Notes to Combined Condensed Consolidated Financial Statements (unaudited)

September 30, 2015

1. Organization

Xenia Hotels & Resorts, Inc. (the "Company" or "Xenia") is a Maryland corporation that invests primarily in premium full service, lifestyle and urban upscale hotels. Prior to February 3, 2015, Xenia was a wholly owned subsidiary of InvenTrust Properties Corp. ("InvenTrust" formerly known as Inland American Real Estate Trust, Inc.), its former parent.

On February 3, 2015, Xenia was spun off from InvenTrust through a taxable pro rata distribution by InvenTrust of 95% of the outstanding common stock, \$0.01 par value per share (the "Common Stock"), of Xenia to holders of record of InvenTrust's common stock as of the close of business on January 20, 2015 (the "Record Date"). Each holder of record of InvenTrust's common stock received one share of Common Stock for every eight shares of InvenTrust's common stock held at the close of business on the Record Date (the "Distribution"). In lieu of fractional shares, stockholders of InvenTrust received cash. On February 4, 2015, Xenia's Common Stock began trading on the New York Stock Exchange ("NYSE") under the ticker symbol "XHR." As a result of the Distribution, the Company became a stand-alone, publicly-traded company. Xenia intends to qualify as a real estate investment trust ("REIT") for federal income tax purposes.

Substantially all of the Company's assets are held by, and all the operations are conducted through XHR LP (the "Operating Partnership"). XHR GP, Inc. is the sole general partner of XHR LP. XHR GP, Inc. is wholly owned by the Company. At September 30, 2015, the Company owned 99.5% of the common limited partnership units issued by the Operating Partnership ("common units"). The remaining 0.5% of the common units are owned by the other limited partners. To qualify as a REIT, the Company cannot operate or manage its hotels. Therefore, the Operating Partnership and its subsidiaries lease the hotel properties to XHR Holding Inc. (collectively with its subsidiaries, "XHR Holding"), the Company's taxable REIT subsidiary ("TRS"), which engages third-party eligible independent operators to manage the hotels.

The accompanying combined condensed consolidated financial statements include the accounts of the Company, the Operating Partnership, XHR Holding, as well as all wholly owned subsidiaries and consolidated joint venture investments. The Company's subsidiaries and joint ventures generally consist of limited liability companies ("LLCs"), limited partnerships ("LPs") and the TRS. The effects of all significant inter-company transactions have been eliminated.

As of September 30, 2015, the Company owned 50 lodging properties, 49 of which were wholly owned, with a total of 13,104 rooms, and a 75% ownership interest in one property under development.

2. Summary of Significant Accounting Policies

The unaudited interim combined condensed consolidated financial statements and related notes have been prepared on accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP") and in conformity with the rules and regulations of the Securities and Exchange Commission ("SEC") applicable to financial information. Certain information and footnote disclosures normally included in financial statements prepared in accordance with GAAP have been omitted in accordance with the rules and regulations of the SEC. The unaudited financial statements include normal recurring adjustments, which the Company considers necessary for the fair presentation of the combined condensed consolidated balance sheets, combined condensed consolidated statements of operations, combined condensed consolidated statements of changes in equity and combined condensed consolidated statements of cash flows for the periods presented. The unaudited combined condensed consolidated financial statements should be read in conjunction with the combined consolidated financial statements and notes thereto as of and for the year ended December 31, 2014, included in the Company's Annual Report on Form 10-K filed with the SEC on March 27, 2015. Operating results for the three and nine months ended September 30, 2015 are not necessarily indicative of actual operating results for the entire year.

Basis of Presentation

As described in Note 1, on February 3, 2015, Xenia was spun off from InvenTrust. Prior to the separation, the Company effectuated certain reorganization transactions which were designed to consolidate the ownership of its hotels into its operating partnership, consolidate its TRS lessees in its TRS, facilitate its separation from InvenTrust, and enable the Company to qualify as a REIT for federal income tax purposes. The accompanying combined condensed consolidated financial statements prior to the spin-off have been "carved out" of InvenTrust's consolidated financial statements and reflect significant assumptions and allocations. The combined condensed consolidated financial statements reflect the operations of the Company after giving effect to the reorganization transactions, the disposition of other hotels previously owned by the Company, and the spin-off, and

XENIA HOTELS & RESORTS, INC.

Notes to Combined Condensed Consolidated Financial Statements (unaudited)

September 30, 2015

include allocations of costs from certain corporate and shared functions provided to the Company by InvenTrust, as well as costs associated with participation by certain of the Company's executives in InvenTrust's benefit plans. Corporate costs directly associated with the Company's principal executive offices, personnel and other administrative costs are reflected as general and administrative expenses on the combined condensed consolidated statements of operations. Additionally, prior to the spin-off, InvenTrust allocated to the Company a portion of its corporate overhead costs based upon the Company's percentage share of the average invested assets of InvenTrust, which is reflected in general and administrative expenses. Based on these presentation matters, these financials may not be comparable to prior periods.

As InvenTrust was managing various asset portfolios, the extent of services and benefits a portfolio received was based on the size of its assets. Therefore, using average invested assets to allocate costs was a reasonable reflection of the services and other benefits received by the Company and complied with applicable accounting guidance.

However, actual costs may have differed from allocated costs if the Company had operated as a stand-alone entity during such period and those differences may have been material.

Each property maintains its own books and financial records and each entity's assets are not available to satisfy the liabilities of other affiliated entities, except as otherwise disclosed in Note 7.

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities, and revenues and expenses. These estimates are prepared using management's best judgment, after considering past, current and expected economic conditions. Actual results could differ from these estimates.

Involuntary Conversion of Assets

On August 24, 2014, Napa, California experienced a 6.0 magnitude earthquake that impacted two of the Company's lodging properties. The Company recorded involuntary losses of \$9.0 million, which represents the book value of the properties and equipment written off for the property damage. As it was probable that the Company would receive insurance proceeds to compensate for the property damages, the Company also recorded an offsetting insurance recovery receivable of \$9.0 million. Related to this receivable, the Company has received \$9.6 million, of which \$0.3 million and \$0.6 million was in excess of the receivable related to both of the properties for the three and nine months ended September 30, 2015 and was recorded as a gain included in other income on the combined condensed consolidated statement of operations. As of September 30, 2015, there was no remaining receivable related to property damage insurance recoveries.

The Company will not record an insurance recovery receivable for business interruption losses until the amount for such recoveries is known and the amount is realizable. The business interruption insurance recovery for the three and nine months ended September 30, 2015 was \$0.5 million and \$4.2 million, respectively, and is included in other income on the combined condensed consolidated statement of operations.

Income Taxes

The Company intends to elect to be taxed as, and operate in a manner that will allow the Company to qualify as, a REIT for federal income tax purposes. So long as the Company qualifies for taxation as a REIT, it generally will not be subject to federal income tax on taxable income that is currently distributed to its stockholders. A REIT is subject to a number of organizational and operational requirements, including a requirement that it currently distribute at least 90% of its REIT taxable income (subject to certain adjustments) to its stockholders. If the Company fails to qualify as a REIT in any taxable year, without the benefit of certain relief provisions, the Company will be subject to federal, state and local income tax on its taxable income at regular corporate tax rates and will not be eligible to re-elect REIT status during the four years following the failure. Even if the Company qualifies for taxation as a REIT, the Company may be subject to certain state and local taxes on its income, property or net worth and federal income and excise taxes on its undistributed income.

To qualify as a REIT, the Company cannot operate or manage its hotels. Accordingly, the Company, through its Operating Partnership, leases all of its hotels to subsidiaries of its TRS. The TRS is subject to federal, state and local income tax at regular corporate rates. Lease revenues at REIT subsidiaries or landlords and lease expense from the TRS lessees are eliminated in consolidation for financial statement purposes.

The Company accounts for income taxes using the asset and liability method under which deferred tax assets and liabilities are recognized for the estimated future tax consequences attributed to differences between the financial statement carrying amounts

Notes to Combined Condensed Consolidated Financial Statements (unaudited)

September 30, 2015

of existing assets and liabilities and their respective tax basis. Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled. Deferred tax assets are recognized only to the extent that it is more likely than not that they will be realized based on consideration of available evidence, including future reversal of existing taxable temporary differences, future projected taxable income and tax-planning strategies. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. The Company's analysis in determining the deferred tax asset valuation allowance involves management judgment and assumptions.

Income tax expense in the combined condensed consolidated financial statements for the period from January 1, 2015 through February 3, 2015 and for three and nine months ended September 30, 2014 was calculated on a "carve-out" basis from InvenTrust.

Share-Based Compensation

The Company has adopted a share-based incentive plan that provides for the grant of stock options, stock awards, restricted stock units, performance units and other equity-based awards. Share-based compensation is measured at the estimated fair value of the award on the date of grant, adjusted for forfeitures, and recognized as an expense on a straight-line basis over the longest vesting period for each grant for the entire award. The determination of fair value of these awards is subjective and involves significant estimates and assumptions including expected volatility of the Company's shares, expected dividend yield, expected term and assumptions of whether certain of these awards will achieve parity with other operating partnership units or achieve performance thresholds. Share-based compensation is included in general and administrative expenses in the accompanying combined condensed consolidated statements of operations and capitalized in building and other improvements in the combined condensed consolidated balance sheets for certain employees that manage property developments, renovations and capital improvements.

Non-controlling Interests

The Company's combined condensed consolidated financial statements include entities in which the Company has a controlling financial interest. Non-controlling interest is the portion of equity in a subsidiary not attributable, directly or indirectly, to a consolidating parent. Such non-controlling interests are reported on the combined condensed consolidated balance sheets within equity, separately from the Company's equity. On the combined condensed consolidated statements of operations, revenues, expenses and net income or loss from less-than-wholly-owned subsidiaries are reported at the consolidated amounts, including both the amounts attributable to the Company and non-controlling interests. Income or loss is allocated to non-controlling interests based on their weighted average ownership percentage for the applicable period. The combined condensed consolidated statement of equity includes beginning balances, activity for the period and ending balances for stockholders' equity, non-controlling interests and total equity.

However, if the Company's non-controlling interests are redeemable for cash or other assets at the option of the holder, not solely within the control of the issuer, they must be classified outside of permanent equity. The Company makes this determination based on terms in applicable agreements, specifically in relation to redemption provisions.

Additionally, with respect to non-controlling interests for which the Company has a choice to settle the contract by delivery of its own shares, the Company evaluates whether the Company controls the actions or events necessary to issue the maximum number of shares that could be required to be delivered under share settlement of the contract. As of September 30, 2015, all share-based payments awards are included in permanent equity.

As of September 30, 2015, the consolidated results of the Company include the following ownership interests held by owners other than the Company: (i) the common units in the Operating Partnership held by certain of the Company's executive officers and Board of Directors, and (ii) the outside ownership interest in our two joint ventures.

Earnings Per Share

Basic earnings per share ("EPS") is computed by dividing the net income available to common stockholders by the weighted-average number of common shares outstanding for the period, excluding the weighted average number of

unvested shared-based compensation awards outstanding during the period. Diluted EPS is calculated by dividing net income available to common stockholders, by the weighted average number of common shares outstanding during the period plus the effect of any dilutive securities. Any anti-dilutive securities are excluded from the diluted earnings per-share calculation.

Reclassifications

Reclassifications have been made to the prior year's combined condensed consolidated financial statements to conform to the current year's presentation.

Recently Issued Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2014-09, Revenue from Contracts with Customers, which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. The ASU will replace most existing revenue recognition guidance in GAAP when it becomes effective, although it will not affect the accounting for rental related revenues. The new standard is effective for the Company on January 1, 2018, pursuant to ASU No. 2015-09 which deferred the adoption date by one year. Early adoption is permitted. The Company is evaluating the effect that ASU No. 2014-09 will have on its combined condensed consolidated financial statements and related disclosures. The Company has not yet selected a transition method nor has it determined the effect of the standard on its ongoing financial reporting.

In February 2015, the FASB issued ASU No. 2015-02, Amendments to the Consolidation Analysis. The ASU amends the consolidation guidance for variable interest entities ("VIEs") and general partners' investments in limited partnerships and modifies the evaluation of whether limited partnerships and similar legal entities are VIEs or voting interest entities. The ASU is effective for interim and annual reporting periods beginning after December 15, 2015, with early adoption permitted. The Company is currently evaluating the effect of the ASU on the Company's combined condensed consolidated financial statements and related disclosures, but believes it will not have a material impact on its financial statements.

In April 2015, the FASB issued ASU No. 2015-03, Interest—Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs. The new standard requires that debt issuance costs related to a recognized debt liability be presented in the balance sheet as a direct deduction from the carrying amount of that debt liability, consistent with debt discounts. The standard is effective for annual reporting periods beginning after December 15, 2015, with early adoption of the standard permitted, and should be applied retrospectively to all periods. Upon adoption of the standard, the Company will reclassify deferred financing costs from other assets to be shown net of debt in the liabilities section of the Company's balance sheet.

In September 2015, the FASB issued ASU No. 2015-16, Simplifying the Accounting for Measurement-Period Adjustments, which eliminates the requirement for an acquirer in a business combination to account for measurement-period adjustments retrospectively. Instead, acquirers must recognize measurement-period adjustments during the period in which they determine the amounts, including the effect on earnings of any amounts that would have been recorded in previous periods if the accounting had been completed at the acquisition date. This update is effective for interim and annual periods beginning after December 15, 2015, with early adoption permitted. The implementation of this update is not expected to have a material impact on our combined condensed consolidated financial statements.

