2018 PERFORMANCE HIGHLIGHTS

Top Performance

Consistent Results

GLPI has produced consistent increases in dividends and adjusted funds from operations (AFFO) since its spin-off from Penn National Gaming, Inc. (Penn) in 2013.

- (1) December 31, 2014 excludes one-time dividends of \$11.84 and \$0.40 per share paid to shareholders on February 18, 2014 and December 19, 2014, respectively.
- (2) AFFO and AFFO per share are non-GAAP financial measures. AFFO per share is calculated using the Company's outstanding number of shares on a fully diluted basis. AFFO is FFO as defined by the National Association of Real Estate Investment Trusts (net income, excluding gains or losses from sales of property and real estate depreciation), excluding stock based compensation expense, debt issuance costs amortization, other depreciation, amortization of land rights, straight-line rent adjustments, direct financing lease adjustments, losses on debt extinguishment, retirement costs and goodwill impairment charges, reduced by maintenance capital expenditures. For a complete discussion of our financial performance in 2018 and additional information on non-GAAP financial measures presented in this Proxy Statement, please see our Annual Report on Form 10-K for the year ended December 31, 2018, a copy of which is included in the Annual Report to Shareholders made available to shareholders in connection with this Proxy Statement.

EXECUTIVE COMPENSATION

Gaming REITs Unique Position

On November 1, 2013, we emerged as a publicly traded company through a tax-free spin-off from Penn. We were the first triple-net REIT focused entirely on the ownership and leasing of gaming properties, establishing a new category of gaming REITs. This innovative approach ignited a wave of conversions that included some of the largest gaming companies in the industry – MGM Resorts International, Caesars Entertainment Corporation and Pinnacle Entertainment, Inc. Today, there are three publicly traded gaming REITs. GLPI differs from more traditional REITs in several key aspects:

Long-Term, Stable Master Leases

Our master leases are unitary, long-term leases (up to 35 years), primarily with established, profitable gaming operators as our tenants. These leases do not provide our tenants the ability to freely select specific locations on renewals or remove properties during the lease term. The result is dependable cash flow, stable dividends and fully-occupied properties.

Significant Regulatory Oversight

As a gaming REIT, we are subject to the jurisdiction and licensing of gaming regulatory agencies in several states. This has two significant impacts on our business: (1) the licensing of our officers, directors and entities is an onerous and intrusive process; and (2) our acquisitions require investigation, review and approval by gaming regulators, which can take up to a year in some instances.

Complex Transactions

Gaming companies are typically held in corporate structures that require separation of assets into OpCo/PropCo structures in a manner that minimizes tax leakage and maximizes value. To do so in a manner accretive to shareholders, detailed analysis, understanding and the ability to solve complex accounting, tax and legal issues is required, as is a thorough understanding of the underlying gaming business to avoid overpaying for assets that may under-perform in the long-term and adversely impact rent.

Tenants Lack Alternative Locations

The strict gaming regulatory structure makes it difficult in most states, and impossible in others, for our tenants to relocate to a different location. In states where gaming regulators would permit the relocation of an existing gaming facility, the construction of new gaming facilities – and in many cases, horse racing facilities – is a capital intensive and time-consuming process. More importantly, at lease termination, tenants are required to sell

	<p>operating assets to a licensed operator entering into a new long-term lease for the facilities rather than simply moving assets to another location.</p>
Limited Development Opportunities	<p>Many states limit the number of casino licenses. As a result, our ability to develop new properties is very limited.</p>
Operation of Gaming Facilities	<p>We operate two gaming facilities located in Baton Rouge, Louisiana and Perryville, Maryland with over 600 employees. Our gaming operations are subject to significant regulatory oversight.</p>

Success in this segment of the REIT industry requires gaming experience as well as the ability to solve complex accounting, legal and tax issues. The Compensation Committee has determined that compensating our executive management using a REIT Global Industry Classification Standard (GICS) code is not appropriate given our operations and the talent required to support the complex and unique nature of our business. The Compensation Committee designed the executive compensation program to attract and retain executive talent with the necessary experience in, and understanding of, gaming assets while recognizing that performance metrics should reflect the Company's operation as a triple-net REIT.

The Compensation Committee implemented a two-pronged approach:

- (1) offer base salaries competitive with the Company's gaming peers to attract and retain the unique skill sets necessary to appropriately value properties with revenues primarily derived from gaming operations; and
- (2) offer performance-based compensation designed to appropriately motivate our executives to drive shareholder value in the competitive REIT market.

By focusing on the Company's gaming peers in establishing base salary and the Company's REIT peers in structuring performance incentives, we believe our compensation program is successful in attracting and retaining high-performing talent with the experience and skills necessary for acquiring assets in accretive transactions and driving shareholder value.

Table of Contents

2018 Named Executive Officer Compensation

In 2018, the total potential compensation opportunity of our Chief Executive Officer (CEO) and other named executive officers (NEOs) consisted of the following:

* Excludes William J. Clifford, who retired from the Company on May 4, 2018.

The base salary of our CEO is competitive with the Company's gaming peers and has not been increased since 2012, which is the same salary he received as the Chief Executive Officer of Penn. Mr. Carlino's base salary was not increased in 2019 and it is the Compensation Committee's intention to continue with the policy of not increasing Mr. Carlino's base salary for the foreseeable future.

(1) Base salary for the Company's gaming peers is for 2017 based on public disclosures in 2018. Our CEO's base salary has not changed since 2012.

Proposal 1 Election of Directors

At our Annual Meeting, shareholders will elect seven (7) directors to hold office until our 2020 Annual Meeting of Shareholders. The nominees were recommended and approved for nomination by our Nominating and Corporate Governance Committee. The directors will serve until their successors have been duly elected and qualified or until such director's earlier resignation or removal. Proxies cannot be voted for a greater number of persons than the number of nominees named. If you sign and return the accompanying proxy, your shares will be voted for the election of the nominees recommended by our Board of Directors, unless you mark the proxy in such a manner as to withhold authority to vote. If any of the nominees for any reason are unable to serve or will not serve, the proxies may be voted for such substitute nominees as the proxy holder may determine. We are not aware of any reason that the nominees will be unable to serve as a director.

Peter M. Carlino, David A. Handler, Joseph W. Marshall, III, James B. Perry, Earl C. Shanks, Barry F. Schwartz and E. Scott Urdang are being nominated for election to our Board of Directors to serve for a term through the 2020 Annual Meeting of Shareholders. We did not pay a fee to any third party to identify or evaluate any potential nominees. However, we are working with Spencer Stuart to identify potential Board nominees with a focus on gender diversity.

Required Vote

At the 2018 Annual Meeting of Shareholders, shareholders approved amendments to the Company's Articles of Incorporation to implement a majority voting standard with a resignation policy. Under a majority voting standard, once a quorum has been established, in an uncontested director election, a candidate must receive the affirmative vote of a majority of the votes cast with respect to the election of that candidate. The resignation policy set forth in our Corporate Governance Guidelines requires any director nominee who fails to receive the requisite majority vote to promptly, following certification of the shareholder vote, tender his or her resignation from the Board and all committees upon which he or she serves. Our Board will then assess the appropriateness of such nominee continuing to serve as a director and decide whether to accept or reject the resignation, or whether other action should be taken. The policy further provides that any director who tenders his or her resignation shall not participate in the Board action regarding whether to accept the resignation offer. Our Board will act upon the tendered resignation and publicly disclose its decision and rationale within ninety (90) days following certification of the shareholder vote.

In a contested director election, a plurality voting standard will continue to apply. Under the plurality voting standard, each of the nominees receiving the highest number of affirmative votes of the shares entitled to be voted for him or her will be elected.

The election of directors at the Annual Meeting is uncontested and the majority voting standard will determine the directors that will serve until the 2020 Annual Meeting of Shareholders and until his or her successor is duly elected and qualified. Votes withheld shall have no legal effect. Brokers are not permitted to vote your shares for the election of directors absent instruction from you. Therefore, we urge you to give voting instructions to your broker on the proposal so that your votes may be counted on this important matter.

Our Directors

Our directors serve subject to the requirements of our charter and bylaws, including the requirement that directors not be unsuitable persons. In certain jurisdictions, our directors, either by statute or discretion of the applicable gaming or racing regulatory authority, are required to obtain licenses. Licenses typically require a determination that the applicant qualifies or is suitable to serve as a director and hold such a license. If one of our directors were to be determined to be an unsuitable person within the meaning of our charter, he or she would be subject to removal for cause by affirmative vote of the remaining members of our Board of Directors or by shareholders with an affirmative vote of 75% of the votes cast at a shareholders meeting.

There are no family relationships among any of our directors or executive officers.

AGE: 69

DIRECTOR SINCE: 2013

The Board of Directors supports and approves Mr. Urdang's nomination and continued service on our Board of Directors because of his extensive experience, comprehensive knowledge, and strong record of success in the real estate industry as an investor, developer, entrepreneur, and professor.

The Board of Directors Recommends a Vote for the Election of the Nominated Directors.

BOARD COMPOSITION

Our business and affairs are managed under the direction of our Board of Directors. Our bylaws provide that our Board of Directors will consist of a number of directors to be fixed exclusively by resolution of the Board of Directors. The size of our board is currently set at seven (7) directors.

In 2016, shareholders approved a declassification of our Board of Directors. Effective as of this year's Annual Meeting, our Board will be completely declassified with all directors elected for one-year terms. Each director's term continues until the election and qualification of his or her successor, or his or her earlier death, resignation or removal. Newly created directorships resulting from any increase in the number of directors and any vacancies resulting from death, resignation or removal from office or other cause will be filled generally by the majority vote of the remaining directors in office, even if less than a quorum is present. A director may be removed by the Board of Directors only

for cause or by the shareholders only for cause and only by the vote of 75% of the shares entitled to vote.

DIRECTOR INDEPENDENCE

Our Board of Directors observes all applicable criteria for independence established by The Nasdaq Stock Market LLC (Nasdaq) and other governing laws and applicable regulations. No director will be deemed to be independent unless our Board of Directors determines that the director has no relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our Board of Directors has determined that each of our directors, other than Mr. Carlino, is independent as defined under the corporate governance rules of Nasdaq and, with

respect to the committees on which they serve, the applicable rules and regulations of the Securities and Exchange Commission (SEC) and Nasdaq.

BOARD LEADERSHIP STRUCTURE AND BOARD S ROLE IN RISK OVERSIGHT

Our Board of Directors has no policy with respect to the separation of the offices of CEO and Chairman of the Board of Directors (Chairman). It is the Board s view that rather than having a rigid policy, it, with the advice and assistance of the Nominating and Corporate Governance Committee, and upon consideration of all relevant factors and circumstances, will determine, as and when appropriate, whether the two offices should be separate. Currently, our CEO also serves as the Chairman. Our Board believes this is appropriate because of the Chairman s role in leading the Company and his proven track record of generating significant shareholder value for Penn over the years prior to the spin-off transaction, which led to the creation of the Company. Moreover, our Board believes that the Chairman s substantial beneficial ownership of the Company s equity has strongly aligned his interests with the interests of shareholders. Because we have selected to have Mr. Carlino serve in both the roles of Chairman and CEO, we have appointed Mr. Marshall to be our Lead Independent Director. As Lead Independent Director, Mr. Marshall s responsibilities include:

consulting with the Chairman, as appropriate, regarding the information, agendas and schedules of Board and Board committee meetings, including the ability to add items to the agendas for any meeting;

scheduling, setting the agenda for and serving as chair of meetings of independent directors;

Table of Contents

serving as principal liaison between the independent directors and the Chairman of the Board and between the independent directors and senior management;

presiding at all meetings of the Board at which the Chairman of the Board is not present, including executive sessions of the independent directors;

in the event of the death, incapacity, resignation or removal of the Chairman of the Board, becoming the acting Chairman of the Board until a new Chairman is selected; and

ensuring that he is available for consultation and direct communications on behalf of the independent directors with major shareholders as appropriate.

