1. Elect eight (8) directors;
2. Ratify the appointment of KPMG LLP as the Company’s independent registered public accounting firm;

The record date for determining which stockholders may vote at this meeting or any adjournment is March 25, 2019.

We are distributing our proxy materials to our stockholders primarily via the Internet under the “Notice and Access” rules of the Securities and Exchange Commission (“SEC”). This approach saves printing and mailing costs and reduces the environmental impact of our Annual Meeting, while providing a convenient way to access the materials and vote. On April 9, 2019, we are mailing a Notice of Internet Availability of Proxy Materials to stockholders of record at the close of business on March 25, 2019, containing instructions about how to access our proxy materials and vote online or vote by telephone.

Please review the instructions on each of your voting options described in this proxy statement and in the notice you received by mail. Your vote is important. Whether or not you plan to attend the Annual Meeting, PLEASE VOTE AS SOON AS POSSIBLE.

By Order of the Board of Directors

Karen Seaberg
Chairman of the Board

PROXY STATEMENT

We are providing this proxy statement (the “Proxy Statement”) to you on the Internet, or upon your request, have delivered a printed version of this Proxy Statement to you by mailing in connection with the solicitation by the Board of Directors of MGP Ingredients, Inc. (the “Company”) of proxies to be voted at our Annual Meeting of its stockholders to be held on May 23, 2019 (including any adjournment or postponement thereof).

These materials were first sent or made available to stockholders on or about April 9, 2019 and include:

- The Notice of the Company’s 2019 Annual Meeting of Stockholders;
- This Proxy Statement; and
- The Company’s Annual Report on Form 10-K for the year ended December 31, 2018, as filed with the SEC.

If you requested print versions by mail, these proxy materials also include the proxy card or voting instruction form for the Annual Meeting.

Use of “Notice and Access”

Pursuant to rules adopted by the SEC, we use the Internet as the primary means of furnishing proxy materials to stockholders. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the “Notice”) to our stockholders. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or request a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or how to request a printed copy may be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. We encourage stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of our annual meetings, and reduce the cost to the Company associated with the physical printing and mailing of materials.

VOTING MATTERS

How You Can Vote

Voters include recordholders and persons holding MGP stock through a broker or other nominee.

Stock Held of Record. If you are a stockholder of record, there are four ways to vote:

Internet Voting. You may vote by proxy via the Internet by following the instructions provided in the Notice.

Telephone Voting. If you requested printed copies of the proxy materials by mail, you may vote by proxy by calling the toll free number found on the proxy card.

Voting By Mail. If you requested printed copies of the proxy materials by mail, you may vote by proxy by filling out the proxy card and returning it in the envelope provided.

Voting in Person. You may vote in person at the Annual Meeting. The Company will give you a ballot when you arrive.

Stock Held Through a Broker or Other Nominee. If your shares are held in a brokerage account at a brokerage firm, bank, broker-dealer or similar organization, then you are the “beneficial owner” of shares held in “street name,” and a Notice was forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to instruct that organization on how to vote your shares. Those instructions are contained in a “voting instruction form.” If you request printed copies of the proxy materials by mail, you will receive a voting instruction form. As a beneficial owner, you are also invited to attend the Annual Meeting. However, because you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting, unless you obtain a legal proxy from your broker, bank, or other nominee and present it to the inspectors of election at the Annual Meeting with your ballot.

CORE/3001926.0002/131169639.14

If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, then, under applicable rules, the organization that holds your shares may generally vote on “routine” matters but cannot vote on “non-routine” matters. The only routine matter for which your broker will be permitted to vote on your behalf without your instructions is the proposal related to the selection of KMPG LLP as the Company’s independent registered public accounting firm for the year ending December 31, 2019. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, that organization will inform the inspectors of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a “broker non-vote.”

If you are a beneficial owner of shares held in street name, there are four ways to vote:

Internet Voting. You may vote by proxy via the Internet by visiting www.proxyvote.com and entering the control number found in your Notice.

Telephone Voting. If you requested printed copies of the proxy materials by mail, you may vote by proxy by calling the toll free number found on the voting instruction form.

Voting By Mail. If you requested printed copies of the proxy materials by mail, you may vote by proxy by filling out the voting instruction form and returning it in the envelope provided.

Voting in Person. If you wish to vote in person at the Annual Meeting, you must obtain a legal proxy from your broker, bank, or other nominee. Please contact your broker, bank, or other nominee for instructions regarding obtaining a legal proxy.

How You May Revoke or Change Your Vote

You may revoke your proxy at any time before it is voted at the meeting by:

- sending timely written notice of revocation to the corporate secretary;
- submitting another timely proxy by telephone, Internet or mail; or
- attending the Annual Meeting and voting in person. If voting in person, please bring written evidence confirming your ownership of the shares you wish to vote. If you hold shares through a trustee, broker or nominee, you may recast your vote or revoke your proxy by timely following the procedures of the trustee, broker or nominee. Without further action, your attendance at the Annual Meeting will not automatically revoke your proxy.

Attendance and Voting in Person at the Annual Meeting. Only recordholders or their properly appointed proxies, beneficial owners of MGP stock who have evidence of such ownership and provide personal identification (such as a driver’s license or passport), and our guests may attend the Annual Meeting. Broker customers may only vote by instructing the broker or nominee and may not cast ballots at the Annual Meeting unless the broker or nominee has instructed us otherwise. Recordholders who vote in person by ballot at the Annual Meeting will thereby revoke any proxy previously appointed.

Other Voting Matters

The holders of record of the Company’s common stock, no par value (“Common Stock”), and the Company’s preferred stock, \$10 par value (“Preferred Stock”), at the close of business on March 25, 2019 are entitled to notice of and to vote at the Annual Meeting. As of March 25, 2019, there were 17,014,882 shares of Common Stock outstanding and 437 shares of Preferred Stock outstanding. You are entitled to one vote for each share owned of record on that date.

All shares that have been properly voted and not revoked will be voted at the Annual Meeting in accordance with your instructions. If you sign your proxy card but do not give voting instructions, the shares represented by the proxy will be voted by those named in the proxy card in accordance with the recommendations of the Board of Directors.

If any other matters are properly presented at the Annual Meeting for consideration, the persons named in the proxy card will have the discretion to vote on those matters for you. As of the printing of this Proxy Statement, we do not know of any other matter to be presented at the Annual Meeting.

How Votes are Counted and Voting Requirements

Quorum. For you to approve proposals at the 2019 Annual Meeting, we must have a quorum. A quorum means the holders of a majority of the shares of each class of MGP stock outstanding on the record date are present at the Annual Meeting. Proxies received but marked as abstentions or treated as broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting. A broker non-vote occurs when a broker has not received directions from customers and does not have discretionary authority to vote the customers' shares on a non-routine matter. If a quorum is not present at the scheduled time of the meeting, the stockholders who are represented may adjourn the meeting until a quorum is present. The time and place of the adjourned meeting will be announced at the time the adjournment is taken, and no other notice will be given.

Votes Required for Approval. Generally, holders of Common Stock and Preferred Stock each vote separately as a class with respect to each matter that the class is authorized to vote on, with each share of stock in each class being entitled to one vote.

