**MATERIAL CHANGE REPORT**

**Item 1 Name and Address of the Issuer**

BCE Inc. ( **BCE** )  
1000 de La Gauchetière West, suite 3700  
Montréal, Québec  
H3B 4Y7

**Item 2 Date of Material Change**

December 11, 2008.

**Item 3 News Release**

Press releases were disseminated by CNW Telbec on December 11, 2008 and on December 12, 2008. The English versions of those press releases are annexed hereto and form an integral part hereof.

**Item 4 Summary of Material Change**

BCE announced on December 11, 2008 that it received, in the evening of December 10, 2008, from the Purchaser, a company formed by an investor group led by Teachers Private Capital, the private investment arm of the Ontario Teachers Pension Plan, and affiliates of Providence Equity Partners Inc., Madison Dearborn Partners, LLC, and Merrill Lynch Global Private Equity, a notice purporting to terminate the Definitive Agreement dated June 29, 2007, as amended. BCE disputes that the Purchaser was entitled to terminate the Definitive Agreement, as such notice was delivered prematurely, prior to the outside date for closing of the transaction, and therefore invalid. Given the Purchaser's position, BCE announced on December 11, 2008 that the privatization transaction will not proceed.

BCE announced on December 12, 2008 that it had terminated the Definitive Agreement in accordance with its terms. BCE further announced on December 12, 2008 plans to return value to BCE shareholders with a reinstated common share dividend and a new Normal Course Issuer Bid (NCIB) common share buyback program.

In addition, BCE and Bell Canada announced on December 12, 2008 that they had terminated their previously announced conditional cash tender offers for outstanding BCE 7.35% Series C Notes due October 30, 2009 (the BCE Notes ), and outstanding Bell Canada 6.15% Debentures, Series M-2, due June 15, 2009 and 5.50% Debentures, Series M-16, due August 12, 2010 (the Bell Debentures ).

**Item 5 Full Description of Material Change**

**5.1 Full Description of Material Change**

BCE announced on December 11, 2008 that it received, in the evening of December 10, 2008, from the Purchaser a notice purporting to terminate the Definitive Agreement. BCE disputes that the Purchaser was entitled to terminate the Definitive Agreement, as such notice was delivered prematurely, prior to the outside date for closing of the transaction, and therefore invalid. Given the Purchaser's position, BCE announced on December 11, 2008 that the privatization transaction will not proceed.

As previously announced, the closing of the privatization transaction was contingent upon the fulfillment of several closing conditions, including, pursuant to Section 8.1(f) of the Definitive Agreement, the receipt at the effective time of a positive solvency opinion from KPMG. On the morning of December 11, 2008, KPMG confirmed that it would not be able to deliver an opinion that BCE would meet, post transaction, the solvency tests set out in the Definitive Agreement.

In light of these developments, BCE announced on December 11, 2008 that it would be terminating the Definitive Agreement in accordance with its terms, and would be demanding payment of the \$1.2-billion break-up fee from the Purchaser. All closing conditions by BCE had been satisfied other than the solvency opinion, a condition to closing that was to be satisfied by its nature at the effective time. Under such circumstances, the Definitive Agreement provides that the break up fee will be owed to BCE by the Purchaser. The Purchaser has taken the position that it is not obligated to pay the break-up fee.

BCE announced on December 12, 2008 that it had terminated the Definitive Agreement in accordance with its terms.

BCE has advised Computershare Investor Services Inc. that the privatization transaction will not proceed. As a result, holders of BCE shares will maintain their status as BCE shareholders. Computershare is returning to depositing shareholders a share certificate representing their deposited BCE common and preferred shares and any ancillary documents it received from each such shareholder by first class mail as soon as practicable. For more information, investors may contact Computershare at 1-800-564-6253.

BCE announced on December 12, 2008 that it had reinstated its common share dividend and declared on the morning of December 12, 2008 its fourth quarter of 2008 common dividend. For shareholders of record as of December 23, 2008, a quarterly dividend per share of \$0.365 will be paid on January 15, 2009.

BCE also announced on December 12, 2008 that it will return capital to shareholders in the form of a normal course issuer bid ( NCIB ). To that end, BCE

will repurchase up to approximately 5% of outstanding common shares, or about 40 million common shares. The NCIB is subject to approval by the Toronto Stock Exchange (TSX) and will be carried out in accordance with the requirements of the TSX and applicable laws.

BCE further announced on December 12, 2008 that the company's shareholders' meeting will be held on Tuesday February 17, 2009 in Montréal.

At this meeting, BCE will further outline Bell's goal and 5 Strategic Imperatives and BCE's capital structure and shareholder value initiatives, including its dividend payout policy.

In addition, BCE and Bell Canada announced on December 12, 2008 that they had terminated their previously announced conditional cash tender offers for the BCE Notes and the Bell Debentures.

BCE and Bell Canada, respectively, have notified the depositaries of the termination of the tender offers, that they will not accept for payment or pay for any BCE Notes or Bell Debentures deposited to the tender offers, and instructed the depositaries to promptly return all BCE Notes and Bell Debentures deposited by the tendering holders.

**BCE privatization transaction will not proceed**

**MONTRÉAL, Québec** BCE Inc. (TSX, NYSE: BCE) today announced that it received last evening from the Purchaser, a company formed by an investor group led by Teachers Private Capital, the private investment arm of the Ontario Teachers Pension Plan, and affiliates of Providence Equity Partners Inc., Madison Dearborn Partners, LLC, and Merrill Lynch Global Private Equity, a notice purporting to terminate the Definitive Agreement dated June 29, 2007, as amended. BCE disputes that the Purchaser was entitled to terminate the Definitive Agreement, as such notice was delivered prematurely, prior to the outside date for closing of the transaction, and therefore invalid. Given the Purchaser's position, the BCE privatization transaction will not proceed.