Our Board of Directors plays an active role in the oversight of risks impacting our Company and the management team is charged with managing such risks. Our Board of Directors works closely with management to ensure that integrity, security and accountability are integrated into our operations. Our Compensation Committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements. Our Audit and Compliance Committee oversees the management of financial risks and is tasked with focusing on and analyzing risks related to cybersecurity and, for

that purpose, receiving reports from management regarding cybersecurity risks and countermeasures being undertaken or considered by the Company to prevent information security incidents, detect unusual activity, and to be prepared to respond appropriately should an incident occur. The Nominating and Corporate Governance Committee is responsible for overseeing the risks associated with the Company's governance policies as well as the independence of the Board of Directors. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, our full Board of Directors is regularly informed regarding such risks through committee reports and otherwise.

COMMITTEES OF THE BOARD OF DIRECTORS

Our Board of Directors has established the following committees: the Audit and Compliance Committee; the Compensation Committee; and the Nominating and Corporate Governance Committee. The composition of each Board committee satisfies the independence requirements and current standards of the SEC and the rules of Nasdaq (as applicable). Current copies of the charters for each of the committees are available on our website, www.glpropinc.com, under the About section.

DIRECTOR COMPENSATION

Our non-employee directors receive both cash and equity compensation for service on our Board. The compensation of our non-employee directors is reviewed annually by the Compensation Committee with the assistance of the Compensation Committee's independent compensation consultant, FTI Consulting, Inc. (FTI). Our Board's compensation program for non-employee directors is designed to meet the following objectives:

to provide fair compensation to directors commensurate with the time commitments, responsibilities and strict gaming licensing requirements that must be maintained for service on our Board;

to attract and retain experienced, highly-qualified individuals to serve on our Board; and

to provide a compensation program that aligns the interest of directors with shareholders by providing a significant portion of annual compensation in the form of equity.

Director Stock Ownership Guidelines

Our Board believes that it is important for non-employee directors to have a financial stake in the Company such that their interests are more closely aligned with those of our shareholders. Accordingly, the Board has established stock ownership guidelines for our non-employee directors. Each non-employee director is expected to acquire, and continue to hold during the term of his or her service on the Board, equity with a value equal to five times the annual cash retainer indicated above. As of April 5, 2019, all non-employee directors

were in compliance with the ownership guidelines set forth above.

COMMUNICATIONS WITH THE BOARD OF DIRECTORS

The Board believes it is important for shareholders and others to have a process to send communications to the Board. Shareholders who wish to communicate with directors should do so by writing to Gaming and Leisure Properties, Inc., 845 Berkshire Boulevard, Suite 200, Wyomissing, PA 19610, Attention: Secretary. The Secretary of the Company reviews all such correspondence and forwards to the Board of Directors a summary of all such correspondence and copies of all correspondence that, in the opinion of the Secretary, deals with the functions of the Board of Directors or Board committees or that he otherwise determines requires their attention. may at any time review a log of all correspondence received by the Company that is addressed to members of the Board of Directors and request copies of any such correspondence. Concerns relating to accounting, internal controls or auditing matters will be brought to the attention of the Company's Audit and Compliance Committee.

DIRECTOR NOMINATION PROCESS

Minimum Qualifications of Directors

The Nominating and Corporate Governance Committee of the Board of Directors is responsible for evaluating and recommending candidates for membership on our Board, including director nominees suggested by, among others, other Board members, management and shareholders. Our Nominating and Corporate Governance Committee may also retain professional search firms to identify candidates.

The Nominating and Corporate Governance Committee seeks to identify, as candidates for director, persons with gaming and/or real estate industry knowledge; senior management experience; diversity of viewpoints, experiences and other demographics (including, gender, race, ethnicity and age); business acumen; strength of character; integrity; and mature judgment. The Nominating and Corporate Governance Committee will also consider, among other considerations set forth in the Company's Corporate Governance Guidelines:

a candidate's background and skills, including financial literacy, independence, and the contribution he or she would make in light of the Company's business strategy;

a candidate's ability to meet the suitability requirements of all relevant regulatory authorities;

a candidate's ability to represent the interests of the shareholders;

a candidate's ability to work constructively with the Company's management and other directors; and

a candidate's availability, including the number of other boards on which the candidate serves, and his or her ability to dedicate sufficient time and energy to his or her board duties.

The Nominating and Corporate Governance Committee Charter and the Company's Corporate Governance Guidelines are available on our website, www.glpropinc.com, under the "About" section.

Commitment to Diversity

The Board is focused on ensuring that it is composed of individuals with diverse viewpoints, backgrounds, experiences, skillsets, perspectives and other demographics (including, gender, race, ethnicity and age). The Board believes that Board diversity is critical to thoroughly assess risk, anticipate challenges and scrutinize the complex and dynamic issues that impact the Company and its shareholders. The current Nominating and Corporate Governance

Committee Charter outlines the characteristics and qualifications sought by the

Nominating and Corporate Governance Committee when considering potential director candidates, and includes, among other things, diversity.

The Nominating and Corporate Governance Committee's view on the topic of diversity is multifaceted and includes, but is not limited to, gender, race, ethnicity, age, education, professional experience and independence. Creating a Board of diverse, but also complementary, individuals requires the Nominating and Corporate Governance Committee to balance each factor through a holistic approach. Such approach enables the Nominating and Corporate Governance Committee to identify and recommend, for the selection by a majority of the Board, the best director candidates.

The Board and the Nominating and Corporate Governance Committee recognize the value of gender, race, ethnic and age diversity and are focused on expanding the Board to include women and people of color. As more fully described in the Company's response to the shareholder proposal presented as Proposal 4 in this Proxy Statement, the Nominating and Corporate Governance Committee is working with Spencer Stuart to identify candidates inclusive of such attributes for recommendation to the Board.

CORPORATE GOVERNANCE GUIDELINES

Our Board of Directors has adopted corporate governance guidelines that serve as a flexible framework within which our Board of Directors and its committees operate. These guidelines cover a number of areas including the size and composition of our Board of Directors, board membership criteria and director qualifications, director responsibilities, roles of Chairman and CEO, meetings and roles of independent directors, resignation policy, committee responsibilities and assignments, stock ownership guidelines, the role of our Lead Independent Director, Board member access to management and independent advisors and direct communications with third parties. A copy of our Corporate Governance Guidelines, is available on our website, www.glpropinc.com, under the About section.

SOCIAL RESPONSIBILITY AND ENVIRONMENTAL SUSTAINABILITY

We believe that environmental and community stewardship is an integral component of growing shareholder value and we are committed to fostering a corporate culture that encourages and seeks the betterment of the Company and the communities in which we operate or conduct business. With this in mind, we strive to integrate environmental, social and governance practices that create long-term economic value for our shareholders, employees and other constituents.

Employees

We strive to maintain a corporate environment that fosters a sense of community and well-being and that encourages our employees to focus on their long-term success along with the long-term success of the Company. We offer, among other things, competitive and balanced compensation programs on par with those of our peers and competitors that include well-rounded healthcare, prescription drug and disability insurance benefits for our employees and their families, participation in a 401(k) plan, with a matching contribution by the Company, competitive paid time-off benefits, a parental leave program that applies to both women and men and an employee assistance plan that provides professional support, access to special programs and certain resources to our employees experiencing personal, work, financial or family related issues.

We have also created and contributed to funds that provide assistance and aid to our employees who have experienced unexpected financial hardships. For example, in 2016, we

donated over \$250,000 to a fund we established for our employees experiencing devastating and unexpected financial hardships due to the catastrophic flooding that occurred in the greater Baton Rouge area.

We are passionate about developing and growing our talent. We devote substantial efforts to retaining, motivating and supporting our employees by providing access to such benefits and opportunities as tuition reimbursement,

professional development reimbursement and internal growth.

We view providing our employees with a healthy and safe working environment as essential. Our corporate headquarters and two gaming facilities located in Baton Rouge, Louisiana and Perryville, Maryland (together, the TRS Properties) are smoke-free environments. Additionally, we offer resources to our employees to encourage healthy habits, such as tobacco cessation and health coaches for those employees with certain chronic conditions, including but not limited to diabetes and asthma.

We employ, train and refresh our employees in accordance with our nondiscriminatory, inclusive practices and policies implemented to prevent discrimination and protect our employees, customers and stakeholders from offensive and harmful behaviors.

Community Service and Philanthropy

We take an active role in supporting the communities in which we operate by partnering with local and national organizations to administer charitable contributions, provide community service and organize the donation of goods to assist local families in need. Through non-profit partnerships, we partner with organizations such as Habit for Humanity to build and improve places for families to call home, the Salvation Army, through its Angle Tree program, and the United States Marine Corps Reserve, through its Toys for Tots program, to provide new clothing and toys to children during the holidays and Ray of Hope to facilitate the donation of new or gently used coats. Our Hollywood Casino Perryville employees participate in the Cecil Cares initiative, a countywide day of service coordinated by the Cecil County Department of Community Services, the Special Olympics and Project Clean Stream, an initiative focused on restoring clean waters to local streams, creeks and rivers in the Chesapeake Bay region. We also invest in our local communities through charitable contributions to such organizations as the Louisiana Casino Association, Woman's Hospital, one of the first women's specialty hospitals in the nation, the Alzheimer's Association and the National Multiple Sclerosis Society. We believe that our dedication to being a responsible corporate citizen has a direct and positive impact in the communities in which we operate and contributes to the strength of our reputation and our financial performance.

Environment

We strive to identify and implement sustainable business practices to minimize our environmental impact and improve our efficient use of resources over time. For our TRS Properties and our corporate headquarters, our focus on

Table of Contents

sustainable environmental practices is demonstrated by how we manage and operate these buildings and plan for the future. For example, in an effort to continue to conserve energy, Hollywood Casino Perryville partnered with Rich Energy Solutions, a consulting firm focused on helping clients improve their energy efficiency, to develop a program to reduce its energy consumption and environmental footprint. In connection with such program, Hollywood Casino Perryville has, among other things, removed its fluorescent light fixtures in favor of lower energy usage LED lighting fixtures and installed lighting controls to automatically turn lights on and off as needed to conserve energy and reduce costs. Similarly, Hollywood Casino Baton Rouge has adopted a LED lighting initiative and installed hand dryers throughout the property to reduce towel waste. At our corporate headquarters, we promote energy efficiency and encourage practices such as powering down office equipment at the end of the day and

recycling paper waste. In addition, our headquarters building was constructed in 2015 with such efficiencies in mind and implemented similar efficiency and conservation measures which include, among other things, the installation of motion sensor lighting throughout our corporate headquarters building and a sophisticated rain water management system that includes semi-permeable paving with an underground collection and distribution apparatus.

