The company has implemented the Securities and Exchange Commission "Notice and Access" rule that permits companies to send their shareholders a Notice that proxy materials are available — in electronic form on the Internet or in printed form by request — instead of mailing a printed proxy statement and annual report to every shareholder. By utilizing Notice and Access, we are able to speed delivery of the proxy materials, lower our distribution costs and reduce the environmental impact of proxy delivery. On April 11, 2014, we mailed to our shareholders a notice that contains instructions on how to access our 2014 proxy statement and 2013 annual report and vote online or to affirmatively elect to receive the proxy materials by mail.

Please carefully review the proxy materials. Your vote is important to us and to our business. We encourage you to vote using telephone or Internet voting prior to the annual meeting, so that your shares of Flowers Foods common stock will be represented and voted at the annual meeting even if you cannot attend. If you elected to receive paper copies of the proxy materials by mail, you may vote by signing, dating and mailing the proxy card in the envelope provided.

We hope to see you in Thomasville.

Business Highlights

(For more details, please see our Annual Report on Form 10-K for the fiscal year ended December 28, 2013 filed with the Securities and Exchange Commission on February 19, 2014)

The year 2013 was one of record sales growth, opportunity, and change for our company. Our team worked hard to meet the needs of new and existing customers impacted by Hostess' sudden departure from the market in late 2012. Our full year results show the benefit to sales and earnings that resulted from our team's efforts. During the first

quarter, the board of directors elected Allen L. Shiver president and chief executive officer (effective May 22, 2013), and George E. Deese, previously chairman of the board and chief executive officer, was elected executive chairman of the board, effective the same date. The move was consistent with the company's management succession plan. Also during the first quarter, we completed our acquisition of the rights to *Sara Lee* and *Earthgrains* brands for sliced breads, buns and rolls in California. The third quarter brought the completion of our acquisition of certain Hostess assets, including the *Wonder*, *Merita*, *Home Pride*, *Nature's Pride* and *Butternut* brands, 20 closed bakeries and 36 depots. We also acquired certain assets related to a bun line in Modesto, California. We also completed our first 12-month period with the Lepage Bakeries acquisition during the third quarter. In the fourth quarter, we opened the Henderson, Nevada bakery, the first of the former Hostess bakeries to open as a Flowers Foods subsidiary. The bakery is strategically located near Las Vegas and serves markets in southern Nevada and California. In the latter half of 2013, our team focused on continuing to integrate recent acquisitions and reintroduce the former Hostess bread brands in selected Flowers core markets. We finished the year solidly positioned as the second-largest producer in the U.S. baking industry. Our team continues to focus on executing our operating strategies, and we anticipate that sales and earnings for 2014 will meet or exceed our long-term objectives. Financial highlights of fiscal 2013 include:

- ▲ Adjusted EBITDA margin, excluding one-time events, was 11.2% for the year;⁽¹⁾
- ▲ Adjusted operating income (adjusted EBIT) increased 32.8% compared to fiscal 2012;⁽¹⁾
- Gross margin, excluding depreciation and amortization expense, for the year was 47.4%;⁽¹⁾
- ▼ Volume increased 16.8% for the year;
- ▲ Net price/mix for the year was positive 0.1%;
- ▲ Acquisitions contributed 6.2% to the 2013 sales increase; and
- Our Nature's Own brand reached approximately \$1.1 billion in annual retail sales.

Governance of the Company (page 14)

Director Independence—Pursuant to our corporate governance guidelines, the nominating/corporate governance committee and the board of directors are required to annually review the independence of each director and director-nominee. The purpose of this annual review is to determine whether each director meets the applicable criteria for independence under the rules and regulations of the Securities and Exchange Commission (the "SEC"), the New York Stock Exchange Listed Company Manual ("NYSE Rules") and our corporate governance guidelines. Only those directors who meet the applicable criteria for independence and the board of directors affirmatively determines have no direct or indirect material relationship with the company are considered independent directors. Additional guidelines apply to the members of the audit committee under the SEC rules and NYSE Rules.

(1) Adjusted EBITDA margin, adjusted EBIT and gross margin, excluding depreciation and amortization expense, differ from the measures reported under U.S. generally accepted accounting principles ("GAAP"). See Annex A for a reconciliation of non-GAAP financial measures to the nearest financial measure reported under GAAP.

Board Leadership Structure—In February 2013, the board of directors elected George E. Deese to the role of executive chairman of the board, effective May 22, 2013. In fiscal 2013, Benjamin H. Griswold, IV was elected as presiding director. With the active participation by all our directors, including 10 independent directors, we believe that our board leadership structure best positions Flowers to benefit from the respective strengths of our chief executive officer, executive chairman of the board and presiding director.

On January 15, 2014, we announced that the Board had voted to submit a proposal to shareholders to adopt a majority voting standard for the election of directors in uncontested elections. The proposal is included in this proxy statement under Proposal III—Amendment to Restated Articles of Incorporation and Amended and Restated Bylaws to Provide that Directors will be Elected by a Majority Vote in Uncontested Elections.

What is a proxy?

A proxy is your legal designation of another person to vote the shares of Flowers Foods common stock you own as of the record date for the annual meeting. If you appoint someone as your proxy in a written document, that document is also called a proxy or a proxy card. We have designated four of our executive officers as proxies for the annual meeting. These four officers are George E. Deese, our executive chairman of the board, Allen L. Shiver, our president and chief executive officer, R. Steve Kinsey, our executive vice president and chief financial officer, and Stephen R. Avera, our executive vice president, secretary and general counsel.

Are the proxy materials available electronically?

Yes. Under SEC rules, Flowers Foods is making this proxy statement and its 2013 annual report available to its shareholders electronically on the Internet at www.proxyvote.com. On April 11, 2014, we mailed to our shareholders a notice (the "Notice") containing instructions on how to access this proxy statement and our 2013 annual report online. If you received a Notice by mail, you will not receive a printed copy of the proxy materials in the mail. Rather, the Notice instructs you on how to access and review all of the important information contained in the proxy statement and annual report on the Internet. The Notice also instructs you on how you may submit your proxy vote over the Internet.

If you received a Notice by mail but would like to receive a printed copy of the proxy statement and 2013 annual report, please follow the instructions contained on the Notice.

Who can vote?

To be eligible to vote, you must have been a shareholder of record of the company's common stock at the close of business on March 19, 2014, which is the record date for the annual meeting. There were 208,950,479 shares of our common stock outstanding and entitled to vote on the record date.

How many votes do I have?

You are entitled to one vote on each of the five director-nominees, and one vote on each other matter to be voted upon at the annual meeting, for each share of common stock you held on the record date for the annual meeting. For example, if you owned 100 shares of our common stock on the record date, you would be entitled to 100 votes for each of the five director-nominees and for each other matter to be voted upon at the annual meeting.

How do I vote?

You can vote in the following ways:

Voting by Mail. If you elect to receive your proxy materials by mail, you may vote by completing and signing the enclosed proxy card and promptly mailing it in the enclosed postage-paid envelope. The envelope does not require additional postage if you mail it in the United States.

Internet Voting. If you have Internet access, you may vote your shares from any location in the world by following the “Vote by Internet” instructions set forth on the Notice or the proxy card.

Telephone Voting. You may authorize the voting of your shares by following the “Vote by Telephone” instructions set forth on the proxy card.

Vote at the Meeting. If you attend the annual meeting and you are a registered shareholder, you may vote by delivering your completed proxy card in person or you may vote by completing a ballot, which will be available at the annual meeting. If your shares are held in “street name” through a broker, bank or other record holder, to be eligible to vote your shares in person, you must obtain a legal proxy from your bank, broker or agent that specifies the number of shares you owned on the record date and bring the legal proxy with you to the annual meeting.

By executing and returning your proxy (either by returning the proxy card or by submitting your proxy electronically by the Internet or by telephone), you appoint George E. Deese, Allen L. Shiver, R. Steve Kinsey and Stephen R. Avera to represent you at the annual meeting and to vote your shares at the annual meeting in accordance with your voting instructions. The Internet and telephone voting procedures are designed to authenticate shareholder identities, to allow shareholders to give voting instructions and to confirm that shareholders’ instructions have been recorded properly. Any shareholder voting by Internet should understand that there may be costs associated with electronic access, like usage charges from Internet access and telephone or cable service providers, that must be paid by the shareholder.

Back to Contents

If I am a registered holder, what if I do not give any instructions on a particular matter described in this proxy statement when voting by mail?

Registered shareholders should specify their choice for each matter on the proxy card. If no specific instructions are given, proxies that are signed and returned will be voted **“FOR”** the election of each director-nominee, the approval, on an advisory basis, of the compensation of the company’s Named Executives, the approval of the proposal by the board of directors to amend our Restated Articles of Incorporation and Amended and Restated Bylaws to provide that directors will be elected by a majority vote in uncontested elections, the approval of the 2014 Omnibus Equity and Incentive Compensation Plan and the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending January 3, 2015.

Can I change my vote after I have mailed my proxy card or after I have authorized the voting of my shares over the Internet or by telephone?

Yes. You can change your vote and revoke your proxy at any time before the polls close at the annual meeting by doing any one of the following things:

- Signing and delivering to our corporate secretary another proxy with a later date;
- Giving our corporate secretary a written notice before or at the annual meeting that you want to revoke your proxy; or
- Voting in person at the annual meeting.

Your attendance at the annual meeting alone will not revoke your proxy.

How do I vote my 401(k) shares?

If you participate in the Flowers Foods, Inc. 401(k) Retirement Savings Plan and you received the Notice, you may vote by Internet or telephone as previously described in this proxy statement. If you elect to receive your proxy materials by mail, you may vote by completing and signing the enclosed proxy card and promptly mailing it in the enclosed postage-paid envelope. In addition, if you received a Notice by mail but would like to receive a printed copy of the proxy statement and 2013 annual report, please follow the instructions contained on the Notice. By voting, you will direct Putnam Fiduciary Trust Company, the Trustee of the 401(k) plan, how to vote the shares of Flowers Foods common stock allocated to your account. Any unvoted or unallocated shares will be voted by the Trustee in the same proportion on each proposal as the Trustee votes the shares of stock credited to the 401(k) plan participants’ accounts for which the Trustee receives voting directions from the 401(k) plan participants. The number of shares you are eligible to vote is based on the number of shares in your account on the record date for the annual meeting.

Can I vote if my shares are held in “street name” by a bank or broker?

If your shares of Flowers Foods common stock are held in “street name” through a broker, bank or other holder of record, you will receive instructions from the registered holder that you must follow in order for your shares to be voted for you by that record holder. Telephone and Internet voting are offered to shareholders who own their Flowers Foods shares through certain banks and brokers.

The election of directors (Proposal I), the advisory proposal to approve the compensation of the company’s Named Executives (Proposal II), the proposal by the board of directors to amend our Restated Articles of Incorporation and Amended and Restated Bylaws to provide that directors will be elected by a majority vote in uncontested elections (Proposal III) and the approval of the 2014 Omnibus Equity and Incentive Compensation Plan (Proposal IV) are considered non-discretionary matters under applicable NYSE Rules. A broker or other nominee cannot vote without instructions on non-discretionary matters, and therefore there may be broker “non-votes” on Proposal I, Proposal II, Proposal III and Proposal IV. The ratification of the appointment of our independent registered public accounting firm for fiscal 2014 (Proposal V) is considered a discretionary matter under applicable rules, and a broker or other nominee may (but is not required to) vote “**FOR**” Proposal V without instructions. Accordingly, it is important that you follow the voting instructions sent to you by the registered holder of your shares held in “street name” if you want your vote to be counted.

[Back to Contents](#)

How will broker “non-votes” be treated?

Broker “non-votes” will be counted as present in determining whether the quorum requirement is satisfied but will not be included in vote totals and will not affect the outcome of the vote. A “non-vote” occurs when a nominee holding shares for a beneficial owner does not vote on a proposal because the nominee has not received instructions from the beneficial owner and does not have discretionary power to vote.

In order for your shares to be voted on all matters presented at the annual meeting, including the election of directors, we urge all shareholders whose shares are held in street name by a brokerage firm to provide voting instructions to the brokerage firm.

How will abstentions be treated?

Abstentions will be counted as present in determining whether the quorum requirement is satisfied. Because directors are elected by a plurality of votes, an abstention will have no effect on the outcome of the vote with respect to the election of directors. In addition, abstentions will not be treated as votes cast and will not have an effect on the outcome of the votes on Proposals II and V. Abstentions will have the same effect as votes against Proposals III and IV.

What constitutes a quorum?

The holders of at least a majority of the shares of our common stock entitled to vote at the annual meeting are required to be present in person or by proxy to constitute a quorum for the transaction of business. Abstentions and broker “non-votes” will be counted as present in determining whether the quorum requirement is satisfied. The aggregate number of votes cast by all shareholders present in person or represented by proxy at the meeting, whether those shareholders vote for or against the proposals, and the total number of votes cast for each of these proposals will be counted for purposes of determining whether the proposals have been approved by the shareholders.

What if a quorum is not present at the meeting?

If a quorum is not present at the scheduled time of the annual meeting, we may adjourn or postpone the annual meeting until a quorum is present. The time and place of the adjourned or postponed annual meeting will be announced at the time the adjournment is taken, and, unless such adjournment or postponement is for more than 120 days, no other notice will be given. An adjournment or postponement will have no effect on the business that may be

conducted at the annual meeting.

What vote is required for each matter to be voted upon at the annual meeting?

Once a quorum has been established, with respect to Proposal I, the four director-nominees in Class I receiving the highest number of votes cast at the annual meeting will be elected, regardless of whether that number represents a majority of the votes cast.

Approval of Proposals II and V require the affirmative vote of the holders of a majority of the shares of our common stock present at the meeting in person or by proxy.

Approval of Proposal III requires the affirmative vote of 66 2/3% of the outstanding shares of our common stock.

Proposal IV requires the affirmative vote of the holders of a majority of the shares of our common stock present at the meeting in person or by proxy. In addition, NYSE Rules require that the total votes cast on this proposal must represent greater than 50% of the outstanding shares of our common stock as of the record date.

Will any other business be conducted at the annual meeting or will other matters be voted on?

At this time, our board of directors does not know of any other business to be brought before the meeting, but if any other business is properly brought before the meeting, the persons named as proxies, Messrs. Deese, Shiver, Kinsey and Avera, will exercise their judgment in deciding how to vote or otherwise act at the annual meeting with respect to that matter or proposal.

[Back to Contents](#)

Where can I find the voting results from the annual meeting?

Who pays the costs of soliciting proxies?

In addition, our directors and officers may solicit proxies in person, by telephone or facsimile but will not receive additional compensation for these services. Brokerage houses, nominees, custodians and fiduciaries will be requested to forward soliciting material to beneficial owners of stock held of record by them, and we will reimburse those persons for their reasonable expenses in doing so.

CORPORATE GOVERNANCE

General

We believe that good corporate governance is essential to ensure that the company is effectively managed for the long-term benefit of our shareholders. We have thoroughly reviewed our corporate governance policies and practices and compared them with those recommended by corporate governance advisors and the practices of other publicly-held companies.

Based upon this review we have adopted the following corporate governance documents:

- Corporate Governance Guidelines
- Audit Committee Charter
- Compensation Committee Charter
- Nominating/Corporate Governance Committee Charter
- Finance Committee Charter
- Code of Business Conduct and Ethics for Officers and Members of the Board of Directors
- Stock Ownership Guidelines for Executive Officers and Non-Employee Directors
- Flowers Foods, Inc. Employee Code of Conduct
- Disclosure Policy

You can access the full text of all these corporate governance documents on our website at www.flowersfoods.com by clicking on the “Investor Center” tab and selecting “Corporate Governance.” You can also receive a copy of these documents by writing to Flowers Foods, Inc., 1919 Flowers Circle, Thomasville, Georgia 31757, Attn: Investor Relations Department.

Determination of Independence

Pursuant to our corporate governance guidelines, the nominating/corporate governance committee and the board of directors are required to annually review the independence of each director and director-nominee. During this review, transactions and relationships among each director or any member of his or her immediate family and the company are considered, including, among others, all commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships and those reported in this proxy statement under “Transactions with Management and Others.” In addition, transactions and relationships among directors or their affiliates and members of senior management and their affiliates are examined. The purpose of this annual review is to determine whether each director meets the applicable criteria for independence in accordance with the SEC rules, NYSE Rules and our corporate governance guidelines. Only those directors who meet the applicable criteria for independence and the board of directors affirmatively determines to have no direct or indirect material relationship with the company are considered independent directors.

As part of our corporate governance guidelines, we have adopted categorical standards which provide that certain relationships will be considered material relationships and will preclude a director’s independence. Under these standards, an “independent” director is one who:

- has not been employed by the company or any of its subsidiaries or affiliates, or whose immediate family member has not been employed as an executive officer by the company, within the previous three years;
- does not, or whose immediate family member does not, receive more than \$120,000 per year in direct compensation from the company, other than director and committee fees and pension or other forms of deferred compensation for prior service, provided such compensation is not contingent in any way on continued service (such person is presumed not to be “independent” until three years after he or she (or their immediate family member) ceases to receive more than \$120,000 per year in such compensation); provided that compensation received by an immediate family member for service as an employee of the company (other than as an executive officer) need not be considered;
- is not affiliated with or employed by, or whose immediate family member is not affiliated with or employed, in a professional capacity by, a present or former internal or external auditor of the company (such person is not “independent” until three years after the end of either the affiliation or the auditing relationship);
- is not employed, or whose immediate family member is not employed, as an executive officer of another company where any of Flowers Foods’ present executives serve on such other company’s compensation committee (such person is not “independent” until three years after the end of such service or the employment relationship); and
- is not a current employee, or whose immediate family member is not a current executive officer, of a company that has made payments to, or received payments from, Flowers Foods for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company’s consolidated gross revenues.

The nominating/corporate governance committee and the board of directors conducted the required annual independence review in February 2014. Upon the recommendation of the nominating/corporate governance committee, the board of directors affirmatively determined that a majority of our directors and director-nominees are independent of the company and its management as required by the NYSE Rules and the corporate governance guidelines. Messrs. Griswold and Wood are independent directors and director-nominees. Ms. Lewis is an

independent director-nominee. Messrs. Beverly, Burke, Fernandez, McMullian, Shields, Singer and Stith are independent directors. Mr. Deese is considered an inside director because he is currently executive chairman of the company and Mr. Shiver is an inside director-nominee because he is currently the president and chief executive officer of the company. Each director and director-nominee abstained from voting on his or her own independence.

The foregoing discussion of director independence is applicable only to service as a member of the board of directors, the compensation committee and the nominating/corporate governance committee. Additional guidelines apply to the members of the audit committee under the SEC rules and NYSE Rules.

The board of directors has also determined that Mr. Wood is an "audit committee financial expert" under Item 407(d)(5) of Regulation S-K of the Securities Act of 1933. Each member of the audit committee is financially literate, knowledgeable and qualified to review financial statements.

Nominating/Corporate Governance Committee

Under the terms of its charter, the nominating/corporate governance committee is responsible for considering and making recommendations to the board of directors with regard to the function and needs of the board, and the review and development of our corporate governance guidelines. In fulfilling its duties, the nominating/corporate governance committee shall:

- receive identification of individuals qualified to become board members;
- select, or recommend that the board select, the director-nominees for our next annual meeting of shareholders;

Compensation Committee

Under the terms of its charter, the compensation committee has overall responsibility for evaluating and approving the company’s compensation plans, policies and programs. The compensation committee’s duties and responsibilities include:

- review and approval of corporate goals and objectives relevant to our chief executive officer’s compensation, evaluation of our chief executive officer’s performance in light of these goals and objectives, and, either as a committee or together with the other independent directors (as directed by the board), determination and approval of our chief executive officer’s compensation level based on this evaluation;

- overseeing risks related to executive compensation disclosures, human capital needs, intellectual capital loss, labor relations, employee retention and public compensation disclosures; and
- production of a report on executive compensation for inclusion in our proxy statement for the annual meeting of shareholders.

For fiscal 2013, the compensation committee completed its annual review of our compensation philosophies and practices with respect to our employees and concluded that the risk arising from such policies and practices are not reasonably likely to have a material adverse affect on us. While risk is inherent in any strategy for growth, the company's compensation programs minimize risk through the following design elements, among others:

- balanced incentive plans designed to reward both annual and long-term performance, and both internal and stock price performance;
- incentive goals set at the corporate level;
- capped incentives;
- stock ownership guidelines requiring the Named Executives to own a significant amount of our stock; and
- a recoupment (clawback) policy for equity grants and cash bonuses if they are paid based on incorrect financial results due to knowing misconduct by a participant.

Board Leadership Structure

The board of directors elected Mr. Deese executive chairman of the board effective May 22, 2013 and Mr. Shiver president and chief executive officer effective the same date. Mr. Shiver, in his role as president and chief executive officer, has primary responsibility for the day-to-day operations of the company. As executive chairman of the board, Mr. Deese will work with Mr. Shiver regarding the strategic direction of the company and continue to provide leadership on the company's key strategic objectives. In his role as executive chairman of the board, Mr. Deese will continue to set the strategic priorities for the board (with input from the presiding director), preside over its meetings and communicate its strategic findings and guidance to management. The board believes that the close working relationship between the chief executive officer and executive chairman of the board will continue to provide

consistent communication and coordination throughout the organization, which results in a more effective and efficient implementation of corporate strategy. The board further believes that Mr. Deese's continued active role in the company is important in unifying the company's strategy behind a consistent vision as the company transitions through its established succession plans.

