Preliminary Prospectus

Subject to Completion

Dated December 19, 2018

PROSPECTUS

240,000,000 shares of common stock

This prospectus relates to the sale by the selling shareholders identified in this prospectus, or their assigns (each a “**Selling Shareholder**” and collectively the “**Selling Shareholders**”) of up to an aggregate of 240,000,000 shares of our common stock.

The Selling Shareholders may sell these shares using a number of different methods, and they will sell the shares at a fixed price of \$0.01 per share, until our common stock is listed on a national securities exchange or is quoted on the OTC Bulletin Board, the OTCQX or the OTCQB, at which time the Selling Shareholders will sell their shares at a price based on the market price. We provide more information about how the Selling Shareholders may sell their shares of common stock in the section of this prospectus entitled “*Plan of Distribution*” beginning on page 17.

The Selling Shareholders received an aggregate of 2,400,000 shares (the “**Series E Shares**”) of our Series E Convertible Preferred Stock (“**Series E Preferred**”) and warrants to purchase 240,000,000 shares of our common stock (the “**Warrants**”). We are not selling any shares of common stock in this resale offering. We are registering shares that are issuable to the Selling Shareholders upon the conversion of the Series E Shares (the “**Conversion Shares**” or the “**Registered Shares**”). We, therefore, will not receive any proceeds from the sale of the Registered Shares by the Selling Shareholders. We are not registering herein the shares of common stock underlying the exercise of the Warrants. The Series E Shares and Warrants were issued to the Selling Shareholders in private transactions and the Registered Shares will also be issued to the Selling Shareholders in private transactions. Further details of the Selling Shareholders’ securities may be found in the section of this prospectus entitled “*Private Placement of Securities*” beginning on page 11.

We will bear all costs associated with this registration statement.

The offering price of the Registered Shares has been determined arbitrarily by us and the Selling Shareholders. The price does not bear any relationship to our assets, book value, earnings, or other established criteria for valuing a company. In determining the number of shares to be offered and the offering price, we took into consideration our capital structure and the amount of money we would need to implement our business plans. Accordingly, the offering price should not be considered an indication of the actual value of our securities.

Our common stock is currently quoted on the OTC Pink marketplace maintained by OTC Markets Group, Inc. under the symbol “ICNB.” The closing price of our common stock as reported on the OTC Pink Marketplace on December 18, 2018, was \$0.0032.

The Selling Shareholders may be deemed “underwriters” within the meaning of the Securities Act of 1933, as amended (the “**Securities Act**”), in connection with the resale of the Registered Shares.

This offering will terminate on the earlier of (i) the date when all the Registered Shares have been sold pursuant to this prospectus or Rule 144 under the Securities Act, and (ii) the date that all of the securities may be sold pursuant to Rule 144 without volume or manner-of-sale restrictions, unless we terminate it earlier.

Investing in the common stock involves risks. Iconic Brands, Inc. is a development stage company with limited operations, limited income, and limited assets, and you should not invest unless you can afford to lose your entire investment. See “Risk Factors” beginning on page 5.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this Prospectus is truthful or complete. Any representation to the contrary is a criminal offense. Our common stock is governed under The Securities Enforcement and Penny Stock Reform Act of 1990, and as a result you may be limited in your ability to sell our stock.

The date of this Prospectus is _____, 2018.

* Based on 1,429,941,153 shares of common stock outstanding on December 18, 2018. We are authorized to issue 2,000,000,000 shares of common stock. If the Selling Shareholders were to exercise the Warrants, we would not have enough authorized shares to issue stock for the exercise of all the Warrants and the conversion of all the Series E Shares. Our Board of Directors, and a shareholder (Mr. DeCicco) holding a majority of the votes of our outstanding common stock, have approved a reverse split of our common stock at a ratio of 1-for-250. The reverse split will not reduce our authorized shares of common stock. Our management will effect the reverse stock split within ten (10) days of the effective date of this Registration Statement. Following the reverse split, we will have sufficient authorized shares of common stock for the exercise of all outstanding warrants and conversion of all outstanding shares of preferred stock. Once the reverse split is complete, the Company will promptly file a post-effective amendment to this Registration Statement to reflect the effects of the reverse split.

The Selling Shareholders may sell the Registered Shares from time to time in the over-the-counter market or other national securities exchange or automated interdealer quotation system on which our common stock is then listed or quoted, through negotiated transactions or otherwise at market prices prevailing at the time of sale or at negotiated prices. In any case, the Selling Shareholders will sell the shares at a fixed price of \$0.01 per share, until our common stock is listed on a national securities exchange or is quoted on the OTC Bulletin Board, the OTCQX or the OTCQB, at which time the Selling Shareholders will sell the Registered Shares at a price based on the market price.

This offering will terminate on the earlier of (i) when all Registered Shares are sold, and (ii) the date that all of the securities may be sold pursuant to Rule 144 without volume or manner-of-sale restrictions, unless we terminate it earlier.

Table of Contents

RISK FACTORS

Any investment in our common stock involves a high degree of risk. You should consider carefully the following information, together with the other information contained in this registration statement, before you decide to buy our common stock. If one or more of the following events actually occurs, our business will suffer, and as a result our financial condition or results of operations will be adversely affected. In this case, the market price, if any, of our common stock could decline, and you could lose all or part of your investment in our common stock.

Currently, our focus is on the production and distribution of our alcoholic beverages. We face risks in selling our current products and in developing new product candidates and eventually bringing them to market. We also face risks that our business model may become obsolete. The following risks are material risks that we face. If any of these risks occur, our business, our ability to achieve revenues, our operating results and our financial condition could be seriously harmed.

Risk Factors Related to the Business of the Company

We face inventory risk, and if it fails to predict accurately demand for products, we may face write-downs or other charges.

We are exposed to inventory risks that may adversely affect operating results as a result of new product launches, changes in product cycles and pricing, limited shelf-life of certain of our products, changes in consumer demand, and other factors. We endeavor to predict accurately, based on information from retailers and reasonable assumptions, the expected demand for our products in order to avoid excessive inventory. Demand for products, however, can change significantly between the time of production and the date of sale. It may be more difficult to make accurate predictions regarding new products.

We are exposed to disruptions in our supply chain that could have a substantial adverse impact on our ability to produce our wines and the cost of our raw materials.

We are exposed to production risks, especially in the case of Bellissima Prosecco and Sparking Wines due to weather conditions. The growing and harvest of the grapes we need to make our wines are directly affected by the weather. Adverse weather conditions would decrease the availability of grapes, increase the cost of grapes, and have a negative impact on our profitability.

We produce our wines at two production facilities: one in Sicily, Italy (BiVi) and another in Treviso, Italy (Bellissima). A disruption from fire or other catastrophic event at one of these facilities would halt production and have a material adverse effect on our financial condition.

We have a history of losses, and may not achieve or maintain profitability in the future.

We have had a limited number of quarters or years of profitability and historically raised additional capital to meet its growth needs. Our losses from operations and our inability to raise sufficient working capital have resulted in negative equity and working capital positions as shown on our Balance Sheets at December 31, 2017 and September 30, 2018.

Table of Contents

We expect to make significant investments in order to develop and expand our business, which, we believe, will result in additional sales, marketing and general and administrative expenses that will require increased sales to recover these additional costs. Once we become a fully reporting company, we expect to continue to incur legal, accounting, and other administrative expenses that are material. Our revenue has been subject to volatility in recent periods and this volatility may cause us to not cover our costs and successfully compete in the highly competitive alcohol market.

We face significant competition which could adversely affect profitability.

The wine industry is intensely competitive. Our wines compete in several super-premium and ultra-premium wine market segments with many other super-premium and ultra-premium domestic and foreign wines, with imported wines coming from the Burgundy and Bordeaux regions of France, as well as Italy, Chile, Argentina, South Africa and Australia. Our wines also compete with other alcoholic and, to a lesser degree, non-alcoholic beverages, for shelf space in retail stores and for marketing focus by independent distributors, many of which carry extensive brand portfolios. As a result of this intense competition there has been and may continue to be upward pressure on selling and promotional expenses. In addition, the wine industry has experienced significant consolidation. Many competitors have greater financial, technical, marketing and public relations resources. Our sales may be harmed to the extent we are not able to compete successfully against such wine or alternative beverage producers' costs. There can be no assurance that in the future we will be able to successfully compete with current competitors or that we will not face greater competition from other wineries, beverage manufacturers and distributors.

Because a significant amount of our business is made through retail outlets any change in relationships with the retail partners could harm the business.

Our agreements with direct retail partners are informal and therefore subject to change. If one or more of the direct retail partners chose to purchase fewer products, or we are forced to reduce the prices, our sales and profits would be reduced and the business would be harmed.

We will need additional funding in the future, and if we are unable to raise capital when needed, we may be forced to delay, reduce or eliminate our product candidate development programs, commercial efforts, or sales efforts.

Producing and marketing our developed products is costly. We will need to raise substantial additional capital in the future in order to execute our business plan and help us and our collaboration partners fund the development and commercialization of our product candidates.

We may intend to finance future cash needs through public or private equity offerings and may also use debt financings or strategic collaboration and licensing arrangements. To the extent that we raise additional funds by issuing equity securities, our shareholders may experience additional dilution, and debt financing, if available, may involve restrictive covenants and may result in high interest expense. If we raise additional funds through collaboration and licensing arrangements, it may be necessary to relinquish some rights to our product candidates, processes and technologies or our development projects or to grant licenses on terms that are not favorable to us. We cannot be certain that additional funding will be available on acceptable terms, or at all. If adequate funds are not available from the foregoing sources, we may consider additional strategic financing options, including sales of assets, or we may be required to delay, reduce the scope of, or eliminate one or more of our research or development programs or curtail some of our commercialization efforts of our operations. We may seek to access the public or private equity markets whenever conditions are favorable, even if we do not have an immediate need for additional capital.

Table of Contents

We may engage in strategic transactions that fail to enhance shareholder value.

From time to time, we may consider possible strategic transactions, including the potential acquisitions or licensing of products or technologies or acquisition of companies, and other alternatives with the goal of maximizing shareholder value. We may never complete a strategic transaction, and in the event that we do complete a strategic transaction, implementation of such transactions may impair shareholder value or otherwise adversely affect our business. Any such transaction may require us to incur non-recurring or other charges and may pose significant integration challenges and/or management and business disruptions, any of which could harm our results of operation and business prospects.

We are dependent on the services of key personnel and failure to attract qualified management could limit our growth and negatively impact our results of operations.

We are highly dependent on our Chief Executive Officer. We will continue to depend on his industry experience. At this time, we do not know of the availability of such experienced management personnel or how much it may cost to attract and retain such personnel. The loss of the services of any member of senior management or the inability to hire experienced operations management personnel could have a material adverse effect on our financial condition and results of operations.

We distribute our products through an entity wholly-owned and controlled by our Chief Executive Officer and if he were to leave, this relationship may end.

We have entered into a Distribution Agreement with United Spirits, Inc. (“**United Spirits**”) for United Spirits to distribute and wholesale our products and to act as the licensed importer and wholesaler. The Distribution Agreement provides United Spirits the exclusive right through 2025 to sell our products for an agreed distribution fee equal to \$1.00 per case of product sold. United Spirits is owned and managed by Richard DeCicco, our controlling shareholder, President, CEO, and Director.

United Spirits is a variable interest entity of the Company. Because we are the primary beneficiary of United Spirits, United Spirits’ assets, liabilities and operations have been consolidated in our financial statements. See Note 5 to the Consolidated Financial Statements for the three months ended September 30, 2018 and 2017. However, we do not own United Spirits and Mr. DeCicco has sole ownership and authority with respect to the operations of United Spirits. These decisions may impact the Company in a way that may not be favorable to all of our shareholders. Potential acquirers of the Company will not include United Spirits when determining the value of the Company and this may have an adverse impact on the value of consideration that shareholders may receive if the Company is acquired.

The Selling Shareholders may elect to enforce certain provisions of the Registration Rights Agreement that would require us to pay certain liquidated damages and affect our profitability.

We have entered into a Registration Rights Agreement with the Selling Shareholders described in further detail under “*Registration Rights Agreement*” on page 12. If we cannot meet certain obligations under this agreement, the Selling Shareholders have the right to collect partial liquidated damages equal to 1.0% multiplied by the total amount they have invested. These partial liquidated damages are payable at the time of breach and each month thereafter that the breach is not cured (up to a maximum of 6.0% of the total amount invested). Interest will accrue at a rate of 18% per annum on any amount due under this provision that is not paid within seven days after the date payable.

