PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS
To Be Held on May 23, 2017

The board of directors (the “Board of Directors” or the “Board”) of Xenia Hotels & Resorts, Inc., a Maryland corporation (referred to herein as “Xenia,” “we,” “us” or the “Company”), solicits your proxy to vote at the 2017 Annual Meeting of Stockholders (the “Annual Meeting”) to be held on Tuesday, May 23, 2017, beginning at 9:00 a.m., local time, at the offices of Baker & Hostetler LLP, SunTrust Center, Suite 2300, 200 S. Orange Avenue, Orlando, Florida 32801, and at any adjournments or postponements thereof.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS:

Pursuant to the rules and regulations of the U.S. Securities and Exchange Commission (the “SEC”), we are primarily furnishing proxy materials to our stockholders via the internet, rather than mailing paper copies of the materials. internet distribution of the proxy materials is designed to expedite receipt by stockholders, lower costs and reduce the environmental impact of the Annual Meeting.

This proxy statement for the Annual Meeting and the Annual Report for the fiscal year ended December 31, 2016, are available free of charge at www.proxyvote.com.

Beginning on or about April 10, 2017, we mailed a Notice of Internet Availability of Proxy Materials (the “Notice”) to our stockholders as of the close of business on March 31, 2017, which contained instructions on how to access and review proxy materials, including our proxy statement and our Annual Report for the fiscal year ended December 31, 2016, and how to submit proxies or voting instructions via the internet. On or about April 10, 2017, we also began mailing a full set of proxy materials to certain stockholders, including those who previously requested a paper copy of the proxy materials.

ARTICLE I: PROXY MATERIALS AND ANNUAL MEETING

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

1.Q: Why did I receive a notice in the mail regarding the internet availability of the proxy materials?

The Board of Directors is delivering or providing access to proxy materials to its stockholders in connection with its solicitation of proxies to vote at the Annual Meeting and at any adjournment or postponement thereof.

The SEC has adopted rules permitting the electronic delivery of proxy materials. In accordance with those rules, we have elected to provide access to our proxy materials, which include this proxy statement and our Annual Report for the fiscal year ended December 31, 2016, at www.proxyvote.com. We sent the Notice to our stockholders as of the close of business on March 31, 2017, directing them to a website where they can access the

A: proxy materials and view instructions on how to authorize proxies to vote their shares over the internet or by telephone. Stockholders who previously indicated a preference for paper copies of our proxy materials received paper copies. If you received a Notice but would like to request paper copies of our proxy materials going forward, you may still do so by following the instructions described in the Notice.

Choosing to receive your proxy materials over the internet will help conserve natural resources and reduce the costs associated with the printing and mailing of the proxy materials to you. Unless you affirmatively elect to receive paper copies of our proxy materials in the future by following the instructions included in the Notice, you will continue to receive a Notice directing you to a website for electronic access to our proxy materials.

2.Q: When and where is the Annual Meeting?

The Annual Meeting will be held at the offices of Baker & Hostetler LLP, SunTrust Center, Suite 2300, 200 S.

A: Orange Avenue, Orlando, Florida 32801, on Tuesday, May 23, 2017, at 9:00 a.m., local time.

3.Q: What is the purpose of the Annual Meeting?

At our Annual Meeting, stockholders will act upon the matters outlined in this proxy statement and in the Notice of Annual Meeting of Stockholders included with this proxy statement, including the election of directors, the approval of a non-binding advisory resolution on the compensation of our named executive officers (“say on pay”),

A: the approval of a non-binding advisory resolution on the frequency of future say on pay votes, the ratification of KPMG LLP as our independent registered public accounting firm, and such other matters as may properly come before the meeting or any adjournment or postponement thereof.

4.Q: How can I attend the Annual Meeting?

Only stockholders of record and beneficial owners of Xenia common stock as of the close of business on March 31, 2017, the record date, or their duly authorized proxies, will be entitled to attend the Annual Meeting. To gain admittance, stockholders (or their proxies) must first obtain an admission ticket by registering no later than Friday, May 19, 2017. To register, follow the instructions provided on page 44 of this proxy statement. You must bring your admission ticket and a valid, government-issued photo identification (such as a valid driver’s license or passport) in order to gain access to the Annual Meeting. If you are a beneficial owner of Xenia common stock (as described in Question 6 below), you will need to obtain a legal proxy from your broker or other nominee in order

A: to vote at the Annual Meeting, as further described in Question 7 below.

For directions to the meeting location, please contact us at 407-246-8100.

Stockholders may be required to enter through a security check point before being granted access to the meeting.

No cameras, recording devices, other electronic devices or large packages will be permitted at the Annual Meeting. Photographs and videos taken at the Annual Meeting by or at the request of Xenia may be used by Xenia, and by attending the Annual Meeting, you waive any claim or rights with respect to those photographs and their use.

5.Q: What should I do if I receive more than one Notice or set of proxy materials?

You may receive more than one Notice or set of proxy materials. For example, if you hold your shares in more than one brokerage account, or if you are a stockholder of record and your shares are registered in more than one

A: name, you will receive more than one Notice or set of proxy materials. Please be sure to submit your proxy or voting instructions for each account in which you hold shares.

6.Q: What is the difference between holding shares as a record holder versus a beneficial owner?

Many Xenia stockholders hold their shares through a broker or other nominee rather than directly in their own name. There are some distinctions between shares held of record and those owned beneficially:

Record Holders: If your shares are registered directly in your name with our transfer agent, DST Systems, Inc., you are considered, with respect to those shares, the stockholder of record or record holder. As the stockholder of record as of the record date, you have the right to grant your voting proxy directly to Xenia or to vote in person at the Annual Meeting.

Beneficial Owners: If your shares are held in a brokerage account or by another nominee, you are considered the beneficial owner of shares held in street name, and the Notice (or in some cases as described above, a full set of proxy materials) is being forwarded to you automatically, along with instructions from your broker, bank or other nominee. As a beneficial owner, you have the right to direct your broker, bank or other nominee how to vote and are also invited to attend the Annual Meeting. Since a beneficial owner is not the stockholder of record, you may not vote these shares in person at the meeting unless you obtain a “legal proxy” from the broker, bank or other nominee that holds your shares, giving you the right to vote the shares at the meeting. Your broker, bank or other nominee has provided voting instructions for you to use in directing how to vote your shares. If you do not provide specific voting instructions by the deadline set forth in the materials you receive from your broker, bank or other nominee, your broker, bank or other nominee can vote your shares with respect to “discretionary” items, but not with respect to “non-discretionary” items. See Question 10 below for more information about broker non-votes.

7.Q: Who can vote and how do I vote?

Only stockholders as of the close of business on March 31, 2017, the record date, will be entitled to notice of and to vote at the Annual Meeting. To ensure that your vote is recorded promptly, please authorize a proxy to vote your shares as soon as possible, even if you plan to attend the Annual Meeting in person.

If you are a record holder, you may submit your proxy or voting instructions via the internet or by telephone, which will ensure your shares are represented at the Annual Meeting. If you received your proxy materials by mail, you may submit your proxy or voting instructions on the internet or by telephone, or you may submit your proxy by completing and mailing the enclosed proxy card/voting instruction form. If you attend the Annual Meeting, you may revoke your proxy should you wish to vote in person, and any previous votes that you submitted will be superseded by the vote that you cast at the Annual Meeting. Your attendance at the Annual Meeting is not sufficient in and of itself to vote, or revoke your proxy.

A: Beneficial owners may authorize a proxy by telephone or internet if their bank, broker or other nominee makes those methods available, in which case the bank, broker or other nominee will provide instructions for doing so. Beneficial owners who wish to vote at the Annual Meeting must first obtain a “legal proxy” from their broker, bank or other nominee, giving the beneficial owner the right to vote the shares at the meeting and present such legal proxy at the Annual Meeting.

To attend and vote at the Annual Meeting, all stockholders must also register by Friday, May 19, 2017, as described on page 44 of this proxy statement.

For further instructions on voting, see the Notice or Proxy Card. If you authorize a proxy by telephone, via the internet or by returning your proxy card/voting instructions, the shares represented by the proxy will be voted in accordance with your instructions.

8. Q: What are my voting choices, and how many votes are required for approval or election?
In the vote on the election of director nominees identified in this proxy statement to serve until the 2018 annual meeting of stockholders and until their respective successors have been duly elected and qualify, stockholders may (1) vote for all nominees or specific nominees or (2) withhold authority to vote for all nominees or specific nominees. A plurality of all the votes cast at the Annual Meeting shall be sufficient to elect each director. The Board of Directors unanimously recommends a vote FOR each of the nominees.
In the say on pay advisory vote, stockholders may (1) vote to approve the resolution; (2) vote against the resolution; or (3) abstain from voting on the resolution. The affirmative vote of a majority of all of the votes cast at the Annual Meeting is required to approve the non-binding advisory resolution on the compensation of our named executive officers. Although the advisory vote on proposal 2 is non-binding, as provided by law, the Company's Board of Directors and the Compensation Committee will review the results of the vote and will take it into account in making a determination concerning executive compensation. The Board of Directors unanimously recommends a vote FOR the approval of the compensation of the Company's named executive officers.
In the advisory vote on the frequency of future say on pay votes, stockholders may indicate whether they would prefer a say on pay vote every year, every two years or every three years, or stockholders may abstain from voting on the proposal. The frequency of the advisory vote on executive compensation (1, 2, or 3 years) receiving the affirmative vote of the majority of votes cast at the Annual Meeting will be considered the frequency recommended by stockholders. Although the advisory vote on proposal 3 is non-binding, as provided by law, the Company's Board of Directors and the Compensation Committee will review the results of the vote and will take it into account in making a determination concerning the frequency of future say on pay votes. In addition, it is possible that none of the three alternatives will receive a majority of the votes cast on this proposal. If no frequency receives a majority of the votes cast on this proposal, the Company's Board of Directors and the Compensation Committee will take the results into account in making a determination concerning the frequency of future say on pay advisory votes, The Board of Directors unanimously recommends a vote for a frequency of ONE YEAR.
In the vote on the ratification of the appointment of KPMG LLP as Xenia's independent registered public accounting firm for fiscal year 2017, stockholders may (1) vote for the ratification; (2) vote against the ratification; or (3) abstain from voting on the ratification. Ratification of the appointment of KPMG LLP as our independent registered public accounting firm for fiscal year 2017 will require the affirmative vote of a majority of the votes cast at the Annual meeting; however, stockholder ratification is not required to authorize the appointment of KPMG LLP as our independent registered public accounting firm. The Board of Directors unanimously recommends a vote FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for fiscal year 2017.
9. Q: What is the effect of a "withhold" or an "abstain" vote on the proposals to be voted on at the Annual Meeting?
Because a plurality of all the votes cast at the Annual Meeting is required to elect a director (meaning that the candidate for each seat who receives the highest number of "for" votes will be elected) and each of our directors is running unopposed, a "withhold" vote will have no effect on the outcome of the election of directors. Because an "abstain" vote is not considered a vote "cast", and the affirmative vote of a majority of the votes cast at the Annual Meeting will be required for the stockholders to approve each of the proposals other than the election of directors, an abstain vote will not have any impact on the outcome of those proposals.
10. Q: What is the effect of a "broker non-vote" on the proposals to be voted on at the Annual Meeting?
A:

A “broker non-vote” will occur with respect to any proposal that is a “non-discretionary item” if you are the beneficial owner of shares held by a broker or other custodian and you do not provide the broker or custodian with voting instructions with respect to such proposal. This is because under applicable New York Stock Exchange (“NYSE”) rules, a broker or custodian may not vote on these matters without instruction from the underlying beneficial owner. Except for the ratification of auditors, all of the proposals described in this proxy statement are “non-discretionary items”. A broker non-vote is not considered a “vote cast” and will not have any effect on the outcome of these matters.

