What is the difference between a stockholder of record and a beneficial owner of shares held in street name?

Stockholder of Record. If your shares are registered directly in your name with Windstream Holdings' transfer agent, Computershare Trust Company, N.A. (Computershare), you are considered the stockholder of record with respect to those shares, and the proxy materials were sent directly to you by Windstream Holdings.

Beneficial Owner of Shares Held in Street Name. If your shares are held in an account at a brokerage firm, bank, broker-dealer, or other similar organization, then you are the beneficial owner of shares held in street name, and the proxy materials were forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Special Meeting. As a beneficial owner, you have the right to instruct that organization on how to vote the shares held in your account. Those instructions are contained in a voting instruction form.

If I am a stockholder of record of the Company's shares, how do I vote?

If you are a stockholder of record, there are four ways to vote:

By Internet Prior to the Special Meeting. You may vote online by proxy via the Internet by following the instructions provided in the proxy card or by following the instructions at our stockholder forum at www.proxyvote.com.

By Telephone. You may vote by proxy by calling the toll free number found on the proxy card.

If I am a beneficial owner of shares held in street name, how do I vote?

If you are a beneficial owner of shares held in street name, there are four ways to vote:

By Internet during the Special Meeting. You may vote at the Special Meeting via the Internet at www.virtualshareholdermeeting.com/win15 using the control number that appears on the voting instructions we have provided you. There will not be an in-person meeting.

What is the quorum requirement for the Special Meeting?

The holders of a majority of the outstanding shares of Common Stock entitled to vote must be present at the Special Meeting or represented by proxy to hold the Special Meeting. This is called a quorum. Your shares will be counted for purposes of determining if there is a quorum if you:

Are entitled to vote and you are present or by proxy at the Special Meeting; or

Have properly voted online, by telephone or by submitting a proxy card or voting instruction form by mail.

If a quorum is not present, the Special Meeting will be adjourned until a quorum is obtained.

How are proxies voted?

All shares represented by valid proxies received prior to the Special Meeting will be voted by the proxies named therein and, where a stockholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the stockholder's instructions.

What happens if I do not give specific voting instructions?

Stockholders of Record. If you are a stockholder of record and you:

Indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board; or

Sign and return a proxy card without giving specific voting instructions, then the persons named as proxy holders on the proxy card will vote your shares in the manner recommended by the Board on all matters presented in this Proxy Statement.

Beneficial Owners of Shares Held in Street Name. If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions then, under applicable rules, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, that organization will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a broker non-vote.

What vote is required to approve each of the Proposals?

The stockholder vote required to approve each of the proposals is set forth below.

Proposal	Votes Required for Approval
Reclassification Proposal	Majority of shares outstanding
Subsidiary's Voting Provision Proposal	Majority of shares outstanding
Adjournment Proposal	Majority of votes cast

How are broker non-votes and abstentions treated?

Broker non-votes and abstentions are counted for purposes of determining whether a quorum is present. The effect of broker non-votes and abstentions on each of the proposals presented in this Proxy Statement is as follows:

Proposal	Broker Non-Votes	Abstentions
Reclassification Proposal	Vote against	Vote against
Subsidiary's Voting Provision Proposal	Vote against	Vote against
Adjournment Proposal	No effect	No effect

Edgar Filing: WINDSTREAM HOLDINGS, INC. - Form DEF 14A

As noted above, broker non-votes and abstentions will have no effect on the Adjournment Proposal presented in this Proxy Statement because broker non-votes and abstentions are not considered votes cast under our majority of votes cast approval standard. Approval of such proposal will require that the number of shares voted for the

proposal exceed the number of votes against it. While there may be instances in which a stockholder will wish to abstain, we encourage all stockholders to vote their shares in their best judgment and to participate in the voting process to the fullest extent possible.

Can I change my vote after I submit my proxy?

Yes. You may revoke your proxy and change your vote at any time before the final vote at the Special Meeting. After you submit your proxy, you may change your vote via the Internet or by telephone (in which case only your latest Internet or telephone proxy submitted prior to the Special Meeting will be counted), by signing and returning a new proxy card or voting instruction form with a later date, or by attending the Special Meeting and voting. However, your attendance at the Special Meeting will not automatically revoke your proxy unless you properly vote at the Special Meeting or specifically request that your prior proxy be revoked by delivering written notice to the Company's Corporate Secretary prior to the Special Meeting at 4001 Rodney Parham Road, Little Rock, Arkansas 72212.

