The Proxy Statement describes the matters to come before the Annual Meeting. During the Annual Meeting, we will also review the Company's 2015 Irish statutory financial statements.

Pursuant to the rules of the United States Securities and Exchange Commission, we are furnishing our proxy materials to shareholders over the Internet.

We appreciate your continued interest and support as an Allergan plc shareholder. We hope that you will be able to attend the Annual Meeting in person, and we look forward to seeing you.

It is important that your shares be represented and voted whether or not you plan to attend the Annual Meeting in person. ## **PROXY STATEMENT**

### **General**

Your proxy is solicited by the Board of Directors of Allergan plc (“*Allergan*,” the “*Company*,” “*we*,” “*us*” and “*our*”) for use at the 2016 Annual General Meeting of Shareholders (the “*Annual Meeting*”) to be held at The Conrad Hotel, Earlsfort Terrace, Dublin 2, Ireland, at 8:30 a.m. local time on May 5, 2016, for the purposes set forth in the accompanying Notice of Annual General Meeting of Shareholders.

In connection with the Annual Meeting, we have prepared a Notice of Annual General Meeting of Shareholders, a Proxy Statement, and our 2015 Annual Report to Shareholders, which provides detailed information relating to our activities and operating performance. Under United States Securities and Exchange Commission (“*SEC*”) rules, we have elected to make our proxy materials available to the majority of our shareholders via the Internet rather than mailing paper copies of those materials to each shareholder. On or about March 25, 2016, we mailed a Notice of Internet Availability of Proxy Materials (the “*Internet Notice*”) directing shareholders to a website where they can access this Proxy Statement and our Annual Report on Form 10-K for the year ended December 31, 2015 and view instructions on how to vote via the Internet or by telephone. If you receive an Internet Notice by mail, you will not automatically receive a printed copy of our proxy materials unless you specifically request one. If you received the Internet Notice only and would like to receive a paper copy of the proxy materials, please follow the instructions printed on the Internet Notice to request that a paper copy be mailed to you. We expect to mail this Proxy Statement, our 2015 Annual Report to Shareholders and related proxy materials to certain of our shareholders on or about March 25, 2016. We believe electronic delivery to the majority of our shareholders will expedite the receipt of materials, while lowering costs and reducing the environmental impact of our Annual Meeting by reducing printing and mailing of our proxy materials.

As disclosed in our public filings with the SEC, the Company became the successor registrant to Actavis, Inc. (f/k/a Watson Pharmaceuticals, Inc.) on October 1, 2013; separately, following shareholder approval at the 2015 Annual General Meeting of Shareholders of Actavis plc and the approval of the Registrar of Companies in Ireland, the Company changed its name from Actavis plc to Allergan plc. References throughout to “*we*,” “*our*,” “*us*,” the “*Company*” or “*Allergan*” refer to financial information and transactions of Watson Pharmaceuticals, Inc. prior to January 23, 2013, Actavis, Inc. from January 23, 2013 until October 1, 2013, Actavis plc from October 1, 2013 until June 15, 2015 and Allergan plc subsequent to June 15, 2015. On July 1, 2014, the Company completed its acquisition of Forest Laboratories, Inc. (“*Forest*” and such transaction, the “*Forest Acquisition*”). On March 17, 2015, the Company completed its acquisition of Allergan, Inc. (such transaction, the “*Allergan Acquisition*”).

## Who Can Vote

Only shareholders of record of our ordinary shares at the close of business on March 7, 2016, the record date for the Annual Meeting, are entitled to receive notice of and to attend, speak and vote their shares at the Annual Meeting. As of that date, there were 395,124,946 ordinary shares outstanding. Most of our shareholders hold their shares through a broker, bank or other nominee rather than directly in their own name. Certain distinctions between shares held of record and those owned beneficially are summarized below:

**Shareholder of Record.** If your ordinary shares are registered directly in your name with our transfer agent, Computershare, you are considered the shareholder of record with respect to those shares and these proxy materials are being sent to you directly by the Company. As the shareholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the Annual Meeting.

**Beneficial Owner.** If your shares are held in a brokerage account or by another nominee, you are considered to be the beneficial owner of shares held in “street name,” and these proxy materials, together with a voting instruction card, are being forwarded to you by your broker, bank or other nominee. As the beneficial owner of the shares, you have the right to direct your broker, bank or other nominee how to vote and you are also invited to attend the Annual Meeting. If you are a beneficial owner whose shares are held in street name, you are not the shareholder of record and you may not vote your shares in person at the Annual Meeting unless you obtain a legal proxy giving you the right to vote your shares at the Annual Meeting from the broker, bank or other nominee holding your shares in street name. If your shares are held in street name, your broker, bank or other nominee has enclosed or provided voting instructions for you to use in directing the broker, bank or other nominee how to vote your shares.

Each ordinary share is entitled to one vote on each matter properly brought before the Annual Meeting. Ordinary shares that are held in treasury will not be entitled to vote at the Annual Meeting.

## How to Vote

Your vote is very important and we encourage you to vote your shares and to submit your proxy regardless of whether or not you plan to attend the Annual Meeting. If you properly give your proxy and submit it to us in time to vote, one of the individuals named as your proxy will vote your shares as you have directed.

### Shareholders of Record

If you are a shareholder of record, you may vote in one of the following ways:

***By Telephone or over the Internet.*** You may submit your proxy by calling the toll-free telephone number noted on your proxy card or Internet Notice. Telephone proxy submission is available 24 hours a day and will be accessible until 3:59 p.m. Eastern time on May 2, 2016. Easy-to-follow voice prompts allow you to submit your proxy and confirm that your instructions have been properly recorded. You also may choose to vote over the Internet. The website for Internet voting is noted on your proxy card or Internet Notice. Internet voting is also available 24 hours a day and will be accessible until 3:59 p.m. Eastern time on May 2, 2016. As with telephone proxy submission, you may confirm that your instructions have been properly recorded. Shareholders who vote through the Internet or submit their proxy by telephone should be aware that they may incur costs to access the Internet, such as usage charges from telephone companies or Internet service providers, and that these costs must be borne by the shareholder.

***By Mail.*** If you received a paper copy of the proxy card by mail and choose to vote by mail, please mark your proxy card, date and sign it, and promptly return it in the postage-paid envelope provided, to be received by 10:00 a.m. Eastern time on May 2, 2016.

***In Person at the Annual Meeting.*** You may vote in person by attending the Annual Meeting and submitting a ballot.

**Shares must be voted either in person, by telephone proxy submission or over the Internet or by completing and returning a proxy card by mail. Shares cannot be voted by marking, writing on and/or returning an Internet Notice. Any Internet Notice that is returned will not be counted as a vote.**

If you are a shareholder of record of Allergan and you choose to submit your proxy by telephone by calling the toll-free number on your proxy card, your use of that telephone system, and in particular the entry of your pin number/other unique identifier, will be deemed to constitute your appointment, in writing and under hand, and for all purposes of the Irish Companies Act, 2014, of each of Brenton L. Saunders, Paul M. Bisaro and A. Robert D. Bailey as your proxy to vote your shares on your behalf in accordance with your telephone instructions.

If your proxy is properly completed, the shares it represents will be voted at the Annual Meeting as you instructed. If you submit your proxy, but do not provide instructions, your proxy will be voted in accordance with the Board of Directors' recommendations as set forth in this Proxy Statement.

### **Beneficial Owners**

If you are a beneficial owner of shares held in street name, then your broker, bank or other nominee will include instructions on how to vote your shares. Your broker, bank or nominee may allow you to deliver your voting instructions over the Internet and may also permit you to submit a proxy by telephone. In addition, you may request additional paper copies of the Proxy Statement and voting instruction form from your broker, bank or nominee by following the instructions on the proxy materials provided by your broker, bank or nominee. If you hold your shares in street name, you will need to obtain a legal proxy from your bank, broker or nominee in order for you to vote in person at the Annual Meeting and submit the legal proxy along with your ballot at the Annual Meeting.

### **Revoking Your Proxy**

You have the right to revoke your proxy at any time before it is voted at the Annual Meeting by (1) filing a written notice with our Company Secretary, or ( 2 ) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a proxy. If you wish to grant a new proxy, you can do so by telephone or over the Internet up to 3:59 p.m. Eastern time on May 2, 2016, or by mail, to be received by 10:00 a.m. Eastern time on May 2, 2016.

Any such notices and new proxies that are sent by mail should be sent to Allergan plc, Company Secretary, Clonshaugh Business and Technology Park, Coolock, Dublin, D17 E400, Ireland.

Persons who hold their shares through a bank, brokerage firm or other nominee may change their voting instructions by following the requirements of their bank or broker, or may vote in person at the Annual Meeting by obtaining a

legal proxy from their bank or broker and submitting the legal proxy along with their ballots.

**IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE SHAREHOLDER MEETING TO BE HELD ON MAY 5, 2016**

**The Notice of Annual Meeting, this Proxy Statement and the 2015 Annual Report to Shareholders will be available at [www.proxyvote.com](http://www.proxyvote.com). Our Irish statutory financial statements will be available at [www.proxyvote.com](http://www.proxyvote.com) on or before April 8, 2016.**

You are encouraged to review all of the important information contained in the proxy materials before voting.

**Solicitation of Proxies**

We have retained the services of a proxy solicitation firm, MacKenzie Partners, Inc. (“*MacKenzie*”), to solicit proxies for the Annual Meeting from our shareholders. We will bear the entire cost of our and MacKenzie’s solicitations, including the payment of fees of approximately \$15,000 to MacKenzie for their services, and the cost of preparation, assembly, printing and mailing of this Proxy Statement, the Internet Notice, the proxy card and any additional information furnished to shareholders. In addition to the use of the mail, our directors, officers and employees may solicit proxies on our behalf by telephone, facsimile, electronic mail or personal solicitation. Our directors, officers and employees will receive no additional compensation for such services. We will reimburse brokers, custodians and nominees for the reasonable expenses they incur furnishing proxy solicitation and other required Annual Meeting materials to street name holders who beneficially own those shares on the record date.

## **Quorum and Voting**

At the close of business on March 7, 2016, 395,124,946 ordinary shares were outstanding and entitled to vote at the Annual Meeting. Votes cast by proxy (including through the Internet or by telephone) or in person at the Annual Meeting will be tabulated by the election inspector appointed for the Annual Meeting who will determine whether or not a quorum is present. The presence, in person or by proxy, of the holders of a majority of our outstanding ordinary shares and entitled to vote at the Annual Meeting is necessary in order to constitute a quorum for the conduct of business at the Annual Meeting. Ordinary shares held in treasury will not be included in the calculation of the number of ordinary shares present at the Annual Meeting for purposes of determining a quorum.

If your ordinary shares are held by a broker in street name, under the rules of the New York Stock Exchange (“*NYSE*”) your broker may vote your shares on certain matters if you do not provide your broker with voting instructions. Proposal No. 3, the ratification of the selection of our independent registered public accountants and the authorization of the Board of Directors, acting through the Audit and Compliance Committee, to determine its remuneration, is considered a routine matter upon which brokerage firms may vote on behalf of their clients even if no voting instructions are provided. A “broker non-vote” occurs when a broker holding your shares in street name does not vote on a particular matter because you did not provide the broker voting instructions and the broker lacks discretionary voting authority to vote the shares because the matter is non-routine.

The non-routine matters on the agenda for this year’s Annual Meeting are (a) Proposal No. 1: the election of directors, (b) Proposal No. 2: a non-binding vote to approve the compensation of our Named Executive Officers, (c) Proposal No. 4: the amendment of the Company’s (A) Memorandum of Association to make certain administrative amendments and (B) Articles of Association to make certain administrative amendments, (d) Proposal No. 5: the amendment of the Company’s Articles of Association to (A) provide for a plurality voting standard in the event of a contested election and (B) grant the Board of Directors sole authority to determine its size, (e) Proposal No. 6: the approval of the reduction of company capital and (f) the two shareholder proposals (Proposals No. 7 and 8). Accordingly, with respect to the proposals other than Proposal No. 3 (ratification of the selection of our independent registered public accountants and authorization of the Board of Directors, acting through the Audit and Compliance Committee, to determine its remuneration), your broker will not be able to vote your shares without specific instructions from you.

If a proxy is received but marked “abstain” or if a broker non-vote occurs, those shares will be considered as present and entitled to vote for purposes of determining the presence of a quorum.

A properly submitted proxy that is received by 3:59 p.m. on May 2, 2016 (with respect to proxies submitted through the Internet or by telephone) or by 10:00 a.m. on May 2, 2016 (with respect to proxies submitted by mail) and that is not revoked will be voted in the manner directed by the shareholder submitting the proxy. If no direction is made, such proxy will be voted:

- FOR** the election of each of Nesli Basgoz, M.D., Paul M. Bisaro, James H. Bloem, Christopher W. Bodine, Christopher J. Coughlin, Michael R. Gallagher, Catherine M. Klema, Peter J. McDonnell, M.D., Patrick J. O'Sullivan, Brenton L. Saunders, Ronald R. Taylor and Fred G. Weiss as our directors;
- FOR** the approval, on a non-binding basis, of our Named Executive Officer compensation;
- FOR** the ratification, on a non-binding basis, of the appointment of PricewaterhouseCoopers LLP as the Company's independent auditor for the fiscal year ending December 31, 2016 and the authorization, on a binding basis, of the Board of Directors, acting through the Audit and Compliance Committee, to determine its remuneration;
- FOR** the amendment of the Company's (A) Memorandum of Association to make certain administrative amendments and (B) Articles of Association to make certain administrative amendments;
- FOR** the amendment of the Company's Articles of Association to (A) provide for a plurality voting standard in the event of a contested election and (B) grant the Board of Directors sole authority to determine its size;
- FOR** the approval of the reduction of company capital;
- AGAINST** the shareholder proposal described in Proposal No. 7; and
- AGAINST** the shareholder proposal described in Proposal No. 8.

As of the date of this Proxy Statement, the Board of Directors knows of no other business that will be presented for consideration at the Annual Meeting. However, if other proper matters are presented at the Annual Meeting, or any continuations, adjournments or postponements of the Annual Meeting, it is the intention of the proxy holders named in our form of proxy to vote the proxies held by them in accordance with their best judgment.

The proxy for the Annual Meeting gives each of Brenton L. Saunders, Paul M. Bisaro and A. Robert D. Bailey or any other proxy appointed by you discretionary authority to vote your shares in accordance with his best judgment with respect to all additional matters that might come before the Annual Meeting.

### **Irish Statutory Financial Statements**

We are presenting our Irish statutory financial statements, including the reports of the directors and the statutory auditors thereon, at the Annual General Meeting, and we are making a copy of them available for download in PDF format on [proxyvote.com](http://proxyvote.com) on or before April 8, 2016. Since we are an Irish company, we are required to prepare Irish statutory financial statements under applicable Irish company law and to deliver those accounts to shareholders of record in connection with our Annual Meeting. The Irish statutory financial statements cover the results of operations and financial position of Allergan plc for the year ended December 31, 2015. Irish law requires the directors to prepare financial statements for each financial year giving a true and fair view of the state of the group's and parent company's affairs at the end of the financial year and of the group's profit or loss for the financial year. Under that law, the directors have prepared the group's consolidated financial statements in accordance with U.S. generally accepted accounting principles, as defined in Section 279 of the Irish Companies Act 2014, to the extent that the use of those principles in the preparation of the consolidated financial statements does not contravene any provision of the Irish

Edgar Filing: Allergan plc - Form DEF 14A

Companies Act 2014 or of any regulations made thereunder and the parent company financial statements in accordance with accounting standards issued by the Financial Reporting Council and promulgated by the Institute of Chartered Accountants in Ireland (Generally Accepted Accounting Practice in Ireland).

We will mail without charge, upon written request, a copy of the Irish statutory financial statements to shareholders of record or beneficial owners of our ordinary shares. Requests should be sent to Allergan plc, Clonshaugh Business and Technology Park, Coolock, Dublin, D17 E400, Ireland.

## **“Householding”**

In an effort to reduce printing costs and postage fees, we have adopted a practice approved by the SEC called “householding.” Under this practice, non-registered shareholders who have the same address and last name will receive only one copy of the Internet Notice and, upon request, our proxy materials, unless one or more of these non-registered shareholders notifies us that he or she wishes to receive individual copies. If you share an address with another non-registered shareholder and prefer to receive separate copies of the Internet Notice, or if you currently receive separate copies and would prefer to receive one copy, please mail your request to Allergan plc, Investor Relations, Morris Corporate Center III, 400 Interpace Parkway, Parsippany, NJ 07054, or call Investor Relations at +1-862-261-7488.

## **Information on Our Website**

Information on our website, other than our Proxy Statement and form of proxy, or any other website referred to in this Proxy Statement, is not part of the proxy soliciting material and is not incorporated into this Proxy Statement by reference.

## **Assistance**

If you need assistance in submitting your proxy or have questions regarding the Annual Meeting, please contact our investor relations department at +1-862- 261-7488 or [investor.relations@allergan.com](mailto:investor.relations@allergan.com) or write to: Investor Relations, Allergan plc, Morris Corporate Center III, 400 Interpace Parkway, Parsippany, NJ 07054 or contact our proxy solicitor, MacKenzie Partners, toll-free at +1-800-322-2885 or via email at [proxy@mackenziepartners.com](mailto:proxy@mackenziepartners.com).

The Company’s Irish statutory financial statements for the fiscal year ended December 31, 2015, including the reports of the directors and auditors thereon, will be presented at the Annual Meeting. There is no requirement under Irish law that such statutory financial statements be approved by shareholders, and no such approval will be sought at the Annual Meeting. Proposal No. 1 Election of Directors

Under the Company's current Articles of Association, the Board of Directors must consist of between five and fourteen directors. On February 5, 2015, the Board of Directors approved a reduction in the size of the Board of Directors from fourteen to twelve, which became effective on March 17, 2015 upon the closing of the Allergan Acquisition.

At the Annual Meeting, twelve directors are proposed to be elected to serve until the 2017 Annual General Meeting of Shareholders or until their successors are duly elected and qualified.

Our Board of Directors has also adopted a Code of Conduct (the “*Code*”), which applies to all of our Board members and all of our officers and employees. The Code sets forth and summarizes certain of our policies related to legal compliance and honest and ethical business practices. The Code is intended to comply with the standards set forth in Section 303A.10 of the NYSE’s Listed Company Manual and SEC rules and regulations. Any amendments to, or waivers from, provisions of the Code that apply to our directors or executive officers, including our Chief Executive Officer (“*CEO*”) and Chief Financial Officer and persons performing similar functions, will be promptly posted on our website at [www.allergan.com](http://www.allergan.com).

For a director to be considered independent, the Board of Directors must determine that the director does not have any direct or indirect material relationship with Allergan. To assist in making this determination, the Board of Directors has adopted Director Independence Standards, which are designed to conform to, or be more exacting than, the independence requirements set forth in the listing standards of the NYSE. You may find these standards at Exhibit A of our Corporate Governance Guidelines discussed above, which may be found under the “Investors — Corporate Governance” section of our website at [www.allergan.com](http://www.allergan.com). In addition to applying these Director Independence Standards, the Board of Directors considers any and all additional relevant facts and circumstances in making an independence determination.

Our Board of Directors has determined that at least a majority of its directors has no direct or indirect material relationship with us (other than as our director) and such directors are independent within the meaning of the independence standards promulgated by the SEC and the NYSE. The Board of Directors determined, based on our

Director Independence Standards and the NYSE standards for independence, that Nesli Basgoz, M.D., James H. Bloem, Christopher W. Bodine, Christopher J. Coughlin, Catherine M. Klema, Patrick J. O'Sullivan, Ronald R. Taylor, Michael R. Gallagher and Peter J. McDonnell, M.D. and Fred G. Weiss, have no material relationship with us and are independent directors. Messrs. Bisaro and Saunders were determined to be not independent because they are our Executive Chairman and Chief Executive Officer and President, respectively.