Proposal 1 – Elect Eight (8) Directors. Election of Group A directors is determined by a majority of votes cast (meaning the number of shares voted "for" a nominee must exceed the number of shares voted "against" such nominee). If any nominee for Group A director receives a greater number of votes "against" his or her election than votes "for" such election, our Corporate Governance Guidelines require that such person must promptly tender his or her resignation to the Board following certification of the vote. Abstentions and broker non-votes are not considered votes cast for the foregoing purpose, and will have no effect on the election of Group A nominees. Holders of Common Stock are entitled to vote on the election of the Group A directors only. Election of Group B directors is determined by a plurality vote (meaning the candidates for office who receive the highest number of votes of the class entitled to vote on such director position will be elected). Holders of Preferred Stock are entitled to vote on the election of the Group B directors only. Because it is a plurality vote, abstentions and withheld votes will have no effect on the election of Group B nominees. Broker non-votes are disregarded and will not affect the determination of a plurality.

Proposal 2 – Ratify the Appointment of KPMG LLP as the Company's Independent Registered Public Accounting Firm. Ratification of KPMG LLP as MGP's independent registered public accounting firm requires the affirmative vote of a majority of the shares of Common Stock and Preferred Stock of MGP that are entitled to vote and that are present in person or by proxy at the Annual Meeting. Abstentions will have the same effect as a vote against the proposal. Ratification of the independent registered public accounting firm is considered a routine matter and, accordingly, broker non-votes cannot occur.

Proposal 3 – Adopt an Advisory Resolution to Approve the Compensation of our Named Executive Officers. Adoption of the resolution (referred to as "Say-on-Pay") requires the affirmative vote of a majority of the shares of Common Stock and Preferred Stock of MGP that are entitled to vote and that are present in person or by proxy at the Annual Meeting. Abstentions will have the same effect as a vote against the proposal. Broker non-votes will be treated as shares present for quorum purposes but not entitled to vote, so they will not affect the outcome of the vote on this proposal.

All other Proposals – All other proposals require the affirmative vote of holders of a majority of shares of Common Stock and a majority of shares of Preferred Stock entitled to vote that are present in person or by proxy at the Annual Meeting. Abstentions will have the same effect as a vote against the proposal. Brokers may vote on routine matters but cannot vote on non-routine matters.

The principal executive offices of the Company are located at Cray Business Plaza, 100 Commercial Street, Atchison, Kansas 66002 and the Company's telephone number at that address is (913) 367-1480.

PROPOSAL 1 –ELECT EIGHT (8) DIRECTORS

The Board of Directors has nominated each of James L. Bareuther, David J. Colo, Terrence P. Dunn, Anthony P. Foglio, Augustus C. Griffin, Lynn H. Jenkins, Karen L. Seaberg, and M. Jeannine Strandjord for election as a director, to hold office until the Annual Meeting of stockholders to be held in 2020 and until their respective successors are duly elected and qualified or until their earlier death, resignation or removal. Information regarding the director nominees is set forth below under the heading “Information Regarding Director Nominees.” George W. Page, Jr., a director of the Company since 2014, is not standing for election. The Nominating and Governance Committee of the Board intends to identify and nominate a candidate for the seat occupied by Mr. Page, and that nominee would stand for election at a future special meeting of the holders of Preferred Stock.

Each nominee has consented to stand for election and the Board does not anticipate that any nominee will be unavailable to serve. If any nominee declines to serve or becomes unavailable for any reason before the election, the proxies may be voted for such substitute nominees as the Board of Directors may designate.

Voting Standard. Proxies will be voted in favor of James L. Bareuther, Terrence P. Dunn, Anthony P. Foglio and David J. Colo for Group A directors and Augustus C. Griffin, Lynn H. Jenkins, Karen L. Seaberg and M. Jeannine Strandjord for Group B directors unless other instructions are given. Holders of Common Stock are entitled to vote on the election of the Group A directors only and holders of Preferred Stock are entitled to vote on the election of the Group B directors only. Group A directors are elected by a majority of votes cast. Abstentions and broker non-votes are disregarded in determining the outcome of the vote. Group B directors are elected by a plurality of votes of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors and the nominees who receive the most votes will be elected. Votes may be cast in favor of a director or withheld. Withheld votes and broker non-votes are disregarded in determining a plurality.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF EACH OF JAMES L. BAREUTHER, DAVID J. COLO, TERRENCE P. DUNN, ANTHONY P. FOGLIO, AUGUSTUS C. GRIFFIN, LYNN H. JENKINS, KAREN L. SEABERG AND M. JEANNINE STRANDJORD AS DIRECTORS OF THE COMPANY.

**PROPOSAL 2 – RATIFY THE APPOINTMENT OF KPMG LLP AS THE
COMPANY’S INDEPENDENT REGISTERED PUBLIC ACCOUNTANT**

The Board of Directors, upon recommendation of its Audit Committee, recommends that you ratify the appointment of KPMG LLP as our independent registered public accounting firm to audit the books, records and accounts of the Company and its subsidiaries for the year ending December 31, 2019. A representative of KPMG LLP will be present at the Annual Meeting, will have an opportunity to make a statement if he or she desires to do so, and will be available to respond to appropriate questions.

Information regarding the aggregate fees billed by KPMG LLP for the years ended December 31, 2018, December 31, 2017 and December 31, 2016 for (i) professional services rendered for the audit of the Company’s annual financial statements and the reviews of the financial statements included in the Company’s reports on Form 10-Q during such year (“Audit Fees”), (ii) assurance and related services that are reasonably related to the performance of the audit or review of the Company financial statements but are not included in Audit Fees, (iii) professional services rendered for tax compliance, tax advice or tax planning and (iv) other products and services is reported below under the heading “Audit and Certain Other Fees Paid Accountants.”

Voting Standard. For the ratification of the Audit Committee’s selection of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2019, the affirmative vote of the holders of a majority of the shares of Preferred Stock and of the holders of a majority of the shares of Common Stock, present in person or by proxy and entitled to vote at the meeting, is required. Abstentions with respect to the vote on ratification of the appointment of KPMG LLP as our independent registered public accounting firm will have the same effect as a vote against the proposal.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” THE RATIFICATION OF THE APPOINTMENT
OF KPMG LLP AS THE COMPANY’S INDEPENDENT REGISTERED PUBLIC ACCOUNTANT.**

PROPOSAL 3 –

ADOPT AN ADVISORY RESOLUTION TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”) provides that the Company’s stockholders have the opportunity to vote to approve, on an advisory (nonbinding) basis, the compensation of the Company’s named executive officers as disclosed in this Proxy Statement in accordance with the Securities and Exchange Commission’s (“SEC”) rules. Pursuant to Section 14A of the Securities Exchange Act of 1934, as amended, the Company is presenting the following “say-on-pay” proposal, which gives stockholders the opportunity to approve or not approve the Company’s compensation program for named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, by voting for or against the resolution set out below. While our Board intends to carefully consider the stockholder vote resulting from this proposal, the final vote is advisory in nature and will not be binding on the Company.

The Board and the Company’s Human Resources and Compensation Committee value the opinions of our stockholders, and to the extent there is any significant vote against the named executive officer compensation as disclosed in this Proxy Statement, the Company, the Board and the Human Resources and Compensation Committee will consider the results of the vote in future compensation deliberations.

In addition to the advisory vote on executive compensation, the Dodd-Frank Act requires that stockholders have the opportunity to vote on how often they believe the advisory vote on executive compensation should be held in the future. The Dodd-Frank Act requires that stockholders have such opportunity to vote on the frequency of say-on-pay votes every six years after the initial vote. The Company held the initial frequency vote at the 2011 Annual Meeting of Stockholders, where the stockholders voted for holding a say-on-pay vote every year. The Company held the most recent frequency vote at the 2017 Annual Meeting of Stockholders, where the stockholders voted for holding a say-on-pay vote every year. The next frequency vote will occur at the 2023 Annual Meeting of Stockholders, and the next say-on-pay vote will occur at the 2020 Annual Meeting of Stockholders.