All shares that have been properly voted and not revoked will be voted at the Special Meeting.

Is my vote important?

Yes. The agenda for this Special Meeting contains two important proposals (the Reclassification Proposal and the Subsidiary's Voting Provision Proposal) which require the affirmative vote of the holders of a majority of our outstanding shares. If you fail to vote, it will have the effect of a vote AGAINST these important proposals.

Who should I contact if I have questions?

If you have any questions, need additional copies of the proxy materials, or need assistance in voting your shares, please call the firm assisting us in the solicitation of proxies:

BACKGROUND TO THE PROPOSALS

General

On July 29, 2014, the Board of Directors (the Board) of Windstream Holdings, Inc. (Windstream Holdings or the Company) announced a plan to separate its business into two separate and independent publicly traded companies contingent upon receipt of regulatory approvals, final approval from the Board, execution of definitive documentation, and satisfaction of other customary conditions (the Spin-Off):

1. Windstream Holdings, which will continue to provide advanced network communications and technology solutions to businesses and customers through its existing operations; and
2. Communications Sales & Leasing, Inc., a Maryland corporation (CS&L), which, through its subsidiaries, will own, acquire and lease distribution systems serving the communications infrastructure industry and potentially other industries and operate a consumer CLEC business.

The Spin-Off transaction will place a significant portion of Windstream Holdings existing fiber and copper network and other fixed real estate assets into an independent, publicly traded real estate investment trust (REIT). The REIT will lease the assets to Windstream through a long-term triple-net exclusive lease with an initial rent payment of \$650 million per year.

Our Business

Windstream Holdings is a leading provider of advanced network communications in the United States. We provide advanced network communications, including cloud computing and managed services, to businesses nationwide. Additionally, we offer broadband, phone and digital TV services to consumers primarily in rural areas and maintain a local and long-haul fiber network that spans approximately 118,000 miles.

Rationale for the Spin-off

The Board expects the Spin-Off will:

Allow Windstream Holdings to realize significant financial flexibility by retiring approximately \$4.0 billion in debt as part of the Spin-Off and to de-lever upfront;

Generate additional free cash flow that can be used to fund incremental growth opportunities in our business, including accelerating broadband investments, transition to an IP-centric network and allow Windstream Holdings to deliver enhanced services to customers;

Provide CS&L with increased flexibility to pursue its plan to expand its communications real estate platform, including issuing equity on meaningfully more favorable terms in connection with investments and acquisitions;

Meaningfully enhance the ability to raise capital for CS&L's business by issuing equity on more favorable terms than would be possible, absent the Spin-Off, in the public markets to institutional investors that invest in REITs;

Provide Windstream Holdings with greater financial and strategic flexibility by allowing CS&L's real property business to optimize its leverage and enhance the credit profile of the Windstream Holdings business;

Create opportunity to unlock stockholder value by creating two independent public companies with distinct investment characteristics;

Meaningfully enhance the ability of each of Windstream Holdings and CS&L to attract and retain qualified management; and

Reduce the actual or perceived competition for capital resources within Windstream Holdings.

The transaction is structured as a tax-free spinoff for Windstream Holdings stockholders. The Board approved the plan following the receipt of a private letter ruling from the Internal Revenue Service confirming tax-free treatment to our stockholders.

Current Structure Planned Structure

Reorganization

In anticipation of the Spin-Off, Windstream Holdings intends to reorganize certain of its subsidiaries into limited liability companies and take certain other steps to facilitate the Spin-Off (collectively, the Reorganization). In addition, the Board believes it is in the best interests of its stockholders to effect a 1-for-6 reverse stock split of its Common Stock following the Spin-Off.

**PROPOSAL NO. 1
THE RECLASSIFICATION PROPOSAL**

**ADOPT AN AMENDMENT OF THE AMENDED AND RESTATED CERTIFICATE OF
INCORPORATION OF WINDSTREAM HOLDINGS TO EFFECT A ONE-FOR-SIX REVERSE STOCK
SPLIT AND A PROPORTIONATE DECREASE IN THE NUMBER OF AUTHORIZED SHARES OF
OUR COMMON AND PREFERRED STOCK**

General

The Board has adopted a resolution approving, subject to approval by our stockholders, a proposed amendment to the Amended and Restated Certificate of Incorporation of Windstream Holdings, a form of which is attached to this Proxy Statement as Annex A (the Proposed Amendment), to:

i. effect a reclassification of our Common Stock, and

ii. decrease the number of authorized shares of our Common Stock and our Preferred Stock in proportion to the reclassification.

