Item 1.01 Entry into a Material Definitive Agreement.

On December 23, 2013, LAZEL, Inc., a wholly owned subsidiary of Cambium Learning Group, Inc. (the "Company"), signed a definitive agreement ("the Agreement") to purchase certain assets of Headsprout from Mimio, LLC, which was previously acquired by Skyview Capital LLC in July 2013. The purchase price is \$4.0 million, of which \$3.6 million is expected to be paid in January 2014. The remaining \$0.4 million cash purchase price will be paid 18 months after the closing date subject to the holdback provisions of the Agreement. The purchased assets will be included in the Company's Learning A-Z reporting segment.

Founded in 1999 and based in Seattle, WA, Mimio acquired Headsprout in 2011. Headsprout has patented and award-winning adaptive software titles, including MimioReading™ and MimioSprout™ Early Reading. The MimioReading software suite's advanced design uses both individualized, adaptive reading instruction and whole-group reading lessons for interactive whiteboards to improve reading performance. Research-based, the software has earned industry-wide respect for its effort in improving reading skills for students in grades PreK-8. Currently used in thousands of classrooms, learning labs, and homes, Headsprout will become part of Learning A-Z's larger reading offering and marketed and sold as Headsprout Early Reading and Headsprout Reading Comprehension.

The Company believes the acquisition will be beneficial as it will increase its digital subscription product offerings and the purchased assets add proven, student-facing phonics and comprehension resources to its Learning A-Z segment. Due to the timing of the transaction and future integration activities, the acquisition is not expected to be accretive to the Company's net income in 2013 or 2014.

The foregoing description of the Agreement is qualified in its entirety by reference to the full text of the Agreement, which is attached to this Current Report on Form 8-K as Exhibit 10.1 and incorporated herein by reference.
