Item 7.01 Regulation FD Disclosure.

On November 16, 2009, APAC issued a press release announcing the events described in Item 5.02. A copy of this press release is attached hereto as Exhibit 99.1. The information set forth in this Item 7.01, including the exhibit hereto, shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, nor shall it be deemed incorporated by reference into any filings made under the Securities Act of 1933, except as expressly set forth by specific reference in any such filing.

This document contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Generally, forward-looking statements include expressed expectations, estimates and projections of future events and financial performance and the assumptions on which these expressed expectations, estimates and projections are based. Statements that are not historical facts, including statements about the beliefs and expectations of the company and its management are forward-looking statements. All forward-looking statements are inherently uncertain as they are based on various expectations and assumptions about future events, and they are subject to known and unknown risks and uncertainties and other factors that can cause actual events and results to differ materially from historical results and those projected. Such statements are based upon the current beliefs and expectations of the company's management. The company intends its forward-looking statements to speak only as of the date on which they were made. The company expressly undertakes no obligation to update or revise any forward-looking statements as a result of changed assumptions, new information, future events or otherwise.

The following factors, among others, could cause the company's actual results to differ from historic results or those expressed or implied in the forward-looking statements: its revenue is generated from a limited number of clients and the loss of one or more significant clients or reduction in demand for services could have a material adverse effect on the company; the performance of its clients and general economic conditions; and the terms of its client contracts.

Other reasons that may cause actual results to differ from historic results or those expressed or implied in the forward-looking statements can be found in the company's Annual Report on Form 10-K for the fiscal year ended December 28, 2008 and its subsequent filing on Form 10-Q for the fiscal quarter ended March 29, 2009, June 28, 2009 and September 27, 2009. Our filings are available under the investor relations section of our website at <http://www.apaccustomerservices.com> and on a website maintained by the SEC at <http://www.sec.gov>.