The remaining properties in our portfolio are leased to gaming operators in triple-net lease arrangements, meaning each gaming operator is ultimately responsible for maintaining the buildings including controlling their energy usage and the implementation of environmentally sustainable practices. Our tenants have implemented similar efficiency and conservation measures in recent capital expenditure projects.

- (2) AFFO and AFFO per share are non-GAAP financial measures. AFFO per share is calculated using the Company's outstanding number of shares on a fully diluted basis. AFFO is FFO as defined by the National Association of Real Estate Investment Trusts (net income, excluding gains or losses from sales of property and real estate depreciation) excluding stock based compensation expense, debt issuance costs amortization, other depreciation, amortization of land rights, straight-line rent adjustments, direct financing lease adjustments, losses on debt extinguishment, retirement costs and goodwill impairment charges reduced by maintenance capital expenditures. For a complete discussion of our financial performance in 2018 and additional information on non-GAAP financial measures presented in this Proxy Statement, please see our Annual Report on Form 10-K for the year ended December 31, 2018, a copy of which is included in the Annual Report to Shareholders made available to shareholders in connection with this Proxy Statement.

2018 Acquisitions

The Company added eight new properties to its portfolio, including two mortgaged properties, with the simultaneous closing of two significant transactions that resulted in the addition of two new tenants – Eldorado Resorts, Inc. (Eldorado) and Boyd Gaming Corporation (Boyd) – and the merger of one tenant into another – Pinnacle Entertainment, Inc. (Pinnacle) merged into Penn. For Eldorado and Boyd, these transactions represented their first master lease relationship with a REIT. GLPI has grown from twenty-one (21) properties at the time of its spin-off from Penn in 2013, to forty-six (46) properties located in sixteen (16) states through arms-length transactions with many of the industry's largest regional gaming operators, without any reliance on call options or other rights associated with its predecessor.

2018 Property Acquisitions		
Property	Tenant	Interest
Belle of Baton Rouge	Eldorado	Owned
Belterra Park Gaming	Boyd	Mortgage
Lumiere Place Casino & Hotels	Eldorado	Mortgage
Plainridge Park Casino	Penn	Owned
Tropicana Casino & Resort Atlantic City	Eldorado	Owned
Tropicana Evansville	Eldorado	Owned
Tropicana Casino Greenville	Eldorado	Owned
Tropicana Laughlin Hotel & Casino	Eldorado	Owned

These acquisitions added to the Company's high quality, geographically-diversified portfolio of gaming properties as well as the stable and predictable cash flow generated from its long-term, triple-net master leases.

Our Approach to Establishing the Compensation Program

GLPI emerged in November of 2013 as a publicly traded company through a tax-free spin-off from Penn. At the time, GLPI was the first triple-net REIT focused entirely on the ownership and leasing of gaming properties, establishing a new category of gaming REITs that now consists of three publicly-traded companies. The management of the Company requires a specialized

Table of Contents

skill set with specific knowledge of both the gaming and real estate industries. Due to the unique nature of our business among REITs, there is a disconnect between the comparable companies with whom the Company's stock trades REITs and the comparable companies with whom we compete for talent and assets gaming companies. Consequently, the Committee determined that compensating management using only a REIT Global Industry Classification Standard (GICS) code is one-sided and ineffective given the nature of GLPI's operations and the talent required to support the complex and unique nature of our business. The Committee's objective is to design the executive compensation program to attract and retain executive talent with the necessary experience in, and understanding of, gaming assets while recognizing that performance metrics should reflect the Company's operation as a triple-net REIT.

For 2018, the Committee began with a review of the 2017 compensation program, and to a lesser extent prior years, with a view toward identifying any areas that could be improved. Next, the Committee considered our most direct competitors, MGM Growth Properties LLC (created by MGM Resorts International (MGM)) and VICI Properties Inc. (emerged from the Caesars Entertainment Corporation bankruptcy). Unfortunately, neither of these competitors provide a meaningful comparison for analyzing executive compensation. MGM Growth Properties LLC is majority owned and controlled by MGM and, while it competes with the Company for assets, it is primarily accountable to one shareholder MGM and therefore its executive compensation structure does not provide a good comparison. VICI Properties Inc. is a relatively new company and the executive compensation information publicly available in its first year of reporting was limited.

Lacking a sufficient number of direct competitors, the Committee took a broader and more holistic view of the Company's business. In doing so, we determined that the Company's competitors consist of two distinct groups of companies: the companies with whom it competes for talent and assets gaming operators and the companies with whom it competes for investors gaming REITs and triple-net REITs. Together with FTI, the Committee structured the 2018 executive compensation program with this peer set in mind (*see page 30 for a list of the Company's peers*).

In structuring the Company's executive compensation program, the Committee considered the performance of the Company over the past five years, the complicated structuring and tax issues encountered in acquiring gaming assets, shareholder feedback, industry and general market trends in compensation practices, as well as the advice and recommendations of FTI.

The Challenge Aligning Our Compensation Program with Our Unique Business Model

We are focused on attracting and retaining executives with the knowledge and experience to grow shareholder value in our unique structure and operating environment and to lead the Company in an increasingly competitive business. With this as our goal, the Committee carefully designed the Company's compensation program, with the assistance of FTI, to attract and retain the talent necessary to drive growth in a REIT structure through the acquisition of gaming assets.

Focusing first on the need to retain executives with experience in, and understanding of, gaming assets and casino operations, the Committee has aligned the current NEOs' base pay with their peers in the gaming industry. The base compensation of our CEO is competitive among our gaming peers:

(1) Base salary for the Company's gaming peers is for 2017 based on public disclosures in 2018 and our CEO's base salary is for 2018. Mr. Carlino's base salary has not been increased since 2012 and remains unchanged in 2019.

However, recognizing that the Company's stock performance is strongly correlated with REITs, the Committee established performance goals for our 2018 cash bonus program and performance-based restricted stock awards designed to drive shareholder value, including:

a cash bonus program primarily tied to the stability and growth of AFFO, dividends and acquisition goals; and

performance-based restricted stock awards tied to the Company's performance measured against the broad US MSCI REIT index generally and triple-net REITs specifically.

These two components of at risk compensation represent a significant portion of management's total compensation opportunity:

* Excludes William J. Clifford, who retired from the Company on May 4, 2018.

By focusing on the Company's gaming peers in establishing base salary and the Company's REIT peers in establishing performance goals, we believe the compensation program is successful in attracting and retaining a talented management team with significant gaming experience that is capable of driving shareholder value as a REIT.

Executive Pay vs. Company Performance

Following the spin-off from Penn in 2013, the Company's NEOs transitioned to the Company at the same base pay in effect at the time of the spin-off. The Committee recognized at the time that while base salaries were in line with gaming company peers, they were elevated compared to triple-net REIT peers. Notably, the Company's CEO has not received an increase in pay since 2012 and his total realizable pay has remained relatively flat over the last three years despite a significant increase in AFFO.

Table of Contents

Performance-based equity awards are tied to multi-year performance goals in order to tie incentive compensation to long-term results. The performance goals established by the Committee require exceptional results to achieve maximum payout. The following table shows the status of the performance awards granted in each of 2014 through 2018.

Shareholder Outreach

The Company's shareholder base has changed dramatically since its spin-off from Penn in 2013 when shareholders were predominately gaming investors. Today, the Company's largest shareholders are REIT and index-oriented institutional investors. With the change in the composition of the Company's shareholders, the concerns of shareholders have changed and the Company has listened and responded.

The Company presents a shareholder advisory vote on executive compensation on an annual basis. At the Company's 2018 Annual Meeting of Shareholders, 93% of the voted shares approved such advisory vote.

The Company engages in periodic discussions with its shareholders throughout the year and during last two years it has made meaningful changes to its corporate governance structure and compensation programs as a result.

The Company's 2018 shareholder outreach efforts are summarized below:

Spring 2018 In connection with the distribution of the proxy materials for the 2018 Annual Meeting of Shareholders, the Company reached out to its top 20 shareholders to discuss questions and concerns related to specific proposals presented in the Company's proxy materials. Members of management and directors were offered as participants.

Fall 2018 The Company broadened its outreach efforts to include not only the top 20 shareholders, but also significant shareholders that either withheld votes or voted against the recommendations of the Board. The Board believes that it is important to understand the reasons why shareholders choose not to support certain of the Board's recommendations and to discuss the Company's governance structure and initiatives that shareholders would like the Board to consider in the upcoming year. Members of management and directors were offered as participants.

General 2018 Our CEO and Interim Chief Financial Officer participated in both REIT and gaming investor conferences and meetings throughout 2018.

In 2019, the Company expanded its executive management team with the addition of Matthew Demchyk. Mr. Demchyk brings fifteen years of successful capital allocation experience in the REIT sector and will be primarily focused on enhancing the Company's shareholder outreach efforts.

Compensation Philosophy and Objectives

Objectives of Compensation Program

The overall objective of the Company's executive compensation program is to compensate members of management in a manner that most effectively incentivizes them to maximize shareholder value without taking undue financial risks. At the same time, the executive compensation program is intended to enable the Company to attract and retain the executive talent needed to grow and further its strategic initiatives. This cannot be understated. The acquisition of real property assets by a REIT from a taxable corporation presents unique and complex tax, accounting, legal and structural issues. Unfortunately, gaming assets are generally owned by corporations and a failure of the Company's management team to identify latent tax, accounting and legal issues can result in a transaction that appears to be accretive on the surface, but results in a reduction of AFFO and dividend distributions when the full impact is realized. It is imperative that the Company's management team have the experience and skills necessary to recognize and solve these problems. With these goals in mind, the Company's compensation objectives are to:

offer a competitive and balanced compensation program to compensate executives for the unique experience required of our management team, taking into consideration the total compensation opportunity offered by other REITs and gaming companies;

utilize a mix of fixed and performance-based compensation designed to closely align the interests of management with those of the Company's shareholders; and

attract and retain the best possible management team for the Company to increase shareholder value and maintain the Company's credibility in, and access to, the capital markets.

Compensation Philosophy

To support the Company's compensation program objectives, we have adopted and annually review and confirm a compensation philosophy that serves as the guide for all executive compensation decisions. Our compensation philosophy is as follows:

The Company intends to maintain an executive compensation program that will help it attract and retain the executive talent needed to grow and further the strategic interests of the business. To this end, the Company provides a compensation and benefits program designed to be sufficiently attractive to provide talented executives with good reason to remain with the Company and continue in their efforts to improve shareholder value. The Company's program is designed to motivate and reward executives to achieve and exceed targeted results. Pay received by the executives will be commensurate with the performance of the Company and their own individual contributions.

We believe that it is in the long-term best interests of the Company to provide a significant portion of each executive's compensation in the form of equity incentive awards. However, we also believe that it is important to provide base salaries that do not motivate or encourage executives to take excessive risks to ensure future financial security, particularly in light of the complex tax, accounting and legal issues inherent in the Company's transactions. To balance

these goals, we believe that the appropriate compensation program includes (a) fixed and performance-based cash and (b) service and performance-based equity incentive awards. We focused on the appropriate balance of each of these components in developing our 2018 executive compensation program.

Key Compensation Practices

The Committee, in consultation with our independent compensation consultant and management team, continually evaluates and considers compensation practices identified as best practices by various market constituents. We incorporated into our compensation program the practices we believe will most effectively support the Company's continuing efforts to create shareholder value, including:

no agreements or arrangements containing tax gross-ups or other similar tax indemnification provisions;

compensation largely based on multiple performance metrics, including dividends, adjusted funds from operations and relative total shareholder return;

compensation that includes a combination of variable and fixed incentive opportunities;

double trigger acceleration of incentive awards in the event of a change-of-control; and

established maximum bonus opportunities.

