FOR ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON MAY 23, 2016

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Ballantyne Strong, Inc. (the “Company,” “Ballantyne,” “we” or “us”). The 2016 Annual Meeting of Stockholders (the “Annual Meeting”) will be held on May 23, 2016 at 1:00 p.m., Local Time, at the The Westin, 400 Corporate Drive, Fort Lauderdale, FL 33334. The Company’s telephone number is (402) 453-4444.

GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Stockholders to be held on May 23, 2016

As permitted by the rules of the Securities and Exchange Commission’s (the “SEC”), we employ the cost-effective and environmentally-conscious “notice and access” delivery method. This allows us to give our stockholders access to a full set of our proxy materials online. Beginning on or about April 8, 2016, we will send to most of our stockholders, by mail or e-mail, a notice, titled as the Notice of Electronic Availability of Proxy Materials, explaining how to access our proxy materials and vote online or by telephone. This notice is not a proxy card and cannot be used to vote your shares.

On or about the same day, we will begin mailing paper copies of our proxy materials to stockholders who have requested them. Those stockholders who do not receive the Notice of Electronic Availability of Proxy Materials, including stockholders who have previously requested to receive paper copies of proxy materials, will receive a copy of this Proxy Statement, the proxy card, and the Annual Report by mail. This notice also contains instructions on how you can (i) receive a paper copy of the Proxy Statement, proxy card and Annual Report if you only received a notice by mail, or (ii) elect to receive your Proxy Statement, proxy card and Annual Report over the internet next year if you received them by mail this year.

Who may vote?

The Company has one class of voting shares outstanding. Only stockholders of record of our common stock at the close of business on March 24, 2016, the Record Date, are entitled to receive notice of the Annual Meeting and to vote the shares of common stock that they held on the Record Date. At the close of business on March 24, 2016, the

Company had 14,291,014 shares of outstanding common stock, all of which are entitled to vote at the Annual Meeting. A list of stockholders as of the Record Date will be available for inspection during ordinary business hours at our principal executive offices located at 13710 FNB Parkway, Suite 400, Omaha, NE 68154 for ten days before the Annual Meeting. Each share of common stock will have one vote on each matter to be voted on. The shares of common stock held in treasury will not be voted.

What is the purpose of the Annual Meeting?

At the Company's Annual Meeting, stockholders will act upon the matters described in the accompanying notice of meeting. In addition, management will report on Ballantyne's performance during fiscal 2015 and respond to questions from stockholders.

Who may attend the Annual Meeting?

All stockholders as of the Record Date, or their duly appointed proxies, may attend the Annual Meeting. If you attend the Annual Meeting in person, you will be asked to present photo identification (such as a state-issued driver's license) and proof that you own shares of Ballantyne common stock before entering the meeting. If you are a holder of record, the top half of your proxy card or your Notice of Internet Availability is your admission ticket. If you hold shares in street name (through a bank or broker, for example), a recent brokerage statement or a letter from your broker or bank showing your holdings of Ballantyne common stock is proof of ownership. If you want to vote shares that you hold in street name in person at the Annual Meeting, you must bring a legal proxy in your name from the broker, bank, or other nominee that holds your shares.

What constitutes a quorum?

The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the Company's common stock outstanding on the Record Date will constitute a quorum, permitting action to be taken and the conduct of business at the Annual Meeting. As of the Record Date, 14,291,014 shares of common stock were outstanding. Broker non-votes, abstentions and proxies marked "withheld" for the election of directors, will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but will not be counted for purposes of determining the number of votes cast with respect to a proposal.

May I vote by proxy card by telephone or through the internet?

You may vote by proxy card, by telephone or through the internet. Voting by any of these methods will ensure that you are represented at the Annual Meeting even if you are not there in person. Please refer to the instructions on the Notice of Electronic Availability of Proxy Materials and the proxy card.

May I change my vote?

You may revoke your proxy and change your vote at any time before the final vote at the Annual Meeting. In the event voting is done using the internet, the cutoff will be 11:59 P.M., Eastern Time, the day before the Annual Meeting. You may change your vote on the internet or by telephone (only your latest internet or telephone proxy submitted prior to the Annual Meeting will be counted), or by signing and returning a new proxy card with a later date, or by attending the meeting and voting in person. However, your attendance at the Annual Meeting will not automatically revoke your proxy unless you vote again at the meeting or specifically request in writing that your prior proxy be revoked.

How does the Board recommend I vote?

Unless you give instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendation is set forth in the description of each proposal in this Proxy Statement. With respect to any other matter that properly comes before the Annual Meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

How many votes are required to approve each Proposal?

Proposal 1—Election of eight directors named in this Proxy Statement to the Ballantyne Board, each to hold office until our 2017 Annual Meeting of Stockholders (the “2017 Annual Meeting”) and until a successor is duly elected and qualified.

Under our Bylaws, the eight candidates receiving the highest number of **“FOR”** votes cast by holders of shares represented in person or by proxy at the Annual Meeting will be elected. This number is called a plurality. A properly executed proxy card marked **“WITHHOLD”** with respect to the election of a director nominee will be counted for purposes of determining if there is a quorum at the Annual Meeting, but will not be considered to have been voted for the director nominee. Similarly, any broker non-votes will be counted for purposes of determining if there is a quorum, but will not be considered to have been voted for the director nominee.

Proposal 2—Advisory Vote on Executive Compensation.

The affirmative vote of a majority of the shares present or represented by proxy at the meeting or entitled to vote will be deemed by the Board to constitute the advisory vote on executive compensation.

Proposal 3—Ratification of Independent Auditors.

The affirmative vote of a majority of the shares present or represented by proxy at the meeting or entitled to vote is required to approve Proposal 3, ratification of the appointment of KPMG LLP as the Company’s independent auditors for the fiscal year ending December 31, 2016.

Other Proposals. No other matters are anticipated to be brought before the meeting.

What is a broker non-vote?

