We are providing access to our proxy materials over the Internet. To do this, we are mailing to most of our stockholders a Notice of Internet Availability of Proxy Materials, which we refer to in the proxy statement as a Notice. Stockholders who do not receive a Notice will receive a paper copy of the proxy materials by mail. We believe that the Notice process will allow us to provide the information you need in a more timely manner and will save the cost of printing and mailing documents to you, thus conserving natural resources.

PROXY STATEMENT

2016 ANNUAL MEETING OF STOCKHOLDERS

The Board of Directors of VAALCO Energy, Inc. requests your proxy for the Annual Meeting that will be held Thursday, June 2, 2016, at 8:00 a.m. Central Time, at The Houston Marriott Westchase Hotel, 2900 Briarpark Drive, Houston, Texas 77042. By granting the proxy, you authorize the persons named on the proxy to represent you and vote your shares at the Annual Meeting. Those persons will also be authorized to vote your shares to adjourn the Annual Meeting from time to time and to vote your shares at any adjournments or postponements of the Annual Meeting. The proxy materials, including this proxy statement, proxy card or voting instructions and our 2015 annual report have been made available on or about April 22, 2016.

If you attend the Annual Meeting, you may vote in person. If you are not present at the Annual Meeting, your shares may be voted only by a person to whom you have given a proper proxy. You may revoke the proxy in writing at any time before it is exercised at the Annual Meeting by delivering to the Corporate Secretary of the Company a written notice of the revocation, by submitting your vote electronically through the internet or by phone after the grant of the proxy, or by signing and delivering to the Corporate Secretary of the Company a proxy with a later date. Your attendance at the Annual Meeting will not revoke the proxy unless you give written notice of revocation to the Corporate Secretary of the Company before the proxy is exercised or unless you vote your shares in person at the Annual Meeting.

General Information

We are providing you these proxy materials in connection with the solicitation of proxies by our Board of Directors (the “Board of Directors” or the “Board”) to be voted at our 2016 Annual Meeting of Stockholders (our “Annual Meeting”), and at any postponement or adjournment of the Annual Meeting. In this proxy statement, VAALCO Energy, Inc. is referred to as the “Company,” “we,” “our,” “us” or “VAALCO.”

Date and Time of Meeting

The VAALCO Energy, Inc. Annual Meeting of stockholders will be held at 8:00 a.m. Central Daylight Time, on June 2, 2016 at the Houston Marriott Westchase Hotel, 2900 Briarpark Drive, Houston, Texas 77042.

Record Date and Persons Entitled to Vote

The Board of Directors has set the close of business on April 6, 2016 as the record date for stockholders entitled to notice of and to vote at the meeting. At the close of business on the record date, there were 58,495,360 shares of VAALCO common stock outstanding and entitled to vote at the Annual Meeting. Each share of common stock is entitled to one vote.

Notice and Access

We are providing access to our proxy materials over the Internet. As a result, we have sent to most of our stockholders a Notice instead of a paper copy of the proxy materials. The Notice contains instructions on how to access the proxy materials over the Internet and how to request a paper copy. In addition, stockholders may request to receive future proxy materials in printed form by mail or electronically by e-mail. A stockholder's election to receive proxy materials by mail or e-mail will remain in effect until the stockholder terminates it.

We may provide certain stockholders, including those who have previously requested to receive paper copies of the proxy materials, with paper copies of the proxy materials instead of a Notice. If you would like to reduce the costs incurred by VAALCO in mailing proxy materials, you can consent to receive all future proxy statements, proxy cards and annual reports electronically via e-mail or the Internet. To sign up for electronic delivery, please follow the instructions provided with your proxy materials and on your proxy card or voting instruction card to vote using the Internet. When prompted, indicate that you agree to receive or access stockholder communications electronically in the future.

Procedure to Access Proxy Materials Over the Internet

Your Notice or (if you received paper copies of the proxy materials) your proxy card will contain instructions on how to view our proxy materials for the Annual Meeting on the Internet. Our proxy materials are also available at www.proxyvote.com.

Information About the Advisory Vote on Compensation

Because your vote with respect to approval of our Named Executive Officer compensation is advisory, it will not be binding upon the Board. However, our Compensation Committee and the Board will carefully consider the outcome of the vote when reviewing future compensation arrangements for our executive officers.

How to Vote

The Board encourages you to exercise your right to vote. Your vote is important. Stockholders can vote in person at the Annual Meeting or by proxy. Giving us your proxy means you authorize us to vote your shares at the Annual Meeting in the manner you direct. If you are a stockholder of record (you own shares in your name), there are three

ways to vote by proxy:

By Internet—You may vote over the Internet at www.proxyvote.com by following the instructions on the Notice or, if you received your proxy materials by mail, by following the instructions on the proxy card.

By telephone— Stockholders located in the United States that receive proxy materials by mail may vote by telephone by calling 1-800-690-6903 and following the instructions on the proxy card.

By mail—If you received proxy materials by mail, you can vote by mail by marking, dating, signing and returning the proxy card in the postage-paid envelope.

Telephone and Internet voting will be available 24 hours a day and will close at 11:59 p.m. Eastern Daylight time on June 1, 2016.

Voting by proxy will not limit your right to vote at the Annual Meeting if you decide to attend in person. The Board recommends that you vote by proxy since it is not practical for most stockholders to attend the Annual Meeting.

If you are a street name stockholder (your shares are held in the name of a bank, broker or other holder of record), you will receive instructions from the bank, broker or other record holder of your shares. You must follow the instructions of the holder of record in order for your shares to be voted. If you are a street name stockholder, you must obtain a proxy, executed in your favor, from the holder of record to be able to vote at the Annual Meeting.

The shares represented by all valid proxies received by telephone, by Internet or by mail will be voted in the manner specified. Where specific choices are not indicated, the shares represented by all valid proxies will be voted:

for the nominees for directors named in this proxy statement;

for ratification of the appointment of the independent auditors; and

for approval of the advisory resolution on executive compensation.

How to Change Your Vote

If you are a stockholder of record, you may later revoke your proxy instructions by:

sending a written statement to that effect to the Corporate Secretary at the address listed on the first page of this proxy statement;

voting again by the Internet or telephone (only the last vote cast will be counted), provided that the stockholder does so before 11:59 p.m. Eastern time on June 1, 2016;

submitting a properly signed proxy with a later date; or

voting in person at the Annual Meeting.

If you are a street name stockholder, you may later revoke your proxy instructions by following the procedures provided by your bank, broker or other nominee.

Quorum

Your stock is counted as present at the Annual Meeting if you attend the Annual Meeting and vote in person or if you properly vote by Internet, telephone or mail. In order for us to hold our Annual Meeting, holders of a majority of our common stock entitled to vote must be present in person or by proxy at the Annual Meeting. This is referred to as a quorum. Abstentions and broker non-votes will be counted as present for purposes of determining a quorum.

Routine and Non-Routine Matters; Abstentions and Broker Non-Votes

The New York Stock Exchange (“NYSE”) permits brokers to vote their customers’ stock held in street name on “routine matters” when the brokers have not received voting instructions from their customers. The NYSE does not, however, allow brokers to vote their customers’ stock held in street name on non-routine matters unless they have received voting instructions from their customers. In such cases, the uninstructed shares for which the broker is unable to vote are called “broker non-votes”.

The ratification of the appointment of the independent auditors is the only routine matter on which brokers may vote in their discretion on behalf of customers who have not provided voting instructions.

The election of directors and the advisory vote to approve our executive compensation are non-routine matters on which brokers are not allowed to vote unless they have received voting instructions from their customers.

Vote Required for each Proposal

Election of Directors. The six nominees for election as directors at the Annual Meeting who receive the greatest number of “FOR” votes cast by the stockholders, a plurality, will be elected as our directors. For this purpose, abstentions and broker non-votes are not counted as a vote for the election of directors. **Accordingly, if you own shares through a broker, you must give the broker instructions to vote your shares in the election of directors. Otherwise, your shares will not be voted.**

Independent Auditor. The ratification of the appointment of the independent auditor requires the affirmative vote of a majority of the stock entitled to vote and present in person or by proxy at the Annual Meeting. Abstentions will have the same effect as votes cast “against” the proposal.

Named Executive Officer Compensation. Our Named Executive Officer compensation will be considered approved by our stockholders in an advisory manner upon the affirmative vote of a majority of the stock entitled to vote and present in person or by proxy at the Annual Meeting. For this purpose, abstentions will have the same effect as votes cast “against” the proposal. Broker non-votes are not counted as shares entitled to vote for the proposal.