At the 2018 Annual Meeting of Stockholders, all of the shares of Preferred Stock and more than 98% of the shares of Common Stock voting on the matter voted in favor of our say-on-pay proposal, reflecting broad stockholder support for the Company’s compensation of its named executive officers.

Voting Standard. For the advisory vote seeking approval of a resolution to approve named executive officer compensation, the affirmative vote of the holders of a majority of the shares of Preferred Stock and of the holders of a majority of the shares of Common Stock, voting as separate classes, present in person or by proxy and entitled to vote at the meeting, is required. Abstentions with respect to the advisory vote on the approval of a resolution to approve named executive officer compensation will have the same effect as a vote against the proposal. Broker non-votes will be treated as shares present for quorum purposes but not entitled to vote, so they will not affect the outcome of the vote on this proposal.

THE BOARD OF DIRECTORS RECOMMENDS AN ADVISORY VOTE “FOR” THE FOLLOWING RESOLUTION: “RESOLVED, THAT THE STOCKHOLDERS OF MGP INGREDIENTS, INC. APPROVE, ON AN ADVISORY BASIS, COMPENSATION PAID TO THE COMPANY’S NAMED EXECUTIVE OFFICERS, AS DISCLOSED PURSUANT TO ITEM 402 OF REGULATION S-K, INCLUDING THE COMPENSATION OVERVIEW, COMPENSATION TABLES AND NARRATIVE DISCUSSION.”

CORPORATE GOVERNANCE AND COMMITTEE REPORTS

The Board; Standing Committees; Meetings; Independence

The Board of Directors believes that a majority of the directors should be independent and has determined that the following directors are independent: James L. Bareuther, David J. Colo, Terrence P. Dunn, Anthony P. Foglio, George W. Page, Jr., Lynn H. Jenkins, Karen L. Seaberg and M. Jeannine Strandjord. In determining the independence of directors, the Board found that none of the independent directors has any material relationship with the Company other than as a director. In making these determinations, the Board considers all facts and circumstances as well as the standards defined in Rule 4200(a)(15) of the NASDAQ Stock Market.

The Board's standing Committees include the Audit Committee, the Nominating and Governance Committee and the Human Resources and Compensation Committee. The composition of these Committees is described under "Board of Directors."

All of the members of the Nominating and Governance Committee are determined independent under the NASDAQ listing rules.

The members of the Audit Committee are independent under the NASDAQ listing rules and meet the applicable independence requirements of Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended. The members of the Human Resources and Compensation Committee are also determined independent under the NASDAQ listing rules and applicable rules of the Securities and Exchange Commission. Each director on the Committees is a “non-employee” director as defined in Rule 16b-3(b)(3) promulgated under the Securities Exchange Act of 1934 and an “outside” director as defined under Section 162(m) of the Internal Revenue Code.

The Board meets immediately after each Annual Meeting of the stockholders and may hold other regular and special meetings. The meetings are led by the Chairperson of the Board. During 2018, the Board met seven times, the Audit Committee met eight times, the Human Resources and Compensation Committee met four times and the Nominating and Governance Committee met four times. Each non-employee director attended more than 75% of the meetings of the Board and the Committees of which the director was a member.

Audit Committee

The Audit Committee assists the Board of Directors in fulfilling the Board's oversight responsibilities with respect to the quality and integrity of the financial statements, financial reporting process, and systems of internal controls. The Audit Committee also assists the Board in monitoring the independence and performance of the independent registered public accountant and the internal audit department. It also reviews and makes recommendations with regard to the process involved in the Company's implementation of its conflict of interest and business conduct policy, is responsible for establishing and monitoring compliance under the code of conduct applicable to the chief executive and financial officers and oversees the Board's risk management process. In connection with this work, the Committee engages in regular discussions of the Company's risks with senior management, internal auditors, and external auditors, and annually reviews: (a) the adequacy of the Audit Committee's written charter that has been adopted by the Board of Directors; (b) the independence and financial literacy of each member of the Audit Committee; (c) the plan for and scope of the annual audit; (d) the services and fees of the independent auditor; (e) certain matters relating to the independence of the independent auditor; (f) certain matters required to be discussed with the independent auditor relative to the quality of the Company's accounting principles; (g) the audited financial statements and results of the annual audit; (h) recommendations of the independent auditor with respect to internal controls and other financial matters; (i) significant changes in accounting principles that are brought to the attention of the Committee; and (j) various other matters that are brought to the attention of the Committee.

The Board has determined that M. Jeannine Strandjord, James L. Bareuther, David J. Colo, Terrence P. Dunn, Anthony P. Foglio, George W. Page, Jr. and Lynn H. Jenkins are independent, as independence for audit committees is defined in the applicable listing standards of the NASDAQ Stock Market. The Board of Directors has determined that each of M. Jeannine Strandjord, David J. Colo, Terrence P. Dunn and Anthony P. Foglio is an "audit committee financial expert," as defined in Item 407(d)(5) of SEC Regulation S-K. Under SEC regulations, a person who is determined to be an audit committee financial expert will not be deemed an "expert" for any purpose, including without limitation for purposes of Section 11 of the Securities Act of 1933. Further, the designation or identification of a person as an audit committee financial expert does not impose any duties, obligations, or liability on such person that are greater than the duties, obligations, or liability imposed on such person as a member of the audit committee and board of directors in the absence of such designation or identification and does not affect the duties, obligations, or liability of any other member of the audit committee or board of directors.

Audit Committee Report

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors and oversees the entire audit function including the selection of an independent registered public accounting firm. Management has the primary responsibility for the consolidated financial statements and the financial reporting process including internal control over financial reporting and the Company's legal and regulatory compliance. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the audited financial statements for the year ended December 31, 2018. The Audit Committee also discussed with the Chief Executive Officer and Chief Financial Officer their respective certifications with respect to the Company's Annual Report on Form 10-K for the year ended December 31, 2018.

The Audit Committee has reviewed and discussed the matters as are required to be discussed with the independent registered public accounting firm in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB) including those matters required to be discussed by Auditing Standard No. 1301, Communications with Audit Committees; has received the written disclosures and letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee; and has discussed with the independent auditor the auditor's independence. Based on such review and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements for 2018 be included in the Company's Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

The Audit Committee Report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

Nominating and Governance Committee

The purposes of the Nominating and Governance Committee are to recommend to the Board the qualifications for new director nominees, candidates for nomination and policies concerning compensation and length of service. In identifying nominees for the Board of Directors, the Nominating and Governance Committee relies on personal contacts of the committee members and other members of the Board of Directors and management. The Nominating and Governance Committee will also consider candidates recommended by stockholders in accordance with its policies and procedures. However, the Nominating and Governance Committee may choose not to consider an unsolicited candidate recommendation if no vacancy exists on the Board. The Nominating and Governance Committee may, in its discretion, use an independent search firm to identify nominees. Ms. Jenkin's nomination was first recommended to the Nominating and Governance Committee by the Company's Chief Executive Officer. The Nominating and Governance Committee believes that each candidate for the Board should be a person known for his or her integrity and honesty. Although the Committee does not have a formal policy with regard to diversity in identifying candidates, it looks for education, experience, knowledge or skills that complement those of existing members and that may be helpful to the Board in exercising its oversight responsibilities. A sufficient number of Board members must meet the tests for independence set forth in the applicable listing standards of the NASDAQ

Stock Market and Section 10A of the Securities Exchange Act of 1934, as amended, to permit the Company to satisfy applicable NASDAQ and legal requirements. The Committee also believes it is desirable for at least one Board member to be an “audit committee financial expert,” as defined in Rule 407(d)(5) of Regulation S-K. In considering candidates, the Committee may take into account other factors as it deems relevant.