The Registration Rights Agreement required us to file an initial registration statement by June 8, 2018, but we filed the initial registration statement on September 19, 2018. While we have a verbal agreement with the Selling Shareholders to extend the filing deadline in the Registration Rights Agreement, the Selling Shareholders may seek to enforce their rights to partial liquidated damages. If this were to occur, we would be forced to pay back part of the investment they received, plus interest. This payment would reduce the cash available for us to conduct our operations, causing us to slow our growth or seek additional financing that may not be advantageous to our business.

Table of Contents

Risks Related To Our Common stock

The market price of our common stock may be volatile and may be affected by market conditions beyond our control.

The market price of our common stock is subject to significant fluctuations in response to, among other factors:

- variations in our operating results and market conditions specific to companies in our industry;

In addition, if the market for stocks in our industry or the stock market in general, experiences a loss of investor confidence, the market price of our common stock could decline for reasons unrelated to our business, financial condition or results of operations. If any of the foregoing occurs, it could cause the price of our common stock to fall and may expose us to lawsuits that, even if unsuccessful, could be costly to defend and a distraction to the board of directors and management.

If we are unable to pay the costs associated with being a public, reporting company, we may be forced to discontinue operations.

We expect to have significant costs associated with being a public, reporting company, which may raise substantial doubt about our ability to continue as a going concern. Our ability to continue as a going concern will depend on positive cash flow, if any, from future operations and on our ability to raise additional funds through equity or debt financing. If we are unable to achieve the necessary product sales or raise or obtain needed funding to cover the costs of operating as a public, reporting company, we may be forced to discontinue operations.

Our common stock is listed for quotation on the OTC Pink tier of the marketplace maintained by OTC Markets Group, Inc., which may make it more difficult for investors to resell their shares due to suitability requirements.

Our common stock is currently quoted on the OTC Pink tier of the marketplace maintained by OTC Markets Group, Inc. Broker-dealers often decline to trade in over-the-counter stocks given the market for such securities are often limited, the stocks are more volatile, and the risk to investors is greater. These factors may reduce the potential market for our common stock by reducing the number of potential investors. This may make it more difficult for investors in

our common stock to sell shares to third parties or to otherwise dispose of their shares. This could cause our stock price to decline.

We may be unable to become eligible for quotation of our common stock on the OTCQB tier or a prominent national securities exchange and this will have a negative impact on our market price. The OTC Pink marketplace also does not provide as much liquidity as the OTCQB or national exchanges. Many broker-dealers will not trade or recommend OTC Pink stocks for their clients. Because the OTCQB and national exchanges generally increase transparency by maintaining higher reporting standards and requirements and imposing management certification and compliance requirements, broker-dealers are more likely to trade stocks on national exchanges and the OTCQB marketplace.

Table of Contents

Our principal shareholder has the ability to exert significant control in matters requiring shareholder approval and could delay, deter, or prevent a change in control of our company.

Richard DeCicco, our Chief Executive Officer and Director, owns one (1) share of our Series A Preferred Stock (the only shares of our Series A Preferred Stock that is authorized, issued and outstanding). This share of Series A Preferred Stock gives Mr. DeCicco two (2) votes for every one (1) vote of our outstanding voting securities. As a result, he has a majority of the outstanding votes of common shareholders and the ability to influence matters affecting our shareholders, including the election of our directors, the acquisition or disposition of our assets, and the future issuance of our shares. Because he controls this share, investors may find it difficult to replace our management if they disagree with the way our business is being operated. Because the influence by Mr. DeCicco could result in management making decisions that are in his best interest and not in the best interest of other shareholders, you may lose some or all of the value of your investment in our common stock. Investors who purchase our common stock should be willing to entrust all aspects of operational control to Mr. DeCicco and our current management team.

We do not intend to pay dividends in the foreseeable future.

We do not intend to pay any dividends in the foreseeable future. We do not plan on making any cash distributions in the manner of a dividend or otherwise. Our Board presently intends to follow a policy of retaining earnings, if any.

We have the right to issue additional common stock and preferred stock without consent of shareholders. This would have the effect of diluting investors' ownership and could decrease the value of their investment.

We are authorized to issue up to 2,000,000,000 shares of common stock, of which there were 1,429,941,153 shares issued and outstanding as of December 18, 2018. We currently have 623,799,400 warrants and 6,027,994 Series E Shares issued and outstanding. If all of the Series E Shares are converted and the warrants are exercised, we would not have enough authorized shares to fulfill our obligations with respect to these outstanding warrants and Series E Shares. We therefore have no available authorized and unissued shares of our common stock. Any further issuances of shares of common stock would require that we first repurchase existing shares, or obtain the consent of a majority of our shareholders to increase our authorized common stock or effectuate a reverse split of our common stock. Our Board of Directors, and a shareholder (Mr. DeCicco) holding a majority of the votes of our outstanding common stock, have approved a reverse split of our common stock at a ratio of 1-for-250. Our management will effect the reverse stock split within ten (10) days of the effective date of this Registration Statement.

In addition, our certificate of incorporation authorizes the issuance of up to 100,000,000 shares of preferred stock, the rights, preferences, designations and limitations of which may be set by the Board of Directors. We have designated

and authorized, one (1) share of Series A Preferred Stock, 1,000,000 shares of Series B Convertible Preferred Stock, 1,000 shares of Series C Preferred Stock, and 10 shares of Series D Convertible Preferred Stock. As of December 18, 2018, there were issued and outstanding (i) one (1) share of our Series A Convertible Preferred Stock, (ii) no shares of our Series B Convertible Preferred Stock, (iii) 1,000 shares of our Series C Preferred Stock, (iv) 10 shares of our Series D Convertible Preferred Stock, and 6,027,994 shares of our Series E Convertible Preferred Stock.

Table of Contents

The shares of authorized but undesignated preferred stock may be issued upon filing of an amended certificate of incorporation and the payment of required fees; no further shareholder action is required. If issued, the rights, preferences, designations and limitations of such preferred stock would be set by our Board and could operate to the disadvantage of the outstanding common stock. Such terms could include, among others, preferences as to dividends and distributions on liquidation. We have designated five series of preferred stock, four of which have shares issued and outstanding. A description of the terms, rights and preferences of these series of preferred stock are described under “*Description of Securities*” beginning on page 18.

If FINRA does not process our request for announcement of our reverse stock split, the market for our common stock may be negatively impacted.

The Company has requested that FINRA process the announcement of its proposed reverse split. FINRA has authority to review certain corporate actions, such as our reverse split, pursuant to FINRA Rule 6490. FINRA has indicated to us that it will process the announcement of our reverse split following the effectiveness of this Registration Statement. FINRA, will not formally commit to taking this action prior to the effectiveness of the Registration Statement, and it has not provided us with a reason for delaying the processing of our announcement. Once the reverse split is complete, the Company will promptly file a post-effective amendment to this Registration Statement.

We do not need FINRA’s approval to conduct the reverse split. However, FINRA’s processing of corporate announcements and listing them on its website give legitimacy to such actions. Releasing corporate announcements in this manner is also common practice in the market in which our stock trades. FINRA’s processing and reporting of a corporate action gives investors confidence that such an action has indeed taken place and in the proper manner. If FINRA does not timely process our request and announce the reverse split, investors may lose confidence in our stock and its price may decline. Without FINRA’s approval of our announcement, broker-dealers may refuse to process orders for our stock and our investors will be unable to sell their shares and the price for our stock will decline.

Our officers and directors can sell some of their stock, which may have a negative effect on our stock price and ability to raise additional capital, and may make it difficult for investors to sell their stock at any price.

Our officers and directors, as a group, are the owners of 61,648,181 shares of our common stock, representing approximately 4.3% of our total issued shares, with shares of Series D Preferred Stock that they may convert to acquire another 1,549,954,279 shares of our common stock, representing approximately 51.0% of our total issued and outstanding shares of common stock after conversion. Each individual officer and director may be able to sell up to 1% of our outstanding common stock (currently approximately 14,299,412 shares) every ninety (90) days in the open market pursuant to Rule 144, which may have a negative effect on our stock price and may prevent us from obtaining additional capital. In addition, if our officers and directors are selling their stock into the open market, it may make it

difficult or impossible for investors to sell their stock at any price. However, our officers and directors have entered into Lock-Up Agreements and have agreed to refrain from selling any shares of our common stock for 90 days after the effective date of the registration statement

Our common stock is governed under The Securities Enforcement and Penny Stock Reform Act of 1990.

The Securities Enforcement and Penny Stock Reform Act of 1990 requires additional disclosure relating to the market for penny stocks in connection with trades in any stock defined as a penny stock. The Commission has adopted regulations that generally define a penny stock to be any equity security that has a market price of less than \$5.00 per share, subject to certain exceptions. Such exceptions include any equity security listed on NASDAQ and any equity security issued by an issuer that has (i) net tangible assets of at least \$2,000,000, if such issuer has been in continuous operation for three years; (ii) net tangible assets of at least \$5,000,000, if such issuer has been in continuous operation for less than three years; or (iii) average annual revenue of at least \$6,000,000, if such issuer has been in continuous operation for less than three years. Unless an exception is available, the regulations require the delivery, prior to any transaction involving a penny stock, of a disclosure schedule explaining the penny stock market and the risks associated therewith.

SPECIAL NOTE ABOUT FORWARD-LOOKING STATEMENTS

We have made forward-looking statements in this Prospectus, including the sections entitled “Management’s Discussion and Analysis of Financial Condition and Results of Operations” and “Business,” that are based on our management’s beliefs and assumptions and on information currently available to our management. Forward-looking statements include the information concerning our possible or assumed future results of operations, business strategies, financing plans, competitive position, industry environment, potential growth opportunities, the effects of future regulation, and the effects of competition. Forward-looking statements include all statements that are not historical facts and can be identified by the use of forward-looking terminology such as the words “believe,” “expect,” “anticipate,” “intend,” “plan,” “estimate” or similar expressions. These statements are only predictions and involve known and unknown risks and uncertainties, including the risks outlined under “Risk Factors” and elsewhere in this Prospectus.

Although we believe that the expectations reflected in our forward-looking statements are reasonable, we cannot guarantee future results, events, levels of activity, performance or achievement. We are not under any duty to update any of the forward-looking statements after the date of this Prospectus to conform these statements to actual results, unless required by law.

USE OF PROCEEDS

This Prospectus relates to shares of our common stock that may be offered and sold from time to time by the Selling Shareholders. We will not receive any proceeds from the sale of shares of common stock by the Selling Shareholders in this offering.

The proceeds we have received pursuant to the issuance of the Series E Shares and Warrants, and the proceeds that we may receive from the exercise of Warrants, will be used for working capital and general corporate purposes. This anticipated use of net proceeds represents our intentions based upon our current plans and business conditions. If any of these factors change, we may reallocate some of the net proceeds. The portion of any net proceeds not immediately required will be invested in certificates of deposit or similar short-term interest bearing instruments.

We will pay for expenses of this offering, except that the Selling Shareholders will pay any broker discounts or commissions or equivalent expenses applicable to the sale of their shares.

PRIVATE PLACEMENT OF SECURITIES

Securities Purchase Agreement

On October 27, 2017, we entered into a Securities Purchase Agreement (as amended, the “**Purchase Agreement**”) with the Selling Shareholders pursuant to which we sold a total of 120,000,000 shares of our common stock (the “**Common Shares**”) and 120,000,000 Warrants for a total of \$300,000 cash.

On May 21, 2018, we entered into a Share Exchange Agreement (the “**Exchange Agreement**”) with the Selling Shareholders and Amendment No. 1 to the Purchase Agreement. Pursuant to the Exchange Agreement, the Selling Shareholders exchanged the Common Shares for 1,200,000 Series E Shares. Each Series E Share is convertible into 100 shares of our common stock. In addition, we entered into an amendment to the Purchase Agreement. Under the amended Purchase Agreement, the Selling Shareholders bought an additional 1,200,000 Series E Shares and an additional 120,000,000 Warrants for an aggregate of \$300,000 in cash.

Table of Contents

The Registered Shares being registered in this registration statement are only the shares of common stock issuable upon conversion of the Series E Shares that were issued pursuant to the Exchange Agreement, and (ii) the shares of common stock issuable upon conversion of the Series E Shares that were issued shortly after effectiveness of the registration statement, pursuant to the Purchase Agreement.

The Warrants are immediately exercisable and have a term of five (5) years. The Selling Shareholders may exercise the Warrants at their option at any time into shares of our common stock. The exercise price for the Warrants issued in October 2017 was \$0.01 and the exercise price for the Warrants issued in May 2018 was \$0.05. However, on October 27, 2018 (for the Warrants issued in 2017) and November 1, 2018 (for the Warrants issued in May 2018), the exercise price of the Warrants was permanently reduced to the lower of (i) the exercise price, as adjusted per the terms of the Warrants, and (ii) 50% of the average of the four lowest closing bid prices for our common stock on the primary trading market during the forty (40) trading days immediately prior to such date. The average of the four lowest closing bid prices of our common stock on the Pink Sheets during the forty (40) trading days prior to October 27, 2018 (same average for November 1, 2018) was \$0.00255, and 50% of which is \$0.00128. Therefore, the exercise price of the Warrants is \$0.00128.

