2.2 Hiring the Appraiser

As soon as possible after the execution of the Merger Protocol, BT shall hire the appraiser named in the Merger Protocol and instruct it to carry out the appraisal of the intrinsic equity value of BTC and TIMB. The appraiser shall also be required to provide a fairness opinion to BT on the fairness of the consideration to be received by BT in connection with the merger of BTC into TIMB. The cost of such appraisals and of the fairness opinion shall be borne exclusively by BT.

2.3 Appraisals

BT will contractually bind the appraiser to prepare its appraisal within thirty days of the date hereof. The appraisals are to determine the intrinsic equity value of each of TIMB and BTC as of March 31, 2005, in each case considering any intercompany debt in either BTC or TIMB as equity to the extent such debt will be capitalized by the time the merger occurs. The valuation of BTC shall take into account the effects of the indebtedness (for these purposes, any vendor financing accounts payable, any accounts payable past due by more than 90 days and any accounts payable with a maturity of greater than 90 days from the date hereof will also be considered as debt) but not those of any commercial arrangements between TIMB and BTC entered into after the date hereof. BTC will furnish to such appraiser its audited (or subjected to limited review) March 31, 2005, financial statements, as well as such additional historical financial information and forecasts normally required for similar assignments, to the extent available, for such appraiser to establish BTC's intrinsic equity value. TIMB will furnish to such appraiser its audited (or subjected to limited review) March 31, 2005, financial statements, as well as such additional historical financial information and forecasts normally required for similar assignments, to the extent available, for such appraiser to establish TIMB's intrinsic equity value. All such information and forecasts shall be supplied by TIMB and BTC to the appraiser and thereafter used by the appraiser solely for the purposes of establishing TIMB's and BTC's respective intrinsic equity value, and will be subject to a confidentiality agreement, including a provision that the appraiser shall commit that the information and forecasts of any TI Party are not furnished to or shared with any BT Party, or vice versa, without the Party in question's prior consent (except to the extent unavoidably reflected in the appraisal report). The values determined through such appraisal must be specific point estimates and not a range or ranges. The appraiser shall deliver to each of TIMB and BT, on the same date, a copy of both appraisal reports and the fairness opinion.

2.4 Determination of the Consideration of the Merger

On the 2nd Business Day following the day on which the approvals referred to in Section 2.10(c) shall have been received, TIMB shall deliver to BT a notice where TIMB shall specify to BT the consideration that will be paid to BT in respect of the merger, according to the criteria of the Merger Protocol.

2.5 Shareholders Meetings of TIMB

Subject to the fulfillment of the conditions precedent set forth in Section 2.10, on the 2nd Business Day date following the day on which TIMB and BT receive the notice referred to in Section 2.4, above (the Date of the Merger), a meeting of the shareholders of TIMB shall be held, at which TIMINT, as the majority shareholder of TIMB, shall (i) approve the Merger Protocol, (ii) authorize a capital increase in the same amount as that contained in the notification referred to in the Section 2.4, (iii) ratify the appointment of the appraiser by BT, (iii) approve the appraisal reports, and (iv) approve the merger, using the consideration contained in the notification referred to in Section 2.4.

2.6 Shareholders Meeting of BTC

On the Date of the Merger, a meeting of the sole shareholder of BTC shall be held, at which BT, as the sole shareholder of BTC, shall approve the Merger Protocol, the appraisal reports and the merger, using the consideration contained in the notification referred to in Section 2.4, and shall authorize BTC's officers to carry out all actions necessary for the merger, including the subscription of the capital increase of TIMB.

2.7 Consummation of the Merger

Immediately following the shareholders' meetings referred to in Sections 2.5 and 2.6 BT and BTC shall cause BTC's officers to carry out all actions necessary for the merger, including the subscription of the capital increase of TIMB. TIMB will be responsible for the filing of the merger documents with the Commercial Registry and for their publication. BT shall use its best efforts to cause its officers, directors and employees to fully cooperate with TIMB in transferring to TIMB the operations, clients, assets and obligations of BTC.