As previously announced, the closing of the privatization transaction is contingent upon the fulfillment of several closing conditions, including, pursuant to Section 8.1(f) of the Definitive Agreement, the receipt at the effective time of a positive solvency opinion from KPMG. Earlier this morning, KPMG confirmed that it would not be able to deliver an opinion that BCE would meet, post transaction, the solvency tests set out in the Definitive Agreement. In light of these developments, BCE will be terminating the Definitive Agreement in accordance with its terms, and will be demanding payment of the \$1.2-billion break-up fee from the Purchaser. All closing conditions have been satisfied by BCE, other than the solvency opinion, a condition to closing that was to be satisfied by its nature at the effective time. Under such circumstances, the agreement provides that the break up fee will be owed to BCE by the Purchaser. The Purchaser has taken the position that it is not obligated to pay the break-up fee.

In addition, the BCE Board intends that immediately following termination of the Definitive Agreement in accordance with its terms, it will address a reinstatement of its common share dividend beginning with its fourth quarter common share dividend payable on January 15, 2009, and that it will return capital to its shareholders through a Normal Course Issuer Bid.

For Immediate Release

December 12, 2008

**BCE announces plan to return value to its shareholders**

**Reinstates common share dividend, announces 5% NCIB share buyback**

**Bell continues move forward as a competitive, customer-focused service provider**

**MONTREAL, Québec** Following the termination of the proposed privatization agreement by BCE in accordance with its terms, BCE Inc. (TSX, NYSE: BCE) today announced plans to return value to BCE shareholders with a reinstated common share dividend and a new Normal Course Issuer Bid (NCIB) common share buyback program. Bell Canada will also continue its move forward as a re-energized company with a clear goal to be recognized by customers as Canada's leading communications company and the customer-focused strategy and structure required to achieve it.

Our enhanced operational performance in recent months confirms that Bell is competing as a cost-effective and customer-focused communications company. The Bell team has implemented a range of programs to deliver a better customer experience, and we are eager to build on the clear progress we've already made, said George Cope, President and CEO of Bell and BCE. Given this steadily improving business trajectory, we view the dividend and share buyback initiatives announced by BCE today as very attractive to our shareholders now and going forward.

The BCE Board of Directors is in full support of the operational and investment strategy and capital market approach implemented by our CEO George Cope and his executive team, said Richard J. Currie, BCE and Bell Canada Board Chair.

**Bell's move forward**

In July 2008, Bell instituted a new strategy and a 100-day plan to enhance its customer service capability, competitiveness and cost efficiency. With a strict focus on its core business as a communications service provider, Bell is executing on 5 Strategic Imperatives: Improve Customer Service, Accelerate Wireless, Leverage Wireline Momentum, Invest in Broadband Networks & Services, and Achieve a Competitive Cost Structure in order to deliver a better customer experience.

Beginning in July, Bell announced several significant operational initiatives supporting its Strategic Imperatives, including an organizational restructuring that reduced the number of management layers at Bell, bringing all team members closer to the customer, while reducing the number of management positions by 15%; ambitious new service programs such as Same Day Next Day service and Express Install; major investments in its wireless and IP fibre networks, as well as its service infrastructure; and a bold new brand that highlights Bell's move forward in the business and consumer marketplaces.

---

**Table of Contents**

Bell's cost reduction initiatives will result in savings of approximately \$400 million, an enhanced competitive position and, as evidenced by the progress shown in the Company's third-quarter (Q3) results, steadily improving operational and financial performance supporting Bell's future as a public company, and the shareholder value initiatives announced today.

**Strong balance sheet and liquidity**

Maintaining a public company capital structure, underpinned by strong investment grade credit metrics, BCE is retaining high levels of financial liquidity to fund its maturing debt obligations given today's market environment. The Company also today announced new initiatives—a reinstated common share dividend and an NCIB program—dedicated to returning value to its shareholders.

**Reinstated common share dividend**

BCE has reinstated its common share dividend and declared this morning its fourth quarter of 2008 common dividend. For shareholders of record as of December 23, 2008, a quarterly dividend per share of \$0.365 will be paid on January 15, 2009.

**NCIB share buyback program**

BCE will return capital to shareholders in the form of a Normal Course Issuer Bid (NCIB). To that end, BCE will repurchase up to approximately 5% of outstanding common shares, or about 40 million common shares. The NCIB is subject to approval by the Toronto Stock Exchange (TSX) and will be carried out in accordance with the requirements of the TSX and applicable laws.

A share buyback is the most efficient method of distributing capital to our shareholders, particularly given the current valuation metrics of the Company, said Siim Vanaselja, Chief Financial Officer of BCE. The share buyback will be accretive to earnings per share and cash flow. Our improving operational progress provides the Company with confidence in our ability to return value to shareholders now and into the future.

**Annual Shareholder Meeting**

The Company's shareholders' meeting will be held on Tuesday February 17, 2009 in Montréal.

At this meeting, the Company will further outline Bell's goal and 5 Strategic Imperatives and BCE's capital structure and shareholder value initiatives, including its dividend payout policy.

**Return of share certificates**

BCE has advised Computershare Investor Services Inc. that the privatization transaction will not proceed. As a result, holders of BCE shares will maintain their status as BCE shareholders. Computershare will return to depositing shareholders a share certificate representing their deposited BCE common and preferred shares and any ancillary documents it received from each such shareholder by first class mail as soon as practicable. For more information, investors may contact Computershare at 1-800-564-6253.