If you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposal on which your broker does not have discretionary authority to vote. In this situation, a “broker non-vote” occurs. Shares constituting broker non-votes are not counted or deemed to be present or represented for the purpose of determining whether stockholders have approved a matter, but they are counted as present for the purpose of determining a quorum at the Annual Meeting. At the Annual Meeting, brokers have discretion to vote on Proposal

3, but not on Proposal 1 and Proposal 2.

Who pays the expenses incurred in connection with the solicitation of proxies?

The Company will bear the cost of its solicitation of proxies, including the charges and expenses of brokers and others for forwarding solicitation materials to beneficial owners of stock. In addition to the use of mail, proxies may be solicited in person, by telephone, by press releases, through internet, by electronic means, by facsimile and otherwise by the Company's management at the direction of our Board of Directors, without additional compensation. We have not yet retained, but may retain, a proxy solicitor in conjunction with the Annual Meeting, and its employees may assist us in the solicitation. We will pay all costs of soliciting proxies, including a fee and reasonable out-of-pocket expenses for the proxy solicitor, if any.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a Current Report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an amendment to the Form 8-K to publish the final results.

How may I get additional copies of the Annual Report?

Our Annual Report on Form 10-K for the fiscal year ended December 31, 2015, including financial statements, is available through our website at www.strong-world.com. PROPOSAL ONE

ELECTION OF DIRECTORS

Ballantyne's Certificate of Incorporation, as amended, and Bylaws, as amended, provide for the annual election of all directors. The Bylaws allow the Board to set the number of directors from time to time and to appoint directors between Annual Meetings. For purposes of this 2016 Annual Meeting, the Board of Directors has set the number of directors at eight as of the Annual Meeting.

At the 2015 Annual Meeting, stockholders elected nine directors, namely Gary L. Cavey, D. Kyle Cerminara, Marc E. LeBaron, Samuel C. Freitag, James C. Shay, William J. Gerber, Charles T. Lanktree, Robert J. Marino and Robert J. Roschman. Effective May 8, 2015, Mr. Cavey resigned from the Board of Directors. Ndamukong Suh was appointed to serve as a director effective January 18, 2016. Robert J. Marino and Marc E. LeBaron are not being renominated for re-election at the Annual Meeting. The Board is also nominating Lewis M. Johnson for election to the Board.

Our Board recommends a vote "FOR" the election of all the nominees listed below.

BOARD OF DIRECTORS

Set forth below is a list of the eight director nominees for election at the Annual Meeting and certain information regarding them. The information below also sets forth the year in which each current director became a director of the Company. Each director nominee, if elected, will be entitled to serve until the 2017 Annual Meeting and until a successor is duly elected and qualified.

D. Kyle Cerminara, age 38, has been the Company's Chairman, CEO and a director since 2015. Board Leadership Structure and Role of the Board in Risk Oversight

D. Kyle Cerminara is the Company's Chief Executive Officer and Chairman of the Board of Directors. Mr. Cerminara represents the Company's largest stockholder, which represents 22.2% of the voting and economic interest. As such he may be deemed to be the Company's controlling stockholder. It is Mr. Cerminara's opinion that a controlling stockholder who is active in the business, as is currently the case, should hold both roles, setting the tone of the organization, having the ultimate responsibility for all of the Company's operating and strategic functions, and providing unified leadership and direction to the Board of Directors and the Company's executive management. The opinion is shared by our Board of Directors. The Board of Directors has not named a lead independent director, but receives strong leadership from all of its members. Our Board committees consist of only independent members, and our independent directors meet at least annually in executive session without the presence of non-independent directors and management. In addition, our directors take active and substantial roles in the activities of our Board at the full board meetings. They are able to propose items for board meeting agendas, and the Board's meetings include time for discussion of items not on the formal agenda. Our Board believes that this open structure, as compared to a system in which there is a designated lead independent director, facilitates a greater sense of responsibility among our directors and facilitates active and effective oversight by the independent directors of the Company's operations and strategic initiatives, including any risks.

One of the Board's key functions is informed oversight of the Company's risk management process. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through various Board standing committees that address risks inherent in their respective areas of oversight. In particular, the Board is responsible for monitoring and assessing strategic and operational risk exposure. The Audit Committee has the responsibility to consider and discuss major financial risk exposures and the steps management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The Audit Committee also provides oversight of the performance of the internal audit function. The Nominating and Corporate Governance Committee monitors the effectiveness of the Company's corporate governance guidelines and the selection of prospective Board members and their qualifications. The Compensation Committee, in conjunction with the Audit Committee, assesses and monitors whether any of the Company's compensation policies and programs have the potential to encourage excessive risk-taking. Typically, the entire Board meets with management and the applicable Board committees at least annually to evaluate and monitor respective areas of oversight. Both the Board as a whole and the various standing committees receive periodic reports from individuals responsible for risk management, as well as incidental reports as matters may arise. It is the responsibility of the committee chairs to report findings regarding material risk exposures to the Board

as quickly as possible. The Board's role in risk oversight does not affect the Board's leadership structure. However, our Board's leadership structure supports such risk oversight by combining the Chairman position with the Chief Executive Officer position, the person with primary corporate responsibility for risk management.

Board Independence

The Board of Directors is composed of a majority of independent directors as defined by the listing requirements of the NYSE MKT. The Board of Directors has determined that Messrs. LeBaron, Freitag, Shay, Gerber, Lanktree, Roschman, Marino and Suh are independent directors of the Company and Mr. Johnson qualifies as an independent director, if elected, under the listing standards adopted by the NYSE MKT. In making these independence determinations, the Board considered all of the factors that automatically compromise director independence as specified in the NYSE MKT's listing standards and determined that none of those conditions existed. In addition, the Board considered whether any direct or indirect material relationship, beyond those factors that automatically compromise director independence, existed between those directors and director nominees, their immediate family members, or their affiliated entities, on the one hand, and us and our subsidiaries, on the other hand. The Board determined, for those directors identified as independent above, that any relationship that existed was not material and did not compromise that director's independence.

