## **PROPOSAL 1**

### **ELECTION OF DIRECTORS**

#### *Election of Directors*

The Board of Directors, acting through the Corporate Governance/Nominating Committee, is responsible for identifying and evaluating candidates for Board membership. The Board currently consists of eleven members and the Company's Amended and Restated Articles of Incorporation provides that the Board of Directors be divided as equally as possible into three classes designated as Class I, Class II and Class III. Generally, the directors in each class are elected to serve staggered three-year terms so that the term of office of one class of directors expires at each annual meeting. Currently, the Board of Directors has four directors in Class III with terms expiring in 2018, and three directors in Class I with terms expiring in 2019, and four directors in Class II with terms expiring in 2020. Mr. Hanna, having reached the mandatory retirement age of 75, will retire from the Board of Directors at the conclusion of the 2018 Annual Meeting. Following the 2018 Annual Meeting, the Board of Directors will consist of ten members.

The term of office of current Class III directors John P. Furey, Richard T. Kiko Jr, Thomas M. Kishman and Ralph J. Lober II will expire at the annual meeting on October 18, 2018. The current Class III directors constitute the nominees to be elected to serve until the 2021 annual meeting and until their successors are elected. Additional information concerning the nominees for director, the directors and executive officers of Consumers Bancorp is provided in the following pages.

The common shares represented by the accompanying proxy will be voted **for** the election of the nominees to serve as directors, unless contrary instructions are indicated on the proxy card. The nominees for director receiving the greatest number of "for" votes will be elected as directors. If the election of directors is by cumulative voting, the persons appointed by the accompanying proxy intend to cumulate the votes represented by the proxies they receive and distribute such votes in accordance with their best judgment.

If one or more of the nominees should at the time of the Annual Meeting be unavailable or unable to serve as a director, the common shares represented by the proxies will be voted to elect the remaining nominees and any substitute nominee or nominees designated by the Board of Directors. The Board of Directors knows of no reason why any of the nominees will be unavailable or unable to serve.

**The Board of Directors recommends that the shareholders vote "FOR"**

#### **Board Leadership Structure; Role in Risk Oversight**

In accordance with our regulations, the Board elects our Chairman and Chief Executive Officer, or CEO, and both of these positions may be held by the same person or may be held by different people. Currently the offices of Chairman and CEO are separated. The Board believes that the separation of offices of the Chairman and CEO is appropriate at this time as it allows our CEO to focus primarily on management and operating responsibilities.

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. We face a number of risks, including economic risks, financial risks, legal and regulatory risks, and others, such as the impact of competition. Management is responsible for the day-to-day management of the risks that we face, while the Board, as a whole and through its committees, has responsibility for the broad oversight of risk and the establishment of risk tolerances. In its risk oversight role, the Board is responsible for satisfying itself that the risk management processes designed and implemented by management are adequate and functioning as designed.

### **Director Compensation**

The Compensation Committee annually reviews and recommends to the Board of Directors the proposed director fees after consideration of information from peer surveys, past compensation practices and the Company's performance. The Board is responsible for approving the fees for attending Board meetings and committee meetings. The Board believes the fees are competitive with the fees paid by other peer banks of a comparable size and will ensure the Company attracts and retains qualified Board members.

## **EXECUTIVE COMPENSATION**

### **Compensation Discussion and Analysis**

#### **Introduction and Overview**

This Compensation Discussion and Analysis provides information regarding the compensation awarded to, earned by, or paid to the named executive officers serving as of June 30, 2018 whose compensation is detailed in this proxy statement. These named executive officers are the President and Chief Executive Officer, Chief Financial Officer and Senior Loan Officer. The Board of Directors has delegated to the Compensation Committee responsibility for the oversight and administration of compensation for the Company. The committee reviews and recommends company benefit and incentive plans and reviews the individual performance of the Chief Executive Officer and executive management.

#### **Compensation Philosophy and Objectives**

The objective of the Company's compensation program is to fairly compensate the executive officers considering their individual performances and their contributions to the performance of the Company, thereby aligning executives' incentives with shareholder value creation. The compensation philosophy is designed to reward effort and achievement by the officers and provide them with compensation targeted at market competitive levels. The Company's compensation program includes the following core components: base salary, cash incentive compensation, equity-based awards, and long-term compensation. The Compensation Committee manages all components on an integrated basis with a goal of achieving the following objectives: to attract and retain highly qualified management, to provide shorter-term incentive compensation that varies directly with the Company's financial performance and to focus management on both annual and long-term goals. The Company believes that, by setting and adjusting these elements, it has the flexibility to offer appropriate incentives to its executive officers.