In making its independence determinations, the Board of Directors reviewed transactions and relationships between each director, or any member of his or her immediate family, and us or one of our subsidiaries or affiliates based on information provided by the director, our records and publicly available information. Each of the reviewed transactions and arrangements were entered into in the ordinary course of business and none of the business transactions, donations or grants involved an amount that exceeded the greater of \$1 million or 2% of either company's revenues with respect to transactions where a director served as an employee or general partner of the entity party to the transaction or any member of his or her immediate family or spouse served as an executive officer or general partner of any such entity.

In making its independence determinations, the Board of Directors considered the fact that many of our independent directors currently serve or have previously served within the last three years as a professor, trustee, director, or member of a board, council or committee for one or more charitable organizations (including research or scientific institutions), hospitals, for profit corporations or any other entity with which Allergan has business transactions or to which Allergan may make grants. These business transactions may include, among other things, purchases of services and supplies, licensing transactions, healthcare sponsorships and programs, research and development and clinical trials, activities, and limited consulting services.

None of our non-employee directors directly or indirectly provides any professional or consulting services to us and none of our directors currently has or has had any direct or indirect material interest in any of the above transactions and arrangements.

The Board of Directors has determined that these transactions were made in the ordinary course and did not affect the independence of the directors involved.

## **RISK OVERSIGHT**

Risk is inherent in every business, and how well a business manages risk can ultimately determine its success. We face a number of risks, including economic risks, financial risks, legal and regulatory risks, and others, such as the impact of competition and reputational risks. Management is responsible for the day-to-day management of the risks that we face, while the Board of Directors, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, the Board of Directors is responsible for satisfying itself that the risk management processes designed and implemented by management are adequate and functioning as designed.

While the Board of Directors is ultimately responsible for risk oversight at Allergan, various committees of the Board of Directors are actively involved in the oversight of risks facing us.

A committee of the Board of Directors receives regular reports from members of senior management on areas of material risk to the Company. When a committee receives the report, the Chairman of the relevant committee reports on the discussion to the full Board of Directors during the next Board of Directors meeting. This enables the Board of Directors and its committees to coordinate their oversight of risk and identify risk interrelationships. Pursuant to its charter, the Audit and Compliance Committee is responsible for discussing with management the Company's major areas of financial and compliance risk exposure, and reviewing the Company's risk assessment and risk management policies. Pursuant to its charter, the Quality and Innovation Committee is responsible for assisting the Board of Directors with its oversight responsibilities regarding (i) the Company's compliance with quality systems and other legal and regulatory requirements related to product safety and quality and environmental, health and safety matters; and (ii) the Company's strategy, activities, results and investment in product research and development and innovation initiatives. As discussed in more detail in the Assessment of Compensation Risk section of this Proxy Statement on page 21, the Compensation Committee reviews our compensation programs to ensure that these programs do not lead to excessive risk-taking by our employees. The Board of Directors does not believe that its role in the oversight of the Company's risk affects the Board of Directors' leadership structure.

Board of Directors and Committees

## **EXECUTIVE SESSIONS**

We schedule regular executive sessions in which all of the directors meet without management participation. We also schedule regular executive sessions in which only independent directors meet. During 2015, Ms. Klema served, and still continues to serve, as our lead independent director.

## **COMMUNICATIONS WITH THE BOARD OF DIRECTORS**

Any interested party, including any shareholder, wishing to contact the Board of Directors, the presiding director of the non-management director meetings, or any other individual director may do so in writing by sending a letter to:

Chairman, Nominating and Corporate Governance Committee  
c/o Corporate Secretary

Allergan plc

Clonshaugh Business and Technology Park, Coolock,  
Dublin, D17 E400, Ireland

Our Corporate Secretary reviews all such written correspondence and regularly forwards to the Board of Directors a summary of all correspondence and copies of correspondence that, in the opinion of the Corporate Secretary, deal with the functions of the Board of Directors or its committees, or that the Corporate Secretary otherwise determines requires Board of Directors attention.

## **LEADERSHIP STRUCTURE**

Our Board of Directors currently has no policy as to whether the roles of Chairman of the Board and Chief Executive Officer should be filled by separate individuals.

Immediately following the closing of the Forest Acquisition, on July 1, 2014, Paul M. Bisaro (formerly the Chairman and Chief Executive Officer of the Company) became the Executive Chairman, and Brenton L. Saunders (formerly the Chief Executive Officer and President of Forest) became Chief Executive Officer, President, and a member of the Board of Directors of the Company. Our Board of Directors has determined this leadership structure to be appropriate for the Company at this time, as Mr. Bisaro possesses deep knowledge of the Company, its management and operations, and has extensive experience with integrating complex pharmaceutical enterprises. Separating the roles of Executive Chairman and Chief Executive Officer enables the Board of Directors to aid in the oversight of management. Additionally, the separation of roles ensures that Mr. Saunders is able to focus on the ongoing operations of the Company, strategic mergers and acquisitions and driving the integration of our business in light of recent significant acquisitions. Additionally, the Board of Directors believes having a lead independent director provides a well-functioning and effective balance between strong Company leadership and appropriate safeguards and oversight by independent directors.

## **DIRECTOR NOMINATION PROCESS**

The Nominating and Corporate Governance Committee considers director candidates from diverse sources, including suggestions from shareholders. From time to time, the Nominating and Corporate Governance Committee may engage a third party for a fee to assist in identifying potential director candidates. The Nominating and Corporate Governance Committee looks for candidates who represent a diverse mix of backgrounds and experiences that will enhance the quality of the Board of Directors' deliberations and decisions. The backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board of Directors to fulfill its responsibilities. Specifically, this committee seeks candidates who (a) bring not only direct experience, but also a variety of experience and background, both professionally and personally, (b) will represent the best interests of the shareholders as a whole rather than special interest groups or particular constituencies, (c) have a reputation for integrity and (d) satisfy the independence requirements of the NYSE, our Director Independence Standards and applicable law. The Nominating and Corporate Governance Committee's goal is to have a diverse, balanced and engaged Board of Directors whose members possess the skills and background necessary to maximize shareholder value in a manner consistent with all legal requirements and the highest ethical standards. Our Corporate Governance Guidelines specify that the value of diversity on the Board of Directors should be considered by the Nominating and Corporate Governance Committee in the director identification and nomination process. This committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. The Nominating and Corporate Governance Committee's Charter and our Corporate Governance Guidelines, which are published on our website at [www.allergan.com](http://www.allergan.com) under the Investors section, set forth in further detail the criteria that guide this committee in assessing potential candidates for the Board of Directors.

In determining whether to recommend a director for re-election, the Nominating and Corporate Governance Committee considers the director's contributions to the Board of Directors and the committees on which such person serves, participation in and attendance at meetings, and any changes in employment status, health, community activity or other factors that may affect the director's continuing contributions to the Board of Directors. The Nominating and Corporate Governance Committee evaluates each individual in the context of the Board of Directors as a

[Back to Contents](#)

whole, with the objective of recommending a group of candidates that can best ensure the long-term success of the business and represent shareholder interests through the exercise of sound judgment using its depth and diversity of experience.

The Nominating and Corporate Governance Committee initially evaluates a candidate for nomination to the Board of Directors based on information supplied by the party recommending the candidate and any additional public information that may be available. If the initial evaluation is favorable, the Nominating and Corporate Governance Committee gathers additional information on the candidate's qualifications, availability, probable level of interest and any potential conflicts of interest. If the subsequent evaluation is also favorable, the Nominating and Corporate Governance Committee contacts the candidate directly to better determine each party's level of interest in pursuing the candidacy and checks the candidate's references. If, after discussions and meetings, the candidate and the Nominating and Corporate Governance Committee establish a mutual interest in pursuing the candidacy, the committee will make a final recommendation to the Board of Directors to nominate the candidate for election by the shareholders (or to select the candidate to fill a vacancy, as applicable). The Nominating and Corporate Governance Committee employs the same process for evaluating all candidates, including those properly recommended by shareholders and will consider shareholder recommendations of candidates on the same basis as it considers all other candidates.

Shareholders wishing to recommend a director candidate for consideration by the Nominating and Corporate Governance Committee may do so by sending the candidate's name, biographical information and qualifications, together with a consent in writing signed by the recommended nominee that he or she is willing to be considered as a nominee and, if nominated and elected, he or she will serve as a director, to the Chair of the Nominating and Corporate Governance Committee in care of the Corporate Secretary, Allergan plc, Clonsaugh Business and Technology Park, Coolock, Dublin, D17 E400, Ireland. The submission of a recommendation by a shareholder in compliance with these procedures does not guarantee the selection of the shareholder's candidate or the inclusion of the candidate in our Proxy Statement. However, the Nominating and Corporate Governance Committee will consider any such candidate in accordance with the procedures and guidelines as described above and as set forth in the Charter of our Nominating and Corporate Governance Committee and in our Corporate Governance Guidelines.

## **BOARD MEETINGS**

During the fiscal year ended December 31, 2015, the Board of Directors of Allergan plc held 15 meetings. Each incumbent director attended at least 75 percent of the combined total of (i) all Board of Directors meetings and (ii) all meetings of committees of which the director was a member. We do not have a policy with regard to Board members' attendance at annual meetings. Two members of the Board of Directors then in office attended our 2015 Annual General Meeting of Shareholders.

## **COMMITTEES**

The Board of Directors has created four standing committees: the Audit and Compliance Committee, the Compensation Committee, the Nominating and Corporate Governance Committee and the Quality and Innovation Committee. The Board of Directors has adopted a charter for each of the four committees. The charters for each committee and other materials related to corporate governance are available under the Investors section of our website at [www.allergan.com](http://www.allergan.com). A copy is also available to shareholders upon request sent to Allergan plc, Investor Relations, Morris Corporate Center III, 400 Interpace Parkway, Parsippany, NJ 07054.

## **THE AUDIT AND COMPLIANCE COMMITTEE**

We have an Audit and Compliance Committee currently composed of James H. Bloem, Michael R. Gallagher, Patrick J. O'Sullivan and Fred G. Weiss.

Mr. Weiss serves as the Chairman of the Audit and Compliance Committee. All of the members of the Audit and Compliance Committee have been determined by the Board of Directors to be "independent" and meet the audit committee independence requirements of the NYSE listing standards and SEC Rule 10A-3. The Board of Directors has determined that three of the current members of the Audit and Compliance Committee qualify as "audit committee financial experts" within the meaning of the SEC rules, and are financially literate as required under the NYSE listing standards.

The functions of the Audit and Compliance Committee and its activities during fiscal 2015 are described on page 51 under the heading "Report of the Audit and Compliance Committee."

The Audit and Compliance Committee is directly responsible for the engagement, compensation and oversight of the work of PricewaterhouseCoopers LLP (including resolution of disagreements, if any, between management and PricewaterhouseCoopers LLP regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. During the fiscal year ended December 31, 2015, the Audit and Compliance Committee of Allergan plc met 10 times.

## **THE COMPENSATION COMMITTEE**

We have a Compensation Committee currently composed of Christopher W. Bodine, Christopher J. Coughlin, Catherine M. Klema and Ronald R. Taylor. Messrs. Bodine, Coughlin and Taylor served on the Compensation Committee throughout fiscal year 2015. Tamar D. Howson served on the Compensation Committee during fiscal year 2015 until March 17, 2015, when Ms. Howson resigned from the Board of Directors and its committees in connection with the closing of the Allergan Acquisition. Ms. Klema was appointed to the Compensation Committee in May 2015.

Mr. Taylor serves as the Chairman of the Compensation Committee. All of the members of the Compensation Committee have been determined by the Board of Directors to be “independent” and meet the independence requirements of the NYSE listing standards. Our Board of Directors has determined that all current Compensation Committee members qualify as “non-employee directors” within the meaning of Section 16 of the Securities Exchange Act of 1934, as amended (the “*Exchange Act*”) and

[Back to Contents](#)

as “outside directors” within the meaning of Section 162(m) of the Internal Revenue Code. The primary purpose of the Compensation Committee is to: (1) evaluate the performance and determine the compensation of our chief executive officer and Executive Chairman; (2) review and determine the compensation payable to our executive officers; (3) oversee and administer our equity compensation and other incentive compensation plans; (4) oversee the use of senior executive employment agreements and severance plans; (5) review compensation programs and policies for features that may encourage excessive risk taking, and determine the extent to which there may be a connection between compensation and risk; and (6) review and approve the Compensation Discussion and Analysis to be included in the Proxy Statement for our annual meetings.

The Compensation Committee engaged Frederic W. Cook & Co., Inc. (“*F.W. Cook*”), an independent compensation consulting firm, to advise the Compensation Committee during 2015. F.W. Cook reported directly to the Compensation Committee and the Compensation Committee retains the right to terminate or replace the consultant at any time. F.W. Cook provides no services to the Company or management. Additional information about the Compensation Committee’s processes and procedures for consideration of executive compensation, including the role of our chief executive officer, are addressed in the Compensation Discussion and Analysis beginning on page 22. The Compensation Committee of Allergan plc met 7 times during the fiscal year ended December 31, 2015.

Each year the Compensation Committee reviews the independence of its compensation consultant and other advisors. In performing its analysis, the Compensation Committee considers the factors set forth in SEC rules and NYSE listing standards. After review and consultation with F.W. Cook, the Compensation Committee has determined that F.W. Cook is independent and there are no conflicts of interest raised by the work of F.W. Cook currently nor were any conflicts of interest raised by the work performed during the year ended December 31, 2015.

### **Assessment of Compensation Risk**

The Compensation Committee, with the assistance of senior management and our independent compensation consultant, generally reviews the elements of our executive compensation programs to determine whether they encourage excessive risk taking. Among other things, it considers the following:

- A significant portion of executives’ compensation is tied to the achievement of longer-term financial goals and sustained stock price performance, which is intended to encourage a long-term perspective and discourage short-term risk taking.
- Goals are appropriately set to be sufficiently challenging but also reasonably achievable with strong performance.
- The design of our short- and long-term incentives avoids steep payout cliffs at certain performance levels that may encourage short-term business decisions to meet payout thresholds.
- To reduce the tendency of formulae and other objective financial performance measures to encourage short-term or excessive risk-taking, compensation decisions are not based solely on the Company’s financial performance, but also

on subjective considerations, which account for non-financial performance and judgment.

- The Company has stock ownership guidelines to further align the interests of our executives with shareholders.

The Company has clawback provisions that give the Compensation Committee the discretion to reduce the bonus

- amounts payable to our NEOs based on factors determined to be appropriate, including the achievement of performance goals applied under our Company-wide annual incentive plan, as described on page 26.

Based on the above, management has determined that risks arising from these policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company.

## **THE NOMINATING AND CORPORATE GOVERNANCE COMMITTEE**

We have a Nominating and Corporate Governance Committee currently composed of Christopher W. Bodine, James H. Bloem, Christopher J. Coughlin, Catherine M. Klema, Ronald R. Taylor and Fred G. Weiss. Each member of the Nominating and Corporate Governance Committee served as such throughout fiscal year 2015. Mr. Bodine serves as the Chairman of the Nominating and Corporate Governance Committee. All of the members of the Nominating and Corporate Governance Committee have been determined by the Board of Directors to be “independent” and meet the independence requirements of the NYSE listing standards. The key functions of the Nominating and Corporate Governance Committee are to identify and present qualified candidates to the Board of Directors for election or re-election as directors of the Company, ensure that the size and composition of the Board of Directors and its committees best serve our practices and objectives, develop and recommend to the Board of Directors a set of corporate governance guidelines and principles and periodically review and recommend changes to such guidelines and principles as deemed appropriate, oversee the evaluation of the Board of Directors and senior management, make recommendations to the Board of Directors regarding the compensation payable to members of the Board of Directors and make recommendations to the Board of Directors regarding governance matters, including our Amended and Restated Memorandum and Articles of Association. The Nominating and Corporate Governance Committee of Allergan plc met 4 times during the fiscal year ended December 31, 2015.

## **THE QUALITY AND INNOVATION COMMITTEE**

We have an Quality and Innovation Committee (formerly known as the Operations and Innovation Committee) currently composed of Nesli Basgoz, M.D., Michael R. Gallagher, Peter J. McDonnell, M.D. and Patrick J. O’Sullivan. Dr. Basgoz and Mr. O’Sullivan served on the committee throughout fiscal year 2015. Tamar D. Howson, John A. King, Jiri Michal and Andrew L. Turner served on the committee during fiscal year 2015 until March 17, 2015. Effective March 17, 2015 and in connection with the closing of the Allergan Acquisition, Ms. Howson, Dr. King and Messrs. Michal and Turner resigned from our Board of Directors.

The Quality and Innovation Committee assists the Board of Directors with the Board of Directors’ oversight responsibilities regarding our compliance with applicable legal and regulatory requirements related to product safety and quality and environmental, health and safety matters. Dr. Basgoz served as the Chairman of the Quality and Innovation Committee during the fiscal year 2015. The Quality and Innovation Committee met 4 times during the

fiscal year ended December 31, 2015.

## OUR EXECUTIVE COMPENSATION FRAMEWORK

Our executive compensation framework focuses on the following key objectives:

- Creating unambiguous long-term shareholder alignment by linking a substantial portion of executives' pay to share price appreciation;
- Delivering sustainable top- and bottom-line growth;
- Over-achieving our merger commitments;
- Creating a unified management team aligned to a shared set of objectives;
- Attracting and retaining key executive talent;
- Providing flexibility and allowing for Compensation Committee discretion in order to reflect individual circumstances as well as changing business conditions and priorities; and
- Reinforcing our bold, entrepreneurial culture.

Component	Key Elements	Purpose
Pay Mix (see page 25 for additional details)	Maintain lower base salaries vs. peers.	Ensures substantial portion of compensation is performance-based and tied to financial and share price performance.
Performance Share Unit (PSU) Program	PSU program provides payouts dependent solely upon the achievement of certain share price compound annual growth rate targets during the 39-month performance period. Additional service-based vesting feature provides for final payouts in 2019.	Creates unambiguous long-term shareholder alignment and enhanced retention of key executives.
Stock Options	Stock option grants with a longer vesting horizon (20% per year over five years).	Creates additional alignment between pay and long-term share price performance.
Front-Loading of Equity Grants (see page 28 for additional details)	Front-loading of equity grants results in grants being made to our NEOs every three years rather than annually.  No new grants were made in 2015.	Create strong focus on sustained growth and immediate shareholder alignment by emphasizing performance in critical first years immediately following the Forest and Allergan Acquisitions.  Focus executives on delivering on our Forest and Allergan Acquisition commitments while maintaining industry leading shareholder returns.
Transaction-based awards (see page 29 for additional details)	Special cash-based long-term incentive awards related to our transformational Forest and Allergan Acquisitions.	Create enhanced retention of executives during the critical integration processes.

## KEY GOVERNANCE FEATURES OF OUR EXECUTIVE COMPENSATION PROGRAMS

**At-risk compensation and pay for performance.** As illustrated by the charts on page 25, we link a significant portion of each NEO's total compensation to the achievement of specific, rigorous performance goals. We consider such portion of each executive's compensation to be "at-risk."

**Appropriate choice and use of peer groups.** We have thoughtfully selected a peer group of companies with similar market capitalization or scope of operations to us to review relevant market competitiveness data and to ensure our NEOs' compensation remains competitive. We set executive total compensation at levels the Compensation Committee believes are appropriate relative to the total compensation paid to similarly situated executives of our peer companies, giving consideration to market and other factors as well as relative company performance and the fact that a significant percentage of our NEOs' compensation is at risk.

**Equity compensation best practices.** Our equity plans prohibit option re-pricing or replacement of underwater options. Our equity incentives generally vest over a period of four to five years to ensure that our executives maintain a long-term view of shareholder value creation and to encourage retention.

**No supplemental retirement plans.** We do not maintain any supplemental retirement plans.

**Caps on incentive awards.** Our annual cash incentive awards and payouts under all of our equity- and cash-based long-term incentive awards are capped.

**Limited perquisites and personal benefits.** We provide our NEOs with only limited perquisites and personal benefits in addition to the regular benefits offered to all employees. We believe that each of these perquisites has an important business purpose.

**No single-trigger change in control benefits.** Our change in control arrangements, which include payment of cash severance benefits under the NEOs' employment agreements or our change in control severance pay plan, as applicable, and accelerated vesting of long-term equity incentive awards, are "double-trigger" in that they are payable only if an NEO's employment is terminated following a change of control. This feature enhances management continuity in the event of a change of control of the Company.

