Forward-looking statements are subject to uncertainties that could cause actual future events and results to differ materially from those expressed in the forward-looking statements. Forward-looking statements include, but are not limited to, statements about our expectation to return a significant portion of our cash flow to shareholders through our dividend, our expectation to maintain our current dividend practice at the current rate of dividend, expected levels of support from universal service funds or other government programs, expected rates of loss of voice lines or intercarrier compensation, expected increases in

high-speed Internet and business data connections, our expected ability to fund operations, expected required contributions to our pension plan, capital expenditures and certain debt maturities from cash flows from operations, expected synergies and other benefits from completed acquisitions, expected effective federal income tax rates, expected annualized savings from the management restructuring, the amounts expected to be received from the Rural Utilities Service to fund a portion of our broadband stimulus projects and the expected benefits of those projects and forecasted capital expenditure amounts. These and other forward-looking statements are based on estimates, projections, beliefs, and assumptions that we

believe are reasonable but are not guarantees of future events and results. Words such as “expects,” “anticipates,” “intends,” “plans,” “believes,” “seeks,” “estimates,” and “should,” and variations of these words and similar expressions, are intended to identify these forward-looking statements. Actual future events and our results may differ materially from those expressed in these forward-looking statements as a result of a number of important factors.

Factors that could cause actual results to differ materially from those contemplated in our forward-looking statements include, among others:

• further adverse changes in economic conditions in the markets served by us;

• the extent, timing and overall effects of competition in the communications business;

• the impact of new, emerging or competing technologies;

• for certain operations where we lease facilities from other carriers, adverse effects on the availability, quality of service, price of facilities and services provided by other carriers on which our services depend;

• the uncertainty regarding the implementation of the Federal Communications Commission's (“FCC”) rules on inter-carrier compensation adopted in 2011, and the potential for the adoption of further rules by the FCC or Congress on inter-carrier compensation and/or universal service reform proposals that result in a significant loss of revenue to us;

• unfavorable rulings by state public service commissions in proceedings regarding universal service funds, inter-carrier compensation or other matters that could reduce revenues or increase expenses;

• material changes in the communications industry that could adversely affect vendor relationships with equipment and network suppliers and customer relationships with wholesale customers;

• earnings on pension plan investments significantly below our expected long term rate of return for plan assets;

• the availability and cost of financing in the corporate debt markets;

• the potential for adverse changes in the ratings given to our debt securities by nationally accredited ratings organizations;

• the risks associated with non-compliance by us with regulations or statutes applicable to government programs under which we receive material amounts of end user revenue and government subsidies, or non-compliance by us, our partners, or our subcontractors with any terms of our government contracts;

• the risks associated with the integration of acquired businesses or the ability to realize anticipated synergies, cost savings and growth opportunities;

• unfavorable results of litigation or intellectual property infringement claims asserted against us;

• the effects of federal and state legislation, and rules and regulations governing the communications industry;

• continued loss of consumer voice lines;

FORMATION OF HOLDING COMPANY

Effective on August 30, 2013, pursuant to the Agreement and Plan of Merger dated August 29, 2013, by and among Windstream Corporation, Windstream Holdings, Inc. and WIN Merger Sub, Inc., Windstream Corporation created a new holding company organizational structure, whereby Windstream Corporation became a wholly-owned subsidiary of Windstream Holdings, Inc. Windstream Holdings, Inc. became the successor issuer to Windstream Corporation pursuant to Rule 12g-3 under the Exchange Act, and the common stock of Windstream Holdings, Inc. was deemed to be registered under Section 12(b) of the Exchange Act, by operation of law.

The holding company organizational structure was effected by a merger conducted pursuant to Section 251(g) of the Delaware General Corporation Law (the “DGCL”), which provides for the formation of a holding company structure without a vote of the stockholders of the constituent corporations. Windstream Corporation formed Windstream Holdings, Inc. as a wholly-owned subsidiary, which in turn formed WIN Merger Sub as its wholly-owned subsidiary. Under the terms of the Agreement and Plan of Merger, Windstream Corporation merged with and into WIN Merger Sub, with Windstream Corporation surviving the merger and becoming a direct, wholly-owned subsidiary of Windstream Holdings, Inc.