Our independent directors meet in an executive session at least once per year.

Communication to the Board

Stockholders and other interested parties wishing to communicate with the Board of Directors should address written correspondence to the Secretary of the Company who will present the communication to the Board.

Board and Committee Meeting Attendance

The Board of Directors held four (4) meetings in person during 2015. In addition, the Board of Directors held eight (8) meetings via teleconference. Each current director attended at least 75 percent of the aggregate of the total number of board meetings held during the period for which he has been a director and the total number of meetings held by all committees of the Board on which he served during the periods that he served.

Board Attendance at Annual Meeting

All members of the Board of Directors are encouraged to attend the Annual Meeting. All directors who were standing for re-election and serving at the time attended the 2015 Annual Meeting with the exception of Mr. LeBaron.

BOARD COMMITTEES

The Board has an Audit Committee, a Nominating and Corporate Governance Committee and a Compensation Committee. Audit Committee

The Audit Committee of the Company's Board of Directors consists of directors Shay (Chair), LeBaron, Freitag, Gerber, and Marino who are independent for purposes of serving on the committee under the SEC's rules and NYSE MKT's listing requirements. The Audit Committee acts under a written charter adopted by the Board of Directors. All Audit Committee members are financially literate. The Board of Directors has determined that Mr. Shay is an "audit committee financial expert" as defined by Item 407(d)(5)(ii) of Regulation S-K under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The Audit Committee assists the Board of Directors in fulfilling its responsibilities for oversight of the quality and integrity of the accounting, auditing and reporting practices of the Company, and performs such other duties as are directed by the Board. The Committee's role includes a particular focus on the qualitative aspects of financial reporting to stockholders, and on the Company's processes to manage business and financial risk, and for compliance with significant applicable legal, ethical and regulatory requirements. At least annually and generally on a quarterly basis, the Committee reviews and discusses matters separately with management of the Company and with the Company's independent auditors.

The Committee is directly responsible for the appointment of the independent registered public accounting firm engaged to prepare and issue an audit report on the financial statements and internal controls of the Company and periodically reviews and evaluates their performance and independence from management. All audit and permitted non-audit services are pre-approved by the Committee. Any services not covered by prior pre-approval, or services exceeding the pre-approved cost levels, must be approved in advance by the Committee. The Committee has delegated the responsibility of approving proposed non-audit services that arise between Committee meetings to the Chairman, provided that the decision to approve the services is presented for ratification at the next scheduled Committee meeting. During 2015, the Committee held two (2) meetings in person. In addition, the Committee held two (2) meetings via teleconference.

Compensation Committee

The Compensation Committee of the Company's Board of Directors consists of directors Lanktree (Chair), Freitag, LeBaron, Gerber, Marino and Roschman. All members of the Committee are independent for purposes of serving on the committee under the NYSE MKT's listing requirements. The Compensation Committee acts under a written charter adopted by the Board of Directors. The Committee functions include, but are not limited to:

Determining the compensation of the Chief Executive Officer.

Overseeing all other executive officers' compensation, including salary and payments under the Company's incentive and stock plans.

Administering the Company's stock compensation plans, including approving all individual grants and awards under these plans.

Reviewing compensation for non-employee directors and recommending changes to the Board.

The Committee may delegate its authority to a subcommittee of its members. Further discussion of the Compensation Committee can be found under the heading “Compensation Discussion and Analysis.” The Committee held two (2) meetings in person during 2015. In addition, the Committee held one (1) meeting via teleconference.

Nominating and Corporate Governance Committee

The members of the Nominating and Corporate Governance Committee are directors Freitag (Chair), Shay, LeBaron, Gerber, Lanktree, Marino and Roschman. All members of the Nominating and Corporate Governance Committee are independent for purposes of serving on the committee under the NYSE MKT’s listing requirements. The Nominating and Corporate Governance Committee acts under a written charter adopted by the Board of Directors. The functions of the Committee include, among other items, overseeing all aspects of the Company’s corporate governance functions including compliance with significant legal, ethical and regulatory requirements. The Nominating and Corporate Governance Committee also reports to, and assists, the Board of Directors in identifying individuals for membership to the Board and recommends to the Board the director nominees for the next Annual Meeting of Stockholders. The Nominating and Corporate Governance Committee did not hold a meeting during 2015 as the new Board transitioned following the settlement of the proxy contest and handled many duties typically handled by the committee as the full Board.

Director Nomination Process—The Nominating and Corporate Governance Committee believes that the Company is well-served by its current directors. In the ordinary course, absent special circumstances or a material change in the criteria for Board membership, the Committee will re-nominate incumbent directors who continue to be qualified for Board service and are willing to continue as directors. If an incumbent director is not standing for re-election or if a vacancy occurs between annual stockholder meetings, the Committee will seek out potential candidates for Board appointment who meet the criteria for selection as a nominee and have the specific qualities or skills being sought. Director candidates will be selected based upon input from the members of the Board, senior management of the Company and, if the Committee deems appropriate, a third-party search firm.

Candidates will be chosen for their ability to represent all of the stockholders, and for their character, judgment, fairness and overall ability. As a group, they are expected to set the appropriate policy for the Company, and to bring to the Board of Directors broad experience in business matters and an insight and awareness of the appropriate and ever-changing role that corporations should have in society. Because the advice of those facing similar issues is of particular value, executive officers of other corporations are desirable candidates. Ballantyne does not have a set policy or process for considering “diversity”, however that term may be defined, in identifying nominees. However, The Nominating and Governance Committee strives to identify and recruit individuals whose diverse talents, experiences and backgrounds enhance the inclusive environment in which the Board currently functions. The Committee relies upon its judgment of the foregoing general criteria and the following personal criteria in selecting candidates for nomination to the Board of Directors:

Independence and absence of conflicts of interest

Honesty, integrity and accountability

Substantial business experience with a practical application to the Company's needs

Willingness to ask tough questions in a constructive manner that adds to the decision making process of the Board

Demonstrated ability to think strategically and make decisions with a forward looking focus

