Dear Stockholders of Hudson Global, Inc.:

We previously announced that Hudson Global, Inc. (“Hudson”) entered into agreements for the sale of our recruitment and talent management operations in Europe and Asia Pacific to strategic buyers (the “Sale Transactions”) for which we expect to receive estimated proceeds of \$41.2 million in cash, subject to adjustment. Assuming these transactions are consummated, Hudson intends to focus on its growing global recruitment process outsourcing (“RPO”) business. Because the Sale Transactions in the aggregate constitute a sale of substantially all of Hudson’s assets under Delaware law, we are calling a special meeting of stockholders to obtain stockholder approval of the sale of substantially all of Hudson’s assets pursuant to the Sale Transactions. You are cordially invited to attend the Special Meeting of Stockholders to be held on Tuesday, March 20, 2018, at 8:00 a.m., Eastern Time, at the offices of Foley & Lardner LLP, 90 Park Avenue, 35th Floor, New York, New York 10016 (the “Special Meeting”).

At the Special Meeting, you will be asked to consider and vote on resolutions: (1) adopting the proposed sale of substantially all of Hudson’s assets (the “Sale Resolution”) pursuant to agreements (“Sale Agreements”) for the sale of its recruitment and talent management operations in Europe and Asia Pacific; (2) approving the advisory (non-binding) resolution on the compensation of Hudson named executive officers related to the Sale Transactions; and (3) approving the adjournment of the Special Meeting, if necessary and appropriate, to permit the solicitation of additional proxies if there are not sufficient votes at the time of the Special Meeting to adopt the Sale Resolution or to permit each purchaser in the Sale Transactions to satisfy the closing condition in each Sale Agreement that such purchaser’s financing is assured. The closing of each Sale Transaction will be contingent upon the closing of each other Sale Transaction. Each of these proposals is described in detail in the accompanying Notice of the Special Meeting of Stockholders and Proxy Statement.

Your vote is important no matter how large or small your holdings may be. To assure your representation at the Special Meeting, please vote your shares over the Internet or via the toll-free telephone number, as instructed on the enclosed proxy card. You may also vote your shares by signing and dating the enclosed proxy card and returning it in the postage-paid envelope provided, whether or not you plan to attend the Special Meeting.

After careful consideration, the Board of Directors unanimously recommends that you vote “FOR” the foregoing proposals.

We hope to see you at the Special Meeting of Stockholders.

Sincerely,

Stephen A. Nolan
Chief Executive Officer

The Special Meeting (Page 26)

Date, Time and Place of Special Meeting (Page 26)

The Special Meeting will be held on Tuesday, March 20, 2018, starting at 8:00 a.m., Eastern Time, at the offices of Foley & Lardner, 90 Park Avenue, 35th Floor, New York, New York 10016.

You will be asked to consider and vote upon the following proposals: (1) to adopt the Sale Resolution; (2) to approve the Transactions-Related Compensation Proposal; and (3) to approve the Adjournment Proposal.

Record Date, Voting and Quorum (Page 26)

Only holders of our common stock of record at the close of business on February 7, 2018, the record date, will be entitled to vote at the Special Meeting. At the close of business on the record date, we had 31,160,549 shares of common stock outstanding and entitled to vote that were held by approximately 360 stockholders of record.

Only holders of our common stock are entitled to vote and are allowed one vote for each share held as of the record date. Shares may not be voted cumulatively.

A quorum is required for our stockholders to conduct business at the Special Meeting. The presence of the holders of stock representing a majority of the outstanding shares of stock entitled to vote at the Special Meeting, in person or represented by proxy, is necessary to constitute a quorum. Both abstentions and broker “non-votes” (i.e., shares held by

a broker, bank or other nominee that are represented at the Special Meeting, but with respect to which such broker, bank or other nominee is not empowered to vote on the proposal) are counted for the purpose of determining the presence of a quorum.

Revocability of Proxies (Page 27)

Any registered stockholder who executes and returns a proxy card (or submits a proxy via telephone or the Internet) may revoke the proxy at any time before it is voted in any one of the following ways:

- submitting another properly completed proxy with a later date;
- attending the Special Meeting and voting in person; or
- delivering to our principal offices (Attention: Corporate Secretary) a written instrument that revokes the proxy.

Simply attending the Special Meeting will not constitute revocation of a proxy. If you have instructed your broker to vote your shares, the above-described options for revoking your proxy do not apply and instead you must follow the directions provided by your broker to change your instructions.

General Description of the Sale Transactions (Page 34)

On December 16, 2017, the Board of Directors, at a meeting duly called and held, unanimously approved the Sale Agreements, composite copies of which are included as Annexes A, B and C to this proxy statement, and determined that the Sale Transactions are in the best interests of Hudson and its stockholders. Please read each Sale Agreement carefully. Pursuant to the terms of the Sale Agreements, among other things:

Sellers agreed to sell: (i) the Belgium Subsidiary to Belgium Purchaser, (ii) the Europe Subsidiaries to Europe Purchaser and (iii) the APAC Subsidiaries to APAC Purchaser, which, in each case excludes Hudson's RPO Business conducted by the Belgium Group Companies, the Europe Subsidiaries and the APAC Group Companies, and in aggregate, the Sale Transactions constitute a sale of substantially all of Hudson's assets under Delaware law; and

in exchange for such sales, Belgium Purchaser agreed to pay the Belgium Purchase Price, Europe Purchaser agreed to pay the Europe Purchase Price and APAC Purchaser agreed to pay the APAC Purchase Price.

In the event our stockholders adopt the Sale Resolution, we expect that the Sale Transactions will close promptly following the Special Meeting. The closing of each Sale Transaction will be contingent upon the closing of each other Sale Transaction.

Reasons for the Sale Transactions (Page 35)

In evaluating the Sale Transactions and Sale Agreements, including the sales of the Belgium Subsidiary, the Europe Subsidiaries and the APAC Subsidiaries, the Board of Directors consulted with Hudson's management and outside legal advisors and considered a number of factors, including alternatives to the Sale Transactions, the sale process and terms of the Sale Agreements. For a more complete description of the reasons for the Sale Transactions, see "Proposal 1 – The Sale Resolution – Reasons for the Sale Transactions," on page 35.

Post-Closing Business and Investment of Proceeds from the Sale Transactions (Page 39)

If the Sale Resolution receives the affirmative vote of the holders of a majority of the shares outstanding as of the record date and the other conditions to the closing of the Sale Transactions are satisfied or waived, the Purchasers will acquire substantially all of Hudson's assets. Following the Sale Transactions, Hudson intends to use the proceeds from the Sale Transactions for the purposes of investing in its RPO Business, reducing support staff costs, continuing Hudson's existing share repurchase program and other general corporate purposes. If the Sale Resolution does not receive the affirmative vote of the holders of a majority of the shares outstanding as of the record date, or if the other conditions to the closing of the Sale Transactions are not satisfied or waived, then either we or the respective Purchasers may terminate the Sale Agreements and the Board of Directors, along with our management, will reassess our options in light of our strategic goals and any alternatives that may be available to us.

Certain U.S. Federal, State and Foreign Income Tax Consequences of the Sale Transactions (Page 41)

The Sale Transactions will not result in any material U.S. federal or state income tax consequences to our stockholders. The Sale Transactions will be a taxable event to us for U.S. federal, state and foreign income tax purposes. We anticipate that the Sale Transactions will result primarily in losses but also some taxable gain to Hudson in an amount equal to the difference between the purchase price received and Hudson's adjusted tax basis in the shares being sold. Any gain recognized by Hudson for U.S. federal income tax purposes as a result of the Sale Transactions is expected to be fully offset by available net operating loss carryovers. Any gain recognized by Hudson for U.S. state income tax purposes may not be fully offset by net operating loss carryovers, but is not expected to be material. We anticipate that any foreign income tax liability to Hudson resulting from the Sale Transactions will not be material.

Certain Accounting Consequences of the Sale Transactions (Page 41)

For the Sale Transactions, we will recognize net cash proceeds from the legal sale and transfer of the Belgium Subsidiary, the Europe Subsidiaries and the APAC Subsidiaries. Additionally, we will recognize a corresponding reduction of assets and liabilities relating to the Belgium Subsidiary, the Europe Subsidiaries and the APAC Subsidiaries, in each case other than the assets and liabilities relating to the RPO Business that are transferred to Hudson or one of its retained subsidiaries prior to the closings of the Sale Transactions.

No Appraisal Rights (Page 42)

You will not experience any change in your rights as a stockholder as a result of the Sale Transactions. Delaware law and our bylaws do not provide for appraisal or other similar rights for dissenting stockholders in connection with the Sale Transactions, and we do not intend to independently provide stockholders with any such right. Accordingly, you will have no right to dissent and obtain payment for your shares in connection with the Sale Transactions.

Required Vote (Pages 26, 42, 68 and 69)

On all matters, each share has one vote. The proposal to adopt the Sale Resolution requires the affirmative vote of the holders of a majority of our outstanding shares as of the record date. Since this proposal requires the holders of a majority of our outstanding shares as of the record date to adopt the Sale Resolution, both broker “non-votes” and abstentions would have the same effect as votes “AGAINST” such proposal. The Transactions-Related Compensation Proposal and the Adjournment Proposal each require the affirmative vote of the holders of a majority of our outstanding shares that are present in person or represented by proxy at the Special Meeting. Abstentions would have the same effect as votes “AGAINST” such proposal. Broker “non-votes” are not included in the tabulation of the voting results for the Transactions-Related Compensation Proposal and, therefore, they do not have the effect of votes “AGAINST” such proposal.

Financing (Page 40)

The Belgium Purchase Price is estimated to be \$24,700,000, which is expected to be funded by a combination of equity contributions from the owners of the Belgium Purchaser and third parties and debt financing from third parties. In connection with entering into the Belgium Purchase Agreement, the Belgium Purchaser obtained a commitment letter for a EUR7,000,000 irrevocable equity commitment from Mr. De Witte, an owner of the Belgium Purchaser. The commitment to fund under the equity commitment letter is subject only to the Belgium Sale Transaction closing pursuant to the terms of the Belgium Sale Agreement. Under the Belgium Purchase Agreement, the Belgium Purchaser is required to take certain actions to obtain the balance of the financing necessary to close the Belgium Sale Transaction and to obtain financing pursuant to the equity commitment letter, but if the Belgium Purchaser fails to obtain financing, it will be required to pay Belgium Sellers a termination fee of EUR750,000.

The Europe Purchase Price is estimated to be \$10,500,000, which is expected to be funded by a combination of equity contributions from and convertible debt issuances to third parties and, if necessary, Europe Purchaser’s cash on hand or committed financing arrangements. In connection with entering into the Europe Sale Agreement, Europe Purchaser obtained commitment letters totaling \$8,460,000 in irrevocable equity commitments, EUR1,500,000 of irrevocable

convertible note commitments and EUR1,000,000 in an irrevocable bridge loan facility. The commitment to fund under the equity and convertible note commitment letters is subject only to the conditions to closing in the Europe Purchase Agreement being satisfied or waived. The commitment to fund under the bridge loan facility commitment letter is subject only to finalizing the documentation for the bridge loan facility and the closing of the Europe Sale Transaction. Under the Europe Sale Agreement, the Europe Purchaser is required to take certain actions with respect to obtaining financing pursuant to the commitment letters, but if the Europe Purchaser fails to obtain financing, it will be required to pay Europe Sellers a termination fee of \$762,000.

The APAC Purchase Price is estimated to be \$6,000,000, which is expected to be funded by a combination of equity contributions from the owners of the APAC Purchaser and debt financing from a third party. In connection with entering into the APAC Purchase Agreement, the APAC Purchaser obtained unconditional commitment letters totaling AUD\$1,000,000 in irrevocable equity commitments from the owners of APAC Purchaser and AUD\$4,000,000 in a debt commitment in the form of an amortizing term debt facility to be provided by National Australia Bank Limited. Although National Australia Bank Limited's debt commitment letter expires on March 31, 2018, it has agreed to seek credit approval in good faith to extend the availability of such facilities if the closing of the APAC Sale Transaction does not occur by that date. The commitment to fund under the debt commitment letter is subject only to finalizing the documentation for the amortizing term debt facility. The APAC Purchaser expects to fund the balance of the APAC Purchase Price by utilizing available credit pursuant to financing arrangements currently in place with Hudson Global Resources (Aust) Pty Ltd and provided by National Australia Bank Limited, as described in more detail in Note 13 to the Combined Financial Statements of Sale of Subsidiaries (Unaudited) for the European, Belgium, and Asia Pacific Businesses of Hudson Global Inc. included in this proxy statement as Annex F. Under the APAC Sale Agreement, the APAC Purchaser is required to take certain actions with respect to obtaining financing pursuant to the commitment letters, but if the APAC Purchaser fails to obtain financing, it will be required to pay APAC Sellers a termination fee of \$300,000.

All Sale Agreements provide that the closing of the Sale Transactions contemplated in each Sale Agreement is conditioned upon prior to the Company holding a vote of its stockholders at the Special Meeting to adopt the Sale Resolution, each Purchaser providing the Company with confirmation that each Purchaser's financing is assured, which confirmation may be in the form of either (x) equity commitment letters or debt commitment letters or definitive financing agreements that do not contain conditions to funding other than the conditions to closing of the transactions contemplated by the applicable Sale Agreement or (y) a certificate addressed to the Company from a Purchaser that it has debt and equity financing in place and it is prepared to fund the purchase price payable upon closing of the transactions contemplated by each Sale Agreement.

The Sale Agreements (Page 43 and Annexes A, B and C)

General. Pursuant to the Belgium Sale Agreement, Belgium Purchaser has agreed to pay Belgium Sellers the Belgium Purchase Price and pursuant to the APAC Sale Agreement, APAC Purchaser has agreed to pay APAC Sellers the APAC Purchase Price. Under the Belgium Sale Agreement and the APAC Sale Agreement, Hudson provided limited representations and warranties related to ownership of the Belgium Subsidiary and the APAC Subsidiaries, respectively, and authority to enter into such sale agreement, among other areas as set forth in the Belgium Sale Agreement and APAC Sale Agreement. Pursuant to the Europe Sale Agreement, Europe Purchaser has agreed to pay Europe Sellers the Europe Purchase Price. The parties to the Europe Sale Agreement have provided each other with customary representations and warranties as more fully set forth in the Europe Sale Agreement.

In addition, under all Sale Agreements the applicable Sellers have agreed to certain covenants, including interim operating covenants which place certain restrictions on the operation of the Sale Subsidiaries until the applicable Sale Transaction closes, an employee non-solicitation covenant, a non-competition covenant and a covenant that requires that we assist the relevant Purchaser to obtain financing to consummate the relevant Sale Transaction. Also, all Sale Agreements provide that the closing of the Sale Transactions contemplated in each Sale Agreement is conditioned upon the closings of the transactions contemplated in each other Sale Agreement occurring simultaneously with such closing.

Conditions to Closing of the Belgium Sale Transaction (Page 46)

Belgium Purchaser's obligation to close the Belgium Sale Transaction is conditioned on Belgium Purchaser obtaining the financing contemplated under the Belgium Sale Agreement and, on the closing date, there being no pending or threatened actions or proceedings by or before any court or other governmental authority which seeks to restrain, prohibit or invalidate the transactions contemplated by the Belgium Sale Agreement. Belgium Sellers' obligation to close the Belgium Sale Transaction is conditioned on:

the Sale Resolution receiving the affirmative vote of the holders of a majority of the shares outstanding as of the record date;

the Europe Sale Transaction and APAC Sale Transaction occur simultaneously with the closing of Belgium Sale Transaction, a condition that the Belgium Sellers may not waive;

that prior to the Company holding a vote of its stockholders at the Special Meeting to adopt the Sale Resolution, the Belgium Purchaser shall have provided confirmation to the Belgium Sellers that the Belgium Purchaser's financing is assured, a condition the Belgium Sellers may not waive; and

on the closing date, there being no pending or threatened actions or proceedings by or before any court or other governmental authority which seeks to restrain, prohibit or invalidate the transactions contemplated by the Belgium Sale Agreement.

Termination and Termination Fee (Page 47)

Belgium Purchaser may terminate the Belgium Sale Agreement if the closing has not occurred by May 31, 2018. Additionally, Belgium Purchaser may terminate the Belgium Sale Agreement if any Belgium Seller is in material breach of any of its obligations under the Belgium Sale Agreement or the other relevant agreements or anything occurs which has a Material Adverse Effect (as such term is defined in the Belgium Sale Agreement), and either the breach or the Material Adverse Effect is not rectified within ten business days after Belgium Purchaser gives notice.

Belgium Sellers may terminate the Belgium Sale Agreement if the closing has not occurred by May 31, 2018. Additionally, Belgium Sellers may terminate the Belgium Sale Agreement if Belgium Purchaser is in material breach of any of its obligations under the Belgium Sale Agreement or the other relevant agreements; anything occurs which would result in Belgium Purchaser being unable to consummate the transactions contemplated by the Belgium Sale Agreement; or Belgium Purchaser is unable to obtain within 60 days of the date of the Belgium Sale Agreement a debt commitment letter in an amount sufficient to (when combined with the equity financing) consummate the transactions contemplated by the Belgium Sale Agreement, and the breach (if rectifiable) or the occurrence is not rectified in all material respects within ten business days after Belgium Sellers give notice thereof. If Belgium Sellers terminate the Belgium Sale Agreement as a result of Belgium Purchaser's failure to obtain a debt financing commitment letter within 60 days after the execution of the Belgium Sale Agreement, Belgium Purchaser's material breach of its obligations to obtain financing or Belgium Purchaser's failure to close the transaction by May 31, 2018 due to a failure to obtain financing, then Ivan De Witte and De Witte Comm. V. are jointly and severally required to pay Belgium Sellers a termination fee of EUR750,000.

Indemnification; Survival of Indemnification Obligations (Page 48)

Belgium Sellers are liable for any loss to the extent that it is caused by any breach of Belgium Sellers' warranties or any other obligation under the Belgium Sale Agreement or the other relevant agreements, whether directly or indirectly incurred by Belgium Purchaser or any Belgium Group Company. Belgium Purchaser is liable for any loss to the extent that it is caused by any breach of its warranties or any other obligation under the Belgium Sale Agreement or the other relevant agreements, whether directly or indirectly incurred by Belgium Sellers, unless the termination fee described above is due.

As of the date of this proxy statement, the payment is expected to result in estimated proceeds to Europe Sellers of \$10,500,000. At closing, the \$10,500,000 amount will be adjusted by adding the amount of the closing cash balance of the Europe Subsidiaries, subtracting the amount of the closing debt balance of the Europe Subsidiaries and adding the amount of the difference (which may be positive or negative) between the closing working capital (effectively the current assets minus the current liabilities) and the trailing twelve-month average of the working capital of the Europe Subsidiaries.

Additionally, Hudson has entered into a transitional services agreement with Hudson Global Resources Limited, a Europe Subsidiary, among other parties, pursuant to which Hudson Global Resources Limited will provide temporary office space, IT infrastructure and other support services to Hudson and certain of its subsidiaries until no later than December 31, 2018.

Conditions to Closing of the Europe Sale Transaction (Page 52)

The Europe Sale Agreement sets out the following conditions to Europe Purchaser's obligation to close the Europe Sale Transaction:

Europe Sellers' representations and warranties with respect to ownership of the capital stock of the Europe Subsidiaries and authorization, valid execution and delivery and enforceability must be true and correct in all respects, without regard to any materiality qualifications and the remainder of Europe Sellers' representations and warranties must be true and correct, without regard to any materiality qualifications, as of the date the Europe Sale Agreement and as of the closing date as if made at that time; provided, this condition shall be deemed satisfied even if the representations and warranties (other than with respect to ownership of the capital stock of the Europe Subsidiaries and authorization, valid execution and delivery and enforceability) are not true and correct unless their failure to be true and correct would constitute a Material Adverse Change (as such term is defined in the Europe Sale Agreement).

No Material Adverse Change has occurred.

Europe Sellers have executed various related agreements attached to the Europe Sale Agreement.

Europe Purchaser has consummated the equity financing.

Europe Purchaser has executed employment agreements with certain key employees.

Each of the representations and warranties of Europe Purchaser must be true and correct, without regard to any materiality qualifications, both on the date the Europe Sale Agreement and as of the closing date as if made at that time; provided, this condition shall be deemed satisfied even if any representations and warranties of Europe Purchaser are not true and correct, unless their failure to be true and correct would prevent or materially impede the performance by Europe Purchaser of its obligations under the Europe Sale Agreement or any of the transactions contemplated by the Europe Sale Agreement.

Europe Purchaser has executed various related agreements attached to the Europe Sale Agreement.

Europe Sellers have completed the transfer of the RPO Business.

The Sale Resolution has received the affirmative vote of the holders of a majority of the shares outstanding as of the record date.

Termination and Termination Fees (Page 54)

The Europe Sale Agreement may be terminated as follows:

By either Europe Sellers or Europe Purchaser if the closing has not occurred by May 31, 2018, or any governmental authority has enacted, issued, promulgated, enforced or entered any law, or refused to grant any required consent or approval, that has the effect of making the consummation of the transactions contemplated in the Europe Sale Agreement illegal or that otherwise prohibits their consummation, as long as such decision or action is final and non-appealable; provided the party seeking to terminate the Europe Sale Agreement in such circumstance cannot be the principal cause of the failure of the closing to occur by such date.

By Europe Purchaser, if Europe Sellers' representations and warranties were untrue when made or will become untrue, or Europe Sellers' breach or failure to perform any of their agreements or covenants contained in the Europe Sale Agreement, provided that the inaccuracy, breach or failure to perform would give rise to the failure of a condition to Europe Purchaser's obligations to close the Europe Sale Transaction.

By Europe Sellers if:

Europe Purchaser's representations and warranties were untrue when made or will become untrue, or Europe Purchaser breaches or fails to perform any of its agreements or covenants contained in the Europe Sale Agreement, provided the inaccuracy, breach or failure to perform would give rise to the failure of a condition to Europe Sellers'

obligations to close the Europe Sale Transaction; or

The conditions to Europe Purchaser's obligations to close have been satisfied (other than the availability of financing) and Europe Sellers confirm in writing that all conditions to Europe Sellers' obligations to close have been satisfied or that Europe Sellers are willing to waive all such unsatisfied conditions and Europe Purchaser has failed to consummate the transactions contemplated by the Europe Sale Agreement within ten business days after the date on which the closing should have occurred.

If Europe Sellers terminate the Europe Sale Agreement as a result of Europe Purchaser's failure to close the transaction by May 31, 2018 or such earlier date that the closing conditions are satisfied due to a failure to obtain financing, then Europe Purchaser is required to pay Europe Sellers a termination fee of \$762,000. If Europe Purchaser terminates the Europe Sale Agreement as a result of Hudson's failure to close the transaction by May 31, 2018 due to a failure to obtain the required stockholder approval to adopt the Sale Resolution, then Europe Sellers are required to pay Europe Purchaser a termination fee of \$500,000.

Additionally, Hudson has entered into a transitional services agreement with APAC Purchaser, Hudson Highland (APAC) Pty Ltd. (“Hudson Highland (APAC)”), among other parties, pursuant to which Hudson Highland (APAC) will provide temporary office space, IT infrastructure and other support services to Hudson for the APAC region until no later than September 30, 2018 and APAC Purchaser will provide Hudson domain name services starting January 1, 2019 until December 31, 2020.

By APAC Sellers, if at any time before closing, APAC Purchaser is in material breach of its requirements to obtaining financing for the APAC Sale Transaction or APAC Sellers become aware of any fact, matter or circumstance which results in or is reasonably likely to result in a material breach of one of APAC Purchaser's warranties, and in either case APAC Purchaser does not rectify the breach within ten business days after APAC Sellers gives notice to APAC Purchaser of the breach.

1. The adoption of the Sale Resolution.
2. The approval of the Transactions-Related Compensation Proposal.
3. The approval of the Adjournment Proposal.

A. The Board of Directors **unanimously** recommends that you vote your shares “FOR” each of the proposals described in this proxy statement.

Q. When and where is the Special Meeting?

A. The Special Meeting will be held on Tuesday, March 20, 2018 at 8:00 a.m., Eastern Time, at the offices of Foley & Lardner LLP, 90 Park Avenue, 35th Floor, New York, New York 10016.

Q. What are the Sale Transactions?

A.

The Sale Transactions comprise three separate transactions pursuant to which Hudson will sell substantially all of its assets, subject to closing conditions set forth in the applicable Sale Agreements. These transactions consist of the Belgium Sale Transaction, the Europe Sale Transaction and the APAC Sale Transaction.

Q. What assets are not being sold via the Sale Transactions?

A. All of the Sale Transactions are structured as sales of specific subsidiaries of Hudson. As a result, Hudson will retain all subsidiaries that are not sold as part of the Sale Transactions, some of which hold assets relating to the RPO Business. Additionally, the assets held by the Sale Subsidiaries related to the RPO Business will be transferred to Hudson or one of its retained subsidiaries prior to the closing of the applicable Sale Transaction.

Q. What liabilities will be assumed pursuant to the Sale Agreements?

A. The liabilities of each of the Sale Subsidiaries will remain with the applicable Sale Subsidiary except that liabilities related to the RPO Business will be assumed by subsidiaries of Hudson prior to the closing of the applicable Sale Transactions. The Purchasers will not assume any liabilities of Hudson or any of the subsidiaries that Hudson does not sell pursuant to the Sale Transactions.

Q. Will all of the cash purchase price payable by Purchasers to Hudson be paid at the closing of the Sale Transactions?

A. The Belgium Purchase Price, Europe Purchase Price and APAC Purchase Price will be paid to Hudson in full at the closing of the Belgium Sale Transaction, Europe Sale Transaction and APAC Sale Transaction, respectively.

Q. How does Hudson plan to use the net cash proceeds from the Sale Transactions?

We currently anticipate that net proceeds from the Sale Transactions will be used to invest in the RPO Business, A. reduce support staff costs, continue Hudson's existing share repurchase program and other general corporate purposes.

Q. When are the Sale Transactions expected to be consummated?

In the event the stockholders adopt the Sale Resolution, Hudson expects that the Sale Transactions will close in the first half of 2018 promptly following the Special Meeting, subject to closing conditions set forth in the applicable A. Sale Agreements. The closing of each Sale Transaction will be contingent upon the closing of each other Sale Transaction.

Q. Will Hudson continue to be publicly traded following the Sale Transactions?

Hudson will continue to be a publicly traded company whether or not the Sale Transactions close and will continue A. to be subject to the rules and regulations of the Securities and Exchange Commission, or the SEC.

Q. What will happen if the Sale Resolution is not adopted?

If the Sale Resolution does not receive the affirmative vote of the holders of a majority of the shares outstanding as of the record date, then either we or the respective Purchasers may terminate the Sale Agreements and the Board of Directors, along with our management, will reassess our options in light of our strategic goals and any alternatives that may be available to us, which may include closing some, but not all, of the Sale Transactions, provided that the closing of such Sale Transaction(s) is not considered a sale of substantially all of Hudson's assets under Delaware A. law. Under the Europe Sale Agreement, if Europe Purchaser terminates the Europe Sale Agreement because Hudson fails to obtain stockholder approval, Hudson would be required to pay Europe Purchaser a termination fee totaling \$500,000. Additionally, under the APAC Sale Agreement, if APAC Purchaser terminates the APAC Sale Agreement because Hudson fails to obtain stockholder approval, Hudson would be required to pay APAC Purchaser a termination fee of \$300,000.

Q. Am I entitled to appraisal or dissenters' rights in connection with the Sale Transactions?

No. Holders of shares of outstanding Hudson common stock will not have appraisal or dissenters' rights in A. connection with the Sale Transactions.

Q. What is the Transactions-Related Compensation Proposal?

The Transactions-Related Compensation Proposal is an advisory (non-binding) vote to approve the payment of certain compensation to our named executive officers that is based on or otherwise relates to the Sale Transactions.

A. For further information regarding the compensation arrangements, see “Interests of Our Directors and Executive Officers in the Sale Transactions” on page 62.

Q. What will happen if the Transactions-Related Compensation Proposal is approved by our stockholders?

The advisory (nonbinding) vote on executive compensation payable in connection with the Sale Transactions is a vote separate and apart from the adoption of the Sale Resolution. Accordingly, approval of this proposal is not a

A. condition to closing of the Sale Transactions, and as an advisory vote, the result will not be binding on us, the Board of Directors or on the Compensation Committee of the Board of Directors.

Q. Who is entitled to vote?

A. Stockholders of record as of the close of business on February 7, 2018, the record date, are entitled to notice of and to vote at the Special Meeting.

Q. How many shares can vote?

A. At the close of business on the record date, 31,160,549 shares of common stock were outstanding and entitled to vote. We have no other class of stock outstanding.

Q. How will my shares be voted if I submit a proxy over the Internet or telephone or a printed proxy card?

A. If you submit your proxy over the Internet or by telephone, or you request a printed proxy card and properly execute and return the proxy card by mail, then the persons named as proxies will vote the shares represented by your proxy according to your instructions. If you request a printed proxy card and properly execute and return the proxy card by mail, but do not mark voting instructions on the proxy card, then the persons named as proxies will vote (i) FOR the adoption the Sale Resolution, (ii) FOR approval of the Transactions-Related Compensation Proposal and (iii) FOR approval of the Adjournment Proposal.

Q. What do I need for admission to the Special Meeting?

A. If you would like to attend the Special Meeting, you must demonstrate that you were a stockholder on February 7, 2018 and you must bring photo identification with you to the Special Meeting. If your shares are held through a broker, bank or nominee, you must bring to the Special Meeting a copy of your brokerage account statement, which you can obtain from your broker, bank or nominee that holds your shares. If your shares are registered directly in your name with our transfer agent, Computershare, Inc., you need only bring photo identification with you to the Special Meeting.

Q. How can I vote my shares without attending the Special Meeting?

A. Whether you are the stockholder of record or hold your shares in street name, you may direct your vote without attending the Special Meeting by calling the number shown on your proxy card and following the recorded instructions, by visiting the Internet address shown on your card and following the instructions to submit an electronic proxy, or by completing, signing, dating and mailing your proxy card or voting instruction card in the enclosed pre-paid envelope. If you vote by telephone or the Internet, you will be required to provide the control number contained on your proxy card.

Q. What does it mean if I receive more than one proxy or voting instruction card?

A. If your shares are registered differently or are held in more than one account, you will receive a proxy card or voting instruction card for each account. To ensure that all of your shares are voted, please use all the proxy cards and voting instruction cards you receive to vote your shares by telephone or by Internet or complete, sign, date and return a proxy card or voting instruction card for each account.

Q. What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares of Hudson common stock are registered directly in your name with our transfer agent, Computershare, Inc., you are considered, with respect to those shares, to be the “stockholder of record.” In this case, this proxy statement and your proxy card have been sent directly to you by Hudson. If your shares of Hudson common stock are held through a broker, bank or other nominee, you are considered the “beneficial owner” of the shares of Hudson common stock held in “street name.” In that case, this proxy statement has been forwarded to you A. by your broker, bank or other nominee who is considered, with respect to those shares, to be the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote your shares of Hudson common stock by following their instructions for voting. You are also invited to attend the Special Meeting. However, because you are not the stockholder of record, you may not vote your shares of Hudson common stock in person at the Special Meeting unless you request and obtain a valid proxy from your broker, bank or other nominee.

Q.If my shares of Hudson common stock are held in “street name” by my broker, will my broker vote my shares for me?

A. Not without your direction. Your broker, bank or other nominee will be permitted to vote your shares of Hudson common stock on the Sale Resolution and the Transactions-Related Compensation Proposal only if you instruct your broker, bank or other nominee on how to vote. Under applicable stock exchange rules, brokers, banks or other nominees have the discretion to vote your shares of Hudson common stock on routine matters if you fail to instruct your broker, bank or other nominee on how to vote your shares with respect to such matters. The Sale Resolution and the Transactions-Related Compensation Proposal are non-routine matters, and brokers, banks and other nominees therefore cannot vote on these proposals without your instructions. Therefore, it is important that you instruct your broker, bank or nominee on how you wish to vote your shares of Hudson common stock. You should follow the procedures provided by your broker, bank or other nominee regarding the voting of your shares of Hudson common stock.

Q. Can I change my vote or revoke my proxy?

A. You may change your vote or revoke your proxy at any time before your proxy is voted at the Special Meeting. If you are a stockholder of record, you may change your vote or revoke your proxy by: (1) delivering to Hudson an authorized proxy bearing a later date (including a proxy by telephone or over the Internet); (2) attending the Special Meeting and voting in person; or (3) delivering to Hudson Global, Inc. (Attention: Corporate Secretary) at its principal executive offices at 1325 Avenue of the Americas, 12th Floor, New York, New York 10019, a written notice of revocation of your proxy. Attendance at the meeting in and of itself, without voting in person at the meeting, will not cause your previously granted proxy to be revoked. For shares you hold in street name, you may change your vote by submitting new voting instructions to your broker, bank or other nominee or, if you have obtained a legal proxy from your broker, bank or other nominee giving you the right to vote your shares at the Special Meeting, by attending the meeting and voting in person.

Q. How many shares must be present or represented to conduct business at the Special Meeting?

A. The presence of the holders of stock representing a majority of the outstanding shares of stock entitled to vote at the Special Meeting, in person or represented by proxy, is necessary to constitute a quorum. Both abstentions and broker “non-votes” (i.e., shares held by a broker, bank or other nominee that are represented at the Special Meeting but with respect to which such broker, bank or other nominee is not empowered to vote on the proposal) are counted for the purpose of determining the presence of a quorum.

Q. What if a quorum is not present at the Special Meeting?

A. If a quorum is not present at the scheduled time of the Special Meeting, the Chairman of the Board of Directors may propose one or more adjournments of the meeting, either with or without the vote of the stockholders. If we propose to have the stockholders vote whether to approve the Adjournment Proposal, the persons named as proxies will exercise their discretion to vote all shares for which they have authority in favor of the Adjournment Proposal.

Q. What vote is required to adopt or approve each of the proposals?

Proposal No. 1 requires the affirmative vote of holders of a majority of our outstanding shares. Abstentions and broker non-votes will have the same effect as a vote "AGAINST" Proposal No. 1. Proposals No. 2 and 3 each require the affirmative vote of holders of a majority of the shares present in person or represented by proxy at the Special Meeting. Abstentions will have the same effect as a vote "AGAINST" Proposal No. 2, but broker non-votes will have no effect on the determination of Proposals No. 2. Abstentions will have the same effect as a vote "AGAINST" Proposal No. 3.

Q. What is the cost and who will bear the cost of soliciting proxies for the Special Meeting?

Hudson is making this solicitation of proxies and will bear all related costs. Hudson will conduct the solicitation by mail, personally, telephonically, through the Internet or by facsimile through its officers and directors who will receive no additional compensation for assisting with the solicitation. Hudson may also solicit stockholders through A. press releases, advertisements in periodicals and postings on its website. Hudson will reimburse brokers and other nominees for their reasonable expenses in communicating with the persons for whom they hold our common stock. Hudson also retained InvestorCom, Inc. to assist in the solicitation at an estimated cost of \$7,500 plus reimbursable out-of-pocket expenses.

Q. Where can I find the voting results of the Special Meeting?

A. Hudson intends to announce preliminary voting results at the Special Meeting and publish final results in a Current Report on Form 8-K that will be filed with the SEC following the Special Meeting.

RISK Factors

You should carefully consider the risk factors described below as well as other information provided to you or referenced in this proxy statement in deciding whether to vote to adopt the Sale Resolution. The risk factors described below are not the only ones facing us. For a discussion of additional risk considerations, we refer you to the documents we file from time to time with the Securities and Exchange Commission, particularly our Form 10-K for the year ended December 31, 2016. Additional considerations not presently known to us or that we currently believe are immaterial may also adversely affect our business operations. If any of the following risk factors actually occur, our business, financial condition or results of operations could be materially adversely affected, the value of our common shares could decline, and you may lose all or part of your investment.

While the Sale Transactions are pending, it creates uncertainty about our future that could have a material adverse effect on our business, financial condition and results of operations.

While the Sale Transactions are pending, it creates uncertainty about our future. As a result of this uncertainty, our current or potential business partners may decide to delay, defer or cancel entering into new business arrangements with us pending closing or termination of the Sale Transactions. In addition, while the Sale Transactions are pending, we are subject to a number of risks, including:

- the diversion of management and employee attention from our day-to-day business;
- the possible inability to retain employees during the pendency of the Sale Transactions;
- the potential disruption to business partners and other service providers; and
- the possible inability to respond effectively to competitive pressures, industry developments and future opportunities.

The occurrence of any of these events individually or in combination could have a material adverse effect on our business, financial condition and results of operation.

You are not guaranteed any of the proceeds from the Sale Transactions.

The Belgium Purchase Price, Europe Purchase Price and APAC Purchase Price will be paid directly to the Company or one of its subsidiaries. Hudson could spend or invest the net proceeds from the Sale Transactions in ways with which our stockholders may not agree. The investment of these proceeds may not yield a favorable return.

We will be a very small public company with a large cash balance relative to our market capitalization.

Once the Sale Transactions are completed, we will remain a publicly traded company and will continue to be subject to the listing standards of The Nasdaq Stock Market and SEC rules and regulations, including the Dodd-Frank Wall Street Reform and Consumer Protection Act and the Sarbanes-Oxley Act of 2002. As a result, we will continue to incur additional ongoing operating expenses and we cannot assure how much of the cash proceeds, if any, will ultimately be distributed to stockholders.

Our ability to execute our strategy following the Sale Transactions depends on our ability to retain and recruit qualified management and/or advisors.

Our ability to execute our strategy following the closing of the Sale Transactions requires that we retain and recruit personnel with experience in our RPO Business.

Following the Sale Transactions, our profitability and growth will depend on the success of our remaining global RPO Business, which is subject to a variety of business risks and uncertainties.

After completion of the Sale Transactions, we will be focused on our global RPO Business. Any evaluation of our RPO Business and our prospects following the Sale Transactions must be considered in light of the risks and uncertainties stated above, as well as the following:

- the ability to maintain our relationships with our existing clients;
- the ability to attract new clients;
- potential capital costs used for investment in the RPO Business, including potential costs to complete a reduction in support staff costs;
- the ability to achieve on a timely basis the anticipated cost savings as a result of the planned reduction in support staff; and
- the ability to operate within the limitations imposed by our credit facility and to maintain or generate the amount of cash required to operate the RPO Business.

If we are unable to address these risks, our business, results of operations and prospects following the closing of the Sale Transactions could suffer.

If we fail to complete the Sale Transactions, our business may be harmed.

We cannot assure you that the Sale Transactions will be completed. The closing of the Sale Transactions is subject to the satisfaction of a number of conditions, including, among others, the requirement that stockholders adopt the Sale Resolution and that each Sale Transaction will be contingent upon the closing of each other Sale Transaction. We cannot guarantee that we will be able to meet all of the closing conditions of the Sale Agreements. If we are unable to meet all of the closing conditions for a specific Sale Agreement, the applicable Purchaser is not obligated to close on such Sale Transaction. We also cannot be sure that other circumstances will not arise that would allow a Purchaser to terminate a Sale Agreement prior to its closing. If the Sale Resolution is not adopted or we do not close some or all the Sale Transactions, the Board of Directors will be forced to evaluate other alternatives, which may be less favorable to us than the proposed Sale Transactions.

In addition, if the Sale Transactions are not consummated, our directors, executive officers and other employees will have expended extensive time and effort and will have experienced significant distractions from their work during the pendency of the Sale Transactions and we will have incurred significant transaction costs, in each case, without any commensurate benefit, which may have a material and adverse effect on our stock price and results of operations.

If the proposed Sale Transactions are not completed, we may explore other potential transactions, but alternatives may be less favorable to us.

If the proposed Sale Transactions are not completed, we may explore other strategic alternatives, including a sale of the Belgium Subsidiary, the Europe Subsidiaries and the APAC Subsidiaries to another party or parties. An alternative transaction may have terms that are less favorable to us than the terms of the proposed Sale Transactions, or we may be unable to reach agreement with any third party on an alternate transaction that we would consider to be reasonable.

Special Meeting

The accompanying proxy card is solicited on behalf of the Board of Directors for use at the Special Meeting.

Date, Time and Place of Special Meeting

The Special Meeting will be held on Tuesday, March 20, 2018, at 8:00 a.m., Eastern Time, at the offices of Foley & Lardner, 90 Park Avenue, 35th Floor, New York, New York 10016.

Matters to be Considered

At the Special Meeting, you will be asked to consider and vote upon the following proposals: (1) to adopt the Sale Resolution; (2) to approve the Transactions-Related Compensation Proposal; and (3) to approve the Adjournment Proposal.

Recommendation of Board

After careful consideration, the Board of Directors unanimously recommends that you vote “FOR” each of the proposals described in this proxy statement.

In considering the recommendation of the Board of Directors to vote for the proposal to adopt the Sale Resolution, you should be aware that some of our directors and executive officers may have personal interests in the Sale Transactions that are, or may be, different from, or in addition to, your interests. See “Interests of Our Directors and Executive Officers in the Sale Transactions.”

Record Date, Voting and Quorum

Only holders of our common stock of record at the close of business on February 7, 2018, the record date, will be entitled to vote at the Special Meeting. At the close of business on the record date, we had 31,160,549 shares of common stock outstanding and entitled to vote that were held by approximately 360 stockholders of record.

Only holders of our common stock are entitled to vote and are allowed one vote for each share held as of the record date. Shares may not be voted cumulatively.

A quorum is required for our stockholders to conduct business at the Special Meeting. The presence of the holders of stock representing a majority of the outstanding shares of stock entitled to vote at the Special Meeting, in person or represented by proxy, is necessary to constitute a quorum. Both abstentions and broker “non-votes” (i.e., shares held by a broker, bank or other nominee that are represented at the Special Meeting but with respect to which such broker, bank or other nominee is not empowered to vote on the proposal) are counted for the purpose of determining the presence of a quorum.

Required Vote

On all matters, each share has one vote. The proposal to adopt the Sale Resolution requires the affirmative vote of the holders of a majority of our outstanding shares as of the record date. Since this proposal requires the holders of a majority of our outstanding shares as of the record date to adopt the Sale Resolution, both broker “non-votes” and abstentions would have the same effect as votes “AGAINST” such proposal. The Transactions-Related Compensation Proposal and the Adjournment Proposal each require the affirmative vote of the holders of a majority of our outstanding shares that are present in person or represented by proxy at the Special Meeting. Abstentions would have the same effect as votes “AGAINST” such proposal. Broker “non-votes” are not included in the tabulation of the voting results for the Transactions-Related Compensation Proposal and, therefore, they do not have the effect of votes “AGAINST” such proposal.

All votes will be tabulated by the inspector of elections appointed for the Special Meeting, who will separately tabulate, for each proposal, affirmative and negative votes, abstentions and broker non-votes.

Voting of Proxies

The proxy card enclosed with this proxy statement is solicited on behalf of the Board of Directors for use at the Special Meeting. Stockholders may vote their shares by:

- using the telephone number printed on the accompanying proxy card;
- following the instructions for Internet voting printed on the accompanying proxy card;
- properly executing, dating and returning the enclosed proxy card by mail prior to the date of the Special Meeting; or
- attending the Special Meeting and voting in person.

All executed, returned proxies that are not revoked will be voted in accordance with the included instructions. You may vote “FOR” or “AGAINST” the proposals or abstain from voting. All valid proxies received prior to the Special Meeting will be voted. All shares represented by a proxy will be voted, and where a stockholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the specification so made. If no choice is indicated on the proxy, the shares will be voted (i) FOR the adoption of the Sale Resolution, (ii) FOR approval of the Transactions-Related Compensation Proposal and (iii) FOR approval of the Adjournment Proposal.

Stockholders who have questions or requests for assistance in completing or submitting proxy cards should contact InvestorCom, Inc., 65 Locust Avenue, New Canaan, CT 06850 or (877) 972-0090.

Stockholders who have their shares in “street name”, meaning the name of a broker or other nominee who is the record holder, must either direct the record holder of their shares to vote their shares or obtain a proxy from the record holder to vote their shares at the Special Meeting.

In the event that sufficient votes in favor of the Sale Resolution are not received by the date of the Special Meeting, the Chairman of the Board of Directors may propose one or more adjournments of the Special Meeting to permit further solicitation of proxies. Also, if each Purchaser does not satisfy the closing condition in each Sale Agreement that such Purchaser’s financing is assured, we may propose one or more adjournments of the Special Meeting to permit such Purchaser to satisfy such condition. Additionally, if we propose to have the stockholders vote whether to approve

the Adjournment Proposal, the persons named as proxies will exercise their discretion to vote all shares for which they have authority in favor of the Adjournment Proposal.

Solicitation of Proxies

We are paying the expenses of soliciting the proxies to be voted at the Special Meeting. Following the original mailing of the proxies and other soliciting materials, we will request that brokers, custodians, nominees and other record holders of our common stock forward copies of the proxy and other soliciting materials to persons for whom they hold shares of common stock and request authority for the exercise of the proxies. In these cases, we may, upon their request, reimburse such record holders for their reasonable expenses. Proxies may also be solicited by some of our directors, officers and regular employees, without additional compensation, in person or by telephone. We also retained InvestorCom, Inc. to assist in the solicitation at an estimated cost of \$7,500 plus reimbursable out-of-pocket expenses.

Revocability of Proxies

Any registered stockholder who executes and returns a proxy card (or submits a proxy via telephone or the Internet) may revoke the proxy at any time before it is voted in any one of the following ways:

- submitting another properly completed proxy with a later date;
- attending the Special Meeting and voting in person; or

- delivering to our principal offices (Attention: Corporate Secretary) a written instrument that revokes the proxy.

Simply attending the Special Meeting will not constitute revocation of a proxy. If you have instructed your broker to vote your shares, the above-described options for revoking your proxy do not apply and instead you must follow the directions provided by your broker to change your instructions.

Communicating with Members of the Board of Directors

You may communicate with the Board of Directors by writing to our Corporate Secretary at Hudson Global, Inc., c/o the Board of Directors (or, at your option, c/o a specific director), 1325 Avenue of the Americas, 12th Floor, New York, New York 10019. The Corporate Secretary will deliver this communication to the Board or the specified director, as the case may be.

Proposal No. 1
The SALE RESOLUTION

The following is a description of the material aspects of the Sale Resolution and the Sale Transactions, including background information relating to the proposed Sale Transactions. While we believe that the following description covers the material terms of the Sale Transactions and other arrangements between Purchasers and Sellers, the description may not contain all of the information that is important to you. In particular, please see “The Sale Agreements” for more detailed summaries of the Sale Agreements and the composite copies of the Sale Agreements attached as Annexes A, B and C to this proxy statement and incorporated by reference herein. You should carefully read this proxy statement and the other documents to which we refer, including the Sale Agreements, for a complete understanding of the terms of the Sale Transactions.

Background of the Sale Transactions

Overview

Hudson is a leading global talent solutions company that provides specialized professional-level recruitment and related talent solutions, including permanent recruitment, contracting, RPO and talent management solutions. Our businesses were historically the combination of 67 acquisitions made between 1999 and 2001, which became the eResourcing division of Monster Worldwide, Inc. (“Monster”), formerly TMP Worldwide, Inc. On March 31, 2003, Monster distributed all of the outstanding shares of the Company to its stockholders of record on March 14, 2003 and, since that date, we have operated as an independent publicly held company.

In recent years, we have experienced a number of challenges in our business, including continuing losses from operations, declines in our stock price and operational challenges as we worked to streamline our platform to focus on profitable growth in core businesses and markets. As a result, our Board of Directors has periodically evaluated our strategic direction, including our prospects as an independent publicly held company and prospects to grow through acquisitions or to divest businesses that did not fit with our strategic direction.

During 2014 and 2015, we experienced 100% turnover on our Board of Directors. Since that time, the Board of Directors has implemented a series of stockholder-friendly actions designed to enhance stockholder value. Those actions include the following:

On November 13, 2014, the Company announced four stockholder-friendly governance changes that were implemented at our 2015 annual meeting of stockholders:

- o Accelerated the declassification of the Board of Directors so that all director positions were elected annually beginning at the 2016 annual meeting of stockholders

- o Eliminated all supermajority voting requirements and changed the vote level required for approval to a simple majority

- o Allowed holders of at least 30% of the Company's outstanding stock to call special meetings of stockholders

- o Allowed stockholders to take action on any matter without a meeting or a vote, as long as there is written consent by holders of the minimum level of shares required for that action

On January 16, 2015, the Company announced an amendment to its rights agreement to protect and preserve its net operating losses ("NOLs")

On July 30, 2015, the Company announced the Board of Directors approved a \$10 million share buyback plan pursuant to which as of September 30, 2017 the Company had repurchased approximately \$7.2 million of shares

On March 3, 2016 and April 28, 2016, the Company announced the Board of Directors approved cash dividend payments to stockholders that totaled \$3.4 million in 2016

Throughout 2015, 2016 and 2017, the Board of Directors instructed Hudson's senior management team to explore various options to maximize stockholder value, including through merger and acquisition opportunities and strategic combinations with other companies, as discussed below. This process culminated in the Company's announcement on December 17, 2017 of three divestitures to exit the recruitment and talent management businesses and to focus exclusively on its global RPO business going forward.