Proxy Solicitation

In addition to sending you these materials or otherwise providing you access to these materials, some of our directors and officers as well as management and non-management employees may contact you by telephone, mail, e-mail or in person. You may also be solicited by means of press releases issued by VAALCO, postings on our website at www.VAALCO.com, advertisements in periodicals, or other media forms. None of our officers or employees will receive

any extra compensation for soliciting you. We will also reimburse banks, nominees, fiduciaries, brokers and other custodians for their costs of sending the proxy materials to the beneficial owners of our common stock.

Tabulation

Our Corporate Secretary will tabulate and certify the vote at the Annual Meeting.

Results of the Vote

We will announce the preliminary voting results at the Annual Meeting and disclose the final voting results in a current report on Form 8-K filed with the U.S. Securities and Exchange Commission (“SEC”) within four business days of the date of the Annual Meeting unless only preliminary voting results are available at that time. To the extent necessary, we will file an amended report on Form 8-K to disclose the final voting results within four business days after the final voting results are known. You may access or obtain a copy of these and other reports free of charge on the Company’s website at www.VAALCO.com. Also, the referenced Form 8-K, any amendments thereto and other reports we file with the SEC are available to you over the Internet at the SEC’s website at www.sec.gov.

List of Stockholders

A complete list of all stockholders entitled to vote at the Annual Meeting will be open for examination by any stockholder during normal business hours for a period of ten days prior to the Annual Meeting at our offices, 9800 Richmond Avenue, Suite 700, Houston, Texas, 77042. Such list will also be available at the Annual Meeting and may be inspected by any stockholder who is present.

PROPOSAL NO. 1—ELECTION OF DIRECTORS

At the recommendation of the Nominating and Governance Committee, the Board of Directors has nominated the following individuals for election as directors of the Company to serve for a one year term beginning at the Annual Meeting and expiring at the 2017 Annual Meeting of Stockholders and until either they are re-elected or their successors are elected and qualified:

Steven P. Guidry
Andrew L. Fawthrop
Michael Keane
A. John Knapp, Jr.
John J. Myers, Jr.
Steven J. Pully

All of the above nominees are currently serving as directors of the Company. Biographical information for each nominee is contained in the “Directors and Executive Officers” section below. Mr. Fred Brazelton, currently serving as a director of the Company, notified the Board in March 2016 that he would not be standing for re-election at the 2016 Annual Meeting of Stockholders. The Board has determined that, effective at the time of the Annual Meeting, the size of the Board will be reduced to six members pursuant to the Company’s bylaws.

The Board of Directors has no reason to believe that any of its nominees will be unable or unwilling to serve if elected. If a nominee becomes unable or unwilling to accept nomination or election, either the number of the Company’s directors will be reduced or the persons acting under the proxy will vote for the election of a substitute nominee that the Board of Directors recommends. Only the nominees designated by the Board of Directors will be eligible to stand for election as directors at the Annual Meeting.

Board Composition

We believe that our directors should possess the highest personal and professional ethics, integrity and values and be committed to representing the long-term interests of the stockholders. They must also have an inquisitive and objective perspective, practical wisdom and mature judgment. We also endeavor to have a Board representing a range of experiences in business in areas that are relevant to the Company’s global activities. The evaluation of director nominees by the Nominating and Corporate Governance Committee also takes into account diversity of background.

The Nominating and Corporate Governance Committee has established criteria it considers as guidelines in considering nominations to the Board of Directors. The criteria include:

personal characteristics, including such matters as integrity, age, education, diversity of background and experience, absence of potential conflicts of interest with VAALCO or its operations, and the availability and willingness to devote sufficient time to the duties of a director;

experience in corporate management, such as serving as an officer or former officer of a publicly held company;

experience in the oil and gas industry and with relevant social policy concerns;

experience as a Board member of another publicly held company; and

practical and mature business judgment.

The criteria are not exhaustive and the Nominating and Corporate Governance Committee and the Board of Directors may consider other qualifications and attributes which they believe are appropriate in evaluating the ability of an individual to serve as a member of the Board of Directors. Other than ensuring that at least one member of the Board is a financial expert and a majority of the Board members meet all applicable independence requirements, the Nominating and Corporate Governance Committee does not have any specific skills that it believes are necessary for any individual director to possess. Instead, the Nominating and Corporate Governance Committee evaluates potential nominees based on the contribution such nominee's background and skills could have upon the overall functioning of the Board.

In making its nominations, the Nominating and Corporate Governance Committee identifies nominees by first evaluating the current members of the Board willing to continue their service. Current members with qualifications and skills

that are consistent with the Nominating and Corporate Governance Committee's criteria for Board service are re-nominated. As to new candidates, the Committee will generally poll the Board members and members of management for recommendations. The Nominating and Corporate Governance Committee may also review the composition and qualification of the boards of directors of VAALCO's competitors, and may seek input from industry experts or analysts. The Nominating and Corporate Governance Committee reviews the qualifications, experience and background of the candidates. Final candidates are interviewed by the independent directors and executive management. In making its determinations, the Nominating and Corporate Governance Committee evaluates each individual in the context of the Board as a whole, with the objective of assembling a group with diverse backgrounds that can best represent stockholder interests through the exercise of sound judgment. After review and deliberation of all feedback and data, the Nominating and Corporate Governance Committee makes its recommendation to the Board of Directors. The Nominating and Corporate Governance Committee may in the future choose to engage third-party search firms in situations where particular qualifications are required or where existing contacts are not sufficient to identify an appropriate candidate.

The Nominating and Corporate Governance Committee considers all candidates recommended by our stockholders in accordance with our Bylaw provisions. Stockholders may recommend candidates by writing to the Corporate Secretary at VAALCO Energy, Inc., 9800 Richmond Avenue, Suite 700, Houston, Texas 77042, stating the recommended candidate's name and qualifications for Board membership. When considering candidates recommended by stockholders, the Nominating and Corporate Governance Committee follows the same Board membership qualifications evaluation and nomination procedures discussed above.

Below we identify and describe the key experience, qualifications and skills our directors bring to the Board that are important in light of VAALCO's businesses and structure. The directors' experiences, qualifications and skills that the Board considered in their re-nomination are included in their individual biographies.

Changes in Directors During 2015

On June 3, 2015, effective immediately after the 2015 Annual Meeting, W. Russell Scheirman retired from the Board and as our President and Chief Operating Officer. Mr. Scheirman continued to work for us as a consultant until December 31, 2015. For a description of the consulting agreement we entered into with Mr. Scheirman, please read "Consulting Agreement with Mr. Scheirman" on page 28. The Board determined that, effective immediately following Mr. Scheirman's retirement from the Board, the size of the Board would be reduced from seven members to six members.

Steven J. Pully was appointed to the Board on July 31, 2015 and at that time the Board determined that the size of the Board would be increased to seven.

On December 22, 2015, the Company entered into a settlement agreement (the “Settlement Agreement”) with Group 42, Inc., a Delaware corporation, Paul A. Bell, Michael Keane (collectively, “Group 42”), and BLR Partners LP, a Texas limited partnership, BLRPart, LP, a Texas limited partnership, BLRGP Inc., a Texas corporation, Fondren Management, LP, a Texas limited partnership, FMLP Inc., a Texas corporation, The Radoff Family Foundation, a Texas non-profit corporation and Bradley L. Radoff (collectively, the “BLR Group” and, together with Group 42, the “Group 42-BLR Group”). Under the terms of the Settlement Agreement, the Group 42-BLR Group agreed to withdraw its consent solicitation to remove a majority of the Board.

In accordance with the Settlement Agreement, James B. Jennings and O. Donaldson Chapoton retired from the Board and the Board appointed Mr. Keane of the Group 42-BLR Group to the Board as the designee of the Group 42-BLR Group on December 22, 2015. Under the Settlement Agreement, Mr. Keane was also appointed as Vice Chairman of the Board and to each of the Nominating and Corporate Governance Committee and the Compensation Committee.

In the Settlement Agreement, the Board further agreed to nominate an independent, mutually agreed-upon, designee (the “Mutual Designee”) for election at the 2016 Annual Meeting. The Board agreed to limit the size of the Board to no more than seven directors until the 2016 Annual Meeting, at which time its size could increase to no more than eight directors. However, the Board and the Group 42-BLR Group have not yet identified a Mutual Designee and are continuing a search to identify a candidate acceptable to both the Board and the Group 42-BLR Group. The Company expects that any Mutual Designee will not be appointed to the Board until after the 2016 Annual Meeting.

