On April 3, 2013, EverBank Financial Corp filed its Definitive Proxy Statement on Schedule 14A (the "Original Proxy Statement") with the Securities and Exchange Commission. EverBank Financial Corp has discovered an error in the EDGAR version of the Original Proxy Statement in the 2012 GAAP ROE column of the table presented on page 25 of the Original Proxy Statement. The sole purpose of filing this amended Definitive Proxy Statement is to correct that error. No other changes have been made to the Original Proxy Statement.

To our Stockholders:

You are cordially invited to attend the annual meeting of the stockholders of EverBank Financial Corp, to be held at 9:00 A.M., local time, on May 23, 2013, at the EverBank Center Auditorium, 301 W. Bay Street, Jacksonville, FL 32202.

We are using the Securities and Exchange Commission rule that allows us to furnish our proxy materials to stockholders over the Internet. On April 3, 2013, we mailed to our stockholders a Notice of Internet Availability of Proxy Materials (the "Notice") containing instructions on how to access the proxy materials over the Internet and vote online. We believe the e-proxy process expedites stockholders' receipt of proxy materials, offers a convenient way for stockholders to review the materials and substantially reduces our printing and mailing expenses. The Notice also contains instructions on how you can request paper copies of the proxy materials and annual report.

We hope you will plan to attend the stockholders' meeting. Your vote is important and in order to ensure a quorum, we urge you to vote as soon as possible, even if you plan to attend the meeting. The Notice and the proxy statement contain instructions on how you can vote your shares over the Internet, by telephone, or by mail if you request and receive a printed copy of the proxy card.

Thank you for your continued interest in and support of EverBank Financial Corp.

Sincerely,

Robert M. Clements
Chairman and Chief Executive Officer

PROXY STATEMENT
FOR 2013 ANNUAL MEETING OF STOCKHOLDERS

EverBank Financial Corp is furnishing this proxy statement to its stockholders in connection with the 2013 annual meeting of stockholders (“Annual Meeting”) to be held on Thursday, May 23, 2013, at 9:00 A.M., local time, at the EverBank Center Auditorium, 301 W. Bay Street, Jacksonville, FL 32202, and at any adjournment or postponement thereof. In this proxy statement, the Board of Directors is referred to as the “Board” and EverBank Financial Corp is referred to as “we”, “us”, “EverBank” or the “Company”. The matters to be considered and acted upon at the Annual Meeting are: (1) the election of four nominees as directors of the Company; (2) the ratification of the selection of Deloitte & Touche LLP as the Company’s independent registered public accounting firm for the fiscal year ending 2013; and (3) such other business as may properly come before the meeting or any adjournment or postponement of the meeting.

Your proxy is solicited on behalf of the Board. You may revoke your proxy at any time before it is voted at the Annual Meeting. You may submit your proxy by voting by telephone or on the Internet by following the instructions provided. If you requested and received a paper proxy card or voting instruction form, you may also vote by signing, dating, and returning the proxy card or voting instruction form in the envelope provided. All properly submitted proxies delivered pursuant to this solicitation will be voted at the meeting and in accordance with instructions, if any.

As permitted by rules adopted by the Securities and Exchange Commission (“SEC”), the Company has elected to provide stockholders with access to our proxy materials over the Internet rather than providing them in paper form. Accordingly, on April 3, 2013, the Company sent to its stockholders a Notice of Internet Availability of Proxy Materials (the “Notice”) with instructions for accessing the proxy materials via the Internet, rather than a printed copy of the proxy materials. Stockholders may also obtain a copy of the proxy materials in printed form by following the procedures set forth in the Notice.

VOTING, REVOCABILITY AND SOLICITATION OF PROXIES

Voting Procedures and Revocation

The Board is soliciting proxies so that you can vote before the Annual Meeting. Even if you currently plan to attend the meeting, we recommend that you vote by proxy before the meeting to ensure that your vote will be counted.

If you are the record holder of your shares, there are three ways you can vote by proxy:

- | | |
|--------------|---|
| By Internet | You may vote over the Internet by going to www.proxyvote.com and entering your 12 digit control number that appears on your e-mail notification or the Notice. |
| By Telephone | You may vote by telephone by calling 1-800-690-6903 and following the recorded instructions. If you vote by telephone, you will also need your control number referred to above. |
| By Mail | If you request printed copies of the proxy materials be sent to you by mail, you may vote by filling out the proxy card and sending it back in the envelope provided. |

If your shares are held in nominee or “street name”, you may vote your shares before the meeting by phone or over the Internet by following the instructions on the Notice or, if you received a voting instruction form from your brokerage firm, by mail by completing, signing and returning the form you received. You should check your voting instruction form to see if Internet or telephone voting is available to you. Although most brokers and nominees offer telephone and Internet voting, availability and specific processes will depend on their voting arrangements. We encourage you to record your vote through the Internet.

The deadline for voting by telephone or through the Internet is 11:59 P.M., Eastern Time on May 22, 2013. You can revoke your proxy at any time before the vote is taken at the Annual Meeting by submitting to the Company’s Corporate Secretary written notice of revocation or a properly executed proxy of a later date, or by attending the Annual Meeting and voting in person. Written notices of revocation and other communications about revoking proxies should be addressed to:

EverBank Financial Corp
501 Riverside Ave.
Jacksonville, FL 32202
Attention: Thomas A. Hajda, Corporate Secretary

If your shares are held in street name, you should follow the instructions of your broker regarding the revocation of proxies.

For the reasons set forth in more detail later in this proxy statement, the Board recommends you vote:

- FOR the election of all of the director nominees named in this proxy statement (Proposal 1); and
- FOR the ratification of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013 (Proposal 2).

All shares represented by valid proxies that we receive through this solicitation, and that are not revoked, will be voted in accordance with the instructions received. If you requested printed copies of the proxy materials and sign and return your proxy card without giving specific voting instructions, your proxy will be voted in accordance with the Board's above recommendations. The Board is currently unaware of any other matters that may be presented for action at the Annual Meeting. If other matters properly come before the Annual Meeting, or at any adjournment or postponement thereof, we intend that shares represented by properly submitted proxies will be voted, or not voted, by and at the discretion of the persons named as proxies on the proxy card.

If you own shares of common stock in more than one account—for example, in a joint account with your spouse and in your individual brokerage account—you may have received more than one Notice or more than one set of paper proxy materials. To vote all of your shares by proxy, please follow each of the separate proxy voting instructions that you received for your shares of common stock held in each of your different accounts.

Voting of Shares Held in Brokerage Accounts and Broker Non-Votes

If your shares are held in a brokerage account or by another nominee, you are considered the “beneficial owner” of shares held in “street name” and you received the Notice from your broker or nominee (the “record holder”). As the beneficial owner, you have the right to direct your record holder how to vote your shares, and the record holder is required to vote your shares in accordance with your instructions.

A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee has not received voting instructions from the beneficial owner and does not have discretionary voting power with respect to that item. Pursuant to the rules of the New York Stock Exchange (“NYSE”), brokers or other nominees may not exercise discretionary voting power on non-routine matters. Brokers and other nominees who are NYSE members have discretionary voting power only with respect to routine matters, such as Proposal 2 (ratification of the selection of Deloitte & Touche LLP as independent registered public accounting firm). Brokers and other nominees will not be able to vote your shares regarding Proposal 1 (election of directors), unless you return your voting instruction form or submit your voting instructions by telephone or over the Internet. Therefore, it is important for stockholders who hold their shares with brokers to instruct their broker on how to vote their shares, and we urge all stockholders to do so.

Solicitation of Proxies

We will bear the entire cost of soliciting your proxy, including the cost of preparing, assembling, printing, mailing or otherwise distributing the Notice and proxy materials, as well as soliciting your vote. We have requested that banks, brokers and other record holders send the Notice to the beneficial owners of the Company's common stock and secure their voting instructions, if necessary. We will reimburse the record holders for their reasonable expenses in taking those actions. We have also made arrangements with Morrow & Co., LLC to assist us in soliciting proxies and have agreed to pay that company \$5,000 plus reasonable and customary expenses for these services. If necessary, we may also use several of our regular employees, without additional compensation, to solicit proxies from the Company's stockholders, either personally or by telephone, facsimile, e-mail or letter on the Company's behalf.

If you have any questions or need assistance voting your shares, please contact our proxy solicitor at:

Morrow & Co., LLC

Stamford, CT 06902
Toll Free: (800) 278-2141

Quorum Requirement

The presence, in person or by properly executed or otherwise documented proxy, of the holders of a majority of the outstanding shares of the Company's common stock is necessary to constitute a quorum at the Annual Meeting. Abstentions and broker non-votes will be counted solely for the purpose of determining whether a quorum is present. We urge you to vote promptly by proxy even if you plan to attend the Annual Meeting so that we will know as soon as possible that enough shares will be present for us to hold the meeting. Holders of our 6.75% Series A Non-Cumulative Perpetual Preferred Stock are not entitled to vote at the Annual Meeting.

Information about Votes Necessary for Action to be Taken

Election of directors (Proposal 1). Under the Company's by-laws, directors are elected by a "plurality" of the votes cast at the Annual Meeting at which a quorum is present. This means that the four nominees who receive the highest number of properly cast votes will be elected as directors even if those nominees do not receive a majority of the votes cast. Shares represented by proxies that are marked "withhold authority" for the election of one or more director nominees or that are not voted (whether by abstention, broker non-vote or otherwise) will not be counted in determining the number of votes cast for those persons. The Company's Amended and Restated Certificate of Incorporation does not authorize cumulative voting in the election of directors.

- Ratification of the selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013 (Proposal 2). Under the Company's by-laws, the ratification of Deloitte & Touche LLP will be approved if the affirmative vote of a majority of the votes cast are voted "FOR" this proposal.

Abstentions and broker non-votes will have no effect on the election of directors or on the remaining matters to be considered at the meeting.

Voting in Person

We recommend that you submit your proxy as described above so that your vote will be counted if you later decide not to attend the meeting. You may vote in person at the Annual Meeting if you are a stockholder of record on the

record date. If your shares are held in street name, you will have to obtain a written proxy in your name from the broker, bank or other nominee who holds your shares and bring that written proxy with you to the meeting.

Attending the Meeting

Only record or beneficial owners of the Company's common stock or their proxies may attend the Annual Meeting in person. Admission to the Annual Meeting will be on a first-come, first-served basis. When you arrive at the Annual Meeting, you may be requested to present photo identification, such as a driver license. Beneficial owners must also provide evidence of stock holdings, such as a recent brokerage account statement. Registration will begin one hour prior to the beginning of the meeting. The use of cell phones (including camera phones), pagers, computers, PDAs, cameras, video or recording equipment, or any other electronic device is not permitted in the auditorium. Additional rules of conduct will be provided at the meeting. Failure to follow these rules can result in your removal from the meeting.

Notice and Access

This year we are using the SEC notice and access rule that allows us to furnish our proxy materials over the Internet to our stockholders instead of mailing paper copies of those materials to each stockholder. As a result, on April 3, 2013, we sent our stockholders by mail or e-mail the Notice containing instructions on how to access our proxy materials over the Internet and vote online. The Notice is not a proxy card and cannot be used to vote your shares. If you received a Notice this year, you will not receive paper copies of the proxy materials unless you request the materials by following the instructions on the Notice or on the website referred to on the Notice.

Electronic Access to Proxy Materials and Annual Report

Stockholders can elect to view future proxy statements and annual reports of the Company through the Internet instead of receiving paper copies in the mail and thus can save the Company the cost of producing and mailing these documents. There will be no additional charge for you to have electronic access through the Internet to our proxy materials and annual report.

