REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and

Plan Administrator of the

Granite Construction Profit Sharing and 401(k) Plan

Opinion on the Financial Statements

We have audited the accompanying Statements of Net Assets Available for Benefits of Granite Construction Profit Sharing and 401(k) Plan (the “Plan”) as of December 31, 2017 and 2016, the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2017, and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the Net Assets Available for Benefits of the Plan as of December 31, 2017 and 2016, and the Changes in Net Assets Available for Benefits for the year ended December 31, 2017 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Plan’s management. Our responsibility is to express an opinion on the Plan’s financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (“PCAOB”) and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures to respond to those risks. Such procedures included

examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Supplemental Information

The supplemental information included in Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions for the year ended December 31, 2017 and Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2017 have been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental information is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information in the accompanying schedules, we evaluated whether the supplemental information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion, the supplemental information in the accompanying schedules is fairly stated in all material respects, in relation to the financial statements as a whole.

Granite Construction Profit Sharing and 401(k) Plan

Notes to Financial Statements

1. Description of Plan

General

The following description of the Granite Construction Profit Sharing and 401(k) Plan (“Plan”) provides only general information. For a more complete description of the Plan’s provisions, refer to the Plan document.

The Plan is a defined contribution plan covering all eligible non-union employees of Granite Construction Incorporated and its participating subsidiaries (“Company”). An employee generally becomes eligible to elect to make contributions to the Plan as of his or her date of hire. For all other purposes under the Plan, an employee generally becomes a participant in the Plan as of the first day of the month coinciding with or following the date on which he or she is credited with six months of service (or as soon as administratively practicable thereafter). The Company does not guarantee the benefits provided by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

The Company has appointed an Administrative Committee (“Committee”) as the Plan administrator (“Administrator”). Other than with respect to the Granite Construction Incorporated Common Stock in the Granite Common Stock Fund or the Granite Construction Employee Stock Ownership Plan (“Granite ESOP Stock Fund”), the Committee has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan. An independent fiduciary selected by the Company has authority and responsibility related to investments in the Granite Common Stock Fund and Granite ESOP Stock Fund, the assets of which consist of Company common stock and non-interest bearing cash. All necessary and proper expenses incurred in the administration of the Plan are paid either by the Company or from Plan assets pursuant to the Plan document.

Effective May 12, 2017, T. Rowe Price Retirement Plan Services Inc., replaced Harbor International Fund, Institutional with Vanguard Total International Stock Index Fund, Admiral. In connection with such changes, there was a blackout period from May 8, 2017 through May 11, 2017.

Contributions

The Company may make profit sharing and / or matching contributions to the Plan. Profit sharing contributions from the Company may be contributed to the Plan in an amount (or under such formula) as determined by the Company's Board of Directors. Profit sharing contributions are payable solely out of the Company's current or accumulated earnings and profits. The profit sharing contribution shall not exceed the maximum amount deductible under the provisions of the Internal Revenue Code ("IRC"). The Company must pay the total profit sharing contribution to the Plan trustee before the date the Company is required to file its Federal income tax return (including extensions).

The Company's Board of Directors determines Company matching contributions to the Plan. Once employees have reached six months of service, they are eligible for employer match. For the year ended December 31, 2017, the rate of matching contributions equaled 100% of participant contributions up to a maximum of 6% of compensation. The Company's matching contribution is paid into the Plan at the same time as the participant contributions are paid into the Plan and are vested as described below.

All eligible Plan participants can make employee pre-tax contributions to the Plan of up to 50% of gross pay, and/or after-tax Roth contributions to the Plan of up to 50% of gross pay, not to exceed a combined total of pre-tax and after-tax contribution of \$18,500. The Plan also permits the automatic enrollment of eligible employees in the Plan with a contribution of 2% of eligible compensation, unless the employee affirmatively elects otherwise. Plan participants who reached age 50 during the Plan year have the option to make an additional "Catch Up" contribution on a pre-tax basis and/or after-tax Roth basis, not to exceed a combined total of pre-tax and after-tax contributions of \$6,000 in 2017.