Ability to assimilate relative information on a broad range of topics

Willingness to express independent thought

Team player

Willingness to make a strong commitment of time and attention to the Board's processes and affairs

Ability to commit to Company stock ownership

The Nominating and Corporate Governance Committee evaluated Messrs. D. Kyle Cerminara, Samuel C. Freitag, James C. Shay, William J. Gerber, Charles T. Lanktree, Robert J. Roschman and Ndamukong Suh, all of whom are incumbent directors, in addition to Lewis M. Johnson, a director nominee, and recommended their nomination to the Board of Directors. The Board, in turn, nominated these eight persons for election as directors at the Annual Meeting. Based upon discussions with Mr. Cerminara and Fundamental Global, Mr. Cerminara suggested Mr. Johnson, President, Co-Founder and Partner of Fundamental Global Investors, LLC, as a person that the Nominating and Corporate Governance Committee should consider for nomination to our Board of Directors. After evaluating the qualifications of the individuals submitted for consideration, including Mr. Johnson, the Nominating and Corporate Governance Committee recommended to the Board that Mr. Johnson be nominated for election at the Annual Meeting, and the Board approved his nomination.

The Nominating and Corporate Governance Committee will also consider proposals for nominees for director from stockholders which are made in writing to the Secretary of the Company and comply with Bylaw requirements. The recommendation must contain sufficient background information concerning the nominee to enable a proper judgment to be made as to his or her qualifications. Recommendations must also include a written statement from the candidate expressing a willingness to serve.

EXECUTIVE COMPENSATION**Compensation Discussion and Analysis***Introduction*

Our fiscal year 2015 was a transition year for our company in many respects, including in our board composition, leadership and executive compensation.

On February 20, 2015, the Board of Directors elected Mr. Cerminara, Chief Executive Officer, Co-Founder and Partner of Fundamental Global Investors, LLC, to serve as a director until our 2015 Annual Meeting. In settling a proxy contest with Fundamental Global, our largest stockholder, on April 21, 2015, the Company expanded its Board of Directors to nine directors and nominated five director candidates from Fundamental Global's slate of directors, who were elected at the 2015 Annual Meeting. In addition, on January 18, 2016, Mr. Suh joined our Board. Following the 2015 Annual Meeting, our board committees were reconstituted and the new leadership was appointed.

In addition to the significant changes in the composition of our Board and compensation committee, we made significant changes to our senior management. On November 24, 2015, the Board of Directors appointed Mr. Cerminara, who had served as Chairman of the Board since May 2015 and as Executive Chairman since September 2015, as our Chief Executive Officer. On November 2, 2015, Stephen L. Schilling joined us as President of our Digital Media business, and Ray F. Boegner was promoted to the newly created position of President of our Cinema business.

Due to these transitional events during our fiscal year 2015, we expect that the way we make compensation decisions in the future will follow a new course. Our Board is evaluating our compensation policies and practices, and we expect that the new compensation policies and practices adopted by our newly composed compensation committee will result in compensation packages for our executives and non-employee directors that reflect a new compensation philosophy.

Most of the decisions described in this Compensation Discussion and Analysis (this “CD&A”) were made by the Compensation Committee that existed prior to the 2015 Annual Meeting (the “previous committee”), which has been reconstituted and some members of which are no longer on the Board. It is important to distinguish the decisions made by the previous committee for 2015 that are reflected in this CD&A from those of the newly reconstituted committee, which for the most part will be reflected in next year’s proxy statement.

In this section of the proxy statement, we discuss in detail our executive compensation program for 2015 for our named executive officers (also referred to as the “NEOs”), consisting of our principal executive officers, our chief financial officer, our other executive officers employed as of December 31, 2015, and one former executive officer who served during 2015 and whose compensation would have qualified him as being among the three highest paid executive officers had he still been serving as of December 31, 2015. Our NEOs for 2015 are:

D. Kyle Cerminara, Chairman and Chief Executive Officer

Nathan D. Legband, Senior Vice President, Chief Financial Officer, and Treasurer

Ray F. Boegner, President of Cinema

Stephen L. Schilling, President of Digital Media

Gary L. Cavey, Former President and Chief Executive Officer

Christopher D. Stark, Former President

David G. Anderson, Former Senior Vice President, General Counsel and Secretary

As a result of these leadership transitions during 2015, our CD&A and the related compensation tables and narratives cover seven NEOs for 2015 and analyze a variety of compensation decisions and actions, some of which were made specifically with regard to these transition events.

Compensation Philosophy

Decisions with respect to executive compensation are made by the Compensation Committee on an individual basis based upon a number of factors, including, but not limited to, the provisions of any existing employment contract with an executive officer, evaluation of the executive officer’s performance, the level of responsibility associated with the executive officer’s office, recruitment requirements and the performance of the Company. Prior to making compensation decisions with respect to our executive officers, the Compensation Committee takes into account the recommendations of our Chief Executive Officer and our other Board members. In 2015, in determining and reviewing executive compensation, the previous Compensation Committee also consulted available information

provided by Compensation Strategies, Inc. (“Compensation Strategies”) regarding companies of similar size and structure as well as industry data. The new Compensation Committee is evaluating the Company’s compensation structure with the goal of attracting and retaining talented individuals who are critical to the Company’s long-term success and aligning pay with performance.

Say-on-Pay Vote

The Company conducted its first advisory vote on executive compensation in May 2011, which passed with 96% of the vote. The Company’s stockholders also cast their votes in favor of an annual say-on-pay vote.

The Compensation Committee and our Board of Directors have considered the results of our 2015 say-on-pay vote, through which approximately 91% of the votes cast by our stockholders at the 2015 Annual Meeting expressed approval of our named executive officers’ compensation. Based on those results, the Compensation Committee at the time concluded that the compensation paid to the executive officers and our overall pay practices did not require substantial revision. The Board and the Committee had also determined to hold annual say-on-pay votes. The current Compensation Committee is evaluating the Company’s compensation structure.