As noted earlier, the independent non-management directors appointed Mr. Griswold as independent presiding director in fiscal 2013, which provides balance to the board's structure. With a supermajority of independent directors, an audit committee, compensation committee, nominating and corporate governance committee and finance committee each comprised entirely of independent directors, and an independent presiding director to oversee all meetings of the non-management directors, the company's board of directors believes the existing leadership structure provides for an appropriate balance that best serves the company and its shareholders. The board of directors annually reviews its leadership structure to ensure that it remains the optimal structure for the company and our shareholders.

Risk Management

The board of directors is actively involved in oversight of risks that could affect the company. This oversight is conducted primarily through the audit committee, as described above and in the audit committee charter, but the full board has retained responsibility for general oversight of risks. Specifically, the board has responsibility for overseeing, reviewing and monitoring the company's overall risks, and each board committee is responsible for the oversight of specific risk areas relevant to its purpose as provided in the committee charters. The overall responsibility of the board and its committees is enabled by an enterprise risk management model and process implemented by management that is designed to identify, assess, manage and mitigate risks. The board satisfies this responsibility through full reports by each committee chair regarding the committee's considerations and actions, as well as through regular reports to the board directly from executive officers responsible for oversight of particular risks within the company. In addition, the compensation committee, nominating/corporate governance committee and finance committee are responsible for the oversight of specific risks, as described above and in each committee's charter. The company believes that its leadership structure, discussed in detail above, supports the risk oversight function of the board. Strong directors chair the various board committees involved with risk oversight, there is open communication between management and directors and all directors are actively involved in the risk oversight function.

Attendance at Annual Meetings

In accordance with our corporate governance guidelines, directors are expected to rigorously prepare for, attend and participate in all meetings of the board of directors and meetings of the committees on which they serve and to devote the time necessary to appropriately discharge their responsibilities. Aside from these requirements, the company does not maintain a formal policy for attendance by directors at annual meetings of shareholders. However, all of our directors attended the annual meeting of shareholders held on May 22, 2013.

Selection of Director-Nominees

The nominating/corporate governance committee identifies and considers director candidates recommended by its members and other board members, as well as management and shareholders. A shareholder who wishes to recommend a prospective director-nominee for the committee's consideration should submit the candidate's name and qualifications to Flowers Foods, Inc., 1919 Flowers Circle, Thomasville, Georgia 31757, Attention: Executive Vice President, Secretary and General Counsel. The nominating/corporate governance committee will also consider whether to recommend for nomination any person identified by a shareholder pursuant to the provisions of our amended and restated bylaws relating to shareholder nominations. Recommendations by shareholders that are made in accordance with these procedures will receive the same consideration given to nominees of the nominating/corporate governance committee.

The nominating/corporate governance committee believes that any director-nominee must meet the director qualification criteria set forth in our corporate governance guidelines before such director-nominee can be recommended for election to the board of directors. These factors include:

- integrity and demonstrated high ethical standards;
- the ability to express opinions, raise tough questions and make informed, independent judgments;
- experience managing or operating public companies;
- knowledge, experience and skills in at least one specialty area;
- ability to devote sufficient time to prepare for and attend board of directors meetings;
- willingness and ability to work with other members of the board of directors in an open and constructive manner;
- ability to communicate clearly and persuasively; and
- diversity in background, personal and professional experience, viewpoints or other demographics.

In addition, no person may stand for election or reelection to the board of directors after turning 75 years old. The nominating/corporate governance committee considers these factors as it deems appropriate, as well as other factors it determines are pertinent in light of the current needs of the board of directors. The nominating/corporate governance committee may use the services of a third-party executive search firm to assist it in identifying and evaluating possible director-nominees.

Shareholder & Other Interested Party Communication with Directors

The board of directors will give proper attention to written communications that are submitted by shareholders and other interested parties and will respond if appropriate. Shareholders and other interested parties interested in communicating directly with the board of directors as a group, the independent, non-management directors as a group or any individual director may do so by writing to Presiding Director, Flowers Foods Inc., 1919 Flowers Circle, Thomasville, GA 31757. Absent circumstances contemplated by committee charters, the chair of the nominating/corporate governance committee and the presiding director, with the assistance of our executive vice president, secretary and general counsel will monitor and review all correspondence from shareholders and other interested parties and provide copies or summaries of such communications to other directors as they deem appropriate.

DIRECTOR COMPENSATION

General

Based upon the recommendations of the nominating/corporate governance committee, the board considers and establishes director compensation. An employee of the company who also serves as a director does not receive any additional compensation for serving as a director or as a member or chair of a board committee.

2013 Director Compensation Package

The nominating/corporate governance committee periodically reviews the status of director compensation in relation to other comparable companies and other factors it deems appropriate. In addition, in 2013 the nominating/corporate governance committee engaged Meridian Compensation Partners (“Meridian”), an independent compensation consultant, to assist the committee in its assessment of the competitiveness of director compensation. During 2013, the directors’ compensation package for non-employee directors was based on the following principles:

- a significant portion of director compensation should be aligned with creating and sustaining shareholder value;
- directors should have an equity interest in the company; and
- total compensation should be structured to attract and retain a diverse and truly superior board of directors.

Cash and Stock Compensation

With the above principles in mind, the compensation package in 2013 for non-employee directors comprised the following:

- an annual cash retainer of \$80,000 through May 21, 2013; increased to \$95,000 effective May 22, 2013 for all non-employee directors;
- an annual cash retainer of \$12,500 through May 21, 2013; increased to \$15,000 effective May 22, 2013 for the chairman of the audit committee;
- an annual cash retainer of \$10,000 through May 21, 2013; increased to \$12,500 effective May 22, 2013 for the chairman of the compensation committee;
- an annual cash retainer of \$5,000 through May 21, 2013; increased to \$10,000 effective May 22, 2013 for the chair of the nominating/corporate governance committee;
- an annual cash retainer of \$5,000 through May 21, 2013; increased to \$10,000 effective May 22, 2013 for the chairman of the finance committee;
- an annual cash retainer of \$5,000 for each member of the audit committee;
- an annual cash retainer of \$15,000 through May 21, 2013; increased to \$17,500 effective May 22, 2013 for the presiding director; and
- an annual award of deferred stock valued at \$120,000 (which vests one year from the date of grant) based upon the closing price of the company’s common stock on the Tuesday following the annual meeting of shareholders.

Participation in Company Plans

Non-employee directors are eligible to participate in the 2001 Executive Performance Incentive Plan, as amended and restated as of April 1, 2009 (the “EPIP”), our Stock Appreciation Rights Plan (the “SAR Plan”) and the Executive Deferred Compensation Plan (the “EDCP”).

Under the EPIP, non-employee directors received deferred stock grants as described above. These grants of deferred stock vest one year from the date of grant. Directors also have the option to convert their annual cash board retainer fees into deferred stock equal in value to 130% of the cash payments these directors would have otherwise received, in which case the vesting period is extended to two years from the date of grant.

Stock appreciation rights granted in years prior to 2007 under the SAR Plan do not give the director an equity interest in the company. Instead, they offer the directors a cash payment equal to the difference between the value of the shares underlying the stock appreciation rights on the exercise date and the exercise price. Stock appreciation rights vest one year from the date of issuance, and the director has ten years from the date of issuance to exercise these rights. Additionally, the holder of stock appreciation rights receives an amount equal to the dividends that would have been paid on an equivalent number of shares of the company’s common stock at the same time dividends are paid to all other shareholders. In 2013, these payments to all directors in the aggregate totaled \$73,412. Outstanding stock appreciation rights that vested prior to December 31, 2004 will continue to accumulate these payments in an account for distribution at the date of exercise. Stock appreciation rights are expensed in accordance with the fair value provisions of Financial Accounting Standards Board (“FASB”) Accounting Standards Certification (“ASC”) Topic 718, Stock Compensation.

Under the EDCP, non-employee directors may elect to defer all or any portion of their annual retainer and cash committee fees. All deferrals earn interest until paid to the director. Generally, the deferral plus interest is paid to the director upon retirement or termination from the company’s board of directors. During 2008, participants were given a one-time, irrevocable opportunity to convert their EDCP cash account for some or all prior years’ deferrals to an account that tracks the performance of our common stock. Balances as of the end of the fiscal year were converted, based on the closing price of our common stock on January 2, 2009. The EDCP tracking account will be distributed in shares of our common stock at the time elected by the participant for the deferral year(s) in question. The EDCP tracking account will be credited with dividends paid on our common stock for the number of shares deemed held in such account, and such dividends will then be deemed to be invested in the cash account and will earn interest as described above.

If approved by the shareholders, non-employee directors will be eligible to participate in the 2014 Omnibus Equity and Incentive Plan. See Proposal IV—Approval of the 2014 Omnibus Equity and Incentive Compensation Plan.

Stock Ownership Guidelines

The board believes that the economic interests of directors should be aligned with those of shareholders. To achieve this, all directors are expected to hold shares of common stock in the company. A non-employee director must own shares of common stock with a value of at least six times the annual cash retainer paid to the non-employee directors. All direct holdings of our common stock and all vested shares of deferred stock are included for purposes of determining compliance. These guidelines may be revised or terminated by the nominating/corporate governance committee at any time with thirty days written notice to the affected directors. Directors have four years to meet the required guidelines. All non-employee directors were in compliance with the guidelines as of March 19, 2014.

Other Arrangements

We reimburse all directors for out-of-pocket expenses incurred in connection with attendance at board meetings, or when traveling in connection with the performance of their services for the company.

Consideration of 2013 Say on Pay Vote

At our 2013 annual meeting of shareholders, more than 99% of the shares voted were cast in support of the company's executive compensation program. As a result of the significant level of approval, we continued to apply similar principles to our executive compensation decisions during the remainder of 2013 and in early 2014.

Executive Compensation Generally

Objectives of Executive Compensation

The primary objective of our executive compensation program is to attract, retain and motivate qualified executives necessary for the future success of the company and the maximization of shareholder value. Our compensation program is designed to motivate our executives by rewarding them for the achievement of specific annual, long-term and strategic goals of the company. Moreover, the program aligns our executives' interests with those of the shareholders by rewarding performance above established goals, with the ultimate objective of improving shareholder value. Finally, we strive to foster a sense of ownership among our executives by establishing stock ownership

guidelines that require them to maintain ownership of a specified amount of our common stock.

The compensation committee evaluates both performance and compensation to ensure that (i) the company maintains its ability to attract and retain the most qualified executives; (ii) each executive's compensation remains competitive relative to the compensation paid to similarly situated executives in comparable companies and (iii) each of the company's primary objectives with respect to compensation is being fulfilled. To meet those goals, our compensation program includes three primary components:

- base salary;
- annual cash bonuses; and
- long-term incentives, through stock-based compensation.

Certain retirement and other post-employment benefits are also included in the executives' compensation package. In addition, see the section entitled "Potential Payments Upon Termination or Change in Control" of this proxy statement for details on payments and benefits payable (or realizable) upon termination of employment and a change in control of the company. We do not offer perquisites as part of our executive compensation program.

Each element of our compensation program is described in greater detail below, including a discussion of why the company chooses to pay each element, how we determine the amount of each element to pay and how each element and the company's decisions regarding that element fit into our overall compensation objectives.

Mix of Compensation Opportunity

The objectives of our executive compensation program are accomplished through a balance of pay components that are competitive with market practice and place considerable emphasis on performance-based compensation. Salary and non-equity incentive compensation, equity compensation, and other compensation expressed as a percentage of total compensation for each Named Executive for the fiscal year ended December 28, 2013 were as shown below. There is no prescribed mix of our compensation elements; the mix below is driven by Relevant Market Data (as defined below) for each element of pay. In addition, the figures for our new president and chief executive officer reflect a special one-time equity grant made at the time of his promotion, which is further discussed on page 32.

Role of Executive Officers in Compensation Decisions

The compensation committee of the board of directors, which is comprised entirely of independent directors, has overall responsibility for evaluating, analyzing and approving the company's compensation plans, policies and programs. In addition, the chief executive officer consults with and advises the compensation committee with respect to the company's compensation philosophy and makes recommendations to the compensation committee regarding the compensation of the other executive officers, including other Named Executives. All recommendations of the chief executive officer to the compensation committee regarding compensation of executive officers are independently evaluated by the committee. The chief financial officer, or his designee, assists the compensation committee in understanding the key drivers of company performance, particularly those measures used in our cash bonus and long-term incentive plans and also provides the compensation committee with regular updates on company performance as it relates to certain performance measures used in our bonus and long-term incentive plans.

Compensation Consultants

For fiscal 2013, the compensation committee engaged Meridian as its independent compensation consultant. At the compensation committee's request, Meridian evaluated the competitiveness of the base salaries, annual bonuses and long-term incentives awarded to the company's Named Executives, provided competitive market data on new compensation arrangements and evaluated the continued appropriateness of existing arrangements. Meridian attended compensation committee meetings at the committee's request and was available to provide guidance to the compensation committee on compensation questions and issues as they arose.

In December 2013 the compensation committee, in accordance with SEC rules, considered various factors having to do with consultant conflicts of interest. In connection with this review, the compensation committee considered the following six factors established by the SEC:

- the provision of other services to the company by the consultant’s employer;
- the amount of fees received from the company by the consultant’s employer as a percentage of total revenue;
- the policies and procedures of the consultant’s employer designed to prevent conflicts of interest;
- any business or personal relationship of the consultant with a member of the compensation committee;
- any stock of the company owned by the consultant; and
- any business or personal relationship of the consultant or the consultant’s employer with an executive officer of the company.

As a result of its review of these six factors, the committee determined that the work of the compensation consultant did not raise any conflicts of interest.

Compensation Benchmarking

Because there are not many food companies the size of Flowers Foods, a specific set of peer companies is not used for market compensation comparisons. We use market pay rates (*i.e.*, base salary, bonus and long-term incentives) based on available food industry and general industry peers’ pay data from published surveys. We use an average of food industry and general industry (the “Relevant Market Sector”) survey data when making market comparisons, and the data is adjusted to reflect pay for companies with annual revenues comparable to the company (the “Relevant Market Data”). For fiscal 2013, the Relevant Market Sector consisted of food and general industry peer groups in the Towers Watson Executive Compensation Database, Towers Watson Top Management Compensation Survey and the Mercer Executive Compensation Survey.

General industry data were used from the following surveys to capture the broadest possible market perspective:

- Towers Watson Executive Compensation Database: 700+ companies
- Towers Watson Top Management Compensation Survey: 1,500+ companies
- Mercer Executive Compensation Survey: 1,100+ companies

The Relevant Market Data obtained from the companies above was for pay opportunity, not actual payout, and was regressed (size-adjusted) to reflect the appropriate Named Executive's duties and scope of revenue responsibility. The Relevant Market Data is calculated using the simple average of the regressed food industry and general industry market rates. Both are established at levels that approximate the size-adjusted 50th percentile for each component of pay opportunity (*i.e.*, base salary, target bonus and long-term incentive opportunity). This sets executive pay opportunities high enough to be competitive and to attract and retain a strong motivated leadership team but not so high that they create negative perception among other constituencies.

The compensation committee concluded that the proposed 2013 compensation levels under the company's incentive and equity compensation plans for each Named Executive, and their total compensation opportunities, were consistent with the pay philosophy, as well as appropriate to meet the company's goal to retain each Named Executive and to align his interests with those of the company's shareholders.

Cash Compensation

Base Salary

Base salary represents the fixed and recurring part of each Named Executive's annual compensation. Its objective is to reward experience and expertise, functional progression (*i.e.*, the development of the executive through a series of work experiences and duties and accountabilities relevant to the current position held), career development, skills and competencies. It rewards core competence in the executive role. We choose to pay base salary because it is a standard element of pay for executive positions and is required to attract and retain talent.

We have established a system of tiered salary grades, and executives are assigned an appropriate salary grade considering the position's internal value as well as external comparisons to the Relevant Market Data. With respect to the position's "internal value," we have developed salary grades on the basis that a given position is at least one salary grade below that of the supervising position, which is the only weight assigned to internal value in establishing the salary grades.

Named Executives' base salaries are related to a salary grade and the base salaries for the grades are determined based on (i) external competitive market base salaries, as determined through benchmarking analysis of the Relevant Market Data and (ii) the internal relationships (*i.e.*, value and progression) of these positions. We periodically make adjustments to the base salaries based on the factors discussed above as well as the performance of the respective Named Executive.

Individual salaries for Named Executives reporting directly to the president and chief executive officer are subject to approval by the compensation committee after consideration of the recommendations he submits. The president and chief executive officer's and the executive chairman of the board's salaries are subject to review and approval by the compensation committee and the board of directors. Base salaries for all Named Executives are reviewed annually by the compensation committee and the board of directors.

Base salary increased 23.7% for Mr. Shiver; 3.9% for Mr. Kinsey; 3.0% for Mr. Lord; and 3.0% for Mr. Avera; and decreased 15.4% for Mr. Deese in 2013 as compared to 2012. The increase for Mr. Shiver was the result of his promotion from president to president and chief executive officer. The decrease for Mr. Deese was the result of being named to the post of executive chairman of the board after previously serving the company as chairman of the board and chief executive officer.

Annual Executive Bonus Plan

The objective of our Annual Executive Bonus Plan (the “Bonus Plan”) is to provide an incentive to achieve critical annual goals that lead to our long-term success. It provides for an annual incentive bonus to reward performance measured over the company’s fiscal year. We choose to pay it in order to motivate achievement of annual performance metrics critical to continued company growth and shareholder value creation.

For each fiscal year, the compensation committee establishes target bonus levels under the Plan, which are expressed as a percentage of each Named Executive’s base salary (the “Target Bonus Percentage”). Target Bonus Percentages for each Named Executive were the same in 2013 as 2012, with the exception of Mr. Shiver, whose Target Bonus Percentage increased to 100% from 80% effective May 2013 due to his promotion to president and chief executive officer, and Mr. Kinsey, whose Target Bonus Percentage increased to 70% from 65% for the entire year based on the Relevant Market Data applicable to his position.

For 2013, based upon performance projections presented by management, the compensation committee also set a target EBITDA performance goal (the “EBITDA Goal”). We used EBITDA (earnings before interest, taxes, depreciation and amortization), as the performance measure in the Bonus Plan for all participating employees, including the Named Executives, because it is a useful tool for managing the operations of our business and is an indicator of the company’s ability to incur and service indebtedness and generate free cash flow.

For 2013, a bonus was awarded to participating executives based on the following formula:

- the Named Executive’s base salary; *multiplied by*
- the Target Bonus Percentage; *multiplied by*
- the “Bonus Percentage,” a percentage based upon the company’s actual EBITDA for the fiscal year divided by the EBITDA Goal determined as follows:
 - if actual EBITDA is equal to the EBITDA Goal, the resulting Bonus Percentage is 100%;
 - if actual EBITDA is less than the EBITDA Goal, the applicable Bonus Percentage will drop by 5% for every 1% by which actual EBITDA is less than the EBITDA Goal; or
 - if actual EBITDA exceeds the EBITDA Goal, the Bonus Percentage will increase by 5% for every 1% by which the actual EBITDA exceeds the EBITDA Goal.

Each Named Executive's 2013 bonus payment could not exceed 150% of his base salary nor \$3.0 million. The Bonus Percentage would have been zero if actual EBITDA were 80% or less of the EBITDA Goal. This mechanism provided motivation for each Named Executive to continue to strive for improved company performance in 2013 even if the EBITDA Goal itself were not attained.

For 2013, the percentage of EBITDA Goal achieved and the related Bonus Percentages are shown below:

Level of Achievement	% of EBITDA Goal Achieved	Bonus Percentage		
Maximum	110	%	150	%
Target	100	%	100	%
Actual	97.05	%	85.25	%
Threshold	80	%	0	%

The 2013 EBITDA Goal was \$432.5 million, which was 34.7% higher than actual 2012 EBITDA. Actual 2013 EBITDA was equal to 97.05% of the EBITDA Goal and accordingly bonuses were paid at less than target.

The company does not pay bonuses under the Bonus Plan to any Named Executive until such time as the compensation committee has certified the Bonus Percentage and the Annual Report on Form 10-K for the applicable fiscal year has been filed with the SEC.

Long-Term Incentive Compensation

The objective of providing long-term incentive compensation is to focus executives on metrics that lead to increased shareholder value over a longer period of time. It rewards achievement of the specific metrics described below. We choose to pay long-term incentive compensation because it aligns executives' interests with those of shareholders and helps to retain a stable management team.

Equity and Performance Incentive Plan

In keeping with the compensation committee's pay-for-performance philosophy, stock-based incentives comprise our entire long-term incentive program, and a significant portion of total compensation opportunity for Named Executives. We believe our stock-based incentives, as designed, are fundamental to the enhancement of shareholder value, reward performance over the long-term and align the Named Executives' interests with those of our shareholders. The design of the long-term compensation programs and the individual grants thereunder are reviewed

annually and approved by the compensation committee with reference to the Relevant Market Data it receives from its compensation consultant.