F-5

Granite Construction Profit Sharing and 401(k) Plan

Notes to Financial Statements

Beginning with dividends paid in 2013, participants and beneficiaries who hold Company common stock in either Granite ESOP Stock Fund or Granite Common Stock Fund have the option for quarterly dividends to automatically reinvest in Company common stock or to be paid as a cash dividend.

Forfeitures

Company profit sharing contributions to participants leaving employment prior to the vesting of such contributions are forfeited by the participant. During 2017, such forfeitures were used to pay administrative expenses of the Plan and were immaterial. Forfeitures for each year not used to pay Plan expenses are contributed to participants on a per capita basis for each year in which the participant is employed by the Company as of the year end. During 2017, no forfeited profit sharing balances were allocated to participant accounts.

Administrative Expenses

The Company incurs accounting and certain administrative services for the Plan. Fees incurred by the Plan for the investment management services or record keeping services are paid by the Plan participants. Fee credits are generated from the investments in the Plan. These fee credits are allocated from the Plan to eligible participant's accounts on a quarterly basis. Approximately \$609,000 of fee credits were allocated to participants during 2017.

Participant Accounts

Contributions received by the Plan are deposited with the Plan trustee and custodian, T. Rowe Price Trust Company ("T. Rowe Price"). Each eligible participant's account balance is credited with an allocation of (a) the Company's 401(k) match and discretionary profit sharing contributions, if any, (b) Plan earnings or losses, (c) profit sharing forfeitures of terminated participant non-vested accounts, (d) participant contributions, and (e) fee credits. The discretionary profit sharing contributions are allocated based on eligible earnings as defined in the Plan document. Profit sharing forfeitures are allocated to eligible participant accounts in equal amounts as defined in the Plan document.

Notes Receivable from Participants

The Plan allows participants to borrow not less than \$1,000 and up to the lesser of \$50,000 or 50% of their vested Plan account balance. Notes Receivable from Participants (“Notes Receivable”) bear interest at prime rate plus 1% and must be repaid to the Plan within a five-year period, unless the Note Receivable is used for the purchase of a principal residence in which case the maximum repayment period may be extended not to exceed 15 years. Outstanding Notes Receivable at December 31, 2017 carried interest rates ranging from 4.25% to 5.25%.

Vesting of Benefits

The full amount of the participant’s profit sharing account balance becomes vested on his or her normal retirement date, as defined in the Plan document, or when his or her employment with the Company terminates by reason of death or total disability, or when his or her years of vesting service is completed as defined in the Plan document. For participants that work one or more hours on or after January 1, 2007, the full amount of the Company profit sharing contribution portion of the participant account balance becomes vested after three years of service.

The value of the participant’s elective contribution and Company matching contributions are fully vested immediately upon contribution to the Plan.

Granite Construction Profit Sharing and 401(k) Plan

Notes to Financial Statements

Distributions

On termination of service for any reason, including death or disability, participants with less than \$1,000 in their vested account balance and who have not elected a rollover will receive a lump sum payout of their vested account balance as prescribed in the Plan document. If the value of the participant's vested benefit is \$5,000 or less, but exceeds \$1,000 and they fail to provide instructions regarding the payment of their benefit, the benefit will be distributed in the form of a direct rollover to an Individual Retirement Account ("IRA") maintained by T. Rowe Price ("T. Rowe Price IRA"). Once the benefit has been transferred to the T. Rowe Price IRA, it will be invested in an investment product designed to preserve principal and provide a reasonable rate of return and liquidity. All reasonable fees associated with the T. Rowe Price IRA will be paid from the participant's account as prescribed in the Plan document.

Hardship Withdrawals

The Plan provides for withdrawals in the event of financial hardship, as defined in the Plan document.

Plan Investments

Participants may direct their Plan contributions into any of the designated investment options approved by the Committee. Included in the designated investment options are various mutual funds, a common/collective trust and Company common stock.