In evaluating potential nominees, the Nominating and Governance Committee determines whether the nominee is eligible and qualified for service on the Board of Directors by evaluating the candidate under the selection criteria set forth above. The Nominating and Governance Committee will conduct a check of the individual’s background and generally will conduct personal interviews before recommending any candidate to the Board. The Nominating and Governance Committee in its sole discretion may require candidates (including a stockholder’s recommended candidate) to complete a form of questionnaire providing information required to be disclosed in the Company’s proxy statement.

11

CORE/3001926.0002/131169639.14

Stockholders who wish to recommend candidates for consideration by the Nominating and Governance Committee in connection with next year's Annual Meeting should submit the candidate's name and the information set forth below in writing to the chairperson of the Nominating and Governance Committee, in care of the Company's Secretary, at Cray Business Plaza, 100 Commercial Street, P.O. Box 130, Atchison, Kansas, 66002, on or after January 23, 2019 and on or before February 22, 2019. In addition to the name of the candidate, a stockholder should submit:

his or her own name and address as they appear on the Company's records;

if not the record owner, a written statement from the record owner of the shares that verifies the recommending stockholder's beneficial ownership and period of ownership and that provides the record holder's name and address as they appear on the Company's records;

a statement disclosing whether such recommending stockholder is acting with or on behalf of any other person, entity or group and, if so, the identity of such person, entity or group;

the written consent of the person being recommended to being named in the proxy statement as a nominee if nominated and to serving as a director if elected; and

pertinent information concerning the candidate's background and experience, including information regarding such person required to be disclosed in solicitations of proxies for election of directors under Regulation 14A of the Securities Exchange Act of 1934, as amended.

Human Resources and Compensation Committee

The Human Resources and Compensation Committee recommends to the Board of Directors the salary and incentive compensation of the Chief Executive Officer and other executive officers of the Company. The Committee reviews the scope and type of compensation plans for other management personnel and makes recommendations to the Board with respect to equity-based plans that are subject to Board approval. The Committee administers the Company's stock option and restricted stock plans, and also serves as an executive search committee. Each Committee member qualifies as a non-employee director under SEC Rule 16b-3 and as an outside director for purposes of Internal Revenue Code Section 162(m). The Committee has a charter, which may be found on the Company's website at www.mgpingredients.com.

The Committee typically meets four or five times a year and generally considers and recommends various components of the Company's compensation programs at regularly scheduled times throughout the year. Such programs typically originate as recommendations of management. It has typically conducted performance and salary reviews of the Chief Executive Officer and receives the Chief Executive Officer's performance reviews and salary recommendations for other officers at its December meeting. It generally considers long-term incentive awards and performance goals for annual cash incentives in February.

When considering compensation matters, the Committee relies upon the experience of its members, the recommendations of management and outside consultants retained by the Committee.

See "Compensation Discussion and Analysis - Compensation Overview – How We Determine Compensation" for further information on the processes we follow in setting compensation.

Board Leadership Structure

Our Board does not have a policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board. The Board believes it is in the best interest of the Company to make that determination in a manner it believes best provides appropriate leadership for the Company at the time, based on the circumstances and direction of the Company and the membership of the Board. Our current structure does not combine the positions of Chief Executive Officer and Chairman of the Board of Directors, the latter also acting in the capacity of lead director. Augustus C. Griffin is currently our Chief Executive Officer and is responsible for day-to-day leadership of the Company. Karen L. Seaberg serves as the Chairman of the Board. The Board of Directors believes this is the most appropriate structure for the Company at this time, as it permits the President and Chief Executive Officer to focus his attention on managing our day-to-day business and enhances the ability of the Board of Directors to provide strong oversight of the Company's management and affairs.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Overview

This discussion provides an overview and analysis of our compensation programs and policies, the compensation decisions we made under those programs and policies, and the factors we considered in making those decisions. We also provide a series of tables that present information about the compensation earned or paid in each of 2016, 2017, and 2018 to our named executive officers, including:

- Augustus C. Griffin – Mr. Griffin, our President and Chief Executive Officer, joined the Company in July 2014.
- Thomas K. Pigott – Mr. Pigott served as Vice President of Finance and Chief Financial Officer from September 2015 through March 2019.
- David E. Rindom – Mr. Rindom served as Vice President, Human Resources from June 2000 until December 2015, when he was appointed Vice President and Chief Administrative Officer.
- David E. Dykstra – Mr. Dykstra has served as Vice President, Alcohol and Marketing since 2009.
- Stephen J. Glaser – Mr. Glaser has served as Vice President of Production and Engineering since October 2015.

The discussion below is intended to help you understand the information provided in the tables and put that information into context within our overall compensation program.

Objectives of our Compensation Program

Our compensation program objectives are to align compensation programs with our business objectives and stockholders' interests, to reward performance, to be externally competitive and internally equitable and to retain talent on a long-term basis. In particular, our philosophy is to balance salary and benefits with incentive and equity compensation so that the interests of the executive officers will be aligned with those of stockholders.

Components of Our Compensation Program

The principal components of our compensation program are base salary, annual cash incentive awards, long-term equity incentives and equity- and non-equity-based retirement compensation.

Base salary is designed to attract and retain executives over time. In setting base salaries, our objectives are to assure internal fairness of pay in terms of job size, external competitiveness so that we can attract and retain needed talent, and a consistent, motivating system for administering compensation. Base salaries of named executive officers are reflected in the Salary column of the Summary Compensation Table.

Short term incentive awards are intended to focus executives on factors deemed critical to our profitability. By rewarding named executive officers for good performance, we believe we help align their interests with those of our stockholders. Such awards, when paid to named executive officers, are reflected in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table.

Long-Term Incentives, which have in recent years been in the form of restricted stock units, are intended to motivate the achievement of key long-term financial performance goals and thereby generate stockholder value, provide management an opportunity to increase ownership of our stock, help attract and retain key employees, and be cost efficient. The Human Resources and Compensation Committee's typical practice is to grant awards made with respect to a year as soon as practicable following the close of the year based on the performance during that year. In accordance with the rules of the Securities and Exchange Commission relating to the reporting of stock awards, such awards are included in the Summary Compensation Table for the year in which they were made, rather than in the year to which they relate. The grant date fair values of awards, computed in accordance with FASB ASC Topic 718, made during 2018, 2017 and 2016 to named executive officers are shown in the Stock Awards column of the Summary Compensation Table. Awards made with respect to 2018 performance were made in early 2019, and are, therefore, not included in the Summary Compensation Table. Awards made with respect to 2017 were made in early 2018 and are included in the Summary Compensation Table. Any dividends paid on restricted stock units during a period are included in the All Other Compensation column of the Summary Compensation Table for the period in which they are paid.

14

CORE/3001926.0002/131169639.14

Non-Equity-Based Retirement Compensation, provided through our 401(k) plan and our non-qualified deferred compensation plan, permits employees to, among other things, reduce their current income taxes by making limited pre-tax contributions to increase, enhance and diversify their retirement savings. Named executive officers participate in the 401(k) plan on the same basis as other eligible employees. Amounts, if any, contributed by the Company under the 401(k) plan are included in the All Other Compensation column of the Summary Compensation Table. In 2018 the Company adopted a non-qualified deferred compensation plan for its executive officers. The deferred compensation plan permits participants to defer salary or short term incentive payments. Amounts deferred are deemed invested in investments selected by the participant from a limited number of choices available in the Company's 401(k) plan. Mr. Griffin, Mr. Pigott and Mr. Rindom participated in the deferred compensation plan in 2018, and each deferred a portion of their short-term incentive paid in 2019.

