmallCap 600 for all performance cycles that are currently outstanding, and are as follows:

Performance	Payout
Threshold - At 35 th percentile	50% of target
Target - At 50 th percentile	100% of target
Maximum - At 75 th percentile	150% of target

If performance is below the 35th percentile, no award will be earned or paid as it relates to that measure.

The performance metrics and corresponding payouts for ROIC Awards granted in 2018 are based on our achieving a specified average return on invested capital during the Performance Period as follows:

Performance	Payout
Threshold 15.5%	35% of target
Target 18.0%	100% of target
Maximum 20.5%	150% of target

If we do not achieve at least an 15.5% return on invested capital during the Performance Period, no award will be earned or paid.

If the PSUs do not vest at the end of the Performance Period, such PSUs will expire automatically. Upon vesting, the PSUs will be settled by the issuance of shares of common stock, subject to the executive's continued employment

through the vesting date. The actual number of shares of common stock that will be issued to each award recipient at the end of the Performance Period will be interpolated between a threshold and maximum payout amount based on actual performance results. No dividends will be paid on outstanding PSUs during the Performance Period; however, dividend equivalents will be paid based on the number of shares of common stock that are ultimately earned at the end of the Performance Period.

The Restricted Stock will vest ratably over three years in accordance with historical compensation practice, subject to continued employment. Dividends will be paid on outstanding Restricted Stock during the vesting period.

For 2018, the Compensation Committee established a long-term incentive compensation target opportunity for each executive that ranged between 250% and 65% of the respective named executive officer's base salary and was intended to approximate the market values of long-term equity awards granted within our peer group. Each named executive officer's long-term incentive opportunity award in 2018 is shown in the following table:

Name	Grant Date Fair	Grant Date Fair	Grant Date Fair	Grant Date Fair
	Value of TSR Awards	Value of ROIC Awards	Value of Restricted Stock	Value of Long-Term Incentive Compensation
Mr. Holder	\$ 753,033	\$ 749,978	\$ 749,978	\$ 2,252,989
Mr. Burwell	\$ 100,597	\$ 100,189	\$ 100,189	\$ 300,975
Mr. Atkinson	\$ 73,950	\$ 73,650	\$ 73,650	\$ 221,250
Ms. Nixon	\$ 53,269	\$ 53,053	\$ 53,053	\$ 159,375
Mr. Veltman	\$ 102,273	\$ 101,858	\$ 101,858	\$ 305,989

TSR and ROIC Metrics and Actual Performance Attainment 2016-2018 Performance Period. In 2016, the Compensation Committee established the following TSR and ROIC performance thresholds to be measured over the 2016-2018 performance period:

TSR Performance	Payout
Threshold - At 35 th percentile	50% of target
Target - At 50 th percentile	100% of target
Maximum - At 75 th percentile	150% of target

ROIC Performance	Payout
Threshold 15.5%	35% of target
Target 18.0%	100% of target
Maximum 20.5%	150% of target

In March 2019, we certified to the Compensation Committee that during the 2016-2018 performance period Relative TSR was -57.6% (6th percentile) and ROIC was 13.0%, both of which were below the threshold requirements. As a result of the Relative TSR and ROIC results, no performance shares were awarded to our named executive officers under the 2016 Long-Term Incentive Compensation Plan.

Benefits. In addition to the three elements of total direct compensation (base salary, annual incentive compensation and long-term equity incentive compensation), we provide certain other benefits to our named executive officers, including a car allowance for the Chief Executive Officer, country club dues (which were discontinued in the Fall of 2018), limited personal use of the Company aircraft by the Chief Executive Officer, Company-matched contributions under a 401(k) savings plan, premium payments relating to supplemental disability insurance, health savings accounts, group term life insurance, employee travel allowance, relocation costs and moving expenses. Most of these benefits are limited in financial significance, but we view these as necessary from a recruitment and retention perspective. In 2018, we relocated our corporate headquarters to Charlotte, North Carolina and compensated certain of our named executive officers impacted by the relocation. These relocation benefits are one-time in nature and should not be considered part of our annual compensation philosophy. These benefits included a make whole payment related to the difference in real estate values in Charlotte and Johnson City, Tennessee (the former location of our corporate

headquarters), reimbursement for real estate closing and related costs, tax assistance, reimbursement of certain moving expenses and a general moving expense allowance equal to one month of salary. Accordingly, Messrs. Holder, Burwell and Atkinson and Ms. Nixon received relocation benefits in the amounts of \$797,120, \$590,586, \$490,439 and \$330,531, respectively.