The EPIP is the company's ongoing intermediate and long-term incentive plan. The EPIP was approved by the company's shareholders and provides the compensation committee with an opportunity to make a variety of stock based awards, while selecting the form that is most appropriate for the company and the executive group. The awards under the EPIP contain elements that we believe help focus the executive's attention on one of the company's primary goals — the long-term success of the company and, ultimately, the enhancement of shareholder value.

Ongoing Stock-Based Incentive Grants

As in 2012, in 2013 the compensation committee allocated equity-based awards between two types of performance-contingent restricted stock, as described below, and did not grant any stock options. The use of performance-contingent restricted stock is intended to ensure that Named Executives focus on capital investments that produce returns in excess of the Company WACC and that enhance the company's total shareholder return relative to food industry peers.

The determination of 2013 performance-contingent restricted stock award levels for the Named Executives was based on the Relevant Market Data, the expected allocation of value between types of equity award, and a value of 100.9% of face value for both types of performance-contingent restricted stock. Mr. Deese's grant size reflects his position of chairman and chief executive officer on the grant date. Similarly, Mr. Shiver's grant reflects his position as president on grant date.

The 2013 restricted stock agreement (the "Restricted Stock Agreement") provides the terms and conditions under which the shares of restricted stock will vest. Vesting of the awards occurs approximately two years from the date of grant (after the filing of the company's Annual Report on Form 10-K), and the shares become nonforfeitable if, and to the extent that, on that date, the vesting conditions described below are satisfied.

ROIC-Based Performance-Contingent Restricted Stock Awards. The Restricted Stock Agreement provides that, as to 50% of the restricted stock underlying each executive's performance-contingent restricted stock award (the "ROIC-Based Award"), vesting will occur in the manner set forth below:

- if Company ROIC during the 24 month performance period ending January 3, 2015 (the "Performance Period") exceeds the Company WACC by less than 175 basis points during the Performance Period, 0% of the ROIC-Based Award will vest;
- if Company ROIC exceeds Company WACC during the Performance Period by 175 basis points, 50% of the ROIC-Based Award will vest;
- if Company ROIC exceeds Company WACC during the Performance Period by 375 basis points, 100% of the ROIC-Based Award will vest; and
- if Company ROIC exceeds Company WACC during the Performance Period by 475 basis points or more, 125% of the ROIC-Based Award will vest.

For performance between the levels described above, the degree of vesting is interpolated on a linear basis.

TSR-Based Performance-Contingent Restricted Stock Awards. The Restricted Stock Agreement provides that, as to the remaining 50% of the restricted stock underlying each Named Executive’s performance-contingent restricted stock award (the “TSR-Based Award”), vesting will occur based on the company’s performance, measured by Company TSR, as compared to the total shareholder return of the companies in a specified peer group (the “TSR Peer Group”).

For 2013, the TSR Peer Group consisted of the following 19 publicly traded packaged food and meats companies, two of which (H. J. Heinz and Ralcorp), have since been acquired and removed from the group as provided under the terms of the Restricted Stock Agreement:

B&G Foods	J&J Snack Foods
Campbell Soup	J.M. Smucker
Conagra Foods	Kellogg
Dean Foods	Lancaster Colony
General Mills	McCormick & Co.
Hain Celestial Group	Mondelez International Inc
H. J. Heinz Co.	Ralcorp Holdings, Inc.
Hershey Co.	Snyders-Lance
Hillshire Brands	Treehouse Foods
Hormel Foods	

Hypothetical payouts based on the total shareholder return for the company and each member of the TSR Peer Group are calculated at the end of each of the last four quarters during the Performance Period using the performance/payout schedule below and then averaged to determine the actual payout:

Percentile of Company TSR vs. Peer Group TSR	Payment Percentage (% of Target)	
	Less than 30 th	0
30 th	50	%
50 th	100	%
70 th	150	%
90 th or above	200	%

For performance between the percentiles described above, the degree of vesting is interpolated on a linear basis.

Vesting Upon Death, Disability, Retirement or Change in Control. For the 2013 grant, if the grantee dies or becomes disabled, the performance-contingent restricted stock awards generally vest at the target level immediately. If the grantee retires at age 65 (or age 55 with at least ten years of service with the company) or later, on the normal vesting date the grantee will receive a pro rated number of shares based upon the retirement date and actual performance for the entire performance period. If the company undergoes a change in control (whether or not the executive is

terminated following the change in control), the awards will immediately vest at the target level, provided that as to the TSR-Based Awards, if 12 months of the Performance Period have been completed, vesting will be determined based on total shareholder return as of the date of the change in control without application of four-quarter averaging. This “single trigger” treatment of equity upon a change in control is considered appropriate because in most situations the performance on which the awards are based will no longer be calculable after a change in control has occurred.

Dividends. Dividends accrue on the restricted stock and are paid to the executive on the vesting date on all shares of restricted stock that vest. At the time of vesting, the executive will receive the shares of stock and will be liable for his or her portion of all federal and state income and payroll taxes based on the fair market value of the shares awarded on the vesting date.

Timing of Grants. Grants of performance-contingent restricted stock were made on January 1, 2013. It is expected that this timing of granting awards will continue for consistency and planning purposes. Except in unusual circumstances, we typically do not grant equity awards to the Named Executives at other dates. The grant price of our performance-contingent restricted stock grants is the closing market price on the grant date.

Vesting of 2012 Awards:

The ROIC Performance-Contingent Restricted Stock Award issued in 2012 vested in early 2014 at 125.0% of target as a result of Company ROIC during the 17 month performance period ending December 28, 2013 exceeding Company WACC by 613 basis points.

The TSR-Based Performance-Contingent Restricted Stock Award issued in 2012 vested in early 2014 at 195% of target as a result of the company’s TSR from January 1, 2012 through each of the last four quarters ending December 31, 2013 placing, in three quarters, at the 100th percentile as compared to average TSR of the TSR Peer Group and the 82nd percentile in one quarter. We ended the 2-year performance period with TSR of 54.8%.

Special 2013 Grant to Mr. Shiver

Mr. Shiver was promoted from president to president and chief executive officer in May 2013. On June 2, 2013 the compensation committee granted him a special one-time award of \$1.3 million of restricted stock under the EPIP. The purpose of the award was to bring Mr. Shiver's 2013 compensation nearer to the market level of a chief executive officer and to enhance the likelihood of retaining him for a several-year period during the leadership transition. The award will vest 100% on the fourth anniversary of the date of grant provided that Mr. Shiver remains employed by the company during this period, and the value of the restricted stock at vesting may not exceed 0.5% of the company's cumulative EBITDA over the performance period. If Mr. Shiver dies or becomes disabled, the restricted stock award will vest immediately at the target level. Dividends will accrue on the restricted stock and will be paid to Mr. Shiver on the vesting date for all shares that vest.

Recoupment ("Clawback") Policy

The EPIP and the Bonus Plan provide for the recoupment of grants made under the EPIP and bonuses awarded under the Bonus Plan. The recoupment policy provides that if the board of directors has reliable evidence of knowing misconduct by a participant that results in the incorrect overstatement of the company's earnings or other financial measurements that were taken into consideration in awarding grants or bonuses and as a result of such overstatement the participant (i) received a bonus and/ or (ii) either received a grant under the EPIP or had a prior grant vest or become nonforfeitable, the participant shall be required to reimburse (or forfeit, as the case may be) the full amount of any grants or bonuses that resulted from the overstatement.

Anti-Hedging Policy

The company's Insider Trading policy generally prohibits short-term, speculative trading practices and hedging by executive officers, including any Named Executives, and directors.

Retirement & Other Post-Employment Benefits

We provide retirement benefits to our Named Executives and other executives as noted below. The objective is to provide a competitive array of benefits that is affordable to the company. Retirement benefits reward continued employment and indirectly reward achievement of the metrics in the Bonus Plan. We choose to pay them to remain competitive in the marketplace and to provide compensation that extends into employees' non-earning years.

Pension benefits are provided to executives under the Flowers Foods, Inc. Retirement Plan No. 1 (the “Retirement Plan”). The company also provides a defined contribution benefit to executives through the EDCP.

Retirement Plan

The Retirement Plan is a qualified defined benefit pension plan that provides a pension upon retirement to eligible employees of participating subsidiaries (but not to employees of the company) that is based upon each year of service with the participating subsidiary through December 31, 2005. Additionally, the Retirement Plan provides a pension upon retirement to eligible employees (including employees of non-participating subsidiaries and of the company) who were participants under the Flowers Industries, Inc. Retirement Plan No. 1 prior to the company’s spin-off from Flowers Industries, Inc., which is based upon each year of service with Flowers Industries, Inc. and/or certain of its subsidiaries. No additional years of credited service have been granted other than for actual years of credited service in the Retirement Plan.

Participation in the Retirement Plan was closed to new employees beginning January 1, 1999, and effective December 31, 2005 benefits under the Retirement Plan were frozen and no additional benefits will accrue under the Retirement Plan. The frozen pension benefit is the sum of annual credits earned during eligible employment. The basic credit formula at the time the Retirement Plan was frozen was 1.35% of the first \$10,000 of W-2 earnings (subject to certain exclusions) plus 2% of W-2 earnings (subject to certain exclusions) in excess of \$10,000 for each year of service up to 35 years. For each year of service in excess of 35 years, 1.8% of W-2 earnings (subject to certain exclusions) was credited. Certain additional fixed benefit amounts were provided for a limited group of participants in the Retirement Plan, including certain of the Named Executives.

[Back to Contents](#)

Benefits can be paid in many forms under the terms of the Retirement Plan, including a life annuity option, joint and survivor option, period certain and life options, level income option and a lump sum option of up to \$7,500. The payout option must be elected by the participant before benefit payments begin. Each available payout option is actuarially equivalent. Early retirement benefit payments are available to participants upon attainment of age 55 and completion of five years of vesting service. A participant's full benefit under the Retirement Plan is payable at age 65. Benefits are reduced by 1/15 for each of the first five years and 1/30 for each of the next five years by which benefit commencement precedes age 65. The same benefits are payable upon retirement, termination, or disability with the adjustments described above for commencement before age 65 but on or after age 55. A 50% survivor annuity is payable to a participant's spouse upon death prior to retirement. Messrs. Deese and Lord are currently eligible for their full benefits under the Retirement Plan. All other Named Executives have fulfilled the required service period and are either eligible for early retirement benefits currently or will become eligible upon attainment of age 55. No payments were made to the Named Executives under the terms of the Retirement Plan during the 2013 fiscal year.

Executive Deferred Compensation Plan

The EDCP allows certain members of management to defer the receipt of a percentage of their salary and bonus. The purpose of the EDCP is to provide deferred compensation to certain members of management whose contributions to the company's 401(k) defined contribution plan, a tax qualified plan, are limited by statutory restrictions. The EDCP is not a tax-qualified plan. The participants' deferrals are credited to a book keeping account established for the participant that is deemed to be credited with interest until paid. Additionally, the company allocates matching contributions pursuant to the plan on behalf of the participant that are also deemed to be credited with interest until paid. Interest credited on deemed participant deferrals and company contributions to the EDCP are based on the Merrill Lynch U.S. Corp., BBB-rated Fifteen-Year Bond Index plus 150 basis points. Interest is considered above-market if earned at a rate which is 120% or more of the applicable federal long-term rate. Earnings in the EDCP are interest-based credits that exceed this threshold. The company credits interest at above market rates because participants' EDCP accounts are unfunded and unsecured and therefore subject to substantial risk of loss should events ever befall the company causing it to reorganize or liquidate. Generally, the deemed deferrals and company contributions plus interest are paid to the participant upon termination of employment. Distributions from the EDCP are made from the company's general assets. Amounts deemed to be credited to the EDCP on behalf of the Named Executives amounted to \$482,595 in fiscal 2013. During 2008, participants were given a one-time, irrevocable opportunity to convert their EDCP deemed cash account for some or all prior years' deferrals to an account that tracks the performance of our common stock. Balances as of the end of the fiscal year for participants making such an election were converted, based on the closing price of our common stock on January 2, 2009. The EDCP tracking account will be distributed in shares of our common stock at the time elected by the participant for the deferral year(s) in question. The EDCP tracking account will be credited with dividends paid on company common stock for the number of shares deemed held in such account, and such dividends will then be deemed to be invested in the cash account and will earn interest as described above.

Change in Control Severance

We maintain change-in-control severance arrangements with our executives, including the Named Executives as set forth in the Flowers Foods, Inc. Change of Control Plan, which superseded the continuation of employment

agreements for the Named Executives, effective February 28, 2012 (the “Change of Control Plan”). Such arrangements have several business objectives important to the company, including stability of the executive team in the event of a threatened or pending change in control, and post-employment restrictive covenants (non-competition, non-solicitation and trade secret protection, among others). The Change of Control Plan rewards executives for remaining employed with the company on a timetable convenient to the company rather than to the executive. We choose to pay them to obtain the business objectives mentioned. The Change of Control Plan provides double-trigger severance at market-level amounts, has no excise tax gross-up provisions and is consistent with current corporate governance norms (See the Potential Payments upon Termination or Change in Control section of this proxy statement for additional details.)

Executive Share Ownership Guidelines

Based on the view of the compensation committee that the ownership of an equity interest in the company by executives, including Named Executives, is a component of good corporate governance and aligns executive and shareholder interests, share ownership guidelines were adopted that require key members of the company’s management team to directly own minimum amounts of the company’s common stock. The guidelines for the Named Executives are set forth below:

- President and Chief Executive Officer: 6 times base salary
- Executive Chairman of the Board: 6 times base salary
- Executive Vice President and Chief Financial Officer: 3 times base salary
- Executive Vice President and Chief Operating Officer: 3 times base salary
- Executive Vice President, Secretary and General Counsel: 3 times base salary

The holdings of each of the Named Executives are currently either at the guideline or on track to meet it.

The guidelines were originally established on January 1, 2006, and are reviewed every four years for all direct stock holdings. The 6 times base salary guidelines for the president and chief executive officer and the executive chairman of the board, were increased from 5 times during 2013. Members of management subject to the guidelines or new participants have four years from appointment to reach the stated minimums. These guidelines may be revised or terminated by the compensation committee at any time with thirty days’ written notice to the affected employees.

Tax Deductibility of Executive Compensation

Companies are not allowed a federal income tax deduction for compensation paid to certain executive officers in excess of \$1 million, except to the extent that such compensation constitutes “performance-based compensation” (as defined in Section 162(m) of the Internal Revenue Code of 1986, as amended (the “Code”). The compensation committee retains the ability to consider factors, including tax deductibility, as it structures coordinated compensation packages of current and long-term compensation, to retain flexibility in rewarding efforts which prove to be of immediate or future benefit to the company and its shareholders. Certain incentive opportunities in 2012 were structured with the intention to qualify as “performance-based” compensation under Code Section 162(m).

COMPENSATION COMMITTEE REPORT

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis contained in this proxy statement with the company’s management and, based on this review and discussion, recommended to the board of directors that the Compensation Discussion and Analysis be included in the company’s Annual Report on Form 10-K for the fiscal year ended December 28, 2013 filed with the SEC and proxy statement for the 2014 annual meeting of shareholders.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Payments Made Upon Termination Following a Change of Control

Effective February 28, 2012, the company's former continuation of employment agreements with certain executive officers, including the Named Executives, were terminated with the consent of the executives and other participants and superseded by the Change of Control Plan.

The Change of Control Plan is designed to provide for stability and continuity of management and the company's operations in the event of a change of control. The compensation committee may designate, in its sole discretion, additional executives that are eligible to participate in the Change of Control Plan. If the company experiences a change of control and, during the protection period, (i) an executive's employment is terminated for any reason other than for Cause (as defined in the Change of Control Plan), death or disability, or (ii) the executive terminates his

employment for Good Reason (as defined in the Change of Control Plan), the executive is entitled to the following payments:

an amount equal to three times (in the case of Mr. Shiver), two times (in the case of Messrs. Kinsey and Avera) or one time (in the case of Messrs. Deese and Lord) the executive's annual base salary at the time of termination (subject to adjustment if base salary was reduced in connection with the change of control);

an amount equal to three times (in the case of Mr. Shiver), two times (in the case of Messrs. Kinsey and Avera) or one time (in the case of Messrs. Deese and Lord) the executive's target award under the Bonus Plan for the year in which the termination occurs;

a lump sum amount equal to 18 times the monthly premium amount calculated as if the executive had continued participation in the company's medical plan using the executive's coverage election at the time of termination; and

• up to \$25,000 of outplacement services for up to one year following termination.

Pursuant to the terms of the Change of Control Plan, upon the attainment of age 65, the multiples applicable to a Named Executive's annual base salary and target award under the Bonus Plan are reduced to one times such amounts. Accordingly, upon reaching age 65, the multiples to which Messrs. Deese and Lord are entitled under the Change of Control Plan were reduced from three times and two times, respectively, to one times such amounts.

In the event that actual payments to an executive under the Change of Control Plan are determined in certain instances to be subject to excise taxes, the payments to be paid will be set to either (i) the largest portion of the payments that would result in no portion being subject to excise taxes, or (ii) the entire payments, whichever amount, after taking into account all applicable taxes, including excise taxes, results in the executive receiving, on an after tax basis, the greater amount of payments notwithstanding that all or a portion of the payments may be subject to excise taxes.

The following events would constitute a change of control under the Change of Control Plan:

any person becomes the beneficial owner of securities representing 35% or more of the voting power of the company other than as a result of the following: (i) acquisitions from the company with prior approval of the board of directors, (ii) acquisitions by the company, a subsidiary or an employee benefit plan of the company or a subsidiary, (iii) acquisitions as a result of stock dividends, splits or similar transactions, (iv) a reduction in the number of shares outstanding pursuant to a board-approved transaction, or (v) acquisitions where the board of directors determines that beneficial ownership was acquired in good faith and the person promptly divests a number of shares necessary to reduce his beneficial ownership below 35%;

all or substantially all of the company's assets are sold to another entity, or the company is merged or consolidated into or with another entity (other than a subsidiary of the company), with the result that upon the conclusion of the transaction the company's shareholders immediately prior to the transaction will beneficially own less than 60% of the voting power of the surviving entity;

a majority of the board of directors are not directors who were (i) members of the board of directors on the effective date of the Change of Control Plan or (ii) nominated for election or elected to the board of directors by at least 2/3 of the directors who were members of the board on the effective date of the Change of Control Plan plus previously qualified successors serving as directors at the time of such nomination or election; or

approval by the company's shareholders of a complete liquidation or dissolution of the company.

For purposes of the Change of Control Plan, the protection period includes:

the period beginning on the date of the change of control and continuing until the second anniversary thereof; and

the six month period prior to the date of the change of control if an executive is terminated without Cause or terminates for Good Reason and, in either case, the termination (i) was requested by the third party that effectuates the change of control, or (ii) occurs in connection with the change of control.

The Change of Control Plan includes a one year covenant not to compete with respect to the trade or business of the successor entity. The Change of Control Plan also includes, for all executives, non-disclosure covenants that do not expire, certain trade secret protections, two year non-solicitation covenants and non-disparagement covenants that do not expire. Payments under the Change of Control Plan are subject to the execution by the executive of a general release of the company. Breach of the release or of any covenant may result in the forfeiture of any payments or benefits that the executive is entitled to under the Change of Control Plan.

Pursuant to the Change of Control Plan, the only event that triggers cash payments and the provision of other benefits is a change of control followed by the termination of an executive's employment, other than for death, disability or for Cause or voluntary resignation other than for Good Reason, within the protection period. If a change in control occurs, regardless of whether the executive's employment is terminated, all unvested performance-contingent restricted stock (at the target level) and all unvested stock options held by the executive immediately vest, except that as to any

TSR-Based Awards, if 12 months of the Performance Period have been completed, vesting will be determined based on total shareholder return as of the date of the change in control without application of four-quarter averaging (see “Compensation Discussion and Analysis—Long-Term Incentive Compensation—Equity and Performance Incentive Plan—Vesting Upon Death, Disability, Retirement or Change in Control; Dividends”). In addition, any undistributed amounts under the company’s deferred compensation plan will be distributed upon a change of control.

Payments Made Upon Death, Disability or Retirement

If a Named Executive dies, becomes permanently disabled or retires (at age 65 or after) he is generally entitled to the following items:

- immediate vesting in all unvested stock options;
- in the cases of death or disability, immediate vesting in the 2012 and 2013 performance-contingent restricted stock awards at target amount; and

in the case of retirement, for the 2012 and 2013 award of performance-contingent restricted stock, the Named Executive will receive at the normal vesting date a prorated award based upon the retirement date and actual performance. For purposes of the calculations that follow, if actual results are unknown, target values are used.

Amounts shown in the table below represent estimated amounts payable (or realizable) by the company to each Named Executive upon death, disability, or retirement, a change in control without termination or termination in connection with a change in control. Amounts shown in the tables below are the estimated payment amounts assuming that the triggering event occurred on December 27, 2013, the last business day of fiscal 2013. Values in the tables for equity-based awards are calculated using the closing market price of \$21.33 of the company’s common stock on December 27, 2013.