**Independent Compensation Committee consultant.** F.W. Cook, the Compensation Committee's compensation consultant, reports directly to the Compensation Committee and provides no services to the Company or management.

**Risk mitigation.** As described in further detail on page 21, the mix and design of our compensation programs serve to mitigate operational, financial, legal and regulatory, and strategic and reputational risks. In addition, our share ownership guidelines and clawback policies help mitigate risk.

**ALLERGAN - 2016 Proxy Statement 24**

[Back to Contents](#)

**Share ownership requirements and anti-hedging and anti-pledging policies.** Our executive officers are subject to minimum share ownership requirements intended to reflect the Compensation Committee’s philosophy that all officers should hold a significant amount of shares to ensure their interests are aligned with those of our shareholders. These requirements were recently increased in early 2016 (see page 32 for more details). In addition, our insider trading policy prohibits our NEOs from hedging their economic exposure to our shares or pledging our shares.

**Clawback policies.** Our 162(m) annual bonus plan, described on page 26, includes clawback policies that give the Compensation Committee the discretion to reduce the bonus amounts payable to our NEOs based on factors determined to be appropriate, including the achievement of performance goals applied under our Company-wide annual incentive plan, as described on page 26.

## **IMPACT OF 2015 SAY ON PAY VOTE & SHAREHOLDER ENGAGEMENT**

At our 2015 shareholders meeting, we provided shareholders with the opportunity to cast an annual non-binding vote on executive compensation. Over 85% of the votes cast on this 2015 “say-on-pay” vote were in favor of the proposal. Although the results of this vote are advisory and non-binding, we have considered the results of the 2015 say-on-pay vote as well as discussions held with many of our largest shareholders. We believe that overwhelming support of our shareholders for the 2015 say-on-pay vote proposal indicates that our shareholders are generally supportive of our approach to executive compensation. In the future, we will continue to consider the outcome of our say-on-pay votes and other shareholder feedback when making compensation decisions regarding our NEOs.

## **DETERMINATION OF COMPENSATION**

### **ROLE OF THE COMPENSATION COMMITTEE AND MANAGEMENT IN COMPENSATION DECISIONS**

The Compensation Committee makes all compensation decisions regarding senior management, which includes our NEOs and certain other senior officers of the Company. The Compensation Committee considers the recommendation of both the Chief Executive Officer and Executive Chairman in determining the compensation of the other NEOs.

The Compensation Committee engaged F.W. Cook, an independent executive compensation consulting firm, to advise the Compensation Committee on matters related to Chief Executive Officer and other executive compensation with respect to 2015.

For more information on the role of the Compensation Committee and the Committee's independent consultant, see page 21.

## **PRINCIPAL COMPONENTS OF 2015 EXECUTIVE COMPENSATION**

This section describes the components of our NEOs' 2015 compensation, which consisted of the following:

- | <b>Direct Compensation</b> | <b>Indirect Compensation</b>  |
|----------------------------|-------------------------------|
| • Base Salary              | • Employee and other benefits |
| • Annual Incentive Awards  |                               |
| • Long-Term Incentives     |                               |

The following chart illustrates the key direct compensation components for our Chief Executive Officer and other NEOs as a percentage of their 2015 total target direct compensation opportunities:

COMPONENTS OF CEO PAY NAMED EXECUTIVE OFFICER PAY  
(AVERAGE)

[Back to Contents](#)**BASE SALARY**

Base salary provides our NEOs with a degree of financial certainty and stability. In setting base salaries and determining base salary increases for our NEOs, the Compensation Committee takes into account a variety of factors, including:

- Level of responsibility;
- Individual and team performance;
- Internal review of the NEO's total compensation, individually and relative to our other officers and executives with similar responsibilities within the Company; and
- General levels of salaries and salary changes relative to our other officers and executives with similar responsibilities at peer group companies.

Salary levels are typically reviewed annually as part of our performance review process as well as upon a promotion or other change in job responsibility. Increases to the salaries of our NEOs are based on the Compensation Committee's and the Chief Executive Officer's assessment (other than for himself) of the individual's performance and market conditions.

Consistent with our objective to ensure that a substantial portion of pay is performance based, the Compensation Committee determined not to increase the base salaries for Messrs. Saunders, Bisaro and Stewart in 2015. Based on its annual review of executive officer compensation levels and opportunities, as described in more detail on page 27, the Compensation Committee approved base salary adjustments in 2015 for Ms. Hilado and Mr. Meury of 15% given their significantly lower base salary levels as compared to similar executives at peer companies. Even after these increases, Ms. Hilado's and Mr. Meury's base salaries continue to be positioned below comparable executives at peer companies.

The base salaries for our NEOs during 2015 are set forth in the following table:

<b>Name</b>	<b>2014 Base Salary (\$)</b>	<b>2015 Base Salary (\$)</b>	<b>Change (%)</b>
Brenton L. Saunders	1,000,000	1,000,000	0
Paul M. Bisaro	750,000	750,000	0
Maria Teresa Hilado	545,000	625,000	15
Robert A. Stewart	715,000	715,000	0
William Meury	545,000	625,000	15

**ANNUAL INCENTIVE AWARDS**

Annual cash incentive awards are an important feature of our performance-based compensation program. Annual cash incentive awards to our NEOs are made under our 162(m) Plan, which the Company adopted and our shareholders approved in 2012. The 162(m) Plan is intended to allow incentive compensation payable under such plan to qualify as performance-based compensation and therefore be tax-deductible by the Company under Section 162(m) of the Internal Revenue Code. See “Tax Deductibility of Compensation” on page 33 for further information regarding Section 162(m).

For 2015, the maximum award for each participant under the 162(m) Plan continued to be based on a percentage of the Company’s operating income<sup>(1)</sup>, as defined in the 162(m) Plan (3.0% for Messrs. Saunders and Bisaro and 2.0% for each of our other NEOs), with a cap of \$7,000,000 payable to a participant in any given year. Under the 162(m) Plan, the Compensation Committee has the discretion to reduce the bonus amounts payable to our NEOs based on factors determined to be appropriate, including the achievement of performance goals applied under our Company-wide annual incentive plan (the “AIP”), as described below. The majority of our non-field-based employees participate in the AIP.

The Compensation Committee’s practice has been to exercise negative discretion from the calculated 162(m) Plan maximum award payable to each NEO by applying the AIP performance goal(s) in making its determination of the actual award amount paid. This approach is not purely formulaic, however, as the Compensation Committee also considers the contributions of each participant to our success during the performance period and other factors it deems appropriate. The Compensation Committee cannot increase the calculated 162(m) Plan maximum award payable and can only reduce it. Annual cash incentive awards are typically paid in March of the year following the 162(m) Plan performance period.

## 2015 Annual Incentive Awards

The Compensation Committee determined individual incentive award levels and corporate financial and individual performance goals, which were based on performance during the full 2015 calendar year. However, in connection with the Allergan Acquisition, the Compensation Committee determined that it was appropriate to modify the pre-established corporate performance goals for the second through fourth quarters of 2015 in order to tie awards to the financial performance of our combined company.

(1) “Operating income” is defined as the Company’s operating income determined in accordance with GAAP plus, without duplication and only to the extent such amount represents a charge or expense determined in accordance with GAAP and reflected in the operating income of the Company and regardless of classification within the Company’s statement of income, the sum of (a) depreciation and amortization expense; (b) asset impairment charges; (c) charges associated with the revaluation of material contingent liabilities that are based in whole or in part on future estimated cash flows; (d) business restructuring charges; (e) costs and charges associated with the acquisition of businesses and assets including, but not limited to, milestone payments and integration charges; (f)

*litigation charges and settlements; (g) losses and expenses associated with the sale of assets; minus (h) gains or income of a nature similar to items (a) through (g) above. With respect to each of (a) through (h), such amounts are as identified in the Company's financial statements, notes to the financial statements, or management's discussion and analysis with respect to the financial statements as filed with the SEC.*

As part of its annual review of executive officer compensation opportunities, the Compensation Committee approved increases to the target bonus levels for Messrs. Saunders and Bisaro. For 2015, Mr. Saunders' target bonus opportunity was increased to a fixed dollar amount of \$3,000,000 from 150% of his base salary (or \$1,500,000) in 2014. For 2015, Mr. Bisaro's target bonus opportunity was increased to a fixed dollar amount of \$1,500,000 from 140% of his base salary (or \$1,050,000) in 2014. The Compensation Committee made this change to ensure that each executive's total annual cash opportunity (*i.e.*, base salary + target annual incentive) was more competitive with our peers, particularly given the Committee's strategic decision to keep base salary levels below those of our peers'.

## 2015 Performance Goals

For 2015, the performance goals under the AIP, which were applied as part of the Compensation Committee exercising its negative discretion under the 162(m) Plan, consisted of a combination of corporate financial and individual performance goals for each of the NEOs.

**Corporate Financial Performance.** For the 2015 performance year, non-GAAP Earning Per Share (EPS) replaced Adjusted EBITDA as the corporate financial performance metric. The Compensation Committee made this change because they believe non-GAAP EPS: (i) better aligns to investor expectations; (ii) maintains a strong focus on profitability; (iii) is durable as we continue to grow in size and complexity; (iv) is easy to understand and communicate; and (v) aligns with the market practice amongst our peers.

For the purpose of measuring corporate financial performance, "**Non-GAAP EPS**" means the Company's diluted earnings per share adjusted to exclude charges or items from the measurement of performance relating to: (i) amortization expenses; (ii) asset impairment charges and losses / (gains) and expenses associated with the sale of assets; (iii) business restructuring charges associated with the Company's Global Supply Chain and Operational Excellence Initiatives or other restructurings of a similar nature; (iv) costs and charges associated with the acquisition of businesses and assets including, but not limited to, milestone payments, integration charges, other charges associated with the revaluation of assets or liabilities and charges associated with the revaluation of acquisition related contingent liabilities that are based in whole or in part on future estimated cash flows; (v) litigation charges and settlements; and (vi) other unusual charges or expenses.

Given the timing of the closing of the Allergan Acquisition, which occurred near the end of the first quarter of 2015, non-GAAP EPS goals were established by the Committee for two time periods as shown below. Full year performance was determined by taking the weighted average of the two periods. Additionally, non-GAAP EPS performance for purposes of the AIP includes the performance of our global generics business, which is being divested to Teva Pharmaceuticals Industries Ltd. during 2016.

## 2015 Non-GAAP EPS

Period					Achievement vs. Achievement	
	Threshold (\$)	Target (\$)	Stretch (\$)	Actual (\$)	Target (%)	Weighting (%)
Jan 1 - March 31 (pre-Allergan Acquisition)	3.91	4.10	4.31	4.59 <sup>(1)</sup>	120	25
April 1 - Dec 31 (post-Allergan Acquisition)	12.32	12.97	14.27	13.03 <sup>(2)</sup>	102	75
				<b>Full-Year</b>	<b>105</b>	<b>100</b>

(1) Results adjusted to exclude the additional share issuance occurring pursuant to the Allergan Acquisition and the interest expense related to the financing of the Allergan Acquisition.

(2) Includes performance of global generics business, which is being divested to Teva Pharmaceutical Industries Ltd. during 2016. Results adjusted to exclude impact of certain extraordinary, unbudgeted items including the acceleration of launch costs for two products (Viberzi and Kybella).

**Individual Performance.** The Compensation Committee also recognizes that individual performance is a key element to consider in determining the overall cash incentive award payable to an executive. To this end, our Chief Executive Officer reviews the performance of each of our NEOs (other than himself) on the basis of specific objectives and subjective factors and makes recommendations to the Compensation Committee on final award amounts. The Chief Executive Officer's and Executive Chairman's awards are subject to a similar adjustment based on their individual performance, respectively, which is determined by the Compensation Committee.

In 2015, the Compensation Committee approved the following strategic goals and objectives for Messrs. Saunders and Bisaro:

**Integrations:** Ensuring the successful execution of the Allergan Acquisition including: integration, synergy identification and capture, completion of equity and debt financing activities, and disciplined pay-down of debt;

**R&D:** Continued investment and value capture from robust R&D investments;

**Investor Outreach:** Effective communication with shareholders, particularly with respect to value in specialty pharmaceutical leadership; and

**Executive Recruitment:** Recruiting and retaining key executives and development of succession plans for senior leaders.

**Performance Goals of Other NEOs.** In consultation with the Compensation Committee, our Chief Executive Officer and Executive Chairman assigned specific individual performance goals for 2015 to our other NEOs that were tailored to the scope and nature of their responsibilities.

Maximum performance under the AIP results in earning 225% of target payouts, taking into account the degree of achievement of financial and individual performance objectives and other factors the Compensation Committee deems relevant to its determination, which may include the Company's total shareholder return for the year both in relative and absolute terms. Threshold payouts are based on the minimum level of performance for which payouts are authorized and results in earning 50% of the NEO's target award.

**2015 NAMED EXECUTIVE OFFICER PERFORMANCE**

In determining the awards for Messrs. Saunders and Bisaro, the Compensation Committee considered specifically each executive's leadership in driving the historic transformation of our company while ensuring the organization remained focused on our customers, patients and other key stakeholders to deliver the exceptional results described in the Executive Summary on page 22.

Ms. Hilado's award reflects the strong performance of our finance and IT organizations during 2015, which included the following achievements:

- Successfully completed one of the largest bond and equity offerings in recent years related to the Allergan Acquisition;
- SAP consolidation in the U.S. and Canada; and
- Supported the Allergan Acquisition and the expected divestiture of our generics business.

Mr. Stewart's award reflects the strong performance of our global operations, generics and Andas organizations during 2015, which included the following achievements:

- 22 confirmed first-to-file applications and 46 new ANDA submissions in the U.S., and the launch of 53 products in the U.S. and 350 internationally;
- Record sales for our Andas business; and
- Supported new product launches and achieved record low level of "out of stocks."

Mr. Meury's award reflects the exceptional performance of our US Brands segment during 2015, which included the following achievements:

Grew revenues by double-digits;  
Launched five products, including Viberzi™, Dalvance™, Namzaric™, Liletta™ and AvyCaz™; and  
Exceeded \$1 billion in BOTOX™ therapeutic sales.

## LONG-TERM INCENTIVES

The Compensation Committee believes that long-term equity-based incentive awards provide a valuable tool for aligning the interests of management with our shareholders and focusing management's attention on our long-term growth. In addition, the Compensation Committee believes that equity-based awards are essential to attract and retain the talented professionals and managers needed for our continued success.

The Company currently maintains the shareholder approved Amended and Restated 2013 Incentive Award Plan of Actavis plc (the "**2013 IAP**"). In connection with the closing of the Allergan Acquisition, the Company also assumed and subsequently amended the Allergan, Inc. 2011 Incentive Award Plan (the "**Allergan Plan**"). Shares available for issuance under the Allergan Plan may also be used to settle awards granted under the 2013 IAP, subject to certain limitations.

### Front-Loading Awards

As described in more detail in the Compensation Discussion and Analysis of our 2015 annual Proxy Statement, we "front-loaded" performance share unit (PSU) and stock option awards granted to the NEOs - that is, those awards represent three years' worth of equity awards reflecting the applicable NEO's equity awards for 2015, 2016 and 2017. As a result, no new long-term incentive awards were granted to the NEOs in 2015.

We believe that front-loading these awards provides the following benefits to us and our shareholders:

- Creates immediate shareholder alignment by emphasizing performance in the critical first years following our transformational mergers;
- Encourages and rewards sustained performance over the performance period;
- Focuses our new management team on one set of goals; and
- Provides retention of executives in an environment where there is heightened competition for talent with industry peers.

Form of Award	Percentage of Total Target Long-Term Incentive Award Value	Purpose	Performance Measured	Earned and Vesting Periods
Performance Share Unit (PSU) Award (restricted stock units)	75	<ul style="list-style-type: none"> <li>• Creates unambiguous shareholder alignment</li> <li>• Encourages retention</li> </ul>	TSR CAGR	Earned based on total shareholder return (“ <b>TSR</b> ”) for the performance period from July 1, 2014 through September 1, 2017 and time-based vesting on December 31, 2017, 2018 and 2019
Stock Option Award	25	<ul style="list-style-type: none"> <li>• Rewards long-term sustained share price appreciation</li> <li>• Encourages retention</li> </ul>	Share price growth above the grant price	5 year ratable vesting

**Performance Share Unit Awards**

PSU awards may be earned based on the Company’s TSR compound annual growth rate (“**CAGR**”) for the 39-month performance period from July 1, 2014 through September 1, 2017. Following the performance period, earned awards vest based on continued service with the Company, with 1/3 of the award vesting on each of December 31, 2017, 2018 and 2019. The number of PSUs that may be earned ranges from 0% to 300% of the target number granted, depending on performance (with linear interpolation between performance levels) as follows:

TSR CAGR	Percentage of Target Shares Earned
Flat or drops below \$210 (threshold)	None
10% (target)	100%
30% or higher (maximum)	300%

While the performance period runs from July 1, 2014 through September 1, 2017, in order to protect against variations in share price due to forces and events beyond the control of the Company, there is a special feature built into the awards that allows the participants to “bank” a portion of the award prior to September 1, 2017 if the Company’s share price grows by at least 10% on an annual basis. There are two measurement dates before the performance period ends when a portion of the award may be banked:

**Bank Date 1:** If the Company’s average closing share price is at or above the target share price of \$280 during any rolling four-quarter period ending in 2015 or 2016, then 25% of the NEO’s target award will be banked at the end of such four-quarter period.

**Bank Date 2:** If the Company’s share price is at or above the target share price of \$280 on June 1, 2017, then 25% of the amount earned based on the actual TSR CAGR on that date will be banked on such date.

Any banked PSU Awards will be paid in shares when the total award is settled at the end of the performance and service vesting periods.

For the four consecutive quarters ended September 30, 2015, the Company’s average closing share price was \$285.07. As a result, 25% of each participant’s target PSU award was banked as described above. The banked portion remains subject to the service vesting conditions of the award and will be payable in accordance with the normal schedule as described above.

### Stock Option Awards

Stock option awards vest 20% per year on each of the first, second, third, fourth and fifth anniversaries of the grant date.

### TRANSFORMATION INCENTIVE AWARDS

In connection with the closing of the Allergan Acquisition, members of our new senior management team, including each of the NEOs, were granted certain “Transformation Incentive Awards” pursuant to the terms of our 2013 IAP.

The Transformation Incentive Awards are intended to incentivize our executives to deliver superior performance during the critical years immediately following the Allergan Acquisition, which closed on March 17, 2015.

Goal	Description of Target	Weighting(%)
Non-GAAP EPS	• Achieve full-year non-GAAP EPS of \$25.00 for 2017	65%
Relative TSR	• Achieve above-median share price growth compared to peers for the period of March 17, 2015 – December 31, 2018	35%

Mr. Saunders was granted a Transformation Incentive Award with target award value of \$15 million. Our other NEOs, including our Chairman, were granted Transformation Incentive Awards with target award values of \$5 million.

If earned, the Transformation Incentive Awards will be in paid in cash in two equal installments on December 31, 2018 and December 31, 2019, subject to the executives' continued employment. The Compensation Committee believes that the additional time-vesting conditions promote executive retention and a longer-term perspective.

**ALLERGAN - 2016 Proxy Statement 29**

## **EMPLOYEE AND OTHER BENEFITS**

The NEOs are eligible to participate in a variety of retirement, health and welfare and paid time off benefits similar to, and on the same basis as, our other salaried, U.S.-based employees. Additionally, we provide our NEOs, along with our other executives, with a limited number of personal benefits that we believe have a business purpose and are reasonable and consistent with our overall compensation program and better enable us to attract and retain superior employees for key positions. The primary purpose of these additional benefits is to allow our executives to focus greater attention to important Company endeavors by helping them work more efficiently, minimizing distractions, and ensuring their safety and security.

Reimbursement of financial counseling and tax preparation up to a maximum of \$10,000 per year. We believe that it is important for executives to have professional assistance with managing their total compensation so that they can focus their full attention on growing and managing the business.