Moreover, pursuant to the Settlement Agreement, the Board agreed to separate the roles of Chairman of the Board and Chief Executive Officer, with Andrew Fawthrop serving as the new Chairman of the Board. Steven P. Guidry remains a director and the Company’s Chief Executive Officer. For a description of the Settlement Agreement, please read “Settlement Agreement with Group 42-BLR Group” on page 36.

On December 22, 2015, the Company also entered into a stockholder agreement (the “Stockholder Agreement”) with Kornitzer Capital Management, Inc., a Kansas corporation (“Kornitzer Capital”) and John C. Kornitzer (collectively, “Kornitzer”).

In accordance with the Stockholder Agreement, effective immediately, the Board appointed A. John Knapp, Jr. to the Board. For a description of the Stockholder Agreement, please read “Stockholder Agreement with Kornitzer” on page 36.

The Board of Directors unanimously recommends that stockholders vote FOR the election of each of the nominees.

In addition, in January 2016, the Board established a Strategic Committee to be the Board's mechanism for participation in connection with the Company's evaluation of strategic alternatives. Mr. Keane was appointed the Chairman of the Strategic Committee and Mr. Pully serves as a member. The Strategic Committee is expected to remain in place for the duration of the Company's evaluation of strategic alternatives.

None of the members of our Compensation Committee are or have been officers or employees of VAALCO or any of its subsidiaries or had during 2015 a relationship requiring disclosure as a related party transaction.

None of our executive officers serves as a member of the Compensation Committee of any other company that has an executive officer serving as a member of our Board of Directors. None of VAALCO's executive officers serves as a member of the Board of Directors of any other company that has an executive officer serving as a member of VAALCO's Compensation Committee.

Meetings and Attendance

In 2015, the Board held 11 Board meetings, 11 Audit Committee meetings, 7 Compensation Committee meetings and 7 Nominating and Governance Committee meetings. During 2015, each of our directors attended at least 75% of the meetings of the Board of Directors and the meetings of the committees of the Board of Directors on which that director served at the time. VAALCO does not have a policy on whether directors are required to attend the Annual Meeting, although all of our directors attended the 2015 annual meeting of stockholders and are expected to attend the 2016 Annual Meeting.

Executive sessions of independent directors are held, at a minimum, in conjunction with each quarterly Board meeting. Any non-employee director can request that an executive session be scheduled. The sessions are scheduled and presided over by the Chairman of the Board.

CORPORATE GOVERNANCE

Governance Principles

The Board of Directors' Corporate Governance Principles, which include guidelines for determining director independence and qualifications for directors, are published on VAALCO's website at www.VAALCO.com. The website makes available all of VAALCO's corporate governance materials, including Board committee charters. These materials are also available in print to any stockholder upon request. The Board regularly reviews corporate governance developments and modifies its Governance Principles, committee charters and key practices as warranted.

Board Leadership Structure

Steven P. Guidry became our Chief Executive Officer in 2013 and assumed the role of Chairman of the Board in June 2014. In December 2015, the Board separated the roles of Chief Executive Officer and Chairman of the Board and appointed Andrew L. Fawthrop as Chairman. With his significant experience and working knowledge of the industry and the issues that face VAALCO, our Board believes Mr. Fawthrop is the best person to lead and guide the Board of Directors. Also in December 2015, the Board appointed Michael Keane as Vice Chairman of the Board. The principal responsibilities of the Vice Chairman are to perform the duties of the Chairman in his absences or during any disability or refusal to act and to have and perform such other duties and powers as may from time to time be assigned to him by the Board. We believe this provides a beneficial leadership structure for VAALCO and our stockholders by providing strong leadership from both our management team and Board of Directors.

Board Risk Oversight

While the full Board of Directors, with input from each of its committees, oversees VAALCO's management of risks, VAALCO's management team is responsible for the day-to-day risk management process. The Audit Committee reviews with management, as well as internal and external auditors, the Company's business risk management process, including the adequacy of VAALCO's overall control environment and controls in selected areas representing significant financial and business risk. The Audit Committee periodically discusses with management its assessment of various risks and considers the impact of risk on our financial position and the adequacy of our risk-related internal controls. Our Compensation Committee also considers risks that could be implicated by our compensation programs, and our Nominating and Corporate Governance Committee annually reviews the effectiveness of our leadership structure. In addition, each of our committees as well as senior management reports regularly to the full Board of Directors.

Director Independence

It is the policy of the Board of Directors that a majority of the members of the Board be independent. The Board has affirmatively determined that, as to each current, non-employee director nominee (Mr. Brazelton, Mr. Fawthrop, Mr. Keane, Mr. Knapp, Mr. Myers and Mr. Pully), no material relationship exists that, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, and that each current, non-employee director and non-employee director nominee qualifies as “independent” according to VAALCO’s Corporate Governance Principles, which comply with the Corporate Governance Rules of the NYSE.

Code of Conduct

VAALCO has adopted a Code of Business Conduct and Ethics for Directors, Officers and Employees. In addition, VAALCO has adopted a Code of Ethics for the Chief Executive Officer and Senior Financial Officers. Both codes are available on VAALCO’s web site at www.VAALCO.com and are available in print upon request. VAALCO has not granted any waivers to these codes. VAALCO intends to post any waivers or amendments to the codes on its web site.

Communicating Concerns to Directors

In order to provide our stockholders and other interested parties with a direct and open line of communication to the Board of Directors, the Board of Directors has adopted procedures for communications to directors. Our stockholders and other interested persons may communicate with the Chairman of our Audit Committee or with our non-employee directors as a group, by written communications addressed in care of Corporate Secretary, VAALCO Energy, Inc., 9800 Richmond Avenue, Suite 700, Houston, Texas 77042.

All communications received in accordance with these procedures will be reviewed initially by our senior management. Senior management will relay all such communications to the appropriate director or directors unless it is determined that the communication:

does not relate to our business or affairs or the functioning or constitution of the Board of Directors or any of its committees;

relates to routine or insignificant matters that do not warrant the attention of the Board of Directors;

is an advertisement or other commercial solicitation or communication;

is frivolous or offensive; or

is otherwise not appropriate for delivery to directors.

The director or directors who receive any such communication will have discretion to determine whether the subject matter of the communication should be brought to the attention of the full Board of Directors or one or more of its committees and whether any response to the person sending the communication is appropriate. Any such response will be made only in accordance with applicable law and regulations relating to the disclosure of information.

The Corporate Secretary will retain copies of all communications received pursuant to these procedures for a period of at least one year. The Board of Directors will review the effectiveness of these procedures from time to time and, if appropriate, recommend changes.

EXECUTIVE COMPENSATION AND OTHER INFORMATION

Compensation Discussion and Analysis

In this Compensation Discussion and Analysis, we discuss our compensation objectives, our decisions and the rationale behind those decisions relating to 2015 compensation for our executive officers named in the Summary Compensation Table and who we sometimes refer to as the “Named Executive Officers”. All of the Named Executive Officers currently serve as officers of the Company except (i) Mr. Scheirman, who retired from the Board and as President and Chief Operating Officer on June 3, 2015 and remained as a consultant until December 31, 2015; (ii) Ms. Cutrer, who retired as Executive Vice President on January 2, 2016, and (iii) Mr. Hullinger, the Company’s former Chief Financial Officer. On November 9, 2015, Mr. Hullinger ceased being the Company’s Chief Financial Officer and began serving under the terms of an employment agreement as the Company’s Finance and Accounting Senior Advisor and continued in that role until March 15, 2016.

Objectives of Our Compensation Program

Our executive compensation program is intended to align the interests of our management team with those of our stockholders by motivating our executive officers to achieve strong financial and operating results for us, which we believe closely correlate to long-term stockholder value. In addition, our program is designed to achieve the following objectives:

attract and retain talented executive officers by providing reasonable total compensation levels competitive with that of executives holding comparable positions in similarly situated organizations;

provide total compensation that is justified by individual performance;

provide performance-based compensation that balances rewards for short-term and long-term results and is tied to both individual and the Company’s performance; and

encourage the long-term commitment of our executive officers to us and our stockholders’ long-term interests.

What Our Compensation Program is Designed to Reward – Pay for Performance

Our strategy is to economically increase reserves and production through the exploration, development and production of oil and gas properties with an emphasis on international opportunities. Our compensation program is designed to

reward performance that contributes to the achievement of our business strategy on both a short-term and long-term basis. In addition, we reward qualities that we believe help achieve our strategy such as teamwork; individual performance in light of general economic and industry specific conditions; performance that supports our core values; resourcefulness; the ability to manage our existing corporate assets; the ability to explore new avenues to increase oil and gas production and reserves; level of job responsibility; and tenure within the industry.