11. Q: Who counts the votes?
A: Broadridge Financial Solutions, Inc., will count the votes. The Board of Directors has appointed Broadridge Financial Solutions, Inc., or an authorized third party engaged by Broadridge Financial Solutions, Inc., to serve as the inspector of elections.
12. Q: Revocation of proxy: May I change my vote after I return my proxy?
A: Yes, you may revoke your proxy if you are a record holder by filing written notice of revocation with Xenia’s corporate secretary at our principal executive offices at 200 S. Orange Avenue, Suite 2700, Orlando, Florida 32801 or by voting in person at the Annual Meeting.
If your shares are held in street name through a broker, bank, or other nominee, you need to contact the record holder of your shares regarding how to revoke your proxy.
13. Q: What if I submit a proxy but do not specify a choice for a matter?
A: Unless you indicate otherwise, the persons named as proxies will vote your shares FOR all of the nominees for director named in this proxy statement, FOR the say on pay proposal, FOR the frequency of ONE YEAR with respect to proposal on the frequency of future say on pay votes, and FOR the ratification of KPMG LLP as our independent registered public accounting firm for fiscal year 2017.

14. Q: What constitutes a quorum?

Presence at the Annual Meeting in person or by proxy of stockholders entitled to cast a majority of all the votes entitled to be cast at the Annual Meeting shall constitute a quorum, permitting the Annual Meeting to proceed

A: and business to be conducted. Proxies received with matters marked with abstentions or "withhold" votes, or that contain broker non-votes, will be included in the calculation of the number of votes considered to be present at the meeting for purposes of determining whether a quorum is present.

15. Q: Where can I find the voting results of the Annual Meeting?

A: We will publish final results on a Current Report on Form 8-K within four business days after the Annual Meeting.

16. Q: Who will pay the costs of soliciting these proxies?

We will bear the entire cost of solicitation of proxies, including preparation of, and any assembly, printing and mailing of, the Notice, this proxy statement and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding shares of Xenia common stock beneficially owned by others to forward to such beneficial owners. We may reimburse persons representing beneficial owners of Xenia common stock for their reasonable costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies may be supplemented by

A: electronic means, mail, facsimile, telephone or personal solicitation by our directors, officers or other employees. No additional compensation will be paid to our directors, officers or other employees for such services.

We have hired Georgeson Inc. to assist in the solicitation of proxies at a base fee of \$6,500, plus additional amounts, which will vary depending upon the extent of services actually performed by Georgeson Inc., plus reimbursement for reasonable out-of-pocket expenses.

17. Q: What happens if additional matters are presented at the Annual Meeting?

Other than the four proposals described in this proxy statement, we are not aware of any other properly submitted business to be acted upon at the Annual Meeting. If you grant a proxy, the persons named as proxy holders, Marcel Verbaas and Barry A.N. Bloom, will have the discretion to vote your shares on any additional

A: matters properly presented for a vote at the Annual Meeting. If any of our nominees for director are unavailable, or are unable to serve or for good cause will not serve, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board of Directors.

18. Q: How many shares of common stock are outstanding? How many votes do I have?

As of the close of business on March 31, 2017, the record date for the Annual Meeting, there were 106,849,093

A: shares of our common stock outstanding and entitled to vote. Each stockholder will be entitled to one vote for each share of Xenia common stock held as of the record date.

What is the deadline under Rule 14a-8 under the Securities Exchange Act of 1934, as amended, for stockholders

19. Q: to propose actions to be included in our proxy statement relating to our 2018 annual meeting of stockholders and identified in our form of proxy relating to the 2018 annual meeting?

December 11, 2017 is the deadline for stockholders to submit proposals to be included in our proxy statement and identified in our form of proxy under Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Proposals by stockholders must comply with all requirements of applicable rules of the

A: SEC, including Rule 14a-8, and be mailed to our corporate secretary at our principal executive offices at 200 S. Orange Avenue, Suite 2700, Orlando, Florida 32801. We reserve the right to reject, rule out of order, or take other appropriate action with respect to any proposal that does not comply with Rule 14a-8 and other applicable requirements.

20. Q: What is the deadline under our current bylaws for stockholders to nominate persons for election to the Board of Directors or propose other matters to be considered at our 2018 annual meeting of stockholders?

A: Stockholders who wish to nominate persons for election to our Board of Directors or propose other matters to be considered at our 2018 annual meeting of stockholders must provide us advance notice of the director nomination or stockholder proposal, as well as the information specified in our bylaws, no earlier than November 11, 2017 and no later than 5:00 p.m., Eastern Time, on December 11, 2017. Stockholders are advised

to review our bylaws, which were incorporated by reference as an exhibit to our Annual Report on Form 10-K for the year ended December 31, 2016, and which contain the requirements for advance notice of director nominations and stockholder proposals. Notice of director nominations and stockholder proposals must be mailed to our corporate secretary at our principal executive offices at 200 S. Orange Avenue, Suite 2700, Orlando, Florida 32801. The requirements for advance notice of stockholder proposals under our bylaws do not apply to proposals properly submitted under Rule 14a-8 under the Exchange Act, as those stockholder proposals are governed by Rule 14a-8. We reserve the right to reject, rule out of order, or take other appropriate action with respect to any director nomination or stockholder proposal that does not comply with our bylaws and other applicable requirements.

21. Q: How do I submit a potential director nominee for consideration by the Board of Directors for nomination?

You may submit names of potential director nominees for consideration by the Board of Directors' Nominating and Corporate Governance Committee for nomination by our Board of Directors at the 2018 annual meeting of stockholders. Your submission should be mailed to our corporate secretary at our principal executive offices at 200 S. Orange Avenue, Suite 2700, Orlando, Florida 32801. The section titled "Nominating and Corporate

A: Governance Committee" provides information on the nomination process used by our Nominating and Corporate Governance Committee and our Board of Directors. The deadline has passed to submit a potential director nominee to be considered for nomination by our Board of Directors at the 2017 Annual Meeting. The deadline to submit a potential director nominee for consideration by our Board of Directors for nomination at the 2018 annual meeting of stockholders is December 1, 2017.

ARTICLE II: CORPORATE GOVERNANCE
PROPOSAL 1 — ELECTION OF DIRECTORS

Xenia's charter and bylaws provide that the Board of Directors may establish, increase or decrease the number of directors, but the number of directors shall never be less than the minimum number required by the Maryland General Corporation Law ("MGCL") nor more than fifteen. At present, the number of members of the Board of Directors is fixed at eight.

In accordance with the recommendation of the Nominating and Corporate Governance Committee, the Board of Directors has unanimously nominated Jeffrey H. Donahue, John H. Alschuler, Keith E. Bass, Thomas M. Gartland, Beverly K. Goulet, Mary E. McCormick, Dennis D. Oklak and Marcel Verbaas to stand for re election to the Board of Directors. Each of the foregoing has been nominated to hold office until the 2018 annual meeting of stockholders and until their respective successors have been duly elected and qualify. Unless otherwise instructed by the stockholder, the proxy holders will vote the shares represented by such proxy for the election of the nominees named in this proxy statement.

Each of the nominees has consented to serve as a director if elected. If any of the nominees should be unavailable to serve for any reason, the Board of Directors may designate a substitute nominee or substitute nominees (in which event proxy holders will vote for the election of such substitute nominee or nominees). Alternatively, the Board of Directors may reduce the size of the Board of Directors or allow the vacancy or vacancies to remain open until a suitable candidate or candidates are identified by the Board of Directors.

The Board of Directors unanimously recommends that the stockholders vote "FOR" each of Jeffrey H. Donahue, John H. Alschuler, Keith E. Bass, Thomas M. Gartland, Beverly K. Goulet, Mary E. McCormick, Dennis D. Oklak and Marcel Verbaas as directors to serve and hold office until the 2018 annual meeting of stockholders and until their respective successors have been duly elected and qualify.

OUR BOARD OF DIRECTORS

Set forth below is information regarding the business experience of each of our directors that has been furnished to us by the respective director. Each director has been principally engaged in the employment indicated for the last five years unless otherwise stated. Also set forth below for each director is a discussion of the experience, qualifications, attributes or skills that led the Board to conclude that the director is qualified and should serve as a director of Xenia.

Corporate Governance Profile and Board Leadership Structure

We have structured our corporate governance in a manner we believe closely aligns our interests with those of our stockholders. Notable features of our corporate governance structure include the following:

- our Board of Directors is not classified, so each of our directors is subject to election annually;
- of the eight persons who serve on our Board, our Board has determined that seven, or 87.5%, satisfy the listing standards for independence of the NYSE;
- our Board has determined that all three members of the Audit Committee qualify as an "audit committee financial expert" as defined by the SEC;
- we have opted out of the business combination provisions (provided that the business combination has been approved by the Board) and control share acquisition provisions of the MGCL;
- we have opted out of all but one of the provisions of the Maryland Unsolicited Takeover Act ("MUTA"); and
- we do not have a stockholder rights plan.

Our Corporate Governance Guidelines provide that our Board of Directors shall select its chairperson and the Company's chief executive officer in any way it considers in the best interests of the Company. Therefore, the Board does not have a policy on whether the role of the chairperson and chief executive officer should be separate or combined. The Board and the Nominating and Corporate Governance Committee reviews this structure each year and has determined that it is appropriate to separate these roles at this time, with Mr. Verbaas serving as president and chief executive officer, and Mr. Donahue serving as chairman of the Board. The Board believes this current leadership structure best serves the objectives of the Board's oversight of management, the Board's ability to carry out its roles and responsibilities on behalf of the stockholders, and the Company's overall corporate governance. The Board also believes the current separation of the chairman and chief executive officer roles allows Mr. Verbaas to focus his time and energy on operating and managing the Company, drawing on his historical knowledge of the Company and its portfolio, and also leverages Mr. Donahue's broad industry experience and perspectives. The Board will periodically review the leadership structure to determine whether it continues to best serve the Company and its stockholders. During the fiscal year ended December 31, 2016, our Board of Directors held ten (10) meetings (and took action eleven (11) times by unanimous written consent). No incumbent director attended fewer than 75% of the total number of meetings of the Board of Directors and committees on which such director served during 2016. Additionally, all directors attended at least 90% of the total number of Board meetings in 2016 and all of our directors attended our 2016 annual meeting of stockholders.