From time to time, the Compensation Committee utilizes outside consultants to provide analysis regarding our executive compensation program. Typically we do this once every three years. During the 2017 fiscal year, the Compensation Committee engaged Blanchard Consulting Group to review executive officers' compensation and to make recommendations regarding the structure of their compensation packages. Per the Compensation Committee's instructions, Blanchard performed a market assessment and made recommendations on base salary, incentive pay and benefits for each named executive officer as compared to similar peer banks.

Although the Compensation Committee makes independent determinations on all matters related to compensation of executive officers, certain members of management are requested to attend committee meetings and provide input to the Compensation Committee. Input may be sought from the Chief Executive Officer, human resources, finance and others as needed to ensure the Compensation Committee has the information and perspective it needs to carry out its duties. The Compensation Committee will seek input from the Chief Executive Officer on matters relating to strategic objectives, company performance goals and input on his assessment of the other executive officers. The Compensation Committee delegates some responsibilities to management to assist in the development of design of the annual incentive compensation program for the Compensation Committee's consideration. The Compensation Committee does not delegate the determination of compensation of the named executive officers to management.

## **Components of Compensation**

### ***Base Salary***

Base salary is a major factor in attracting and retaining key personnel and therefore is the primary component of our executive officer's compensation. In setting an officer's base salary, the Company considers parameters set by its size and complexity and the salaries offered by peers. The Compensation Committee has adopted the philosophy to target executive compensation to the midpoint of its peer group that was developed for the compensation analysis. The Company's performance as measured by its results compared to previous years is also considered in determining the overall adjustments to executive officers' salaries. Specific salaries are adjusted to reflect the contributions of the executive officer to the Company's operations and the accomplishment of its long-term goals.

Based on a review of the Company's strategic direction, individual career path objectives and succession planning in conjunction with the broad databases and other publicly available information, the Company believes that its executive compensation practices are in line with its compensation philosophy and objectives described above.

### ***Incentive Compensation***

The purpose of the incentive compensation program is to focus executives on achieving and possibly exceeding the Company's annual performance objectives consistent with safe and sound operations of the Company. Incentive compensation is provided to recognize achievement of annual financial targets and is paid in accordance with the quantitative and qualitative objectives established by the Compensation Committee. In establishing the incentive compensation's metrics and targets for the 2018 fiscal year, the Compensation Committee utilized the Company's budget to set the performance at levels that were determined to be achievable. In setting the named executive officers' awards, the Compensation Committee considered the following three core corporate financial measures: return on average assets (ROA), return on average equity (ROE), and the efficiency ratio. In addition, each named executive officer was assigned additional metrics based on their specific areas of responsibility and oversight.

The following table sets forth the core corporate financial metrics, targets and actual results for the named executive officers:

<b>Metrics</b>	<b>Target</b>	<b>2018 Actual</b>
ROA	0.72 %	0.75 %
ROE	7.72 %	8.15 %
Efficiency Ratio	69.80 %	71.83 %

For the Chief Executive Officer, 12% of an award is tied to these core corporate financial measures. For the Chief Financial Officer and Senior Loan Officer, 9% of an award is tied to these core corporate financial measures. Performance was assessed after the end of the performance period and cash incentive payments based on the Company's performance were made only if one or more financial metrics met or exceeded the targets established by the Compensation Committee.

In addition to the corporate components outlined above, the Chief Executive Officer is eligible for 30% and the Chief Financial Officer and Senior Loan Officer are eligible for 23% of the award in the form of a discretionary bonus based on the Compensation Committee's evaluation of each named executive officer's individual performance goals. During the 2018 fiscal year, the Compensation Committee established the target bonus opportunities under the incentive compensation program for each named executive officer expressed as a percentage of base salary. The following table sets forth such target bonus opportunities for each named executive officer:

<b>Named Executive Officer</b>	<b>Target Incentive Compensation Opportunity (% of base salary)</b>
Ralph Lober	42%
Renee Wood	32%
Scott Dodds	32%

Based on both the above performance measures and the Compensation Committee's assessment of individual performance, the 2018 cash incentive payments were awarded as follows relative to the 2018 target value:

<b>Named Executive Officer</b>	<b>2018 Target</b>	<b>2018 Cash</b>
--------------------------------	------------------------	----------------------

	<b>Value (\$)</b>	<b>Incentive Payment (\$ (1))</b>
Ralph Lober	\$ 104,132	\$ 37,190
Renee Wood	\$ 56,138	\$ 19,736
Scott Dodds	\$ 54,880	\$ 19,294

(1) The amounts included in this column are included in the “Non-Equity Incentive Plan Compensation” column of the Summary Compensation Table.

