**LF-RB Management, LLC and Certain Shareholders File Preliminary Proxy Materials for the Election of Five Highly-Qualified Directors at the 2016 Annual Meeting of RiceBran Technologies**

- LF-RB Management, LLC and certain shareholders file preliminary proxy materials for election of five highly qualified individuals to the RiceBran Board
- The shareholders of RiceBran are entitled to long and overdue changes to the Board
- LF-RB Management has sought to work with the Board to improve strategy, cost structure, capital allocation, executive compensation and corporate governance

June 03, 2016 02:25 PM Eastern Daylight Time

NEW YORK--(BUSINESS WIRE)--LF-RB Management, LLC (“LF-RB”) and certain shareholders (collectively, the “LF-RB Group”), which beneficially own an aggregate of 952,569 shares of the common stock of RiceBran Technologies (“RIBT” or the “Company”) (Nasdaq: RIBT), filed preliminary proxy materials with the Securities and Exchange Commission on June 1, 2016, available at [www.sec.gov](http://www.sec.gov), seeking the election of five highly-qualified directors at the June 22, 2016 Annual Meeting of Shareholders of RIBT.

Many members of the LF-RB Group are long-term shareholders of the Company. Over this time, we have consistently sought to work constructively with the management and the Board in an effort to improve the Company’s strategy, cost structure, capital allocation, executive compensation, and corporate governance; all with the aim of creating long-term shareholder value.

“We have made repeated attempts to work cooperatively and constructively with the Company to achieve our objective of creating a Board that would truly represent the best interests of all shareholders. Unfortunately, throughout our discussions with the current RiceBran Board, the Board has failed to seriously address our concerns, and it has become clear that the Board will only take action in reaction to significant shareholder pressure. As a last resort, we are seeking your support to elect five highly qualified and experienced executives and investor/owners to the Board of Directors of the Company at the June 22, 2016 Annual Meeting of Shareholders,” said Gary L. Herman, LF-RB’s Managing Member.

As a long-term investor in RiceBran, we are focused on changes that we believe are essential to establish a platform for long-term shareholder value creation. We believe the current Board is entrenched and that its interests are not properly aligned with the interests of the Company's shareholders. RiceBran's directors appear complacent about current management's weak strategic execution, ineffective financial stewardship and mediocre performance. Given the duration and magnitude of RiceBran's underperformance under the leadership of the current Board members, we believe the best outcome for our fellow long-term shareholders would be driven by changes at the Board and management levels. Highlights of this destruction of shareholder value, as well as the Company's stagnant financial performance, are set forth below:

- During the period from December 31, 2012 to May 30, 2016, RiceBran's Common Stock has experienced an absolute stock price decline of 86.2%, from \$10.80 per share to \$1.49 per share.
- During the tenure of most members of the current Board, from 2012 to 2015, the Company accumulated \$55.8 million in net losses attributable to RiceBran shareholders. Despite these losses, the total compensation of the Company's Named Executive Officers compensation was more than \$7 million during that period.
- The current Board has approved several rounds of financing of more than \$30 million in the aggregate, which not only diluted equity ownership but, more importantly, the allocation of that capital has yet to translate into improved shareholder value.

We believe that the Company's disappointing financial performance, as reflected by the *significant* decrease in the market price of the Company's common shares, has created an urgent need for the Company's shareholders to vote to effect a substantial change to the Company's Board of Directors.

We also believe RiceBran has a path to revitalize its valuation, revenue and income based on the following reasonable business, operating and financial strategies, among others:

- Appoint a new CEO with relevant experience to turn around the Company's business, and evaluate the performance of the CFO and other members of senior management and, if necessary and appropriate, replace them with experienced executive candidates we have identified or will identify.
- Conduct a thorough assessment of the Brazilian and low margin animal feed businesses
- Right-size SG&A expenses to fit more in line with the Company's revenue.
- Implement a growth plan that is focused on effectively utilizing the Company's resources to penetrate the food, beverage and nutraceuticals markets and drive product adoption and sales.

Due to this Board's governance failures and the Company's lack of value creation, the LF-RB Group strongly believes that substantial change and fresh experience on the RIBT Board is critical to our goal of increasing value for all shareholders.

We are disappointed that the RIBT Board has failed to meaningfully engage with us on what we believe is a long overdue change to the Board and the senior management team. While the LF-RB Group continues to be open to dialog with the Company to find a resolution that is in the best interests of shareholders, we filed preliminary proxy materials with the Securities and Exchange Commission yesterday. The LF-RB Group is seeking the election of five highly qualified individuals to the RIBT Board, which is comprised of seven directors in total, at the 2016 Annual Meeting of Shareholders.