We will continue to evaluate and consider input from our shareholders and emerging best practices to ensure that our compensation program contains the features necessary to properly align the interests of our executives with the interests of our shareholders without encouraging undue risk.

Table of Contents

We have also taken steps to protect shareholder interests and promote shareholder value in both the design and administration of the Company's equity compensation program. Under the terms of the Company's 2013 Long Term Incentive Compensation Plan (as amended, the Plan), awards to employees are administered by the Committee and will generally include vesting schedules designed to encourage employees to focus on the long-term success of the Company by requiring employees to remain with the Company for a number of years before all of their awards may be settled. Further, the Plan neither permits the exercise price of outstanding stock options or stock appreciation rights to be reduced nor permits the grant of discounted stock options or stock appreciation rights.

Annual Review and Approval Process

Role of the Committee

We annually review and approve the executive compensation packages for our CEO and each of the other executive officers as well as confirm and approve performance-based awards earned for the most recently completed year. In establishing compensation packages, we consider numerous factors and data, including:

the experience necessary to identify and solve the significant tax, accounting, legal and structural complexities inherent in the types of transactions conducted by the Company;

compensation packages of gaming peers with whom the Company competes for talent and assets;

the dividend payout for the previous fiscal year and projected dividends for the current year;

the ability to enter into definitive acquisition agreements for properties that will be accretive to the Company's AFFO and dividend;

the Company's performance relative to its REIT peers;

the performance of the Company's properties in Perryville, Maryland and Baton Rouge, Louisiana;

the individual performance of the executives and their total compensation relative to similarly situated gaming executives;

a breakdown of the various components of each executive officer's compensation package;

compensation structure and performance goals of our REIT peers;

perquisites and other benefits, if any, offered to each executive; and

the performance of previous equity incentive awards.

The Committee reviews this information with its compensation consultant and certain members of the executive management team to revise or confirm the compensation packages for each executive officer. One of our goals is to ensure that base salaries and total compensation packages are appropriate to attract and retain executives with the gaming and real estate experience necessary to create long-term shareholder value. We will also alter performance measures and/or the mix of cash and long-term equity incentive awards as necessary to ensure that management incentives continue to be aligned with shareholders.

Role of Management

The Company's CEO and Chief Financial Officer (CFO) work closely with the Committee to analyze relevant peer data and to determine the appropriate base salary, cash bonus and incentive award levels for each member of the executive management team. However, while the Committee values the judgment and input from the CEO and CFO, and considers their recommendations, the Committee ultimately retains sole discretion to approve the compensation packages for each member of the executive management team.

Role of Compensation Consultant

We retained FTI to advise us on compensation-related matters. We selected FTI because of its experience in assisting other REITs in determining the optimal type and balance of cash and incentive award components in a manner intended to align the interests of management and shareholders while being competitive. In addition to other tasks, FTI worked with management and the Committee to develop a peer group for use in structuring the Company's executive compensation program. FTI and the Company review the peer group annually to ensure that it provides an accurate representation of the Company's structure and operations. A description of the process and rationale utilized for selecting our 2018 peer group is described below.

The Committee has determined that no conflict of interest exists between FTI and the Company (including the Company's Board of Directors and the Company's management) pursuant to Item 407(e)(3)(iv) of SEC Regulation S-K. Neither FTI nor any affiliate provided additional services to the Company or its affiliates in excess of \$120,000 during 2018.

Table of Contents

FTI reviews the current compensation of each executive officer on several levels, including consideration of (a) cash versus equity-based incentive awards; (b) fixed versus variable compensation, (c) service-based vesting versus performance-based vesting and (d) short-term awards versus long term incentive awards. In addition, FTI provides the Committee with information regarding the compensation levels of executive officers in our selected peer group, as well as, current compensation best practices and trends in the REIT and gaming industries. Based on all of the available information and discussions with the CEO and CFO, FTI provides its recommendation to the Committee as to the appropriate compensation of each executive officer or confirms for the Committee that the suggested compensation packages are reasonable.

Peer Group

In selecting and reviewing the Company's peer group, FTI and the Committee utilize a set of criteria that they believe captures the key areas of the Company's business and the experience necessary for its executives. FTI and the Committee review the peer group at the end of each year to ensure that it reflects the realities of the environment in which the Company generates its revenue and competes for talent and assets. The criteria are as follows:

gaming companies comparable to the Company in terms of its asset portfolio and the knowledge and skills necessary by the executive team to effectively evaluate opportunities and to manage the Company's operating properties;

gaming companies with whom the Company competes for talent;

triple-net REITs with revenues primarily derived from triple-net leases; and

companies with implied equity market capitalization ranging from 0.5x to 2.5x that of the Company. Applying these criteria, FTI recommended, and the Committee approved, the following peer group for 2018:

Triple-Net REITs

Alexandria Real Estate Equities, Inc.
EPR Properties
Gramercy Property Trust Inc.
MGM Growth Properties LLC
National Retail Properties, Inc.
Omega Healthcare Investors, Inc.
Realty Income Corporation
Spirit Realty Capital, Inc.
STORE Capital Corporation
Uniti Group, Inc.

Gaming Companies

Boyd Gaming Corporation
Caesars Entertainment Corporation
MGM Resorts International
Penn National Gaming, Inc.
Pinnacle Entertainment, Inc.
Wynn Resorts, Limited

VEREIT, Inc.

The majority of these peer companies share some, but not all, aspects of the Company's business model given the unique nature of its business, which includes management of casino operations. While each peer company is not entirely comparable to GLPI, we believe on a blended basis our current peer group provides the most accurate representation of the Company's operations and is appropriate particularly given that:

the peer group is over-weighted toward triple-net REITs (represents more than two-thirds of the peer group); and

our implied equity market capitalization and total enterprise value equates to the approximate median of the peer group.

For 2019, FTI recommended, and the Committee approved, removing Gramercy Property Trust Inc. and Pinnacle Entertainment Inc. and adding VICI Properties Inc. Gramercy Property Trust Inc. and Pinnacle Entertainment Inc. were acquired in 2018 and are no longer separate publicly traded companies.

Risk Assessment

In establishing and reviewing our executive compensation program, we consider, among other things, whether the program properly motivates executives to focus on the creation of shareholder value without encouraging unnecessary or excessive risk taking. To this end, the Committee carefully reviews the principal components of executive compensation. Base salaries are reviewed annually and are fixed in amount. Annual incentive pay is focused on achievement of certain specific overall financial performance goals and is determined using multiple criteria with established maximum payouts. The other major component of

Table of Contents

our executive officers' compensation is long term incentives provided through the award of restricted stock, which we believe is important to help further align executives' interests with those of our shareholders. We believe that these cash and incentive awards, especially when combined with the stock ownership requirements and compensation clawback policy, described in this Proxy Statement under the heading Other Compensation Policies, appropriately balance risk, payment for performance and align executive compensation with the interests of shareholders without encouraging unnecessary or excessive risk taking.

Overview of 2018 Compensation*Elements of Compensation*

The 2018 compensation program was weighted towards performance-based compensation utilizing several different performance metrics. The mix of cash versus equity-based incentive awards, fixed versus variable compensation, and service-based vesting versus performance-based vesting of equity incentive awards is designed to ensure that management is, and remains, appropriately incentivized across a number of different business and economic environments. In addition, our program includes both internal performance measures as well as external performance metrics to ensure that our executives are focused on the Company's goals as well as its position in the market. The following is a summary of the key elements (a more detailed description of each element is provided below):

Component	Description	Objective	Strategic Rationale
Base Salary	Fixed cash compensation	Provide competitive fixed compensation considering the job responsibilities, individual performance, skills and experience	Designed to attract and retain executives with the experience to implement the Company's growth strategy
Annual Performance Cash Awards	Cash compensation with 90% tied to achievement of pre-determined quantitative performance goals and 10% tied to qualitative performance	Provide incentives for executives to enter into accretive transactions that result in growing dividend distributions and AFFO	Motivates the achievement of short-term corporate objectives that are aligned with our annual budget and business plan; aligns executive and shareholder interests
Long-Term Fixed Equity Awards	Annual equity awards with time-based vesting equally over	Supplement fixed compensation with long-term	Aligns executive and shareholder interests and

a three-year period	compensation to enhance retention and encourage long-term growth	rewards long-term stock performance
---------------------	--	-------------------------------------

Long-Term Performance-Based Equity Awards	Annual equity award with three-year cliff vesting based on total shareholder return measured against the US MSCI Index and, for awards granted after January 1, 2017, triple-net REIT peers	Provide a significant portion of total potential compensation tied to long-term stock performance	Aligns executive and shareholder interests and rewards long-term stock performance with no payout for under-performance
---	---	---	---

In 2018, the total potential compensation opportunity of the Company's NEOs consisted of approximately 77% of performance-based and/or at risk compensation and approximately 23% of fixed compensation (of which approximately 12% was base salary and 11% service-based restricted stock awards).

Base Salary

The base salaries of our executives are designed to compensate them for services rendered during the fiscal year and, consistent with our pay for performance philosophy, executives receive a significant portion of their overall targeted compensation in a form other than a fixed base salary. Although the Company does not generally benchmark against any particular percentile of base salaries of comparable executives within the Company's peer group, we set salaries that are competitive in the gaming industry so that the Company can attract and retain high-performing executives with experience in the gaming industry. In addition, we recognize that it is critical that executives have the experience necessary to identify and resolve the complex tax, accounting and legal issues inherent in the type of transactions engaged in by the Company. Base salaries are then further adjusted for certain qualitative factors, including: specific position duties and responsibilities; tenure with the Company; individual contributions; value to the Company; and the overall reasonableness of an executive's compensation.

Table of Contents

Set forth below are the 2018 base salaries for each of the NEOs.

Executive	2018	
	Salary	Change
Chairman, Chief Executive Officer and President	\$ 1,808,468	No Change Since 2012
Senior Vice President, Corporate Development and Interim Chief Financial Officer	\$ 569,841	9.6% change in 2018 with Interim CFO position
Senior Vice President, General Counsel and Secretary	\$ 425,000	No Change Since 2015
Senior Vice President and Chief Accounting Officer	\$ 400,000	No Change Since 2015
Former Senior Vice President, Chief Financial Officer and Treasurer	\$ 1,166,990	No Change Since 2012

Annual Performance Cash Awards

For 2018, the Committee continued the performance-based annual cash incentive bonus program designed to motivate the executive officers and other members of the management team to achieve certain Company growth objectives that we believe were most likely to increase shareholder value. The program was based on the achievement of a number of specific performance criteria focused on the Company's annual strategic goals and business plan. For 2018, the annual cash bonus for each NEO was comprised of four components:

Performance Metric	Weighting	Rationale for Inclusion
AFFO Growth	40%	Motivates management to responsibly deploy capital and focus on profitability
Dividend Growth	20%	Encourages management to focus on the payout to shareholders
Acquisition Growth	30%	Motivates management to grow the Company's asset portfolio through accretive acquisitions

Subjective/Individual 10% Recognition of individual success

With respect to the AFFO and dividend components, a cash bonus could have been earned at three different achievement levels: Threshold; Target; and Maximum. The acquisition goal was measured on a scale of 0-100% with annual target being the maximum and zero being the minimum. The achievement levels established by the Committee for 2018 are set forth below.