Although our equity awards generally do not have explicit performance-vesting conditions, they are subject to fluctuations in our stock price and individual performance and contributions have been considered in making the grants. Our Named Executive Officers, who receive a significant amount of their compensation in the form of equity awards, have been subject to the same downward pressure on their realized compensation as our stockholders. The granting of equity to our Named Executive Officers exposes them to the same risks that face our stockholders. Furthermore, a significant portion of the equity awards granted to our Named Executive Officers are in the form of stock options and stock appreciation rights, which we believe are inherently performance-based. By way of illustration, as of April 19, 2016 none of the approximately 3 million stock options and stock appreciation rights that we have granted to our currently-employed Named Executive Officers to date are “in-the-money” even though they were valued at approximately \$3.5 million in the aggregate at time of grant.

As with our entire executive team, the value of our CEO’s actual compensation since his hire in 2013 has been significantly tied to the performance of our stock price, with his total realized pay for the last three years representing approximately 38% of his total reported pay.

Elements of Our Compensation Program and Why We Pay Each Element

To accomplish our objectives, our compensation program is comprised of four elements: base salary, cash bonus, long-term equity-based compensation and benefits.

We pay base salary in order to recognize each executive officer's unique value and historical contributions to our success in light of salary norms in the industry and the general marketplace; to match competitors for executive talent; to provide executives with predictable, regularly-paid income; and to reflect an executive's position and level of responsibility.

We include an annual cash bonus as part of our compensation program because we believe this element of compensation helps to motivate management to achieve key corporate objectives by rewarding the achievement of these objectives. The annual cash bonus also allows us to be competitive from a total remuneration standpoint. However, given the negative pressure on the Company's stock during 2015, continued depressed commodity prices, and a desire to preserve cash and maintain liquidity, the Compensation Committee determined that no bonuses be awarded to Mr. Guidry, Mr. McCormack and Mr. Christ and an award of \$10,000 be made to Mr. Bounds under the 2015 bonus program.

Long-term equity-based incentive compensation is an important element of our compensation policy because we believe it aligns executives' interests with the interests of our stockholders; rewards long-term performance; is required in order for us to be competitive from a total remuneration standpoint; encourages executive retention; and gives executives the opportunity to share in our long-term performance. For the annual awards in March 2014 and March 2015, we utilized both option awards and restricted stock awards as components of long-term equity-based incentive compensation for all of the executive officers. In March 2016, we began utilizing both option awards and stock appreciation right ("SAR") awards as the components of long-term equity-based incentive compensation for our executive officers. Option awards and SAR awards are granted at exercise prices not less than the market value of our common stock on the date of the grant and are not transferable (other than to the holder's heirs or entities for the benefit of his or her heirs). Therefore, option and SAR awards granted will have no realizable value unless our stock price appreciates in value.

We also offer benefits, such as a 401(k) plan and payment of insurance premiums, in order to provide a competitive remuneration package.

2015 Advisory Vote on Executive Compensation

At our annual meeting in 2015, we offered our stockholders an opportunity for an advisory, non-binding vote on our executive compensation through our "say on pay" proposal. Approximately 97% of the stockholders who voted on the proposal last year approved the compensation to our Named Executive Officers. Based on the overwhelming support demonstrated in last year's "say on pay" vote, we retained the central elements making up our incentive compensation, which includes an emphasis on long-term equity-based incentives and a targeted cash bonus component that is less than the amounts the Company had awarded historically prior to 2014. The Compensation Committee will continue to consider the outcome for our "say-on-pay" votes and stockholder views when making future compensation decisions for our executive officers.

How We Determine Each Element of Compensation

In determining the elements of compensation, we consider various measures of Company and industry performance including total shareholder return, capital expenditures, additions to reserves of oil and gas, operating costs, safety performance, production and other measures discussed herein. We may from time to time retain an independent compensation consulting firm to assist the Compensation Committee in evaluating the executive compensation program. The Compensation Committee retained Mercer Consulting (“Mercer”), an independent compensation consultant, in 2015 with respect to evaluating executive compensation. The decision to engage Mercer was made by the Compensation Committee and Mercer reported directly to the Compensation Committee; however, at the Compensation Committee’s direction, the consultant worked directly with management to review or prepare materials for the Compensation Committee’s consideration. While engaged as the Compensation Committee’s consultant, Mercer did not perform any services for the Company outside the scope of its arrangement with the Compensation Committee. During 2015, the Compensation Committee reviewed the consultant’s independence and determined that there were no conflicts of interest as a result of the Compensation Committee’s engagement of Mercer. The Compensation Committee did not engage any consultant other than Mercer during 2015 to provide executive compensation consulting services.

In January 2016, the Compensation Committee retained Longnecker & Associates (“Longnecker”), an independent compensation consultant, with respect to evaluating executive compensation for the 2016 compensation cycle. The decision to engage Longnecker was made by the Compensation Committee and Longnecker reported directly to the Compensation Committee; however, at the Compensation Committee’s direction, the consultant worked directly with management to review or prepare materials for the Compensation Committee’s consideration. While engaged as the Compensation Committee’s consultant, Longnecker did not perform any services for the Company outside the scope of its arrangement with the Compensation Committee. In connection with their initial engagement, the Compensation Committee reviewed the consultant’s independence and determined that there were no conflicts of interest as a result of the Compensation

Committee's engagement of Longnecker. The Compensation Committee has not engaged any consultant other than Longnecker during 2016 to provide executive compensation consulting services.

The scope of both Mercer and Longnecker's engagement has been to provide a proposed list of peer companies that operate in a similar business to VAALCO, and to analyze peer and market compensation data to provide the Compensation Committee with an assessment of the Company's top executive positioning compared to the market. Specifically, Mercer and Longnecker's roles have been to:

Conduct a market analysis of the following compensation element versus proxy peers:

Base salary;

Annual cash bonus;

Total cash compensation (base plus annual cash bonus);

Long-term incentives (LTI); and

Total direct compensation (total cash plus LTI).

Evaluate prevalence of the following compensation elements at peers:

Annual incentive design elements (e.g. metrics, leverage);

Long-term incentive vehicles used and design elements;

Outline key executive compensation trends and regulatory, legislative, and governance considerations (e.g. say on pay);

Summarize potential refinement opportunities;

Preview the materials with the Compensation Committee Chair, and management as appropriate; and

Present materials to the Compensation Committee.

How Elements of Our Compensation Program are Related to Each Other

We view the various components of compensation as related but distinct and emphasize “pay for performance” with a significant portion of total compensation reflecting a risk aspect tied to long- and short-term financial and strategic goals. In 2014, based on the report of our compensation consultant and the compensation practices of our peers, we decided to proportionately reduce potential cash bonus compensation for our executives while increasing potential equity-based incentive compensation. We believe this shift still provides a competitive, attractive cash bonus opportunity for our executives while also more closely aligning their interests with those of our stockholders. In 2016, in an effort to minimize share dilution while still providing equity-based incentive compensation that we believe is competitive with the market for executives, we adopted the VAALCO Energy, Inc. 2016 Stock Appreciation Rights Plan (the “SAR Plan”). Other than as noted above, our Compensation Committee has not adopted any formal or informal policies or guidelines for allocating compensation between long-term and annually paid-out compensation, between cash and non-cash compensation, or among different forms of non-cash compensation.

Market Comparisons

To assist the Compensation Committee, an executive compensation assessment was compiled by Mercer in January 2015 and provided to VAALCO. The Mercer report was used by the Compensation Committee to help determine base salary for 2015, grants of incentive compensation and for determining target bonus compensation that could be earned in 2015, but paid in 2016.

The peer group recommended by Mercer that was used with respect to compensation decisions made in 2015 was assembled by a screening process to assemble a group of public exploration and production companies with revenues comparable to the Company's revenues. The analysis resulted in the following set of 11 peers:

Apco Oil & Gas International	Gran Tierra Energy Inc.	Petroquest Energy, Inc.
BPZ Resources Inc.	Gulfport Energy Corp.	TransGlobe Energy Corporation
Contango Oil and Gas Co.	Hyperdynamics Corp.	TransAtlantic Petroleum Ltd.
Erin Energy Corporation	Oando Energy Resources Inc.	