If you are a registered stockholder, you can choose to receive future annual reports and proxy statements electronically by following the prompt if you choose to vote through the Internet. Stockholders who choose to view future proxy statements and annual reports through the Internet will receive an e-mail with instructions containing the Internet address of those materials, as well as voting instructions, approximately four weeks before future meetings.

If you enroll to view the Company's future annual reports and proxy statements electronically and vote your proxy through the Internet, your enrollment will remain in effect for all future stockholders' meetings unless you cancel it. To cancel, registered stockholders should access www.proxyvote.com and follow the instructions to cancel your enrollment. If you hold your Company stock in nominee name, check the information provided by your nominee for instructions on how to cancel your enrollment.

If at any time you would like to receive a paper copy of the annual report or proxy statement, please write to Investor Relations, EverBank Financial Corp, 501 Riverside Ave., Jacksonville, FL 32202 or call us at (877) 755-6722.

Unless otherwise noted below, the address of each beneficial owner listed on the table is c/o EverBank Financial Corp, 501 Riverside Avenue, Jacksonville, FL 32202. The Company has determined beneficial ownership in accordance with the rules of the SEC. Except as indicated by the footnotes below, the Company believes, based on the information furnished to us, that the persons and entities named in the tables below have sole voting and investment power with respect to all shares of common stock that they beneficially own, subject to applicable community property laws. A person is deemed to be a beneficial owner of any security of which that person has the right to acquire beneficial ownership within 60 days from the date of determination. The footnotes to the table indicate how many shares each person has the right to acquire within 60 days of March 15, 2013. The Company has based the calculation of the percentage of beneficial ownership on 121,980,955 shares of common stock outstanding as of March 15, 2013.

In computing the number of shares of common stock beneficially owned by a person identified in the table below and the percentage ownership of such person, the Company deemed outstanding shares of common stock subject to options or restricted stock units held by that person that are currently exercisable or exercisable within 60 days of March 15, 2013. The Company did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any person not identified in the chart below.

PROPOSAL 1—ELECTION OF DIRECTORS

Election and Classification of Directors

Our Board is authorized to have no fewer than seven members and no more than 15 members and is currently comprised of 14 members. In accordance with the terms of our Amended and Restated Certificate of Incorporation, our Board has been divided into three classes, Class I, Class II and Class III, with each class serving staggered three-year terms. At each annual meeting of stockholders, or special meeting in lieu thereof, upon the expiration of the term of a class of directors, the successors to such directors will be elected to serve from the time of election and qualification until the third annual meeting following his or her election and the election and qualification of his or her successor. The number of directors may be changed only by resolution of our Board. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors.

The terms of five of our Class I directors expire at the Annual Meeting. One of these directors, Mr. Charles E. Commander, III has reached the mandatory retirement age as set forth in Company's Corporate Governance Guidelines and will not stand for re-election at the Annual Meeting. As a result, the Board has approved reducing the size of the Board from 14 members to 13 members, effective as of the date of the Annual Meeting. The Board has nominated the four persons listed herein to be elected as directors at the Annual Meeting, each for a term to expire in 2016. Each nominee currently is a member of the Board.

It is intended that the persons named as proxies in the accompanying form of proxy will vote to elect as a director each of the four nominees listed herein, each to serve until the 2016 annual meeting of stockholders or until such nominee's successor shall be elected and qualified to serve, in each case unless authority to so vote is withheld. The Board recommends that the stockholders vote "FOR" the election of all of the nominees as directors. Proxies will be voted FOR the nominees, unless otherwise directed. If any nominee is not available for election, in its discretion, the Board may designate a substitute nominee. In that event the proxies will be voted for such substitute nominee. All of the nominees have indicated to us that they will be available to serve as directors and therefore we do not anticipate that any substitute nominee or nominees will be required. The proxies will not be voted for more than four nominees.

Important: Brokers holding shares beneficially owned by their clients will not have the ability to cast votes with respect to the election of directors unless they have received instructions from the beneficial owner of the shares. Therefore, in order for your vote to be counted regarding the election of directors if your shares are held by a broker, you must provide instructions to your broker. Please instruct your broker how you want to vote by following the instructions contained in the Notice or voting instruction form provided by your broker.

DIRECTOR NOMINEES

BOARD COMPOSITION

Board Structure and Committee Composition

The full Board met 10 times during 2012. As of the date of this proxy statement, our Board has 14 directors and the following standing committees to assist it in carrying out its work: Audit, Compensation, Nominating and Corporate Governance and Risk. Each of these committees has its own charter. The Company's Corporate Governance Guidelines, Code of Business Conduct and Ethics, Code of Ethics for Senior Financial Officers and the charters for each of the Company's standing Board committees are available on the Company's website at www.abouteverbank.com in the Corporate Governance section of Investor Relations.

In accordance with NYSE listing standards and the Company's Corporate Governance Guidelines, a majority of our directors are required to be independent from management. The Board has affirmatively determined that each of Messrs. Armstrong, Commander, Hinkel, Kleeman, Leidner, Lovett, Mylod, Sanford, Schifter, Singh and Stuart is an independent director. All Board committees are chaired by independent directors. Additionally, all of the members of the Nominating and Corporate Governance Committee, the Compensation Committee and the Audit Committee are independent.

Chairman of the Board and Chief Executive Officer

The Board is led by the Chairman. The Company's by-laws provide that the Chairman will preside over each Board and stockholder meeting and will perform such other duties as determined by the Board. The by-laws provide that the Chief Executive Officer shall be the Chairman, unless the Board determines otherwise. The Company's Corporate Governance Guidelines provide that when the position of Chairman of the Board is not held by an independent director, the Board will appoint a Lead Independent Director.

Robert M. Clements, the Chief Executive Officer of the Company, has served as Chairman of the Board since 1997. The Board believes that having a unified Chairman and Chief Executive Officer is appropriate and in the best interests of the Company and its stockholders. The Board believes that combining the Chairman and Chief Executive Officer roles provides unity of vision for the leadership of the Company and allows one person to speak for and lead the Company and the Board. The Board is aware of the potential conflicts that may arise when an insider chairs the Board, but believes these are offset by existing safeguards, which include the designation of a Lead Independent Director, regular meetings of the independent directors in executive session without the presence of insiders, the fact that management compensation is determined by a committee of independent directors who make extensive use of peer benchmarking, and the fact that much of our operations are highly regulated.

The Board also believes that the Company's strong performance under Mr. Clements, especially in light of the financial crisis, demonstrates the effectiveness of its leadership approach.

Lead Independent Director

The Company's Corporate Governance Guidelines provide that when the Chairman is not independent, the independent members of the Board will appoint a "Lead Independent Director," who is required to be an independent director. The Lead Independent Director coordinates the activities of the other non-employee directors, including:

ensuring that non-employee directors have adequate opportunities to meet and discuss issues in sessions of the non-employee directors without management present and, as appropriate, calls meetings of the non-employee directors;

presiding at all executive sessions of the non-employee directors;

serving as principal liaison between the non-employee directors and the Chairman;

consulting with the Chairman as to an appropriate schedule and agenda for each Board meeting;

monitoring the quality, quantity and timeliness of information sent to the Board;

presiding at all meetings of the Board at which the Chairman is not present;

facilitating and coordinating the work of Board committees;
 if requested by stockholders or employees, ensuring that he/she is available, when appropriate, for consultation and direct communication; and
 performing such other duties and responsibilities as the Board may determine.
 The independent directors of the Board have appointed Scott Stuart as the Company's Lead Independent Director.

Director Attendance

In 2012, all directors attended at least 75% of the aggregate of the meetings held by the Board and by Committees of which they were members, with the exception of William Sanford.

Director Attendance at the Annual Meeting

Pursuant to the Company's Corporate Governance Guidelines, it is the Company's policy that directors attend the annual meeting of stockholders.

Meetings of Independent Directors

All non-management directors meet in executive sessions at each regular meeting of the Board, and are offered the opportunity to meet in executive sessions at regularly scheduled update conference call meetings held by the Board. In addition, the "independent directors," as defined in the NYSE rules, meet in executive session at least annually. The executive sessions of the non-management directors and the independent directors provide the opportunity for discussion of compensation, succession planning and other sensitive topics.

Board Committees

Our Board has established standing committees in connection with the discharge of its responsibilities. These committees include an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee and a Risk Committee. Our Board will establish such other committees as it deems appropriate, in accordance with applicable law and regulations, our Amended and Restated Certificate of Incorporation and Amended and Restated By-laws. The chart below lists the committee assignments for each Board committee. A summary of the primary responsibilities of each of the committees follows the chart.

- direct supervision of the Company's internal audit group;

- reviewing an annual report from the independent auditors describing (1) the independent auditors' internal quality-control review, (2) any material issues raised by the most recent internal quality-control review, or peer review, of the independent auditors, or by any inquiry or investigation by any governmental or professional authority, within the past five years, respecting one or more independent audits carried out by the independent auditors, and any steps taken to deal with any such issues and (3) all relationships between the independent auditors and the Company;
- establishing procedures for (1) the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or auditing matters, (2) the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters and (3) the review, and if necessary investigations of material incidents reported through the MySafeWorkplace employee hotline channel; and
- handling such other matters that are specifically delegated to the Audit Committee by the Board from time to time.

Rule 10A-3 promulgated by the SEC under the Exchange Act and Section 303A.07 of the NYSE Listed Company Manual require our Audit Committee to be composed entirely of independent directors. The Board has affirmatively determined that each of the current and incoming members of the Audit Committee will meet the definition of "independent directors" under Section 303A.02 of the NYSE Listed Company Manual and for purposes of serving on an Audit Committee under applicable SEC rules.

The Board has determined that each member of the Audit Committee has sufficient knowledge in financial and auditing matters to serve on the Audit Committee. In addition, the Board has determined that Mr. Hinkel is qualified to serve as an "audit committee financial expert" under applicable SEC rules. The Audit Committee operates pursuant to a written charter, which is available on the Company's website at www.abouteverbank.com under the Corporate Governance section of the Investor Relations tab.

Compensation Committee

The Compensation Committee is comprised of Scott M. Stuart (Chairman), Richard P. Schifter, Alok Singh and Robert J. Mylod, Jr. The Compensation Committee met 10 times during 2012. The Compensation Committee has the responsibility for, among other things:

- reviewing and determining the annual compensation of the Company's Chief Executive Officer;
- recommending to the Board the compensation and benefits of the Company's executive officers other than the Chief Executive Officer;
- annually monitoring and reviewing our compensation and benefit plans to ensure that they meet our corporate objectives;
- administering our equity and other incentive compensation plans and programs and preparing recommendations and periodic reports to the Board relating to these matters;
- reviewing and making recommendations to our Board with respect to any severance or termination arrangement to be made with any executive officer;
- preparing the Compensation Committee report required by SEC rules to be included in the Company's annual report;
- reviewing all equity-compensation plans to be submitted for stockholder approval under NYSE listing standards, and to review, and in the Compensation Committee's sole discretion, approve all equity-compensation plans that are exempt from such stockholder approval requirement;
- preparing recommendations and periodic reports to the Board concerning these matters; and

- handling such other matters that are specifically delegated to the Compensation Committee by the Board from time to time.

The Board has evaluated the independence of the members of the Compensation Committee and has determined that each of the members of the Compensation Committee is “independent” under Section 303A.02 of the NYSE Listed Company Manual. The members of the Compensation Committee also qualify as “non-employee directors” within the meaning of Rule 16b-3 under the Exchange Act and “outside directors” within the meaning of Section 162(m) of the Code.