Base Salary

The base salaries of executive officers are intended to reflect their individual contribution to the Company. Base salaries are reviewed annually and may be changed based on the individual’s performance or a change in competitive pay levels in the marketplace.

The Compensation Committee reviews and establishes the base salary of all executive officers based on independent competitive data, their leadership in establishing performance standards in the conduct of the Company’s business, and its expectation as to their future contributions in directing the long-term success of the Company and its business.

At the time of Mr. Cerminara's appointment as our Chief Executive Officer, his annual base salary was set at \$150,000. Pursuant to the employment agreement negotiated at the time of his appointment as President of Digital Media, Mr. Schilling receives an annual base salary of \$275,000.

The Compensation Committee approved an increase in the annual base salary of Mr. Legband, effective as of January 1, 2015, to \$170,000, to bring his salary in line with market salaries and in recognition of his long-term value to the Company.

The Compensation Committee approved increases in the annual base salaries of Mr. Legband and Mr. Boegner, effective as of January 1, 2016, to \$185,000 and \$225,000, respectively, to bring their salaries in line with market salaries, to account for Mr. Boegner's promotion to President of Cinema, and in recognition of their long-term value to the Company.

Cash and Restricted Stock Bonuses

The Company's Short-Term Incentive Plan ("STI Plan") is an annual incentive program that provides the executive officers and key management bonuses if the Company achieves certain goals. The STI Plan provides for a bonus payout in the form of cash, restricted and unrestricted stock or some combination thereof based on certain criteria. For the 2015 STI Plan, the Compensation Committee established certain target award percentages of base salary to determine the target award for the named executive officers and certain key employees. The target award for Mr. Cavey was set at 30% of his base salary while the target awards for the remaining named executive officers were within a range of 17.5% to 20% of their base salaries. Mr. Cerminara was not eligible for the STI Plan in 2015.

The Compensation Committee set three universal tactical goals that comprised 100% of the entire target award that applied to each of the participants of the STI Plan. The first universal goal was that fiscal year 2015 revenue exceeds certain thresholds as set forth in the Plan and represented 33% of the target award. The second universal goal was that fiscal year 2015 earnings before interest, taxes, depreciation and foreign exchange (EBITDA&FX) exceeds certain thresholds as set forth in the Plan and represented 34% of the target award. The final universal goal was Convergent Media Systems fiscal year 2015 gross margin exceeding certain thresholds as set forth in the Plan and represented 33% of the target award. The Committee deemed all the goals described above to be effective in focusing management on continued profitability and revenue growth of the Company.

In 2015, none of the universal tactical goals were achieved and therefore no payouts were made for this timeframe.

2015 was a transition year for the Company and the objectives for the Company. In 2015, the Compensation Committee approved payment of discretionary cash bonuses to Mr. Legband and Mr. Boegner of \$30,000 and \$15,000, respectively, intended to reward them for good performance in 2015 and in part to indicate their importance to the Company in order to retain them on a long-term basis.

Long-Term Incentives

The long-term incentive component of our executive compensation program is designed to incentivize and reward the achievement of longer-term strategic objectives and align the financial interests of the Company's executive officers with those of the Company's stockholders. Traditionally, the Compensation Committee has granted long term incentives to our named executive officers using a mix of equity compensation awards including performance units (or "PRUs"), restricted stock awards (or "RSAs"), restricted stock units (or "RSUs") and nonqualified stock options. Each such type of award, and the reasons it is used, is described below.

Performance Units. Each PRU has a value of \$1.00 and represents a right to receive a cash payment at a specified time in the future if certain performance objectives have been met during the specified performance periods leading up to the payout of the PRU. PRUs are, therefore, designed to reward achievement of specific performance objectives over these periods. In addition to requiring satisfaction of the applicable threshold performance levels, PRUs are only payable if the recipient remains employed with the Company until payout occurs after the end of the performance periods.

Restricted Stock Awards. RSAs represent a right to receive ownership of a certain number of shares of the Company's common stock at a specified time in the future, but are not conditioned upon achieving any specific performance objectives, and are only issuable if the recipient remains employed by the Company at the end of the vesting period leading up to the issuance of the RSAs. RSAs are designed primarily to encourage retention of executive officers and key employees.

Restricted Stock Units. RSUs represents a right to receive a specific number of units at the end of the specified period. Each recipient of RSUs shall have no rights as a stockholder with respect to the participant's RSUs. Payments under a RSUs award shall be made in either cash, shares of stock or some combination thereof, as specified in the applicable award agreement. RSUs are designed to provide retention incentives to our executive officers and key employees.

Nonqualified Stock Options. Nonqualified stock options represent an option to purchase shares of the Company's common stock at an option price equal to the closing price on the New York Stock Exchange of the Company's common stock on the grant date. The stock options are designed to motivate executives to increase stockholder value as the stock options will only have value if our stockholders also benefit from increasing stock prices.

Long-Term Incentives Granted in 2015

In January 2015, the Committee granted 20,000 RSUs to Mr. Boegner, on the same terms as the RSU awards granted to the Company's other executive officers who were serving as such in August 2014. The Committee considered these RSUs a retention incentive as the Company continues to move through the transitional nature of the business.

These RSUs generally will vest on August 21, 2018, but shall vest earlier if the following yearly performance hurdles based on stock performance are met:

25% of the award will vest on August 21, 2015 if, during any 10 day trading period commencing on the grant date and ending on December 31, 2014, the Company ("BTN") closing stock price on the NYSE MKT averages at least \$4.00.

An additional 25% of the award will vest on August 21, 2016 if, during any 10 day trading period in 2015, BTN closing stock price on the NYSE MKT averages at least \$4.40, which is 10% greater than the original 2014 target stock price.

An additional 25% of the award will vest on August 21, 2017 if, during any 10 day trading period in 2016, BTN closing stock price on the NYSE MKT averages at least \$4.84, which is 10% greater than the original 2015 target stock price.