Discussion

In early February 2015, as part of a normal update on strategic alternatives, our Board of Directors discussed with Advisor A (which previously had been retained by Hudson) potential companies with which Hudson could explore a potential strategic transaction. Over the next several weeks, our senior management worked with Advisor A to assess potential companies to contact and to prepare a teaser document with financial and business information on Hudson.

In early March 2015, Advisor A contacted five companies and provided to them the teaser document. Four of the companies that Advisor A contacted declined without meeting with Hudson, but one company, Company A, expressed interest and agreed to meet with Hudson. On March 17, 2015, Hudson's then chairman and chief executive officer met in person with the chief executive officer of Company A to discuss a potential transaction between the companies. Hudson subsequently entered into a nondisclosure agreement, dated March 31, 2015, with Company A. On April 14, 2015, the Company's then chairman and chief executive officer, senior management and external legal counsel, Foley & Lardner LLP ("Foley"), met with Company A's senior management and legal counsel in Europe to discuss further a potential transaction between the companies. In mid-May 2015, following further discussions between Hudson and Company A, Company A notified us that they had concluded that a transaction with Hudson was not a strategic fit at the time and terminated discussions.

On October 2, 2015, our Board of Directors held a meeting attended by Foley during which our Board of Directors established the Strategic Planning Committee of the Board of Directors to provide assistance to the Board of Directors in assessing and overseeing the Company's strategy. On that date, the Board of Directors also elected a new director, Ian V. Nash, and appointed Mr. Nash to serve as Chairman of the Strategic Planning Committee.

On December 16, 2015, the Board of Directors held a meeting attended by Foley and Advisor A during which Advisor A provided an in-depth update on the human resources and recruitment services industry and potential strategic considerations for Hudson. Advisor A presented, and the Board of Directors discussed at length, approximately 20 companies that could potentially acquire Hudson and approximately 15 companies with which Hudson could potentially merge. Following the in-depth discussions, the Board of Directors requested Advisor A to prepare a document summarizing key aspects of Hudson's business to provide to prospective companies and to begin contacting selected companies in early 2016.

In mid-January 2016, Advisor A began an informal process of contacting 11 companies to determine their interest in meeting with Hudson to discuss the Company's progress and potential interest in strategic relationships. Between late January 2016 and October 2016, senior management of Hudson made contacts and/or held meetings with these companies to explore their interest in a strategic transaction with Hudson in which the type of potential strategic transactions (i.e., for all or for parts of the company) were discussed with certain of these companies. However, these discussions did not result in any proposals for specific transactions. Stephen A. Nolan, our chief executive officer and

a director on our Board of Directors, provided updates on these potential strategic opportunities at meetings of the Strategic Planning Committee on March 1, 2016, April 26, 2016 and July 25, 2016 and the full Board of Directors on September 1, 2016. Foley attended these four meetings.

After an update by Mr. Nolan to the Strategic Planning Committee at a meeting on October 25, 2016, which Foley attended, our Board of Directors determined it was appropriate to begin a formal process to solicit bids for the potential sale of the entire Company and, potentially, parts of the Company. Advisor A and our senior management prepared a teaser to provide to potential buyers containing an anonymous, high-level overview of the Company's operations and financials. In November 2016, Advisor A began contacting potential buyers and distributing the teaser, and Hudson began negotiating and entering into non-disclosure agreements with potential buyers. By mid-December 2016, Advisor A and Hudson had prepared a confidential information packet ("CIP") and Advisor A began distributing the CIP to parties who had entered into a non-disclosure agreement with the Company. The CIP contained detailed business and financial information about Hudson, and the aspects of our business that would be attractive to potential buyers. At that time, Hudson also established a virtual data room to allow potential buyers access to Company information.

At a December 15, 2016 meeting of the Board of Directors attended by Foley and Advisor A, Advisor A provided the Board of Directors with an update on the process of seeking strategic opportunities. From late December 2016 to early February 2017, Advisor A contacted 70 potential buyers, of which 62 declined to participate in the process.

By early February 2017, the Company had received three initial indications of interest for the potential sale of the entire Company and one initial indication of interest for the potential sale of certain parts of the Company. Company B's indication of interest, dated February 9, 2017, was for a proposed merger between Company B and Hudson with an equity valuation of Hudson of \$43.4 million, or \$1.31 per share. Company C's indication of interest, dated February 9, 2017, was for a proposed acquisition of all of Hudson's outstanding shares of common stock for \$1.65 per share. Company D's indication of interest, dated February 9, 2017, was for a proposed acquisition all of Hudson's outstanding shares of common stock for between \$1.75 and \$2.05 per share. Company E's indication of interest, dated February 10, 2017, was for a proposed acquisition of parts of Hudson's business for between \$79 million to \$91 million. Each of the initial indications of interest received were non-binding and subject to customary due diligence and other conditions.

At a Board of Directors meeting on February 13, 2017, the Board of Directors, along with Hudson senior management, Advisor A and Foley, discussed the initial indications of interest received. After an in-depth discussion, the Board of Directors directed management to work with Advisor A to refine the initial indications of interest received. The Board of Directors met again on February 20, 2017 with Hudson senior management, Advisor A and Foley regarding potential strategic opportunities for the Company, including the four initial indications of interest received. On February 27, 2017, the Strategic Planning Committee also held a meeting, which Foley attended, to discuss further the potential strategic opportunities for the Company and indications of interest received. On March 14, 2017, Advisor A sent out a process letter to each of Companies B, C, D and E requesting that revised indications of interest were due by March 27, 2017.

By March 27, 2017, Company B, Company C and Company E had declined to submit a revised indication of interest. However, Company D submitted a revised indication of interest, dated March 27, 2017, which proposed to acquire all of Hudson's outstanding shares of common stock for \$1.95 per share. Also, Morgan Philips Group S.A. ("Morgan Philips") submitted an indication of interest, dated March 23, 2017, which proposed to acquire all of Hudson's outstanding shares of common stock for \$2.00 per share or all of Hudson's assets other than the RPO business for \$30 to \$40 million. On March 28, 2017, the Board of Directors held a meeting during which they discussed with Advisor A and Foley the revised and new indications of interest received. On March 29, 2017, Ivan De Witte, chief executive officer of Hudson's Belgium business, contacted Mr. Nolan to discuss a potential management buyout of the Hudson Belgium business.

Beginning April 4, 2017 until the execution of the Sale Agreements in December 2017, Hudson senior management generally held a weekly conference call, on which Foley participated, with the Board of Directors to update them on the potential strategic transactions. A total of 26 of those calls were held. Advisor A frequently participated on those calls.

On April 10, 2017, Mr. De Witte submitted an initial indication of interest for the proposed acquisition of Hudson's Belgium business for \$24.0 million, subject to certain adjustments, which the Board of Directors discussed on April 11, 2017. The Board of Directors then held a meeting on April 18, 2017, which Foley attended, during which it discussed further the indications of interest received to date.

Over the next month, Hudson senior management, Advisor A and Foley held conference calls with each of Company D and Morgan Philips and their respective advisors to discuss the potential structure of the proposed transactions. Hudson senior management also held calls with Mr. De Witte and certain members of the Belgium senior management team to discuss their indication of interest, including the potential transaction structure and price. On April 24, 2017, Jeffrey E. Eberwein, our independent chairman of the board, and Mr. Nolan met with Morgan Philips and its financial advisors in New York City to discuss a potential transaction, including the potential structure and financing. On May 2, 2017, Mr. Nolan presented at a Strategic Planning Committee meeting an update by Advisor A on the potential strategic opportunities and indications of interest.

On May 15, 2017, Mr. De Witte submitted a revised indication of interest for the acquisition of the Hudson Belgium business for \$28.5 million, subject to certain adjustments. On May 17, 2017, Company D informed Hudson that it decided not to pursue further any transaction with Hudson. On May 25, 2017, Morgan Philips submitted a revised indication of interest for the acquisition of Hudson's U.S. assets and the shares of Hudson's foreign subsidiaries, excluding the Belgium business, for \$38.0 million, subject to certain adjustments. Also, during early June 2017, Mark Steyn, chief executive officer of Hudson Asia Pacific, contacted Mr. Nolan and expressed interest in a possible management buyout of the Hudson Asia Pacific business, excluding the RPO business.

From the end of May through August 2017, Hudson senior management provided the Board of Directors with regular updates on the potential transactions as well as other potential strategic alternatives senior management and Advisor A were pursuing. Because the Company had not received a viable indication of interest for a sale of the entire Company or any of its parts through the formal process run by Advisor A, the Board of Directors directed Hudson senior management to focus on the potential sales of its various businesses for which it had received indications or expressions of interest. The Board of Directors considered the certainty of closing and the availability of financing for the sales for which indications or expressions of interest were received. The Board of Directors also considered that sales of various businesses (as opposed to a sale of the entire Company) would help the Company to retain its NOLs, the net amount of which were \$326.3 million for U.S. federal income tax purposes as of December 31, 2016.

The Board of Directors directed management to prepare a draft non-binding term sheet and begin negotiating with Mr. De Witte for the sale of the Hudson Belgium business. On June 28, 2017, Mr. Eberwein and Mr. Nolan met in New York City with Mr. De Witte and his financial partners to discuss and negotiate the draft term sheet. On July 6, 2017, the Board of Directors held a meeting, which Foley attended, during which they discussed the revised draft term sheet from Mr. De Witte. After an in-depth discussion, the Board of Directors authorized Hudson management to enter into the non-binding term sheet with Mr. De Witte to purchase the Hudson Belgium business for \$29.0 million, subject to certain adjustments. After further negotiation, Hudson and Mr. De Witte entered into the non-binding term sheet reflecting those terms on July 11, 2017, which also provided for an exclusivity period until September 30, 2017.

After discussions with Mr. Nolan, Mr. Steyn submitted an initial indication of interest on July 3, 2017, to acquire the Hudson Asia Pacific business, excluding the RPO business, for \$6.0 million, subject to certain adjustments. The Board of Directors subsequently authorized Hudson management to prepare a draft non-binding term sheet and begin negotiating with Mr. Steyn for such potential transaction. After further negotiations between Mr. Nolan and Mr. Steyn, on July 30, 2017, Mr. Steyn submitted a revised draft term sheet to purchase the Hudson Asia Pacific business, excluding the RPO business, for \$7.5 million, subject to certain adjustments. On July 31, 2017, the Board of Directors held a meeting attended by Advisor A and Foley during which they discussed the revised draft term sheet from Mr. Steyn. After an in-depth discussion, the Board of Directors authorized Hudson management to enter into a non-binding term sheet with Mr. Steyn to purchase the Hudson Asia Pacific business, excluding the RPO business, for \$7.5 million, subject to certain adjustments. Mr. Steyn and Hudson entered into the non-binding term sheet reflecting those terms on August 1, 2017, which also provided for an exclusivity period for 45 days from the date of the term sheet.

On July 28, 2017, Morgan Philips submitted a revised indication of interest to acquire Hudson's Europe and Asia businesses, excluding the Belgium, Australia and RPO businesses, for \$22.0 million, subject to certain adjustments. On July 31, 2017, the Board of Directors held a meeting attended by Advisor A and Foley during which they discussed the revised indication of interest from Morgan Philips. The Board of Directors then requested Advisor A to discuss with Morgan Philips their interest in submitting an indication of interest for the acquisition of only Hudson's Europe business, excluding the Belgium, Australia and RPO businesses, because the Board of Directors had determined that Mr. Steyn's offer to purchase the Hudson Asia Pacific business provided the Company with more value for that business, including avoiding stranded costs and restructuring costs and ability to retain customers and employees. On August 8, 2017, Morgan Philips' chief executive officer and chief financial officer met with Hudson senior management in New York City to discuss the valuation of the Hudson Europe business. Morgan Philips thereafter submitted on August 10, 2017 a revised indication of interest to purchase the Hudson Europe business, excluding the Belgium and RPO businesses, for \$10.5 million. At the direction of the Board of Directors, Hudson management provided Morgan Philips with a non-binding term sheet reflecting those terms on August 18, 2017. After further negotiation and authorization by the Board of Directors, Hudson and Morgan Philips subsequently entered into the non-binding term sheet reflecting those terms on September 11, 2017, which also provided for an exclusivity period for 30 days from the date that Hudson received confirmation of Morgan Philip's financing for the transaction. Upon receipt of confirmation of Morgan Philip's financing, Hudson and Morgan Philips entered into a revised term sheet on September 26, 2017 solely to reflect an exclusivity period through October 31, 2017.

In each case, the non-binding term sheets with each of the Purchasers addressed the proposed structure of the transaction (including the carveout of the RPO business), purchase price and related adjustments, representations, warranties and indemnities to be provided by Hudson, intellectual property, tax and transitional services matters, and conditions precedent to the closing of such transaction.

During this time and through October 2017, each of the Purchasers, along with their financing sources, conducted their due diligence review of the Hudson businesses they proposed to acquire. As a result of financial due diligence conducted by Belgium Purchaser and its financing sources, Belgium Purchaser raised financial due diligence questions and assertions in a letter dated October 13, 2017. After a review of financial due diligence by representatives of Hudson, including Mr. Eberwein and Mr. Nolan, with representatives of Belgium Purchaser at a meeting in London on November 7, 2017, Hudson and Belgium Purchaser agreed on a purchase price reduction from \$29.0 million to \$28.25 million, subject to certain adjustments, for the purchase of the Hudson Belgium business.

Initial drafts of the Sale Agreements were provided to Hudson by APAC Purchaser on September 7, 2017, Belgium Purchaser on October 10, 2017 and Europe Purchaser on October 15, 2017. Thereafter and through December 2017, Hudson and Foley engaged in negotiations with each of the Purchasers and their legal counsel with respect to the terms of, and exchanged further drafts of, the Sale Agreements and related documentation.

From October 16 to October 18, 2017, Mr. Nolan and Patrick Lyons, our chief financial officer, met in London with representatives of each of Belgium Purchaser, APAC Purchaser and Europe Purchaser to negotiate additional terms of the Sale Transactions, including transition services agreements and intellectual property matters, and to discuss communications plans. On October 30, 2017, Mr. Nolan updated the Board of Directors on the status of the Sale Transactions and related Sale Agreements at a regularly scheduled meeting of the Board of Directors, which Foley also attended.

On December 13, 2017, the Board of Directors held a meeting, together with Hudson senior management and Foley. Mr. Nolan provided an update on the status of each of the Sale Transactions and the negotiation of the Sale Agreements. A representative of Foley reviewed with the Board of Directors its fiduciary duties in connection with the Sale Transactions. The Board of Directors reviewed the proposed material terms of the Sale Transactions, including the Sale Agreements and summaries thereof that had been provided to the Board of Directors in advance of the meeting. Such review included a discussion of conditions to closing of the transactions, financing status of buyers and related termination fees, and the Company's representations and warranties and indemnification obligations. The Board of Directors also reviewed projections for the Company for 2018 assuming the completion of the Sale Transactions. A discussion followed, during which the Board of Directors considered the expected benefits and risks of the Sale Transactions and Hudson management and Foley answered questions. Hudson management was instructed to seek to finalize the Sale Agreements.

Over the course of December 13, 2017 through the evening of December 15, 2017, the management teams and legal advisors of Hudson, Belgium Purchaser, APAC Purchaser and Europe Purchaser exchanged drafts of, and finalized, the Sale Agreements and related documentation for the Sale Transactions.

On December 16, 2017, the Board of Directors held a meeting at which the final terms of the Sale Agreements, including that there had been no material changes from the versions previously provided to the Board of Directors, were confirmed by Hudson senior management and Foley. After discussion among the directors, the Board of Directors unanimously approved the execution of the Sale Agreements, determined that the proposed sale of substantially all of the Company's assets pursuant to the Sale Transactions is expedient and for the best interests of the Company and its stockholders and recommended that the stockholders of the Company adopt a resolution approving the proposed sale of substantially all of the Company's assets pursuant to the Sale Transactions.

Effective on December 17, 2017, Belgium Sellers, Belgium Purchaser, Ivan De Witte and De Witte Comm. V. executed the Belgium Sale Agreement, Europe Sellers and Europe Purchaser executed the Europe Sale Agreement, APAC Sellers and APAC Purchaser executed the APAC Sale Agreement. On December 17, 2017, we issued a press release announcing the Sale Transactions.

On January 20, 2018, Hudson provided to the Purchasers draft amendments to each of the Sale Agreements. Such amendments provided that the closing of the Sale Transactions contemplated in each Sale Agreement is conditioned upon (i) the closings of the transactions contemplated in each other Sale Agreement occurring simultaneously with such closing and (ii) prior to the Company holding a vote of its stockholders at the Special Meeting to adopt the Sale Resolution, each Purchaser providing the Company with confirmation that each Purchaser's financing is assured, which confirmation may be in the form of either (x) equity commitment letters or debt commitment letters or definitive financing agreements that do not contain conditions to funding other than the conditions to closing of the transactions contemplated by the applicable Sale Agreement or (y) a certificate addressed to the Company from a Purchaser that it has debt and equity financing in place and it is prepared to fund the purchase price payable upon closing of the transactions contemplated by each Sale Agreement. All such amendments were approved by the Board of Directors and executed on January 25, 2018 by the Purchasers and Sellers.

General Description of the Sale Transactions

On December 16, 2017, the Board of Directors, at a meeting duly called and held, unanimously approved the Sale Agreements, composite copies of which are included as Annexes A, B and C to this proxy statement, and determined that the Sale Transactions are in the best interests of Hudson and its stockholders. Please read each Sale Agreement carefully. Pursuant to the terms of the Sale Agreements, among other things:

Sellers agreed to sell: (i) the Belgium Subsidiary to Belgium Purchaser, (ii) the Europe Subsidiaries to Europe Purchaser and (iii) the APAC Subsidiaries to APAC Purchaser, which, in each case excludes Hudson's RPO Business conducted by the Belgium Group Companies, the Europe Subsidiaries and the APAC Group Companies, and in aggregate, the Sale Transactions constitute a sale of substantially all of Hudson's assets under Delaware law; and

in exchange for such sales, Belgium Purchaser agreed to pay the Belgium Purchase Price, Europe Purchaser agreed to pay the Europe Purchase Price and APAC Purchaser agreed to pay the APAC Purchase Price.

In the event our stockholders adopt the Sale Resolution, we expect that the Sale Transactions will close promptly following the Special Meeting. The closing of each Sale Transaction will be contingent upon the closing of each other Sale Transaction.

Reasons for the Sale Transactions

In evaluating the Sale Transactions and Sale Agreements, including the sales of the Belgium Subsidiary, the Europe Subsidiaries and the APAC Subsidiaries, the Board of Directors consulted with Hudson's management and outside legal advisors. In recommending that Hudson's stockholders vote their shares of Hudson common stock to adopt the Sale Resolution, the Board of Directors considered a number of factors, including the following (not necessarily in order of relative importance):

- Hudson's businesses and operations, and its current and historical financial condition and results of operations;
- the current corporate structure and ongoing challenges of Hudson's recruitment and talent management businesses, including:

- o the operational inefficiencies of (i) separate management teams, (ii) separate capital structures and growth potential, (iii) separate and decentralized administrative and overhead functions and (iv) limited overlap of sales forces or customer channels;
- o the scale of the recruitment and talent management businesses we are selling compared to those of our competitors;
- o the highly cyclical nature and the relatively large mix of permanent recruitment revenue in the recruitment business; and
 - o the market's insufficient valuation of the recruitment and talent management businesses;

Hudson's business plan and related financial projections and the ability to execute long-term, high-potential opportunities and the risks and uncertainties in executing on the business plan and achieving such financial projections and opportunities;

differences in future strategic priorities, growth profiles and operational focus of the RPO Business and the recruitment and talent management businesses;

the process conducted by Hudson and the Board of Directors with respect to the Sale Transactions, which covered a period of two years and led to discussions with several potential buyers to determine their possible interest in purchasing the Sale Subsidiaries, and which did not lead to any proposals more favorable to us and our stockholders than the proposals by Purchasers;

the fact that the Sale Transactions, as opposed to a sale of the entire Company, would help Hudson to retain its existing substantial NOLs, which were \$326.3 million for U.S. Federal income tax purposes as of December 31, 2016;

the possible alternatives to separation of the RPO Business and the recruitment and talent management businesses, including maintenance of current operations and corporate structure, a sale of the entire Company or a sale of parts of the Company, and the risks associated with such alternatives, each of which the Board of Directors determined not to pursue in light of its belief that the separation of the RPO Business and the recruitment and talent management businesses offered the best potential for long-term stockholder and corporate value and was more favorable to the stockholders of Hudson than any other alternative reasonably available to Hudson and its stockholders;

· the value and consideration to be received by Hudson pursuant to the Sale Agreements, including the fact that we would receive cash payments at closing and the certainty of value of such cash consideration compared to other possible forms of consideration;

· terms of the Sale Agreements, including:

○ the termination fee of EUR750,000 that would become payable by Belgium Purchaser in certain circumstances, as described in “The Sale Agreements - Belgium Sale Agreement - Termination and Termination Fee”, the termination fee of \$762,000 that would become payable by Europe Purchaser in certain circumstances, as described in “The Sale Agreements - Europe Sale Agreement - Termination and Termination Fee” and the termination fee of \$300,000 that would become payable by APAC Purchaser in certain circumstances, as described in “The Sale Agreements - APAC Sale Agreement - Termination and Termination Fee”;

○ the limited number and nature of the conditions to the closing and the likelihood of satisfying such conditions, including the Board of Directors’ belief that, while the closing is subject to the Purchasers obtaining certain financing, the Purchasers are likely to obtain it because if they fail to, they will be obligated to pay a termination fee; and

○ the fact that under specified circumstances, the Sale Agreements permit the applicable Seller to seek specific performance against the applicable Purchaser;

· Belgium Purchaser’s experience and track record of successfully managing the business of the Belgium Subsidiary and post-acquisition strategies with respect to Belgium Subsidiary’s customers and employees;

· Europe Purchaser’s experience and track record of successfully owning and managing recruitment and talent management businesses in Europe and post-acquisition strategies with respect to Europe Subsidiaries’ customers and employees;

· APAC Purchaser’s experience and track record of successfully managing the business of the APAC Subsidiaries and post-acquisition strategies with respect to APAC Subsidiaries’ customers and employees;

· the fact that the Sale Agreements were the product of arms-length negotiations and contained terms and conditions that were, in the Board of Directors’ view, favorable to Hudson and its stockholders;

· the fact that the Sale Agreements were unanimously approved by the Board of Directors, which is comprised of a majority of independent directors who are not affiliated with Purchasers and are not employees of Hudson or any of its subsidiaries, and which retained and received advice from Hudson’s outside legal advisors in evaluating, negotiating and recommending the terms of the Sale Agreements;

· the strategic advantage and benefits to Hudson and its stockholders of focusing on the RPO Business, including:

o Hudson's deep 18-year history in the RPO business and that Hudson was one of the first RPO providers in the industry;

o the RPO Business is a dynamic business with strong growth history and growth prospects globally as Hudson delivers high-level, professional solutions around the globe;

o the RPO Business is less capital intensive and has lower occupancy-related expenses and back-office costs than recruitment;

o the RPO Business has longer-term contracts and is less cyclical than the recruitment business;

o that, as of September 30, 2017, the RPO Business delivered \$58.0 million in revenue and \$41.6 million in gross margin in the last twelve months;

o information regarding the financial performance, business operations and future prospects of Hudson and the RPO Business and the potential uses of net cash proceeds received from the Sale Transactions to increase stockholder value; and

o the increased focus and capital allocation we could place on our growing the RPO Business following the Sale Transactions, and the additional financial flexibility to continue to grow our RPO Business, both with our current assets and management and through potential acquisitions.

The Board of Directors also considered a number of uncertainties, risks and other factors in its deliberations concerning the Sale Agreements and the transactions contemplated thereby, including the sales of the Belgium Subsidiary, the Europe Subsidiaries and the APAC Subsidiaries, including the following (not necessarily in order of relative importance):

the fact that by selling the Sale Subsidiaries, Hudson would not enjoy the benefits of any future growth of the Sale Subsidiaries and that Hudson would no longer be entitled to receive any dividends from the Sale Subsidiaries;

the fact that we will need to use proceeds from the Sale Transactions to reduce support staff costs to right-size our structure after the consummation of the Sale Transactions;

the loss of synergies between the RPO Business and the recruitment and talent management business, including their combined size;

the fact that we will remain a very small publicly traded company and will continue to incur ongoing operating expenses related thereto;

the fact that, under specified circumstances, including our failure to obtain stockholder approval to adopt the Sale Resolution, Hudson may be required to pay the Europe Purchaser a termination fee of \$500,000, as described in “The Sale Agreements – Europe Sale Agreement – Termination and Termination Fee” and be required to pay the APAC Purchaser a termination fee of \$300,000, as described in “The Sale Agreements – APAC Sale Agreement – Termination and Termination Fee”;

the fact that the termination fees are not available in all instances to the Sellers where the Sale Agreements may be terminated and may be Hudson’s only recourse in respect of termination where they are available;

the significant costs involved in connection with entering into and completing the sale of our Sale Subsidiaries and the substantial time and effort of management required to consummate the closings, which could disrupt Hudson’s business operations;

the fact that the announcement and pendency of the Sale Agreements and the transactions contemplated thereby, including the sale of our Sale Subsidiaries, or the failure to complete the closings, may cause substantial harm to Hudson’s relationships with its employees, vendors and customers;

the restrictions on Hudson’s ability to influence the Sale Subsidiaries prior to completion of the transactions contemplated by the Sale Agreements, which could delay or prevent the Sale Subsidiaries from undertaking business opportunities that may arise or taking other actions with respect to its operations;

the fact that, while Hudson expects the transactions contemplated by the Sale Agreements to be consummated if the Sale Resolution proposal is adopted by Hudson's stockholders, there can be no assurance that all conditions to the parties' obligations to consummate the various closings will be satisfied;

the risk that the financing contemplated by the Sale Agreements and related commitment letters (or any alternative financing) of the Purchasers might not be obtained, resulting in Purchasers potentially not having sufficient funds to complete the transactions contemplated by the Sale Agreements;

the fact that Hudson's directors and executive officers may have personal interests in the Sale Transactions that are, or may be, different from, or in addition to, Hudson's stockholders. The Board of Directors was made aware of and considered these interests, to the extent such interests existed at the time; for more information about such interests, see below under the heading "Interests of Our Directors and Executive Officers in the Sale Transactions;

· the fact that the strategy of Hudson to focus on the RPO Business after the Sale Transactions may not succeed;

· the risk that we could be exposed to future indemnification payments for a breach or violation of the representations and warranties or covenants contained in the Sale Agreements; and

· the obligations of the Europe Purchaser and APAC Purchaser to provide certain services to Hudson for a period of time following the closing pursuant to the terms of the transitional services agreement.

After taking into account all of the factors set forth above, as well as other factors, the Board of Directors agreed that the benefits of the Sale Agreements and the transactions contemplated thereby, outweigh the risks and uncertainties of the Sale Agreements and the transactions contemplated thereby. In view of the wide variety of factors considered by the Board of Directors, and the complexity of these matters, the Board of Directors did not find it practicable to quantify or otherwise assign relative weights to the foregoing factors. In addition, individual members of the Board of Directors may have assigned different weights to various factors. The Board of Directors unanimously approved the Sale Agreements and recommends that stockholders adopt the Sale Resolution based upon the totality of the information presented to and considered by it.

Post-Closing Business and Investment of Proceeds from the Sale Transactions

If the Sale Resolution receives the affirmative vote of the holders of a majority of the shares outstanding as of the record date and the other conditions to the closing of the Sale Transactions are satisfied or waived, the Purchasers will acquire substantially all of Hudson's assets. Following the Sale Transactions, Hudson intends to use the proceeds from the Sale Transactions for the purposes of investing in its RPO Business, reducing support staff costs, Hudson's existing share repurchase program and other corporate purposes. If the Sale Resolution does not receive the affirmative vote of the holders of a majority of the shares outstanding as of the record date, or if the other conditions to the closing of the Sale Transactions are not satisfied or waived, then either we or the respective Purchasers may terminate the Sale Agreements and the Board of Directors, along with our management, will reassess our options in light of our strategic goals and any alternatives that may be available to us.

Projections

Hudson as a matter of course does not make public, long-term projections as to its future revenues, earnings or other results due to, among other reasons, the uncertainty of the underlying assumptions and estimates. However, Hudson is including summaries of certain unaudited internal financial forecasts for Hudson's RPO Business because, except as described below, they were made available to the Board of Directors. The inclusion of the internal financial forecasts of Hudson's RPO Business should not be regarded as an indication that the Board of Directors or Hudson or any other recipient of this information considered, or now considers, it to be an assurance of the achievement of, or necessarily predictive of, actual future results.

The unaudited internal financial forecasts prepared by the management of Hudson were, in general, prepared solely for their internal use and are subjective in many respects. As a result, there can be no assurance that the prospective results will be realized or that actual results will not be significantly higher or lower than estimated. Hudson stockholders are urged to review Hudson's SEC filings for a description of risk factors with respect to Hudson's business, as well as the section of this proxy statement entitled "Risk Factors." See also "Cautionary Statement Concerning Forward-Looking Information." The unaudited internal financial forecasts were not prepared with a view toward public disclosure, nor were they prepared with a view toward compliance with the guidelines established by the American Institute of Certified Public Accountants for the preparation and presentation of prospective financial and operating information. In addition, the unaudited prospective financial and operating information requires significant estimates and assumptions that make it inherently less comparable to the similarly titled GAAP measures in the historical GAAP financial statements of Hudson. Neither Hudson's independent registered public accounting firm nor any other independent accountants, has compiled, examined or performed any procedures with respect to the unaudited prospective financial and operating information contained herein, nor have they expressed any opinion or any other form of assurance on such information or its achievability. The report of the independent registered public accounting firm to Hudson contained in its Annual Report on Form 10-K for the year ended December 31, 2016 relates to Hudson's historical financial information. This report does not extend to the unaudited prospective financial forecasts and should not be read to do so. Furthermore, the following unaudited prospective financial forecasts do not take into account any circumstances or events occurring after the date they were prepared, which was in connection with the Board of Directors meeting that occurred on December 13, 2017. For purposes of the unaudited prospective financial forecasts, we define Adjusted EBITDA to mean non-GAAP earnings before interest, income taxes, depreciation and amortization, non-operating income, goodwill and other impairment charges, business reorganization expenses, stock-based compensation expense and other expenses net income (loss).

Financing

The Belgium Purchase Price is estimated to be \$24,700,000, which is expected to be funded by a combination of equity contributions from the owners of the Belgium Purchaser and third parties and debt financing from third parties.

In connection with entering into the Belgium Purchase Agreement, the Belgium Purchaser obtained a commitment letter for a EUR7,000,000 irrevocable equity commitment from Mr. De Witte, an owner of the Belgium Purchaser. The commitment to fund under the equity commitment letter is subject only to the Belgium Sale Transaction closing pursuant to the terms of the Belgium Sale Agreement. Under the Belgium Purchase Agreement, the Belgium Purchaser is required to take certain actions to obtain the balance of the financing necessary to close the Belgium Sale Transaction and to obtain financing pursuant to the equity commitment letter, but if the Belgium Purchaser fails to obtain financing, it will be required to pay Belgium Sellers a termination fee of EUR750,000.

The Europe Purchase Price is estimated to be \$10,500,000, which is expected to be funded by a combination of equity contributions from and convertible debt issuances to third parties and, if necessary, Europe Purchaser's cash on hand or committed financing arrangements. In connection with entering into the Europe Sale Agreement, Europe Purchaser obtained commitment letters totaling \$8,460,000 in irrevocable equity commitments, EUR1,500,000 of irrevocable convertible note commitments and EUR1,000,000 in an irrevocable bridge loan facility. The commitment to fund under the equity and convertible note commitment letters is subject only to the conditions to closing in the Europe Purchase Agreement being satisfied or waived. The commitment to fund under the bridge loan facility commitment letter is subject only to finalizing the documentation for the bridge loan facility and the closing of the Europe Sale Transaction. Under the Europe Sale Agreement, the Europe Purchaser is required to take certain actions with respect to obtaining financing pursuant to the commitment letters, but if the Europe Purchaser fails to obtain financing, it will be required to pay Europe Sellers a termination fee of \$762,000.

The APAC Purchase Price is estimated to be \$6,000,000, which is expected to be funded by a combination of equity contributions from the owners of the APAC Purchaser and debt financing from a third party. In connection with entering into the APAC Purchase Agreement, the APAC Purchaser obtained unconditional commitment letters totaling AUD\$1,000,000 in irrevocable equity commitments from the owners of APAC Purchaser and AUD\$4,000,000 in a debt commitment in the form of an amortizing term debt facility to be provided by National Australia Bank Limited. Although National Australia Bank Limited's debt commitment letter expires on March 31, 2018, it has agreed to seek credit approval in good faith to extend the availability of such facilities if the closing of the APAC Sale Transaction does not occur by that date. The commitment to fund under the debt commitment letter is subject only to finalizing the documentation for the amortizing term debt facility. The APAC Purchaser expects to fund the balance of the APAC Purchase Price by utilizing available credit pursuant to financing arrangements currently in place with Hudson Global Resources (Aust) Pty Ltd and provided by National Australia Bank Limited, as described in more detail in Note 13 to the Combined Financial Statements of Sale of Subsidiaries (Unaudited) for the European, Belgium, and Asia Pacific Businesses of Hudson Global Inc. included in this proxy statement as Annex F. Under the APAC Sale Agreement, the APAC Purchaser is required to take certain actions with respect to obtaining financing pursuant to the commitment letters, but if the APAC Purchaser fails to obtain financing, it will be required to pay APAC Sellers a termination fee of \$300,000.

All Sale Agreements provide that the closing of the Sale Transactions contemplated in each Sale Agreement is conditioned upon prior to the Company holding a vote of its stockholders at the Special Meeting to adopt the Sale Resolution, each Purchaser providing the Company with confirmation that each Purchaser's financing is assured, which confirmation may be in the form of either (x) equity commitment letters or debt commitment letters or definitive financing agreements that do not contain conditions to funding other than the conditions to closing of the transactions contemplated by the applicable Sale Agreement or (y) a certificate addressed to the Company from a Purchaser that it has debt and equity financing in place and it is prepared to fund the purchase price payable upon closing of the transactions contemplated by each Sale Agreement.

Certain U.S. Federal, State and Foreign Income Tax Consequences of the Sale Transactions

The Sale Transactions will not result in any material U.S. federal or state income tax consequences to our stockholders. The Sale Transactions will be a taxable event to us for U.S. federal, state and foreign income tax purposes. We anticipate that the Sale Transactions will result primarily in losses but also some taxable gain to Hudson in an amount equal to the difference between the purchase price received and Hudson's adjusted tax basis in the shares being sold. Any gain recognized by Hudson for U.S. federal income tax purposes as a result of the Sale Transactions is expected to be fully offset by available net operating loss carryovers. Any gain recognized by Hudson for U.S. state income tax purposes may not be fully offset by net operating loss carryovers, but is not expected to be material. We anticipate that any foreign income tax liability to Hudson resulting from the Sale Transactions will not be material.

Certain Accounting Consequences of the Sale Transactions

For the Sale Transactions, we will recognize net cash proceeds from the legal sale and transfer of the Belgium Subsidiary, the Europe Subsidiaries and the APAC Subsidiaries. Additionally, we will recognize a corresponding reduction of assets and liabilities relating to the Belgium Subsidiary, the Europe Subsidiaries and the APAC Subsidiaries, in each case other than the assets and liabilities relating to the RPO Business that are transferred to Hudson or one of its retained subsidiaries prior to the closings of the Sale Transactions.

Regulatory Matters

Mergers and acquisitions that may have an impact in the United States are subject to review by the Department of Justice and the Federal Trade Commission to determine whether they comply with applicable antitrust laws. Hudson believes that the Sale Transactions are not subject to the Hart-Scott-Rodino Act Antitrust Improvements Act of 1976 or the reporting and waiting requirements of any other United States antitrust law. We are not aware of other material regulatory approvals.

No Appraisal Rights

You will not experience any change in your rights as a stockholder as a result of the Sale Transactions. Delaware law and our bylaws do not provide for appraisal or other similar rights for dissenting stockholders in connection with the Sale Transactions, and we do not intend to independently provide stockholders with any such right. Accordingly, you will have no right to dissent and obtain payment for your shares in connection with the Sale Transactions.

Required Vote

The proposal to adopt the Sale Resolution requires the affirmative vote of the holders of a majority of our outstanding shares entitled to vote. Abstentions and broker non-votes will act as a vote against this proposal.

Recommendation of the Board of Directors

Our Board of Directors unanimously recommends that you vote “FOR” the adoption of the Sale Resolution.

The Sale Agreements

The following is a summary of the material terms of the Sale Agreements. This summary does not purport to describe all the terms of the Sale Agreements and is qualified by reference to the complete Sale Agreements, composite copies of which are attached as Annex A, Annex B and Annex C to this proxy statement. We urge you to read the Sale Agreements carefully and in their entirety because they, and not the summary set forth in this proxy statement, are the legal documents that govern the Sale Transactions.

The terms of the Sale Agreements (such as the representations and warranties) are intended to govern the contractual rights and relationships, and allocate risks, between the parties in relation to the Sale Transactions. The Sale Agreements contain representations and warranties that the respective Sellers, on the one hand, and the respective Purchaser, on the other hand, made to each other as of specific dates. The representations and warranties were negotiated between the parties with the principal purpose of setting forth their respective rights with respect to their obligations to consummate the Sale Transactions and may be subject to important limitations and qualifications as set forth therein, including a contractual standard of materiality different from that generally applicable under federal securities laws. In addition, certain representations and warranties relate to information that is not known currently by either party and have been negotiated such that the risk that such representations or warranties are ultimately shown to not be true is allocated between the parties.

In addition, such representations and warranties are qualified by information in confidential disclosure schedules that Hudson and the respective Purchaser have exchanged in connection with signing the Sale Agreements. While Hudson does not believe that the disclosure schedules contain information which has not been previously publicly disclosed and that the securities laws require to be publicly disclosed, the disclosure schedules do contain information that modifies, qualifies and creates exceptions to the representations and warranties set forth in the attached Sale Agreements. Accordingly, you should not rely on the representations and warranties as characterizations of the actual state of facts, since they are modified by the underlying disclosure schedules. These disclosure schedules contain certain information that has been included in our prior public disclosures, as well as additional non-public information. Moreover, information concerning the subject matter of the representations and warranties may have changed since the date of the Sale Agreements, which subsequent information may or may not be fully reflected in our public disclosures.

General

Pursuant to the Belgium Sale Agreement, Belgium Purchaser has agreed to pay Belgium Sellers the Belgium Purchase Price and pursuant to the APAC Sale Agreement, APAC Purchaser has agreed to pay APAC Sellers the APAC Purchase Price. Under the Belgium Sale Agreement and the APAC Sale Agreement, Hudson provided limited representations and warranties related to ownership of the Belgium Subsidiary and the APAC Subsidiaries,

respectively, and authority to enter into such sale agreement, among other areas as set forth in the Belgium Sale Agreement and APAC Sale Agreement. Pursuant to the Europe Sale Agreement, Europe Purchaser has agreed to pay Europe Sellers the Europe Purchase Price. The parties to the Europe Sale Agreement have provided each other with customary representations and warranties as more fully set forth in the Europe Sale Agreement.

In addition, under all Sale Agreements the applicable Sellers have agreed to certain covenants, including interim operating covenants which place certain restrictions on the operation of the Sale Subsidiaries until the applicable Sale Transaction closes, an employee non-solicitation covenant, a non-competition covenant and a covenant that requires that we assist the relevant Purchaser to obtain financing to consummate the relevant Sale Transaction. Also, all Sale Agreements provide that the closing of the Sale Transactions contemplated in each Sale Agreement is conditioned upon the closings of the transactions contemplated in each other Sale Agreement occurring simultaneously with such closing.

No Negotiation; No Solicitation of Other Offers

Belgium Sellers have agreed that they will not enter into, continue or solicit discussions or negotiations with, or provide any information to or assist any third party in acquiring the shares of any Belgium Group Company or any material part of the business or assets of the Belgium Group Companies.

Additional Pre-Closing Matters

Until closing, Belgium Sellers must provide Belgium Purchaser and its agents, representatives and advisers reasonable access to the properties and to the books and records of the Belgium Group Companies and provide information about the Belgium Group Companies that Belgium Purchaser may reasonably require. Belgium Sellers must also use their reasonable best efforts to (and cause their affiliates and their respective agents to) provide to Belgium Purchaser the cooperation it needs in connection with its debt financing.

Additionally, Belgium Sellers are required to: (a) ensure that the Belgium Subsidiary transfers the legal and beneficial ownership of its two shares in HGR Belgium NV to a member of the Non-Belgium Hudson Group at a price of EUR100; (b) ensure that Hudson Highland transfers the legal and beneficial ownership of its 14,561 shares in Hudson Luxembourg S.A. to the Belgium Subsidiary at a price of EUR100; (c) use their reasonable best efforts to obtain a waiver from the change of control provision included in article 9 of the purchase agreement between the Belgium Subsidiary and ING Belgium NV; and (e) ensure that the Belgium Subsidiary duly registers certain lease agreements.

Further, Belgium Sellers must ensure that by closing certain intra-group agreements are terminated without any remaining indebtedness, indemnity or liability being due by any Belgium Group Company.

Belgium Purchaser is required to use its reasonable best efforts to obtain equity and debt financing to consummate the Belgium Sale Transaction.

Conditions to Closing of the Belgium Sale Transaction

Belgium Purchaser's obligation to close the Belgium Sale Transaction is conditioned on Belgium Purchaser obtaining the financing contemplated under the Belgium Sale Agreement and, on the closing date, there being no pending or threatened actions or proceedings by or before any court or other governmental authority which seeks to restrain, prohibit or invalidate the transactions contemplated by the Belgium Sale Agreement. Belgium Sellers' obligation to close the Belgium Sale Transaction is conditioned on:

the Sale Resolution receiving the affirmative vote of the holders of a majority of the shares outstanding as of the record date;

the Europe Sale Transaction and APAC Sale Transaction occur simultaneously with the closing of Belgium Sale Transaction, a condition that the Belgium Sellers may not waive;

that prior to the Company holding a vote of its stockholders at the Special Meeting to adopt the Sale Resolution, the Belgium Purchaser shall have provided confirmation to the Belgium Sellers that the Belgium Purchaser's financing is assured, a condition the Belgium Sellers may not waive; and

on the closing date, there being no pending or threatened actions or proceedings by or before any court or other governmental authority which seeks to restrain, prohibit or invalidate the transactions contemplated by the Belgium Sale Agreement.

Each of the parties to the Belgium Sale Agreement have agreed to use their reasonable best efforts to satisfy the foregoing conditions as soon as possible.

Termination and Termination Fee

Belgium Purchaser may terminate the Belgium Sale Agreement if the closing has not occurred by May 31, 2018. Additionally, Belgium Purchaser may terminate the Belgium Sale Agreement if any Belgium Seller is in material breach of any of its obligations under the Belgium Sale Agreement or the other relevant agreements or anything occurs which has a Material Adverse Effect (as such term is defined in the Belgium Sale Agreement), and either the breach or the Material Adverse Effect is not rectified within ten business days after Belgium Purchaser gives notice. A Material Adverse Effect means any change, effect, event, occurrence, state of facts or developments that, individually or in the aggregate has, or would reasonably be expected to have, a material adverse effect, on the business, assets, liabilities, results of operations or financial conditions of the Belgium Group Companies, taken as a whole, but excluding any adverse effect resulting from:

general economic conditions (or changes in such conditions) in Belgium, Luxembourg, the United States or any other country or region in the world, or conditions in the global economy generally, provided that such conditions do not have a disproportionate or unique effect on the Belgium Group Companies;

general conditions (or changes in such conditions) in the securities markets, capital markets, credit markets, currency markets or other financial markets in, Belgium, Luxembourg, the United States or any other country or region in the world;

general political conditions (or changes in such conditions) in Belgium or Luxembourg or acts of war or terrorism in Belgium or Luxembourg or any other country in the world;

economic or business conditions (or changes in such conditions) affecting the telecommunications equipment, software and services industry generally or businesses having a similar nature to the business of the Belgium Group

Companies, provided that such conditions do not have a disproportionate or unique effect on the Belgium Group Companies;

earthquakes, hurricanes, tsunamis, tornadoes, floods, mudslides, wild fires or other natural disasters, weather conditions and other force majeure events in Belgium or Luxembourg, provided that such conditions do not have a disproportionate or unique effect on the Belgium Group Companies;

changes in law (or the interpretation thereof) or changes in generally accepted accounting principles or other accounting standards (or the interpretation thereof), provided that such conditions do not have a disproportionate or unique effect on the Belgium Group Companies;

the announcement of the Belgium Sale Agreement or the pendency or consummation of the transactions contemplated in the Belgium Sale Agreement;

the taking of any action contemplated by the Belgium Sale Agreement or the failure to take any action prohibited by the Belgium Sale Agreement; or

any failure by any of the Belgium Group Companies to meet any third party estimates or expectations of its revenue, earnings or other financial performance or results of operations for any period, or any failure by any of the Belgium Group Companies to meet any internal budgets, plans or forecasts of its revenues, earnings or other financial performance or results of operations.

Belgium Sellers may terminate the Belgium Sale Agreement if the closing has not occurred by May 31, 2018. Additionally, Belgium Sellers may terminate the Belgium Sale Agreement if Belgium Purchaser is in material breach of any of its obligations under the Belgium Sale Agreement or the other relevant agreements; anything occurs which would result in Belgium Purchaser being unable to consummate the transactions contemplated by the Belgium Sale Agreement; or Belgium Purchaser is unable to obtain within 60 days after the execution of the Belgium Sale Agreement a debt commitment letter in an amount sufficient to (when combined with the equity financing) consummate the transactions contemplated by the Belgium Sale Agreement, and the breach (if rectifiable) or the occurrence is not rectified in all material respects within ten business days after Belgium Sellers give notice. If Belgium Sellers terminate the Belgium Sale Agreement as a result of Belgium Purchaser's failure to obtain a debt financing commitment letter within 60 days after the execution of the Belgium Sale Agreement, Belgium Purchaser's material breach of its obligations to obtain financing or Belgium Purchaser's failure to close the transaction by May 31, 2018 due to a failure to obtain financing, then Ivan De Witte and De Witte Comm. V. are jointly and severally required to pay Belgium Sellers a termination fee of EUR750,000.

Non-competition and Non-solicitation

Belgium Sellers shall not and shall not permit any member of the Non-Belgium Hudson Group to, for a period of three years from closing: compete in Belgium or Luxembourg with any business that is carried on by any Belgium Group Company at closing, subject to certain limited exceptions; solicit orders for goods or services similar to those being provided by any of the Belgium Group Companies at closing from any person in Belgium or Luxembourg who is at closing or has been at any time within one year prior to closing a customer of the Belgium Group Companies; induce or attempt to induce any person who is a director, employee or self-employed contractor of a Belgium Group Company at closing to leave the employment of that Belgium Group Company, subject to certain limited exceptions; or make use of or (except as required by law) disclose to any third party any confidential information relating to the business of any of the Belgium Group Companies.

Indemnification; Survival of Indemnification Obligations

Belgium Sellers are liable for any loss to the extent that it is caused by any breach of Belgium Sellers' warranties or any other obligation under the Belgium Sale Agreement or the other relevant agreements, whether directly or indirectly incurred by Belgium Purchaser or any Belgium Group Company. Belgium Sellers' liability for the breach of its warranties terminates two years after the closing date, and Belgium Sellers' liability with respect to any other claim under the Belgium Sale Agreement terminates six months after the end of the statute of limitations applicable to the

claim brought.

Belgium Purchaser is liable for any loss to the extent that it is caused by any breach of its warranties or any other obligation under the Belgium Sale Agreement or the other relevant agreements, whether directly or indirectly incurred by Belgium Sellers, unless the termination fee described above is due.

Expenses

Each party generally must pay the costs and expenses incurred by it in connection with the due diligence investigation and the negotiation, entering into and closing of the Belgium Sale Agreement.

Waiver

Under the terms of the Belgium Sale Agreement, the parties may waive their rights, but only if specifically done in writing. Belgium Sellers have agreed to waive any rights Belgium Sellers may have regarding any misrepresentation, inaccuracy or omission in any information or advice supplied by any of Belgium Group Company or its agents in connection with Belgium Sellers' warranties and the preparation of the data room, and any rights Belgium Sellers may have for indemnification, contribution or subrogation against any Belgium Group Company or its agents in connection with any claim. Belgium Purchaser has agreed to waive any rights or claims that it may have against Belgium Sellers in connection with any information in the data room.