Consideration of Say-On-Pay Results

At the 2018 Annual Meeting of Stockholders, all of the shares of Preferred Stock and more than 98% of the shares of Common Stock voting on the matter voted for the approval of compensation of the Company's named executive officers. We believe this indicates stockholder confidence in our pay for performance philosophy.

How We Determine Compensation

As noted elsewhere in this Proxy Statement, our Human Resources and Compensation Committee recommends to the Board of Directors the salary and incentive compensation of the Chief Executive Officer and other executive officers of the Company. The Committee reviews the scope and type of compensation plans for other management personnel and makes recommendations to the Board with respect to equity-based plans that are subject to Board approval. The Chief Executive Officer provides the Committee with performance reviews and salary recommendations for other officers.

The Committee has unrestricted access to management. It may also request the participation of management or the Committee's independent consultant at any meeting or executive session. Committee meetings are regularly attended by the Chief Executive Officer, except for executive sessions and discussions of his own compensation and the Committee's independent consultant. The Committee regularly reports to the Board on compensation matters and annually reviews the Chief Executive Officer's compensation with the Board in an executive session of non-management directors only.

The Committee has sole discretion, at Company expense, to retain and terminate independent advisors, including sole authority to approve the fees and retention terms for such advisors, if it shall determine the services of such advisors to be necessary or appropriate.

Base Salary. Our Vice President – Chief Administrative Officer develops a summary of the titles and job descriptions of senior officers and other employees and submits them to a retained compensation consultant, which maintains survey data for similar-sized manufacturing firms. A retained compensation consultant prepares a report identifying the ranges of compensation at these companies for persons with similar responsibilities to those employees described in the company-prepared summary. In addition, annually we obtain from a retained compensation consultant updated information regarding average pay increases at the companies for which a retained compensation consultant maintains survey data. This survey information, or summaries thereof, is provided to the Human Resources and Compensation Committee. The Committee reviews this information, considers any recommendation made by the Chief Executive Officer with respect to other named executive officers and tries to assure that each officer's base compensation falls within a range that is within 80% to 120% of a specified percentile of salaries paid to executives holding comparable positions at the surveyed companies. Although the ultimate goal is to compensate executive officers at the midpoint of this targeted range for comparable positions at companies within the survey, a particular individual's salary may fall above or below the targeted level because of his or her tenure, experience level, or performance. The Human Resources and Compensation Committee has approved the 50th percentile of the market as the target for base salaries. When made, annual adjustments usually take place after the start of the next year, but are retroactive to the start of such year. When making annual adjustments, the Human Resources and Compensation Committee generally uses a matrix format that takes into account each executive's performance review and the extent to which his or her salary is

above or below the midpoint for comparable positions. Adjustments sometimes occur at other times of the year as a result of a promotion or other change in duties.

Annual Cash Incentive. We believe a significant portion of the compensation of senior managers should be incentive based, and that by rewarding good performance, such arrangements help align the interests of our named executive officers with those of our stockholders. The goal of our annual program is to align more closely how we compensate employees with our business strategy. Specifically, we want to encourage employees to think about how they can contribute to driving Company profitability, reduce costs for goods and equipment, and create efficiencies to improve our ongoing operations. We reward them for success by basing annual cash bonuses on the attainment of performance metrics that correspond with the creation of shareholder value.

Short-Term Incentive Plan

The Company's Short-Term Incentive Plan (the "STI Plan") is designed to motivate and retain Company officers and employees and to tie their short-term incentive compensation to achievement of certain profitability goals of the Company.

15

CORE/3001926.0002/131169639.14

Pursuant to the STI Plan, short-term incentive compensation is dependent on the achievement of certain performance metrics by the Company established by the Board of Directors and certain individual qualitative objectives. Each performance metric is calculated in accordance with the rules approved by the Human Resources and Compensation Committee. For 2018, such performance metrics were operating income, EBITDA, and earnings per share (EPS), each calculated as presented in the table below. Operating income was the core measure of performance under the STI Plan, reflecting the belief that this measure of performance is the most sensitive to management's performance. EBITDA is a common metric used by shareholders to measure performance and EPS reflects the Company's full financial performance. These quantitative goals represent 90% of the total short-term incentive. In addition, 10% of the total incentive was based on qualitative goals. Payments at any of these levels of performance were conditioned upon there being no uncured default in compliance with the Company's debt covenants under its Credit Agreement and on minimum put-away of 25,000 barrels of premium whiskey, reflecting investment for the future. Levels in the table below for operating income and EBITDA are shown in thousands.

	Weighting	Minimum Plan Payout	Plan Payout	Maximum Payout
		90%	100%	200%
Operating Income	70%	\$ 42,909	\$47,200	\$ 56,640
EBITDA	20	54,218	58,500	67,940
Earnings per share	10	1.79	2.02	2.43

The Human Resources and Compensation Committee determines the officers and employees eligible to participate under the STI Program for the plan year as well as the target annual incentive compensation for each participant for each plan year.

For 2018, the Human Resources and Compensation Committee determined that for purposes of the STI Plan the Company achieved Operating Income of \$50,148,000 and EBITDA of \$61,509,000; these amounts were 106% of target and 105% of target, respectively. The Human Resources and Compensation Committee also determined that the Company achieved earnings per share of \$2.17; this amount was 107% of target. As a result of this performance, Mr. Griffin received a payment of \$778,055, Mr. Pigott received a payment of \$357,313, Mr. Rindom received a payment of \$309,391, Mr. Dykstra received a payment of \$192,759, and Mr. Glaser received a payment of \$179,691.

Long-Term Incentives

The 2014 Equity Incentive Plan. On May 22, 2014, stockholders approved the 2014 Equity Incentive Plan. The Board reserved 1,500,000 shares of Common Stock for issuance under the plan. The 2014 Equity Incentive Plan authorizes awards in the form of incentive stock options, nonqualified stock options, stock appreciation rights, restricted stock, restricted stock units, other stock-based awards and cash performance awards. The mix of long-term incentives going forward is expected to continue to be 100% in three-year cliff-vesting restricted stock unit awards. Each named executive officer's participation level is subject to Human Resources and Compensation Committee discretion. The long-term incentive awards made in any given year under the 2014 Equity Incentive Plan relate to performance for the prior year.

In early 2019, each of the named executive officers received an award of restricted stock units under the 2014 Equity Incentive Plan, related to their performance in 2018.

Retirement Compensation. We provide non-equity-based compensation through our 401(k) plan, a tax-qualified defined contribution plan. The amount of our contributions to the 401(k) plan is determined by the Board each year based on the Human Resources and Compensation Committee's recommendation. The Committee bases its recommendation primarily upon the recommendations of management as well as Company performance for the year. Our 401(k) plan allows a Company match of 1% for each 1% of employee deferral to a maximum of 6%. Named executive officers participate in the 401(k) plan on the same basis as other employees. Amounts contributed under the 401(k) plan have been allocated to participant accounts in proportion to each participant's eligible compensation, as defined in the plan. In 2018 the Company adopted a non-qualified deferred compensation plan for its executive officers. The deferred compensation plan permits participants to defer salary or short term incentive payments. Amounts deferred are deemed invested in investments selected by the participant from a limited number of choices available in the Company's 401(k) plan. Mr. Griffin, Mr. Pigott and Mr. Rindom participated in the deferred compensation plan in 2018, and each deferred a portion of their short-term incentive paid in 2019.