Component	Threshold	Target	Maximum
AFFO Growth	Annual AFFO per share of \$3.10	Annual AFFO per share of \$3.13	Annual AFFO per share of \$3.20
Dividend Growth	No Payout Below Target	Fourth quarter dividend per share of \$0.63	Fourth quarter dividend per share of \$0.65
Acquisition Growth	Payout determined based on the percentage of maximum target achieved		Annual effect on AFFO per share \$0.13

In 2018, the Company achieved annual AFFO of \$3.48 per share (annualized for the impact of the transaction to acquire certain real property assets from Tropicana Entertainment Inc. (the Tropicana Transaction) and the transactions related to the Penn/Pinnacle merger that closed during the fourth quarter of 2018) and paid \$0.68 per share in fourth quarter dividends. The NEOs were also awarded the maximum discretionary bonus primarily as a result of successfully (i) closing the Tropicana Transaction and entry into a new master lease and mortgage loan with Eldorado, (ii) closing the transactions related to the merger of Pinnacle into Penn that resulted in the acquisition of Plainridge Park Casino and the entry into a new master lease and mortgage loan with Boyd and (iii) obtaining financing for the transactions at attractive rates and in a manner that extended the Company's debt maturities. The Tropicana Transaction and the transactions in connection from the Penn/Pinnacle merger also resulted in maximum bonus payment earned for the acquisition growth component. As a result, the cash bonus paid to the NEOs for 2018 was 100% of the maximum.

Table of Contents

We set the ranges of bonuses payable pursuant to the cash bonus measure for each NEO as a percentage of annual base salary, as set forth below. In order to help manage total potential compensation payouts, annual cash bonus opportunities are capped at a maximum bonus level, regardless of the extent to which performance exceeds targeted levels.

Executive	Threshold	Target	Maximum
Chairman, Chief Executive Officer and President	50%	100%	200%
Senior Vice President, Chief Financial Officer and Treasurer*	50%	100%	200%
Senior Vice President, Corporate Development	50%	100%	200%
Senior Vice President, General Counsel and Secretary	25%	50%	100%
Senior Vice President and Chief Accounting Officer	25%	50%	100%

* William J. Clifford retired from his position of Senior Vice President, Chief Financial Officer and Treasurer effective May 4, 2018.

The following table indicates the actual amount paid to each NEO as a percentage of annual base salary for 2018 for the annual performance cash awards described above:

Executive	Actual Bonus	Actual
	Percent of Base Salary	Payment (\$)

Chairman, Chief Executive Officer and President	200%	3,616,934
Senior Vice President, Corporate Development and Interim Chief Financial Officer	200%	1,139,682
Senior Vice President, General Counsel and Secretary	100%	425,000
Senior Vice President and Chief Accounting Officer	100%	400,000

* William J. Clifford retired from his position of Senior Vice President, Chief Financial Officer and Treasurer effective May 4, 2018 and did not receive a bonus for 2018.

Long-Term Performance-Based Equity Awards

While the annual cash bonus program was designed to incentivize the Company's management team to achieve specific near-term internal Company growth goals, the long-term performance equity award program was designed to focus management on the Company's long-term performance in relation to the broader REIT indices. We believe that a high degree of equity compensation motivates executives to increase the long-term value of the Company by aligning a significant portion of their total compensation with the interests of the Company's shareholders. We also believe that equity compensation is a critical tool in attracting and retaining executives with the type of entrepreneurial spirit that we believe is integral to the Company's success.

The Committee believes that the long-term performance-based equity award program has been effective in focusing management on the Company's long-term performance in relation to its peer group and provides an effective balance against the short-term Company growth goals reflected in the cash bonus program. Awards have three-year cliff vesting with the amount of restricted shares vested at the end of the three-year period determined based on the Company's performance during such period measured against its peers. More specifically, for awards issued after January 1, 2017, the percentage of shares vesting at the end of the measurement period are based on the Company's three-year total shareholder return ranking among the three-year return of the companies included in the MSCI US REIT index and in the triple-net REIT group set forth below, in equal amounts.

The triple-net measurement group includes publicly traded REITs deriving at least 75% of revenues from triple-net leases:

The vesting schedule provides for target vesting at the 50th percentile, threshold at the 25th percentile and maximum at the 75th percentile, with linear vesting in between achievement levels. Vesting is capped at target if TSR for the measurement period is negative over the three-year performance period.

The performance hurdles and levels of opportunity for performance-based restricted stock awards granted in 2018 are set forth below.

Level	Relative TSR Hurdles (%)	Payout Percentage
Below Threshold	< 25 th percentile	0%
Threshold	25 th percentile	50%
Target	50 th percentile	100%
Maximum	75 th percentile	200%

The following table sets forth the target number of performance-based awards granted to each NEO in 2018.

Executive

**Target Performance-
Based Equity Awards**

Chairman, Chief Executive Officer and President	110,000
---	---------

Senior Vice President, Corporate Development and Interim Chief Financial Officer	35,000
--	--------

Senior Vice President, General Counsel and Secretary	25,000
--	--------

Senior Vice President and Chief Accounting Officer	25,000
--	--------

Former Senior Vice President, Chief Financial Officer and Treasurer*	55,000
--	--------

* William J. Clifford retired from his position of Senior Vice President, Chief Financial Officer and Treasurer effective May 4, 2018 and all outstanding awards were relinquished.

The performance awards granted in January 2016 were earned as of December 31, 2018 above the 80th percentile as a result of the Company's relative TSR ranking compared to the MSCI US REIT index for the measurement period.

We believe that this long-term performance-based equity incentive program complements the annual cash incentive program by providing the appropriate balance between performance-based cash and performance-based equity awards.

Long-Term Service-Based Equity Awards

In addition to the long-term performance-based equity awards, we established a service-based retention equity award program for 2018. A significant amount of each NEO's compensation is tied to performance and we recognize that there is also a need for an additional retention component of our compensation structure. Therefore, we believe that service-based awards serve as a critical retention tool, recognizing that while the vesting of such awards is unrelated to performance, the value is directly correlated with the Company's share price. Awards vest at a rate of 33.33% per year and are generally subject to continued employment.

The number of shares of restricted stock awarded to each NEO for 2018 was as follows:

Executive

	Number of Shares
Chairman, Chief Executive Officer and President	55,000
Senior Vice President, Corporate Development and Interim Chief Financial Officer	17,500
Senior Vice President, General Counsel and Secretary	12,500
Senior Vice President and Chief Accounting Officer	12,500
Former Senior Vice President, Chief Financial Officer and Treasurer	27,500

* William J. Clifford retired from his position of Senior Vice President, Chief Financial Officer and Treasurer effective May 4, 2018 and all outstanding awards were relinquished.

Table of Contents**Overview of Compensation Program for 2019**

In establishing the compensation program for 2019, the Committee began with a review of compensation earned by executives in 2018 measured against the Company's achievements in 2018. We believe that the compensation program for the Company's NEOs in 2018 continued to provide the right balance between performance-based and fixed compensation to properly align the interests of management with shareholders without encouraging undue financial risks. Consequently, for 2019, the Committee decided to continue the overall compensation program with only the following modifications, which do not include any changes for our CEO:

Compensation Component	Change	Reason
Base Salary	Senior Vice President and Chief Financial Officer was increased 9.6%	Salary was increased to reflect increased responsibilities as the Company's principal financial officer
	No increases for other NEOs	
Cash Bonus Program	The performance metric for acquisition growth utilized in previous years was removed and allocated evenly among AFFO Growth*, Dividend Growth and Discretionary	(1) Aligns with the Company's current business plan and strategic priorities
	Bonus targets for the Senior Vice President, General Counsel & Secretary and the Senior Vice President and Chief Accounting Officer were increased to Threshold at 37.5%, Target at 75% and Maximum at 150%	(2) Simplified AFFO performance into one aggregate measure
	No changes for other NEOs	Bonus opportunities were adjusted to better align the named executives with their peers

<p>Performance-Based Equity Awards</p>	<p>Target award for the Senior Vice President and Chief Financial Officer was increased by 5,000 shares (with no change in the vesting criteria)</p>	<p>Award was increased to reflect increased responsibilities as the Company's principal financial officer</p>
<p>Service-Based Equity Awards</p>	<p>Awards were increased by 2,500 shares for each the (1) Senior Vice President and Chief Financial Officer; (2) Senior Vice President, General Counsel & Secretary; and (3) Senior Vice President and Chief Accounting Officer (with no change in the vesting criteria)</p>	<p>Award amounts were increased to better align the named executives with their peers and in light of each individual's strong performance</p>

* With respect to the AFFO Growth component, the Committee retained the discretion to recognize all or a portion of the AFFO accretion not recognized in 2018 that is the result of the Tropicana transaction and the transactions closed in connection with the Penn/Pinnacle merger if it determines such recognition is warranted at the end of 2019. Under no circumstances will bonus payments for 2019 exceed the maximum payment levels.

Deferred Compensation

The Company does not maintain any defined benefit pension programs for its executives. The Company maintains an elective non-qualified deferred compensation plan for executives. Pursuant to the plan, the Company's contributions under the plan are equal to 50% of the participant's deferral for the first 10% of the salary and/or bonus deferred, subject to a maximum annual Company contribution equal to 5% of the participant's salary and/or bonus. All amounts credited to an executive's account are notionally invested, as directed by the executive, in commonly available mutual funds, and the Company does not guarantee any minimum returns. The plan is unfunded and benefits are paid from the Company's general assets. However, the Company currently contributes funds into a grantor trust on a monthly basis in respect of these deferred compensation obligations. The Company generally sets aside separately the amounts deferred by the executives and the matching contributions thereon and, to protect against excess liabilities, invests such amounts in the mutual funds notionally selected by each executive. The deferred compensation program is described in more detail under the heading 2018 Nonqualified Deferred Compensation of this Proxy Statement.

Table of Contents**Benefits and Perquisites**

We believe that executives should be offered customary benefits and perquisites that are reasonable relative to the benefits provided to all employees, are consistent with competitive practices among the Company's peer group and, in certain circumstances, may address a particular reasonable issue or concern of an executive. The standard benefits offered to all of the Company's employees include medical, dental and vision insurance, group life insurance, short and long-term disability and a 401(k) with certain contributions matched by the Company (50% of employee contributions, subject to applicable contribution limits). Consistent with the objectives described above, the Company also provides certain executive officers with additional supplemental benefits and perquisites, including in limited instances, use of the Company's private aircraft where individual circumstances merit. The description and value of such supplemental benefits and perquisites in 2018 can be found on the [All Other Compensation Table](#) of this Proxy Statement.

Employment Agreements

None of the NEOs has an employment agreement with the Company.

Other Compensation-Related Policies*Stock Ownership Guidelines*

The Compensation Committee believes that it is important for executive officers and non-employee directors to have a financial stake in the Company such that their interests are more closely aligned with those of the Company's shareholders. Accordingly, the Committee has established stock ownership guidelines for our NEOs and non-employee directors. Each executive and non-employee director is expected to acquire, and continue to hold during the term of his or her employment, equity with a value equal to the multiple of his or her annual base salary/cash retainer as indicated below. These guidelines must be satisfied within five years of the date of adoption of these guidelines, or the fifth anniversary of the executive officer's or non-employee director's appointment, whichever is later.