In February 2016, Longnecker re-evaluated the peer group. Following its re-evaluation, Longnecker recommended that the Compensation Committee (i) remove Hyperdynamics Corp. due to its low enterprise value, (ii) remove Apco Oil & Gas International due to its acquisition by Pluspetrol during 2015 and (iii) remove BPZ Resources, Inc. due to its bankruptcy. Longnecker, seeking out peer companies meeting the revenue requirements but also in alignment with the Company's focus on international offshore exploration and development, also recommended to the Compensation Committee that it replace the removed peers with the following three companies: Bowleven plc, Harvest Natural Resources Inc. and Ophir Energy plc. The Compensation Committee adopted the recommendations of Longnecker with respect to the changes to the peer group and utilized the revised peer group in making its compensation determinations in March 2016.

With the new peer group adopted by the Compensation Committee, nine of the 11 peers had significant non-United States operations and five of the peer companies have significant West African properties, which is the Company's current focus.

Although the Compensation Committee retained Mercer in 2015 and Longnecker in 2016 to conduct a peer group analysis, and also reviewed other survey information, ultimately many of the compensation decisions are qualitative and not quantitative, and take into consideration the unique international nature of our operations, competitive conditions in our industry, competitive conditions for executive talent and other factors discussed below. We do not set specific benchmarks but rather use peer group information to check our compensation decisions for reasonableness.

Base Salary

At its regularly scheduled meeting in March of each year, the Compensation Committee meets to review the base salaries of our executive officers.

In setting base salaries, the Compensation Committee seeks to maintain stability and predictability from year to year, and usually makes percentage increases based on its view of the cost of living and competitive conditions for executive talent in the oil and gas business. The Compensation Committee also considers subjective factors in setting base salary, including individual achievements, our performance, level of responsibility, experience, leadership abilities, increases or changes in duties and responsibilities and contributions to our performance.

In March 2015, utilizing knowledge of competitive conditions in the industry, the Compensation Committee determined to keep the 2015 base salaries for our Named Executive Officers at that time at the previous levels set for 2014, which were as follows: \$500,000 for Mr. Guidry, \$496,173 for Mr. Scheirman, \$333,828 for Mr. Hullinger and \$300,132 for Ms. Cutrer.

In connection with their respective appointments in January 2015, July 2015 and November 2015 and pursuant to the terms of their employment agreement, which were reviewed and approved by the Compensation Committee, the annual base salaries of Mr. Christ, Mr. Bounds and Mr. McCormack were established at \$265,000, \$340,000 and \$325,000, respectively.

In March 2016, given the current downturn in the energy industry more generally, the Compensation Committee again determined to keep the 2016 base salaries for our four Named Executive Officers at current levels.

Bonus

Our executive officers, senior management and other non-management personnel have the potential to receive a meaningful cash bonus if annual financial and operational objectives or goals, pre-established by the Compensation Committee, are met.

At a meeting, usually prior to the end of the year, our Board of Directors approves the operating budget and financial forecast for the ensuing fiscal year. Based on the budget and forecast, at their meeting in the first quarter of the following year, the Compensation Committee sets various targets for financial and non-financial measures such as oil and gas production levels, operating expenses, safety performance, resource additions and total shareholder return. During the first

quarter of each year, following a preliminary determination of our financial and operating results, our Compensation Committee meets to establish bonus compensation for the previous year and to formally establish the bonus program goals for the current year.

In determining the incentive bonuses earned, the Compensation Committee gives substantial weight to our achievement of the Company goals and objectives set out in our budget for the preceding year, in addition to individual goals and objectives for each executive. Typically, approximately 60% of the target bonus for each executive officer is based on corporate goals while approximately 40% of the target bonus is based on individual performance and accomplishments. The target bonus percentages, as a percentage of an individual's annual base salary, established for our Named Executive Officers for 2015 was as follows: Mr. Guidry – 100%; Mr. Bounds – 75%; Mr. McCormack – 65%; Mr. Christ – 50%; Mr. Scheirman – 75%; Mr. Hullinger – 68%; and Ms. Cutrer – 50%.

The Compensation Committee established the following corporate performance goals in March 2015 for the fiscal year 2015 bonus program:

Achieve average daily net oil and gas production of 4,560 barrels of oil equivalent (Boe) (actual was 4,628 Boe per day);

Achieve direct operating costs of \$18.85 per barrel (actual was \$17.83 per barrel);

Achieve a Total Recordable Incident Rate of 0.82 (actual was 0.48);

Achieve Resource Additions of 6 MMBOE (actual was 0 MMBOE);

Capital Expenditures of \$70 million for an approved set of projects (actual was \$87.3 million); and

Total Shareholder Return in the second quartile of the Peer Group (actual was third quartile).

Each executive officer's individual contribution to the above goals was also evaluated. Under the formulaic application of the Company's results as measured against the corporate performance goals, a payout of 88% of target was achieved under the corporate performance component of the 2015 bonus program. However, given the negative pressure on the Company's stock during 2015, continued depressed commodity prices, and a desire to preserve cash and maintain liquidity, the Compensation Committee determined that no bonuses be awarded to Mr. Guidry, Mr. McCormack and Mr. Christ and a \$10,000 award be made to Mr. Bounds under the 2015 bonus program.

Pursuant to the terms of the agreements governing their respective separations from the Company entered into in October 2016 and November 2016, Mr. Hullinger and Ms. Cutrer were awarded bonuses in March 2016 in the amounts of \$113,492 and \$112,550, respectively.

Long-Term Equity-Based Incentives

We believe formal long-term equity incentive programs are valuable compensation tools and are consistent with the compensation programs of the companies in our peer group. We maintain (i) the VAALCO Energy, Inc. 2014 Long-Term Incentive Plan (the “2014 LTIP”), which permits the grant of our stock, options, restricted stock, restricted stock units, phantom stock, stock appreciation rights and other awards, any of which may be designated as performance awards or be made subject to other conditions and (ii) the VAALCO Energy, Inc. 2016 Stock Appreciation Rights Plan (the “SAR Plan”), which permits the grant of stock appreciation rights (“SARs”). We believe that long-term equity-based incentive compensation is an important component of our overall compensation program because it:

balances short and long-term objectives;

aligns our executives’ interests with the long-term interests of our stockholders;

rewards long-term performance relative to industry peers;

makes our compensation program competitive from a total remuneration standpoint;

encourages executive retention; and

gives executives the opportunity to share in our long-term value creation.

The Compensation Committee administers our long-term incentive plans and performs functions that include selecting award recipients, determining the timing of grants and assigning the number of shares subject to each award, fixing the time and manner in which awards are exercisable, setting exercise prices and vesting and expiration dates. For compensation decisions regarding the grant of equity compensation to executive officers, our Compensation Committee considers recommendations from our Chief Executive Officer. Typically, awards vest over multiple years, but the Compensation Committee maintains the discretionary authority to vest the equity grant immediately if the individual situation merits. In the event of a change of control, all outstanding equity-based awards will immediately vest.

Beginning in 2014, based on the peer data provided by Mercer and to more closely align the interests of stockholders and our executive officers, the Compensation Committee determined to increase long-term equity-based incentives as a percentage of total compensation. While historically the Company had exclusively used stock options to incentivize its senior executives, starting in 2014 and based on recommendations from Mercer, the Company issued a combination of stock options and restricted stock. In March 2014, the Compensation Committee approved the 2014 LTIP in order to ensure availability of equity incentive awards and the 2014 LTIP was approved by the Company's stockholders in June 2014. In March 2016, the Compensation Committee approved the SAR Plan in order to ensure availability of equity incentive awards that were not dilutive to the Company's existing stockholders.

We have no set formula for granting awards to our executives or employees. In determining whether to grant awards and the amount of any awards, we take into consideration discretionary factors such as the individual's previous and expected future performance, level of responsibilities, retention considerations, and the total compensation package.

In March 2015, the Named Executive Officers of the Company received the following long-term incentives: Mr. Guidry received 233,350 stock options and 60,250 shares of restricted stock; Mr. Scheirman received 115,800 stock options and 29,900 shares of restricted stock; Mr. Hullinger received 109,050 stock options and 28,200 shares of restricted stock; Ms. Cutrer received 70,050 stock options and 18,100 shares of restricted stock; and Mr. Christ received 74,200 stock options and 19,200 shares of restricted stock. One-third of the awarded options vested immediately on the date of grant, with the remainder vesting equally on the first and second anniversaries of the date of grant. The restricted stock awards vest in three equal tranches on the first, second and third anniversaries of the date of grant. In addition, as part of competitive compensation arrangements, we also provided awards of stock options and restricted stock to Mr. Bounds, our Chief Operating Officer, and Mr. McCormack, our Chief Financial Officer, effective upon their respective dates of hire in July 2015 and November 2015.