2.8 Transactions after the Merger

After BTC is merged into TIMB, it shall thereafter be incumbent solely upon TIMB to resolve the overlap of mobile licenses, which solution shall constitute part of the filings referred to in Section 2.9, below, provided that TIMB or its Subsidiaries shall maintain their existing and original SMP licenses with national coverage, but will return its LDN and LDI licenses to Anatel.

2.9 Anatel and CADE Filings

Within ten Business Days of the date hereof, TIMB and BT shall submit a filing relating to the merger for the prior approval of Anatel. Within fifteen Business Days of the date hereof, TIMB and BT shall jointly submit a filing relating to the merger for the approval of CADE, also as required by applicable Law, provided that such filing will be made within twenty Business Days of the date hereof if any administrative order or injunction now in force is lifted prior to the said fifteenth Business Day. TIMB shall coordinate such filings and BT shall fully cooperate with TIMB and its counsel in connection therewith. The Parties shall cooperate with each other and provide in reasonable time all information that may be required in connection with such filings. Unless otherwise agreed to by the Parties, all legal and filing costs related to the CADE and Anatel filings shall be shared in equal parts among TIMB and BT.

2.10 Conditions Precedent to the Merger

The obligations of the TI Parties to hold the shareholders' meetings relating to the merger and to approve and consummate the merger shall be subject to the fulfillment and satisfaction, at or prior to the Date of the Merger, of the following conditions precedent, unless otherwise waived in writing by the TI Parties:

- (a) all representations and warranties of each BT Party contained in this Agreement shall be true and correct in all material respects as of the date hereof, and such representations and warranties shall be true and correct in all material respects as of the Date of the Merger as if made at and as of such time;
- (b) the BT Parties shall have performed and complied with all agreements and conditions required by this Agreement to be performed or complied with by them prior to or on the Date of the Merger;
- (c) the parties shall have submitted to Anatel and, if the Date of Merger is later than the stipulated filing date, to CADE the filings referred to in Section 2.9; and both Anatel's consent for the merger and any other transactions contemplated in the filings and any consent therefor of CADE required pursuant to any administrative order or injunction now in force, shall have been obtained and shall be in full force and effect;
- (d) no Law or other legal restraint shall prevent or otherwise affect the consummation of the transactions contemplated.

3. CERTAIN OBLIGATIONS.

3.1 Right to Terminate Agreements

The BT Parties agree, for themselves and their respective Affiliates, that TIMB and its Affiliates shall have the right to terminate at their sole discretion, at any time after the Date of the Merger, without cause, any agreements entered into prior to the Date of the Merger between BTC on one side, and BT or any of their respective Affiliates or related parties on the other side on other than an arm's length basis, and such termination shall not give rise to any liability or obligation for TIMB or any of its Affiliates to pay damages, penalties, costs, expenses or any other amounts, whether contemplated in such agreements or not. A list of all contracts and agreement between or among BTC and BT or any Affiliate of BT shall be delivered to TIMB on the Date of the Merger.

3.2 Termination of Guarantees

The BT Parties shall, prior to the Date of the Merger, use their best efforts to cause all guaranties granted by BTC, either in the form of personal guaranties (*garantias fidejussórias*) or in the form of collateral (*garantias reais*) in respect of any third parties' obligations to be released by the respective creditors. In the event that any such guaranty may not be released, BT shall provide the TI Parties, as the case may be, with counter-guaranties reasonably satisfactory to them.

3.3 Financial information

TIMB shall deliver to BT, within 45 days of the expiry of each calendar quarter, the audited (or subject to limited review) financial statements of TIMB which will be consolidated into the quarterly financial statements of its parent company. TIMB shall also timely respond to any reasonable requests or inquiries of BT with respect to such financial statements whenever such response is necessary for BT's own reporting or auditing requirements or obligations, provided that TIMB is not obligated to disclose any confidential information.

Further, to the extent it will be possible and legally permissible, TIMINT shall use commercially reasonable efforts to allow BT to designate a Board member in TIMB. Such right of designation shall in any event automatically expire when BT will cease to own at least 50% of the participation acquired on the Date of the Merger.