If in any year the performance hurdle is not met, the RSUs subject to vesting in that year (as well as RSUs subject to vesting in any previous year in which the performance hurdle was not met) will carry forward to the following year and will vest, along with the RSUs subject for vesting for that year, in the event the target stock price performance hurdle for the current year is met.

RSUs will be settled in shares of Company common stock on a one-for-one basis as soon as practical following the fourth anniversary date of the grant or the anniversary of the grant date in the event yearly target stock price performance hurdle is achieved. The first hurdle calling for an average stock trading price over a 10 day period of at

least \$4.00 was achieved for the period ended December 31, 2014 and therefore 25% of the award vested on August 21, 2015. The second hurdle calling for an average stock trading price over a 10 day period of at least \$4.40 was achieved for the period ended December 31, 2015 and therefore 25% of the award will vest on August 21, 2016.

In November 2015 and in connection with his appointment as our Chief Executive Officer, the Compensation Committee granted 60,000 RSAs to Mr. Cerminara. Half of the RSAs granted to Mr. Cerminara were vested immediately on the grant date, and one fourth of the RSAs will vest each year beginning on the first anniversary date of the grant.

In November 2015, the Compensation Committee granted nonqualified stock options to Mr. Cerminara (60,000 options), Mr. Boegner (40,000 options), Mr. Schilling (130,000 options, including 30,000 options awarded as an inducement grant) and Mr. Legband (40,000 options). The options granted in November 2015 have an option price of \$4.33 (which is equal to the closing price of the Company's common stock on the NYSE MKT on November 20, 2015). The options granted to Mr. Cerminara, Mr. Boegner and Mr. Legband vest ratably (one-fifth each year) on November 22nd of the next five calendar years following the grant date. The inducement grant of 30,000 non-qualified stock options granted to Mr. Schilling vested immediately at the grant date. The remaining options granted to Mr. Schilling vest in a one-fifth installment on the first anniversary date of the grant and in subsequent installments on the first day of each subsequent quarter for four years following the first anniversary of the grant date. Vesting is contingent upon the executive officer's continued employment with the Company during the vesting period. No stock option may be exercised more than 10 years from the date of grant.

401(k) Retirement Plan

The Company has adopted a Retirement and Savings 401(k) Plan (the “Plan”), which is a combination savings and profit sharing plan designed to qualify under Section 401 of the United States Internal Revenue Code of 1986, as amended (the “Code”), including the provisions of Section 401(k). In 2014, all employees of Ballantyne who were at least eighteen years old were eligible to participate in the Plan on the first of the month following thirty (30) days from the date of hire. Each participant may defer up to 100% of their compensation. The Company may make a discretionary matching contribution equal to a uniform percentage of salary. Each year the Company will determine the amount of the discretionary percentage. In 2015, the Company matched 50% of the amount deferred up to 6% of their contribution. All contributions to the Plan are non-forfeitable. For 2015, no participant could contribute more than \$18,000 to the Plan and receive a deduction for federal income tax purposes while certain participants age 50 or older could contribute up to \$24,000. Benefits may be distributed to participants or their beneficiaries, as the case may be, in the event of a participant’s death, retirement or other termination of service, or, if the participant so requests, on reaching age 59½. Participants may be eligible to withdraw benefits in case of hardship.

Contributions to the Plan made by the Company on behalf of the named executive officers of the Company are included in the 2015 Summary Compensation Table.

Other Employee Benefits

The Company also provides its executives with certain benefits which are generally available to all employees of the Company, such as excess life and disability insurance. These benefits for the named executive officers of the Company are included in the 2015 Summary Compensation Table.

Employment Contracts and Severance Protections for Current Executive Officers

The Company has written employment agreements with Mr. Boegner and Mr. Schilling. The material provisions of these employment agreements and the severance protections provided to our other current executive officers are discussed below.

Mr. Cerminara is entitled to severance and other benefits such as accrued vacation pursuant to the Company’s then-existing severance policy. Assuming a termination date of December 31, 2015, as required by the the SEC’s rules and assuming applicability of the Company’s then-existing severance policy, the approximate value of the severance benefits would have been \$7,324 for Mr. Cerminara. In addition, the terms of the stock options and RSAs granted to

Mr. Cerminara provide for accelerated vesting in the event of a change-in-control. Assuming that a change-in-control occurred at December 31, 2015, as required by the SEC's rules, the approximate value of the vesting stock options would have been \$16,800.

Mr. Schilling's employment agreement, which was entered into on November 2, 2015, provides for a base salary, and he is eligible for performance-based compensation in the form of an annual bonus of up to \$325,000, payable partly in cash and partly through equity awards as determined by the Compensation Committee, provided that the Company achieves certain universal goals established by the Compensation Committee. As a signing bonus, the Company granted to Mr. Schilling a stock option to purchase 30,000 shares. In addition, the Company granted to Mr. Schilling a stock option to purchase 100,000 shares, vesting over five years. He is also eligible to participate in the Company's 401(k), medical, dental and vision plans and certain other benefits available generally to employees of the Company. Mr. Schilling's agreement contains customary non-competition and non-solicitation covenants.

Mr. Schilling is entitled to severance and other benefits such as accrued vacation pursuant to the Company's then-existing severance policy. Assuming a termination date of December 31, 2015, as required by the SECs rules and assuming applicability of the Company's then-existing severance policy, the approximate value of the severance benefits would have been \$10,656 for Mr. Schilling. In addition, the terms of the stock options granted to Mr. Schilling provide for accelerated vesting in the event of a change-in-control. Assuming that a change-in-control occurred at December 31, 2015, as required by the SEC's rules, the approximate value of the vesting stock options would have been \$36,400.