Under the Agreement and Plan of Merger, each share of common stock, par value \$.0001 per share, of Windstream Corporation issued and outstanding immediately prior to the merger was converted into and was deemed exchanged for one share of common stock, par value \$.0001 per share, of Windstream Holdings, Inc. having the same rights, powers, preferences, qualifications, limitations and restrictions as the Windstream Corporation common stock being converted and exchanged. As a result of the merger, the Windstream Holdings, Inc. common stock replaced the Windstream Corporation common stock on the Nasdaq Global Select Market and trades under the ticker symbol “WIN,” and the Windstream Corporation common stock no longer trades on any tier of the Nasdaq Stock Market. The conversion and exchange of Windstream Corporation common stock for common stock of Windstream Holdings, Inc. occurred automatically by operation of law and without any action by the stockholders of Windstream Corporation.

In accordance with Section 251(g) of the DGCL, the certificate of incorporation and bylaws of Windstream Holdings, Inc. immediately after the merger were identical to those of Windstream Corporation immediately prior to the effective time of the merger, and the directors and officers of Windstream Holdings, Inc. immediately after the merger were identical to the directors and officers of Windstream Corporation immediately prior to the effective time of the merger. As required by Section 251(g) of the DGCL, the certificate of incorporation of Windstream Corporation was amended and restated to provide that any act or transaction involving Windstream Corporation, other than the election or removal of directors of Windstream Corporation, that requires for its adoption under the DGCL or under Windstream Corporation's certificate of incorporation the approval of the stockholders of Windstream Corporation, also requires the approval of the stockholders of Windstream Holdings, Inc. by the same vote.

DESCRIPTION OF OUR CAPITAL STOCK

The following summary description of our common stock is qualified in its entirety by the DGCL and the Amended and Restated Certificate of Incorporation of Windstream Holdings, Inc. (our "Certificate"). Our Certificate is included as Exhibit 3.1 to our Current Report on Form 8-K dated August 30, 2013, which is on file with the SEC. See "Where You Can Find More Information" below for information on how you can view this filing.

General

Under our Certificate, our total authorized capital stock consists of 200,000,000 shares of preferred stock, par value \$.0001 per share, and 1,000,000,000 shares of common stock, par value \$.0001 per share.

Preferred Stock

Our Certificate provides that our board of directors is authorized, without further stockholder approval, to issue from time to time up to a total of 200,000,000 shares of preferred stock in one or more series and to fix or alter the powers, preferences and rights, and any qualifications, limitations or restrictions thereof, of the shares of each series. Our board of directors may fix the number of shares of any series of preferred stock, and it may increase or decrease the number of shares of any series of preferred stock, as long as it acts within the limitations or restrictions stated in the original resolution or resolutions that fixed the number of shares in the series and as long as it does not decrease the number of shares of any series below the number then outstanding. If the number of shares of any series of preferred stock is decreased, the shares constituting the decrease will resume the status they had prior to the adoption of the resolution that originally fixed the number of shares of the series, subject to the requirements of applicable law.

Common Stock

Under our Certificate, the holders of our common stock have one vote per share on matters submitted to a vote of stockholders. Holders of the common stock will be entitled to receive dividends ratably, if any, as may be declared by our board of directors out of legally available funds, subject to any preferential dividend rights of any outstanding preferred stock. Upon our liquidation, dissolution or winding up, the holders of our common stock are entitled to receive ratably our net assets available after the payment or provision for payment of all debts and subject to the prior rights of any outstanding preferred stock. Our common stock has no preemptive rights, no cumulative voting rights and no redemption, sinking fund or conversion provisions.

To the greatest extent permitted by applicable Delaware law, the shares of our common stock will be uncertificated, and transfer will be reflected by book entry.

All rights, preferences and privileges of holders of our common stock stated in this summary are subject to the rights of holders of shares of any series of preferred stock which we may designate and issue in the future without further stockholder approval.

Anti-Takeover Effects of the Delaware General Corporation Law and Our Certificate of Incorporation and Bylaws

The DGCL, our Certificate and our bylaws contain a number of provisions which could have the effect of discouraging transactions that involve our actual or threatened change of control. In addition, provisions of our Certificate and our bylaws may be deemed to have anti-takeover effects and could delay, defer or prevent a tender offer or takeover attempts that a stockholder might consider in his, her or its best interest, including those attempts that might result in a premium over the market price of the shares held by our stockholders.