In March 2016, the Named Executive Officers of the Company received the following long-term incentives: Mr. Guidry received 352,125 stock options and 352,125 SARs; Mr. Bounds received 179,580 stock options and 179,580 SARs; Mr. McCormack received 171,675 stock options and 171,675 SARs; and Mr. Christ received 111,975 stock options and 111,975 SARs. One-third of the awarded options vested immediately on the date of grant, with the remainder vesting equally on the first and second anniversaries of the date of grant. The SARs vest in three equal tranches on the first, second and third anniversaries of the date of grant, are settled in cash and have a maximum cash value of 300% of the stated exercise price.

Benefits

We provide company benefits or perquisites that we believe are standard in the industry to all of our employees, including the Named Executive Officers. These benefits consist of a group medical and dental insurance program for employees and their qualified dependents, which is currently paid for entirely by the Company, and a 401(k) employee savings plan. We also currently make matching contributions of up to 6% of each participant's salary. The Company pays all administrative costs to maintain the 401(k) plan. We do not provide employee life insurance amounts surpassing the Internal Revenue Service maximum.

Assessment of Risk

The Compensation Committee is aware of the need to take risk into account when making compensation decisions. By design, our compensation program for executive officers is designed to avoid excessive risk taking. In particular, incentive awards are not locked in to specific metrics, but rather, after review of performance relative to these metrics, the Compensation Committee determines final incentive awards in their discretion.

Accounting and Tax Considerations

We have structured our compensation program to comply with Internal Revenue Code Sections 162(m) and 409A. Under Section 162(m) of the Internal Revenue Code, a limitation was placed on tax deductions of any publicly-held corporation for individual compensation to certain executives of such corporation exceeding \$1,000,000 in any taxable year, unless the compensation is performance-based. If an executive is entitled to nonqualified deferred compensation benefits that

are subject to Section 409A, and such benefits do not comply with Section 409A, then the benefits are taxable in the first year they are not subject to a substantial risk of forfeiture. In such case, the service provider is subject to regular federal income tax, interest and an additional federal income tax of 20% of the benefit includible in income. We have no employees with non-performance based compensation paid in excess of the Internal Revenue Code Section 162(m) tax deduction limit. However, we reserve the right to use our judgment to authorize compensation payments that do not comply with the exemptions in Section 162(m) when we believe that such payments are appropriate and in the best interest of the stockholders, after taking into consideration changing business conditions or the executive's individual performance and/or changes in specific job duties and responsibilities.

All equity awards to our employees, including executive officers, and to our directors have been granted and reflected in our consolidated financial statements, based upon the applicable accounting guidance, at fair market value on the grant date in accordance with ASC Topic 718.

Termination of Employment Arrangements

Other than our employment agreements with Mr. Guidry, Mr. Bounds, Mr. McCormack and Mr. Christ and employment agreements with certain of our expatriate employees working in West Africa, we have no employment contracts with any person that requires more than 30 days' notice of termination. Employment contracts with expatriates typically require a longer notice period, such as 90 days, and the payment of the cost to relocate the expatriate back to their home base, along with their personal effects. Additionally, our local Gabonese and Angolan employees work under contracts complying with the respective local labor codes, which may in certain circumstances require the payment of post-termination severance.

The Company also adopted a Severance Plan in August 2015 that covers employees that are based our corporate headquarters in Houston, Texas that are not executive officers. The Severance Plan provides for a benefit of one week of base salary for every year of eligible service (a minimum of four weeks and a maximum of twelve weeks base salary), an additional two weeks of base salary for those employees over the age of forty, and the payment of extended health insurance premiums for a period of three months.

Stock Ownership Requirements

The Board of Directors believes that it is in the best interest of the Company and its stockholders to align the financial interests of the officers of the Company and non-employee members of the Board with those of the Company's stockholders. In this regard, in December 2014 the Board adopted minimum stock ownership guidelines.

The guidelines require that the individuals covered by the policy must hold an interest in the Company's shares equal to the following:

Chief Executive Officer—five times annual base salary;
Non-employee members of the Board—five times their annual cash retainer;
Chief Operating Officer—four times annual base salary;
Chief Financial Officer—three times annual base salary; and
Executive Vice President or any other Executive Officers—two times annual base salary.

The forms of equity ownership that can be used to satisfy the ownership requirement include: (i) shares owned directly or indirectly (e.g., by a spouse or a trust), (ii) vested and unvested shares of restricted stock and (iii) vested deferred stock units, restricted stock units, exercised share options and performance share units that are settled in shares. The following do not count towards satisfaction of the ownership requirement: (i) unexercised stock options, (ii) vested deferred stock units, restricted stock units, SARs or performance share units that are settled in cash, (iii) shares held in margin accounts or that are pledged and (iv) performance awards that are settled in cash (whether vested or unvested).

Each officer or non-employee director has five years from the adoption of the policy or date of appointment, whichever is later, to attain compliance with the ownership requirement and, until a covered individual is in compliance, that individual must retain an amount equal to 60% of the net shares received as a result of the exercise, vesting or payment of any Company equity awards granted. If, for any reason, an individual's ownership falls below their ownership requirement, that individual is again required to retain 60% of any future awards until the ownership requirement is again attained. The 60% threshold was determined based on an estimate of the amount of shares that would remain after disposing of enough shares to satisfy tax withholding requirements.

Compliance with this policy by each officer is reviewed by the Nominating and Governance Committee on an annual basis, and the Nominating and Governance Committee may exercise its discretion in response to any violation of this policy and the Compensation Committee will take into account compliance with the requirements in determining grants of long-term incentive plan awards or annual equity retainers. To date, the Nominating and Governance Committee has not found any violations under the policy.

Recoupment Policy

We currently do not have a recovery policy applicable to annual incentive bonuses or equity awards other than those required under Sarbanes-Oxley legislation. The Compensation Committee will continue to evaluate the need to adopt such a policy.

Reported versus Realized versus Realizable Pay

In reviewing our Chief Executive Officer's compensation included in the Summary Compensation Table, it is important to note that his realized and realizable pay is often substantially different than the compensation that is reported in the Summary Compensation Table. The primary reason for the differences between reported pay in the Summary Compensation Table and realized pay and realizable pay is the method and timing used to value long-term equity awards. SEC rules require companies to report the grant date fair value of all equity awards in the Summary Compensation Table for the year in which they were granted. However, a substantial portion of our Chief Executive Officer's total compensation is in the form of long-term equity-based awards, which have had vesting terms of up to four years, precluding its immediate realization at the grant date and correlating its realizable value to our future stock performance.

Our stock ownership guidelines require that our Chief Executive Officer retain shares of common stock having a value equal to or greater than a multiple of five times his annual base salary. Our CEO has not sold or exercised any of his long-term equity awards granted since his hire in 2013, other than to satisfy tax withholding obligations upon vesting of restricted stock. As a result, our Chief Executive Officer remains heavily invested in VAALCO and his ultimate realized pay will directly correlate to the performance of our common stock. Due to his continued significant equity ownership, our Chief Executive Officer remains exposed to the same risks as all our stockholders.

Below is a table that compares Summary Compensation Table amounts to compensation actually realized and compensation realizable by Steven P. Guidry, our Chief Executive Officer.

Year of Compensation	Reported Pay(\$)(1)	Realized Pay(\$)(2)	Realized Pay as a Percentage of Reported Pay	Realizable Pay(\$)(3)	Realizable Pay as a Percentage of Reported Pay	
2015	1,255,743	531,738	42	% 617,645	49	%
2014	1,556,349	939,544	60	% 974,405	63	%
2013	2,144,284	389,065	18	% 540,313	25	%

(1) Compensation as reported in the Summary Compensation Table.

(2) For purposes of this comparison, “Realized Pay” for each year is defined as: (a) base salary and bonus as reported in the Summary Compensation Table; (b) proceeds from the sales or withholding at vesting of restricted stock awards granted during the year; (c) proceeds from the exercise of stock option awards granted during such year; and (d) Other Compensation as reported in the Summary Compensation Table.

(3) For purposes of this comparison, “Realizable Pay” for each year is defined as: (a) Realized Pay; (b) the value of retained vested and unvested restricted stock awards granted during such year using the closing price of our common stock as of December 31, 2015; and (c) the value of vested and unvested stock option awards granted during such year using the difference between the Company’s stock price as of December 31, 2015 and the applicable stock option exercise price.