3. Acquired Properties

In July 2015, the Company entered into a purchase agreement to acquire the Hotel Commonwealth in Boston, Massachusetts for a purchase price of \$136 million, excluding closing costs. The Company currently expects to close on this hotel in early 2016, which is contingent upon the seller completing the hotel expansion. As of September 30, 2015, the Company had a non-refundable deposit of \$20 million, which is included in other assets on the combined condensed consolidated balance sheet.

Also in July 2015, the Company acquired three hotels for a total purchase price of \$245 million, excluding closing costs of \$4.5 million, which were expensed and included in acquisitions costs on the combined condensed consolidated statement of operations for the three and nine months ended September 30, 2015. The sources of funding for the acquisition were cash on hand and borrowings under the Company's unsecured credit facility.

The following is a summary of the hotel acquisitions for the nine months ended September 30, 2015:

Edgar Filing: Xenia Hotels & Resorts, Inc. - Form 10-Q

The Company records identifiable assets, liabilities, and goodwill acquired in a business combination at fair value using significant other observable inputs (Level 2) including available market information and appropriate valuation methodologies available. The following reflects the purchase price allocation for the three hotels acquired during the nine months ended September 30, 2015 (in thousands):

	September 30, 2015
Land	\$49,743
Building and improvements	172,928
Furniture, fixtures, and equipment	21,907
Intangibles and other assets	422
Total purchase price	\$245,000

As part of the acquisition of the three hotels, the Company also assumed a net working capital liability of approximately \$0.5 million related to the hotels. For the properties acquired during the nine months ended September 30, 2015, total revenues and net income from the date of acquisition through September 30, 2015 are included in the accompanying combined condensed consolidated statements of operations for the three and nine months ended (in thousands):

	September 30, 2015
Revenue	\$11,421
Net income (excluding acquisition costs)	\$3,146

The following unaudited condensed pro forma financial information presents the results of operations as if the 2015 acquisitions had taken place on January 1, 2014. The unaudited pro forma financial information is not necessarily indicative of what actual results of operations of the Company would have been assuming the 2015 acquisitions had taken place on January 1, 2014, nor does it purport to represent the results of operations for future periods. The unaudited condensed proforma financial information is as follows (in thousands, except per share and per share data):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2015	2014	2015	2014
Revenue	\$251,269	\$244,434	\$754,599	\$731,938

The following table summarizes the allocation of purchase price for the acquisition of the Aston Waikiki Beach Resort during the nine months ended September 30, 2014 (in thousands):

	September 30, 2014
Building	\$144,076
Furniture, fixtures, and equipment	27,087
Total fixed assets	\$171,163
Below market ground lease	9,516
Net other assets and liabilities	2,321
Total purchase price	\$183,000

As part of the acquisition, the Company also assumed net working capital assets related to the hotel of approximately \$0.8 million. For the property acquired during the nine months ended September 30, 2014, the Company recorded revenue of \$13.2 million and net income of \$1.6 million, not including related expensed acquisition costs. During the nine months ended September 30, 2014, the Company incurred \$1.1 million of acquisition costs. The acquired property was included in the Company's results of operations from the date of its acquisition.

4. Disposed Properties

In September 2015, the Company entered into a purchase and sale agreement to dispose of the Hyatt Regency Orange County hotel for a purchase price of \$137 million. The operating results of the hotel are included in the Company's combined condensed consolidated financial statements as part of continuing operations in accordance with ASU No. 2014-08, Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity ("ASU No. 2014-08"), as it did not represent a strategic shift or have a major effect on the Company's results of operations. The assets and liabilities of the hotel are included in assets and liabilities associated with assets held for sale at their respective net book values on the accompanying combined condensed consolidated balance sheets as of September 30, 2015 and December 31, 2014.

Additionally, during the nine months ended September 30, 2015, one land parcel, valued at \$1.2 million, was transferred to InvenTrust on January 15, 2015 and was included in net contributions from InvenTrust in the accompanying combined condensed consolidated statement of changes in equity.

The Company disposed of 55 hotel properties during 2014. The operating results of three hotel properties, including the Crowne Plaza Charleston Airport - Convention Center, DoubleTree Suites Atlanta Galleria, and Holiday Inn Secaucus Meadowlands, are included in the Company's combined condensed consolidated financial statements as part of continuing operations in accordance with ASU No. 2014-08, as they did not represent a strategic shift or have a major effect on the Company's results of operations.

The remaining 52 lodging properties were sold by InvenTrust on November 17, 2014 (the "Suburban Select Service Portfolio"), which were properties previously overseen by the Company. This disposition represented a strategic shift and had a major effect on the Company's results of operations. Accordingly, the results of operations of these 52 lodging properties are presented as discontinued operations in the combined condensed consolidated financial statements for the three and nine months ended September 30, 2015 and 2014 pursuant to ASU 2014-08.

XENIA HOTELS & RESORTS, INC.

Notes to Combined Condensed Consolidated Financial Statements (unaudited)

September 30, 2015

As discontinued operations, the components are presented below and include the results of operations for the respective periods that the Company owned such assets or was involved with the operations of such ventures during the three and nine months ended September 30, 2015 and 2014 (in thousands):

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,

Net income (loss) from discontinued operations	\$—	\$3,297	\$(489)	\$1,810

Net cash provided by operating activities from the properties classified as discontinued operations for the nine months ended September 30, 2014 was \$45.5 million. Net cash used for investing activities by the properties classified as discontinued operations for the nine months ended September 30, 2014 was \$12.9 million, consisting primarily of capital expenditures. Net cash used in financing activities by the properties classified as discontinued operations at September 30, 2014 was \$32.6 million, consisting primarily of repayments of mortgage debt and net distributions to InvenTrust.

5. Investment in Partially Owned Entities

Consolidated Entities

During 2013, the Company entered into two joint ventures for each to develop a lodging property, the Grand Bohemian Hotel Charleston and the Grand Bohemian Hotel Mountain Brook, respectively. The Company has ownership interests of 75% in each joint venture. These entities are considered VIE's as defined in FASB Accounting Standards Codification ("ASC") 810, Consolidation, because the entities do not have enough equity to finance their activities without additional subordinated financial support. The Company determined that it has the power to direct the activities of the VIE's that most significantly impact the VIE's economic performance, as well as the obligation to absorb losses of the VIE's that could potentially be significant to the Company, or the right to receive benefits from the VIE's that could potentially be significant to the Company. As such, the Company has a controlling financial interest and is considered the primary beneficiary of each of these entities. Therefore, these entities are consolidated by the Company.

The following are the liabilities of the consolidated VIE's, which are non-recourse to the Company, and the assets that can be used to settle those obligations (in thousands):

	September 30, 2015	December 31, 2014
Net investment properties	\$70,196	\$39,736
Other assets	1,464	1,318
Total assets	\$71,660	\$41,054
Mortgages, notes and margins payable	(40,842)	(21,214)
Other liabilities	(5,481)	(6,465)
Total liabilities	\$(46,323)	\$(27,679)
Net assets	\$25,337	\$13,375

In August 2015, the Grand Bohemian Hotel Charleston began operations as a 50 room luxury boutique hotel. All operations of the hotel for the three months ended September 30, 2015 were consolidated in the accompanying combined condensed consolidated statement of operations. The total development cost of the property is \$32 million. On October 21, 2015, the Grand Bohemian Hotel Mountain Brook began operations as a 100 room luxury boutique hotel. The total development cost of the property is expected to be approximately \$45 million.

Notes to Combined Condensed Consolidated Financial Statements (unaudited)

September 30, 2015

Under the terms of the two joint venture agreements, the Company's total capital investment in these two development properties is limited to \$7.2 million and \$9.6 million for the Grand Bohemian Hotel Charleston and the Grand Bohemian Hotel Mountain Brook, respectively, and as of September 30, 2015 a total of \$0.8 million is the remaining amount to be invested by the Company.

Unconsolidated Entities

Prior to February 21, 2014, the Company owned an interest in one unconsolidated partnership entity. On February 21, 2014, the Company bought out its partner's interest in this entity and began consolidating this investment in its financial statements. In connection with this acquisition, the Company recorded the assets and liabilities of the entity at fair value resulting in a gain of \$4.5 million. Prior to the entity being wholly owned, the equity method of accounting was used to account for this investment and the Company's share of net income or loss was reflected in the combined condensed consolidated financial statements as equity (losses) and gain on consolidation of unconsolidated entity. In November 2014, this property was sold as part of the Suburban Select Service Portfolio, and as of September 30, 2015, the Company does not have any remaining investments in unconsolidated entities.

The summarized results of operations of the Company's investment prior to the purchase of the remaining interest in the joint venture for the nine months ended September 30, 2014 are presented below (in thousands):

Statement of Operations:	January 1 - February 20, 2014	
Revenues	\$932	
Expenses:		
Interest expense and loan cost amortization	43	
Depreciation and amortization	129	
Operating expenses, ground rent and general and administrative expenses	802	
Termination fee	325	
Total expenses	1,299	
Net loss	\$(367))
Company's share of net loss	\$(293))

6. Transactions with Related Parties

The following table summarizes the Company's related party transactions (in thousands):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2015	2014	2015	2014
General and administrative allocation (a)	\$—	\$7,691	\$1,135	\$17,798
Business management fee (b)	—	—	—	1,474
Loan placement fees (c)	—	—	—	68
Transition services fees (d)	12	—	514	—

(a) General and administrative allocations include costs from certain corporate and shared functions provided to the Company by InvenTrust, as well as costs associated with participation by certain of the Company's executives in InvenTrust's benefit plans. InvenTrust allocated to the Company a portion of its corporate overhead costs which was based upon the Company's percentage share of the average invested assets of InvenTrust. As InvenTrust was managing various asset portfolios, the extent of services and benefits a portfolio received was based on the size of its assets. Therefore, using average invested assets to allocate costs was a reasonable reflection of the services and other benefits received by the Company and complied with applicable accounting guidance. However, actual costs may have differed from allocated costs if the Company had operated as a stand-alone entity during such period and those differences may have been material. For the three and nine months ended September 30, 2014, the general and administrative allocation related to the Suburban Select Service Portfolio was \$1.8 million and \$4.1 million,

respectively, and was included in

discontinued operations on the combined condensed consolidated statement of operations. Following the time of the spin-off, the Company was not allocated any further general and administrative expenses.

During the first quarter of 2014, InvenTrust paid a business management fee to its external manager, Inland American Business Manager and Advisor, Inc. (the "Business Manager") based on the average invested assets. The Company was allocated a portion of the business management fee based upon its percentage share of the average invested assets of InvenTrust. On March 12, 2014, InvenTrust entered into a series of agreements and amendments to existing agreements with affiliates of The Inland Group, Inc. pursuant to which InvenTrust began the process of becoming entirely self-managed (collectively, the "Self-Management Transactions"). In connection with the Self-Management Transactions, InvenTrust agreed with the Business Manager to terminate its management agreement with the Business Manager. The Self-Management Transactions resulted in a final business management fee incurred in January 2014. As a result, the Company was not allocated a business management fee after January 2014.

The Company paid a related party of InvenTrust 0.2% of the principal amount of each loan placed for the Company. Such costs were capitalized as loan fees and amortized over the respective loan term. As a result of the spin-off, the Company will no longer be allocated any loan placement fees.

In connection with the Company's separation from InvenTrust, the Company entered into a transition services agreement with InvenTrust under which InvenTrust has agreed to provide certain transition services to the Company, including services related to information technology systems, financial reporting and accounting and legal services. The expiration date varied by service provided and the agreement terminates on the earlier of March 31, 2016 or the termination of the last service provided under it. In June 2015, the Company terminated all fee-based services provided under the transition services agreement effective July 31, 2015, and thereafter, no additional fees are expected to be incurred for services provided by InvenTrust.

As of September 30, 2015 and December 31, 2014, the Company owed \$4.5 million and \$12.7 million, respectively, to InvenTrust which is included in other liabilities in the combined condensed consolidated balance sheets. As of September 30, 2015, the amount due to InvenTrust was for purchases of furniture, fixtures and equipment funded by InvenTrust and for other taxes paid by InvenTrust on behalf of the Company. As of December 31, 2014, the amount due to InvenTrust was related to transaction and separation costs associated with the spin-off.

7. Debt

Mortgages Payable

Mortgage loans outstanding as of September 30, 2015 and December 31, 2014 were \$1,132 million and \$1,201 million and had a weighted average interest rate of 3.93% and 3.96% per annum, respectively. Mortgage premiums and discounts was a net \$0.8 million and \$1.7 million as of September 30, 2015 and December 31, 2014, respectively. The following table shows scheduled debt maturities for the next five years and thereafter (in thousands):

	As of September 30, 2015 ⁽¹⁾	Weighted average interest rate

(1) Includes the Hyatt Regency Orange County mortgage of \$62 million that is included in liabilities associated with assets held for sale on the combined condensed consolidated balance sheet as of September 30, 2015. The sale closed in October 2015 and proceeds from the sale were used to repay the outstanding balance of the related mortgage.