3.4 Tag- Along /Drag- Along

In the event TIMINT, on or prior to the second anniversary of the date hereof, intends to sell its participation in TIMB to a third party (the Potential Buyer), (i) BT shall be granted a tag-along right allowing BT to sell its participation in TIMB to the Potential Buyer on the same terms and conditions agreed between TIMINT and the Potential Buyer; and (ii) TIMINT shall be granted a drag-along right on BT participation in TIMB allowing TIMINT to compel BT to transfer its participation in TIMB to the Potential Buyer on the same terms and conditions TIMINT will transfer to the Potential Buyer its own participation in TIMB.

The final terms and conditions of the above rights will be negotiated between the Parties before the Date of the Merger.

4. INTERIM AGREEMENTS BETWEEN BTC, BT AND TIMB OR ITS SUBSIDIARIES

In anticipation of the merger transaction that continues to be the ultimate objective of the parties, and, as soon as practicable after signature of this Agreement, BTC, BT and TIMB and/or the Subsidiaries will, to the fullest extent permitted by applicable regulation and antitrust rules, enter into one or more commercial agreements as follows:

(iv) BT will be the preferred provider of TIMB for leased lines, cables and backbone transmission facilities that will be granted on a most favored customer basis; and

(v) BT will be a provider of TIMB and the Subsidiaries, on a most favored customer basis, for Site and Infra-Structure Sharing to support its Network rollout plan.

The commercial agreements will expire at the earlier of (i) the Date of the Merger or (ii) one year of their execution; provided that those referred to in items (iv) and (v), above, shall survive for their stated terms.

5. AGREEMENTS BETWEEN BT AND TIMB OR ITS SUBSIDIARIES

5.1 Negotiation of Operational Agreements

Concurrently with the merger of BTC into TIMB and, if applicable, the other transactions referred to in Section 2.8, it is envisaged that BT and TIMB or the Subsidiaries, as the case may be, will, in order to increase for BT the advantages of the merger, enter into a Long Distance services agreement, pursuant to which BT will provide such services to TIMB, or the Subsidiaries, as the case may be, and into other operational agreements. In addition, the existing agreements between BT and BTC will be reviewed and amended, or integrated into the new agreements, as necessary for their terms and conditions to reflect arms length bases. The specific terms and conditions of each of such new agreements and of any amendments to existing agreements will be negotiated and agreed to by BT and TIMB, or the Subsidiaries, as the case may be, on an arms length basis to the fullest extent permitted by applicable regulations and antitrust rules, and will be based on the following principles:

The TI Parties, jointly and severally, hereby make the following representations and warranties to BT, each of which is material to and is being relied upon by BT:

8.1 Legal Status

Each TI Party is company duly organized and validly existing under the laws of the Netherlands or Brazil, as the case may be, and has the full requisite (*capacidade*) and power to own and dispose of its assets and properties and to transact the business in which it is engaged, to do all things necessary or appropriate in respect of its business and to consummate the transactions or agreements contemplated by this Agreement.

8.2 Corporate Approvals

Each TI Party has authorized the execution, delivery and performance of this Agreement and each of the transactions and agreements contemplated hereby. No other corporate action (including shareholder or management approval) is necessary to authorize such execution, delivery and performance.

8.3 Validity and Enforceability

This Agreement shall, upon its execution by such TI Party, constitute the valid and binding obligation of such TI Party, enforceable against such TI Parties in accordance with its terms.

8.4 Authorizations

Edgar Filing: BRASIL TELECOM HOLDING CO - Form 6-K

Other than the Authorizations and filings mentioned in Section 2.9 and except as may be required for purposes of Sections 4.1 and 5.1 above, the execution and delivery by each TI Party of this Agreement to which it is or shall be a party, the performance by each TI Party of its respective obligations hereunder and the consummation by each TI Party of the transactions or agreements contemplated hereby do not require such TI Party to obtain any Authorization or to make any filing with or give any notice to any Governmental Authority or other third party.

8.5 No Conflicts

The execution and delivery by each TI Party of this Agreement do not, and the consummation of the transactions or agreements contemplated herein and the compliance with the terms hereof shall not, (i) materially conflict, (ii) result in any material violation of or default (with or without notice or lapse of time, or both), (iii) give rise to any right of termination, cancellation or acceleration of any material obligation, (iv) give rise to any loss of any material right or benefit, (v) result in the creation of any Liens upon any of the material assets or properties of any of such TI Party, with or under any provision of (a) the by-laws or articles of association of such TI Party, (b) any material contract, agreement, instrument, note, bond, mortgage, indenture, deed of trust, license, lease, commitment or other arrangement to which such TI Party, is a party or by which any of its respective assets or properties are bound, or (c) any applicable Law, subject to the conditions set forth in Section 2.10 above.

