Item 1.01 Entry Into a Material Definitive Agreement.

On October 17, 2012, Sensata Technologies Korea Ltd. ("Sensata Korea"), an indirect, wholly-owned subsidiary of Sensata Technologies Holding N.V. (the "Company"), entered into a voluntary separation agreement (the "Agreement") with its recently organized direct labor employees at its JinCheon, South Korea facility.

The Agreement, between Sensata Korea and the Korean Metal Workers' Sensata Sub-Branch, provides for a voluntary separation program under which Sensata Korea's employees working in its facility will cease employment on October 23, 2012 and enter into a contract labor agreement for a period of three months. The Agreement provides employees working in its facility as of the date of the Agreement a severance allowance.

The Agreement enables the Company to commit to the actions described under Item 2.05 of this Current Report on Form 8-K.

The foregoing description of the Agreement is qualified in its entirety by reference to the full text of the Agreement, translated in English, which is attached as Exhibit 10.1 and is incorporated in this report by reference.

Item 2.05 Costs Associated with Exit or Disposal Activities.

On October 17, 2012, Sensata Korea entered into the Agreement, described under Item 1.01, enabling the Company to commit to ceasing manufacturing at its South Korean facility and move its production lines to its higher volume facilities which are located close to its customers. The Company expects these actions to be completed in 2013.

As a result of these actions, the Company estimates a total pre-tax charge of \$25 million to \$30 million, including \$12 million to \$13 million of workforce reduction costs, and the remainder associated with facility exit and other costs. Of the total expected cost, approximately \$22 million to \$27 million will be cash expenditures.