On February 27, 2015, one mortgage was extended to 2016, on March 2, 2015, one mortgage was paid off in the amount of \$26.3 million, and on June 19, 2015, one mortgage was paid off in the amount of \$55.2 million. Of the total outstanding debt, approximately \$23.2 million is recourse to the Company. Certain loans have options to extend the maturity dates if exercised by the Company, subject to being compliant with certain covenants and the prepayment of an extension fee. We expect to repay refinance or extend our maturing debt as it becomes due. See Note 14 for discussion of debt transactions, which occurred subsequent to September 30, 2015.

Some of the mortgage loans require compliance with certain covenants, such as debt service coverage ratios, investment restrictions and distribution limitations. As of September 30, 2015, the Company was in compliance with all such covenants.

Senior Unsecured Credit Facility

Prior to the consummation of the spin-off transaction, the Company was allocated \$96.0 million of InvenTrust's revolving credit facility. Effective February 3, 2015, this allocation was terminated and the Company entered into a new \$400 million senior unsecured credit facility with a syndicate of banks. The new revolving credit facility includes an uncommitted accordion feature which, subject to certain conditions, allows the Company to increase the aggregate availability by up to an additional \$350 million. Borrowings under the revolving credit facility bear interest based on LIBOR plus a margin ranging from 1.50% to 2.45% (or, at the Company's election upon achievement of an investment grade rating from Moody's Investor Services, Inc. or Standard & Poor's Rating Services, interest based on LIBOR plus a margin ranging from 0.875% to 1.50%). In addition, until such election, the Company expects to pay an unused commitment fee of up to 0.30% of the unused portion of the credit facility based on the average daily unused portion of the credit facility; thereafter, the Company expects to pay a facility fee ranging between 0.125% and 0.35% based on the Company's debt rating.

As of September 30, 2015, the outstanding balance on the senior unsecured facility was \$117 million and during the three and nine months ended September 30, 2015 the Company incurred unused fees of approximately \$0.2 million and \$0.7 million, respectively. As of November 12, 2015, there was no outstanding balance on the senior unsecured credit facility.

8. Fair Value Measurements

In accordance with FASB ASC 820, Fair Value Measurement and Disclosures, the Company defines fair value based on the price that would be received upon sale of an asset or the exit price that would be paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company uses a fair value hierarchy that prioritizes observable and unobservable inputs used to measure fair value. The fair value hierarchy consists of three broad levels, which are described below:

Level 1 - Quoted prices for identical assets or liabilities in active markets that the entity has the ability to access.

Level 2 - Observable inputs, other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The Company has estimated the fair value of its financial and non-financial instruments using available market information and valuation methodologies it believes to be appropriate for these purposes. Considerable judgment and a high degree of subjectivity are involved in developing these estimates and, accordingly, they are not necessarily indicative of amounts that would be realized upon disposition.

Non-Recurring Measurements

Investment Properties

During the nine months ended September 30, 2014, the Company identified two hotel properties which had a reduction in their

expected holding period and reviewed the probability of the assets' disposition. The Company recorded an impairment of investment properties of \$4.7 million for the nine months ended September 30, 2014 based on the estimated fair value using letters of intent, purchase contracts and average selling costs. The properties were subsequently sold in August and November 2014. No impairments were recorded for the three and nine months ended September 30, 2015. The following table summarizes activity for the Company's assets measured at fair value on a non-recurring basis as of September 30, 2015 and 2014, respectively (in thousands):

	Fair Value at Measurement Date Using	
	September 30, 2015	September 30, 2014

Mortgages payable	\$1,131,336	\$1,159,121	\$1,200,688	\$1,194,237
Unsecured credit facility	\$117,000	\$117,000	\$96,020	\$96,020
Total	\$1,248,336	\$1,276,121	\$1,296,708	\$1,290,257

The Company estimates the fair value of its mortgages payable using a weighted average effective interest rate of 2.64% and 3.96% per annum as of September 30, 2015 and December 31, 2014, respectively. The fair value estimate of the unsecured credit facility approximates the carrying value. The assumptions reflect the terms currently available on similar borrowing terms to borrowers with credit profiles similar to the Company's. The Company has determined that its debt instrument valuations are classified in Level 2 of the fair value hierarchy.

9. Income Taxes

The Company intends to elect to be taxed as, and operate in a manner that will allow the Company to qualify as, a REIT under the Internal Revenue Code of 1986. To qualify as a REIT, the Company cannot operate or manage its hotels. Accordingly, the Company, through its Operating Partnership, leases all of its hotels to subsidiaries of its TRS. The TRS is subject to federal, state and local income tax at regular corporate rates. Lease revenue at the REIT landlord subsidiaries and lease expense at the TRS lessees are eliminated in consolidation for financial statement purposes. During the three and nine months ended September 30, 2015, the Company recognized income tax benefit of \$0.1 million and expense of \$8.3 million, respectively, of which \$1.9 million of the expense for the nine months ended September 30, 2015 related to taxes on a one-time gain on the transfer of a hotel resulting in a more optimal structure in connection with the Company's intention to elect to be taxed as a REIT. The Company's effective tax rate differed from the federal statutory rate predominately due to the dividends paid deduction, state income taxes, and changes to valuation allowances. During the three and nine months ended September 30, 2014, the Company recognized \$1.9 million and \$5.8 million income tax expense which was calculated on a "carve-out" basis from InvenTrust.

10. Stockholders' Equity

Preferred Shares

The Company is authorized to issue up to 50 million shares of preferred stock, \$0.01 par value per share. On January 5, 2015, the Company issued 125 shares of preferred stock of the Company, designated as 12.5% Series A Cumulative Non-Voting Preferred Stock, \$0.01 par value per share, with a liquidation preference of \$1,000 per share (the "Series A Preferred Stock"), in a private placement to approximately 125 investors who qualify as "accredited investors" (as that term is defined in Rule 501(a) of Regulation D of the Securities Act of 1933, as amended (the "Securities Act")) for an aggregate purchase price of \$125 thousand.

On September 30, 2015, the Company redeemed its 125 outstanding shares of the Series A Preferred Stock and the Operating Partnership redeemed its 125 outstanding units of the Series A Preferred Units, for \$1,100 per share/unit plus accrued and unpaid dividends of \$31.25 per share/unit, including a \$100.00 redemption premium, for an aggregate per share/unit redemption of \$1,131.25. Dividends on the Series A Preferred Stock ceased accruing on September 30, 2015. Following the redemption, in accordance with the Company's charter, the Board of Directors of the Company reclassified the unissued shares of the Company's Series A Preferred Stock as authorized but unissued shares of Preferred Stock without designation as to series.

Common Shares

The Company is authorized to issue up to 500 million shares of its Common Stock, \$0.01 par value per share. On February 3, 2015, the Company spun off from InvenTrust, its former parent, through a taxable pro rata distribution by InvenTrust of 95% of the Common Stock as of the close of business on January 20, 2015. Each holder of record of InvenTrust's common stock received one share of Common Stock for every eight shares of InvenTrust's common stock held at the close of business on the Record Date. In lieu of fractional shares, stockholders of InvenTrust received cash. On February 4, 2015, Xenia's Common Stock began trading on the NYSE under the ticker symbol "XHR." As a result of the Distribution, the Company became a stand-alone, publicly-traded company.

On February 4, 2015, in conjunction with the listing of the Company's common stock on the NYSE, the Company commenced a modified "Dutch Auction" self-tender offer (the "Tender Offer") to purchase for cash up to \$125 million in value of shares of the Company's Common Stock at a price not greater than \$21.00 nor less than \$19.00 per share, net to the seller in cash, less any applicable withholding of taxes and without interest. The Tender Offer expired on March 5, 2015. As a result of the Tender Offer, the Company accepted for purchase 1,759,344 shares of its Common Stock at a purchase price of \$21.00 per share, for an aggregate purchase price of \$36.9 million (excluding fees and expenses relating to the Tender Offer), which was funded from cash on hand. The 1,759,344 shares of Common Stock accepted for purchase in the Tender Offer represented approximately 1.6% of the Company's Common Stock outstanding as of February 3, 2015, the last day prior to the commencement of the Tender Offer. Stockholders who properly tendered and did not properly withdraw shares of Common Stock in the Tender Offer at or below the final purchase price of \$21.00 per share had all of their tendered shares of Common Stock purchased by the Company at \$21.00 per share. As of September 30, 2015, the Company had 111,671,372 shares of Common Stock outstanding.

(1) Represents the Company's anticipated regular semi-annual dividend of \$62.50 per share, prorated for the period from February 5, 2015 through June 30, 2015.

(2) Represents the Company's anticipated regular semi-annual dividend of \$62.50 per share prorated for the period from July 1, 2015 through September 30, 2015. This dividend was paid in connection with the redemption of the Series A Preferred Stock on September 30, 2015, and constitutes accrued but unpaid dividends on the Series A Preferred Stock as of the redemption date.

Non-controlling Interest of Common Units in Operating Partnership

As of September 30, 2015, the Operating Partnership had 521,450 long-term incentive partnership units ("LTIP units") outstanding, representing a 0.5% partnership interest held by the limited partners. Of the 521,450 LTIP units outstanding at September 30, 2015, 23,401 units had vested. Only vested LTIP units may be converted to common units of the Operating Partnership, which in turn can be tendered for redemption as described below in the Share-Based Compensation footnote.

As of September 30, 2015, the Company accrued \$34 thousand in dividends related to the LTIP units, which were paid in October 2015.

11. Earnings Per Share

Basic earnings per common share is calculated by dividing income available to common stockholders by the weighted-average number of common shares outstanding during the period. Diluted earnings per common share is calculated by dividing income available to common stockholders by the weighted-average number of common shares outstanding during the period, plus any shares that could potentially be outstanding during the period. Any anti-dilutive shares have been excluded from the diluted earnings per share calculation. Unvested share-based awards that contain nonforfeitable rights to dividends or dividend equivalents (whether paid or unpaid) are participating securities and are included in the computation of earnings per share pursuant to the two-class method. Accordingly, distributed and undistributed earnings attributable to unvested share-based compensation (participating securities) have been excluded, as applicable, from net income or loss available to common stockholders used in the basic and diluted earnings per share calculations. Net income or loss figures are presented net of non-controlling interests in the earnings per share calculations.

For periods prior to the spin-off, basic and diluted earnings per share was calculated by dividing net income attributable to the Company by the 113.4 million shares of Common Stock outstanding upon the completion of the spin-off (based on a distribution ratio of one share of Common Stock for every eight shares of InvenTrust common stock).

12. Share Based Compensation

2014 Share Unit Plan

On September 17, 2014, the board of directors of InvenTrust and the Company's Board of Directors adopted and ratified the Xenia Hotels & Resorts, Inc. 2014 Share Unit Plan (the "2014 Share Unit Plan"). The 2014 Share Unit Plan provided for the grant of notional "share unit" awards to eligible participants. Refer to Exhibit 99.1 of the Company's Registration Statement on Form 10, filed on January 9, 2015, as amended, for additional information regarding the 2014 Share Unit Plan. The 2015 Incentive Award Plan, as defined below, replaced the 2014 Share Unit Plan in connection with the Company's separation from InvenTrust, and the 2014 Share Unit Plan was terminated in connection with the implementation of the 2015 Incentive Award Plan. Awards outstanding under the 2014 Share Unit Plan at the time of its termination will remain outstanding in accordance with their terms, and the terms and conditions of the 2014 Share Unit Plan will continue to govern such awards.

During 2014, InvenTrust and the Company granted share units to certain members of management, the vesting of which was conditioned upon a triggering event, such as a listing or a change in control (the "2014 Share Unit Grants"). A triggering event occurred in February 2015 upon the completion of the spin-off of the Company. As of September 30, 2015, 172,842 of the 2014 Share Unit Grants were outstanding to certain members of management that vest annually over a three year period and are based on continued employment. Additionally, as of September 30,

2015, 169,377 of the 2014 Share Unit Grants were outstanding to certain members of management that cliff vest in March 2017 and are based on continued employment. Each 2014 Share Unit Grant is convertible to one unit of Common Stock upon vesting.

2015 Incentive Award Plan

On January 9, 2015, the Company adopted, and InvenTrust as its sole common stockholder approved, the Company's 2015 Incentive Award Plan (the "2015 Incentive Award Plan") effective as of February 2, 2015 (the date prior to the date of the Company's separation from InvenTrust), under which the Company may grant cash and equity incentive awards to eligible service providers in order to attract, motivate and retain the talent for which the Company competes. Refer to Exhibit 99.1 of the Company's Registration Statement on Form 10, filed on January 9, 2015, as amended, for additional information regarding the 2015 Incentive Award Plan. The plan allows for the grant of both share-based awards relating to the Company's common stock and partnership units ("LTIP units") in the Operating Partnership.

In February 2015, the Board of Directors and certain members of management were granted 25,988 fully vested shares of Common Stock which had a weighted average grant date fair value of \$20.55 per share.

Share Unit Grants

Between May 5, 2015 and September 30, 2015, the Compensation Committee ("the Compensation Committee") of the Board of Directors of the Company granted share units to certain members of management (the "2015 Share Unit Grants"). The 2015 Share Unit Grants include 67,669 share units that are time-based and vest over a three year period, and 17,032 share units that are performance based. Both the time-based and performance-based units are subject to continued employment and have a weighted average grant date fair value of \$20.18 per share.