### ***Long-term Compensation***

Long-term compensation includes a qualified retirement plan in the form of a 401(k) Plan, a non-qualified Salary Continuation Program and the 2010 Omnibus Incentive Plan. The Company provides safe harbor contributions under the 401(k) Plan, matching up to 100% of the first 4.0% contributed by the employee. The amount contributed on behalf of the executive officers is determined in accordance with the provisions of the plan applicable to all employees. The Salary Continuation Plan is designed to retain executive and senior management personnel. Participation in the Salary Continuation Plan is limited and is subject to meeting performance criteria established by the Compensation Committee and approved by the Board of Directors. Under the 2010 Omnibus Incentive Plan, from time to time stock awards have been made to all directors, executive officers and vice presidents. Stock awards will be made in the 2019 fiscal year since the specified net income performance target as established by the Compensation Committee was achieved for the 2018 fiscal year. The value of the stock award that will be granted to each named executive officer in the 2019 fiscal year will approximate 9.0% of each executive officer’s base salary and will vest based on a three-year vesting schedule. These long-term incentive compensation plans are designed to promote a vested interest in the long-term strategic performance goals of the Company and discourage turnover among its executive officers and other employees.

The following table sets forth the cash compensation and certain other compensation paid or earned by the Company's principal executive officer, principal financial officer, and one other of the most highly compensated executive officers serving at the end of the 2018 fiscal year. The individuals listed in this table are sometimes referred to in this Proxy Statement as the "named executive officers."

### DEFINED CONTRIBUTION PLAN

Under the Consumers National Bank 401(k) Savings and Retirement Plan & Trust (401(k) Plan) as in effect during the fiscal year ended June 30, 2018, the Consumers National Bank's Board of Directors have the discretion and authority to determine the amount to be contributed to the 401(k) Plan. The 401(k) Plan is administered by Consumers National Bank. Each participant in the 401(k) Plan has credited to their account a maximum of 4.0% of their annual salary, provided they have voluntarily contributed the same amount. The 401(k) Plan states that each participant shall be fully vested in the 401(k) Plan immediately upon contribution. Benefits under the 401(k) Plan cannot be estimated for the

participants because the benefits are based upon future earnings of Consumers National Bank and future compensation and contributions of the participants. An eligible participant is one who has completed six months of service and has attained the age of 21. At the time of retirement, attainment of age 59 ½, death, disability or other termination of employment, a participant is eligible to receive a distribution of all vested amounts credited to their account in either a single lump sum payment or a series of substantially equal installment payments over a period not longer than the joint life expectancy of the participant and beneficiary. The trustees of the 401(k) Plan are Ralph J. Lober and Laurie L. McClellan.

## **SALARY CONTINUATION PROGRAM**

In September 1995, the Board of Directors of Consumers National Bank adopted a non-qualified salary continuation plan (SCP) to encourage the long-term retention of executives and avoid the cost of turnover. The SCP is considered an unfunded plan for tax and Employee Retirement Income Security Act (ERISA) purposes and all obligations arising under the SCP are payable from the general assets of the Company. Pursuant to the SCP, agreements have been entered into between Consumers National Bank and certain executives and the agreements incorporate covenants against competition, solicitation or disclosure of confidential information. The participants in the SCP are determined by the Board of Directors. SCP agreements have been entered into with Mr. Lober, Ms. Wood and Mr. Dodds and are collectively referred to as the “SCP Agreements.”