8.6 No Broker's Fees

No agent, broker, person or firm acting on behalf of any TI Party or any of its Affiliates or related parties is, or will be, entitled to any commission or broker's or finder's fees from any of the BT Parties or any of the BT Parties' respective Affiliates, in connection with any of the transactions contemplated by this Agreement.

8.7 Financial Statements

The March 31, 2005, audited (or subjected to limited review) financial statements and related notes of TIMB (the "Financial Statements") present fairly the financial position, results of operations and cash flows of TIMB, as of the respective dates and for the respective periods to which they apply and have been prepared in accordance with GAAP. Subsequent to the dates as of which the Financial Statements were prepared (i) TIMB has not incurred any liabilities, direct or contingent, that are material, individually or in the aggregate, to TIMB, or has entered into any transactions not in the ordinary course of business, (ii) there has not been any material decrease in the capital stock or any material increase in long-term indebtedness or any material increase in short-term indebtedness of TIMB, or any payment of or declaration to pay any dividends or any other distribution with respect to TIMB, (iii) none of the Working Capital accounts are deficient or excessive relative to the business needs even on an interim basis and (iv) there has not been any Material Adverse Change in the properties, earnings, assets, liabilities or financial condition of TIMB (each of clauses (i), (ii) and (iii), a "Material Adverse Change"). To the knowledge of TIMB after reasonable inquiry, there is no event that is reasonably likely to occur, which if it were to occur, would, individually or in the aggregate, have a Material Adverse Effect.

8.8 Permits

TIMB possesses all material licenses, permits, certificates, consents, orders, approvals and other authorizations from, and has made all declarations and filings with, all Governmental Authorities, presently required or necessary to own or lease, as the case may be, and to operate its properties and to carry on its businesses as now conducted ("Permits"); TIMB has fulfilled and performed all of its material obligations with respect to such Permits and no event has occurred which allows, or after notice or lapse of time would allow, revocation or termination thereof or results in any other material impairment of the rights of TIMB; and TIMB has not received any notice of any proceeding relating to revocation or modification of any such Permit.

8.9 Taxes

All Tax returns required to be filed by TIMB have been filed and all such returns are true, complete, and correct in all material respects. All material Taxes that are due from BTC have been paid other than those (i) currently payable without penalty or interest or (ii) being contested in good faith and by appropriate proceedings and for which adequate reserves have been established in accordance with GAAP. To the knowledge of TIMB, after reasonable inquiry, there are no actual or proposed Tax assessments against TIMB that would, individually or in the aggregate, have a material adverse effect on the financial standing of TIMB. The accruals and reserves on the books and records of TIMB in respect of any material Tax liability for any period not finally determined are adequate to meet any assessments of Tax for any such period. For purposes of this Agreement, the term "Tax" and "Taxes" shall mean all Federal, state, municipal and foreign taxes, contributions, social security payments or contributions, and other assessments of a similar nature (whether imposed directly or through withholding), including any interest, additions to

tax, or penalties applicable thereto.

8.10 Litigation

There is no action, claim, suit, demand, hearing, notice of violation or deficiency, or proceeding, domestic or foreign (collectively, Proceedings), pending or, to the knowledge of TIMB, threatened in writing, that (i) either is not reflected or recorded in the Financial Statements or that may cause a Loss to TIMB in excess of the equivalent of 100,000, or (ii) seeks to restrain, enjoin, prevent the consummation of, or otherwise challenge any of this Agreement or any of the transactions contemplated herein.

9. IDEMNIFICATION

9.1 Survival of Representations, Warranties and Covenants

The representations, warranties and covenants of the Parties contained in this Agreement shall be true correct, accurate and not misleading as of the date on which they are given as well as on the Date of the Merger, and shall survive for a period of two years as of the Date of the Merger, provided that those relating to Taxes shall survive for a period of five years therefrom. If written notice of a claim has been given prior to the expiration of the applicable representations and warranties by any Party, then the relevant representations and warranties, as well as the indemnification provisions contained in this Section 9, shall survive as to such claim.

