Item 2.02. Results of Operations and Financial Condition.

On February 19, 2014, Spirit Airlines, Inc. (the “Company” or “Spirit”) issued a press release announcing its unaudited financial results for the fourth quarter and full year 2013.

Non-GAAP financial measures that reflect adjustments from historical financial data prepared under GAAP, including adjustments for special items, are included in the press release as supplemental disclosures because the Company believes they are useful indicators of the Company's operating performance for comparative purposes. These non-GAAP financial measures are well recognized performance measurements in the airline industry that are frequently used by investors, securities analysts and other interested parties in comparing the operating performance of companies in the airline industry. The non-GAAP financial measures provided have limitations as an analytical tool. Because of these limitations determinations of our operating performance adjusted for special items should not be considered in isolation or as a substitute for performance measures calculated in accordance with GAAP. The Company has also provided in the press release reconciliations of these non-GAAP financial measures to the appropriate GAAP financial measures.

The foregoing description is qualified in its entirety by reference to the press release dated February 19, 2014 a copy of which is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

Item 9.01. Financial Statements and Exhibits.