Pursuant to the Proposed Amendment, on the effective date thereof, each outstanding six (6) shares of Common Stock would be combined into and become one (1) share of Common Stock and the number of authorized shares of our Common Stock would be decreased from one billion (1,000,000,000) shares to one hundred sixty six million six hundred sixty six thousand six hundred sixty seven (166,666,667) shares and the number of authorized shares of our Preferred Stock will be decreased from two hundred million (200,000,000) shares to thirty three million three hundred thirty three thousand three hundred thirty three (33,333,333) shares. To avoid the existence of fractional shares of our Common Stock, stockholders who would otherwise be entitled to receive fractional shares of our Common Stock as a result of the reclassification will receive a cash payment in lieu thereof.

Because the authorized number of shares of Common Stock and Preferred Stock would be reduced at the same proportionate one-for-six rate as the reverse stock split, the Proposed Amendment would not have the practical effect of increasing the number of authorized shares of Windstream Holdings.

As of December 31, 2014, the last practicable date prior to the printing of these proxy materials, we had 602,867,646 shares of Common Stock outstanding. Based on that number of shares of our Common Stock outstanding, immediately following the completion of the reclassification, we would have approximately 100,477,941 shares of our Common Stock outstanding (without giving effect to the cash payment in lieu of fractional shares).

Adoption of the Proposed Amendment requires the affirmative vote of the holders of at least a majority of our outstanding shares of Common Stock. We currently anticipate that if the Proposed Amendment is approved by stockholders at the Special Meeting, it would be implemented promptly following the Spin-Off. If the Board, in its sole discretion, determines that the reclassification is no longer in the best interests of our stockholders, the Proposed Amendment may be abandoned at any time before, during or after the Special Meeting and prior to its effectiveness, without further action by our stockholders.

Purpose of the Proposed Amendment

The Spin-Off, if consummated, will result in a significant portion of our extensive communications distribution system comprised of fiber optic cable lines, copper cable lines and central land and buildings across 37 states no longer being held by Windstream Holdings and its subsidiaries, but instead by Communications Sales & Leasing, Inc. and its subsidiaries. As such, we expect that the per share trading price of our Common Stock will decrease after the Spin-Off, absent the Proposed Amendment.

The primary purpose for effecting the Proposed Amendment is to increase the per share trading price of our Common Stock after the Spin-Off so as to:

bring the share price of our Common Stock after the Spin-Off into a range more appropriate for a NASDAQ listed company and more in line with other telecommunications companies with comparable market capitalization;

broaden the pool of investors that may be interested in investing in Windstream Holdings after the Spin-Off by attracting new investors who would prefer not to invest in shares that trade at low share prices;

make our Common Stock a more attractive investment to institutional investors; and

reduce the relatively high transaction costs and commissions that may be incurred by our stockholders, due to the lower per share trading price that would be expected following the Spin-Off.

In addition, in connection with the reclassification, we believe that the number of authorized shares of our Common Stock should be decreased from 1,000,000,000 shares to 166,666,667 shares and that the number of authorized shares of our Preferred Stock should be decreased from 200,000,000 to 33,333,333 shares. Provided that the reclassification is effectuated, we do not anticipate the need for one billion authorized shares of Common Stock or 200,000,000 shares of Preferred Stock in the foreseeable future.

Board Rationale

In determining to approve the Proposed Amendment, the Board considered, among other things, that, following the Spin-Off, a sustained higher per share price of our Common Stock, which should result from the reclassification, might heighten the interest of the financial community in Windstream Holdings and potentially broaden the pool of investors that may consider investing in Windstream Holdings, possibly increasing the trading volume and liquidity of our Common Stock. The Board, with the advice of its financial advisor, has determined that investors who would otherwise be potential investors in our Common Stock would prefer to invest in shares that trade at a price range more appropriate for a company listed on NASDAQ. The Board has approved the one-for-six split of all outstanding shares of our Common Stock with the expectation that, following the Spin-Off, the reclassification would result in a per-share price in a more appropriate range for a NASDAQ listed company.