Mr. Boegner's employment agreement with the Company provides for a base salary. He is eligible for performance-based compensation in the form of an annual bonus under the Company's Short-Term Incentive Plan and is eligible to participate in the 2010 Long-Term Incentive Plan. The agreement requires Mr. Boegner to acquire and maintain holdings of Ballantyne's Common Stock in accordance with the Company's stock ownership requirement that is in effect. In the event that his employment is terminated by Ballantyne without good cause or by Mr. Boegner for good reason, as these terms are defined in the agreement, then he will receive his base salary for period equal to three (3) weeks for each year that he has been employed by the Company. In addition, Ballantyne will pay for or reimburse Mr. Boegner for the cost of health insurance during this same period. He is eligible to participate in and/or receive other benefits provided to other employees of the Company including an automobile allowance. Assuming a termination date of December 31, 2015, as required by the SEC's rules, the approximate value of the severance benefits would have been \$400,755 for Mr. Boegner. In addition, the terms of the stock options, RSUs and PRUs granted to Mr. Boegner all provide for accelerated vesting in the event of a change-in-control. Assuming that a change-in-control occurred at December 31, 2015, as required by the SEC's rules, the approximate value of the vesting stock options would have been \$11,200.

Mr. Legband is entitled to severance and other benefits such as accrued vacation pursuant to the Company's then-existing severance policy. Assuming a termination date of December 31, 2015, as required by the SEC's rules and assuming applicability of the Company's then-existing severance policy, the approximate value of the severance benefits would have been \$17,479 for Mr. Legband. In addition, the terms of the stock options and RSUs granted to Mr. Legband provide for accelerated vesting in the event of a change-in-control. Assuming that a change-in-control occurred at December 31, 2015, as required by the SEC's rules, the approximate value of the vesting stock options would have been \$11,200.

REPORT OF THE AUDIT COMMITTEE

The following report of the Audit Committee shall not be deemed to be “soliciting material” or to be “filed” with the Securities and Exchange Commission, nor shall this report be incorporated by reference into any filing made by the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

The Audit Committee is comprised of James C. Shay (Chair), Marc E. LeBaron, Samuel C. Freitag, William J. Gerber and Robert J. Marino, each of whom is independent for purposes of serving on the Audit Committee under the rules adopted by Securities and Exchange Commission and the NYSE MKT’s listing standards.

The Company’s management is responsible for the preparation of the Company’s financial statements and for maintaining an adequate system of internal controls and processes for that purpose. KPMG LLP acts as the Company’s independent registered public accounting firm and is responsible for conducting an independent audit of the Company’s annual financial statements in accordance with the standards of the Public Company Accounting Oversight Board (the “PCAOB”) and issuing a report on the results of their audit. The Audit Committee is responsible for providing independent, objective oversight of both of these processes.

The Audit Committee has reviewed and discussed the audited financial statements for the year ended December 31, 2015 with management of the Company and with representatives of KPMG. The discussions with KPMG also included all matters that KPMG was required to communicate and discuss with the Audit Committee, including the matters required by Statement on Auditing Standard No. 16, *Communications with Audit Committees*.

In addition, the Audit Committee reviewed the independence of KPMG. The Audit Committee discussed KPMG’s independence with them and has received written disclosures and a letter from KPMG regarding their independence as required by the applicable requirements of the PCAOB regarding the independent accountant’s communications with the audit committee concerning independence.

PROPOSAL TWO

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Background

At the 2011 Annual Meeting, the stockholders' approved, by advisory vote, annual frequency for future advisory votes on executive compensation ("say-on-pay vote"). This advisory vote was accepted by the Board of Directors. Following the Annual Meeting, the next say-on-pay vote and the next say-on-frequency vote for say-on-pay votes will occur at the 2017 Annual Meeting.

The annual advisory say-on-pay vote on executive compensation provided to stockholders as required pursuant to Section 14A of the Exchange Act and is a non-binding vote on the compensation of the Company's Named Executive Officers, as disclosed in this Proxy Statement pursuant to the compensation disclosure rules promulgated by the SEC, including the Compensation Discussion and Analysis, the 2015 Summary Compensation Table and the other related tables and narrative disclosure. The advisory say-on-pay vote is not a vote on the Company's general compensation policies, compensation of the Board, or the Company's compensation policies as they relate to risk management.

The Compensation Committee believes the Company's executive compensation program reflects a strong philosophy that rewards performance and is closely aligned with stockholders' long-term interests. The Compensation Discussion and Analysis section of this Proxy Statement provides a more detailed discussion of the Company's executive compensation policies and practices.

Non-Binding Advisory Resolution

We are asking our stockholders to indicate their support for the Company's executive compensation program as described in this Proxy Statement. This proposal gives our stockholders the opportunity to express their views on our Named Executive Officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, we will ask our stockholders to vote "FOR" the following resolution at the Annual Meeting:

“RESOLVED, that the compensation paid to the Company’s Named Executive Officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and any related materials disclosed in this Proxy Statement is hereby APPROVED.”

This advisory say-on-pay vote on executive compensation is not binding on the Board. However, the Board values the opinion of our stockholders and will take into account the result of the vote when making future decisions regarding executive compensation.

Required Vote

If a quorum is present, the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting is required to approve this resolution.

Our Board recommends a vote “FOR” adoption of the advisory resolution approving the compensation of the Company’s Named Executive Officers.

PROPOSAL THREE**RATIFICATION OF APPOINTMENT OF THE COMPANY'S INDEPENDENT AUDITORS**

KPMG LLP, certified public accountants served as the independent registered public accounting firm for the Company since 1995. Representatives of KPMG LLP are expected to be present at the Annual Meeting and will be given the opportunity to make any statement they might desire and will also be available to respond to appropriate questions from stockholders. The following table sets forth the aggregate fees for professional service rendered by KPMG LLP, for each of the last two fiscal years:

Category of Fee	2015	2014
Audit Fees (1)	\$646,708	\$620,175
Audit Related Fees	—	—
Tax Fees (2)	249,590	141,127
All Other Fees (3)	16,050	7,500
Total	\$912,348	\$768,802

- (1) Includes fees for professional services rendered during the fiscal year for the audit of our annual financial statements and for reviews of the financial statements included in our quarterly reports on Form 10-Q.
- (2) Includes fees related to tax preparation, tax compliance, and tax planning.
- (3) Includes fees related to professional services rendered during the fiscal year for the review of the S-8 and the issuance of the related Consent.