Limited personal use of Company aircraft and Company cars. We believe that these benefits provide a more secure travel environment for executives and allow them to devote additional time to Company business. To ensure his safety and security, Mr. Saunders is required by our Board of Directors to use the Company aircraft for all business and personal travel. Mr. Saunders is required to reimburse the Company to the extent the incremental cost of any personal travel exceeds \$200,000 in any calendar year. Mr. Bisaro is entitled to limited personal use of the Company aircraft not to exceed \$110,000 per year. Additionally, Mr. Saunders is provided with access to a dedicated Company car and driver. In 2015, Messrs. Bisaro and Stewart were provided with an annual car allowance. For 2016, the Compensation Committee has eliminated this car allowance benefit, which will be phased out over a two-year period.

All taxes payable on the value of the benefits described above are borne by the recipient of such benefits.

### **Compensation Actions Taken in Connection with the Pfizer Transaction**

On November 22, 2015, we entered into an agreement to merge with Pfizer Inc. (the “*Pfizer Transaction*”). The Pfizer Transaction, if consummated, is expected to constitute a change in control of the Company for purposes of Section 280G of the Internal Revenue Code. Section 280G of the Internal Revenue Code and related provisions (“*Section 280G*”), impose an extra 20% excise tax, in addition to regular ordinary income taxes, on certain payments and benefits that may become payable to certain employees, including our NEOs. Section 280G generally provides that only one company can experience a change in control in a given transaction. As a result, although our executives and the Pfizer executives may become entitled to similar payments and benefits in the Pfizer Transaction (e.g., cash severance payments), only our executives will be exposed to an excise tax risk.

In connection with the Pfizer Transaction, the Compensation Committee considered the disparate impact the excise tax would have on our leadership team, and the potential distractions that could arise as a result of the perceived inequities of the tax rules. To address these concerns, the Compensation Committee, in consultation with its advisors, including its independent compensation consultant and external legal counsel, considered and analyzed various alternative courses of action. After discussion and careful deliberation, on November 20, 2015 the Compensation

Committee approved, and we subsequently entered into, agreements that entitle each NEO, contingent on the consummation of the Pfizer Transaction, to be reimbursed for taxes (the “**Tax Reimbursement Payment**”) incurred as a result of certain payments and benefits received in connection with the Pfizer Transaction. In making this determination, the Compensation Committee considered, among other things, the significant value delivered by the NEOs and our other executives to our shareholders and the fact that many of the potential payments and benefits that may become subject to the excise tax are “double trigger” in nature and will only become payable if the applicable executive is actually or constructively terminated following the closing of the Pfizer Transaction. For example, Messrs. Saunders and Meury have been named to executive roles with the combined organization following the closing of the transaction. As a result, Tax Reimbursement Payments to these individuals (as well as to others who join the combined organization) may never be required. Additionally, the Compensation Committee considered the relatively low cost of the proposed measures compared to the transaction value. In consideration for entering into these tax reimbursement agreements, the Company required each NEO to agree to comply with a non-competition covenant for one year following certain terminations of his or her employment (to the extent he or she was not already subject to a non-competition covenant). By their terms, the reimbursement agreements apply only to the Pfizer Transaction. If the Pfizer Transaction does not close, the reimbursement agreements will expire and will not apply to any other change in control transaction.

To further mitigate the potential impact of the Section 280G excise tax on our management team and the Company, the Compensation Committee also approved the advance payment of a portion of the Merger Success Awards and of the annual incentive awards for 2015, which had been earned by the executives based on performance through the payment date (as described in more detail below). Because of the way in which the Section 280G excise tax is calculated, paying these amounts in the year before the Pfizer Transaction is expected to close could result in a decrease in the potential tax reimbursement payment to our NEOs and cost to the Company.

### **Merger Success Awards**

The Merger Success Awards were designed to incentivize our executives to fulfill specific performance goals in connection with the Forest Acquisition, while maintaining industry leading shareholder returns. Payout of the Merger Success Awards depended on achievement of cost saving goals related to the Forest Acquisition (the “**Synergy Savings Goal**”) and share price growth compared to our peers (the “**Relative TSR Goal**”), with each goal being weighted equally. As of December 1, 2015, we had achieved 190% of our target performance level (with 200% being the maximum performance level) with respect to the Synergy Savings Goal. Accordingly, and in light of the Section 280G considerations discussed above, the Compensation Committee approved the payment of the portion of the Merger Success Award contingent on the Synergy Savings Goal to each of our NEOs in December of 2015:

[Back to Contents](#)

## Named Executive Officer Merger Success Award – Synergy Savings Goal Payout

Name	Target for Synergy Savings Goal (\$)	Actual	
		Performance (%)	Final Payout for Synergy Savings Goal (\$)
Brenton L. Saunders	7,500,000	190	14,250,000
Paul M. Bisaro	5,250,000	190	9,975,000
Maria Teresa Hilado	2,500,000	190	4,750,000
Robert A. Stewart	2,500,000	190	4,750,000
William Meury	2,500,000	190	4,750,000

The portion of the Merger Success Awards that is contingent on achievement of the Relative TSR Goal remains outstanding.

**Annual Bonus Plan**

The Compensation Committee determined the achievement of our NEOs under the 162(m) Plan with respect to the annual incentive award for 2015 by measuring Company performance during the period from January 1, 2015 through December 1, 2015 against the Non-GAAP EPS targets previously approved as well as each NEO's individual performance. Based on performance through that date, the Compensation Committee determined that 90 percent of each NEO's target annual incentive award for 2015 was earned and that amount was paid prior to December 31, 2015. The remaining portion of the NEOs' 2015 annual incentive awards will be paid at its normal time on or before March 15, 2016. For more information regarding the 2015 performance goals and the determination of the 2015 annual incentive awards, please see "2015 Annual Incentive Awards" on page 26.

**OTHER COMPENSATION PRACTICES****Compensation Peer Group**

The Compensation Committee reviews the elements of our compensation program, including executive officer compensation levels and opportunities as compared to those provided to similarly situated executives among a peer group of companies.

In setting the compensation for our NEOs and other senior executives, the Compensation Committee considers compensation survey data from independent third party sources as well as publicly available information. While we generally aim to set each NEO's target total direct compensation (base salary plus target annual cash incentive

compensation plus the expected value of long-term incentive grants) within the levels paid to similarly situated executives in our peer group, such data is intended to serve as only one of several reference points to assist the Compensation Committee in its discussions and deliberations.

The Compensation Committee reserves flexibility to vary from the median based on a variety of factors including the desired mix of variable and fixed pay elements, prior year compensation targets, the NEO's overall performance and changes in roles or responsibilities.

In connection with the Allergan Acquisition, the Compensation Committee approved certain modifications to our peer group. These modifications were intended to balance the need to reflect our new size, scale and operational complexity while maintaining reasonable relative size positioning against the peer group.

Removed from the peer group were Biogen Idec Inc., Mylan, Inc., Celgene Corporation, Valeant Pharmaceuticals, Inc. and Perrigo Company. Added to the peer group were AstraZeneca plc, GlaxoSmithKline plc, Novartis AG, Novo Nordisk A/S, Roche Holding AG and Sanofi.

AbbVie Inc.	Merck & Co. Inc.
Amgen Inc.	Novartis AG
AstraZeneca plc	Novo Nordisk A/S.
Bristol-Myers Squibb Company	Pfizer Inc.
Eli Lilly	Roche Holding AG
Gilead Sciences Inc.	Sanofi

## Share Ownership Requirements

Share ownership requirements support our strong ownership culture and ensure alignment of our senior management team with our shareholders over the longer term. We maintain a formal stock ownership policy, under which our Chief Executive Officer, Executive Chairman and other senior executives are required to acquire and hold Allergan shares in an amount representing a multiple of base salary.

### Updated Policy

As part of its regular review of our executive compensation programs and policies, the Compensation Committee recently adopted increased ownership requirements for our Chief Executive Officer, Executive Chairman and other members of senior management.

<b>Role</b>	<b>New Requirements</b>	<b>Prior Requirements</b>
Chief Executive Officer	6 x base salary	4 x base salary
Executive Chairman	6 x base salary	4 x base salary
Other NEOs	4 x base salary	2 x base salary

Additionally, as part of the updated policy, executives are required to retain in stock 100% of the after-tax net proceeds associated with stock option exercises and/or PSU and restricted stock unit (RSU) distributions until the designated multiple of base salary is reached.

The following table sets forth the stock ownership guidelines and current holdings for the Chief Executive Officer, Executive Chairman, and the other NEOs as of December 31, 2015, assuming a stock price of \$312.50.

*\* Ms. Hilado joined the Company on December 8, 2014.*

Under the updated policy, shares counted toward the share ownership requirements include: (i) vested ordinary shares held of record or in a brokerage account by the individual or his or her spouse; and (ii) vested unexercised stock options. Unvested RSUs and PSUs with respect to which the actual number of shares to be awarded has not yet been determined do not count toward satisfaction of the ownership requirements.

### Prohibitions on Hedging and Pledging of Our Shares

Our insider trading policy prohibits any NEO or any other officer or employee subject to its terms from entering into short sales or derivative transactions to hedge their economic exposure to our shares. In addition, these officers and employees are prohibited from pledging our shares as security for any loan.

### **Clawback Policies; Recoupment of Incentive Compensation**

Pursuant to Messrs. Saunders' and Bisaro's employment agreements with the Company, all equity awards (including any proceeds, gains or other economic benefit actually or constructively received upon any receipt or exercise of any equity award or upon the receipt or resale of any shares of the Company underlying an equity award) will be subject to the provisions of any clawback policy implemented by the Company, including, without limitation, any clawback policy adopted to comply with the requirements of applicable law, including without limitation the Dodd-Frank Wall Street Reform and Consumer Protection Act and any rules or regulations promulgated thereunder, to the extent set forth in such clawback policy and/or in the applicable equity award.

In addition to the clawback provision in Messrs. Saunders' and Bisaro's employment agreements, the 162(m) Plan also provides that the Compensation Committee has the discretion to require a participant to repay the income, if any, derived from an award under the plan in the event of a restatement of the Company's financial results within three years after payment of such award to correct a material error that is determined by the Compensation Committee to be the result of fraud or intentional misconduct.

These clawback policies help ensure that incentive compensation is payable only if the applicable underlying performance goals are met, consistent with our pay-for-performance philosophy.

## **Tax Deductibility of Compensation**

In establishing total compensation for the executive officers, the Compensation Committee considers the effect of Section 162(m) of the Internal Revenue Code (“**Section 162(m)**”). Section 162(m) generally disallows a tax deduction for compensation over \$1 million paid for any fiscal year to the Chief Executive Officer and the three other highest paid executive officers other than the Chief Financial Officer unless the compensation qualifies as performance-based. While the Compensation Committee generally seeks to preserve the deductibility of most compensation paid to executive officers, the primary objective of the compensation program is to support the Company’s business strategy. Thus, the Compensation Committee maintains discretion to award compensation that may not be fully deductible.

(1) Salary includes annual salary and any salary earned but deferred, as applicable, under the Company's deferred compensation plan.

(2) For Messrs. Bisaro and Stewart, represents the payment during 2015 of retention awards received in connection with the Company's 2013 acquisition of Warner Chilcott. For Ms. Hilado, represents the payment of a sign-on

payment in connection with her hiring on December 8, 2014.

(3) Our NEOs did not receive stock or option awards during 2015. For additional discussion of our long-term incentive program, see “Long-Term Incentives” on page 28.

Non-equity incentive plan compensation represents payments under our annual incentive plan for the 2015 performance year and payment of a portion of the Merger Success Awards in 2015. Annual incentive payments for the 2015 performance year are as follows: \$6,000,000 for Mr. Saunders, \$3,000,000 for Mr. Bisaro, \$783,750 for Ms. Hilado, \$978,120 for Mr. Stewart and \$890,625 for Mr. Meury. For additional discussion of our annual incentive plan, see “Annual Incentive Awards” on page 26. In addition, we paid a portion of the Merger Success Awards granted in 2014 during 2015 as follows: \$14,250,000 for Mr. Saunders, \$9,975,000 for Mr. Bisaro and \$4,750,000 for each of Ms. Hilado and Messrs. Stewart and Meury. For additional discussion of the Merger Success Awards, see “Compensation Actions Taken in Connection with the Pfizer Transaction” on page 30.

(4) Represents above-market interest earned by our NEOs on their non-qualified deferred compensation account balances during 2015 (other than Mr. Meury, who does not have a plan account). For additional detail regarding our non-qualified deferred compensation plans, see the tables and text under “2015 Nonqualified Deferred Compensation” on page 37.

(5) All Other Compensation for 2015 consisted of car allowances, Company matches under our qualified and non-qualified savings plans, group life insurance coverage and other perquisites as follows:

Name	Company Aircraft <sup>(1)</sup> (\$)	Car and Driver/ Car Allowance <sup>(2)</sup> (\$)	Savings Plan Company Matching Contributions (\$)	Company Group Term Life Insurance (\$)	Financial Planning Reimbursement (\$)	Accumulated Paid-Time Off <sup>(3)</sup>	Total Other Compensation (\$)
Brenton L. Saunders	89,159	2,200	77,739	1,612	10,000	134,615	315,325
Paul M. Bisaro	98,912	15,014	69,882	1,839	—	43,045	228,692
Maria Tessa Hilado	—	601	34,768	1,540	9,900	59,901	106,710
Robert A. Stewart	30,616	12,067	46,155	1,151	—	68,537	158,526
William Meury	—	664	39,200	973	—	90,144	130,981

Amounts represent the incremental costs to us associated with the executive’s personal use of our aircraft.

Incremental costs include fuel costs, landing and parking fees, per hour accruals for maintenance service plans, passenger catering and ground transportation, crew travel expenses and other trip-related variable costs (1)(including fees for contract crew members and the use of our fractional jet interest). Because our aircraft are used primarily for business travel, incremental costs exclude fixed costs that do not change based on usage, such as pilots’ salaries, aircraft purchase or lease costs, fractional jet interest management fees, home-base hangar costs and certain maintenance fees.

The incremental cost for the Company car driver for commutation and nonbusiness events is calculated by multiplying the variable rate by the applicable miles driven. The variable rate includes a driver’s overtime compensation (if any), plus a cost per mile calculation based on fuel and maintenance expense. Because Company (2)car and drivers are used primarily for business travel, incremental costs exclude fixed costs that do not change based on usage such as drivers’ salaries and vehicle purchase or lease cost. For instances where a car service is used, the incremental cost to the company is the actual fees paid for such service. The incremental cost for car allowance for Messrs. Bisaro and Stewart is the actual amounts paid by the Company to the NEO during 2015.

(3)

*Amounts represent the payment to each of our NEOs in December 2015 of accumulated, but unpaid, paid time-off (PTO) balances. Starting January 1, 2016, our senior executives will no longer accrue value for PTO to be paid at termination of employment or any other later date. Accordingly, all PTO balances accumulated through year-end 2015 were paid out, and no amounts may be accrued in the future.*

*The “maximum” amounts shown in the table reflect the largest possible payouts to our NEOs under our 162(m) Plan for the 2015 performance period based on operating income, as defined under that plan. There are no thresholds or targets under the 162(m) Plan. The 162(m) Plan provides the Compensation Committee with the ability to use negative discretion to award any amount that does not exceed the maximum. The Compensation Committee’s practice has been to exercise such discretion to reduce the maximum 162(m) Plan award payable to each NEO by applying the performance goals established under the AIP. The actual amounts awarded under our 162(m) Plan for 2015 are reported as “Non-Equity Incentive Plan Compensation” in the “Summary Compensation Table” on page 34. For a description of the 162(m) Plan and the performance goals under the AIP, including the threshold, target and maximum possible payouts for our NEOs and the use of the AIP goals in the Compensation Committee’s exercise of negative discretion, see “Annual Incentive Awards” on page 26.*

*The payout of the Transformation Incentive Plan Award can range from 58.75% of target at threshold (representing the weighted average threshold payout for the Non - GAAP EPS and Relative TSR goals) to a maximum of 200% of target, depending on the level of achievement of the applicable performance goals. For more information on Transformation Incentive Plan Awards, see page 29.*

**2015 NONQUALIFIED DEFERRED COMPENSATION**

The following table sets forth the executive contributions, employer matching contributions, earnings, withdrawals/distributions and account balances, where applicable, for certain of our NEOs in the Executive Deferred Compensation Plan (the “*Deferral Plan*”), an unfunded, unsecured deferred compensation plan:

Name	Executive Contributions in Last FY <sup>(1)</sup> (\$)	Registrant Contributions in Last FY <sup>(2)</sup> (\$)	Aggregate Earnings in Last FY <sup>(3)</sup> (\$)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last FYE <sup>(4)</sup> (\$)
Brenton L. Saunders	100,154	38,539	820	—	139,513
Paul M. Bisaro	285,168	48,771	54,043	—	1,709,513
Maria Teresa Hilado	231,971	12,376	2,796	—	255,631
Robert A. Stewart	141,158	28,154	13,123	—	459,644

(1) Executive contributions include salary contributions for 2015, if any, amounts related to non-equity incentive plan compensation earned in 2014 but paid in 2015, and additional deferrals related to a portion of 2015 bonus awards paid in 2015. Any contributions are also reported in the “Salary” column for 2015 or the “Non-Equity Incentive Plan Compensation” column for 2014 in the Summary Compensation Table on page 34. Included in the amounts above representing non-equity plan contributions earned in 2014 but paid in 2015 was \$107,993 for Mr. Bisaro and

*\$54,054 for Mr. Stewart.*

(2) *This column represents Company matching contributions to the Deferral Plan in 2015. All Registrant contributions are reported in the "All Other Compensation" column of the Summary Compensation Table on page 34.*

(3) *This column represents deemed investment earnings at the guaranteed fixed interest rate for 2015 of 3.74%. No other investment alternatives for amounts deferred or credited are offered under the Deferral Plan.*

*This column reflects balances as of December 31, 2015 and includes deferred compensation earned in prior years, (4) which was disclosed as either "Salary" or "Non-Equity Incentive Plan Awards" in the Summary Compensation Table of prior Proxy Statements.*

Pursuant to the Deferral Plan, eligible employees may defer from 1% to 80% of their salary and from 1% to 100% of their annual cash incentive award, if any. We match 50% of the first 2% of pay an employee defers in accordance with this Plan. In addition, the Company may make additional contributions, at its discretion. Vesting of the matched and discretionary amounts is based on an employee's years of service with us. If an employee has been with us for less than one year, none of the matched or discretionary amounts are vested. For amounts deferred prior to January 1, 2015, vesting thereafter occurs 33% per year, such that employees who have been with us for more than 3 years are 100% vested in the matched amount for these deferrals. For amounts deferred after January 1, 2015, and any discretionary contributions, none of the matched or discretionary amounts is vested until they have achieved two years of service, at which time all contributions are vested 100%.

All contributions to our Deferral Plan have a guaranteed fixed interest rate of return. This guaranteed rate is adjusted annually based on the our seven year cost of funds rate (determined as of the first business day of November preceding each Plan Year), plus the six month forward swap rate on the first business day of November. In 2015, the guaranteed interest rate was 3.74%.

Assets in the Deferral Plan are distributed either (i) at separation of service as a result of retirement, disability, termination or death; or (ii) on a designated date elected by the participant. The Deferral Plan requires participants to make an annual distribution election with respect to the money to be deferred in the next calendar year. If a participant so elects, deferrals made in one year may be distributed as soon as the next year following the deferral election. Participants may elect to receive a distribution as a lump-sum cash payment or in installment payments paid over two to 15 years, or two to 10 years for contributions after January 1, 2015, as the participant elects. Bonus deferrals are credited to a participant's account the year following the year in which the bonus is earned. As a result, bonus deferrals may not be distributed until the year following the year in which the bonus is paid to a participant and credited to his or her account. Per regulatory requirements, participants may not accelerate distributions from the Deferral Plan.

## POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

### EXECUTIVE SEVERANCE AND CHANGE IN CONTROL AGREEMENTS

Each of Messrs. Saunders, Bisaro and Meury is a party to an employment agreement or arrangement with the Company pursuant to which he is entitled to certain payments and benefits in the event of an involuntary termination without cause or his resignation for good reason, which may differ depending on whether the termination is in connection with a change in control. Each of Mr. Stewart and Ms. Hilado participate in our severance pay plan and in our change in control severance pay plan, pursuant to which he or she is entitled to certain payments and benefits in the event of an involuntary termination without cause or his or her resignation for good reason, which may differ depending on whether the termination is in connection with a change in control. Following is a summary of the termination and change in control provisions applicable to each NEO.

Following such summary is a table estimating the values of the applicable payments and benefits, as well as the definitions of “change in control,” “cause,” and “good reason,” which differ slightly among the executives.

In addition to the payments and benefits described below, pursuant to the terms of our 2013 IAP (as defined above), certain long-term incentive awards held by our NEOs will vest in full and, as applicable, become exercisable upon a “qualified termination” during the two year period following a change in control (each as defined in our 2013 IAP).

#### **Brenton L. Saunders**

Pursuant to the terms of his employment agreement, Mr. Saunders is entitled to the following payments and benefits in the event of a termination by us without cause or by Mr. Saunders for good reason at any time between July 1, 2014 and July 1, 2017, provided that the benefits received shall not be less than the severance benefits Mr. Saunders would have received pursuant to his previous employment agreement if his employment had been terminated on July 1, 2014:

- (1) any accrued compensation obligations to Mr. Saunders through the termination date, including a pro-rated “highest annual bonus” (as defined in the employment agreement between Forest and Mr. Saunders);
- (2) a lump-sum cash payment equal to three times the sum of (i) Mr. Saunders’ then-current annual base salary and (ii) Mr. Saunders’ highest annual bonus;
- (3) continued group health benefits (medical, dental and vision) for Mr. Saunders and his dependents for 36 months following termination (or longer, if so provided by the terms of the applicable plan, program, policy or practice); and

- (4) reasonable outplacement benefits until no later than the Company's second taxable year following the taxable year in which Mr. Saunders terminates.

Mr. Saunders will be entitled to the following payments and benefits in the event of a termination by us without cause or by Mr. Saunders for good reason at any time after July 1, 2017 and until the end of the agreement term (December 31, 2019):

- (1) a lump-sum cash payment equal to two times the sum of (i) Mr. Saunders' then-current annual base salary and (ii) Mr. Saunders' target bonus amount; and
- (2) continued group health benefits (medical, dental and vision) for Mr. Saunders and his dependents for up to 24 months following termination.

In the event that Mr. Saunders' employment terminates without cause or he resigns for good reason at any time after July 1, 2017 and until the end of the agreement term (December 31, 2019), and if the termination occurs within 90 days prior to or 12 months following a change in control (as defined in the employment agreement), he will be entitled to the same payments and benefits as in the non-change in control context (as described above), except that (i) the lump-sum cash payment will equal three times (instead of two times) the sum of Mr. Saunders' then-current annual base salary and target bonus amount, and (ii) continued group health benefits will be provided for up to 36 months (instead of up to 24 months) following termination.

If the Company elects not to continue Mr. Saunders' employment with the Company at the conclusion of the agreement term or any time thereafter on substantially the same terms in effect at the expiration of the employment agreement or on other mutually agreeable terms, then Mr. Saunders will be entitled to the same payments and benefits as in the non-change in control context (as described above), as well as any accrued compensation obligations to Mr. Saunders through his termination date, including a pro-rated bonus for the year of termination.

If, at the expiration of Mr. Saunders' employment agreement, Mr. Saunders retires from the Company or does not agree to enter into a new employment agreement or an amendment to the existing agreement extending his employment for a period of at least three years on substantially the same terms as his existing agreement, Mr. Saunders will be entitled to any accrued compensation obligations through his termination date, including a pro-rated bonus for the year of termination.

#### **Paul M. Bisaro**

- (2) a prorated annual bonus for the year of termination; and
- (3) continued group health benefits (medical, dental and vision) for Mr. Bisaro and his dependents for up to 24 months following termination.

In addition, in the event that Mr. Bisaro's employment terminates without cause or he resigns for good reason within 90 days prior to or 12 months

following a change in control (as defined in the employment agreement), he will be entitled to the same payments and benefits as in the non-change in control context (as described above), except that (i) the lump-sum cash payment will equal three times (instead of two times) the sum of Mr. Bisaro's then-current annual base salary and target bonus amount, and (ii) continued group health benefits will be provided for up to 36 months (instead of up to 24 months) following termination.

If the Company elects not to continue Mr. Bisaro's employment with the Company at the conclusion of the agreement term or any time thereafter on substantially the same terms in effect at the expiration of his employment agreement or on other mutually agreeable terms, then Mr. Bisaro will be entitled to the same payments and benefits as in the non-change of control context (as described above), as well as any accrued compensation obligations to Mr. Bisaro through his termination date, including a pro-rated bonus for the year of termination.

If, at the expiration of his employment agreement, Mr. Bisaro retires from the Company or does not agree to enter into a new employment agreement or amendment to his employment agreement extending his employment for a period of at least three years on substantially the same terms as his current employment agreement, Mr. Bisaro will be entitled to any accrued compensation obligations through his termination date, including a pro-rated bonus for the year of termination.

**Maria Teresa Hilado and Robert A. Stewart**

Ms. Hilado and Mr. Stewart participate in our severance pay plan and in our change in control severance pay plan. Under the terms of our severance pay plan, these executives are entitled to the following payments and benefits in the event of a termination by us without cause or by the executive for good reason:

- (1) continued payment of their then-current annual base salary for two years following termination;
- (2) continued group health benefits (medical, dental and vision) for the executive and his or her dependents for up to 24 months following termination;
- (3) career transition assistance for up to 24 months following termination; and
- (4) in the case of Mr. Stewart only, continued vesting and payment of Mr. Stewart's then-outstanding equity awards that were granted prior to July 1, 2014 for two years following termination.

Under our change in control severance pay plan, in the event Ms. Hilado or Mr. Stewart is terminated by us without cause or resigns for good reason within 24 months following a change in control, they will be entitled to the payments and benefits described in (1), (2) and (3) above, plus an amount equal to two times each executive's target bonus for the year of termination, or, if greater, for the year preceding the change of control. Additionally, the cash payment will be paid in a single lump sum (rather than in installments).

## William Meury

Pursuant to the terms of his employment agreement, Mr. Meury is entitled to the following payments and benefits in the event of a termination by us without cause or by Mr. Meury for good reason (whether or not such termination occurs in connection with a change in control):

- (1) any accrued compensation obligations to Mr. Meury through the termination date, including a pro-rated “highest annual bonus” (as defined in the employment agreement between Forest and Mr. Meury);
- (2) a lump sum payment equal to three times the sum of (i) Mr. Meury’s then-current annual base salary and (ii) Mr. Meury’s highest annual bonus;  
  
continued group health benefits (medical, dental and vision) for Mr. Meury and his dependents for 36 months
- (3) following termination (or longer, if so provided by the terms of the applicable plan, program, policy or practice);  
and
- (4) reasonable outplacement benefits until no later than the Company’s second taxable year following the taxable year in which Mr. Meury terminates.

## EXCISE TAX

Pursuant to their respective employment agreements (in the case of Messrs. Saunders, Bisaro and Meury) or our change in control severance plan (in the case of Ms. Hilado and Mr. Stewart), to the extent that any payment or benefit received by the NEO in connection with a change in control would be subject to an excise tax under Section 4999 of the Internal Revenue Code, such payments and/or benefits will be subject to a “best pay cap” reduction if such reduction would result in a greater net after-tax benefit to the applicable executive than receiving the full amount of such payments.

Note, however, in connection with the Pfizer Transaction, the Compensation Committee approved, and we subsequently entered into, agreements that entitle each NEO, contingent on the consummation of the Pfizer Transaction, to be reimbursed for taxes incurred as a result of certain payments and benefits received in connection with the Pfizer Transaction. For further discussion, please see “Compensation Actions Taken in Connection with the Pfizer Transaction” on page 30.

## **CONDITIONS TO PAYMENT**

In order to receive their severance benefits, the NEOs, other than Mr. Meury, are required to execute a release of claims against the Company.

In addition, in order to receive their severance benefits, each of Messrs. Saunders and Bisaro are required to comply with certain restrictive covenants included in their employment agreements, consisting of (i) limitations on soliciting or interfering with the Company's employees, customers, suppliers, licensees, or other business associates for a one-year period following the executive's termination of employment; (ii) restrictions on competing with Allergan for a one-year period following termination; and (iii) non-disparagement and cooperation covenants effective for twenty-four months following termination. In the event that Mr. Saunders or Mr. Bisaro incurs a termination of employment that does not entitle him to severance, the Company may elect to pay the executive a lump sum cash amount equal to his then-current base salary and target bonus in exchange for the applicable executive's agreement to comply with the non-competition restrictions described above.

In order to receive his severance benefits, Mr. Meury must comply with a one-year noncompetition covenant.

The NEOs' incentive payments are subject to potential recoupment in the event of certain restatements of our financial results, as described on page 32.

## **ESTIMATED TERMINATION PAYMENTS**

In accordance with the requirements of the rules of the SEC, the table below indicates the amount of compensation payable by us to each NEO upon certain types of termination of employment. The amounts assume that such termination was effective as of December 31, 2015 and thus exclude amounts earned through such date and are only estimates of the amounts that would actually be paid to such executives upon their termination.

The table does not include certain amounts that the NEOs are entitled to receive under certain plans or arrangements that do not discriminate in scope, terms or operation in favor of our NEOs and that are generally available to all salaried employees, such as payment of accrued vacation. The table also does not include the accrued and vested accounts of the executives under our Deferral Plan. These amounts are generally distributed to our executives upon a termination of employment, regardless of the reason, in accordance with his or her election under the applicable plan. The accrued and vested amounts under the Deferral Plan are set forth in the table under "2015 Nonqualified Deferred Compensation" on page 37.

## DIRECTOR COMPENSATION

Following the closing of our 2013 acquisition of Warner Chilcott, the Company assumed the Actavis, Inc. compensation program for its directors, with certain changes (the “**2014 Program**”). Pursuant to the 2014 Program, all members of the Board of Directors who were not full-time employees of the Company received an annual fee equal to \$65,000, paid quarterly in arrears. In addition, non-employee directors were paid \$4,000 for each Board meeting personally attended and \$1,000 for each meeting attended telephonically. Directors were also paid \$1,500 for each Committee meeting personally attended and \$1,000 for each Committee meeting attended telephonically. Our lead independent director also received an additional annual fee of \$50,000. As compensation for serving as committee chairmen, (i) the Chairman of the Audit and Compliance Committee received an additional annual fee of \$20,000, (ii) the Chairman of the Compensation Committee received an additional annual fee of \$15,000, and (iii) the Chairmen of each of the Nominating and Corporate Governance Committee and Quality and Operations Committee received an additional annual fee of \$12,500.

Effective May 9, 2015, the Board of Directors adopted a new compensation structure (the “**New Program**”). Pursuant to the New Program, all members of the Board of Directors who were not full-time employees of the Company receive an annual cash retainer equal to \$125,000, paid at the time of our annual meeting. Our lead independent director also receives an additional annual fee of \$50,000. As compensation for serving as committee chair, (i) the Chair of the Audit and Compliance Committee receives an additional annual fee of \$30,000 and (ii) the Chair of our other Committees receives an additional annual fee of \$24,000. In addition, all directors received a grant of restricted stock units valued at \$249,700 on June 5, 2015, the date of our 2015 Annual Meeting. These awards will vest at the earlier of (1) the date of our 2016 annual meeting or (2) June 4, 2016.

All directors received fees in accordance with the 2014 Program through May 9, 2015, on a pro-rated basis for the second quarter, and pursuant to the New Program for the remainder of 2015.

All directors were reimbursed for expenses incurred in connection with attending Board and Committee meetings. In addition, as expense reimbursements are subject to payment of Irish tax under an interpretation by the Irish Revenue authorities, the Company provides a gross-up in connection with expense reimbursements to the non-employee directors in order to avoid any adverse economic effects of this Irish income inclusion. In addition, non-employee directors were eligible to receive a tax equalization payment to avoid the impact of double taxation.

Messrs. Saunders and Bisaro, who were also employed by us during 2015, did not receive additional compensation for their service as directors during 2015.

As noted above, in order to better align the interests of our Board with those of our shareholders in a fair and reasonable manner, as well as to implement what we believe is a corporate governance “best practice,” we adopted share ownership guidelines for our senior executives and directors in 2012. Our ownership guidelines require our directors to hold shares in the Company in an amount at least equal in value to four times their annual base director’s fee. Under our guidelines, restricted shares, as well as vested shares owned by a director, are included in the calculation. Each of our directors is currently in compliance with the Company’s share ownership guidelines.

Proposal No. 2 Non-binding Vote on the Compensation of Our Named Executive Officers (“Say-on-Pay-Vote”)

## BACKGROUND

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 we are providing our shareholders the opportunity to vote to approve, on an advisory (non-binding) basis, the compensation of our Named Executive Officers as disclosed in this Proxy Statement. The Company has determined to hold such say-on-pay advisory vote every year and expects to hold its next say-on-pay advisory vote at the 2017 Annual General Meeting of Shareholders.

## SUMMARY

In accordance with Section 14A of the Exchange Act we are asking our shareholders to provide advisory (non-binding) approval of the compensation of our Named Executive Officers (which consist of our Chief Executive Officer, Chief Financial Officer and our next three highest paid executives), as such compensation is described in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation and the accompanying narrative disclosure set forth in this Proxy Statement, beginning on page 22. Our executive compensation programs are designed to enable us to attract, motivate and retain executive talent, who are critical to our success. These programs link compensation to the achievement of pre-established corporate financial performance objectives and other key objectives within each executive’s area of responsibility and provide long-term incentive compensation that focuses our executives’ efforts on building shareholder value by aligning their interests with those of our shareholders. The following is a summary of some of the key points of our executive compensation program. We urge our shareholders to review the “Compensation Discussion and Analysis” section of this Proxy Statement and executive-related compensation tables for more information.

*Performance-Based Compensation.* Our executive compensation program includes (i) cash awards that are linked to measurable annual individual, business and strategic objectives and corporate financial goals; and (ii) performance-based equity incentives that are directly linked to the creation of long-term, sustainable shareholder value.

*Long-Term Compensation.* Grants of performance share units and stock options are intended to align the interests of executives with our shareholders and focus executives’ attention on long-term growth. In addition, even after performance awards are earned, they continue to be subject to service vesting requirements to promote executive retention and a longer-term perspective.

*Independent Compensation Consultation.* The Compensation Committee has engaged an independent global executive compensation consulting firm, Frederic W. Cook & Co., Inc., to advise the committee on matters related to executive compensation.

## RECOMMENDATION

Our Board of Directors believes that the information provided above and within the “Compensation Discussion and Analysis” section of this Proxy Statement demonstrates that our executive compensation program was designed appropriately and is working to ensure that management’s interests are aligned with our shareholders’ interests to support long-term value creation.

The text of the resolution in respect of Proposal No. 2 is as follows:

“RESOLVED, that the compensation of Allergan’s Named Executive Officers, as described in the Compensation Discussion and Analysis, compensation tables and narrative discussion set forth in this Proxy Statement be and is hereby approved.”

The say-on-pay vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board of Directors. However, the Compensation Committee will consider the outcome of the vote in deciding whether to take any action as a result of the vote and when making future compensation decisions for Named Executive Officers.

## **REQUIRED VOTE**

A simple majority of votes cast at the Annual Meeting is required to approve, on an advisory (non-binding) basis, the compensation of our Named Executive Officers. Abstentions and broker non-votes will not have any effect on the outcome of this proposal because neither an abstention nor a broker non-vote represents a vote cast.

**The Board of Directors unanimously recommends that shareholders vote *FOR* adoption of the resolution approving, on an advisory (non-binding) basis, the compensation of the Company’s Named Executive Officers, as described in the Compensation Discussion and Analysis, compensation tables and narrative discussion set forth in this Proxy Statement.**

Proposal No. 3 Non-binding Ratification of the Appointment of PricewaterhouseCoopers LLP as Independent Auditors and Binding Authorization of the Board of Directors to Determine its Remuneration

## **BACKGROUND**

The firm of PricewaterhouseCoopers LLP has audited our consolidated financial statements since our inception, and the Board of Directors recommends that the shareholders ratify, in a non-binding vote, the appointment of PricewaterhouseCoopers LLP to audit our consolidated financial statements for the fiscal year ending December 31, 2016 and to authorize, in a binding vote, the Board of Directors, acting through the Audit and Compliance Committee, to determine PricewaterhouseCoopers LLP's remuneration. Representatives of that firm are expected to be present at the Annual Meeting with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions from shareholders.

We have been informed by PricewaterhouseCoopers LLP that neither the firm nor any of its members or their associates has any direct financial interest or material indirect financial interest in us or our affiliates.

Shareholder ratification of the appointment of PricewaterhouseCoopers LLP as our independent auditor is not required by our Articles of Association or otherwise. However, the Board of Directors is submitting the appointment of PricewaterhouseCoopers LLP to the shareholders entitled to vote at the Annual Meeting for ratification as a matter of good corporate practice. If the shareholders fail to ratify the appointment, the Audit and Compliance Committee will reconsider whether or not to retain that firm. Even if the appointment is ratified, the Audit and Compliance Committee in its discretion may direct the appointment of a different independent auditor at any time during the year if it determines that such a change would be in our best interests and in the best interests of our shareholders.

## **RECOMMENDATION**

Our Board of Directors believes that the information provided above demonstrates that adopting Proposal No. 3 is in the best interest of the Company.

The text of the resolution in respect of Proposal No. 3 is as follows:

“RESOLVED, that the appointment of PricewaterhouseCoopers LLP as the independent auditor for the Company until the next Annual General Meeting of Shareholders of the Company in 2017 be and is hereby ratified, in a non-binding vote, and that the Board of Directors, acting through the Audit and Compliance Committee, be and is hereby

authorized, in a binding vote, to determine its remuneration.”

## **REQUIRED VOTE**

A simple majority of votes cast at the Annual Meeting is required to ratify the selection of PricewaterhouseCoopers LLP as the Company’s independent auditor for the fiscal year December 31, 2016 and authorize the Board of Directors acting through the Audit and Compliance Committee, to determine PricewaterhouseCoopers LLP’s remuneration. Abstentions will not have any effect on the outcome of this proposal because an abstention does not represent a vote cast. The ratification of PricewaterhouseCoopers LLP is a matter on which a broker or other nominee has discretionary voting authority, and thus, we do not expect any broker non-votes with respect to this proposal.

**The Board of Directors unanimously recommends a vote *FOR* the non-binding ratification of the appointment of PricewaterhouseCoopers LLP as our independent auditor for 2016 and the binding authorization of the Board of Directors, acting through the Audit and Compliance Committee, to determine PricewaterhouseCoopers LLP’s remuneration.**

The Audit and Compliance Committee believes that the provision of all non-audit services rendered is compatible with maintaining PricewaterhouseCoopers LLP's independence.

The Audit and Compliance Committee approved all audit and non-audit services provided by PricewaterhouseCoopers LLP in 2015. The Audit and Compliance Committee has adopted a policy to pre-approve all audit and certain permissible non-audit services provided by PricewaterhouseCoopers LLP. Pre-approval is generally provided for up to one year, and any pre-approval is detailed as to type of services to be provided by PricewaterhouseCoopers LLP and the estimated fees related to these services. During the approval process, the Audit and Compliance Committee considers the impact of the types of services and the related fees on the independence of PricewaterhouseCoopers LLP. PricewaterhouseCoopers LLP and management are required to periodically report to the full Audit and Compliance Committee regarding the extent of services provided by PricewaterhouseCoopers LLP, in accordance with the pre-approval policy and the fees for the services performed. During the year, circumstances may arise when it may become necessary to engage PricewaterhouseCoopers LLP for additional services not contemplated in the pre-approval. In those instances, the Audit and Compliance Committee requires specific pre-approval by the Audit and Compliance Committee or its delegate, the Audit and Compliance Committee chair, before engaging PricewaterhouseCoopers LLP for such services.