In addition, the Board considered that as a matter of policy, many institutional investors are prohibited from purchasing stocks below certain minimum price levels. For the same reason, brokers often discourage their customers from purchasing such stocks. The Board believes that, to the extent that the price per share of our Common Stock remains at a higher per share price, following the Spin-Off, as a result of the reclassification, some of these concerns may be ameliorated.

The Board also considered that the structure of trading commissions, which are often set at a fixed price, tend to have an adverse impact on holders of lower-priced securities because the brokerage commissions on a sale of lower-priced securities generally represent a higher percentage of the sales prices than the commissions on relatively higher-priced issues, which may discourage trading in such lower-priced securities. Following the Spin-Off, a reclassification should result in a price level for our Common Stock that may reduce the adverse effect trading commissions have on the tendencies of certain stockholders to trade in our Common Stock. Moreover, a reclassification would reduce the actual transaction costs imposed on those investors who pay commissions on trades of our Common Stock based on the number of shares actually traded.

Other Considerations

Stockholders should recognize that if the reclassification is effected, they will own a fewer number of shares than they currently own (a number equal to the number of shares owned immediately prior to the reclassification divided by six). While we expect that the reclassification will result in an increase in the per share price of our Common Stock, the reclassification may not increase the per share price of our Common Stock in proportion to the reduction in the number of shares of our Common Stock outstanding or result in a permanent increase in the per share price (which depends on many factors, including our performance, prospects and other factors that may be unrelated to the number of shares outstanding).

If a reclassification is effected and the per share price of our Common Stock declines, the percentage decline as an absolute number and as a percentage of our overall market capitalization may be greater than would occur in the absence of a reclassification. Furthermore, the liquidity of our Common Stock could be adversely affected by the reduced number of shares that would be outstanding after the reclassification. In addition, the reclassification will likely increase the number of stockholders who own odd lots (less than 100 shares). Stockholders who hold odd

lots typically will experience an increase in the cost of selling their shares, as well as possible greater difficulty in effecting such sales. Accordingly, a reclassification may not achieve all of the desired results that have been outlined above.

The Board considered all of the foregoing factors, and determined that the reclassification is in the best interests of the Company and its stockholders. As noted above, even if stockholders approve the reclassification, the Board reserves the right not to effect the reclassification if the Board does not deem it to be in the best interests of the Company or its stockholders.

Principal Effects of the Proposed Amendment

General

Our Common Stock is currently registered under the Securities Exchange Act of 1934, as amended (the Exchange Act), and we are subject to the periodic reporting and other requirements of the Exchange Act. The reclassification will not affect the registration of our Common Stock under the Exchange Act.

Number of Shares of Common Stock and Corporate Matters

If approved and implemented, the Proposed Amendment would have the following effects on the number of shares of Common Stock:

each six shares of our Common Stock owned by a stockholder immediately prior to the reclassification would become one share of Common Stock after the reclassification;

the number of shares of our Common Stock outstanding would be reduced from approximately 602.9 million shares to approximately 100.5 million shares;

the number of shares of our Common Stock subject to any then outstanding awards under equity incentive plans or warrants will be adjusted and decreased by a ratio of one-for-six and, where applicable, there will be a corresponding increase in the per share exercise or strike price thereof;

the number of shares of our Common Stock reserved for future issuance under our employee equity plans will be reduced to one-sixth of the number of shares currently included in such plans; and

the number of authorized shares of our Common Stock would decrease from 1,000,000,000 shares to 166,666,667 shares, so that upon effectiveness of the reclassification, the number of shares of our Common Stock that are authorized but unissued would decrease from approximately 397.1 million shares to approximately 66.2 million shares.

Following the reclassification and assuming it became effective at the close of business on December 31, 2014, we would have approximately 66.2 million authorized but unissued shares of Common Stock, a portion of which would be reserved for issuance pursuant to, or in connection with, our employee equity plans.

Outstanding		602,867,646*	100,477,941

* As of December 31, 2014

** Includes 18,952,158 shares available for issuance under the Company's stockholder-approved equity plans and 6,566,847 shares reserved for issuance for shares that have been granted but remain unexercised.

The authorized and unissued and unreserved shares would be available from time to time for corporate purposes including raising additional capital by means of sales of stock or securities convertible into Common Stock, acquisitions of companies or assets, or other strategic transactions. We currently have no plan, arrangement or agreement to issue shares of our Common Stock for any purpose, except for the issuance of shares of Common Stock pursuant to our employee equity plans.