AUDIT COMMITTEE REPORT

The audit committee has reviewed and discussed the company's audited consolidated financial statements for the year ended December 28, 2013 with the company's management and PricewaterhouseCoopers LLP, the company's independent registered public accounting firm for the year ended December 28, 2013. Management represented to the committee that the company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. The audit committee has also discussed with PricewaterhouseCoopers LLP the matters required to be discussed by the Auditing Standard No. 16, "Communication with Audit Committees," issued by the Public Company Accounting Oversight Board (PCAOB), as amended from time to time, including the auditors' judgment about the quality of the company's accounting principles as applied in its financial reporting.

The audit committee has received the written disclosures and the letter from PricewaterhouseCoopers LLP required by the applicable requirements of the Public Company Accounting Oversight Board regarding PricewaterhouseCoopers LLP's communications with the audit committee concerning independence, and has discussed with PricewaterhouseCoopers LLP their independence from the company and its management.

Based on the reviews and discussions outlined above, the audit committee recommended to the board that the audited financial statements be included in the company's Annual Report on Form 10-K for the year ended December 28, 2013, which was filed with the SEC on February 19, 2014.

FLOWERS FOODS, INC. - 2014 Proxy Statement 42

[Back to Contents](#)

OVERVIEW OF PROPOSALS

This proxy statement contains five proposals requiring shareholder action. Proposal I requests the election of four nominees as directors to the board. Proposal II requests an advisory vote on the compensation of the company's Named Executives. Proposal III requests a vote on a proposal submitted by the board of directors of the company to the shareholders of the company to adopt a majority voting standard for the election of directors in uncontested elections. Proposal IV requests the approval of the 2014 Omnibus Equity and Incentive Compensation Plan. Proposal V requests the ratification of the appointment of PricewaterhouseCoopers LLP as the company's independent registered public accounting firm for fiscal 2014. Each of the proposals is discussed in more detail below.

PROPOSAL I ELECTION OF DIRECTORS

Our board of directors is divided into three classes, with each class currently consisting of four members. The directors in each class serve for a term of three years. Directors are elected annually to serve until the expiration of the term of their class or until their successors are elected and qualified. Background information concerning each of our director-nominees and the incumbent directors is provided above under "Directors and Corporate Governance."

The following nominees are proposed for election to Class I to serve until 2017:

- Benjamin H. Griswold, IV
- Allen L. Shiver
- Margaret G. Lewis
- C. Martin Wood III

Jackie M. Ward, age 75, will not stand for re-election following the expiration of her term at the annual meeting, because the company's corporate governance guidelines provide that board members will not stand for election or reelection after attaining the age of 75.

Unless instructed otherwise, the proxies will be voted for the election of the director-nominees named above to serve for the terms indicated or until their successors are elected and have been duly qualified. If any nominee is unable to serve, proxies may be voted for a substitute nominee selected by the board of directors. However, our board of directors has no reason to believe that any nominee will not be able to serve if elected.

Vote Required

The four director-nominees in Class I receiving the highest number of votes cast at the annual meeting will be elected, regardless of whether that number represents a majority of the votes cast.

Recommendation of the Board

Your board of directors unanimously recommends that you vote “FOR” each of the above-named director-nominees.

PROPOSAL II ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 or, the Dodd-Frank Act, and Section 14A of the Exchange Act provide shareholders with the right to cast an advisory (non-binding) vote to approve the compensation of the Named Executives as disclosed pursuant to the compensation disclosure rules of the SEC. This proposal is commonly known as the “say-on-pay” vote.

In the company’s advisory say-on-pay vote at the 2013 annual meeting, more than 99% of votes cast were “for” approval of the compensation of the Named Executives as disclosed in the 2013 annual meeting proxy statement. At the 2011 annual meeting, we held an advisory vote on the frequency of future say-on-pay votes. A plurality of votes cast at the 2011 annual meeting in the advisory vote on the frequency of future

[Back to Contents](#)

say-on-pay votes were for such vote to occur annually, supporting the board's recommendation. Based upon such result, the board determined that an advisory say-on-pay shareholder vote will be held every year until the next advisory vote on the frequency of future say-on-pay votes, which will be no later than our 2017 annual meeting of shareholders.

As described in the Compensation Discussion and Analysis, the compensation committee evaluates both performance and compensation to ensure that the company maintains its ability to attract and retain the most qualified executives while motivating high company performance. Highlights of our executive compensation program, as described in the Compensation Discussion and Analysis section, include:

Pay opportunities that are:

- appropriate to the size of the company when compared to peer companies; and
- heavily performance-based using multiple internal and stock-based performance measures;
- Disclosure of the financial performance drivers used in our incentives, in numeric terms;
- A long-term incentives program:
 - that is entirely performance-based and aligned with shareholder interests through links to stock price and measurement of our return on invested capital performance versus our cost of capital; and
 - whose payout potentials are capped at conservative levels;
- A clawback provision that allows for recoupment of incentives in certain situations;
- No backdating or repricing of stock options;
- Stock ownership guidelines for executives and directors;
- No perquisites; and
- No employment contracts.

The say-on-pay vote gives our shareholders the opportunity to express their views on the compensation of our Named Executives. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executives and the compensation philosophy, policies and practices described in this proxy statement. Accordingly, we are asking shareholders to approve the following resolution:

“RESOLVED, that the shareholders approve the compensation of the Company’s Named Executives, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation discussion and analysis, compensation tables and any related material disclosed in this proxy statement.”

Because this vote is advisory, it will not be binding on the compensation committee, the board or the company. However, the compensation committee and the board value the opinions of the company’s shareholders and will take into account the outcome of the vote when considering future compensation arrangements for the Named Executives.

Vote Required

Proposal II requires the affirmative vote of the holders of a majority of the shares of our common stock present at the annual meeting in person or by proxy.

Recommendation of the Board

Your board of directors unanimously recommends that you vote “FOR” Proposal II.

PROPOSAL III AMENDMENT TO RESTATED ARTICLES OF INCORPORATION AND AMENDED AND RESTATED BYLAWS TO PROVIDE THAT DIRECTORS WILL BE ELECTED BY A MAJORITY VOTE IN UNCONTESTED ELECTIONS

Upon the recommendation of the nominating/corporate governance committee, our board of directors unanimously recommends that you approve amendments to our Restated Articles of Incorporation (the “Articles”) and our Amended and Restated Bylaws (the “Bylaws”), referred to herein as the “Amendments”, to provide for majority voting in uncontested elections of directors. The board of directors and the nominating/governance committee have each adopted resolutions declaring the advisability of, and recommending that the shareholders approve, the Amendments.

[Back to Contents](#)

Our Articles and Bylaws currently provide for the election of directors by a plurality of the votes cast. Under the Amendments, a director nominee will not be elected unless the number of votes cast “for” his or her election exceed the number of votes cast “against” his or her election. Under the Amendments, abstentions and broker non-votes will have no effect in determining whether the required affirmative majority vote has been obtained. In the case of a contested election, that is, an election for which the number of nominees exceeds the number of directors to be elected, directors will continue to be elected by a plurality of the votes cast by our shareholders entitled to vote in the election. Any amendment to the respective provisions in our Articles or Bylaws currently providing for the election of directors by plurality vote requires the affirmative vote of 66 2/3% of the outstanding shares of our common stock.

In making its recommendation, the nominating/corporate governance committee and our board of directors carefully considered the advantages of both majority and plurality voting standards for the election of directors, analyzed current corporate governance trends, including the standards for voting in director elections in place at other publicly traded companies of similar size to ours, and evaluated the appropriateness of a majority voting standard in light of our overall corporate governance structure.

Our board of directors also considered the benefits of retaining a plurality voting standard, including the greater certainty that the annual election will result in a full and duly elected board. By contrast, under a majority voting standard, it is possible that (i) the executive chairman of the board or the president and chief executive officer of the company would not be elected to the board of directors, (ii) our ability to comply with NYSE listing standards and SEC requirements with respect to independent directors would be impaired, or (iii) a “change in control” would occur due to the failure of a majority of the directors to be elected. Nevertheless, we believe that generally requiring directors to be elected by a majority of the votes cast will result in the election of directors with broad acceptability among our voting shareholders and enhance the accountability of each elected director to our shareholders. On balance, our board of directors concluded that a majority vote standard would be in our and our shareholders’ best interests and would conform our director election voting standards with our peer companies who have adopted majority voting.

The text of the Amendments is attached as Annex B to this proxy statement. The text in Annex B is marked to show the proposed changes, with additions underlined and deletions indicated by strike-through. The current proposal described above is qualified in its entirety by reference to the actual text as set forth in Annex B. If approved by the shareholders, the Amendments will become effective upon the filing of an articles of amendment to the Articles with the Secretary of State of the State of Georgia.

If our shareholders approve the Amendments, we will promptly file the amendment to the Articles with the Secretary of State of the State of Georgia. In addition, our corporate governance guidelines will be amended to implement a director resignation policy to the majority voting standard so that a holdover incumbent director who did not receive the requisite majority vote would be required to tender his or her resignation to our board of directors. Under the resignation policy, our board of directors, taking into account the recommendation of the nominating/corporate governance committee, will determine whether to accept a tendered resignation, and the company will promptly publicly disclose the decision and process of our board of directors in a periodic or current report filed with or furnished to the SEC. If our board of directors rejects the offered resignation, the director will continue to serve until the next annual shareholders’ meeting and until his or her successor is duly elected or his or her resignation or removal

in accordance with our Articles and Bylaws. If our board of directors accepts the offered resignation, or if a nominee for director, who is not an incumbent director, is not elected, then our board of directors, in its sole discretion, may fill any resulting vacancy or decrease the size of the board of directors, in each case pursuant to the provisions of our Articles and Bylaws. These amendments to the corporate governance guidelines are contingent upon and will be effective immediately following the approval of the Amendments by the shareholders.

Vote Required

Proposal III requires the affirmative vote of 66 2/3% of the outstanding shares of our common stock.

Recommendation of the Board

Your board of directors unanimously recommends that you vote “FOR” the amendment of the Restated Articles of Incorporation and Amended and Restated Bylaws to provide that directors will be elected by a majority vote in uncontested elections.

PROPOSAL IV APPROVAL OF THE 2014 OMNIBUS EQUITY AND INCENTIVE COMPENSATION PLAN

On March 5, 2014, upon the recommendation of the compensation committee, our Board unanimously approved and adopted the 2014 Omnibus Equity and Incentive Compensation Plan (the “2014 Plan”), subject to the approval of our shareholders at the annual meeting.

If approved by our shareholders, the 2014 Plan will replace (i) the EPIP, (ii) the SAR Plan and (iii) the Bonus Plan.

Our shareholders previously approved our EPIP, SAR Plan and Bonus Plan. The EPIP currently allows us to grant stock options, stock appreciation rights, restricted stock, deferred stock (otherwise called restricted stock

[Back to Contents](#)

units), stock granted as a bonus or in lieu of other awards, dividend equivalents, and annual incentive awards to our executive officers and other key employees (and those of our subsidiaries). The Bonus Plan currently allows us to make annual cash incentive awards based on the achievement of certain annual performance metrics. The SAR Plan allows us to make stock appreciation rights awards to our directors.

In the event that our shareholders approve the 2014 Plan, no future awards will be granted under the EPIP, the SAR Plan or the Bonus Plan after the date of such approval. In the event that our shareholders do not approve the 2014 Plan, then it will not become effective, no awards will be granted thereunder, and the EPIP, the SAR Plan and Bonus Plan will continue in accordance with their respective terms as previously approved by our shareholders.

The affirmative vote of a majority of the shares of our common stock entitled to vote on this proposal and present in person or by proxy at the Annual Meeting is required to approve the 2014 Plan. In addition, NYSE Rules require that the total votes cast on this proposal must represent greater than 50% of our common stock outstanding as of the record date.

The following summary of the material provisions of the 2014 Plan is not intended to be exhaustive and is qualified in its entirety by the terms of the 2014 Plan, a copy of which is set forth as Annex C to this proxy statement.

Why We Believe You Should Vote for Proposal IV

The 2014 Plan authorizes the compensation committee to provide equity-based compensation in the form of stock options, stock appreciation rights (or SARs), restricted stock, restricted stock units (or RSUs), performance shares, performance units, dividend equivalents and other awards for the purpose of providing our officers and other employees, and those of our subsidiaries, and non-employees who perform employee functions, incentives and rewards for performance. The 2014 Plan also authorizes the compensation committee to provide cash incentive awards to these same potential participants. Some of the key features of the 2014 Plan that reflect our commitment to effective management of equity and incentive compensation are set forth below in this subsection.

We believe our future success depends in part on our ability to attract, motivate and retain high quality employees and that the ability to provide equity-based and incentive-based awards under the 2014 Plan is critical to achieving this success. We would be at a severe competitive disadvantage if we could not use stock-based awards to recruit and compensate our officers and other employees.

The use of our stock as part of our compensation program is also important to our continued success because we believe it fosters a pay-for-performance culture that is an important element of our overall compensation philosophy. We believe that equity compensation motivates employees to create shareholder value because the value employees

realize from equity compensation is based on our stock price performance. Equity compensation also aligns the compensation interests of our employees with the investment interests of our shareholders and promotes a focus on long-term value creation because our equity compensation awards can be subject to vesting and/or performance criteria.

As of December 28, 2013, 3,130,000 shares remained available for issuance under the EPIP. In 2013, we granted awards under the EPIP to 212 individuals covering 981,675 shares at target. We anticipate that our award grants in 2014 will generally cover a similar amount of (or potentially more) shares as those covered by our 2013 grants. We currently expect to exhaust the share reserves under the EPIP within one to two years. If the 2014 Plan is not approved, we may be compelled to increase significantly the cash component of our employee compensation, which may not necessarily align employee compensation interests with the investment interests of our shareholders as well as alignment provided by equity-based awards. Replacing equity awards with cash would also increase cash compensation expense and use cash that would be better utilized if reinvested in our businesses or returned to our shareholders.

If approved, the 2014 Plan's share reserve will increase the available number of shares that we may issue pursuant to equity awards to a total of 8,000,000 shares, including shares remaining for issuance under the EPIP. Based on the closing price for the company's common stock on March 19, 2014 of \$20.68 per share, the aggregate market value as of March 19, 2014 of the 8,000,000 shares proposed to be issued under the 2014 Plan was \$165,440,000.

In determining the number of shares to request for the 2014 Plan's share authorization, our management team worked with Meridian, the compensation committee's independent compensation consultant, and the compensation committee to evaluate our recent share usage, our share availability under the EPIP, our historical burn rate under the EPIP, our projected burn rate under the 2014 Plan, the potential cost to shareholders of the new share request under the 2014 Plan, and the overhang cost associated with outstanding equity awards that we granted under the EPIP and the Bonus Plan.

If the 2014 Plan is approved, we intend to utilize the shares authorized under the 2014 Plan to continue our practice of incentivizing key individuals through annual equity grants. Based on current projections, we anticipate that the shares requested under the Plan will last from four to ten years depending on the stock price on the date of grant and the extent to which awards are actually earned.

We believe that we have demonstrated a commitment to sound equity compensation practices in recent years. We recognize that equity compensation awards dilute shareholder equity, so we have carefully managed our equity incentive compensation. Our equity compensation practices are intended to be competitive and consistent with market practices, and we believe our historical share usage has been responsible and mindful of shareholder interests, as described above.

In evaluating this Proposal IV, shareholders should consider the factors set forth under “2014 Plan Highlights” below, plus the remaining information in this Proposal IV.

2014 Plan Highlights

Administration. The 2014 Plan will be administered by the compensation committee. The compensation committee may delegate its authority under the 2014 Plan to a subcommittee. The compensation committee or the subcommittee may delegate to one or more of its members or to one or more of our officers, agents or advisors, administrative duties or powers, and may authorize one or more officers to do one or both of the following (subject to certain limitations described in the 2014 Plan):

- designate employees to receive awards under the 2014 Plan; and
- determine the size of any such awards.

Reasonable 2014 Plan Limits. Subject to adjustment as described in the 2014 Plan, total awards under the 2014 Plan are limited to 8,000,000 shares, plus any shares recycled into the 2014 Plan as described below. The aggregate number of shares of common stock available for issuance or transfer under the 2014 Plan will be reduced by (A) .40 shares of common stock for every one share of common stock issued or transferred upon exercise of a stock option or SAR granted under the 2014 Plan, and (B) one share of common stock for every one share of common stock issued or transferred in connection with an award other than a stock option or SAR granted under the 2014 Plan. These shares may be shares of

[Back to Contents](#)

original issuance or treasury shares or a combination of the foregoing. If approved by our shareholders, the 2014 Plan will become effective and no further awards will be made under the EPIP.

The 2014 Plan also provides that, subject to adjustment as described in the 2014 Plan:

- the aggregate number of shares of common stock actually issued or transferred upon the exercise of incentive stock options, or ISOs, will not exceed 8,000,000 shares of common stock;
- no participant will be granted stock options or SARs, in the aggregate, for more than 2,000,000 shares of common stock during any calendar year;
- no participant will be granted awards of restricted stock, RSUs, performance shares or other stock-based awards that are intended to qualify as “qualified performance-based compensation” under Section 162(m) of the Internal Revenue Code, in the aggregate, for more than 500,000 shares of common stock during any calendar year;
- no participant in any calendar year will receive an award of performance units, cash incentive awards or other awards payable in cash that are intended to qualify as “qualified performance-based compensation” under Section 162(m) of the Internal Revenue Code which collectively and when added together have an aggregate maximum value as of their respective dates of grant in excess of \$8,000,000; and
- all awards that do not comply with the minimum vesting periods provided for in the 2014 Plan (as further described below) will be restricted to the issuance or transfer of 10% or less of the number of shares of common stock initially available under the 2014 Plan (i.e., 8,000,000 shares as adjusted by subsequent stock splits or other transactions).

Allowances for Conversion Awards and Assumed Plans. Common stock covered by awards granted under the 2014 Plan will not be counted as used unless and until the shares are actually issued or transferred. However, common stock issued or transferred under awards granted under the 2014 Plan in substitution for or in conversion of, or in connection with an assumption of, stock options, SARs, restricted stock, RSUs or other stock or stock-based awards held by awardees of an entity engaging in a corporate acquisition or merger transaction with us or any of our subsidiaries will not count against the aggregate share limit or other 2014 Plan limits described above. Additionally, shares available under certain plans that we or our subsidiaries may assume in connection with corporate transactions from another entity may be available for certain awards under the 2014 Plan under circumstances further described in the 2014 Plan, but will not count against the aggregate share limit or other 2014 Plan limits described above.

Limited Share Recycling Provisions. Common stock covered by awards granted under the 2014 Plan will not be counted as used unless and until the shares are actually issued or transferred. The 2014 Plan also provides that if any common stock issued or transferred with respect to awards granted under the 2014 Plan is forfeited, or if awards granted under the 2014 Plan are cancelled or forfeited, expire or are settled for cash (in whole or in part), those shares will again be available under the 2014 Plan to the extent of the forfeiture, expiration, or cash settlement. The following shares of common stock will not be added back to the aggregate share limit under the 2014 Plan: (1) shares tendered or withheld in payment of an option’s or SAR’s exercise price; (2) shares withheld by us or tendered by the Participant to satisfy tax withholding obligations related to an outstanding stock option or SAR; (3) shares of common stock subject to a SAR that are not actually issued in connection with its common stock settlement on exercise thereof; and (4) shares that are repurchased by us with stock option proceeds. Any share of common stock that becomes

available for issuance or transfer under the 2014 Plan as set forth above will be added back as (1) 0.40 shares of common stock if such share was subject to a stock option or SAR granted under the 2014 Plan and (2) one share of common stock if such share was issued or transferred pursuant to, or subject to, an award granted under the 2014 Plan other than a stock option or SAR.

Minimum Vesting Periods. The 2014 Plan provides that, except for awards under which up to an aggregate of 10% of the maximum number of shares common stock are issued or transferred under the 2014 Plan:

Restrictions on restricted stock, RSUs and other share-based awards may not lapse solely by the passage of time sooner than ratably over three years, unless those restrictions lapse sooner (1) by virtue of the retirement, death or disability of a participant or (2) in the event of a change in control where either (A) within a specified period of time

- a participant is involuntarily terminated for reasons other than for cause or terminates his or her employment for good reason or (B) such awards are not assumed or converted into replacement awards in a manner described in the applicable award agreement (we refer to any change in control satisfying these conditions as a double-trigger change in control); and

Restrictions on restricted stock, RSUs and other share-based awards that lapse upon the achievement of management objectives may not lapse sooner than after one year, and the performance period for performance shares and

- performance units must be at least one year, subject to earlier lapse or modification by virtue of the retirement, death or disability of a participant or a double-trigger change in control.

No Repricing Without Shareholder Approval. We have never repriced underwater stock options or SARs, and the repricing of options and SARs (outside of certain corporate transactions or adjustment events described in the 2014 Plan) is prohibited without shareholder approval under the 2014 Plan.