If we sell any of our common stock or equivalent at an effective price per shares less than the exercise price of the Warrants, then the exercise price of the Warrants will be reduced to the price of the shares sold, and additional warrant shares will be issuable so that the aggregate exercise price does not change. The Warrants also have the right to pro rata distributions of any dividend, stock, stock rights or other distribution to holders of our common stock.

Cashless exercise of the Warrants is available because after the six-month anniversary of the closing date of the Purchase Agreement, there was no registration statement registering the resale of the shares issuable upon exercise of the Warrants.

The Warrants and Series E Preferred also require that we reserve and keep available out of our authorized and unissued common stock a sufficient number of shares to provide for issuance of the shares issuable upon exercise of the Warrants and conversion of the Series E Preferred, requiring an initial reserve of 480,000,000 authorized shares.

Pursuant to the terms of the Series E Preferred and Warrants, we cannot sell or issue shares to a Selling Shareholder if such shares would cause the Selling Shareholder to beneficially own, as determined in accordance with Section 13(d) of the Exchange Act, more than 4.99% of our common stock. However, in the case of both the Warrants and the Series E Preferred, the Selling Shareholder can raise this limit to 9.99% but not until 61 days after giving us notice. We have not received such a notice. As a result, as of the date of this Prospectus, a Selling Shareholder cannot own more than approximately 75,101,655 shares after giving effect to any issuance to the Selling Shareholder. If our total number of outstanding shares of common stock increases, or if the Selling Shareholder subsequently disposes of shares acquired from us in the open market, then we would be able to sell more shares to the Selling Shareholder

before reaching the 4.99% threshold.

Because of this limitation on the Selling Shareholders' ownership of our stock, the Selling Shareholders may not be able to convert all of their Series E Shares or exercise all of their Warrants.

Registration Rights Agreement

On October 27, 2017, we also entered into a Registration Rights Agreement with the Selling Shareholders in connection with the Purchase Agreement. In the Registration Rights Agreement, we agreed to prepare and file a registration statement with the Commission covering the resale of all of the Registered Shares and the shares issuable upon exercise of Warrants. On May 21, 2018, we entered into Amendment No. 1 to the Registration Rights Agreement with the Selling Shareholders. Per the Registration Rights Agreement, as amended, we agreed to (i) file an initial registration statement by June 8, 2018 (a date which has been extended by verbal agreement among the parties), (ii) have it declared effective no later than 150 days after its filing, and (iii) keep it continuously effective until the securities are sold or may be sold under Rule 144 of the Securities Act without volume or manner-of-sale restrictions. If we cannot meet these obligations, the Selling Shareholders have the right to collect partial liquidated damages equal to 1.0% multiplied by the total amount they have invested. These partial liquidated damages are payable at the time of breach and each month thereafter that the breach is not cured (up to a maximum of 6.0% of the total amount invested). Interest will accrue at a rate of 18% per annum on any amount due under this provision that is not paid within seven days after the date payable. These partial liquidated damages apply in addition to any other remedies the Selling Shareholders may have.

If all of the securities cannot be registered on one registration statement, we agreed to file subsequent registration statements to register the remaining securities as promptly as allowed. We are only able to register the Registered Shares at this time. Shares issuable upon exercise of the Warrants will need to be registered separately or sold pursuant to an exemption from registration.

The issuance of the Warrants, the shares issuable upon exercise of the Warrants, the Series E Shares, and the Registered Shares to the Selling Shareholders under the Purchase Agreement is exempt from registration under the Securities Act, pursuant to the exemption for transactions by an issuer not involving any public offering under Section 4(a)(2) of the Securities Act and Rule 506 of Regulation D promulgated thereunder.

DILUTION

The issuance of our common stock to the Selling Shareholders upon conversion of the Series E Shares and exercise of the Warrants will have a dilutive impact on our shareholders. As a result, our net income per share, if any, would decrease in future periods and the market price of our common stock could decline.

Our net tangible book value as of September 30, 2018 was approximately (\$2,325,474), or (\$0.0016) per share. Net tangible book value per share is determined by dividing our total tangible assets, less total liabilities, by the number of

shares of our common stock outstanding as of September 30, 2018.

After giving effect to the issuance and conversion of the Series E Shares and the issuance and exercise of the Warrants, assuming receipt of exercise price payments on the Warrants of \$2,400,000, and assuming the sale of all 240,000,000 shares of common stock by the Selling Shareholders at the sale price of \$0.01, our pro forma as adjusted net tangible book value as of September 30, 2018 would have been approximately \$1,274,526, or \$0.0006 per share of Common Stock. This represents an immediate increase in pro forma as adjusted net tangible book value of \$0.0022 per share to our existing shareholders and an immediate dilution of \$0.0084 per share to our new shareholders.

SELLING SHAREHOLDERS

The common stock being offered by the Selling Shareholders are those shares of common stock issuable upon conversion of their Series E Shares. For additional information regarding the Series E Shares, see “*Private Placement of Securities*” on page 11 above. We are registering the shares of common stock in order to permit the Selling Shareholders to offer the shares for resale from time to time. Except for the ownership of the shares of common stock, Series E Shares and Warrants, the Selling Shareholders have not had any material relationship with us within the past three years.

The table below lists the Selling Shareholders and other information regarding the beneficial ownership of the shares of common stock by each of the Selling Shareholders. The second column lists the number of shares of common stock beneficially owned by each Selling Shareholder, based on its ownership as of December 18, 2018, assuming conversion of the Series E Shares and exercise of the Warrants held by the Selling Shareholders on that date, subject to limitations on exercises as set forth in our Series E Preferred and the Warrants.

The third column lists the shares of common stock being offered in this prospectus by the Selling Shareholders.

In accordance with the terms of a registration rights agreement with the Selling Shareholders, this prospectus generally covers the resale of shares of common stock issuable upon conversion of the Series E Shares held by the Selling Shareholders, subject to adjustment as provided in the registration rights agreement. The fourth column assumes the sale of all of the shares offered by the selling shareholders pursuant to this prospectus.

Under the terms of the Series E Shares and Warrants, a Selling Shareholder may not convert the Series E Shares or exercise the Warrants to the extent such conversion or exercise would cause such Selling Shareholder, together with its affiliates and attribution parties, to beneficially own a number of shares of common stock which would exceed 4.99% of our then outstanding common stock. The Selling Shareholders may sell all, some or none of their shares in this offering. See “*Plan of Distribution*” beginning on page 17.

As of December 18, 2018, there were approximately 1,368,292,972 shares of our common stock held by or currently issuable to non-affiliates, representing approximately 95.7% of the outstanding common stock. The 240,000,000 shares we are registering for resale by the Selling Shareholders represents approximately 16.8% of the outstanding common stock held by non-affiliates (and approximately 14.4% of the outstanding common stock held by non-affiliates after the issuance thereof).

Table of Contents

All information with respect to common stock ownership of the Selling Shareholders has been furnished by or on behalf of the Selling Shareholders and is as of December 18, 2018. Because the Selling Shareholders may sell some or all of the shares included in this Prospectus, and because there are currently no agreements, arrangements or understandings with respect to the sale of any of the shares, no estimate can be given as to the number of shares available for resale hereby that will be held by the Selling Shareholders in the future. In addition, the Selling Shareholders may have sold, transferred or otherwise disposed of, or may sell, transfer or otherwise dispose of, at any time and from time to time, the common stock it holds in transactions exempt from the registration requirements of the Securities Act after the date on which it provided the information set forth on the table below. We have, therefore, assumed for the purposes of the following table, that the Selling Shareholders will sell all of the shares owned beneficially by it listed in the table below that are covered by this Prospectus. Shares in the table below refer to shares of our outstanding common stock.

- (6) Amount shown consists solely of shares of common stock issuable upon conversion of the Series E Shares and exercise of the Warrants. The number of shares listed here is the maximum number of shares the Selling Shareholder could own at any one time. See “*Private Placement of Securities*” on page 11 for more details on the Series E Shares and Warrants.

Beneficial ownership for the purposes of the table above is determined in accordance with the rules and regulations of the SEC. These rules generally provide that a person is the beneficial owner of securities if such person has or shares the power to vote or direct the voting thereof, or to dispose or direct the disposition thereof or has the right to acquire such powers within 60 days. Except as disclosed in the table above, we believe that the Selling Shareholders and their affiliates identified herein possess sole voting and investment power over all shares of common stock shown as beneficially owned by such Selling Shareholders and affiliates.

Resales

The Selling Shareholders and intermediaries through whom shares are sold may be deemed “underwriters” within the meaning of the Securities Act with respect to the shares offered by this Prospectus, and any profits realized or commissions received may be deemed underwriting compensation.

If required, we will add transferees, successors and donees by prospectus supplement in instances where the transferee, successor or donee has acquired its shares from a Selling Shareholder named in this Prospectus after the effective date of this Prospectus.

PLAN OF DISTRIBUTION

The Selling Shareholders and any of their pledgees, assignees and successors-in-interest may, from time to time, sell any or all of the Registered Shares on the principal trading market on which our common stock trades or any other stock exchange, market or trading facility on which the shares are traded or in private transactions. These sales will be at a fixed price of \$0.01 per share, until our common stock is listed on a national securities exchange or is quoted on the OTC Bulletin Board, the OTCQX or the OTCQB, at which time the Selling Shareholders may sell the Registered Shares at a fixed price, a price based on the market price or at a negotiated price. The Selling Shareholders may use any one or more of the following methods when selling shares:

- ordinary brokerage transactions and transactions in which the broker dealer solicits purchasers;

The Selling Shareholders may also sell shares under Rule 144 under the Securities Act of 1933, as amended, if available, rather than under this Prospectus.

Broker-dealers engaged by the Selling Shareholders may arrange for other brokers dealers to participate in sales. Broker dealers may receive commissions or discounts from the Selling Shareholders (or, if any broker dealer acts as agent for the purchaser of shares, from the purchaser) in amounts to be negotiated, but, except as set forth in a supplement to this Prospectus, in the case of an agency transaction not in excess of a customary brokerage commission in compliance with FINRA Rule 2440; and in the case of a principal transaction a markup or markdown in compliance with FINRA IM-2440.

In connection with the sale of the securities or interests therein, the Selling Shareholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the securities in the course of hedging the positions they assume. The Selling Shareholders may also sell securities short and deliver these securities to close out their short positions, or loan or pledge the securities to broker-dealers that in turn may sell these securities. The Selling Shareholders may also enter into option or other transactions with broker-dealers or other financial institutions or create one or more derivative securities which require the delivery to such broker-dealer or other financial institution of Registered Shares, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

Table of Contents

The Selling Shareholders and any broker-dealers or agents that are involved in selling the Registered Shares may be deemed to be “underwriters” within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the Registered Shares purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Each Selling Shareholder has informed us that it does not have any written or oral agreement or understanding, directly or indirectly, with any person to distribute the Registered Shares.

We are required to pay certain fees and expenses incurred for registration of the Registered Shares. We have agreed to indemnify the Selling Shareholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

We agreed to keep this prospectus effective until the earlier of (A) the date on which the all of the Registered Shares have been sold pursuant to this prospectus or Rule 144 under the Securities Act, and (B) the date that all of the Registered Shares may be sold pursuant to rule 144 without volume or manner-of-sale restrictions. The Registered Shares will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states, the resale securities covered hereby may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of the resale securities may not simultaneously engage in market making activities with respect to the common stock for the applicable restricted period, as defined in Regulation M, prior to the commencement of the distribution. In addition, the Selling Shareholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of the common stock by the Selling Shareholders or any other person. We will make copies of this prospectus available to the Selling Shareholders and have informed them of the need to deliver a copy of this prospectus to each purchaser at or prior to the time of the sale (including by compliance with Rule 172 under the Securities Act).

On May 31, 2018, our Board of Directors created a new class of preferred stock, the Series E Preferred, in connection with the Exchange Agreement as discussed above under the section “*Private Placement of Securities*,” beginning on page 11. Each shares of our Series E Preferred is convertible into 100 shares of our common stock. However, the conversion of our Series E Preferred may not be converted into common stock if the conversion would result in the holder having beneficial ownership of more than 4.99% of our outstanding shares of common stock immediately after giving effect to the issuance of the conversion shares. A holder of our Series E Preferred may elect to increase this limitation to 9.99% of our outstanding shares of common stock, but such increase will not be effective until 61 days after notice of the election is given to the Company.

The Series E Preferred is not redeemable.