The reclassification will affect all of our stockholders uniformly and will not change the proportionate equity interests of our stockholders, nor will the respective voting rights and other rights of stockholders be altered, except for possible changes due to the treatment of fractional shares resulting from the reclassification. As described below, stockholders holding fractional shares will be entitled to cash payments in lieu of such fractional shares.

Cash Payment in Lieu of Fractional Shares

Windstream Holdings will not issue fractional certificates for post-reclassification shares in connection with the reclassification. Instead, our transfer agent will aggregate all fractional shares and sell them as soon as practicable after the effective time of the reclassification at the then prevailing prices on the open market, on behalf of those holders who would otherwise be entitled to receive a fractional share. We expect that it may take several days for our transfer agent to sell all of the aggregated fractional shares of Common Stock. After completing such sale, stockholders otherwise entitled to receive a fractional share will receive a cash payment from our transfer agent in an amount equal to their pro rata share of the total net proceeds of that sale. The proceeds of such sale will be subject to federal income tax, as described further below in

Certain United States Federal Income Tax Consequences. In addition, such stockholders will not be entitled to receive interest for the period of time between the effective time of the reclassification and the date they receive payment for the cashed-out shares.

The ownership of a fractional interest will not give the holder thereof any voting, dividend or other rights except to receive payment therefor as described herein.

Stockholders should be aware that, under the escheat laws of the various jurisdictions where stockholders reside, sums due for fractional interests that are not timely claimed after the effective time may be required to be paid to the designated agent for each such jurisdiction. Thereafter, stockholders otherwise entitled to receive such funds may have to seek to obtain them directly from the state to which they were paid.

Accounting Matters

The reclassification will not affect our total stockholders' equity, after giving effect to the Spin-Off. However, because the par value of our Common Stock will remain unchanged, the components that make up total stockholders' equity will change by offsetting amounts. As a result of the reclassification, the aggregate stated capital component attributable to our Common Stock will be reduced to an amount equal to one-sixth of its present amount, and the additional paid-in capital component will be increased by an equivalent amount. The per share net income and net book value per share of our Common Stock will be increased as a result of the reclassification because there will be fewer shares of our Common Stock outstanding. Prior periods' per share amounts will be restated to reflect the reclassification.

Procedure for Effecting Proposed Amendment; No Exchange of Stock Certificates

If our stockholders approve the Proposed Amendment and the Board determines that a reclassification, at a ratio of 1-to-6, continues to be in the best interests of Windstream Holdings and its stockholders, we will file the Proposed Amendment reflecting the reclassification and the reduction of the authorized number of shares of our Common Stock with the Secretary of State of the State of Delaware. The reclassification and the reduction of the authorized number of shares of our Common Stock will become effective as of 5:00 p.m. eastern time on the date of filing, which time on such date will be referred to as the effective time. Except as described above under **Cash Payment in Lieu of Fractional Shares**, at the effective time, each six shares of Common Stock issued and outstanding immediately prior to the effective time will, automatically and without any further action on the part of our stockholders, be combined into and become one share of Common Stock, subject to the treatment for fractional shares described above, each certificate which, immediately prior to the effective time represented pre-reclassification shares, will be deemed for all corporate purposes to evidence ownership of post-reclassification shares and the number of authorized shares of our Common Stock will be decreased from 1,000,000,000 shares to

166,666,667 shares and the number of authorized shares of our Preferred Stock will be decreased from 200,000,000 shares to 33,333,333 shares. **STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY CERTIFICATE(S).**

Even if the stockholders approve the Proposed Amendment, we do not intend to effect the reclassification or the decrease the number of authorized shares of our Common Stock until the Spin-Off is effected and we reserve the right not to effect the reclassification or decrease the number of authorized shares of our Common Stock if in the opinion of the Board it would not be in the best interests of the Company and its stockholders.

No Appraisal Rights

Under the Delaware General Corporation Law (the "DGCL"), stockholders will not be entitled to exercise appraisal rights in connection with the reclassification or decrease in the number of authorized shares of our Common Stock, and the Company will not independently provide stockholders with any such right.