Other Compensation Programs. We do not provide executive perquisites of any significance. We also do not have significant executive benefits, such as supplemental executive retirement plans or deferred compensation arrangements. Mr. Griffin receives an automobile allowance of \$500 per month pursuant to the terms of his employment agreement.

Except for provisions in long-term incentive plans applicable to all participants and provisions in employment agreements or offer letters with identified officers, as described below, we generally do not have formal arrangements for paying severance to our executive officers upon their termination of employment or a change in control, but may negotiate severance arrangements on a case-by-case basis.

Employment Agreements and Other Arrangements

Griffin Employment Agreement

In connection with the retention of Mr. Griffin as the Company's President and Chief Executive Officer, the Human Resources and Compensation Committee negotiated and recommended to the Board of Directors for approval the Company's entrance into an employment agreement with Mr. Griffin. In 2017, the Committee negotiated and approved the Company's entrance into a new employment agreement with Mr. Griffin to replace the original agreement. Pursuant to the new employment agreement, Mr. Griffin was entitled to a base salary of \$565,000 for 2017, and his base salary will be reviewed by the Human Resources and Compensation Committee annually thereafter during the term. Unless Mr. Griffin is terminated for cause by the Company or terminates his employment for good reason (each as defined in the employment agreement), the Company will purchase his Atchison, Kansas residence from him following the expiration of the term for his original purchase price of \$325,000. Except in the event of a voluntary termination by Mr. Griffin without good reason or by the Company with cause, upon a termination other than at the expiration of the term or upon a termination at death or for disability, Mr. Griffin will receive severance of two times his base salary. Except in the event of a voluntary termination by Mr. Griffin without good reason or by the Company for cause, a pro-rata long-term incentive award for the year in which termination occurs or the full-year award for any completed year unpaid as of the date of termination, and an amount equal to \$2,000 times the number of full calendar months from the date of termination until the date in which Mr. Griffin and his spouse are Medicare eligible. In addition, except in the limited circumstances described above, upon termination all outstanding RSUs that are then unvested will vest.

Pigott Offer Letter

In connection with the retention of Mr. Pigott as the Company's Vice President of Finance and Chief Financial Officer, the Company and Mr. Pigott entered into an offer letter. The offer letter provided Mr. Pigott an initial base salary of \$285,000 per year. Under the terms of the offer letter, Mr. Pigott received a one-time signing bonus of 6,000 restricted stock units under the Company's 2014 Equity Incentive Plan which vested on September 14, 2018. The offer letter further provided that Mr. Pigott was eligible to participate in the Company's long-term equity incentive program, with an award for each year following 2015 as determined by the Human Resources and Compensation Committee.

Additionally, the offer letter provided that the Company will provide one year's base salary as severance in the event of a termination of Mr. Pigott without cause. Mr. Pigott's resignation from the Company in March 2019 did not result in any severance payment from the Company.

Stock Ownership Guidelines

Our Board has adopted stock ownership guidelines to better align the interests of our executive officers and directors with the interests of stockholders and further promote our commitment to sound corporate governance. On May 20, 2015, our Board updated the stock ownership guidelines applicable to directors.

17

CORE/3001926.0002/131169639.14

Under the guidelines, our executive officers are required to achieve ownership of our Common Stock valued at two times their annual base salary (five times in the case of the Chief Executive Officer and two and a half times in the case of the Chief Financial Officer). The individual guideline level for each executive officer is initially calculated using the executive officer's base salary as of the date the person is first appointed as an executive officer. This guideline level is then recalculated at each January 1st. Unless an executive officer has satisfied his or her applicable guideline level, the executive officer is required to retain an amount equal to 50% of the net shares received as the result of the exercise, vesting or payment of any equity awards granted to the executive officer. Executive officers are expected to be in compliance with their guideline level within five (5) years of the later of (a) becoming an executive officer and (b) implementation of this policy. With the exception of Mr. Glaser, who was appointed to his current position in 2015, each of the named executive officers has satisfied the ownership requirements, and Mr. Glaser is progressing toward attaining the applicable ownership guideline.

Under the guidelines, the chairman of the Board is expected to beneficially own Common Stock valued at five times the annual cash retainer as a director and each other non-employee director is expected to beneficially own Common Stock valued at three times the annual cash retainer payable to such director. The guideline level is calculated using the annual cash retainer due the director when first elected to the Board. This guideline level is then recalculated at each January 1st. Non-employee directors are required to satisfy their guideline level within three (3) years of joining the Board, and are expected to continuously own sufficient shares to satisfy the guideline once attained for so long as they remain a member of the Company's Board.

Shares that count toward satisfaction of the stock ownership guidelines for executive officers and directors include the following: (i) shares owned outright by the executive officer or director, or his or her immediate family members residing in the same household; (ii) shares held in trust for the benefit of the executive officer or director, or his or her immediate family members; (iii) vested shares of restricted stock; and (iv) vested shares of restricted stock units. The following do not count towards satisfaction of the stock ownership guidelines: (i) unvested shares of restricted stock or restricted stock units; (ii) shares pledged as collateral for a loan; (iii) unexercised stock options (whether vested or unvested); and (iv) incentive performance awards that may be settled in cash (whether vested or unvested).

The stock ownership guidelines are administered, interpreted, and construed by the Human Resources and Compensation Committee. In administering the stock ownership guidelines, the Human Resources and Compensation Committee will annually review the extent to which each executive officer and director of the Company has complied with the stock ownership policy.

The ownership levels of our named executive officers and non-employee directors as of March 25, 2018 are set forth in the table entitled "Principal Stockowners" below. We also have an insider trading policy that, among other things, prohibits executive officers from entering into any hedging or monetization transactions or otherwise trading in any instrument relating to the future price of our securities, such as a put or call option, futures contract, short sale, collar or other derivative security. Other than the stock ownership guidelines described above, we do not have a policy regarding the length of time executives or directors have to hold their stock after exercise or vesting.

Tax and Accounting Considerations and Other Matters

Tax Considerations. Under IRC Section 162(m), publicly-held companies may not deduct compensation paid to named executive officers to the extent that an executive's compensation exceeds \$1,000,000 in any one year, unless such compensation is "performance based." This historic exception to the \$1,000,000 limitation for performance-based compensation meeting certain requirements was eliminated in recent changes to the tax code, subject to certain grandfathering for arrangements in place prior to November 2, 2017. Although deductibility of compensation is preferred, tax deductibility is not a primary objective of our compensation programs. We believe it is important to retain flexibility to compensate executives competitively even if such compensation is potentially not deductible for tax purposes. The Board and the Human Resources and Compensation Committee may determine, after balancing tax efficiency with long-term strategic objectives, that it is in the best interests of our stockholders to approve compensation that is not deductible under Section 162(m).

Accounting Considerations. We do not expect accounting treatment of differing forms of equity awards to vary significantly and, therefore, accounting treatment is not expected to have a material effect on the selection of forms of

compensation. Total expected compensation expense for each grant program is amortized over the vesting period of the awards. Compensation expense related to the restricted stock unit awards in 2018 and 2019 was based on market price of stock on the award dates.

Other Matters. Our code of conduct discourages short sales and trading in our stock on a short-term basis.