Change in Control Definition. The 2014 Plan includes a definition of “change in control.” Generally, unless otherwise prescribed by the Committee, the following events would constitute a change in control:

any person becomes the beneficial owner of securities representing 35% or more of the voting power of the company other than as a result of the following: (i) acquisitions from the company with prior approval of the board of directors, (ii) acquisitions by the company, a subsidiary or an employee benefit plan of the company or a subsidiary,

- (iii) acquisitions as a result of stock dividends, splits or similar transactions, (iv) a reduction in the number of shares outstanding pursuant to a board-approved transaction, or (v) acquisitions where the board of directors determines that beneficial ownership was acquired in good faith and the person promptly divests a number of shares necessary to reduce his beneficial ownership below 35%;

all or substantially all of the company’s assets are sold to another entity, or the company is merged or consolidated

- into or with another entity (other than a subsidiary of the company), with the result that upon the conclusion of the transaction the company’s shareholders immediately prior to the transaction will beneficially own less than 60% of the voting power of the surviving entity;

-

a majority of the board of directors are not directors who were (i) members of the board of directors on the effective date of the 2014 Plan or (ii) nominated for election or elected to the board of directors by at least 2/3 of the members of the board of directors on the effective date of the 2014 Plan plus previously qualified successors serving as directors at the time of such nomination or election; or

- approval by the company's shareholders of a complete liquidation or dissolution of the company.

Other Features.

- The 2014 Plan also provides that no stock options or SARs will be granted with an exercise or base price less than the fair market value of our common stock on the date of grant; and

The 2014 Plan is designed to allow the compensation committee to grant certain awards made under the 2014 Plan on terms that may qualify as “qualified performance-based compensation” under Section 162(m) of the Internal Revenue Code (however, non-qualifying awards may also be granted under the 2014 Plan).

If the 2014 Plan is approved, our full dilution level on May 21, 2014 for the 2014 Plan will be less than 9% (assuming no additional equity activity between March 19, 2014 and May 21, 2014). The level of full dilution assumes 8,000,000 shares will actually be issued and become outstanding pursuant to awards granted under the 2014 Plan. Our management team, our Board and the compensation committee are cognizant of the impact of dilution and strive to maintain dilution at an appropriate level.

As of December 28, 2013:

- there were 208,562,950 shares of our common stock outstanding;
- full-value awards (restricted stock unit awards) covering 1,406,000 shares of our common stock remained outstanding;
- stock options to purchase 8,112,000 shares of our common stock were outstanding, with an average exercise price of \$10.89 and an average remaining term of 3.0 years; and
- 3,130,000 shares remained available for issuance under the EPIP. Upon shareholder approval of the 2014 Plan, a total of 8,000,000 shares would be available for issuance under the 2014 Plan. All shares currently available for issuance under the EPIP would be canceled and no longer available for issuance.

The closing price of our common stock on the NYSE on March 19, 2014 was \$20.68.

Section 162(m)

The Internal Revenue Code limits to \$1 million per year the deduction allowed for federal income tax purposes for compensation paid to the Chief Executive Officer and certain other highly compensated executive officers of public companies (we refer to this limit as the Deduction Limit). The Deduction Limit applies to compensation that does not qualify for any of a limited number of exceptions. The Deduction Limit does not apply to compensation paid under a shareholder-approved plan that meets certain requirements for “qualified performance-based compensation.” Generally,

compensation attributable to stock options, stock appreciation rights and other performance-based awards is deemed to satisfy the “qualified performance-based compensation” requirement if:

- the grant is made by a committee of directors that meets certain criteria;
- the shareholder-approved plan under which the award is granted states a maximum number of shares with respect to which share-based awards and the maximum amount of cash awards that may be granted to any individual during a specified period of time; and
- the amount of compensation the individual could receive under the awards is based solely on the achievement of one or more pre-established performance goals which incorporate business criteria approved by shareholders (or, in the case of options or SARs, the increase in the value of the shares after the date of grant).

While we believe it is in our and our shareholders’ best interest to have the ability to grant “qualified performance-based compensation,” we may decline to grant compensation that will not so qualify. Moreover, even if we intend to grant compensation that qualifies as “qualified performance-based compensation,” we cannot guarantee that such compensation ultimately will be deductible by us.

Summary of the Other Provisions of the 2014 Plan

Eligibility. Our and our subsidiaries’ officers and other employees (estimated to be 228 persons as of March 19, 2014) may be selected by the compensation committee to receive awards under the 2014 Plan. Any person who provides services to us or a subsidiary that are equivalent to those typically provided by an employee may also be eligible to participate in the 2014 Plan. The compensation committee determines which persons will receive awards and the number of shares subject to such awards.

Stock Options. The compensation committee may grant stock options that entitle the optionee to purchase shares of common stock at a price not less than market value per share at the date of grant. The option price is payable

- in cash, check or wire transfer at the time of exercise,
- by the transfer to us of common shares owned by the participant having a value at the time of exercise equal to the option price,
- by a combination of such payment methods, or
- by such other method as may be approved by the compensation committee.

Further, each grant of stock options will specify whether payment of the option price is payable subject to any other conditions or limitations established by the compensation committee or our withholding shares of common stock otherwise issuable pursuant to a “net exercise” arrangement.

To the extent permitted by law, the compensation committee may permit payment of the exercise price in a broker-assisted process by which the proceeds of a sale through a broker of some or all of the option shares are forwarded to the company in payment of the exercise price.

Stock options will be evidenced by an award agreement containing such terms and provisions, consistent with the 2014 Plan, as the compensation committee may approve. No stock option may be exercisable more than ten years from the date of grant. Each grant will specify the period of continuous service with us or any subsidiary that is necessary before the stock options become exercisable, but, except with respect to a grant of stock options to a non-employee director, no stock option may become exercisable sooner than one year. See “2014 Plan Highlights – Minimum Vesting Periods.” A grant of stock options may provide for the earlier vesting of such stock options, including in the event of the retirement, death or disability of the participant or a double-trigger change in control. Any grant of stock options may specify management objectives (as described below) that must be achieved as a condition to exercising such rights. Except for stock options granted to a non-employee director, stock options granted pursuant to the 2014 Plan may not provide for any dividends or dividend equivalents thereon.

SARs. A SAR is a right, exercisable by the surrender of a related stock option (if granted in tandem with stock options) or by itself (if granted as a free-standing SAR), to receive from us an amount equal to 100%, or such lesser percentage as the compensation committee may determine, of the spread between the base price (or option exercise price if a tandem SAR) and the value of our shares of common stock on the date of exercise. Any grant may specify that the amount payable on exercise of a SAR may be paid by us in cash, in shares of common stock, or in any combination of the two.

SARs will be evidenced by an award agreement containing such terms and provisions, consistent with the 2014 Plan, as the compensation committee may approve. Any grant of a tandem SAR will provide that it may be exercised only at a time when the related stock option is also exercisable, at a time when the spread is positive, and by surrender of the related stock option for cancellation. Successive grants of a tandem SAR may be made to the same participant regardless of whether any tandem SARs previously granted to the participant remain unexercised. Each grant

will specify in respect of each free-standing SAR a base price that may not be less than the market value per share of common stock on the date of grant. Successive grants may be made to the same participant regardless of whether any free-standing SARs previously granted to the participant remain unexercised. No free-standing SAR granted under the 2014 Plan may be exercised more than ten years from the date of grant. Each grant will specify the period of continuous service with us or any subsidiary that is necessary before the SARs become exercisable, but, except with respect to a grant to a non-executive director, no grant may become exercisable sooner than after one year. See “2014 Plan Highlights – Minimum Vesting Periods.” A grant of SARs may provide for the earlier exercise of such SARs, including in the event of the retirement, death or disability of the participant or a double-trigger change in control. Any grant of SARs may specify management objectives (as described below) that must be achieved as a condition to exercising such SARs. Except for SARs granted to a non-employee director, SARs granted pursuant to the 2014 Plan may not provide for any dividends or dividend equivalents thereon.

Restricted Stock. A grant of restricted stock involves the immediate transfer by us to a participant of ownership of a specific number of shares of common stock in consideration of the performance of services. The participant is entitled immediately to voting, dividend and other ownership rights in such shares of common stock. The transfer may be made without additional consideration or in consideration of a payment by the participant that is less than current market value at the date of grant, as the compensation committee may determine.

Restricted stock that vests upon the passage of time must be subject to a “substantial risk of forfeiture” within the meaning of Section 83 of the Internal Revenue Code for a period no shorter than three years, except that the restrictions may be removed ratably during the three-year period as the compensation committee may determine. Each such grant or sale of restricted stock will provide that during or after the period for which such substantial risk of forfeiture is to continue, the transferability of the restricted stock will be prohibited or restricted in the manner and to the extent prescribed by the compensation committee at the date of grant (which restrictions may include, without limitation, rights of repurchase or first refusal or provisions subjecting the restricted stock to a continuing substantial risk of forfeiture in the hands of any transferee). The compensation committee may provide in certain situations for a shorter period during which the forfeiture provisions are to apply, including in the event of the retirement, death or disability of the grantee or a double-trigger change in control. A grant of restricted stock to a non-employee director need not be subject to any minimum vesting period.

Any grant of restricted stock may specify management objectives that, if achieved, will result in termination or early termination of the restrictions applicable to such shares. If the grant of restricted stock provides that management objectives must be achieved to result in a lapse of restrictions, the restrictions cannot lapse sooner than one year (except for a grant of restricted stock to a non-employee director), but may be subject to earlier lapse or modification by virtue of the retirement, death or disability of a participant or a double-trigger change in control.

The compensation committee may grant some awards, including restricted stock, that are not subject to the minimum time-based or performance-based vesting requirements, so long as the aggregate number of shares issued or transferred under all such awards does not exceed 10% of the initial number of shares of common stock available under the 2014 Plan (*i.e.*, 8,000,000 shares, as adjusted by any subsequent stock splits or other transactions). Any grant or sale of restricted stock may require that any or all dividends or other distributions paid with respect to the restricted stock during the period of restriction be automatically deferred and reinvested in additional shares of

restricted stock, which may be subject to the same restrictions as the underlying award. However, dividends or other distributions on restricted stock will be deferred until and paid contingent upon the achievement of the applicable management objectives and/or the end of any applicable performance-based vesting period.

RSUs. A grant of RSUs constitutes an agreement by us to deliver common shares, cash or a combination thereof to the participant in the future in consideration of the performance of services, but subject to the fulfillment of such conditions during the restriction period as the compensation committee may specify. During the applicable restriction period, the participant will have no rights of ownership in the common shares deliverable upon payment of the RSUs and will have no right to vote the common shares. The compensation committee may, at the date of grant, authorize the payment of dividend equivalents on RSUs on a deferred or contingent basis, either in cash or in additional shares of common stock. However, dividends or other distributions on shares of common stock underlying RSUs will be deferred until and paid contingently upon the achievement of any management objectives and/or the end of any applicable performance-based vesting period.

RSUs with a restriction period that lapses only by the passage of time will have a restriction period of at least three years (except with respect to a grant of RSUs to a non-employee director), except that the restriction period may expire ratably during the three-year period as determined by the compensation committee. Additionally, the compensation committee may provide in certain situations for a shorter restriction period, including in the event of the retirement, death or disability of the grantee, or a double-trigger change in control. Any grant of RSUs may specify management objectives that, if achieved, will result in termination or early termination of the restriction period applicable to such shares of common stock. If the RSUs have a restriction period that lapses only upon the achievement of management objectives, the restriction period cannot lapse sooner than one year (except with respect to a grant of RSUs to a non-employee director), but may be subject to earlier lapse or modification, including by virtue of the retirement, death or disability of the grantee or a double-trigger change in control. The compensation committee may grant some awards, including RSUs, that are not subject to the minimum time-based or performance-based vesting requirements, so long as the aggregate number of shares issued or transferred under all such awards does not exceed 10% of the maximum number of shares of common stock available under the 2014 Plan.

RSUs will be evidenced by an evidence of award containing such terms and provisions, consistent with the 2014 Plan, as the compensation committee may approve. Each grant or sale of RSUs may be made without additional consideration or in consideration of a payment by such participant that is less than the market value per share of common stock at the date of grant. Each grant or sale of RSUs will also specify the time and manner of payment of the RSUs that have been earned and will specify that the amount payable with respect to such grant will be paid by us in shares of common stock or cash, or a combination of the two.

Cash Incentive Awards, Performance Shares and Performance Units. A cash incentive award is a cash award based on the achievement of management objectives. A performance share is the equivalent of one common share and a performance unit is the equivalent of \$1.00 or such other value as determined by the compensation committee. A participant may be granted any number of cash incentive awards, performance shares or performance units, subject to the limitations set forth above. The participant will be given one or more management objectives to meet within a specified period, or Performance Period, except in certain circumstances, including in the case of the retirement, death or disability of the grantee, or a double-trigger change in control, if the compensation committee so determines.

Each grant of cash incentive awards, performance shares or performance units may specify, in respect of the relevant management objectives, a minimum acceptable level or levels of achievement and may set forth a formula for determining the number of performance shares or performance units, or amount payable with respect to cash incentive awards, that will be earned if performance is at or above the minimum or threshold level or levels, or is at or above the target level or levels, but falls short of maximum achievement of the specified management objectives.

To the extent earned, the cash incentive awards, performance shares or performance units will be paid to the participant at the time and in the manner determined by the compensation committee. Any grant may specify that the amount payable with respect thereto may be paid by us in cash, shares of common stock, in restricted stock or restricted stock units, or any combination thereof. The compensation committee may, at the date of grant of performance shares, provide for the payment of dividend equivalents to a participant either in cash or in additional shares of common stock, subject in all cases to deferral and payment on a contingent basis based on the participant's earning of the performance shares with respect to which such dividend equivalents are paid.

Cash incentive awards, performance shares and performance units will be evidenced by an award agreement containing such terms and provisions, consistent with the 2014 Plan, as the compensation committee may approve. At a minimum, each award agreement will specify the maximum award opportunity and the criteria to achieve such a payout.

Other Awards. The compensation committee may, subject to limitations under applicable law, grant to any participant such other awards that may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, shares of common stock or factors that may influence the value of such shares, including, without limitation:

- convertible or exchangeable debt securities;
- other rights convertible or exchangeable into shares of common stock;
- purchase rights for shares of common stock;
- awards with value and payment contingent upon our performance or specified subsidiaries, affiliates or other business units of ours or any other factors designated by the compensation committee; and
- awards valued by reference to the book value of shares of common stock or the value of securities of, or the performance of specified subsidiaries or affiliates or other business units of ours.

The compensation committee will determine the terms and conditions of the other awards. Shares of common stock delivered pursuant to an award in the nature of a purchase right will be purchased for such consideration, paid for at such time, by such methods, and in such forms, including, without limitation, shares of common stock, other awards, notes or other property, as the compensation committee will determine. Cash awards, as an element of or supplement to any other award granted under the 2014 Plan, may also be granted.

If the earning or vesting of, or elimination of restrictions applicable to, other awards is based only on the passage of time rather than the achievement of management objectives, the period of time will be no shorter than three years (except with respect to a grant of other awards to a non-employee director), except that the restrictions may be removed no sooner than ratably during the three-year period. If the earning or vesting of, or elimination of restrictions applicable to, awards granted under this section of the 2014 Plan is based on the achievement of management objectives, the earning, vesting or restriction period may not terminate sooner than one year, except with respect to a grant of awards to a non-employee director or cash-based awards. Any grant of an award under this section of the 2014 Plan may provide for the earning or vesting of, or earlier elimination of restrictions applicable to, such award in certain circumstances, including in the event of the retirement, death, or disability of the participant, or a double-trigger change in control. The compensation committee may grant some awards that are not subject to these minimum vesting requirements, so long as the aggregate number of shares issued or transferred under all such awards does not exceed 10% of the maximum number of shares of common stock available under the 2014 Plan.

The compensation committee may grant shares of common stock as a bonus, or may grant other awards in lieu of our obligation or a subsidiary's obligation to pay cash or deliver other property under the 2014 Plan or under other plans or compensatory arrangements, subject to such terms as will be determined by the compensation committee in a manner that complies with Section 409A of the Internal Revenue Code.

Management Objectives. The 2014 Plan requires that the compensation committee establish "management objectives" for purposes of performance shares, performance units and cash incentive awards. When so determined by the compensation committee, stock options, SARs, restricted stock, RSUs, dividend equivalents or other awards under the 2014 Plan may also specify management objectives. Management objectives may be described in terms of company-wide objectives or objectives that are related to the performance of the individual participant or of one or more of the subsidiaries, divisions, departments, regions, functions or other organizational units within the company or its subsidiaries. The management objectives may be made relative to the performance of other companies or subsidiaries, divisions, departments, regions, functions or other organizational units within such other companies, and may be made relative to an index or one or more of the performance criteria themselves. The compensation committee may grant awards subject to management objectives that may or may not be intended to qualify as "qualified performance-based compensation" under Section 162(m) of the Internal Revenue Code. The management objectives applicable to any award intended to qualify as "qualified performance-based compensation" under Section 162(m) of the Internal Revenue Code to a "covered employee," within the meaning of 162(m) of the Internal Revenue Code, will be based on one or more, or a combination, of the following criteria (including relative or growth achievement regarding such criteria):

Profits (*e.g.*, operating income, EBIT, EBT, net income, earnings per share, residual or economic earnings, economic profit – these profitability metrics could be measured before certain specified special items and/or subject to GAAP definition);

Cash Flow (*e.g.*, EBITDA, free cash flow, free cash flow with or without specific capital expenditure target or range, including or excluding divestments and/or acquisitions, total cash flow, cash flow in excess of cost of capital or residual cash flow or cash flow return on investment);

Returns (*e.g.*, Profits or Cash Flow returns on: assets, invested capital, net capital employed, and equity);

- Working Capital (*e.g.*, working capital divided by sales, days' sales outstanding, days' sales inventory, and days' sales in payables);

- Profit Margins (*e.g.*, Profits divided by revenues, gross margins and material margins divided by revenues, and material margin divided by sales pounds);

- Liquidity Measures (*e.g.*, debt-to-capital, debt-to-EBITDA, total debt ratio);

- Sales Growth, Gross Margin Growth, Cost Initiative and Stock Price Metrics (*e.g.*, revenues, revenue growth, revenue growth outside the United States, gross margin and gross margin growth, material margin and material margin growth, stock price appreciation, total return to shareholders, sales and administrative costs divided by sales, and sales and administrative costs divided by profits); and

Strategic Initiative Key Deliverable Metrics consisting of one or more of the following: product development, strategic partnering, research and development, vitality index, market penetration, geographic business expansion goals, cost targets, customer satisfaction, employee satisfaction, management of employment practices and employee benefits, supervision of litigation and information technology, and goals relating to acquisitions or divestitures of subsidiaries, affiliates and joint ventures.

In the case of “qualified performance-based compensation” under Section 162(m) of the Internal Revenue Code, each management objective will be objectively determinable to the extent required under Section 162(m) of the Internal Revenue Code, and, unless otherwise determined by the compensation committee and to the extent consistent with Code Section 162(m), will exclude the effect of certain designated items identified at the time of grant. If the compensation committee determines that a change in the business, operations, corporate structure or capital structure of our company, or the manner in which we conduct our business, or other events or circumstances render the management objectives unsuitable, the compensation committee may in its discretion modify such management objectives or the related minimum acceptable level of achievement, in whole or in part, as the compensation committee deems appropriate and equitable, except in the case of an award intended to qualify as “qualified performance-based compensation” under Section 162(m) of the Internal Revenue Code (other than in connection with a change in control) where such action would result in the loss of the otherwise available exemption of the award under Section 162(m) of the Internal Revenue Code. In such case, the compensation committee will not make any modification of the management objectives or minimum acceptable level of achievement with respect to such award.

Administration. The compensation committee may from time to time delegate all or any part of its authority under the 2014 Plan to any subcommittee. To the extent of any such delegation, references in the 2014 Plan to the compensation committee will be deemed to be references to such subcommittee.

The interpretation and construction by the compensation committee of any provision of the 2014 Plan or of any agreement, notification or document evidencing awards and any determination by the compensation committee will be final and conclusive. No member of the compensation committee will be liable for any such action or determination made in good faith.

The compensation committee or the subcommittee may authorize our officers to do the following on the same basis as the compensation committee or the subcommittee:

- designate employees to receive awards under the 2014 Plan, or
- determine the size of any such awards.

However, the compensation committee or the subcommittee may not delegate such responsibilities to any such officer for awards granted to an employee who is an officer or more than 10% beneficial owner as determined by the compensation committee in accordance with Section 16 of the Exchange Act. The resolution providing for such authorization must set forth the total number of shares of common stock any delegated officer may grant and the

officer must report periodically to the compensation committee or the subcommittee, as the case may be, regarding the nature and scope of the awards granted pursuant to the delegated authority.

Amendments. Our Board may at any time and from time to time amend the 2014 Plan in whole or in part. However, if an amendment to the 2014 Plan:

- would materially increase the benefits accruing to participants under the 2014 Plan,
- would materially increase the number of securities which may be issued under the 2014 Plan,
- would materially modify the requirements for participation in the 2014 Plan, or
- must otherwise be approved by the our shareholders in order to comply with applicable law or the rules of the New York Stock Exchange (or our applicable securities exchange),

then such amendment will be subject to shareholder approval and will not be effective until such approval has been obtained.