Certain United States Federal Income Tax Consequences

The following is a summary of certain United States federal income tax consequences of the reclassification generally applicable to beneficial owners of shares of our Common Stock. This summary addresses only such stockholders who are U.S. Holders (as defined below) and hold their pre-reclassification shares as a capital asset, as defined in the Internal Revenue Code of 1986, as amended (the "Code"), and will hold the post-reclassification shares as capital assets. This discussion does not address all United States federal income tax considerations that may be relevant to particular stockholders in light of their individual circumstances or to stockholders that are subject to special rules, such as financial institutions, tax-exempt organizations, insurance companies, dealers in securities, and foreign stockholders. The following summary is based upon the provisions of the Code, as amended, applicable Treasury Regulations thereunder, judicial decisions and current administrative rulings, as of the date hereof. The Internal Revenue Service could adopt a contrary position. In addition, future legislative, judicial or administrative changes or interpretations could adversely affect the accuracy of the statements and conclusions set forth herein. Any such changes or interpretations could be applied retroactively and could affect the tax consequences described herein. No ruling from the Internal Revenue Service or opinion of counsel has been obtained in connection with the reverse stock split. This summary does not purport to be a complete discussion of all of the possible U.S. federal income tax consequences of the reclassification and is included for general information only. Further, tax consequences under state, local, foreign, and other laws are not addressed herein. Each stockholder should consult its tax advisor as to the particular facts and circumstances which may be unique to such stockholder and also as to any estate, gift, Medicare net investment income surtax, state, local or foreign tax considerations arising out of the reclassification.

The tax treatment of a stockholder may vary depending upon the particular facts and circumstances of such stockholder. You should consult with your own tax advisor with respect to the tax consequences of the reverse stock split. As used herein, the term "U.S. Holder" means a stockholder that is, for U.S. federal income tax purposes: a citizen or resident of the United States; a corporation or other entity taxed as a corporation created or organized in or under the laws of the United States or any state, including the District of Columbia; an estate the income of which is subject to U.S. federal income tax regardless of its source; or a trust that (i) is subject to the primary supervision of a U.S. court and the control of one of more U.S. persons or (ii) has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person.

Exchange Pursuant to Reclassification

No gain or loss will be recognized by a U.S. Holder upon such stockholder's exchange of pre-reclassification shares for post-reclassification shares pursuant to the reclassification, except to the extent of cash, if any, received in lieu of fractional shares. See "Cash in Lieu of Fractional Shares" below. The aggregate tax basis of the post-reclassification shares received in the reclassification, including any fractional share deemed to have been received, will be equal to the aggregate tax basis of the pre-reclassification shares exchanged therefor. A U.S. Holder's holding period of the post-reclassification shares will include the holding period of the pre-reclassification shares surrendered in the reclassification.

Cash in Lieu of Fractional Shares

In general, the receipt of cash by a U.S. Holder in lieu of a fractional share of post-reclassification shares will result in a taxable gain or loss to such U.S. Holder for U.S. federal income tax purposes. The amount of any gain or loss should be equal to the difference between the ratable portion of the tax basis of the pre-reclassification shares exchanged in the reclassification that is allocated to such fractional share and the cash received in lieu thereof. In general, any such gain or loss will constitute long-term capital gain or loss if the holder's holding period for such pre-reclassification shares exceeds one year at the time of the reclassification. The deductibility of capital losses by holders is subject to limitations.

Board Recommendation; Vote Required

Accordingly, the Board recommends that the stockholders of Windstream Holdings vote in favor of the adoption of the Proposed Amendment. If holders of a majority of the outstanding shares of Common Stock of Windstream Holdings vote in favor of the adoption of the Proposed Amendment, then the Proposed Amendment will be duly adopted. Abstentions from voting and broker non-votes, if any, will have the same effect as votes against the adoption of the proposal.

PROPOSAL NO. 2
THE SUBSIDIARY S VOTING PROVISION PROPOSAL

**AUTHORIZE AN AMENDMENT OF THE AMENDED AND RESTATED CERTIFICATE OF
INCORPORATION OF WINDSTREAM CORPORATION TO REMOVE THE VOTING PROVISION**

General

In connection with the Spin-Off, the Board intends to convert its wholly-owned subsidiary, Windstream Corporation, into a limited liability company. This conversion will allow the Company to proceed with the Spin-Off without incurring a considerable tax liability. According to Windstream Corporation's current certificate of incorporation, however, its conversion from a corporation into a limited liability company would require unanimous approval from the Company's stockholders, which is unrealistic for a public corporation.