The SCP Agreements provide such executives (and, in the event of the executive’s death, surviving beneficiary) with 180 months of salary continuation payments equal to a certain percentage of an executive’s average compensation, as defined within each agreement, using three full calendar years prior to Normal Retirement Age. For purposes of the SCP Agreements, “Normal Retirement Age” means the executive’s 65th birthday. Vesting under the SCP Agreements commences at various ages and is prorated until age 65. If any of the executives die during active service, the executive’s beneficiary is entitled to the Normal Retirement Benefit. The executive can become fully vested in the Accrual Balance upon termination of employment following a disability. Following a change in control of Consumers National Bank, Mr. Lober can become fully vested and eligible to receive a payment equal to the greater of (1) two times Mr. Lober’s base salary in effect immediately preceding termination of employment or (2) the amount accrued by the Company as of the month preceding termination of employment. Following a change in control of Consumers National Bank, Ms. Wood and Mr. Dodds can become fully vested and eligible to receive a payment equal to the greater of (1) one times their base salary in effect immediately preceding termination of employment or (2) the amount accrued by the Company as of the month preceding termination of employment. All the remaining executives participating in the SCP can become fully vested in the Accrual Balance upon termination of employment following a change in control of Consumers National Bank. For purposes of these SCP Agreements, “Accrual Balance” means the liability that should be accrued by the Company for the Company’s obligation to the executive under the SCP Agreements. For purposes of calculating the Accrual Balance, the discount rate in effect at June 30, 2018 was 4.5%.

**PENSION BENEFITS**

<u>Name</u>	<u>Plan Name</u>	<b>Present Value of Accumulated Benefit (\$)</b>	<b>Payments During Last Fiscal Year (\$)</b>	
Ralph J. Lober	Salary Continuation Program	\$ 583,476	\$	—
Renee K. Wood	Salary Continuation Program	\$ 189,106	\$	—
Scott E. Dodds	Salary Continuation Program	\$ 72,676	\$	—

**POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL**

The Company is not party to any change in control agreements with its current named executive officers. Under the Salary Continuation Program, Mr. Lober would have received a payment of \$583,476, Ms. Wood would have received \$189,106 and Mr. Dodds would have received \$171,499 as of June 30, 2018 if a change of control and a termination of their employment had occurred. No participant will receive a benefit payment under the Salary Continuation Program if they are terminated for cause.

**SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors, certain of its officers and persons who own more than 10% of its registered equities to file reports with the Securities and Exchange Commission indicating their holdings of, and transactions in, the Company's equity securities. Based solely on a review of the copies of such reports it received, and written representations from reporting persons, the Company believes that during the fiscal year ended June 30, 2018, its reporting persons complied with all Section 16(a) filing requirements.

**CERTAIN TRANSACTIONS AND RELATIONSHIPS AND LEGAL PROCEEDINGS**

Directors and executive officers of Consumers Bancorp and Consumers National Bank and their associates were customers of, or had transactions with, Consumers Bancorp or Consumers National Bank in the ordinary course of business during the fiscal year ended June 30, 2018. Transactions with these persons are expected to continue to take place in the future. In the ordinary course of business, loans are made to officers and directors on substantially the same terms as those prevailing at the same time for comparable transactions with unrelated third parties. Such loans

do not, and will not, involve more than the normal risk of collectability or present other unfavorable features.

Consumers National Bank is party to an operating lease agreement for the Malvern Branch location with Furey Holdings, LLC. Mr. Furey is the managing member of Furey Holdings, LLC. The lease commenced on December 23, 2005, with an original term of ten years. The initial term of the lease has ended and now the renewal term expires on December 23, 2023. This leasing arrangement and the terms of the lease were unanimously approved by directors without an interest in the transaction.

Mr. Kiko, a director, is associated with Kiko Auctioneers and Kiko Realty. In the ordinary course of business, the Company has retained the services of Kiko Auctioneers and Kiko Realty to liquidate property and may continue to retain their services in the future. Also, Mr. Kishman, a director, is associated with Kishman's IGA and GasNGo in which the Company purchases goods and services from in the ordinary course of business. The value of the services received from each of Kiko Auctioneers, Kiko Realty and Kishman's IGA was less than \$120,000, respectively, in fiscal year 2018.

There are no family relationships among directors and executive officers that require disclosure.

Each officer and director is expected to bring any relationship or transaction with the Company in which he or she has a direct or indirect interest to the attention of the Board of Directors. The non-interested directors review the transaction and consider, among other things, whether the transaction impacts the independence of any independent Board member, whether the related party's interest in the transaction is material and whether the terms of the transaction are comparable to those that could be negotiated with an unrelated third party.