Each share of Series E Preferred is entitled to 100 votes on all matters to come before the common shareholders or shareholders generally. The voting rights of the Series E Preferred are subject to similar limitations placed on the conversion of Series E Preferred shares. A holder of Series E Preferred may not vote more than 4.99% (or 9.99% if the beneficial ownership limitation is increased by notice to the Company at least 61 days prior to taking effect) of all votes eligible to be cast on matters to come before the common shareholders or shareholders generally.

Table of Contents

Shares of Series E Preferred are entitled to dividends on an as-converted-to-common stock basis. No dividends may be paid to common shareholders unless dividends are also paid to the Series E Preferred shareholders.

Upon liquidation, each share of Series E Preferred is entitled to a distribution of \$0.25 prior to any payment to common shareholders or subsequent series of preferred stock.

Without approval from the holders of at least 75% of the outstanding Series E Preferred, we may not sell the Company's assets or effect a reorganization, merger or consolidation transaction that results in the holders of the Company's capital stock owning less than 50% of the voting power of the Company after the transaction.

Our Business

Iconic Brands is a beverage company that develops, from inception to completion, alcoholic beverages for itself and third parties. Iconic Brands also markets and places the products into national distribution through long standing industry relationships. Iconic is also a leader in “Celebrity Branding” of beverages, procuring superior and unique products from around the world and branding its products with internationally recognized celebrities.

BiVi LLC produces and markets BiVi 100 percent Sicilian Vodka. BiVi LLC’s mission is to promote and support the sales endeavors of the distribution network through targeted and national marketing endeavors and working with the celebrity partner Mr. Chazz Palminteri.

Bellissima Spirits LLC entered into a License Agreement with Christie Brinkley, Inc. an entity owned by Christie Brinkley, to use Brinkley’s endorsement, signature, and other intellectual property owned by Bellissima Spirits LLC. Bellissima by Christie Brinkley is a line of Organic Prosecco. The line includes a DOC Brut, Sparkling Rose and a Zero Sugar, Zero Carb option which are All Natural and Gluten Free with all Certified Organic and Vegan.

Bellissima Spirits LLC produces its products in Treviso, Italy. The products are produced at a winery that has invested an enormous amount of time and financial resources to produce and deliver Bellissima Prosecco and Sparkling Wines. We have a “one stop” shop with our winery partners and they manage all of the procurement of all raw materials required to produce a finished product of either the DOC Brut, Sparkling Rose Pinot Grigio and our Zero Sugar, Zero Carb Sparkling Wine Expression.

We distribute all of our products through United Spirits Inc. (“**United Sprits**”), a variable interest entity of the Company, pursuant to a Distribution Agreement. United Spirits distributes and wholesales our products and is our licensed importer and wholesaler. The Distribution Agreement provides United Spirits the exclusive right through 2025 to sell our products for an agreed distribution fee equal to \$1.00 per case of product sold. United Spirits holds all state and federal licenses to distribute the our products.

Our products are produced overseas and shipped to the United States by United Spirits, either directly to its distributors or to United Spirits’ warehouse. Products that are shipped to the warehouse are then shipped via ground freight to wholesalers or distributors to fulfill orders as they are placed.

By law, United Spirits can only sell our alcoholic products to a licensed United States wholesaler or distributor. Wholesalers and distributors then sell the product to licensed retailers for “on” or “off” premise consumption. An “on” premise retailer is an establishment where the alcohol is consumed, such as a bar or restaurant. An “off” premise retailer is an establishment where alcohol is sold for consumption elsewhere, such as a liquor store or, in some state jurisdictions, a supermarket.

One of United Spirits’ distributors, Southern Glazer’s Wine and Spirits, LLC, purchased a \$2.1 million order during the fourth quarter of 2017 for sales to Publix Supermarkets. The order was related to a holiday program, and it was authorized for all of Publix’s seven markets: Florida, Georgia, Tennessee, Alabama, North Carolina, South Carolina and Virginia. The program featured Bellissima Prosecco and Sparkling Wines in all Publix stores for the 2017 holiday season. The brand also was featured as the “BOGO” (Buy One Get One) brand in Publix's circular that ran in early January 2018. As a condition of being included in the promotion, the Company was required to provide a \$597,138 rebate for each product sold during this promotion. Note, we do not sell directly to Publix or any retail licensee. All of our sales must be made through United Spirits to wholesalers and distributors, who then distribute to retailers.

We intend to seek, investigate and, if such investigation warrants, acquire an interest in one or more business opportunities presented to it by persons or firms who or which desire to seek the perceived advantages of a publicly held corporation.

Competition

The beverage alcohol industry is highly competitive. We compete on the basis of quality, price, brand recognition and distribution strength. Our beverage alcohol products compete with other alcoholic and non-alcoholic beverages for consumer purchases, as well as shelf space in retail stores, restaurant presence and wholesaler attention. We compete with numerous multinational producers and distributors of beverage alcohol products, some of which have greater resources than we do. Our principal competitors include La Marca Prosecco owned by Gallo, Mionetto and a large number of independent small importers with a significant number of competitive products. We also compete with Diageo, the largest drinks company in the world, and others such as Constellation Brands, William Grant and Sons and Jim Beam Brands to name a few.

With the release of our new line of Aperitis, “Bella Sprizz” we are in direct competition with Gruppo Campari the producer of Aperol. The Elderflower version of Bella Sprizz is competing with the category Leader St. Germain. Management is confident that with our very aggressive price point on the Bella Sprizz Line coupled with the incredible packaging and liquid quality we will quickly carve our niche in the category.

Governmental Regulation of the Wine Industry

The production and sale of wine is subject to extensive regulation by the U.S. Department of the Treasury, Alcohol and Tobacco Tax and Trade Bureau and state liquor commissions and agencies.

In addition, most states in which our wines are sold impose varying excise taxes on the sale of alcoholic beverages. Prompted by growing government budget shortfalls and public reaction against alcohol abuse, government entities often consider legislation that could potentially affect the taxation of alcoholic beverages. Excise tax rates being considered are often substantial. The ultimate effects of such legislation, if passed, cannot be assessed accurately. Any increase in the taxes imposed on wines can be expected to have a potentially adverse impact on overall sales of such products. However, the impact may not be proportionate to that experienced by distributors of other alcoholic beverages and may not be the same in every state.

The agreements we have in place with United Spirits and Dan Kay International provide the required licensing conduits that allow us to capture the sales relative to alcoholic beverages in the United States. The United States alcohol beverage business is based upon what is known as a “three-tier system.” The three tiers consist of an import or supplier tier if the product is domestically produced. The second tier is the wholesale tier. The third tier is known as the retail tier, consisting of an on and off premise split. The import/supply tier sells to the wholesale tier that then sells to the retail tier.

United Spirits, Inc. possesses the import/supply tier licensing as well as the required licenses in the states where we sell alcoholic beverages to the wholesale tier. We have contracted with United to facilitate the sales of the products using the licensing United has in place. This is a common third party provider relationship in the United States alcohol beverage business.

Dan-Kay International is the company that we contract warehousing services for the alcohol beverage products that come to rest in the United States. Dan-Kay maintains a required New York State warehousing license. This license has a level allowing the third party warehousing classified as “product of others.”

Employees

As of the date hereof, we do not have any employees other than our officers and directors. Our officers and directors will continue to work for us for the foreseeable future. We anticipate hiring appropriate personnel on an as-needed

basis, and utilizing the services of independent contractors as needed.

DESCRIPTION OF PROPERTY

We lease our office and warehouse space in North Amityville, New York from United Spirits. On March 27, 2018, we entered into a lease extension with United Spirits. The extension has a term of three years from February 1, 2018 to January 31, 2021 and provides for monthly rent of \$4,478.

LEGAL PROCEEDINGS

We are not a party to or otherwise involved in any legal proceedings.

In the ordinary course of business, we are from time to time involved in various pending or threatened legal actions. The litigation process is inherently uncertain and it is possible that the resolution of such matters might have a material adverse effect upon our financial condition and/or results of operations. However, in the opinion of our management, other than as set forth herein, matters currently pending or threatened against us are not expected to have a material adverse effect on our financial position or results of operations.

Sales

Our sales are comprised of sales of BiVi Sicilian Vodka and Bellissima Prosecco and Sparkling Wine. We had sales of \$217,139 and \$261,801 for the three months ended September 30, 2018 and 2017, respectively. We had sales of \$422,409 and \$752,774 for the nine months ended September 30, 2018 and 2017, respectively. Sales declined in the nine months ended September 30, 2018 as compared to the same period in 2017 due mainly to large fourth quarter sales in 2017 that resulted in lower orders during the first two quarters of 2018. Sales declined in the three months ended September 30, 2018 as compared to the same period in 2017 due mainly to lower demand from one customer who made a large purchase in the fourth quarter of 2017 and has not placed a reorder in 2018.

Cost of Sales

Cost of sales for the three months ended September 30, 2018 were \$125,304 compared to \$237,145 during the three months ended September 30, 2017, a decrease of \$111,841. Cost of sales for the nine months ended September 30, 2018 were \$244,556 compared to \$450,391 during the nine months ended September 30, 2017, a decrease of \$205,835. Cost of sales included the cost of the products purchased from our Italian suppliers, freight-in costs and import duties. The decreased cost of sales in the current period was primarily due to lower sales in the current period.

Officers Compensation

Officers compensation for the three and nine months ended September 30, 2018 was \$429,588 and \$432,795, respectively. We had no officers compensation for the three or nine months ended September 30, 2017. During the time period through September 30, 2018, the Company used the services of its chief executive officer Richard DeCicco and its assistant secretary Roseann Faltings under informal compensation arrangements (without any employment agreements). Both entered into employment agreements effective July 1, 2018.

For the years ended December 31, 2017 and 2016, the Company accrued compensation of \$250,000 per year (\$150,000 for Mr. DeCicco; \$100,000 for Ms. Faltings) for their services rendered. Professional and Consulting Fees

Professional and consulting fees expense was \$76,370 for the three months ended September 30, 2018, compared to \$12,500, for the three months ended September 30, 2017, an increase of \$63,870, or 511%. Professional and consulting fees consist primarily of legal and, accounting and auditing services. The increase of these fees was primarily due to increased use of professionals relating to financing and auditing activity. In May 2018, we recognized \$23,250 of stock-based compensation charged to professional and consulting fees in connection with the issuance of 7,500,000 warrants to a law firm for services rendered.

Royalties

Royalties for the three months ended September 30, 2018 were \$21,074 compared to \$26,780 during the three months ended September 30, 2017, a decrease of \$5,706. The decrease in royalties in 2018 was due to a June 2018 reduction of an over accrual of estimated royalties payable at December 31, 2017.

Special Promotion Program with Customer

During the nine months ended September 30, 2018, we incurred a marketing expense of \$597,138 associated with the sale of approximately \$2.1 million of the Bellissima product. This expense related to a “buy one get one free offer” which was offered by a major retailer for which redemptions were submitted in the first quarter of 2018. This was a one-time expense and we did not have this expense in any other period.

Marketing and Advertising

Marketing and advertising expenses for the three months ended September 30, 2018 were \$58,724 compared to \$89,675 during the three months ended September 30, 2017, a decrease of \$30,951. Liquidity and Capital ResourcesIntroduction

During the year ended December 31, 2017, because we generated sufficient revenue, we had positive operating cash flows. Our cash on hand as of September 30, 2018 was \$134,580. Our average monthly cash flow burn rate for 2017 was approximately \$20,000 while our average monthly cash provided by operating activities was approximately \$56,000. We have medium cash needs in the short term, and as our operating expenses increase, we will face strong to medium long term cash needs. We anticipate that our cash flows from operations will satisfy our cash flow needs for the next year, but if revenues do not keep up with our expenses, it will be necessary to seek other methods to finance our operations and any growth opportunities, including the sale of convertible debt and equity securities.

Our cash, current assets, total assets, current liabilities, and total liabilities as of September 30, 2018 and December 31, 2017, respectively, are as follows:

	September 30 2018	December 31, 2017	Change
Cash	\$ 134,580	\$ 1,237,432	\$ (1,102,852)
Total Current Assets	563,604	1,613,353	(1,049,749)
Total Assets	563,604	1,613,353	(1,049,749)
Total Current Liabilities	2,049,078	2,148,579	(99,501)
Total Liabilities	\$ 2,889,078	\$ 2,844,579	\$ (44,499)

Our cash and total current assets decreased primarily due to the \$1,683,257 loss from operations in the nine months ended September 30, 2018. Our total current liabilities increased slightly primarily due to the \$144,000 increase in the derivative liability on warrants, the \$211,162 increase in accounts payable and accrued expense and the \$88,263

increase in the current portion of debt, offset by the decrease in derivative liability on convertible debt of \$458,072. Our working capital deficit increased from (\$535,226) to (\$1,485,474), and our stockholders' deficit increased by \$1,094,248 to \$2,325,474.