Specific Performance

The parties have agreed that any breach of the Belgium Sale Agreement would cause irreparable harm for which money damages would not be an adequate remedy. Therefore, the parties have agreed that each party can force the other party to specifically perform its obligations under the Belgium Sale Agreement.

Governing Law

The Belgium Sale Agreement is governed by and shall be construed in accordance with the laws of the State of New York.

Europe Sale Agreement

Under the terms of the Europe Sale Agreement, Europe Purchaser will make a cash payment at closing of the Europe Purchase Price, which is \$10,500,000 and subject to the adjustments described below. As of the date of this proxy statement, the payment is expected to result in estimated proceeds to Europe Sellers of \$10,500,000. At closing, the \$10,500,000 amount will be adjusted by adding the amount of the closing cash balance of the Europe Subsidiaries, subtracting the amount of the closing debt balance of the Europe Subsidiaries and adding the amount of the difference (which may be positive or negative) between the closing working capital (effectively the current assets minus the current liabilities) and the trailing twelve-month average of the working capital of the Europe Subsidiaries.

Additionally, Hudson has entered into a transitional services agreement with Hudson Global Resources Limited, a Europe Subsidiary, among other parties, pursuant to which Hudson Global Resources Limited will provide temporary office space, IT infrastructure and other support services to Hudson and certain of its subsidiaries until no later than December 31, 2018.

Europe Sellers' representations and warranties with respect to ownership of the capital stock of the Europe Subsidiaries and authorization, valid execution and delivery and enforceability must be true and correct in all respects, without regard to any materiality qualifications and the remainder of Europe Sellers' representations and warranties must be true and correct, without regard to any materiality qualifications, as of the date the Europe Sale Agreement and as of the closing date as if made at that time; provided, this condition shall be deemed satisfied even if the representations and warranties (other than with respect to ownership of the capital stock of the Europe Subsidiaries and authorization, valid execution and delivery and enforceability) are not true and correct unless their failure to be true and correct would constitute a Material Adverse Change (as such term is defined in the Europe Sale Agreement).

No Material Adverse Change has occurred. A Material Adverse Change means any event, change, circumstance, occurrence or fact that is materially adverse to the condition (financial or otherwise), properties, assets (including intangible assets), business, operations or results of operations of the business and the Europe Subsidiaries, taken as a whole, but excluding any adverse effect resulting from:

changes in law (or the interpretation thereof) or changes in the generally accepted accounting principles or other accounting standards (or the interpretation thereof), provided that such conditions do not have a disproportionate or unique effect on the business of the Europe Subsidiaries;

the announcement of the Europe Sale Agreement or the pendency or consummation of the transactions contemplated in the Europe Sale Agreement;

the taking of any action contemplated by the Europe Sale Agreement or the failure to take any action prohibited by the Europe Sale Agreement; or

Each of the representations and warranties of Europe Purchaser must be true and correct, without regard to any materiality qualifications, both on the date the Europe Sale Agreement and as of the closing date as if made at that time; provided, this condition shall be deemed satisfied even if any representations and warranties of Europe Purchaser are not true and correct, unless their failure to be true and correct would prevent or materially impede the performance by Europe Purchaser of its obligations under the Europe Sale Agreement or any of the transactions contemplated by the Europe Sale Agreement.

Termination and Termination Fees

The Europe Sale Agreement may be terminated as follows:

By either Europe Sellers or Europe Purchaser if the closing has not occurred by May 31, 2018, or any governmental authority has enacted, issued, promulgated, enforced or entered any law, or refused to grant any required consent or approval, that has the effect of making the consummation of the transactions contemplated in the Europe Sale Agreement illegal or that otherwise prohibits their consummation, as long as such decision or action is final and non-appealable; provided the party seeking to terminate the Europe Sale Agreement in such circumstance cannot be the principal cause of the failure of the closing to occur by such date.

By Europe Purchaser, if Europe Sellers' representations and warranties were untrue when made or will become untrue, or Europe Sellers' breach or failure to perform any of their agreements or covenants contained in the Europe Sale Agreement, provided that the inaccuracy, breach or failure to perform would give rise to the failure of a condition to Europe Purchaser's obligations to close the Europe Sale Transaction.

By Europe Sellers if:

Europe Purchaser's representations and warranties were untrue when made or will become untrue, or Europe Purchaser breaches or fails to perform any of its agreements or covenants contained in the Europe Sale Agreement, provided the inaccuracy, breach or failure to perform would give rise to the failure of a condition to Europe Sellers'

obligations to close the Europe Sale Transaction; or

The conditions to Europe Purchaser's obligations to close have been satisfied (other than the availability of financing) and Europe Sellers confirm in writing that all conditions to Europe Sellers' obligations to close have been satisfied or that Europe Sellers are willing to waive all such unsatisfied conditions and Europe Purchaser has failed to consummate the transactions contemplated by the Europe Sale Agreement within ten business days after the date on which the closing should have occurred.

If Europe Sellers terminate the Europe Sale Agreement as a result of Europe Purchaser's failure to close the transaction by May 31, 2018 or such earlier date that the closing conditions are satisfied due to a failure to obtain financing, then Europe Purchaser is required to pay Europe Sellers a termination fee of \$762,000. If Europe Purchaser terminates the Europe Sale Agreement as a result of Hudson's failure to close the transaction by May 31, 2018 due to a failure to obtain the required stockholder approval to adopt the Sale Resolution, then Europe Sellers are required to pay Europe Purchaser a termination fee of \$500,000.

Non-competition and Non-solicitation

In connection with the Europe Sale Transaction, Europe Sellers have agreed that none of Europe Sellers or their affiliates (other than the Europe Subsidiaries) for a period of three years after the closing, will engage in a competing business, which means the recruitment business and talent management business, excluding activities and services relating to the RPO Business in the European Union (as constituted on the date of the Europe Sale Agreement), except Belgium, Luxembourg, and Netherlands, subject to certain common exceptions. Europe Sellers have also agreed that for a period of three years after the closing, Europe Sellers will not hire or entice away any of the employees of the Europe Subsidiaries (other than the employees of the RPO Business), or request or persuade any of the them to terminate their employment relationship with Europe Purchaser or any of its affiliates, without the prior written consent of Europe Purchaser; provided this restriction shall not limit Europe Sellers from making a general offer of employment to the public (and the hiring of employees who respond to such offer of employment).

Indemnification; Survival of Indemnification Obligations

For a period of one year after closing, Hudson must indemnify, defend and hold Europe Purchaser and its affiliates, including, after the closing, the Europe Subsidiaries, harmless from and against all losses suffered by such parties resulting from any breach of any representation or warranty made by Europe Sellers in the Europe Sale Agreement or any breach by Europe Sellers of any covenant, obligation or agreement in the Europe Sale Agreement, subject to a cap of 5% of the Europe Purchase Price.

Furthermore, the parties will cooperate and otherwise use reasonable best efforts to obtain any exemptions from, reductions in or refunds of any applicable transfer taxes.

Amendment and Waiver

Europe Sellers and Europe Purchaser may waive, in writing, compliance by any of the other parties to the Europe Sale Agreement (to the extent the compliance is for the benefit of the party giving the waiver) with any of the terms, covenants or conditions contained in the Europe Sale Agreement (except such as may be imposed by law).

Specific Performance

Under the Europe Sale Agreement, each party has agreed that irreparable damage would occur and the parties would not have an adequate remedy at law if any provision of the Europe Sale Agreement is not performed in accordance with its terms or is otherwise breached. Interests of Our Directors and Executive Officers in the Sale Transactions

In considering the recommendation of the Board of Directors to vote for the proposal to adopt the Sale Resolution, you should be aware that some of our executive officers may have personal interests in the Sale Transactions that are, or may be, different from, or in addition to, your interests.

All of our directors and executive officers own shares of our common stock and/or options to purchase shares of our common stock, and to that extent, their interests in the Sale Transactions are the same as that of other holders of our common stock. See “Securities Ownership of Certain Beneficial Owners and Management.”

Hudson Executive Officers

Messrs. Nolan, Lyons and Kirby are the only executive officers of Hudson and are collectively referred to in this proxy statement as the named executive officers of Hudson.

Restricted Stock Unit Agreements

When we make grants of restricted stock units to our executive officers, we enter into Restricted Stock Unit Agreements with such executive officers that contain provisions that are triggered upon a “change in control” of Hudson, which includes a stockholder approved sale of substantially all of our assets such as the Sale Transactions, followed by a termination of employment. If the executive officer’s employment is terminated by us other than by reason of death, disability or for cause or by the executive officer for good reason within 12 months following such a change in control, the restricted stock units will fully vest.

As a condition to the grant of the restricted stock units, the Restricted Stock Units Agreements provide that the executive officer will agree to keep confidential information of ours confidential during and after employment and to return such information to us upon termination of employment, not to solicit for one year clients to whom we provided services during the twelve months preceding the date of the executive officer’s termination and not to solicit or hire for one year any individual we employed as of the date of the executive officer’s termination.

The Restricted Stock Unit Agreements define the following terms:

“Cause” means: (i) the willful or negligent failure of the executive to perform the executive’s duties and obligations in any material respect, which failure is not cured within 15 days after receipt of written notice of such failure; (ii) acts of dishonesty or willful misconduct by the executive with respect to us; (iii) conviction of a felony or violation of any law involving moral turpitude, dishonesty, disloyalty or fraud, or a pleading of guilty or nolo contendere to such charge; (iv) repeated refusal to perform the reasonable and legal instructions of the executive’s supervisors; (v) any material breach of the Restricted Stock Unit Agreement; or (vi) failure to confirm compliance with our Code of Business Conduct and Ethics after ten days’ written notice requesting confirmation.

“Good reason” means: (i) any breach of the Restricted Stock Unit Agreement by us, other than an isolated, insubstantial and inadvertent failure not occurring in bad faith that we remedy promptly after receipt of notice; (ii) any reduction in the executive’s base salary, percentage of base salary available as incentive compensation or bonus opportunity or benefits, in each case, relative to those most favorable to the executive in effect during the 180-day period prior to a change in control; (iii) the removal of the executive from, or failure to reelect or reappoint the executive to, any of the positions held with us on the date of a change in control or any other positions to which the executive is thereafter elected or appointed; (iv) a good faith determination by the executive that there has been a material adverse change in the executive’s working conditions or status with us relative to the most favorable working conditions or status during the 180-day period prior to a change in control; (v) the relocation of the executive’s principal place of employment to a location more than 50 miles from the executive’s principal place of employment on the date 180 days prior to a change in control; or (vi) we require the executive to travel on our business 20% in excess of the average number of days per month the executive was required to travel during the 180-day period prior to the change in control.

Each of Messrs. Nolan, Lyons and Kirby have received grants of restricted stock units. The following table sets forth, for Messrs. Nolan, Lyons and Kirby, as of the date of this proxy statement, the aggregate number of shares of Hudson common stock subject to unvested restricted stock units that will vest assuming solely for illustrative purposes that the employment of each such executive officer is terminated without cause on the date the Sale Transactions close.

	Number of Shares Subject to Unvested RSUs That Will Vest Upon Termination of Employment Following Closing of the Sale Transactions	Resulting Value from Unvested RSUs(1)
Stephen A. Nolan	500,000	\$ 996,000
Patrick Lyons	60,000	\$ 119,520
David F. Kirby	15,000	\$ 29,880

The value of unvested restricted stock units is based on a price per share of \$1.992, the average closing price of (1) shares of Hudson common stock over the first five business days following the first public announcement of the Sale Transactions.

Executive Employment Agreements

Hudson has Executive Employment Agreements with each of its executive officers. For one year after a “change in control” of Hudson, which includes a stockholder approved sale of substantially all of our assets such as the Sale Transactions, if the executive officer’s employment is terminated by us other than by reason of death, disability or for cause or by the executive officer for good reason, then the executive officer, other than Mr. Nolan, is entitled to a lump-sum severance payment equal to the executive officer’s annual base salary immediately prior to termination, and the executive officer’s target annual bonus under our Senior Management Bonus Plan for the year in which the termination occurs, plus health and dental insurance benefits for a period of up to twelve months after termination. For Mr. Nolan, after a “change in control” of Hudson, if his employment is terminated by us other than by reason of death, disability or for cause or by Mr. Nolan for good reason, then Mr. Nolan is entitled to severance equal to 1.5 times his annual base salary immediately prior to termination and 1.5 times his target annual bonus under our Senior Management Bonus Plan for the year in which the termination occurs paid in equal installments over eighteen months following termination, plus health and dental insurance benefits for a period of up to eighteen months after termination and up to an aggregate amount of \$20,000 for outplacement services to be provided to Mr. Nolan for up to six months following such termination. The Executive Employment Agreements provide that, upon a termination of employment after a “change in control” of Hudson, if any portion of the executive’s termination payment would constitute an “excess parachute payment” then the termination payment made to the executive shall either be delivered in full or delivered in the greatest amount such that no portion of the termination payment would be subject to the

excise tax, whichever results in the receipt by the executive of the greatest benefit on an after-tax basis. The Executive Employment Agreements do not provide for an excise tax gross-up payment.

As a condition to entering into the Executive Employment Agreement, each executive officer agreed to keep confidential information of ours confidential and to return such information to us upon termination of employment, to not solicit for one year clients who we provided services during the twelve months preceding the date of the executive officer's termination and not to solicit or hire for one year any individual we employed on the date of the executive officer's termination.

The Executive Employment Agreements define the following terms:

“Cause” (other than under the Executive Employment Agreement with Mr. Nolan) means: (i) the willful failure to perform, or gross negligence in, the performance of, the executive's duties and obligations in any material respect or compliance with the reasonable and legal business directions of our Chief Executive Officer, following delivery to executive of a written notice from our company which describes the basis for our company's reasonable belief that executive has not substantially performed executive's duties and executive's failure to remedy such performance concerns within 30 days; (ii) executive's willful failure to comply with a material employment policy or contractual obligation to our company; or (iii) executive's commission of a felony, criminal dishonesty or fraud.

Under Mr. Nolan's Executive Employment Agreement, "cause" means: (i) the willful failure of the executive to perform the executive's duties and obligations in any material respect, which failure is not cured within 30 days after receipt of written notice of such failure; (ii) intentional acts of dishonesty or willful misconduct by the executive with respect to us; (iii) conviction of a felony or violation of any law involving dishonesty, disloyalty or fraud, or a pleading of guilty or nolo contendere to such charge; (iv) repeated refusal to perform the reasonable and legal instructions of the board of directors; (v) any material breach of the agreement or the Confidentiality, Non-Solicitation and Work Product Assignment Agreement that the executive entered into with us; (vi) failure to confirm compliance with our Code of Business Conduct and Ethics after ten days' written notice requesting confirmation; or (vii) any violation of the terms, including any non-competition, non-disclosure, non-solicitation or confidentiality provisions, of any written or oral agreement, arrangement or understanding to which the executive is a party or by which the executive is bound, other than his agreements with our company.

"Good reason" (other than under the Executive Employment Agreement with Mr. Nolan) means: (i) any breach of the Executive Employment Agreement by us, other than an isolated, insubstantial and inadvertent failure not occurring in bad faith that we remedy promptly after receipt of notice; (ii) any reduction in the executive's base salary, percentage of base salary available as incentive compensation or bonus opportunity or benefits, in each case, relative to those most favorable to the executive in effect during the 180-day period prior to a change in control; (iii) the removal of the executive from, or failure to reelect or reappoint the executive to, any of the positions held with us on the date of a change in control or any other positions to which the executive is thereafter elected or appointed; (iv) a good faith determination by the executive that there has been a material adverse change in the executive's working conditions or status with us relative to the most favorable working conditions or status during the 180-day period prior to a change in control; (v) the relocation of the executive's principal place of employment to a location more than 50 miles from the executive's principal place of employment on the date 180 days prior to a change in control; or (vi) we require the executive to travel on our business 20% in excess of the average number of days per month the executive was required to travel during the 180-day period prior to the change in control.

Under Mr. Nolan's Executive Employment Agreement, "good reason" following a "change in control" means: (i) any material breach of the Executive Employment Agreement by us, other than an isolated, insubstantial and inadvertent failure not occurring in bad faith that we remedy promptly after receipt of notice; (ii) any material reduction in the executive's base salary, percentage of base salary available as incentive compensation or bonus opportunity or benefits, in each case, relative to those most favorable to the executive in effect during the one-year period prior to a change in control; (iii) the removal of the executive from, or failure to reelect or reappoint the executive to, any of the positions held with us on the date of a change in control or any other positions to which the executive is thereafter elected or appointed when such removal or failure constitutes a material diminution of the executive's authority, duties, or responsibilities; (iv) a material adverse change, without the executive's written consent, in the executive's working conditions or authority, duties, or responsibilities with us relative to the most favorable working conditions or authority, duties, or responsibilities in effect during the one year period prior to the change in control; (v) the relocation of the executive's principal place of employment to a location more than 50 miles from the executive's principal place of employment on the date one year prior to a change in control; or (vi) we require the executive to travel on our business 20% in excess of the average number of days per month the executive was required to travel during the one-year period prior to the change in control.

Quantification of Potential Payments and Benefits to Hudson's Named Executive Officers in Connection with the Sale Transactions

In accordance with Item 402(t) of Regulation S-K, the table below sets forth the estimated amounts of compensation that is based on or otherwise relates to the Sale Transactions that may become payable to or realized by each of Hudson's named executive officers (as identified in accordance with SEC regulations), based on their compensation levels and outstanding equity awards as of the date of this proxy statement, and assuming solely for illustrative purposes that the employment of each named executive officer is terminated without cause on the date the Sale Transactions close.

The estimated amounts below are based on multiple assumptions that may not actually occur, including assumptions described in this proxy statement. In addition, certain amounts will vary depending on the actual date the Sale Transactions close. For purposes of the estimated amounts below, the Sale Transactions are assumed to close on December 31, 2017. As a result, the actual amounts, if any, to be received by a named executive officer may differ in material respects from the amounts set forth below.

	Cash \$(1)	Equity \$(1)(2)	Pension/ Perquisites/ Tax			Other (\$)	Total \$(1)
			NQDC (\$)	Benefits \$(1)(3)	Reimbursement (\$)		
Stephen A. Nolan	\$ 1,710,000	\$996,000	–	\$ 42,512	–	–	\$2,748,512
Patrick Lyons	\$542,750	\$119,520	–	\$ 18,341	–	–	\$680,611
David F. Kirby	\$345,000	\$29,880	–	\$ 18,123	–	–	\$393,003

All amounts reported in this column are attributable to a “double trigger” arrangement under which upon a “change in control” followed by a termination of employment without “cause” or for “good reason” within 12 months following (1) such change in control pursuant to such named executive officer's Executive Employment Agreement and/or Restricted Stock Unit Agreements such amounts are triggered. See “—Hudson Executive Officers” for additional information.

Amounts reported in this column represent the value of unvested restricted stock units based on a price per share at (2) \$1.992, the average closing price of shares of Hudson common stock over the first five business days following the first public announcement of the Sale Transactions.

Amounts reported in this column assume (a) health and dental insurance benefits will continue for twelve months (eighteen months for Mr. Nolan pursuant to his Executive Employment Agreement) after termination at the current (3) cost per year for each named executive officer and (b) outplacement services are the maximum possible under the Executive Employment Agreement of Mr. Nolan.

Proposal No. 2

Advisory Resolution on Compensation of Hudson Named Executive Officers Related to the Sale Transactions

As required by Section 14A of the Securities Exchange Act of 1934 and the applicable SEC rules issued thereunder, Hudson is providing its stockholders with a separate advisory (non-binding) vote to approve certain compensation that may be paid or become payable to Hudson's named executive officers in connection with the Sale Transactions, as described in "Interests of Our Directors and Executive Officers in the Sale Transactions – Quantification of Potential Payments and Benefits to Hudson's Named Executive Officers in Connection with the Sale Transactions," including the footnotes to the table and related narrative discussion, which we refer to as the "Transactions-Related Compensation Proposal."

Our Board of Directors unanimously recommends that our stockholders approve an advisory (non-binding) resolution approving the compensation that will or may become payable to our named executive officers that is based on or otherwise relates to the Sale Transactions as disclosed pursuant to Item 402(t) of Regulation S-K in the section entitled "Interests of Our Directors and Executive Officers in the Sale Transactions – Quantification of Potential Payments and Benefits to Hudson's Named Executive Officers in Connection with the Sale Transactions."

The vote on the Transactions-Related Compensation Proposal is a vote separate and apart from the vote on the proposal to adopt the Sale Resolution. Accordingly, you may vote to adopt the Sale Resolution and vote not to approve the Transactions-Related Compensation Proposal and vice versa. Because the vote on the Transactions-Related Compensation Proposal is advisory only, it will not be binding on the Board of Directors or Hudson. Accordingly, if the Sale Transactions are completed, the compensation will be payable, subject only to the conditions applicable thereto under the applicable compensation agreements and arrangements, regardless of the outcome of the nonbinding, advisory vote of our stockholders.

Required Vote

The affirmative vote of holders of a majority of the shares present in person or represented by proxy at the Special Meeting and entitled to vote is required to approve the Transactions-Related Compensation Proposal, provided that a quorum is present. Abstentions will act as a vote against this proposal but broker non-votes will have no effect on the determination of this proposal.

Recommendation of the Board of Directors

Our Board of Directors unanimously recommends that you vote “FOR” approval of the Transactions-Related Compensation Proposal.

Proposal No. 3
Approval of Adjournment of Special Meeting

If the number of shares of our common stock, present or represented by proxy at the Special Meeting and voting on the Sale Resolution proposal is insufficient to adopt the Sale Resolution under Delaware law or if a Purchaser does not satisfy the closing condition in each Sale Agreement that such Purchaser's financing is assured, and a quorum is present, we may ask our stockholders to vote only upon the Adjournment Proposal, and not upon of the proposal pursuant to the Sale Resolution.

Our Board of Directors believes that if the number of shares of our common stock present or represented by proxy at the Special Meeting and voting on the Sale Resolution is insufficient to adopt the Sale Resolution or if a Purchaser does not satisfy the closing condition in each Sale Agreement that such Purchaser's financing is assured, it is in the best interests of our stockholders for us, for a limited period of time, to continue to seek to obtain a sufficient number of additional votes in favor of the adoption of the Sale Resolution and for a Purchaser to seek, for a limited period of time, to continue to seek to obtain the necessary financing.

Required Vote

The affirmative vote of holders of a majority of the shares present in person or represented by proxy at the Special Meeting and entitled to vote is required to approve the Adjournment Proposal, provided that a quorum is present. Abstentions will act as a vote against this proposal.

Recommendation of the Board of Directors

Our Board of Directors unanimously recommends that you vote "FOR" approval of the Adjournment Proposal.

Other Matters

Stockholder Proposals

Proposals which our stockholders intend to present at, and wish to have included in our proxy statement for, the 2018 annual meeting of stockholders pursuant to Rule 14a-8 under the Securities Exchange Act of 1934 must have been delivered to our Corporate Secretary at our New York office located at 1325 Avenue of the Americas, 12th Floor, New York, New York 10019 by January 9, 2018. In addition, a stockholder who intends to present business, including nominating persons for election as directors, other than pursuant to Rule 14a-8 at the 2018 annual meeting must comply with the requirements set forth in our By-Laws. Among other things, to bring business before an annual meeting, a stockholder must give written notice of such business, complying with our By-Laws, to our Corporate Secretary not less than 45 days and not more than 75 days prior to the first anniversary of the date on which we first mailed proxy materials for the preceding year's annual meeting (subject to certain exceptions if the annual meeting is advanced or delayed a certain number of days). Under our By-Laws, if we do not receive notice of a stockholder proposal submitted otherwise than pursuant to Rule 14a-8 (i.e., proposals stockholders intend to present at the 2018 annual meeting, but do not intend to include in our proxy statement for such meeting) on or after February 23, 2018 and on or prior to March 25, 2018, then the notice will be considered untimely and we will not be required to present the proposal at the 2018 annual meeting. If the Board of Directors chooses to present the proposal at the 2018 annual meeting, then the persons named in proxies solicited by the Board of Directors for the 2018 annual meeting may exercise discretionary voting power with respect to such proposal.

Stockholders Sharing the Same Address

Pursuant to the rules of the Securities and Exchange Commission, services that deliver our communications to stockholders that hold their shares through a bank, broker or other holder of record may deliver to multiple stockholders sharing the same address a single copy of our annual report to stockholders and proxy statement, unless we have received contrary instructions from one or more of the stockholders. Upon written or oral request, we will promptly deliver a separate copy of the annual report to stockholders and/or proxy statement to any stockholder at a shared address to which a single copy of each document was delivered. Stockholders sharing an address who are currently receiving multiple copies of the annual report to stockholders and/or proxy statement may also request delivery of a single copy upon oral or written request. Stockholders may notify us of their requests by writing Philip A. Skalski, Corporate Secretary, Hudson Global, Inc., 1325 Avenue of the Americas, 12th Floor, New York, New York 10019 or calling (212) 351-7300.

procure that the Purchaser, its agents, representatives and advisers are given reasonable access to the properties and (a) to the books and records, with the right to make copies, of the Group Companies during normal business hours on any Business Day and on reasonable written notice to the Sellers;

(b) provide such information regarding the businesses and affairs of the Group Companies as the Purchaser may reasonably require; and

not, and shall procure that no Group Company shall, enter into, continue or solicit discussions or negotiations with, (c) or provide any information to or otherwise assist, any third party who may be interested in acquiring the Shares (or any of the Shares), any shares in the share capital of any Group Company or the whole or any material part of the undertaking, business or assets of any Group Company.

5.2 Pre-Completion undertakings

Prior to Completion, the Sellers:

(a)

shall procure that the Company transfers the legal and beneficial ownership over its 2 shares in HGR Belgium NV to a member of the Sellers' Group (which is not a Group Company), at a price of EUR 100, whereby the Sellers shall be responsible for compliance with any applicable Laws in connection with such sale and shall hold the Company harmless for any Loss suffered in connection with such sale;

In particular, without limiting the generality of the foregoing, the Sellers procure that no Group Company will, except if expressly permitted or if required by this Agreement or with the Purchaser's prior written consent, which consent shall not be unreasonably withheld, delayed or conditioned:

- (a) incur any expenditure exceeding EUR 50,000 on capital account;

dispose of or grant any Encumbrance in respect of any part of its assets, or dispose of any shares in any Group Company. For the avoidance of doubt, this sub (b) does not apply to the transfer of shares in HGR Belgium NV pursuant to Clause 5.2(a); or

- (c) enter into any contract or commitment other than in the ordinary course of business or:

- (i) take out or prepay any loan or enter into any leasing, hire purchase or other agreement or arrangements for payment on deferred terms; or

A-8

(h) permit any of its insurances to lapse or do anything which would make any policy of insurance void or voidable; or

(i) create, issue, purchase, sell or redeem any class of shares or other securities including bonds, profit-sharing shares and warrants; or

pass any resolution of its shareholders, whether in general meeting or otherwise, except as may be necessary to (j) approve the transactions contemplated by this Agreement, or set up any branch or subsidiary or acquire shares in any company (with the exception of the transfers contemplated by Clauses 5.2(a) or 5.2(b)) or enter into, amend or terminate, any partnership or joint venture; or

(k) change the accounting procedures, principles or practices of any Group Company; or

terminate, enter into or amend, to any material extent, any material contract or arrangement or commitment (l) (whether conditional or unconditional), the term of which extends (or would otherwise extend) to more than twelve months beyond Completion or which has an annual value of EUR 200,000 or more; or

(m) agree, conditionally or otherwise, or propose to do any of the foregoing.

5.4 No change in warranted position

Until Completion, and except with the prior written consent of the Purchaser, the Sellers shall not, and shall (a) procure that no Group Company shall, do or omit to do, or cause to be done or omitted to be done, any act or thing which would result (or would be likely to result) in any Sellers' Warranty being incomplete, untrue or inaccurate in any material respect at Completion.

Until Completion, and except with the prior written consent of the Sellers, the Purchaser shall not do or omit to do, (b) or cause to be done or omitted to be done, any act or thing which would result (or would be likely to result) in any Purchaser's Warranty being incomplete, untrue or inaccurate in any material respect at Completion.

5.5 Purchaser termination rights

If before Completion:

(a) any Seller is in material breach of any of its obligations under this Agreement or any other Transaction Document;
or

(b) anything occurs which individually or in the aggregate has a Material Adverse Effect,

and in either case the breach (if rectifiable) or the event causing a Material Adverse Effect is not rectified in all material respects within ten (10) Business Days after the Purchaser gives notice of the breach to the Sellers, then the Purchaser may elect not to complete the purchase of the Shares by giving notice to the Sellers. If for a reason specified in this Clause 5.5 the Purchaser elects not to complete the purchase of the Shares, the provisions of Clause 4.4 will apply.

A-9

5.6

Sellers termination rights

If before Completion:

- (a) the Purchaser is in material breach of any of its obligations under this Agreement or any other Transaction Document; or
- (b) anything occurs which individually or in the aggregate would result in the Purchaser being unable to consummate the transactions contemplated hereby; or
- (c) the Purchaser is unable to obtain within 60 days following the date of this Agreement the Debt Commitment Letter in amount that combined with the Equity Financing is sufficient to consummate the transactions contemplated by this Agreement on the terms contemplated hereby, including the payment of the Purchase Price, and to pay related fees and expenses,

and in either case the breach (if rectifiable) or the occurrence preventing the Purchaser from consummating the transactions contemplated hereby is not rectified in all material respects within ten (10) Business Days after the Sellers give notice of the breach to the Purchaser, then the Sellers may elect not to complete the sale of the Shares by giving notice to the Purchaser. If for a reason specified in this Clause 5.6 the Sellers elect not to complete the sale of the Shares, the provisions of Clause 4.4 will apply.

5.7

Break Fee

Without limiting Clause 4.4, if this Agreement is terminated by the Sellers:

- (i) under Clause 4.3 as a result of the non-satisfaction or non-waiver by the Purchaser of the Condition in Clause 4.1(a);
- (ii) under Clause 5.6(a), as a result of a material breach by the Purchaser of Clause 5.8 which is not rectified in all material respects within ten (10) Business Days after the Sellers give notice of the material breach to the Purchaser; or
- (iii) under Clause 5.6(c); or

under Clause 6.3, provided at such time all the Conditions (other than Clause 4.1(a) and 4.1(b)) have been satisfied (iv) or waived in accordance with Clause 4.1, due to the Purchaser not doing or not procuring to be done all that is set out in Part 2 of Schedule 7,

then, at the exclusion of any other remedy available to the Sellers, Ivan De Witte and the Management Company, on a joint and several basis, must upon demand by the Sellers pay to the Sellers a fee in the (aggregate) amount equal to EUR 750,000 (**Break Fee**).

In the event that Ivan De Witte and/or the Management Company pays the Sellers the Break Fee, the receipt of such fee shall be deemed to be liquidated damages for any and all losses suffered by the Sellers, any of their affiliates or any other person in connection with this Agreement (and the termination hereof), the transactions contemplated hereby (and the abandonment thereof) or any matter forming the basis for such termination, and none of the Sellers, any of their affiliates or any other person shall be entitled to bring or maintain any other claim, action or proceeding against the Purchaser or any of its affiliates or Ivan De Witte or the Management Company arising out of this Agreement (including on the basis of the Purchaser's Warranties), any of the transactions contemplated hereby or any matters forming the basis for such termination.

5.8

Financing

The Purchaser shall use its reasonable best efforts to obtain, within 60 days following the date of this Agreement, a debt financing commitment letter from one or more banks (the **Debt Commitment Letter**) in an amount that (a) combined with the Equity Financing is sufficient to consummate the transactions contemplated by this Agreement on the terms contemplated hereby, including the payment of the Purchase Price, and to pay related fees and expenses (**Debt Financing**, and together with the Equity Financing, the **Financing**).

The Purchaser shall use its reasonable best efforts to take (or cause to be taken) all actions, and do (or cause to be done) all things necessary, proper or advisable to obtain the Equity Financing as contemplated by the Equity Commitment Letters and the Debt Financing as contemplated by the Debt Commitment Letter, including using reasonable best efforts to: (i) maintain in effect the Equity Commitment Letters and the Debt Commitment Letter in accordance with and subject to the terms and conditions set forth therein, (ii) negotiate and enter into definitive agreements with respect to the Debt Financing (**Debt Agreements**), (iii) satisfy on a timely basis all conditions in the Equity Commitment Letters, the Debt Commitment Letter and the Debt Agreements that are within its control, (b) (iv) enforce the obligations of the lenders (and the rights of the Purchaser) under the Debt Commitment Letter and Debt Agreements and the Equity Investors under the Equity Commitment Letters and (v) upon the satisfaction of the conditions set forth in the Equity Commitment Letters and the Debt Agreements and all conditions herein to the Purchaser's obligation to effect the Completion, consummate the Financing at the Completion. For the avoidance of doubt:

“Reasonable best efforts” as used in this section shall not require the Purchaser to commence any litigation, arbitration or similar proceeding against any lender under the Debt Agreements or Equity Investor, except that the Purchaser shall enforce, including by bringing suit for specific performance, the Equity Commitment Letters to cause the Equity Financing to be funded pursuant to the terms of the Equity Commitment Letters to consummate the transactions contemplated by this Agreement solely in the event that (1) all conditions in the Equity (i) Commitment Letters have been satisfied at the time when the Completion would have occurred but for the failure of the Equity Financing to be funded, (2) the Debt Financing has been funded or will be funded at the Completion if the Equity Financing is funded at the Completion, (3) the Sellers have irrevocably confirmed that if such specific performance is granted and the Equity Financing and Debt Financing are funded, then the Completion will occur and (4) this Agreement has not otherwise been terminated; and

(ii) The Purchaser shall be entitled to seek alternative equity financing for the Equity Financing set forth in the Equity Commitment Letters and/or alternative debt financing for the Debt Financing set forth in the Debt Commitment Letter insofar as the rights of Sellers under this Agreement are not prejudiced.

(c) The Purchaser shall not amend, alter or waive, or agree to amend, alter or waive (in any case whether by action or inaction), any term of the Equity Commitment Letters or, once obtained, the Debt Commitment Letter without the prior written consent of the Sellers (which consent shall not be unreasonably withheld, delayed or conditioned) if such amendment, alteration or waiver (i) reduces the aggregate amount of the Debt Financing without a corresponding increase in the Equity Financing or (ii) reduces the aggregate amount of the Equity Financing without a corresponding increase in the Debt Financing. The Purchaser shall keep the Sellers reasonably informed

concerning material developments relating to the Debt Financing and shall give the Sellers prompt notice of any material adverse change with respect to the Financing. Without limiting the foregoing, the Purchaser agrees to notify the Sellers promptly, and in any event within one Business Day, if at any time prior to the Completion Date (1) any Equity Commitment Letter or the Debt Commitment Letter expires or is terminated for any reason or (2) the Purchaser no longer believes in good faith that it will be able to obtain all or any portion of the Debt Financing on or prior to the Long Stop Date. Without the prior written consent of the Sellers, the Purchaser shall not, nor shall they permit any of its controlled affiliates to, enter into any merger, acquisition, joint venture, disposition or debt or equity financing that would reasonably be expected to impair, delay or prevent consummation of all or any portion of the Debt Financing.

A-11

Prior to the Completion, the Sellers shall use reasonable best efforts to, and cause their affiliates and their respective officers, employees and advisors, including financial and accounting advisors, to, provide to the Purchaser such cooperation as is reasonably requested by the Purchaser in connection with the Debt Financing (provided that such requested cooperation does not unreasonably interfere with the ongoing operations of the Sellers and their affiliates); provided that (i) neither the Sellers nor any of their affiliates shall be required to pay any commitment or other similar fee, provide any security, make any representations, provide any indemnification or incur any other liability in connection with the Financing, (ii) the effectiveness of any documentation executed by the Sellers with respect to the Financing shall be subject to the consummation of Completion, and (iii) neither (d) the Sellers nor any of their affiliates shall be required to deliver (x) any financial information in a form not customarily prepared by the Sellers or its affiliates or (y) any financial information with respect to a fiscal period that has not yet ended, and (iv) the Purchaser shall promptly, upon request by the Sellers, reimburse and indemnify the Sellers or any of their affiliates, including the Group companies, for all reasonable costs or liabilities, supported with reasonable evidence, incurred by the Sellers or any their affiliates in connection with such cooperation; provided that with respect to any expenses to be incurred by the Sellers prior to the Completion, such expenses shall be subject to prior approval (not be unreasonably withheld) by the Purchaser upon reasonable notice prior to being incurred. Any information provided to the Purchaser pursuant to this Clause 5.8(d) shall be subject to Clause 14.

6. Completion

Completion will take place at the offices of Stibbe CVBA in Brussels at 9 a.m. on the third Business Day following the date on which all of the Conditions are satisfied (excluding the Condition set forth in Clause 4.1(c), 6.1 which by its terms cannot be satisfied or waived until the Completion, but subject to the satisfaction or waiver of such Condition at Completion) (or at such other time and on such other date as the Sellers and the Purchaser may agree). The Completion date shall in no event extend beyond the Long Stop Date.

6.2 At Completion,

- (a) the Sellers shall do or procure to be done all that is set out in Part 1 of Schedule 7; and
- (b) the Purchaser shall do or procure to be done all that is set out in Part 2 of Schedule 7.

If for any reason the Sellers or the Purchaser do not do or procure to be done all that is set out in Part 1 of Schedule 7 (in the case of Sellers) and Part 2 of Schedule 7 (in the case of Purchaser), the Purchaser or the Sellers (as 6.3 applicable) (in addition and without prejudice to all other rights or remedies available to it) may elect to not complete the Transaction (in which case the provisions of Clause 4.4 and (if the Sellers so elect and provided the conditions therefor are fulfilled) Clause 5.7 shall apply) or to fix a new date for Completion.

7. Indebtedness, Guarantees and Intra-Group Arrangements

The Sellers shall procure that on Completion all indebtedness owing immediately before Completion from any
7.1 Seller, any member of any Seller's Group, or any person affiliated with any Seller to any Group Company is or has been satisfied in full.

The Sellers shall procure that on Completion each Group Company is released from all guarantees and indemnities
7.2 given by it in respect of any liability or obligation of any Seller or any member of any Seller's Group, and pending such release the Sellers shall indemnify the Purchaser and the relevant Group Company against all liabilities under those guarantees and indemnities.

7.3 The Sellers shall procure that prior to or at the latest on Completion, the following (intra-group) agreements are terminated without any remaining indebtedness, indemnity or liability being due by any Group Company:

(a) the 'European Service Level Agreement' entered into by the Company and the Subsidiary with Hudson Global Resources Ltd (UK); and

(b) the 'Global Service Level Agreement' entered into by the Company and the Subsidiary with Hudson Global, Inc.

8. Sellers' Warranties

The Sellers represent and warrant to the Purchaser that each of the statements set out in Schedule 5 (*Sellers' Warranties*) is at the date of signing of this Agreement, or as the case may be, any such earlier date as of which any
8.1 Sellers' Warranty is expressly made, and will at Completion, be complete, true and accurate in all material respects.

Each Seller acknowledges that the Sellers' Warranties are material and that each Sellers' Warranty has a conclusive
8.2 effect ("*un caractère déterminant/een doorslaggevende invloed*") on the Purchaser's decision to enter into this Agreement and to pay the Purchase Price.

8.3 The Sellers' Warranties allocate between the Sellers and the Purchaser the risk and costs relating to any facts or circumstances which may cause any of the Sellers' Warranties to be incomplete, untrue, inaccurate or misleading.

9. Purchaser's Warranties

The Purchaser represents and warrants to the Sellers that each of the statements set out in Schedule 6 (*Purchaser's Warranties*) is at the date of signing of this Agreement and will at Completion be complete, true and accurate in all

material respects.

10. Indemnification and Limits

10.1 Indemnification

Indemnification by the Sellers

The Sellers are liable for any Loss to the extent that such Loss is caused by any breach of the Sellers' Warranties or (a) any other obligation or undertaking under the Transaction Documents of the Sellers, whether directly or indirectly arising, incurred or suffered by the Purchaser or any Group Company.

A-13

Losses incurred by any Group Company and arising as a result of any breach of the Sellers' Warranties or any other (b) obligation or undertaking under the Transaction Documents of the Sellers will be deemed to have been incurred by the Purchaser in the same amount.

The Sellers shall, at the direction of the Purchaser, pay the Purchaser or the relevant Group Company (each referred (c) to as a **Beneficiary**) an amount equal to such Losses. Any payment made by the Sellers to the Purchaser in respect of a Claim will be deemed to be a reduction in the Purchase Price.

Indemnification by the Purchaser

The Purchaser is liable for any Loss to the extent that such Loss is caused by any breach of the Purchaser's (d) Warranties or any other obligation or undertaking under the Transaction Documents of the Purchaser, whether directly or indirectly arising, incurred or suffered by the Sellers.

(e) The Purchaser shall pay the Sellers an amount equal to such Losses, except in the event that the Break Fee is due.

10.2

Exclusions

The Sellers, and the Purchaser, with respect to Clause 10.2(b), shall not be liable in respect of a Claim if and to the extent that the matter or circumstance giving rise to that Claim:

- (a) was taken into account in the Accounts by way of an express and full provision; or
- (b) would not have arisen but for a change in legislation made after Completion.

10.3

Cap

The maximum aggregate liability of the Sellers in respect of any and all other Claims under this Agreement shall be the Purchase Price.

10.4

Time limits

The Sellers' liability will terminate:

- (a) on the date which is two (2) years after Completion in respect of the Sellers' Warranties; and
- (b) on the date which is six (6) months after the end of the relevant period under the applicable statute of limitation in respect of any other Claim under this Agreement,

except in respect of any Claim of which the Purchaser has given notice to the Sellers before that relevant date.

10.5

Waiver of rights

Each Seller waives (i) any rights or claims which it may have in respect of any misrepresentation, inaccuracy or omission in or from any information or advice supplied or given by any Group Company, its directors, its (a) managing directors or its employees in connection with the Sellers' Warranties and the preparation of the Data Room and (ii) any rights or claims which it may have for indemnification, contribution or subrogation against any Group Company, its directors, its managing directors or its employees with respect to any Claim.

A-14

- (b) The Purchaser waives any rights or claims which it may have against the Seller's in connection any information in the Data Room.

10.6

Contingent liabilities

Either Party shall be entitled to make a Claim based on any liability which is contingent, but the other Party shall not be obliged to indemnify such Party in respect of it unless and until such contingent liability becomes an actual liability which is due and payable. For the avoidance of doubt, the time limitations set forth in Clause 10.4 shall not prevent the Purchaser from giving notice of a Claim which does not become an actual liability until after the expiration of such time limitations.

10.7

Recovery from third parties

Neither Party shall be liable under Clause 10.1 in respect of any Claim as a result of any breach of the Purchaser's Warranties or Sellers' Warranties if and to the extent that the matter in respect of which the Claim is made is compensated by (i) an actual and irrevocable insurance recovery under an insurance policy taken out by the (a) Purchaser, any of the Purchaser's affiliates or a Group Company, on the one hand, or the Sellers, on the other hand, or (ii) an actual and irrevocable recovery from any other third party, *it being understood* that any costs made to obtain such recovery or any increase in insurance premiums resulting from such recovery shall be deducted from the amount of the recovery which is taken into account to reduce the Loss.

(b)

If:

- (i) either Party makes a payment in respect of a Claim as a result of any breach of the Purchaser's Warranties or the Sellers' Warranties, as applicable (the amount of such payment being the **Damages Payment**); and
- (ii) within twelve (12) months of the making of such payment the Sellers, on the one hand, or any Group Company or the Purchaser, on the other hand, receives any sum other than from the other Party which would not have been received but for the matter or circumstance giving rise to the relevant Claim (the **Third Party Sum**);
- (iii) the receipt of the Third Party Sum was not taken into account in calculating the Damages Payment; and

- (iv) the aggregate of the Third Party Sum and the Damages Payment exceeds the amount required to compensate the Sellers, on the one hand, or the Purchaser or the relevant Group Company (as the case may be), on the other hand, in full for the matter or circumstance which gave rise to the relevant Claim (such excess being the **Excess Recovery**),

the recipient Party shall, within twenty (20) Business Days following receipt of the Third Party Sum by it, repay to the other Party an amount equal to the lower of (i) the Excess Recovery and (ii) the Damages Payment, after deducting (in either case) all costs incurred by the Sellers, on the one hand, or the Purchaser or any Group Company, on the other hand, in recovering the Third Party Sum and any and all Taxation payable by such Party by virtue of its receipt.

10.8

No qualification or limitation of liability

Nothing in this Agreement qualifies or limits the liability of a Party in relation to any Claim attributable to fraud, wilful misconduct or wilful breach on the part or on behalf of such Party.

A-15

10.9

Exclusive remedy

Following Completion, each Party's rights under this Clause 10 with respect to any Losses resulting from breach of the Purchaser's Warranties or the Sellers' Warranties, as applicable, shall be its sole and exclusive remedy for money damages in relation to a breach of the Purchaser's Warranties or the Sellers' Warranties under this Agreement and no Party shall be entitled to pursue, and each Party hereby expressly waives, any and all other rights to pursue money damages in relation thereto under this Agreement that may otherwise be available to it under applicable Law (other than claims for fraud, willful misconduct or willful breach). Following Completion, without limiting the generality of the foregoing, other than claims under this Clause 10 or under any Transaction Document, (a) the Purchaser waives any claim or cause of action which it otherwise might assert in relation to a breach of the Sellers' Warranties, including, without limitation, under any applicable Law or regulations, by reason of this Agreement and (b) the Sellers and their affiliates waive any claims or causes of actions which they otherwise might assert in relation to a breach of the Purchaser's Warranties, under any applicable Law or regulations.

11.

Claims

If either Party becomes aware of a matter or circumstance which gives rise to a Claim as a result of any breach of the Purchaser's Warranties or the Sellers' Warranties, such Party shall give notice to the other Party specifying the relevant facts (including, without limitation, such Party's estimate, on a without prejudice basis, of the amount of such Claim) within twenty (20) Business Days after it becomes aware of that matter or circumstance. Any failure by a Party to give notice as contemplated by this Clause 11 in relation to any matter or circumstance will not, for the avoidance of doubt, prevent such Party from making any Claim arising from that matter or circumstance, except to the extent that the other Party has been materially prejudiced thereby.

12.

Third Party Claims

12.1 If a Claim arises as a result of, or in connection with, a liability or alleged liability of a Group Company to a third party (a **Third Party Claim**) arising prior to the Completion, then, until such time as any final compromise, agreement, final judgment or award by a competent court or arbitral tribunal in respect of the Claim made in respect of that Third Party Claim or that Third Party Claim is otherwise finally disposed of:

(a) the Sellers shall make available to the Purchaser and the relevant Group Company such persons and all such information as the Purchaser may reasonably request for assessing, contesting, defending or compromising the Third Party Claim;

(b) the Sellers shall give the Purchaser and the relevant Group Company reasonable access to their premises and directors, and to their books and records as is necessary for the purpose of assessing, contesting, disputing, defending or compromising the Third Party Claim during normal business hours on any Business Day and on

providing reasonable notice to the Sellers;

(c) the Purchaser shall procure that the relevant Group Company, to the extent reasonably practicable, consults with the Sellers in relation to the conduct of any dispute, defence or compromise of the Third Party Claim, although, for the avoidance of doubt, the final decision in respect of all relevant matters rests with the Purchaser or the relevant Group Company;

(d) the Purchaser shall, and shall procure that the relevant Group Company shall, promptly provide the Sellers with reasonable documentation and information related to that Third Party Claim on request and keep the Sellers informed on the progress of the Third Party Claim; and

A-16

the Purchaser shall not settle any Third Party Claim or make an admission of liability under a Third Party Claim without prior written consent of the Sellers, it being understood that the Sellers' consent shall not unreasonably delayed, conditioned or withheld and that the Purchaser or the Company shall be allowed to make an admission of liability or enter into a settlement agreement as it considers appropriate if the Sellers fail to assert their rights in accordance with this subclause (e) within ten (10) Business Days following the date of any notification by the Purchaser to the Sellers of the envisaged admission of liability or settlement, *provided* that consent of the Sellers shall not be required if the Purchaser reasonably believes refusing to make admission of liability or to enter into a settlement would have a prejudicial effect on the commercial interest, the goodwill or reputation of the Group.

The provisions of this Clause 12 do not apply in case of (i) criminal liabilities or (ii) in circumstances where the liability of the Purchaser or the Company under the Third Party Claim significantly exceeds the potential liability of the Sellers under this Agreement.

Nothing in this Clause 12 requires any person to provide any information to the extent such provision of information would contravene any applicable Law or would breach any obligation of confidentiality owed to any third party.

13.