The base salary amounts for Mr. Bounds, Mr. McCormack and Mr. Christ are pro-rated based on their partial year (1) of employment. The base salary amount for Mr. Scheirman, who retired on June 3, 2015, relates to the period during 2015 in which he was an employee.

(2) Bonuses for 2015 were determined and paid in March 2016. Bonuses for 2014 were determined and paid in March 2015. Bonuses for 2013 were determined and paid in March 2014.

(3) The grant date fair value was determined under ASC Topic 718 for financial reporting purposes. For a discussion of the determination of fair value under this Topic for the 2015 grants, see Note 10, "Compensation" to the Company's Consolidated Financial Statements contained in the Company's Annual Report on Form 10-K for the

year ended December 31, 2015. The actual value that can be realized from the exercise of stock options, if any, depends on the increase of VAALCO's stock price above the exercise price between the vesting date and the exercise date. With the exception of Mr. Guidry's awards in 2013 and Mr. Bounds and Mr. McCormack's awards in 2015, the options vest in three equal installments on the date of grant and the first and second anniversaries of the date of grant. Mr. Bounds and Mr. McCormack's option awards in 2015 vest in three equal installments on the first, second and third anniversaries of the date of grant. Mr. Guidry's awards for 2013 begin to vest in a four year period with one-fifth vesting on each of his first three anniversaries with the Company and the remaining two-fifths vesting on the fourth anniversary with the Company. The options all expire on the fifth anniversary of the date of grant. The restricted stock awards all vest in three equal tranches on the first, second and third anniversaries of the date of grant.

Executive Employment Agreements with Mr. Guidry, Mr. Bounds, Mr. McCormack and Mr. Christ

We entered into (i) an Amended and Restated Executive Employment Agreement with Mr. Guidry in October 2015 and (ii) Employment Agreements with Mr. Bounds, Mr. McCormack and Mr. Christ in July 2015, November 2015 and September 2015, respectively (the "Employment Agreements"). The initial term of the Employment Agreements is until December 31, 2016 for Mr. Guidry, Mr. McCormack and Mr. Christ and December 31, 2017 for Mr. Bounds and each Employment Agreement is subject to one year automatic extensions unless terminated by either party.

The Employment Agreements provide for a severance payment if employment is terminated by us other than for “Cause”, or is terminated because of the employee’s death or disability, or is terminated by the employee for “Good Reason.” The severance payment is a multiple of the sum of (i) the employee’s base salary then in effect and (ii) the higher of (A) the average of the employee’s annual bonus paid or payable for the two calendar years immediately preceding the calendar year in which the termination date occurs and (B) the employee’s annual bonus for the calendar year in which the termination date occurs (such higher number, the “Bonus Amount”), together the “Severance Payment”. For Mr. Guidry, the multiple is one (1) times the Severance Payment and for Mr. Bounds, Mr. McCormack and Mr. Christ, the multiple is one-half the Severance Payment.

The Company would also be required to pay for continuing health insurance premiums for the employee and his eligible spouse and dependents for a period of one year following the termination and accrued and unpaid base salary, unused vacation days, and reimbursement for previously incurred business expenses. Cause is generally defined as the following with respect to the employee: the conviction of a crime involving moral turpitude or a felony; the commission of a material act of fraud upon the VAALCO, or any customer or supplier; the misappropriation of any funds or property of VAALCO, or any customer or supplier; the willful and continued failure to perform the material duties assigned to him that is not cured to the reasonable satisfaction of VAALCO; the engagement in any direct and material conflict of interest with VAALCO; or the engagement in any material activity which competes with VAALCO’s business or which would result in a material injury to the business, reputation or goodwill of VAALCO.

“Good Reason” is defined as the occurrence of any one or more of the following events:

The assignment of any duties that are materially inconsistent with the employee’s executive position, which in this definition includes status, reporting relationship to the Board of Directors in the case of Mr. Guidry and the Chief Executive Officer in the case of Mr. Bounds, Mr. McCormack and Mr. Christ, office, title, scope of responsibility over corporate level staff or operations functions, or responsibilities as an officer of VAALCO, or any other material diminution in the employee’s position, authority, duties, or responsibilities, other than an isolated and inadvertent action not taken in bad faith that is remedied within thirty business days; or

VAALCO requires the employee to be based at any office or location that is farther than 40 miles from VAALCO’s principal office location in Houston, Texas; or

Any failure by VAALCO to obtain an assumption of the employment agreement by any successor to VAALCO, or any action or inaction that constitutes a material breach by VAALCO of the agreement.

The definition of good reason includes provisions for cure by VAALCO, and notice by the employee.

Additionally, the Compensation Committee of the Board determined that it is in the best interest of the Company and its stockholders that, in the event of a qualifying termination of the employee in connection with a change in control of the Company, the employee be provided with sufficient severance benefits so that the employee can exercise independent judgment regarding the best interests of the Company and its stockholders when evaluating a prospective change in control event. The Compensation Committee also reviewed market data and the practices of the Company's peer group in determining to include this provision in the Employment Agreements.

Under the Employment Agreements, if during the term of the applicable Employment Agreement and within the twelve month period following a "Change in Control" or within the three month period preceding a Change in Control the employee's employment is terminated other than (i) by the Company for Cause, (ii) by the employee for other than Good Reason or (iii) due to the employee's death or disability, subject to his execution of a release of claims, the employee will be entitled to severance benefits consisting of (i) an amount equal to, in the case of Mr. Guidry, two (2) times the Severance Payment and, in the case of Mr. Bounds, Mr. McCormack and Mr. Christ, one (1) times the Severance Payment; (ii) continued group health plan coverage for one year; and (iii) accrued and unpaid base salary, unused vacation days, and reimbursement for previously incurred business expenses.

"Change in Control" is defined in the Employment Agreements as the occurrence of any one or more of the following events:

The acquisition by any individual, entity or group of beneficial ownership of fifty percent (50%) or more of either (i) the then outstanding shares of common stock of the Company (the "Outstanding Company Stock") or (ii) the combined voting power of the then outstanding voting securities of the Company entitled to vote generally in the election of directors (the "Outstanding Company Voting Securities"); provided, however, that the following acquisitions shall not constitute a Change in Control: (i) any acquisition directly from the Company or any subsidiary, (ii) any acquisition by the Company or any subsidiary or by any employee benefit plan (or related trust) sponsored or maintained by the Company or any subsidiary, or (iii) any acquisition by any corporation pursuant to a reorganization, merger, consolidation or similar business combination involving the Company (a "Merger"), if, following such Merger, the conditions described in the third bullet below are satisfied;

Individuals who, as of the effective date of the applicable Employment Agreement, constitute the Board of Directors of the Company (the "Incumbent Board") cease for any reason to constitute at least a majority of the Board; provided, however, that any individual becoming a director subsequent to the effective date of the applicable Employment Agreement whose election, or nomination for election by the Company's shareholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of either an actual or threatened election contest or other actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Board;

The consummation of a Merger involving the Company, unless immediately following such Merger, (i) substantially all of the holders of the Outstanding Company Voting Securities immediately prior to Merger beneficially own, directly or indirectly, more than fifty percent (50%) of the common stock of the corporation resulting from such Merger (or its parent corporation) in substantially the same proportions as their ownership of Outstanding Company

Voting Securities immediately prior to such Merger and (ii) at least a majority of the members of the board of directors of the corporation resulting from such Merger (or its parent corporation) were members of the Incumbent Board at the time of the execution of the initial agreement providing for such Merger;

The sale consummation, or other disposition of all or substantially all of the assets of the Company, unless immediately following such sale or other disposition, (i) substantially all of the holders of the Outstanding Company Voting Securities immediately prior to the consummation of such sale or other disposition beneficially own, directly or indirectly, more than fifty percent (50%) of the common stock of the corporation acquiring such assets in substantially the same proportions as their ownership of Outstanding Company Voting Securities immediately prior to the consummation of such sale or disposition, and (ii) at least a majority of the members of the board of directors of such corporation (or its parent corporation) were members of the Incumbent Board at the time of execution of the initial agreement or action of the Board providing for such sale or other disposition of assets of the Company; or

The approval by the stockholders of the Company or the Board of a plan for the complete liquidation or dissolution of the Company.

Consulting Agreement with Mr. Scheirman

Following his retirement in June 2015, the Company entered into a consulting agreement with Mr. Scheirman. Under the agreement, Mr. Scheirman served as a consultant to the Chief Executive Officer until December 31, 2015.