Of the performance-based 2015 Share Unit Grants, twenty-five percent (25%) are designated as absolute total stockholder return ("TSR") units (the "Absolute TSR Share Units"), and vest based on varying levels of the Company's TSR over the defined performance period. The other seventy-five percent (75%) of the performance-based 2015 Share Unit Grants are designated as relative TSR share units (the "Relative TSR Share Units") and vest based on the ranking of the Company's TSR as compared to its defined peer group over the defined performance period.

LTIP Unit Grants

LTIP Units are a class of limited partnership units in the Operating Partnership. Initially the LTIP Units do not have full parity with common units of the Operating Partnership with respect to liquidating distributions. However, upon the occurrence of certain events described in the Operating Partnership's partnership agreement, the LTIP Units can over time achieve full parity with the common units for all purposes. If such parity is reached, vested LTIP Units may be converted into an equal number of common units on a one for one basis at any time at the request of the LTIP Unit holder or the general partner of the Operating Partnership. Common units are redeemable for cash based on the fair market value of an equivalent number of shares of the Company's Common Stock, or, at the election of the Company, an equal number of shares of the Company's Common Stock, each subject to adjustment in the event of stock splits, specified extraordinary distributions or similar events.

In May 2015, the Compensation Committee approved the issuance of 409,874 performance-based LTIP Units (the "Class A LTIP Units") and 88,175 time-based LTIP Units (the "Time-Based LTIP Units") of the Operating Partnership under the 2015 Incentive Award Plan that had a weighted average grant date fair value of \$15.93 per unit. Each award of Time-Based LTIP Units will vest as follows, subject to the executive's continued service through each applicable vesting date: 33% on February 4, 2016, the first anniversary of the vesting commencement date of the award (February 4, 2015), 33% on the second anniversary of the vesting commencement date, and 34% on the third anniversary of the vesting commencement date.

A portion of each award of Class A LTIP Units is designated as a number of "base units." Twenty-five percent (25%) of the base units are designated as absolute TSR base units, and vest based on varying levels of the Company's TSR over the defined performance period. The other seventy-five percent (75%) of the base units are designated as relative TSR base units and vest based on the ranking of the Company's TSR as compared to its defined peer group over the defined performance period.

In June 2015, pursuant to the Company's Director Compensation Program, as amended and restated as of May 29, 2015, the Company approved the issuance of an aggregate of 23,401 fully vested LTIP Units of the Operating

Partnership under the 2015 Incentive Award Plan to the Company's seven non-employee directors upon election to our Board of Directors with a weighted average grant date fair value of \$22.44 per share.

September 30, 2015

LTIP Units (other than Class A LTIP Units that have not vested), whether vested or not, receive the same quarterly per-unit distributions as common units in the Operating Partnership, which equal the per-share distributions on the common stock of the Company. Class A LTIP Units that have not vested receive a quarterly per-unit distribution equal to 10% of the distribution paid on common units in the Operating Partnership.

The following is a summary of the non-vested incentive awards under the 2014 Share Unit Plan and the 2015 Incentive Award Plan as of September 30, 2015:

	2014 Share Unit Plan Share Units	2015 Incentive Award Plan Share Units	2015 Incentive Award Plan LTIP Units ⁽¹⁾	Total

Weighted average fair value of outstanding shares/units	\$20.19	\$20.18	\$16.26	\$18.06

(1) Includes Time-Based LTIP Units and Class A LTIP Units.

The fair value of the time-based awards is determined based on the closing price of the Company's common stock on the grant date and compensation expense is recognized on a straight-line basis over the vesting period. The grant date fair value of performance awards was determined based on a Monte Carlo simulation method with the following assumptions and compensation expense is recognized on a straight-line basis over the performance period:

Performance Award Grant Date	Percentage of Total Award	Grant Date Fair Value by Component (\$ in thousands)	Volatility	Interest Rate	Dividend Yield
May 5, 2015					
Absolute TSR Share Units	25%	\$40.5	26.85%	0.09% - 1.05%	4.25%
Relative TSR Share Units	75%	\$206.4	26.85%	0.09% - 1.05%	4.25%
Absolute TSR Class A LTIPs	25%	\$838.5	26.85%	0.09% - 1.05%	4.25%
Relative TSR Class A LTIPs	75%	\$4,274.7	26.85%	0.09% - 1.05%	4.25%

The absolute and relative stockholder returns are market conditions as defined by ASC 718, Compensation Stock Compensation. Market conditions include provisions wherein the vesting condition is met through the achievement of a specific value of the Company's common stock, which is total stockholder return, in this case. Market conditions differ from other performance awards under ASC 718 in that the probability of attaining the condition (and thus vesting in the shares) is reflected in the initial grant date fair value of the award. Accordingly, it is not appropriate to reconsider the probability of vesting in the award subsequent to the initial measurement of the award, nor is it appropriate to reverse any of the expense if the condition is not met.

Therefore, once the expense for these awards is measured, the expense must be recognized over the service period regardless of whether the target is met, or at what level the target is met. Expense may only be reversed if the holder of the instrument forfeits the award by leaving the employment of the Company prior to vesting.

Notes to Combined Condensed Consolidated Financial Statements (unaudited)

September 30, 2015

For the three and nine months ended September 30, 2015, the Company recognized approximately zero and \$1.1 million, respectively, of share-based compensation expense related to vested stock and LTIP Unit payments under the 2014 Share Unit Plan and the 2015 Incentive Award Plan, of which approximately \$1.1 million for nine months ended September 30, 2015 was provided to the Board of Directors and approximately \$9 thousand was provided to certain of the Company's officers. No share-based compensation related to vested stock or LTIP Unit payments was provided to executives during the three months ended September 30, 2015.

In addition, in connection with the 2014 Share Unit Plan and the 2015 Incentive Award Plan, during the three and nine months ended September 30, 2015 the Company recognized approximately \$1.4 million and \$4.0 million, respectively, in compensation expense (net of forfeitures) related to share units, Class A LTIP Units and Time-Based LTIP Units provided to certain of its executive officers, other officers and members of management and capitalized approximately \$94 thousand and \$264 thousand, respectively, related to restricted stock units provided to certain other officers and members of management that oversee development and capital projects on behalf of the Company. Additionally, this includes a cumulative catch up for compensation expenses related to the fourth quarter of 2014 because the effectiveness of the grants was subject to the completion of the spin-off of the Company from InvenTrust, which occurred on February 3, 2015. As of September 30, 2015, there was \$11.8 million of total unrecognized compensation costs related to non-vested restricted share units, Class A LTIP Units and Time Based LTIP Units issued under the 2014 Share Unit Plan and the 2015 Incentive Award Plan, which are expected to be recognized over a remaining weighted-average period of 9 additional quarters.

13. Commitments and Contingencies

Certain leases and operating agreements require the Company to reserve funds relating to replacements and renewals of the hotels' furniture, fixtures and equipment. As of September 30, 2015 and December 31, 2014, the Company had a balance of \$74.4 million and \$76.3 million, respectively, in reserves for such future improvements. This amount is included in restricted cash and escrows on the combined condensed consolidated balance sheet as of September 30, 2015.

The Company is subject, from time to time, to various legal proceedings and claims that arise in the ordinary course of business. While the resolution of these matters cannot be predicted with certainty, management believes, based on currently available information, that the final outcome of such matters will not have a material adverse effect on the financial statements of the Company.

In addition, in connection with the Company's separation from InvenTrust, on August 8, 2014, the Company entered into an Indemnity Agreement, as amended, with InvenTrust pursuant to which InvenTrust has agreed to the fullest extent allowed by law or government regulation, to absolutely, irrevocably and unconditionally indemnify, defend and hold harmless the Company and its subsidiaries, directors, officers, agents, representatives and employees (in each case, in such person's respective capacity as such) and their respective heirs, executors, administrators, successors and assignees from and against all losses, including but not limited to "actions" (as defined in the Indemnity Agreement), arising from: (1) the non-public, formal, fact-finding investigation by the SEC as described in InvenTrust's public filings with the SEC (the "SEC Investigation"); (2) the three related demands (including the Derivative Lawsuit described below) received by InvenTrust ("Derivative Demands") from stockholders to conduct investigations regarding claims similar to the matters that are subject to the SEC Investigation and as described in InvenTrust' public filings with the SEC; (3) the derivative lawsuit filed on March 21, 2013 on behalf of InvenTrust by counsel for stockholders who made the first Derivative Demand (the "Derivative Lawsuit"); and (4) the investigation by the Special Litigation Committee of the board of directors of InvenTrust. In each case, regardless of when or where the loss took place, or whether any such loss, claim, accident, occurrence, event or happening is known or unknown, and regardless of whether such loss, claim, accident, occurrence, event or happening giving rise to the loss existed prior to, on or after February 3, 2015, the separation date or relates to, arises out of or results from actions, inactions, events, omissions, conditions, facts or circumstances occurring or existing prior to, on or after February 3, 2015, the separation date.

On March 25, 2015, InvenTrust announced that the SEC had informed InvenTrust that the SEC had concluded its formal, non-public investigation of matters related to InvenTrust. The SEC informed InvenTrust that, based on the information received to date, it did not intend to recommend any enforcement action against InvenTrust.

14. Subsequent Events

Debt

On October 22, 2015, the Company executed a \$175 million unsecured term loan with an interest rate of LIBOR plus the applicable rate, as defined per the respective agreement, maturing in February 2021. Simultaneously with the closing of the \$175 million unsecured term loan, the Company entered into swap agreements to fix LIBOR at 1.29% for the entire term of the loan. A portion of the proceeds from the \$175 million unsecured term loan was used to pay off the outstanding balance on the unsecured revolving credit facility and the remaining proceeds were used to pay off one property level mortgage with a principal balance of \$53 million.

Additionally on this date, the Company executed a \$125 million term loan with an interest rate of LIBOR plus the applicable rate, as defined per the respective agreement, maturing in October 2022. The \$125 million unsecured term loan will be funded in early 2016 in connection with the previously announced acquisition of the Hotel Commonwealth.

On October 27, 2015, the Company closed on the sale of the Hyatt Regency Orange County hotel for a purchase price of \$137 million. In connection with this sale, the Company paid off its property level mortgage with an outstanding balance of \$61.9 million. Also in October 2015 the Company refinanced a mortgage for one hotel with a principal balance of \$30.3 million. The new loan is for \$63.0 million, has a term of 10 years and carries a fixed annual interest rate of 4.48%.

In November 2015, the Company paid off three additional hotel level mortgages in the amount of \$104.6 million. Further, the Company also obtained \$7.5 million in incremental proceeds under the terms of another existing mortgage loan in November 2015.

In connection with repaying these loans, the Company incurred prepayment fees of approximately \$5.1 million in the fourth quarter of 2015.

Stockholder's Equity

On September 30, 2015, the Company redeemed all 125 outstanding shares of its Series A Preferred Stock for \$1,100 per share plus accrued and unpaid dividends of \$31.25 per share, including a \$100.00 per share redemption premium, for an aggregate per share redemption price of \$1,131.25. Following the redemption, in accordance with the Company's charter, the Board of Directors of the Company reclassified the redeemed shares of the Company's Series A Preferred Stock as authorized but unissued shares of Preferred Stock without designation as to series. In connection therewith, on November 10, 2015, the Company filed Articles Supplementary and Articles of Restatement (the "Revised Articles") to the Company's charter with the State Department of Assessments & Taxation of Maryland. The only change made to the existing charter of the Company in the Revised Articles was to reflect the reclassification of the Series A Preferred Stock as Preferred Stock without designation as described above. This description of the Revised Articles does not purport to be complete and is subject, and qualified in its entirety by reference, to the full texts of the Revised Articles, which are attached hereto as Exhibits 3.1 and 3.2.