Protective Covenants

Each Seller covenants with the Purchaser and each Group Company that it shall not and shall procure that no member of any Seller's Group will:

for a period of three (3) years from Completion, be concerned in any business carrying on business in Belgium or Luxembourg which is competitive with any business carried on by a Group Company at Completion, except that members of Seller's Group may:

hold securities in any listed corporation, limited liability company, unit trust or other corporate entity which in aggregate carry not more than 5% of the votes which could be cast at a general meeting of that entity or a meeting of holders of units in that unit trust (and provided no executive mandate is exercised by any member of Seller's Group); or

acquire any entity or business partially engaged in any business carried on by a Group Company at Completion; provided that such activities do not exceed 10% of the revenues or net equity of the acquired entity or business and that such acquiror shall use reasonable best efforts to divest the portion of the business that carries on such business as soon as reasonably practicable; or

for a period of three (3) years after Completion and except on behalf of a Group Company, canvass or solicit orders for goods or services similar to those being provided by any Group Company at Completion, from any person in Belgium or Luxembourg who is at Completion or has been at any time within one (1) year prior to Completion a

customer of a Group Company;

for a period of three (3) years after Completion directly or indirectly induce or attempt to induce any person who is (c) a director, employee or self-employed contractor of any Group Company at Completion to leave the employment of that Group Company, except that members of Seller's Group may:

A-17

on their own behalf, advertise employment vacancies in any newspaper, website or other publication or through a (i) recruitment agency (except where the recruitment agency targets employees of a Group Company) and interview and negotiate with any person responding to that advertisement on its own initiative; or

on behalf of or as agent for a client of a member of any Seller's Group, advertise employment vacancies in any (ii) newspaper, website or other publication and interview, negotiate and place with a client any person responding to that advertisement on its own initiative; or

(d) make use of or (except as required by law or any competent regulatory body) disclose or divulge to any third party any information of a secret or confidential nature relating to the business or affairs of any Group Company.

13.2 For the purposes of this Clause 13, references to a Group Company include its successors in business carrying on the business of the Group Companies as conducted at Completion.

13.3 The Sellers acknowledge that the provisions of this Clause 13 are no more extensive than is reasonable to protect the Purchaser as the purchaser of the Shares.

13.4 The covenants in this Clause 13 may irrevocably be enforced by each Group Company against the Sellers as a third party beneficiary in accordance with article 1121 of the Belgian Civil Code.

14. Announcements and Confidentiality

14.1 No Party may make or permit any member of any Seller's Group, the Purchaser's Group to make any announcement concerning the transactions contemplated by the Transaction Documents or any ancillary matter before, on or after Completion, other than in the form of a press release as and when agreed upon by the Parties, except as required by law or the rules and regulations of a securities exchange.

14.2 The Purchaser:

(a) shall and shall procure that each member of the Purchaser's Group shall keep confidential:

(i) the provisions and subject matter of the Transaction Documents other than this Agreement; and

(ii) all information provided to any of them by or on behalf of any Seller or otherwise obtained by the Purchaser or any member of the Purchaser's Group in connection with the Transaction Documents other than this Agreement which relates to any Seller or any member of any Seller's Group; and

shall procure that if after Completion any Group Company holds confidential information relating to a Seller or any member of any Seller's Group, that Group Company shall, after Completion, keep that information confidential and, to the extent reasonably practicable, shall return that information to the relevant Seller or destroy it, in each case without retaining copies.

14.3

Each Seller:

(a) shall and shall procure that each member of any Seller's Group and, on or before Completion, each Group Company shall keep confidential:

A-18

- (i) the provisions and subject matter of the Transaction Documents other than this Agreement;

all information provided to any of them by or on behalf of the Purchaser or otherwise obtained by such Seller, (ii) member of such Seller's Group, or the Group Company in connection with the Transaction Documents other than this Agreement which relates any member of the Purchaser's Group;

16. Further Assurances

16.1 On or after Completion, each Seller shall, at its own cost and expense, execute and do (or procure to be executed and done by any other necessary party) all such deeds, documents, acts and things as the Purchaser may from time to time require in order to vest any of the Shares in the Purchaser or its assignee or as otherwise may be necessary to give full effect to this Agreement and the other Transaction Documents.

16.2 In relation to each Group Company, the Sellers shall procure the convening of all meetings, the giving of all waivers and consents and the passing of all resolutions as are necessary under each of the Group Companies' statute, constitutional documents or any agreement or obligation affecting any Group Company to give effect to this Agreement and the other Transaction Documents.

16.3 The Sellers shall co-operate with the Purchaser, and prior to Completion shall procure that each Group Company and their management co-operate with the Purchaser, in order to achieve a smooth and efficient transfer of the Shares and so as to maintain the good relations of each Group Company with its personnel, customers, suppliers and bankers and with any relevant administrative body. The Sellers acknowledge and agree that from and after the Completion date, the Purchaser will be entitled to possession of all documents, books, records (including Tax records), agreements, and financial data of any sort primarily relating to the Group Companies. The Sellers shall provide to the Purchaser all materials, information and assistance which may relate to any filing, reporting, audit, on-going litigation and compliance requirements or obligations in relation to any Group Company or their involvement with the Sellers' Group, which the Purchaser or their financial, accounting, legal or other advisors may reasonably request subject to the Purchaser agreeing to keep all such materials and information confidential in accordance with Clause 14.

16.4 It is understood by the Purchaser that (a) Hudson Global pursuant to the U.S. Securities Exchange Act of 1934 (**Exchange Act**) is obligated to file with the U.S. Securities and Exchange Commission (**SEC**) consolidated financial statements of Hudson Global, including the Group Companies, through the Completion date in accordance with generally accepted accounting principles in the United States and (b) that certain information necessary for the completion of such financial statements may be known to certain employees of the Group Companies. To this end, from and after Completion until Hudson Global has filed with the SEC all financial statements through the Completion date required by the Exchange act, the Purchaser shall, and shall cause the Group Companies to, provide reasonable assistance to Hudson Global in connection with Hudson Global's preparation of such financial statements, including by providing to Hudson Global the services of their financial and accounting personnel to assist, within normal business hours, with the preparation of such financial statements at a level of support and resources, and on a timeframe, consistent with past practice, provided the rendering of such services shall always be within reasonable limits and may not prejudice the day-to-day operations and responsibilities of the relevant personnel, and providing, within normal business hours and upon reasonable advance notice, access to the properties, books, records, employees and external auditors of the Group Companies, provided such access shall be limited to information dating from prior to Completion and subject to such information being kept confidential, except as required by Law.

16.5 Hudson Global agrees not to take certain actions as set forth in Schedule 18.

17. Assignments

17.1 No Party may assign any of its rights or transfer any of the obligations under the Transaction Documents without the prior written consent of the other Parties, save that a Party's rights under the Transaction Documents may be assigned by such Party to any other member of the Purchaser's Group or Seller's Group, as applicable. Each Party agrees to notify the other Parties as soon as reasonably practicable after any such assignment.

17.2 Nothing in this Agreement will restrict the right of the Purchaser or any permitted assignee or transferee of the Purchaser to grant security over its rights under the Transaction Documents to a lender or holder of debt securities issued by the Purchaser or any permitted assignee or transferee of the Purchaser or to any agent of such lender or holder.

18. Payments

18.1 Unless otherwise expressly stated (or as otherwise agreed in the case of a given payment), each payment to be made under this Agreement shall be made in immediately available funds and in EUR (except for the payment of the Purchase Price in accordance with Clause 3 (including any Purchase Price adjustments for Leakage in accordance with Clause 3.6), which shall be made in USD) by transfer of the relevant amount into the relevant account on or before the date the payment is due for value on that date. The relevant account for a given payment shall be specified in writing by the party to which such payment shall be made at least two (2) Business Days in advance of such payments.

18.2 Each Seller will be entitled to that percentage of the Purchase Price set out against its name in column C of Schedule 1.

18.3 Except as otherwise expressly provided in this Agreement, if any Party defaults in making any payment when due of any sum payable under this Agreement, it shall pay interest on that sum from (and including) the date on which payment is due until (but excluding) the date of actual payment (after as well as before any judgment) at the applicable legal interest rate, without the need for any specific notice.

A-21

If any Seller is required by law to make a deduction or withholding in respect of any sum payable under this Agreement, such Seller shall, at the same time as the sum which is the subject of the deduction or withholding is payable, make a payment to the Purchaser of such additional amount as is required to ensure that the net amount received by the Purchaser will equal the full amount which would have been received by it had no such deduction or withholding been required to be made.

19.

General

19.1 Each of the obligations, Warranties, covenants and undertakings in this Agreement (excluding any obligation, covenant or undertaking which is fully performed at Completion) will continue in force after Completion and shall not be affected by the waiver of any Condition or any notice given by the Purchaser in respect of any Condition.

19.2 Where any obligation, representation, Sellers' Warranty, covenant or undertaking in the Transaction Documents is expressed to be made, undertaken or given by both of the Sellers, the Sellers are jointly and severally (*solidairement/hoofdelijk*) responsible in respect of it.

19.3 If any provision in this Agreement is void or non-applicable but would be valid if some part of the provision were deleted or restricted, the provision in question applies with such deletion or restriction as may be necessary to make it valid. The nullity or non-applicability of any provision of this Agreement will not affect the validity or applicability of other provisions of the Agreement, which will remain in full force and effect.

19.4 Except as otherwise expressly provided in this Agreement, or as otherwise expressly agreed in writing by the Parties after the date of this Agreement, each Party shall pay the costs and expenses incurred by it (and, in the case of the Purchaser, each member of the Purchaser's Group and in the case of the Sellers, each member of any Seller's Group) in connection with the due diligence investigation, the negotiation, entering into, and completion of, this Agreement, including, without limitation, in respect of the obligations in satisfying the Conditions and any other requirements for transferring the Shares.

19.5

The rights of each Party under this Agreement:

(a) may be exercised as often as necessary;

(b) except as otherwise expressly provided in this Agreement, are cumulative and not exclusive of rights and remedies provided by law; and

(c) may be waived only in writing and specifically.

Except as otherwise expressly provided in this Agreement or as may be barred by applicable statutes of limitations, delay in exercising or the non-exercise of any such right is not a waiver of that right.

The Purchaser may release or compromise in whole or in part the liability of a Seller under this Agreement 19.6 without thereby affecting the liability of the other Seller. The Purchaser may also grant any time or indulgence to any Seller without thereby affecting the liability of such Seller and the other Seller.

19.7 Except as otherwise expressly provided in this Agreement, the Parties to this Agreement waive their rights, if any and whether in whole or in part, to annul, rescind, dissolve or cancel this Agreement, or to request such annulment, rescission, dissolution or cancellation after Completion, including on the basis of general provisions of contract law (including article 1184 of the Belgian Civil Code).

A-22

Without prejudice to Clause 10.9, the Parties acknowledge and agree that any breach of the terms of this Agreement would give rise to irreparable harm for which money damages would not be an adequate remedy, and accordingly the Parties agree that, in addition to any other remedies, each Party shall be entitled to enforce the 19.8 terms of this Agreement by a decree of specific performance without the necessity of proving the inadequacy of money damages as a remedy and, notwithstanding anything to the contrary in this Agreement, the Parties shall be entitled to so enforce the terms of this Agreement (including by requesting interim relief) in any court described in Clause 21.

20. Whole Agreement

This Agreement and the Transaction Documents contain the whole agreement between the Parties relating to the transactions contemplated by this Agreement and the Transaction Documents and replace all previous agreements, whether oral or in writing, between the Parties relating to these transactions.

The Parties hereby irrevocably submit to the jurisdiction of the federal courts of the United States of America located in the State, City and County of New York solely in respect of the interpretation and enforcement of the provisions of this Agreement and in respect of the transactions contemplated hereby. The Parties irrevocably agree that all claims in respect of the interpretation and enforcement of the provisions of this Agreement and in respect of the transactions contemplated hereby, or with respect to any such action or proceeding, shall be heard and determined in such a New York State or federal court, and that such jurisdiction of such courts with respect thereto shall be exclusive, except solely to the extent that all such courts shall lawfully decline to exercise such jurisdiction. The Parties hereby waive, and agree not to assert, as a defence in any action, suit or proceeding for 21.2 the interpretation or enforcement hereof or in respect of any such transaction, that it is not subject to such jurisdiction. The Parties hereby waive, and agree not to assert, to the maximum extent permitted by law, as a defence in any action, suit or proceeding for the interpretation or enforcement hereof or in respect of any such transaction, that such action, suit or proceeding may not be brought or is not maintainable in such courts or that the venue thereof may not be appropriate or that this Agreement may not be enforced in or by such courts. The Parties hereby consent to and grant any such court jurisdiction over the person of the Parties and over the subject matter of any such dispute and agree that mailing of process or other papers in connection with any such action or proceeding in the manner provided in Clause 21.2 or in such manner as may be permitted by law, shall be valid and sufficient service thereof.

22. Language

WHEREAS, Buyer desires to purchase, and the Sellers desire to sell, the shares of the Transferred Companies listed and described in Exhibit 1.1 (the "Transferred Shares"), for the consideration described herein and upon the conditions hereinafter set forth;

WHEREAS, the Buyer, on one hand, and certain Sellers, on the other hand, wish to enter into the Related Agreements (as hereinafter defined);

NOW, THEREFORE, in consideration of the mutual covenants and undertakings contained herein, and subject to and on the terms and conditions herein set forth, the Parties hereto agree as follows:

(All capitalized terms used and not defined in this Agreement shall have the meanings set forth in Exhibit A.)

Article 1. PURCHASE AND SALE OF THE TRANSFERRED SHARES

At the Closing and effective as of the Effective Time, the Sellers shall sell to Buyer, and Buyer shall purchase from the Sellers, the Transferred Shares free and clear of any Liens, other than Liens created by or through the Buyer or its affiliates.

Article 2. PURCHASE PRICE

2.1 The Purchase Price

The aggregate cash consideration to be paid by the Buyer to the Sellers for 100% of the Transferred Shares shall be the amount (the "Adjusted Purchase Price") which results from the aggregate of:

- (a) ten million and five hundred thousand dollars (USD 10,500,000) (the "Unadjusted Purchase Price");

- (b) plus the Closing Cash Amount;
- (c) minus the Closing Indebtedness Amount; and
- (d) plus the amount of the difference (which may be positive or negative) between the Closing Working Capital Amount and the TTM Working Capital, with such difference being calculated by applying the same exchange rates to the Closing Working Capital Amount as used for the calculation of the TTM Working Capital.

2.2 Closing Payment

(a) On the Closing Date, the Buyer shall pay (such payment, as calculated pursuant to this Section 2.2(a), the "Initial Purchase Price") to the Sellers in immediately available funds an amount equal to the result of:

- (i) the Unadjusted Purchase Price;
 - (ii) plus the Estimated Closing Cash Amount;
 - (iii) minus the Estimated Closing Indebtedness Amount; and
 - (iv) plus the amount of the difference (which may be positive or negative) between the Estimated Closing Working Capital Amount and the TTM Working Capital, with such difference being calculated by applying the same exchange rates to the Estimated Closing Working Capital Amount as used for the calculation of the TTM Working Capital.
- (b) Not later than five (5) Business Days before the Closing Date, the Sellers' Representative shall notify the Buyer of its good faith estimate of:

- (i) the Closing Cash Amount (the “Estimated Closing Cash Amount”);
- (ii) the Closing Indebtedness Amount (the “Estimated Closing Indebtedness Amount”);
- (iii) the Closing Working Capital Amount (the “Estimated Closing Working Capital Amount”); and
- (iv) the Closing Combined Balance Sheet;

along with reasonably detailed documents supporting the calculation of such amounts (the “Closing Estimates Statement”).

- (c) The Buyer shall have the opportunity to review the Closing Estimates Statement and the Parties shall cooperate in good faith to agree upon the Closing Estimates Statement in the event the Buyer disputes any of the items set forth therein. If the Parties are unable to agree, the Closing Estimates Statement as provided by the Sellers’ Representative shall be used for the purposes of this Section 2.2.

2.3 Purchase Price Adjustment

(a) As soon as practicable after Closing, but in no event later than thirty (30) Business Days following the Closing Date, the Buyer shall provide to the Sellers' Representative the Buyer's calculation of the Closing Combined Balance Sheet, the Closing Cash Amount, the Closing Indebtedness Amount, and the Closing Working Capital Amount (together forming the "Closing Statement"), along with reasonably detailed supporting documents, it being specified that the Buyer shall calculate the Closing Cash Amount, the Closing Indebtedness Amount and the Closing Working Capital Amount in accordance with the Accounting Principles. The Parties agree that any assets and liabilities of the RPO Business shall be excluded from the amounts set forth above and from the final calculation of the Closing Cash Amount, the Closing Indebtedness Amount and the Closing Working Capital Amount, and that the Buyer shall have no claim to any such assets.

(b) Disputes regarding the Purchase Price Adjustment

(i) During a thirty (30) Business Day period following receipt by the Sellers' Representative of the calculation of the Closing Statement prepared by the Buyer as stipulated in Section 2.3 (the "Review Period"), the Sellers' Representative shall review such information and be provided with reasonable access to necessary materials and personnel of the Buyer (including, for the avoidance of doubt, the necessary materials and personnel of the Transferred Companies). If the Closing Statement is contested by the Sellers' Representative, then the Sellers' Representative shall deliver a written notice (a "Notice of Disagreement"), to the Buyer within the Review Period, setting forth in reasonable detail the basis for any such dispute (any such dispute being hereinafter called a "Disagreement"), the amounts involved and a description in reasonable detail of the modifications that the Sellers' Representative propose (the "Disputed Items"). The Buyer and the Sellers' Representative shall promptly commence negotiations in good faith with a view to resolving all such Disagreements within thirty (30) Business Days following receipt by the Buyer of a Notice of Disagreement. If the Sellers' Representative does not deliver a Notice of Disagreement to the Buyer within the Review Period, then the Closing Statement prepared by the Buyer and delivered to the Sellers in accordance with Section 2.3(a) shall be considered final and binding on the Parties, and the provisions of Section 2.3(c) shall immediately apply.

(ii) If a Disagreement has not been resolved for any reason within the thirty (30) Business Day period stipulated in Section 2.3(b)(i), then within twenty (20) Business Days after the expiration of such period, the Sellers' Representative or the Buyer may request that the Disagreement be submitted to the London office of an independent "big 4" accounting firm (Ernst & Young, PricewaterhouseCoopers, KPMG or Deloitte) (the "Selected Accounting Firm") for final and binding resolution.

(iii) Buyer and the Sellers' Representative shall each promptly prepare a written statement on the unresolved Disputed Items together with the relevant documentation in relation thereto, which shall be submitted to the Selected Accounting Firm for determination. In particular, without limitation, Buyer shall keep up to date and make reasonably available to the Sellers' Representative and the Selected Accounting Firm its books and records in connection with the Closing Statement. Buyer and Sellers' Representative shall cause the Selected Accounting Firm to be provided with any other information and documentation that may be reasonably requested thereby as soon as reasonably practicable. Buyer and the Sellers' Representative shall instruct the Selected Accounting Firm to act as experts in accounting and not as arbitrators, and to limit its examination to the unresolved Disputed Items. In no event shall the Selected Accounting Firm assign a value to any item greater than the greatest value for such item claimed by either Party or less than the smallest value for such item claimed by either Party. The Selected Accounting Firm shall: (x) give the Parties a reasonable opportunity to provide written and oral submissions to it; (y) require that the Parties provide to each other a copy of any written submissions at the same time as they are made to the Selected Accounting Firm; and (z) allow each Party to be present while oral submissions are being made by any other Party. Buyer and the Sellers' Representative shall request the Selected Accounting Firm to use its best efforts to deliver a preliminary report setting forth its resolution and, if applicable, its calculation of the Disputed Items, as promptly as practicable, but no later than thirty (30) calendar days following its appointment. Buyer and the Sellers' Representative shall have the opportunity to provide comments to the Selected Accounting Firm regarding the preliminary report within fourteen (14) calendar days from the date of such preliminary report (and such comments shall be communicated forthwith to the other Party). The Selected Accounting Firm shall deliver a final written report within sixty (60) calendar days following its appointment. The determination of the unresolved Disputed Items by the Selected Accounting Firm in its preliminary and final reports shall state which adjustments should be made to the Closing Statement (including a calculation of the resulting Adjusted Purchase Price (as defined below), if any), and shall be delivered to the Sellers' Representative and Buyer as promptly as practicable. Such determination shall be final, conclusive and binding upon Sellers and Buyer, except in the event of manifest error. Buyer and the Sellers' Representative shall, and shall procure that their accountants and other advisers shall, and shall instruct the Selected Accounting Firm to keep all information and documents provided to them pursuant to this Section confidential and shall not use the same for any purpose, except in connection with the resolution of the Disputed Items. All fees and expenses of the Selected Accounting Firm shall be shared equally between Sellers, on the one hand, and Buyer, on the other hand.

(c) Adjustment Payment. After the completion of the calculations set forth in Section 2.3:

(i) If the Adjusted Purchase Price exceeds the Initial Purchase Price, the Buyer shall promptly pay to the Sellers the absolute figure of the difference within twenty (20) Business Days; and

(ii) If the Adjusted Purchase Price is less than the Initial Purchase Price, the Sellers shall pay to the Buyer the absolute figure of the difference within twenty (20) Business Days.

(d) General Method of Payment.

Payments to the Sellers shall be made to their respective bank accounts designated by the Sellers to the Buyer with sufficient notice and payments to the Buyer shall be made to the bank account designated by the Buyer to the Sellers' Representative with sufficient notice.

B-8

- (a) Representations and Warranties. Subject to the disclosures made in the Schedules: (i) each of the representations and warranties made in Section 5.1(e) and Section 5.2 shall be true and correct in all respects, without regard to any “materiality” qualifications contained in such representations and warranties, (x) as of the date hereof; and (y) as of the Closing Date as if made at such time (except to the extent such representations and warranties expressly relate to a specific date, in which case they shall be true and correct as of such date); and (ii) each of the other representations and warranties made in Article 5 shall be true and correct, without regard to any “materiality” qualifications contained in such representations and warranties, (x) as of the date hereof; and (y) as of the Closing Date as if made at such time (except to the extent such representations and warranties expressly relate to a specific date, in which case they shall be true and correct as of such date); provided however, that for purposes of this Section 3.1(a)(ii), Buyer’s condition shall be deemed satisfied and fulfilled even if any representations or warranties made in Article 5 other than those set forth in Section 5.1(e) and Section 5.2 are not so true and correct unless the failure of such representations and warranties to be so true and correct shall constitute, individually or in the aggregate, a Material Adverse Change.

(b) The Buyer shall have executed the Related Agreements attached hereto as Exhibits D through H.

B-9

- (c) Transfer of the RPO Business. The RPO Transfer shall be completed by the Sellers in accordance with the provisions of Schedule 7.8.

3.3 Frustration of Closing Conditions

Neither Buyer nor any Seller may rely on the failure of any condition set forth in Section 3.1 or in Section 3.2, respectively, to be satisfied if such failure was caused by such Party's failure to act in good faith to cause the Closing to occur in accordance with the terms and conditions hereof.

(b) by Buyer, by written notice to Sellers, if the representations and warranties of Sellers contained in this Agreement shall have been untrue when made or shall become untrue or Sellers breach or fail to perform any of their agreements or covenants contained in this Agreement, and which such inaccuracy, breach or failure to perform would give rise to the failure of a condition set forth in Section 3.1, provided, that if such inaccuracy in the Sellers' representations and warranties or breach by the Sellers of a covenant or agreement is curable to the reasonable satisfaction of the Buyer by the Sellers through exercise of its reasonable best efforts, then Buyer may not terminate this Agreement pursuant to this Section 10.1(b) until the earlier to occur of (i) the 20th Business Day after delivery of written notice from Buyer to the Sellers of such breach and (ii) two (2) Business Days prior to the Longstop Date, so long as the Sellers continue to exercise reasonable best efforts to cure such breach (it being understood that Buyer may not terminate this Agreement pursuant to this Section 10.1(b) if such breach by Sellers is cured during such period); provided, that Buyer cannot terminate this Agreement pursuant to this clause (c) if it has breached this Agreement at or prior to the time of termination and such breach would give rise to the failure of a condition set forth in Section 3.2 and has not been cured;

(c) by the Sellers by written notice to Buyer if:

(i) the representations and warranties of Buyer contained in this Agreement shall have been untrue when made or shall become untrue or Buyer breaches or fails to perform any of its agreements or covenants contained in this Agreement, and which such inaccuracy, breach or failure to perform would give rise to the failure of a condition set forth in Section 3.2, provided however, that if such inaccuracy in Buyer's representations and warranties or breach by Buyer of a covenant or agreement is curable to the reasonable satisfaction of the Sellers by Buyer through exercise of reasonable best efforts, then the Sellers may not terminate this Agreement pursuant to this Section 10.1(c) until the earlier to occur of (i) the 20th Business Day after delivery of written notice from the Sellers to Buyer of such breach and two (2) Business Days prior to the Longstop Date, so long as Buyer continues to exercise reasonable best efforts to cure such breach (it being understood that the Sellers may not terminate this Agreement pursuant to this Section 10.1(c) if such breach by Buyer is cured during such period); provided, that Sellers cannot terminate this Agreement pursuant to this clause (i) if any Seller has breached this Agreement at or prior to the time of termination and such breach would give rise to the failure of a condition set forth in Section 3.1 and has not been cured; or

(ii) (x) the conditions set forth in Section 3.1 (other than Section 3.1(d)) have been satisfied (other than those conditions that by their nature are to be satisfied at the Closing) and Sellers confirm in writing that all conditions set forth in Section 3.2 have been satisfied or that Sellers are willing to waive all unsatisfied conditions in Section 3.2; and (y) Buyer shall have failed to consummate the transactions contemplated by this Agreement within ten (10) Business Days after the date on which the Closing should have occurred pursuant to Section 4.1.

10.2 Effect of Termination

If this Agreement is terminated and the transactions contemplated hereby are abandoned as described in this Article 10:

(a) this Agreement shall become void and of no further force or effect, except for the provisions of Sections 5.17 and 6.4 (Brokers, Finders and Agents), Section 9.2 (Announcement), Section 9.3 (Confidentiality, which obligation shall remain in force for a period of five (5) years after the termination of this Agreement), Section 9.5 (Costs and Expenses), this Article 10 and Article 12;

(b) all confidential information provided by either Party to the other shall be returned to such first Party or, upon such first Party's request, destroyed; and

B-35

(c) notwithstanding the foregoing, and save as otherwise expressly provided in this Agreement, nothing in this Section 10.2 shall be deemed to release either Party from any liability for any (i) knowing material breach of any of its representations and warranties in this Agreement or (ii) deliberate breach of any covenant of this Agreement. For purposes of this Section 10.2(c), (A) a "knowing" breach of a representation and warranty will be deemed to have occurred only if one of the individuals listed in Exhibit B in the case of Buyer, or Exhibit C in the case of Sellers, had actual knowledge of such breach as of the date hereof (without any independent duty of investigation or verification other than an actual reading of the representations and warranties as they appear in this Agreement) and (B) a "deliberate" breach of any covenant will be deemed to have occurred only if the other Party took or failed to take action with actual knowledge that the action so taken or omitted to be taken constituted a breach of such covenant.

10.3 Buyer Break Fee

If this Agreement is terminated under Section 10.1(a)(i) because the conditions set forth in Section 3.1(d) is not satisfied or Section 10.1(c)(ii), then the Buyer must upon demand by the Sellers pay to the Sellers a fee in the amount equal to USD 762,000 (the "Buyer Break Fee"). In the event that the Buyer pays the Sellers the Buyer Break Fee, the receipt of such fee shall be deemed to be liquidated damages for any and all losses suffered by the Sellers, any of their Affiliates or any other person in connection with this Agreement (and the termination hereof), the transactions contemplated hereby (and the abandonment thereof) or any matter forming the basis for such termination, and none of the Sellers, any of their Affiliates or any other person shall be entitled to bring or maintain any other claim, action or proceeding against the Buyer or any of its Affiliates arising out of this Agreement, any of the transactions contemplated hereby or any matters forming the basis for such termination.

10.4 Seller Break Fee

If this Agreement is terminated under Section 10.1(a)(i) because the condition precedent set forth in Section 3.2(d) is not satisfied, then the Sellers must upon demand by the Buyer pay to the Buyer a fee in the amount equal to USD 500,000 (the "Sellers Break Fee"). In the event that the Sellers pays the Buyer the Sellers Break Fee, the receipt of such fee shall be deemed to be liquidated damages for any and all losses suffered by the Buyer, any of its Affiliates or any other person in connection with this Agreement (and the termination hereof), the transactions contemplated hereby (and the abandonment thereof) or any matter forming the basis for such termination, and the Buyer, any of its Affiliates or any other person shall be entitled to bring or maintain any other claim, action or proceeding against the Sellers or any of their Affiliates arising out of this Agreement, any of the transactions contemplated hereby or any matters forming the basis for such termination.

Article 11. INDEMNIFICATION

11.1 Indemnification of the Buyer

Subject to the terms and conditions of this Agreement, HGI shall indemnify, defend and hold Buyer and its Affiliates, including, after the Closing, the Transferred Companies (each a "Buyer Indemnified Party"), harmless from and against any and all Losses suffered by such Buyer Indemnified Party resulting or arising from, related to, or incurred in connection with (a) any breach of any representation or warranty made by Sellers in this Agreement or (b) any breach of any covenant, obligation or agreement of Sellers in this Agreement.

B-36

11.2 Indemnification of the Sellers

Subject to the terms and conditions of this Agreement, the Buyer shall indemnify, defend and hold Sellers and their Affiliates, including, before the Closing, the Transferred Companies (each a “Seller Indemnified Party”), harmless from and against any and all Losses suffered by such Seller Indemnified Party resulting or arising from, related to, or incurred in connection with (a) any breach of any representation or warranty made by the Buyer in this Agreement or (b) any breach of any covenant, obligation or agreement of the Buyer in this Agreement.

References to “Indemnified Party” in this Article 11 shall refer to a Buyer Indemnified Party or a Seller Indemnified Party, as applicable, given the context in which a claim has been made by a Buyer Indemnified Party or Seller Indemnified Party, and references to an Indemnifying Party shall refer to either the Buyer or HGI, as applicable, depending upon which Party against which the claim has been made.

11.3 When Payable

Indemnification of an Indemnified Party under this Article 11 with respect to any claim concerning any Losses shall be payable: (a) upon the resolution of such claim by mutual agreement between HGI and Buyer; or (b) upon the issuance of a definitive order from a Governmental Authority or a final judgment, award, order or other ruling (which is not subject to appeal or with respect to which the time for appeal has elapsed) by a court or arbitral tribunal having jurisdiction over the parties and the subject matter of such claim or to which such claim was submitted for resolution by joint agreement between HGI and Buyer.

11.4 Notice of Claim; Right to Participate in and Defend Third Party Claims

(a) Claim Notice

If any Indemnified Party: (a) receives notice of the assertion of any claim, the commencement of any suit, action or proceeding (including any Tax audit or investigation), or the imposition of any penalty or assessment by a third party in respect of which indemnity may be sought under Sections 11.1 or 11.2 (a “Third Party Claim”); or (b) shall have a claim for indemnification under or Sections 11.1 or 11.2 which does not relate to a Third Party Claim (a “Direct Claim”); the Indemnified Party shall provide written notice thereof to the Indemnifying Party in accordance with Section 12.7 (the “Notice”). The Notice shall provide for a description in reasonable details of the nature of the Direct Claim or Third Party Claim, the sections of this Agreement which form the basis for indemnification, copies of all

material evidence in connection therewith (including court papers) to the extent available and the estimated amount of Losses suffered or incurred by the Indemnified Party (to the extent such amount is known or can be determined). Such notice shall be made within five (5) Business Days following the date of receipt by the Indemnified Party of any Third Party Claim or from the date on which the Indemnified Party had knowledge of any Direct Claim, provided, however, that such five (5) Business Day period shall be reduced if the urgency of the matter dictates a swifter notification to the Indemnifying Party.

B-37

(b) Defense of Third Party Claims

(i) The Indemnifying Party shall have the right, by giving written notice to the Indemnified Party, at its option, to participate in or, to elect to assume the defense of such Third Party Claim, at the Indemnifying Party's own expense and by its own counsel; provided, however, that at the election of the Indemnified Party, the Indemnifying Party shall not have the right to assume the defense of any such Third Party Claim involving (i) equitable relief restricting the operations of the Business, or (ii) any criminal liability against Buyer, the Business or any of the Transferred Companies, and the Indemnified Party shall control the defense of such Third Party Claim with counsel of its choice; provided further, however, that in such situation the Indemnified Party shall not settle or compromise such Third Party Claim without the Indemnifying Party's prior written consent (not to be unreasonably withheld); and provided further, however, that, notwithstanding the above, in such situation, the Indemnifying Party shall have the right, to the extent legally and practically feasible, to participate in or, to elect to assume the portion of the defense of such Third Party Claim involving the payment of monetary damages. If the Indemnifying Party undertakes to assume the defense of any Third Party Claim, it shall promptly notify the Indemnified Party of its intention to do so, and the Indemnifying Party shall not be liable for any expenses subsequently incurred by the Indemnified Party in connection with the defense thereof. The Indemnified Party shall cooperate fully with, and provide appropriate documentation as reasonably requested by, the Indemnifying Party and its counsel in the compromise of, or defense against, any such Third Party Claim. In any event, the Indemnified Party shall have the right, at its own expense, to participate in the defense of any Third Party Claim as to which the Indemnifying Party has assumed the defense. The Indemnifying Party shall not admit any liability with respect to, or settle, compromise or discharge any Third Party Claim without the prior consent of the Indemnified Party unless the proposed resolution involves only the payment of money damages in respect of which the Indemnified Party is fully indemnified by the Indemnifying Party hereunder, does not impose an injunction or other equitable relief upon the Indemnified Party, and does not relate to Taxes.

(ii) In the event that the Indemnifying Party elects not to assume the defense of a Third Party Claim in accordance with paragraph (a) of this Section 11.4(b)(i), the Indemnified Party shall control the defense of such Third Party Claim with counsel of its choice; provided, however, that the Indemnified Party shall not settle or compromise any Third Party Claim without the Indemnifying Party's prior written consent (not to be unreasonably withheld). The Indemnifying Party shall be entitled (at the Indemnifying Party's expense) to participate in the defense of any Third Party Claim with its own counsel, in which case, the Indemnified Party shall provide all relevant information to the Indemnifying Party.

(iii) Whether or not the Indemnifying Party shall have assumed the defense of any Third Party Claim, the Indemnified Party shall not admit any liability with respect to, or settle compromise or discharge any such Third Party Claim without the Indemnifying Party's prior written consent (not to be unreasonably withheld).

11.5 Survival of Indemnification

(a) Survival of Indemnified Party's Indemnification

Any claims by an Indemnified Party for indemnification pursuant to this Article 11 shall be made by given written notice of a claim specifying the factual basis of that claim in reasonable detail then known to the Indemnified Party on or before the date which is twelve (12) months after the Closing Date, except that in case of losses, damages, liabilities, claims, settlements, costs or expenses duly notified by the Indemnified Party before the expiration of this twelve (12) months period, the right of indemnification of the Indemnified Party shall continue to survive until such loss, damage, liability, claim, settlement, cost or expense has been indemnified.

B-38

(b) Limitations on Sellers' Obligations

The indemnification obligations of an Indemnifying Party under Article 11 shall in no event exceed in the aggregate an amount in U.S. Dollars equal to five per cent (5%) of the Adjusted Purchase Price (the "Cap").

(c) Non-Applicability of Limitations

The limitations set forth in Section 11.5(a) shall with respect to indemnification under Sections 11.1 or 11.2 shall not apply in the case of fraudulent misrepresentation by any Party.

11.6 Indemnification Calculation

(a) For purposes of determining the amount of Losses attributable to breaches of representations and warranties pursuant to Section 11.1, all qualifications as to materiality or Material Adverse Change (except for the qualification as to Material Adverse Change in Section 5.16(i) hereof) shall be disregarded.

(b) The amount of any indemnity payable hereunder on account of a Loss shall be reduced by any insurance proceeds received by the Indemnified Party with respect thereto after giving effect to any increase in insurance premium as a result thereof; provided, however, that the amount of any indemnity payable hereunder on account of a Loss shall be reduced by the amount of any liability that has already been taken into account in determining the adjustment to the Purchase Price pursuant to Article 2.

(c) If an Indemnified Party receives proceeds from third parties, including insurance proceeds, in connection with Losses for which it has received indemnification hereunder, such Indemnified Party shall promptly refund to the Indemnifying Party the amount of such proceeds when received, up to the amount of indemnification received hereunder.

11.7 Duty to Mitigate

Any Indemnified Party shall take all reasonable steps to mitigate any Losses that it may incur, including making and diligently pursuing such claims as may be reasonably justified against any third party or pursuant to any insurance policies covering such Indemnified Party. In particular, and without limitations to the foregoing, the Indemnifying Party shall have the right to request the Indemnified Party to take any reasonable action to mitigate such Loss. In the event of a failure by the Indemnified Party to comply with this provision, any part of the Losses which would have not existed had Indemnified Party mitigated such Losses in accordance therewith shall not give rise to indemnification under this Article 11.

11.8 Exclusions

(a) Indemnifying Party shall have no obligation for indemnification pursuant to Sections 11.1 or 11.2 hereof for any Losses resulting from a change in any applicable Laws after the date of this Agreement or from an implementation of any Law becoming effective after the date of this Agreement.

B-39

(b) In no event shall any Indemnified Party be entitled to double recovery hereunder. In particular, (i) in the event any circumstances constitute a breach of more than one representation and warranty, obligation or covenant on the part of the Indemnifying Party, the Indemnified Parties shall only be entitled to be indemnified once in respect of such circumstances, and (ii) no Losses may be claimed under this Article 11 to the extent such Losses are taken into account, on a dollar for dollar basis, in the determination of any adjustment of the Unadjusted Purchase Price pursuant to Article 2.

(c) For the avoidance of doubt, the indemnification obligation of any Indemnified Party under this Article 11 shall be limited to the Losses (giving effect to the limitations set forth in this Article 11) actually suffered by the Indemnified Party.

(d) Without limiting the generality of the foregoing, the operation of Section 2.3 is an exclusive remedy in respect of the assets and liabilities and related items taken into account in connection with the determination of the Closing Cash Amount, the Closing Indebtedness Amount and the Closing Working Capital Amount, and neither Party shall be entitled to any additional recourse in respect thereof, whether arising from a breach of a representation or warranty or otherwise.

11.9 Remedies Exclusive

Following the Closing, each Party's rights under this Article 11 with respect to any Losses shall be its sole and exclusive remedy for money damages under this and no Party shall be entitled to pursue, and each Party hereby expressly waives, any and all other rights to pursue money damages under this Agreement that may otherwise be available to it under applicable Law (other than claims for fraud), provided however, that nothing in this Section 11.9 shall be deemed to limit or the Buyer's and the Sellers' remedies under Section 12.6. Following the Closing, without limiting the generality of the foregoing, other than claims under Section 12.6 or under this Article 11 or under any Transaction Document, (i) Buyer waives any claim or cause of action which it otherwise might assert, including, without limitation, under any applicable Law or regulations, by reason of this Agreement and (ii) Sellers and their Affiliates waive any claims or causes of actions which they otherwise might assert, under any applicable Law or regulations, including, without limitation, any claim for contribution related to an indemnification claim against the Transferred Companies by reason of this Agreement.

11.10 Miscellaneous

Any indemnity payment by Indemnifying Party to Indemnified Party under this Agreement shall be treated as an adjustment to the Unadjusted Purchase Price for Tax purposes, unless otherwise required by Law (including, without

limitation, by Section 483 of the Code), and such agreed treatment shall govern for purposes of this Agreement.

Article 12. MISCELLANEOUS

12.1 Sellers' Representative

Each of the Sellers other than HGI hereby irrevocably appoints HGI as its representative (the "Sellers' Representative"), with full power and authority to, in its name, place and stead, take all actions permitted or required to be taken by it pursuant to this Agreement, including:

- (a) receive notices under this Agreement;
- (b) receive and distribute any payments made by Buyer under this Agreement;

B-40

(c) deliver any notices, certifications, consents, approvals or waivers required or appropriate under this Agreement; and

(d) handle, contest, dispute, compromise, adjust, settle or otherwise deal with any and all claims by or against or disputes with Buyer under this Agreement.

Each Seller other than HGI undertakes to Buyer and to the Sellers' Representative that it will act solely through the Sellers' Representative in connection with any matter arising out of this Agreement.

12.2 Amendments

This Agreement may be amended only by a writing executed by all of the Parties hereto.

12.3 Entire Agreement

This Agreement and the Schedules and Exhibits hereto, the Related Agreements and any other agreements expressly provided for herein, set forth the entire understanding of the Parties hereto with respect to the subject matter hereof, and supersede all prior contracts, agreements, arrangements, communications, discussions, representations and warranties, whether oral or written, between the Parties.

12.4 Governing Law

This Agreement shall be governed by and enforced in accordance with the domestic laws of the State of New York, without giving effect to any choice of law rules that may direct the application of the laws of another jurisdiction.

12.5 Jurisdiction

(a) With respect to any claim, controversies or dispute, other than a Disagreement (each, a “Dispute”), arising out of or in connection with this Agreement, including any Dispute relating to a breach of this Agreement, each of the Parties hereby irrevocably and unconditionally: (i) submits, for itself and its property, to the exclusive jurisdiction of any London court (and any appellate court from any thereof) in any action or proceeding arising out of or relating to this Agreement or the transactions contemplated hereunder or for recognition or enforcement of any judgment thereof; (ii) agrees that all claims in respect of any such action or proceeding will be heard and determined in such London court; (iii) waives, to the fullest extent it may legally and effectively do so, any objection which it may now or hereafter have to the laying of venue of any suit, action or proceeding arising out of or relating to this Agreement or the transactions contemplated hereunder in any London court; (iv) waives, to the fullest extent permitted by law, the defense of an inconvenient forum to the maintenance of such action or proceeding in any such court; and (v) agrees that notice or the service of process in any proceeding shall be properly served or delivered if delivered in the manner contemplated by Section 12.7 hereof.

(b) Without limiting Section 12.14 hereof, each party hereto hereby waives, to the fullest extent permitted by applicable law, any right it may have to a trial by jury in any suit, action or other legal proceeding involving this agreement, the transactions contemplated hereby, (whether based on contract, tort or any other theory) or any counterclaim related thereto. Each party hereto (i) certifies that no representative, agent or attorney of any other party has represented, expressly or otherwise, that such other party would not, in the event of any suit, action or other legal proceeding, seek to enforce the foregoing waiver and (ii) acknowledges that it and the other Parties hereto have been induced to enter into this agreement by, among other things, the mutual waivers and certifications in this Section 12.5(b).

B-41

12.6 Specific Performance.

Each Party agrees that irreparable damage would occur and the Parties would not have an adequate remedy at law if any provision of this Agreement is not performed in accordance with its specific terms or is otherwise breached. Accordingly, each Party agrees that the other Parties will be entitled to injunctive relief from time to time to prevent breaches of the provisions of this Agreement and to enforce specifically the terms and provisions of this Agreement, in each case (a) without the requirement of posting any bond or other indemnity and (b) in addition to any other remedy to which it may be entitled, at law or in equity. Furthermore, each Party agrees not to raise any objections to the availability of the equitable remedy of specific performance to prevent or restrain breaches of this Agreement, and to specifically enforce the terms of this Agreement to prevent breaches or threatened breaches of, or to enforce compliance with, the covenants and obligations of such Party under this Agreement. Each Party expressly disclaims that it is owed any duty not expressly set forth in this Agreement, and waives and releases all tort claims and tort causes of action that may be based upon, arise out of or relate to this Agreement, or the negotiation, execution or performance of this Agreement.

Any notices or other communications required or permitted hereunder shall be given in writing (in the English language) and shall be; (i) personally delivered against an acknowledgement of delivery dated and signed by the recipient; (ii) sent by registered or certified mail, return receipt requested, postage prepaid; or (iii) sent by private overnight courier service (all charges prepaid), in each case with a copy sent via electronic mail (if an electronic mail address of the Party to whom the relevant communication is being made has been designated pursuant hereto and remains a working electronic mail address), addressed as follows:

Any Party by written notice to the other Parties given in accordance with this Section 12.7 may change the address or the Persons to whom notices or copies thereof shall be directed.

12.8 Severability

This Agreement shall be deemed severable, and the invalidity or unenforceability of any term or provision hereof shall not affect the validity or enforceability of this Agreement or of any other term or provision hereof. Furthermore, in lieu of any such invalid or unenforceable term or provision, the Parties intend that there shall be added as a part of this Agreement a provision as similar in terms to such invalid or unenforceable provision as may be valid and enforceable.

12.9 Assignment

This Agreement will be binding upon and inure to the benefit of and be enforceable by the respective successors and permitted assigns of the Parties.

B-43

Neither Party may assign (whether by operation of Law or otherwise) this Agreement or any rights, interests or obligations provided by this Agreement without the prior written consent of the other Party; provided, however, that either Party may assign this Agreement and any or all rights and obligations under this Agreement to any of its Affiliates upon prior written notice to the other Party; provided, further, that no such assignment shall release either Party from any Liability under this Agreement. Any attempted assignment in violation of this Section 12.9 shall be void ab initio.

Notwithstanding the above, the Buyer shall be entitled to assign, at any time prior to or at Closing, all or part of its rights and obligations under this Agreement to one or more of its Affiliates provided that (i) such assignment is notified to the Sellers (ii) the obligations of the Buyer transferred pursuant to such assignment shall be accepted by the Affiliate on a joint and several basis with the Buyer and (iii) the Buyer shall guarantee the performance of the assignees obligations pursuant to this Agreement on a joint and several basis.

12.10 Waivers

Except as otherwise provided herein, Buyer or Sellers (acting on behalf of themselves and their appropriate Affiliates), may waive in writing compliance by any of the other Parties hereto (to the extent such compliance is for the benefit of the Party giving such waiver) with any of the terms, covenants or conditions contained in this Agreement (except such as may be imposed by Law). Any waiver by any Party of any violation of, breach of, or default under, any provision of this Agreement by any other Party shall not be construed as, or constitute, a continuing waiver of such provision, or waiver of any other violation of, breach of or default under any other provision of this Agreement.

12.11 Third Parties

Except as set forth in Article 11 and this Section 12.11, nothing expressed or implied in this Agreement is intended, or shall be construed, to confer upon or give any Person other than Buyer and Sellers any rights or remedies under or by reason of this Agreement. Notwithstanding the preceding sentence, the provisions of Section 12.14 (and the definitions in Exhibit A related thereto) shall be enforceable by each Buyer Related Party.

12.12 Schedules and Exhibits

The Schedules and Exhibits attached to this Agreement are incorporated herein and shall be part of this Agreement for all purposes.

12.13 Interpretation

- (a) The headings and the table of contents in this Agreement are solely for convenience of reference and shall not be given any effect in the construction or interpretation of this Agreement.

- (b) The masculine, feminine or neuter gender and the singular or plural number shall each be deemed to include the others whenever the context so indicates.

- (c) Whenever used in this Agreement:
 - (i) the words “include”, “includes” and “including” shall be deemed to be followed by the phrase “without limitation”;

 - (ii) the words “hereof”, “herein” and similar words shall be construed as references to this Agreement as a whole and not just to the particular Section or subsection in which the reference appears.

B-44

12.14 No Recourse

Subject to and without limiting the rights of the Sellers against Buyer hereunder or under the other Transaction Documents, and subject to the provisions set forth in Section 12.6, this Agreement may only be enforced against, and any claims or causes of action that may be based upon, arise out of or relate to this Agreement, or the negotiation, execution or performance of this Agreement, may only be made against the Parties.

C-19

5.5

Financing

Capitalised terms in this clause 5.5 which are not defined in clause 1.1 are defined in Schedule 4 clause 1.6.

The Buyer shall use its reasonable commercial endeavours to take (or cause to be taken) all actions, and do (or cause to be done) all things necessary, proper or advisable to obtain the Financing as contemplated by the Commitment Letters, including using reasonable commercial endeavours to: (i) maintain in effect the Commitment Letters in accordance with and subject to the terms and conditions set forth therein, (ii) negotiate and enter into definitive agreements with respect to the Debt Financing on terms and conditions not less favourable to the Buyer, taken as a whole (including with respect to the conditionality thereof), than the terms and conditions contained in the Debt Commitment Letters (including the Fee Letters); (iii) resist any new or additional conditions or amendment, waiver, modification or expansion of existing conditions to receipt of the Debt Financing from those set forth in the Debt Commitment Letters as of the Execution Date, in any case, in a manner that could reasonably be expected to (A) prevent, impede or materially delay the ability of the Buyer to consummate the Completion, (B) make any portion of the Debt Financing (or satisfaction of the conditions to obtaining the Debt Financing) less likely to be obtained on the Completion Date or prevent, impede or materially delay the funding of the Debt Financing or (C) adversely impact the ability of the Buyer to enforce its rights against the other parties to the Commitment Letters, (iv) ensure the accuracy of all representations and warranties of the Buyer set forth in the Equity Commitment Letters, (v) satisfy on a timely basis all conditions in the Commitment Letters that are within (a) its control, (vi) comply with all covenants and agreements of the Buyer set forth in the Equity Commitment Letters, (vii) enforce the obligations of the Lenders (and the rights of the Buyer) under the Debt Commitment Letters and (viii) upon the satisfaction of the conditions set forth in the Commitment Letters and all conditions herein to the Buyer's obligation to effect the Completion, consummate the Financing at the Completion in accordance with and subject to the terms and conditions set forth in the Commitment Letters. For the avoidance of doubt, reasonable commercial endeavours as used in this section shall not require the Buyer to commence any litigation, arbitration or similar proceeding against any Lender or Equity Investor, except that the Buyer shall enforce, including by bringing suit for specific performance, the Equity Commitment Letters to cause the Equity Financing to be funded pursuant to the terms of the Equity Commitment Letters to consummate the transactions contemplated by this Agreement solely in the event that (1) all conditions in the Equity Commitment Letters have been satisfied at the time when the Completion would have occurred but for the failure of the Equity Financing to be funded, (2) the Debt Financing has been funded or will be funded at the Completion if the Equity Financing is funded at the Completion, (3) the Sellers have irrevocably confirmed that if such specific performance is granted and the Equity Financing and Debt Financing are funded, then the Completion will occur and (4) this Agreement has not otherwise been terminated.

