Unless a shareholder provides contrary instructions on a Proxy, all shares represented by the Proxy (if not revoked before such shares are voted) will be voted for the election of the nominees for directors named below, and by the persons granted the proxies in their discretion on any other business properly to come before the Meeting.

MacDermid has retained D.F. King & Co., Inc. of New York, New York ("King") to assist with the solicitation of Proxies and the mailing and distribution of proxy material. COMPENSATION COMMITTEE

REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee has furnished the following report on executive compensation in the fiscal year ended March 31, 2001.

EXECUTIVE COMPENSATION

The Compensation Committee is primarily responsible for MacDermid's overall executive compensation policy of compensating MacDermid's officers competitively with those of comparable companies, rewarding exceptional performance where appropriate and providing incentive for future performance through cash incentive payments and equity incentives. In fiscal year 2001, MacDermid's executive compensation generally had three basic components: annual base salary, short-term cash incentive bonus and equity incentives (long term compensation).

In establishing levels of annual salary, incentive bonus and equity incentives, the Committee generally considers, in order of emphasis, the following factors: (i) MacDermid's performance, or in certain cases group performance, relative to Committee expectations, (ii) the performance and achievements of MacDermid's executives, individually, and collectively, (iii) the responsibilities of each executive, (iv) the compensation practices of peer companies, and (v) the level of cash compensation and equity incentives required to attract and hold qualified executives.

MacDermid uses a comparative group of specialty chemical companies, (the "Comparator Group") to serve as a factor for determining the appropriate cash and equity incentive components of the program. The companies in the Comparator Group are selected based upon their similarity to MacDermid, relative complexity, and scope. Earnings trends, return on equity and other performance measures are compared. The size and composition of the Comparator Group may change from year to year. The Comparator Group differed from the group of companies included in the Media General Specialty Chemical stock index

Edgar Filing: MACDERMID INC - Form DEF 14A

used in the Comparative Stock Performance graph on page 9. The Media General Specialty Chemical stock index, which consists of approximately 70 companies, is too unwieldy to use for compensation purposes because of the large number of companies and their disparate compensation practices. The Comparator Group is not used in the performance graph principally because of the need to maintain consistency in the indices or peer groups used in the graph.

Before considering the compensation factors discussed above, the Committee targets annual base compensation at a level which, together with incentive bonuses, would provide cash compensation to individual executives at below median market compensation levels for poor corporate or unit performance, at median market compensation levels for good performance, and above median market compensation levels for excellent performance.

Executives, other than the Chief Executive Officer, were eligible to receive incentive bonuses pursuant to MacDermid's Short-Term Executive Incentive Compensation Plan, the purpose of which is to motivate executives to use their best efforts to enhance shareholder value through improvements in MacDermid's financial performance. The Committee used a formula in determining the amount of the executive incentive bonus. The formula utilizes the following three factors: (i) the increase in consolidated earnings per share averaged over the most recent two-year period (the "EPS Change"), (ii) the relationship of net earnings to net sales ("ROS") and (iii) the relationship of net earnings to average shareholders' equity ("ROE"). An incentive bonus was paid with respect to a particular factor only if the EPS Change, ROS or ROE equaled or exceeded 3%, 4% and 14%, respectively. The factors may be measured on corporate or group performance. The amount of incentive bonus that is actually paid to corporate executive officers is subject to downward adjustment by the Committee based upon individual performance.

During the fiscal year ended March 31, 2001, MacDermid's executives were eligible to receive equity incentives (Stock Options or Restricted Stock Awards) under the MacDermid Special Stock Purchase Plan (the "Special Stock Purchase Plan"), the MacDermid, Incorporated 1995 Equity Incentive Plan (the "Equity Incentive Plan") and stock options under the MacDermid Stock Option Plan dated July 6, 1998 (the "Stock Option Plan"), (the Special Stock Purchase Plan, Equity Incentive Plan and Stock Option Plan collectively referred to as the "Plans").

The Committee administers the Plans, and awards equity incentives to executives and other employees of MacDermid. The purpose of awarding equity incentives under the Plans is to enable MacDermid to attract, retain and motivate its employees to exert their best efforts to enhance shareholder value by giving them the ability to participate in the long-term growth of MacDermid. The Committee generally considers the same factors in establishing the amounts of equity awards for MacDermid's executive officers as those listed above. The amounts of the awards are based upon the relative position of each executive officer within MacDermid and individual performance independent of the terms and amount of awards previously granted.