9.2 Indemnification by BT

BT shall at all times indemnify each TI Party and its respective successors and assigns, and shall at all times hold each of the foregoing persons harmless for any and all direct or indirect (excluding lost profits *lucros cessantes*) liabilities, losses, damages, claims, fees, costs, expenses, interest, awards, judgments, fines and penalties (including, without limitation, disbursements or transfers of economic value for attorneys' fees, courts costs, placement of bonds or surety, judicial deposits and out-of-pocket expenses) (each, a Loss) actually incurred or suffered by any of the foregoing persons as a result of the breach by any BT Party of any representation or warranty made in this Agreement or any covenant, obligation or agreement contained in this Agreement.

9.3 TI Parties Indemnification

The TI Parties shall at all times indemnify BT and its respective successors and assigns and shall at all times hold each of the foregoing persons harmless for any and all direct or indirect Losses (excluding lost profits *lucros cessantes*) actually incurred or suffered by any of the foregoing persons as a result of the breach by the TI Parties of any representation or warranty made in this Agreement or any covenant, obligation or agreement contained in this Agreement.

9.4 Indemnification Procedures

If any party that shall be indemnified in accordance with Sections 9.1 to 9.3 (any of such parties, an Indemnified Party) shall incur or suffer any Loss (other than by reason of a Third Party Claim, as hereinafter defined) that may be subject to indemnification pursuant to this Agreement, such Indemnified Party shall give notice (a Claim Notice) to the parties against which indemnification shall be sought in accordance with Sections 9.1 to 9.3 (any of such parties, an Indemnifying Party) of any matter that the Indemnified Party believes has given or could give rise to a right of indemnification under this Agreement promptly, but in no event later than 90 (ninety) days after the Indemnified Party first learns of such claim, stating the amount of the Loss, if known, and method of computation thereof, if possible, and containing a reference to the provisions of this Agreement in respect of which such right of indemnification is claimed or arises, and requiring prompt indemnification of such Loss from the Indemnifying Parties (any such notice, an Indemnity Claim). The Indemnifying Parties shall, as soon as practicably possible after receipt of such notice but in no event later than 5 (five) days from such receipt, indemnify and reimburse the Indemnified Party for the actual amount of the Loss suffered, net of any taxes or withholdings applicable to the payment or reimbursement of the relevant amount to the Indemnified Party.

(a) In the event any claim or demand in respect of which an Indemnified Party might seek indemnity under Sections 9.1 to 9.3 is asserted against or sought to be collected from such Indemnified Party by a Person other than a Party hereto, or any Affiliate of such Party (a Third Party Claim), the Indemnified Party shall deliver a Claim Notice with reasonable promptness to the Indemnifying Party. If the Indemnified Party fails to provide the Claim Notice with reasonable promptness after the Indemnified Party receives notice of such Third Party Claim, the

Indemnifying Party will not be obligated to indemnify the Indemnified Party with respect to such Third Party Claim to the extent that the Indemnifying Party has been irreparably prejudiced by such failure of the Indemnified Party. The Indemnifying Party will notify the Indemnified Party as soon as practicable, but in no event later than within 5 days of receipt of the Claim Notice (the Dispute Period) whether the Indemnifying Party disputes its liability to the Indemnified Party and whether the Indemnifying Party desires, at its sole cost and expense, to defend the Indemnified Party against such Third Party Claim.

