Item 2.02. RESULTS OF OPERATIONS AND FINANCIAL CONDITION.

On February 3, 2015, Hill-Rom Holdings, Inc. (the “Corporation”) announced its earnings for the first quarter ended December 31, 2014. In accordance with General Instruction B.2 of Form 8-K, the information in this Current Report on Form 8-K, including Exhibit 99.1, shall not be deemed to be “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), or otherwise subject to the liability of that section, and shall not be incorporated by reference into any registration statement or other document filed under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such filing.

In the announcement, the Corporation uses various non-GAAP measures, including adjusted income before taxes, income tax expense and diluted earnings per share results, because it uses these measures internally for planning, forecasting and evaluating the performance of the business. In addition, the Corporation analyzes net revenue on a constant currency basis to better measure the comparability of results between periods. The Corporation believes that evaluating growth in net revenue on a constant currency basis provides an additional and meaningful assessment to both management and investors. These measures should not, however, be considered in isolation, as a substitute for, or as superior to measures of financial performance prepared in accordance with GAAP.