Certain statements in this Quarterly Report on Form 10-Q, other than purely historical information, are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). These statements include statements about Xenia's plans, objectives, strategies, financial performance and outlook, trends, the amount and timing of future cash distributions, prospects or future events and involve known and unknown risks that are difficult to predict. As a result, our actual financial results, performance, achievements or prospects may differ materially from those expressed or implied by these forward-looking statements. In some cases, you can identify forward-looking statements by the use of words such as "may," "could," "expect," "intend," "plan," "seek," "anticipate," "believe," "estimate," "guidance," "predict," "potential," "continue," "likely," "will," "would," "illustrative" and these terms and similar expressions, or the negative of these terms or similar expressions. Such forward-looking statements are necessarily based upon estimates and assumptions that, while considered reasonable by Xenia and its management based on their knowledge and understanding of the business and industry, are inherently uncertain. These statements are not guarantees of future performance, and stockholders should not place undue reliance on forward-looking statements. There are a number of risks, uncertainties and other important factors, many of which are beyond our control, that could cause our actual results to differ materially from the forward-looking statements contained in this Quarterly Report on Form 10-Q. Such risks, uncertainties and other important factors include, among others: the risks, uncertainties and factors set forth in our filings with the U.S. Securities and Exchange Commission, including our Annual Report on Form 10-K, as may be updated elsewhere in this report; and other Quarterly Reports on Form 10-Q that we have filed or will file with the SEC; business, financial and operating risks inherent to real estate investments and the lodging industry; seasonal and cyclical volatility in the lodging industry; macroeconomic and other factors beyond our control that can adversely affect and reduce demand for hotel rooms; contraction in the global economy or low levels of economic growth; levels of spending in business and leisure segments as well as consumer confidence; declines in occupancy and average daily rate; fluctuations in the supply and demand for hotel rooms; changes in the competitive environment in lodging industry and the markets where we own hotels; events beyond our control, such as war, terrorist attacks, travel-related health concerns and natural disasters; our reliance on third-party hotel management companies to operate and manage our hotels; our ability to maintain good relationships with our third-party hotel management companies and franchisers; our failure to maintain brand operating standards; our ability to maintain our brand licenses at our hotels; relationships with labor unions and changes in labor laws; loss of our senior management team or key personnel; our ability to identify and consummate acquisitions of additional hotels; our ability to integrate and successfully operate any hotel properties acquired in the future and the risks associates with these hotel properties; the impact of hotel renovations, repositioning, redevelopments and re-branding activities; our ability to access capital for renovations and acquisitions on terms and at times that are acceptable to us; the fixed cost nature of hotel ownership; our ability to service our debt; changes in interest rates and operating costs; compliance with regulatory regimes and local laws; uninsured or under insured losses, including those relating to natural disasters or terrorism; changes in distribution channels, such as through internet travel intermediaries; our status as an emerging growth company; the amount of debt that we currently have or may incur in the future; provisions in our debt agreements that may restrict the operation of our business; our separation from InvenTrust, our former parent, and our ability to operate as a stand-alone public company; potential business conflicts of interests with InvenTrust; our organizational and governance structure; our status as a real estate investment trust (a "REIT"); our taxable REIT subsidiary ("TRS") lessee structure; the cost of compliance with and liabilities under environmental, health and safety laws; adverse litigation judgments or settlements; changes in real estate and zoning laws and increase in real property tax rates; changes in federal, state or local tax law, including legislative, administrative, regulatory or other actions affecting REITs; changes in governmental regulations or interpretations thereof; and estimates relating to our ability to make distributions to our stockholders in the future. These factors are not necessarily all of the important factors that could cause our actual financial results, performance, achievements or prospects to differ materially from those expressed in or implied by any of our forward-looking statements. Other unknown or unpredictable factors also could harm our results. All forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by the cautionary statements set forth above. Forward-looking statements speak only as of the date they are made, and we do not undertake or

assume any obligation to update publicly any of these forward-looking statements to reflect actual results, new information or future events, changes in assumptions or changes in other factors affecting forward-looking statements, except to the extent required by applicable laws. If we update one or more forward-looking statements, no inference should be drawn that we will make additional updates with respect to those or other forward-looking statements. The following discussion and analysis should be read in conjunction with the Company's Combined Condensed Consolidated Financial Statements and accompanying notes, which appear elsewhere in this Quarterly Report on Form 10-Q.

Overview

Xenia Hotels & Resorts, Inc. ("we", "us", "our", "Xenia" or the "Company") is a self-advised and self-administered REIT that invests primarily in premium full service, lifestyle and urban upscale hotels, with a focus on the Top 25 Markets as well as key leisure destinations in the United States. A premium full service hotel refers to a hotel defined as "upper upscale" or "luxury" by STR Inc. ("STR"). A lifestyle hotel refers to an innovative hotel with a focus on providing a unique and individualized guest experience in a smaller footprint by combining traditional hotel services with modern technologies and placing an emphasis on local influence. An urban upscale hotel refers to a hotel located in an urban or similar high-density commercial area, such as a central business district, and defined as "upscale" or "upper midscale" by STR. As of September 30, 2015, we owned 50 hotels, 49 of which are wholly owned, comprising 13,104 rooms, across 21 states and the District of Columbia, and had a majority interest in one hotel under development. Our hotels are primarily operated by industry leaders such as Marriott®, Hilton®, Hyatt®, Starwood®, Kimpton®, Aston®, Fairmont® and Loews®, as well as leading independent management companies.

We plan to grow our business through a differentiated acquisition strategy, aggressive asset management and capital investment in our properties. We primarily target markets and sub-markets with particular positive characteristics, such as multiple demand generators, favorable supply and demand dynamics and attractive projected room revenue per available room ("RevPAR") growth. We believe our focus on a broader range of markets allows us to evaluate a greater number of acquisition opportunities and thereby be highly selective in our pursuit of only those opportunities which best fit our investment criteria. We own and pursue hotels in the upscale, upper upscale and luxury segments that are affiliated with premium, leading brands, as we believe that these segments yield attractive risk adjusted returns. Within these segments, we focus on hotels that will provide guests with a distinctive lodging experience, tailored to reflect local market environments rather than hotels that are heavily dependent on conventions and group business.

We also seek properties that exhibit an opportunity for us to enhance operating performance through aggressive asset management and targeted capital investment. While we do not operate our hotel properties, our asset management team and our executive management team monitor and work cooperatively with our hotel managers by conducting regular revenue, sales, and financial performance reviews and also perform in-depth on-site reviews focused on ongoing operating margin improvement initiatives. We interact frequently with our management companies and on-site management personnel, including conducting regular meetings with key executives of our management companies and brands. Through these efforts, we seek to improve property efficiencies, lower costs, maximize revenues, and enhance property operating margins which we expect will enhance returns to our stockholders.

Basis of Presentation

On February 3, 2015, Xenia was spun off from InvenTrust. Prior to the separation, we effectuated certain reorganization transactions which were designed to consolidate the ownership of our hotels into our operating partnership; consolidate our TRS lessees in our TRS; facilitate our separation from InvenTrust; and enable us to qualify as a REIT for federal income tax purposes. The accompanying combined condensed consolidated financial statements prior to the spin-off have been "carved out" of InvenTrust's consolidated financial statements and reflect significant assumptions and allocations. The combined condensed consolidated financial statements reflect our operations after giving effect to the reorganization transactions, the disposition of other hotels previously owned by us, and the spin-off, and include allocations of costs from certain corporate and shared functions provided to us by InvenTrust, as well as costs associated with participation by certain of our executives in InvenTrust's benefit plans. Corporate costs directly associated with our principal executive offices, personnel and other administrative costs are reflected as general and administrative expenses on the combined condensed consolidated statements of operations. Additionally, prior to the spin-off, InvenTrust allocated to us a portion of its corporate overhead costs based upon our percentage share of the average invested assets of InvenTrust, which is reflected in general and administrative expenses. Based on these presentation matters, these financials may not be comparable to prior periods. In addition, certain reclassifications were made for presentation of lodging related activities on the combined condensed consolidated statements of operations for the three and nine months ended September 30, 2015.

We and InvenTrust intend to make a joint election under section 336(e) of the Internal Revenue Code of 1986, as amended, with respect to the spin-off of Xenia from InvenTrust on February 3, 2015. InvenTrust agreed to make that election if requested by us, and we have notified InvenTrust that the election should be made. As a result of that

election, our tax basis in our assets will be stepped up to their fair market value as of the date of the spin-off. The increased tax basis in our assets will increase the depreciation deductions we are allowed to claim, which will decrease the portion of our distributions that will be taxable as dividend income to our stockholders. We and InvenTrust will make the section 336(e) election on our federal income tax returns for the taxable year that includes the spin-off.

Our Revenues and Expenses

Our revenue is primarily derived from hotel operations, including room revenue, food and beverage revenue and other operating department revenue, which consists of parking, telephone, other guest services and tenant leases.

Our operating costs and expenses consist of the costs to provide hotel services, including room expense, food and beverage expense, management fees and other indirect and direct operating expenses. Room expense includes housekeeping wages and associated payroll taxes, reservation systems, room supplies, laundry services and front desk costs.

Food and beverage expense primarily includes the cost of food, beverages and associated labor. Other direct and indirect hotel expenses include labor and other costs associated with the other operating department revenue, as well as labor and other costs associated with general and administrative departments, sales and marketing, and repairs and maintenance and utility costs. Our hotels are managed by independent, third-party management companies under long-term agreements under which the management companies typically earn base and incentive management fees based on the levels of revenues and profitability of each individual hotel.

Key Indicators of Operating Performance

We measure hotel results of operations and the operating performance of our business by evaluating financial and non-financial metrics such as RevPAR; average daily rate ("ADR"); occupancy rate ("occupancy" or "OCC"); earnings before interest, income taxes, depreciation and amortization ("EBITDA") and Adjusted EBITDA ("Adjusted EBITDA"); and funds from operations ("FFO") and Adjusted FFO ("Adjusted FFO"). We evaluate individual hotel and company-wide performance with comparisons to budgets, prior periods and competing properties. ADR, occupancy and RevPAR may be impacted by macroeconomic factors as well as regional and local economies and events. See "Non-GAAP Financial Measures" for further discussion of the Company's use, definitions and limitations of EBITDA and FFO and Adjusted EBITDA and Adjusted FFO.

Results of Operations

Overview

As of September 30, 2015, we owned 50 operating hotels, including one owned through a consolidated joint venture (Grand Bohemian Hotel Charleston, which was completed and opened to the public on August 27, 2015), and one hotel development that was owned through another consolidated joint venture (Grand Bohemian Hotel Mountain Brook, which was completed and opened to the public on October 22, 2015). At September 30, 2014, we owned 49 operating hotels, including two hotel developments owned by two consolidated joint ventures.

Properties that we acquire are included in our condensed consolidated statements beginning on the date of acquisition. The Canary Santa Barbara, Hotel Palomar Philadelphia and RiverPlace Hotel were acquired in July 2015 and the Aston Waikiki Beach Resort was acquired in February 2014.

Likewise, sold properties are excluded from our combined condensed consolidated statements of operations as part of continuing operations from the date they are sold in accordance with ASU No. 2014-08 as they did not represent a strategic shift or have a major effect on results of operations. The following three other hotels were disposed of in 2014: Crowne Plaza Charleston (May 2014), Doubletree Suites Atlanta Galleria (August 2014), and Holiday Inn Secaucus (December 2014).

Additionally, on November 17, 2014, InvenTrust sold the Suburban Select Service Portfolio for an aggregate gross disposition price of \$1.1 billion. Prior to the sale transaction, we oversaw the Suburban Select Service Portfolio. This sale reflected a strategic shift pursuant to ASU No. 2014-08 and had a major impact on our consolidated financial statements; therefore the operations of these 52 hotels are reflected as discontinued operations in the combined condensed consolidated statements of operations for the three and nine months ended September 30, 2015 and 2014.

Full year 2014 was negatively impacted by the August 2014 earthquake in Northern California, which resulted in (3) damage at two of our hotels, the Marriott Napa Valley Hotel & Spa and the Andaz Napa. The Marriott sustained limited damage and fully re-opened in October 2014. The Andaz partially re-opened in December 2014 with a total of 17,106 room nights out of order in the second half of 2014, and another 682 nights out of order in January 2015.

Room revenues

Room revenues increased by \$11.6 million, or 7.1%, to \$175.9 million for the three months ended September 30, 2015 from \$164.3 million for the three months ended September 30, 2014, of which \$5.0 million was attributable to a 4.0% improvement in RevPAR for our 44 comparable hotels that were owned during the three months ended September 30, 2015 and 2014. Additional increases of \$2.7 million were attributable to two of our hotels that were negatively impacted during the third quarter of 2014 by the Napa Earthquake and \$7.8 million attributable to the three hotels acquired during July 2015: Canary Santa Barbara, Hotel Palomar Philadelphia, and RiverPlace Hotel. These net increases for the three months ended September 30, 2015, were offset by a decrease in revenue of \$2.7 million related to two properties disposed of in 2014. In the first quarter of 2015, we transitioned to the Eleventh Revised Edition of the Uniform System of Accounts for the Lodging Industry ("USALI"), which resulted in \$1.2 million of resort fees being recorded in other revenues rather than room revenues, of which \$1.0 million was attributable to the Aston Waikiki Beach Resort.

Room revenues increased by \$20.8 million, or 4.3%, to \$501.8 million for the nine months ended September 30, 2015 from \$481.0 million for the nine months ended September 30, 2014, of which \$3.0 million was contributed by Aston Waikiki Beach Resort acquired in February 2014 and \$7.8 million was contributed by the three hotels acquired during July 2015. An increase of \$23.3 million was contributed by our remaining 46 comparable hotels that were owned during the nine months ended September 30, 2015 and 2014, attributable to a 5.4% improvement in RevPAR offset by a reduction in revenue of \$10.5 million related to three properties disposed of in 2014. Our transition to the Eleventh Revised Edition of USALI resulted in \$2.8 million of resort fees being recorded in other revenues rather than room revenues, of which \$2.3 million was attributable to the Aston Waikiki Beach Resort.

Food and beverage revenues

Food and beverage revenues increased by \$6.5 million, or 12.4%, to \$58.5 million for the three months ended September 30, 2015 from \$52.0 million for the three months ended September 30, 2014, of which \$1.8 million of the increase was attributable to reclassifications of revenues historically included in other revenues, \$2.3 million was attributable to the three hotels acquired in July 2015 and net increases of \$2.8 million were attributable to our remaining hotel portfolio due to higher banquet food and beverage and ancillary revenues, as well as, continued strong

performance in other food and beverage outlets. These increases were offset by decreases of \$0.4 million related to two properties disposed of in 2014.