(b) If the Indemnifying Party notifies the Indemnified Party within the Dispute Period that the Indemnifying Party desires to defend the Indemnified Party with respect to the Third Party Claim, then the Indemnifying Party will have the right to defend, with counsel reasonably satisfactory to the Indemnified Party, at the sole cost and expense of the Indemnifying Party, such Third Party Claim by all appropriate proceedings, which proceedings will be diligently prosecuted by the Indemnifying Party to a final conclusion or will be settled at the discretion of the Indemnifying Party (but only with the consent of the Indemnified Party, which consent will not be unreasonably withheld, in the case of any settlement that provides for any relief other than the payment of monetary damages as to which the Indemnified Party will be indemnified in full). The Indemnifying Party will have control of such defense and proceedings, including (except as provided in the immediately preceding sentence) any settlement thereof; provided, however, that the Indemnified Party may, at the sole cost and expense of the Indemnified Party, at any time prior to the Indemnifying Party's delivery of the notice referred to in the first sentence of this clause (i), file any motion, answer or other pleadings or take any other action that the Indemnified Party reasonably believes to be necessary or appropriate to protect its interests; and provided further, that if requested by the Indemnifying Party, the Indemnified Party will, at the sole cost and expense of the Indemnifying Party, provide reasonable cooperation to the Indemnifying Party in contesting any Third Party Claim that the Indemnifying Party elects to contest. The Indemnified Party may retain separate counsel to represent it in, but not control, any defense or settlement of any Third Party Claim controlled by the Indemnifying Party pursuant to this clause (i), and the Indemnified Party will bear its own costs and expenses with respect to such separate counsel, except as provided in the preceding sentence and except that the Indemnifying Party will pay the costs and expenses of such separate counsel if (x) in the Indemnified Party's reasonable judgment, it is advisable, based on advice of counsel, for the Indemnified Party to be represented by separate counsel because a conflict or potential conflict exists between the Indemnifying Party and the Indemnified Party or (y) the named parties to such Third Party Claim include both the Indemnifying Party and the Indemnified Party and the Indemnified Party determines reasonably, based on advice of counsel, that defenses are available to it that are unavailable to the Indemnifying Party. Notwithstanding the foregoing, the Indemnified Party may retain or take over the control of the defense or settlement of any Third Party Claim the defense of which the Indemnifying Party has elected to control if the Indemnified Party irrevocably waives its right to indemnity with respect to such Third Party Claim and Indemnifying Party receives appropriate releases absolving it of any and all liability thereunder.

If the Indemnifying Party fails to notify the Indemnified Party within the Dispute Period that the Indemnifying Party desires to defend the Third Party Claim, or if the Indemnifying Party gives such notice but fails to prosecute diligently or settle the Third Party Claim, then the Indemnified Party will have the right to defend, at the sole cost and expense of the Indemnifying Party, the Third Party Claim by all appropriate proceedings, which proceedings will be prosecuted by the Indemnified Party in good faith or will be settled at the discretion of the Indemnified Party (with the consent of the Indemnifying Party, which consent will not be unreasonably withheld). The Indemnified Party will have full control of such defense and proceedings, including (except as provided in the immediately preceding sentence) any settlement thereof; provided, however, that if requested by the Indemnified Party, the Indemnifying Party will, at the sole cost and expense of the Indemnifying Party, provide reasonable cooperation to the Indemnified Party and its counsel in contesting any Third Party Claim which the Indemnified Party is contesting. Notwithstanding the foregoing provisions of this clause (b), if the Indemnifying Party disputes its liability hereunder to the Indemnified Party with respect to such Third Party Claim and if such dispute is resolved in favor of Indemnifying Party in the manner provided in clause (c) below, the Indemnifying Party will not be required to bear the costs and expenses of the Indemnified Party's defense or of the Indemnifying Party's participation therein at the Indemnified Party's request, and the Indemnified Party will reimburse the Indemnifying Party in full for all reasonable costs and expenses incurred by the Indemnifying Party in connection with such litigation.

(c) If the Indemnifying Party notifies the Indemnified Party that it does not dispute its liability to the Indemnified Party with respect to the Third Party Claim or fails to notify the Indemnified Party within the Dispute Period whether the Indemnifying Party disputes its liability to the Indemnified Party with respect to such Third Party Claim, the Loss arising from such Third Party Claim will be conclusively deemed a liability of the Indemnifying Party and the Indemnifying Party shall pay the amount of such Loss to the Indemnified Party on demand following the final determination thereof. If the Indemnifying Party has timely disputed its liability with respect to such claim, the Indemnifying Party and the Indemnified Party will proceed in good faith to negotiate a resolution of such dispute, and if not resolved through negotiations within the Resolution Period, such dispute shall be resolved by arbitration as provided hereinafter.