The Compensation Committee considered the independence of the Company’s consultant, Compensation Advisory Partners, LLC, or the Compensation Consultant, in light of new SEC rules and proposed NYSE listing standards. The Compensation Committee received a letter from the Compensation Consultant addressing its independence, including the following factors: (i) other services provided to the Company by the Compensation Consultant; (ii) fees paid by the Company as a percentage of the Compensation Consultant’s total revenue; (iii) policies or procedures maintained by the Compensation Consultant that are designed to prevent a conflict of interest; (iv) any business or personal relationships between the individual consultants involved in the engagement and any member of the Compensation Committee; (v) any Company stock owned by the individual consultants involved in the engagement; and (vi) any business or personal relationships between the Company’s executive officers and the Compensation Consultant or the individual consultants involved in the engagement. The Compensation Committee discussed these considerations and concluded that the work of the Compensation Consultant did not raise any conflict of interest.

The Compensation Committee operates pursuant to a written charter, which is available on the Company's website at www.abouteverbank.com under the Corporate Governance section of the Investor Relations tab.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is comprised of Robert J. Mylod, Jr. (Chairman), Merrick R. Kleeman and William Sanford. The Nominating and Corporate Governance Committee met two times during 2012.

The Nominating and Corporate Governance Committee has responsibility for, among other things:

- recommending persons to be selected by the Board as nominees for election as directors and to fill any vacancies on the Board;
- reviewing the size of the Board and recommending any changes;
- reviewing annually the composition of the Board as a whole and making recommendations;
- monitoring the functioning of the Board's standing committees and recommending any changes, including the creation and elimination of any committee;
- reviewing and recommending standing committee assignments;
- reviewing and approving all related person transactions for potential conflicts of interest situations on an ongoing basis;
- developing, reviewing and monitoring compliance with the Company's Corporate Governance Guidelines;
- making recommendations to our Board regarding corporate governance based upon developments, issues and best practices; and
- handling such other matters that are specifically delegated to the Nominating and Corporate Governance Committee by the Board from time to time.

In selecting director nominees for recommendation to the Board, the Nominating and Corporate Governance Committee considers, among other things, the following factors:

- the appropriate size and diversity of the Board;
- the knowledge, skills and expertise of nominees, including experience in banking, business, finance, administration and sales, in light of the prevailing business conditions and the knowledge, skills and experience already possessed by other members of the Board;
- experience with accounting rules and practices, and whether such a person qualifies as an "audit committee financial expert" pursuant to SEC rules;
- time availability in light of other commitments, dedication and conflicts of interests; and
- other such relevant factors that the Nominating and Corporate Governance Committee considers appropriate in the context of the needs of the Board.

The Board has evaluated the independence of the members of the Nominating and Corporate Governance Committee and has determined that each of the members of the Nominating and Corporate Governance Committee is "independent" under Section 303A.02 of the NYSE Listed Company Manual.

The Company has no formal policy regarding the diversity of the Board. The Nominating and Corporate Governance Committee and the Board may therefore consider a broad range of factors relating to the qualifications and background of nominees, which may include personal characteristics. The Nominating and Corporate Governance Committee's and the Board's priority in selecting Board members is identification of persons who will further the interests of the Company's stockholders through his or her established record of professional accomplishment, the ability to contribute positively to the collaborative culture among Board members and professional and personal experiences and expertise relevant to the Company's growth strategy.

The Nominating and Corporate Governance Committee operates pursuant to a written charter, which is available on the Company's website at www.abouteverbank.com under the Corporate Governance section of the Investor Relations tab.

Risk Committee

The Risk Committee is comprised of Charles E. Commander (Chairman), W. Radford Lovett, II, Gerald S. Armstrong and Russell B. Newton, III. The Risk Committee met five times during 2012. Its purpose is to assist the Board in overseeing and reviewing our enterprise risk management framework, including the significant policies, procedures,

and practices employed to manage various types of risk factors we face, including, but not limited to:

- credit risk arising from an obligor's failure to meet the terms of any contract with the Company or otherwise perform as agreed;
- liquidity risk related to the Company's ability to meet its obligations when they come due without incurring unacceptable losses;
- pricing risk arising from changes in the value of either trading portfolios or other obligations that are entered into as part of distributing risk;
- interest rate and related market risk;

- legal and compliance risk;

- reputation risk arising from negative public opinion; and
- strategic risk arising from adverse business decisions, improper implementation of decisions or lack of responsiveness to industry changes.

Our Risk Committee coordinates and shares information with other committees of the Board in order to carry out its duties, and reports to the Board periodically on its activities, findings and recommendations for the Company's risk management policies. The Risk Committee operates pursuant to a written charter, which is available on the Company's website at www.abouteverbank.com under the Corporate Governance section of the Investor Relations tab.

Risk Oversight

The Board oversees a company-wide approach to risk management, carried out by management. The Board and its Risk Committee determines the appropriate risk for us generally, assesses the specific risks faced by us and reviews the steps taken by management to manage those risks.

While the Board maintains the ultimate oversight responsibility for the risk management process, its committees oversee risk in certain specified areas. In particular, the Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements, and the incentives created by the compensation awards it administers. The Audit Committee oversees management of enterprise risks and financial risks. The Nominating and Corporate Governance Committee is responsible for overseeing the management of risks associated with the independence of the Board, as well as potential conflicts of interests. The Risk Committee oversees and evaluates the Company's risk management framework and coordinates all actions of the other committees of the Board in this regard. Pursuant to the Board's instruction, management regularly reports on applicable risks to the relevant committee or the Board, as appropriate, with additional review or reporting on risks conducted as needed or as requested by the Board and its committees.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee will be or has ever been an officer or employee of the Company. None of the Company's executive officers serves or has served as a member of the board of directors, compensation committee or other board committee performing equivalent functions of any entity that has one or more executive officers serving as a director on the Board or on the Compensation Committee.

The Company's Corporate Governance Guidelines are available at www.abouteverbank.com under the Corporate Governance section of the Investor Relations tab. Any amendments to the guidelines will be disclosed on the Company's website.

Director Election by Plurality Vote

Under the Company's by-laws, directors are elected by a "plurality" of the votes cast at the Annual Meeting at which a quorum is present. This means that the four nominees who receive the highest number of properly cast votes will be elected as directors even if those nominees do not receive a majority of the votes cast. Shares represented by proxies that are marked "withhold authority" for the election of one or more director nominees or that are not voted (whether by abstention, broker non-vote or otherwise) will not be counted in determining the number of votes cast for those persons.

Communications with Directors

The Company's Corporate Governance Guidelines provide for written communications by stockholders or other interested parties to the Board. Persons wishing to write to the Board or the independent directors as a group, should send correspondence to the Corporate Secretary at EverBank Financial Corp, 501 Riverside Ave., Jacksonville, FL 32202. All communications so received from stockholders or other interested parties will be processed by the Corporate Secretary and forwarded to the chair of the Nominating and Corporate Governance Committee, who will review and then report the same to the Board or the independent directors, as necessary.

Board Rights of Arena, Lovett Miller and Sageview

The Company is party to a Director Nomination Agreement with Arena, Lovett Miller Venture Fund II, Limited Partnership and Lovett Miller Venture Fund III, Limited Partnership, or together, Lovett Miller, dated as of April 5, 2012. Both Arena and Lovett Miller purchased securities issued by the Company's predecessor entity in 2000 and 2002 and are currently two of the Company's stockholders. Pursuant to the terms of the agreement, Arena has the right to designate a representative to be included in management's slate of nominees recommended to stockholders of the Company for election as a member of the Board and each of Arena and Lovett Miller have the right to appoint an observer who is permitted to attend meetings of the Board. Arena's and Lovett Miller's rights under the agreement will terminate at such time as each owns less than 20% of the aggregate number of shares they held at the time of the initial public offering. As of March 15, 2013, Arena's ownership had dropped below the 20% threshold, and as such Arena's rights under the agreement have terminated.

The Company is also party to a Director Nomination Agreement, dated as of April 5, 2012, with Sageview Partners L.P., or Sageview, pursuant to which Sageview has the right to designate a representative to be included in management's slate of nominees recommended to stockholders of the Company for election as a member of the Board and an observer who is permitted to attend meetings of the Board. Sageview will continue to have rights under the agreement until such time as it no longer holds 10% of the aggregate number of shares it held at the time of the initial public offering. Scott M. Stuart is Sageview's designated nominee on the Board.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

In addition to the Director Nomination Agreements with each of Arena, Lovett Miller and Sageview described above and the director and executive officer compensation arrangements discussed below under “Executive Compensation,” the following is a description of transactions since January 1, 2012, including currently proposed transactions to which we have been or are to be a party, in which the amount involved exceeded or will exceed \$120,000, and in which any of the Company’s directors, executive officers or beneficial holders of more than 5% of the Company’s capital stock, or their immediate family members or entities affiliated with them, had or will have a direct or indirect material interest.

Shareholder Agreement

On October 21, 2009, the Company entered into the Second Amended and Restated Stock Redemption and Shareholder Agreement with its stockholders. The Company’s stockholders approved a minor amendment to the Shareholder Agreement at the April 2010 annual stockholder meeting. Under this agreement, which terminated upon consummation of the initial public offering of the Company’s common stock, the stockholders had preemptive rights in certain circumstances upon a sale by us of certain securities, including shares of the Company’s common stock. In addition, the Second Amended and Restated Stock Redemption and Shareholder Agreement provided for certain first refusal rights, tag-along rights, drag-along rights, rights to designate members of the Board and transfer restrictions. The Company believes that the terms of the Second Amended and Restated Stock Redemption and Shareholder Agreement were reasonable and reflected the terms of an agreement negotiated on an arm’s-length basis.

Tygris Cash Escrow Conversion

In connection with the Company’s acquisition of Tygris in 2010 through a stock-for-stock merger with one of its subsidiaries, 29,913,030 shares of the Company’s common stock were issued to the former Tygris stockholders. A portion of such shares, along with \$50 million in cash, were placed in an escrow account to offset potential losses realized in connection with Tygris’ lease and loan portfolio over a five-year period following the closing of the acquisition, and to satisfy any indemnification claims that the Company may have under the acquisition agreement. On August 27, 2012, the Company agreed to convert \$48.7 million of the escrowed cash into 4,032,662 shares of the Company’s common stock at a price per share of \$12.065. The conversion price was based on the trailing ten day volume weighted average price per share of the Company’s common stock through August 27, 2012, as quoted on the NYSE. All of the newly issued shares in the transaction remain in escrow in accordance with the terms of the original escrow agreement. The escrow will expire in 2015. The shares of common stock issued in the conversion transaction have not been registered under the Securities Act, and may not be offered or sold following the release of such shares from the escrow, absent registration or an applicable exemption from registration.

Registration Rights

The Company has entered into separate registration rights agreements with each of (1) Arena and Lovett Miller; (2) Sageview; and (3) the former stockholders of Tygris. Under the terms of these agreements, certain holders of the Company’s common stock or their transferees are entitled to certain rights with respect to the registration of such shares, which we refer to as the Registrable Securities, under the Securities Act.