Food and beverage revenues increased by \$14.3 million, or 8.4%, to \$185.7 million for the nine months ended September 30, 2015 from \$171.4 million for the nine months ended September 30, 2014, of which \$5.8 million of the increase was attributable to reclassifications of revenues historically included in other revenues, \$2.3 million was attributable to the three hotels acquired in July 2015 and net increases of \$7.8 million were attributable to our remaining hotel portfolio due to higher banquet food and beverage and ancillary revenues, as well as, continued strong performance in other food and beverage outlets. These increases for the nine months ended September 30, 2015, were offset by decreases of \$1.6 million related to three properties disposed of in 2014.

Other revenues

Other revenues decreased by \$0.7 million, or 4.8%, to \$14.1 million for the three months ended September 30, 2015 from \$14.8 million for the three months ended September 30, 2014, of which \$1.8 million was attributed to the reclassifications of revenues historically included in other revenues to food and beverage revenue and \$0.6 million was attributable to our remaining portfolio. These decreases were offset by increases of \$1.2 million in resort fees that were previously included in room revenues for the three months ended September 30, 2014 as a result of the transition to the Eleventh Revised Edition of USALI in the first quarter of 2015, which was primarily contributed by the Aston Waikiki Beach Resort, and \$0.5 million related to the three hotels acquired in July 2015.

Other revenues decreased by \$4.3 million, or 9.6%, to \$40.1 million for the nine months ended September 30, 2015 from \$44.3 million for the nine months ended September 30, 2014, of which \$5.8 million was attributed to the reclassifications of revenues historically included in other revenues to food and beverage revenue, \$0.7 million due to a reduction in guarantee income recorded from the manager of one hotel, and a net decrease of \$4.9 million related to our remaining portfolio and the three properties disposed of in 2014. These decreases were offset by increases of \$2.8 of resort fees that were previously included in room revenues for the nine months ended September 30, 2014 as a result of the transition to the Eleventh Revised Edition of USALI in the first quarter of 2015, which were primarily contributed by the Aston Waikiki Beach Resort acquired in February 2014 and from \$4.3 million contributed by the three hotels acquired in July 2015 and the Aston Waikiki Beach Resort.

Total hotel operating expenses

Total hotel operating expenses increased \$7.9 million, or 5.3%, to \$155.7 million for the three months ended September 30, 2015 from \$147.8 million for the three months ended September 30, 2014, of which \$6.5 million was contributed by the three hotels acquired in July 2015 and a net \$3.8 million was contributed by our 47 remaining hotel properties. Room expense, food and beverage expense and other operating department costs fluctuate based on various factors, including occupancy, labor costs, utilities and insurance costs. These increases were offset by decreases attributed to the sale of two hotels in 2014 totaling \$2.4 million.

Total hotel operating expenses increased \$8.8 million, or 2.0%, to \$452.9 million for the nine months ended September 30, 2015 from \$444.1 million for the nine months ended September 30, 2014, of which \$3.6 million of the increase was contributed by the Aston Waikiki Beach Resort acquired in February 2014, \$6.5 million was contributed by the three hotels acquired in July 2015 and a net \$8.1 million was contributed by our remaining properties. These increases were offset by a \$9.4 million decrease in total hotel operating expenses attributable to the three hotels sold in 2014.

Other direct expenses decreased \$2.0 million, or 30.0%, to \$4.6 million for the three months ended September 30, 2015 and \$7.9 million, or 37.4%, to \$13.3 million for the nine months ended September 30, 2015, respectively, from \$6.6 million and \$21.2 million for the three and nine months ended September 30, 2014, respectively, which was attributable to reclassifications between other hotel related expenses to reflect presentation going forward of such costs.

Depreciation and amortization

Depreciation and amortization expense increased \$3.9 million, or 3.6%, to \$110.1 million for the nine months ended September 30, 2015 from \$106.2 million for the nine months ended September 30, 2014, of which \$3.2 million of the increase was contributed by the Aston Waikiki Beach Resort acquired in February 2014 and the three hotels acquired in July 2015. The remaining \$1.5 million increase is the result of capital expenditures to improve our properties offset by decreases of \$0.8 million for three properties sold in 2014.

Real estate taxes, personal property taxes and insurance

Real estate taxes, personal property taxes and insurance expense increased \$4.3 million, or 13.2%, to \$37.0 million for the nine months ended September 30, 2015 from \$32.7 million for the nine months ended September 30, 2014. Real estate taxes and personal property taxes increased across the portfolio due to increased assessed property values or tax rates at certain properties, partially offset by refunds from prior year real estate tax appeals.

Ground lease expense

Ground lease expense decreased \$0.2 million, or 5.5%, to \$3.9 million for the nine months ended September 30, 2015 from \$4.1 million for the nine months ended September 30, 2014, comprised on an increase of \$0.4 million attributable to the Aston Waikiki Beach Resort acquired in February 2014 offset by decreases of \$0.7 million for a property sold in 2014.

General and administrative expenses

General and administrative expenses decreased \$5.1 million, or 48.7%, to \$5.4 million for the three months ended September 30, 2015 from \$10.5 million for the three months ended September 30, 2014. For the three months ended September 30, 2014, general and administrative expenses included an allocation of costs by InvenTrust for certain corporate services and other expenses in the amount of \$5.9 million. The allocation included costs related to corporate overhead expenses, such as payroll costs for certain of InvenTrust's employees (accounting, finance, tax, treasury, and legal). Additional net decreases of \$0.5 million for other operating costs related to salaries and professional fees during the three months ended September 30, 2015 were offset by an increase of \$1.3 million attributable to non-cash stock compensation to our Board of Directors, executive officers and certain members of management.

General and administrative expenses decreased \$4.8 million, or 19.9%, to \$19.4 million for the nine months ended September 30, 2015 from \$24.3 million for the nine months ended September 30, 2014. This was due to InvenTrust allocations for \$13.7 million for nine months ended September 30, 2014, offset by an increase of \$3.0 million in bonus expense, \$4.8 million attributable to non-cash stock compensation to our Board of Directors, executive officers and certain members of management, and net increases of \$1.1 million in other operating costs related to salaries and professional fees during the nine months ended September 30, 2015.

Business management fee

Business management fee expense decreased \$1.5 million to \$0 for the nine months ended September 30, 2015 compared to the nine months ended September 30, 2014. On March 12, 2014, InvenTrust executed the Self-Management Transactions. In connection with the Self-Management Transactions, InvenTrust agreed with the Business Manager to terminate the management agreement with the Business Manager, hire all of the Business Manager's employees and acquire the assets or rights necessary to conduct the functions previously performed for InvenTrust by the Business Manager. The Self-Management Transactions resulted in a final business management fee incurred in January 2014.

Acquisition transaction costs

Acquisition transaction costs were \$5.4 million during the nine months ended September 30, 2015. Typically, acquisition transaction costs consist of legal fees, other professional fees, transfer taxes and other direct costs associated with our pursuit of hotel investments. As a result, these costs vary with our level of ongoing acquisition activity. The primary increase during the nine months ended September 30, 2015 was attributable to the three hotels acquired in July 2015.

Pre-opening expense

Pre-opening expenses were \$0.8 million during the nine months ended September 30, 2015, which related to opening costs for our two joint venture development projects, the Grand Bohemian Hotel Charleston and the Grand Bohemian Hotel Mountain Brook, which opened to the public in August and October 2015, respectively.

Provision for asset impairment

During the nine months ended September 30, 2014, a provision for asset impairment of \$4.7 million was recorded on one hotel which was identified to have a reduction in the expected holding period and was written down to its estimated fair market value and was subsequently sold in August 2014. There were no asset impairments recorded for the nine months ended September 30, 2015.

Separation and other start-up related expenses

The \$0.4 million and \$26.9 million in separation and other start-up related expenses for the three and nine months ended September 30, 2015, respectively, relates to fees paid to unrelated third parties attributable to one-time costs incurred related to our spin-off from InvenTrust, the listing of our Common Stock on the NYSE, costs related to the Tender Offer and other start-up costs incurred while transitioning to a stand-alone, publicly-traded company.

Results of Non-Operating Income and Expenses

Hotel non-operating income and expenses consist of the following (in thousands):

	Three Months Ended September 30,				Nine Months Ended September 30,

Gain (loss) on sale of investment property

Gain (loss) on sale of investment property for the three and nine months ended September 30, 2014 was related to the sale of two hotels in May and August of 2014 that were included in continuing operations. There were no sales during the nine months ended September 30, 2015.

Other income (expense)

Other income increased \$3.2 million, or 1,731.9%, for the nine months ended September 30, 2015, which was primarily attributable to the involuntary loss and business interruption insurance recovery income of \$2.5 million, which is net of hotel related expenses.

Interest expense

Interest expense decreased \$1.9 million, or 13.1%, to \$12.5 million for the three months ended September 30, 2015 from \$14.4 million for the three months ended September 30, 2014 and \$4.8 million, or 11.0%, to \$38.7 million for the nine months ended September 30, 2015 from \$43.5 million for the nine months ended September 30, 2014. This was primarily the result of lower debt balances from mortgages and the repayment of two mortgage loans during the nine months ended September 30, 2015. In addition, as of September 30, 2015, the Company was no longer responsible for its \$96.0 million allocation of InvenTrust's unsecured credit facility.

Equity in losses and gain on consolidation of unconsolidated entity, net

Equity in losses and gain on consolidation of unconsolidated entity, net decreased \$4.2 million, or 100.0%, for the nine months ended September 30, 2015 compared to the nine months ended September 30, 2014. During the nine months ended September 30, 2014, the Company bought out its partner's interest in an unconsolidated entity that owned one hotel property, and began consolidating the operating results of the hotel resulting in a gain of \$4.5 million upon consolidation of the related assets and liabilities, which was offset by \$0.3 million representing the Company's share of equity in losses prior to the buyout of the remaining partner's interest. The respective hotel property was later sold as part of the Suburban Select Service Portfolio. We have no investments in unconsolidated entities as of September 30, 2015.

Income tax benefit (expense)

Income tax expense decreased \$2.0 million, or 107.5%, to an income tax benefit of \$0.1 million for the three months ended September 30, 2015 from the \$1.9 million expense allocated from InvenTrust for the three months ended September 30, 2014, a result of an increase in percentage rents from its TRS leases through the end of the year as hotel gross revenues exceed higher revenue break points in the leases resulting in a reduction of taxable income at the Company's TRS.

Income tax expense increased \$2.6 million, or 44.2%, to \$8.3 million for the nine months ended September 30, 2015 from \$5.8 million allocated from InvenTrust for the nine months ended September 30, 2014, which includes taxes on a one-time taxable gain of \$1.9 million on the transfer of a hotel to a more optimal ownership structure in connection with the Company's intention to elect to be taxed as a REIT. Management expects that taxable income in the second half of 2015 will be lower than in the first half of the year as a result of the \$1.9 million non-recurring tax and as result of an increase in percentage rents from its TRS leases through the end of the year as hotel gross revenues exceed higher revenue break points in the leases resulting in a reduction of taxable income at the Company's TRS.

Net income (loss) from discontinued operations

Net income (loss) from discontinued operations decreased \$3.3 million, or 100.0%, for the three months ended September 30, 2015 and \$2.3 million, or 127.0%, for the nine months ended September 30, 2015. During the three and nine months ended September 30, 2014, there were 52 properties reflected in discontinued operations. Effective January 1, 2014, we elected to early adopt ASU 2014-08. Under the new guidance, only disposals representing a strategic shift that had (or will have) a major effect on the entity's results and operations would qualify as discontinued operations. On September 17, 2014, InvenTrust entered into a definitive asset purchase agreement to sell the Suburban Select Service Portfolio, which was sold on November 17, 2014. Prior to the sale transaction, we oversaw the Suburban Select Service Portfolio. We believe this sale represented a strategic shift away from suburban select service hotels that had a major effect on our results and operations, and qualified as discontinued operations under ASU No. 2014-08. The operations of these hotels are reflected as discontinued operations on the combined condensed consolidated statements of operations for the three and nine months ended September 30, 2015 and September 30, 2014.

Liquidity and Capital Resources

We expect to meet our short-term liquidity requirements from cash on hand, cash flow from operations, borrowings under our unsecured revolving credit facility and the ability to refinance or extend our maturing debt as it becomes due. The objectives of our cash management policy are to maintain the availability of liquidity and minimize operational costs. Further, we have an investment policy that is focused on the preservation of capital and maximizing the return on new and existing investments.

On a long term basis, our objectives are to maximize revenue and profits generated by our existing properties and acquired hotels, to further enhance the value of our portfolio and produce an attractive current yield, as well as, to generate sustainable and predictable cash flow from our operations to distribute to our stockholders. To the extent we are able to successfully improve the performance of our portfolio, we believe this will result in increased operating cash flows. Additionally, we may meet our long-term liquidity requirements through additional borrowings, the issuance of equity and debt securities, and/or proceeds from the sales of hotels.

We may, from time to time, seek to retire or purchase additional amounts of our outstanding equity through cash purchases and/or exchanges for other securities in open market purchases, privately negotiated transactions or otherwise, including pursuant to a Rule 10b5-1 plan. Such repurchases or exchanges, if any, will depend on prevailing market conditions, our liquidity requirements, contractual restrictions and other factors. The amounts involved may be material.