(d) In the event any Indemnified Party should have a claim against any Indemnifying Party that does not involve a Third Party Claim, the Indemnified Party shall deliver an Indemnity Notice with reasonable promptness to the Indemnifying Party. The failure by any Indemnified Party to give the Indemnity Notice shall not impair such party's rights hereunder except to the extent that an Indemnifying Party demonstrates that it has been irreparably prejudiced thereby. The Indemnifying Party and the Indemnified Party will proceed in good faith to negotiate a resolution of such dispute, and if not resolved through negotiations within the Resolution Period, such dispute shall be resolved by arbitration as provided hereinafter.

10. TERMINATION

10.1 Termination

Anything contained herein to the contrary notwithstanding, this Agreement may be terminated and the transactions contemplated hereby abandoned at any time prior to the Date of the Merger by, on one side, the TI Parties (which for purposes of this Section shall act together and shall be deemed to be a single party), and, on the other side, the BT Parties (which for purposes of this Section shall act together and shall be deemed to be a single party):

- (d) by any TI Party, upon occurrence of a direct or indirect change of Control of BTC.

10.2 Effects of Termination

In the event of termination of this Agreement pursuant to this Section 10, written notice thereof shall forthwith be given to the other party and the transactions contemplated by this Agreement shall be terminated, without further action by either party.

10.3 No Release

Termination of this Agreement notwithstanding, nothing in this Section 10 shall be deemed to release either party from any liability for any breach by such party of any of its obligations under this Agreement or to impair the right of either party to compel specific performance by the other party of its obligations under this Agreement.

11.8 Severability

In the event any term or provision of this Agreement shall be deemed to be illegal, invalid or unenforceable for any reason, such illegality, invalidity or unenforceability will not affect any other term or provision of this Agreement and the parties shall endeavor to replace the invalid or null and void provision(s) with such which correspond best to the intentions of the parties hereto.

11.9 Governing Law

This Agreement (including the arbitration clause set forth in section 11.10) and the other Protocol shall be governed by, and construed in accordance with, the laws of Brazil.

11.10 Arbitration

Any dispute, controversy or claim between the TI Parties, on the one side, and the BT Parties, on the other, arising out of or relating to this Agreement and to the Protocol (including the breach, termination or invalidity hereof or thereof) shall be finally settled by binding arbitration in accordance with the Rules of Arbitration (the Rules) of the International Chamber of Commerce ICC (the Chamber), in accordance with the provisions of this Section. **PROTOCOL AND JUSTIFICATION
OF THE MERGER OF 14 BRASIL TELECOM CELULAR S.A. INTO
TIM BRASIL SERVIÇOS E PARTICIPAÇÕES S.A.**

By this private instrument, 1) BRASIL TELECOM S.A., a Brazilian company with head office at SIA SUL, ASP, Lote D, Bloco B, Brasília, DF, Brazil, CNPJ/MF no. 76.535.764/0001-43, herein represented by its Officers, [*name and personal data of signing officers*] (hereinafter referred to as BRASIL TELECOM); 2) TIM INTERNATIONAL N.V., a Dutch company with head office at 1629 Strawinskyiaan WTC, Tower B, 16th floor, 1077 ZX Amsterdam, The Netherlands, herein represented by its attorney-in-fact, [*name and personal data of attorney-in-fact*] (hereinafter TIMINT); 3) 14 BRASIL TELECOM CELULAR S.A., a Brazilian wholly-owned subsidiary of BRASIL TELECOM with head office at SIA SUL ASP, Lote D, Bloco B, Térreo parte, Brasília, DF, Brazil, CNPJ/MF no. 05.423.963/0001-11, herein represented by its Officers, [*name and personal data of signing officers*] (hereinafter referred to as BRASIL TELECOM CELULAR); and 4) TIM BRASIL SERVIÇOS E PARTICIPAÇÕES S.A., a Brazilian company with head office at Avenida das Américas, 3434, Bloco 1, 6.º andar, Centro Empresarial Mário Henrique Simonsen, Barra de Tijuca, Rio de Janeiro, RJ, Brazil, CNPJ/MF no. 02.600.854/0001-34, herein represented by its Officers, [*name and personal data of signing officers*] (hereinafter referred to as TIM);

WHEREAS, BRASIL TELECOM is the only shareholder of BRASIL TELECOM CELULAR;