Our non-management directors meet regularly in executive sessions of the Board and each committee without the presence of any members of management, with our chairman of the Board or the chair of the respective committee presiding over such sessions. Our directors are expected to make every effort to attend all meetings of the Board of

Directors, meetings of the committees of which they are members and any meeting of stockholders.

8

Recent Corporate Governance Development

In furtherance of our goal to closely align our corporate governance structure with the interests of our stockholders, in early 2017, our Board of Directors determined that it was in the best interest of the Company to opt out of all but one of the provisions of MUTA. To effect that decision, we filed articles supplementary to our charter with the State Department of Assessments and Taxation of Maryland. We are not permitted to opt back in to any of those provisions of MUTA without the approval of our stockholders by the affirmative vote of at least a majority of the votes cast on the matter by stockholders of the Company entitled to vote generally in the election of directors of the Company. Similarly, the Board also determined that it is in the best interests of the Company to repeal our prior election to be subject to the sole provision of MUTA from which we have not opted out. To effect such repeal and to prohibit our opting in to that provision without prior stockholder approval, we intend to seek stockholder approval at our 2018 annual meeting to amend our charter. If such proposal receives the requisite stockholder approval at the 2018 annual meeting of stockholders, we will amend our charter completing our full opt out of MUTA.

Stock Ownership Guidelines

We have adopted stock ownership guidelines for our executive officers and non-employee directors to align the financial interests of our executive officers and non-employee directors with those of our stockholders. Pursuant to our guidelines, our executive officers and non-employee directors shall hold shares of our common stock having an aggregate value equal to or greater than the multiple of his or her base salary or annual base retainer, as applicable, as shown in the following table.

Executive Officers/Non-Employee Directors	Multiple of Base Salary/Annual Base Retainer
Chief Executive Officer	5X
Other Executive Officers	3X
Non-Employee Directors	5X

Shares of our common stock owned directly by our executive officers and non-employee directors, including restricted shares and shares deliverable upon settlement of restricted stock units, other than those restricted shares or restricted stock units that remain subject to performance-based vesting conditions, and LTIP Units (as defined in "Compensation of Directors - Equity Compensation" and "Elements of Executive Compensation - Equity Compensation") of XHR LP, our operating partnership (the "Operating Partnership"), other than those LTIP Units that remain subject to performance-based vesting conditions, count toward the executive officers' and non-employee directors' stock ownership goals. Shares owned indirectly will count toward an executive officer's and non-employee director's stock ownership goal if the executive officer or non-employee director has an economic interest in the shares. All executive officers and non-employee directors have five years after first becoming subject to the guidelines to attain the applicable ownership threshold. If an executive officer or non-employee director becomes subject to a greater ownership threshold, due to a promotion or an increase in his or her base salary or annual base retainer, as applicable, the executive officer or non-employee director is expected to meet the higher ownership threshold within three years. With the exception of Mr. Shah who has until April 2021, each of our executive officers and non-employee directors has until February 2020 to meet his or her respective ownership threshold.

During any time period in which an executive officer's or non-employee director's stock ownership goal has not been achieved, including during the five-year period to attain compliance with the ownership guidelines, the executive officer or non-employee director will be required to retain at least 75% of the "net shares" delivered through our equity incentive compensation plans. "Net shares" include shares of our common stock or units of our Operating Partnership and include those shares that are owned by the executive officer or non-employee director after shares are sold, swapped or traded to pay applicable withholding taxes. If the executive officer's or non-employee director's stock ownership goal is not attained by the end of the five-year period, the retention requirement shall be increased to 100%. Once an executive officer or non-employee director achieves his or her stock ownership goal, the retention restrictions no longer apply unless a disposition would cause the executive officer's or non-employee director's stock ownership to fall below his or her goal. In the event that there is a significant decline in our stock price that causes an executive officer's or non-employee director's holdings to fall below the applicable threshold, the executive officer or non-employee director will not be required to purchase additional shares to meet the threshold, but the executive officer or non-employee director shall not be permitted to sell or transfer any shares until the threshold has again been

achieved.

Anti-Hedging and Anti-Pledging Policies

The Board has adopted an insider trading policy that contains restrictions on hedging and pledging securities issued by us or our Operating Partnership. With respect to hedging, directors and executive officers are prohibited from engaging in any hedging or monetization transactions involving securities issued by us or our Operating Partnership. With respect to pledging, directors and executive officers are prohibited from holding securities issued by us or our Operating Partnership in a margin account or pledging these securities as collateral for a loan.

Role of our Board of Directors in Risk Oversight

One of the key functions of our Board of Directors is informed oversight of our risk management process as well as strategic risks to the Company. Our Board administers this oversight function directly, with support from its four standing committees, the Audit Committee, the Nominating and Corporate Governance Committee, the Compensation Committee, and the Executive Committee, each of which addresses risks specific to its respective areas of oversight. In particular, as more fully described below, our audit committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The Audit Committee also monitors compliance with legal and regulatory requirements, in addition to oversight of the performance of our internal audit function. Our Nominating and Corporate Governance Committee provides oversight with respect to corporate governance and oversight of ethical conduct and monitors the effectiveness of our corporate governance guidelines. The Compensation Committee is responsible for overseeing risks related to the Company's compensation policies and practices.

Board Committees

Our Board of Directors has established four standing committees: an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee and an Executive Committee. The principal functions of each committee are briefly described below. Each of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee comply with the applicable listing requirements and other rules and regulations of the NYSE, as amended or modified from time to time, with respect to each of these committees and each of these committees is comprised exclusively of independent directors. Each of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee was formed by our Board of Directors in February 2015 following our listing on the NYSE. The Executive Committee was formed in June 2015.

Additionally, our Board may from time to time establish other committees or sub-committees to facilitate the Board's oversight of management of the business and affairs of our company.

Audit Committee

Messrs. Oklak and Donahue and Ms. Goulet are the members of the Audit Committee of the Board of Directors with Mr. Oklak serving as Chair. Our Audit Committee was established in accordance with section 3(a)(58)(A) of the Exchange Act. Each of the members of the Audit Committee is independent, as defined by the rules of the NYSE, Section 10A(m)(3) of the Exchange Act, and the rules and regulations of the SEC. Each member of the Audit Committee qualifies as an "audit committee financial expert" as that term is defined by the applicable SEC regulations. Our Board has determined that each of the members of our Audit Committee is "financially literate" as that term is defined by the NYSE corporate governance listing standards. The Audit Committee has oversight responsibilities regarding:

- the integrity of our financial statements;
- our compliance with legal and regulatory requirements;
- the evaluation of the qualifications, independence and performance of our independent registered public accounting firm; and
- the design and implementation and performance of our internal audit function.

The Audit Committee is also responsible for, among other things:

- appointing, evaluating, compensating, and overseeing an independent registered public accounting firm, approving services that may be provided by the independent registered public accounting firm, including audit and non-audit services, reviewing the independence of the independent registered public accounting firm and reviewing the adequacy of the auditing firm's internal quality control procedures;
- preparing the audit committee report required by SEC regulations to be included in our proxy statement;

Messrs. Gartland, Alschuler and Bass are the members of the Compensation Committee of the Board of Directors with Mr. Gartland serving as Chair. Each of the members of the Compensation Committee is independent, as defined by the rules of the NYSE and the rules and regulations of the SEC. The Compensation Committee is responsible for, among other things:

- annually reviewing and approving the corporate goals and objectives with respect to the compensation of our Chief Executive Officer and evaluating our Chief Executive Officer’s performance in light of these goals and objectives and, based upon this evaluation, setting our Chief Executive Officer’s compensation;
- reviewing and setting the compensation of our executive officers other than the Chief Executive Officer;
- reviewing and making recommendations to our Board of Directors regarding director compensation;
- reviewing and approving or recommending to our Board of Directors our incentive compensation and equity-based plans and arrangements;
- reviewing and discussing with management our Compensation Discussion & Analysis (“CD&A”) and considering whether to recommend to our Board of Directors that our CD&A be included in the appropriate filing;
- preparing the annual Compensation Committee Report;
- overseeing and periodically assessing material risks associated with our compensation structure, policies and programs generally for all employees, including our executive officers.

The Compensation Committee has retained FPL Associates L.P. (“FPL”) to serve as the Compensation Committee’s independent compensation consultant since our separation on February 3, 2015 from InvenTrust Properties Corp. (“InvenTrust”). FPL was engaged to assist the Compensation Committee with a variety of tasks, which for 2016 included, among other things, developing our public peer group, analyzing pay by both magnitude and structure across such group, evaluating our compensation programs for both executives and non-employee directors, providing market trends and information on best practices, and assisting with the design of our pay systems, which includes a long-term incentive program for our executives. The Compensation Committee assessed the independence of FPL, including consideration of the independence factors specified in the NYSE listing standards, and concluded that no conflict of interest existed in 2016 that would prevent FPL from serving as an independent consultant to the Compensation Committee. The Compensation Committee retains its authority over, and is responsible for, all compensation decisions.

Our Board of Directors has adopted a written charter for our Compensation Committee, which is available on our website at www.xeniareit.com under the headings “Investor Relations — Corporate Governance — Compensation Committee Charter”.

- reviewing the committee structure of the Board of Directors and recommending directors to serve as members of each committee of the Board of Directors;

The Nominating and Corporate Governance Committee will consider relevant experience, skills and knowledge as well as minimum individual qualifications, including strength of character, mature judgment, industry knowledge or experience and an ability to work collegially with the other members of the Board of Directors. The Nominating and Corporate Governance Committee does not have a set policy for considering or weighing diversity in identifying nominees, however it will consider all factors it considers appropriate, which may include age, gender and ethnic and racial background, existing commitments to other businesses, other board service, potential conflicts of interest with other pursuits, legal considerations, corporate governance background, financial and accounting background, executive compensation background and the size, composition and combined expertise of the existing Board. The Nominating and Corporate Governance Committee will screen all potential candidates in the same manner, regardless of the source of the recommendation. The review is expected to be based on any written materials provided with respect to potential candidates, and the Nominating and Corporate Governance Committee will review the materials to determine the qualifications, experience and background of the candidates. Final candidates are expected to be interviewed by one or more members of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee may retain a search firm in the future to assist with identifying and recruiting director candidates for our Board.

The Nominating and Corporate Governance Committee will consider director candidates properly recommended by stockholders for our 2018 annual meeting of stockholders. Awards granted to directors who are elected or appointed on a date other than an annual meeting date will be pro-rated to reflect the director's partial year service. Additionally, the Director Compensation Program provides that each director who is re-elected at an annual meeting will be granted fully vested LTIP Units of our Operating Partnership on the date of the annual meeting with a value equal to \$85,000. Under certain circumstances, a director may be granted an equivalent number of shares of our common stock in lieu of LTIP Units. All such awards will be fully vested as of the date of grant.

