As previously disclosed, on October 24, 2007, certain federal and state agencies executed a search warrant at the headquarters of WellCare Health Plans, Inc. (the "Company") in Tampa, Florida. The Company understands the investigation is being conducted by the U.S. Department of Justice, the U.S. Federal Bureau of Investigation, the U.S. Department of Health and Human Services Office of Inspector General and the Florida Attorney General's Medicaid Fraud Control Unit. In addition, the Company is responding to requests for information from the Securities and Exchange Commission. The Company is also responding to subpoenas issued by the State of Connecticut Attorney General's Office involving transactions between the Company and its affiliated companies and their potential impact on the costs of Connecticut's Medicaid program. The Company is cooperating with the government agencies in connection with these investigations.

To date, neither the Company, nor any of its subsidiaries, has been advised by these federal and state agencies as to the full scope of the investigations, and neither the Company nor any of its subsidiaries knows whether or the extent to which such investigations might lead to fines, penalties, operating restrictions or impacts on the historical financial statements of the Company or any of its subsidiaries. However, in a press release dated October 24, 2007, the U.S. Department of Justice said that "[t]he ongoing investigation does not directly concern, nor should it have any impact upon, the delivery of any health care service to any person."

A Special Committee of the Company's Board of Directors is conducting an independent investigation into matters raised as part of the ongoing government investigations as well as other governmental or private party proceedings that may commence. The Company is unable to predict when the Special Committee will complete its work. The Special Committee has retained the law firm of Davis Polk & Wardwell to advise and assist it in the conduct of the Special Committee's independent investigation.

Until the independent investigation conducted by the special committee is complete, the Company, in addition to having been unable to file its Form 10-Q for the quarter ended September 30, 2007 as it previously announced, will not be in a position to file its Form 10-K for the year ended December 31, 2007 by the required filing date or on or before the fifteenth calendar day following the required filing date as prescribed in Rule 12b-25. As a result of the delay in its filing of the Form 10-K for the year ended December 31, 2007, the Company expects to be subject to the

NYSE's late filing procedures as they pertain to annual reports.