Under our clawback policy, a participant under any of our annual incentive or other performance-based compensation plans is required to repay or forfeit, to the fullest extent permitted by law and as directed by the Board, any annual incentive or other performance-based compensation received by him or her if:

- the payment, grant or vesting of such compensation was based on the achievement of financial results that were subsequently determined to be erroneous,

- the amount of the compensation that would have been received by the participant had the financial results been properly reported would have been lower than the amount actually received, and

18

CORE/3001926.0002/131169639.14

the Board determines in its sole discretion that it is in the best interests of the Company and its stockholders for the participant to repay or forfeit all or any portion of the compensation. In this regard, compensation includes proceeds, gains or other economic benefit actually or constructively received by the participant upon receipt or exercise of an award or upon receipt of resale of any shares of stock underlying an award.

All determinations and decisions made by the Board pursuant to the provisions of this policy are final, conclusive and binding on all persons.

Our policy applies to any annual incentive or other performance-based award granted to an officer with respect to fiscal periods beginning on or after July 1, 2009 and to other participants with respect to any annual incentive or other performance-based award granted with respect to fiscal periods beginning on or after July 1, 2011. The remedy specified in this policy is not intended to be exclusive, but in addition to every other right or remedy at law or in equity that may be available to us.

Our policy will be amended if and as required to comply with the Dodd-Frank Wall Street Reform and Consumer Protection Act, as it is implemented. Any such amendment will be applicable to any annual incentive or other performance-based award made to any executive officer with respect to prior periods to the extent required by law.

2019 Compensation Matters

In 2015 the Company announced a new five-year strategic plan. The Company updates the plan annually. Under the plan:

• We intend to maximize the value of our current production volume;

• We will work to develop partnerships to support brand creation and long-term growth, and to combine our innovation capabilities and industry expertise to provide unique solutions and offerings to the marketplace;

We will invest to support our growth, including (i) capital expenditures to support innovation and increase our operational reliability and strengthen our ability to support all aspects of growth in the American whiskey category, (ii) increases in our inventories of aged premium whiskeys, and (iii) selected investments in our resources and capabilities, particularly in sales and marketing ;

• We continue to build a solid commitment to operational excellence in all stages of operations, from sourcing through processing, and, ultimately, delivering the finest quality products; and

• We will build the MGP brand with all of our stakeholders.

For 2019, as in 2018, 10% of the award will be based on subjective evaluation of the executive officer's qualitative performance, and 90% will be based on the attainment of goals established pursuant to certain quantitative metrics.

The quantitative metrics used for evaluating 2018 executive officer performance will be:

• Operating income;

• EBITDA; and

• Earnings per share.

These goals reflect the strategies adopted with our new plan. Payments at any of these levels of performance are conditioned upon (i) there being no uncured default in compliance with the Company's debt covenants under its Credit Agreement and (ii) the production and warehousing of at least 25,000 barrels of premium whiskey in new white oak barrels for MGP inventory. If Credit Agreement waivers are issued during a plan year to allow for debt covenant compliances, the HRCC will review the waivers for compliance with the quantitative metrics used for evaluating 2019 performance.

The Human Resources and Compensation Committee has determined that the short-term incentive opportunity for Mr. Griffin for 2019 is 100% of his base salary, while the short-term incentive opportunity for the other named executive officers ranges from 70% of each such officer's base salary for Mr. Rindom, to 50% of each such officer's base salary for Mr. Dykstra and Mr. Glaser.

The long-term incentive opportunity for 2019 for Mr. Griffin is 125% of his base salary, while the long-term incentive opportunity for the other executive officers is 80% of such officer's base salary for Mr. Rindom, and 65% of such officer's base salary for Mr. Dykstra and Mr. Glaser. The equity incentive awards based on 2019 performance will be made in early 2020. The awards provide for a cliff vest at the end of a three-year service period.

(1) The amounts reported under the Threshold, Target and Maximum columns in this table are the possible incentive compensation awards calculated in accordance with the provisions set forth in the LTI Plan. The Threshold column reports the awards that would have been paid if 90% of the performance targets were met. If less than 90% of a performance target is met, no incentive award is paid with respect to that target. The Target column reports the awards that would have been paid if 100% of the performance targets were met and the Maximum column reports the amount that would have been paid if 150% of the performance targets were met and represents the maximum

awards available under the plan regardless of the amount by which the performance targets are exceeded. The performance targets performance goals relate to both quantitative and qualitative criteria. For 2018, each executive received an award amount that fell between the target and maximum award payable under the LTI Plan as described in “Compensation Discussion and Analysis - Long-Term Incentives”.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

General

As noted above, our long-term incentive plans contain change-in-control provisions. The employment agreements with some of our named executive officers discussed above in "Compensation Discussion and Analysis - Employment Agreements and Other Arrangements" contain change-in-control provisions as well.

Employment Agreements

As discussed above, the Company entered into an employment agreement with Mr. Griffin in October 2017. Except in the event of a voluntary termination by Mr. Griffin without good reason or by the Company with cause (each as defined in the Employment Agreement), upon a termination other than at the expiration of the term, Mr. Griffin will receive severance of two times his base salary, which base salary was \$595,000 as of December 31, 2018. Except in the event of a voluntary termination by Mr. Griffin without good reason or by the Company for cause, a pro-rata long-term incentive award for the year in which termination occurs or the full-year award for any completed year unpaid as of the date of termination, and an amount equal to \$2,000 times the number of full calendar months from the date of termination until the date in which Mr. Griffin and his spouse are Medicare-eligible. As of December 31, 2018, the lump sum payment of \$2,000 per month would have been \$168,000. In addition, except in the limited circumstances described above, upon termination all RSUs that are then unvested will vest. In the event of a termination due to death or disability, Mr. Griffin would receive a pro-rata bonus, an amount equal to Mr. Griffin's base compensation, and any full-year short-term and long-term awards for any completed year unpaid at the date of such termination event. Values for these events as of December 31, 2018 are shown in the table below, except for the pro-rata bonus amount, which as of that date was the full-year amount reflected in the Summary Compensation Table under Non-Equity Incentive Plan Compensation. Unless Mr. Griffin is terminated for cause or terminated his employment for good reason, the Company will purchase Mr. Griffin's Atchison, Kansas residence from him following the expiration of the term for his original purchase price of \$325,000.

Additionally, as discussed above, the Company entered into an offer letter with Mr. Pigott upon his retention as the Company's Vice President of Finance and Chief Financial Officer. The offer letter provided that the Company would provide one year's base salary as severance in the event of a termination of Mr. Pigott without cause. Mr. Pigott

resigned from the Company in March 2019.

Restricted Stock and Restricted Stock Unit Awards
2004 Plan

For awards under our 2004 Plan, immediate vesting occurs under our restricted stock unit awards upon a change of control. Accelerated or pro-rata vesting is permitted for restricted stock units if employment is terminated as a result of death, disability, retirement or, in the discretion of the Human Resources and Compensation Committee, termination without cause. The following summarizes the arrangements provided for outstanding restricted stock unit awards in the event of termination or change in control, although the Committee has discretion under the 2004 Plan to modify these arrangements and has generally exercised such discretion in the event of involuntary termination. We provide for change-in-control payments in our long-term incentive plans so that employees will remain focused on our business in the event of potential or actual changes in control.