ARTICLE IV: EXECUTIVE COMPENSATION COMPENSATION DISCUSSION AND ANALYSIS

This section discusses the principles underlying our policies and decisions with respect to the compensation of our executive officers who are named in the “Summary Compensation Table” below and the principal factors relevant to an analysis of these policies and decisions. We refer to this group collectively as our “named executive officers.” Our named executive officers for 2016 are:

• Marcel Verbaas, President and Chief Executive Officer;

- Barry A.N. Bloom, Executive Vice President and Chief Operating Officer;
- Atish Shah, Executive Vice President, Chief Financial Officer and Treasurer⁽¹⁾;
- Andrew J. Welch, Former Executive Vice President, Chief Financial Officer and Treasurer⁽²⁾;
- Philip A. Wade, Senior Vice President and Chief Investment Officer; and
- Joseph T. Johnson, Senior Vice President and Chief Accounting Officer.

(1) Mr. Shah’s appointment to these positions was effective April 25, 2016

(2) Mr. Welch resigned his employment with the Company effective March 13, 2016.

Prior to our listing on the NYSE in 2015, we were a wholly owned subsidiary of InvenTrust. As such, all compensation programs in effect in 2014 and during 2015 prior to the completion of our separation from InvenTrust on February 3, 2015 were implemented by the board of directors of InvenTrust (or a committee thereof) or InvenTrust’s former business manager. Following the completion of our separation and listing on the NYSE, executive compensation decisions have been made by our Compensation Committee.

In 2015, our Compensation Committee undertook a review of the compensation programs in effect prior to our being a stand-alone company and revised certain aspects of the compensation programs with the intent to align our executive compensation programs with the interests of our stockholders and to increase the correlation between executive compensation and Company performance. Examples of such revisions to the compensation program include, but are not limited to the replacement of our named executive officers’ employment agreements with severance agreements in May 2015, which resulted in the removal of annual guaranteed time-based equity grants, and revising the annual bonus and equity compensation programs for our named executive officers.

Executive Summary

Company Highlights

During 2016, the lodging industry exhibited modest growth fundamentals, indicating softening in the market. We believe our strategy of targeting primarily the Top 25 Markets and key leisure destinations has proved to be beneficial as the majority of our markets do not see the same impact of a strong dollar and alternative rental accommodations as seen in gateway markets. We continued to successfully execute on our strategic objectives, including an intense focus on asset management, capital investment, and strengthening of our balance sheet.

We realized several significant accomplishments in 2016, including:

• We increased our year-end total portfolio revenue per available room (“RevPAR^{ft}”), which includes the results of hotels that were sold or acquired during 2015 and 2016, by 4.7% to \$149.32 for 2016 compared to \$142.59, for 2015.

• We generated Adjusted FFO⁽¹⁾ per share of \$2.20, a 2.3% increase over 2015.

We executed several transactions that increased the overall quality of our portfolio, including the acquisition of the 245-room Hotel Commonwealth in Boston, Massachusetts for a purchase price of \$136 million and the sale of nine hotels comprising 1,887 rooms for total consideration of \$290 million. These dispositions allowed the Company to exit several non-core, low-growth markets including Gainesville, Florida and St. Louis, Missouri, as well as reduce exposure in Houston, Denver, and Chicago.

We completed several significant financing activities that allowed us to extend the weighted average maturity date of our outstanding debt to 4.7 years, including available extension options. Additionally, we reduced our weighted average interest rate from 3.51% to 3.24% while also reducing our interest rate risk exposure by fixing LIBOR on \$139 million of variable rate debt on our hotel properties. These financing activities included the repayment of seven mortgage loans totaling \$277 million and refinancing or modifying three mortgage loans that resulted in \$52 million of incremental proceeds. In addition, the Company received \$185 million in proceeds from the funding of a term loan and a new mortgage loan.

We strategically invested \$57 million in capital expenditure projects, including extensive renovations and upgrades at the Marriott Napa Valley Hotel & Spa, renovation and rebranding of the Hyatt Centric Key West Resort & Spa and the completion of the meeting room and ballroom renovations at the Renaissance Atlanta Waverly Hotel. Further, we opportunistically accelerated the timing of renovations at several of our hotels to take advantage of the current environment, several of which we commenced in the fourth quarter.

We increased the awareness of Xenia within the institutional investor community through a successful investor and analyst day and numerous investor meetings held throughout the year. We experienced an increase in institutional ownership and three additional analysts initiated coverage of the Company.

We repurchased 4,966,763 shares at a weighted average price \$14.89 per share for an aggregate purchase price of \$74 million.

We declared four quarterly dividends totaling \$1.10 per share, returning approximately \$118.3 million to stockholders and representing a 7.2% yield relative to the Company's stock price on December 31, 2015.

We maintained and strengthened financial reporting controls and risk management procedures. The initial audit of our internal controls over financial reporting was unqualified and found no material weaknesses, as set forth in the independent auditor report filed as part of our Annual Report on Form 10-K for the year ended December 31, 2016.

We achieved total stockholder return ("TSR") of 35.5% for 2016, which was higher than each member of our Peer Group (as defined in "Determination of Compensation") and higher than the MSCI REIT Index total shareholder return of 8.6%. In addition, the Company's TSR since February 4, 2015 (our listing date) has performed above our Peer Group. The graphs below, as of December 31, 2016, illustrate our performance over such timeframes.

Please refer to "Part II - Item 7 - Management's Discussion and Analysis of Financial Condition and Results of Operations - Non-GAAP Financial Measures" of our Annual Report on Form 10-K for the year ended December 31, 2016 for further information about how we calculate RevPAR and Adjusted FFO and the reconciliation of Adjusted FFO to Net Income. This also provides information as to why we consider these non-GAAP financial measures to be useful key supplemental measures of our operating performance.

(2) The TSR Performance vs Peer Group excludes APLE as it was not yet listed as of February 4, 2015 (our listing date).

Overview of Executive Compensation Program

The Company believes compensation should reinforce and promote the business objectives of the Company. The Company also believes that executive officers who are motivated and challenged by their duties are more likely to achieve the individual and corporate performance goals approved by the Compensation Committee. The primary purpose of the Company's executive compensation program is to achieve the Company's business objectives by attracting, retaining and motivating talented executive officers by providing financial incentives and economic security.

A significant percentage of compensation for our executive officers is based on performance. Performance-based pay aligns the interests of management with the Company's stockholders. For 2016, approximately 67% of Mr. Verbaas' and an average of approximately 56% of the Company's other named executive officers' target total compensation was performance-based. The charts below depict the composition, at target levels, of each element of compensation, including those that are performance-based. The Company seeks to align the interests of executive officers with those of its stockholders by providing a significant portion of executive officers' compensation in the form of equity, either through shares of common stock or units of limited partnership interest in the Company's Operating Partnership.

Through share ownership guidelines for executive officers and grants of time- and performance-

based vesting LTIP Units, the value of the executive officers' total compensation increases as total returns to stockholders increase. Moreover, the Company's executive compensation is designed to reward favorable total stockholder returns, both in an absolute amount and relative to peers of the Company, taking into consideration the Company's competitive position within the lodging REIT industry and each executive's long-term career contributions to the Company.

Highlighted below are the key objectives and elements of our executive compensation program, the purpose of each element and the process for determining each element.

Compensation Best Practices

Our executive compensation program incorporates the following best practices:

- Our executives' total compensation opportunity is primarily based on Company performance, awarded through our annual and long-term incentive compensation programs.

- No guarantees of equity awards or cash incentive payments are provided.

- Our Chief Executive Officer receives approximately 60% and other named executive officers receive approximately 53% of target total compensation in the form of long-term equity incentives.

Any change in control cash payments pursuant to severance agreements with our named executive officers are subject to a "double-trigger."

Named executive officers are required to accumulate and hold a meaningful amount of stock. Refer to the subsection entitled "Stock Ownership Guidelines" for more detail.

20

• Our Compensation Committee retains and meets regularly with an independent compensation consultant to advise on executive compensation.

• Our Compensation Committee regularly reviews the Company’s compensation plans and programs to ensure they are designed to create and maintain stockholder value and do not encourage excessive risk.

• The Compensation Committee considers, in making its compensation decisions, whether our compensation arrangements create risks that are reasonably likely to have a material adverse effect on us.

• We do not provide change in control excise tax “gross-up” payments.

• We maintain an anti-hedging policy which prohibits short sales and the purchase or sale of puts, calls or other derivative securities of the Company.

• We maintain an anti-pledging policy which prohibits the pledging of Company securities.

Determination of Compensation

Our Compensation Committee is responsible for determining the amount and composition of compensation paid to all of our named executive officers. Our Compensation Committee exercises its independent discretion in reviewing and approving the executive compensation program, as well as specific compensation levels for each named executive officer. In its role, the Compensation Committee utilizes market data from publicly available sources and as provided by FPL. Additionally, the Compensation Committee reviews and considers the recommendations of Mr. Verbaas with respect to compensation decisions of our named executive officers other than himself. The Compensation Committee believes it is valuable to consider the recommendations of Mr. Verbaas with respect to these matters because, given his knowledge of the day-to-day responsibilities of our executive officers, he is in a unique position to provide the Compensation Committee perspective into the performance of our executive officers.

Independent Consultant

FPL advises our Compensation Committee on compensation program design and the amounts we should pay to our named executive officers. FPL provides our Compensation Committee with information on executive compensation trends, best practices and advice for potential improvements to the executive compensation program. FPL does not work for management, receives no compensation from the Company other than for its work in advising our Compensation Committee, and maintains no other economic relationships with the Company.

Annual Process

At the end of each year, our Compensation Committee reviews the total compensation of each of our named executive officers for that year, including an estimate of the incentive plan compensation for the year. At this meeting, our Compensation Committee also reviews appropriate compensation studies and surveys provided by FPL. After the review, our Compensation Committee finalizes and approves the design of the compensation program for the upcoming year.

Use of Competitive Peer Group

Our Compensation Committee engages FPL annually to provide a study of our executive officer compensation compared to executive officer compensation at nine similarly situated lodging REITs, or what we call our “Peer Group.” Our Peer Group was selected because their total assets, asset characteristics, revenues, number of employees and market capitalization were comparable to ours. The Peer Group consisted of nine public hospitality REITs that the Company and FPL consider to be the most relevant peer group against which to review compensation for our named executive officers. The Peer Group had total enterprise value ranging from approximately \$2.2 billion to \$5.8 billion (as of December 31, 2016), compared to the Company’s total enterprise value of \$2.9 billion (as of December 31, 2016). The members of our Peer Group are:

Apple Hospitality REIT, Inc.	FelCor Lodging Trust Incorporated	Pebblebrook Hotel Trust
Chesapeake Lodging Trust	Hersha Hospitality Trust	RLJ Lodging Trust
DiamondRock Hospitality Company	LaSalle Hotel Properties	Sunstone Hotel Investors, Inc.