Say on Pay Analysis

At our 2018 Annual Meeting, we held an annual advisory vote on executive compensation, and over 97% of our stockholders voted in favor of our named executive officer compensation for 2017. We considered these results to be an endorsement by our stockholders of our compensation program and practices.

At this year's Annual Meeting, we will again hold an annual advisory vote to approve our named executive officer compensation. The Compensation Committee will continue to consider the results from this year's and future advisory votes on named executive officer compensation, as well as feedback from stockholders throughout the course of such year, when evaluating our compensation program.

Furthermore, based on the results of the advisory vote held at our 2017 Annual Meeting on the frequency of advisory votes on executive compensation, we intend to continue our practice to hold an advisory vote to approve our named executive officer compensation annually and will continue to consider the results from future advisory votes on the frequency of advisory votes on executive compensation, as well as feedback from stockholders, when evaluating our compensation program.

Risk Considerations

We structure our executive compensation arrangements in order to encourage executives to take appropriate risks designed to enhance our performance and increase stockholder value. We believe that providing a balanced mix of stock- and cash-based compensation arrangements tied to both corporate and individual performance goals provides an appropriate balance of incentives for executives and helps to avoid the taking of inappropriate or excessive risks. The Compensation Committee has assessed our compensation objectives, philosophy, policies, procedures and forms of compensation, and has concluded that our compensation program and principles do not create risks that are likely to have a material adverse effect.

With respect to specific elements of compensation:

Base salary does not encourage risk-taking as it is a fixed amount and but one component of a balanced, multi-component approach to compensation and rewards.

Our executive incentive compensation for executive officers is designed to reward achievement of performance metrics, which we believe will create stockholder value. Through a combination of plan design and management procedures, undue risk-taking is mitigated. Our executive incentive compensation is also structured to be self-funding in that portions of the incentive that are based on performance measurements must be obtained after the expense of the incentive is considered.

Awards under our long term incentive plans are determined by the Compensation Committee and subject to vesting requirements. We have stock ownership guidelines to ensure that a meaningful portion of an executive officer's net worth is in our common stock and therefore tied to long-term sustainable performance. We believe this negates any motivation to take inappropriate risks associated with business performance.

Compensation of our Executive Officers

We believe that our and our stockholders' interests are best served by developing and maintaining compensation policies and practices that attract and retain qualified and dedicated executives who are essential to our long-term success; are competitive with the compensation arrangements offered by comparable companies including our competitors; tie a significant portion of an executive officer's compensation to our and the individual's performance; and directly align the interests of management with the interests of our stockholders through stock-based compensation arrangements.

Compensation of the Chief Executive Officer

Our decisions regarding compensation of our Chief Executive Officer, or our CEO, are guided by the same policies and considerations that govern compensation of our other executive officers. The Compensation Committee reviews and evaluates the CEO's individual performance annually on the basis of his actual performance in comparison to written financial and strategic objectives established at the beginning of the year by the Compensation Committee. The Compensation Committee also evaluates the CEO based upon our financial performance as compared to our annual business plan and compares the CEO's compensation to the peer companies. Additionally, on an annual basis, the CEO prepares a written succession plan that is reviewed by the Compensation Committee. This plan includes a plan of succession for the CEO and our other executive officers.

Legacy Tax Provisions. In 2013, we entered into an employment agreement with Mr. Holder based on the same form of employment agreement that we had with each of our named executive officers at that time, which included an excise tax reimbursement provision, or tax gross up, related to termination following a change-in-control. The tax gross up provisions included in the form employment agreement were legacy provisions and were included in these executives' original agreements executed in 2006. Based on our analysis of the structure and formulas contained in the employment agreements, and with assistance from our compensation consultant and outside counsel, we have determined that the tax gross up provisions in these agreements are not capable of being triggered, and as such, the provision has no practical effect. Going forward, we do not plan to include these provisions in future in employment agreements.