We hope that the revenues we generate from sales of our products will be able to satisfy our obligations in full without the need to raise significant capital from other sources. There is no assurance, however, that we will be successful in these efforts. Please see the "*Risk Factors*" beginning on page 5.

Critical Accounting Policies and Estimates

Principles of Consolidation

The consolidated financial statements include the accounts of Iconic, its two 51% owned subsidiaries BiVi LLC and Bellissima Spirits LLC, and United Spirits, Inc., a variable interest entity of Iconic (see Note 5 of our consolidated financial statements for the years ended December 31, 2017 and 2016) (collectively, the “**Company**”). All inter-company balances and transactions have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Fair Value of Financial Instruments

Generally accepted accounting principles require disclosing the fair value of financial instruments to the extent practicable for financial instruments which are recognized or unrecognized in the balance sheet. The fair value of the financial instruments disclosed herein is not necessarily representative of the amount that could be realized or settled, nor does the fair value amount consider the tax consequences of realization or settlement.

In assessing the fair value of financial instruments, we use a variety of methods and assumptions, which are based on estimates of market conditions and risks existing at the time. For certain instruments, including cash and cash equivalents, accounts receivable, accounts payable and accrued expenses, it was estimated that the carrying amount approximated fair value because of the short maturities of these instruments. All debt is carried at face value less any unamortized debt discounts.

Cash and Cash Equivalents

We consider all liquid investments purchased with original maturities of ninety days or less to be cash equivalents. At December 31, 2017, cash included approximately \$931,076 not covered by FDIC insurance.

Accounts Receivable, Net of Allowance for Doubtful Accounts

We extend unsecured credit to customers in the ordinary course of business but mitigates risk by performing credit checks and by actively pursuing past due accounts. The allowance for doubtful accounts is based on customer historical experience and the aging of the related accounts receivable. At December 31, 2017 and 2016, the allowance for doubtful accounts was \$0.

Inventories

Inventories are stated at the lower of cost (first-in, first-out method) or market, with due consideration given to obsolescence and to slow moving items. Inventory at December 31, 2017 and December 31, 2016 consists of cases of BiVi Vodka and cases of Bellissima sparkling wines purchased from our Italian suppliers.

Table of Contents

Revenue Recognition

Revenue from product sales is recognized when all of the following criteria are met: (1) persuasive evidence of an arrangement exists, (2) the price is fixed or determinable, (3) collectability is reasonably assured, and (4) delivery has occurred. Persuasive evidence of an arrangement and fixed price criteria are satisfied through purchase orders. Collectability criteria are satisfied through credit approvals. Delivery criteria are satisfied when the products are shipped to a customer and title and risk of loss passes to the customer in accordance with the terms of sale. We have no obligation to accept the return of products sold other than for replacement of damaged products. Other than quantity price discounts negotiated with customers prior to billing and delivery (which are reflected as a reduction in sales), we do not offer any sales incentives or other rebate arrangements to customers.

Shipping and Handling Costs

Shipping and handling costs to deliver product to customers are reported as operating expenses in the accompanying statements of operations. Shipping and handling costs to purchase inventory are capitalized and expensed to cost of sales when revenue is recognized on the sale of product to customers.

Stock-Based Compensation

Stock-based compensation is accounted for at fair value in accordance with Accounting Standards Codification (“ASC”) Topic 718, “Compensation-Stock Compensation”. For the year ended December 31, 2017, stock-based compensation was \$20,000. For the year ended September 30, 2016, stock-based compensation was \$0.

Income Taxes

Income taxes are accounted for under the assets and liability method. Current income taxes are provided in accordance with the laws of the respective taxing authorities. Deferred income taxes are provided for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is not more likely than not that some portion or all of the deferred tax assets will be realized.

Net Income (Loss) per Share

Basic net income (loss) per common share is computed on the basis of the weighted average number of common shares outstanding and to be issued to Escrow Agent (see Note 8 of our consolidated financial statements for the years ended December 31, 2017 and 2016) during the period of the financial statements.

Table of Contents

Diluted net income (loss) per common share is computed on the basis of the weighted average number of common shares and to be issued to Escrow Agent (see Note 8 of our consolidated financial statements for the years ended December 31, 2017 and 2016) and dilutive securities (such as stock options, warrants, and convertible securities) outstanding. Dilutive securities having an anti-dilutive effect on diluted net income (loss) per share are excluded from the calculation.

The following is a reconciliation of the numerator and denominator we used in our computation of diluted earnings per common share for the year ended December 31, 2017:

Numerator:

Net income attributable to Iconic Brands, Inc.	\$ 3,966,378
Add interest expense on convertible debt assumed to be converted at later of issuance date or January 1, 2017	70,649
Net income available to common shareholders	\$ 4,037,027

Denominator:

Basic weighted average common shares outstanding and to be issued to Escrow Agent	1,311,739,126
Add: Convertible Debt	255,250,127
Warrants	-
Series D Preferred Stock	1,630,947,998
Diluted weighted average common shares outstanding and to be issued to Escrow Agent	3,197,937,251

We did not include any outstanding warrants from the diluted shares calculation as the \$0.01 exercise price of the outstanding warrants was higher than the average trading price of our common stock for the relevant periods.

EXECUTIVE COMPENSATION

Narrative Disclosure of Executive Compensation

The Company uses the services of its chief executive officer Richard DeCicco and its assistant secretary Roseann Faltings under Employment Agreements that took effect on July 1, 2018. Prior to that date, they provided their services according to informal compensation arrangements (without any employment agreements).

For the years ended December 31, 2017 and 2016, the Company accrued compensation of \$250,000 per year (\$150,000 for Mr. DeCicco; \$100,000 for Ms. Faltings) for their services rendered. We have not yet paid these amounts to the officers, and the \$500,000 liability at September 30, 2018 and December 31, 2017 is included in “Accounts Payable and Accrued Expenses” on the Consolidated Balance Sheet at September 30, 2018 and December 31, 2017.

Employment Agreements

Richard DeCicco

Effective July 1, 2018, we entered into an Employment Agreement with Mr. DeCicco. Pursuant to his Employment Agreement, Mr. DeCicco will receive a base salary of \$265,000 per year. In exchange for services previously performed, Mr. DeCicco was also granted a stock award under the Employment Agreement. However, these shares will not be issued until the Company undergoes a reverse stock split. The award is equal to the post-reverse split equivalent of 75,000,000 shares of our common stock. For example, if the Company undergoes a 250-for-1 reverse stock split, he will be issued 300,000 shares post-split. His stock award includes registration rights to be included in the next registration statement after issuance. We will provide Mr. DeCicco with a car and cover its expenses. Mr. DeCicco will also be entitled to participate in our employee benefit plans and receive equity incentive awards as determined by the Board of Directors.

If we sell any brand that we own, we will pay Mr. DeCicco 23% of the gross sales proceeds of the sale. This provision survives any termination of his Employment Agreement.

If we terminate Mr. DeCicco without Cause or he resigns for Good Reason, as defined in the Employment Agreement, we must pay Mr. DeCicco a severance equal to twice his annual base salary. We will also pay him any earned but unpaid bonuses.

Roseann Faltings

For example, if the Company undergoes a 250-for-1 reverse stock split, she will be issued 100,000 shares post-split. Her stock award includes registration rights to be included in the next registration statement after issuance. We will provide Ms. Faltings with a car and cover its expenses. Ms. Faltings will also be entitled to participate in our employee benefit plans and receive equity incentive awards as determined by the Board of Directors.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Share Exchange Agreement and Subsequent Unwind of Merger

On September 10, 2014, we entered into a Share Exchange Agreement (the “**Agreement**”) and merger with Medical Marijuana Business Academy, LLC, a company organized pursuant to the laws of the State of Colorado (“**MMBA**”), and MJ Business Academy, Inc., a Nevada corporation and a wholly-owned subsidiary of the Company (“**Merger Sub**”), pursuant to which, on September 10, 2014, MMBA merged with and into Merger Sub, with Merger Sub continuing as the surviving entity that succeeded to all of the assets, liabilities and operations of MMBA and whereby MMBA effectively became our wholly-owned operating subsidiary (the “**Merger**”).

At the effective time of the Merger, the outstanding membership interest units of MMBA, held by Phillip Stark and Charles Houghton, were exchanged for a total of 60,000,000 newly issued shares of our common stock as consideration for the Merger, and as such, Mr. Stark and Mr. Houghton, as the sole members of MMBA, held a controlling voting interest in our outstanding common stock. At Closing, our CEO, Richard DeCicco, also transferred his One (1) Share of Series A Preferred Stock to Mr. Stark and Mr. Houghton, giving them control of the our preferred stock, as well.

The Agreement contained customary terms and conditions for agreements of this type, including completion of due diligence by the parties and approval of the Merger by MMBA members. At the effective time of the Merger, MMBA’s current officers and directors were appointed as officers and directors of the Company. The Merger became effective on September 10, 2014.

A copy of the Agreement was attached to our Form 8-K filed with the SEC on May 21, 2015 as Exhibit 2.1. The description of the Agreement herein is qualified by the terms of the full text of the agreement attached thereto and the terms thereof are incorporated herein by reference.

Effective on April 9, 2015, the Company, MMBA and Merger Sub entered into an Unwind Agreement (the “**Unwind Agreement**”) whereby Mr. Houghton and Mr. Stark agreed to transfer their 60,000,000 shares of our common stock, and to return the One (1) Share of Series A Preferred Stock to Mr. DeCicco, in exchange for the unwinding of the merger, and a return to Mr. Houghton and Mr. Stark of all of the membership interest units in MMBA.

At the Closing of the Unwind Agreement on April 23, 2015, Richard DeCicco was appointed President and Director of the Company and Merger Sub. Following Mr. DeCicco’s appointment, Mr. Stark and Mr. Houghton resigned all officer and director positions in both the Company and Merger Sub, and Mr. DeCicco remains as sole officer and director of Iconic Brands, Inc. and MJ Business Academy, Inc.

Table of Contents

As of the Closing of the Unwind Agreement, neither the Company, nor Merger Sub holds any right, title or interest in or to any of the assets of Medical Marijuana Business Academy, LLC, and MMBA is a private entity once again owed solely by its Managing Members, Phillip Stark and Charles Houghton.

A copy of the Unwind Agreement was attached to our Form 8-K filed with the SEC on May 21, 2015 as Exhibit 10.2. The description of the Agreement herein is qualified by the terms of the full text of the agreement attached thereto and the terms thereof are incorporated herein by reference.

From the Closing of the Merger on September 10, 2014 to the Unwind on April 23, 2015, Charles Houghton and Phillip Stark, held the Control Block consisting of the 60,000,000 new shares of common stock which were issued by the Company and the One (1) Share of Series A Preferred Stock which was transferred from Richard DeCicco to Mr. Stark and Mr. Houghton. During that time period, Mr. Stark served as CEO and Mr. Houghton served as our President, and they were our only Directors, but the operations and assets of MMJBA were never integrated into the Company, and MMJBA was operated as a separate business.

On April 23, 2015, with the Closing of the Unwind Agreement, Mr. Stark and Mr. Houghton transferred their 60,000,000 shares of our common stock, and they transferred their One (1) Share of Series A Preferred Stock back to Richard DeCicco. These transfers were finalized by our transfer agent on May 8, 2015, once again giving Richard DeCicco voting control of the Company, Mr. DeCicco was appointed President, CEO and Director of Iconic Brands, Inc. and MJ Business Academy, Inc., and immediately thereafter, Mr. Stark and Mr. Houghton resigned from all officer and director positions held in the Company and Merger Sub.

Acquisition of BiVi LLC

On May 15, 2015, we entered into a Securities Exchange Agreement, with the members of BiVi LLC, a Nevada limited liability company under which we acquired a 51% majority interest in BiVi LLC in exchange for the issuance (a) 1,000,000 shares of restricted common stock and (b) 1,000 shares of newly created Series C Convertible Preferred Stock. The remaining 49% interest in BiVi LLC is owned by Richard DeCicco, Roseann Faltings and PNBH Holdings.

Upon satisfaction of the conditions set forth in the Securities Exchange Agreement, the Closing was held on May 31, 2015. At Closing, BiVi LLC became our majority owned subsidiary.

Prior to the Closing, BiVi LLC was beneficially owned and controlled by Richard DeCicco, the majority shareholder, President, CEO and Director of Iconic Brands, Inc.