Following the review of the study and considering the experience and skill level of each executive, our Compensation Committee sets an appropriate base salary for the named executive officers along with target bonuses and equity

awards for the following year. While the Compensation Committee examines market data, including data derived from the Peer Group, the Compensation Committee also takes into consideration a number of qualitative factors and individual assessments in arriving at an appropriate compensation package for each individual executive officer and the Compensation Committee does not set the compensation of the named executive officers to a particular percentile of the Peer Group or any single component thereof, such as base salary, total cash compensation, incentive

21

compensation or total compensation. Instead, the Compensation Committee reviews the compensation information to inform itself of the compensation amounts paid by the Company's competitors to their executive officers and therefore required for executive officer recruitment and retention.

Subsequent to the end of the year and once the financial results for the prior year are available, our Compensation Committee reviews the achievement of the formulaic components of the cash incentive program and individual objectives. Based on this review, our Compensation Committee finalizes and approves the annual cash incentive compensation for the prior year. Additionally, our Compensation Committee finalizes the structure of the current year annual cash incentive compensation program and the amount and structure of the long-term equity incentive awards. We believe our programs are effectively designed and working well in alignment with the interests of our stockholders and are instrumental to achieving our business strategy.

Elements of Executive Compensation Program

Annual Base Salary

2016 and 2017 Salaries

Our named executive officers receive a base salary to compensate them for services rendered to the Company. The base salary payable to each of the executives is intended to provide a fixed component of compensation reflecting the executive's skill set, experience, role and responsibilities. For 2016 and 2017, the base salary of each of our named executive officers was based on the following qualitative and quantitative factors:

- an amount necessary to retain the named executive officers;
- the scope of the named executive officer's responsibilities;
- the experience and skill set possessed by the particular named executive officers;
- the role within the executive management team;
- the competitive market compensation paid to executive officers in similar positions within our peer group.

The 2016 annual base salaries for the named executive officers are provided in the "Summary Compensation Table" or in the footnotes to the same. For 2017, after considering the information and analysis provided by FPL regarding the compensation levels of executive officers of the Peer Group, the Compensation Committee decided not to increase the Chief Executive Officer's annual base salary and to increase the other named executive officers' annual base salaries so that their base salaries are more comparable to those of the equivalent officers in the Peer Group. As a result, the Compensation Committee approved annual base salaries for 2017 for Messrs. Verbaas, Bloom, Shah, Wade and Johnson of \$800,000, \$515,000, \$475,000, \$335,000 and \$320,000, respectively.

Non-Equity Incentive Program

2016 Bonuses

In 2016, our named executive officers, with the exception of Mr. Welch, participated in an annual bonus program under which each of the executives was eligible to receive an annual cash performance bonus based upon the achievement of certain performance criteria.

The threshold, target and maximum bonus levels for each of our named executive officers for 2016 were:

Name	Threshold Annual Bonus (% of annual base salary)	Target Annual Bonus (% of annual base salary)	Maximum Annual Bonus (% of annual base salary)
Marcel Verbaas	75.0%	125%	200.0%
Barry A.N. Bloom	60.0%	100%	160.0%
Atish Shah	54.0%	90%	144.0%
Philip A. Wade	37.5%	75%	112.5%
Joseph T. Johnson	30.0%	60%	90.0%

Performance between threshold and target and between target and maximum levels is interpolated on a straight-line basis.

Under the annual bonus compensation program, the 2016 performance metrics were: (1) Adjusted FFO per share, (2) Adjusted EBITDA, (3) RevPAR growth, and (4) individual performance. Adjusted FFO per share, Adjusted EBITDA and RevPAR growth are non-GAAP financial measures. The weighting of each performance metric for the annual bonus compensation program for each of our named executive officers in 2016 was as follows:

Metric	Weighting
Adjusted FFO per share	45%
Adjusted EBITDA	15%
RevPAR Growth	15%
Individual Performance	25%

Adjusted FFO Per Share

Adjusted FFO per share is determined by adjusting the Company's FFO per share as calculated in accordance with standards established by the National Association of Real Estate Investment Trusts ("NAREIT"), to add back hotel acquisition costs and non-cash amortization of certain non-cash items, including intangible assets and unfavorable contract liabilities.

The Company believes that Adjusted FFO per share, which is a non-GAAP measure, is a useful and key supplemental measure of operating performance, as it excludes the effect of non-recurring items and historical cost accounting metrics, such as real estate depreciation and amortization, which may be of lesser significance in evaluating current performance. We believe that the use of Adjusted FFO per share can facilitate comparisons of operating performance between periods and between REITs, making the metric beneficial to investors' complete understanding of our operating performance.

Accordingly, the Compensation Committee determined that 45% of the overall cash bonus for each executive officer would be based upon the level of Adjusted FFO per share generated by the Company during 2016. For 2016, the Compensation Committee evaluated the Company's 2016 acquisition and disposition activity. The Compensation Committee discussed these items and determined that it was appropriate for this purpose to adjust the Company's threshold, target and maximum levels of Adjusted FFO per share to \$2.150, \$2.265, and \$2.380, respectively. The Company's 2016 Adjusted FFO per share of \$2.203 fell between the adjusted threshold and target levels of performance for this metric.

Adjusted EBITDA

EBITDA is a commonly used measure of performance in the lodging REIT industry and is defined as net income or loss (calculated in accordance with GAAP) excluding interest expense, provision for income taxes (including income taxes applicable to sale of assets) and depreciation and amortization. Adjusted EBITDA is determined by adjusting the Company's EBITDA for items we believe do not represent recurring operations and are not indicative of the performance of our underlying hotel properties.

We consider Adjusted EBITDA useful to an investor regarding our results of operations, in evaluating and facilitating comparisons of our operating performance between periods and between REITs by removing the impact of our capital structure, asset base, and non-recurring items from our operating results. We believe Adjusted EBITDA provides investors with another performance measure in evaluating and facilitating comparison of operating performance between periods and between REITs that report similar measures.

Accordingly, the Compensation Committee determined that 15% of the overall cash bonus for each executive officer would be based upon the level of Adjusted EBITDA generated by the Company during 2016. For 2016, the Compensation Committee evaluated the Company's 2016 acquisition and disposition activity. The Compensation Committee discussed these items and determined that it was appropriate for this purpose to adjust the Company's threshold, target and maximum levels of Adjusted EBITDA to \$286.1 million, \$301.6 million, and \$317.1 million, respectively. The Company's 2016 Adjusted EBITDA of \$287.3 million fell between the adjusted threshold and target levels of performance for this metric.

RevPAR Growth

RevPAR is a measure commonly used in the lodging industry to quantify nightly room revenue. The measure can be applied to a single hotel, market, or the industry and can pertain to a single night, week, month, or year. RevPAR is calculated as either (1) the product of the average daily rate ("ADR") and occupancy rate, or (2) dividing hotel room

revenue by room nights available to guests for a given period, and does not include non-room revenues such as food and beverage revenue or other operating revenues.

RevPAR is a metric used in the hotel industry to make an assessment regarding a hotel's operations and its ability to fill its available rooms at an average rate. Increasing a property's RevPAR means that its average room rate or its occupancy rate are increasing. RevPAR growth, the change in RevPAR year over year, is an industry-wide metric used to measure top-line revenue growth, which we believe gives a useful measure of our performance.

Accordingly, the Compensation Committee determined that 15% of the overall cash bonus for each executive officer would be based upon the level of RevPAR Growth generated by the Company during 2016. For 2016, the Compensation Committee evaluated the Company's 2016 acquisition and disposition activity. The Compensation Committee discussed these items and determined that it was appropriate for this purpose to adjust the Company's threshold, target and maximum levels of RevPAR Growth to 1.1%, 3.1%, and 5.1%, respectively. The Company's 2016 RevPAR growth of -0.3% was below the threshold level of performance for this metric.

Individual Performance Objectives

Twenty-five percent of each executive's annual cash incentive is based on achievement of individual objectives. Our Compensation Committee established individual objectives for each of the executive officers, which objectives varied by individual depending on their specific responsibilities. A summary of each executive's objectives is as follows:

Mr. Verbaas' objectives primarily involved optimizing organizational infrastructure, appropriately defining roles and job responsibilities for each executive officer, increasing investor community awareness, establishing clear objectives regarding capital allocation strategies and executing on such strategies, refinancing near term debt maturities, and executing an efficient corporate office relocation while minimizing disruption of operations.

Mr. Bloom's objectives primarily involved direction and oversight to the asset management and project management teams, preparing and implementing a detailed three year plan for major capital initiatives, integrating a corporate strategy and analytics function, executing strategic opportunities to reposition properties, and playing an integral role in the investor relations function.

Mr. Shah's objectives primarily involved improving the Company's profile within the investment community, optimizing business intelligence and analytics functions, developing and implementing long-term capital and balance sheet strategy, and management of accounting, reporting, tax and technology functions.

Mr. Wade's objectives primarily involved maintaining a substantial acquisition pipeline consistent with the corporate strategy and growth objectives, maintaining and expanding relationships with potential acquisition and disposition sources, evaluating the existing portfolio for disposition opportunities, and managing ongoing and future tax appeals.

Mr. Johnson's objectives primarily involved evaluating interdepartmental workflows for efficiencies, forecasting REIT taxable income in connection with dividend analysis, completing certain internal audit functions successfully, and improving network and system security and recoverability functions.

Our Compensation Committee asked our Chief Executive Officer to provide his assessment of each executive officer as it relates to the individual performance objectives. Following the review of the Chief Executive Officer's assessment and a detailed discussion with our Chief Executive Officer regarding each of the other officers, our Compensation Committee concluded that each of the executives, including the Chief Executive Officer, substantially completed all of the individual objectives and that each executive earned a maximum payout for the individual performance component of each executive's bonus. Our Compensation Committee reached this conclusion upon weighing the results achieved by the Company in 2016. Not only did each executive professionally perform the objectives personal to him at a high level, but together the executives achieved the strong results for the Company outlined above under Company Highlights.

The actual cash incentive compensation earned and paid for 2016 performance as a percentage of base salary and as a percentage of target were as follows:

Name	2016 Cash Incentive Earned		Total (\$)
	% of Base Salary	% of Target	
Marcel Verbaas	106.0%	84.8%	\$847,898
Barry A.N. Bloom	84.8%	84.8%	\$423,949
Atish Shah ⁽¹⁾	76.3%	84.8%	\$257,549
Philip A. Wade	58.9%	78.5%	\$191,313
Joseph T. Johnson	47.1%	78.5%	\$138,922

(1) Mr. Shah's 2016 bonus was prorated to reflect the commencement of his employment with the Company in April 2016.