WHEREAS TIMINT is the controlling shareholder of TIM BRASIL SERVIÇOS E PARTICIPAÇÕES S.A.;

The parties agree to enter into this Protocol and Justification of the merger of BRASIL TELECOM CELULAR into TIM, pursuant to articles 224 and 225 of Law 6,404/76, as follows:

1. REASONS AND PURPOSES OF THE OPERATION

The merger of BRASIL TELECOM CELULAR into TIM, once implemented and followed by the other actions described below, will result in higher efficiency for BRASIL TELECOM, the only shareholder of BRASIL TELECOM CELULAR, and for TIM.

1.1 Background.

The National Telecommunications Agency Anatel issued a competitive bidding process in August 2002 for the award of new personal communication service (SMP) in the D and E frequency sub-bands (the Tender).

BRASIL TELECOM holds (i) concessions to exploit domestic long distance (LDN) switched fixed telephony service (STFC) and local STFC in Region II under the General Licensing Plan (PGO); (ii) authorizations to exploit Local STFC and LDN STFC in Regions I and III and Sectors 20, 22 and 25 of Region II of the PGO; and authorizations to exploit International Long Distance (LDI) STFC in Regions I, II and III of the PGO;

BRASIL TELECOM CELULAR, a wholly-owned subsidiary (*subsidiária integral*) of BT, holds authorizations to render personal mobile service (SMP) in Region II, Areas 5, 6, 7 covering all such Region II of the PGA-SMP, (the BRASIL TELECOM CELULAR Authorizations) and the relevant E radiofrequency sub-bands associated with the BRASIL TELECOM CELULAR Authorizations (the BRASIL TELECOM CELULAR Frequencies);

TIMINT is the controlling shareholder of TIM, which, in turn, is the direct or indirect controlling shareholder of certain companies that hold SMP Authorizations in Regions I, II and III of the PGA-SMP and LDN STFC and LDI STFC authorizations in Regions I, II and III of the PGO;

ANATEL, on January 16, 2004, issued Act no. 41.780, which was published in the Diário Oficial da União on January 19, 2004. Such Act acknowledges certain regulatory overlaps regarding BRASIL TELECOM, BRASIL TELECOM CELULAR, and TIM, providing specific rules for their solution.

1.2 The Merger and Further Transactions.

After BRASIL TELECOM CELULAR is merged into TIM, it is envisaged that its activities, assets, liabilities and clients relating to the provision of SMP are absorbed by operational subsidiaries of TIM (the Subsidiaries).

1.3 Strategic Advantages of the Merger.

Edgar Filing: BRASIL TELECOM HOLDING CO - Form 6-K

The implementation of the merger and of the operations referred to in section 1.2 will enable the group of Telecom Italia International N.V. and BRASIL TELECOM, including BTC and TIM, to eliminate the overlapping of licenses referred to in ANATEL's Act no. 41.780/2004 and to comply with ANATEL's orders contained in such Act.

The Brazilian market is characterized by an increasing competition on pricing. The larger, nationwide mobile players, capable of exploiting significant economies of scale, will have competitive advantages, leading to a concentration of the market. BRASIL TELECOM is aware that BRASIL TELECOM CELULAR, as a fourth entrant in only one region, will face a disadvantage in developing profitably only a regional business.

In addition, BRASIL TELECOM, in order to retain its most valuable customers, needs to provide them a nationwide mobile offer, enriched by innovative value added services, focusing on convergent services as distinctive element.

With the merger and the operations referred to in section 1.2 above, (i) TIM and the Subsidiaries, after the required prior approvals of Anatel and any prior consent of CADE, will absorb the operations and customers of BRASIL TELECOM CELULAR, (ii) the Licenses will be returned to the Brazilian granting authority, and (iii) TIM's Subsidiaries will renounce their long distance licenses and, to the extent permitted by existing regulation, rely on BRASIL TELECOM for all its long distance requirements that would be granted on a preferred customer basis (subject to any requirements of non-discrimination), providing significant additional scale to BRASIL TELECOM.

1.4 Regulatory Approvals.

The merger and the transactions referred to in section 1.2 above must be submitted for approval of ANATEL and CADE.