As of September 30, 2015, we had \$99.4 million of consolidated cash and cash equivalents and \$83.1 million of restricted cash and escrows. The restricted cash as of September 30, 2015 primarily consists of cash held in restricted escrows of \$8.7 million for real estate taxes and insurance, and \$74.4 million related to lodging furniture, fixtures and equipment reserves as required per the terms of our management and franchise agreements.

Credit facility

Effective February 3, 2015, we entered into a \$400 million unsecured revolving credit facility with a syndicate of banks. The revolving credit facility includes an uncommitted accordion feature which, subject to certain conditions, allows us to increase the aggregate availability by up to an additional \$350 million. As of September 30, 2015, we had \$117 million outstanding under the revolving credit facility, which was repaid in October 2015 with proceeds from the sale of the Hyatt Regency Orange County.

Interest is paid on the periodic advances under the unsecured revolving credit facility at varying rates, based upon either LIBOR or the alternate base rate, plus an additional margin amount. The interest rate depends upon our leverage ratio pursuant to the provisions of the credit facility agreement. Our credit facility requires an unused commitment fee of 0.30% on the unused portion of the available borrowing amount, which totaled approximately \$0.2 million and \$0.7 million for the three and nine months ended September 30, 2015, respectively. The facility also contains customary covenants and restrictions for similar

type facilities and, as of September 30, 2015, we were in compliance with these requirements.

Term Loans and Mortgages

Subsequent to September 30, 2015, we executed a 63 month and a seven year term loan for \$125 million and \$175 million, respectively, entered into various interest rate hedge agreements, and repaid and refinanced several of our hotel mortgages. See Note 14 in the combined condensed consolidated financial statements included herein for further information.

Sources and Uses of Cash

Our principal sources of cash are cash flows from operations and borrowings under debt financings including draws on our credit facility. We may also obtain cash in the future from various types of equity offerings or the sale of our hotels. Our principal uses of cash are asset acquisitions, routine debt service and debt repayments, capital investments, operating costs, corporate expenses and dividends. We may also elect to use cash to buy back our common stock in the future.

Comparison of the Nine Months Ended September 30, 2015 to the Nine Months Ended September 30, 2014

The table below presents summary cash flow information for the combined condensed consolidated statements of cash flows (in thousands):

	Nine Months Ended September 30,	
	2015	2014
Net cash flows provided by operating activities	\$141,690	\$190,522
Net cash flows used in investing activities	(331,589) (215,331
Net cash flows provided by financing activities	126,276	62,165
(Decrease) increase in cash and cash equivalents	(63,623) 37,356
Cash and cash equivalents, at beginning of period	163,053	89,169
Cash and cash equivalents, at end of period	\$99,430	\$126,525

Operating

Cash provided by operating activities was \$141.7 million and \$190.5 million for the nine months ended September 30, 2015 and 2014, respectively. Cash provided by operating activities for the nine months ended September 30, 2015 decreased due to (i) non-recurring general and administrative expenses of \$26.9 million for one-time costs related to the listing of our common stock on the NYSE, such as legal, audit fees and other professional fees, costs related to the Tender Offer, and costs related to becoming a stand-alone public company and (ii) lost operating cash flows of \$45.5 million from the sale of the Suburban Select Service Portfolio, which was partially offset by an increase in cash flows from our hotel portfolio including cash flows generated by the Aston Waikiki Beach Resort acquired in 2014 and the three hotels acquired in July 2015.

Investing

Cash used in investing activities was \$331.6 million and \$215.3 million for the nine months ended September 30, 2015, and 2014, respectively. Cash used in investing activities for the nine months ended September 30, 2015 was primarily due to (i) \$40.9 million in capital improvements at our hotel properties (ii) \$30.8 million of additional investments in our joint ventures, and (iii) the acquisition of three hotels for \$245 million. Cash used in investing activities during the nine months ended September 30, 2014 were primarily from the purchase of the Aston Waikiki Beach Resort for \$183.8 million in February 2014, \$26.4 million in capital improvements of our hotels and \$15.3 million of investments in joint ventures to develop two hotels offset by \$24.6 million in proceeds from the sale of three hotels.

Financing

Cash provided by financing activities was \$126.3 million and \$62.2 million for the nine months ended September 30, 2015, and 2014, respectively. Cash provided by financing activities for the nine months ended September 30, 2015 was primarily comprised of (i) a net contribution of \$153.3 million from InvenTrust, (ii) net borrowings on our revolving line of credit of \$117 million, and (iii) proceeds from mortgage debt of \$19.6 million, which was partially offset by (i) cash used for mortgage principal payments of \$6.7 million, (ii) the payoff of \$81.5 million in mortgage loans, (iii) \$36.9 million used to repurchase common shares in the Tender Offer, and (iv) the payment of \$42.2 million in dividends to common stockholders. Cash provided by financing activities for the nine months ended September 30, 2014, was primarily due to a net contribution of \$45.7 million from InvenTrust and proceeds from mortgage debt and notes payable of \$75.2 million, partially offset by repayments of mortgage debt of \$50.8 million.

Capital Expenditures and Reserve Funds

We maintain each of our properties in good repair and condition and in conformity with applicable laws and regulations, franchise agreements and management agreements. Routine capital expenditures are administered by the property management companies. However, we have approval rights over the capital expenditures as part of the annual budget process for each of our properties. From time to time, certain of our hotels may be undergoing renovations as a result of our decision to upgrade portions of the hotels, such as guest rooms, public space, meeting space and/or restaurants, in order to better compete with other hotels in our markets. In addition, upon the acquisition of a hotel we often are required to complete a property improvement plan in order to bring the hotel up to the respective brand standards. If permitted by the terms of the management agreement, funding for a renovation will first come from the furniture, fixtures and equipment reserves. We are obligated to maintain reserve funds with respect to certain agreements with our hotel management companies, franchisors and lenders to provide funds, generally 3% to 5% of hotel revenues, sufficient to cover the cost of certain capital improvements to the hotels and to periodically replace and update furniture, fixtures and equipment. Certain of the agreements require that we reserve this cash in separate accounts. To the extent that the furniture, fixtures and equipment reserves are not available or adequate to cover the cost of the renovation, we may fund a portion of the renovation with cash on hand, borrowings from our unsecured revolving credit facility and/or other sources of available liquidity. As of September 30, 2015 and December 31, 2014, we held a total of \$74.4 million and \$76.3 million, respectively, of furniture, fixtures and equipment reserves. We have been and will continue to be prudent with respect to our capital spending, taking into account our cash flows from operations.

During the nine months ended September 30, 2015, we made total capital expenditures of \$40.9 million, including \$2.7 million for Napa hotel earthquake repairs. Our total capital expenditures in 2014 were \$47.3 million, including \$7.1 million for Napa earthquake repairs. For 2015, we anticipate total capital expenditures of approximately \$45 million to \$50 million, excluding capital expenditures related to earthquake damage remediation at two of our Napa hotel properties.

Off-Balance Sheet Arrangements

As of September 30, 2015, we have no off-balance sheet arrangements.

Non-GAAP Financial Measures

We consider the following non-GAAP financial measures useful to investors as key supplemental measures of our operating performance: EBITDA, Adjusted EBITDA, FFO and Adjusted FFO. These non-GAAP financial measures should be considered along with, but not as alternatives to, net income or loss, operating profit, cash from operations, or any other operating performance measure as prescribed per GAAP.

EBITDA and Adjusted EBITDA

EBITDA is a commonly used measure of performance in many industries and is defined as net income or loss (calculated in accordance with GAAP) excluding interest expense, provision for income taxes (including income taxes applicable to sale of assets) and depreciation and amortization. We consider EBITDA useful to an investor regarding our results of operations, in evaluating and facilitating comparisons of our operating performance between periods and between REITs by removing the impact of our capital structure (primarily interest expense) and asset base (primarily depreciation and amortization) from our operating results, even though EBITDA does not represent an amount that accrues directly to common stockholders. In addition, EBITDA is used as one measure in determining the value of

hotel acquisitions and dispositions and along with FFO and Adjusted FFO, it is used by management in the annual budget process for compensation programs.

36

We further adjust EBITDA for certain additional items such as hotel property acquisitions and pursuit costs, amortization of share-based compensation, equity investment adjustments, the cumulative effect of changes in accounting principles, impairment of real estate assets, operating results from properties sold and other costs we believe do not represent recurring operations and are not indicative of the performance of our underlying hotel property entities. We believe Adjusted EBITDA provides investors with another financial measure in evaluating and facilitating comparison of operating performance between periods and between REITs that report similar measures. FFO and Adjusted FFO

We calculate FFO in accordance with standards established by the National Association of Real Estate Investment Trusts (NAREIT), which defines FFO as net income or loss (calculated in accordance with GAAP), excluding real estate-related depreciation, amortization and impairments, gains (losses) from sales of real estate, the cumulative effect of changes in accounting principles, similar adjustments for unconsolidated partnerships and joint ventures, and items classified by GAAP as extraordinary. Historical cost accounting for real estate assets implicitly assumes that the value of real estate assets diminishes predictably over time. Since real estate values instead have historically risen or fallen with market conditions, most industry investors consider presentations of operating results for real estate companies that use historical cost accounting to be insufficient by themselves. We believe that the presentation of FFO provides useful supplemental information to investors regarding our operating performance by excluding the effect of real estate depreciation and amortization, gains (losses) from sales for real estate, impairments of real estate assets, extraordinary items and the portion of these items related to unconsolidated entities, all of which are based on historical cost accounting and which may be of lesser significance in evaluating current performance. We believe that the presentation of FFO can facilitate comparisons of operating performance between periods and between REITs, even though FFO does not represent an amount that accrues directly to common stockholders. Our calculation of FFO may not be comparable to measures calculated by other companies who do not use the NAREIT definition of FFO or do not calculate FFO per diluted share in accordance with NAREIT guidance. Additionally, FFO may not be helpful when comparing us to non-REITs.

We further adjust FFO for certain additional items that are not in NAREIT's definition of FFO such as hotel property acquisition and pursuit costs, amortization of debt origination costs and share-based compensation, operating results from properties that are sold and other expenses we believe do not represent recurring operations. We believe that Adjusted FFO provides investors with useful supplemental information that may facilitate comparisons of ongoing operating performance between periods and between REITs that make similar adjustments to FFO and is beneficial to investors' complete understanding of our operating performance.

(1) For the three and nine months September 30, 2015, the pre-opening expenses related to the Grand Bohemian Hotel Charleston and Grand Bohemian Hotel Mountain Brook, which opened in August and October 2015, respectively.

For the three and nine months September 30, 2015, we terminated management agreements for four properties and entered into new management contracts with a new third-party hotel operator. In connection with the terminations, (2) we paid termination fees of \$0.7 million, which was offset by \$0.5 million in income from the write off of deferred guaranty funding that was previously received from certain of the managers and was being recognized over the term of the old management contracts.

The business interruption insurance recovery for 2014 for the three and nine months ended September 30, 2015 (3) was \$0.4 and \$2.5 million, respectively, which is net of \$1.6 million of hotel related expenses attributable to those hotels impacted by the August 2014 Napa Earthquake.

(4) The following three hotels were disposed of in 2014: Crowne Plaza Charleston Airport - Convention Center, DoubleTree Suites Atlanta Galleria, and Holiday Inn Secaucus Meadowlands.

(5) On November 17, 2014, InvenTrust sold the Suburban Select Service Portfolio for an aggregate gross disposition price of \$1.1 billion. Prior to the sale transaction, the Company oversaw the Suburban Select Service Portfolio.

This sale reflected a strategic shift and had a major impact on our consolidated financial statements; therefore the operations of these 52 hotels are reflected as discontinued operations on the combined condensed consolidated statements of operations for the three and nine months ended September 30, 2015 and 2014.

For the three and nine months September 30, 2015, other non-recurring expenses include one-time costs related to the listing of our common stock on the NYSE, such as legal, audit fees and other professional fees, costs related to (6) the Tender Offer described in Note 10 in the combined condensed consolidated financial statements as of September 30, 2015 and 2014, and other start-up costs incurred while transitioning to a stand-alone, publicly-traded company.

(1) Loan related costs included amortization of debt discounts, premiums and deferred loan origination costs.

For the three and nine months September 30, 2015, we terminated management agreements for four properties and entered into new management contracts with a new third-party hotel operator. In connection with the terminations,

(2) we paid termination fees of \$0.7 million, which was offset by \$0.5 million in income from the write off of deferred guaranty funding that was previously received from certain of the managers and was being recognized over the term of the old management contracts.

For the nine months ended September 30, 2015, the Company recognized income tax expense of \$8.3 million, of (3) which \$1.9 million related to a gain on the transfer of a hotel between legal entities resulting in a more optimal structure in connection with the Company's intention to elect to be taxed as a REIT.

The business interruption insurance recovery for the three and nine months ended September 30, 2015 was (4) \$0.4 and \$2.5 million, respectively, which was net of \$1.6 million of hotel related expenses attributable to those hotels impacted by the August 2014 Napa Earthquake.

(5) The following three hotels were disposed of in 2014: Crowne Plaza Charleston Airport - Convention Center, DoubleTree Suites Atlanta Galleria, and Holiday Inn Secaucus Meadowlands.