Equity Compensation

In connection with our separation from InvenTrust, we adopted the Xenia Hotels & Resorts, Inc., XHR Holding, Inc. and XHR LP 2015 Incentive Award Plan (the "2015 Incentive Award Plan") in order to facilitate the grant of cash and equity incentives to directors,

24

employees (including our named executive officers) and consultants of our company and certain of our affiliates, to enable our company and certain of our affiliates to obtain and retain the services of these individuals, which is essential to our long-term success, and to establish an equity-based compensation program suitable for a publicly-traded company. In 2016, with the exception of Mr. Welch, each of our named executive officers was granted Class A Units and Time-Based LTIP Units and Mr. Shah was granted an additional award of time-based restricted stock units, in each case, under the 2015 Incentive Award Plan. Generally, we target providing at least half of each executive's total target compensation opportunity in the form of long-term equity incentives, which for performance-based equity awards are measured over a three-year performance period. However, our Compensation Committee determines, in its sole discretion, the actual amount of equity to be awarded to our executive officers each year reflecting our performance in the prior year, individual performance and competitive levels of long-term incentive compensation among our Peer Group. Messrs. Verbaas, Bloom, Shah, Wade, and Johnson each received a total target equity grant of \$2,750,000, \$1,100,000, \$800,000, \$600,000, and \$375,000 (each, a "Target Equity Grant"), respectively, of which 75% of such Target Equity Grant was in the form of Class A Units and 25% was in the form of Time-Based LTIP Units based on the Company's closing price on March 17, 2016, with the potential to receive up to 2x the Target Equity Grant if maximum performance is achieved under the Class A Units awards as further discussed below. The equity awards are subject to accelerated vesting in the event of certain terminations of employment and/or a change in control, as more fully described in the "Potential Payments Upon Termination or Change in Control" section.

LTIP Units

LTIP Units may be issued to eligible participants in the 2015 Incentive Award Plan for the performance of services to or for the benefit of the Operating Partnership. LTIP Units (other than Class A Units that have not vested), whether vested or not, receive the same quarterly per-unit distributions as common units in the Operating Partnership ("Common Units"), which equal the per-share distributions on shares of our common stock. Class A Units that have not performance vested generally receive quarterly per-unit distributions equal to ten percent of the distributions made with respect to an equivalent number of Common Units.

Initially, LTIP Units do not have full parity with Common Units with respect to liquidating distributions. If such parity is reached, vested LTIP Units may be converted into an equal number of Common Units at any time, and thereafter enjoy all the rights of Common Units, including redemption rights. Common Units are redeemable for cash based on the fair market value of an equivalent number of shares of our common stock, or, at the election of the Company, an equal number of shares of our common stock, each subject to adjustment in the event of stock splits, specified extraordinary distributions or similar events.

In order to achieve full parity with Common Units, LTIP Units must be fully vested and the holder's capital account balance in respect of such LTIP Units must be equal to the per-unit capital account balance with respect to the Common Units owned, directly and indirectly, by the Company.

Class A Units

General: Pursuant to the Class A Unit awards granted in 2016, each executive is eligible to vest in a number of Class A Units of the Operating Partnership ranging from 0% to 100% of the total Class A Units granted, based on our total shareholder return ("TSR") during the performance period commencing on January 1, 2016 and ending on December 31, 2018 (the "Performance Period"), measured on both an absolute basis and relative to the total shareholder returns of a specified peer group of companies during the Performance Period, subject to the executive's continued service. TSR generally refers to the compounded annual growth rate in the value per share of our common stock during the Performance Period due to the appreciation in the price per share plus dividends declared during the Performance Period, assuming dividends are reinvested in shares of our common stock on the date that they were paid. Class A Units are subject to the applicable terms and conditions of the 2015 Incentive Award Plan, the Class A Unit award agreement governing such Class A Units, and the partnership agreement of the Operating Partnership, as amended from time to time (the "Partnership Agreement").

Performance Vesting: A portion of each award of Class A Units is designated as a number of "base units." Twenty-five percent (25%) of the base units are designated as "absolute TSR base units," and seventy-five percent (75%) of the base units are designated as "relative TSR base units." With respect to the absolute TSR base units, in the event that our TSR

percentage over the Performance Period (the “Company TSR Percentage”) is achieved at the “threshold,” “target” or “maximum” level as set forth below, the award will become vested with respect to the percentage of absolute TSR base units set forth below:

	Company TSR Percentage	Absolute TSR Vesting Percentage
	< 6.0%	0.00%
“Threshold Level”	6.0%	14.29%
“Target Level”	9.0%	42.90%
“Maximum Level”	> 13.0%	100.00%

25

If the Company TSR Percentage falls between the levels specified above, the percentage of absolute TSR base units that vest will be determined using straight-line linear interpolation between such levels.

The relative TSR base units vest based on the Company TSR Percentage as compared to the TSR percentages of the Peer Group.

In the event that the Peer Group Relative Performance is achieved at the “threshold,” “target” or “maximum” level as set forth below, the award will become vested with respect to the percentage of relative TSR base units set forth below:

Peer Group Relative Performance	Relative TSR Vesting Percentage
< 30 th Percentile	0.00%
“Threshold Level” 30 th Percentile	14.29%
“Target Level” 50 th Percentile	42.90%
“Maximum Level” > 80 th Percentile	100.00%

If the Peer Group Relative Performance falls between the levels specified above, the percentage of relative TSR base units that vest will be determined using straight-line linear interpolation between such levels.

The Class A Units granted reflect the maximum number of units that could vest over the performance period. The following table sets forth summaries of the threshold, target and maximum number of Absolute TSR Base Units and Relative TSR Base A Units, respectively, that could vest:

Name	Threshold Base Units		Target Base Units		Maximum Base Units	
	Absolute	Relative	Absolute	Base	Absolute	Base
Marcel Verbaas	11,128	33,384	33,407	100,222	77,872	233,617
Barry A.N. Bloom	4,451	13,354	13,363	40,088	31,149	93,446
Atish Shah	3,237	9,712	9,719	29,155	22,654	67,961
Philip A. Wade	2,428	7,284	7,289	21,866	16,990	50,971
Joseph T. Johnson	1,518	4,552	4,556	13,666	10,619	31,856

In addition to the “base units,” an additional number of Class A Units (the “distribution equivalent units”) are included in each award. A number of distribution equivalent units having a value equal to the dividends that would have been paid during the Performance Period on the shares of our common stock corresponding to the base units that become performance vested (less any actual distributions made with respect to such units) will vest following the completion of the Performance Period up to the maximum number of units that are included in the award. For purposes of calculating the number of distribution equivalent units, the dividend amount will be adjusted (plus or minus) to reflect the gain or loss on such amount had the dividends been reinvested in shares of our common stock on the applicable payment date.

The table below sets forth the total number of Class A Units awarded to Mr. Shah on April 25, 2016 and each of the other executives (other than Mr. Welch) on March 17, 2016, as well as the number of Class A Units that constitute absolute TSR base units and relative TSR base units. Mr. Welch did not receive an award of Class A Units due to his resignation prior to March 17, 2016.

Name	Total Class A Units ⁽¹⁾	Absolute TSR Base Units	Relative TSR Base Units
Marcel Verbaas	378,739	77,872	233,617
Barry A.N. Bloom	151,496	31,149	93,446
Atish Shah	110,179	22,654	67,961
Philip A. Wade	82,634	16,990	50,971
Joseph T. Johnson	51,646	10,619	31,856

The remaining Class A Units awarded that are not absolute TSR base units or relative TSR base units are (1) distribution equivalent units that will vest, if at all, following the end of the Performance Period based upon the number of base units that become performance vested, as described above.

Time-Based LTIP Units

General: Pursuant to the Time-Based LTIP Unit awards, each executive is eligible to vest in a number of LTIP Units of the Operating Partnership based on the executive's continued service with the Company. LTIP Units are subject to the applicable terms and conditions of the 2015 Incentive Award Plan, the Time-Based LTIP Unit award agreement governing such LTIP Units, and the Partnership Agreement.

Vesting: Each award of Time-Based LTIP Units granted in 2016 vests as follows, subject to the executive's continued service through each applicable vesting date: 33% on February 4, 2017, the first anniversary of the vesting commencement date of the award (February 4, 2016), 33% on the second anniversary of the vesting commencement date, and 34% on the third anniversary of the vesting commencement date.

The table below sets forth the number of Time-Based LTIP Units awarded to Mr. Shah on April 25, 2016 and each of the other executives (other than Mr. Welch) on March 17, 2016. Mr. Welch did not receive an award of Time-Based LTIP Units due to his resignation prior to March 17, 2016.

Name	Time-Based LTIP Units
Marcel Verbaas	44,499
Barry A.N. Bloom	17,800
Atish Shah	12,945
Philip A. Wade	9,709
Joseph T. Johnson	6,068

Time-Based Restricted Stock Awards

On April 25, 2016, in connection with his commencement of employment with the Company, Mr. Shah was granted an award of 26,738 time-based restricted stock units ("RSUs").

General: Pursuant to the RSU award, Mr. Shah is eligible to vest in a number of restricted stock units based on Mr. Shah's continued service with the Company. The RSUs are subject to the applicable terms and conditions of the 2015 Incentive Award Plan and the RSU award agreement governing such award.

Vesting: Mr. Shah's award of RSUs granted in 2016 vests as follows, subject to Mr. Shah's continued service through each applicable vesting date: 50% on February 4, 2017 and 50% on February 4, 2018.

Other Elements of Compensation

We provide customary employee benefits to our full- and part-time employees, including our named executive officers, including medical and dental benefits, short-term and long-term disability insurance, accidental death and dismemberment insurance, and group life insurance.

Our employees are also eligible to participate in a 401(k) plan. Any employee, including our named executive officers, who satisfies certain eligibility requirements may defer a portion of their compensation, within prescribed tax code limits, on a pre-tax basis through contributions to the 401(k) plan. For 2016, we matched 100% of the contributions made by each participant in the 401(k) plan for the first \$5,000 of the employee's contributions. The company also made a safe harbor contribution to the 401(k) plan of 3% of each employee's salary, subject to applicable statutory compensation limitations.

Accounting Considerations

Accounting for Stock-Based Compensation

Accounting Standards Codification Topic 718, Compensation-Stock Compensation ("ASC Topic 718") requires us to recognize an expense for the fair value of equity-based compensation awards. Grants of stock-based compensation are accounted for under ASC Topic 718. The Compensation Committee regularly considers the accounting implications of significant compensation decisions, especially in connection with decisions that relate to equity compensation awards. As accounting standards change, we may revise certain programs to appropriately align the cost of our equity awards with our overall executive compensation philosophy and objectives.