Effective January 1, 2016, there was a freeze of new investments, other than the reinvestment of dividends, into the Granite Common Stock Fund.

Granite Construction Profit Sharing and 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements have been prepared on an accrual basis in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and related disclosure of contingent assets and liabilities. The estimates, judgments and assumptions are continually evaluated based on available information and experiences; however, actual results could differ from those estimates.

Investment valuation and income recognition

Investments are stated at fair value. Accounting Standards Codification ("ASC") Topic 820, Fair Value Measurement, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC Topic 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and to minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- Level 1: Quoted prices in active markets for identical assets or liabilities.
- Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The Plan holds no assets valued using Level 2 and Level 3 inputs.

Units held in the Common/Collective Trust (“CCT”) are valued using the net asset value (“NAV”) practical expedient (NAV practical expedient) of the CCT as reported by the CCT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a CCT is calculated based on a compilation of primarily observable market information. The Stable Value Fund (“SVF”) imposes a 90-day “equity wash” provision on exchanges to competing funds.

All other assets held by the Plan are measured using Level 1 inputs. Common stock is valued at the closing price on the active market on which the individual securities are traded. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Granite Construction Profit Sharing and 401(k) Plan

Notes to Financial Statements

In the Statement of Changes in Net Assets Available for Benefits, the Plan presents the net appreciation or depreciation in the fair value of its investments which consists of the realized gains or losses and unrealized appreciation or depreciation on those investments. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investments

Investments fully described in the tables in Note 3 include an investment in the Granite Common Stock Fund, administered separately from the Plan. The Granite Common Stock Fund invests solely in Company common stock and from time to time accumulates non-interest bearing cash. As the Granite Common Stock Fund is an investment vehicle available only to the Plan and Plan participants, its assets are presented in this statement as though owned by the Plan.

Non-interest bearing cash

Non-interest bearing cash maintained by the Granite Common Stock Fund is made up of unsettled transactions related to the purchase and sale of Company common stock and, as discussed above, is presented as an asset of the Plan.

Distributions to participants or beneficiaries

Distributions to participants or beneficiaries are recorded when paid.

Notes Receivable from Participants

Notes Receivable are measured as unpaid principal balance plus any accrued but unpaid interest. Such notes are considered delinquent if any scheduled repayment remains unpaid for a predetermined amount of time based upon the terms of the Plan document. Delinquent notes receivable from participants meeting such terms are reclassified as

Deemed Distributions. No allowance for credit losses has been recorded as of December 31, 2017 or 2016.

Risks and uncertainties

The Plan provides for various investment options in any combination of common/collective trust, mutual funds, Company common stock or other investment securities which the Administrator may from time to time make available. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks among others. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across participant directed fund elections. Additionally, the investments within each investment fund option are further diversified into varied financial instruments, with the exception of the Granite Common Stock Fund, which primarily invests in the securities of a single issuer.

Granite Construction Profit Sharing and 401(k) Plan

Notes to Financial Statements

3. Fair Value Measurements

The Plan measures and discloses certain financial assets and liabilities at fair value. As of December 31, 2017 and 2016, the Plan's valuation methodology used to measure the fair values of common stock and mutual funds was derived from quoted market prices as substantially all of these instruments have active markets or contain underlying assets that may be so valued. As more fully described in Note 2, the CCT is valued using NAV practical expedient measuring the net asset value of the underlying investments at year end.

The methods described above for measuring fair values as of December 31, 2017 and 2016 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the techniques used at December 31, 2017 and 2016.