Arena/Lovett Miller

The Company entered into an Amended and Restated Registration Rights Agreement with Arena and Lovett Miller on November 22, 2002, which the Company further amended on July 21, 2008. Under that agreement, Arena and Lovett Miller, as holders of Registrable Securities, have the right to demand, on an aggregate of three occasions, that the Company use its commercially reasonable best efforts to register their Registrable Securities and maintain the effectiveness of the corresponding registration statement for at least 270 days. Once in any given 12-month period, the Company may postpone the filing of such a registration statement for up to 120 days if the Board believes, in good faith, that the registration would require the disclosure of non-public information and that such disclosure would materially adversely affect any material business opportunity, transaction or negotiation then contemplated. In addition, the Company may postpone the filing of such registration statement for up to 180 days if the Board believes, in good faith, that the registration is not then in our best interests. Arena and Lovett Miller have the right to select a lead underwriter for the demand offering, subject to the Company’s approval, which may not be unreasonably withheld.

If the Company registers any of its common stock either for its own account or for the account of other security holders, the holders of Registrable Securities are entitled to notice of such registration and are entitled to certain “piggyback” registration rights allowing the holders to include their common stock in such registration, subject to certain marketing and other limitations. In addition, all expenses of such registrations, other than underwriting discounts and commissions incurred by the holders of the Registrable Securities exercising their registration rights in connection with registrations, filings or qualifications, must be paid by the Company.

Sageview

The Company entered into a Registration Rights Agreement with Sageview on July 21, 2008. Under that agreement, Sageview has the right to demand, on an aggregate of three occasions, that we use our reasonable best efforts to register its Registrable Securities for public sale and maintain the effectiveness of the corresponding registration statement for at least 180 days. Once in any given 12-month period, the Company may postpone the filing of such a registration statement for up to 120 days if the Board believes, in good faith, that the registration would either materially adversely affect or materially interfere with a material financing or other material transaction, or require disclosure of non-public information which would materially adversely affect us. If the Company is eligible to file a shelf registration statement on Form S-3, Sageview may request that we register its Registrable Securities on a Form S-3. Sageview has the right to select underwriters for demand offerings, subject to our approval, which may not be unreasonably withheld.

If the Company registers any of its common stock either for its own account or for the account of other security holders, the holders of Registrable Securities are entitled to notice of such registration and are entitled to certain “piggyback” registration rights allowing the holders to include their common stock in such registration, subject to certain marketing and other limitations. In addition, all reasonable fees and expenses of such registrations, other than underwriting discounts and commissions incurred by the holders of the Registrable Securities exercising their registration rights in connection with registrations, filings or qualifications, must be paid by the Company.

Former Tygris Stockholders

The Company entered into a Registration Rights Agreement with Tygris on October 20, 2009 in connection with the Tygris acquisition. Under that agreement, former Tygris stockholders who are holders of Registrable Securities have the right to demand, on an aggregate of three occasions, that the Company use its reasonable

best efforts to register their Registrable Securities for public sale and maintain the effectiveness of the corresponding registration statement for at least 180 days. Once in any given 12-month period, the Company may postpone the filing of such a registration statement for up to 120 days if our Board believes, in good faith, that the registration would either materially adversely affect or materially interfere with a material financing or other material transaction or require disclosure of non-public information which would materially adversely affect the Company. If the Company is eligible to file a shelf registration statement on Form S-3, the former Tygris stockholders may request that the Company register their Registrable Securities on a Form S-3. The holders of a majority of the former Tygris stockholders' Registrable Securities covered by a demand registration have the right to select the underwriters for such offerings, subject to our approval, which may not be unreasonably withheld.

If the Company registers any of its common stock either for its own account or for the account of other security holders, the holders of Registrable Securities are entitled to notice of such registration and are entitled to certain "piggyback" registration rights allowing the holders to include their common stock in such registration, subject to certain marketing and other limitations. In addition, all reasonable fees and expenses of such registrations, other than underwriting discounts and commissions incurred by the holders of the Registrable Securities exercising their registration rights in connection with registrations, filings or qualifications, must be paid by the Company.

In addition to the Registration Rights Agreement entered into with Tygris in connection with the Tygris acquisition, the Company entered into a separate Registration Rights Agreement on August 27, 2012 with the former Tygris stockholders participating in the escrowed cash conversion transaction pursuant to which \$48.7 million of escrowed cash was converted into 4,032,662 shares of our common stock. The terms of this 2012 Registration Rights Agreement are substantially identical to the terms of the Registration Rights Agreement entered into in connection with the Tygris acquisition.

Policy Concerning Related Party Transactions

The Company has adopted a formal written policy concerning related party transactions. A related party transaction is a transaction, arrangement or relationship that involves (a) the Company or a consolidated subsidiary (whether or not the Company or the subsidiary is a direct party to the transaction), on the one hand, and (1) a director, executive officer or employee of the Company or a consolidated subsidiary, his or her immediate family members or any entity that any of them controls or in which any of them has a substantial beneficial ownership interest; or (2) any person who is the beneficial owner of more than 5% of the Company's voting securities or a member of the immediate family of such person, on the other hand, and (b) exceeds \$120,000, exclusive of employee compensation and directors' fees. The policy assigns to the Nominating and Corporate Governance Committee the duty to ascertain that there is an ongoing review process of all related party transactions for potential conflicts of interest and requires that the Nominating and Corporate Governance Committee approve any such transactions. The Company's Nominating and Corporate Governance Committee evaluates each related party transaction for the purpose of recommending to the disinterested members of the Board whether the transaction is fair, reasonable and within the policy, and should be ratified and approved by the Board. Relevant factors include the benefits of the transaction to the Company, the terms of the transaction, whether the transaction was on an arm's-length basis and in the ordinary course of the Company's business, the direct or indirect nature of the related party's interest in the transaction, the size and expected term of the transaction and other facts and circumstances that bear on the materiality of the related party transaction under applicable law and listing standards. At least annually, management will provide the Nominating and Corporate Governance Committee with information pertaining to related party transactions. Related party transactions entered into, but not approved or ratified as required by the policy concerning related party transactions, will be subject to termination by the Company or the relevant subsidiary, if so directed by the Nominating and Corporate Governance Committee or the Board, taking into account factors as such body deems appropriate and relevant.

Executive Summary

2012 Performance and Financial Highlights. 2012 was a successful and transformational year for the Company as we completed our initial public offering, expanded our business and operations, and enhanced our profitability and value proposition for our stockholders. As illustrated by the following highlights, we made significant progress in 2012 towards our longer term strategic objectives.

Completed our initial public offering of common stock on May 8, 2012, raising approximately \$220 million of growth capital. In August 2012, we converted approximately \$48.7 million of cash held in escrow by former shareholders of Tygris Commercial Finance Group, Inc. into 4,032,662 shares of the Company’s common stock further increasing the Company’s capital. In addition, we completed the public offering of \$150 million of our 6.75% Series A Non-Cumulative Perpetual Preferred Stock in November 2012.

Acquired a warehouse lending business from MetLife Bank and a commercial lending business from General Electric Capital Corporation.

Increased total assets by 40% from \$13.0 billion at December 31, 2011 to \$18.2 billion at December 31, 2012, and increased total deposits by 28% from \$10.3 billion to \$13.1 billion over the same period.

Increased revenue to \$883.6 million for the year ending December 31, 2012, up 29% over the year ending December 31, 2011.

Achieved an adjusted return on equity (“ROE”) of 12.4% for 2012, up 177 basis points over 2011.

2012 Performance and Named Executive Officer Compensation. The compensation of our Named Executive Officers was affected by our financial results in 2012, both in the amount of cash compensation earned and the value of outstanding long-term equity awards. For example:

Annual cash bonuses for 2012 were based, in whole or in part, on the achievement of ROE goals on an absolute basis (weighted at 75%) and on a relative basis compared to the ROE of our financial performance peer group (weighted at 25%). The average aggregate payout for fiscal 2012 annual cash bonuses for our Named Executive Officers was 135% of target.

In connection with its annual review process, the Compensation Committee approved, on average, a 4.78% salary increase for each of the Named Executive Officers for 2013 based on the execution of our strategic initiatives during 2012.

In connection with its annual review process, the Compensation Committee approved equity awards in 2013 based on the execution of our strategic initiatives during 2012.

Elements of 2012 Named Executive Officer Compensation. Base salary, annual cash bonuses and long-term incentive stock awards comprise the total annual compensation for our Named Executive Officers. The table below provides a summary of the components of total annual compensation.

Governance and Evolving Compensation Practices. The Compensation Committee is mindful of evolving practices in executive compensation and corporate governance. The list below highlights some of the changes we have made to our compensation program in light of our transition from being a privately-held company to a publicly-traded company, as well as features of our compensation plans and policies that we believe are in keeping with best practices in executive compensation and corporate governance.

In 2012, the Compensation Committee transitioned from its historical practice of granting equity awards only on an occasional basis, including in connection with the achievement of certain milestones and the commencement of employment, to an annual equity grant practice.

For 2013, the Compensation Committee has selected a single peer group for purposes of both (i) analyzing and establishing competitive pay for our Named Executive Officers, and (ii) comparing the Company's relative overall financial performance.

In 2013, the long-term equity incentive awards to our Named Executive Officers is comprised of a mix of stock options (50%) and restricted stock unit awards (50%), as opposed to the Company's prior practice of granting equity awards primarily in the form of stock options.

¶We do not provide excessive executive perquisites to our Named Executive Officers.

Other than the 401(k) plan which is available to all of our employees, we do not offer any executive-level retirement benefits to our Named Executive Officers.

The change in control definition contained in the 2011 Omnibus Equity Incentive Plan is not a “liberal” definition triggered by mere stockholder approval of a transaction.

The 2011 Omnibus Equity Incentive Plan has “double-trigger” vesting for equity awards in the context of a change in control.

The 2011 Omnibus Equity Incentive Plan expressly prohibits repricing of options and stock appreciation rights (directly or indirectly) without prior stockholder approval.

The Compensation Committee does not believe that the work of its compensation consultant has raised any conflicts of interest.

Upon assessment in 2012, the Compensation Committee concluded that our compensation programs are not reasonably likely to have a material adverse effect on the Company.

Our stock ownership policy requires each Named Executive Officer to own shares of Company stock having a value of not less than five times his base salary, in the case of our Chief Executive Officer, and not less than three times his base salary, in the case of each of our other Named Executive Officers.

Our insider trading policy prohibits all employees from speculative trading in our stock (including prohibitions on buying call options and selling put options for our common stock) and places limitations on an employee's ability to conduct short-term trading.

We plan to adopt a formal recoupment policy relating to incentive compensation impacted by restated financial statements when the SEC issues regulations describing the specific terms required under the Dodd-Frank Act.

Compensation Philosophy and Principles

Our compensation program is designed to attract and retain executive officers of the caliber and experience necessary to ensure our success, directly link pay to our performance, and create long-term value for our stockholders. This philosophy is reflected in the following guiding design principles:

- Align Pay with Performance and Reinforce Business and Growth Strategies. We have structured our compensation program so that a significant percentage of each executive's total compensation is "at risk" based on our corporate performance and, in certain cases, individual performance. Our compensation program is designed to reward desired performance and individual contributions, in each case, that promote our business and growth strategies.
- Balance Short- and Long-Term Incentives. In order to both further align the interests of our executives with our stockholders and promote increased stock ownership levels among our executives, we strive to provide a balanced mix of short-term incentive awards, such as annual cash incentive awards, and long-term equity incentive awards, such as stock options.
- Provide Competitive Compensation. In order to attract and retain qualified talent, we endeavor to maintain compensation levels that are competitive with our peers. To this end, we reviewed a comparative analysis of our executive compensation practices against the practices of a peer group comprised of companies similar to us in both growth strategy and business demographics.
- Balance Risk and Return. Our compensation program integrates certain risk mitigation features designed to balance risk and financial results in a manner that does not encourage executives to expose us to imprudent risks.