On November 17, 2014, InvenTrust sold the Suburban Select Service Portfolio for an aggregate gross disposition price of \$1.1 billion. Prior to the sale transaction, the Company oversaw the Suburban Select Service Portfolio.

(6) This sale reflected a strategic shift and had a major impact on our consolidated financial statements; therefore the operations of these 52 hotels are reflected as discontinued operations on the combined condensed consolidated statements of operations for the three and nine months ended September 30, 2015 and 2014.

For the three and nine months ended September 30, 2015, other non-recurring expenses include one-time costs related to the listing of our common stock on the NYSE, such as legal, audit fees and other professional fees, costs

(7) related to the Tender Offer described in Note 10 in the combined condensed consolidated financial statements as of September 30, 2015 and 2014, and other start-up costs incurred while transitioning to a stand-alone, publicly-traded company.

Use and Limitations of Non-GAAP Financial Measures

EBITDA, Adjusted EBITDA, FFO, and Adjusted FFO do not represent cash generated from operating activities under GAAP and should not be considered as alternatives to net income or loss, operating profit, cash flows from operations or any other operating performance measure prescribed by GAAP. Although we present and use EBITDA, Adjusted EBITDA, FFO and Adjusted FFO because we believe they are useful to investors in evaluating and facilitating comparisons of our operating performance between periods and between REITs that report similar measures, the use of these non-GAAP measures has certain limitations as analytical tools. These non-GAAP financial measures are not measures of our liquidity, nor are they indicative of funds available to fund our cash needs, including our ability to fund capital expenditures, contractual commitments, working capital, service debt or make cash distributions. These measurements do not reflect cash expenditures for long-term assets and other items that we have incurred and will incur. These non-GAAP financial measures may include funds that may not be available for management's discretionary use due to functional requirements to conserve funds for capital expenditures, property acquisitions, and other commitments and uncertainties. These non-GAAP financial measures as presented may not be comparable to non-GAAP financial measures as calculated by other real estate companies.

We compensate for these limitations by separately considering the impact of these excluded items to the extent they are material to operating decisions or assessments of our operating performance. Our reconciliations to the most comparable GAAP financial measures, and our combined condensed consolidated statements of operations, include interest expense, and other excluded items, all of which should be considered when evaluating our performance, as well as the usefulness of our non-GAAP financial measures. These non-GAAP financial measures reflect additional ways of viewing our operations that we believe, when viewed with our GAAP results and the reconciliations to the corresponding GAAP financial measures, provide a more complete understanding of factors and trends affecting our business than could be obtained absent this disclosure. We strongly encourage investors to review our financial information in its entirety and not to rely on a single financial measure.

Critical Accounting Policies and Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amount of assets and liabilities at the date of our financial statements and the reported amounts of revenues and expenses during the reporting period. Actual amounts may differ significantly from these estimates and assumptions. We evaluate our estimates, assumptions and judgments are reasonable and appropriate on an ongoing basis, based on information that is then available to us as well as our experience and various matters. All of our significant accounting policies, including certain critical accounting policies, are disclosed in our Annual Report on Form 10-K for the year ended December 31, 2014 and Note 2 in the combined condensed consolidated financial statements included herein.

Inflation

We rely on the performance of the hotels to increase revenues to keep pace with inflation. Generally, our hotel operators possess the ability to adjust room rates daily, except for group or corporate rates contractually committed to in advance, although competitive pressures may limit the ability of our operators to raise rates faster than inflation or even at the same rate.

Seasonality

Demand in the lodging industry is affected by recurring seasonal patterns which are greatly influenced by overall economic cycles, the geographic locations of the hotels and the customer mix at the hotels. Generally, our hotels will have lower revenue, operating income and cash flow in the first quarter and higher revenue, operating income and cash flow in the third quarter.

Subsequent Events

Debt

On October 22, 2015, the Company executed a \$175 million unsecured term loan with an interest rate of LIBOR plus the applicable rate, as defined per the respective agreement, maturing in February 2021. Simultaneously with the closing of the \$175 million unsecured term loan, the Company entered into swap agreements to fix LIBOR at 1.29% for the entire term of the loan. A portion of the proceeds from the \$175 million unsecured term loan was used to pay off the outstanding balance on the unsecured revolving credit facility and the remaining proceeds were used to pay off one property level mortgage with a principal balance of \$53 million.

Additionally on this date, the Company executed a \$125 million term loan with an interest rate of LIBOR plus the applicable rate, as defined per the respective agreement, maturing in October 2022. The \$125 million unsecured term loan will be funded in early 2016 in connection with the previously announced acquisition of the Hotel Commonwealth.

On October 27, 2015, the Company closed on the sale of the Hyatt Regency Orange County hotel for a purchase price of \$137 million. In connection with this sale, the Company paid off its property level mortgage with an outstanding balance of \$61.9 million. Also in October 2015 the Company refinanced a mortgage for one hotel with a principal balance of \$30.3 million. The new loan is for \$63.0 million, has a term of 10 years and carries a fixed annual interest rate of 4.48%.

In November 2015, the Company paid off three additional hotel level mortgages in the amount of \$104.6 million. Further, the Company also obtained \$7.5 million in incremental proceeds under the terms of another existing mortgage loan in November 2015.

In connection with repaying these loans, the Company incurred prepayment fees of approximately \$5.1 million in the fourth quarter of 2015.

Stockholder's Equity

On September 30, 2015, the Company redeemed all 125 outstanding shares of its Series A Preferred Stock for \$1,100 per share plus accrued and unpaid dividends of \$31.25 per share, including a \$100.00 per share redemption premium, for an aggregate per share redemption price of \$1,131.25. Following the redemption, in accordance with the Company's charter, the Board of Directors of the Company reclassified the redeemed shares of the Company's Series A Preferred Stock as authorized but unissued shares of Preferred Stock without designation as to series. In connection therewith, on November 10, 2015, the Company filed Articles Supplementary and Articles of Restatement (the "Revised Articles") to the Company's charter with the State Department of Assessments & Taxation of Maryland. The only change made to the existing charter of the Company in the Revised Articles was to reflect the reclassification of the Series A Preferred Stock as Preferred Stock without designation as described above. This description of the Revised Articles does not purport to be complete and is subject, and qualified in its entirety by reference, to the full texts of the Revised Articles, which are attached hereto as Exhibits 3.1 and 3.2.

New Accounting Pronouncements Not Yet Implemented

See Note 2 to our combined condensed consolidated financial statements included herein for additional information related to recently issued accounting pronouncements.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We are subject to market risk associated with changes in interest rates both in terms of variable-rate debt and the price of new fixed-rate debt upon maturity of existing debt and for acquisitions. Our interest rate risk management objectives are to limit the impact of interest rate changes on earnings and cash flows and to lower our overall borrowing costs. If market rates of interest on all of the variable rate debt as of September 30, 2015 permanently increased or decreased by 1%, the increase or decrease in interest expense on the variable rate debt would decrease or increase future earnings and cash flows by approximately \$5.6 million per annum. If market rates of interest on all of the variable rate debt as of December 31, 2014 permanently increased or decreased by 1%, the increase or decrease in interest expense on the variable rate debt would decrease or increase future earnings and cash flows by approximately \$5.8 million per annum.

With regard to our variable rate financing, we assess interest rate cash flow risk by continually identifying and monitoring changes in interest rate exposures that may adversely impact expected future cash flows and by evaluating hedging opportunities. We maintain risk management control systems to monitor interest rate cash flow risk attributable to both of our outstanding or forecasted debt obligations as well as our potential offsetting hedge positions. The risk management control systems involve the use of analytical techniques, including cash flow sensitivity analysis, to estimate the expected impact of changes in interest rates on our future cash flows.

We monitor interest rate risk using a variety of techniques, including periodically evaluating fixed interest rate quotes on all variable rate debt and the costs associated with converting the debt to fixed rate debt. Also, existing fixed and variable rate loans that are scheduled to mature in the next year or two are evaluated for possible early refinancing or extension due to consideration given to current interest rates. Refer to Note 7 in the combined condensed consolidated financial statements included herein, for our mortgage debt principal amounts and weighted average interest rates by year and expected maturity to evaluate the expected cash flows and sensitivity to interest rate changes.

We may use derivative instruments to hedge exposures to changes in interest rates on loans secured by our properties. To the extent we do, we are exposed to credit risk and market risk. Credit risk is the failure of the counterparty to perform under the terms of the derivative contract. We maintain credit policies with regard to our counterparties that

we believe reduce overall credit risk. These policies include evaluating and monitoring our counterparties' financial condition, including their credit ratings, and entering into agreements with counterparties based on established credit limit policies. Market risk is the adverse effect on the value of a financial instrument that results from a change in interest rates. The market risk associated with interest-rate contracts is managed by establishing and monitoring parameters that limit the types and degree of market risk that may be undertaken.

Subsequent to September 30, 2015, we entered into several swap agreements to fix the LIBOR rate on our five year term loan at 1.29% for the entire five year term. See "Subsequent Events" above for additional information.

The following table provides information about our financial instruments that are sensitive to changes in interest rates. For debt obligations outstanding as of September 30, 2015, the following table presents principal repayments and related weighted-average interest rates by contractual maturity dates (in thousands):

(1) The debt maturity excludes net mortgage premiums and discounts of \$1 million as of September 30, 2015.

(2) Includes the Hyatt Regency Orange County mortgage of \$62 million that is included in liabilities associated with assets held for sale on the combined condensed consolidated balance sheet as of September 30, 2015. The sale closed in October 2015 and proceeds from the sale were used to repay the outstanding balance of the related mortgage.

(3) See Item 7A of our most recent Annual Report on Form 10-K and Note 8 to our combined condensed consolidated financial statements included herein.

Item 4. Controls and Procedures

Disclosure Controls and Procedures. As required by Rules 13a-15(b) and 15d-15(b) under the Exchange Act, our management, including our principal executive officer and our principal financial officer evaluated, as of the end of the period covered by this quarterly report, the effectiveness of our disclosure controls and procedures as defined in Rules 13a-15(e) and Rule 15d-15(e) of the Exchange Act. Based on that evaluation, our principal executive officer and our principal financial officer concluded that our disclosure controls and procedures, as of the end of the period covered by this quarterly report, were effective at a reasonable assurance level for the purpose of ensuring that information required to be disclosed by us in this quarterly report is recorded, processed, summarized and reported within the time periods specified by the rules and forms of the Exchange Act and is accumulated and communicated to management, including our principal executive officer and our principal financial officer as appropriate, to allow timely decisions regarding required disclosures.

Changes in Internal Control Over Financial Reporting. There has been no change in the Company's internal control over financial reporting during the Company's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

Part II. OTHER INFORMATION

Item 1. Legal Proceedings

We are involved in various claims and lawsuits arising in the normal course of business, including proceedings involving tort and other general liability claims, workers' compensation and other employee claims and claims related to our ownership of certain hotel properties. Most occurrences involving liability, claims of negligence and employees are covered by insurance with solvent insurance carriers. We recognize a liability when we believe the loss is probable and reasonably estimable. We currently believe that the ultimate outcome of such lawsuits and proceedings will not, individually or in the aggregate, have a material effect on our combined condensed consolidated financial position, results of operations or liquidity.

Item 1A. Risk Factors

There have been no material changes from the risk factors previously disclosed in response to Item 1A. to Part I of our Annual Report on Form 10-K for the fiscal year ended December 31, 2014.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None.

Item 3. Defaults Upon Senior Securities

None.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

On September 30, 2015, the Company redeemed all 125 outstanding shares of its Series A Preferred Stock for \$1,100 per share plus accrued and unpaid dividends of \$31.25 per share, including a \$100.00 per share redemption premium, for an aggregate per share redemption price of \$1,131.25. Following the redemption, in accordance with the Company's charter, the Board of Directors of the Company reclassified the redeemed shares of the Company's Series A Preferred Stock as authorized but unissued shares of Preferred Stock without designation as to series. In connection therewith, on November 10, 2015, the Company filed Articles Supplementary and Articles of Restatement (the "Revised Articles") to the Company's charter with the State Department of Assessments & Taxation of Maryland. The only change made to the existing charter of the Company in the Revised Articles was to reflect the reclassification of the Series A Preferred Stock as Preferred Stock without designation as described above. This description of the Revised Articles does not purport to be complete and is subject, and qualified in its entirety by reference, to the full texts of the Revised Articles, which are attached hereto as Exhibits 3.1 and 3.2.

Also on September 30, 2015, and in connection with the redemption of the Series A Preferred Stock described above, the Operating Partnership redeemed all 125 of its Series A Preferred Units that were held by the Company for \$1,100 per share plus accrued and unpaid dividends of \$31.25 per share, including a \$100.00 per share redemption premium, for an aggregate per unit redemption price of \$1,131.25. In connection therewith, on November 10, 2015, the Company entered into the Fourth Amended & Restated Agreement of Limited Partnership of XHR LP (the "Fourth LP Agreement"). The Fourth LP Agreement amended the previous agreement to reflect the redemption of the Series A Preferred Units and restate the Agreement to include the terms of a prior amendment within the Fourth LP Agreement. This description of the Fourth LP Agreement does not purport to be complete and is subject, and qualified in its entirety by reference, to the full text of the Fourth LP Agreement, which is attached hereto as Exhibit 10.1.