Report of the Audit and Compliance Committee

The primary functions of the Audit and Compliance Committee are to assist the Board of Directors in fulfilling its oversight of:

- The integrity of Allergan's financial statements;
- Allergan's compliance with legal and regulatory requirements;
- The outside auditor's qualifications and independence; and
- The performance of Allergan's internal audit function and of its independent auditor.

Additionally, the Audit and Compliance Committee serves as an independent and objective party that:

- Monitors Allergan's financial reporting process and internal control systems;
- Retains, oversees and monitors the qualifications, independence, compensation and performance of Allergan's independent auditor; and
- Provides an open avenue of communication among the independent auditor, financial and senior management, the internal auditing department and the Board of Directors.

The Audit and Compliance Committee Charter describes in greater detail the full responsibilities of the Audit and Compliance Committee, and is available under the Investors section of our website at [www.allergan.com](http://www.allergan.com). The Audit and Compliance Committee reviews the Audit and Compliance Committee Charter annually prior to Allergan's Annual Meeting and at such other times as deemed appropriate by the Audit and Compliance Committee.

The Audit and Compliance Committee schedules its meetings and implements procedures designed to ensure that during the course of each fiscal year it devotes appropriate attention to each of the matters assigned to it under the Audit and Compliance Committee Charter. To this end, the Audit and Compliance Committee met each quarter, and 10 times in total, during 2015. In addition to the foregoing, the Audit and Compliance Committee makes itself available to Allergan and its internal and external auditors during the course of the year to discuss any issues believed by such parties to warrant the attention of the Audit and Compliance Committee.

In carrying out its responsibilities, the Audit and Compliance Committee acts in an oversight capacity. Management has the primary responsibility for the financial reporting process, including the system of internal controls, and for preparation of consolidated financial statements in accordance with generally accepted accounting principles. Allergan's independent auditor is responsible for auditing those financial statements and expressing an opinion as to

their conformity with generally accepted accounting principles. In performing its oversight responsibilities in connection with Allergan's 2015 audit, the Audit and Compliance Committee has:

- Reviewed and discussed Allergan's audited consolidated financial statements for fiscal 2015 with management and Allergan's independent auditor, PricewaterhouseCoopers LLP;

- Discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Auditing Standard No. 16 (Communication with Audit Committees), as adopted by the Public Company Accounting Oversight Board ("**PCAOB**") and currently in effect; and

- Received the written disclosures and the letter from PricewaterhouseCoopers LLP required by PCAOB Ethics and Independence Rule 3526, Communications with Audit Committees Concerning Independence, and has discussed with PricewaterhouseCoopers LLP its independence from Allergan and its management.

Based on the review and discussions above, the Audit and Compliance Committee has recommended that the Board of Directors include the audited consolidated financial statements in Allergan's Annual Report on Form 10-K for the year ended December 31, 2015.

Proposals No. 4A and 4B Amendment of the Company's (A) Memorandum of Association to Make Certain Administrative Amendments and (B) Articles of Association to Make Certain Administrative Amendments

Proposals No. 4A and 4B are being proposed in response to the enactment of the Irish Companies Act 2014 (the "**2014 Act**"), which was commenced on June 1, 2015. Under Irish law, separate resolutions are required to approve any amendment to a public company's Memorandum of Association and any amendment to a public company's Articles of Association notwithstanding that together they comprise the Company's constitutional documents. We are therefore asking shareholders to separately vote on Proposals No. 4A and 4B. Both Proposals are proposed as special resolutions and given that the Memorandum of Association and the Articles of Association together comprise the Company's constitutional documents and the Proposals both relate to administrative updates to ensure that the Company is not impacted or affected any more than necessary by the introduction of the 2014 Act, each of the Proposals No.4A and 4B is subject to the other being approved by shareholders, and as a result, both Proposals will fail if either Proposal does not pass.

**PROPOSAL NO. 4A: PROPOSED AMENDMENTS TO THE COMPANY'S MEMORANDUM OF ASSOCIATION IN CONNECTION WITH RECENT CHANGES IN IRISH LAW**

Set forth below is background information on the proposed amendments to the Memorandum of Association.

The description of the following proposed amendments is only a summary and is qualified entirely by reference to the complete text of the proposed amendments, which is attached to this Proxy Statement as Part I of Annex B. We urge you to read Part I of Annex B in its entirety before casting your vote.

The purpose of the 2014 Act was to consolidate and modernize Irish company law. Although the changes to Irish company law in the 2014 Act will not impact the Company's day-to-day operations, we must make some administrative updates to the Memorandum of Association to ensure that the Company is not impacted or affected any more than necessary by the introduction of the 2014 Act. None of the updates to the Memorandum of Association proposed to be made in connection with the 2014 Act will change the rights of shareholders.

This special resolution is being proposed in order to make minor amendments to clause 2 and clause 3.13 of the Memorandum of Association so as to update the statutory references in these clauses to be consistent with the 2014 Act. The resolution also provides for the subscription clause at the end of the Memorandum of Association to be moved to the end of the Articles of Association, pursuant to Section 1006 and Schedule 9 of the 2014 Act.

The proposed amendments to our Memorandum of Association are each specifically described in the text of the resolution below, as required under Irish law.

## RECOMMENDATION

Our Board of Directors believes that the information provided above demonstrates that approving Proposal No. 4A is in the best interest of the Company.

The text of the resolution in respect of Proposal No. 4A is as follows:

“RESOLVED, that as a special resolution, subject to and conditional upon Proposal No. 4B being passed, the following amendments, as shown in Part I of Annex B of this Proxy Statement, be made to the Memorandum of Association:

- (a) the Memorandum of Association, in the form produced to the meeting and initialled by the Chairman for the purpose of identification, be and is hereby amended by the deletion of the existing clause 2 and the substitution therefor of the following new clause 2: “2. The Company is a public limited company deemed to be a PLC to which Part 17 of the Companies Act 2014 applies”; and
- (b) the words “by section 155 of the Act” in clause 3.13 of the Memorandum of Association be deleted and the words “in the “Companies Act 2014” be substituted therefor; and
- (c) that the subscription clause at the end of the Memorandum of Association be moved to the end of the Articles of Association in order to comply with Section 1006 and Schedule 9 of the Companies Act 2014.”

[Back to Contents](#)

**REQUIRED  
VOTE**

As required under Irish law, the resolution in respect of Proposal No. 4A is a special resolution that requires the affirmative vote of the holders of at least 75% of the votes cast. In addition, Proposal No. 4A is subject to Proposal No. 4B being approved. Therefore, unless shareholders approve Proposal No. 4B, Proposal No. 4A will fail, notwithstanding that shareholders may have previously approved Proposal No. 4A.

**The Board of Directors unanimously recommends that you vote FOR Proposal No. 4A.**

**PROPOSAL NO. 4B: PROPOSED AMENDMENTS TO THE COMPANY'S ARTICLES OF ASSOCIATION  
IN CONNECTION WITH RECENT CHANGES IN IRISH LAW**

Set forth below is background information on the proposed amendments to the Articles of Association.

The description of the following proposed amendments is only a summary and is qualified entirely by reference to the complete text of the proposed amendments, which is attached to this Proxy Statement as Part II of Annex B. We urge you to read Part II of Annex B in its entirety before casting your vote.

In addition to the proposed amendments described above to the Memorandum of Association, we must make corresponding amendments to the Articles of Association to ensure that the Company is not impacted or affected any more than necessary by the introduction of the 2014 Act. None of the amendments to the Articles of Association proposed to be made in connection with the 2014 Act will materially change the rights of our shareholders.

Certain sections of the 2014 Act will automatically apply to the Company unless we explicitly opt out of those sections. Given that many of these sections either address matters that are already specifically covered by the Articles of Association or are not applicable to the Company, we are proposing to amend our Articles of Association to explicitly opt-out of certain provisions, as permitted by the 2014 Act. For example, the 2014 Act contains optional provisions regarding the quorum requirements for a general meeting of a company, which is already covered by existing provisions in our Articles of Association. We therefore recommend opting out of those provisions.

In addition, we are also proposing a small number of administrative/ housekeeping amendments to the Articles of Association at this time in order to correct certain typographical errors (and similar), to update certain defined terms and to update certain Articles to more properly reflect the Company's present circumstances.

Part I of Annex A contains a table setting out a summary of the optional provisions from which we propose to opt out. Part II of Annex A contains a table setting out a summary of the optional provisions which we propose would not be disapplied. Finally, Part III of Annex A contains a table setting out a summary of the proposed changes to be made relating to the introduction of the 2014 Act or for administrative/housekeeping reasons.

## **RECOMMENDATION**

Our Board of Directors believes that the information provided above demonstrates that approving Proposal No. 4B is in the best interest of the Company.

The text of the resolution in respect of Proposal No. 4B is as follows:

“RESOLVED, that as a special resolution, subject to and conditional upon Proposal No. 4A being passed, the Articles of Association be and are hereby amended in the manner provided in Part II of Annex B of this Proxy Statement.”

## **REQUIRED VOTE**

As required under Irish law, the resolution in respect of Proposal No. 4B is a special resolution that requires the affirmative vote of the holders of at least 75% of the votes cast. In addition, Proposal No. 4B is subject to Proposal No. 4A being approved. Therefore, unless shareholders approve Proposal No. 4A, Proposal No. 4B will fail, notwithstanding that shareholders may have approved Proposal No. 4B.

**The Board of Directors unanimously recommends a vote FOR Proposal No. 4B.**

Proposals No. 5A and 5B Amendment of the Company's Articles of Association to (A) Provide for a Plurality Voting Standard in the Event of a Contested Election and (B) Grant the Board of Directors Sole Authority to Determine its Size

Proposal No. 5A sets out the proposed amendments to our Articles of Association to provide for a plurality voting standard in the event of a contested election and Proposal No. 5B sets out the proposed amendments to our Articles of Association to provide the Board of Directors with sole authority to set its size. Under Irish law, unless the Board of Directors is granted sole authority to set its size, the plurality voting standard will not achieve its desired results. Given the link between Proposals No. 5A and 5B, each Proposal is subject to the other being approved by shareholders, and as a result, both proposals will fail if either proposal does not pass.

The description of the following proposed amendments is only a summary and is qualified in its entirety by reference to the complete text of the proposed amendments, which is attached to the Proxy Statement as Annex C. We urge you to read Annex C in its entirety before you cast your vote.

**PROPOSAL NO. 5A: PLURALITY VOTING IN A CONTESTED ELECTION**

Today, the Company has a majority voting standard for both uncontested and contested director elections. However, in the context of contested director elections, many consider that a plurality voting standard is more appropriate for a number of reasons, including to avoid the risk of a failed election (that is, where one or more directors fails to receive a majority of the votes cast). In the United States, under a plurality voting standard, the nominees receiving the highest number of votes for the available seats, regardless of whether the nominees receive a majority of the votes cast in the election, would be elected as directors.

Best practices in corporate governance in the United States have evolved in recent years, and there has been an evident shift from the historically dominant plurality voting standard in all director elections to a majority voting standard in uncontested elections and a plurality standard in contested elections. A survey of the 100 largest public companies in the United States reveals that the overwhelming majority have adopted a majority voting standard for uncontested elections whilst retaining a plurality voting standard for contested elections. Proxy advisory firms generally support this practice in the United States.

The Board of Directors recommends that shareholders approve the amendments to our Articles of Association (set out in Part I of Annex C of this Proxy Statement) to provide for a plurality voting standard solely in the event of a contested election. These amendments, if approved, would provide that where the number of director nominees exceeds the number of directors to be elected, only those directors receiving the most votes for the available seats would be elected. They would also remove the ability for the maximum number of directors to be reduced by way of an ordinary resolution, as this could potentially interfere with the correct functioning of the plurality voting mechanism.

The Board of Directors is of the opinion that it is in the best interests of our shareholders to approve the plurality voting standard in the event of contested elections, while maintaining the Company's majority voting standard in the case of uncontested elections. Accordingly, Proposal No. 5A asks shareholders to approve the amendments to the Articles of Association to provide for plurality voting in a contested election.

## **RECOMMENDATION**

Our Board of Directors believes that the information provided above demonstrates that approving Proposal No. 5A is in the best interest of the Company.

The text of the resolution in respect of Proposal No. 5A is as follows:

“RESOLVED, that as a special resolution, subject to and conditional upon Proposal No. 5B being passed, the Articles of Association be and are hereby amended in the manner provided in Part I of Annex C of this Proxy Statement”.

## **REQUIRED VOTE**

As required under Irish law, the resolution in respect of Proposal No. 5A is a special resolution that requires the affirmative vote of the holders of at least 75% of the votes cast. In addition Proposal No. 5A is subject to Proposal No. 5B being approved. Therefore, unless shareholders approve Proposal No. 5B, Proposal No. 5A will fail, notwithstanding that shareholders may have previously approved Proposal No. 5A.

**The Board of Directors unanimously recommends a vote FOR Proposal No. 5A.**

## **PROPOSAL NO. 5B: SETTING THE SIZE OF THE BOARD OF DIRECTORS**

Our Board of Directors is also proposing to amend our Articles of Association to provide that the size of the Board of Directors be set solely by resolution of the Board of Directors. This amendment is necessary in order for the plurality voting mechanism described above to function effectively in Ireland. Unless the Board of Directors is granted sole authority to set its size, nominees (including the Company's nominees) who receive a simple majority of votes cast may also be elected to the Board of Directors, even if those nominees receive fewer votes than the nominees that otherwise fill the available seats.

As with plurality voting in contested elections, granting the Board of Directors sole authority to set its size is a common governance practice in the United States. Therefore, we propose to amend the Articles of Association in the manner described in Part II of Annex C of this Proxy Statement in order to grant this authority to the Board of Directors.

### **RECOMMENDATION**

Our Board of Directors believes that the information provided above demonstrates that approving Proposal No. 5B is in the best interest of the Company.

The text of the resolution in respect of Proposal No. 5B is as follows:

“RESOLVED, that as a special resolution, subject to and conditional upon Proposal No. 5A being passed, the Articles of Association be and are hereby amended in the manner provided in Part II of Annex C of this Proxy Statement”.

### **REQUIRED VOTE**

As required under Irish law, the resolution in respect of Proposal No. 5B is a special resolution that requires the affirmative vote of at least 75% of the votes cast. In addition, Proposal No. 5B is subject to Proposal No. 5A being approved. Therefore, unless shareholders approve Proposal No. 5A, Proposal No. 5B will fail, notwithstanding that shareholders may have approved Proposal No. 5B.

**The Board of Directors unanimously recommends a vote *FOR* Proposal No. 5B.**

Proposal No. 6 Reduction of Company Capital

From time to time, Irish companies seek shareholder approval to create additional “distributable reserves”. Under Irish law, we need sufficient “distributable reserves” to repurchase or redeem our shares or to make other distributions to our shareholders in the form of dividends. Distributable reserves generally means accumulated realized profits less accumulated realised losses and includes reserves created by way of capital reduction.

In this proposal, shareholders are being asked to approve a reduction of our company capital by the entire amount standing to the credit of our share premium account as at December 31, 2015 or such other lesser amount as the Board of Directors or the Irish High Court may determine, to create additional “distributable reserves” in order to give us greater flexibility with respect to the management of our capital and to enable us to make distributions by paying dividends to shareholders and effecting share repurchases and/or share redemptions. In accordance with the terms of the merger agreement dated November 22, 2015, and amended on March 4, 2016, entered into between us, Pfizer Inc. and Watson Merger Sub Inc., as may be further amended from time to time, the amount of the share premium to be reduced will be mutually agreed between us, Pfizer Inc. and Watson Merger Sub Inc.

If shareholders approve this proposal, we will seek the Irish High Court’s confirmation as soon as practicable. Although we are not aware of any reason why the Irish High Court would not approve the creation of distributable reserves, the issuance of the required order is a matter for the discretion of the Irish High Court. Even if shareholders approve this proposal and the Irish High Court approves the creation of distributable reserves, there is no guarantee that dividends will be paid to shareholders or that share repurchases and/or share redemptions will occur.

## **RECOMMENDATION**

Our Board of Directors believes that the information provided above demonstrates that approving Proposal No. 6 is in the best interest of the Company.

The text of the resolution in respect of Proposal No. 6 is as follows:

“RESOLVED, that as a special resolution, subject to and with the consent of the Irish High Court:

- (a) in accordance with the provisions of section 84 of the Irish Companies Act 2014, the company capital of the Company be reduced by the cancellation of the entire amount standing to the credit of the Company’s share premium account as at December 31, 2015 (the “*Authorized Amount*”) or such other lesser amount as the board of directors of the Company (the “*Board*”) or the Irish High Court may determine and for the reserve resulting from the

cancellation of the share premium to be treated as profits available for distribution as defined by section 117 of the Irish Companies Act 2014; and

(b) the Board, acting through one or more of the Company's directors, secretaries or executive officers, be and is hereby authorized on behalf of the Company, to proceed to seek the confirmation of the Irish High Court to a reduction of company capital by the Authorized Amount or such lesser amount as the Board or the Irish High Court may determine."

**REQUIRED  
VOTE**

As required under Irish law, the resolution in respect of Proposal No. 6 is a special resolution that requires the affirmative vote of at least 75% of the votes cast.

**The Board of Directors unanimously recommends a vote FOR Proposal No. 6.**

Proposal No. 7 Annual Report on Lobbying Policy, Procedures and Payments

A shareholder has informed the Company it intends to present the non-binding proposal set forth below at the Annual Meeting. If the shareholder (or its qualified representatives) is present at the Annual Meeting and properly submits the proposal for a vote, then the shareholder proposal will be voted upon at the Annual Meeting.

In accordance with federal securities laws, the shareholder proposal and supporting statement are presented below as submitted by the shareholder and are quoted verbatim. The Company disclaims all responsibility for the content of the proposal and the supporting statement, including other sources referenced in the supporting statement.

The Company will promptly provide to any shareholder the name, address and number of the Company's voting securities held by the person submitting this proposal upon receiving an oral or written request made to the Company's Investor Relations department by telephone at +1-862-261-7488, by email at [investor.relations@allergan.com](mailto:investor.relations@allergan.com) or by writing to our administrative address: Investor Relations, Allergan plc, Morris Corporate Center III, 400 Interpace Parkway, Parsippany, NJ 07054.

**RECOMMENDATION**

**The Board of Directors unanimously recommends that shareholders vote AGAINST the adoption of this proposal.**

**REQUIRED  
VOTE**

A simple majority of votes cast at the Annual Meeting is required to approve the shareholder proposal described in this Proposal No. 7. Abstentions and broker non-votes will not have any effect on the outcome of this proposal because neither an abstention nor a broker non-vote represents a vote cast.

**PROPOSAL NO. 7 ANNUAL REPORT ON LOBBYING POLICY, PROCEDURES AND PAYMENTS**

**Whereas**, we believe in full disclosure of Allergan's direct and indirect lobbying activities and expenditures to assess whether Allergan's lobbying is consistent with its expressed goals and in the best interests of stockholders.

**Resolved**, the stockholders of Allergan request the preparation of a report, updated annually, disclosing:

1. Company policy and procedures governing lobbying, both direct and indirect, and grassroots lobbying communications.
2. Payments by Allergan used for (a) direct or indirect lobbying or (b) grassroots lobbying communications, in each case including the amount of the payment and the recipient.
3. Allergan's membership in and payments to any tax-exempt organization that writes and endorses model legislation.
4. Description of the decision making process and oversight by management and the Board for making payments described in sections 2 and 3 above.

For purposes of this proposal, a "grassroots lobbying communication" is a communication directed to the general public that (a) refers to specific legislation or regulation, (b) reflects a view on the legislation or regulation and (c) encourages the recipient of the communication to take action with respect to the legislation or regulation. "Indirect lobbying" is lobbying engaged in by a trade association or other organization of which Allergan is a member.

Both "direct and indirect lobbying" and "grassroots lobbying communications" include efforts at the local, state and federal levels.

The report shall be presented to the Audit Committee or other relevant oversight committees and posted on Allergan's website.