How We Set Compensation

The Compensation Committee of our Board of Directors determines the compensation for our Named Executive Officers. Messrs. Clements and Wilson make recommendations to the Compensation Committee regarding the compensation for those Named Executive Officers who report to them.

Compensation Committee

The Compensation Committee sets and determines the compensation for the top level of our management, whom we refer to as Executive Management. Each Named Executive Officer is a member of Executive Management. The Compensation Committee is composed entirely of independent, non-management directors. The Compensation Committee reviews and recommends approval of all aspects of the compensation program for Executive Management and administers our stock incentive plans. In setting compensation, the Compensation Committee does not seek to allocate long-term and current compensation, or cash and non-cash compensation, in specified percentages. The Compensation Committee instead reviews each element of compensation independently and determines the appropriate amount for each element, as discussed below. However, the Compensation Committee traditionally places more emphasis on variable compensation, including annual cash bonuses and long-term equity awards, than on base salary.

The Compensation Committee also approves the performance goals for all Executive Management compensation programs that incorporate performance metrics and evaluates performance at the end of each performance period. The Compensation Committee approves our aggregate annual cash bonus award opportunities, stock option awards and restricted stock unit awards for Executive Management. The Compensation Committee also sets the level and components of the compensation for Mr. Clements and, after consultation with Mr. Clements, reviews and approves the compensation for Mr. Wilson. After consultation with Messrs. Clements and Wilson, the Compensation Committee also reviews and approves the compensation for the remaining Named Executive Officers and other

members of Executive Management.

In making decisions regarding the compensation for the Named Executive Officers, the Compensation Committee focuses primarily on our overall performance, on an absolute and relative basis, and the executive officer's individual performance. The Compensation Committee also considers the general business environment.

The Compensation Committee reviews and tracks each element of compensation for Executive Management through tally sheets. As part of such review, the Compensation Committee examines the value of each element of compensation that each member of Executive Management has received. The Compensation Committee believes that tally sheets provide a comprehensive picture of an executive's total compensation, give the Committee a better understanding of how each component of an executive's compensation package fits together and provide a context for making pay decisions. The Compensation Committee did not make any adjustment to our executive compensation programs as a result of its review of the tally sheets last year because the Committee concluded that the Company's executive compensation program continues to meet the objectives described above.

Executive Officers

Decisions about individual compensation elements and total compensation, including those related to Mr. Clements, are ultimately made by the Compensation Committee. However, we believe that Messrs. Clements and Wilson are in the best possible position to assess the performance of the other members of Executive Management and, accordingly, they also play an important role in the compensation-setting process for executives other than themselves.

Messrs. Clements and Wilson discuss Executive Management compensation (including compensation for each of the other Named Executive Officers) with the Compensation Committee and make recommendations on base salary and the other compensation elements.

Role of the Compensation Consultant

The Compensation Committee retained the services of Compensation Advisory Partners, LLC, or the Compensation Consultant, to provide independent compensation consulting advice. The Compensation Consultant advises the Compensation Committee on all matters related to the compensation of the Named

Executive Officers and the other members of Executive Management. Specifically, the Compensation Committee requested the Compensation Consultant provide it with the following assistance in 2012:

- conduct a comprehensive review of the competitiveness and effectiveness of our executive compensation program relative to market practices and business goals;
- evaluate pay levels and categories of executive compensation and recommended changes to such compensation, as appropriate;
- provide annual analysis to the Compensation Committee regarding market trends and practices; and
- assist in the annual risk assessment of incentive compensation plans (as described in detail in “—Additional Information Regarding Executive Compensation—Compensation Risk Assessment”).

Competitive Benchmarking

The Compensation Committee also reviewed a competitive benchmarking analysis when (i) analyzing and establishing competitive pay for Executive Management, and (ii) comparing the Company’s relative overall financial performance, which is a component of our annual cash bonus award as described below.

The Compensation Committee approved a group of similar-sized publicly-traded financial institutions and financial services firms, or the Competitive Pay Peer Group, to benchmark total compensation for each member of Executive Management. To achieve this goal, the Compensation Committee compared total compensation opportunities (which include base salary, target annual incentive and the targeted value of long-term incentives), as well as each individual element of pay, to the Competitive Pay Peer Group. The Compensation Committee selected the Competitive Pay Peer Group based upon relative size to the Company, business mix and profitability. The Compensation Committee intends for the Named Executive Officers’ compensation to be competitive with market practices, but does not benchmark to any particular percentile within the Competitive Pay Peer Group. Rather, the Compensation Committee used the market data as one reference point in its compensation decisions, along with many other factors, such as the individual’s performance, expectations regarding future potential contributions, retention strategies, and the Company’s performance as a whole.

The Compensation Committee also approved a second peer group to compare the Company’s relative overall financial performance when calculating annual cash bonus awards, or the Financial Performance Peer Group. The Compensation Committee selected the companies for the Financial Peer Group based on a higher performing subset of the Competitive Pay Peer Group and an additional set of higher performing companies identified as our competitive peers during the process leading up to the initial public offering of our common stock. As identified in the chart below, there is some overlap between the institutions that comprise our Competitive Pay Peer Group and our Financial Performance Peer Group.

*For comparison purposes, as of December 31, 2012, the Company's assets were approximately \$18.2 billion.

The Compensation Committee periodically reviews and may adjust the peer group companies as part of its regular review of executive compensation pay and practices in connection with future compensation decisions. As discussed above under "Governance and Evolving Compensation Practices," the Compensation Committee selected one peer group for 2013 for purposes of both (i) analyzing and establishing competitive pay for Executive Management, and (ii) comparing the Company's relative overall financial performance.

2012 Components of Executive Compensation

In 2012, the key elements of compensation for our Named Executive Officers generally consisted of base salary, annual cash bonuses and long-term incentives in the form of stock options. In addition, we maintain employment agreements with each Named Executive Officer that provide certain benefits as described below.

Annual Base Salaries

We believe that a significant portion of the Named Executive Officers' compensation should be variable and based largely on our performance. We also believe that base salaries should be reflective of our Named Executive Officers' roles and responsibilities. The Compensation Committee reviews salaries for the Named Executive Officers on an annual basis, as well as at the time of a promotion or other change in responsibilities. In general, the Compensation Committee increases base salary based upon its subjective evaluation of such factors as prevailing changes in market rates for equivalent executive positions in the Competitive Pay Peer Group, the individual's level of responsibility, tenure with us and overall contribution to us. The Compensation Committee also takes into account Mr. Clements' recommendations regarding salary increases for the other Named Executive Officers.

Based on that review, for 2012, the Compensation Committee approved base salary increases for the Named Executive Officers as described in the table below. The base salary increases for each Named Executive Officer were effective as of February 16, 2012. The higher percentage increase for Mr. Surface in 2012 reflected his increased leadership role and successful execution of our strategic initiatives in 2011.

Name	2011 Base Salary	\$ Amount of Increase	% Amount of Increase	2012 Base Salary
Mr. Clements	\$692,150	\$27,850	4.0 %	\$720,000
Mr. Wilson	\$599,500	\$24,000	4.0 %	\$623,500
Mr. Meeks	\$370,000	\$15,000	4.0 %	\$385,000
Mr. Surface	\$331,875	\$38,125	10.5 %	\$370,000
Mr. Fischer	\$325,000	\$15,000	4.6 %	\$340,000

Annual Cash Bonuses

Annual cash bonuses reward the Named Executive Officers for achieving short-term (annual) financial objectives. The Named Executive Officers participate in an annual cash bonus program pursuant to which they may earn cash awards based on either (1) the achievement of corporate performance goals established annually by the Compensation Committee or (2) a combination of corporate performance goals and the Compensation Committee's subjective assessment of individual performance. The Named Executive Officers had historically participated in our Senior Management Incentive Plan, or SMIP. Following consummation of our initial public offering in May 2012, the Named Executive Officers transitioned to our EverBank Financial Corp 2011 Executive Incentive Plan, or the Executive Incentive Plan. Participation under the Executive Incentive Plan did not result in any changes to the annual cash bonus potential for each Named Executive Officer or the performance criteria used to calculate such bonuses previously established by the Compensation Committee in March 2012 under the SMIP. When calculating bonuses as a percentage of salary, the Company used the base salary of each Named Executive Officer as of December 31, 2012.

General Discussion of Performance Criteria. Messrs. Clements, Wilson, Meeks and Fischer earn cash bonuses based solely on the achievement of pre-established corporate performance goals. Mr. Surface earns a cash bonus based on a combination of the achievement of pre-established corporate performance and individual performance goals (designated percentages of the basis for achievement of awards is indicated below). As discussed in greater detail below, Mr. Surface's cash bonus is based on achievement of both corporate and individual performance goals because his effectiveness in the area of Corporate Development is not entirely reflected in the financial metrics on which the Company judges its overall performance. The Compensation Committee established a target annual cash bonus expressed as a percentage of base salary for each Named Executive Officer, as set forth below.

Performance Criteria Applicable to Named Executive Officers

Name	Target Percentage of Base Salary Based on	Target Percentage of Base Salary Based on	Total Target Bonus (Percentage of Base
------	--	--	---

	Corporate Performance		Individual Performance		Salary)	
Mr. Clements	140	%	—	%	140	%
Mr. Wilson	130	%	—	%	130	%
Mr. Meeks	100	%	—	%	100	%
Mr. Surface	60	%	20	%	80	%
Mr. Fischer	70	%	—	%	70	%

Corporate Performance Criteria for Annual Cash Bonuses. The 2012 annual bonus opportunity for our Named Executive Officers under the Executive Incentive Plan was based, in whole or in part, on our achievement of ROE targets. We measured ROE using a combination of (i) absolute ROE targets (weighted at 75%) and (ii) our ROE performance relative to our Financial Performance Peer Group (weighted at 25%).

When calculating ROE, the Compensation Committee reserves the right to adjust the Company's reported net income (presented in accordance with accounting principles generally accepted in the United States of America, or GAAP) to ensure that the Executive Incentive Plan fairly compensates participants for the actual performance of the Company and not as a result of extraordinary items and events. These adjustments generally account for significant unusual and/or nonrecurring items and other factors that are determined to be appropriate by the Compensation Committee. For this reason, we refer to ROE as "adjusted ROE." A description of how the Compensation Committee calculated adjusted ROE for 2012 is included below.

The Compensation Committee believes such adjusted ROE is an appropriate performance goal for annual cash bonuses because this performance metric has meaningful bearing on long-term increases in stockholder value and the fundamental risk level and financial soundness of our business. In addition, the Compensation Committee believes that emphasizing adjusted ROE in 2012 was appropriate because, in light of the economic uncertainty that was expected for 2012 and the increased costs associated with the sweeping regulatory changes affecting us in 2012, the achievement of superior performance would be more meaningful than in past years.