The Buyer shall not amend, alter or waive, or agree to amend, alter or waive (in any case whether by action or inaction), any term of the Commitment Letters without the prior written consent of the Sellers (which consent shall not be unreasonably withheld, delayed or conditioned) if such amendment, alteration or waiver (i) reduces the aggregate amount of the Debt Financing without a corresponding increase in the Equity Financing, (ii) reduces the aggregate amount of the Equity Financing, (iii) imposes additional conditions precedent (or expands existing conditions) to the availability of the Financing or amends or modifies any of the existing conditions to the funding of the Financing in a manner that would reasonably be expected to prevent, impede or materially delay the funding of the Financing on the Completion Date or the ability of the Buyer to consummate the Completion or (iv) adversely impacts the ability of the Buyer to enforce its rights against the other parties to the Commitment Letters. The Buyer shall keep the Sellers reasonably informed concerning material developments relating to the Debt Financing and shall give the Sellers prompt notice of any material adverse change with respect to the Debt Financing. Without limiting the foregoing, the Buyer agrees to notify the Sellers promptly, and in any event within one Business Day, if at any time prior to the Completion Date (A) any Commitment Letter expires or is terminated (b) for any reason (or if any person attempts or purports in writing to terminate a Commitment Letter, whether or not such attempted or purported termination is valid), (B) the Equity Investors refuse to provide or express any concern or reservation regarding their obligation or ability to provide the full Equity Financing on the terms set forth in the Equity Commitment Letters (assuming satisfaction of the conditions set forth in clause 4.1), (C) the Lenders refuse to provide or express an intent to refuse to provide all or any portion of the Debt Financing contemplated by the Debt Commitment Letters to which they are a party on the terms set forth therein or (D) the Buyer no longer believes in good faith that it will be able to obtain all or any portion of the Debt Financing on or prior to the Sunset Date; provided that in no event shall the Buyer be required to disclose any information that is subject to attorney-client or similar privilege if the Buyer shall have used its reasonable commercial endeavours to disclose such information in a way that would not waive such privilege. Without the prior written consent of the Sellers, the Buyer shall not, nor shall it permit any of its controlled affiliates to, enter into any merger, acquisition, joint venture, disposition or debt or equity financing that would reasonably be expected to impair, delay or prevent consummation of all or any portion of the Debt Financing.

In the event that the Financing contemplated by the Debt Financing will not be available to the Buyer on the terms and conditions contemplated in the Debt Commitment Letters to consummate the transactions contemplated by this Agreement, the Buyer shall (i) promptly notify the Sellers of such fact and (ii) use its reasonable commercial endeavours, until the Completion Date, to promptly obtain alternative financing on terms, conditions and costs that are not materially less favourable, in the aggregate, to the Buyer than those in the Debt Commitment Letters and in an amount sufficient, when added to the portion of the Financing that is otherwise available, to pay in cash all amounts required to be paid by it in connection with the transactions contemplated by this Agreement, including the amounts to be paid pursuant to clause 16.6 and all payments, fees and expenses of the Buyer related to or (c) arising out of the transactions contemplated by this Agreement (**Alternative Debt Financing**) and to obtain one or more new financing commitment letters (each, an **Alternative Debt Commitment Letter**) and one or more new definitive agreements (each, an **Alternative Debt Financing Agreement**) providing therefor. In such event, the term **Debt Financing** as used in this Agreement shall be deemed to include any Alternative Debt Financing, the term **Debt Commitment Letter** as used in this Agreement shall be deemed to include any Alternative Debt Commitment Letter and the term **Debt Financing Agreement** as used in this Agreement shall be deemed to include any Alternative Debt Financing Agreement. The Buyer will furnish correct and complete copies of any Alternative Debt Commitment Letter or Alternative Debt Financing Agreement to the Sellers promptly upon its execution.

C-21

Prior to the Completion, the Sellers shall use reasonable commercial endeavours to, and cause their affiliates and their respective officers, employees and advisors, including financial and accounting advisors, to, provide to the Buyer such cooperation as is reasonably requested by the Buyer in connection with the Debt Financing (provided that such requested cooperation does not unreasonably interfere with the ongoing operations of the Sellers and their affiliates); provided that (i) neither the Sellers nor any of their affiliates shall be required to pay any commitment or other similar fee, provide any security, make any representations, provide any indemnification or incur any other Liability in connection with the Financing, (ii) the effectiveness of any documentation executed by the Sellers with (d) respect to the Financing shall be subject to the consummation of Completion, (iii) neither the Sellers nor any of their affiliates shall be required to deliver (x) any financial information in a form not customarily prepared by the Sellers or its affiliates or (y) any financial information with respect to a fiscal period that has not yet ended, and (iv) the Buyer shall promptly, upon request by the Sellers, reimburse and indemnify the Sellers or any member of the Seller Group for all costs or Liabilities incurred by the Seller Group or any of its affiliates in connection with such cooperation requested by the Buyer. The obligations of the Buyer in the foregoing sub-clause (iv) shall survive any termination of this document. Any information sub-provided to the Buyer pursuant to this clause 5.5(d) shall be subject to clause 18.

5.6

RPO Transfer

Prior to executing (or permitting an Affiliate to execute) any document implementing the RPO Transfer Steps (including the RPO Transfer Agreements), the Sellers shall provide the Buyer with a reasonable opportunity to review and comment on such RPO Transfer Agreements, and Buyer shall conduct its review and provide any comments on such RPO Transfer Agreements reasonably promptly (and in no event later than five Business Days) after receipt thereof. Each RPO Transfer Agreement shall be consistent with the RPO Transfer Steps and shall be in form and substance reasonably acceptable to the Buyer (with the Buyer's consent not to be unreasonably withheld, conditioned or delayed). The Sellers may make modifications to the RPO Transfer Agreements or the RPO Transfer Steps only with the prior consent of the Buyer (with the Buyer's consent not to be unreasonably withheld, conditioned or delayed).

5.7

Termination of comfort letters

The Buyer agrees that HGI may terminate, effective as of the Completion, any letters confirming HGI's intention to provide adequate financial and other support to a Group Company or any other similar letter, including the letters from HGI to Hudson Global Resources (Singapore) Pte. 7.4 Access to privileged or confidential information

(a) The Buyer is not required to comply with clause 7.2 to the extent it reasonably forms the view that to do so will, or would reasonably be expected to, result in a waiver of any legal or professional privilege belonging to a Group Company that attaches to any document or information or a breach of any obligation of confidentiality owed by it.

(b) A Seller is not required to comply with clause 7.3 to the extent (i) it reasonably forms the view that to do so will, or would reasonably be expected to, result in a waiver of any legal or professional privilege belonging to the Seller that attaches to any document or information or a breach of any obligation of confidentiality owed by it and (ii) the historical records or documents relating solely to a Group Company or a Group Company's business in existence prior to the Completion Date are combined with the records or documents of a Seller and are unable to be separated despite a Seller's best efforts or without that resulting in or being likely to result in a waiver of any legal or professional privilege belonging to a Seller; provided that such legal or professional privilege of a Seller does not arise solely in connection with any actual or potential dispute between a member of the Seller Group and a member of the Buyer Group.

7.5 Assistance related to HGI financial statements

It is understood by the Buyer that (a) HGI pursuant to the U.S. Securities Exchange Act of 1934 (**Exchange Act**) is obligated to file with the U.S. Securities and Exchange Commission (**SEC**) consolidated financial statements of HGI, including the Group Companies, through the Completion Date in accordance with generally accepted accounting principles in the United States, (b) that certain information necessary for the completion of such financial statements is currently or will be known to certain employees of the Group Companies and (c) a delay in HGI filing such financial statements with the SEC may cause irreparable harm to HGI. To this end, from and after the Closing until HGI has filed with the SEC all financial statements through the Completion Date required by the Exchange Act, the Buyer

shall, and shall cause the Group Companies to, assist HGI in connection with HGI's preparation of such financial statements, including by providing to HGI the services of their financial and accounting personnel to assist with the preparation of such financial statements at a level of support and resources, and on a timeframe, consistent with past practice and providing access to the properties, books, records, employees and external auditors of the Group Companies.

Upon Seller securing a trademark registration for the HUDSON RPO Mark in a Territory Part 2 Country, Seller shall thereafter promptly assign the HUDSON Mark(s) in that particular country to Buyer by executing an (b) Intellectual Property Assignment Deed in the form of Annexure 1(f). Simultaneously therewith the Parties shall enter into a Trademark Consent and Coexistence Agreement in the form of Exhibit B to Annexure 2(a).

the Buyer acknowledges that it is the Buyer's understanding that the burden to conduct Due Diligence (d) Investigations lies solely with the Buyer and that the Buyer bears the risk that any information, document or material made available or provided to the Buyer in the course of its investigation is inaccurate or incomplete, except as expressly set forth in this Agreement; and

9 Tax Indemnity

9.1 Tax indemnity by Sellers

Subject to clauses 9.2, 9.3, 9.4, and 11, HGI must indemnify and hold harmless the Buyer from, against, and in respect of any and all Losses (including Taxes, interest and penalties or additional amounts payable in respect of Taxes and amounts paid in settlement (in each case, including reasonable advisors' and experts' fees and expenses)) incurred or suffered by a Buyer Group member or any of them as a result of, arising out of or directly or indirectly relating to:

(a) any Income Tax Liability of or relating to any Group Company with respect to any Tax period ending on or before the Accounts Date if such Liability is paid or payable in cash; and any Income Tax Liability of or relating to any Group Company with respect to the portion of a Tax period including the Accounts Date that ends on the Accounts Date if such Liability is paid or payable in cash.

(b) any Income Tax Liability of or relating to the HHA Tax Consolidated Group with respect to the RPO Transfer or RPO Sale which is required to be paid in cash because (or to the extent that) the HHA Deferred Tax Assets are not

available to meet the Liability or the Liability arises outside Australia.

The intention of the indemnity in clause 9.1(a) is to provide for HGI, having had the benefit of indirect ownership of the Group Companies before the Accounts Date, to bear any Losses relating to any Income Tax Liability of or relating to the Group Companies in respect of a period ending on or before the Accounts Date or the portion of a Straddle Period occurring before the Accounts Date both where the Liability has arisen before the Accounts Date and where the Liability has not arisen before the Accounts Date but arises after the Accounts Date.

The intention of the indemnity in clause 9.1(b) is to provide for HGI, having had the benefit of the RPO Transfer and the RPO Sale, to bear any Losses relating to any Income Tax Liability required to be paid in cash associated with the RPO Transfer and/or the RPO Sale.

C-30

9.2

Exceptions to Tax indemnity

The indemnity in clause 9.1 does not apply to an amount of Tax to the extent that:

- (a) it has been provided for in the Accounts, whether by way of an accrual, a reserve or otherwise;
- (b) the Tax is GST which is recoverable from the recipient of a supply or for which an input tax credit is available;

such amount of Tax does not exceed any Tax refund, offset or credit actually received (prior to the time such Tax is being compensated) in cash (whether by actual receipt of cash Tax refund or an actual reduction of cash Taxes due and owing) after Completion by a Group Company (net of any Taxes payable thereon and net of any costs associated with obtaining such refund, offset or credit) for a period before the Accounts Date but only to the extent such Tax refund, offset or credit is not paid over to the Seller Group and is not used to offset or reduce another Claim or Loss or indemnity and only to the extent not included in the Accounts;
- (c) such amount of Tax arises from any change after Completion in the accounting methods, policies, or practices by a Group Company where such change is effective for a period prior to Completion unless such change is required by (d) applicable Law, by the Tax Acts or by a Revenue Authority on resolution of an audit or examination where such Revenue Authority mandates such change to correct an improper accounting method, policy or practice of the Company with respect to a period prior to Completion;
- (e) it arises from any change by a Group Company in an election or choice for Tax purposes after Completion that pursuant to applicable Law is effective for a period before Completion unless such change is required by applicable Law, by the Tax Acts or by a Revenue Authority on resolution of an audit or examination where such Revenue Authority mandates such change with respect to a period prior to Completion;
- (f) with respect to a Claim that may arise as a result of matters described in clauses 9.3 or 9.4, notice of the relevant Assessment, approach or request has not been received by the Seller within the time period described in clause 11.2;
- (g) such Tax arises from a change in Laws (including the Tax Act) after the Accounts Date that is effective for a period before the Accounts Date; or
- (h) such Taxes are required by clause 19.2 to be paid by the Buyer.

9.3

Notice of Assessments

The Buyer and the Sellers shall each provide the other a copy of any Assessment for the Tax concerned (relating to a period ending on or prior to the Accounts Date or a Straddle Period) ten Business Days after the earlier of:

(a) the day the Assessment is received; or

(b) the day on which the obligation to pay the Tax created or evidenced by the Assessment arises (but in no event sooner than 2 Business Days after the day the Assessment is received).

C-31

Notwithstanding the foregoing, no delay on the part of the Buyer in notifying the Sellers or in providing relevant information shall relieve HGI from any obligation hereunder except to the extent HGI has been adversely affected by such failure and only to the extent HGI has been adversely affected provided that HGI has no Liability in respect of a Claim that may arise as a result of matters described in clauses 9.3 or 9.4 unless notice of the relevant Assessment, approach or request has been received by HGI within the time period described in clause 11.2.

9.4 Notice of Dealings with any Revenue Authority

Following an approach or a request for information to the Buyer or a Group Company from a Revenue Authority in respect of any matter relating to a period ending on or prior to the Accounts Date or a Straddle Period, the Buyer shall use its reasonable best efforts to:

(a) notify HGI of such approach or request as soon as reasonably practicable;

(b) provide copies of all relevant and material written records and written correspondence between the relevant Revenue Authority and the Buyer or the Group Company as soon as reasonably possible and in any event within fifteen Business Days of the relevant correspondence and otherwise use reasonable best efforts to keep HGI fully informed of all material matters contained in all dealings with the Revenue Authority.

Notwithstanding the foregoing, no delay on the part of the Buyer in notifying HGI or in providing relevant information shall relieve HGI from any obligation hereunder except to the extent HGI has been adversely affected by such failure and only to the extent HGI has been adversely affected provided that HGI has no Liability in respect of a Claim that may arise as a result of matters described in clauses 9.3 or 9.4 unless notice of the relevant Assessment, approach or request has been received by HGI within the time period described in clause 11.2.

9.5 Control of dealings with Revenue Authority, Disputing Action and costs

At any time following a request for information to the Buyer or a Group Company from a Revenue Authority or any Disputing Action by or against the Revenue Authority (where the request for information or Disputing Action is in respect of a matter relating to a Group Company for (i) a Tax period ending on or before the Accounts Date, (ii) solely to the portion of a Straddle Period occurring before the Accounts Date) or (iii) an RPO Transfer or an RPO Sale, HGI may by notice to the Buyer elect to control the conduct of the dealings with the Revenue Authority and the conduct of any Disputing Action in accordance with, to the extent provided in, and subject to the provisions of clause 12.3 (with which HGI must comply) as if such dealings or such Disputing Action were a Third Party Claim and following such notice the Buyer must and must ensure that the Group Company:

- (a) does not respond to the Revenue Authority with respect to such matter in terms other than as directed by HGI;
- (b) permits HGI to draft any response to the Revenue Authority provided that HGI shall permit the Buyer to review and comment on such response and HGI shall consider such comments in good faith;

appoints a person nominated by HGI to deal with the Revenue Authority on behalf of the Buyer or the Group Company. The appointment in this clause 9.5(c) authorises the person nominated by HGI to respond to any position taken by the Revenue Authority, make an objection against any Assessment and respond to any proceedings (including any form of appeal) commenced by any Revenue Authority;

C-32

- (d) takes or joins any Disputing Action in the name of the Buyer or the Group Company and comply with clause 12.3 as if each reference in that clause to “Third Party Claim” were a reference to “Disputing Action”; and

conduct any such Disputing Action or other proceedings as directed by HGI (and HGI may take such action in (e)relation to the Disputing Action as HGI determines, including the right to negotiate, defend and/or compromise the Disputing Action and to recover costs incurred as a consequence of the Disputing Action from any Person).

HGI is liable for reasonable external costs (including any penalties or interest imposed by a Revenue Authority) incurred by the Buyer or the Group Company in complying with this clause 9.5 (including any reasonable external costs in respect of any Disputing Action).

Notwithstanding the foregoing:

- (f) the Buyer and the Group Company shall not be required to take any action that could increase the Tax Liability of the Buyer Group in a period (or portion thereof) following the Completion Date;

- (g) if HGI does not actually and in good faith conduct such dealings or Disputing Action then the Buyer may take over control of such conduct (at the sole cost of HGI); and

- (h) HGI shall in no event settle or compromise any issue or Disputing Action without the Buyer’s prior written consent (not to be unreasonably withheld, conditioned or delayed).

9.6

Payment of overprovisions or refunds

The Buyer must pay to HGI, or procure that the relevant Group Company pays to HGI, an amount equal to any Income Tax refund, offset or credit actually received by a Group Company in cash after the Accounts Date for a period before the Accounts Date which has not reduced or offset an amount otherwise payable to the Buyer in respect of a Claim or Loss or indemnity or been paid by the Buyer to the Seller Group but only to the extent such refund, offset or credit was not included in the Accounts, provided that the foregoing amounts payable to HGI shall be reduced by the amount of any Taxes attributable to such refund, offset or credit and by costs associated with obtaining such refunds, offsets or credits. To the extent amounts are paid to HGI, such amounts shall not subsequently be taken into account under any other clause of this Agreement, it being the intent of the parties that Tax refunds, credits and offsets will not be taken into account more than once pursuant to this Agreement.

9.7

Refund including interest

If a refund includes interest on overpaid Tax, the Buyer (or relevant Group Company) may deduct from any payment to HGI under clause 9.6 a reasonable estimate of the Tax on that interest payable by the recipient of the refund.

9.8

Tax returns

The Sellers and the Buyer will co-operate in connection with the preparation and filing of any Tax return, form or (a) statement relating to a Group Company with respect to a period ending on or before the Accounts Date or a Straddle Period and any administrative proceeding involving any such Tax return, form or statement.

C-33

(b) The Sellers will, at their own cost and expense, have the sole conduct and control of the preparation and filing of all Tax returns, forms or statements in a manner consistent with the requirements of any Law and the past practice of the relevant Group Company (except as required by Law) relating to each Group Company to the extent they relate to a period ending on or before the Accounts Date (**Pre Accounts Date Returns**).

A representative from the Sellers (**Seller's Representative**) must deliver each Pre Accounts Date Return to the Buyer as soon as it is available but no later than 20 Business Days before it is due to be filed (taking into account any extension of time to file the Pre Accounts Date Return which has been properly obtained) for the Buyer's (c) review and comment. The Sellers must consider in good faith any reasonable objections of the Buyer in relation to any items set forth in the Pre Accounts Date Return and the Sellers must make all necessary associated changes to the Pre Accounts Date Return. The Buyer must notify the Seller's Representative of the objection as soon as it is aware of the objection but no later than 10 Business Days before the Pre Accounts Date Return is due to be filed.

The Seller's Representative must ensure that each Pre Accounts Date Return is filed by the due date for filing and (d) must deliver a copy of each Pre Accounts Date Return as filed no later than 5 Business Days after that Pre Accounts Date Return has been lodged.

(e) The Buyer will, at its own cost and expense, have the sole conduct and control of the preparation and filing of all Tax returns, forms or statements of each Group Company:

(i) for any Straddle Period or, with respect to an RPO Transfer or RPO Sale, any Tax period that includes, but does not end on, the Completion Date (**Straddle Returns**); and

(ii) for any period commencing on or after the Accounts Date.

(f) The Buyer must procure that each Straddle Return is prepared in a manner consistent with the requirements of any Law and the past practice of the relevant Group Company (except as required by Law) and must deliver each Straddle Return to the Seller's Representative as soon as it is available, but no later than 20 Business Days before it is due to be filed, for the Seller's Representative's review and comment.

(g) The Buyer must consider in good faith any reasonable objections of the Seller's Representative in relation to any items set forth in a Straddle Return and the Buyer must make all necessary associated changes to the Straddle Return. The Seller's Representative must notify the Buyer of the objection as soon as it is aware of the objection but no later than 10 Business Days before the Straddle Return is due to be filed.

(h) If the Seller's Representative or the Buyer notify the other of an objection to a Pre Accounts Date Return or Straddle Return, as applicable, the Sellers and the Buyer must attempt in good faith to resolve the dispute. If the Sellers and the Buyer cannot resolve any such dispute within 5 Business Days of the objection being notified, then:

(i) the Sellers and the Buyer must appoint a Tax Reviewer to determine the proper amounts for the items remaining in dispute;

the Tax Reviewer appointed under this clause 9.8(h) acts as an expert and not as an arbitrator and the Tax
(ii) Reviewer's determination is, in the absence of fraud or manifest error, final and binding on the Sellers and the Buyer and a party must not commence court proceedings or arbitration in relation to the dispute;

C-34

the Tax Reviewer's costs and expenses in connection with the dispute resolution proceedings will be borne by the (iii) Sellers and the Buyer in a manner determined by the Tax Reviewer (and either party may request that determination) and in the absence of such a determination will be borne 50% by the Sellers and 50% by the Buyer.

(i) The Buyer must procure that each Straddle Return is filed by the due date for filing.

If a Pre Accounts Date Return or Straddle Return is due before the date a disputed item is resolved under clause 9.8(h), the Buyer or the Seller's Representative (as the case may be) must procure that the Tax return is filed (j) as prepared and must procure that an amended Tax return, which reflects the resolution of the disputed items (either as resolved by agreement or by the Tax Reviewer), is filed immediately after the disputed items are resolved.

For purposes of this Agreement, in the case of any Straddle Period, the amount of any Taxes of the Company based upon or measured by net income or gain which relate to the portion of a Tax period including the Accounts Date that ends on the Accounts Date will be determined based on an interim closing of the books as of the close of business on the Accounts Date. Where the amount of Taxes for a Straddle Period is calculated by reference to acts, taxable supplies, taxable importations, creditable acquisitions, creditable importations or other transactions or events, the amount of such Taxes which relate to the portion of the Straddle Period that ends on the Accounts Date (k) will be the portion of such Taxes calculated by reference to acts, taxable supplies, taxable importations, creditable acquisitions, creditable importations and other transactions or events that occur in the portion of the Straddle Period that ends on the Accounts Date. Where the amount of Taxes is not covered by the preceding two sentences, the amount of Taxes for a Straddle Period which relate to the portion of the Straddle Period that ends on the Accounts Date will be deemed to be the amount of such Tax for the entire Taxable period multiplied by a fraction, the numerator of which is the number of days in the portion of the Straddle Period ending on the Accounts Date and the denominator of which is the number of days in such Straddle Period.

The Buyer will (and cause its Affiliates to) not make any election under Section 338 of the U.S. Internal Revenue Code with respect to the acquisition of the shares of any Group Company pursuant to this Agreement, and not make (l) any other election for U.S. federal income tax purposes that is made after the Completion Date with respect to a Group Company but that would have effect on or prior to the Completion Date.

9.9

Changes to Purchase Price

If HGI pays any sum to the Buyer under the Tax Indemnity, the indemnity in clause 10.1 or the indemnity in clause 8.1(c), that sum will be treated as a reduction in the Purchase Price (so far as possible if and only to the extent permitted by applicable Law).

9.10

Restricted Conduct

Until Completion, the Sellers must ensure that no Group Company, except as required, permitted or contemplated by this Agreement or with the prior written consent of the Buyer:

C-35

(a) makes, revokes, or changes any Tax election or changes (or requests a change of) any accounting period, method, any accounting policy or practice unless that change is required by Law; or

consents to enter into any compromise or settlement with respect to any Tax liability or Tax claim, files any (b) amended Tax return, enters into any agreement with any Revenue Authority or Government Agency or surrenders any claim of refund of any Taxes.

10

Other Indemnities

10.1

Global Vendor Contracts

Subject to clause 11, HGI must indemnify and hold harmless the Buyer from, against, and in respect of any and all Losses that a Buyer Group member suffers or incurs in connection with any Liability arising under a Global Vendor Contract to the extent the Liability (i) relates to the period prior to Completion, (ii) is not provided for in the balance sheets of the Group Companies prior to the Completion and (iii) did not arise directly from actions taken by management of the applicable Group Companies of which management of HGI had no knowledge.

10.2

The RPO Business

HGI must indemnify and hold harmless the Buyer from, against, and in respect of any and all Losses that a Buyer Group member suffers or incurs as a result of any Third Party Claim brought at any time against a Buyer Group member in connection with the RPO Business or the RPO Transfer or the RPO Sale and whether arising in respect of the period before, at or after Completion.

11

Liability for certain Claims

11.1

Financial limits

HGI has no Liability in respect of a Claim under the Tax Indemnity, the indemnity in clause 10.1 or the indemnity (a) in clause 8.1(c) unless the aggregate amount that the Buyer would be entitled to recover in relation to that Claim is US\$75,000 or more, in which event the Buyer may make a Claim for the whole amount and not only the excess above US\$75,000.

The maximum aggregate amount that the Buyer may recover from HGI in relation to all Claims under the Tax Indemnity or the indemnity in clause 10.1 is limited to US\$500,000. The maximum aggregate amount that the Buyer may recover from HGI in relation to all Claims under the indemnity in clause 8.1(c) is limited to the amount equal to the Purchase Price.

(b) The indemnity in clause 8.1(c), subject to the limitations set forth in this Agreement, is the Buyer's sole and exclusive remedy with respect to all Claims for any inaccuracy in or breach of the Seller Warranties.

The maximum aggregate amount that the Sellers may recover from the Buyer in relation to claims under the indemnity in clause 8.4(c) relating to a breach of clause 1.5 of Schedule 4 is limited to the Buyer Break Fee of US\$300,000. The maximum aggregate amount that the Sellers may recover from the Buyer in relation to all other claims under the indemnity in clause 8.4(c) is limited to an amount equal to the Purchase Price.

C-36

11.2 Time limit

HGI has no Liability in respect of a Claim under the Tax Indemnity, the indemnity in clause 10.1 or the indemnity in clause 8.1(c) unless the Buyer gives HGI a notice describing in reasonable detail each fact, matter or circumstance giving rise to the Claim and stating why such fact, matter or circumstance gives rise to a Claim and including an estimate of the amount of the Claim (or, in the case of a Claim that may arise as a result of matters described in clause 9.3 or 9.4, notice of the relevant Assessment, approach or request) (collectively, **Claim Notice**) and the Claim Notice is received by HGI by no later than the date that is 24 months after the Completion Date.

11.3 Exception for certain Tax Claims

The limitations in clause 11.1 shall not apply to a Claim under the Tax Indemnity to the extent that Claim arises or is brought under clause 9.1(b).

11.4 Tax Benefits

All indemnification payments under this Agreement shall be paid by the indemnifying party net of any Tax benefits actually received (or receivable) in cash by the indemnified party in connection with the Losses in respect of which the indemnification payments are made.

12

Third Party Claims

12.1

Notice

If after Completion the Buyer becomes aware of any Third Party Claim against the Buyer Group that, if established, would entitle the Buyer to bring a Claim against HGI under this Agreement, the Buyer must promptly give HGI notice of the Third Party Claim (including reasonable detail of the facts, matters or circumstances giving rise to the Third Party Claim, the basis of the Third Party Claim and an estimate of the amount of the Third Party Claim, in each case to the extent known by the Buyer) provided that no delay on the part of the Buyer in notifying HGI shall relieve HGI from any obligation hereunder except to the extent HGI has been adversely affected by such failure and only to the extent HGI has been adversely affected.

12.2 Preconditions to HGI's assumption of conduct of Third Party Claims

If the Buyer gives HGI a notice under clause 12.1, HGI may by notice to the Buyer within 30 days of receipt of the notice elect, by notice to the Buyer, to take over the conduct of the Third Party Claim so long as:

- (a) HGI confirms in writing its indemnity of the Buyer under clause 12.3;

- (b) HGI provides the Buyer with evidence reasonably acceptable to the Buyer that HGI has and will have, assuming the maximum potential exposure in the event of an adverse outcome, adequate financial resources to defend against the Third Party Claim and fulfil its indemnification obligations under clause 12.3 and, if applicable, clause 8.1(c) (on the assumption that the Third Party Claim is established);

- (c) the Third Party Claim involves only money damages and does not seek an injunction or other equitable relief against the Buyer; and

- (d) the Third Party Claim does not relate to or otherwise arise in connection with any criminal or regulatory enforcement action and is not a Third Party Claim covered by clause 9 of this Agreement.

12.3

Conduct of Third Party Claims

Upon assumption of a Third Party Claim by HGI in accordance with clause 12.2:

- HGI may take such action in relation to the Third Party Claim as HGI determines, including the right to negotiate, defend and/or compromise the Third Party Claim and to recover costs incurred as a consequence of the Third Party
- (a) Claim from any person; provided that HGI shall not, without the prior written consent of the Buyer, enter into any settlement that does not include as a term thereof the giving by the person(s) asserting such Third Party Claim an unconditional release of the Buyer Group from all liability with respect to such claim;
 - (b) HGI shall indemnify the Buyer, on demand, against any Loss incurred by the Buyer Group as a result of the Third Party Claim or arising out of any action taken by the Buyer Group at the request of HGI under clause 12.4; and
- HGI must consult with the Buyer on all matters of significance for the goodwill and reputation of the Business and
- (c) must not take or omit to take any action that would reasonably be considered to adversely affect the reputation of the Buyer Group or any of its brands;
 - (d) HGI must at reasonable and regular intervals provide the Buyer with written reports concerning the conduct, negotiation, control, defence and outcome or compromise of the Third Party Claim; and
 - (e) HGI must permit the Buyer to participate in the defence or the negotiation of any settlement of any Third Party Claim through counsel chosen by Buyer at its own expense.

12.4

Effect of assumption of Third Party Claim

If HGI gives a notice under clause 12.2 assuming conduct of a Third Party Claim the Buyer must, and must procure that each relevant Group Company will:

- (a) provide HGI and its professional advisers with such access to the pre-Completion Records directly related to the Third Party Claim and to its officers and employees during normal business hours, as HGI may reasonably require and allow HGI and its professional advisers to take copies of, or extracts from, the relevant Records;
- (b) use reasonable commercial endeavours to procure that its officers and employees provide such witness statements and other evidence as HGI may reasonably request to avoid, dispute, resist, defend, appeal, compromise or mitigate the Third Party Claim, provided that neither the Buyer nor any Group Company shall be obligated to incur any out

of pocket costs or expenses in connection therewith; provided further that HGI agrees to take reasonable commercial endeavours to seek any confidentiality protections reasonably requested by the Buyer;

- (c) use reasonable commercial endeavours to take all other action that HGI may reasonably request to avoid, dispute, resist, defend, appeal, compromise or mitigate the Third Party Claim; and
- (d) not make any admission of liability, agreement, compromise or settlement, or provide the third party with any assistance, in relation the Third Party Claim without the prior written consent of the Sellers.

C-38

12.5

Rights of the Buyer

(b) the Buyer will not make any submission or contention in any proceeding at which the Sellers seek an injunction in relation to any breach, or any alleged, threatened or apprehended breach, of this clause 14 to the effect that granting an injunction is not appropriate because the payment of damages alone would be adequate to compensate the Sellers.

15.1

Consideration

HGI acknowledges that the Buyer is acting in reliance on HGI incurring obligations and giving rights under the guarantee given in this clause 15.

15.2

Guarantee

(a) HGI unconditionally and irrevocably guarantees to the Buyer the due and punctual performance by HHG of all its obligations under this Agreement (the **Guaranteed Obligations**).

If HHG fails to perform the Guaranteed Obligations in full and on time, HGI agrees to comply with the Guaranteed (b)Obligations on demand from the Buyer. A demand may be made whether or not the Buyer has made demand on HHG.

(c) HGI hereby waives and relinquishes all rights and remedies accorded by applicable law to sureties or guarantors and agrees not to assert or take advantage of any such rights and remedies, including, without limitation:

any right to require Buyer to proceed against HHG or any other person or to proceed against or exhaust any security (i) held by Buyer at any time or to pursue any other remedy in Buyer's power before proceeding against HGI, or to marshal collateral;

any defense that may arise by reason of the incapacity, lack of authority, death or disability of any other person or (ii) the failure of Buyer to file or enforce a claim against the estate (in administration, bankruptcy or any other proceeding) of any other person;

demand, presentment, protest and notice of any kind, including, without limitation, (i) notice of the existence, creation or incurring of any new or additional indebtedness or obligation or of any action or non-action on the part of HHG, Buyer, any creditor of HHG or HGI or on the part of any other person under this or any other instrument (iii) in connection with any obligation or evidence of indebtedness held by Buyer as collateral or in connection with any Guaranteed Obligations hereby guaranteed, (ii) notice of nonpayment, protest or notice of nonpayment or (iii) notice of default or breach of the Share Sale Agreement;

(iv) any defense based upon an election of remedies by Buyer which destroys or otherwise impairs the subrogation rights of HGI, the right of HGI to proceed against HHG for reimbursement, or both;

any duty on the part of Buyer to disclose to HGI any facts Buyer may now or hereafter know about HHG, regardless of whether Buyer has reason to believe that any such facts materially increase the risk beyond that which (v) HGI intends to assume, or has reason to believe that such facts are unknown to HGI, or has a reasonable opportunity to communicate such facts to HGI, since HGI acknowledges that HGI is fully responsible for being and keeping informed of the financial condition of HHG and of all circumstances bearing on the risk of non-payment of any Guaranteed Obligations hereby guaranteed;

(vi) any defense arising because of Buyer's election, in any proceeding instituted under the Bankruptcy Code, of the application of Section 1111(b)(2) of the Bankruptcy Code; and

(vii) any defense based upon any borrowing or grant of a security interest under Section 364 of the Bankruptcy Code.

Bankruptcy Code means Section 101 of Title 11 of the United States Code, as amended, modified, succeeded or replaced from time to time.

15.3

Indemnity

(a) As a separate and independent obligation from that contained in clause 15.2, HGI:

unconditionally and irrevocably indemnifies the Buyer against any Loss, Liability or Claim which may be incurred or sustained by the Buyer or any member of the Buyer Group which arises out of or is in connection with any (i) default or delay by HHG in the due and punctual performance of any of the Guaranteed Obligations, including any Loss, Liability or Claim incurred or sustained by the Buyer in connection with the enforcement of the guarantee given in this clause 15; and

C-44

(ii) agrees to pay amounts due under this clause 15.3 on demand from the Buyer.

(b) The Buyer need not incur expense or make payment before enforcing this right of indemnity.

15.4

Payments

HGI agrees to make payments under this clause 15:

(a) in full without set-off or counterclaim, and without any deduction in respect of Tax except to the extent such deduction is required by Law; and

(b) in Australian dollars.

15.5

Continuing guarantee and indemnity

This clause 15:

(a) extends to cover this Agreement as amended, varied or replaced, provided that HGI has consented to such amendment, variation or replacement;

(b) is a principal obligation and is not to be treated as ancillary or collateral to another right or obligation;

(c) is independent of and not in substitution for or affected by any other security interest or guarantee or other document or agreement which the Buyer may hold concerning the Guaranteed Obligations; and

(d) is a continuing guarantee and indemnity despite any intervening payment, settlement or other thing and extends to all of HHG's obligations in connection with this Agreement and, despite Completion, remains in full force and effect for so long as HHG has any liability or obligation to the Buyer under this Agreement and until all of those liabilities or obligations have been fully discharged.

15.6

Enforcement against HGI

Except as expressly provided for under this Agreement, HGI waives any right it has of first requiring the Buyer to commence proceedings or enforce any other right against HHG or any other person before claiming from HGI under the guarantee in this clause 15.

16

Termination

16.1

Mutual right to terminate

This Agreement may be terminated at any time prior to Completion by a party in accordance with clause 4.4 or 6.7.

16.2

Termination by Buyer

If at any time before Completion:

(a) a Seller is in material breach of clause 5.1; or

(b) the Buyer becomes aware of any fact, matter or circumstance which results in or is reasonably likely to result in a material breach of a Seller Warranty,

and in either case the breach (if rectifiable) is not rectified in all material respects within 10 Business Days after the Buyer gives notice of the breach to the Sellers, then the Buyer may:

(c) by notice to the Sellers at any time before Completion terminate this Agreement; or

(d) proceed to Completion, provided, that doing so shall in no way constitute a waiver by the Buyer of any breach of this Agreement or limit the Buyer's right to indemnification hereunder.

16.3

Termination by Sellers

If at any time before Completion:

(a) the Buyer is in material breach of clause 5.5; or

(b) a Seller becomes aware of any fact, matter or circumstance which results in or is reasonably likely to result in a material breach of a Buyer Warranty,

and in either case the breach (if rectifiable) is not rectified in all material respects within 10 Business Days after a Seller gives notice of the breach to the Buyer, then either Seller may:

(c) by notice to the Buyer at any time before Completion terminate this Agreement; or

(d) proceed to Completion, provided, that doing so shall in no way constitute a waiver by the Sellers of any breach of this Agreement or limit the Sellers' right to indemnification hereunder.

16.4

Effect of termination

If this Agreement is terminated before Completion then, in addition to any other rights, powers or remedies provided by Law:

(a) each party is released from its obligations under this Agreement other than in relation to clause 1 (Definitions and interpretation), clause 15 (HGI guarantee of HHG's obligations), clause 16 (Termination), clause 17 (GST), clause 18 (Confidentiality), clause 19 (Costs and stamp duty), clause 20 (Notices), clause 21 (Governing law) and clause 22 (General);

(b) each party retains any rights that it has against each other party in connection with any breach or Claim that has arisen before termination; and

(c) the Buyer must, at the Sellers' option, either return to (or procure the return to) the Sellers or destroy any Records or any other Confidential Information that it or its Representatives have obtained from the Sellers or its Representatives in connection with the Buyer's Due Diligence Investigations.

16.5

Seller break fee

Without limiting clause 16.4, if this Agreement is terminated:

- (a) under clause 4.4 as a result of the nonsatisfaction of either of the following Conditions:
 - (i) the Condition in paragraph 2 of clause 4.1 (**HGI Shareholder Approval**); or
 - (ii) the Condition in paragraph 4 of clause 4.1 (**Completion of the RPO Transfer**); or

C-46

(b) by the Buyer under clause 6.7,

then, without limiting any other remedy available to the Buyer, the Sellers must upon demand by the Buyer reimburse the Buyer for all of the reasonable and documented third party professional fees incurred by the Buyer Group in connection with its Due Diligence Investigations and the negotiation, preparation, execution and performance of this Agreement and the transactions contemplated under this Agreement, up to an amount in the aggregate of US\$300,000 (**Seller Break Fee**). Upon the Sellers paying the Buyer the Seller Break Fee as required by this clause 16.5, the receipt of such fee shall be deemed to be liquidated damages for any and all losses suffered by the Buyer, any of its affiliates or any other person in connection with this Agreement (and the termination hereof), the transactions contemplated hereby (and the abandonment thereof) or any matter forming the basis for such termination, and none of the Buyer, any of its affiliates or any other person shall be entitled to bring or maintain any other claim, action or proceeding against the Sellers or any of their affiliates arising out of this Agreement, any of the transactions contemplated hereby or any matters forming the basis for such termination.

16.6

Buyer break fee

Without limiting clause 16.4, if this Agreement is terminated:

(a) under clause 4.4 as a result of the nonsatisfaction of the Condition in paragraph 1 of clause 4.1 (**Bank Financing Agreements**); or

(b) by the Sellers under clause 6.7 or clause 16.3(a),

then, without limiting any other remedy available to the Sellers, the Buyer must upon demand by the Sellers pay to the Sellers a fee in the amount equal to US\$300,000 (**Buyer Break Fee**) and the Buyer shall cause its Equity Investors to fund the Buyer for such amount. Upon the Buyer paying the Sellers the Buyer Break Fee as required by this clause 16.6, the receipt of such fee shall be deemed to be liquidated damages for any and all losses suffered by the Sellers, any of their affiliates or any other person in connection with this Agreement (and the termination hereof), the transactions contemplated hereby (and the abandonment thereof) or any matter forming the basis for such termination, and none of the Sellers, any of their affiliates or any other person shall be entitled to bring or maintain any other claim, action or proceeding against the Buyer or any of its affiliates arising out of this Agreement, any of the transactions contemplated hereby or any matters forming the basis for such termination.

17.1

GST gross-up

If a party (the **supplier**) is required to pay GST in respect of a supply made under or in connection with (including by reason of a breach of) this document, except to the extent this document provides otherwise (for example, where a price is expressed to be inclusive of GST), the recipient of the supply must (in addition to any other payment for, or in connection with, the supply) pay to the supplier an amount equal to such GST (**GST gross-up**).

17.2

GST invoice

If a GST gross-up is payable, then the supplier must give the recipient a tax invoice for the supply.

17.3

Payment

Provided a tax invoice has been given, the GST gross-up must be paid by the recipient:

- (a) if any monetary consideration is payable for the supply, at the same time and in the same manner as that monetary consideration; or

- (b) if no monetary consideration is payable for the supply, within 10 Business Days after the day on which the tax invoice is given.

17.4

Reimbursements

If any payment to be made to a party under or in connection with this document is a reimbursement or indemnification of an expense or other liability incurred or to be incurred by that party, then the amount of the payment must be reduced by the amount of any input tax credit to which that party is entitled for that expense or other liability, such reduction to be effected before any increase in accordance with clause 17.1.

17.5

Adjustments

If an adjustment event has occurred in respect of a supply made under or in connection with this document, any party that becomes aware of the occurrence of that adjustment event must notify the other party as soon as practicable, and the parties agree to take whatever steps are necessary (including to issue an adjustment note), and to make whatever adjustments are required, to ensure that any GST or additional GST on that supply, or any refund of GST, is paid no later than one month after the supplier first becomes aware that the adjustment event has occurred.

17.6

(b) all information in connection with this document of the kind mentioned in section 275(1) of the *Personal Property Securities Act 2009* (Cth); provided, however, that Buyer acknowledges the Sellers may file this Agreement with the United States Securities and Exchange Commission.

18.2

Exceptions

A party may disclose information referred to in clause 18.1:

C-48

- (d) in any proceedings brought in connection with this document;
- (e) to a bona fide prospective purchaser of the party or of a business carried on by the party who undertakes to keep that information confidential;
- (f) to the extent it is required to do so by Law or the rules of a financial market, securities exchange or Government Agency, provided that the party promptly notifies each other party of the requirement, and provides all assistance reasonably required by a party who wishes to object to or limit the required disclosure; or
- (g) with the consent of each other party.

19 Costs and duty and transfer taxes

19.1 Costs

Each party is responsible for its own costs in relation to the negotiation, preparation, execution and performance of this document, except to the extent this document provides otherwise.

If a party other than the Buyer pays any duty or any of the aforementioned Taxes, fees or charges payable by the Buyer under this clause 19.2, the Buyer must pay that amount to the paying party on demand.

Any notice or other communication of a party contemplated by this document (including any agreement, request, demand, consent, waiver or approval) must be:

(a) in writing in English, legible and signed by the party or its agent; and

20.2

The place of receipt of an email is the address of the recipient contemplated by clause 20.1(b).

20.3 Service of process

Without limiting any other method of service, any document in any legal proceeding or action (including any writ (a) of summons or other originating process or any third party or other notice) may be served on any party by being delivered to, or left at, the party's address for service of notices under clause 20.1(b).

(b) The Buyer irrevocably appoints CT Corporation System of 111 Eighth Avenue, 13th Floor, New York, New York 10011 (**Service Agent**) as its agent for the service of process in New York in relation to any matter arising out of this Agreement. If the Service Agent ceases to be able to act as such or have an address in New York, the Buyer

must first agree to appoint a new process agent in New York and deliver to the Sellers, prior to the existing agent ceasing to act, a copy of a written acceptance of the appointment by the process agent. The Buyer must inform the Sellers in writing of any change in address of its process agent within 10 Business Days of the change.

C-50

THIS AGREEMENT SHALL BE GOVERNED IN ALL RESPECTS, INCLUDING AS TO VALIDITY, INTERPRETATION AND EFFECT, BY THE LAWS OF THE STATE OF NEW YORK, WITHOUT GIVING EFFECT TO ITS PRINCIPLES OR RULES OF CONFLICT OF LAWS, TO THE EXTENT SUCH PRINCIPLES OR RULES ARE NOT MANDATORILY APPLICABLE BY STATUTE AND WOULD PERMIT OR REQUIRE THE APPLICATION OF THE LAWS OF ANOTHER JURISDICTION. The Buyer and the Sellers hereby irrevocably submit to the jurisdiction of the courts of the State of New York and the federal courts of the United States of America located in the State, City and County of New York solely in respect of the interpretation and enforcement of the provisions of this Agreement and in respect of the transactions contemplated hereby. Each of the Buyer and the Sellers irrevocably agree that all claims in respect of the interpretation and enforcement of the provisions of this Agreement and in respect of the transactions contemplated hereby, or with respect to any such action or proceeding, shall be heard and determined in such a New York State or federal court, and that such

(a) jurisdiction of such courts with respect thereto shall be exclusive, except solely to the extent that all such courts shall lawfully decline to exercise such jurisdiction. Each of the Buyer and the Sellers hereby waives, and agrees not to assert, as a defence in any action, suit or proceeding for the interpretation or enforcement hereof or in respect of any such transaction, that it is not subject to such jurisdiction. Each of the Buyer and the Sellers hereby waives, and agrees not to assert, to the maximum extent permitted by law, as a defence in any action, suit or proceeding for the interpretation or enforcement hereof or in respect of any such transaction, that such action, suit or proceeding may not be brought or is not maintainable in such courts or that the venue thereof may not be appropriate or that this Agreement may not be enforced in or by such courts. The Buyer and the Sellers hereby consent to and grant any such court jurisdiction over the person of such parties and over the subject matter of any such dispute and agree that mailing of process or other papers in connection with any such action or proceeding in the manner provided in clause 20.1 or in such other manner as may be permitted by law, shall be valid and sufficient service thereof.

EACH PARTY HEREBY IRREVOCABLY AND UNCONDITIONALLY WAIVES ANY RIGHT SUCH PARTY MAY HAVE TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION DIRECTLY OR

(b) INDIRECTLY ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

A party may exercise a right or a remedy, or give or withhold a consent, waiver or approval, in its absolute discretion (including by imposing conditions), unless this document expressly provides otherwise.

22.6

Waiver

A party is only bound by a waiver that it gives or confirms in writing. A waiver is limited to the specific instance to which it relates and to the specific purpose for which it is given. No other conduct of a party (including a failure to exercise, or delay in exercising, a right) operates as a waiver of a right or otherwise prevents the exercise of a right.

22.7

Indemnities

Unless this document provides otherwise:

- (a) each indemnity in this document is a continuing obligation, separate and independent from the other obligations of the parties, and survives termination, completion or expiration of this document;
- (b) it is not necessary for a party to incur expense or make any payment before enforcing a right of indemnity conferred by this document; and

Report of Independent Registered Public Accounting Firm

The Board of Directors and Stockholders

Hudson Global, Inc.:

We have audited the accompanying consolidated balance sheets of Hudson Global, Inc. and subsidiaries (Hudson Global, Inc.) as of December 31, 2016 and 2015, and the related consolidated statements of operations, comprehensive income (loss), cash flows, and stockholders' equity for each of the years in the two-year period ended December 31, 2016. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Hudson Global, Inc. as of December 31, 2016 and 2015, and the results of their operations and their cash flows for each of the years in the two-year period ended December 31, 2016, in conformity with U.S. generally accepted accounting principles.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), Hudson Global, Inc.'s internal control over financial reporting as of December 31, 2016, based on criteria established in Internal Control - Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO), and our report dated March 3, 2017 expressed an unqualified opinion on the effectiveness of the Company's internal control over financial reporting.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Consolidated Financial Statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Unless otherwise stated, amounts are presented in United States of America ("U.S.") dollars and all amounts are in thousands, except for number of shares and per share amounts.