The Board therefore seeks stockholder approval to amend its subsidiary's certificate of incorporation in order to remove a provision that would require the unanimous approval of the stockholders of Windstream Holdings of such conversion and instead allow Windstream Holdings to approve the conversion as the sole stockholder of Windstream Corporation, without a vote of the stockholders of Windstream Holdings.

Specifically, the proposed amendment would eliminate the following section from Windstream Corporation's Amended and Restated Certificate of Incorporation (the "Voting Provision"):

Any act or transaction by or involving the Corporation, other than the election or removal of directors of the Corporation, that requires for its adoption under the DGCL or under this Certificate of Incorporation the approval of the stockholders of the Corporation shall, pursuant to Section 251(g) of the DGCL, require, in addition, the approval of the stockholders of Windstream Holdings, Inc., a Delaware corporation, or any successor thereto by merger, by the same vote as is required by the DGCL or this Certificate of Incorporation, as the case may be.

A complete copy of the proposed amendment is attached to this Proxy Statement as [Annex B](#).

Board Rationale

In the course of diligence conducted in anticipation of the Reorganization and the Spin-Off, we determined that Windstream Holdings has a substantial excess loss account ("ELA") in the stock of Windstream Corporation for U.S. federal income tax purposes. The ELA resulted from the creation of our holding company structure and prior stockholder distributions by Windstream Holdings and Windstream Corporation that were in excess of earnings and profits. Although the exact amount of the ELA is expected to fluctuate prior to the Spin-Off, we anticipate that it will increase in connection with any quarterly dividends paid by Windstream Holdings prior to the Spin-Off.

Absent any changes to the planned Reorganization and the Spin-Off, Windstream Holdings anticipates that the Spin-Off will trigger the ELA and, based on current estimates as of December 31, 2014, result in a tax liability to Windstream Holdings of approximately \$600 - \$800 million. In order to eliminate the ELA, we are proposing to convert Windstream Corporation into a Delaware limited liability company prior to the consummation of the Spin-Off (the "Conversion"). Following the Conversion, Windstream Corporation will be treated as an entity that is disregarded as separate from Windstream Holdings for U.S. federal income tax purposes and the ELA will no longer exist. Accordingly, the Conversion will allow us to proceed with the Spin-Off without incurring such tax liability.

Under the DGCL, the conversion of a wholly-owned subsidiary from a corporation into a limited liability company would not normally require a vote of the stockholders of the parent corporation. However, if the Voting Provision remains in place, the Conversion would require the unanimous approval of Windstream Holdings' stockholders because Section 266 of the DGCL requires the unanimous approval of a corporation's stockholders in order for a corporation to convert to a limited liability company. Obtaining the unanimous approval of stockholders of a public corporation is not a realistic alternative.

In addition to the foregoing reason for the elimination of the Voting Provision, the deletion of the Voting Provision will put Windstream Holdings in the same position as substantially all other public companies that operate through multiple subsidiaries. It is exceedingly uncommon in business organizations that operate in a holding

company structure for the stockholders of the holding company to have direct voting rights as to matters that affect only subsidiaries of the holding company. By lifting this requirement, Windstream Holdings will gain the flexibility and efficiency currently realized by nearly all other companies who operate under the same, or similar, holding company and subsidiary structure.

Impact on Stockholder Rights

The amendment would have no effect on the right of stockholders of Windstream Holdings to vote on matters relating to Windstream Holdings, such as a merger or consolidation of Windstream Holdings, a sale of all or substantially all of Windstream Holdings' assets, amendments to Windstream Holdings' certificate of incorporation, or any other matter requiring the approval of Windstream Holdings stockholders under applicable law.

While this amendment would eliminate the right of the stockholders of Windstream Holdings to vote on transactions occurring at the Windstream Corporation level, Windstream Holdings' stockholders will retain their right under applicable law to approve a sale of substantially all of the assets of Windstream Corporation. Delaware law requires stockholder approval before a corporation can sell all or substantially all of its assets. Section 271 of the DGCL expressly provides that, for purposes of determining whether all or substantially all of a corporation's assets are being sold, the property and assets of the corporation include the property and assets of its subsidiaries. The only asset Windstream Holdings owns is the common stock of Windstream Corporation. Therefore, even if the proposed amendment to Windstream Corporation's Amended and Restated Certificate of Incorporation is approved, the stockholders of Windstream Holdings would still have the right to vote on a sale of substantially all of Windstream Corporation's assets because such a transaction would constitute a sale of substantially all of the assets of Windstream Holdings.