If permitted by Section 409A of the Internal Revenue Code and Section 162(m) of the Internal Revenue Code, including in case of termination of the employment of a participant by reason of death, disability or retirement, or in the event of a change in control, if a participant holds:

- a stock option or SAR not immediately exercisable in full,
- any shares of restricted stock as to which the substantial risk of forfeiture or the prohibition or restriction on transfer has not lapsed,
- any RSUs as to which the applicable restriction period has not been completed,
- any cash incentive awards, performance shares or performance units which have not been fully earned,
- any other awards subject to any vesting schedule or transfer restriction, or
- shares of common stock subject to any transfer restriction imposed by the 2014 Plan,

the compensation committee may, in its sole discretion (other than in the event of a change in control), accelerate the time at which:

- such stock option or SAR or other award may be exercised,
- such substantial risk of forfeiture or prohibition or restriction on transfer will lapse,

- such restriction period will end, or
- such cash incentive awards, performance shares or performance units will be deemed to have been fully earned or the time when such transfer restriction will terminate.

The compensation committee may also waive any other limitation or requirement under any such award, other than a limitation or requirement that is mandatory under the 2014 Plan.

The compensation committee may amend the terms of any awards granted under the 2014 Plan prospectively or retroactively, except in the case of an award intended to qualify as “qualified performance-based compensation” under Section 162(m) of the Internal Revenue Code (other than in connection with the participant’s death or disability, or a change in control) where such action would result in the loss of the otherwise available deduction. Except in connection with certain corporate transactions described in the 2014 Plan, no amendment will materially impair the rights of any participant without his or her consent.

Our Board may, in its discretion, terminate the 2014 Plan at any time. Termination of the 2014 Plan will not affect the rights of participants or their successors under any outstanding awards and not exercised in full on the date of termination.

In addition to the provisions in the 2014 Plan regarding acceleration of awards, up to 10% of the maximum number of shares of common stock that may be issued or transferred under the 2014 Plan, as may be adjusted, may be used for stock options, SARs, restricted stock, RSUs, performance shares, performance units and other awards granted under the 2014 Plan that do not comply with the applicable three-year vesting requirements with respect to time-vested awards or the applicable one-year vesting requirements with respect to awards subject to the achievement of performance goals.

No Repricing of Stock Options or SARs. Except in connection with certain corporate transactions described in the 2014 Plan, the terms of outstanding awards may not be amended to reduce the option price of outstanding stock options or the base price of outstanding SARs, or cancel outstanding stock options or SARs that have an exercise price or base price in excess of the current market price of the underlying shares in exchange for cash, other awards or stock options or SARs with an option price or base price, as applicable, that is less than the option price of the original stock options or base price of the original SARs, as applicable, without shareholder approval. This restriction is intended to prohibit the repricing of “underwater” stock options and SARs and will not be construed to prohibit the adjustments in connection with certain corporate transactions provided for in the 2014 Plan. This prohibition may not be amended without approval by our shareholders.

Transferability. Except as otherwise determined by the compensation committee (subject to applicable limitations under tax laws), no stock option, SAR, restricted stock, RSU, performance share, performance unit, cash incentive award or other awards granted under the 2014 Plan, or dividend equivalents paid with respect to awards made under the 2014 Plan, will be transferable by the participant except by will or the laws of descent and distribution, and in no event shall any such award granted under the 2014 Plan be transferred for value. Except as otherwise determined by the compensation committee, stock options and SARs will be exercisable during the participant’s lifetime only by him or her or, in the event of the participant’s legal incapacity to do so, by his or her guardian or legal representative acting on behalf of the participant in a fiduciary capacity under state law and/or court supervision.

The compensation committee may provide at the date of grant additional restrictions on transfer for certain common shares earned under the 2014 Plan.

Adjustments. The compensation committee shall make or provide for such adjustments in the numbers of shares of common stock covered by outstanding stock options, SARs, RSUs, performance shares and performance units granted under the 2014 Plan and, if applicable, in the number of shares of common stock covered by other awards, in the option price and base price provided in outstanding stock options and SARs, in the kind of stock covered by such awards and in cash incentive awards as the compensation committee, in its sole discretion, exercised in good faith, may determine is equitably required to prevent dilution or enlargement of the rights of participants or optionees that otherwise would result from:

- any stock dividend, stock split, combination of stock, recapitalization or other change in the capital structure of our company;
- any merger, consolidation, spin-off, split-off, spin-out, split-up, reorganization, partial or complete liquidation or other distribution of assets, extraordinary dividend of cash or property, issuance of rights or warrants to purchase securities; or
- any other corporate transaction or event having an effect similar to these events or transactions or that otherwise constitutes an “equity restructuring” within the meaning of FASB ASC Topic 718.

In the event of any such transaction or event or in the event of a change in control, the compensation committee, in its discretion, may provide in substitution for any or all outstanding awards under the 2014 Plan such alternative consideration (including cash), if any, as it, in good faith, may determine to be equitable in the circumstances and may require the surrender of all awards so replaced in a manner that complies with Section 409A of the Internal Revenue Code.

In addition, for each stock option or SAR with an option price or base price greater than the consideration offered in connection with any such termination or event or change in control, the compensation committee may in its sole discretion elect to cancel such stock option or SAR without any payment to the person holding such stock option or SAR. The compensation committee shall also make or provide for such adjustments in the total number of shares of common stock available under the 2014 Plan, the per-person award limits expressed in shares and any other share limits under the 2014 Plan as the compensation committee, in its sole discretion, exercised in good faith, may determine is appropriate to reflect any transaction or event described above, subject to applicable requirements under Code Sections 409A and 162(m). However, any adjustment to the number of ISOs that may be granted under the 2014 Plan will be made only if and to the extent that such adjustment would not cause any option intended to qualify as an ISO to fail to so qualify.

Detrimental Activity and Recapture Provisions. Any evidence of award may provide for the cancellation or forfeiture of an award or the forfeiture and repayment of any gain related to an award, or other provisions intended to have a similar effect, upon terms and conditions determined by the compensation committee, if a participant, either (i) during his or her employment or other service with us or a subsidiary or (b) within a specific period after termination of employment or service, engages in any “detrimental activity” (as defined in such award agreement). In addition, any evidence of award may provide for the cancellation or forfeiture of an award or the forfeiture and repayment to us of any gain related to an award, or other provisions intended to have a similar effect, upon such terms and conditions as may be determined by the compensation committee from time to time or under Section 10D of the Securities Exchange Act of 1934, as amended, or the rules of any national securities exchange or national securities association on which our common stock is traded.

Withholding Taxes. To the extent that we are required to withhold federal, state, local or foreign taxes in connection with any payment made or benefit realized by a participant or other person under the 2014 Plan, and the amounts available to us for such withholding are insufficient, it will be a condition to the receipt of such payment or the realization of such benefit that the participant or such other person make arrangements satisfactory to us for payment of the balance of such taxes required to be withheld, which arrangements (in the discretion of the compensation committee) may include relinquishment of a portion of such benefit or the delivery to us of our common stock. In no event shall the market value of the common stock to be withheld and delivered to satisfy applicable withholding taxes in connection with the benefit exceed the minimum amount of taxes required to be withheld, if necessary to avoid additional accounting expense.

Effective Date and Termination. The 2014 Plan will be effective as of the date the 2014 Plan is approved by our shareholders, or Effective Date. No grants will be made under the EPIP, the SAR Plan or the Bonus Plan after the Effective Date, except that outstanding awards granted under the EPIP, the SAR Plan and the Bonus Plan will continue unaffected following the Effective Date. Additionally, shares subject to outstanding awards under the EPIP, the SAR Plan and the Bonus Plan, if any, that expire, are forfeited or are settled in cash in lieu of shares will not be

available for future grants under the EPIP, the SAR Plan, the Bonus Plan or the 2014 Plan.

No grant will be made under the 2014 Plan after May 21, 2024, which date is 10 years after the date on which our shareholders will have an opportunity to approve the 2014 Plan, but all grants made on or prior to such date will continue in effect thereafter subject to the terms of the applicable award agreement and the terms of the 2014 Plan. If the 2014 Plan is not approved by shareholders, it will not become effective and no awards thereunder will be granted. In such case, however, the EPIP and the Bonus Plan will remain in effect in accordance with their respective terms, except that our ability to grant certain performance awards to certain participants may be limited.

Federal Income Tax Consequences

The following is a brief summary of some of the federal income tax consequences of certain transactions under the 2014 Plan based on federal income tax laws currently in effect. This summary is not intended to be complete and does not describe federal taxes other than income taxes (such as Medicare and Social Security taxes) or state, local or foreign tax consequences.

Tax Consequences to Participants

Non-Qualified Stock Options. In general, (1) no income will be recognized by an optionee at the time a non-qualified stock option is granted; (2) at the time of exercise of a non-qualified stock option, ordinary income will be recognized by the optionee in an amount equal to the difference between the option price paid for the shares of common stock and the fair market value of the shares of common stock, if unrestricted, on the date of exercise; and (3) at the time of sale of shares of common stock acquired pursuant to the exercise of a non-qualified stock option, appreciation (or depreciation) in value of the shares of common stock after the date of exercise will be treated as either short-term or long-term capital gain (or loss) depending on how long the shares of common stock have been held after exercise.

Incentive Stock Options. No income generally will be recognized by an optionee upon the grant or exercise of an ISO. The exercise of an ISO, however, may result in alternative minimum tax liability. If shares of common stock are issued to the optionee pursuant to the exercise of an ISO, and if no disqualifying disposition of such shares of common stock is made by such optionee within two years after the date of grant or within one year after the transfer of such shares of common stock to the optionee, then upon sale of such shares of common stock, any amount realized in excess of the option price will be taxed to the optionee as a long-term capital gain and any loss sustained will be a long-term capital loss.

If shares of common stock acquired upon the exercise of an ISO are disposed of prior to the expiration of either holding period described above, the optionee generally will recognize ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of such shares of common stock at the time of exercise (or, if less, the amount realized on the disposition of such shares if a sale or exchange) over the option price paid for such shares of common stock. Any further gain (or loss) realized by the participant generally will be taxed as short-term or long-term capital gain (or loss) depending on the holding period.

SARs. No income will be recognized by a participant in connection with the grant of a tandem SAR or a free-standing SAR. When the SAR is exercised, the participant normally will be required to include as taxable ordinary income in the year of exercise an amount equal to the amount of cash received and the fair market value of any unrestricted shares of common stock received on the exercise.

Restricted Stock. The recipient of restricted stock generally will be subject to tax at ordinary income rates on the fair market value of the restricted stock (reduced by any amount paid by the participant for such restricted stock) at such time as the shares of common stock are no longer subject to forfeiture or restrictions on transfer for purposes of Section 83 of the Internal Revenue Code (“Restrictions”). However, a recipient may instead elect under Section 83(b) of the Internal Revenue Code within 30 days of the date of transfer of the shares of common stock to have taxable ordinary income on the date of transfer of the shares equal to the excess of the fair market value of such shares of common stock (determined without regard to the Restrictions) over the purchase price, if any, of such restricted stock. If a Section 83(b) election has not been made, any dividends received with respect to restricted stock that is subject to the Restrictions generally will be treated as compensation that is taxable as ordinary income to the participant.

RSUs. No income generally will be recognized upon the award of RSUs. The recipient of a RSU award generally will be subject to tax at ordinary income rates on the fair market value of unrestricted shares of common stock on the date that such shares are transferred to the participant under the award (reduced by any amount paid by the participant for such RSUs), and the capital gains/loss holding period for such shares will also commence on such date.

Performance Shares and Performance Units. No income generally will be recognized upon the grant of performance shares or performance units. Upon payment in respect of the earn-out of performance shares or performance units, the recipient generally will be required to include as taxable ordinary income in the year of receipt an amount equal to the amount of cash received and the fair market value of any unrestricted shares of common stock received.

Cash Incentive Awards. Upon payment in respect of the earning of cash incentive awards, the recipient generally will be required to include as taxable ordinary income in the year of receipt an amount equal to the amount of cash received.

Tax Consequences to the Company or Subsidiary

To the extent that a participant recognizes ordinary income in the circumstances described above, we or the subsidiary for which the participant performs services will be entitled to a corresponding deduction provided that, among other things, the income meets the test of reasonableness, is an ordinary and necessary business expense, is not an “excess parachute payment” within the meaning of Section 280G of the Internal Revenue Code and is not disallowed by the \$1 million limitation on certain executive compensation under Section 162(m) of the Internal Revenue Code. In this regard, certain types of awards under the 2014 Plan, such as time-vested restricted stock and RSUs, generally cannot qualify as performance-based awards under Section 162(m), and in other cases awards may fail to qualify if all requirements for qualification are not met in connection with such awards.

Registration with the SEC

We intend to file a Registration Statement on Form S-8 relating to the issuance of shares of common stock under the 2014 Plan with the SEC pursuant to the Securities Act of 1933, as amended, as soon as practicable after approval of the 2014 Plan by our shareholders.

[Back to Contents](#)**ANNEX A (NON-GAAP FINANCIAL MEASURES)****Information Regarding Non-GAAP Financial Measures**

The company prepares its consolidated financial statements in accordance with U.S. Generally Accepted Accounting Principles (GAAP). However, from time to time, the company may present in its public statements, press releases and SEC filings, non-GAAP financial measures such as, EBITDA, adjusted EBITDA, adjusted EBITDA margin, adjusted EBIT and gross margin excluding depreciation and amortization to measure the performance of the company and its operating divisions. EBITDA is used as the primary performance measure in the company's Annual Executive Bonus Plan. The company defines EBITDA as earnings from continuing operations before interest, income taxes, depreciation, amortization and income attributable to non-controlling interest. The company believes that EBITDA is a useful tool for managing the operations of its business and is an indicator of the company's ability to incur and service indebtedness and generate free cash flow. Furthermore, pursuant to the terms of our credit facility, EBITDA is used to determine the company's compliance with certain financial covenants. The company also believes that EBITDA measures are commonly reported and widely used by investors and other interested parties as measures of a company's operating performance and debt servicing ability because EBITDA measures assist in comparing performance on a consistent basis without regard to depreciation or amortization, which can vary significantly depending upon accounting methods and non-operating factors (such as historical cost). EBITDA is also a widely-accepted financial indicator of a company's ability to incur and service indebtedness. Adjusted EBITDA, adjusted EBITDA margin and adjusted EBIT exclude additional costs that we consider important to present to investors. These include, but are not limited to, the costs of closing a plant or costs associated with acquisition-related activities. We believe that financial information excluding certain transactions not considered to be part of the ongoing business improves the comparability of earnings results. We believe investors will be able to better understand our earnings results if these transactions are excluded from the results. These non-GAAP financial measures are measures of performance not defined by accounting principles generally accepted in the United States and should be considered in addition to, not in lieu of, GAAP reported measures. EBITDA and adjusted EBITDA should not be considered an alternative to (a) income from operations or net income (loss) as a measure of operating performance; (b) cash flows provided by operating, investing and financing activities (as determined in accordance with GAAP) as a measure of the company's ability to meet its cash needs; or (c) any other indicator of performance or liquidity that has been determined in accordance with GAAP. Our method of calculating EBITDA, adjusted EBITDA, adjusted EBITDA margin and adjusted EBIT may differ from the methods used by other companies, and, accordingly, may not be comparable to similarly titled measures used by other companies. Gross margin excluding depreciation and amortization is used as a performance measure to provide additional transparent information regarding our results of operations on a consolidated and segment basis. Changes in depreciation and amortization are separately discussed and include depreciation and amortization for materials, supplies, labor and other production costs and operating activities. Presentation of gross margin includes depreciation and amortization in the materials, supplies, labor and other production costs according to GAAP. Our method of presenting gross margin excludes the depreciation and amortization components, as discussed above. This presentation may differ from the methods used by other companies and may not be comparable to similarly titled measures used by other companies. The reconciliations attached provide a reconciliation of our net income, the most comparable GAAP financial measure to EBITDA, adjusted EBITDA and adjusted EBIT, a reconciliation of EBIT to adjusted EBIT, and a reconciliation of our gross margin excluding depreciation and amortization to GAAP gross margin.

ANNEX B (PROPOSED AMENDMENTS TO RESTATED ARTICLES OF INCORPORATION AND AMENDED AND RESTATED BYLAWS)

The proposed amendments would amend our Articles by amending and restating SECTION 1 of ARTICLE VII in its entirety as follows:

“SECTION 1: Number, Election and Terms of Directors. The number of the Directors of the Corporation shall not be less than 3 nor more than 16 and shall be fixed from time to time in the manner described in the Bylaws.

The Directors shall be classified with respect to the time for which they severally hold office into three classes, as nearly equal in number as possible, designated Class I, Class II and Class III. The Directors first appointed to Class I shall hold office for a term expiring at the annual meeting of shareholders to be held in 2002, Directors first appointed to Class II shall hold office for a term expiring at the annual meeting of shareholders to be held in 2003 and the Directors first appointed to Class III shall hold office for a term expiring at the annual meeting of shareholders to be held in 2004 with the members of each class to hold office until their successors are elected and qualified. Unless otherwise required by applicable law, at each succeeding annual meeting of the shareholders of the Corporation, the successors of the class of Directors whose term expires at that meeting shall be elected ~~by a plurality vote of all votes cast at such meeting, in accordance with the last two sentences of this Section 1 of Article VII,~~ to hold office for a term expiring at the annual meeting of shareholders held in the third year following the year of their election. Notwithstanding the foregoing, if at the time of any annual meeting of shareholders, the Corporation is prohibited by applicable law from having a classified Board of Directors, all of the Directors shall be elected at such annual meeting for a one year term only. If at the time of any subsequent annual meeting of shareholders the Corporation is no longer prohibited by applicable law from having a classified Board of Directors, the Board of Directors shall again be classified in accordance with the first sentence of this paragraph, and at such annual meeting Directors initially shall be elected to serve in either Class I, Class II or Class III to hold office for a term expiring at the first, second or third succeeding annual meeting of the shareholders, respectively; thereafter successors to each Class shall be elected in accordance with the third sentence of this paragraph; such classified Board of Directors at all times being subject to the immediately preceding sentence of this paragraph. Elections of Directors need not be by written ballot unless requested by the Chairman of the Board of Directors or by the holders of a majority of the voting power of the then outstanding shares of Common Stock present in person or represented by proxy at a meeting of the shareholders at which Directors are to be elected. Each nominee to succeed a Director of the Class of Directors whose term expires at that meeting shall be elected by the vote of the majority of the votes cast with respect to that nominee's election at the meeting held for the election of such Class of Directors at which a quorum is present, provided, however, that if the number of nominees for such Class of Director exceeds the number of Directors of such Class to be elected, the nominees receiving the greatest number of votes (up to the number of directors to be elected) shall be elected. For purposes of the preceding sentence, a "majority of the votes cast" means that the number of shares of Common Stock voted "for" a nominee's election exceeds the number of shares of Common Stock voted "against" that nominee's election.”

The proposed amendments would amend our Bylaws as follows:

amending and restating Section 2.2 of the Bylaws in its entirety as follows:

- “Annual Meeting. An annual meeting of the shareholders shall be held at such date, time and place as shall be
- (i) designated from time to time by the Board of Directors, at which meeting the shareholders shall elect ~~by a plurality vote,~~ in accordance with the Articles of Incorporation, the Directors to succeed those whose terms expire and shall transact such other business as may be properly brought before the meeting in accordance with Section 2.10 of these Bylaws.”

The last sentence of Section 2.8 of the Bylaws shall be deleted and replaced with the following:

- (ii) ~~“Directors shall be elected at the annual meeting by a plurality of the votes cast by shares entitled to vote in the election~~ in accordance with the Articles of Incorporation.”

The last sentence of Section 3.2 of the Bylaws shall be deleted and replaced with the following:

- (iii) ~~“At each succeeding annual meeting of the shareholders of the Corporation, the successors of the class~~ Class of Directors whose ~~term expires~~ terms expire at that meeting shall be elected ~~by plurality vote of all votes cast at such meeting~~ in accordance with the Articles of Incorporation to hold office for a term expiring at the annual meeting of shareholders held in the third year following the year of their election.”

Such shares may be shares of original issuance or treasury shares or a combination of the foregoing.

- The aggregate number of shares of Common Stock available for issuance or transfer under **Section 3(a)(i)** of this Plan will be reduced by (A) .40 shares of Common Stock for every one share of Common Stock issued or transferred upon exercise of an Option Right or Appreciation Right granted under this Plan, and (B) one share (ii) of Common Stock for every one share of Common Stock issued or transferred in connection with an award other than an Option Right or Appreciation Right granted under this Plan. Subject to the provisions of **Section 3(b)** of this Plan, shares of Common Stock covered by an award granted under this Plan will not be counted as used unless and until they are actually issued or transferred.

(b) Share Counting Rules.

- (i) If any shares of Common Stock issued or transferred pursuant to an award granted under this Plan are forfeited, or an award granted under this Plan is cancelled or forfeited, expires or is settled for cash (in whole or in part), the shares of Common Stock issued or transferred pursuant to, or subject to, such award (as applicable) will, to

the extent of such cancellation, forfeiture, expiration, or cash settlement, again be available for issuance or transfer under **Section 3(a)** above in accordance with **Section 3(b)(v)** below.