Certain prior year amounts have been reclassified to conform to the current year presentation for discontinued operations. See Note 4 for further details regarding the discontinued operations reclassification.

Recently Adopted Accounting Standards

In March 2016, the Financial Accounting Standards Board (the "FASB") issued Accounting Standards Update ("ASU") No. 2016-09, *"Compensation - Stock Compensation (Topic 718)"* ("ASU 2016-09") which is intended to simplify several aspects of the accounting for share-based payment awards transactions. ASU 2016-09 will be effective for annual periods beginning after December 15, 2016 and interim periods within those annual periods, and early adoption is permitted. The Company has elected to early adopt ASU 2016-09 as of January 1, 2016. The Company elected to account for forfeitures as they occur. The adoption of ASU 2016-09 did not have a material effect on the Company's financial statements and related disclosures.

In August 2014, the FASB issued ASU No. 2014-15, *"Presentation of Financial Statements - Going Concern (subtopic 205-40)"* ("ASU 2014-15"), which requires management to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the entity's ability to continue as a going concern. Management will be required to perform this assessment for both interim and annual reporting periods and must make certain disclosures if it concludes that substantial doubt exists. ASU 2014-15 is effective for annual periods ending after December 15, 2016 and for interim periods thereafter. The Company adopted ASU 2014-15 effective December 31, 2016. The adoption did not have a material impact on its consolidated financial statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(in thousands, except share and per share amounts)

Principles of Consolidation

The Consolidated Financial Statements include the accounts of the Company and all of its wholly-owned and majority-owned subsidiaries. All significant inter-company accounts and transactions between and among the Company and its subsidiaries have been eliminated in consolidation.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions about future events. These estimates and the underlying assumptions affect the reported amounts of assets and liabilities, the disclosures about contingent assets and liabilities, and the reported amounts of revenue and expenses. Such estimates include the value of allowances for doubtful accounts, insurance recovery receivable, goodwill, intangible assets, and other long-lived assets, legal reserve and provision, estimated self-insured liabilities, assumptions used in the fair value of stock-based compensation and the valuation of deferred tax assets. These estimates and assumptions are based on management's best estimates and judgment. Management evaluates the estimates and assumptions on an ongoing basis using historical experience and other factors, including the current economic environment, which management believes to be reasonable under the circumstances. The Company adjusts such estimates and assumptions when facts and circumstances dictate. As future events and their effects cannot be determined with precision, actual results could differ significantly from those estimates.

Instability in the global credit markets puts pressure on global economic conditions and may in turn impact the aforementioned estimates and assumptions.

Nature of Business and Credit Risk

The Company's revenue is earned from professional placement services, mid-level employee professional staffing and contracting services and human capital services. These services are provided to a large number of customers in many different industries. The Company operates throughout North America, the United Kingdom ("U.K."), Continental Europe, Australia, New Zealand and Asia. During 2016, no single client accounted for more than 10% of the Company's total revenue. As of December 31, 2016, no single client accounted for more than 10% of the Company's outstanding accounts receivable.

Financial instruments, which potentially subject the Company to concentrations of credit risk, are primarily cash and accounts receivable. The Company performs continuing credit evaluations of its customers and does not require collateral. The Company has not experienced significant losses related to receivables.

Revenue Recognition

The Company recognizes revenue for temporary services at the time services are provided and revenue is recorded on a time and materials basis. Contracting revenue is reported on a gross basis when the Company acts as the principal in the transaction and is at risk for collection in accordance with FASB Accounting Standards Codification Topic ("ASC") 605-45, "*Overall Considerations of Reporting Revenue Gross as a Principal versus Net as an Agent.*" The Company's revenues are derived from its gross billings, which are based on (i) the payroll cost of its worksite employees; and (ii) a markup computed as a percentage of the payroll cost.

The Company recognizes revenue for permanent placements based on the nature of the fee arrangement. Revenue generated when the Company permanently places an individual with a client on a contingent basis is recorded at the time of acceptance of employment, net of an allowance for estimated fee reversals. Revenue generated when the Company permanently places an individual with a client on a retained basis is recorded ratably over the period services are rendered, net of an allowance for estimated fee reversals.

ASC 605-45-50-3 and ASC 605-45-50-4, "*Taxes Collected from Customers and Remitted to Governmental Authorities,*" provide that the presentation of taxes on either a gross basis (included in revenue and expense) or net basis (excluded from revenue) is an accounting policy decision. The Company collects various taxes assessed by governmental authorities and records these amounts on a net basis.

Operating Expenses

Salaries and related expenses include the salaries, commissions, payroll taxes and employee benefits related to recruitment professionals, executive level employees, administrative staff and other employees of the Company who are not temporary contractors. Office and general expenses include occupancy, equipment leasing and maintenance, utilities, travel expenses, professional fees and provision for doubtful accounts. The Company expenses the costs of advertising and legal costs as incurred.

Stock-Based Compensation

The Company applies the fair value recognition provisions of ASC 718, "*Compensation - Stock Compensation*." The Company determines the fair value as of the grant date. For awards with graded vesting conditions, the values of the awards are determined by valuing each tranche separately and expensing each tranche over the required service period. The service period is the period over which the related service is performed, which is generally the same as the vesting period. Prior to the adoption of ASU 2016-09, the Company recorded stock-based compensation expense net of estimated forfeitures.

For stock options, the Black-Scholes option pricing model considers, among other factors, the expected volatility of the Company's stock price, risk-free interest rates, dividend rate and the expected life of the award. Expected volatilities are calculated based on the historical volatility of the Company's common stock. Volatility is determined using historical prices to estimate the expected future fluctuations in the Company's share price. The risk-free interest rate is based on the U.S. Treasury, the term of which is consistent with the expected term of the option.

When the Company estimates the expected life of stock options, the Company determines its assumptions for the Black-Scholes option-pricing model in accordance with ASC 718 and Staff Accounting Bulletin ("SAB") No. 107. Significant assumptions used in the valuation of stock options include:

- The expected term of stock options is estimated using the simplified method since the Company currently does not have sufficient stock option exercise history.
- The expected risk free interest rate is based on the U.S. Treasury constant maturity interest rate which term is consistent with the expected term of the stock options.
- The expected volatility is based on the historic volatility.

In December 2007, the Securities and Exchange Commission (“SEC”) staff issued SAB No. 110, “*Certain Assumptions Used In Valuation Methods - Expected Term*”. SAB No. 110 allows companies to continue to use the simplified method, as defined in SAB No. 107, to estimate the expected term of stock options under certain circumstances. The simplified method for estimating expected term uses the mid-point between the vesting term and the contractual term of the stock option. The Company has analyzed the circumstances in which the use of the simplified method is allowed. The Company has opted to use the simplified method for stock options the Company granted because management believes that the Company does not have sufficient historical exercise data to provide a reasonable basis upon which to estimate the expected term.

In accordance with ASC 718, the Company reflects the tax savings resulting from tax deductions in excess of income tax benefits as a financing cash flow in its Consolidated Statement of Cash Flows, when applicable.

Income Taxes

Earnings from the Company's global operations are subject to tax in various jurisdictions both within and outside the United States. The Company accounts for income taxes in accordance with ASC 740, “*Income Taxes*”. This standard establishes financial accounting and reporting standards for the effects of income taxes that result from an enterprise's activities. It requires an asset and liability approach for financial accounting and reporting of income taxes.

The calculation of net deferred tax assets assumes sufficient future earnings for the realization of such assets as well as the continued application of currently anticipated tax rates. Included in net deferred tax assets is a valuation allowance for deferred tax assets where management believes it is more likely than not that the deferred tax assets will not be realized in the relevant jurisdiction. If we determine that a deferred tax asset will not be realizable, an adjustment to the deferred tax asset will result in a reduction of earnings at that time. See Note 7 to the Consolidated Financial Statements for further information regarding deferred tax assets and valuation allowance.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(in thousands, except share and per share amounts)

ASC 740-10-55-3, “*Recognition and Measurement of Tax Positions - a Two Step Process*,” provides implementation guidance related to the accounting for uncertainty in income taxes recognized in an enterprise's financial statements and prescribes a two-step evaluation process for a tax position taken or expected to be taken in a tax return. The first step is recognition and the second is measurement. ASC 740 also provides guidance on derecognition, measurement, classification, disclosures, transition and accounting for interim periods. The Company provides tax reserves for U.S. Federal, state and local and international unrecognized tax benefits for all periods subject to audit. The development of reserves for these exposures requires judgments about tax issues, potential outcomes and timing, and is a subjective critical estimate. The Company assesses its tax positions and records tax benefits for all years subject to examination based upon management's evaluation of the facts, circumstances, and information available at the reporting dates. For those tax positions where it is more likely than not that a tax benefit will be sustained, the Company has recorded the largest amount of tax benefit with a greater than 50% likelihood of being realized upon settlement with a tax authority that has full knowledge of all relevant information. For those tax positions where it is not more likely than not that a tax benefit will be sustained, no tax benefit has been recognized in the financial statements. Where applicable, associated interest and penalties have also been recognized as a component of income tax expense. Although the outcome related to these exposures is uncertain, in management's opinion, adequate provisions for income taxes have been made for estimable potential liabilities emanating from these exposures. In certain circumstances, the ultimate outcome for exposures and risks involve significant uncertainties which render them inestimable. If actual outcomes differ materially from these estimates, including those that cannot be quantified, they could have material impact on the Company's results of operations.

U.S. Federal income and foreign withholding taxes have not been provided on the undistributed earnings of foreign subsidiaries. The Company intends to reinvest these earnings in its foreign operations indefinitely, except where it is able to repatriate these earnings to the United States without a material incremental tax provision. The determination and estimation of the future income tax consequences in all relevant taxing jurisdictions involves the application of highly complex tax laws in the countries involved, particularly in the United States, and is based on the tax profile of the Company in the year of earnings repatriation. Accordingly, it is not practicable to determine the amount of tax associated with such undistributed earnings.

Earnings (Loss) Per Share

Basic earnings (loss) per share (“EPS”) is computed by dividing the Company’s net income (loss) by the weighted average number of shares outstanding during the period. When the effects are not anti-dilutive, diluted earnings (loss) per share is computed by dividing the Company’s net income (loss) by the weighted average number of shares

outstanding and the impact of all dilutive potential common shares, primarily stock options “in-the-money” and unvested restricted stock. The dilutive impact of stock options and unvested restricted stock is determined by applying the “treasury stock” method. Performance-based restricted stock awards are included in the computation of diluted earnings per share only to the extent that the underlying performance conditions: (i) are satisfied prior to the end of the reporting period, or (ii) would be satisfied if the end of the reporting period were the end of the related performance period and the result would be dilutive under the treasury stock method. Stock awards subject to vesting or exercisability based on the achievement of market conditions are included in the computation of diluted earnings per share only when the market conditions are met.

Income (loss) per share calculations for each quarter include the weighted average effect for the quarter; therefore, the sum of quarterly income (loss) per share amounts may not equal year-to-date income (loss) per share amounts, which reflect the weighted average effect on a year-to-date basis.

Fair Value of Financial Instruments

The carrying amounts reported in the Consolidated Balance Sheets for cash and cash equivalents, accounts receivable, accounts payable and short-term borrowings approximate fair value because of the immediate or short-term maturity of these financial instruments.

HUDSON GLOBAL, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(in thousands, except share and per share amounts)

Cash and Cash Equivalents

For financial statement presentation purposes, the Company considers all highly liquid investments having an original maturity of three months or less as cash equivalents.

Accounts Receivable

The Company's accounts receivable balances are composed of trade and unbilled receivables. The Company maintains an allowance for doubtful accounts and makes ongoing estimates as to the ability to collect on the various receivables. If the Company determines that the allowance for doubtful accounts is not adequate to cover estimated losses, an expense to provide for doubtful accounts is recorded in office and general expenses. If an account is determined to be uncollectible, it is written off against the allowance for doubtful accounts. Management's assessment and judgment are vital requirements in assessing the ultimate realization of these receivables, including the current credit-worthiness, financial stability and effect of market conditions on each customer.

Property and Equipment

Property and equipment are stated at cost. Depreciation is computed primarily using the straight line method over the following estimated useful lives:

	Years
Furniture and equipment	3 - 8
Capitalized software costs	3 - 5
Computer equipment	2 - 5

Leasehold improvements are amortized over the shorter of their estimated useful lives or the lease term. The amortization periods of material leasehold improvements are estimated at the inception of the lease term.

Capitalized Software Costs

Capitalized software costs consist of costs to purchase and develop software for internal use. The Company capitalizes certain incurred software development costs in accordance with ASC 350-40, "*Intangibles Goodwill and Other: Internal-Use Software*." Costs incurred during the application-development stage for software purchased and further customized by outside vendors for the Company's use and software developed by a vendor for the Company's proprietary use have been capitalized. Costs incurred for the Company's own personnel who are directly associated with software development are capitalized as appropriate. Capitalized software costs are included in property and equipment.

Impairment of Long-Lived Assets

The Company periodically evaluates whether events or changes in circumstances have occurred that indicate long-lived assets may not be recoverable. When such circumstances are present, the Company assesses whether the carrying value will be recovered through the expected undiscounted future cash flows resulting from the use and eventual disposition of the long-lived asset. In the event the sum of the expected undiscounted future cash flows is less than the carrying value of the long-lived asset, an impairment loss equal to the excess of the long-lived asset's carrying value over its fair value is recorded. The fair values of long-lived assets are based on the Company's own judgments about the assumptions that market participants would use in pricing the asset or on observable market data, when available.

Goodwill Impairment

ASC 350-20-35, "*Intangibles-Goodwill and Other, Goodwill Subsequent Measurement*," requires that goodwill not be amortized but be tested for impairment on an annual basis, or more frequently if circumstances warrant. The Company tests goodwill for impairment annually as of October 1, or more frequently if circumstances indicate that its carrying value might exceed its current fair value. Per the provisions of ASC 350, the Company may elect to first perform a qualitative assessment to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying value. In the qualitative assessment, the Company considers events and circumstances such as macroeconomic conditions, industry and market considerations, cost factors, overall financial performance and the trend of cash flows, other relevant company-specific events and the "cushion" between a reporting unit's fair value and carrying amount in the recent fair value calculation. If it is concluded that it is more likely than not that the fair value of a reporting unit is less than its carrying value, it is necessary to perform the currently prescribed two-step goodwill impairment test. Otherwise, the two-step goodwill impairment test is not required.

D-12

HUDSON GLOBAL, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(in thousands, except share and per share amounts)

The first step of the goodwill impairment test, used to identify potential impairment, compares the fair value of a reporting unit with its carrying amount, including goodwill. The Company tests goodwill for impairment at the reporting unit level. A reporting unit is an operating segment or one level below an operating segment (referred to as a component). A component of an operating segment is a reporting unit if the component constitutes a business for which discrete financial information is available and segment management regularly reviews the operating results of that component. The Company's reporting units are the components within the reportable segments identified in Note 19.

If the fair value of a reporting unit exceeds its carrying amount, the second step of the impairment test is unnecessary. If the carrying amount of a reporting unit exceeds its fair value, the second step of the goodwill impairment test is performed to measure the amount of impairment loss, if any. Step two compares the implied fair value of the reporting unit's goodwill with the current carrying amount of that goodwill. If the carrying value of a reporting unit's goodwill exceeds its implied fair value, an impairment amount equal to the difference is recorded.

Foreign Currency Translation

The financial position and results of operations of the Company's international subsidiaries are determined using local currency as the functional currency. Assets and liabilities of these subsidiaries are translated at the exchange rate in effect at each year-end. Statements of Operations accounts are translated at the average rate of exchange prevailing during each period. Translation adjustments arising from the use of differing exchange rates from period to period are included in the accumulated other comprehensive income (loss) account in stockholders' equity, other than translation adjustments on short-term intercompany balances, which are included in other income (expense). Gains and losses resulting from other foreign currency transactions are included in other income (expense). Intercompany receivable balances of a long-term investment nature are considered part of the Company's permanent investment in a foreign jurisdiction and the gains or losses on these balances are reported in other comprehensive income.

Comprehensive Income (Loss)

Comprehensive income (loss) is defined to include all changes in equity except those resulting from investments by owners and distributions to owners. The Company's other comprehensive income (loss) is primarily comprised of foreign currency translation adjustments, which relate to investments that are permanent in nature, and changes in unrecognized pension and post-retirement benefit costs.

Recent Accounting Standard Updates Not Yet Adopted

In November 2016, the FASB issued ASU No. 2016-18 *"Statement of Cash Flows (Topic 230): Restricted Cash"* ("ASU 2016-18"), which requires the inclusion of restricted cash with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the statement of cash flows. The ASU is effective for public business entities for fiscal years beginning after December 15, 2017, including interim periods within those fiscal years. The Company is currently evaluating the impact to its consolidated financial statements.

In August 2016, the FASB issued ASU No. 2016-15, *"Statement of Cash Flows (Topic 230) - Classification of Certain Cash Receipts and Cash Payments"* ("ASU 2016-15"), which provides clarification on how companies present and classify certain cash receipts and cash payments in the statement of cash flows. ASU 2016-15 will be effective for fiscal periods beginning after December 15, 2017 and interim periods within those fiscal years. Early adoption is permitted. If an entity early adopts the amendments in an interim period, any adjustments must be reflected as of the beginning of the fiscal year that includes that interim period. An entity that elects early adoption must adopt all of the amendments in the same period. The Company is currently evaluating the impact to its consolidated financial statements.

In February 2016, the FASB issued ASU No. 2016-02, "*Leases (Topic 842)*" ("*ASU 2016-02*"), which amends the existing standards for lease accounting. This new standard requires the recognition of lease assets and lease liabilities on the balance sheet and the disclosure of key information about leasing arrangements including the amounts, timing, and uncertainty of cash flows arising from leases. ASU 2016-02 will be effective for the Company on January 1, 2019 and will require modified retrospective application as of the beginning of the earliest year presented in the financial statements. Early adoption is permitted. We plan to adopt this ASU on January 1, 2019, and are currently evaluating the impact to our consolidated financial statements.

In May 2014, the FASB issued ASU No. 2014-09, "*Revenue from Contracts with Customers (Topic 606)*." This ASU is a comprehensive new revenue recognition model that requires a company to recognize revenue to depict the transfer of goods or services to a customer at an amount that reflects the consideration it expects to receive in exchange for those goods or services. This ASU also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in judgments and assets recognized from costs incurred to obtain or fulfill a contract. In July 2015, the FASB amended the effective date of this ASU to fiscal years beginning after December 15, 2017 and early adoption is permitted only for fiscal years beginning after December 15, 2016. In March, April and May 2016, the FASB issued ASU 2016-08 "*Revenue from Contracts with Customers (Topic 606): Principal versus Agent Considerations (Reporting Revenue Gross versus Net)*," ASU 2016-10 "*Revenue from Contracts with Customers (Topic 606): Identifying Performance Obligations and Licensing*," and ASU 2016-12 "*Revenue from Contracts with Customers (Topic 606): Narrow-Scope Improvements and Practical Expedients*" which provide further clarifications to be considered when implementing this ASU. The two permitted transition methods under the new standard are the full retrospective method, in which case the standard would be applied to each prior reporting period presented, or the modified retrospective method, in which case the cumulative effect of applying the standard would be recognized at the date of initial application. We have started evaluating the impact of this ASU as it relates to our revenue streams, as well as certain associated expenses, however, are unable at this time to assess whether the application of this ASU has a material impact on the recognition of our revenues. Depending on the results of our review, there could be changes to the classification and timing of recognition of revenues and expenses. We expect to complete our assessment process, including selecting a transition method for adoption, by the end of the third quarter of 2017 along with our implementation process prior to the adoption of this ASU on January 1, 2018.

There have been no other new accounting pronouncements not yet effective that have significance, or potential significance, to the Company's Consolidated Financial Statements.

NOTE 3 – DIVESTITURES

Hudson Information Technology (US) business (the "US IT business")

On June 15, 2015, the Company completed the sale (the "US IT Business Sale") of substantially all of the assets (excluding working capital) of its US IT business to Mastech, Inc. (the "Purchaser"). The completion of the US IT Business Sale was effective June 14, 2015. The US IT Business Sale was pursuant to an Asset Purchase Agreement, dated as of May 8, 2015, by and among the Company, Hudson Global Resources Management, Inc., a wholly owned subsidiary of the Company, and the Purchaser. At the closing of the Sale, the Company received from the Purchaser pursuant to the Asset Purchase Agreement the purchase price of \$16,977 in cash. The US IT business pre-tax loss in accordance with ASC No. 205 "*Reporting Discontinued Operations*" ("ASC 205") for the year ended December 31, 2015 was \$130.

On the US IT Business Sale, for the year ended December 31, 2015, the Company recognized a pre-tax gain of \$15,918, net of closing and other direct transaction costs. Income tax on the gain of the US IT business sale was \$11. For U.S. Federal income tax purposes, the gain is offset in full by net operating loss carryforwards. For state and local income tax purposes, the gain is mostly offset by net operating loss carryforwards. As the divestiture did not meet the requirements for classification as discontinued operations, the gain on sale is presented as a component of income (loss) from operations.

Netherlands business

On May 7, 2015, the Company entered into a Share Purchase Agreement and completed the sale (the "Netherlands Business Sale") of its Netherlands business, to InterBalance Group B.V., effective April 30, 2015, in a management buyout for \$9,029, which included cash retained of \$1,135. As a result, for the year ended December 31, 2015 the Company recognized a gain of \$2,841 on the divestiture of the Netherlands Business Sale, which included \$2,799 of non-cash accumulated foreign currency translation losses. Income tax on the gain was \$0 because the gain is exempt from Netherlands tax. As the divestiture did not meet the requirements for classification as discontinued operations, the gain on sale is presented as a component of income (loss) from operations. The Netherlands pre-tax profit in accordance with ASC 205 for the year ended December 31, 2015 was \$373.

Exit of Businesses in Central and Eastern Europe

In February 2015, the Company's Board of Directors approved the exit of operations in certain countries within Central and Eastern Europe (Ukraine, Czech Republic and Slovakia). During the second quarter of 2015, the Company deemed the liquidation of its Central and Eastern Europe businesses to be substantially complete. In accordance with ASC 830, "Foreign Currency Matters," ("ASC 830") for the year ended December 31, 2015 the Company transferred \$1,208 of accumulated foreign currency translation gains from accumulated other comprehensive income to the statement of operations within gain on sale and exit of businesses.

Luxembourg

In March 2015, the Company's management approved the exit of operations in Luxembourg. In the third quarter of 2015, the Company deemed the liquidation of its Luxembourg business to be substantially complete. In accordance with ASC 830, for the year ended December 31, 2015, the Company transferred \$132 of accumulated foreign currency translation losses from accumulated other comprehensive income to the statement of operations within gain on sale and exit of businesses.

NOTE 4 – DISCONTINUED OPERATIONS

Effective November 9, 2014, the Company completed the sale of substantially all of the assets and certain liabilities of its Legal eDiscovery business in the U.S. and U.K. to Document Technologies, LLC and DTI of London Limited for \$23,000 in cash, and recorded a gain of \$11,333 in connection with the sale excluding customary working capital adjustments. Based on the terms of the asset purchase agreement, the Company had no significant continuing involvement in the operations of the Legal eDiscovery business after the disposal transaction.

The Company concluded that the divestiture of the Legal eDiscovery business and the cessation of operations in Sweden met the criteria for discontinued operations set forth in ASC No. 205, "*Presentation of Financial Statements*." The Company reclassified its discontinued operations for all periods presented and has excluded the results of its discontinued operations from continuing operations and from segment results for all periods presented.

The carrying amounts of the major classes of assets and liabilities from the Legal eDiscovery business and Sweden operations included as part of the discontinued operations were as follows:

NOTE 6 – STOCK-BASED COMPENSATION

Equity Compensation Plans

The Company maintains the Hudson Global, Inc. 2009 Incentive Stock and Awards Plan, as amended and restated on May 24, 2016 (the “ISAP”), pursuant to which it can issue equity-based compensation incentives to eligible participants. The ISAP permits the granting of stock options, restricted stock, and restricted stock units as well as other types of equity-based awards. The Compensation Committee of the Company’s Board of Directors (the “Compensation Committee”) will establish such conditions as it deems appropriate on the granting or vesting of stock options, restricted stock, restricted stock units and other types of equity-based awards. As determined by the Compensation Committee, equity awards may also be subject to immediate vesting upon the occurrence of certain events following a change in control of the Company. The Company primarily grants restricted stock and restricted stock units to its employees. A restricted stock unit is equivalent to one share of the Company’s common stock and is payable only in common stock of the Company issued under the ISAP.

The Compensation Committee administers the ISAP and may designate any of the following as a participant under the ISAP: any officer or other employee of the Company or its affiliates or individuals engaged to become an officer or employee, consultants or other independent contractors who provide services to the Company or its affiliates and non-employee directors of the Company. On May 24, 2016, the Company's stockholders approved an amendment and restatement of the ISAP to, among other things, increase the number of shares of the Company's common stock that are reserved for issuance by 2,400,000 shares. As of December 31, 2016, there were 2,834,298 shares of the Company’s common stock available for future issuance.

All share issuances related to stock compensation plans are issued from the aforementioned stock available for future issuance under stockholder approved compensation plans.

The Company’s stock plan agreements provided that a change in control of the Company will occur if, among other things, individuals who were directors as of the date of the agreement and any new director whose appointment or election was approved or recommended by a vote of at least two-thirds of the directors then in office who were either

directors on the date of the agreement or whose appointment or election was previously so approved or recommended (each, a “continuing director”) cease to constitute a majority of the Company’s directors. A change in control occurred as of the Company's 2015 annual meeting of stockholders on June 15, 2015 under these agreements because continuing directors ceased to constitute a majority of the Company's directors. As a result, certain equity awards vested resulting in an accelerated stock-based compensation expense of \$2,541 for the year ended December 31, 2015.

A summary of the quantity and vesting conditions for stock-based units granted to the Company's employees for the year ended December 31, 2016 was as follows:

Vesting conditions	Number of Restricted Stock Units Granted
Performance and service conditions (1) (2)	500,000

(1) The performance conditions with respect to restricted stock units may be satisfied as follows:

For employees from the Americas, Asia Pacific and Europe 80% of the restricted stock units may be earned on the (a) basis of performance as measured by "regional adjusted EBITDA," and 20% of the restricted stock units may be earned on the basis of performance as measured by "group adjusted EBITDA"; and

(b) For employees from the Corporate office 100% of the restricted stock units may be earned on the basis of performance as measured by "group adjusted EBITDA."

(2) To the extent restricted stock units are earned on the basis of performance, such restricted stock units will vest on the basis of service as follows:

(a) 33% of the restricted stock units will vest on the first anniversary of the grant date;

(b) 33% of the restricted stock units will vest on the second anniversary of the grant date; and

HUDSON GLOBAL, INC.**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****(in thousands, except share and per share amounts)**

(c) 34% of the restricted stock units will vest on the third anniversary of the grant date; provided that, in each case, the employee remains employed by the Company from the grant date through the applicable service vesting date.

The Company also maintains the Director Deferred Share Plan (the "Director Plan") pursuant to which it can issue restricted stock units to its non-employee directors. A restricted stock unit is equivalent to one share of the Company's common stock and is payable only in common stock issued under the ISAP upon a director ceasing service as a member of the Board of Directors of the Company. The restricted stock units vest immediately upon grant and are credited to each of the non-employee director's retirement accounts under the Director Plan. Restricted stock units issued under the Director Plan contain the right to a dividend equivalent award in the form of additional restricted stock units. The dividend equivalent award is calculated using the same rate as the cash dividend paid on a share of the Company's common stock, and then divided by the closing price of the Company's common stock on the date the dividend is paid to determine the number of additional restricted stock units to grant. Dividend equivalent awards have the same vesting terms as the underlying awards. During the year ended December 31, 2016, the Company granted 263,477 restricted stock units to its non-employee directors pursuant to the Director Plan. As of December 31, 2016, non-employee directors held 459,656 deferred restricted stock units.

Tax Rate Reconciliation

The effective tax rates for the years ended December 31, 2016 and 2015 were negative 9.1% and 28.7%, respectively. These effective tax rates differ from the U.S. Federal statutory rate of 35% due to state income taxes, changes in valuation allowances in the U.S. and certain foreign jurisdictions which reduces or eliminates the effective tax rate on current year profits or losses, variations from the U.S. Federal statutory rate in foreign jurisdictions, taxes on repatriations of foreign profits, and non-deductible expenses. The effect of state tax rate changes in 2015 on deferred tax assets was offset by an increase in valuation allowance and has no net impact on effective tax rate.

Deferred Taxes Assets (Liabilities)

Deferred income taxes are provided for the tax effect of temporary differences between the financial reporting basis and the tax basis of assets and liabilities. As of December 31, 2015 the Company adopted ASU No. 2015-17, "Balance Sheet Classification of Deferred Taxes" on a prospective basis, which required that deferred tax assets and liabilities be classified as noncurrent in a classified statement of financial position. Accordingly, net deferred tax assets as of December 31, 2016 and 2015, have been classified as non-current in the accompanying Consolidated Balance Sheets. Significant temporary differences at December 31, 2016 and 2015 were as follows:

	As of December 31,	
	2016	2015
Deferred tax assets (liabilities):		
Allowance for doubtful accounts	\$157	\$122

Deferred tax assets (liabilities), net of valuation allowance, total	\$6,236	\$6,464

Net Operating Losses (“NOLs”) and Valuation Allowance

At December 31, 2016, the Company had net NOLs for U.S. Federal tax purposes of approximately \$326,295. This total includes approximately \$16,584 of tax losses that were not absorbed by Monster Worldwide, Inc. ("Monster") on its consolidated U.S. Federal tax returns through the spin off of the Company on April 1, 2003. NOLs expire at various dates through 2036. As December 31, 2015, the NOL balance did not include a deduction in the amount of \$5,222 attributable to stock options and restricted stock until such time as the Company recognizes the deferred tax asset associated with such deduction. During 2016, the Company adopted ASU 2016-09, as a result the NOL balance was increased by the \$5,222 previously unrecognized deductions related to stock options and restricted stock and the valuation allowance was increased resulting in a net tax impact of \$0. The Company's utilization of NOLs is subject to an annual limitation imposed by Section 382 of the Internal Revenue Code, which may limit our ability to utilize all of the existing NOLs before the expiration dates. As of December 31, 2016, certain international subsidiaries had NOLs for local tax purposes of \$82,355. With the exception of \$75,273 of NOLs with an indefinite carry forward period as of December 31, 2016, these losses will expire at various dates through 2036, with \$42 scheduled to expire during 2017. The deferred tax recognized for NOLs are presented net of unrecognized tax benefits, where applicable.

HUDSON GLOBAL, INC.**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****(in thousands, except share and per share amounts)**

ASC 740-10-30-5 requires that a valuation allowance be established when it is more likely than not that all or a portion of a deferred tax asset will not be realized. In making this assessment, management considers the level of historical taxable income, scheduled reversals of deferred tax liabilities, tax planning strategies, and projected future taxable income. The provision for income tax includes a net tax benefit of \$887, resulting from changes in judgment regarding the realizability of deferred tax assets in future years. As of December 31, 2016, \$147,941 of the valuation allowance relates to the deferred tax asset for NOLs, \$130,518 of which is U.S. Federal and state, and \$17,423 of which is foreign, that management has determined will more likely than not expire prior to realization. The remaining valuation allowance of \$8,402 relates to deferred tax assets on U.S. and foreign temporary differences that management estimates will not be realized due to the Company's U.S. and foreign tax losses.

Uncertain Tax Positions

As of December 31, 2016 and 2015, the Company's unrecognized tax benefits, including interest and penalties, which would lower the Company's annual effective income tax rate if recognized in the future, were as follows:

	As of December 31,	
	2016	2015
Gross unrecognized tax benefits excluding interest and penalties	\$ 2,039	\$ 2,190
Less: amount presented as a reduction to a deferred tax asset	438	447
Unrecognized tax benefits, excluding interest and penalties	\$ 1,601	\$ 1,743
Accrued interest and penalties	610	536
Total unrecognized tax benefits that would impact the effective tax rate	\$ 2,211	\$ 2,279

The following table shows a reconciliation of the beginning and ending amounts of unrecognized tax benefits, exclusive of interest and penalties:

Balance at January 1, 2016	\$2,190
Additions based on tax positions related to the current year	87
Additions for tax positions of prior years	7
Lapse of statute of limitations	(162)

Currency Translation	(83)
Balance at December 31, 2016	\$2,039

Estimated interest and penalties classified as part of the provision for income taxes in the Company's Consolidated Statements of Operations for the years ended December 31, 2016 and 2015 were as follows:

	Year ended December 31,	
	2016	2015
Expense for (benefit of) estimated interest and penalties related to unrecognized tax benefits	\$ 77	\$ 50

Based on information available as of December 31, 2016, it is reasonably possible that the total amount of unrecognized tax benefits could decrease in the range of \$200 to \$400 over the next 12 months as a result of projected resolutions of global tax examinations and controversies and potential lapses of the applicable statutes of limitations.

HUDSON GLOBAL, INC.**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS****(in thousands, except share and per share amounts)**

In many cases, the Company's unrecognized tax benefits are related to tax years that remain subject to examination by the relevant tax authorities. Tax years with NOLs remain open until such losses expire or the statutes of limitations for those years when the NOLs are used or expire. As of December 31, 2016, the Company's open tax years remain subject to examination by the relevant tax authorities and currently under income tax examination were principally as follows:

	Year
Earliest tax years remain subject to examination by the relevant tax authorities:	
U.S. Federal	2013
Other U.S. state and local jurisdictions	2012

The Company believes that its tax reserves are adequate for all years subject to examination above.

Depreciation expense is not recorded for such assets until they are placed in service.

Impairment of Long-Lived Assets

During the fourth quarter of 2016, the Company experienced continued declines in the operating results within certain markets. These events were deemed to be triggering events that required the Company to perform an impairment assessment with respect to long-lived assets, primarily property and equipment. The Company estimated the expected undiscounted future cash flows resulting from the long-lived assets' use and eventual disposition, and compared it to their carrying value. The undiscounted future cash flows exceeded the asset group's carrying value, indicating the Company's long-lived assets were not impaired.

The current portion of the capital lease obligations are included under the caption “Accrued expenses and other current liabilities” in the Consolidated Balance Sheets and the non-current portion of the capital lease obligations are included under the caption “Other non-current liabilities” in the Consolidated Balance Sheets as of December 31, 2016 and 2015. At the conclusion of its assessment, the Company determined the fair value of the reporting unit exceeded its carrying value. As such, the Company determined that no impairment of goodwill had taken place.

At December 31 2016, the Company performed additional assessment with respect to goodwill and determined that no impairment existed at its China reporting unit as of December 31, 2016.

Future minimum lease commitments have not been offset by expected future minimum sublease rental income of \$5,893, due in the future through 2020 under subleases with third parties. Commitments and sublease rentals based in currencies other than U.S. dollars were translated using exchange rates as of December 31, 2016.

current portion of asset retirement obligations are included under the caption “Accrued expenses and other current liabilities” in the Consolidated Balance Sheets. The non-current portion of asset retirement obligations are included under the caption “Other non-current liabilities” in the Consolidated Balance Sheets. Consulting, Employment and Non-compete Agreements

The Company has entered into various consulting, and employment agreements with certain key members of management. These agreements generally (i) are one year in length, (ii) contain restrictive covenants, (iii) under certain circumstances, provide for compensation and subject to providing the Company with a release, severance payments, and (iv) are automatically renewed annually unless either party gives sufficient notice of termination.

Litigation and Complaints

The Company is subject, from time to time, to various claims, lawsuits, contracts disputes and other complaints from, for example, clients, candidates, suppliers, landlords for both leased and subleased properties, former and current employees, and regulators or tax authorities arising in the ordinary course of business. The Company routinely monitors claims such as these, and records provisions for losses when the claim becomes probable and the amount due is estimable. Although the outcome of these claims cannot be determined, the Company believes that the final resolution of these matters will not have a material adverse effect on the Company’s financial condition, results of operations or liquidity.

HUDSON GLOBAL, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(in thousands, except share and per share amounts)

For matters that have reached the threshold of probable and estimable, the Company has established reserves for legal, regulatory and other contingent liabilities. The Company's reserves were \$105 and \$109 as of December 31, 2016 and 2015, respectively.

Costs Associated with Termination

As previously disclosed, in May 2015, the Company incurred compensation and benefits obligations to its former Chairman and Chief Executive Officer, Manuel Marquez, under his employment agreement, dated March 7, 2011, in connection with the Company providing Mr. Marquez notice of non-renewal of his employment agreement, which is treated as a termination without cause. The Company had accrued \$747 as of March 31, 2016 in connection with compensation and benefits Mr. Marquez was entitled to upon a termination without cause, subject to his execution of a release. Mr. Marquez did not agree with the Company's treatment of compensation and benefits under his employment agreement and, in August 2015, filed an arbitration claim against the Company for additional amounts of up to approximately \$2,000 and reimbursement of his legal fees.

On May 27, 2016, the arbitrator issued his decision on Mr. Marquez's claim and awarded Mr. Marquez approximately \$1,800 in additional compensation and benefits and approximately \$700 toward the reimbursement of a portion of his legal fees incurred pursuing his claim. For the year ended December 31, 2016, the Company recorded an additional charge of \$3,025 for the resolution of this arbitration.

The borrowing limit of Lloyds Tranche B is \$617 (£500) based on 25% of eligible work-in-progress from the permanent recruitment. For both tranches, borrowings may be made with an interest rate based on a base rate as determined by Lloyds Bank PLC, based on the Bank of England base rate, plus 1.75%.

The Lloyds Agreement contains various restrictions and covenants including (1) that true credit note dilution may not exceed 5%, measured at audit on a regular basis; (2) debt turn may not exceed 55 days over a three month rolling period; (3) dividends by the U.K. Borrower to the Company are restricted to the value of post tax profits; and (4) at the end of each month, there must be a minimum excess availability of \$2,469 (£2,000).

NOTE 18 – SHELF REGISTRATION AND STOCKHOLDER RIGHTS PLAN

Acquisition Shelf Registration Statement

The Company has a shelf registration on file with the SEC to enable it to issue up to 1,350,000 shares of its common stock from time to time in connection with acquisitions of businesses, assets or securities of other companies, whether by purchase, merger or any other form of acquisition or business combination. If any shares are issued using this shelf registration, the Company will not receive any proceeds from these offerings other than the assets, businesses or securities acquired. As of December 31, 2016, all of the 1,350,000 shares were available for issuance.

Stockholder Rights Plan

On February 5, 2005, the Board adopted a Rights Agreement between the Company and a rights agent (the "2005 Rights Agreement") and declared a dividend of one preferred share purchase right (a "Right") for each outstanding share of common stock of the Company. The dividend was paid upon the close of business on February 28, 2005 to the stockholders of record on that date. Each Right entitles the registered holder to purchase from the Company one one-hundredth of a share of Series A Junior Participating Preferred Stock, par value \$0.001 ("Preferred Shares"), of the Company, at a price of \$8.50 per one one-hundredth of a Preferred Share, subject to adjustment. On January 15, 2015, the Board approved an amendment and restatement of the 2005 Rights Agreement by adopting an Amended and Restated Rights Agreement (the "Rights Agreement") between the Company and a rights agent. The Board adopted the Rights Agreement in an effort to protect stockholder value by attempting to diminish the risk that the Company's ability to use its net operating losses ("NOLs") to reduce potential future federal income tax obligations may become substantially limited. If any person becomes a 4.99% or more stockholder of the Company, then each Right (subject to certain limitations) will entitle its holder to purchase, at the Right's then current exercise price, a number of shares of common stock of the Company or of the acquirer having a market value at the time of twice the Right's per share exercise price. The Company's Board of Directors may redeem the Rights for \$0.001 per Right at any time prior to the time when the Rights become exercisable. The Rights will expire on the earliest of (i) January 15, 2018, (ii) the time at which the Rights are redeemed as described above, (iii) the time at which the Rights are exchanged as described in the Rights Agreement, (iv) the repeal of Section 382 of the Internal Revenue Code if the Board determines that the Rights Agreement is no longer necessary for the preservation of the Company's NOLs, and (v) the beginning of a taxable year of the Company to which the Board determines that no NOLs may be carried forward.

NOTE 19 – SEGMENT AND GEOGRAPHIC DATA

Segment Reporting

The Company operates in three reportable segments: the Hudson regional businesses of Hudson Americas, Hudson Asia Pacific, and Hudson Europe. Corporate expenses are reported separately from the three reportable segments and pertain to certain functions, such as executive management, corporate governance, human resources, accounting, administration, tax and treasury, and have been allocated to the reportable segments to the extent which the costs are attributable to the reportable segments. Segment information is presented in accordance with ASC 280, “*Segments Reporting*.” This standard is based on a management approach that requires segmentation based upon the Company’s internal organization and disclosure of revenue and certain expenses based upon internal accounting methods. The Company’s financial reporting systems present various data for management to run the business, including internal profit and loss statements prepared on a basis not consistent with U.S. GAAP. Accounts receivable, net and long-lived assets are the only significant assets separated by segment for internal reporting purposes.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(in thousands, except share and per share amounts)

(unaudited)

NOTE 1 – BASIS OF PRESENTATION

These interim unaudited condensed consolidated financial statements have been prepared in accordance with United States of America ("U.S.") generally accepted accounting principles ("U.S. GAAP") for interim financial information and with the instructions to Form 10-Q and Article 8 of Regulation S-X of the United States Securities and Exchange Commission ("SEC") for interim financial reporting, and should be read in conjunction with the consolidated financial statements and related notes of Hudson Global, Inc. and its subsidiaries (the "Company") attached to the proxy statement as Annex D for the year ended December 31, 2016.

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of operating revenues and expenses. These estimates are based on management's knowledge and judgments. In the opinion of management, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair presentation of the Company's financial position, results of operations and cash flows at the dates and for the periods presented have been included. The results of operations for interim periods are not necessarily indicative of the results of operations for the full year. The Condensed Consolidated Financial Statements include the accounts of the Company and all of its wholly-owned and majority-owned subsidiaries. All significant intra-entity balances and transactions between and among the Company and its subsidiaries have been eliminated in consolidation. Certain prior period amounts have been reclassified to conform to the current year presentation with no material impact on the condensed consolidated financial statements.

NOTE 3 – RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

In May 2017, the Financial Accounting Standards Board (the "FASB") issued Accounting Standards Update ("ASU") No. 2017-09, "*Compensation - Stock Compensation: Scope of Modification Accounting*," which provides guidance about which changes to the terms or conditions of a share-based payment award require an entity to apply modification accounting. An entity will account for the effects of a modification unless the fair value of the modified award is the same as the original award, the vesting conditions of the modified award are the same as the original award and the classification of the modified award as an equity instrument or liability instrument is the same as the original award. ASU 2017-09 is effective for all annual periods, and interim periods within those annual periods, beginning after December 15, 2017, with early adoption permitted. The Company is currently evaluating the effect of this update but does not believe it will have a material impact on its financial statements and related disclosures.

In January 2017, the FASB issued ASU 2017-04, "*Intangibles-Goodwill and Other (Topic 350) Simplifying the Test for Goodwill Impairment*." ASU 2017-04 eliminates the previous two-step process that required identification of potential impairment and a separate measure of the actual impairment. The annual assessment of goodwill impairment will be determined by using the difference between the carrying amount and the fair value of the reporting unit. ASU 2017-04 is effective for fiscal years beginning after December 15, 2019, including interim periods within that reporting period. Early adoption is permitted for interim or annual goodwill impairment tests performed on testing dates after January 1, 2017. The Company is currently evaluating the effect of this update but does not believe it will have a material impact on its consolidated financial statements.

In November 2016, the FASB issued ASU No. 2016-18, "*Statement of Cash Flows (Topic 230): Restricted Cash*" ("*ASU 2016-18*"), which requires the inclusion of restricted cash with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the statement of cash flows. ASU 2016-18 is effective for public business entities for fiscal years beginning after December 15, 2017, including interim periods within those fiscal years. The Company is currently evaluating the effect of this update but does not believe it will have a material impact on its consolidated financial statements.

In August 2016, the FASB issued ASU No. 2016-15, "*Statement of Cash Flows (Topic 230) - Classification of Certain Cash Receipts and Cash Payments*" ("*ASU 2016-15*"), which provides clarification on how companies present and classify certain cash receipts and cash payments in the statement of cash flows. ASU 2016-15 will be effective for fiscal years beginning after December 15, 2017 and interim periods within those fiscal years. Early adoption is permitted. An entity that elects early adoption must adopt all of the amendments in the same period. The Company is currently evaluating the impact to its consolidated financial statements.

In February 2016, the FASB issued ASU No. 2016-02, "*Leases (Topic 842)*" ("*ASU 2016-02*"), which amends the existing standards for lease accounting. This new standard requires the recognition of lease assets and lease liabilities on the balance sheet and the disclosure of key information about leasing arrangements including the amounts, timing, and uncertainty of cash flows arising from leases. ASU 2016-02 will be effective for the Company on January 1, 2019 and will require modified retrospective application as of the beginning of the earliest year presented in the financial statements. Early adoption is permitted. The Company is currently evaluating the impact to its consolidated financial statements.

In May 2014, the FASB issued ASU No. 2014-09, "*Revenue from Contracts with Customers (Topic 606)*." ASU 2014-09 is a comprehensive new revenue recognition model that requires a company to recognize revenue to depict the transfer of goods or services to a customer at an amount that reflects the consideration it expects to receive in exchange for those goods or services. ASU 2014-09 also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in judgments and assets recognized from costs incurred to obtain or fulfill a contract. In July 2015, the FASB amended the effective date of ASU 2014-09 to fiscal years beginning after December 15, 2017 and early adoption is permitted only for fiscal years beginning after December 15, 2016. In March, April and May 2016, the FASB issued ASU 2016-08 "*Revenue from Contracts with Customers (Topic 606): Principal versus Agent Considerations (Reporting Revenue Gross versus Net)*," ASU 2016-10 "*Revenue from Contracts with Customers (Topic 606): Identifying Performance Obligations and Licensing*," and ASU 2016-12 "*Revenue from Contracts with Customers (Topic 606): Narrow-Scope Improvements and Practical Expedients*" which provide further clarifications to be considered when implementing ASU 2014-09. The two permitted transition methods under the new standard are the full retrospective method, in which case the standard would be applied to each prior reporting period presented, or the modified retrospective method, in which case the cumulative effect of applying the standard would be recognized at the date of initial application. We are evaluating the impact of this ASU as it relates to our revenue streams, as well as certain associated expenses. In the third quarter we have made progress in evaluating the impact of this ASU. Based on our assessment (which has not yet been completed), we do not expect our adoption of the standard to have a material impact to our revenue and net income. During the fourth quarter of 2017, we will complete our assessment and implementation process prior to the adoption of ASU 2014-09 on January 1, 2018. We expect to adopt the guidance using the modified retrospective approach.

There are no other recently issued accounting pronouncements that have had, or that the Company believes will have, a material impact on the Company's consolidated financial statements.

Incentive Compensation Plan

The Company maintains the Hudson Global, Inc. 2009 Incentive Stock and Awards Plan, as amended and restated May 24, 2016 (the "ISAP"), pursuant to which it can issue equity-based compensation incentives to eligible participants. The ISAP permits the granting of stock options, restricted stock, restricted stock units, and other types of equity-based awards. The Compensation Committee of the Company's Board of Directors (the "Compensation Committee") will establish such conditions as it deems appropriate on the granting or vesting of stock options, restricted stock, restricted stock units and other types of equity-based awards. As determined by the Compensation Committee, equity awards also may be subject to immediate vesting upon the occurrence of certain events following a change in control of the Company. The Company primarily grants restricted stock and restricted stock units to its employees. A restricted stock unit is equivalent to one share of the Company's common stock and is payable only in common stock of the Company issued under the ISAP.

The Compensation Committee administers the ISAP and may designate any of the following as a participant under the ISAP: any officer or other employee of the Company or its affiliates or individuals engaged to become an officer or employee; consultants or other independent contractors who provide services to the Company or its affiliates; and non-employee directors of the Company. On May 24, 2016, the Company's stockholders approved an amendment and restatement of the ISAP to, among other things, increase the number of shares of the Company's common stock that are reserved for issuance by 2,400,000 shares. As of September 30, 2017, there were 1,814,807 shares of the Company's common stock available for future issuance under the ISAP.

A summary of the quantity and vesting conditions for stock-based units granted to the Company's employees for the nine months ended September 30, 2017 was as follows:

Vesting conditions

	Number of Restricted Stock Units Granted
Performance and service conditions (1) (2)	990,000

(1) The performance conditions with respect to restricted stock units may be satisfied as follows:

For employees from the Americas, Asia Pacific and Europe 80% of the restricted stock units may be earned on the (a) basis of performance as measured by a "regional adjusted EBITDA," and 20% of the restricted stock units may be earned on the basis of performance as measured by a "group adjusted EBITDA"; and

(b) For employees from the Corporate office 100% of the restricted stock units may be earned on the basis of performance as measured by a "group adjusted EBITDA."