### **Supporting Statement**

As stockholders, we encourage transparency and accountability in the use of corporate funds to influence legislation and regulation both directly and indirectly. Allergan spent \$4.03 million in 2011 and 2012 on direct federal lobbying activities ([opensecrets.org](http://opensecrets.org)). These figures do not include lobbying expenditures to influence legislation in states, where Allergan also lobbies but disclosure is uneven or absent. For example, AbbVie spent \$405,685 on lobbying in California in 2013 and 2014 (<http://cal-access.ss.ca.gov/>). Allergan's lobbying on tax inversions has attracted media scrutiny ("Pfizer-Allergan Deal May Revive Inversions Fury," Politico, Oct. 30, 2015).

We commend Allergan for ending its membership in the American Legislative Exchange Council in 2015. However, serious disclosure gaps remain. Allergan lists its membership of the Biotechnology Industry Organization ("BIO"). In 2013 and 2014, BIO spent \$16.25 million on lobbying. Allergan is also a member of the Pharmaceutical Research and Manufacturers of America (PhRMA), but does not disclose this. PhRMA spent over \$34.5 million on lobbying in 2013 and 2014. Allergan does not fully disclose its trade association memberships, nor payments and the portions

used for lobbying on its website. Absent a system of accountability, company assets could be used for objectives contrary to Allergan's long-term interests.

Transparent reporting would reveal whether company assets are being used for objectives contrary to Allergan's long-term interests.

Board of Directors' Response to Shareholder Proposal No. 7

**The Board of Directors believes that implementation of the proposal is unnecessary and recommends that the shareholders vote AGAINST it.**

**Our Board of Directors believes that our company's participation in the political, legislative and regulatory processes at all levels of government promotes good corporate citizenship and enhances shareholder value.**

We are committed to participating constructively in the political process and engaging in such participation in full compliance with applicable laws. Allergan recognizes that informed public policy is a critical factor in achieving its goal of pursuing medical advances to help patients live life to their fullest potential. Although Allergan plc is prohibited by Federal law from participating in election-related matters because it is incorporated overseas, certain of Allergan's U.S. domestic subsidiaries – Allergan, Inc. and Allergan USA, Inc. (collectively, the “Specified Allergan U.S. Subsidiaries”) – from time to time use their own domestically derived resources to independently participate in the political process. Therefore, the Specified Allergan U.S. Subsidiaries engage in various efforts to advance public policies that support healthcare innovation and improve patient access to needed medical treatments while also recognizing that a fair, free market system provides the best atmosphere for continued innovation. These efforts by the Specified Allergan U.S. Subsidiaries include sponsoring a federal political action committee, contributing to state and local candidates and committees and supporting industry and trade organizations.

**The policies and procedures we have already put into place are designed to ensure that all lobbying activities conducted by our company and our employees comply with all applicable laws.**

Our Board of Directors believes that our current disclosures regarding lobbying practices and procedures are appropriate and consistent with the objectives of transparency and accountability reflected in the proposal. In light of our existing policies and disclosures with respect to lobbying activities, our Board of Directors believes that the report required by the proposal is unnecessary. Indeed, the proponent includes in its supporting statement contribution data from publicly available data, demonstrating that significant information concerning our activities is already available.

Each of the Specified Allergan U.S. Subsidiaries retains independent experts to assist it in complying with all applicable election and campaign laws. In certain jurisdictions where doing so is permitted, the Specified Allergan U.S. Subsidiaries make corporate contributions to support election campaigns, political action committees, party committees and ballot measure committees. Allergan supports candidates from both parties. Further, our company's policies and procedures governing its political and lobbying activities are subject to robust internal controls and oversight. Each of the Specified Allergan U.S. Subsidiaries' respective boards of directors oversees its participation in the political process and the measures taken to ensure compliance with applicable law.

**We provide significant disclosure regarding lobbying activities, including the amounts spent, political action committee contributions and other expense and contribution information, pursuant to applicable law.**

The Specified Allergan U.S. Subsidiaries make a list of all corporate state and local political contributions made to support candidates, committees, political parties and ballot measure committees available via our website. In addition, we make available on our corporate affairs website at <http://www.allergan.com/responsibility/political-contributions> a list of our main industry and trade association memberships.

Corporate contributions to federal candidates are prohibited under federal law. Contributions to the Allergan, Inc. Political Action Committee (“*Allergan, Inc. PAC*”), our company employee funded political action committee, are publicly disclosed via reports which are available on the Federal Election Commission’s website at <http://www.fec.gov/>. We also file quarterly reports with the federal government that disclose our lobbying expenditures and detail our lobbying activities. These reports are available at [http://www.senate.gov/legislative/Public\\_Disclosure/LDA\\_reports.htm](http://www.senate.gov/legislative/Public_Disclosure/LDA_reports.htm) and <http://lobbyingdisclosure.house.gov/>.

Our Board of Directors believes that the information currently made available strikes the appropriate balance between transparency and excessive burden and cost, and that additional disclosures with respect to lobbying activities would not provide useful information to shareholders. The implementation of the proposal’s additional requirements would result in the unproductive consumption of valuable time and corporate resources tracking insignificant activities without materially enhancing existing disclosures.

For example, Allergan is a member of several industry and trade groups that represent both the pharmaceutical industry and the business community at large in an effort to bring about consensus on broad policy issues that can impact Allergan’s business objectives and ability to help patients live life to their fullest potential. Allergan’s participation as a member of these various industry and trade groups comes with the understanding that we may not always agree with the positions of the larger organization and/or other members, and we are committed to voicing our concerns as appropriate through our colleagues who serve on the boards and committees of these groups. Lobbying may or may not be a primary focus of such groups, and even where portions of the dues we and other members pay are used for lobbying activities, such activities, and the positions of such organizations and associations, may be undertaken by consensus and/or may address issues that are not of concern to us or our shareholders. For these reasons, additional disclosures regarding contributions to such organizations and associations would not provide helpful information to shareholders, but would impose an unnecessary data collection burden on us. Moreover, additional detailed disclosures may also encourage issue activists to pressure us to alter our political participation in a manner that could adversely affect shareholder interests.

**Our Board of Directors also opposes the proposal because many aspects of it are vague or unworkable and may create confusion.** The definition of “lobbying,” and the payments that would be considered lobbying-related, vary across jurisdictions and could include employee salaries, office rent and employee travel expenses. As a result, the disclosures regarding lobbying-related payments required by the proposal may be inconsistent and confusing, as a particular payment may be considered lobbying-related in one jurisdiction but not in another. Additionally, disclosing Allergan’s payments to “any” tax-exempt organization that writes and endorses model legislation is overly broad and

may include organizations to which Allergan makes charitable contributions.

**Therefore, we believe the shareholder proposal should be rejected. The Board of Directors unanimously recommends that you vote AGAINST this shareholder proposal.**

Proposal No. 8 Independent Board Chairman

A shareholder has informed the Company he intends to present the non-binding proposal set forth below at the Annual Meeting. If the shareholder (or his qualified representative) is present at the Annual Meeting and properly submits the proposal for a vote, then the shareholder proposal will be voted upon at the Annual Meeting.

In accordance with federal securities laws, the shareholder proposal and supporting statement are presented below as submitted by the shareholder and are quoted verbatim. The Company disclaims all responsibility for the content of the proposal and the supporting statement, including other sources referenced in the supporting statement.

The Company will promptly provide to any shareholder the name, address and number of the Company's voting securities held by the person submitting this proposal upon receiving an oral or written request made to the Company's investor relations department by telephone at +1-862-261-7488, by email at [investor.relations@allergan.com](mailto:investor.relations@allergan.com) or by writing to our administrative address: Investor Relations, Allergan plc, Morris Corporate Center III, 400 Interpace Parkway, Parsippany, NJ 07054.

## RECOMMENDATION

**The Board of Directors unanimously recommends that shareholders vote AGAINST the adoption of this proposal.**

## REQUIRED VOTE

A simple majority of votes cast at the Annual Meeting is required to approve the shareholder proposal described in this Proposal No. 8. Abstentions and broker non-votes will not have any effect on the outcome of this proposal because neither an abstention nor a broker non-vote represents a vote cast.

## PROPOSAL NO. 8 INDEPENDENT BOARD CHAIRMAN

Shareholders request our Board of Directors to adopt as policy, and amend our governing documents as necessary, to require the Chair of the Board of Directors, whenever possible, to be an independent member of the Board. The Board would have the discretion to phase in this policy for the next CEO transition, implemented so it does not violate any existing agreement. If the Board determines that a Chair who was independent when selected is no longer independent, the Board shall select a new Chair who satisfies the requirements of the policy within a reasonable

amount of time. Compliance with this policy is waived if no independent director is available and willing to serve as Chair. This proposal requests that all the necessary steps be taken to accomplish the above.

It is the responsibility of the Board of Directors to protect shareholders' long-term interests by providing independent oversight of management. By setting agendas, priorities and procedures, the Chairman is critical in shaping the work of the Board.

A board of directors is less likely to provide rigorous independent oversight of management if the Chairman is an insider, as is the case with our Company. Transitioning to a board chairman who is independent of our Company and its management is a practice that will promote greater management accountability to shareholders and lead to a more objective evaluation of management.

According to the Millstein Center for Corporate Governance and Performance (Yale School of Management), "The independent chair curbs conflicts of interest, promotes oversight of risk, manages the relationship between the board and CEO, serves as a conduit for regular communication with shareowners, and is a logical next step in the development of an independent board." (Chairing the Board: The Case for Independent Leadership in Corporate North America, 2009.)

An NACD Blue Ribbon Commission on Directors' Professionalism recommended that an independent director should be charged with "organizing the board's evaluation of the CEO and provide ongoing feedback; chairing executive sessions of the board; setting the agenda and leading the board in anticipating and responding to crises." A blue-ribbon report from The Conference Board echoed that position.

A number of institutional investors said that a strong, objective board leader can best provide the necessary oversight of management. Thus, the California Public Employees' Retirement System's Global Principles of Accountable Corporate Governance recommends that a company's board should be chaired by an independent director, as does the Council of Institutional Investors.

An independent director serving as chairman can help ensure the functioning of a more effective board of directors. Please vote to enhance shareholder value:

Board of Directors' Response to Shareholder Proposal No. 8

**The Board of Directors recommends that shareholders vote AGAINST this shareholder proposal. The Board of Directors believes that this proposal is not in the best interests of the Company or its shareholders and opposes it for the following reasons.**

**The Company's current leadership structure is in the best interests of its shareholders.**

The Board of Directors believes it is important to have the flexibility to select a Chairman who is the best person for the job, regardless of that person's independence. In contrast, implementing a policy as requested by the proposal would unduly restrict the Board of Directors by mandating a fixed and inflexible leadership structure for the Company and would prevent the Board of Directors, including future boards of directors, from determining the most appropriate leadership structure for the Company. The primary responsibility of the Board of Directors is to foster the long-term success of the Company, and a key element in fulfilling this responsibility is to determine periodically which person should serve as our Chairman of the Board of Directors based on the Board of Directors' determination of the unique opportunities and challenges facing the Company at any given time. The members of the Board of Directors are in the best position to make this decision based on their knowledge of the Company, and the Board of Directors has determined that Mr. Bisaro is the right person to serve as Chairman at this time.

The Company has always strived to maintain high corporate governance standards. Immediately following the closing of the Forest Acquisition, on July 1, 2014, Paul M. Bisaro (formerly the Chairman and Chief Executive Officer of the Company) became the Executive Chairman, and Brenton L. Saunders (formerly the Chief Executive Officer and President of Forest) became Chief Executive Officer, President, and a member of the Board of Directors of the Company, thereby separating our Chairman and CEO roles. The Board of Directors has determined this leadership structure to be appropriate for the Company at this time, as Mr. Bisaro possesses deep knowledge of the Company, its management and operations, and has extensive experience with integrating complex pharmaceutical enterprises and the separation of roles ensures that Mr. Saunders is able to focus on the ongoing operations of the Company, strategic mergers and acquisitions and driving the integration of our business in light of recent significant acquisitions. Further, separating the roles of Executive Chairman and Chief Executive Officer fosters better Board of Directors oversight of management. Additionally, the Board of Directors believes having a lead independent director provides a well-functioning and effective balance between strong Company leadership and appropriate safeguards and oversight by independent directors.

**The proposal is not necessary to ensure effective oversight of management and accountability to shareholders.**

The Board of Directors is committed to protecting shareholders' interests by providing independent oversight of management and has already adopted numerous measures that foster director independence. The Board of Directors believes that the current leadership structure fully supports the accountability of management to the independent

directors and the Board of Directors has taken affirmative steps to facilitate accountability to shareholders and independent oversight of management, including, for example, through the following:

- The Company presently separates the roles of Chairman and CEO.**
- The Board of Directors has a lead independent director.**
- Independent directors meet regularly without management present.**
- 10 of the 12 current Board members are independent under the NYSE listing requirements.**
- Currently, all four of our Board of Directors committees are fully independent.**

**Therefore, we believe the shareholder proposal should be rejected. The Board of Directors unanimously recommends that you vote AGAINST this shareholder proposal.**

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and officers and persons who own more than 10% of a registered class of our equity securities to file with the SEC reports of ownership and changes in ownership of our ordinary shares and our other equity securities. Officers, directors and greater-than-10% shareholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of such reports furnished to us or written representations that no other reports were required, we believe that during and with respect to the 2015 fiscal year all filing requirements applicable to our officers, directors and greater-than-10% beneficial owners were complied with and all filings were timely filed, except that a late Form 4 for Mr. Saunders was filed on March 31, 2015 to report a number of ordinary shares that were inadvertently omitted from Mr. Saunders' Form 4 filed on July 3, 2014, and an amendment to a Form 4 for Mr. Meury was filed on March 4, 2016 to correct an administrative error in Mr. Meury's Form 4 filed on July 3, 2014 that overstated the number of ordinary shares held by Mr. Meury.

Certain Relationships and Related Transactions

We review all relationships and transactions in which we and our directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. Pursuant to our written Related Person Transaction Policies and Procedures, our legal department is primarily responsible for the implementation of processes and controls to obtain information from the directors and executive officers with respect to related person transactions and for then determining, based on the facts and circumstances, whether we or a related person has a direct or indirect material interest in the transaction. In determining whether a proposed transaction is a related person transaction, our legal department assesses:

- (i) The related person's relationship to us;
- (ii) The related person's interest in the transaction;
- (iii) The material facts of the proposed transaction, including the proposed aggregate value of such transaction or, in the case of indebtedness, the amount of principal that would be involved;
- (iv) The benefits to us of the proposed transaction;
- (v) If applicable, the availability of other sources of comparable products or services; and
- (vi) Whether the proposed transaction is on terms that are comparable to the terms available to an unrelated third party or to employees generally.

If our legal department determines that the proposed transaction is a related person transaction, the proposed transaction is submitted to our Nominating and Corporate Governance Committee for consideration. The Nominating and Corporate Governance Committee may only approve or ratify those transactions that are in, or are not inconsistent with, our best interests and the best interests of our shareholders, as the Nominating and Corporate Governance Committee determines in good faith.

As required under SEC rules, we disclose in our Proxy Statement any related person transactions determined to be directly or indirectly material to us or a related person. No reportable transactions occurred since January 1, 2015 or are currently proposed.

Annex A

**Part I****OPTIONAL PROVISIONS OF THE 2014 ACT FROM WHICH THE COMPANY PROPOSES TO OPT-OUT**

The 2014 Act adopts a new approach in regard to the articles of association of all companies. Instead of providing for an optional model set of articles of association as was done with Table A of the First Schedule of the Irish Companies Act 1963 (“*Table A*”), the 2014 Act now contains specific sections which apply to all companies unless the articles of association specifically exclude them. As these provisions deal with matters which are already specifically provided for in the Company’s existing Articles of Association (which also disapply the model set of articles of association in Table A), it is necessary to include a new provision in the opening clause of the revised Articles of Association in order to disapply the appropriate optional sections of the 2014 Act. Table A is no longer relevant and as such it is no longer necessary to continue with its disapplication in Article 1 of the Company’s Articles of Association.

A summary of each of the sections of the 2014 Act which are therefore being specifically excluded by the Articles is as set out in the table below:

<b>Sections of the 2014 Act to be disapplied</b>	<b>Currently covered in Articles</b>	<b>Subject matter/reason for disapplication of relevant provision(s) in the 2014 Act</b>
43(2) and (3)	141 and 142	Sections 43(2) and (3) deal with the use of the common seal of a company. These sub-sections are being disapplied as equivalent, but more detailed, provision for the use of the Company’s common seal is made in Articles 141 and 142.

**PART III**

**SUMMARY OF OTHER AMENDMENTS BEING MADE RELATING TO THE INTRODUCTION OF THE 2014 ACT OR FOR ADMINISTRATIVE OR HOUSEKEEPING REASONS**

<b>Amendment</b>	<b>Reason for amendment</b>
All references to the old Irish company law statutes, which were repealed when the 2014 Act became effective on 1, June 2015 are replaced by references to the 2014 Act	To ensure that our Articles of Association are consistent with the statutory references in the 2014 Act.
Inclusion of definition of “IAS Regulation” in Article 2.1	This definition has been included in order to take account of the new requirements regarding the maintenance of accounting records set out in Chapter 2 of Part 6 of the 2014 Act. Further details are set out below in the explanation of amendments to Article 153.
Inclusion of “any duplicate seal” in definition of “the seal” in Article 2.1	This is to provide clarity that in the event that there is more than one company seal in existence, they will all be treated as the common seal of the Company in accordance with Section 43(a) of the 2014 Act.
Insert references to undenominated capital	In various places in the Articles of Association, the expression “ <i>undenominated capital</i> ” is being inserted as this expression is now used in the 2014 Act to refer to that part of a company’s capital which is not represented by the nominal (or par) value paid up on a company’s issued shares.
Article 3.3 (c)	Obsolete references to repealed Irish law statutes have been removed.
Article 3.5	For the avoidance of doubt and to provide maximum flexibility in relation to the provisions of the 2014 Act regarding the acquisition by the Company of its own shares, the following wording has been added to the beginning of Article 3.5 “ <i>Unless the Board specifically elects to treat such acquisition as a purchase for the purposes of the Acts</i> ”. This additional wording acknowledges that the Company has the ability (under Article 4.2 and the 2014 Act, and subject to shareholder approval) to make purchases of its own shares (as opposed to redemption of such shares).
Article 4.2	For the avoidance of doubt and to provide the maximum flexibility, Article 4.2 is being amended by the inclusion of the words “of any class” and “at any price”.
Article 13 (and Article 2.1)	All references to “Section 81 Notice” have been deleted and replaced with references to a “Disclosure Notice” in order to ensure consistency with the terminology used in the 2014 Act. A new definition of “Disclosure Notice” (with the appropriate statutory cross-reference) has been added to Article 2.1.
Article 29	The time period from when Directors must send a transferee notice of their refusal to register a transfer has been amended from three to two months to comply with the time period set out in Section 95(3) of the 2014 Act.
Article 45	Article 45 has been amended to provide for the different circumstances in which a company may give financial assistance in accordance with the provisions of the 2014 Act. The words “a purchase or” have been deleted and the Article has been amended to more closely reflect the provisions of Section 82 of the 2014 Act. Article 45 now reads as follows: “The Company may give any form of financial assistance which is permitted by the Acts for the purpose of or in connection with an acquisition by

subscription, purchase, exchange or otherwise, made or to be made by any person of or for any shares in the Company or in the Company's holding company."

Article 47

Article 47 is being amended to provide that the powers contained therein do not limit or otherwise affect the powers afforded to the Company by Section 83 of the 2014 Act, which sets out the procedures pursuant to which the Company may vary its capital.

Article 48

Article 48 is being amended to include a cross reference to Section 84 of the 2014 Act, which sets out the procedures pursuant to which the Company may reduce its capital. Article 48 is also amended to expressly provide that it should have no effect on the powers granted to the Company by Section 83 of the 2014 Act in relation to the variation of its capital.

Article 58

Article 58 is being amended in order to ensure that it is consistent with Section 186 of the 2014 Act (which specifies what constitutes the ordinary business of the Company's AGM) while still reflecting what the Company usually regards as ordinary business at an Annual General Meeting.