- (iv) Any share of Common Stock that becomes available for issuance or transfer under this Plan under this **Section 3** will be added back as (A) .40 shares of Common Stock if such share was subject to an Option Right or Appreciation Right granted under this Plan and (B) as one share of Common Stock if such share was issued or transferred pursuant to, or subject to, an award granted under this Plan other than an Option Right or an Appreciation Right granted under this Plan.

payable in cash under **Section 9** of this Plan that is/are a Qualified Performance-Based Award(s) which collectively and when added together have an aggregate maximum value as of their respective Dates of Grant in excess of 8 million dollars (\$8,000,000) assuming an award payout at target.

4. Option Rights

The Committee may, from time to time and upon such terms and conditions as it may determine, authorize the granting to Participants of Option Rights. Each such grant may utilize any or all of the authorizations, and will be subject to all of the requirements, contained in the following provisions:

(a) Each grant will specify the number of shares of Common Stock to which it pertains subject to the limitations set forth in **Section 3** of this Plan.

(b) Each grant will specify an Option Price per share, which (except with respect to awards under **Section 22** of this Plan) may not be less than the Market Value per Share on the Date of Grant.

Each grant will specify whether the Option Price will be payable (i) in cash or by check acceptable to the Company or by wire transfer of immediately available funds, (ii) by the actual or constructive transfer to the Company of Common Stock owned by the Optionee (or other consideration authorized pursuant to **Section 4(d)** of this Plan) having a value at the time of exercise equal to the total Option Price, (iii) subject to any conditions or limitations (c) established by the Committee, the Company's withholding of Common Stock otherwise issuable upon exercise of an Option Right pursuant to a "net exercise" arrangement (it being understood that, solely for purposes of determining the number of treasury shares held by the Company, the Common Stock so withheld will not be treated as issued and acquired by the Company upon such exercise), (iv) by a combination of such methods of payment, or (v) by such other methods as may be approved by the Committee.

To the extent permitted by law, any grant may provide for deferred payment of the Option Price from the proceeds (d) of sale through a bank or broker on a date satisfactory to the Company of some or all of the shares to which such exercise relates.

(e) Successive grants may be made to the same Participant whether or not any Option Rights previously granted to such Participant remain unexercised.

Each grant will specify the period or periods of continuous service by the Optionee with the Company or any Subsidiary that is necessary before the Option Rights or installments thereof will become exercisable, provided that, except with respect to a grant of Option Rights to a non-employee Director or as otherwise described in this subsection, no grant of Option Rights may become exercisable sooner than after one year. A grant of Option Rights (f) may provide for the earlier exercise of such Option Rights, including (i) in the event of the Retirement, death or Disability of a Participant, or (ii) in the event of a Change in Control where either (A) within a specified period the Participant is involuntarily terminated for reasons other than for cause or terminates his or her employment for good reason or (B) such Option Rights are not assumed or converted into replacement awards in a manner described in the Evidence of Award.

(g) Any grant of Option Rights may specify Management Objectives that must be achieved as a condition to the exercise of such rights.

Option Rights granted under this Plan may be (i) options, including, without limitation, Incentive Stock Options, (h) that are intended to qualify under particular provisions of the Code, (ii) options that are not intended so to qualify, or (iii) combinations of the foregoing. Incentive Stock Options may only be granted to Participants who meet the definition of "employees" under Section 3401(c) of the Code.

(i) The exercise of an Option Right will result in the cancellation on a share-for-share basis of any Tandem Appreciation Right authorized under **Section 5** of this Plan.

(j) No Option Right will be exercisable more than 10 years from the Date of Grant.

(k) Option Rights granted under this Plan may not provide for any dividends or dividend equivalents thereon; *provided, however*, a grant to a Non-Employee Director need not be subject to this restriction.

(l) Each grant of Option Rights will be evidenced by an Evidence of Award. Each Evidence of Award will be subject to this Plan and will contain such terms and provisions, consistent with this Plan, as the Committee may approve.

5. Appreciation Rights

- (a) The Committee may, from time to time, subject to the limitations in **Section 3** of this Plan and upon such terms and conditions as it may determine, authorize the granting (i) to any Optionee, of Tandem Appreciation Rights in respect of Option Rights granted hereunder, and (ii) to any Participant, of Free-Standing Appreciation Rights. A Tandem Appreciation Right will be a right of the Optionee, exercisable by surrender of the related Option Right, to receive from the Company an amount determined by the Committee, which will be expressed as a percentage of the Spread (not exceeding 100 percent) at the

(ii) Any grant may specify that the amount payable on exercise of an Appreciation Right may not exceed a maximum specified by the Committee at the Date of Grant.

(iii) Any grant may specify waiting periods before exercise and permissible exercise dates or periods.

Each grant may specify the period or periods of continuous service by the Participant with the Company or any Subsidiary that is necessary before the Appreciation Rights or installments thereof will become exercisable, provided that, except with respect to a grant of Appreciation Rights to a non-employee Director or as otherwise described in this subsection, no grant of Appreciation Rights may become exercisable sooner than after one

(iv) year. A grant of Appreciation Rights may provide for the earlier exercise of such Appreciation Rights, including (i) in the event of the Retirement, death or Disability of a Participant, or (ii) in the event of a Change in Control where either (A) within a specified period the Participant is involuntarily terminated for reasons other than for cause or terminates his or her employment for good reason or (B) such Appreciation Rights are not assumed or converted into replacement awards in a manner described in the Evidence of Award.

(v) Any grant of Appreciation Rights may specify Management Objectives that must be achieved as a condition of the exercise of such Appreciation Rights.

Each grant of Appreciation Rights will be evidenced by an Evidence of Award, which Evidence of Award will (vi) describe such Appreciation Rights, identify the related Option Rights (if applicable), and contain such other terms and provisions, consistent with this Plan, as the Committee may approve.

Any grant of Tandem Appreciation Rights will provide that such Tandem Appreciation Rights may be exercised only at a time when the related Option Right is also exercisable and at a time when the Spread is positive, and by (c) surrender of the related Option Right for cancellation. Successive grants of Tandem Appreciation Rights may be made to the same Participant regardless of whether any Tandem Appreciation Rights previously granted to the Participant remain unexercised.

(d) Appreciation Rights granted under this Plan may not provide for any dividends or dividend equivalents thereon; *provided, however*, a grant to a Non-Employee Director need not be subject to this restriction.

(e) Regarding Free-Standing Appreciation Rights only:

Each grant will specify in respect of each Free-Standing Appreciation Right a Base Price, which (except with (i) respect to awards under **Section 22** of this Plan) may not be less than the Market Value per Share on the Date of Grant;

(ii) Successive grants may be made to the same Participant regardless of whether any Free-Standing Appreciation Rights previously granted to the Participant remain unexercised; and

(iii) No Free-Standing Appreciation Right granted under this Plan may be exercised more than 10 years from the Date of Grant.

6. Restricted Stock

The Committee may, from time to time, subject to the limitations in **Section 3** of this Plan and upon such terms and conditions as it may determine, authorize the grant or sale of Restricted Stock to Participants. Each such grant or sale may utilize any or all of the authorizations, and will be subject to all of the requirements, contained in the following

provisions:

(a) Each such grant or sale will constitute an immediate transfer of the ownership of Common Stock to the Participant in consideration of the performance of services, entitling such Participant to voting, dividend and other ownership rights, but subject to the substantial risk of forfeiture and restrictions on transfer hereinafter referred to.

(b) Each such grant or sale may be made without additional consideration or in consideration of a payment by such Participant that is less than the Market Value per Share at the Date of Grant.

(c) Each such grant or sale will provide that the Restricted Stock covered by such grant or sale will be subject to a “substantial risk of forfeiture” within the meaning of Section 83 of the Code for a period to be determined by the Committee at the Date of Grant or until achievement of Management Objectives referred to in subparagraph (e) below. If the elimination of restrictions is based only on the passage of time rather than the achievement of Management Objectives, the period of time will be no shorter than three years, except that the restrictions may be removed ratably during the three-year period as determined by the Committee; *provided, however*, that a grant or sale of Restricted Stock to a non-employee Director need not be subject to any minimum vesting period.

(d) Each such grant or sale will provide that during or after the period for which such substantial risk of forfeiture is to continue, the transferability of the Restricted Stock will be prohibited or restricted in the manner and to the extent prescribed by the Committee at the Date of Grant (which restrictions may include, without limitation, rights of repurchase or first refusal in the Company or provisions subjecting the Restricted Stock to a continuing substantial risk of forfeiture in the hands of any transferee).

(e) Any grant of Restricted Stock may specify Management Objectives that, if achieved, will result in termination or early termination of the restrictions applicable to such Restricted Stock; *provided, however*, that notwithstanding subparagraph (c) above, restrictions relating to Restricted Stock that vests upon the achievement of Management Objectives may not terminate sooner than one year, except with respect to a grant of Restricted Stock to a non-employee Director.

(f) Notwithstanding anything to the contrary contained in this Plan, any grant or sale of Restricted Stock may provide for the earlier termination of restrictions on such Restricted Stock, including (i) in the event of the Retirement, death or Disability of a Participant or (ii) in the event of a Change in Control where either (A) within a specified period the Participant is involuntarily terminated for reasons other than for cause or terminates his or her employment for good reason or (B) such Restricted Stock is not assumed or converted into replacement awards in a manner described in the Evidence of Award; *provided, however*, that no award of Restricted Stock intended to be a Qualified Performance-Based Award will provide for such early termination of restrictions (other than in connection with the death or Disability of the Participant or a Change in Control) to the extent such provisions would cause such award to fail to be a Qualified Performance-Based Award.

(g) Any such grant or sale of Restricted Stock may require that any or all dividends or other distributions paid thereon during the period of such restrictions be automatically deferred and reinvested in additional Restricted Stock, which may be subject to the same restrictions as the underlying award; *provided, however*, that dividends or other distributions on Restricted Stock will be deferred until and paid contingent upon the achievement of any Management Objectives and/or the end of any applicable time-based vesting period.

[Back to Contents](#)

Each grant or sale of Restricted Stock will be evidenced by an Evidence of Award and will contain such terms and provisions, consistent with this Plan, as the Committee may approve. Unless otherwise directed by the Committee, (i) all certificates representing Restricted Stock will be held in custody by the Company until all restrictions (h) thereon will have lapsed, together with a stock power or powers executed by the Participant in whose name such certificates are registered, endorsed in blank and covering such shares or (ii) all Restricted Stock will be held at the Company's transfer agent in book entry form with appropriate restrictions relating to the transfer of such Restricted Stock.

7. Restricted Stock Units

The Committee may, from time to time, subject to the limitations in **Section 3** of this Plan and upon such terms and conditions as it may determine, authorize the granting or sale of Restricted Stock Units to Participants. Each such grant or sale may utilize any or all of the authorizations, and will be subject to all of the requirements, contained in the following provisions:

- Each such grant or sale will constitute the agreement by the Company to deliver Common Stock, cash or a combination thereof to the Participant in the future in consideration of the performance of services, but subject to the fulfillment of such conditions (which may include the achievement of Management Objectives) during the Restriction Period as the Committee may specify. If a grant of Restricted Stock Units specifies that the Restriction (a) Period will terminate only upon the achievement of Management Objectives or that the Restricted Stock Units will be earned based on the achievement of Management Objectives, then, notwithstanding anything to the contrary contained in subparagraph (c) below, the applicable Restriction Period may not be, except with respect to a grant of Restricted Stock Units to a non-employee Director, a period of less than one year.
- (b) Each such grant or sale may be made without additional consideration or in consideration of a payment by such Participant that is less than the Market Value per Share at the Date of Grant.

If the Restriction Period lapses only by the passage of time rather than the achievement of Management Objectives as provided in subparagraph (a) above, each such grant or sale will be subject to a Restriction Period of not less (c) than three years, except that a grant or sale may provide that the Restriction Period will expire ratably during the three-year period as determined by the Committee; *provided, however*, that a grant or sale of Restricted Stock Units to a non-employee Director need not be subject to a minimum Restriction Period.

- Notwithstanding anything to the contrary contained in this Plan, any grant or sale of Restricted Stock Units may provide for the earlier lapse or other modification of the Restriction Period, including (i) in the event of the Retirement, death or Disability of a Participant or (ii) in the event of a Change in Control where either (A) within a specified period the Participant is involuntarily terminated for reasons other than for cause or terminates his or her (d) employment for good reason or (B) such Restricted Stock Units are not assumed or converted into replacement awards in a manner described in the Evidence of Award; *provided, however*, that no award of Restricted Stock Units intended to be a Qualified Performance-Based Award will provide for such early lapse or modification of the Restriction Period (other than in connection with the death or Disability of the Participant or a Change in Control) to the extent such provisions would cause such award to fail to be a Qualified Performance-Based Award.
- (e) During the Restriction Period, the Participant will have no right to transfer any rights under his or her award and will have no rights of ownership in the Common Stock deliverable upon payment of the Restricted Stock Units and will have no right to vote them, but the Committee may, at the Date of Grant, authorize the payment of dividend

equivalents on such Restricted Stock Units on a deferred or contingent basis, either in cash or in additional Common Stock; *provided, however*, that dividend equivalents or other distributions on Common Stock underlying Restricted Stock Units will be deferred until and paid contingent upon the achievement of any Management Objectives and/or the end of any applicable time-based vesting period.

(f) Each grant or sale of Restricted Stock Units will specify the time and manner of payment of the Restricted Stock Units that have been earned. Each grant or sale will specify that the amount payable with respect thereto will be paid by the Company in Common Stock or cash, or a combination thereof.

(g) Each grant or sale of Restricted Stock Units will be evidenced by an Evidence of Award and will contain such terms and provisions, consistent with this Plan, as the Committee may approve.

8. Cash Incentive Awards, Performance Shares and Performance Units

The Committee may, from time to time, subject to the limitations in **Section 3** of this Plan and upon such terms and conditions as it may determine, authorize the granting of Cash Incentive Awards, Performance Shares and Performance Units. Each such grant may utilize any or all of the authorizations, and will be subject to all of the requirements, contained in the following provisions:

(a) Each grant will specify the number or amount of Performance Shares or Performance Units, or amount payable with respect to Cash Incentive Awards, to which it pertains, which number or amount may be subject to adjustment to reflect changes in compensation or other factors; *provided, however*, that no such adjustment will be made in the case of a Qualified Performance-Based Award (other than in connection with the death or Disability of the Participant or a Change in Control) where such action would result in the loss of the otherwise available exemption of the award under Section 162(m) of the Code.

(b) The Performance Period with respect to each Cash Incentive Award, Performance Share or Performance Unit will be such period of time (not less than one year for Performance Shares and Performance Units) as will be determined by the Committee at the time of grant, which may be subject to earlier lapse or other modification, including (i) in the event of the Retirement, death or Disability of a Participant or (ii) in the event of a Change in Control where either (A) within a specified period the Participant is involuntarily terminated for reasons other than for cause or terminates his or her employment for good reason or (B) such Cash Incentive Awards, Performance Shares and Performance Units are not assumed or converted into replacement awards in a manner described in the Evidence of Award; *provided*,

[Back to Contents](#)

however, that no such adjustment will be made in the case of a Qualified Performance-Based Award (other than in connection with the death or Disability of the Participant or a Change in Control) where such action would result in the loss of the otherwise available exemption of the award under Section 162(m) of the Code. In such event, the Evidence of Award will specify the time and terms of delivery.

Any grant of Cash Incentive Awards, Performance Shares or Performance Units will specify any Management Objectives which, if achieved, will result in payment or early payment of the award, and each grant may specify in respect of such specified Management Objectives a minimum acceptable level or levels of achievement and may (c) set forth a formula for determining the number of Performance Shares or Performance Units, or amount payable with respect to Cash Incentive Awards, that will be earned if performance is at or above the minimum or threshold level or levels, or is at or above the target level or levels, but falls short of maximum achievement of the specified Management Objectives.

Each grant will specify the time and manner of payment of Cash Incentive Awards, Performance Shares or Performance Units that have been earned. Any grant may specify that the amount payable with respect thereto may (d) be paid by the Company in cash, in Common Stock, in Restricted Stock or Restricted Stock Units or in any combination thereof.

Any grant of Cash Incentive Awards, Performance Shares or Performance Units may specify that the amount (e) payable or the number of shares of Common Stock or Restricted Stock or Restricted Stock Units with respect thereto may not exceed a maximum specified by the Committee at the Date of Grant.

The Committee may, at the Date of Grant of Performance Shares, provide for the payment of dividend equivalents to the holder thereof either in cash or in additional Common Stock, subject in all cases to deferral and payment on a (f) contingent basis based on the Participant's earning of the Performance Shares with respect to which such dividend equivalents are paid.

Each grant of Cash Incentive Awards, Performance Shares or Performance Units will be evidenced by an Evidence (g) of Award and will contain such other terms and provisions, consistent with this Plan, as the Committee may approve.

9. Other Awards

Subject to applicable law and the limits set forth in **Section 3** of this Plan, the Committee may grant to any Participant such other awards that may be denominated or payable in, valued in whole or in part by reference to, or otherwise based on, or related to, Common Stock or factors that may influence the value of such shares, including, without limitation, convertible or exchangeable debt securities, other rights convertible or exchangeable into Common Stock, purchase rights for Common Stock, awards with value and payment contingent upon performance (a) of the Company or specified Subsidiaries, affiliates or other business units thereof or any other factors designated by the Committee, and awards valued by reference to the book value of the Common Stock or the value of securities of, or the performance of specified Subsidiaries or affiliates or other business units of the Company. The Committee will determine the terms and conditions of such awards. Common Stock delivered pursuant to an award in the nature of a purchase right granted under this **Section 9** will be purchased for such consideration, paid for at such time, by such methods, and in such forms, including, without limitation, Common Stock, other awards, notes or other property, as the Committee determines.

(b) Cash awards, as an element of or supplement to any other award granted under this Plan, may also be granted pursuant to this **Section 9**.

The Committee may grant Common Stock as a bonus, or may grant other awards in lieu of obligations of the Company or a Subsidiary to pay cash or deliver other property under this Plan or under other plans or compensatory arrangements, subject to such terms as will be determined by the Committee in a manner that complies with Section 409A of the Code.

If the earning or vesting of, or elimination of restrictions applicable to, an award granted under this **Section 9** is based only on the passage of time rather than the achievement of Management Objectives, the period of time shall be no shorter than three years, except that the restrictions may be removed no sooner than ratably during the three-year period as determined by the Committee. If the earning or vesting of, or elimination of restrictions applicable to, awards granted under this **Section 9** is based on the achievement of Management Objectives, the earning, vesting or restriction period may not terminate sooner than one year. The provisions of this subsection (d) need not apply to (i) any award granted under this **Section 9** to a non-employee Director or (ii) any cash-based award requiring the achievement of Management Objectives.

Notwithstanding anything to the contrary contained in this Plan, any grant of an award under this **Section 9** may provide for the earning or vesting of, or earlier elimination of restrictions applicable to, such award, including (i) in the event of the Retirement, death or Disability of the Participant, or (ii) in the event of a Change in Control where either (A) within a specified period the Participant is involuntarily terminated for reasons other than for cause or terminates his or her employment for good reason or (B) such awards are not assumed or converted into replacement awards in a manner described in the Evidence of Award; *provided, however*, that no such adjustment will be made in the case of a Qualified Performance-Based Award (other than in connection with the death or Disability of the Participant or a Change in Control) where such action would result in the loss of the otherwise available exemption of the award under Section 162(m) of the Code. In such event, the Evidence of Award will specify the time and terms of delivery.

10. Transferability

Except as otherwise determined by the Committee, no Option Right, Appreciation Right, Restricted Stock, Restricted Stock Unit, Performance Share, Performance Unit, Cash Incentive Award, award contemplated by **Section 9** of this Plan or dividend equivalents paid with respect to awards made under this Plan will be transferable (a) by the Participant except by will or the laws of descent and distribution, and in no event will any such award granted under the Plan be transferred for value. Except as otherwise determined by the Committee, Option Rights and Appreciation Rights will be exercisable during the Participant's lifetime only by him or her or, in the event of the

[Back to Contents](#)

Participant's legal incapacity to do so, by his or her guardian or legal representative acting on behalf of the Participant in a fiduciary capacity under state law or court supervision.

The Committee may specify at the Date of Grant that part or all of the Common Stock that is (i) to be issued or transferred by the Company upon the exercise of Option Rights or Appreciation Rights, upon the termination of the (b) Restriction Period applicable to Restricted Stock Units or upon payment under any grant of Performance Shares or Performance Units or (ii) no longer subject to the substantial risk of forfeiture and restrictions on transfer referred to in **Section 6** of this Plan, will be subject to further restrictions on transfer.