2012 Absolute and Relative ROE Targets. In order to align incentive payments with our overall corporate performance goals, the Compensation Committee established the following target ranges to measure absolute and relative adjusted ROE:

2012 Corporate Performance Factor						
Weighting		2012 Target	2012 Performance, as Adjusted	Payout Grid %	Payout Grid Company Adj. Achievement	
					ROE	Payout %*
75%	{ Absolute Adjusted ROE	10.3%	13.3%	135%	13.3%	135%
10.3%					100%	
6.3%					20%	
Weighting		2012 Target	Peer Rank	Payout Grid %	Payout Grid Peer Rank	
					Peer Rank	Payout %*
25%	{ Relative Adjusted ROE	Median	100%	135%	>75th Percentile	135%
Median					100%	
25th Percentile					20%	
<25th Percentile					0%	

*Note: Amounts in between are interpolated

Individual Performance Criteria for Mr. Surface. As discussed above, the 2012 annual bonus opportunity for Mr. Surface was based, in part, on our achievement of corporate performance goals and, in part, on his individual performance. Mr. Surface's individual performance goals primarily related to his oversight of the Company's evaluation and execution of strategic transactions and initiatives. His performance against these individual goals takes into account not only transactions which are completed, but also the effectiveness of the overall evaluation and acquisition process which may result in the Company's determination not to pursue a particular strategic opportunity. To determine the payout based in part on individual performance, the Compensation Committee subjectively assessed the individual performance of Mr. Surface in this area after receiving input from Messrs. Clements and Wilson, as appropriate. The portion of bonus tied to individual performance metrics is capped at 100% of target.

Determination of 2012 Annual Cash Bonuses. In 2012, the Company achieved an adjusted ROE of 12.4%. However, for purposes of calculating adjusted ROE to determine annual cash bonuses for 2012, the Compensation Committee approved an adjusted ROE of 13.3% as calculated below. The increase reflects an adjustment for the dilutive effective of the Company's May 2012 initial public offering of common stock.

Our adjusted ROE of 13.3% entitled Messrs. Clements, Wilson, Meeks, Surface and Fischer: (i) with respect to absolute ROE targets, to bonuses of 135% of their receptive target awards pursuant to the absolute ROE goals described above; and (ii) with respect to relative ROE targets, to bonuses of 135% of the target bonus award pursuant to the relative ROE goals described above.

In addition, the Compensation Committee determined based on the individual performance assessment described above that Mr. Surface earned 100% of his target payout under the individual component of the Executive Incentive Plan.

Based on the foregoing, the Compensation Committee paid the following annual cash bonuses to the Named Executive Officers:

Name	2012 Target Annual Cash Bonuses	Actual 2012 Annual Cash Bonuses	Actual 2012 Bonuses as % Of Base Salary	
Mr. Clements	\$1,008,000	\$1,360,800	189.0	%

The 2012 annual cash bonuses received by our Named Executive Officers are also shown in the “Non-Equity Incentive Plan Compensation” column of the Summary Compensation Table below.

Long-Term Equity Incentives

We place great importance on equity as a form of compensation, and stock ownership is a key objective of the compensation program. Historically, equity awards have constituted a significant portion of the Named Executive Officers’ compensation, primarily in the form of stock options, so as to tie compensation to stock price appreciation. As discussed above under “Governance and Evolving Compensation Practices,” the Company has historically granted equity awards only on an occasional basis, including in connection with the achievement of certain milestones and the commencement of employment. In 2012, the Compensation Committee reviewed its equity grant practices and

determined that, beginning in 2012, the Named Executive Officers, with the exception of Mr. Fischer, would receive equity grants on an annual basis. In light of the substantial equity awards granted to Mr. Fischer in 2011 in connection with the commencement of his employment with us, the Compensation Committee decided that Mr. Fischer would not receive an annual grant in 2012 and instead will receive annual equity awards beginning in 2013. The Compensation Committee retains discretion to grant equity awards at any time, including in connection with the promotion of an executive, to reward an executive, for retention purposes or in other circumstances recommended by Messrs. Clements or Wilson.

In 2012, each of Messrs. Clements, Wilson, Meeks, and Surface received 100% of his long-term equity incentive award in the form of stock options. The Compensation Committee believes that stock options effectively align the interests of the recipients with those of our stockholders because stock options only have value if the price of a share of our common stock as of the exercise date increases relative to the price of a share of our common stock on the date of the award. In general, stock options vest ratably over a period of years, or cliff-vest at the end of a multi-year period. The Compensation Committee believes that the multi-year vesting period encourages executives to focus on the long-term maximization of stockholder value. In addition, the longer vesting period acts as a retention tool. Stock options may also have additional performance criteria required for vesting, as decided by the Compensation Committee from time to time. The exercise price for each stock option is no less than the fair market value of our common stock as of the date of grant, as calculated in accordance with the methodology described below under “—Determining Fair Market Value of Our Common Stock.”

The Compensation Committee approved the following grant date target values of long-term equity incentives for each Named Executive Officer after considering the long-term equity incentive values in the Competitive Pay Peer Group, relative contributions by each executive and the equity awards received by the executive in prior years.

Name	LTI Grant Value (\$)
Mr. Clements	\$650,000
Mr. Wilson	600,000
Mr. Meeks	150,000
Mr. Surface	150,000
Mr. Fischer	-

The number of options generally is calculated by dividing the target amount of compensation to be delivered through the award by the estimated fair market value of each grant of options. In 2012, each of Messrs. Clements, Wilson, Meeks, and Surface received nonqualified stock options that cliff vest on the third anniversary of the grant date. See footnote 2 to the 2012 Grants of Plan-Based Awards table for additional information regarding such option grants.

Determining Fair Market Value of Our Common Stock. Prior to our May 2012 initial public offering, the Compensation Committee estimated the fair market value of our common stock for purposes of determining the exercise price of stock options and the value of restricted stock units based upon valuation multiples, including price-to-earnings and price-to-tangible book ratios of a peer group of publicly traded companies with comparable characteristics to us. The fair market value of our common stock used for these purposes had historically included a private security liquidity discount. Following our initial public offering, the fair market value of our common stock for purposes of determining the exercise price of stock options and the value of restricted stock units will be the market closing price on the date of grant.

Policies Related to our Compensation Program

Stock Ownership Guidelines. We require our Named Executive Officers and all our Executive Vice Presidents to have a meaningful equity stake in the Company to further align their economic interests with those of our stockholders. Our Stock Ownership Guidelines are summarized in the following table:

Stock Ownership Guidelines

Position	As a Multiple of Salary
CEO	5x Base Salary
All Other NEOs	3x Base Salary
All Other EVPs	2x Base Salary

All shares held or controlled by a Named Executive Officer are considered in determining compliance with this ownership requirement, including, but not limited to, direct holdings, and unvested restricted stock units. Each person subject to the Stock Ownership Guidelines is required to hold shares until he satisfies the Stock Ownership Guidelines. Currently, each of the Named Executive Officers, other than Mr. Fischer, owns the requisite number of shares.

Insider Trading Policy. Consistent with our compensation philosophy of rewarding Named Executive Officers based on the Company's long-term success, the Company's Insider Trading Policy prohibits all employees, including the Named Executive Officers, from speculative trading in our stock (including prohibitions on buying call options and selling put options for our common stock) and places limitations on a Named Executive Officer's ability to conduct short-term trading, thus encouraging long-term ownership of our stock.

Clawback Policy. Pursuant to the Sarbanes-Oxley Act, if we are required to restate our financial results due to material noncompliance, as a result of misconduct, with financial reporting requirements under U.S. securities laws, our Chief Executive Officer and Chief Financial Officer must disgorge any bonus or other incentive-based or equity-based compensation paid to him (including profits realized from the sale of our securities) during the 12-month period following the first issuance or filing of the noncompliant financial information. Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, all public companies will be required to adopt a formal recoupment policy relating to incentive compensation impacted by restated financial statements, the parameters of which will not be contingent on any person's misconduct. The SEC has not yet issued the regulations that will describe the specific requirements for the policy required under the Dodd-Frank Act. We intend to address the new policy requirements after final regulations are released.

Tax Treatment of Various Forms of Compensation. Section 162(m) of the Code places a limit of \$1 million on the amount of compensation that public companies may deduct in any one year with respect to its Named Executive Officers other than the Chief Financial Officer, unless the compensation qualifies as “performance-based”. However, pursuant to a Section 162(m) transition rule, until the annual meeting of our stockholders in 2016, or until the 2011 Omnibus Equity Incentive Plan and Executive Incentive Plan are materially amended, if earlier, awards (including our annual cash bonuses) granted under such plans will be exempt from the deduction limits of Section 162(m). In order for awards granted after the expiration of such transition period to be exempt, each of the 2011 Omnibus Equity Incentive Plan and Executive Incentive Plan must be resubmitted for approval by our stockholders.

Other Benefits

Our Named Executive Officers participate in various health, life and disability plans that are generally made available to all salaried employees. These plans consist of the following:

- our 401(k) Savings Plan, which in 2012 permitted employees to contribute up to 100% of their pre-tax compensation, up to certain IRS compensation deferral amount limits, with Company matching contributions of up to 4% of the employees’ eligible compensation contributions;
- Profit Sharing under the 401(k) Savings Plan;
- a health care plan that provides medical and dental coverage for all eligible employees; and

- certain other welfare benefits (such as sick leave, vacation, etc.).

In general, Company-provided benefits are designed to provide a safety net of protection against the financial catastrophes that can result from illness, disability or death, and to provide a reasonable level of retirement income based on years of service with us. These benefits help us to be competitive in attracting and retaining employees. Benefits also help to keep employees focused without distractions related to health care costs, adequate savings for retirement and similar issues. The Compensation Committee concluded that these employee benefit plans are consistent with industry standards. In 2012, we did not offer any additional retirement or deferred compensation plans or benefits to our Named Executive Officers.

The Company also provides the Named Executive Officers with certain limited perquisites and other personal benefits that the Company believes are reasonable and consistent with the Company's overall compensation program to better enable the Company to attract and retain employees. Messrs. Clements and Wilson have access to use of the Company's aircraft for personal use, but they reimburse the Company for the incremental cost of such use. In addition, in 2012, each of Messrs. Clements, Wilson, Meeks and Surface (along with each other holder of the Company's previously outstanding Series A 6% Cumulative Convertible Preferred Stock) received a one-time special cash dividend payment in connection with the mandatory conversion into common stock of their Series A 6% Cumulative Convertible Preferred Stock. The special cash dividend payments to Messrs. Clements, Wilson, Meeks and Surface included tax gross-up payments of \$246,580, \$158,866, \$131,293 and \$39,703, respectively, which were intended to reimburse the shareholders for the tax resulting from the Company-mandated conversion of the preferred stock in connection with the Company's initial public offering of common stock. For additional detail on the perquisites provided to the Named Executive Officers, please refer to footnote 5 to the Summary Compensation Table below.

Employment and Severance Arrangements

Employment agreements secure the services of key talent within the highly competitive financial services industry in which we operate. Generally, we enter into employment agreements with high performing and long-term potential senior employees and structure the agreements to carefully balance the individual financial goals of the executives relative to our needs and those of our stockholders. Each of the Named Executive Officers has entered into an employment agreement with us.

The employment agreements define compensation and benefits payable in certain termination scenarios, giving the executives some certainty regarding their individual outcomes under these circumstances. Each employment agreement includes provisions that (1) prohibit the executive from competing against us (or working for a competitor) during a specified period after the executive leaves us, and (2) provide severance payments upon the executive's termination of employment by us for other than "cause" or by the executive for "good reason," or, in the case of Mr. Meeks, upon his resignation for any reason. We believe the employment agreements are a necessary component of the compensation package provided to Messrs. Clements, Wilson, Meeks, Surface and Fischer because: (1) the noncompetition provisions protect us from a competitive disadvantage if one of the executives leaves us; and (2) the severance provisions serve as an effective recruiting and retention tool. The Compensation Committee approves the initial employment agreements and then reviews the agreements on an as-needed basis, based on market trends or on changes in our business environment.

The specific terms of these employment arrangements, as well as an estimate of the compensation that would have been payable had they been triggered as of fiscal year-end, are described in detail in "—Additional Information Regarding Executive Compensation—Potential Payments Upon a Change in Control" and "—Additional Information Regarding Executive Compensation—Potential Payments Upon Termination of Employment."