Title	Multiple
Non-Employee Directors	5x Annual Cash Retainer
Chairman, Chief Executive Officer and President	5x Base Salary
Senior Vice President, Chief Financial Officer	3x Base Salary
Senior Vice President and Chief Accounting Officer	2x Base Salary
Senior Vice President, General Counsel and Secretary	2x Base Salary

As of April 5, 2019, all of the NEOs and non-employee directors were in compliance with the ownership guidelines set forth above.

Hedging and Pledging Policy. We believe that equity ownership fosters an atmosphere where directors and officers think like owners and are motivated to increase the long-term value of the Company by aligning their interests with those of the Company's shareholders. Accordingly, we have adopted policies generally restricting each of the Company's directors and executive officers from engaging in hedging transactions or pledging Company shares.

Compensation Clawback Policy. The Company has a commitment to ensure that its executive officers adhere to the highest professional and personal standards. Accordingly, the Company's policy is that misconduct by any executive officer that leads to a restatement of the Company's financial results could subject executive officers to disgorge prior compensation to the extent such compensation would not have been earned based on the restated financial statements. In light of the highly regulated nature of the Company's business, the Committee would likely pursue such remedy, among others, where appropriate based on the facts and circumstances surrounding the restatement and existing laws.

Statutory and Regulatory Considerations. In designing the Company's compensatory programs, we consider the various tax, accounting and disclosure rules associated with various forms of compensation. We also review and consider the deductibility of executive compensation under Section 162(m) (Section 162(m)) of the Internal Revenue Code of 1986, as amended (the Code). The Tax Cuts and Jobs Act, enacted in December 2017, amended certain aspects of Section 162(m) specifically affecting the exclusion of performance-based compensation from the \$1 million limit or deductions for executive compensation in future years. For 2018, we considered the implications and exemptions to such limitation. We seek to preserve the Company's tax deductions for executive compensation to the extent consistent with the Company's executive compensation objectives. However, we may also from time to time consider and grant compensation that may not be tax deductible if we believe such compensation is warranted to achieve the Company's objectives.

(1) In accordance with Mr. Clifford's retirement agreement all 2018 grants were canceled.

(2) Awards represent performance-based restricted stock with cliff vesting at the end of the performance period beginning on January 2, 2018 and ending on December 31, 2020. The amount of restricted shares vested at the end

of the performance period can range from zero to a maximum of 200% of target, depending on the level of achievement of the performance goals measured against the return of the companies included in the MSCI US REIT Index or in the triple-net REIT group set forth by the Company over the measurement period. In the event of a change-of-control, awards vest immediately at target level or, if greater, the actual level of achievement as of the date of the change-of-control. For more information on the Company's performance-based equity awards, see the Overview of 2018 Compensation section of the Compensation Discussion and Analysis included in this Proxy Statement.

- (3) Awards represent restricted stock awards granted to the NEOs as part of their annual compensation. All grants have vesting over three years, 33.33% on the first anniversary of the date of grant and 33.33% on each succeeding anniversary. In the event of a change-of-control, awards vest immediately.
- (4) Represents the full grant date fair value of awards under ASC 718. Generally, the full grant date fair value is the amount the Company would expense in its financial statements over the award's vesting period. The Company utilized a third party valuation firm to measure the fair value of the performance-based restricted stock awards at grant date using the Monte Carlo model. Additional information regarding the calculation of the grant date fair value is included in footnote 3 to the Company's audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2018.

Table of Contents**Potential Payments Upon Termination or Change-of-Control**

The NEOs are entitled to accelerated vesting of equity-based incentive awards under the Plan upon a change-of-control and, under certain circumstances, in the event of termination. The information below describes and quantifies compensation that would become payable and that which is accelerated assuming that such termination was effective December 31, 2018. The Plan was amended in 2018 to provide for double trigger acceleration of awards in the event of a change of control for all awards granted after April 1, 2018.

The amount reported for Mr. Clifford is the total due as of December 31, 2018 in accordance with his retirement agreement. Payments to Mr. Clifford are subject to his continuing compliance with certain restrictive covenants included in his retirement agreement through February 2020.
- (2) Restricted stock award values were computed based on the Company's common stock closing price of \$32.31, on December 31, 2018, which was the last trading day of 2018. Restrictions on awards will immediately lapse in the event of termination as a result of death, disability or change-of-control.
- (3) Performance-based restricted stock values, in the event of termination without cause by the Company, were computed based on the Company's total shareholder return as compared to the MSCI US REIT Index and in the triple-net REIT group achieved as of December 31, 2018, shown on the table below, and then multiplied by a fraction, the numerator of which equals the number of days during

The award determined at the end of the applicable Performance Period is as if such Award Holder were still employed at the time of the applicable Performance Period.

- (6) All performance-based restricted stock values were computed based on the Company's common stock closing price of \$32.31 on December 31, 2018, which was the last trading day of 2018, plus applicable dividends.

- (2) For each NEO, the Company's contribution is included in the NEO's other compensation for 2018, as reported in the Summary Compensation Table.
- (3) Amounts reflect the change in account value during 2018. No amounts are reported in the Summary Compensation Table because earnings were not above market or preferential.

Deferred Compensation Plan

Pursuant to the Company's Deferred Compensation Plan, as amended, most management and certain other highly compensated employees selected by the Committee may elect to defer, on a pre-tax basis, a percentage of his or her salary and/or bonus. The minimum amount deferrable is \$3,000 and the maximum is 90% of his or her base annual salary and/or bonus. Generally, deferral elections must be made before the beginning of the year in which compensation will be earned. The Company's contributions under the plan are equal to 50% of the participant's deferral for the first 10% of the salary and/or bonus deferred, subject to a maximum annual Company contribution equal to 5% of the participant's salary and/or bonus. With the approval of the Board of Directors, the Company is also permitted to make discretionary contributions. Participants are always 100% vested in their own contributions, but Company contributions vest 20% per year of service with the Company. Therefore, employees with five or more years of service are fully vested in Company contributions under the plan. However, for employees with less than five years of service, all Company contributions become immediately and fully vested upon death, retirement (on or after age 65) or a change-of-control of the Company, as defined in the Deferred Compensation Plan. The Committee may accelerate vesting of the Company's contributions if a participant terminates his or her employment because of disability. The Committee may also accelerate vesting in the event of an involuntary termination of employment pursuant to the same section of the plan.

Table of Contents

Subject to the exceptions discussed below, participants in the Deferred Compensation Plan, or their beneficiaries, receive distributions upon retirement, death or termination. Participants can elect to receive distributions following retirement or death in the form of a lump sum payment or payment in five or ten annual installments. Distributions following retirement can be deferred for at least five years.

For purposes of the Deferred Compensation Plan, termination of employment as a result of a disability will be considered retirement. Distributions following termination of employment other than as a result of retirement or death will be in the form of a lump sum payment. Participants can also elect to receive a scheduled distribution with respect to an annual deferral amount, which is payable in a lump sum at the beginning of a designated subsequent calendar year, subject to certain limitations. In the event of an unforeseeable financial emergency and with the approval of the Committee, a participant can suspend deferrals or receive a partial and/or full payout under the plan. Certain specified employees have a six-month delay imposed upon distributions pursuant to a separation from service, as required by the final Code section 409A regulations. In the event of a change-of-control, the Company will accelerate installment payments that are in pay status by paying the account balance in lump sum and will distribute the account balances of all active participants in a lump sum; provided, however, that no distributions (or accelerations of installments) will occur unless the transaction qualifies as a change-of-control event under Code section 409A.

Participants in the Deferred Compensation Plan may notionally invest deferred amounts, including Company contributions, in mutual funds selected by the Committee. Participants may change their investment elections at any time.

CEO Pay Ratio

In 2018, the compensation of Mr. Carlino, our Chairman, CEO and President, was approximately 418 times the median pay of our employees resulting in a 418:1 pay ratio. Our operations include our corporate office as well as our subsidiaries operating casinos in Perryville, Maryland and Baton Rouge, Louisiana.

We identified our median employee by examining 2018 total compensation for all employees, excluding Mr. Carlino, who were employed by the Company as of December 31, 2018, the last day of our payroll year. We included all of our employees in this process, whether employed on a full-time or part-time basis. We did not make any assumptions or estimates with respect to total compensation. We defined total compensation as the aggregate of base salary (plus overtime, as applicable), cash bonus, and long-term incentive compensation awards.

After identifying the median employee based on total compensation, we calculated total compensation in 2018 for such employee using the same methodology we use for our NEOs as set forth below in the Summary Compensation Table for 2018.

	Peter M. Carlino	Median Employee
Total compensation	\$ 12,448,237	\$ 29,805
Pay Ratio		418:1

We believe that the ratio of the CEO compensation to that of the median employee is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K. Given the different methodologies that various public companies will use to determine an estimate of their pay ratio, the estimated ratio reported above should not be used

as a basis for comparison between companies.

The Company's primary business is that of a triple-net REIT. If we exclude our two operating casinos in Perryville, Maryland and Baton Rouge, Louisiana, the change in median pay of our employees results in a 77:1 pay ratio.

Audit and Compliance Committee Report

The Audit and Compliance Committee of the Board of Directors assists the Board of Directors in performing its oversight responsibilities for our financial reporting process and audit process as more fully described in the Company's Audit and Compliance Committee Charter. Management has the primary responsibility for the financial statements and the reporting process. Our independent registered public accounting firm is responsible for performing an independent audit of our consolidated financial statements in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States) and to issue a report thereon.

In the performance of its oversight function, the Audit and Compliance Committee reviewed and discussed our audited financial statements for the fiscal year ended December 31, 2018 with management and with our independent registered public accounting firm. In addition, the Audit and Compliance Committee discussed with our independent registered public accounting firm the matters required to be discussed by the PCAOB Accounting Standard No. 1301, Communications with Audit Committees, which includes, among other items, matters related to the conduct of the audit of our financial statements. The Audit and Compliance Committee has also received and reviewed the written disclosures and the letter from our independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding the accounting firm's communications with the Audit and Compliance Committee concerning independence and has discussed with our independent registered public accounting firm that firm's independence and considered whether the non-audit services provided by the independent registered public accounting firm are compatible with maintaining its independence.

Based on the review and discussions with management and our independent registered public accounting firm described above, the Audit and Compliance Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2018 filed with the SEC.

Related Person Transactions

There are no reportable related person transactions since January 1, 2018.

Employment Agreements and Arrangements

We currently do not have employment agreements with any of our executive officers. However, we may enter into employment agreements with our executive officers in the future. We have an Executive Change of Control and Severance Plan that is applicable to all executive officers.

Indemnification of Directors and Officers

Our charter and bylaws contain indemnification provisions for the benefit of our directors and executive officers.

Review and Approval of Transactions with Related Persons

Pursuant to the terms of its charter, the Audit and Compliance Committee reviews and pre-approves all conflicts of interest and related person transactions. For the purposes of the Audit and Compliance Committee's review, related person transactions are transactions, arrangements or relationships that are required to be disclosed pursuant to SEC Regulation S-K, Item 404, including those where the Company is a participant and in which an executive officer, a director or an owner of 5% or greater of the Company's common stock (or any immediate family member of the foregoing persons) has a direct or indirect material interest. Our Code of Business Conduct has a broad definition of conflict of interest, which includes related person transactions, and requires employees to report potential conflicts to the Compliance Officer, who is General Counsel. The General Counsel may consult with members of the legal and finance staffs to determine whether the proposed transaction represents a conflict of interest or a related person transaction that must be presented to the Audit and Compliance Committee.

