Edgar Filing: GRILL CONCEPTS INC - Form 10-Q

1. INTERIM FINANCIAL PRESENTATION

The interim consolidated financial statements are prepared pursuant to the requirements for reporting on Form 10-Q. These financial statements have not been audited by independent accountants. The December 29, 2002 balance sheet data was derived from audited financial statements but does not include all disclosures required by generally accepted accounting principles. The interim financial statements and notes thereto should be read in conjunction with the financial statements and notes included in the Company's Form 10-K dated December 29, 2002. In the opinion of management, these interim financial statements reflect all adjustments of a normal recurring nature necessary for a fair statement of the results for the interim periods presented. The current period results of operations are not necessarily indicative of results, which ultimately will be reported for the full year ending December 28, 2003.

Certain prior year amounts have been reclassified to conform to current year presentation.

2. RESTRICTED CASH

Capital contributions from both the Company and the minority member of The Daily Grill at Continental Park, LLC ("South Bay Daily Grill") have been deposited into an escrow account. The escrow agent is issuing checks directly to the contractor or to the Company for payment to other vendors for expenses associated with the construction of the new restaurant and pre-opening activities. Amounts held in the escrow account are classified as restricted cash. Upon disbursement from the escrow account, amounts are reclassified as cash, if disbursed to the Company, or to appropriate asset or expense categories.

3. RECENTLY ISSUED ACCOUNTING REQUIREMENTS

In May 2002, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Standards No. 145, ("SFAS 145"), "Rescission of FAS Nos. 4, 44 and 64, Amendment of FAS 13, and Technical Corrections." Among other things, SFAS 145 rescinds various pronouncements regarding early extinguishment of debt and allows extraordinary accounting treatment for early extinguishment only when the provisions of Accounting Principles Board Opinion No. 30, "Reporting the Results of Operations and Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions" are met. The Company adopted SFAS 145 effective December 30, 2002. Adoption of this statement has not had a material impact on our consolidated financial statements.

7

In July 2002, the FASB issued Statement of Financial Standards No. 146, ("SFAS 146"), "Accounting for Costs Associated with Exit or Disposal Activities," which superceded EITF Issue No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity." SFAS 146 requires that a liability for a cost associated with an exit activity or disposal activity be recognized and measured initially at fair value only when the liability is incurred. EITF Issue No. 94-3 requires recognition of a liability at the date an entity commits to an exit plan. All provisions of SFAS 146 will be effective for exit or disposal activities that are initiated after December 31, 2002. Adoption of this statement has not had a material impact on our consolidated financial statements.

In November 2002, the FASB issued FASB Interpretation No. ("FIN") 45, "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including

Edgar Filing: GRILL CONCEPTS INC - Form 10-Q

Indirect Guarantees of Indebtedness of Others." FIN 45 required that upon issuance of a guarantee, the entity (i.e., the guarantor) must recognize a liability for the fair value of the obligation it assumes under the guarantee. FIN 45's provisions for initial recognition and measurement will be effective on a prospective basis to guarantees issued or modified after December 31, 2002. Consistent with the provisions of FIN 45, the Company will apply this statement prospectively. As required by FIN 45, the disclosure provisions, when required, have been included in the Company's consolidated financial statements for the six months ended June 29, 2003. Adoption of this statement has not had a material impact on our consolidated financial statements.

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation-Transition and Disclosure," which amends SFAS No. 123. SFAS No. 148 provides alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based compensation. In addition, SFAS No. 148 amends the disclosure requirements of SFAS No. 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results of operations. As the Company has not elected to change to the fair value based method of accounting for stock based employee compensation, the adoption of SFAS No. 148 did not have a material impact on the Company's financial position or results of operations. All disclosure requirements of SFAS No. 148 have been adopted and are reflected in these financial statements.

In January 2003, the FASB issued FIN No. 46, "Consolidation of Variable Interest Entities." FIN 46 provides guidance that determines (1) whether consolidation is required under the "controlling interest" model of Accounting Research Bulletin No. 51 ("ARB 51"), "Consolidated Financial Statements" or, alternatively, (2) whether the variable interest model under FIN 46 should be used to account for existing and new entities. The variable interest model of FIN 46 looks to identify the "primary beneficiary" of a variable interest entity. The primary interest entity would be required to be consolidated if certain conditions are met. FIN 46 effective dates and transition provisions are required to be applied to preexisting entities as of the first interim period beginning after June 15, 2003. Management does not believe that the adoption of this statement will have a material impact on our consolidated financial statements.

4. DISTRIBUTION OF CAPITAL AND PREFERRED RETURNS

The Company's San Jose Grill, Chicago - Grill on the Alley, Grill on Hollywood and South Bay Daily Grill restaurants are each owned by limited liability companies (the "LLCs") in which the Company serves as manager and owns a controlling interest. Each of the LLCs has minority interest owners. In connection with the financing of each of the LLCs, the minority members may have certain rights to priority distributions of capital until they have received a return of their initial investments ("Return of Member Capital") as well as rights to receive defined preferred returns on their invested capital ("Preferred Return").

The following tables set forth a summary for each of the LLCs of (1) the initial capital contributions of the Company and the minority LLC members (the "Members"), (2) the distributions of capital to the Members and/or the Company during the six months ended June 29, 2003, (3) the unreturned balance of the capital contributions of the Members and/or the Company at June 29, 2003, (4) the Preferred Return to Members and/or the Company, (5) the accrued but unpaid preferred returns due to the Members and/or the Company at June 29, 2003, (6)

5. STOCK-BASED COMPENSATION

The Company accounts for stock-based employee compensation arrangements in accordance with provisions of Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees," and related interpretations, and complies with the disclosure provisions of SFAS No. 123, "Accounting for Stock-Based Compensation" as amended by SFAS No. 148. Under APB 25, compensation expense is based on the difference, if any, on the date of grant between the fair value of the Company's stock and the amount an employee must pay to acquire the stock. The Company accounts for stock and options to non-employees at fair value in accordance with the provisions of SFAS No. 123 and the Emerging Issues Task Force Consensus on Issue No. 96-18.

The Company has adopted the disclosure-only provisions of SFAS No. 123 and 148, and will continue to use the intrinsic value-based method of accounting prescribed by APB Opinion No. 25, "Accounting for Stock Issued to Employees." Accordingly, no compensation expense has been recognized for the stock option plans. Compensation expense for the Company's stock option plans determined

Edgar Filing: GRILL CONCEPTS INC - Form 10-Q

based on the fair value at the grant date for awards in the six months of 2003 and 2002 would have decreased net income by \$88,000 and \$90,000, respectively on a pro forma basis.

6. PER SHARE DATA

Pursuant to SFAS No. 128, "Earnings Per Share," basic net income per share is computed by dividing the net income attributable to common shareholders by the weighted-average number of common shares outstanding during the period. Diluted net income per share is computed by dividing the net income attributable to common shareholders by the weighted-average number of common and common equivalent shares outstanding during the period. Common share equivalents included in the diluted computation represent shares issuable upon assumed exercise of stock options, warrants and convertible preferred stocks using the treasury stock method.