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the above Compensation Discussion and Analysis (CD&A) included in this proxy statement. Based on the Compensation Committee's review and discussions with management, the Compensation Committee recommended to the Board that the CD&A be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2012, and in this proxy statement.

Additional Information Regarding Executive Compensation

Compensation Risk Assessment

In 2012, representatives of our legal department along with our Compensation Consultants and outside legal advisors conducted (and presented to the Compensation Committee) a risk assessment of our compensation plans and programs to determine whether incentive compensation programs are reasonably likely to have a material adverse effect on the Company. This risk assessment consisted of a review of cash and equity compensation provided to our employees, with a focus on incentive compensation plans which provide variable compensation to employees based upon our performance and that of the individual. The incentive plans are designed to provide a strong link between performance and pay. In the study, we found that our compensation programs include some of the following risk-mitigating characteristics:

- balance of short-and long-term incentive opportunities of fixed and variable compensation features;
- plans include multiple qualitative and quantitative metrics;
- compensation programs have strong governance and oversight with multi-level reviews to help mitigate the opportunity for individuals to receive short-term payouts for risky performance behaviors;
- comprehensive review of pay mix and levels for senior executives with line of sight; and
- the Compensation Committee approves performance awards for executive officers based on corporate and/or individual performance.

In light of the review, the Company concluded that the compensation programs are designed with the appropriate balance of risk and reward in relation to our overall business strategy and do not create risk that is reasonably likely to have a material adverse effect on us. The Company also concluded that risks can be effectively monitored and managed. The Compensation Committee agreed with the process undertaken and the findings associated with this risk assessment and will continue to consider compensation risk implications during its deliberations on designing our compensation programs.

- We maintain an employment agreement with each of our Named Executive Officers. The employment agreements outline the terms of our compensation arrangement with each executive, including base salaries, bonuses and benefits. Base salary plays a relatively modest role in overall compensation because we believe compensation should be based largely on our performance. The terms of post-employment compensation and benefits under the employment agreements are described in further detail below in “—Potential Payments Upon Termination of Employment.”
- (1) Mr. Fischer began employment with us in April 2011. His base salary for 2011 was pro-rated accordingly. Reflects the aggregate grant date fair value of option awards. These amounts were computed in accordance with Financial Accounting Standards Board’s Accounting Standards Codification Topic 718, or ASC Topic 718,
- (2) Compensation—Stock Compensation. The assumptions used in calculating these amounts are incorporated by reference to Note 21 to the financial statements in our annual report on Form 10-K filed with the SEC on March 15, 2013. Reflects the dollar amount of non-equity incentive compensation amounts earned in 2012 and paid in 2013 under the Executive Incentive Plan and earned in 2011 and 2010 and paid in 2012 and 2011, respectively, under the SMIP. For more information regarding the non-equity incentive compensation amounts, see “—Compensation Discussion and Analysis.”
- (3) All Other Compensation for 2012 includes (i) profit sharing contributions of \$12,385 for each of Messrs. Clements, Wilson, Meeks and Surface, and \$7,052 for Mr. Fischer, (ii) 401(k) matching contributions of \$11,204, \$11,043, \$10,645, \$10,616 and \$10,402 for each of Messrs. Clements, Wilson, Meeks, Surface and Fischer, respectively, and (iii) tax gross-up payments of \$246,580, \$158,866, \$131,293 and \$39,703 for each of Messrs. Clements, Wilson, Meeks and Surface, respectively, related to the mandatory conversion of their Series A 6% Cumulative Convertible Preferred Stock. For more information regarding the tax gross-up payments, see “—Compensation Discussion and Analysis.” Perquisites and other personal benefits totaled less than \$10,000, as did certain other non-perquisite items. Accordingly, per SEC rules, such items have been excluded from this footnote.

Potential Payments Upon Termination of Employment

We have entered into employment agreements with each of our Named Executive Officers that provide for certain payments and benefits upon their termination of employment for various reasons.

Payments Made Upon Termination Without Cause or Good Reason

Messrs. Clements and Wilson. In the event of Mr. Clements' or Mr. Wilson's termination of employment by us without Cause or by the executive for Good Reason, and upon signing a general release of claims against the Company, the executive will be entitled to:

- severance equal to 2 times the average of his annual base salary in effect for the year in which termination occurs and his annual base salary during immediately preceding year, plus 2 times the average of his target bonus for the year in which his termination occurs and his actual bonus for the immediately preceding year, payable in installments over 24 months; and
- continued group health benefits for 18 months and, at the conclusion of such 18-month period, a lump sum cash payment in an amount equal to 6 times the monthly cost to us of such benefits.

As described below, each of Messrs. Clements and Wilson is subject to certain restrictive covenants during his employment with us, and for 18 months following his termination of employment. Prior to the completion of the first 12 months of such restriction period, the executive may elect to be released from the remaining 6 months of the restriction period, in which case he will forfeit the remaining cash severance payments that would otherwise would have been payable over the remaining 12 months and the group health benefits that would have been available to him over the remaining 12 months.

The employment agreements with Messrs. Clements and Wilson also provide that the executive will be entitled to a tax gross-up payment from us to cover any excise tax liability he may incur under Section 280G of the Code.

Mr. Meeks. Upon termination by Mr. Meeks for any reason or termination by us without Cause, Mr. Meeks will be entitled to his annual base salary in effect immediately preceding his termination, payable in equal installments over 12 months, and his target bonus in effect immediately preceding his termination, which is payable within 45 days following termination. He is also entitled to continued group health benefits for a period of 12 months. In the event that, for the year of termination, actual results under our bonus program would have resulted in Mr. Meeks receiving an above-target bonus payment, we will pay to Mr. Meeks an additional payment equal to the amount by which his bonus, using actual results, exceeds the amount that he received using his target bonus in effect immediately preceding his termination, payable within 90 days following the end of the plan year. Further, all unvested options will expire on the date of termination except those that would otherwise vest no later than 45 days after termination, and those will vest on termination.

Messrs. Surface and Fischer. In the event of Mr. Surface's or Mr. Fischer's termination of employment by the Company without Cause or by the executive for Good Reason, and the executive signs a general release of claims against the Company, he will be entitled to:

- severance equal to his annual base salary in effect immediately preceding his termination, plus his target bonus in effect immediately preceding his termination, payable in installments over 12 months; and
- continued group health benefits for a period of 12 months.

Definitions Applicable to Agreements. For purposes of all such employment agreements, the following definition applies:

- "Cause" generally means the executive's (1) willful and substantial failure or refusal to perform his duties; (2) material breach of his fiduciary duties to the Company; (3) gross negligence or willful misconduct in the execution of his professional duties (or, in the case of Mr. Meeks, willful misconduct of laws, rules and regulations) which is materially injurious to the Company; or (4) illegal conduct which results in a conviction of a felony (or a no contest or nolo contendere plea thereto) and which is materially injurious to the business or public image of the Company.

For purposes of the employment agreements with Messrs. Clements, Wilson, Surface and Fischer, the following definition applies:

“Good Reason” generally means (1) the assignment to executive of duties that are inconsistent with his duties as contemplated under the employment agreement; (2) an adverse change in the executive’s position as a result of significant diminution in his duties or responsibilities; (3) a reduction in the executive’s base salary and/or target bonus opportunity; (4) relocation of executive’s principal office more than 50 miles; or (5) the Company’s breach of its material obligations under the employment agreement.

Restrictive Covenants

The employment agreements each contain confidentiality covenants that apply during and following the executives’ employment with us. The agreements also contain certain non-compete and non-solicitation obligations that, in the case of Messrs. Clements and Wilson, continue for a certain period of 18 months following termination (or 12 months if the executive elects to forfeit a portion of his severance, as discussed above), and in the case of Messrs. Meeks, Surface and Fischer, continue for a period of 12 months following the executive’s termination of employment.

Summary of Termination Payments and Benefits

The following table summarizes the approximate value of the termination payments and benefits that each of our Named Executive Officers would receive if he had terminated employment at the close of business on December 31, 2012. The table does not include certain amounts that the Named Executive Officer would be entitled to receive under certain plans or arrangements that do not discriminate in scope, terms or operation, in favor of our executive officers and that are generally available to all salaried employees, such as our 401(k) plan. It also does not include values of awards that would vest normally on or prior to December 31, 2012.

Reflects (i) for Messrs. Clements and Wilson, an amount equal to two times the average of the executive officer's annual base salary in effect for the year in which termination occurs and his annual base salary during the immediately preceding year, plus two times the average of his target bonus in effect for the year in which termination occurs and his actual bonus for the immediately preceding year; and (ii) for Messrs. Mr. Meeks will receive severance following his resignation for any reason or termination by us without Cause.

Potential Payments Upon a Change in Control

The following table summarizes the approximate value of the payments that each of our Named Executive Officers would receive if (i) a change in control of the Company occurred on December 31, 2012, regardless of whether his employment was terminated in connection with the change in control, or (ii) a change in control of the Company occurred on December 31, 2012, and the Named Executive Officer terminated employment for Good Reason or we had terminated his employment without Cause as of such date. The table does not include values of awards that would vest normally on or prior to December 31, 2012:

- (6) The calculation of the estimated 280G gross-up payment is based upon a 280G excise tax rate of 20%, a 35% federal income tax rate, and a 1.45% Medicare tax rate. Neither Mr. Clements nor Mr. Wilson would have incurred a 280G excise tax in connection with a change in control and termination of employment occurring on December 31, 2012. Messrs. Meeks, Surface and Fisher are not entitled to a gross-up payment under their employment agreements.

The restrictions on the restricted stock units lapse on March 28, 2013, one year from the date of grant. Other than the restricted stock units granted on March 28, 2012, our non-employee directors do not hold any unvested stock awards or any option awards.

Description of Director Compensation Program

In February 2012, our Compensation Committee engaged the Compensation Consultants to evaluate our compensation practices for non-employee directors. In March 2012, we adopted the following cash compensation program for non-employee directors serving on our Board of Directors:

- \$50,000 annual retainer fee for serving on the Board of Directors, payable on a quarterly basis;
- \$15,000 annual retainer fee for the Chairman of our Audit Committee, payable on a quarterly basis;
- \$10,000 annual retainer fee for the Chairman of our Risk Committee, payable on a quarterly basis;
- \$7,500 annual retainer fee for the Chairman of our Compensation Committee, payable on a quarterly basis; and
- \$5,000 annual retainer fee for the Chairman of our Nominating and Corporate Governance Committee, payable on a quarterly basis.

From time to time, our directors are encouraged to attend Director Workshops held by the Office of the Comptroller of the Currency. In addition to reimbursing those directors who attend such meetings all reasonable travel expenses, hotel and meals, we pay such directors an attendance fee of \$1,500 per meeting.

In addition to the cash compensation component described above, each non-employee director of our Board of Directors is eligible to receive an annual award of restricted stock units having a value of \$50,000. As noted above, non-employee directors associated with certain institutional holders will receive \$50,000 in cash compensation in lieu of the restricted stock units in light of various regulatory considerations. The restrictions will lapse on each such annual grant of restricted stock units in full one year from the grant date. Those non-employee directors receiving cash in lieu of restricted stock units will receive the \$50,000 on the same date the restrictions lapse on the restricted stock units. We have either granted restricted stock units or accrued for the \$50,000 cash payment in lieu of restricted stock units to our non-employee directors for 2012.