Under the agreement, Mr. Scheirman was paid a consulting fee of \$8,000 per month beginning with his retirement until December 31, 2015. Mr. Scheirman was also entitled to reimbursement for expenses incurred in providing the consulting services in accordance with the terms of the agreement and was entitled to \$3,000 per day for any day that he was required to travel internationally on behalf of the Company in order to carry out the consulting services. In addition, all option awards held by Mr. Scheirman under any of the Company's incentive plans were amended to provide that the expiration date of the options was the earlier of the expiration date of the option as provided in the award (without taking into effect any provision providing for early termination upon retirement) and December 31, 2015. The Company also reimbursed Mr. Scheirman for health insurance premiums up to the amount that would otherwise have been paid in connection with COBRA for health insurance premiums for the term of the agreement. The agreement provided for releases and other customary covenants and terminated on December 31, 2015.

Employment Agreement with Ms. Cutrer

Ms. Cutrer, the Company's former Executive Vice President, retired effective January 2, 2016. Beginning November 1, 2015, in order for the Company to effect an orderly transition of her duties, Ms. Cutrer worked for the Company on a part-time basis under the terms of an employment agreement until her retirement on January 2, 2016.

Under the terms of the employment agreement, Ms. Cutrer continued to earn her current base salary through the date of her retirement and was guaranteed a minimum bonus under the Company's 2015 Annual Bonus Plan equal to 75% of the target bonus previously established by the Board. Ms. Cutrer was also entitled to a cash payment of \$9,538, which represented the amount of COBRA payments for the continuation of health insurance for a period of four months following her retirement. Her employment agreement also provided that the vesting of 24,767 shares of unvested restricted stock previously awarded to Ms. Cutrer under the Company's long-term incentive plans be accelerated on the effective date of her retirement. Pursuant to the terms of Ms. Cutrer's existing stock option award agreements, any unvested options vested upon her retirement and will continue to be governed by the terms of the respective award agreement. Ms. Cutrer's employment agreement also contained releases of claims, indemnification and other provisions customary in agreements for retiring executive officers.

Employment Agreement with Mr. Hullinger

Mr. Hullinger, the Company's former Chief Financial Officer, retired effective March 15, 2016. On November 9, 2015, Mr. Hullinger ceased being the Company's Chief Financial Officer and began serving under the terms of an employment agreement as the Company's Finance and Accounting Senior Advisor and continued in that role until March 15, 2016 in order for the Company to effect an orderly transition of his duties.

Under the terms of Mr. Hullinger's employment agreement, Mr. Hullinger continued to earn his current base salary through the date of his retirement and was guaranteed a minimum bonus under the Company's 2015 Annual Bonus Plan equal to 50% of the target bonus previously established by the Board. Mr. Hullinger was also entitled to a cash payment of \$9,538, which represents the amount of expected payments for the continuation of health insurance for a period of four months following his retirement. His employment agreement also provided that the vesting of 23,140 shares of unvested restricted stock previously awarded to Mr. Hullinger under the Company's long-term incentive plans be accelerated on the effective date of his retirement. Pursuant to the terms of Mr. Hullinger's existing stock option award agreements, any unvested options vested upon his retirement and will continue to be governed by the terms of the respective award agreement. Mr. Hullinger's employment agreement also contained releases of claims, indemnification and other provisions customary in agreements for retiring executive officers.

Potential Payments Upon Termination or Change-in-Control

The following sets forth the incremental compensation that would be payable by us to each of our Named Executive Officers in the event of the executive officer's termination of employment with us under various scenarios, which we refer to as "termination events," including the executive officer's voluntary resignation, involuntary termination for "cause," involuntary termination without "cause," termination by the executive for "good reason," termination in connection with a "change in control," termination in the event of "disability," termination in the event of death, and termination in the event of retirement, where each of these defined terms has the meaning ascribed to it in the respective executive's Employment Agreement. In accordance with applicable SEC rules, the following discussion assumes:

that the termination event in question occurred on December 31, 2015, the last business day of 2015; and

with respect to calculations based on our stock price, we used \$1.60, which was the reported closing price of our common stock on December 31, 2015.

The analysis contained in this section does not consider or include payments made to an executive officer with respect to contracts, agreements, plans or arrangements to the extent they do not discriminate in scope, terms or operation, in favor of our executive officers and that are available generally to all salaried employees, such as our 401(k) plan. The actual amounts that would be paid upon an executive officer's termination of employment can only be determined at the time of such executive officer's termination. Due to the number of factors that affect the nature and amount of any compensation or benefits provided upon the termination events, any actual amounts paid or distributed may be higher or lower than reported below. Factors that could affect these amounts include the timing during the year of any such event, our stock price at such time and the executive officer's age and service.

Each of our Named Executive Officers that were executive officers as of December 31, 2015 are party to an Employment Agreement with us. Each of our executive officers is a party to equity award agreements relating to options, restricted stock or SARs granted under our incentive plans. These award agreements may provide that an executive officer is entitled to acceleration of outstanding grants in the event of a termination event.

The table below indicates the amount of compensation payable by us to our Named Executive Officers including: cash severance, and accelerated stock option and restricted stock award vesting, upon different termination events.

DIRECTOR COMPENSATION

Our compensation for non-employee directors is designed to be competitive with our peer group of independent energy companies, link rewards to business results and stockholder returns and facilitate increased ownership of our stock. We do not have a retirement plan for non-employee directors. Our executive officers are not paid additional compensation for their services as directors.

The Nominating and Corporate Governance Committee is responsible for evaluating and recommending to the independent members of the Board the compensation for non-employee directors, and the independent members of the Board set the compensation.

Non-employee directors were compensated in 2015 for service on the Board of Directors or any committee thereof as follows:

\$45,000 retainer per annum, payable in quarterly installments;

\$10,000 retainer per annum for the chairman of each Board committee, payable in quarterly installments;

\$20,000 retainer per annum for the Lead Director, payable in quarterly installments;

\$2,000 for each Board meeting attended;

\$1,000 for each committee meeting attended; and

an annual equity award in an amount determined by the independent members of the Board. For fiscal year 2015, the awards of common stock were granted on (i) March 3, 2015 for Messrs. Brazelton, Chapoton, Fawthrop, Jennings and Myers, (ii) July 31, 2015 for Mr. Pully and (iii) December 22, 2015 for Messrs. Keane and Knapp. The awards are intended to reflect compensation associated with the one year period beginning with the date of grant. The awards for Messrs. Keane, Knapp and Pully were pro-rated based upon the partial year ending March 3, 2016 for which they served as a member of the Board. The awards of common stock are not restricted or subject to any vesting period; however, the stock award agreements provide that the director is prohibited from disposing of the stock within three years of the date of grant.

2015 Non-Employee Director Compensation

The following table shows compensation paid to each of our non-officer directors who served during the fiscal year ended December 31, 2015.

The amounts reported in this column reflect the aggregate grant date fair value of stock awards granted in fiscal year 2015, computed in accordance with FASB ASC Topic 718. See Note 10, "Compensation" to the Company's Consolidated Financial Statements contained in the Company's Annual Report on Form 10-K for the year ended
(2)December 31, 2015 for additional detail regarding assumptions underlying the value of these equity awards. The grants for Messrs. Brazelton, Chapoton, Fawthrop, Jennings and Myers had a grant date of March 3, 2015. The grant to Mr. Pully had a grant date of July 31, 2015. The grants to Messrs. Keane and Knapp had a grant date of December 22, 2015.

2016 Non-Employee Director Compensation

In December 2015, the Board separated the roles of Chairman and Chief Executive Officer, eliminated the role of Lead Director, and established a cash retainer for the Chairman in an amount of \$25,000 per annum. In addition, in January 2016, the Board established a Strategic Committee to be the Board's mechanism for participation in connection with the Company's evaluation of strategic alternatives. Mr. Keane was appointed the Chairman of the Strategic Committee and Mr. Pully serves as a member. The Strategic Committee is expected to remain in place for the duration of the Company's evaluation of Strategic Alternatives. While the Strategic Committee remains in effect, the Board has established a cash retainer for the Chairman of the Strategic Committee in an amount of \$20,000 per quarter.

In March 2016, the Board determined that, beginning April 1, 2016 and to remain in effect until so changed by the Board, all cash compensation components for members of the Board, including the retainers established for the Chairman of the Board and the Chairman of the Strategic Committee, would be reduced by 25%. Additionally, the Board determined that the annual grant of equity for non-employee members of the Board should be delayed until after the 2016 Annual Meeting.