Under the terms of the Securities Exchange Agreement, we were required to provide working capital, from time to time, of up to \$750,000.00, to be repaid by BiVi LLC from working capital generated from BiVi LLC's operations. Provided that, in the event that we failed to provide working capital of at least \$40,000.00 per month, and such failure continued for a period of sixty (60) calendar days thereafter then BiVi LLC would have had the option, by written notice to us, to declare a default. Had such a default occurred, we would have been required to transfer the majority interest back to BiVi LLC for retirement and the Holders of the Series C Preferred Stock would have been required to surrender all outstanding shares back to the Company for retirement ("**BiVi Unwind**"). The Company initially provided BiVi with working capital for the BiVi product in the amount of \$140,185 through the end of 2015. However, because the parties are under common control, the working capital provisions of the Securities Exchange Agreement were abandoned and the parties have now formally amended the Securities Exchange Agreement to terminate any rights BiVi may have had pursuant to the working capital facility and the BiVi Unwind.

Table of Contents

A copy of the Securities Exchange Agreement was attached to our Form 8-K filed with the SEC on May 21, 2015 as Exhibit 10.3 and the amendment is attached hereto as Exhibit 10.4. The description of the Agreement herein is qualified by the terms of the full text of the agreement, as amended, and the terms thereof are incorporated herein by reference.

Distribution Agreement

On May 1, 2015, BiVi entered into a Distribution Agreement with United Spirits for United Spirits to distribute and wholesale BiVi's product and to act as the licensed importer and wholesaler. The Distribution Agreement provides United Spirits the exclusive right for a term of ten years to sell BiVi's product for an agreed distribution fee equal to \$1.00 per case of product sold. United Spirits is owned and managed by Richard DeCicco, the controlling shareholder, President, CEO, and Director of Iconic.

In November 2015, Bellissima and United Spirits agreed to have United Spirits distribute and wholesale Bellissima's Products under the same terms contained in the Distribution Agreement with BiVi described in the preceding paragraph.

Lease Agreement

We lease our office and warehouse space in North Amityville, New York from United Spirits. On March 27, 2018, we entered into a lease extension with United Spirits. The extension has a term of three years from February 1, 2018 to January 31, 2021 and provides for monthly rent of \$4,478.

**DISCLOSURE OF COMMISSION POSITION ON
INDEMNIFICATION FOR SECURITIES ACT LIABILITIES**

Section 4 of our Articles of Incorporation provides that, to the fullest extent permitted by Section 78 of the Nevada Revised Statutes, as the same may be amended and supplemented, the directors of the corporation are not personally liable to the Company or its stockholders for damages for breach of fiduciary duty as a director or officer, but may be personally liable for (i) acts or omissions which involve intentional misconduct, fraud or a knowing violation of law; or (ii) the payment of distributions in violation of NRS 78.300, as amended. Paragraph 1 of Section 78.037 states that the articles of incorporation of a Nevada corporation may contain any provision, not contrary to the laws of the State of Nevada, for the management of the business and for the conduct of the affairs of the corporation.

Section 5 of our Articles of Incorporation provides that, the corporation shall, to the fullest extent permitted by Section 78.751 of the Nevada Revised Statutes, as the same may be amended and supplemented, indemnify any person made or threatened to be made a party to any threatened, pending or completed action or proceeding, whether civil, criminal, administrative or investigative (whether or not by or in the right of the Company) by reason of the fact that he or she is or was a director of the Company or is or was serving as a director, officer, employee or agent of another entity at the request of the Company or any predecessor of the Company against judgments, fines, penalties, excise taxes, amounts paid in settlement and costs, charges and expenses (including attorneys' fees and disbursements) that he or she incurs in connection with such action or proceeding. Section 78.751 states that the articles of incorporation of a Nevada corporation may provide that the expenses of officers and directors incurred in defending a civil or criminal action, suit or proceeding must be paid by the corporation as they are incurred and in advance of the final disposition. It further states that indemnification does not exclude any other rights that an officer or director may have pursuant to the articles, bylaws, shareholders agreement or otherwise, and that it continues for a person who has ceased to be a director, officer, or employee of the Company.

Table of Contents

Article IX of our Bylaws further addresses indemnification, including procedures for indemnification claims. Indemnification applies to any person that is made a party to, or threatened to be made a party to, any action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he or she was an officer or director of the Company.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 (the “**Act**”) may be permitted to directors, officers and controlling persons of the Company pursuant to the foregoing provisions, or otherwise, the registrant has been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable.

1. ORGANIZATION AND NATURE OF BUSINESS

Iconic Brands, Inc., formerly Paw Spa, Inc. (“Iconic Brands” or “Iconic”), was incorporated in the State of Nevada on October 21, 2005. Effective December 31, 2016, Iconic closed on a May 15, 2015 agreement to acquire a 51% interest in BiVi LLC (“BiVi”), the brand owner of “BiVi 100 percent Sicilian Vodka,” and closed on a December 13, 2016 agreement to acquire a 51% interest in Bellissima Spirits LLC (“Bellissima”), the brand owner of Bellissima sparkling wines. These transactions involved entities under common control of the Company’s chief executive officer and represented a change in reporting entity. The financial statements of the Company have been retrospectively adjusted to reflect the operations at BiVi and Bellissima from their inception.

BiVi was organized in Nevada on May 4, 2015, Bellissima was organized in Nevada on November 23, 2015.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Principles of Consolidation

The consolidated financial statements include the accounts of Iconic, its two 51% owned subsidiaries BiVi and Bellissima, and United Spirits, Inc., a variable interest entity of Iconic (see Note 5) (collectively, the “Company”). All inter-company balances and transactions have been eliminated in consolidation.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and

liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

(c) Fair Value of Financial Instruments

Generally accepted accounting principles require disclosing the fair value of financial instruments to the extent practicable for financial instruments which are recognized or unrecognized in the balance sheet. The fair value of the financial instruments disclosed herein is not necessarily representative of the amount that could be realized or settled, nor does the fair value amount consider the tax consequences of realization or settlement.

In assessing the fair value of financial instruments, the Company uses a variety of methods and assumptions, which are based on estimates of market conditions and risks existing at the time. For certain instruments, including cash and cash equivalents, accounts receivable, accounts payable and accrued expenses, it was estimated that the carrying amount approximated fair value because of the short maturities of these instruments. All debt is carried at face value less any unamortized debt discounts.

(d) Cash and Cash Equivalents

The Company considers all liquid investments purchased with original maturities of ninety days or less to be cash equivalents.

(e) Accounts Receivable, Net of Allowance for Doubtful Accounts

The Company extends unsecured credit to customers in the ordinary course of business but mitigates risk by performing credit checks and by actively pursuing past due accounts. The allowance for doubtful accounts is based on customer historical experience and the aging of the related accounts receivable. At September 30, 2018 and December 31, 2017, the allowance for doubtful accounts was \$0.

(f) Inventories

Inventories are stated at the lower of cost (first-in, first-out method) or market, with due consideration given to obsolescence and to slow moving items. Inventory at September 30, 2018 and December 31, 2017 consists of cases of BiVi Vodka and cases of Bellissima sparkling wines purchased from our Italian suppliers.

(g) Revenue Recognition

Revenue from product sales is recognized when all of the following criteria are met: (1) persuasive evidence of an arrangement exists, (2) the price is fixed or determinable, (3) collectability is reasonably assured, and (4) delivery has occurred. Persuasive evidence of an arrangement and fixed price criteria are satisfied through purchase orders. Collectability criteria are satisfied through credit approvals. Delivery criteria are satisfied when the products are

shipped to a customer and title and risk of loss passes to the customer in accordance with the terms of sale. The Company has no obligation to accept the return of products sold other than for replacement of damaged products. Other than quantity price discounts negotiated with customers prior to billing and delivery (which are reflected as a reduction in sales), the Company does not offer any sales incentives or other rebate arrangements to customers.

(h) Shipping and Handling Costs

Shipping and handling costs to deliver product to customers are reported as operating expenses in the accompanying statements of operations. Shipping and handling costs to purchase inventory are capitalized and expensed to cost of sales when revenue is recognized on the sale of product to customers.

(i) Stock-Based Compensation

Stock-based compensation is accounted for at fair value in accordance with Accounting Standards Codification (“ASC”) Topic 718, “Compensation-Stock Compensation”. For the three and nine months ended September 30, 2018, stock-based compensation was \$23,250. For the nine months ended September 30, 2017, stock-based compensation was \$20,000.

(j) Income Taxes

Income taxes are accounted for under the assets and liability method. Current income taxes are provided in accordance with the laws of the respective taxing authorities. Deferred income taxes are provided for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is not more likely than not that some portion or all of the deferred tax assets will be realized.

(k) Net Income (Loss) per Share

Basic net income (loss) per common share is computed on the basis of the weighted average number of common shares outstanding and to be issued to Escrow Agent (see Note 10) during the period of the financial statements.

Diluted net income (loss) per common share is computed on the basis of the weighted average number of common shares and to be issued to Escrow Agent (see Note 10) and dilutive securities (such as stock options, warrants, and convertible securities) outstanding. Dilutive securities having an anti-dilutive effect on diluted net income (loss) per share are excluded from the calculation.

(l) Recently Issued Accounting Pronouncements

Certain accounting pronouncements have been issued by the FASB and other standard setting organizations which are not yet effective and have not yet been adopted by the Company. The impact on the Company's financial position and results of operations from adoption of these standards is not expected to be material.

3. INVESTMENT IN BIVI LLC

On May 15, 2015, Iconic entered into a Securities Exchange Agreement by and among the members of BiVi LLC, a Nevada limited liability company (“BiVi”), under which Iconic acquired a 51% majority interest in BiVi in exchange for the issuance of (a) 1,000,000 shares of restricted common stock and (b) 1,000 shares of newly created Series C Convertible Preferred Stock.

Prior to May 15, 2015, BiVi was beneficially owned and controlled by Richard DeCicco, the controlling shareholder, President, CEO and Director of Iconic Brands, Inc.

4. INVESTMENT IN BELLISSIMA SPIRITS LLC

On December 13, 2016, Iconic entered into a Securities Purchase Agreement with Bellissima Spirits LLC (“Bellissima”) and Bellissima’s members under which Iconic acquired a 51% Majority Interest in Bellissima in exchange for the issuance of a total of 10 shares of newly designated Iconic Series D Convertible Preferred Stock. Each share of Iconic Series D Convertible Preferred Stock is convertible into the equivalent of 5.1% of Iconic common stock issued and outstanding at the time of conversion.

In September 2018, the Company entered into Securities Exchange Agreements and other agreement with holders of all convertible debt then outstanding to have such debt satisfied (which occurred effective October 4, 2018 – see Note 13). Accordingly, the Company reduced the then derivative liability from \$255,294 to \$0.

Before being satisfied, the above convertible notes contained variable conversion features based on the future trading price of the Company common stock. Therefore, the number of shares of common stock issuable upon conversion of the notes was indeterminate. Accordingly, we recorded the \$458,072 fair value of the embedded conversion features at December 31, 2017 as a derivative liability. The \$458,072 decrease in the fair value of the derivative liability from \$458,072 at December 31, 2017 to \$0 at September 30, 2018 was credited to income from derivative liability.

The fair values of the embedded conversion features are measured quarterly using the Black Scholes option pricing model. Assumptions used to calculate the derivative liability at December 31, 2017 include stock price of \$0.0065 per share, (2) exercise prices ranging from \$0.0015 to \$0.01 per share, (3) terms ranging from 3 months to 9 months, (4) expected volatility of 159%, and (5) risk free interest rates ranging from 1.28% to 1.53%.

9. DERIVATIVE LIABILITY ON WARRANTS

From September 2017 to November 2017, in connection with the sale of a total of 120,000,000 shares of common stock (see Note 10), the Company issued a total of 120,000,000 Common Stock Purchase Warrants (the “Warrants”) to the respective investors. The Warrants are exercisable into ICNB common stock at a price of \$0.01 per share, expire five years from date of issuance, and contain “down round” price protection.

Effective May 21, 2018, the Company issued a total of 120,000,000 warrants to four investors in connection with the sale of 120,000 shares of Series E Preferred Stock for \$300,000 cash (see Note 10). These warrants are exercisable into ICNB common stock at a price of \$0.01 per share and expire five years from date of issuance, and contain “down round” price protection.

The down round provision of the above Warrants requires a reduction in the exercise price if there are future issuances of common stock equivalents at a lower price than the \$0.01 exercise price of the Warrants. Accordingly, we have recorded the \$840,000 fair value of the Warrants at September 30, 2018 as a derivative liability.

The fair value of the Warrants is measured quarterly using the Black Scholes option pricing model. Assumptions used to calculate the fair value of the Warrants at September 30, 2018 include (1) stock price of \$0.0045 per share, (2) exercise price of \$0.01 per share, (3) term ranges from 4 years to 4.5 years, (4) expected volatility of 135%, and (5) risk free interest rates range from 2.91% to 2.94%.

Each share of Series E Preferred Stock is convertible into 100 shares of common stock, is entitled to 100 votes on all matters to come before the common stockholders or shareholders generally, is entitled to dividends on an as-converted-to-common stock basis, is entitled to a distribution preference of \$0.25 upon liquidation, and is not redeemable.