(2) To the extent restricted stock units are earned on the basis of performance, such restricted stock units will vest on the basis of service as follows:

(a) 33% of the restricted stock units will vest on the first anniversary of the grant date;

(b) 33% of the restricted stock units will vest on the second anniversary of the grant date; and

(c) 34% of the restricted stock units will vest on the third anniversary of the grant date; provided that, in each case, the employee remains employed by the Company from the grant date through the applicable service vesting date.

The Company also maintains the Director Deferred Share Plan (the "Director Plan") pursuant to which it can issue restricted stock units to its non-employee directors. A restricted stock unit is equivalent to one share of the Company's common stock and is payable only in common stock issued under the ISAP upon a director ceasing service as a member of the Board of Directors of the Company. The restricted stock units vest immediately upon grant and are credited to each of the non-employee director's retirement accounts under the Director Plan. Restricted stock units issued under the Director Plan contain the right to a dividend equivalent award in the form of additional restricted stock units. The dividend equivalent award is calculated using the same rate as the cash dividend paid on a share of the Company's common stock, and then divided by the closing price of the Company's common stock on the date the dividend is paid to determine the number of additional restricted stock units to grant. Dividend equivalent awards have the same vesting terms as the underlying awards. During the nine months ended September 30, 2017, the Company granted 366,828 restricted stock units to its non-employee directors pursuant to the Director Plan. As of September 30, 2017, non-employee directors held a total of 826,484 deferred restricted stock units.

NOTE 7 – INCOME TAXES

Under ASC 270, "*Interim Reporting*", and ASC 740-270, "*Income Taxes – Intra Period Tax Allocation*", the Company is required to adjust its effective tax rate for each quarter to be consistent with the estimated annual effective tax rate. Jurisdictions with a projected loss for the full year where no tax benefit can be recognized are excluded from the calculation of the estimated annual effective tax rate. Applying the provisions of ASC 270 and ASC 740-270 could result in a higher or lower effective tax rate during a particular quarter, based upon the mix and timing of actual earnings versus annual projections.

Effective Tax Rate

The provision for income taxes for the nine months ended September 30, 2017 was \$1,525 on a pre-tax income from continuing operations of \$623, compared to a provision for income taxes of \$1,200 on pre-tax loss from continuing operations of \$7,625 for the same period in 2016. The Company's effective income tax rate was positive 244.8% and negative 15.7% for the nine months ended September 30, 2017 and 2016, respectively. For the nine months ended September 30, 2017, the effective tax rate differed from the U.S. Federal statutory rate of 35% primarily due to the inability of the Company to recognize tax benefits on certain losses until positive earnings are achieved in the U.S. and certain other foreign jurisdictions, non-deductible expenses, and variations from the U.S. tax rate in foreign jurisdictions. For the nine months ended September 30, 2016, the effective tax rate differed from the U.S. Federal statutory rate of 35% primarily due to the inability of the Company to recognize tax benefits on certain losses until positive earnings are achieved in the U.S. and certain other foreign jurisdictions, a decrease in tax benefits that were previously recognized, non-deductible expenses, and variations from the U.S. tax rate in foreign jurisdictions.

Uncertain Tax Positions

As of September 30, 2017 and December 31, 2016, the Company had \$2,204 and \$2,211, respectively, of unrecognized tax benefits, including interest and penalties, which if recognized in the future, would lower the

Company's annual effective income tax rate. Accrued interest and penalties were \$671 and \$610 as of September 30, 2017 and December 31, 2016, respectively. Estimated interest and penalties are classified as part of the provision for income taxes in the Company's Condensed Consolidated Statement of Operations and totaled to a provision of \$29 and \$31 for the nine months ended September 30, 2017 and 2016, respectively.

In many cases, the Company's unrecognized tax benefits are related to tax years that remain subject to examination by the relevant tax authorities. Tax years with net operating losses ("NOLs") remain open until such losses expire or until the statutes of limitations for those years when the NOLs are used expire. As of September 30, 2017, the Company's open tax years, which remain subject to examination by the relevant tax authorities, were principally as follows:

	Year
Earliest tax years which remain subject to examination by the relevant tax authorities:	
U.S. Federal	2014
Majority of U.S. state and local jurisdictions	2012
United Kingdom	2015
Australia	2013
Majority of other non-U.S. jurisdictions	2012

The Company believes that its tax reserves are adequate for all years that remain subject to examination or are currently under examination.

Based on information available as of September 30, 2017, it is reasonably possible that the total amount of unrecognized tax benefits could decrease in the range of \$200 to \$500 over the next 12 months as a result of projected resolutions of global tax examinations and controversies and potential expirations of the applicable statutes of limitations.

HUDSON GLOBAL, INC.**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****(in thousands, except share and per share amounts)****(unaudited)****NOTE 8 – EARNINGS (LOSS) PER SHARE**

Basic earnings (loss) per share is computed by dividing the Company's net income (loss) by the weighted average number of shares outstanding during the period. When the effects are not anti-dilutive, diluted earnings (loss) per share is computed by dividing the Company's net income (loss) by the weighted average number of shares outstanding and the impact of all dilutive potential common shares, primarily stock options "in-the-money", unvested restricted stock and unvested restricted stock units. The dilutive impact of stock options, unvested restricted stock, and unvested restricted stock units is determined by applying the "treasury stock" method. Performance-based restricted stock awards are included in the computation of diluted earnings per share only to the extent that the underlying performance conditions: (i) are satisfied prior to the end of the reporting period; or (ii) would be satisfied if the end of the reporting period were the end of the related performance period and the result would be dilutive under the treasury stock method. Stock awards subject to vesting or exercisability based on the achievement of market conditions are included in the computation of diluted earnings per share only when the market conditions are met.

A reconciliation of the numerators and denominators of the basic and diluted earnings (loss) per share calculations for the nine months ended September 30, 2017 and 2016 were as follows:

	Nine Months Ended September 30,	
	2017	2016
Earnings (loss) per share ("EPS"):		
EPS - basic and diluted:		
Income (loss) from continuing operations	\$ (0.03)	\$ (0.26)
Income (loss) from discontinued operations	—	0.01
Net income (loss)	\$ (0.03)	\$ (0.25)
EPS numerator - basic and diluted:		
Income (loss) from continuing operations	\$ (902)	\$ (8,825)
Income (loss) from discontinued operations	(34)	327
Net income (loss)	\$ (936)	\$ (8,498)
EPS denominator (in thousands):		
Weighted average common stock outstanding - basic	32,120	34,121
Common stock equivalents: stock options and other stock-based awards (a)	—	—

Weighted average number of common stock outstanding - diluted	32,120	34,121
---	--------	--------

The diluted weighted average number of shares of common stock outstanding did not differ from the basic weighted average number of shares of common stock outstanding because the effects of any potential common (a) stock equivalents (see Note 6 for further details on outstanding stock options, unvested restricted stock units and unvested restricted stock) were anti-dilutive and therefore not included in the calculation of the denominator of dilutive earnings per share.

The weighted average number of shares outstanding used in the computation of diluted net income (loss) per share for the nine months ended September 30, 2017 and 2016 did not include the effect of the following potentially outstanding shares of common stock because the effect would have been anti-dilutive:

	Nine Months Ended September 30,	
	2017	2016
Unvested restricted stock	—	150,000
Unvested restricted stock units	1,088,933	50,769

NOTE 13 – COMMITMENTS AND CONTINGENCIES

Consulting, Employment and Non-compete Agreements

The Company has entered into various consulting and employment agreements with certain key members of management. These agreements generally (i) are one year in length, (ii) contain restrictive covenants, (iii) under certain circumstances, provide for compensation and, subject to providing the Company with a release, severance payments, and (iv) are automatically renewed annually unless either party gives sufficient notice of termination.

Litigation and Complaints

The Company is subject, from time to time, to various claims, lawsuits, contracts disputes and other complaints from, for example, clients, candidates, suppliers, landlords for both leased and subleased properties, former and current employees, and regulators or tax authorities arising in the ordinary course of business. The Company routinely monitors claims such as these, and records provisions for losses when the claim becomes probable and the amount due is estimable. Although the outcome of these claims cannot be determined, the Company believes that the final resolution of these matters will not have a material adverse effect on the Company's financial condition, results of operations or liquidity.

For matters that have reached the threshold of probable and estimable, the Company has established reserves for legal, regulatory and other contingent liabilities. The legal reserves are included under the caption "Other non-current liabilities" in the Condensed Consolidated Balance Sheets. The Company's reserves were \$118 and \$105 as of September 30, 2017 and December 31, 2016, respectively.

Costs Associated with Termination

As previously disclosed, in May 2015, the Company incurred compensation and benefits obligations to its former Chairman and Chief Executive Officer, Manuel Marquez, under his employment agreement, dated March 7, 2011, in connection with the Company providing Mr. Marquez notice of non-renewal of his employment agreement, which was treated as a termination without cause. The Company had accrued \$747 as of March 31, 2016 in connection with compensation and benefits Mr. Marquez was entitled to upon a termination without cause, subject to his execution of a release. Mr. Marquez did not agree with the Company's treatment of compensation and benefits under his employment agreement and, in August 2015, filed an arbitration claim against the Company for additional amounts of up to approximately \$2,000 and reimbursement of his legal fees.

On May 27, 2016, the arbitrator issued his decision on Mr. Marquez's claim and awarded Mr. Marquez approximately \$1,800 in additional compensation and benefits and approximately \$700 toward the reimbursement of a portion of his legal fees incurred pursuing his claim. For the nine months ended September 30, 2016, the Company recorded an additional charge of \$3,025 for the resolution of this arbitration.

Asset Retirement Obligations

The Company has certain asset retirement obligations that are primarily the result of legal obligations for the removal of leasehold improvements and restoration of premises to their original condition upon termination of leases. The non-current asset retirement obligations are included under the caption "Other non-current liabilities" in the Condensed Consolidated Balance Sheets. The Company's asset retirement obligations that are included in the Condensed Consolidated Balance Sheets as of September 30, 2017 and December 31, 2016 were as follows:

	September 30, 2017	December 31, 2016

Non-current portion of asset retirement obligations	1,912	1,693

NOTE 14 – CREDIT AGREEMENTS

Receivables Finance Agreement with Lloyds Bank Commercial Finance Limited and Lloyds Bank PLC

On August 1, 2014, the Company's U.K. subsidiary ("U.K. Borrower") entered into a receivables finance agreement for an asset-based lending funding facility (the "Lloyds Agreement") with Lloyds Bank PLC and Lloyds Bank Commercial Finance Limited (together, "Lloyds"). Until September 15, 2016, the Lloyds Agreement provided the U.K. Borrower with the ability to borrow up to \$20,099 (£15,000), at which time the U.K. Borrower entered into an amendment to the Lloyds Agreement that reduced the borrowing limit to \$16,079 (£12,000). Extensions of credit are based on a percentage of the eligible accounts receivable less required reserves from the Company's U.K. operations. Borrowings under this facility are secured by substantially all of the assets of the U.K. Borrower. The initial term was two years with renewal periods every three months thereafter.

On September 15, 2017, the Lloyds Agreement was further amended to (1) reduce the maximum core facility borrowing to \$12,729 (£9,500) from \$15,409 (£11,500), which as a result, reduced the maximum borrowings to \$13,399 (£10,000) from \$16,079 (£12,000), (2) extend the term by 12 months from the date of the amendment, and (3) reduce the month end minimum excess availability to \$2,010 (£1,500) from \$2,680 (£2,000).

The credit facility under the Lloyds Agreement contains two tranches. The first tranche is a revolving facility based on the billed contracting and permanent recruitment activities in the U.K. operations ("Lloyds Tranche A"). The borrowing limit of Lloyds Tranche A is \$12,729 (£9,500) and is based on 83% of eligible billed contracting and permanent recruitment receivables. The second tranche is a revolving facility that is based on the unbilled work-in-progress (as defined under the receivables finance agreement) activities in the Company's U.K. operations ("Lloyds Tranche B"). The borrowing limit of Lloyds Tranche B is \$670 (£500) and is based on 25% of eligible work-in-progress from permanent recruitment activities. For both tranches, borrowings may be made with an interest rate based on a base rate as determined by Lloyds Bank PLC, based on the Bank of England base rate, plus 1.75%.

The Lloyds Agreement contains various restrictions and covenants including (1) that true credit note dilution may not exceed 5%, measured at audit on a regular basis; (2) debt turn may not exceed 55 days over a three month rolling period; (3) dividends by the U.K. Borrower to the Company are restricted to the value of post-tax profits; and (4) at the end of each month, there must be a minimum excess availability of \$2,010 (£1,500).

The details of the Lloyds Agreement as of September 30, 2017 were as follows:

	September 30, 2017	
Borrowing capacity	\$ 7,149	
Less: outstanding borrowing	(1,873)
Additional borrowing availability	\$ 5,276	
Interest rates on outstanding borrowing	2.00	%

The Company was in compliance with all financial covenants under the Lloyds Agreement as of September 30, 2017.

The Finance Agreement provides a bank guarantee facility of up to \$2,350 (AUD 3,000) for Hudson Australia and Hudson New Zealand. The Finance Agreement matures and becomes due and payable on October 27, 2018. A fee equal to 1.5% per annum will be charged on each bank guarantee issued under the Finance Agreement. The Finance Agreement bears a fee, payable semiannually in arrears, equal to 0.3% per annum of NAB's commitment under the Finance Agreement.

Under the terms of the APAC Sale Agreement, APAC Purchaser will make a cash payment at closing of the APAC Purchase Price, which is \$7,500 minus the items listed below from July 18, 2017 through the closing date. As of the date of this proxy statement, the payment is expected to result in estimated proceeds to APAC Sellers of \$6,000. The \$7,500 base purchase price will be reduced to account for the aggregate of all dividends, distributions and management fees paid by an APAC Subsidiary to APAC Sellers, other than (1) management fees that are invoiced but unpaid as of July 31, 2017 and (2) any dividend or distribution of the proceeds from and on closing of the transfer of the RPO Business held by an APAC Subsidiary.

The APAC Sale Agreement sets out conditions to obligations of the APAC Purchaser and APAC Sellers to close the APAC Sale Transaction. See "The Sale Agreements - APAC Sale Agreement - Conditions to Closing of the APAC Sale Transaction" within this proxy statement for a more in-depth discussion of all material conditions to the closing of the APAC Sale Transaction.

Transition Services Agreement

As part of the sale of the Company's recruitment and talent management businesses in Europe the Company entered into a transitional services agreement ("TSA") with a subsidiary to be acquired by the Europe Purchaser, pursuant to which such subsidiary of the Europe Purchaser will provide temporary office space, IT infrastructure and other support services, as outlined in the TSA, for a period of less than 12 months to help ensure an orderly transition following the completion of the sale. Due to the short-term nature of the services adjustments have not been made to the pro-forma consolidated statement of operations.

The TSAs may be amended by mutual agreement and the length of the TSAs depends on the date the transactions are closed and how quickly the transition of such services is completed.

HUDSON RECRUITMENT AND TALENT MANAGEMENT

(A DIVISION OF HUDSON GLOBAL, INC.)

NOTES TO UNAUDITED COMBINED CARVE-OUT FINANCIAL STATEMENTS

(in thousands)

NOTE 1 – THE BUSINESS

On December 17, 2017, Hudson Global, Inc. ("Hudson" or the "Parent") a Delaware corporation, entered into agreements to sell subsidiary businesses in Europe, Belgium and Asia Pacific ("APAC"). These combined subsidiaries to be sold represent global divisions of Hudson specializing in providing recruitment and talent management services to customers (the "recruitment and talent management business" or the "Division"). The Division's Recruitment services include both Permanent Recruitment and Temporary Contracting solutions. Offered on both a retained and contingent basis, the Division's Permanent Recruitment services leverage its consultants, psychologists and other professionals in the development and delivery of its proprietary methods to identify, select and engage the best-fit talent for critical client roles. Featuring embedded proprietary talent assessment and selection methodologies, the Division's Talent Management capability encompasses services such as talent assessment (utilizing a variety of competency, attitude and experiential testing), interview training, executive coaching, employee development and outplacement. The sales exclude the assets of the subsidiaries Recruitment Process Outsourcing Business, which will be transferred to Hudson or other subsidiaries retained by Hudson prior to closing the sale transactions.

NOTE 2 – BASIS OF PRESENTATION

The combined carve-out financial statements of the Division have been prepared for the purpose of complying with the rules and regulations of the U.S. Securities and Exchange Commission. The combined financial statements have been prepared on a "carve-out" basis from Hudson's accounts and reflect the historical accounts directly attributable to the recruitment and talent management business, together with allocations of costs and expenses from Hudson. The combined carve-out financial statements include allocations that management believes are reasonable and appropriate. These allocations may not be indicative of the actual costs that would have been incurred during the periods presented had the Division historically operated as a separate, stand-alone entity. All divisional intercompany transactions and balances have been eliminated in the combined carve-out financial statements.

The Division has historically been managed and operated on a consolidated basis with certain shared administrative support functions including executive management, human resources, information technology, accounting, tax and treasury services. Where specific identification of expenses was not practicable, a reasonable method of allocation was

applied to those expenses based on the underlying activity drivers as a basis of allocation, including management estimates of the proportion of shared employees' time spent supporting the Division and the corresponding application of such percentages to compensation and other applicable shared costs. Management believes such allocations are reasonable; however, these allocations may not be indicative of the actual costs that would have been incurred during the periods presented had Europe, Belgium, and APAC businesses historically operated as a separate, stand-alone entity. See Note 3 for further information regarding general corporate overhead allocations.

Hudson's net investment in the Division ("Net parent investment") is shown in lieu of stockholders' equity in the combined carve-out financial statements, and represent the excess of the carrying value of total assets over total liabilities, including the transactions between the Division and the Parent. Net parent investment is primarily impacted by changes distributions to or contributions from the Parent, which are the result of treasury activities and net funding provided by or distributed to the Parent.

The combined carve-out financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Unless otherwise stated, amounts are presented in United States of America ("U.S.") dollars and all amounts are in thousands, except for number of shares.

NOTE 3 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Allocation of Indirect Expenses

The Division has been allocated expenses from Hudson of \$2,369 and \$2,345 for the nine months ended September 30, 2017 and 2016 and \$3,061 and \$4,070 for the years ended December 31, 2016 and 2015, respectively, which are recorded under the caption "Other selling, general and administrative" in the accompanying Combined Statement of Operations and Comprehensive Income (Loss). These allocated costs are primarily related to executive management, corporate governance, human resources, accounting, administration, tax and treasury services. The costs associated with these services and support functions have been allocated by management using the most meaningful respective allocation methodologies which were primarily based on proportionate headcount and relative gross margin. Additionally, certain services and support functions are performed by the Division for the benefit of Hudson's Recruitment Process Outsourcing business. The costs associated with such services, totaled \$4,470 and \$4,756 for the nine months ended September 30, 2017 and 2016 and \$6,252 and \$5,635 for the years ended December 31, 2016 and 2015, respectively, have been allocated out of the Division in the accompanying Combined Statement of Operations and Comprehensive Income (Loss).

Use of Estimates

The preparation of combined carve-out financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions about future events. These estimates and the underlying assumptions affect the reported amounts of assets and liabilities, the disclosures about contingent assets and liabilities, and the reported amounts of revenue and expenses. Such estimates include the value of allowances for doubtful accounts, insurance recovery receivable, goodwill, intangible assets, and other long-lived assets, legal reserve and provision, estimated self-insured liabilities, assumptions used in the fair value of stock-based compensation and the valuation of deferred tax assets. These estimates and assumptions are based on management's best estimates and judgment. Management evaluates the estimates and assumptions on an ongoing basis using historical experience and other factors, including the current economic environment, which management believes to be reasonable under the circumstances. The Division adjusts such estimates and assumptions when facts and circumstances dictate. As future events and their

effects cannot be determined with precision, actual results could differ significantly from those estimates.

Nature of Business and Credit Risk

The Division's revenue is earned from professional placement services, mid-level employee professional staffing and contracting services and human capital services. These services are provided to a large number of customers in many different industries. The Division operates throughout the United Kingdom ("U.K."), Continental Europe, Australia, New Zealand and Asia. During the nine months ended September 30, 2017 and 2016 and years ended December 31, 2016 and 2015 no single client accounted for more than 10% of the Division's total revenue. As of December 31, 2017 and December 31, 2016 no single client accounted for more than 10% of the Division's outstanding accounts receivable.

Financial instruments, which potentially subject the Division to concentrations of credit risk, are primarily cash and accounts receivable. The Division performs continuing credit evaluations of its customers and does not require collateral. The Division has not experienced significant losses related to receivables.

Revenue Recognition

The Division recognizes revenue for temporary services at the time services are provided and revenue is recorded on a time and materials basis. Contracting revenue is reported on a gross basis when the Division acts as the principal in the transaction and is at risk for collection in accordance with the Financial Accounting Standards Board (the "FASB") Accounting Standards Codification Topic ("ASC") 605-45, "*Overall Considerations of Reporting Revenue Gross as a Principal versus Net as an Agent.*" The Division's revenues are derived from its gross billings, which are based on (i) the payroll cost of its worksite employees; and (ii) a markup computed as a percentage of the payroll cost.

The Division recognizes revenue for permanent placements based on the nature of the fee arrangement. Revenue generated when the Division permanently places an individual with a client on a contingent basis is recorded at the time of acceptance of employment, net of an allowance for estimated fee reversals. Revenue generated when the Division permanently places an individual with a client on a retained basis is recorded ratably over the period services are rendered, net of an allowance for estimated fee reversals.

NOTES TO UNAUDITED COMBINED CARVE-OUT FINANCIAL STATEMENTS

ASC 605-45-50-3 and ASC 605-45-50-4, "*Taxes Collected from Customers and Remitted to Governmental Authorities*," provide that the presentation of taxes on either a gross basis (included in revenue and expense) or net basis (excluded from revenue) is an accounting policy decision. In accordance with a policy election made by Management, the Division collects various taxes assessed by governmental authorities and records these amounts on a net basis.

Operating Expenses

Salaries and related expenses include the salaries, commissions, payroll taxes and employee benefits related to recruitment professionals, executive level employees, administrative staff and other employees of the Division who are not temporary contractors. Office and general expenses include occupancy, equipment leasing and maintenance, utilities, travel expenses, professional fees and provision for doubtful accounts. The Division expenses the costs of advertising and legal costs as incurred.

Stock-Based Compensation

The Division applies the fair value recognition provisions of ASC 718, "*Compensation - Stock Compensation*." The Division determines the fair value as of the grant date. For awards with graded vesting conditions, the values of the awards are determined by valuing each tranche separately and expensing each tranche over the required service period. The service period is the period over which the related service is performed, which is generally the same as the vesting period. Prior to the adoption of ASU 2016-09, the Division recorded stock-based compensation expense net of estimated forfeitures.

In accordance with ASC 718, the Division reflects the tax savings resulting from tax deductions in excess of income tax benefits as a financing cash flow in its Combined Statement of Cash Flows, when applicable.

See Note 5 for further information regarding stock based compensation.

Income Taxes

The Division's provision for income taxes and deferred tax balances as presented in the combined carve-out financial statements are calculated on a separate tax return basis. Under the separate return method, income taxes for each subsidiary of the Division are calculated as if the subsidiary was a separate taxpayer as a standalone entity.

Earnings from the Division's global operations are subject to tax in various jurisdictions both within and outside the United States. The Division accounts for income taxes in accordance with ASC 740, "*Income Taxes*". This standard establishes financial accounting and reporting standards for the effects of income taxes that result from an enterprise's activities. It requires an asset and liability approach for financial accounting and reporting of income taxes.

The calculation of net deferred tax assets assumes sufficient future earnings for the realization of such assets as well as the continued application of currently anticipated tax rates. Included in net deferred tax assets is a valuation allowance for deferred tax assets where management believes it is more likely than not that the deferred tax assets will not be realized in the relevant jurisdiction. If we determine that a deferred tax asset will not be realizable, an adjustment to the deferred tax asset will result in a reduction of earnings at that time. See Note 6 to the combined carve-out financial statements for further information regarding deferred tax assets and valuation allowance.

ASC 740-10-55-3, "*Recognition and Measurement of Tax Positions - a Two Step Process*," provides implementation guidance related to the accounting for uncertainty in income taxes recognized in an enterprise's combined carve-out financial statements and prescribes a two-step evaluation process for a tax position taken or expected to be taken in a tax return. The first step is recognition and the second is measurement. ASC 740 also provides guidance on derecognition, measurement, classification, disclosures, transition and accounting for interim periods. The Division provides tax reserves for international unrecognized tax benefits for all periods subject to audit. The development of reserves for these exposures requires judgments about tax issues, potential outcomes and timing, and is a subjective critical estimate. The Division assesses its tax positions and records tax benefits for all years subject to examination based upon management's evaluation of the facts, circumstances, and information available at the reporting dates. For those tax positions where it is more likely than not that a tax benefit will be sustained, the Division has recorded the largest amount of tax benefit with a greater than 50% likelihood of being realized upon settlement with a tax authority that has full knowledge of all relevant information. For those tax positions where it is not more likely than not that a tax benefit will be sustained, no tax benefit has been recognized in the combined carve-out financial statements. Where applicable, associated interest and penalties have also been recognized as a component of income tax expense. Although the outcome related to these exposures is uncertain, in management's opinion, adequate provisions for income taxes have been made for estimable potential liabilities emanating from these exposures. In certain circumstances, the ultimate outcome for exposures and risks involve significant uncertainties which render them inestimable. If actual outcomes differ materially from these estimates, including those that cannot be quantified, they could have material impact on the Division's results of operations.

See Note 6 for further information regarding Income Taxes.

Fair Value of Financial Instruments

The carrying amounts reported in the Combined Balance Sheets for cash and cash equivalents, accounts receivable, accounts payable and short-term borrowings approximate fair value because of the immediate or short-term maturity of these financial instruments.

Cash and Cash Equivalents

For financial statement presentation purposes, the Division considers all highly liquid investments having an original maturity of three months or less as cash equivalents.

Accounts Receivable

The Division's accounts receivable balances are composed of trade and unbilled receivables. The Division maintains an allowance for doubtful accounts and makes ongoing estimates as to the ability to collect on the various receivables. If the Division determines that the allowance for doubtful accounts is not adequate to cover estimated losses, an expense to provide for doubtful accounts is recorded in the caption "Other selling, general and administrative" in the accompanying Combined Statement of Operations. If an account is determined to be uncollectible, it is written off against the allowance for doubtful accounts. Management's assessment and judgment are vital requirements in assessing the ultimate realization of these receivables, including the current credit-worthiness, financial stability and effect of market conditions on each customer.

Property and Equipment

Property and equipment are stated at cost. Depreciation is computed primarily using the straight line method over the following estimated useful lives:

	Years
Furniture and equipment	3 - 8
Capitalized software costs	3 - 5
Computer equipment	2 - 5

Leasehold improvements are amortized over the shorter of their estimated useful lives or the lease term. The amortization periods of material leasehold improvements are estimated at the inception of the lease term.

Capitalized Software Costs

Capitalized software costs consist of costs to purchase and develop software for internal use. The Division capitalizes certain incurred software development costs in accordance with ASC 350-40, *"Intangibles Goodwill and Other: Internal-Use Software."* Costs incurred during the application-development stage for software purchased and further customized by outside vendors for the Division's use and software developed by a vendor for the Division's proprietary use have been capitalized. Costs incurred for the Division's own personnel who are directly associated with software development are capitalized as appropriate. Capitalized software costs are included in property and equipment. See Note 8 for further information regarding Property, Plant, and Equipment.

Impairment of Long-Lived Assets

The Division periodically evaluates whether events or changes in circumstances have occurred that indicate long-lived assets may not be recoverable. When such circumstances are present, the Division assesses whether the carrying value will be recovered through the expected undiscounted future cash flows resulting from the use and eventual disposition of the long-lived asset. In the event the sum of the expected undiscounted future cash flows is less than the carrying value of the long-lived asset, an impairment loss equal to the excess of the long-lived asset's carrying value over its fair value is recorded. The fair values of long-lived assets are based on the Division's own judgments about the assumptions that market participants would use in pricing the asset or on observable market data, when available.

Goodwill Impairment

ASC 350-20-35, "Intangibles-Goodwill and Other, Goodwill Subsequent Measurement," requires that goodwill not be amortized but be tested for impairment on an annual basis, or more frequently if circumstances warrant. The Division tests goodwill for impairment annually as of October 1, or more frequently if circumstances indicate that its carrying value might exceed its current fair value.

Foreign Currency Translation

The financial position and results of operations of the Division are determined using local currency as the functional currency. Assets and liabilities are translated at the exchange rate in effect at each reporting period. Statements of Operations accounts are translated at the average rate of exchange prevailing during each period. Translation adjustments arising from the use of differing exchange rates from period to period are included in the accumulated other comprehensive income (loss) account in net parent investment, other than translation adjustments on short-term intercompany balances, which are included in other income (expense). Gains and losses resulting from other foreign currency transactions are included in other income (expense).

Comprehensive Income (Loss)

Comprehensive income (loss) is defined to include all changes in equity except those resulting from investments by owners and distributions to owners. The Division's other comprehensive income (loss) is primarily comprised of foreign currency translation adjustments, which relate to investments that are permanent in nature, and changes in unrecognized pension and post-retirement benefit costs.

Recent Accounting Standard Updates Not Yet Adopted

In May 2014, the FASB issued ASU No. 2014-09, *"Revenue from Contracts with Customers (Topic 606)."* This ASU is a comprehensive new revenue recognition model that requires a company to recognize revenue to depict the transfer of goods or services to a customer at an amount that reflects the consideration it expects to receive in exchange for those goods or services. This ASU also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in judgments and assets recognized from costs incurred to obtain or fulfill a contract. In July 2015, the FASB amended the effective date of this ASU to fiscal years beginning after December 15, 2017 and early adoption is permitted only for fiscal years beginning after December 15, 2016. In March, April and May 2016, the FASB issued ASU 2016-08 *"Revenue from Contracts with Customers (Topic 606): Principal versus Agent Considerations (Reporting Revenue Gross versus Net),"* ASU 2016-10 *"Revenue from Contracts with Customers (Topic 606): Identifying Performance Obligations and Licensing,"* and ASU 2016-12 *"Revenue from Contracts with Customers (Topic 606): Narrow-Scope Improvements and Practical Expedients"* which provide further clarifications to be considered when implementing this ASU. The two permitted transition methods under the new standard are the full retrospective method, in which case the standard would be applied to each prior reporting period presented, or the modified retrospective method, in which case the cumulative effect of applying the standard would be recognized at the date of initial application. We have started evaluating the impact of this ASU as it relates to our revenue streams, as well as certain associated expenses, however, are unable at this time to assess whether the application of this ASU has a material impact on the recognition of our revenues. Depending on the results of our review, there could be changes to the classification and timing of recognition of revenues and expenses. We expect to complete our assessment process, including selecting a transition method for adoption, by the end of the third quarter of 2017 along with our implementation process prior to the adoption of this ASU on January 1, 2018.

NOTE 5– STOCK-BASED COMPENSATION

Equity Compensation Plans

Hudson maintains the Hudson Global, Inc. 2009 Incentive Stock and Awards Plan, as amended and restated on May 24, 2016 (the "ISAP"), pursuant to which it can issue equity-based compensation incentives to eligible participants. The ISAP permits the granting of stock options, restricted stock, and restricted stock units as well as other types of equity-based awards. The Compensation Committee of Hudson's Board of Directors (the "Compensation Committee") will establish such conditions as it deems appropriate on the granting or vesting of stock options, restricted stock, restricted stock units and other types of equity-based awards. As determined by the Compensation Committee, equity awards may also be subject to immediate vesting upon the occurrence of certain events following a change in control of Hudson. Hudson primarily grants restricted stock and restricted stock units to its employees. A restricted stock unit is equivalent to one share of Hudson's common stock and is payable only in common stock of Hudson issued under the ISAP.

The Compensation Committee administers the ISAP and may designate any of the following as a participant under the ISAP: any officer or other employee of Hudson or its affiliates or individuals engaged to become an officer or employee, consultants or other independent contractors who provide services to Hudson or its affiliates and non-employee directors of Hudson.

Hudson's stock plan agreements provided that a change in control of Hudson will occur if, among other things, individuals who were directors as of the date of the agreement and any new director whose appointment or election was approved or recommended by a vote of at least two-thirds of the directors then in office who were either directors on the date of the agreement or whose appointment or election was previously so approved or recommended (each, a "continuing director") cease to constitute a majority of Hudson's directors. A change in control occurred as of Hudson's 2015 annual meeting of stockholders on June 15, 2015 under these agreements because continuing directors ceased to constitute a majority of Hudson's directors. As a result, certain equity awards vested resulting in an accelerated stock-based compensation expense of \$1,328 for the year ended December 31, 2015.

A summary of the quantity and vesting conditions for stock-based units granted to the Division's employees for the nine-months ended September 30, 2017 were as follows:

Vesting conditions	Number of Restricted Stock Units Granted
Performance and service conditions (1) (2)	305,000

The performance conditions with respect to restricted stock units may be satisfied as follows: 80% of the restricted (1) stock units may be earned on the basis of performance as measured by "regional adjusted EBITDA," and 20% of the restricted stock units may be earned on the basis of performance as measured by "group adjusted EBITDA"

(2) To the extent restricted stock units are earned on the basis of performance, such restricted stock units will vest on the basis of service as follows:

(a) 33% of the restricted stock units will vest on the first anniversary of the grant date;

(b) 33% of the restricted stock units will vest on the second anniversary of the grant date; and

(c) 34% of the restricted stock units will vest on the third anniversary of the grant date; provided that, in each case, the employee remains employed by the Division from the grant date through the applicable service vesting date.

For the nine-months ended September 30, 2017 and 2016 and for the years ended December 31, 2016 and 2015, the Division's stock-based compensation expense related to restricted stock and restricted stock units were as follows:

HUDSON RECRUITMENT AND TALENT MANAGEMENT**(A DIVISION OF HUDSON GLOBAL, INC.)****NOTES TO UNAUDITED COMBINED CARVE-OUT FINANCIAL STATEMENTS****(in thousands)****Tax Rate Reconciliation**

The effective tax rates for the years ended December 31, 2016 and 2015 were negative 147.1%, and 24.3% respectively. These effective tax rates differ from the U.S. Federal statutory rate of 35% due to changes in valuation allowances in certain foreign jurisdictions, which reduce or eliminate the effective tax rate on current year profits or losses, variations from the U.S. Federal statutory rate in foreign jurisdictions, and non-deductible expenses.

The following is a reconciliation of the effective tax rate for the years ended December 31, 2016 and 2015 to the U.S. Federal statutory rate of 35%:

	Year ended December 31,	
	2016	2015

Deferred Taxes Assets (Liabilities)

Deferred income taxes are provided for the tax effect of temporary differences between the financial reporting basis and the tax basis of assets and liabilities. Net deferred tax assets have been classified as non-current in the accompanying Combined Balance Sheets. Significant temporary differences at December 31, 2016 and 2015 were as follows:

	As of December 31,	
	2016	2015
Deferred tax assets (liabilities):		

Allowance for doubtful accounts	\$ 103	\$ 62
Property and equipment	(200)	292

Deferred tax assets (liabilities) gross, total	22,520	24,986
Valuation allowance	(22,482)	(22,530)
Deferred tax assets (liabilities), net of valuation allowance, total	\$ 38	\$ 2,456

Net Operating Losses ("NOLs") and Valuation Allowance

As of December 31, 2016, certain subsidiaries of the Division had NOLs for local tax purposes of \$71,335. With the exception of \$69,600 of NOLs with an indefinite carry forward period as of December 31, 2016, these losses will expire at various dates through 2036, with \$36 scheduled to expire during 2017. The deferred tax recognized for NOLs are presented net of unrecognized tax benefits, where applicable.

ASC 740-10-30-5 requires that a valuation allowance be established when it is more likely than not that all or a portion of a deferred tax asset will not be realized. In making this assessment, management considers the level of historical taxable income, scheduled reversals of deferred tax liabilities, tax planning strategies, and projected future taxable income. The provision for income tax includes a net tax benefit of \$1,981, resulting from changes in judgment regarding the realizability of deferred tax assets in future years. As of December 31, 2016, \$18,824 of the valuation allowance relates to the deferred tax asset for NOLs, all of which is foreign, that management has determined will more likely than not expire prior to realization. The remaining valuation allowance of \$3,657 relates to deferred tax assets on foreign temporary differences that management estimates will not be realized due to the Division's foreign tax losses.

HUDSON RECRUITMENT AND TALENT MANAGEMENT**(A DIVISION OF HUDSON GLOBAL, INC.)****NOTES TO UNAUDITED COMBINED CARVE-OUT FINANCIAL STATEMENTS****(in thousands)****Uncertain Tax Positions**

As of December 31, 2016 and 2015, the Division's unrecognized tax benefits, including interest and penalties, which would lower the Division's annual effective income tax rate if recognized in the future, were as follows:

	As of December 31,	
	2016	2015
Gross unrecognized tax benefits excluding interest and penalties	\$ 734	\$ 827
Less: amount presented as a reduction to a deferred tax asset	(256)	(91)
Unrecognized tax benefits, excluding interest and penalties	\$ 478	\$ 736
Accrued interest and penalties	118	99
Total unrecognized tax benefits that would impact the effective tax rate	\$ 596	\$ 835

The following table shows a reconciliation of the beginning and ending amounts of unrecognized tax benefits, exclusive of interest and penalties:

Balance at January 1, 2016	\$827
Additions based on tax positions related to the current year	88
Additions for tax positions of prior years	5
Lapse of statute of limitations	(138)
Currency Translation	(48)
Balance at December 31, 2016	\$734

Estimated interest and penalties classified as part of the provision for income taxes in the Division's Combined Statement of Operations and Other Comprehensive Income (Loss) for the years ended December 31, 2016 and 2015 were as follows:

	Year ended December 31,	
	2016	2015
Expense for (benefit of) estimated interest and penalties related to unrecognized tax benefits	\$ 24	\$ 12

Based on information available as of September 30, 2017, it is reasonably possible that the total amount of unrecognized tax benefits could decrease in the range of \$100 to \$200 over the next 12 months as a result of projected resolutions of global tax examinations and controversies and potential lapses of the applicable statutes of limitations.

In many cases, the Division's unrecognized tax benefits are related to tax years that remain subject to examination by the relevant tax authorities. Tax years with NOLs remain open until such losses expire or the statutes of limitations for those years when the NOLs are used or expire. As of September 30, 2017, the Division's open tax years remain subject to examination by the relevant tax authorities and currently under income tax examination were principally as follows:

	Year
Earliest tax years remain subject to examination by the relevant tax authorities:

Australia	2012
Majority of other jurisdictions	2011

The Division believes that its tax reserves are adequate for all years subject to examination above.

Depreciation expense is not recorded for such assets until they are placed in service.

Impairment of Long-Lived Assets

During the fourth quarter of 2016, the Division experienced continued declines in the operating results within certain markets. These events were deemed to be triggering events that required the Division to perform an impairment assessment with respect to long-lived assets, primarily property and equipment. The Division estimated the expected undiscounted future cash flows resulting from the long-lived assets' use and eventual disposition, and compared it to their carrying value. The undiscounted future cash flows exceeded the asset group's carrying value, indicating the Division's long-lived assets were not impaired.

On October 1, 2016 and 2015, the Division applied ASC 350-20-35, and performed quantitative assessments to determine whether it was more likely than not that the fair value of its China reporting unit was less than its carrying value. At the conclusion of its assessment, the Division determined the fair value of the reporting unit exceeded its carrying value. As such, the Division determined that no impairment of goodwill had taken place.

The Division initiated and executed certain strategic actions requiring business reorganization ("2016 Exit Plan"). Business exit costs associated with the 2016 Exit Plan primarily consisted of employee termination benefits, lease termination payments and costs for elimination of contracts for certain discontinued services and locations.

Hudson's board of directors previously approved other reorganization plans in prior years (the "Previous Plans"). Business exit costs associated with Previous Plans primarily consisted of employee termination benefits, lease termination payments and costs for elimination of contracts for certain discontinued services and locations.

For the year ended December 31, 2016, restructuring charges associated with these initiatives primarily included employee separation costs in Europe and APAC and lease termination payments for rationalized offices and professional fees in Europe under the 2016 Exit Plan and Previous Plans.

Commitments and sublease rentals based in currencies other than U.S. dollars were translated using exchange rates as of September 30, 2017.

Asset Retirement Obligations

The Division has certain asset retirement obligations that are primarily the result of legal obligations for the removal of leasehold improvements and restoration of premises to their original condition upon termination of leases. The current portion of asset retirement obligations are included under the caption "Accrued expenses and other current liabilities" in the Combined Balance Sheets. The non-current portion of asset retirement obligations are included under the caption "Other non-current liabilities" in the Combined Balance Sheets. The Division's asset retirement obligations that are included in the Combined Balance Sheets as of September 30, 2017 and December 31, 2016 and 2015 were as follows:

Consulting, Employment and Non-compete Agreements

The Division has entered into various consulting, and employment agreements with certain key members of management. These agreements generally (i) are one year in length, (ii) contain restrictive covenants, (iii) under certain circumstances, provide for compensation and subject to providing the Division with a release, severance payments, and (iv) are automatically renewed annually unless either party gives sufficient notice of termination.

Litigation and Complaints

The Division is subject, from time to time, to various claims, lawsuits, contracts disputes and other complaints from, for example, clients, candidates, suppliers, landlords for both leased and subleased properties, former and current employees, and regulators or tax authorities arising in the ordinary course of business. The Division routinely monitors claims such as these, and records provisions for losses when the claim becomes probable and the amount due is estimable. Although the outcome of these claims cannot be determined, the Division believes that the final resolution of these matters will not have a material adverse effect on the Division's financial condition, results of operations or liquidity.

For matters that have reached the threshold of probable and estimable, the Division has established reserves for legal, regulatory and other contingent liabilities. The Division's reserves were \$118 as of September 30, 2017 and \$105 and \$109 as of December 31, 2016 and 2015, respectively.

NOTE 13 – CREDIT AGREEMENTS

Receivables Finance Agreement with Lloyds Bank Commercial Finance Limited and Lloyds Bank PLC

On August 1, 2014, the Division's U.K. subsidiary ("U.K. Borrower") entered into a receivables finance agreement for an asset-based lending funding facility (the "Lloyds Agreement") with Lloyds Bank PLC and Lloyds Bank Commercial Finance Limited (together, "Lloyds"). Until September 15, 2016, the Lloyds Agreement provided the U.K. Borrower with the ability to borrow up to \$20,099 (£15,000), at which time the U.K. Borrower entered into an amendment to the Lloyds Agreement that reduced the borrowing limit to \$16,079 (£12,000). Extensions of credit are based on a percentage of the eligible accounts receivable less required reserves from the Division's U.K. operations. Borrowings under this facility are secured by substantially all of the assets of the U.K. Borrower. The initial term was two years with renewal periods every three months thereafter.

On September 15, 2017, the Lloyds Agreement was further amended to (1) reduce the maximum core facility borrowing to \$12,729 (£9,500) from \$15,409 (£11,500), which as a result, reduced the maximum borrowings to \$13,399 (£10,000) from \$16,079 (£12,000), (2) extend the term by 12 months from the date of the amendment, and (3) reduce the month end minimum excess availability to \$2,010 (£1,500) from \$2,680 (£2,000).

The credit facility under the Lloyds Agreement contains two tranches. The first tranche is a revolving facility based on the billed contracting and permanent recruitment activities in the U.K. operations ("Lloyds Tranche A"). The borrowing limit of Lloyds Tranche A is \$12,729 (£9,500) and is based on 83% of eligible billed contracting and permanent recruitment receivables. The second tranche is a revolving facility that is based on the unbilled work-in-progress (as defined under the receivables finance agreement) activities in the Division's U.K. operations ("Lloyds Tranche B"). The borrowing limit of Lloyds Tranche B is \$670 (£500) and is based on 25% of eligible work-in-progress from permanent recruitment activities. For both tranches, borrowings may be made with an interest rate based on a base rate as determined by Lloyds Bank PLC, based on the Bank of England base rate, plus 1.75%.

The Lloyds Agreement contains various restrictions and covenants including (1) that true credit note dilution may not exceed 5%, measured at audit on a regular basis; (2) debt turn may not exceed 55 days over a three month rolling period; (3) dividends by the U.K. Borrower to the Division are restricted to the value of post-tax profits; and (4) at the end of each month, there must be a minimum excess availability of \$2,010 (£1,500).

The details of the Lloyds Agreement as of September 30, 2017 were as follows:

	September 30, 2017	
Borrowing capacity	\$ 7,149	
Less: outstanding borrowing	(1,873)
Additional borrowing availability	\$ 5,276	
Interest rates on outstanding borrowing	2.00	%

The Division was in compliance with all financial covenants under the Lloyds Agreement as of September 30, 2017, December 31, 2016 and 2015.

NOTE 14 – SEGMENT AND GEOGRAPHIC DATA**Segment Reporting**

The Division operates in two reportable segments: the Hudson recruitment and talent management businesses of Hudson APAC and Hudson Europe. Segment information is presented in accordance with ASC 280, "Segments Reporting." This standard is based on a management approach that requires segmentation based upon the Division's internal organization and disclosure of revenue and certain expenses based upon internal accounting methods. The Division's financial reporting systems present various data for management to run the business, including internal profit and loss statements prepared on a basis not consistent with U.S. GAAP. Accounts receivable, net and long-lived assets are the only significant assets separated by segment for internal reporting purposes.

The Company matches clients and candidates to address client needs on a part time, full time and interim basis. Part of that expertise is derived from research on hiring trends and the Company's clients’ current successes and challenges with their staff. Current Market Conditions

Economic conditions in most of the world's major markets remain mixed. In the U.K., the referendum to exit the European Union (commonly referred to as "Brexit") adversely impacted global markets, including currencies, and resulted in a decline in the value of the British pound as compared to the U.S. dollar. A weaker British pound compared to the U.S. dollar during a reporting period causes local currency results of the Company's U.K. operations to be translated into fewer U.S. dollars. The Company's U.K. operations, future financial performance and translation of results may be affected, in part, by the outcome of tariff, trade, regulatory, and other negotiations as the U.K. negotiates its exit from the European Union.

Conditions in Continental Europe have shown improvement with GDP growth in most of the major markets, as well as forecasted GDP growth for the remainder of 2017, although the political situation in Spain could negatively impact GDP growth in the short term. Australia faces a modest GDP growth outlook for the remainder of 2017, and the outlook for Asia is improving as China's growth outlook has stabilized.

The Company closely monitors the economic environment and business climate in its markets and responds accordingly. At this time, the Company is unable to accurately predict the outcome of these events or changes in general economic and political conditions and their effect on the demand for the Company's services.

Financial Performance

The Company achieved positive financial performance for the third quarter of 2017 in most of the markets in which it operates.

Constant Currency

The Company operates on a global basis, with the majority of its gross margin generated outside of the U.S. Accordingly, fluctuations in foreign currency exchange rates can affect the Company's results of operations. For the discussion of reportable segment results of operations, the Company uses constant currency information. Constant currency compares financial results between periods as if exchange rates had remained constant period-over-period. The Company defines the term "constant currency" to mean that financial data for a previously reported period are translated into U.S. dollars using the same foreign currency exchange rates that were used to translate financial data for the current period. The Company's management reviews and analyzes business results in constant currency and believes these results better represent the Company's underlying business trends. Changes in foreign currency exchange rates generally impact only reported earnings.

Changes in revenue, gross margin, SG&A and Non-Op, business reorganization, operating income (loss), net income (loss) and EBITDA (loss) from continuing operations include the effect of changes in foreign currency exchange rates. The tables below summarize the impact of foreign currency exchange adjustments on the Company's operating results for the nine months ended September 30, 2017 and 2016.

SG&A and Non-Op is a measure that management uses to evaluate the segments' expenses, which include the following captions on the Condensed Consolidated Statement of Operations, attached to the proxy statement as (a) Annex E: Salaries and related, Other selling, general and administrative, and other income (expense), net. Corporate management service allocations are included in the segments' other income (expense).

Use of EBITDA (Non-GAAP measure)

Management believes EBITDA is a meaningful indicator of the Company's performance that provides useful information to investors regarding the Company's financial condition and results of operations. Management also considers EBITDA to be the best indicator of operating performance and most comparable measure across the regions in which the Company operates. Management also uses this measure to evaluate capital needs and working capital requirements. EBITDA should not be considered in isolation or as a substitute for operating income, or net income prepared in accordance with generally accepted accounting principles in the United States of America ("GAAP") or as a measure of the Company's profitability. EBITDA is derived from net income (loss) adjusted for the provision for (benefit from) income taxes, interest expense (income), and depreciation and amortization.