For transactions determined to require Audit and Compliance Committee review, the General Counsel collaborates with members of the finance staff to prepare and present the transaction to the Audit and Compliance Committee. An Audit and Compliance Committee member will not participate in the review of transactions in which he or she or his or her immediate family member has an interest. The Audit and Compliance Committee will only approve related person transactions that are in, or are not inconsistent with, the best interests of the Company based on a review of (i) the benefits to the Company of the transaction and (ii) the terms of the transaction and the terms available to or from unrelated third parties, as applicable.

Conflict of Interest Policies

As described above, our Code of Business Conduct seeks to identify and mitigate conflicts of interest between our directors, officers and employees, including our CEO, CFO and other senior officers, on the one hand, and the Company on the other hand, in accordance with applicable rules and regulations of the SEC and Nasdaq. Our Code of Business Conduct is available on our website www.glpropinc.com, under the About section. Waivers of our Code of

Business Conduct are required to be disclosed in accordance with SEC and Nasdaq requirements. In addition, we adopted corporate governance guidelines to assist our Board of Directors in the exercise of its responsibilities and to serve our interests and those of our shareholders. Peter M. Carlino serves as chairman of Penn and as our Chairman and CEO. In addition, David A. Handler, one of our directors, continues to serve as a director at Penn. We adopted governance guidelines that require Peter M. Carlino and David A. Handler to report any matter that may create, or may create the appearance of, a conflict of interest to the Chair of the Audit and Compliance Committee who will then refer the matter to the Audit and Compliance Committee for review and appropriate resolution. Our Board of Directors may, in the future, also form committees of independent directors to discuss and act upon matters involving both the Company and Penn. No other person will be a director, executive officer or other employee of both the Company and Penn.

Table of Contents**Security Ownership of Certain****Beneficial Owners and Management**

The following table contains information about the beneficial ownership of our common stock as of April 5, 2019 by:

each person, or group of persons, who beneficially owns more than 5% of our capital stock;

each executive officer named in the summary compensation table;

each of our directors; and

all directors and executive officers as a group.

Beneficial ownership and percentage ownership are determined in accordance with the rules and regulations of the SEC and include voting or investment power with respect to shares of stock. This information does not necessarily indicate beneficial ownership for any other purpose. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to restrictions, options or warrants held by that person that are currently exercisable or exercisable within sixty (60) days of April 5, 2019 are deemed outstanding. Such shares, however, are not deemed outstanding for the purposes of computing the percentage ownership of any other person. Except as indicated in the footnotes to the following table or pursuant to applicable community property laws, each shareholder named in the table has sole voting and investment power with respect to the shares set forth opposite such shareholder's name. Our calculation of the percentage of beneficial ownership is based on 215,009,728 shares of common stock outstanding on April 5, 2019.

Unless otherwise indicated in the footnotes, the address of each of the beneficial owners named below is: c/o Gaming and Leisure Properties, Inc., 845 Berkshire Blvd., Suite 200, Wyomissing, Pennsylvania 19610.

**Proposal 3 Non-Binding Advisory Vote to
Approve the Company's Executive Compensation**

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) enables our shareholders to vote to approve, on a non-binding advisory basis, the compensation of our NEOs as disclosed in this Proxy Statement in accordance with the SEC's rules. Currently, this vote is conducted every year. The next vote will occur at the 2020 Annual Meeting of Shareholders.

As described in detail under the heading Compensation Discussion and Analysis, our executive compensation is designed to reward executive performance that contributes to our success while encouraging behavior that is in our long-term best interests. We also seek to attract, motivate, reward and retain the senior management talent required to achieve our corporate objectives and increase shareholder value. At the core of our executive compensation program is our pay for performance philosophy that links competitive levels of compensation to achievements of our overall strategy and business goals, as well as predetermined objectives. We believe our compensation program is strongly aligned with the interests of our shareholders and sound corporate governance principles and is deserving of shareholder support. At the 2018 Annual Meeting of Shareholders, 93% of the voted shares approved such advisory vote.

We urge you to read the *Compensation Discussion and Analysis* section and compensation tables and narrative discussion in this Proxy Statement for additional details regarding our executive compensation, including our compensation philosophy and objectives and the compensation of our NEOs.

We are asking our shareholders to again indicate their support for our NEOs' compensation as described in this Proxy Statement. This proposal, commonly known as a say-on-pay proposal, gives our shareholders the opportunity to express

their views on our NEOs' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs and the philosophy, policies and practices described in this Proxy Statement.

In accordance with the requirements of Section 14A of the Exchange Act (which was added by the Dodd-Frank Act) and the related rules of the SEC, our Board of Directors will request your advisory vote on the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the named executive officers, as disclosed in this Proxy Statement pursuant to the SEC's executive compensation disclosure rules (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and the narrative discussion that accompanies the compensation tables), is hereby approved.

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board of Directors. Our Board of Directors and our Compensation Committee value the opinions of our shareholders and, to the extent there is any significant vote against the NEO compensation as disclosed in this Proxy Statement, we will consider our shareholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

Required Vote

The affirmative vote of a majority of votes cast is required to approve the Company's executive compensation on a non-binding advisory basis.

The Board of Directors unanimously recommends a vote FOR the approval of the compensation of the named executive officers as disclosed in this Proxy Statement.

Proposal 4 Shareholder Proposal

Requesting a Report on Board Diversity

The Comptroller of the State of New York, Thomas P. DiNapoli, as trustee of the New York State Common Retirement Fund and the administrative head of New York State and Local Retirement System, 59 Maiden Lane-30th Floor, New York, New York 10038, which is the beneficial owner of 393,031 shares of the Company's common stock, and which intends to hold such shares of the Company's common stock through the date of the Annual Meeting, such ownership being in excess of \$2,000 in market value, submitted the following proposal and supporting statement:

Proposal

WHEREAS: Gaming and Leisure Properties, Inc. has no women on its Board of Directors and only one woman in its Executive Officer ranks.

Recent research suggests that publicly traded REITs could greatly benefit from electing diverse boards. A report by Wells Fargo Securities determined that companies with more than the average percentage of women on their boards achieved higher average price and total returns over the 2006-2017 period of the study. A June 2018 study by Ferguson Partners demonstrates that the sector is taking note of this. During the spring proxy season over half of the newly elected outside directors at REITs were women and less than 17% of REITs had no women on their boards.

Numerous institutional investors believe that diversity on boards, as well as in senior management, is an indicator of good corporate governance. State Street Global Advisors reported in March 2018 that it voted against director nominees on the proxy statements of more than 500 companies over the course of the previous year due to inadequate board diversity. State pension plans from Massachusetts, New York, and Rhode Island have adopted proxy voting policies with minimum board diversity thresholds, resulting in votes against directors at more than one thousand companies cumulatively. Proxy Insight, a leading source on global voting practices, reported that 60 percent of U.S. institutional investor proxy voting policy changes in 2018 related to board diversity.

Corporate leaders recognize the strong business case for board diversity. The Guiding Principles of Corporate Governance of the Business Roundtable, state: Diverse backgrounds and experiences on corporate boards, including those of directors who represent the broad range of society, strengthen board performance and promote the creation of long-term shareholder value. Boards should develop a framework for identifying appropriately diverse candidates that allows the nominating/corporate governance committee to consider women, minorities and others with diverse backgrounds as candidates for each open board seat. Benefits associated with board and management diversity include a larger candidate pool from which to pick top talent, better understanding of consumer preferences, a stronger mix of leadership skills, and improved risk management.

Resolved: Shareholders request that the Board of Directors prepare a report by September 2019, at reasonable expense and omitting proprietary information, on steps the Company is taking to enhance board diversity beyond current levels, such as:

- 1.

Strengthening Nominating and Corporate Governance policies by embedding a commitment to diversity inclusive of sex, race, ethnicity, age, gender identity, gender expression, and sexual orientation;

2. Committing publicly to include women and people of color in each candidate pool from which director nominees are chosen; and
3. Reporting on its process to identify qualified women and people of color for the board.

Board of Directors Statement

The Company's Board of Directors has carefully reviewed the shareholder proposal submitted by the Comptroller of the State of New York, in its capacity as trustee of the New York State Common Retirement Fund and has determined to make no voting recommendation on the shareholder proposal. The proposal, which is advisory in nature, would constitute a recommendation to the Board of Directors if approved by the shareholders.

Analysis

Our Board is focused on ensuring that it is composed of individuals with diverse viewpoints, backgrounds, experiences, skillsets, perspectives and other demographics (including race, ethnicity, gender and age). Our Board of Directors believes that board diversity is critical to thoroughly assess risk, anticipate challenges and scrutinize the complex and dynamic issues that impact the Company and its shareholders. Therefore, current Company guidelines outlining the characteristics and qualifications sought by the Nominating and Corporate Governance Committee when considering potential director candidates, include, among other things, diversity. These guidelines can be found on our website at <http://www.glpropinc.com/AboutUs>.

The Nominating and Corporate Governance Committee's view on the topic of diversity is multifaceted and includes, but is not limited to, gender, race, ethnicity, age, education, professional experience and independence. Creating a board of diverse, but also complementary, individuals requires the Nominating and Corporate Governance Committee to balance each of these factors through a holistic approach. Such approach enables the Nominating and Corporate Governance Committee to identify and recommend, for the selection by a majority of the members of our Board of Directors, the best director candidates that will work constructively with senior management and other directors and will bring to the Board gaming and/or real estate

Table of Contents

industry knowledge, senior management experience, diversity of viewpoints, business acumen, strength of character, integrity and mature judgment.

Our Board of Directors and the Nominating and Corporate Governance Committee recognize the value of gender, race, ethnic and age diversity and are focused on expanding the Board to include women and/or people of color. Currently, the Nominating and Corporate Governance Committee is working with Spencer Stuart to identify director candidates inclusive of such attributes for recommendation to the members of the Board of Directors and will report on its progress to

shareholders if a new member of the Board of Directors is not announced by November 1, 2019.

Board Recommendation

Our Board of Directors has determined not to make a recommendation either in favor of or opposed to Proposal 4 because, as described above, our Board is committed to improving the diversity of its membership and is willing to provide a progress report to shareholders regarding this matter in November 2019. The Board of Directors makes no recommendation on this shareholder proposal.

Frequently Asked Questions

When and where will the Annual Meeting take place?

The Annual Meeting will be held on June 13, 2019, at 10:00 a.m. Eastern Time, at the offices of Ballard Spahr LLP, 1735 Market Street, 48th Floor, Philadelphia, Pennsylvania 19103.

Why did I receive only a Notice of Internet Availability of Proxy Materials?

As permitted by the SEC, the Company is furnishing to shareholders its notice of the Annual Meeting (the Notice), this Proxy Statement and the 2018 Annual Report primarily over the Internet. On or about April 30, 2019, we will mail to each of our shareholders (other than those who previously requested electronic delivery or to whom we are mailing a paper copy) a Notice of Internet Availability of Proxy Materials (the Notice of Internet Availability) containing instructions on how to access and review the proxy materials via the Internet and how to submit a proxy electronically using the Internet. The Notice of Internet Availability also contains instructions on how to receive, free of charge, paper copies of the proxy materials. If you received the Notice of Internet Availability, you will not receive a paper copy of the proxy materials unless you request one.