23

CORE/3001926.0002/131169639.14

Under our 2004 Plan, restricted stock unit awards vested in five years. In the event of a participant's death, disability, retirement or, in the sole discretion of the Human Resources and Compensation Committee, involuntary termination of employment without cause, in any such case after three years from the date of grant specified in the agreement evidencing the stock award, restricted stock units vest as to the number of restricted stock units issued to the participant multiplied by a fraction, the numerator of which equals the number of months (including fractional months as full months) that such participant was employed by us, commencing as of January 23, 2014 and ending on the date of termination of employment, and the denominator of which is sixty. The balance of restricted stock units issued to the participant is forfeited. Further, in accordance with the requirements of Section 409A of the Internal Revenue Code of 1986, as amended ("Section 409A"), the vested portion of a participant's restricted stock unit award will be distributed in shares of the Company's Common Stock on the earliest to occur of (i) the end of the five-year vesting period, (ii) the participant's death or "separation from service" (as defined in the Section 409A Treasury regulations) or (iii) certain change-in-control events described below. If a participant is a "specified employee" under the Section 409A Treasury regulations (generally an officer whose annual compensation exceeds \$160,000), a distribution of vested restricted stock unit award shares on account of the participant's separation from service will be delayed until the first business day immediately following the six-month anniversary of the date the participant separates from service. All restricted stock unit awards under the 2004 Plan become fully vested in the event of a change of control. A change in control is deemed to occur in the event of (i) certain acquisitions of 30% or more of our outstanding Common Stock and 50% of our outstanding Preferred Stock, or 30% of the combined voting power of our then outstanding voting securities entitled to vote generally in the election of directors, (ii) certain changes of more than a majority of the membership of the Board of Directors, or (iii) certain mergers which result in our stockholders owning less than 50% of the combined voting power of the surviving corporation. All restricted stock unit awards also become fully vested and the shares of Company Common Stock covered by the awards are immediately distributed to the participants upon a "change in the ownership" of the Company or the subsidiary for which a participant performs services, a "change in effective control" of the Company or a "change in the ownership of a substantial portion of the assets" of the Company (in each case as defined in the Section 409A Treasury regulations). Generally, (i) a change in ownership of the Company or a subsidiary occurs upon an acquisition that gives the acquirer ownership of more than 50% of the total fair market value or voting power of the Company or a subsidiary, respectively, (ii) a change in effective control of the Company occurs upon either (A) the acquisition of 30% or more of the total voting power of the Company during a twelve-month period or (B) the replacement of a majority of the members of the Company's Board of Directors during a twelve-month period where such replacement was not endorsed by a majority of the existing members and (iii) a change in the ownership of a substantial portion of assets of the Company occurs upon an acquisition during a twelve-month period of 50% or more of the total gross fair market value of all the assets of the Company.

2014 Plan

Restricted stock units granted under the 2014 Plan will generally vest over a period of not less than three (3) years from the date of grant of such Award, provided that such Award may vest earlier on a pro-rata basis over any vesting period. Upon the occurrence of a change in control (as defined in the 2014 Equity Incentive Plan) or upon the participant's death or disability any restricted stock units that have not previously vested will vest. Upon termination of employment or separation from service without cause, or upon the occurrence of such other event to the extent specified in the applicable Award Agreement, any restricted stock units that have not previously vested shall be forfeited. Upon retirement at or after age 65, generally the award will vest, with the payment under the award made on the settlement date originally contemplated by the award agreement. The Committee may, in its sole discretion, waive such vesting requirement, or provide for continued vesting consistent with the vesting period in an Award; provided that it shall not waive such requirement or continue such vesting to the extent such action would create adverse tax consequences for a Participant under Code Section 409A or result in any Awards that are intended to constitute performance-based compensation for purposes of Code Section 162(m) to cease to so constitute performance-based compensation. Generally, any Award under the 2014 Equity Incentive Plan to a participant who has experienced a termination of employment, separation from service, or termination of some other service relationship with the Company and its affiliates may be canceled, accelerated, paid or continued, as provided in the applicable Award

Agreement, or, as the Committee may otherwise determine to the extent not prohibited by the 2014 Equity Incentive Plan.

24

CORE/3001926.0002/131169639.14

Assuming retirement at or after age 65, termination without cause, the holder's death or disability, or that a change in control occurred as of December 31, 2018, the value of the restricted stock unit awards outstanding as of such date held by the named executive officers that would vest (a) in accordance with the terms of their grant awards for each event and (b) pursuant to the terms of his employment agreement for Mr. Griffin. Amounts shown are based on a price of \$57.05 per share, the closing market price on December 31, 2018.

Annual Incentive Plan

Except in the case of Mr. Griffin, if an employee's employment during a plan year terminates for any reason, he or she shall not be entitled to the payment of incentive compensation for the plan year. However, the Human Resources and Compensation Committee has full discretion to determine that payment of a prorated annual component may be made when termination results from job elimination, reduction in workforce or other similar Company initiative or is otherwise without cause, or is encouraged or induced by incentives offered by us. Upon a change in control, the annual incentive plan terminates. The Committee will determine payments on an annualized basis, based on our performance through the most recently completed quarter for which financial results are available. Incentive compensation will be paid on a pro-rata basis (measured through the end of such quarter) in accordance with the guidelines for payment of annual incentive compensation described in "Compensation Overview – Annual Cash Incentive." The Committee may elect to make a partial incentive compensation payment on the basis of estimated results before the end of the year. Payment is to be made in a lump sum as soon as feasible following the change in control, but in no event later than two and one-half months following the end of the plan year in which the change in control occurs.

CHIEF EXECUTIVE OFFICER PAY RATIO

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of Mr. Griffin, our Chief Executive Officer. The paragraphs that follow describe our methodology and the resulting CEO Pay ratio.

Last year, we identified the median employee using our employee population on November 1, 2017. Under the relevant rules, we were required to identify the median employee by use of a "consistently applied compensation measure," or CACM. We chose a CACM that closely approximates the annual total compensation of our employees. Specifically, we identified the median employee by looking at payroll data for compensation paid through the measurement date. We did not perform adjustments to the compensation paid to part-time employees to calculate what they would have been paid on a full-time basis.

After applying our CACM methodology, we identified the median employee for 2017. Under the SEC rules, we are only required to identify the median employee once every three years. However, if it is no longer appropriate for us to continue to use the median employee identified last year due to a change in the median employee's circumstances that

we reasonably believe would result in a significant change in our pay ratio disclosure, we are permitted to use another employee whose compensation is substantially similar to the original median employee based on the CACM used to select the original median employee. The original median employee's compensation for 2018 was significantly reduced due to a prolonged medical leave during 2018. As a result, the median employee for 2018 is another employee whose compensation is substantially similar to the original median employee based on the CACM used to select the original median employee.

Once the median employee was identified for 2018, we calculated the median employee's total annual compensation in accordance with the requirements of the Summary Compensation Table.

Our median employee compensation as calculated using Summary Compensation Table requirements was \$79,555. Our CEO's compensation as reported in the Summary Compensation Table was \$2,153,228. Therefore, our CEO to median employee pay ratio is 27:1.

This information is being provided for compliance purposes. Neither the Compensation Committee nor management of the Company used the pay ratio measure in making compensation decisions.

The pay ratio included in this information is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K. SEC rules for identifying the median compensated employee and calculating the pay ratio allow companies to adopt a variety of methodologies and apply various assumptions. As a result, the pay ratio reported by other companies may not be comparable with the pay ratio that we have reported. A multitude of factors that could cause ratios to be less meaningful for company-to-company comparisons include the following, among others:

- Differences in industry and business type;
- Variations in the way companies organize their workforces to accomplish similar tasks;
- Differences in the geographical distribution of employees;
- Degree of vertical integration;
- Reliance on contract and outsourced workers; and
- Ownership structure.