The provision for (benefit from) income taxes differs from the amount computed by applying the statutory United States federal income tax rate (21% in 2018; 35% in 2017) for the periods presented to income (loss) before income taxes. The sources of the difference are as follows:

	Nine months ended September 30, 2018	Nine months ended September 30, 2017
Expected tax at 21% and 35%	\$ (313,754)	\$ 2,248,861
Nontaxable income from derivative liability	65,955	(2,399,063)
Nondeductible amortization of debt discount	22,648	19,431
Increase (decrease) in valuation allowance	225,151	(130,771)
Income tax provision	\$ -	\$ -

Significant components of the Company's deferred income tax assets are as follows:

	September 30, 2018	December 31, 2017
Net operating loss carryforward	\$ 3,447,980	\$ 3,222,829
Less valuation allowance	(3,447,980)	(3,222,829)
Deferred income tax assets - net	\$ -	\$ -

Based on management's present assessment, the Company has not yet determined that a deferred tax asset attributable to the future utilization of the net operating loss carryforward as of September 30, 2018 will be realized. Accordingly, the Company has maintained a 100% valuation allowance against the deferred tax asset in the financial statements at September 30, 2018. The Company will continue to review this valuation allowance and make adjustments as appropriate.

Current United States income tax laws limit the amount of loss available to be offset against future taxable income when a substantial change in ownership occurs. Therefore, the amount available to offset future taxable income may be limited.

All tax years remain subject to examination by major taxing jurisdictions.

We have audited the accompanying consolidated balance sheets of Iconic Brands Inc. Notes to Consolidated Financial Statements
Years ended December 31, 2017 and 2016

1. ORGANIZATION AND NATURE OF BUSINESS

Iconic Brands, Inc., formerly Paw Spa, Inc. (“Iconic Brands” or “Iconic”), was incorporated in the State of Nevada on October 21, 2005. Effective December 31, 2016, Iconic closed on a May 15, 2015 agreement to acquire a 51% interest in BiVi LLC (“BiVi”), the brand owner of “BiVi 100 percent Sicilian Vodka,” and closed on a December 13, 2016 agreement to acquire a 51% interest in Bellissima Spirits LLC (“Bellissima”), the brand owner of Bellissima sparkling wines. These transactions involved entities under common control of the Company’s chief executive officer and represented a change in reporting entity. The financial statements of the Company have been retrospectively adjusted to reflect the operations at BiVi and Bellissima from their inception.

BiVi was organized in Nevada on May 4, 2015, Bellissima was organized in Nevada on November 23, 2015.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Principles of Consolidation

The consolidated financial statements include the accounts of Iconic, its two 51% owned subsidiaries BiVi and Bellissima, and United Spirits, Inc., a variable interest entity of Iconic (see Note 5) (collectively, the “Company”). All inter-company balances and transactions have been eliminated in consolidation.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported

amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

(c) Fair Value of Financial Instruments

Generally accepted accounting principles require disclosing the fair value of financial instruments to the extent practicable for financial instruments which are recognized or unrecognized in the balance sheet. The fair value of the financial instruments disclosed herein is not necessarily representative of the amount that could be realized or settled, nor does the fair value amount consider the tax consequences of realization or settlement.

In assessing the fair value of financial instruments, the Company uses a variety of methods and assumptions, which are based on estimates of market conditions and risks existing at the time. For certain instruments, including cash and cash equivalents, accounts receivable, accounts payable and accrued expenses, it was estimated that the carrying amount approximated fair value because of the short maturities of these instruments. All debt is carried at face value less any unamortized debt discounts.

Years ended December 31, 2017 and 2016

(d) Cash and Cash Equivalents

The Company considers all liquid investments purchased with original maturities of ninety days or less to be cash equivalents. At December 31, 2017, cash included approximately \$931,076 not covered by FDIC insurance.

(e) Accounts Receivable, Net of Allowance for Doubtful Accounts

The Company extends unsecured credit to customers in the ordinary course of business but mitigates risk by performing credit checks and by actively pursuing past due accounts. The allowance for doubtful accounts is based on customer historical experience and the aging of the related accounts receivable. At December 31, 2017 and 2016, the allowance for doubtful accounts was \$0.

(f) Inventories

Inventories are stated at the lower of cost (first-in, first-out method) or market, with due consideration given to obsolescence and to slow moving items. Inventory at December 31, 2017 and December 31, 2016 consists of cases of BiVi Vodka and cases of Bellissima sparkling wines purchased from our Italian suppliers.

(g) Revenue Recognition

Revenue from product sales is recognized when all of the following criteria are met: (1) persuasive evidence of an arrangement exists, (2) the price is fixed or determinable, (3) collectability is reasonably assured, and (4) delivery has occurred. Persuasive evidence of an arrangement and fixed price criteria are satisfied through purchase orders. Collectability criteria are satisfied through credit approvals. Delivery criteria are satisfied when the products are shipped to a customer and title and risk of loss passes to the customer in accordance with the terms of sale. The

Company has no obligation to accept the return of products sold other than for replacement of damaged products. Other than quantity price discounts negotiated with customers prior to billing and delivery (which are reflected as a reduction in sales), the Company does not offer any sales incentives or other rebate arrangements to customers.

(h) Shipping and Handling Costs

Shipping and handling costs to deliver product to customers are reported as operating expenses in the accompanying statements of operations. Shipping and handling costs to purchase inventory are capitalized and expensed to cost of sales when revenue is recognized on the sale of product to customers.

(i) Stock-Based Compensation

Stock-based compensation is accounted for at fair value in accordance with Accounting Standards Codification (“ASC”) Topic 718, “Compensation-Stock Compensation”. For the year ended December 31, 2017, stock-based compensation was \$20,000. For the year ended September 30, 2016, stock-based compensation was \$0.

(j) Income Taxes

Income taxes are accounted for under the assets and liability method. Current income taxes are provided in accordance with the laws of the respective taxing authorities. Deferred income taxes are provided for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled. Deferred tax assets are reduced by a valuation allowance when, in the opinion of management, it is not more likely than not that some portion or all of the deferred tax assets will be realized.

(k) Net Income (Loss) per Share

Basic net income (loss) per common share is computed on the basis of the weighted average number of common shares outstanding and to be issued to Escrow Agent (see Note 8) during the period of the financial statements.

Diluted net income (loss) per common share is computed on the basis of the weighted average number of common shares outstanding and to be issued to Escrow Agent (see Note 8) and dilutive securities (such as stock options, warrants, and convertible securities) outstanding. Dilutive securities having an anti-dilutive effect on diluted net income (loss) per share are excluded from the calculation.

The following is a reconciliation of the numerator and denominator we used in our computation of diluted earnings per common share for the year ended December 31, 2017:

Numerator:

Edgar Filing: Iconic Brands, Inc. - Form S-1/A

Net income attributable to Iconic Brands, Inc.	\$ 3,966,378
Add interest expense on convertible debt assumed to be converted at later of issuance date or January 1, 2017	70,649
Net income available to common shareholders	\$ 4,037,027

Denominator:

Basic weighted average common shares outstanding and to be issued to Escrow Agent	1,311,739,126
Add:	
Convertible debt	255,250,127
Warrants	-
Series D Preferred Stock	1,630,947,998
Diluted weighted average common shares outstanding and to be issued to Escrow Agent	3,197,937,251

We did not include any outstanding warrants from the diluted shares calculation as the \$0.01 exercise price of the outstanding warrants was higher than the average trading price of our common stock for the relevant periods.

(I) Recently Issued Accounting Pronouncements

On July 13, 2017, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (“ASU”) 2017-11. Among other things, ASU 2017-11 provides guidance that eliminates the requirement to consider “down round” features when determining whether certain financial instruments or embedded features are indexed to an entity’s stock and need to be classified as liabilities. ASU 2017-11 provides for entities to recognize the effect of a down round feature only when it is triggered and then as a dividend and a reduction to income available to common stockholders in basic earnings per share. The guidance is effective for annual periods beginning after December 15, 2018. Although early adoption is permitted, the Company has decided not to early adopt ASU 2017-11.

Certain other accounting pronouncements have been issued by the FASB and other standard setting organizations which are not yet effective and have not yet been adopted by the Company. The impact on the Company’s financial position and results of operations from adoption of these standards is not expected to be material.

3. INVESTMENT IN BIVI LLC

On May 15, 2015, Iconic entered into a Securities Exchange Agreement by and among the members of BiVi LLC, a Nevada limited liability company (“BiVi”), under which Iconic acquired a 51% majority interest in BiVi in exchange for the issuance of (a) 1,000,000 shares of restricted common stock and (b) 1,000 shares of newly created Series C Convertible Preferred Stock.

Prior to May 15, 2015, BiVi was beneficially owned and controlled by Richard DeCicco, the controlling shareholder, President, CEO and Director of Iconic Brands, Inc.

4. INVESTMENT IN BELLISSIMA SPIRITS LLC

On December 13, 2016, Iconic entered into a Securities Purchase Agreement with Bellissima Spirits LLC (“Bellissima”) and Bellissima’s members under which Iconic acquired a 51% majority interest in Bellissima in exchange for the issuance of a total of 10 shares of newly designated Iconic Series D Convertible Preferred Stock. Each share of Iconic Series D Convertible Preferred Stock is convertible into the equivalent of 5.1% of Iconic common stock issued and outstanding at the time of conversion.

Prior to December 13, 2016, Bellissima was controlled by Richard DeCicco, the controlling shareholder, President, CEO and Director of Iconic.

The above convertible notes contain variable conversion features based on the future trading price of the Company common stock. Therefore, the number of shares of common stock issuable upon conversion of the notes are indeterminate. Accordingly, we recorded the \$7,260,885 fair value of the embedded conversion features at December 31, 2016 as a derivative liability. The \$6,802,813 decrease in the fair value of the derivative liability from \$7,260,885 at December 31, 2016 to \$458,072 at December 31, 2017 was credited to income from derivative liability.

The fair values of the embedded conversion features are measured quarterly using the Black Scholes option pricing model. Assumptions used to calculate the derivative liability at December 31, 2016 include (1) stock price of \$0.0115 per share, (2) exercise price ranging from \$0.0015 to \$0.00575 per shares, (3) terms of 1 year, (4) expected volatility of 491%, and (5) risk free interest rates of 0.85%. Assumptions used to calculate the derivative liability at December 31, 2017 include (1) stock price of \$0.0065 per share, (2) exercise prices ranging from \$0.0015 to \$0.01 per share, (3) terms ranging from 3 months to 9 months, (4) expected volatility of 159%, and (5) risk free interest rates of 1.28%.

9. DERIVATIVE LIABILITY ON WARRANTS

From September 2017 to November 2017, in connection with the sale of a total of 120,000,000 shares of common stock (see Note 10), the Company issued a total of 120,000,000 Common Stock Purchase Warrants (the “Warrants”) to the respective investors. The Warrants are exercisable into ICNB common stock at a price of \$0.01 per share, expire five years from date of issuance, and contain “down round” price protection.

The down round provision of the above Warrants requires a reduction in the exercise price if there are future issuances of common stock equivalents at a lower price than the \$0.01 exercise price of the Warrants. Accordingly, we have recorded the \$696,000 fair value of the Warrants at December 31, 2017 as a derivative liability.

The fair value of the Warrants is measured quarterly using the Black Scholes option pricing model. Assumptions used to calculate the fair value of the Warrants at December 31, 2017 include (1) stock price of \$0.0065 per share, (2) exercise price of \$0.01 per share, (3) term of 5 years, (4) expected volatility of 159%, and (5) risk free interest rate of 2.20 %.

On October 27, 2018, the exercise price of the additional 120,000,000 Warrants will be reduced to the lower of (i) the exercise price, as adjusted per the terms of the Warrants, and (ii) 50% of the average of the four lowest closing bid prices for our common stock on the primary trading market during the 4 trading days immediately prior to such date.

11. INCOME TAXES

No income taxes were recorded in the year ended December 31, 2017 and 2016 since the Company had taxable losses in these periods.

Table of Contents

Iconic Brands, Inc. and Subsidiaries
Notes to Consolidated Financial Statements
Years ended December 31, 2017 and 2016

The provision for (benefit from) income taxes differs from the amount computed by applying the statutory United States federal income tax rate of 35% for the periods presented to income (loss) before income taxes. The sources of the difference are as follows:

	Year ended December 31, 2017	Year ended December 31, 2016
Expected tax at 35%	\$ 1,485,009	\$ (2,110,277)
Nondeductible expense (nontaxable income) from derivative liability	(2,600,493)	1,875,176
Nontaxable loss on conversion of debt	1,112,304	70,757
Remeasurement of deferred income tax assets from 35% to 21% (a)	2,184,740	-
Increase (decrease) in valuation allowance	(2,181,560)	(164,344)
Income tax provision	\$ -	\$ -

Significant components of the Company's deferred income tax assets are as follows:

	December 31, 2017	December 31, 2016
Net operating loss carryforward	\$ 3,277,110	\$ 5,458,670
Less valuation allowance	(3,277,110)	(5,458,670)

Deferred income tax assets - net	\$	-	\$	-
----------------------------------	----	---	----	---

(a) As a result of the Tax Cuts and Jobs Act (Tax Legislation) enacted on December 22, 2017, the United States corporate income tax rate is 21% effective January 1, 2018. Accordingly, we have reduced our deferred income tax asset relating to our net operating loss carryforward (and the valuation allowance thereon) by \$2,184,740 from \$5,461,850 to \$3,277,110 as of December 31, 2017.

