**NON-RELIANCE ON PREVIOUSLY ISSUED FINANCIAL STATEMENTS OR A RELATED AUDIT REPORT OR COMPLETED INTERIM REVIEW**

On March 3, 2005, Dollar General Corporation (the Company) issued a press release announcing that it will correct certain aspects of its lease accounting practices, as more fully described in the release which is attached hereto as Exhibit 99 and incorporated by reference as if fully set forth herein.

On February 28, 2005, the Company determined that, because the cumulative adjustments resulting from these corrections would be material to the financial statements for the year ended January 28, 2005, it is required to restate its financial statements for fiscal years 2000 through 2003. The restatement is technically required even though the estimated adjustments for each individual year are not expected to be material to that year's previously reported results and have no impact on the Company's current or future cash flows. Accordingly, the Company determined that those financial statements should no longer be relied upon.

As stated in its February 22, 2005 release, these changes stem from a recent clarification issued by The Securities and Exchange Commission pertaining to certain lease accounting matters. This clarification affected many companies in the retail and restaurant industries.

The Company has discussed the matters set out above with both its Audit Committee of the Board of Directors and its independent auditors, Ernst & Young LLP.