Delaware Section 203

Section 203 of the DGCL, which restricts business combinations with certain interested stockholders (defined generally under the DGCL to include persons who beneficially own or acquire 15% or more of a Delaware corporation's voting stock and their affiliates and associates, and hereinafter as a "Section 203 Interested Stockholder"). Section 203 prohibits business combination transactions between a publicly-held Delaware

corporation and any Section 203 Interested Stockholder for a period of three years after the time at which the Section 203 Interested Stockholder became an interested stockholder unless: (a) prior to the time that such entity became a Section 203 Interested Stockholder, the corporation's board of directors approved either the proposed business combination or the transaction which resulted in the Section 203 Interested Stockholder becoming an interested stockholder; (b) upon consummation of the transaction which resulted in the Section 203 Interested Stockholder becoming such an interested stockholder, the Section 203 Interested Stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the number of shares outstanding those shares owned (1) by persons who are directors and also officers; and (2) by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or (c) on or subsequent to the time that such entity became a Section 203 Interested Stockholder, the business combination is approved by the corporation's board of directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least $\frac{2}{3}$ the outstanding voting stock which is not owned by the Section 203 Interested Stockholder.

Under certain circumstances, Section 203 makes it more difficult for a person who is a Section 203 Interested Stockholder to effect various business combinations with a corporation for a period of three years. The provisions of Section 203 are intended to encourage third parties interested in acquiring us to negotiate in advance with our board of directors. Section 203 also may make it more difficult to accomplish transactions that stockholders might otherwise deem to be in their best interests.

Advance Notice Requirements for Stockholder Proposals and Director Nominations

Our bylaws provide that in order for a stockholder to nominate any person for election as a director or propose business at a meeting of stockholders, the stockholder must give timely notice to our Secretary. To be timely:

in the case of an annual meeting, a stockholder's notice must be delivered to or mailed and received at our principal executive offices not less than 90 days nor more than 120 days before the first anniversary of the preceding year's annual meeting; provided, however, that if the date of the annual meeting is changed by more than 25 days (or 30 days in the case of director nominations) from such anniversary date, notice by the stockholder must be received not later than the close of business on the tenth day following the day on which notice of the date of the meeting was mailed or public disclosure of the meeting was made; and

in the case of a special meeting at which directors are to be elected, a stockholder's notice of nominations must be delivered to or mailed and received at our principal executive offices not later than the close of business on the tenth day following the day on which notice of the date of the meeting was mailed or public disclosure of the meeting was made.

These provisions could preclude stockholders from bringing matters before a meeting of stockholders or from making nominations for directors by limiting the window of time available to present such matters to us for presentation at such meeting.

Calling a Special Meeting; Action by Written Consent of Stockholders

Under Delaware law, a special meeting of the stockholders may be called by the board of directors of the corporation or by any other person authorized to do so in the certificate of incorporation or bylaws. Our Certificate states that as long as any security of the company is registered under Section 12 of the Exchange Act, special meetings of our stockholders may be called only by a resolution of the board of directors.

Our Certificate provides that as long as any of our securities is registered under Section 12 of the Exchange Act, no stockholder action may be taken without a meeting.

The inability of our stockholders to take action by written consent and to call a special meeting could make it more difficult for stockholders to initiate actions that are opposed by our board of directors. In addition, the inability of stockholders to call a special meeting of stockholders could make it more difficult to change our existing board of directors and management.

Authorized but Unissued Shares

Our authorized but unissued shares of common stock and preferred stock are available for future issuance without stockholder approval, subject to NASDAQ Listing Rule 5635, which sets forth the circumstances under which an issuer is required to obtain approval from its stockholders prior to an issuance of securities in connection with: (1) the acquisition of the stock or assets of another company; (2) equity-based compensation of officers, directors, employees or consultants; (3) a change of control; and (4) private placements. In connection with an acquisition of the stock or assets of another company, NASDAQ Listing Rule 5635 would require stockholder approval prior to the issuance of common stock (or securities convertible into or exercisable for common stock) equal to 20% or more of the outstanding common stock or 20% or more of the voting power of the outstanding common stock before the issuance, or if any director, officer or substantial stockholder of the issuing company has a 5% or greater interest (or such persons collectively have a 10% or greater interest) in the company or assets to be acquired or in the consideration to be paid in the transaction or series of related transactions and the present or potential issuance of common stock, or securities convertible into or exercisable for common stock, could result in an increase in outstanding common shares or voting power of 5% or more.

These additional shares may be utilized for a variety of corporate purposes, including future public offerings to raise additional capital, corporate acquisitions and employee benefit plans. The existence of authorized but unissued shares could render it more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise. In addition, the authorization of undesignated preferred stock makes it possible for our board of directors to issue preferred stock with voting or other rights or preferences that could impede the success of any attempt to effect a change of control of us.