As previously discussed, the Audit Committee has implemented pre-approval procedures consistent with the rules adopted by the SEC.

The Audit Committee has appointed KPMG LLP as the independent registered public accounting firm to perform an audit of the Company's consolidated financial statements for the year ending December 31, 2016 and the effectiveness of the Company's internal control over financial reporting as of December 31, 2016, if necessary. The Committee is directly responsible for the appointment, compensation, retention, and oversight of the Company's independent registered public accounting firm, and it oversees the negotiation of the fees that are paid for these services. In the course of these responsibilities, the Committee periodically considers whether it would be in the Company's and stockholders' interests to change the Company's independent registered public accounting firm. In addition, the Committee ensures the mandatory, regular rotation of the lead audit partner, and in connection with that rotation, the

Committee and its Chairman are involved in the selection of the new lead audit partner.

After reviewing the performance of KPMG in the course of its 2015 audit and KPMG's independence, among other matters, the Audit Committee believes that the continued retention of KPMG to serve as the Company's independent registered public accounting firm for 2016 is in the best interests of the Company and its stockholders. This appointment is being presented to the stockholders for ratification.

If stockholders fail to ratify the appointment of KPMG LLP as the Company's independent auditors, the Audit Committee will reconsider whether to retain KPMG LLP, but may ultimately decide to retain them. Any decision to retain KPMG LLP or another independent registered public accounting firm will be made by the Audit Committee and will not be resubmitted to stockholders. In addition, even if stockholders ratify the appointment of KPMG LLP, the Audit Committee retains the right to appoint a different independent registered public accounting firm for fiscal 2016 if the Audit Committee determines that it would be in the Company's best interests to do so.

Required Vote:

The ratification of the appointment of the independent auditor requires the affirmative vote of the holders of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote.

Our Board recommends a vote "FOR" ratification of the appointment of KPMG LLP as the Company's independent auditors for the fiscal year ending December 31, 2016.

STOCKHOLDER PROPOSALS

In accordance with the rules of the SEC, stockholders wishing to submit proposals for inclusion in the Proxy Statement for the 2017 Annual Meeting, which is expected to be held in May 2017, must submit their proposals to the Company on or before December 9, 2016. Such proposals should be sent by certified mail, return receipt requested, to the Company at 13710 FNB Parkway, Suite 400, Omaha, NE 68154, Attention: Corporate Secretary. In addition to being submitted in a timely manner, stockholder proposals must comply with the other requirements of SEC Rule 14a-8 in order to be included in the Proxy Statement for the 2017 Annual Meeting.

The Company's Bylaws set forth certain procedures which stockholders must follow in order to nominate a director or present any other business, not submitted for inclusion in the proxy statement, at an annual stockholders' meeting. Generally, a stockholder must give timely notice to the Secretary of the Company. To be timely, such notice must be received by the Company at its principal executive offices not less than sixty nor more than ninety days prior to the first anniversary of the 2016 annual stockholders' meeting (that is, for the 2017 Annual Meeting, no earlier than February 22, 2017 and no later than March 24, 2017). The Bylaws specify the information which must accompany such stockholder notice. Details of the provision of the Bylaws may be obtained by any stockholder from the Secretary of the Company. The Company reserves the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

RELATED PERSON TRANSACTION PROCEDURES

The Company's Audit Committee Charter requires the Audit Committee to review policies and procedures regarding transactions between the Company and officers and directors that are not a normal part of the Company's business. There are no formal written policies or procedures used by Board or the Audit Committee to review, approve or ratify related party transactions. Rather, the Board or the Audit Committee reviews all related party transactions on a case by case basis for potential conflict of interest situations on an ongoing basis and uses its discretion in approving all such transactions. The Board or the Audit Committee will apply the standards of Item 404(a) of Regulation S-K when evaluating certain relationships and related transactions.

On an annual basis, the Company determines whether there are any related party transactions that need to be evaluated and approved by the Board or the Audit Committee based on the responses received from each director and executive officer based on his or her questionnaire completed in conjunction with the proxy statement. While there are no formal written policies or procedures used, the Board or the Audit Committee may consider the following factors in evaluating related party transactions:

the nature of the related person's interest in the transaction;

the presence of standard prices, rates, charges or terms otherwise consistent with arms-length dealings with unrelated third parties;

the materiality of the transaction to each party;

the reasons for the Company entering into the transaction with the related person;

the potential effect of the transaction on the status of a director as an independent;

outside or disinterested director or committee member; and

any other factors the Board or the Audit Committee may deem relevant.

Pursuant to the proxy contest settlement agreement entered into with Fundamental Global on April 21, 2015, the Company expanded its Board of Directors to nine directors and nominated five director candidates from Fundamental Global's slate of directors (Messrs. D. Kyle Cerminara, William J. Gerber, Charles T. Lanktree, Robert J. Marino and Robert J. Roschman), who were elected at the 2015 Annual Meeting. Fundamental Global holds approximately 22.2% of the Company's outstanding shares of common stock. Mr. Cerminara, the Chief Executive Officer, Co-Founder and Partner of Fundamental Global Investors, LLC, serves as our Chairman and Chief Executive Officer. The Company reimbursed Fundamental Global for its expenses incurred in connection with the proxy contest and settlement agreement in the amount of \$172,000. The independent members of the Board of Directors approved the reimbursement.

ADDITIONAL INFORMATION

Compliance with Section 16(a) of the Exchange Act

Section 16(a) of the Exchange Act requires the Company's executive officers and directors, and persons who beneficially own more than 10% of the Company's stock, to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission. Executive officers, directors, and greater than 10% beneficial owners are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Ballantyne believes that all persons subject to these reporting requirements filed the required reports on a timely basis during 2015, except that Mr. Roschman's Form 4 filed on February 16, 2016 and reporting thirteen purchases made in 2015 was inadvertently filed late.
