Item 4.02(a) Non-Reliance on previously Issued Financial statements or a Related Audit Report or Completed Interim Review

W&T Offshore, Inc. with its subsidiaries are referred to herein as “W&T,” “we,” “us,” “our,” the “Company” or similar terms. Our interest in fields, leases, structures and equipment are primarily owned by W&T Offshore, Inc. (on a stand-alone basis, the “Parent Company”) and its 100%-owned subsidiary, W & T Energy VI, LLC (“Energy VI”).

Restatement of Previously Issued Financial Statements

On November 4, 2015, management presented to the Audit Committee of our Board of Directors (the “Audit Committee”) its recommendation that it was necessary to restate certain unaudited quarterly financial statements previously issued in 2015 in order to correct the Condensed Consolidated Statements of Cash Flows within those unaudited quarterly financial statements. The Audit Committee concurred with this recommendation.

In connection with the preparation and review of the financial statements included in the Quarterly Report on Form 10-Q for the period ended September 30, 2015, we determined that we had been incorrectly presenting Net cash from operating activities and Net cash used in investing activities on the Condensed Consolidated Statements of Cash Flows by not properly adjusting amounts for non-cash activity related to investing activities. This resulted in Net cash from operating activities being understated and Net cash used in investing activities being understated for the three month period ended March 31, 2015 and the six month period ended June 30, 2015. In addition, the corresponding Condensed Consolidating Statements of Cash Flows contained within the Supplemental Guarantor Information included in the notes to those condensed consolidated financial statements had the same items understated for the same periods.

In applying guidance under Accounting Standards Codification Topic 250 – Accounting Changes and Error Corrections, we determined the error in presentation was material to the Condensed Consolidated Statements of Cash Flows for the three months ended March 31, 2015 and for the six months ended June 30, 2015.

The summary of the effects of the adjustments in the Condensed Consolidated Statements of Cash Flows are as follows (in thousands):

	Three Months Ended March 31, 2015		
	As Previously Reported		As Restated
	Adjustment		
Condensed Consolidated Cash Flows (W&T including subsidiaries)			
Net cash provided by operating activities	742	52,176	52,918
Net cash used in investing activities	(82,991)	(52,176)	(135,167)
Net cash provided by financing activities	66,950	—	66,950
Decrease in cash and cash equivalents	(15,299)	—	(15,299)
Cash and cash equivalents, end of period	8,367	—	8,367

Six Months Ended June 30, 2015

These adjustments did not have any effect on our Condensed Consolidated Balance Sheet, Condensed Consolidated Statements of Operations, Condensed Consolidated Statements of Changes in Shareholders' Equity (Deficit), Condensed Consolidating Balance Sheets or the Condensed Consolidating Statements of Operations as of such dates and periods. The adjustments had no effect on our cash balances or liquidity.

Accordingly, the previously issued condensed consolidated financial statements for the three months ended March 31, 2015 and for the six months ended June 30, 2015 should no longer be relied upon. We are amending our Quarterly Reports for these periods to restate the Condensed Consolidated Statements of Cash Flows and the Condensed Consolidating Statements of Cash Flows and revise certain related information, including the discussion of our internal controls and procedures.

We have filed our Quarterly Report Form 10-Q for the period ended September 30, 2015, which has correctly adjusted items within the Condensed Consolidated Statements of Cash Flows and the Condensed Consolidating Statements of Cash Flows.

Our management, including our Audit Committee and our Chief Financial Officer, has discussed the matter related to the restatement described above with Ernst & Young LLP, our independent registered public accounting firm.

Management has considered the effect of the restatements on the effectiveness of our disclosure controls and procedures and internal control over financial reporting. Management has concluded that a material weakness in internal control over financial reporting existed during each of the affected interim periods for our operating controls related to the preparation of the Condensed Consolidated Statement of Cash Flows. Accordingly, our disclosure controls and procedures and internal control over financial reporting for the interim periods described above were not effective due to the material weakness related to the Condensed Consolidated Statements of Cash Flows as of the last date of the periods presented. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the annual or interim financial statements will not be prevented or detected on a timely basis.

Forward-Looking Statements

Statements contained in this Form 8-K should be read in conjunction with our Annual Report on Form 10-K for the year ended December 31, 2014 and other subsequent reports as some statements may be construed as forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934 ("the "Exchange Act"), which involve risks, uncertainties and assumptions. If the risks or uncertainties materialize or the assumptions prove incorrect, our results may differ materially from those expressed or implied by such forward-looking statements and assumptions. All statements other than statements of historical fact are statements that could be deemed forward-looking statements, such as those statements that address activities, events or developments that we expect, believe or anticipate will or may occur in the future. These statements are based on certain assumptions and analyses made by us in light of our experience and perception of historical trends, current conditions, expected future developments and other factors we believe are appropriate in the circumstances. Known material risks that may affect our financial condition and results of operations are discussed in Item 1A, Risk Factors, and market risks are discussed in Item 7A, Quantitative and Qualitative Disclosures About Market Risk, of our Annual Report on Form 10-K and may be discussed or updated from time to time in subsequent reports filed with the SEC. Readers are cautioned not to place undue reliance on forward-looking statements, which speak only as of the date hereof. We assume no obligation, nor do we intend to update these forward-looking statements.