Supermajority Vote to Amend Charter and Bylaws

Under Delaware law, unless a higher vote is required in the certificate of incorporation of a corporation, an amendment to such certificate of incorporation generally may be approved by a majority of the outstanding shares entitled to vote on the proposed amendment. Notwithstanding any provision of a corporation's certificate of incorporation to the contrary, under Delaware law, holders of a class of a corporation's stock are entitled to vote as a class on the approval of any amendment to the corporation's certificate of incorporation which would:

- increase or decrease the aggregate number of authorized shares of such class (subject to certain exceptions);
- increase or decrease the par value of the shares of such class; or
- alter or change the powers, preferences or rights of such class so as to affect them adversely.

Under our Certificate, the affirmative vote of the holders of at least two-thirds of the combined voting power of all of our then-outstanding shares stock eligible to be cast in the election of directors is required in order to amend, alter, change or repeal the sections of our Certificate related to the limitation of liability of directors and indemnification of directors and officers, the prohibition of stockholder action by written consent, the calling of special meetings of stockholders, the election to be covered by Section 203 of the DGCL, and the procedures required to amend our Certificate.

Under our Certificate, the board of directors is expressly authorized to amend, alter, change or repeal our bylaws. The stockholders also have the ability to amend, alter, change or repeal our bylaws by the affirmative vote of a majority of the then-outstanding shares entitled to vote, except that a two-thirds vote is required for the stockholders to amend sections of our bylaws related to bringing matters before an annual stockholder meeting, nominating and electing directors and filling vacancies on the board, and the procedures required to amend our bylaws.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is Computershare Investor Services, LLC.

Item 15. Indemnification Of Directors And Officers

The DGCL permits a Delaware corporation to indemnify directors, officers, employees, and agents under some circumstances, and mandates indemnification under certain limited circumstances. The DGCL permits a corporation to indemnify a director, officer, employee, or agent for expenses actually and reasonably incurred, as well as fines, judgments and amounts paid in settlement in the context of actions other than derivative actions, if such person acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation. Indemnification against expenses incurred by a director, officer, employee or agent in connection with his defense of a proceeding against such person for actions in such capacity is mandatory to the extent that such person has been successful on the merits. If a director, officer, employee, or agent is determined to be liable to the corporation, indemnification for expenses is not allowable, subject to limited exceptions where a court deems the award of expenses appropriate. The DGCL grants express power to a Delaware corporation to purchase liability insurance for its directors, officers, employees, and agents, regardless of whether any such person is otherwise eligible for indemnification by the corporation. Advancement of expenses is permitted, but a person receiving such advances must repay those expenses if it is ultimately determined that he is not entitled to indemnification.

Our Certificate provides for indemnification to the fullest extent permitted by the DGCL, as amended from time to time. Under our Certificate, any expansion of the protection afforded directors, officers, employees, or agents by the DGCL will automatically extend to our directors, officers, employees, or agents, as the case may be.

Article VII of our Certificate provides for the indemnification of directors, officers, agents, and employees for expenses incurred by them and judgments rendered against them in actions, suits or proceedings in relation to certain matters brought against them as such directors, officers, agents, and employees, respectively. Article VII of our Certificate also requires us, to the fullest extent expressly authorized by Section 145 of the DGCL, to advance expenses incurred by a director or officer in a legal proceeding prior to final disposition of the proceeding.

In addition, as permitted under the DGCL, we have entered into indemnity agreements with our directors and officers. Under the indemnity agreements, we will indemnify our directors and officers to the fullest extent permitted or authorized by the DGCL, as it may from time to time be amended, or by any other statutory provisions authorizing or permitting such indemnification. Under the terms of our directors and officers' liability and company reimbursement insurance policy, our directors and officers are insured against certain liabilities, including liabilities arising under the Securities Act. We will indemnify such directors and officers under the indemnity agreements from all losses arising

out of claims made against them, except those based upon illegal personal profit, recovery of short-swing profits, or dishonesty; provided, however, that our obligations will be satisfied to the extent of any reimbursement under such insurance.

Item 17. Undertakings

The Registrant hereby undertakes:

(a)(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement to:

(i) include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) (§230.424(b) of this chapter) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement.

Provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of

contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

II-2

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchase in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions described in Item 15 above, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