The reconciliation of EBITDA to the most directly comparable GAAP financial measure is provided in the table below:

See Note 5 to the Condensed Consolidated Financial Statements, attached to the proxy statement as Annex E for direct costs and gross margin information.

The provision for income taxes for the nine months ended September 30, 2017 was \$1.5 million on \$0.6 million of pre-tax income from continuing operations, as compared to a provision for income tax of \$1.2 million on \$7.6 million of pre-tax loss from continuing operations for the same period in 2016. The effective tax rate for the nine months ended September 30, 2017 was 244.8%, as compared to beneficial rate of 15.7% for the same period in 2016. For the nine months ended September 30, 2017, the effective tax rate differed from the U.S. Federal statutory rate of 35% primarily due to the inability of the Company to recognize tax benefits on certain losses until positive earnings are achieved in the U.S. and certain other foreign jurisdictions, non-deductible expenses, and variations from the U.S. tax rate in foreign jurisdictions. For the nine months ended September 30, 2016, the effective tax rate differed from the

U.S. Federal statutory rate of 35% primarily due to the inability of the Company to recognize tax benefits on certain losses until positive earnings are achieved in the U.S. and certain other foreign jurisdictions, a decrease in tax benefits that were previously recognized, non-deductible expenses, and variations from the U.S. tax rate in foreign jurisdictions.

Net Income (Loss)

Net loss was \$0.9 million for the nine months ended September 30, 2017, as compared to net loss of \$8.5 million for the same period in 2016, a decrease in net loss of \$7.6 million. Basic and diluted loss per share were \$0.03 for the nine months ended September 30, 2017, as compared to basic and diluted loss per share of \$0.25 for the same period in 2016.

\$ in millions	For the Nine Months Ended September 30,	
	2017	2016
Net cash provided by (used in) operating activities	\$ (3.5)	\$ (15.1)

The decline in net cash used in operating activities resulted principally from a decrease in net loss partially offset by an increase in working capital. For the nine months ended September 30, 2017, net cash used in operating activities from discontinued operations was \$0.2 million, as compared to \$0.7 million for the same period in 2016.

Cash Flows from Investing Activities

The decrease in net cash used in investing activities was due to a decrease in capital expenditures.

Cash Flows from Financing Activities

For the nine months ended September 30, 2017, net cash used in financing activities was \$1.3 million, as compared to net cash used in financing activities of \$2.9 million for the same period in 2016, an decrease in net cash used in financing activities of \$1.6 million. The decrease in net cash used in financing activities was primarily attributable to a decrease in net borrowings, treasury stock purchases and dividend payments.

Credit Agreements

Receivables Finance Agreement with Lloyds Bank Commercial Finance Limited and Lloyds Bank PLC

On August 1, 2014, the Company's U.K. subsidiary ("U.K. Borrower") entered into a receivables finance agreement for an asset-based lending funding facility (the "Lloyds Agreement") with Lloyds Bank PLC and Lloyds Bank Commercial Finance Limited (together, "Lloyds"). Until September 15, 2016, the Lloyds Agreement provided the U.K. Borrower with the ability to borrow up to \$20.1 million (£15.0 million), at which time the U.K. Borrower entered into an amendment to the Lloyds Agreement that reduced the borrowing limit to \$16.1 million (£12.0 million). Extensions of credit are based on a percentage of the eligible accounts receivable less required reserves from the Company's U.K. operations. The initial term was two years with renewal periods every three months thereafter. Borrowings under this facility are secured by substantially all of the assets of the U.K. Borrower.

On September 15, 2017, the Lloyds Agreement was further amended to (1) reduce the maximum core facility borrowing to \$12.7 million (£9.5 million) from \$15,409 (£11.5 million), which as a result, reduced the maximum borrowings to \$13.4 million (£10.0 million) from \$16.1 million (£12.0 million), (2) extend the term by 12 months from the date of the amendment, and (3) reduce the month end minimum excess availability to \$2.0 million (£1.5 million) from \$2.7 million (£2.0 million).

The credit facility under the Lloyds Agreement contains two tranches. The first tranche is a revolving facility based on the billed contracting and permanent recruitment activities in the U.K. operations ("Lloyds Tranche A"). The borrowing limit of Lloyds Tranche A is \$12.7 million (£9.5 million) and is based on 83% of eligible billed contracting and permanent recruitment receivables. The second tranche is a revolving facility that is based on the unbilled work-in-progress (as defined under the receivables finance agreement) activities in the Company's U.K. operations ("Lloyds Tranche B"). The borrowing limit of Lloyds Tranche B is \$0.7 million (£0.5 million) and is based on 25% of eligible work-in-progress from permanent recruitment activities. For both tranches, borrowings may be made with an interest rate based on a base rate as determined by Lloyds Bank PLC, based on the Bank of England base rate, plus 1.75%.

The Lloyds Agreement contains various restrictions and covenants including (1) that true credit note dilution may not exceed 5%, measured at audit on a regular basis; (2) debt turn may not exceed 55 days over a three month rolling period; (3) dividends by the U.K. Borrower to the Company are restricted to the value of post-tax profits; and (4) at the end of each month, there must be a minimum excess availability of \$2.0 million (£1.5 million).

The details of the Lloyds Agreement as of September 30, 2017 were as follows:

\$ in millions	September 30, 2017
Borrowing capacity	\$ 7.1
Less: outstanding borrowing	(1.9)
Additional borrowing availability	\$ 5.2
Interest rates on outstanding borrowing	2.00 %

The Company was in compliance with all financial covenants under the Lloyds Agreement as of September 30, 2017.

The Australian Receivables Agreement provides a receivables facility of up to \$19.6 million (AUD 25.0 million) for Hudson Australia, which is based on an agreed percentage of eligible accounts receivable, and of which up to \$3.1 million (AUD 4.0 million) may be used to support the working capital requirements of operations in China, Hong Kong and Singapore. The Australian Receivables Agreement does not have a stated maturity date and can be terminated by Hudson Australia or NAB upon 90 days written notice. Borrowings under the Australian Receivables Agreement may be made with an interest rate based on a market rate plus a margin of 1.5% per annum. The Company was in compliance with all financial covenants under the NAB Facility Agreement as of September 30, 2017.

Other Credit Agreements

The Company also has lending arrangements with local banks through its subsidiaries in Belgium and Singapore. The Belgium subsidiary has a \$1.2 million (€1.0 million) overdraft facility. Borrowings under the Belgium lending arrangements may be made with an interest rate based on the one-month EURIBOR plus a margin, and was 2.75% as of September 30, 2017. The lending arrangement in Belgium has no expiration date and can be terminated with a 15-day notice period. There were no outstanding borrowings under the Belgium lending agreement as of September 30, 2017.

In Singapore, the Company's subsidiary can borrow up to \$0.1 million (SGD 0.2 million) for working capital purposes. Interest on borrowings under the Singapore overdraft facility is based on the Singapore Prime Rate plus a margin of 1.75%, and it was 6.00% on September 30, 2017. The Singapore overdraft facility expires annually each August, but can be renewed for one-year periods at that time. As of September 30, 2017, the Singapore overdraft facility had outstanding borrowings of \$24 thousand (SGD 32 thousand) and additional borrowings availability of \$124 thousand (SGD 168 thousand).

H-17

The average aggregate monthly outstanding borrowings for the credit agreements above was \$11.8 million for the nine months ended September 30, 2017. The weighted average interest rate on all outstanding borrowings for the nine months ended September 30, 2017 was 3.04%.

The Company continues to use the aforementioned credit to support its ongoing global working capital requirements, capital expenditures and other corporate purposes and to support letters of credit. Letters of credit and bank guarantees are used primarily to support office leases.

Liquidity Outlook

As of September 30, 2017, the Company had cash and cash equivalents on hand of \$16.8 million, supplemented by additional borrowing availability of \$20.1 million under the Lloyds Agreement, the NAB Facility Agreement and other lending arrangements in Belgium and Singapore. The Company believes that it has sufficient liquidity to satisfy its needs through at least the next 12 months, based on the Company's total liquidity as of September 30, 2017. The Company's near-term cash requirements during 2017 are primarily related to funding operations. For the full year 2017, the Company expects to make capital expenditures of approximately \$1.0 million to \$1.5 million and payments in connection with previous years restructuring actions of \$2.0 million to \$2.5 million.

As of September 30, 2017, \$5.2 million of the Company's cash and cash equivalents noted above were held in the U.S. and the remainder were held outside the U.S., primarily in Belgium (\$3.2 million), the U.K. (\$2.1 million), Spain (\$1.6 million), Mainland China (\$1.5 million) and France (\$1.4 million). The majority of the Company's offshore cash is available to it as a source of funds, net of any tax obligations or assessments. Unrepatriated cumulative earnings of certain foreign subsidiaries are considered to be invested indefinitely outside of the U.S., except where the Company is able to repatriate these earnings to the U.S. without a material incremental tax provision. In managing its day-to-day liquidity and its capital structure, the Company does not rely on the unrepatriated earnings as a source of funds. The Company has not provided for U.S. Federal income or foreign withholding taxes on these undistributed foreign earnings because a distribution of these foreign earnings with material incremental tax provision is unlikely to occur in the foreseeable future. It is not practicable to determine the amount of tax associated with such undistributed earnings.

The Company believes that future external market conditions remain uncertain, particularly access to credit, rates of near-term projected economic growth and levels of unemployment in the markets in which the Company operates. Due to these uncertain external market conditions, the Company cannot provide assurance that its actual cash requirements will not be greater in the future than those currently expected, especially if market conditions deteriorate substantially. If sources of liquidity are not available or if the Company cannot generate sufficient cash flow from operations, the Company could be required to obtain additional sources of funds through additional operating improvements, capital market transactions, asset sales or financing from third parties, or a combination of those sources. The Company cannot provide assurance that these additional sources of funds will be available or, if

available, would have reasonable terms.

Contingencies

From time to time in the ordinary course of business, the Company is subject to compliance audits by federal, state, local and foreign government regulatory, tax and other authorities relating to a variety of regulations, including wage and hour laws, unemployment taxes, workers' compensation, immigration, and income, value-added and sales taxes. The Company is also subject to, from time to time in the ordinary course of business, various claims, lawsuits and other complaints from, for example, clients, candidates, suppliers, landlords for both leased and subleased properties, former and current employees, and regulators or tax authorities. Periodic events and management actions such as business reorganization initiatives can change the number and type of audits, claims, lawsuits, contract disputes or complaints asserted against the Company. Events can also change the likelihood of assertion and the behavior of third parties to reach resolution regarding such matters.

H-18

The economic circumstances in the recent past have given rise to many news reports and bulletins from clients, tax authorities and other parties about changes in their procedures for audits, payment, plans to challenge existing contracts and other such matters aimed at being more aggressive in the resolution of such matters in their own favor. The Company believes that it has appropriate procedures in place for identifying and communicating any matters of this type, whether asserted or likely to be asserted, and it evaluates its liabilities in light of the prevailing circumstances. Changes in the behavior of third parties could cause the Company to change its view of the likelihood of a claim and what might constitute a trend. Employment laws vary in the markets in which we operate, and in some cases, employees and former employees have extended periods during which they may bring claims against the Company.

For matters that have reached the threshold of probable and estimable, the Company has established reserves for legal, regulatory and other contingent liabilities. The Company's reserves were \$0.1 million and \$0.1 million as of September 30, 2017 and December 31, 2016, respectively. Although the outcome of these matters cannot be determined, the Company believes that none of the currently pending matters, individually or in the aggregate, will have a material adverse effect on the Company's financial condition, results of operations or liquidity.

Strategic Actions

During the year ended December 31, 2015, the Company executed on strategic actions to focus on its core business lines and growth opportunities. These actions included:

In February 2015, the Company's management approved the exit of operations in certain countries within Central and Eastern Europe (Ukraine, Czech Republic and Slovakia). During the second quarter of 2015, the Company deemed the liquidation of those Central and Eastern Europe businesses to be substantially complete. As such, under ASC 830, "*Foreign Currency Matters*," the Company transferred \$1.2 million of accumulated foreign currency translation gains from accumulated other comprehensive income to the statement of operations within gain on sale and exit of businesses. See Note 3 to the Consolidated Financial Statements, attached to the proxy statement as Annex D for additional information.

In March 2015, the Company's management approved the exit of operations in Luxembourg. During the third quarter of 2015, the Company deemed the liquidation of its Luxembourg business to be substantially complete. As such, under ASC 830, "*Foreign Currency Matters*," the Company transferred \$0.1 million of accumulated foreign currency translation losses from accumulated other comprehensive income to the statement of operations within gain on sale and exit of businesses. See Note 3 to the Consolidated Financial Statements, attached to the proxy statement as Annex D for additional information.

On May 7, 2015, the Company completed the sale of its Netherlands business to InterBalance Group B.V., effective April 30, 2015, in a management buyout for \$9.0 million, including cash sold of \$1.1 million. The Company recognized a gain on sale of \$2.8 million, net of closing and other direct transaction costs, on the divestiture of the Netherlands business which included \$2.8 million of non-cash accumulated foreign currency translation losses. See Note 3 to the Consolidated Financial Statements, attached to the proxy statement as Annex D for additional information.

On June 15, 2015, the Company completed the sale of its Hudson Information Technology (US) business (the "US IT business") for \$17.0 million in cash. The Company retained approximately \$3.0 million in net working capital associated with the US IT business. The Company recognized a gain on sale of \$15.9 million, net of closing and other direct transaction costs. See Note 3 to the Consolidated Financial Statements, attached to the proxy statement as Annex D for additional information.

In August 2015, the Company exited its operations in Ireland.

In the fourth quarter of 2015, the Company substantially completed the migration of the remaining Americas business to a new, lower-cost, IT platform and shared service center and decommissioned the legacy support infrastructures.

Discontinued Operations

Effective November 9, 2014, the Company completed the sale of substantially all of the assets and certain liabilities of its Legal eDiscovery business in the U.S. and U.K. to Document Technologies, LLC and DTI of London Limited for \$23.0 million in cash, and recorded a gain of \$11.3 million in connection with the sale. In addition, the Company ceased its operations in Sweden within the Hudson Europe segment during the third quarter of 2014.

The Company's divestiture of its Legal eDiscovery business and exit of operations in Sweden accounted for \$0.2 million of operating income and \$0.0 million of operating loss for the year ended December 31, 2016, respectively, which have been reclassified to discontinued operations for all periods presented and have been excluded from continuing operations and from segment results for all periods presented in accordance with the provisions of ASC 205-20-45 "Reporting Discontinued Operations". See Note 4 to the Consolidated Financial Statements, attached to the proxy statement as Annex D for additional information.

Current Market Conditions

Economic conditions in most of the world's major markets remain mixed. In the U.K., the June 23, 2016 referendum by British voters to exit the European Union (commonly referred to as "Brexit") adversely impacted global markets, including currencies, and resulted in a decline in the value of the British pound as compared to the U.S. dollar. A weaker British pound compared to the U.S. dollar during a reporting period causes local currency results of the Company's U.K. operations to be translated into fewer U.S. dollars. The Company's U.K. operations, future financial performance and translation of results may be affected, in part, by the outcome of tariff, trade, regulatory, and other negotiations as the U.K. negotiates its exit from the European Union.

Conditions in Continental Europe have shown improvement with GDP growth in most of the major markets, as well as forecasted GDP growth for 2017. Australia faces a modest growth outlook for 2017, while the outlook for Asia is uncertain given China's slowing growth outlook.

The Company closely monitors the economic environment and business climate in its markets and responds accordingly. At this time, the Company is unable to accurately predict the outcome of these events or changes in general economic conditions and their effect on the demand for the Company's services.

Financial Performance

For the year ended December 31, 2016, the Company increased revenue in its retained businesses in most markets. On a constant currency basis, for the year ended December 31, 2016, revenue and gross margin declined by \$20.7 million and \$7.2 million, or 4.7% and 4.0%, respectively, compared to 2015. A primary driver of the decrease was attributable to the prior year divestitures of the Netherlands, US IT business, Luxembourg and Central and Eastern Europe businesses. The following table reconciles the change in reported revenue and gross margin for the year ended December 31, 2016:

H-23

\$ in millions	Year Ended December 31, 2016

Central and Eastern Europe divestitures	(0.1)	(0.1)
Retained businesses increase (decrease)	6.1	(0.9)
Reported change	\$ (20.7)	\$ (7.2)

On a constant currency basis, the Company's retained businesses experienced an overall increase in revenue for the year ended 2016, as compared to 2015. This was driven by retained revenue growth in 10 countries, led by Australia, Belgium, New Zealand, France, Hong Kong and the Americas. The increases were partially offset by declines in revenue in the U.K. and China.

Long-lived Assets and Goodwill

Under Financial Accounting Standards Board ("FASB") Accounting Standard Codification ("ASC") 360, "*Property, Plant, and Equipment*," the Company is required to test a long-lived asset for impairment if circumstances indicate that its carrying value might exceed its current fair value.

During the fourth quarter of 2016, the Company experienced continued declines in the operating results within certain markets. These events were deemed to be triggering events that required the Company to perform an impairment assessment with respect to long-lived assets, primarily property and equipment. The Company's internal projections as of the fourth quarter of 2016 anticipate improvement in its operating performance in 2017. The undiscounted future cash flows resulting from the long-lived assets use and eventual disposition, exceeded the asset groups' carrying values. Accordingly, management concluded the Company's long-lived assets were not impaired.

In addition to the Company's long-lived assets impairment testing, the Company's management also tested its goodwill for potential impairment as of October 1, 2016. At the conclusion of its goodwill impairment testing, the Company determined the fair value of its China reporting unit substantially exceeded its carrying value. As such, the Company determined that no impairment of goodwill had taken place.

Although the Company currently anticipates improvement in its operating results for 2017, if general economic conditions in certain markets in which the Company operates remain weak, or if the Company's performance does not improve, the Company may record impairment charges related to goodwill and other long-lived assets in the future.

Constant Currency

The Company operates on a global basis, with the majority of its gross margin generated outside of the U.S. Accordingly, fluctuations in foreign currency exchange rates can affect our results of operations. For the discussion of reportable segment results of operations, the Company uses constant currency information. Constant currency compares financial results between periods as if exchange rates had remained constant period-over-period. The Company defines the term "constant currency" to mean that financial data for previously reported periods are translated into U.S. dollars using the same foreign currency exchange rates that were used to translate financial data for the current period. The Company's management reviews and analyzes business results in constant currency and believes these results better represent the Company's underlying business trends.

H-25

Changes in revenue, gross margin, SG&A and Non-Op, business reorganization, operating income (loss), net income (loss) and EBITDA (loss) include the effect of changes in foreign currency exchange rates. The tables below summarize the impact of foreign currency exchange rate adjustments on the Company's operating results for the years ended December 31, 2016 and 2015.

Use of EBITDA (Non-GAAP measure)

Management believes EBITDA is a meaningful indicator of the Company's performance that provides useful information to investors regarding the Company's financial condition and results of operations. EBITDA is also considered by management as an indicator of operating performance and most comparable measure across the regions in which we operate. Management also uses this measurement to evaluate capital needs and working capital requirements. EBITDA should not be considered in isolation or as a substitute for operating income or net income prepared in accordance with generally accepted accounting principles in the U.S. ("GAAP") or as a measure of the Company's profitability. EBITDA is derived from net income (loss) adjusted for the provision for (benefit from) income taxes, interest expense (income), and depreciation and amortization.

The reconciliation of EBITDA to the most directly comparable GAAP financial measure is provided in the table below:

Contracting gross margin is derived by deducting the direct costs of contracting from contracting revenue. The Company's calculation of gross margin may differ from those of other companies. See details in Results of Operations for further discussions of the changes in contracting revenue and gross margin.

In Continental Europe, for the year ended December 31, 2016, total revenue was \$53.8 million, as compared to \$60.1 million for the same period in 2015, a decrease of \$6.2 million, or 10.4%. The decline in stock based compensation expense is partially attributable to the prior year June 2015 change in control stock compensation expense of \$0.7 million. For the year ended December 31, 2016, EBITDA was \$1.1 million, or 0.6% of revenue, as compared to EBITDA of \$0.2 million, or 0.1% of revenue, for 2015. The increase in EBITDA for the year ended December 31, 2016 was principally due to lower business reorganization and SG&A and Non-Op, partially offset by a decrease in gross margin. Operating income was \$1.7 million for the year ended December 31, 2016, as compared to operating income of \$2.1 million, for 2015.

The difference between operating income (loss) and EBITDA (loss) for the years ended December 31, 2016 and 2015 was principally due to corporate management fees and depreciation.

The following are discussed in reported currency

Corporate expenses, net of corporate management fees

For the year ended December 31, 2016, corporate expenses were \$6.3 million as compared to \$8.0 million for 2015, a decrease of \$1.8 million, or 21.9%. The decrease was due to savings associated with business reorganization efforts launched in 2015 and a decline in stock based compensation expense, offset by legal settlement costs associated with an arbitration claim (see Note 14 to the Consolidated Financial Statements, attached to the proxy statement as Annex D) and lower corporate allocations to our regional business operations. The decline in stock based compensation expense is partially attributable to the June 2015 change in control stock compensation expense of \$0.8 million.

For the years ended December 31, 2016 and 2015, business reorganization were \$0.0 million and 1.2 million, respectively, and primarily consisted of lease termination payments and employee termination benefits.

Depreciation and Amortization Expense

Depreciation and amortization expense was \$3.1 million and \$3.8 million for the years ended December 31, 2016 and 2015, respectively.

Interest Expense

Interest expense was \$0.4 million for 2016 and was \$0.7 million for each of the years ended December 31, 2015.

Provision for (Benefit from) Income Taxes

The provision for income taxes for the year ended December 31, 2016 was \$0.7 million, on \$8.2 million of pre-tax loss, as compared to a provision for income taxes of \$0.6 million on \$2.3 million of pre-tax income for 2015. The effective tax rate for the year ended December 31, 2016 was negative 9.1%, as compared to 28.7% for 2015. The change in the Company's effective tax rate for the year ended December 31, 2016, as compared to 2015, was primarily

attributable to the gains on the sale or exit of businesses in 2015 which were tax-exempt. For the year ended December 31, 2016, the effective tax rate difference from the U.S. Federal statutory rate of 35% was primarily attributable to the inability of the Company to recognize tax benefits on certain losses until positive earnings are achieved in the U.S. and certain other foreign jurisdictions, changes in assessment of recoverability of future tax benefits in certain foreign jurisdictions, variations from the U.S. Federal statutory rate in foreign jurisdictions, and non-deductible expenses.

Income (Loss) from Discontinued Operations

Income from discontinued operations was \$0.1 million for the year ended December 31, 2016, as compared to \$0.7 million in 2015.

Net Income (Loss)

Net loss was \$8.8 million for the year ended December 31, 2016, as compared to net income of \$2.3 million for 2015, a decrease in net income of \$11.1 million. Basic and diluted loss per share were \$0.26 for the year ended December 31, 2016, as compared to basic and diluted income per share of \$0.07 in 2015.

Liquidity and Capital Resources

As of December 31, 2016, cash and cash equivalents totaled \$21.3 million, as compared to \$37.7 million as of December 31, 2015. The following table summarizes the cash flow activities for the years ended December 31, 2016 and 2015:

\$ in millions	For The Year Ended	
	December 31, 2016	2015
Net cash provided by (used in) operating activities	\$(9.4)	\$(17.4)
Net cash provided by (used in) investing activities	(2.7)	21.6
Net cash provided by (used in) financing activities	(2.9)	0.6
Effect of exchange rates on cash and cash equivalents	(1.3)	(1.3)
Net increase (decrease) in cash and cash equivalents	\$(16.3)	\$3.7

Cash Flows from Operating Activities

For the year ended December 31, 2016, net cash used in operating activities was \$9.4 million, as compared to net cash used in operating activities of \$17.4 million in 2015, a decrease in net cash used in operating activities of \$8.0 million. The change in net cash used in operating activities is principally due to a reduction in operating expenses, fluctuations in foreign currency, lower business restructuring outflows and the timing of cash receipts and payments to vendors and employees. For the year ended December 31, 2016, net cash used in operating activities included \$4.0 million for business reorganization activities and \$3.8 million for legal settlement costs associated with an arbitration claim (see note 14 to the Consolidated Financial Statements, attached to the proxy statement as Annex D). Net cash used in operating activities from discontinued operations was \$1.0 million for the year ended December 31, 2016, as compared to cash used in operating activities from discontinued operation of \$0.1 million in 2015.

Cash Flows from Investing Activities

For the year ended December 31, 2016, net cash used in investing activities was \$2.7 million, as compared to net cash provided by investing activities of \$21.6 million in 2015, a decrease in net cash provided by investing activities of \$24.3 million. The decrease in net cash provided by investing activities was principally related to the net proceeds from sale of the US IT and Netherlands businesses in 2015 of \$24.7 million.

Cash Flows from Financing Activities

For the year ended December 31, 2016, net cash used in financing activities was \$2.9 million, as compared to net cash provided by financing activities of \$0.6 million in 2015, an increase in net cash used in financing activities of \$3.5 million. The increase in net cash used in financing activities was primarily attributable to current year cash dividends and repurchase of common stock, partially offset by an increase in net borrowings in the year ended December 31, 2016 as compared to 2015.

*Credit Agreements***Receivables Finance Agreement with Lloyds Bank Commercial Finance Limited and Lloyds Bank PLC**

On August 1, 2014, the Company's U.K. subsidiary ("U.K. Borrower") entered into a receivables finance agreement for an asset-based lending funding facility (the "Lloyds Agreement") with Lloyds Bank PLC and Lloyds Bank Commercial Finance Limited (together, "Lloyds"). Until September 15, 2016, the Lloyds Agreement provided the U.K. Borrower with the ability to borrow up to \$18.5 million (£15.0 million), at which time the U.K. Borrower entered into an amendment to the Lloyds Agreement that reduced the borrowing limit to \$14.8 million (£12.0 million). Extensions of credit are based on a percentage of the eligible accounts receivable less required reserves from the Company's U.K. operations. The initial term was two years with renewal periods every three months thereafter. Borrowings under this facility are secured by substantially all of the assets of the U.K. Borrower.

The credit facility under the Lloyds Agreement contains two tranches. The first tranche is a revolving facility based on the billed contracting and permanent recruitment activities in the U.K. operation ("Lloyds Tranche A"). The borrowing limit of Lloyds Tranche A is \$14.2 million (£11.5 million) based on 83% of eligible billed contracting and permanent recruitment receivables. The second tranche is a revolving facility that is based on the unbilled work-in-progress (as defined under the receivables finance agreement) activities in the Company's U.K. operations ("Lloyds Tranche B"). The borrowing limit of Lloyds Tranche B is \$0.6 million (£0.5 million) based on 25% of eligible work-in-progress from permanent recruitment activity. For both tranches, borrowings may be made with an interest rate based on a base rate as determined by Lloyds Bank PLC, based on the Bank of England base rate, plus 1.75%.

The Lloyds Agreement contains various restrictions and covenants including (1) that true credit note dilution may not exceed 5%, measured at audit on a regular basis; (2) debt turn may not exceed 55 days over a three month rolling period; (3) dividends by the U.K. Borrower to the Company are restricted to the value of post tax profits; and (4) at the end of each month, there must be a minimum excess availability of \$2.5 million (£2.0 million).

The details of the Lloyds Agreement as of December 31, 2016 were as follows:

\$ in millions	December 31, 2016
Borrowing capacity	\$ 7.4
Less: outstanding borrowing	—
Additional borrowing availability	\$ 7.4

Interest rates on outstanding borrowing 2.00 %

The Company was in compliance with all financial covenants under the Lloyds Agreement as of December 31, 2016.

Facility Agreement with National Australia Bank Limited

On October 30, 2015, Hudson Global Resources (Aust) Pty Limited (“Hudson Australia”) and Hudson Global Resources (NZ) Limited (“Hudson New Zealand”), both subsidiaries of Hudson Global, Inc., entered into a Finance Agreement, dated as of October 27, 2015 (the “Finance Agreement”), with National Australia Bank Limited (“NAB”), a NAB Corporate Receivables Facility Agreement, dated as of October 27, 2015 (the “Australian Receivables Agreement”), with NAB and a BNZ Corporate Receivables Facility Agreement, dated as of October 27, 2015 (the “New Zealand Receivables Agreement”), with Bank of New Zealand (“BNZ”).

The Finance Agreement provides a bank guarantee facility of up to \$2.2 million (AUD3.0 million) for Hudson Australia and Hudson New Zealand. The Finance Agreement matures and becomes due and payable on October 27, 2018. A fee equal to 1.5% per annum will be charged on each bank guarantee issued under the Finance Agreement. The Finance Agreement bears a fee, payable semiannually in arrears, equal to 0.3% per annum of NAB’s commitment under the Finance Agreement.

H-37

The Australian Receivables Agreement provides a receivables facility of up to \$18.0 million (AUD25.0 million) for Hudson Australia, which is based on an agreed percentage of eligible accounts receivable, and of which up to \$2.9 million (AUD4.0 million) may be used to support the working capital requirements of operations in China, Hong Kong and Singapore. The Australian Receivables Agreement does not have a stated maturity date and can be terminated by Hudson Australia or NAB upon 90 days written notice. Borrowings under the Australian Receivables Agreement may be made with an interest rate based on a market rate plus a margin of 1.5% per annum. The Australian Receivable Agreement bears a fee, payable monthly in advance, equal to \$5 thousand (AUD6 thousand) per month.

The New Zealand Receivables Agreement provides a receivables facility of up to \$3.5 million (NZD5.0 million) for Hudson New Zealand, which is based on an agreed percentage of eligible accounts receivable. The New Zealand Receivables Agreement does not have a stated maturity date and can be terminated by Hudson New Zealand or BNZ upon 90 days written notice. Borrowings under the New Zealand Receivables Agreement may be made with an interest rate based on a market rate. The New Zealand Receivables Agreement bears a fee, payable monthly in advance, equal to \$1 thousand (NZD1 thousand) per month.

Each of the Finance Agreement, the Australian Receivables Agreement and the New Zealand Receivables

Agreement contains various restrictions and covenants applicable to the Obligors, including: a requirement that the Obligors maintain (1) a minimum Fixed Charge Coverage Ratio (as defined in the NAB Facility Agreement) of 1.50x as of the last day of each calendar quarter; and (2) a minimum Receivables Ratio (as defined by the NAB Facility Agreement) of 1.20x.

The Company was in compliance with all financial covenants under the NAB Facility Agreement as of December 31, 2016.

H-38

Other Credit Agreements

The Company also has lending arrangements with local banks through its subsidiaries in Belgium and Singapore. As of December 31, 2016, the Belgium subsidiary had a \$1.1 million (€1 million) overdraft facility. Borrowings under the Belgium lending arrangement may be made with an interest rate based on the one month EURIBOR plus a margin, and was 2.75% as of December 31, 2016. The lending arrangement in Belgium has no expiration date and can be terminated with a 15 day notice period. In Singapore, the Company's subsidiary can borrow up to \$0.1 million (SGD0.2 million) for working capital purposes. Interest on borrowings under this overdraft facility is based on the Singapore Prime Rate plus 1.75%, which was 6.00% on December 31, 2016. The Singapore overdraft facility expires annually each August but can be renewed for one year periods at that time. There were no outstanding borrowings under Belgium and Singapore lending agreements as of December 31, 2016.

Excluding the NAB Finance Agreement, the average monthly outstanding borrowings and weighted average interest rate for all the credit agreements above was \$7.4 million and 3.37%, respectively, for the year ended December 31, 2016.

The Company continues to use the aforementioned credit to support its ongoing global working capital requirements, capital expenditures and for other corporate purposes and to support letters of credit. Letters of credit and bank guarantees are used primarily to support office leases.

Liquidity Outlook

As of December 31, 2016, the Company had cash and cash equivalents on hand of \$21.3 million supplemented by additional borrowing availability of \$18.6 million under the Lloyds Agreement, the NAB Facility Agreement and other lending arrangements in Belgium and Singapore. The Company believes that it has sufficient liquidity to satisfy its needs through at least the next 12 months, based on the Company's total liquidity as of December 31, 2016. The Company's near-term cash requirements during 2017 are primarily related to funding operations, restructuring actions, investing in capital expenditures and repurchasing common stock. For 2017, the Company expects to make capital expenditures of approximately \$2.5 million to \$3.5 million and payments in connection with current restructuring actions of approximately \$1.5 million to \$2.0 million. The Company is closely managing its capital spending and will perform capital additions where economically prudent, while continuing to invest strategically for future growth.

As of December 31, 2016, \$5.2 million of the Company's cash and cash equivalents noted above was held in the U.S. and the remainder was held internationally, primarily in the U.K. (\$5.0 million), Belgium (\$3.0 million), Mainland China (\$2.0 million), Spain (\$1.8 million), France (\$1.3 million), Hong Kong (\$0.7 million), and Australia (\$0.6

million). The majority of the Company's offshore cash is available to it as a source of funds, net of any tax obligations or assessments. Unrepatriated cumulative earnings of certain foreign subsidiaries are considered to be invested indefinitely outside of the United States, except where the Company is able to repatriate these earnings to the United States without a material incremental tax provision. In managing its day-to-day liquidity and its capital structure, the Company does not rely on the unrepatriated earnings as a source of funds. The Company has not provided for U.S. Federal income or foreign withholding taxes on these undistributed foreign earnings because a distribution of these foreign earnings with material incremental tax provision is unlikely to occur in the foreseeable future. It is not practicable to determine the amount of tax associated with such undistributed earnings.

The Company believes that future external market conditions remain uncertain, particularly access to credit, rates of near-term projected economic growth and levels of unemployment in the markets in which the Company operates. Due to these uncertain external market conditions, the Company cannot provide assurance that its actual cash requirements will not be greater in the future than those currently expected, especially if market conditions deteriorate substantially. If sources of liquidity are not available or if the Company cannot generate sufficient cash flow from operations, the Company could be required to obtain additional sources of funds through additional operating improvements, capital market transactions, asset sales or financing from third parties, or a combination of those sources. The Company cannot provide assurance that these additional sources of funds will be available or, if available, would have reasonable terms.

Off-Balance Sheet Arrangements

As of December 31, 2016, other than operating leases described below, the Company had no off-balance sheet arrangements.

Contractual Obligations

The Company has entered into various commitments that will affect its cash generation capabilities going forward. Specifically, it has entered into a number of non-cancelable operating leases for facilities and equipment worldwide. Future contractual obligations as of December 31, 2016 were as follows (commitments based in currencies other than U.S. dollars were translated using exchange rates as of December 31, 2016):

Contractual Obligation \$ in thousands	Less than 1 year	1 to 3 years	3 to 5 years	More than 5 years	Total
Operating lease obligations (a)	\$ 15,355	\$21,939	\$7,121	\$ 1,027	\$45,442
Capital lease obligations	98	147	—	—	245
Other purchase obligations	900	1,125	—	—	2,025
Other long term liabilities (b)	—	—	—	—	—
Other (c)	266	—	—	—	266
Total	\$ 16,619	\$23,211	\$7,121	\$ 1,027	\$47,978

Future minimum lease commitments have not been offset by expected future minimum sublease rental income of a. \$5.9 million, due in the future through 2020 under subleases with third parties. Commitments and sublease rentals based in currencies other than U.S. dollars were translated using exchange rates as of December 31, 2016.

The Company's non-current liabilities of \$8.4 million in the Consolidated Balance Sheet as of December 31, 2016 are primarily comprised of income taxes, unrecognized tax benefits, deferred rent, and other various accruals. As the b. timing and/or amounts of any cash payment is uncertain, the related amounts have not been reflected in the table above.

Represents remaining employee severance and related costs expected to be paid pursuant to the 2016 Exit Plan and c. Previous Plans. See Note 13 to the Consolidated Financial Statements, attached to the proxy statement as Annex D.

Contingencies

From time to time in the ordinary course of business, the Company is subject to compliance audits by U.S. federal, state, local and foreign government regulatory, tax and other authorities relating to a variety of regulations, including wage and hour laws, unemployment taxes, workers' compensation, immigration, and income, value-added and sales taxes. The Company is also subject to, from time to time in the ordinary course of business, various claims, lawsuits and other complaints from, for example, clients, candidates, suppliers, landlords for both leased and subleased properties, former and current employees, and regulators or tax authorities. Periodic events and management actions such as business reorganization initiatives can change the number and type of audits, claims, lawsuits, contract

disputes or complaints asserted against the Company. Events can also change the likelihood of assertion and the behavior of third parties to reach resolution regarding such matters.

The economic conditions in the recent past have given rise to many news reports and bulletins from clients, tax authorities and other parties about changes in their procedures for audits, payment, plans to challenge existing contracts and other such matters aimed at being more aggressive in the resolution of such matters in their own favor. The Company believes that it has appropriate procedures in place for identifying and communicating any matters of this type, whether asserted or likely to be asserted, and it evaluates its liabilities in light of the prevailing circumstances. Changes in the behavior of third parties could cause the Company to change its view of the likelihood of a claim and what might constitute a trend. Employment laws vary in the markets in which we operate, and in some cases, employees and former employees have extended periods during which they may bring claims against the Company.

For matters that have reached the threshold of probable and estimable, the Company has established reserves for legal, regulatory and other contingent liabilities. The Company's reserves were \$0.1 million and \$0.1 million as of December 31, 2016 and 2015, respectively. Although the outcome of these matters cannot be determined, the Company believes that none of the currently pending matters, individually or in the aggregate, will have a material adverse effect on the Company's financial condition, results of operations or liquidity.

Critical Accounting Policies

Our discussion and analysis of our financial condition and results of operations are based upon our Consolidated Financial Statements, attached to the proxy statement as Annex D which have been prepared in accordance with GAAP. The preparation of financial statements in accordance with GAAP requires our management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, and the disclosure of contingent assets and liabilities. GAAP provides the framework from which to make these estimates, assumptions and disclosures. We choose accounting policies within GAAP that our management believes are appropriate to accurately and fairly report our operating results and financial position in a consistent manner. Our management regularly assesses these policies in light of current and forecasted economic conditions. Our accounting policies are stated in Note 2 to our Consolidated Financial Statements, attached to the proxy statement as Annex D. We believe the following accounting policies are critical to understanding our results of operations and affect the more significant judgments and estimates used in the preparation of our Consolidated Financial Statements that are inherently uncertain.

Revenue Recognition

The Company recognizes revenue for temporary services at the time services are provided and revenue is recorded on a time and materials basis. Contracting revenue is reported on a gross basis when the Company acts as the principal in the transaction and is at risk for collection in accordance with ASC 605-45, "*Overall Considerations of Reporting Revenue Gross as a Principal versus Net as an Agent.*" The Company's revenues are derived from its gross billings, which are based on (i) the payroll cost of its worksite employees; and (ii) a markup computed as a percentage of the payroll cost.

The Company recognizes revenue for permanent placements based on the nature of the fee arrangement. Revenue generated when the Company permanently places an individual with a client on a contingent basis is recorded at the time of acceptance of employment, net of an allowance for estimated fee reversals. Revenue generated when the Company permanently places an individual with a client on a retained basis is recorded ratably over the period services are rendered, net of an allowance for estimated fee reversals.

ASC 605-45-50-3 and ASC 605-45-50-4, "*Taxes Collected from Customers and Remitted to Governmental Authorities,*" provide that the presentation of taxes on either a gross basis (included in revenue and expense) or net basis (excluded from revenue) is an accounting policy decision. The Company collects various taxes assessed by governmental authorities and records these amounts on a net basis.

Accounts Receivable

The Company's accounts receivable balances are composed of trade and unbilled receivables. The Company maintains an allowance for doubtful accounts and makes ongoing estimates as to the collectability of the various receivables. If the Company determines that the allowance for doubtful accounts is not adequate to cover estimated losses, an expense to provide for doubtful accounts is recorded in selling, general and administrative expenses. If an account is determined to be uncollectible, it is written off against the allowance for doubtful accounts. Management's assessment and judgment are vital requirements in assessing the ultimate realization of these receivables, including the current credit-worthiness, financial stability and effect of market conditions on each customer.

Income Taxes

We account for income taxes using the asset and liability method in accordance with ASC 740, "*Income Taxes*." This standard establishes financial accounting and reporting standards for the effects of income taxes that result from an enterprise's activities. It requires an asset and liability approach for financial accounting and reporting of income taxes.

H-41

The calculation of net deferred tax assets assumes sufficient future earnings for the realization of such assets as well as the continued application of currently anticipated tax rates. Included in net deferred tax assets is a valuation allowance for deferred tax assets where management believes it is more likely than not that the deferred tax assets will not be realized in the relevant jurisdiction. If we determine that a deferred tax asset will not be realizable, an adjustment to the deferred tax asset will result in a reduction of earnings at that time. Our assessment includes an analysis of whether deferred tax assets will be realized in the ordinary course of operations based on the available positive and negative evidence, including the scheduling of deferred tax liabilities and forecasted income from operations. The underlying assumptions we use in forecasting future taxable income require significant judgment. In the event that actual income from operations differs from forecasted amounts, or if we change our estimates of forecasted income from operations, we could record additional charges or reduce allowances in order to adjust the carrying value of deferred tax assets to their realizable amount. Such adjustments could be material to our consolidated financial statements. See Note 7 to the Consolidated Financial Statements, attached to the proxy statement as Annex D for further information regarding deferred tax assets and valuation allowance.

ASC 740-10-55-3, "*Recognition and Measurement of Tax Positions - a Two Step Process*," provides implementation guidance related to the accounting for uncertainty in income taxes recognized in an enterprise's financial statements and prescribes a two-step evaluation process for a tax position taken or expected to be taken in a tax return. The first step is recognition and the second is measurement. ASC 740 also provides guidance on derecognition, measurement, classification, disclosures, transition and accounting for interim periods. In addition, ASC 740-10-25-9 provides guidance on how to determine whether a tax position is effectively settled for the purpose of recognizing previously unrecognized tax benefits. As of December 31, 2016, the gross liability for income taxes associated with uncertain tax positions was \$2.2 million.

The Company's unrecognized tax benefits, if recognized in the future, would affect the annual effective income tax rate. See Note 7 to the Consolidated Financial Statements, attached to the proxy statement as Annex D for further information regarding unrecognized tax benefits. We elected to continue our historical practice of classifying applicable interest and penalties as a component of the provision for income taxes.

We provide tax reserves for Federal, state, local and international exposures relating to periods subject to audit. The development of reserves for these exposures requires judgments about tax issues, potential outcomes and timing, and is a subjective critical estimate. We assess our tax positions and record tax benefits for all years subject to examination based upon management's evaluation of the facts, circumstances and information available at the reporting dates. For those tax positions where it is more likely than not that a tax benefit will be sustained, we have recorded the largest amount of tax benefit with greater than 50% likelihood of being realized upon settlement with a tax authority that has full knowledge of all relevant information. For those tax positions where it is not more likely than not that a tax benefit will be sustained, no tax benefit has been recognized in the Consolidated Financial Statements. Where applicable, associated interest and penalties have also been recognized. Although the outcome relating to these exposures are uncertain, we believe that our reserves reflect the probable outcome of known tax contingencies. In certain circumstances, the ultimate outcome of exposures and risks involves significant uncertainties which render them inestimable. If actual outcomes differ materially from these estimates, including those that cannot be quantified, they could have a material impact on our results of operations.

Unrepatriated cumulative earnings of certain foreign subsidiaries are considered to be invested indefinitely outside of the United States, except where the Company is able to repatriate these earnings to the United States without a material incremental tax provision. The Company has not provided for Federal income or foreign withholding taxes on these undistributed foreign earnings because a distribution of these foreign earnings with a material incremental tax provision is unlikely to occur in the foreseeable future. It is not practicable to determine the amount of tax associated with such undistributed earnings.

Long-lived Assets

The Company periodically evaluates whether events or changes in circumstances have occurred that indicate long-lived assets may not be recoverable. When such circumstances are present, the Company assesses whether the carrying value will be recovered through the expected undiscounted future cash flows resulting from the use and eventual disposition of the long-lived asset. In the event the sum of the expected undiscounted future cash flows is less than the carrying value of the long-lived asset, an impairment loss equal to the excess of the long-lived asset's carrying value over its fair value is recorded in ASC 360-1-35.

H-42

Goodwill

ASC 350-20-35, “*Intangibles-Goodwill and Other, Goodwill Subsequent Measurement*,” requires that goodwill not be amortized but be tested for impairment on an annual basis, or more frequently if circumstances warrant. The Company tests goodwill for impairment annually as of October 1, or more frequently if circumstances indicate that its carrying value might exceed its current fair value. Per the provisions of ASC 350, the Company may elect to first perform a qualitative assessment to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying value. In the qualitative assessment, the Company considers events and circumstances such as macroeconomic conditions, industry and market considerations, cost factors, overall financial performance and the trend of cash flows, other relevant company-specific events and the “cushion” between a reporting unit's fair value and carrying amount in a recent fair value calculation. If it is concluded that it is more likely than not that the fair value of a reporting unit is less than its carrying value, it is necessary to perform the currently prescribed two-step goodwill impairment test. Otherwise, the two-step goodwill impairment test is not required.

The first step of the goodwill impairment test, used to identify potential impairment, compares the fair value of a reporting unit with its carrying amount, including goodwill. If the fair value of a reporting unit exceeds its carrying amount, then goodwill of the reporting unit is not considered impaired and the second step of the impairment test is unnecessary. In contrast, if the carrying amount of a reporting unit exceeds its fair value, the second step of the goodwill impairment test shall be performed to measure the amount of impairment loss, if any.

Step two of the impairment test, if necessary, consists of determining the implied fair value of each reporting unit's goodwill. In calculating the implied fair value of goodwill, the fair values of the reporting units are allocated to all of the other assets and liabilities of the reporting units based on their fair values. The excess of the fair value of each reporting unit over the amounts assigned to its other assets and liabilities is equal to the implied fair value of its goodwill. The goodwill impairment is measured as the excess of the carrying amount of goodwill over its implied fair value.

To estimate the fair value of a reporting unit, the Company utilizes the income approach, a valuation technique which indicates the fair value of the invested capital of a reporting unit based on the value of the cash flows that it is expected to generate in the future. The discounted cash flow method, an application of the income approach, estimates the future cash flows of the reporting unit and discounts these cash flows to their present value equivalents at a rate of return that considers the relative risk of achieving the cash flows and the time value of money. These cash flows indicate the fair value of the invested capital of the reporting unit on a marketable, controlling basis.

Determining the fair value of a reporting unit is judgmental in nature and involves the use of significant estimates and assumptions. These estimates and assumptions include revenue growth rates, operating margins, corporate overhead allocations, cash flow adjustments related to capital expenditures, and working capital investments and risk-adjusted

discount rates used to calculate the present value of the projected future cash flows. We base our fair value estimates on assumptions we believe to be reasonable.

Stock-Based Compensation

The Company applies the fair value recognition provisions of ASC 718, "*Compensation - Stock Compensation*." The Company determines the fair value as of the grant date. Determining the appropriate fair value model and calculating the fair value of stock compensation awards requires the input of certain complex and subjective assumptions, including the expected life of the stock compensation award and the Company's Common Stock price volatility. In addition, determining the appropriate amount of associated periodic expense requires management to estimate the rate of employee forfeitures and the likelihood of achievement of certain performance targets. The assumptions used in calculating the fair value of stock compensation awards and the associated periodic expense represent management's best estimates, but these estimates involve inherent uncertainties and the application of judgment. As a result, if factors change and the Company deems it necessary in the future to modify the assumptions it made or to use different assumptions, or if the quantity and nature of the Company's stock-based compensation awards changes, then the amount of expense may need to be adjusted and future stock compensation expense could be different from what has been recorded in the current period.

H-43

For awards with graded vesting conditions, the values of the awards are determined by valuing each tranche separately and expensing each tranche over the required service period. The service period is the period over which the related service is performed, which is generally the same as the vesting period. Prior to the adoption of Accounting Standards Update ("ASU") No. 2016-09 ("ASU 2016-09"), Compensation - Stock Compensation (Topic 718) on October 1, 2016, the Company recorded stock-based compensation expense net of estimated forfeitures. The Company estimated its forfeiture rate based on historical data such as stock option exercise activities and employee termination patterns. After adoption of ASU 2016-09, the Company accounts for forfeitures as they occur. There were no stock options granted during the year ended December 31, 2016.

Recent Accounting Pronouncements

See note 2 to our Consolidated Financial Statements, attached to the proxy statement as Annex D regarding the impact or potential impact of recent accounting pronouncements upon our financial position and results of operations.

Forward-Looking Statements

This MD&A contains statements that the Company believes to be "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical fact included in this MD&A, including statements regarding the Company's future financial condition, results of operations, business operations and business prospects, are forward-looking statements. Words such as "anticipate," "estimate," "expect," "project," "intend," "plan," "predict," "believe" and similar words, expressions and variations of these words and expressions are intended to identify forward-looking statements. All forward-looking statements are subject to important factors, risks, uncertainties and assumptions, including industry and economic conditions that could cause actual results to differ materially from those described in the forward-looking statements.