Commencing with our 2013 annual stockholder meeting, each director elected at such meeting will either be granted on such meeting date an award of restricted stock units having a value of \$50,000 or be eligible to receive \$50,000 in cash compensation in lieu of restricted stock units on the same date the restrictions lapse on the restricted stock units granted on such meeting date. The number of restricted stock units to be granted will be determined based on the closing price of the Company's common stock on the grant date (or as of the next succeeding business day if the grant date is not a trading date).

We reimburse our non-employee directors for travel, lodging and other reasonable expenses incurred in connection with their attendance at Board of Director and committee meetings. We do not compensate our directors who are employed by us for their services as directors.

Certain of our directors who joined our Board of Directors on or before December 30, 2010, and who continued to serve for a minimum of five years, were eligible to receive a \$5,000 credit for each year of service on our Board of Directors up to \$50,000 payable upon their departure from our Board of Directors. These deferred amounts are not

eligible for above-market or preferential earnings. This policy was frozen in December 2010 and is not available to directors who joined our Board after such date. Each of our non-employee directors, with the exception of Messrs. Armstrong and Hinkel, is eligible to receive a payment of up to \$50,000 when they leave our Board, the exact amount of which will depend on the years of service on our Board. Mr. Commander will receive the full \$50,000 upon his departure from the Board of Directors following the Annual Meeting.

Stock Ownership Guidelines for Non-Employee Directors

We require our non-employee directors to own meaningful equity stake in the Company to further align their economic interests with stockholders. Our directors are required to own a number of shares of Company stock having a value of not less than \$150,000. All shares held or controlled by a director are considered in determining compliance with this ownership requirement, including, but not limited to, direct and indirect holdings and unvested restricted stock units granted by the Company. Each director will be required to hold shares of Company stock until he satisfies the Stock Ownership Guidelines. Currently, each non-employee director, other than Messrs. Sanford and Schifter, owns the requisite number of shares.

PROPOSAL 2—RATIFICATION OF SELECTION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

General

The Audit Committee has selected Deloitte & Touche LLP to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2013. The Board recommends that the stockholders ratify the selection of Deloitte & Touche LLP. In the event that the selection is not ratified by the required stockholder vote, it is anticipated that no change in auditors would be made for the current year because of the difficulty and expense of making any change during the current year, but the vote would be considered in connection with the engagement of independent auditors for 2014.

Deloitte & Touche LLP has been engaged to provide auditing services and also to provide tax services and general accounting advice. In making this selection, the Audit Committee considered whether the engagement by the Company of Deloitte & Touche LLP for services other than audit services is compatible with Deloitte & Touche LLP's independence.

Deloitte & Touche LLP served as the Company's independent auditors for the fiscal year ended December 31, 2012, and a representative of the firm will be present at the Annual Meeting to make a statement if he or she so desires and to respond to appropriate questions from stockholders.

Fees

The aggregate fees paid to Deloitte & Touche LLP by the Company during 2012 and 2011 are set forth in the following table:

	2012	2011
Audit fees ⁽¹⁾	\$ 2,843,519	\$ 2,342,273
Audit related fees ⁽²⁾	1,656,164	1,618,634
Tax fees ⁽³⁾	716,760	842,236
All other fees ⁽⁴⁾	486,321	60,000
Total fees	\$ 5,702,764	\$ 4,863,143

Audit fees include fees associated with the annual audit of the Company's consolidated financial statements and

(1) internal control over financial reporting, SEC regulatory filings, various acquisitions, statutory audits, and financial audits of subsidiaries.

(2) Audit related fees include fees associated with reviews of the Company's quarterly reports on Form 10-Q, and fees for assurance related to offerings of the Company's securities, not reported under "Audit fees".

(3) Tax fees include fees associated with tax compliance services, tax advice, and tax planning.

(4) All other fees were comprised of fees for permissible advisory services.

In accordance with the Audit Committee Charter, the Audit Committee must pre-approve any engagement of Deloitte & Touche LLP for audit or non-audit services. The Audit Committee has delegated to its chairperson the authority to pre-approve permissible non-audit services. Any such approval of non-audit services pursuant to this delegation of the full Audit Committee's authority must be presented to the Audit Committee at its next regular meeting.

Board of Directors Recommendation

The Board unanimously recommends you vote “FOR” this Proposal 2, the ratification of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board is currently comprised of three directors, each of whom have been determined to be independent by the Board, as required by applicable securities laws and regulations and rules of the NYSE, and financially literate based on standards adopted by the NYSE and the Board. The Company's audited financial statements as of and for each of the three years in the period ended December 31, 2012, are included in the Company's Annual Report on Form 10-K for the 2012 fiscal year. The Company, acting through its management and the Board, has the primary responsibility for the financial statements and the reporting process, including the systems of internal accounting controls. Deloitte & Touche LLP, independent auditors engaged by the Company, are responsible for planning and conducting the annual audit, for expressing an opinion on the conformity of the Company's audited financial statements with U.S. generally accepted accounting principles and for annually auditing the effectiveness of the Company's internal controls over financial reporting.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board. In fulfilling its oversight responsibilities, the Committee has reviewed and discussed the audited financial statements with the Company's management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, the clarity of disclosures in the financial statements and the effectiveness of internal controls over financial reporting.

The Audit Committee has reviewed with Deloitte & Touche LLP their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under auditing standards generally accepted in the United States, including the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1 AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee has received the written disclosures and letter from Deloitte & Touche LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding Deloitte & Touche's communications with the Audit Committee concerning independence, and has discussed with Deloitte & Touche LLP their independence in relation to the Company.

The Audit Committee has discussed with the Company's internal auditors and Deloitte & Touche LLP the overall scope and plans for their respective audits. The Committee regularly meets with the Company's internal auditors and Deloitte & Touche LLP, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal accounting and financial reporting controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Audit Committee Charter, the Audit Committee approved including the audited financial statements in the Annual Report on Form 10-K for the year ended December 31, 2012, for filing with the SEC.

PROPOSALS OF STOCKHOLDERS

Proposals by stockholders intended to be presented at the Company's 2014 annual meeting of stockholders must be received by the Company, at its principal office at 501 Riverside Ave., Jacksonville, FL, 32202, not earlier than December 3, 2013 and not later than January 3, 2014, for consideration for possible inclusion in the proxy statement relating to that meeting.

In addition to any other applicable requirements, for business to be properly brought before an annual meeting by a stockholder even if the proposal is not to be included in the Company's proxy statement, the Company's by-laws provide that the stockholder must give timely notice in writing to the Company's Corporate Secretary at least ninety (90) days, but no more than one hundred twenty (120) days prior to the anniversary of the date on which we first mailed or delivered our proxy materials or Notice of Internet Availability of Proxy Materials, as applicable, for the Annual Meeting; provided that in the event that the Company's 2014 annual meeting of stockholders is called for a date that is not within twenty-five (25) days before or after such anniversary date, notice to be timely must be so received not later than the close of business on the tenth (10th) day following the day on which such notice of the date of the Annual Meeting was mailed or such public disclosure of the date of the Annual Meeting was made, whichever first occurs. Any notice must include the following information: (i) as to each matter such stockholder proposes to bring before the annual meeting, a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting; (ii) the name and record address of such stockholder; (iii) the class and total number of shares of all stock of the Company that are owned beneficially or of record by the stockholder and any affiliates or associates of the same; (iv) the name of each nominee holder of shares of stock of the Company owned beneficially but not of record by such stockholder, and the class and total number of shares of all stock of the Company held by such nominee holder; (v) whether and the extent to which any derivative instrument, swap, option, warrant, short interest, hedge or profit interest or other transaction has been entered into by or on behalf of such stockholder, or any affiliates or associates of such stockholder, with respect to stock of the Company; (vi) whether and the extent to which any other transaction, agreement, arrangement or understanding (including any short position or any borrowing or lending of shares of stock of the Company) has been made by or on behalf of such stockholder, or any affiliates or associates of such stockholder, the effect or intent of any of the foregoing to mitigate loss to, or to manage risk or benefit of stock price changes for, such stockholder, or any affiliates or associates of such stockholder, or to increase or decrease the voting power or pecuniary or economic interest of such stockholder, or any affiliates or associates of such stockholder, with respect to stock of the Company; (vii) a description of all agreements, arrangements, or understandings (whether written or oral) between such stockholder, or any affiliates or associates of such stockholder, and any proposed nominee or any other person or persons (including their names) pursuant to which the nomination(s) are being made by such stockholder, and any material interest of such stockholder, or any affiliates or associates of such stockholder, in such nomination, including any anticipated benefit therefrom to such stockholder, or any affiliates or associates of such stockholder; (viii) a representation that the stockholder giving notice intends to appear in person or by proxy at the Annual Meeting to nominate the persons named in its notice; and (ix) any other information relating to the stockholder that Regulation 14A of the Securities Exchange Act of 1934, as amended, requires us to disclose in solicitations for proxies for the election of directors. A proxy may confer discretionary authority to vote on any matter at an annual meeting if the Company does not receive proper notice of the matter within the time frame described above.

The by-laws of the Company include provisions requiring advance notice of a stockholder's nomination of members of the Board. For a description of the procedure please see "Board Composition—Stockholder Nominations for Election to the Board" above.

IMPORTANT NOTICE REGARDING DELIVERY OF SECURITY HOLDER DOCUMENTS

The SEC has adopted rules that permit companies and intermediaries (such as banks and brokers) to satisfy the delivery requirement for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report addressed to all holders at that address. This process is commonly known as “householding.” To conserve resources and reduce expenses, we consolidate materials under these rules when possible. Stockholders who participate in householding will receive separate proxy cards.

Because we are using the SEC’s notice and access rule and are delivering proxy materials electronically, we will not household our proxy materials or notices to stockholders of record sharing an address. This means that stockholders of record who share an address will each be mailed a separate Notice of Internet Availability of Proxy Materials. However, certain brokerage firms, banks, or similar entities holding our common stock for their customers may household proxy materials or notices. Stockholders sharing an address whose shares of our common stock are held in street name should contact their broker if they now receive (1) multiple copies of our proxy materials or notices and wish to receive only one copy of these materials per household in the future, or (2) a single copy of our proxy materials or notice and wish to receive separate copies of these materials in the future. If at any time you would like to receive a paper copy of the annual report or proxy statement, please write to Investor Relations, EverBank Financial Corp, 501 Riverside Ave., Jacksonville, FL 32202 or call us at 904-281-6000.

EXPLANATORY NOTE

We are an “emerging growth company” under applicable federal securities laws and are therefore permitted to take advantage of certain reduced public company reporting requirements. However, to date, we have chosen not to avail ourselves of “emerging growth company” status for any purposes other than the exemptions from the requirements of holding a nonbinding advisory vote on executive compensation. We will remain an “emerging growth company” until the earliest of (i) the last day of the fiscal year during which we have total annual gross revenue of \$1 billion or more; (ii) the last day of the fiscal year following the fifth anniversary of the sale by us of common equity securities pursuant to an effective registration statement under the Securities Act; (iii) the date on which we have, during the previous three-year period, issued more than \$1 billion in non-convertible debt; and (iv) the date on which we are deemed to be a “large accelerated filer,” as defined under the Exchange Act. We expect that by next year we will no longer be an “emerging growth company,” and as a result, will hold a nonbinding advisory vote on executive compensation in 2014.

OTHER BUSINESS

The Company does not know of any business to be presented for action at the meeting other than those items listed in the notice of the meeting and referred to herein. If any other matters properly come before the meeting or any adjournment thereof, it is intended that the proxies will be voted in respect thereof by and at the discretion of the persons named as proxies on the proxy card.