We believe the delivery options that we have chosen will allow us to provide our shareholders with the proxy materials they need, while minimizing the cost of the delivery of the materials and the environmental impact of printing and mailing printed copies.

What is the purpose of the Annual Meeting and these materials?

We are providing these proxy materials in connection with the solicitation by our Board of Directors of proxies to be voted at the Annual Meeting and any adjournment or postponement of the meeting.

At the Annual Meeting, you will be asked to vote on the following matters:

a proposal to elect seven (7) directors to hold office until the 2020 Annual Meeting of Shareholders and until their respective successor has been duly elected and qualified (Proposal No. 1);

a proposal to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the current fiscal year (Proposal No. 2);

a proposal to approve, on a non-binding advisory basis, the Company's executive compensation (Proposal No. 3);

a shareholder proposal requesting a report on Board diversity if properly presented at the Annual Meeting (Proposal No. 4); and

any other business that may properly come before the Annual Meeting or any adjournment or postponement thereof.

What are the voting recommendations of the Board of Directors on these matters?

The Board of Directors recommends that you vote your shares as follows:

FOR the election of each of the nominees as directors on the Board of Directors (Proposal No. 1).

FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the current fiscal year (Proposal No. 2).

FOR the approval, on a non-binding advisory basis, of our executive compensation (Proposal No. 3).
As discussed above, the Board of Directors is not making any recommendation as to how you should vote on the non-binding shareholder proposal requesting a report on Board diversity (Proposal No. 4). As described in this Proxy Statement, the Board of Directors is taking a number of steps to improve its diversity.

Who is entitled to vote at the Annual Meeting?

The record date for the Annual Meeting is April 5, 2019. You have one vote for each share of the Company's common stock that you owned at the close of business on the record date, provided that on the record date those shares were either held directly in your name as the shareholder of record or were held for you as the beneficial owner through a bank, broker, or other intermediary. As of that date, there were 215,009,728 shares of common stock outstanding entitled to vote. There is no other class of voting securities outstanding.

What is the difference between holding shares as a shareholder of record and as a beneficial owner?

Most of our shareholders hold their shares through a bank, broker, or other intermediary (that is, in street name) rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Shareholder of Record. If your shares are registered directly in your name with our transfer agent, Continental Stock Transfer & Trust Company, you are considered to be the shareholder of record with respect to those shares, and we have sent the Notice of Internet Availability directly to you. As a shareholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the Annual Meeting.

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered to be the beneficial owner of shares held in street name, and the Notice of Internet Availability has been forwarded to you by your bank, broker, or intermediary (which is considered to be the shareholder of record with respect to

Table of Contents

those shares). As a beneficial owner, you have the right to direct your bank, broker, or other intermediary on how to vote and are also invited to attend the Annual Meeting. Your bank, broker, or intermediary has sent you a voting instruction card for you to use in directing the bank, broker, or other intermediary regarding how to vote your shares. However, since you are not the shareholder of record, you may not vote these shares in person at the Annual Meeting unless you obtain a legal proxy, executed in your favor, from the bank, broker, or other intermediary that holds your shares.

What options are available to me to vote my shares?

Whether you hold shares directly as the shareholder of record or through a bank, broker, or other intermediary, your shares may be voted at the Annual Meeting by following any of the voting options available to you below:

You may vote via the Internet.

If you received a Notice of Internet Availability by mail, you can submit your proxy or voting instructions over the Internet by following the instructions provided in the Notice of Internet Availability.

If you received a Notice of Internet Availability or proxy materials by email, you may submit your proxy or voting instructions over the Internet by following the instructions included in the email.

If you received a printed set of the proxy materials by mail, including a paper copy of the proxy card or voting instruction form, you may submit your proxy or voting instructions over the Internet by following the instructions on the proxy card or voting instruction form.

You may vote via the telephone.

If you are a shareholder of record, you can submit your proxy by calling the telephone number specified on the paper copy of the proxy card you received if you received a printed set of the proxy materials. You must have the control number that appears on your proxy card available when submitting your proxy over the telephone.

Most shareholders who hold their shares in street name may submit voting instructions by calling the number specified on the paper copy of the voting instruction form provided by their bank, broker, or other intermediary. Those shareholders should check the voting instruction form for telephone voting availability.

You may vote by mail. If you received a printed set of the proxy materials, you can submit your proxy or voting instructions by completing and signing the separate proxy card or voting instruction form you received and mailing it in the accompanying prepaid and addressed envelope.

You may vote in person at the meeting. All shareholders of record may vote in person at the Annual Meeting. Written ballots will be passed out to anyone who wants to vote at the meeting. However, if you are the beneficial

owner of shares held in street name through a bank, broker, or other intermediary, you may not vote your shares at the Annual

Meeting unless you obtain a legal proxy from the bank, broker, or other intermediary that holds your shares, giving you the right to vote the shares at the Annual Meeting. You must bring the legal proxy with you to vote your shares at the Annual Meeting.

Even if you plan to attend the Annual Meeting, we recommend that you submit your proxy or voting instructions in advance to authorize the voting of your shares at the Annual Meeting to ensure that your vote will be counted if you are later unable to attend.

What if I don't vote for some of the items listed on my proxy card or voting instruction card?

If you properly return your proxy card in the enclosed envelope but do not mark selections, your shares will be voted in accordance with the recommendations of our Board of Directors. If you indicate a choice with respect to any matter to be acted upon on your proxy card, your shares will be voted in accordance with your instructions.

If you are a beneficial owner and hold your shares in street name through a bank, broker, or other intermediary and do not give voting instructions to the bank, broker, or other intermediary, the bank, broker, or other intermediary, as applicable, will determine if it has the discretionary authority to vote on the particular matter. Under applicable rules, brokers have the discretion to vote on routine matters, such as the ratification of the selection of accounting firms, but do not have discretion to vote on non-routine matters, including the uncontested election of directors. As a result, if you are a beneficial owner and hold your shares in street name, but do not give your bank, broker, or other intermediary instructions on how to vote your shares with respect to the following matters, no votes will be cast on your behalf: the election of directors ([Proposal No. 1](#)); the non-binding advisory vote on executive compensation ([Proposal No. 3](#)); and the shareholder proposal requesting a report on Board diversity ([Proposal No. 4](#)).

If you do not provide voting instructions to your broker, and your broker indicates on its proxy card that it does not have discretionary authority to vote on a particular proposal, your shares will be considered to be broker non-votes with regard to that matter. Proxy cards that reflect a broker non-vote with respect to at least one proposal to be considered at the Annual Meeting (so long as they do not apply to all proposals to be considered) will be considered to be represented for purposes of determining a quorum but generally will not be considered to be entitled to vote with respect to that proposal. Broker non-votes are not counted in the tabulation of the voting results with respect to proposals that require a plurality of the votes cast or proposals that require a majority of the votes cast.

How is a quorum determined?

The presence, in person or by proxy, of shareholders entitled to cast at least a majority of the votes that all shareholders are entitled to cast at the Annual Meeting constitutes a quorum at the Annual Meeting. Abstentions, broker votes and broker non-votes (only when accompanied by broker votes with respect to at least one matter at the meeting) are considered

Table of Contents

present and entitled to vote for purposes of establishing a quorum for the transaction of business at the Annual Meeting. If a quorum is not present by attendance at the Annual Meeting or represented by proxy, the shareholders present by attendance at the meeting or by proxy may adjourn the Annual

Meeting, until a quorum is present. If a new record date is fixed for the adjourned meeting, we will provide notice of the adjourned meeting to each shareholder of record entitled to vote at the meeting.

What vote is required to approve each proposal at the Annual Meeting?

Proposal	Vote Required	Broker Discretionary Voting Allowed
Proposal No. 1 Election of Directors	Majority of Votes Cast	No
Proposal No. 2 Ratification of Appointment of Independent Registered Public Accounting Firm	Majority of Votes Cast	Yes
Proposal No. 3 Non-Binding Advisory Vote to Approve Executive Compensation	Majority of Votes Cast	No
Proposal No. 4 Shareholder Proposal Requesting a Report on Board Diversity	Majority of Votes Cast	No

With respect to Proposal No. 1, you may vote FOR, AGAINST or ABSTAIN your vote on each nominee. Each nominee receiving a majority of votes casted FOR will be elected. A properly executed proxy marked ABSTAIN with respect to the election of a director or directors will not be voted with respect to such director or directors. Proxies may not be voted for more than one director.

With respect to Proposal Nos. 2, 3 and 4, you may vote FOR, AGAINST or ABSTAIN.

If you abstain from voting on Proposal 2, 3, or 4, your shares will be counted as present and entitled to vote on that matter for purposes of establishing a quorum, but will not be counted for purposes of determining the number of votes cast.

Can I change my vote or revoke my proxy?

Yes. Any shareholder of record has the power to change or revoke a previously submitted proxy at any time before it is voted at the Annual Meeting by:

submitting to our Corporate Secretary, before the voting at the Annual Meeting, a written notice of revocation bearing a later date than the proxy;

timely delivery of a valid, later-dated proxy (only the last proxy submitted by a shareholder by Internet, telephone or mail will be counted); or

attending the Annual Meeting and voting in person; however, attendance at the Annual Meeting will not by itself constitute a revocation of a proxy.

For shares held in street name, you may revoke any previous voting instructions by submitting new voting instructions to the bank, broker, or intermediary holding your shares by the deadline for voting specified in the voting instructions provided by your bank, broker, or intermediary. Alternatively, if your shares are held in street name and you have obtained a legal proxy from the bank, broker, or intermediary, giving you the right to vote the shares at the Annual Meeting, you may revoke any previous voting instructions by attending the Annual Meeting and voting in person.

Are there other matters to be voted on at the Annual Meeting?

We do not know of any other matters that may come before the Annual Meeting other than Proposals 1 through 4 included herein. If any other matters are properly presented at the Annual Meeting, the persons named as proxies on the enclosed proxy card intend to vote or otherwise act in accordance with their judgment on the matter.

Is a list of shareholders available?

The names of shareholders of record entitled to vote at the Annual Meeting will be available for review by shareholders at the Annual Meeting.

Where can I find the voting results?

Preliminary voting results will be announced at the Annual Meeting, and final voting results will be reported in a Current Report on Form 8-K, which we will file with the SEC within four (4) business days following the Annual Meeting.

Who is soliciting proxies, how are they being solicited, and who pays the cost?

The solicitation of proxies is being made on behalf of our Board of Directors and we will bear the costs of the solicitation. This solicitation is being made by mail and through the Internet, but also may be made by telephone or in person. We have engaged Okapi Partners, LLC to aid in the solicitation of proxies and to verify records relating to the

solicitation for an estimated fee of \$9,500. All costs of such solicitation of proxies will be borne by us. We will reimburse brokerage firms and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for sending proxy materials to shareholders and obtaining their votes.

Attendance at the Annual Meeting will be limited to shareholders as of the record date or their duly-appointed proxies. Please note that if you attend the Annual Meeting, you may be asked to present valid picture identification, such as a driver's license or passport. If you are a shareholder holding

stock in brokerage accounts or by a bank or other intermediary, you may be required to show a brokerage statement or account statement reflecting your stock ownership as of the record date, but in order to vote your shares at the Annual Meeting, you must obtain a legal proxy from the bank or brokerage firm that holds your shares.