Stock Ownership Policies

Stock Ownership Requirements. To further align management and stockholder interests and discourage inappropriate or excessive risk-taking, our stock ownership policy requires each executive officer to obtain a substantial equity stake in us within five years of the effective date of this policy, March 19, 2020, or within five years of their appointment to an executive position. Our CEO is required to own shares with a market value of at least five times his annual base salary. The requirement for the Section 16 officers is three times their annual base salary and for non-employee directors, three times their annual retainer. Under the policy, beneficial ownership includes: shares owned directly by the individual; shares owned jointly with or separately by the individual's spouse; shares held in trust for the benefit of the individual, the individual's spouse and/or children; and restricted stock units (vested and unvested).

Pledging Policy. In addition, our insider trading policy prohibits any director or officer (including the named executive officers) from pledging any of our securities as collateral for a loan without first obtaining approval from our Chief Executive Officer and our General Counsel.

Hedging Policy. Our insider trading policy prohibits our directors and officers (including the named executive officers) from engaging in any transactions involving a derivative of our securities, including hedging transactions.

Incentive Compensation Recoupment (Claw-Back) Policy

To further discourage inappropriate or excessive risk-taking, the Compensation Committee has adopted a recoupment policy applicable to our executive officers. Under the policy, in the event of a material restatement of our consolidated financial statements, willful misconduct or fraud, the Compensation Committee may, to the extent permitted by law and to the extent it determines that it is in our best interests to do so, in addition to all other remedies available to us require reimbursement or payment of the portion of any annual incentive compensation, including any equity compensation, paid or awarded to the executive within the three year period prior to the date such material restatement is first publicly disclosed that would have been materially lower if determined using the restated financial results.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the section in this Proxy Statement entitled "Compensation Discussion and Analysis" with management, and, based on the review and discussions referred to above, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

- (1) As previously announced, Mr. Burwell will be departing the Company but has agreed to remain in his current role and assist with an orderly transition while a search for a replacement is being conducted.
- (2) Amounts in the Stock Awards column represent the grant date fair values of shares of restricted stock, TSR Awards and ROIC Awards granted. The grant date fair values were computed in accordance with FASB ASC Topic 718. The grant date fair value of restricted stock was based on the closing price of our stock on the date of grant. The grant date fair value of TSR Awards was determined using a Monte Carlo simulation model. The grant date fair value of ROIC Awards was based on the closing price of our stock on the date of grant. The grant date fair values of PSUs in the table above assumes target performance, but the actual number of performance shares distributed at the end of the performance period is dependent upon the achievement of stated performance goals. The following tables reflect the grant date fair value of the PSUs at target, as well as the maximum grant date fair value if the highest level of performance is achieved. Additional information regarding the TSR Awards and ROIC Awards is set forth under Note 17 of the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2018 filed with the SEC on March 18, 2019.

Grant Date Fair Value of TSR Awards

Name	Target Value (\$)	Maximum Value (\$)
Mr. Holder	753,033	1,129,550
Mr. Burwell	100,597	150,896
Mr. Atkinson	73,950	110,925
Ms. Nixon	53,269	79,904
Mr. Veltman	102,273	153,410

Grant Date Fair Value of ROIC Awards

Name	Target Value (\$)	Maximum Value (\$)
Mr. Holder	749,978	1,124,967
Mr. Burwell	100,189	150,284
Mr. Atkinson	73,650	110,475
Ms. Nixon	53,053	79,580
Mr. Veltman	101,858	152,787

- (3) Amounts represent the grant date fair value, as computed in accordance with the FASB ASC Topic 718. Options granted to officers and other key employees vest over a period of three years beginning on the first anniversary of the date of grant and are exercisable at the closing market price of the date of grant. The assumptions used to calculate the value of these option awards are set forth under Note 17 of the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2018 filed with the SEC on March 18, 2019.
- (4) Generally, non-equity incentive plan compensation is earned in one fiscal year and paid in the first quarter of the next year. No non-equity incentive plan compensation was earned during 2018.
- (5) Reflects all other compensation, as summarized in the following table for 2018:

Name	Personal Automobile Allowance (\$)	Personal Use of Company Aircraft⁽¹⁾ (\$)	Country Club Dues⁽²⁾ (\$)	Supplemental Disability Insurance (\$)	401(k) Company Match (\$)	Health Savings Account (\$)	Excess Group Term Life Insurance Premiums (\$)	Travel Allowance (\$)	Relocation Expenses⁽⁴⁾ (\$)	Total (\$)

Mr. Veltman				3,916	4,817	750	2,400	3,000		14,883

- (1) Pursuant to the Company's policy, the Chief Executive Officer is entitled to personal use of the Company aircraft of up to \$100,000 per year in expenses. The amount in this column was determined by calculating the incremental cost, including fuel, pilot and other variable costs. No other executive officer is entitled to personal

- use of the Company aircraft.
- (2) The Company discontinued this benefit in the fall of 2018.
 - (3) Mr. Veltman was paid a travel award for electing to fly coach on several overseas trips rather than business class as permitted by Company policy.
 - (4) In 2018, the Company relocated its corporate headquarters to Charlotte, North Carolina and compensated certain of its named executive officers impacted by the relocation. Amounts in this Relocation Expenses column include a make whole payment related to the difference in real estate values in Charlotte, North Carolina and Johnson City, Tennessee (the former location of the Company's corporate headquarters), reimbursement for real estate closing and related costs, tax assistance, reimbursement of certain moving expenses and a general moving expense allowance equal to one month of salary. These Relocation Expenses did not include any home loss buyouts.

The following table sets forth information with respect to plan-based awards granted during 2018 to the named executive officers.

- (1) Estimated Future Payouts Under Non-Equity Incentive Plans represent the threshold, target, and maximum amounts that could be earned under our Non-Equity Incentive Compensation program at targets established for each level. Until the threshold performance is obtained, no incentive is earned. If the maximum performance had been achieved, the named executive officers would have received one and one-half times their target bonus amount. See Compensation Discussion & Analysis What We Pay and Why: Elements of Compensation Non-Equity Incentive Compensation for more information regarding our bonuses.
- (2) Amounts represent the grant date fair value, as computed in accordance with FASB ASC Topic 718. The grant date fair value of TSR Awards was determined using a Monte Carlo simulation model. The grant date fair value of ROIC Awards was based on the closing price of our stock on the date of grant. The PSUs vest over a three-year performance period. Additional information regarding the PSUs are set forth under Note 17 of the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the year ended December 31, 2018 filed with the SEC on March 18, 2019. See also Compensation Discussion & Analysis What We Pay and Why: Elements of Compensation Long-Term Incentive Compensation for additional information regarding our PSUs, including information regarding performance criteria.

Employment and Change of Control Agreements with Named Executive Officers

Each of our named executive officers has either a separation agreement or a written employment agreement to serve in his respective position that extends automatically for successive one-year terms unless either party gives notice of termination. We may terminate each named executive officer's employment with or without cause, but if terminated without cause, the executive would continue to receive his annual salary, paid on a monthly basis, for either (i) eighteen months, or (ii) twelve months, subject to the increase noted below, from the date of termination, plus a lump sum payment of \$12,000 as a transition assistance payment. If the named executive officer has more than 12 years of service at the date of termination, such named executive officer will receive one additional month of salary paid for each year of service up to a maximum additional six months, if employed for 18 years or more. The agreements for each of our named executive officers also include a non-competition term that ends two years after the conclusion of each executive's employment with the Company.

The written employment or separation agreements for our named executive officers have change of control provisions. These provisions state if a named executive officer's employment is terminated within two years following a change of control (i.e., a double-trigger), as defined in each named executive officer's agreement, each named executive officer will receive: (i) a lump sum payment equal to the sum of two-times the named executive officer's base salary (as of the date of termination) plus the named