11. Adjustments

The Committee will make or provide for such adjustments in the numbers of Common Stock covered by outstanding Option Rights, Appreciation Rights, Restricted Stock Units, Performance Shares and Performance Units granted hereunder and, if applicable, in the number of shares of Common Stock covered by other awards granted pursuant to **Section 9** hereof, in the Option Price and Base Price provided in outstanding Option Rights and Appreciation Rights, in the kind of shares covered thereby, and in Cash Incentive Awards as the Committee, in its sole discretion, exercised in good faith, may determine is equitably required to prevent dilution or enlargement of the rights of Participants or Optionees that otherwise would result from (a) any stock dividend, stock split, combination of shares, recapitalization or other change in the capital structure of the Company, (b) any merger, consolidation, spin-off, split-off, spin-out, split-up, reorganization, partial or complete liquidation or other distribution of assets, issuance of rights or warrants to purchase securities, or (c) any other corporate transaction or event having an effect similar to any of the foregoing. Moreover, in the event of any such transaction or event or in the event of a Change in Control, the Committee, in its discretion, may provide in substitution for any or all outstanding awards under this Plan such alternative consideration (including cash), if any, as it, in good faith, may determine to be equitable in the circumstances and may require in connection therewith the surrender of all awards so replaced in a manner that complies with Section 409A of the Code. In addition, for each Option Right or Appreciation Right with an Option Price or Base Price greater than the consideration offered in connection with any such transaction or event or Change in Control, the Committee may in its sole discretion elect to cancel such Option Right or Appreciation Right without any payment to the person holding such Option Right or Appreciation Right. The Committee will also make or provide for such adjustments in the numbers of shares specified in **Section 3** of this Plan as the Committee in its sole discretion, exercised in good faith, may determine is appropriate to reflect any transaction or event described in this **Section 11**; *provided, however*, that any such adjustment to the number specified in **Section 3(b)** will be made only if and to the extent that such adjustment would not cause any Option Right intended to qualify as an Incentive Stock Option to fail to so qualify.

12. Change in Control

“Change in Control” means the consummation of any Change in Control of the Company of a nature that would be required to be reported in response to Item 6(e) of Schedule 14A of Regulation 14A promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), as determined by the Board, in its sole discretion; provided that, without limitation, such a Change in Control shall be deemed to have occurred if:

(a) any “Person” (as such term is defined in Sections 13(d) or 14(d)(2) of the Exchange Act; hereafter, a “Person”) is on the date hereof or becomes the beneficial owner, directly or indirectly, of securities of the Company representing 35%

or more of the Voting Power; *provided, however*, that for purposes of this Section 12(a), the following acquisitions shall not constitute a Change in Control:

- (A) any acquisition of Voting Power directly from the Company that is approved by a majority of those persons serving as directors of the Company on the date of this Plan (the “Original Directors”) or their Successors (as defined below), (B) any acquisition of Voting Power by the Company, or any Subsidiary, and (C) any acquisition of Voting Power by the trustee or other fiduciary holding securities under any employee benefit plan (or related trust) sponsored or maintained by the Company, or any Subsidiary (the term “Successors” shall mean those directors whose election or nomination for election by stockholders has been approved by the vote of at least two-thirds of the Original Directors and previously qualified Successors serving as directors of the Company as the case may be, at the time of such election or nomination for election);

- if any Person is or becomes the beneficial owner of 35% or more of the Voting Power as a result of a transaction described in clause (A) of this Section 12(a)(i) above and such Person thereafter becomes the beneficial owner of any additional shares of Voting Power representing 1% or more of the then-outstanding
- (ii) Voting Power other than in an acquisition directly from the Company that is approved by a majority of the Original Directors or their Successors or other than as a result of a stock dividend, stock split or similar transaction effected by the Company in which all holders of Voting Power are treated equally, such subsequent acquisition shall be treated as a Change in Control;

- a Change in Control will not be deemed to have occurred if a Person is or becomes the beneficial owner of 35% or more of the Voting Power as a result of a reduction in the number of shares of Voting Power outstanding pursuant to a transaction or series of transactions that is approved by a majority of the Original Directors or
- (iii) their Successors unless and until such Person thereafter becomes the beneficial owner of any additional shares of Voting Power representing 1% or more of the then-outstanding Voting Power other than as a result of a stock dividend, stock split or similar transaction effected by the Company in which all holders of Voting Power are treated equally; or

- if at least a majority of the Original Directors or their Successors determine in good faith that a Person has acquired beneficial ownership of 35% or more of the Voting Power inadvertently, and such Person divests as
- (iv) promptly as practicable but no later than the date, if any, set by the Original Directors or their Successors a sufficient number of shares so that such Person beneficially owns less than 35% of the Voting Power then no Change in Control shall have occurred as a result of such Person’s acquisition.

Back to Contents

The Company consummates a merger or consolidation in which stockholders of the Company immediately prior to entering into such agreement will beneficially own immediately after the effective time of the merger or consolidation securities of the Company or any surviving or new corporation, as the case may be, having less than (b) 60% of the Voting Power or any surviving or new corporation, as the case may be, including Voting Power exercisable on a contingent or deferred basis as well as immediately exercisable Voting Power, excluding any merger or combination of a wholly owned Subsidiary into the Company, or the Company into a wholly owned Subsidiary; or

The Company consummates a sale, lease, exchange or other transfer or disposition of all or substantially all of its assets to any Person other than to a wholly owned Subsidiary, but not including (i) a mortgage or pledge of assets (c) granted in connection with a financing or (ii) a spin-off or sale of assets if the Company continues in existence and its common shares are listed on a national securities exchange, quoted on the automated quotation system of a national securities association or traded in the over-the-counter market; or

(d) the Original Directors and/or their Successors as defined above in Section 12(a)(1)(A) of this definition do not constitute a majority of the whole Board as the case may be; or

(e) approval by the stockholders of the Company of a complete liquidation or dissolution of the Company as the case may be.

13. Detrimental Activity and Recapture Provisions

Any Evidence of Award may provide for the cancellation or forfeiture of an award or the forfeiture and repayment to the Company of any gain related to an award, or other provisions intended to have a similar effect, upon such terms and conditions as may be determined by the Committee from time to time, if a Participant, either (a) during employment or other service with the Company or a Subsidiary or (b) within a specified period after termination of such employment or service, shall engage in any detrimental activity. In addition, notwithstanding anything in this Plan to the contrary, any Evidence of Award may also provide for the cancellation or forfeiture of an award or the forfeiture and repayment to the Company of any gain related to an award, or other provisions intended to have a similar effect, upon such terms and conditions as may be required by the Committee or under Section 10D of the Exchange Act and any applicable rules or regulations promulgated by the Securities and Exchange Commission or any national securities exchange or national securities association on which the Common Stock may be traded.

14. Withholding Taxes

To the extent that the Company is required to withhold federal, state, local or foreign taxes in connection with any payment made or benefit realized by a Participant or other person under this Plan, and the amounts available to the Company for such withholding are insufficient, it will be a condition to the receipt of such payment or the realization of such benefit that the Participant or such other person make arrangements satisfactory to the Company for payment of the balance of such taxes required to be withheld, which arrangements (in the discretion of the Committee) may include relinquishment of a portion of such benefit. If a Participant's benefit is to be received in the form of Common Stock, and such Participant fails to make arrangements for the payment of tax, then, unless otherwise determined by the Committee, the Company will withhold shares of Common Stock having a value equal to the amount required to be withheld. Notwithstanding the foregoing, when a Participant is required to pay the Company an amount required to be withheld under applicable income and employment tax laws, the Participant may elect, unless otherwise

determined by the Committee, to satisfy the obligation, in whole or in part, by having withheld, from the shares required to be delivered to the Participant, shares of Common Stock having a value equal to the amount required to be withheld (except in the case of Restricted Stock where an election under Section 83(b) of the Code has been made), or by delivering to the Company other shares of Common Stock held by such Participant. The shares used for tax withholding will be valued at an amount equal to the market value of such Common Stock on the date the benefit is to be included in Participant's income. In no event will the market value of the Common Stock to be withheld and delivered pursuant to this Section to satisfy applicable withholding taxes in connection with the benefit exceed the minimum amount of taxes required to be withheld. Participants will also make such arrangements as the Company may require for the payment of any withholding tax obligation that may arise in connection with the disposition of Common Stock acquired upon the exercise of Option Rights.

15. Non U.S. Participants

In order to facilitate the making of any grant or combination of grants under this Plan, the Committee may provide for such special terms for awards to Participants who are foreign nationals or who are employed by the Company or any Subsidiary outside of the United States of America or who provide services to the Company under an agreement with a foreign nation or agency, as the Committee may consider necessary or appropriate to accommodate differences in local law, tax policy or custom. Moreover, the Committee may approve such supplements to or amendments, restatements or alternative versions of this Plan (including, without limitation, sub-plans) as it may consider necessary or appropriate for such purposes, without thereby affecting the terms of this Plan as in effect for any other purpose, and the Secretary or other appropriate officer of the Company may certify any such document as having been approved and adopted in the same manner as this Plan. No such special terms, supplements, amendments or restatements, however, will include any provisions that are inconsistent with the terms of this Plan as then in effect unless this Plan could have been amended to eliminate such inconsistency without further approval by the stockholders of the Company.

16. Administration of the Plan

This Plan will be administered by the Committee. The Committee may from time to time delegate all or any part of (a) its authority under this Plan to a subcommittee thereof. To the extent of any such delegation, references in this Plan to the Committee will be deemed to be references to such subcommittee.

The interpretation and construction by the Committee of any provision of this Plan or of any agreement, notification or document evidencing the grant of awards under this Plan and any determination by the Committee pursuant to any provision of this Plan or of any such agreement, notification or document will be final and (b) conclusive. No member of the Committee shall be liable for any such action or determination made in good faith. In addition, the Committee is authorized to take any action it determines in its sole discretion to be appropriate subject only to the express limitations contained in this Plan, and no authorization in any Plan Section or other provision of this Plan is intended or may be deemed to constitute a limitation on the authority of the Committee.

The Committee may delegate to one or more of its members or to one or more officers of the Company, or to one or more agents or advisors, such administrative duties or powers as it may deem advisable, and the Committee, the subcommittee, or any person to whom duties or powers have been delegated as aforesaid, may employ one or more persons to render advice with respect to any responsibility the Committee, the subcommittee or such person may have under the Plan. The Committee may, by resolution, authorize one or more officers of the Company to do one or both of the following on the same basis as the Committee: (i) designate employees to be recipients of awards (c) under this Plan; and (ii) determine the size of any such awards; *provided, however*, that (A) the Committee will not delegate such responsibilities to any such officer for awards granted to an employee who is an officer, Director, or more than 10% beneficial owner of any class of the Company's equity securities that is registered pursuant to Section 12 of the Exchange Act, as determined by the Committee in accordance with Section 16 of the Exchange Act, or any Covered Employee; (B) the resolution providing for such authorization sets forth the total number of Common Stock such officer(s) may grant; and (C) the officer(s) will report periodically to the Committee regarding the nature and scope of the awards granted pursuant to the authority delegated.

17. Amendments

The Board may at any time and from time to time amend this Plan in whole or in part; *provided, however*, that if an amendment to this Plan (i) would materially increase the benefits accruing to participants under this Plan, (ii) would materially increase the number of shares of Common Stock which may be issued under this Plan, (iii) would (a) materially modify the requirements for participation in this Plan, or (iv) must otherwise be approved by the stockholders of the Company in order to comply with applicable law or the rules of the New York Stock Exchange or, if the Common Stock is not traded on the New York Stock Exchange, the principal national securities exchange upon which the Common Stock is traded or quoted, then, such amendment will be subject to stockholder approval and will not be effective unless and until such approval has been obtained.

(b) Except in connection with a corporate transaction or event described in **Section 11** of this Plan, the terms of outstanding awards may not be amended to reduce the Option Price of outstanding Option Rights or the Base Price of outstanding Appreciation Rights, or cancel outstanding Option Rights or Appreciation Rights in exchange for cash, other awards or Option Rights or Appreciation Rights with an Option Price or Base Price, as applicable, that is less than the Option Price of the original Option Rights or Base Price of the original Appreciation Rights, as applicable, without stockholder approval. This **Section 17(b)** is intended to prohibit the repricing of "underwater" Option Rights and Appreciation Rights and will not be construed to prohibit the adjustments provided for in **Section 11** of this Plan. Notwithstanding any provision of this Plan to the contrary, this **Section 17(b)** may not be

amended without approval by the Company's stockholders.

If permitted by Section 409A of the Code and Section 162(m) of the Code, but subject to the paragraph that follows, including in the case of termination of employment by reason of death, Disability or Retirement, or in the event of a Change in Control, to the extent a Participant holds an Option Right or Appreciation Right not immediately exercisable in full, or any Restricted Stock as to which the substantial risk of forfeiture or the prohibition or restriction on transfer has not lapsed, or any Restricted Stock Units as to which the Restriction Period has not been completed, or any Cash Incentive Awards, Performance Shares or Performance Units which have not been fully earned, or any other awards made pursuant to **Section 9** subject to any vesting schedule or (c) transfer restriction, or who holds Common Stock subject to any transfer restriction imposed pursuant to **Section 10(b)** of this Plan, the Committee may, in its sole discretion, accelerate the time at which such Option Right, Appreciation Right or other award may be exercised or the time at which such substantial risk of forfeiture or prohibition or restriction on transfer will lapse or the time when such Restriction Period will end or the time at which such Cash Incentive Awards, Performance Shares or Performance Units will be deemed to have been fully earned or the time when such transfer restriction will terminate or may waive any other limitation or requirement under any such award, except in the case of a Qualified Performance-Based Award where such action would result in the loss of the otherwise available exemption of the award under Section 162(m) of the Code.

Subject to **Section 17(b)** hereof, the Committee may amend the terms of any award theretofore granted under this Plan prospectively or retroactively, except in the case of a Qualified Performance-Based Award (other than in connection with the Participant's death or Disability, or a Change in Control) where such action would result in the loss of the otherwise available exemption of the award under Section 162(m) of the Code. In such case, the Committee will not make any modification of the Management Objectives or the level or levels of achievement with respect to such Qualified Performance-Based Award. Subject to **Section 11** above, no such amendment will impair the rights of any Participant without his or her consent. The Board may, in its discretion, terminate this Plan at any time. Termination of this Plan will not affect the rights of Participants or their successors under any awards outstanding hereunder and not exercised in full on the date of termination.

[Back to Contents](#)**18. Compliance with Section 409A of the Code**

To the extent applicable, it is intended that this Plan and any grants made hereunder comply with the provisions of Section 409A of the Code, so that the income inclusion provisions of Section 409A(a)(1) of the Code do not apply to the Participants. This Plan and any grants made hereunder will be administered in a manner consistent with this intent. Any reference in this Plan to Section 409A of the Code will also include any regulations or any other formal guidance promulgated with respect to such Section by the U.S. Department of the Treasury or the Internal Revenue Service.

Neither a Participant nor any of a Participant's creditors or beneficiaries will have the right to subject any deferred compensation (within the meaning of Section 409A of the Code) payable under this Plan and grants hereunder to any anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, attachment or garnishment. Except as permitted under Section 409A of the Code, any deferred compensation (within the meaning of Section 409A of the Code) payable to a Participant or for a Participant's benefit under this Plan and grants hereunder may not be reduced by, or offset against, any amount owing by a Participant to the Company or any of its Subsidiaries.

If, at the time of a Participant's separation from service (within the meaning of Section 409A of the Code), (i) the Participant will be a specified employee (within the meaning of Section 409A of the Code and using the identification methodology selected by the Company from time to time) and (ii) the Company makes a good faith determination that an amount payable hereunder constitutes deferred compensation (within the meaning of Section 409A of the Code) the payment of which is required to be delayed pursuant to the six-month delay rule set forth in Section 409A of the Code in order to avoid taxes or penalties under Section 409A of the Code, then the Company will not pay such amount on the otherwise scheduled payment date but will instead pay it, without interest, on the tenth business day of the seventh month after such separation from service.

Notwithstanding any provision of this Plan and grants hereunder to the contrary, in light of the uncertainty with respect to the proper application of Section 409A of the Code, the Company reserves the right to make amendments to this Plan and grants hereunder as the Company deems necessary or desirable to avoid the imposition of taxes or penalties under Section 409A of the Code. In any case, a Participant will be solely responsible and liable for the satisfaction of all taxes and penalties that may be imposed on a Participant or for a Participant's account in connection with this Plan and grants hereunder (including any taxes and penalties under Section 409A of the Code), and neither the Company nor any of its affiliates will have any obligation to indemnify or otherwise hold a Participant harmless from any or all of such taxes or penalties.

19. Miscellaneous Provisions

The Company will not be required to issue any fractional shares of Common Stock pursuant to this Plan. The Committee may provide for the elimination of fractions or for the settlement of fractions in cash.

This Plan will not confer upon any Participant any right with respect to continuance of employment or other service with the Company or any Subsidiary, nor will it interfere in any way with any right the Company or any Subsidiary would otherwise have to terminate such Participant's employment or other service at any time.

Except with respect to **Section 19(e)**, to the extent that any provision of this Plan would prevent any Option Right that was intended to qualify as an Incentive Stock Option from qualifying as such, that provision will be null and void with respect to such Option Right. Such provision, however, will remain in effect for other Option Rights and

there will be no further effect on any provision of this Plan.

No award under this Plan may be exercised by the holder thereof if such exercise, and the receipt of stock (d) thereunder, would be, in the opinion of counsel selected by the Company, contrary to law or the regulations of any duly constituted authority having jurisdiction over this Plan.

Absence on leave approved by a duly constituted officer of the Company or any of its Subsidiaries will not be (e) considered interruption or termination of service of any employee for any purposes of this Plan or awards granted hereunder.

No Participant will have any rights as a stockholder with respect to any shares subject to awards granted to him or (f) her under this Plan prior to the date as of which he or she is actually recorded as the holder of such shares upon the stock records of the Company.

The Committee may condition the grant of any award or combination of awards authorized under this Plan on the (g) surrender or deferral by the Participant of his or her right to receive a cash bonus or other compensation otherwise payable by the Company or a Subsidiary to the Participant.

Except with respect to Option Rights and Appreciation Rights, the Committee may permit Participants to elect to defer the issuance of Common Stock under the Plan pursuant to such rules, procedures or programs as it may (h) establish for purposes of this Plan and which are intended to comply with the requirements of Section 409A of the Code. The Committee also may provide that deferred issuances and settlements include the payment or crediting of dividend equivalents or interest on the deferral amounts.

If any provision of this Plan is or becomes invalid, illegal or unenforceable in any jurisdiction, or would disqualify (i) this Plan or any award under any law deemed applicable by the Committee, such provision will be construed or deemed amended or limited in scope to conform to applicable laws or, in the discretion of the Committee, it will be stricken and the remainder of this Plan will remain in full force and effect.

20. Effective Date/Termination

This Plan will be effective as of the Effective Date. No grants will be made on or after the Effective Date under the Predecessor Plan, except that outstanding awards granted under any Predecessor Plan will continue unaffected following the Effective Date. No grant will be made under this Plan after May 21, 2024, but all grants made on or prior to such date will continue in effect thereafter subject to the terms thereof and of this Plan.

21. Governing Law

This Plan and all grants and awards and actions taken hereunder will be governed by and construed in accordance with the internal substantive laws of the State of Georgia.

22. Stock-Based Awards in Substitution for Option Rights or Awards Granted by Other Company

Notwithstanding anything in this Plan to the contrary:

(a) Awards may be granted under this Plan in substitution for or in conversion of, or in connection with an assumption of, stock options, stock appreciation rights, restricted stock, restricted stock units or other stock or stock-based awards held by awardees of an entity engaging in a corporate acquisition or merger transaction with the Company or any Subsidiary. Any conversion, substitution or assumption will be effective as of the close of the merger or acquisition, and, to the extent applicable, will be conducted in a manner that complies with Section 409A of the Code.

(b) In the event that a company acquired by the Company or any Subsidiary or with which the Company or any Subsidiary merges has shares available under a pre-existing plan previously approved by stockholders and not adopted in contemplation of such acquisition or merger, the shares available for grant pursuant to the terms of such plan (as adjusted, to the extent appropriate, to reflect such acquisition or merger) may be used for awards made after such acquisition or merger under the Plan; *provided, however*, that awards using such available shares may not be made after the date awards or grants could have been made under the terms of the pre-existing plan absent the acquisition or merger, and may only be made to individuals who were not employees or directors of the Company or any Subsidiary prior to such acquisition or merger. The awards so granted may reflect the original terms of the awards being assumed or substituted or converted for and need not comply with other specific terms of this Plan, and may account for Common Stock substituted for the securities covered by the original awards and the number of shares subject to the original awards, as well as any exercise or purchase prices applicable to the original awards, adjusted to account for differences in stock prices in connection with the transaction.

(c) Any shares of Common Stock that are issued or transferred by, or that are subject to any awards that are granted by, or become obligations of, the Company under **Sections 22(a)** or **22(b)** above will not reduce the Common Stock available for issuance or transfer under the Plan or otherwise count against the limits contained in **Section 3** of the Plan. In addition, no shares of Common Stock that are issued or transferred by, or that are subject to any awards that are granted by, or become obligations of, the Company under **Sections 22(a)** or **22(b)** above will be

added to the aggregate plan limit contained in **Section 3** of the Plan.