During fiscal year 2001, the Compensation Committee did not authorize any grants of restricted stock.

Stock options awarded under the Stock Option Plan are in the form of options to purchase a specified number of shares of MacDermid common stock at an exercise price which is set at a premium over the market price on the date of grant. The actual premium is set by the Compensation Committee. The exercise price for options granted during fiscal year 2001 is a 33% premium above the average closing price on the five trading days preceding the date of grant. The period for exercising an option will begin four years after the date of grant and will end ten years after the date of grant. Vesting requirements, if any, are established by the Committee. Unless determined otherwise by the Compensation Committee, the exercise period will automatically terminate ninety

Edgar Filing: MACDERMID INC - Form DEF 14A

(90) days after the grantee ceases to be employed by the Company on a full time basis, for any reason. During fiscal year 2001, options were granted to Messrs. Largan and Bolingbroke to purchase 10,000 and 10,000 shares, respectively of MacDermid common stock under the terms of the Stock Option Plan. The exercise price for the foregoing grants was set at a premium of 33% above the average closing price on the five trading days preceding the date of grant.

Stock Options awarded under the Special Stock Purchase Plan are in the form of options to purchase a specified number of restricted shares of MacDermid Common Stock at an exercise price at least 66.6% of the market price of the Common Stock on the date of award. The options are generally exercisable only during the four-year period beginning on the date of award. However, at the 1996 Annual Meeting, the shareholders approved amendments to the Special Stock Purchase Plan which may extend the foregoing exercise period under certain conditions. The shares of Common Stock acquired upon any exercise are treated as restricted stock for a period of four years commencing on the date of exercise. Such shares may not be sold during such period (other than to MacDermid at the exercise price) and must be resold to MacDermid at the exercise price if the participant's employment with MacDermid is terminated during such period, except in the case of death, retirement, permanent disability or involuntary termination without cause. Such restrictions may, however, be waived by the Committee in its discretion from time to time. No options were granted under the special Stock Purchase Plan during fiscal years 1999, 2000 or 2001.

The Committee believes that the Plans allow executive officers to participate in the enhancement of shareholder value.

CHIEF EXECUTIVE OFFICER COMPENSATION

Compensation for Daniel H. Leever, MacDermid's Chairman and Chief Executive Officer, was determined in accordance with the terms of the MacDermid, Incorporated Executive Compensation Plan, the material terms of which were approved by the Company's shareholders at the 1998 Annual Meeting. Under the terms of the plan, no base salary is paid to Mr. Leever. The amount of performance based short-term annual compensation which was paid to Mr. Leever during fiscal year 2001 was based directly and solely upon the following factors: (i) earnings per share, and (ii) the two-year average of earnings per share growth. Compensation under the plan was equal to the sum of two components. The first component was determined by multiplying a base amount of \$5,415 by the number of cents per share the Company has earned for the fiscal year up to \$1.00. The second component was determined by multiplying the same base amount by the number of cents per share earned by the Company during the fiscal year above \$1.00, further multiplied by a factor of from 0 to 2.5, which factor is determined based upon the two year average of earnings per share growth. For fiscal year 2001, the two year average growth in earnings per share was zero and the resulting factor was zero. Mr. Leever's annual performance based compensation was determined and paid solely in accordance with the terms of the plan as noted above.

Mr. Leever was awarded a multi-year grant of MacDermid stock options in fiscal year 1999 under the Option Plan and therefore Mr. Leever was not awarded additional option grants during fiscal year 2001. Mr. Leever did not receive a grant of restricted stock in fiscal year 2001.

The Company is subject to Internal Revenue Code Section 162(m), which could limit the deductibility of certain compensation payments to its executive officers. The Company intends to comply with the requirements of Section 162(m); however, it also weighs the burdens of such compliance against the benefits to be obtained by the Company and pays compensation that is not fully

Edgar Filing: MACDERMID INC - Form DEF 14A

deductible if it determines that such payments are in the Company's best interests. During fiscal year 2001, all compensation paid to the Company's executive officers was fully deductible by the Company.