**Amendment**

**Reason for amendment**

Article 88	<p>Article 88 is being amended to cater for changes introduced by sections 183 and 184 of the 2014 Act relating to the time and place for delivery of proxies. Article 88 has been amended to provide that an instrument or other form of communication appointing a proxy may be returned to the address or addresses stated in the notice of meeting by such time as may be specified in the notice of meeting, or (if no such time is specified) at any time prior to the holding of the relevant meeting at which the appointee proposes to vote, and subject to the 2014 Act, if not so delivered the appointment shall not be treated as valid.</p>
Article 92	<p>The time limits in Article 92 have been deleted in relation to the latest time within which a proxy may be revoked as this is now governed by Section 183(10) of the 2014 Act which specifies that such revocation will be valid if received at any time before the commencement of the meeting or adjourned meeting at which the proxy is used.</p>
Article 96.2	<p>Section 228(1)(d) codifies the common law restriction on the use of company property by directors and other persons. A new Article 96.2 is being adopted so that directors and other such persons can continue to use company property in accordance with the Company's fair usage policies and in connection with the performance of their duties, functions and powers subject to their terms and conditions of employment.</p>
Article 106.4	<p>This Article 106.4 has been inserted to address certain perceived restrictions in the 2014 Act which could prevent directors from giving irrevocable undertakings in the context of a recommended takeover transaction.</p>
Article 153	<p>Article 153 is being amended in order to take account of the new requirements regarding the maintenance of accounting records set out in Chapter 2 of Part 6 of the 2014 Act. Under Article 153 (as amended) the directors may use the power provided for in the 2014 Act to send shareholders summary statutory financial statements in lieu of the full statutory financial statements of the Company. Where the directors elect to do so, however, any shareholder may request a full copy of the statutory financial statements of the Company to be sent to him or her.</p>
A number of additional administrative/ housekeeping changes are provided for in the revised Articles of Association	<p>The moving of the subscription clause from the end of the Memorandum of Association to the end of the Articles of Association, in order to comply with section 1006 and Schedule 9 of the 2014 Act.</p> <p>The replacement of the term "regulation" with the word "article" throughout the Articles of Association for ease of reference and understanding.</p> <p>The inclusion of new definitions of "Act" and "Acts" in Article 2.1 to properly reference the new company law legislation.</p> <p>The amendment to the definition of "Auditor" in Article 2.1 to refer to "statutory auditor" to ensure consistency with the terminology in the 2014 Act.</p> <p>Article 8.3 is being amended as the power of the Directors to allot and issue relevant securities is to expire five years from 1 October 2013, being the date on which the Articles of Association were adopted by the Company.</p> <p>Article 13.6 (a) has been slightly expanded to give a fuller explanation of the circumstances where a person would be treated as appearing to be interested in the shares of the Company.</p> <p>Article 16 has been slightly expanded to give full details of the potentially applicable provisions of Irish law relating to the necessary actions to change uncertificated shares into certificated shares prior to their sale.</p> <p>The following words in brackets in Article 71 are being deleted as the first annual general meeting of the Company has already been held: "(and in the case of the Company's first annual general meeting, reference to the proceeding year's annual general meeting shall be to the annual general meeting of Actavis, Inc. in that preceding year)".</p>

Edgar Filing: Allergan plc - Form DEF 14A

The following words have been deleted from Article 73.1: “nomination such member proposes to bring before the meeting: as to each person” as it is superfluous and does not add anything to this Article.

The typographical error in Article namely 86.3 has been corrected - “out” should actually refer to “ought”. Article 115.2 has been amended to expressly provide that a Director shall vacate his office without further action if he is prohibited by law from being a director. Article 122 has been amended to remove the concept of “extended notice” which is no longer provided for by the 2014 Act.

Articles 157 and 158 have been amended to acknowledge the fact that the merger of Actavis W.C. Holding 2 LLC with and into Actavis Inc. (and certain other consequential matters) has now occurred.

The term “Holders” is defined and the term “holder” has been capitalised throughout the Articles of Association so as to be consistent with such defined term.

The term “Directors” is defined and the term “director” has been capitalised throughout the Articles of Association so as to be consistent with such defined term where it is used in the context of the Board of Directors.

General revision of cross-referencing in definitions and Articles to ensure consistency throughout the Articles of Association.

4 Subject to and in accordance with the provisions of ~~Part XI of the 1990 Act~~ and the other provisions of this article, the Company may:

4.1 pursuant to section ~~20766~~ of the ~~1990 Act~~, issue any shares of the Company which are to be redeemed or are liable to be redeemed at the option of the Company or the member on such terms and in such manner as may be determined by the Company in a general meeting (by Special Resolution) on the recommendation of the Directors;

6

6.1 Without prejudice to the authority conferred on the Directors pursuant to article 3 to issue preferred shares in the capital of the Company, if at any time the share capital is divided into different classes of shares the rights attached to any class may, whether or not the Company is being wound up, be varied or abrogated with the consent in writing of the Holders of three-fourths of the issued shares in that class, or with the sanction of a Special Resolution passed at a separate general meeting of the Holders of the shares of that class, provided that, if the relevant class of Holders has only one Holder, that person present in person or by proxy, shall constitute the necessary quorum. To every such meeting the provisions of article 52 shall apply.

6.2 The redemption or purchase of preferred shares or any class of preferred shares shall not constitute a variation of rights of the preferred Holders where the redemption or purchase of the preferred shares has been authorised solely by a resolution of the ordinary Holders.

6.3 The issue, redemption or purchase of any of the 10,000,000 serial preferred shares of US\$0.0001 each shall not constitute a variation of the rights of the Holders of ordinary shares.

The rights conferred upon the Holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking pari passu therewith.

8

Subject to the provisions of these articles relating to new shares, the unissued shares of the Company shall be at the disposal of the Directors, and they may (subject to the provisions of the Acts) allot, grant options over or otherwise dispose of them to such persons, on such terms and conditions and at such times as they may consider to be in the best interests of the Company and its members, but so that no share shall be issued at a discount save in accordance with sections 26(5) and 28 of the 1983 Act, and so that, in the case of shares offered to the public for subscription, the amount payable on application on each share shall not be less than one-quarter of the nominal amount of the share and the whole of any premium thereon.

Subject to any requirement to obtain the approval of members under any laws, regulations or the rules of any stock exchange to which the Company is subject, the Board is authorised, from time to time, in its discretion, to grant such persons, for such periods and upon such terms as the Board deems advisable, options to purchase or subscribe for such number of shares of any class or classes or of any series of any class as the Board may deem advisable, and to cause warrants or other appropriate instruments evidencing such options to be issued.

The Directors are, for the purposes of section 20 of the 1983 Act, generally and unconditionally authorised to exercise all powers of the Company to allot and issue relevant securities (as defined by the said section 20(1) of the Act) up to the amount of Company's authorised share capital and to allot and issue any shares purchased by the Company pursuant to the provisions of Part XI of the 1990 Act and held as treasury shares and this authority shall expire five years from the date of adoption of these articles of association 1 October 2013.

The Directors are hereby empowered pursuant to sections 1023 and 24(1) of the 1983 Act to allot equity securities within the meaning of the said section 1023 for cash pursuant to the authority conferred by article 8.3 as if section 23(1) of the said 1983 Act did not apply to any such allotment. The Company may before the expiry of such authority make an offer or agreement which would or might require equity securities to be allotted after such expiry and the Directors may allot equity securities in pursuance of such an offer or agreement as if the power conferred by this paragraph had not expired.

Nothing in these articles shall preclude the Directors from recognising a renunciation of the allotment of any shares by any allottee in favour of some other person.

9 The Company may pay commission to any person in consideration of a person subscribing or agreeing to subscribe, whether absolutely or conditionally, for any shares in the Company or procuring or agreeing to procure subscriptions, whether absolute or conditional, for any shares in the Company on such terms and subject to such conditions as the Directors may determine, including, without limitation, by paying cash or allotting and issuing fully or partly paid shares or any combination of the two. The Company may also, on any issue of shares, pay such brokerage as may be lawful.

10 Except as required by law, no person shall be recognised by the Company as holding any share upon any trust, and the Company shall not be bound by or be compelled in any way to recognise (even when having notice thereof) any equitable, contingent, future or partial interest in any share or any interest in any fractional part of a share or (except only as by these articles or by law otherwise provided) any other rights in respect of any share except an absolute right to the entirety thereof in the Holder. This shall not preclude the Company from requiring the members or a transferee of shares to furnish the Company with information as to the beneficial ownership of any share when such information is reasonably required by the Company.

11 The shares of the Company may be either represented by certificates or, if the conditions of issue of the relevant shares so provide, by uncertificated shares. Except as required by law, the rights and obligations of the Holders of uncertificated shares and the rights and obligations of the Holders of shares represented by certificates of the same class shall be identical.

12 Any person claiming a share certificate to have been lost, destroyed or stolen, shall make an affidavit or affirmation of that fact, and if required by the Board shall advertise the same in such manner as the Board may require, and shall give the Company, its transfer agents and its registrars a bond of indemnity, in form and with one or more sureties satisfactory to the Board or anyone designated by the Board with authority to act thereon, whereupon a new certificate may be executed and delivered of the same tenor and for the same number of shares as the one alleged to have been lost, destroyed or stolen.

Disclosure of beneficial ownership

13

13.1 ~~13~~ If at any time the Directors are satisfied that any member, or any other person appearing to be interested in shares held by such member:

(x) has been duly served with a ~~Section 84~~ Disclosure Notice and is in default for the prescribed period (as defined in article 13.6(b)) in supplying to the Company the information thereby required; or (y) in purported compliance with such a notice, has made a statement which is false or inadequate in a material particular, then the Directors may, in their absolute discretion at any time thereafter by notice (a “**direction notice**”) to such member direct that:

(a)

in respect of the shares in relation to which the default occurred (the “**default shares**”) the member shall not be entitled to attend or to vote at a general meeting either personally or by proxy or to exercise any other right conferred by membership in relation to meetings of the Company; and

(b) where the nominal value of the default shares represents at least 0.25 per cent. of the nominal value of the issued shares of the class concerned, then the direction notice may additionally direct that:

(i) except in a liquidation of the Company, no payment shall be made of any sums due from the Company on the default shares, whether in respect of capital or dividend or otherwise, and the Company shall not have any liability to pay interest on any such payment when it is finally paid to the member;

(ii) no other distribution shall be made on the default shares; and / or

(iii) no transfer of any of the default shares held by such member shall be registered unless:

(1) the member is not himself in default as regards supplying the information requested and the transfer when presented for registration is accompanied by a certificate by the member in such form as the Directors may in their absolute discretion require to the effect that after due and careful enquiry the member is satisfied that no person in default as

regards supplying such information is interested in any of the shares the subject of the transfer; or

(2) the transfer is an approved transfer (as defined in article 13.6(c));

the Company shall send to each other person appearing to be interested in the shares the subject of any direction notice a copy of the notice, but the failure or omission by the Company to do so shall not invalidate such notice.

Where any person appearing to be interested in the default shares has been duly served with a direction notice or copy thereof and the default shares which are the subject of such direction notice are held by an Approved Nominee, the provisions of this article shall be treated as applying only to such default shares held by the Approved Nominee and not (insofar as such person’s apparent interest is concerned) to any other shares held by the Approved Nominee.

Back to Contents

13.3 Where the member upon whom a ~~Section 81~~ Disclosure Notice is served is an Approved Nominee acting in its capacity as such, the obligations of the Approved Nominee as a member of the Company shall be limited to disclosing to the Company such information as has been recorded by it relating to any person appearing to be interested in the shares held by it.

13.4 Any direction notice shall cease to have effect:

- (a) in relation to any shares which are transferred by such member by means of an approved transfer; or
- (b) when the Directors are satisfied that such member, and any other person appearing to be interested in shares held by such member, has given to the Company the information required by the relevant ~~Section 81~~ Disclosure Notice.

13.5 The Directors may at any time give notice cancelling a direction notice.

13.6 For the purposes of this article:

(a) a person shall be treated as appearing to be interested in any shares if the member holding such shares has given to the Company a ~~Section 81~~ response to a Disclosure Notice which either (a) names such person as being so interested or (b) fails to establish the identities of all those interested in the shares and (after taking into account the said ~~notification~~ response and any other relevant ~~Section 81~~ information provided pursuant to a Disclosure Notice) the Company knows or has reasonable cause to believe that the person in question is or may be interested in the shares;

(b) the prescribed period is 28 days from the date of service of the said ~~Section 81~~ Disclosure Notice unless the nominal value of the default shares represents at least 0.25 per cent of the nominal value of the issued shares of that class, when the prescribed period is 14 days from that date;

(c) a transfer of shares is an approved transfer if but only if:

(i) it is a transfer of shares to an offeror by way or in pursuance of acceptance of an offer made to all the Holders (or all the Holders other than the person making the offer and his nominees) of the shares in the Company to acquire those shares or a specified proportion of them; or

(ii) the Directors are satisfied that the transfer is made pursuant to a sale of the whole of the beneficial ownership of the shares the subject of the transfer to a party unconnected with the member and with other persons appearing to be interested in such shares; or

(iii) the transfer results from a sale made through a stock exchange on which the Company's shares are normally traded;

13.7 ~~(d)~~ Nothing contained in this article shall limit the power of the Company under section 851066 of the ~~1990~~ Act; ~~and.~~

13.8 ~~(e)~~ For the purpose of establishing whether or not the terms of any notice served under this article shall have been complied with the decision of the Directors in this regard shall be final and conclusive and shall bind all persons interested.

## Lien

The Company shall have a first and paramount lien on every share (not being a fully paid share) for all moneys (whether immediately payable or not) called or payable at a fixed time or in accordance with the terms of issue of 14 such share in respect of such share. The Directors may at any time declare any share to be wholly or in part exempt from the provisions of this ~~regulation~~ article. The Company's lien on a share shall extend to all dividends payable thereon.

The Company may sell, in such manner as the Directors think fit, any shares on which the Company has a lien, but no sale shall be made unless a sum in respect of which the lien exists is immediately payable, nor until the 15 expiration of 14 days after a notice in writing, stating and demanding payment of such part of the amount in respect of which the lien exists as is immediately payable, has been given to the Holder for the time being of the share or the person entitled thereto by reason of his death or bankruptcy.

To give effect to any such sale, the Directors may authorise some person to transfer the shares sold to the purchaser thereof. The purchaser shall be registered as the Holder of the shares comprised in any such transfer, and he shall not be bound to see to the application of the purchase money nor shall his title to the shares be affected by any 16 irregularity or invalidity in the proceedings in reference to the sale. Where a share, which is to be sold as provided for in article 26, is held in uncertificated form, the Directors may authorise some person to do all that is necessary under the ~~1990~~ Companies Act 1990 (Uncertificated Securities) Regulations 1996 (S.I. No. 68 of 1996) and / or under any

regulations made under section 1086 of the Act to change such share into certificated form prior to its sale.

17 The proceeds of the sale shall be received by the Company and applied in payment of such part of the amount in respect of which the lien exists as is immediately payable, and the residue, if any, shall (subject to a like lien for sums not immediately payable as existed upon the shares before the sale) be paid to the person entitled to the shares at the date of the sale.

#### Calls on shares

19 The Directors may from time to time make calls upon the members in respect of any moneys unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times or in accordance with such terms of allotment, and each member shall (subject to receiving at least 14 days notice specifying the time or times and place of payment) pay to the Company at the time or times and place so specified the amount called on his shares. A call may be revoked or postponed as the Directors may determine.

20 A call shall be deemed to have been made at the time when the resolution of the Directors authorising the call was passed and may be required to be paid by instalments.

21 The joint Holders of a share shall be jointly and severally liable to pay all calls in respect thereof.

22 If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest on the sum from the day appointed for payment thereof to the time of actual payment at such rate as the Directors may determine, but the Directors shall be at liberty to waive payment of such interest wholly or in part.

23 Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall for the purpose of these ~~regulations~~ articles be deemed to be a call duly made and payable on the date on which, by the terms of issue, the same becomes payable, and in case of non-payment all the relevant provisions of these ~~regulations~~ articles as to payment of interest and expenses, forfeiture or otherwise, shall apply as if such sum had become payable by virtue of a call duly made and notified.

24 The Directors may, on the issue of shares, differentiate between the Holders as to the amount of calls to be paid and the time of payment.

25 The Directors may, if they think fit, receive from any member willing to advance the same all or any part of the moneys uncalled and unpaid upon any shares held by him, and upon all or any of the moneys so advanced may (until the same would, but for such advance, become payable) pay interest at such rate not exceeding (unless the Company in general meeting otherwise directs) fifteen per cent per annum, as may be agreed upon between the Directors and the member paying such sum in advance.

Transfer of Shares

26

26.1 Subject to compliance with the Acts and to any applicable restrictions contained in these articles, applicable law, including U.S. securities laws, and any agreement binding on such Holder as to which the Company is aware, any Holder may transfer all or any of its shares by an instrument of transfer in the usual common form or in any other form or by any other method permissible under applicable law, as may be approved by the Directors. The instrument of transfer of any share may be executed for and on behalf of the transferor by the Secretary, Assistant Secretary or any duly authorised delegate or attorney of the Secretary or Assistant Secretary (whether an individual, a corporation or other body of persons, whether corporate or not, and whether in respect of specific transfers or pursuant to a general standing authorisation) and the Secretary or Assistant Secretary or a relevant authorised delegate shall be deemed to have been irrevocably appointed agent for the transferor of such share or shares with full power to execute, complete and deliver in the name of and on behalf of the transferor of such share or shares all such transfers of shares held by the members in the share capital of the Company. Any document which records the name of the transferor, the name of the transferee, the class and number of shares agreed to be transferred and the date of the agreement to transfer shares, shall, once executed by the transferor or the Secretary or Assistant Secretary or relevant authorised delegate as agent for the transferor, be deemed to be a proper instrument of transfer for the purposes of section 8194 of the Act. The transferor shall be deemed to remain the Holder of the share until the name of the transferee is entered on the Register in respect thereof, and neither the title of the transferee nor the title of the transferor shall be affected by any irregularity or invalidity in the proceedings in reference to the sale should the Directors so determine.

26.2 The Company, at its absolute discretion, may, or may procure that a subsidiary of the Company shall, pay Irish stamp duty arising on a transfer of shares on behalf of the transferee of such shares of the Company. If stamp duty resulting from the transfer of shares in the Company which would otherwise be payable by the transferee is paid by the Company or any subsidiary of the Company on behalf of the transferee, then in those circumstances, the Company shall, on its behalf or on behalf of its subsidiary (as the case may be), be entitled to (i) seek reimbursement of the stamp duty from either the transferee or, at the Company's sole discretion, the transferor; (ii) set-off the stamp duty against any dividends payable to the transferee of those shares; and (iii) claim a first and permanent lien on the shares on which stamp duty has been paid by the Company or its subsidiary for the amount of stamp duty paid. The Company's lien shall extend to all dividends paid on those shares.

26.3 Notwithstanding the provisions of these articles and subject to any regulations made under section 239 of the Companies Act 1990 or section 1086 of the Act, title to any shares in the Company may also be evidenced and transferred without a written instrument in accordance with regulations made under section 239 of the 1990 Companies Act or any regulations made thereunder 1990 or under section 1086 of the Act. The Directors shall have power to permit any class of shares to be held in uncertificated form and to implement any arrangements they think fit for such evidencing and transfer which accord with such regulations and in particular shall, where appropriate, be entitled to disapply or modify all or part of the provisions in these articles with respect to the requirement for written instruments of transfer and share certificates (if any), in order to give effect to such regulations.

27

Subject to such of the restrictions of these articles and to such of the conditions of issue of any share warrants as may be applicable, any share warrant may be transferred by instrument in writing in any usual or common form or any other form which the Directors may approve.

The Directors in their absolute discretion and without assigning any reason therefor may decline to register any transfer of a share which is not fully paid. The Directors may also decline to recognise any instrument of transfer unless:

28.1 the instrument of transfer is duly stamped (if required by law) and lodged with the Company, at such place as the Directors shall appoint for the purpose, accompanied by the certificate for the shares (if any has been issued) to which it relates, and such other evidence as the Directors may reasonably require to show the right of the transferor to make the transfer;

28.2 the instrument of transfer is in respect of only one class of share; and