(1) Amounts represent base salary compensation earned by our named executive officers for the applicable year. The 2016 amounts for Messrs. Welch and Shah represent base salary compensation earned by the executive for the portion of 2016 during which the executive was employed by us (January 1, 2016 through March 13, 2016 for Mr. Welch an annual base salary of \$415,000 and April 25, 2016 through December 31, 2016 for Mr. Shah an annual base salary of \$450,000). Effective April 1, 2016, Mr. Verbaas' annual base salary was increased from \$725,000 to

\$800,000. Verbaas, Bloom and Wade, and June 2, 2014 through December 31, 2014 for Mr. Welch), as well as amounts reimbursed to our former business manager and its affiliates for salaries paid to Messrs. For 2016, amounts reflect the full grant date fair value of (i) Class A Units, (ii) Time-Based LTIP Units, and (iii) for Mr. Shah, RSUs, in each case, granted under the 2015 Incentive Award Plan and calculated in accordance with

(3) ASC Topic 718. For additional information regarding assumptions used to calculate the value of such awards, please refer to Note 14 to our consolidated financial statements for the fiscal year ended December 31, 2016, included in our Annual Report on Form 10-K for the year ended December 31, 2016.

For 2016, the amounts shown include the grant date fair value of performance-based Class A Units granted to Messrs. Verbaas, Bloom, Wade, and Johnson in March 2016 and granted to Mr. Shah in April 2016, based on the probable outcome of the performance conditions to which such Class A Units are subject, calculated in accordance with ASC Topic 718 using a multifactor Monte Carlo simulation model, based on the Company's simulated stock price as well as the Company's total shareholder return on an absolute basis and a relative basis against the Peer Group. Due to the Company's limited stock price history, the historical volatility used for the Company was the average of the historical volatilities of the other members of the Peer Group. These Class A Units are subject to achievement of the performance conditions described above in "Elements of Executive Compensation Equity Compensation - Class A Units." The table below sets forth the grant date amount for the Time-Based LTIP Units and RSUs and the following for the Class A Units; grant date fair value, threshold grant amount, target grant amount, and the maximum grant amount. The values of the performance-based Class A Units are dependent on the Company's performance over a three-year period and there is no assurance that the threshold, target or maximum value of the awards will be earned.

(3) For Mr. Welch, includes 32,567 shares and LTIP Units that vested in 2016 in connection with the terms and conditions of his Separation Agreement as more fully described in the "Potential Payments Upon Termination or Change in Control" section.

Potential Payments Upon Termination or Change in Control

Our named executive officers are entitled to certain payments and benefits upon a qualifying termination of employment (whether or not such termination is in connection with a change in control) or upon a change in control. The following discussion describes the payments and benefits to which our named executive officers would have become entitled upon a qualifying termination or change in control, as applicable, occurring on December 31, 2016.

Severance Agreements

We have entered into a severance agreement with each of our named executive officers (the "Severance Agreements"). Under the named executive officers' respective Severance Agreements in effect during 2016, if the executive's employment was terminated by the Company without "cause," or by the executive for "good reason" (each, as defined in the applicable Severance Agreement), then in addition to any accrued amounts, the executive would be entitled to the following severance payments and benefits:

-

payment in an amount equal to a multiple of the sum of the executive's annual base salary and target bonus for the year in which the termination occurs, payable in equal installments over a period of 12 months commencing within 60 days following the executive's termination date, or, in the event that the qualifying termination occurs within the 24 month period following a change in control, payable in a lump sum amount within 60 days following the executive's termination date; and

reimbursement by the Company of premiums for healthcare continuation coverage under COBRA for the executive and his dependents for up to 18 months after the termination date.

32

The cash severance multiple for each executive for both non-change in control and change in control termination scenarios was as follows:

Name	Non-Change in Control	Change in Control
Marcel Verbaas	2.99x	2.99x
Barry A.N. Bloom	2x	2x
Atish Shah	2x	2x
Philp A. Wade	2x	2x
Joseph T. Johnson	2x	2x

Additionally, in the event of a qualifying termination, the Severance Agreements provide that any outstanding unvested equity awards will be treated in accordance with the terms of the applicable award agreement and equity compensation plan; provided that any award agreements evidencing performance-based vesting awards granted in 2016 or later will provide that in the event of a change in control, the award will vest based on actual performance through the date of the change in control, without any pro ration to reflect the shorter performance period resulting from the change in control (subject to the executive's continued service until the change in control).

The executive's right to receive the severance payments and benefits described above is subject to the executive's delivery and non-revocation of a general release of claims in favor of the Company, and the executive's continued compliance with certain covenants set forth in the Severance Agreement, including confidentiality covenants that apply indefinitely, and certain noncompetition and nonsolicitation covenants that apply during the executive's employment and for six months (or twelve months for Mr. Verbaas) following the executive's termination of employment. Following a change in control of the Company, the executive will not be subject to the noncompetition covenant with respect to any period following a termination of his employment. Each Severance Agreement also includes a mutual non-disparagement covenant by the executive and the Company.

To the extent that any payment or benefit received by an executive in connection with a change in control would be subject to an excise tax under Section 4999 of the Internal Revenue Code, as amended, such payments and/or benefits would be subject to a "best pay cap" reduction if such reduction would result in a greater net after-tax benefit to the executive than receiving the full amount of such payments.

Welch Separation Agreement

In connection with Mr. Welch's resignation, the Company, XHR Management, LLC, the Operating Partnership and Mr. Welch entered into the Separation Agreement. Under the Separation Agreement, Mr. Welch is entitled to the following compensation and benefits: (i) \$1,627,000 payable over a period of 12 months following the effective date of Mr. Welch's resignation (the "separation date"); (ii) continued health insurance coverage at the Company's expense for up to eighteen months following the separation date; and (iii) all outstanding and unvested equity and equity-based awards held by Mr. Welch are treated in accordance with the terms and conditions set forth in the applicable award agreement and equity compensation plan, provided that solely for purposes of such awards, Mr. Welch was deemed to have incurred a termination of employment by the Company without "Cause" (as defined in the applicable award agreement) upon the separation date.

Equity Awards

2014 Share Unit Awards

The form of award agreements covering the share unit awards granted in 2014 to our named executive officers provide for accelerated vesting of the awards in the event of certain terminations of service. If the executive's employment is terminated by us without "cause" or by the executive for "good reason" (each, as defined in the applicable award agreement), in either case, the unvested portion of the award will vest in full and be settled on the date of such termination or resignation. In addition, in the event that the executive's employment is terminated on account of death or "disability" (as defined in the applicable award agreement), then with respect to all share units which were unvested as of that time, the executive would be entitled to receive a cash payment equal to the fair market value of the share units on the date of the termination.

2015 Class A Unit Awards

The 2015 Class A Unit Awards provide for accelerated vesting of the awards in the event of certain terminations of service or a change in control, consistent with the accelerated vesting provisions described in the “2016 Class A Unit Awards” section below; provided, however, that in the event of a change in control of the Company prior to the completion of the Performance Period, subject to the executive’s continued service until immediately prior to the change in control, the award (including any distribution equivalent units) will become vested immediately prior to such change in control at the greater of (x) actual performance assuming the completion of

33

the Performance Period as of the date of the change in control, prorated based on the number of days elapsed during the Performance Period through and including the date of the change in control, and (y) “target” level performance.

2016 Class A Unit Awards

In the event of a change in control of the Company prior to the completion of the Performance Period, subject to the executive’s continued service until immediately prior to the change in control, the award (including any distribution equivalent units) will become vested immediately prior to such change in control in the amount equal to the sum of (A) the number of base units which would be performance vested base units (if any) assuming the completion of the Performance Period as of the date of the change in control, plus (B) the distribution equivalent units (calculated with respect only to the number of base units which would vest under (A) above).

If an executive’s service terminates due to his death or disability, or by us other than for “cause” or by the executive for “good reason” (a “qualifying termination”), in any case, prior to the completion of the Performance Period, the award (including any distribution equivalent units) will become vested at the greater of (i) actual performance assuming the completion of the Performance Period as of the date of the qualifying termination, prorated based on the number of days that the executive was employed during the Performance Period, and (ii) “target” level performance.

2015 and 2016 Time-Based LTIP Unit Awards

In the event of a change in control of the Company or if the executive’s service is terminated by the Company or an affiliate thereof other than for “cause,” by the executive for “good reason,” or due to the executive’s death or “disability” (each as defined in the applicable award agreement), the Time-Based LTIP Unit awards granted in 2015 and 2016 will vest in full immediately prior to such change in control or upon such qualifying termination, as applicable.

2016 Time-Based Restricted Stock Awards

In the event of a change in control of the Company or if Mr. Shah’s service is terminated by the Company or an affiliate thereof other than for “cause,” by Mr. Shah for “good reason,” or due to Mr. Shah’s death or “disability” (each as defined in the award agreement), the RSU award will vest in full immediately prior to such change in control or upon such qualifying termination, as applicable.

Summary of Potential Payments

With the exception of Mr. Welch who resigned prior to December 31, 2016 (see “Welch Separation Agreement” for more detail), the following table summarizes the payments that would be made to our named executive officers upon the occurrence of certain qualifying terminations of employment or a change in control, assuming such named executive officer’s termination of employment with the Company, occurred on December 31, 2016. No payments would be owed to any of the named executive officers and no accelerated vesting of equity awards would occur in the event of a termination “for cause” or resignation without “good reason.” Amounts shown in the table below do not include (1) accrued but unpaid salary or bonuses and (2) other benefits earned or accrued by the named executive officer during his employment that are available to all salaried employees, such as accrued vacation, and assume that the “best-pay cap” reduction described above would not apply.

(1) Includes amounts which would be payable upon the occurrence of a change in control or a qualifying termination of employment following a change in control.

Represents a multiple of the sum of the named executive officer's annual base salary and target bonus for the year (2) in which the qualifying termination occurs. The multiple varies by executive. For additional details, see "Severance Agreements" above.

Represents the aggregate value of the named executive officer's unvested equity awards which would vest in connection a termination due to death or "disability", upon the change in control, or in connection with executive's qualifying termination of employment, as applicable, calculated by multiplying the applicable number of equity award units subject to each equity award by \$19.42, the Company's common stock closing price as of (3) December 30, 2016. For the 2014 share unit awards, in the event that the executive's employment was terminated on account of death or "disability" (as defined in the applicable award agreement), then with respect to all share units which were unvested as of that time, the executive would be entitled to receive a cash payment equal to the fair market value of the share units on the date of the termination.

Represents reimbursement of COBRA premiums. The amounts associated with COBRA premiums were calculated (4) using 2016 enrollment rates, multiplied by the maximum 18 month period during which the executive may be entitled to reimbursement of COBRA premiums.

Compensation Risk Assessment

The Company believes that our compensation policies and practices appropriately balance near-term performance improvement with sustainable long-term value creation, and that they do not encourage unnecessary or excessive risk taking. In 2017, the Company's management conducted an extensive review of the design and operation of our compensation program and its findings were presented to the Compensation Committee and the Board of Directors. The review included an assessment of the level of risk associated with the various elements of compensation. Based on this review and assessment, the Company believes that our compensation policies and practices are not reasonably likely to have a material adverse effect on the Company.