The following tables summarize each class of the Plan's investments:

	Fair Value Measurement at Reporting Date Using			
	Level 1	Level 2	Level 3	Total
December 31, 2017				
Mutual Funds	\$354,002,244	\$ —	\$ —	\$354,002,244
Common Stock	92,280,732	—	—	92,280,732
Total Assets in the fair value hierarchy	\$446,282,976	\$ —	\$ —	446,282,976
Investments measured at NAV practical expedient				27,806,326
Investments at fair value				\$474,089,302
December 31, 2016				
Mutual Funds	\$279,153,345	\$ —	\$ —	\$279,153,345
Common Stock	91,712,719	—	—	91,712,719
Total Assets in the fair value hierarchy	\$370,866,064	\$ —	\$ —	370,866,064
Investment measured at NAV practical expedient				27,548,571

Investments at fair value	\$398,414,635
---------------------------	---------------

4. Tax Status

The Internal Revenue Service (“IRS”) has determined and informed the Company by letter dated July 29, 2014 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (“IRC”) regarding tax exempt status. The Plan has been amended since receiving this favorable determination letter. The Administrator believes the Plan and the trust which forms a part of the Plan are designed and are currently operated in compliance with the applicable requirements of the IRC, and are thereby exempt from Federal income and State franchise taxes.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. No uncertain positions have been identified that would require such recognition or disclosure in the financial statements as of

F-10

Granite Construction Profit Sharing and 401(k) Plan

Notes to Financial Statements

December 31, 2017 and 2016. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no such audits.

5. Related Party and Party in Interest Transactions

The Plan provides for investment in Company common stock in the Granite Common Stock Fund and Granite ESOP Stock Fund. Any purchase or sale of Company common stock by administrators is performed in the open market and at fair value. These transactions qualify as party-in-interest transactions but are exempt from prohibited transaction rules.

Aggregate investment in Company common stock at December 31, 2017 and 2016 for each asset category is as follows:

	December 31,	
	2017	2016
Granite Common Stock Fund		
Fair Value	\$21,723,813	\$21,222,328
Number of Shares	342,485	385,860
Granite ESOP Stock Fund		
Fair Value	\$70,556,919	\$70,490,391
Number of Shares	1,112,359	1,281,643
Total Company common stock held		
Fair Value	\$92,280,732	\$91,712,719
Number of Shares	1,454,844	1,667,503

During the year ended December 31, 2017, Granite Common Stock Fund purchased \$1,379,985 and sold \$2,714,826 of Company common stock, and Granite ESOP Stock Fund purchased \$9,396,547 and sold \$10,233,668 of Company common stock.

6. Plan Termination

Although it has not expressed any intent to do so, the Company may terminate the Plan at any time. In the event of termination of the Plan, all participants who are employed by the Company at the date of termination will become 100% vested in their account balances.

7.Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2017 and 2016 to the Form 5500:

	December 31,	
	2017	2016
Net assets available for benefits per the financial statements	\$478,345,054	\$402,149,529
Amounts allocated to withdrawing participants	(121,320,958)	(98,323,682)
Net assets available for benefits per the Form 5500	\$357,024,096	\$303,825,847

F-11

Granite Construction Profit Sharing and 401(k) Plan

Notes to Financial Statements

The following is a reconciliation of distributions to participants per the financial statements for the year ended December 31, 2017 to the Form 5500:

Distributions to participants per the financial statements	\$27,381,953
Amounts allocated to withdrawing participants at December 31, 2017	121,320,958
Amounts allocated to withdrawing participants at December 31, 2016	(98,323,682)
Distributions to participants per Form 5500	\$50,379,229

The participant vested balances of employees who terminated or retired prior to December 31, 2017, and have not taken a distribution prior to December 31, 2017, are included in benefit claims payable on Schedule H of the Form 5500.

Deemed Distributions directly offset the affected participant's account balance and are otherwise treated and reported as a Plan distribution to the participant in the current reporting period.

8. Subsequent Events

The Plan has evaluated subsequent events for the period December 31, 2017 through June 22, 2018.

On June 14, 2018, the Company completed its acquisition of Layne Christensen Company ("Layne"), a U.S.-based global water management, construction and drilling company. The acquisition is completed following the approval by Layne stockholders and other customary closing conditions. In addition, on April 3, 2018, the Company acquired LiquiForce, a privately-owned company which serves public and private sector water and wastewater customers in both Canada and the U.S. The Company intends to merge Layne Christensen Company Capital Accumulation Plan and Liqui-Force 401(k) Plan during 2019.