Consequences of Non-Approval

If the Subsidiary's Voting Provision Proposal is not approved, the Board will consider whether proceeding with the Spin-Off, notwithstanding this additional tax liability of approximately \$600 - \$800 million, is in the best interests of stockholders. As a result, if the Subsidiary's Voting Provision Proposal is not approved, the Board may determine to abandon the Spin-Off.

The Spin-Off of Windstream Holdings' fiber and copper network and other fixed real estate assets into a publicly-traded REIT provides a number of strategic benefits to Windstream Holdings stockholders. The Spin-Off is expected to unlock stockholder value by creating two independent public companies with distinct investment characteristics. If the Spin-Off is not consummated, the Company would not realize these benefits.

Board Recommendation; Vote Required

The Board believes that the proposed amendment to Windstream Corporation's certificate of incorporation is in the best interests of the Company and its stockholders based on the factors and considerations listed above, including the elimination of a significant tax liability based on the Conversion, and the negative financial implications of non-approval. Accordingly, the Board recommends that the stockholders of Windstream Holdings vote in favor of the proposed amendment, which eliminates the Voting Provision from Windstream Corporation's Amended and Restated Certificate of Incorporation. If holders of a majority of the outstanding shares of Common Stock of Windstream Holdings vote in favor of the proposal, then Windstream Corporation will promptly file an amendment to its Amended and Restated Certificate of Incorporation with the State of Delaware to delete the Voting Provision. Abstentions from voting and broker non-votes, if any, will have the same effect as votes against the adoption of the proposal.

(2) Unvested shares of restricted stock are deemed beneficially owned because grantees of unvested restricted stock under Windstream Holdings equity compensation plans hold the sole right to vote such shares, and includes unvested performance-based restricted stock units that are scheduled to vest within 60 days of January 9, 2015, as follows: Mr. Thomas, 30,563 shares on February 15, 2015 and 39,320 shares on March 1, 2015; Mr. Gunderman, 6,113 shares on February 15, 2015 and 4,247 shares on March 1, 2015; Mr. Fletcher, 24,450 shares on February 15, 2015 and 39,320 shares on March 1, 2015; Mr. Works, 15,281 shares on February 15, 2015 and 19,996 shares on March 1, 2015; Mr. Gardner, 250,000 shares on February 1, 2015; and Mr. Whittington, 57,479 shares on March 1, 2015.

(3) Windstream Holdings grants performance-based restricted stock units (PBRsUs) to its executive officers. CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

Windstream Holdings claims the protection of the safe-harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. Forward-looking statements are subject to uncertainties that could cause actual future events and results to differ materially from those expressed in the forward-looking statements. Forward-looking statements specific to the proposed Reorganization, Spin-Off and formation of the REIT include, but are not limited to, statements regarding the expected benefits of the transaction. Such statements are based on estimates, projections, beliefs and assumptions that Windstream Holdings believes are reasonable but are not guarantees of future events and results. Actual future events and results of Windstream Holdings may differ materially from those expressed in these forward-looking statements as a result of a number of important factors.

Factors that could cause actual results to differ materially from those contemplated in Windstream Holdings' forward-looking statements include, among others:

risks related to the anticipated timing of the proposed separation, the expected tax treatment of the proposed transaction, the ability of each of Windstream Holdings (post-spin) and the new REIT to conduct and expand their respective businesses following the proposed spinoff, the ability of Windstream Holdings to reduce its debt by the currently-anticipated amounts, and the diversion of management's attention from regular business concerns;

our ability to receive, or delays in obtaining, the regulatory approvals and other conditions required to complete the spinoff, and the risk that Windstream Holdings' board of directors could abandon the spinoff or modify or change the terms of the spinoff at any time and for any reason until the spinoff is complete;

our ability to obtain stockholder approval of an amendment to our subsidiary's certificate of incorporation that will facilitate the REIT spin off without incurring a large tax liability; and

those additional factors under "Risk Factors" in Item 1A of Part I of Windstream Holdings' Annual Report on Form 10-K for the year ended December 31, 2013, and in subsequent filings with the SEC at www.sec.gov.

In addition to these factors, actual future performance, outcomes and results may differ materially because of more general factors including, among others, general industry and market conditions and growth rates, economic conditions, and governmental and public policy changes.