The Compensation Committee of the Board of Directors of Xenia Hotels & Resorts, Inc. (the “Company”) has reviewed and discussed with management the Compensation Discussion and Analysis contained in the Company’s Proxy Statement for the 2017 Annual Meeting of Stockholders (the “Proxy Statement”) and, based on such review and discussions, recommended to the Board that the Compensation Discussion and Analysis be included in the Proxy Statement.

PROPOSAL 2 -NON-BINDING, ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION (“SAY ON PAY”)

In accordance with the requirements of Section 14A of the Exchange Act, which was added under the Dodd-Frank Wall Street Reform and Consumer Protection Act, we are asking our stockholders to consider and vote upon the following resolution to approve, on a non-binding, advisory basis, the compensation of our named executive officers as reported in this proxy statement:

“NOW, THEREFORE, BE IT RESOLVED, that the stockholders of the Company approve, on a non-binding, advisory basis, the compensation of the Company’s named executive officers, as disclosed in the Compensation Discussion and Analysis, compensation tables and related narrative discussion of this proxy statement.”

This vote is advisory, and therefore not binding on the Company, the Board or the Compensation Committee. However, the Board and the Compensation Committee value the opinions of the Company’s stockholders and will take into account the outcome of the vote when considering future compensation decisions for our named executive officers. Unless the Board modifies its determination of the frequency of future advisory votes on executive compensation, we expect that the next such advisory vote will be held at the 2018 annual meeting of stockholders. The Compensation Committee has developed and maintained a compensation program that is intended to reward performance and encourage actions that drive success in our business objectives. As described in more detail under “Overview of Executive Compensation Program” the Company’s primary objective is to deliver attractive long-term total returns to stockholders through appreciation in the value of our stock and by providing income to stockholders through the establishment of and increases in distributable cash flow. The Company’s compensation philosophy and structure for our senior executives is designed to achieve these objectives.

In determining actual 2016 compensation for our named executive officers, and as described in the Compensation Discussion and Analysis, the Compensation Committee reviewed progress made against planned objectives established at the beginning of 2016, as discussed on page 24 regarding individual performance objectives, as well as Company achievements discussed in the Company Highlights section on page 17.

We believe that the Compensation Committee has developed a compensation program for our named executive officers that motivates outstanding performance and rewards behavior that aligns management’s interest with those of stockholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE “FOR” PROPOSAL 2.

PROPOSAL 3 - NON-BINDING, ADVISORY VOTE ON FREQUENCY OF FUTURE SAY ON PAY VOTES

In Proposal 2 above, the Company asks stockholders to consider and vote on a resolution to approve, on a non-binding, advisory basis, the compensation of the Company's named executive officers ("say on pay"). In accordance with the requirements of Section 14A of the Exchange Act and the related rules of the SEC, the Company in this Proposal 3 asks stockholders to consider and cast an advisory vote on the frequency of future say-on-pay votes. Stockholders have the option of selecting a frequency of 1, 2 or 3 years, or abstaining.

After careful consideration, the Board has determined to recommend that future say on pay votes occur every 1 year. In formulating its recommendation, the Board considered that an annual say on pay vote will allow the Company's stockholders to provide input on the Company's compensation philosophy, policies and practices as disclosed in the proxy statement every year, to react promptly to emerging trends in compensation, and the provide the Board and Compensation Committee the opportunity to evaluate compensation decisions in light of yearly feedback from stockholders. The Board also believes that the current best corporate practices and governance trends favor an annual advisory say-on-pay vote.

Stockholders are not voting to approve or disapprove the Board's recommendation on the frequency of future say on pay votes. When voting, stockholders may choose among four options for this proposal on the proxy/voting instruction card (or by telephone or internet):

- (1) a "say on pay" vote every 1 year;
- (2) a "say on pay" vote every 2 years;
- (3) a "say on pay" vote every 3 years; or
- (4) abstain from voting.

The frequency option - 1, 2 or 3 years receiving the affirmative vote of the majority of votes cast at the Annual Meeting will be considered the frequency recommended by stockholders. Because there are three alternatives for the non-binding advisory shareholder vote on executive compensation, it is possible that none of the three alternatives will receive a majority of the votes cast on this proposal. If no frequency receives a majority of the votes cast on this proposal, the Board intends to take the results of the vote on this proposal into account in its decision regarding the frequency with which nonbinding votes to approve named executive officer compensation will be included in the Company's proxy statement. If a frequency receives a majority of the votes cast on this proposal, it will be considered the frequency recommended by the stockholders and the Board will take such recommendation into consideration in making a determination on the frequency with which say on pay votes will be included in the Company's proxy statement. However, this vote is not binding on the Board or the Company and with the Board may decide that it is in the best interests of the Company and its stockholders to hold a say on pay vote more or less frequently than the option preferred by stockholders.

Unless you specify otherwise in your proxy/voting instruction card or in the instructions you give by telephone or internet, your proxy will be voted for a frequency of every 1 YEAR as the frequency with which the Company will hold future say on pay votes.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR 1 YEAR AS THE FREQUENCY WITH WHICH THE COMPANY WILL HOLD FUTURE SAY ON PAY VOTES.

ARTICLE V: INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

PROPOSAL 4 – RATIFICATION OF APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We are asking our stockholders to ratify our Audit Committee's appointment of KPMG LLP (“KPMG”) as our independent registered public accounting firm for the fiscal year ending December 31, 2017. Stockholder ratification of the selection of KPMG as our independent registered public accounting firm is not required by our charter or bylaws or otherwise. However, the Board of Directors is submitting the selection of KPMG to the stockholders for ratification as a matter of good corporate governance practice. Furthermore, the Audit Committee will take the results of the stockholder vote regarding KPMG’s appointment into consideration in future deliberations. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of Xenia.

Representatives of KPMG will be present at the Annual Meeting to respond to appropriate questions and to make such statements as they may desire.

Pursuant to the Audit Committee charter, the Audit Committee, or the chair of the Audit Committee, shall pre-approve any audit and non-audit service provided to the Company by the independent auditor, unless the engagement is entered into pursuant to appropriate preapproval policies established by the Audit Committee or if such service falls within available exceptions under SEC rules or NYSE listing rules.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE “FOR” PROPOSAL NO. 4 TO RATIFY THE APPOINTMENT OF KPMG LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM OF XENIA HOTELS & RESORTS, INC. FOR THE FISCAL YEAR ENDED DECEMBER 31, 2017.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM'S FEES

Prior to February 3, 2015 we were a wholly owned subsidiary of InvenTrust. ARTICLE VI: REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS*

The Audit Committee of the Board of Directors of Xenia Hotels & Resorts, Inc. (the “Company”) assists the Board of Directors in its oversight of the integrity of the Company’s financial statements. Management has the primary responsibility for the financial statements, the reporting process and maintaining an effective system of internal controls over financial reporting. The Company’s independent auditors are engaged to audit and express opinions on the conformity of the Company’s financial statements to United States generally accepted accounting principles. In addition to fulfilling its oversight responsibilities as set forth in its charter and further described in the section of the Company’s proxy statement for the 2017 annual meeting of stockholders titled “Audit Committee,” the Audit Committee has performed the following:

Prior to the filing of our Annual Report on Form 10-K for the fiscal year ended December 31, 2016, reviewed and discussed with management and KPMG LLP (“KPMG”) the Company’s audited combined consolidated financial statements.

Discussed with KPMG the matters required to be discussed by the Public Company Accounting Oversight Board (“PCAOB”) Auditing Standard No. 1301 and any other matters required to be communicated to the committee by KPMG under auditing standards established from time to time by the PCAOB or SEC rules and regulations.

Section 16(a) of the Exchange Act, and rules of the SEC thereunder, require our directors, officers and persons who own more than 10% of our common stock to file initial reports of their ownership of our common stock and subsequent reports of changes in such ownership with the SEC. Directors, officers and persons owning more than 10% of our common stock are required by SEC rules to furnish us with copies of all Section 16(a) reports they file. Based solely on our review of the copies of such reports and amendments thereto received by us and written representations from these persons that no other reports were required, we believe that during the fiscal year ended December 31, 2016, our directors, officers and owners of more than 10% of our common stock complied with all applicable filing requirements.

ARTICLE VIII: CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Statement of Policy Regarding Transactions with Related Persons

Our Board of Directors has adopted a written policy regarding the review, approval and ratification of transactions with related persons, which we refer to as our “related person policy.” Our related person policy requires that management present to the Audit Committee any proposed “related person transaction” (defined as any transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which the Company (including any of its subsidiaries) was, is or will be a participant and the amount involved exceeds \$120,000, and in which any “related person” (as defined in paragraph (a) of Item 404 of Regulation S-K)) had, has or will have a direct or indirect interest), including all relevant facts and circumstances relating thereto. The Audit Committee will review the relevant facts and circumstances of each related person transaction, including if the transaction is on terms comparable to those that could be obtained in arm’s length dealings with an unrelated third party and the extent of the related person’s interest in the transaction, take into account the conflicts of interest and corporate opportunity provisions of the Company’s Code of Business Conduct and Ethics, and either approve or disapprove the related person transaction. If advance Audit Committee approval of a related person transaction requiring the Audit Committee’s approval is not feasible, then the transaction may be preliminarily entered into by management upon prior approval of the transaction by the chair of the Audit Committee subject to ratification of the transaction by the Audit Committee at the Audit Committee’s next regularly scheduled meeting; provided, that if ratification shall not be forthcoming, management shall make all reasonable efforts to cancel or annul such transaction. Any related person transaction shall be consummated and shall continue only if the Audit Committee has approved or ratified such transaction in accordance with Section 2-419 of the MGCL (if applicable), or any successor provision thereto, the Company’s charter and bylaws and the guidelines set forth in the related person policy.

HOUSEHOLDING

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies. A number of brokers with account holders who are stockholders may be householding the Company’s proxy materials. If you receive a householding notification from your broker, a single proxy statement will be

44

delivered to multiple stockholders sharing an address unless contrary instructions have been received by your broker. Once you receive notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise. Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request householding of their communications should contact their broker. In addition, if you receive a householding notification and wish to receive a separate annual report or proxy statement at your address, you should also contact your broker directly.

If you wish to receive a separate set of proxy materials for the 2017 Annual Meeting, we will deliver them promptly upon request sent to Xenia Hotels & Resorts, Inc., Attention: Vice President – Finance, 200 S. Orange Avenue, Suite 2700, Orlando, Florida 32801 (phone: 407-246-8100).

OTHER MATTERS THAT MAY COME BEFORE THE ANNUAL MEETING

Our Board of Directors knows of no matters other than those referred to in the accompanying Notice of Annual Meeting of Stockholders which may properly come before the Annual Meeting. However, if any other matter should be properly presented for consideration and voting at the Annual Meeting or any adjournments or postponements thereof, it is the intention of the proxy holders to vote the shares represented by all valid proxies in accordance with their discretion on such matters.