Based on management's present assessment, the Company has not yet determined that a deferred tax asset attributable to the future utilization of the net operating loss carryforward as of December 31, 2017 will be realized. Accordingly, the Company has maintained a 100% valuation allowance against the deferred tax asset in the financial statements at December 31, 2017. The Company will continue to review this valuation allowance and make adjustments as appropriate.

Current United States income tax laws limit the amount of loss available to be offset against future taxable income when a substantial change in ownership occurs. Therefore, the amount available to offset future taxable income may be limited.

All tax years remain subject to examination by major taxing jurisdictions.

INDEMNIFICATION OF DIRECTORS AND OFFICERS

Section 4 of our Articles of Incorporation provides that, to the fullest extent permitted by Section 78 of the Nevada Revised Statutes, as the same may be amended and supplemented, the directors of the corporation are not personally liable to us or our stockholders for damages for breach of fiduciary duty as a director or officer, but may be personally liable for (i) acts or omissions which involve intentional misconduct, fraud or a knowing violation of law; or (ii) the payment of distributions in violation of NRS 78.300, as amended. Paragraph 1 of Section 78.037 states that the articles of incorporation of a Nevada corporation may contain any provision, not contrary to the laws of the State of Nevada, for the management of the business and for the conduct of the affairs of the corporation.

Section 5 of our Articles of Incorporation provides that, the corporation shall, to the fullest extent permitted by Section 78.751 of the Nevada Revised Statutes, as the same may be amended and supplemented, indemnify any person made or threatened to be made a party to any threatened, pending or completed action or proceeding, whether civil, criminal, administrative or investigative (whether or not by or in the right of the Company) by reason of the fact that he or she is or was a director of the Company or is or was serving as a director, officer, employee or agent of another entity at the request of the Company or any predecessor of the Company against judgments, fines, penalties, excise taxes, amounts paid in settlement and costs, charges and expenses (including attorneys' fees and disbursements) that he or she incurs in connection with such action or proceeding. Section 78.751 states that the articles of incorporation of a Nevada corporation may provide that the expenses of officers and directors incurred in defending a civil or criminal action, suit or proceeding must be paid by the corporation as they are incurred and in advance of the final disposition. It further states that indemnification does not exclude any other rights that an officer or director may have pursuant to the articles, bylaws, shareholders agreement or otherwise, and that it continues for a person who has

ceased to be a director, officer, or employee of the Company.

Article IX of our Bylaws further addresses indemnification, including procedures for indemnification claims. Indemnification applies to any person that is made a party to, or threatened to be made a party to, any action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he or she was an officer or director of the Company.

II-1

The indemnification provisions in our Articles of Incorporation and Bylaws may be sufficiently broad to permit indemnification of our directors and officers for liabilities arising under the Securities Act.

RECENT SALES OF UNREGISTERED SECURITIES

The following is a list of unregistered sales of our equity securities from January 1, 2015 through the date hereof.

Share Exchange Agreement and Subsequent Unwind of Merger

On September 10, 2014, we entered into a Share Exchange Agreement (the “**Agreement**”) and merger with Medical Marijuana Business Academy, LLC, a company organized pursuant to the laws of the State of Colorado (“**MMBA**”), and MJ Business Academy, Inc., a Nevada corporation and a wholly-owned subsidiary of the Company (“**Merger Sub**”), pursuant to which, on September 10, 2014, MMBA merged with and into Merger Sub, with Merger Sub continuing as the surviving entity that succeeded to all of the assets, liabilities and operations of MMBA and whereby MMBA effectively became our wholly-owned operating subsidiary (the “**Merger**”).

At the effective time of the Merger, the outstanding membership interest units of MMBA, held by Phillip Stark and Charles Houghton, were exchanged for a total of 60,000,000 newly issued shares of our common stock as consideration for the Merger, and as such, Mr. Stark and Mr. Houghton, as the sole members of MMBA, held a controlling voting interest in our outstanding common stock. At Closing, our former CEO, Richard DeCicco, also transferred his one (1) Share of Series A Preferred Stock to Mr. Stark and Mr. Houghton, giving them control of our preferred stock, as well.

The Agreement contained customary terms and conditions for agreements of this type, including completion of due diligence by the parties and approval of the Merger by MMBA members. At the effective time of the Merger, MMBA’s current officers and directors were appointed as our officers and directors. The Merger became effective on September 10, 2014.

A copy of the Agreement was attached to our Form 8-K filed with the SEC on May 21, 2015 as Exhibit 2.1. The description of the Agreement herein is qualified by the terms of the full text of the agreement attached thereto and the terms thereof are incorporated herein by reference.

Effective on April 9, 2015, the Company, MMBA and Merger Sub entered into an Unwind Agreement (the “**Unwind Agreement**”) whereby Mr. Houghton and Mr. Stark agreed to transfer their 60,000,000 shares of our common stock, and to return the One (1) Share of Series A Preferred Stock to Mr. DeCicco, in exchange for the unwinding of the merger, and a return to Mr. Houghton and Mr. Stark of all of the membership interest units in MMBA.

At the Closing of the Unwind Agreement on April 23, 2015, Richard DeCicco was appointed President and Director of the Company and Merger Sub. Following Mr. DeCicco’s appointment, Mr. Stark and Mr. Houghton resigned all officer and director positions in both the Company and Merger Sub, and Mr. DeCicco remains as sole officer and director of Iconic Brands, Inc. and MJ Business Academy, Inc.

As of the Closing of the Unwind Agreement, neither the Company, nor Merger Sub holds any right, title or interest in or to any of the assets of Medical Marijuana Business Academy, LLC, and MMBA is a private entity once again owed solely by its Managing Members, Phillip Stark and Charles Houghton.

A copy of the Unwind Agreement was attached to our Form 8-K filed with the SEC on May 21, 2015 as Exhibit 10.2. The description of the Agreement herein is qualified by the terms of the full text of the agreement attached thereto and the terms thereof are incorporated herein by reference.

Acquisition of BiVi

On May 15, 2015, we entered into a Securities Exchange Agreement, by and among the members of BiVi under which we were to acquire a 51% majority interest in BiVi in exchange for the issuance (a) 1,000 shares of restricted common stock and (b) 1,000 shares of newly created Series C Convertible Preferred Stock.

Upon satisfaction of the conditions set forth in the Securities Exchange Agreement, the Closing was held on May 31, 2015. At Closing, BiVi became a majority owned subsidiary of the Company. Under the terms of the Securities Exchange Agreement, we shall provide working capital, from time to time, of up to \$750,000.00 pursuant to a Working Capital Facility, which shall be repaid by BiVi from working capital generated from BiVi's operations. Provided that, in the event that we fail to provide working capital of at least \$40,000.00 per month, and such failure shall continue for a period of sixty (60) calendar days thereafter then BiVi may, at its option, by written notice to us, declare a default. In the event of such default, we shall surrender the Majority Interest back to BiVi for retirement and the Holders of the Series C Preferred Stock shall surrender all outstanding shares back to Iconic for retirement ("**BiVi Unwind**"). In the event of the BiVi Unwind, BiVi shall issue a 5% promissory note to us with a principal amount equal to the then outstanding unpaid balance of the Working Capital Facility advanced to BiVi prior to the Unwind, payable upon the acquisition of the majority of the outstanding stock or assets of BiVi, including but not limited to the BiVi Brand of products, by a third party, but in no event later than 36 months from issuance.

Prior to the Closing, BiVi was beneficially owned and controlled by Richard DeCicco, our majority shareholder, President, CEO and Director.

A copy of the Securities Exchange Agreement was attached to our Form 8-K filed with the SEC on May 21, 2015 as Exhibit 4.1. The description of the Agreement herein is qualified by the terms of the full text of the agreement attached thereto and the terms thereof are incorporated herein by reference.

Therefore, the exercise price of the Warrants is \$0.00128.

We issued a total of 7,500,000 warrants to Clyde Snow & Sessions, PC on December 2, 2017 for legal services rendered. These warrants are exercisable into our common stock at a price of \$0.01 per share and expire five years from date of issuance.

On May 21, 2018, we issued an additional 120,000,000 Warrants in the transaction discussed above under “*Private Placement of Securities – Securities Purchase Agreement*” on page 10. These Warrants had an initial exercise price of \$0.005. However, on November 1, 2018, the exercise price was permanently reduced to the lower of (i) the exercise price, as adjusted per the terms of the Warrants, and (ii) 50% of the average of the four lowest closing bid prices for our common stock on the primary trading market during the forty (40) trading days immediately prior to such date. The average of the four lowest closing bid prices of our common stock on the Pink Sheets during the forty (40) trading days prior to October 27, 2018 was \$0.00255, and 50% of which is \$0.00128. Therefore, the exercise price of the Warrants is \$0.00128.

Sale of Series E Preferred Stock

On September 27, 2018, we entered into a Securities Purchase Agreement with nine (9) accredited investors for the sale of an aggregate of 4,650,000 shares of our Series E Convertible Preferred Stock, plus warrants to acquire 465,000,000 shares of our common stock, for gross proceeds of \$1,162,500.

Funding for the financing will take place in three equal tranches. The first tranche is being funded at closing and the second and third tranches will be funded when certain closing conditions are satisfied as described in the Securities Purchase Agreement which is attached as exhibit hereto. The securities are sold in units, with each unit consisting of one share of Series E Convertible Preferred Stock and a warrant to purchase 100 shares of common stock and was sold at \$0.25 per unit. Each share of preferred stock is convertible into 100 shares of common stock. The warrants are exercisable for a period of five years at an exercise price of \$0.005 per share. The conversion of preferred stock and exercise of warrants are each subject to a beneficial ownership limitation. We have agreed to not incur any indebtedness or issue any variable priced securities for the term of the warrants. We have also agreed to file a resale registration statement for the resale of the shares of common stock underlying the preferred stock and warrants

pursuant to a Registration Rights Agreement. The net proceeds of the offering are expected to be used for working capital purposes and to further execute on our existing business, while also actively pursuing several additional “iconic” brands. Each of our officers and directors executed a Lock-Up Agreement whereby they agreed not to sell, transfer, pledge, or otherwise dispose of any of our securities, except for a 10b5-1 plan at a price of \$0.01 or higher after the three month anniversary of the effectiveness of the resale registration statement.

The closing of the first tranche took place on October 4, 2018.

We have also issued the Series E Shares to the Selling Shareholders. Further details are found above under the heading “*Private Placement of Securities*” on page 11 and in Note 9 of the financial statements for the years ended December 31, 2017 and 2016, which section and note are incorporated herein by reference.

Elimination of Convertible Notes; Securities Exchange Agreements

As a condition to the initial closing of the financing transaction described above, we entered into Securities Exchange Agreements with holders of convertible notes totaling \$519,499 to exchange their convertible notes for an aggregate of 2,077,994 shares of our Series E Convertible Preferred Stock, plus warrants to acquire approximately 207,799,400 shares with an exercise price of \$0.005 per share, all of which are subject to a lock-up for a period of one (1) year. Holders of convertible notes totaling \$32,912 exchanged their notes for an aggregate of approximately 30,627,581 shares of our common stock, and holders of convertible notes totaling \$90,296 were paid off with cash. After the exchanges, we have no convertible notes outstanding.

The issuance of the securities described above were exempt from the registration requirements of the Securities Act of 1933 pursuant to Section 4(a)(2) of the Securities Act of 1933. All investors were accredited and sophisticated investors, familiar with our operations, and there was no solicitation.

Undertakings

A. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by us of expenses incurred or paid by our director, officer or controlling person in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, we will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(a) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of the securities at that time shall be deemed to be the initial bona fide offering thereof.

- (4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:
- (i) If the registrant is relying on Rule 430B (§230.430B of this chapter):
 - (a) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) (§230.424(b)(3) of this chapter) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
 - (ii) If the registrant is subject to Rule 430C (§230.430C of this chapter), each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A (§230.430A of this chapter), shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. *Provided, however,* that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

- (5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:
- (i) The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
 - (a) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424 (§230.424 of this chapter);
- (6) The undersigned registrant hereby undertakes that:
