References to a particular year are to the Company's fiscal year which is the 52 or 53 week period ending on the Saturday closest to January 31st of the following calendar year. For example,, a reference to "2001" is a reference to the fiscal year ended February 2, 2002, "2002" is a reference to the fiscal year ended February 1, 2003 and a reference to "2003" is a reference to the fiscal year ending January 31, 2004. The 2000 fiscal year consisted of 53 weeks while the 2001, 2002, and 2003 fiscal years consist of 52 weeks.

INFORMATION RELATING TO THE BOARD OF DIRECTORS AND COMMITTEES

Directors Meetings

Board Meetings. The Board held six meetings during 2002. During 2002, no current director attended fewer than 75% of the aggregate of the total number of meetings of the Board and of meetings held by committees of the Board on which he was a member. In addition to regularly scheduled meetings, a number of Directors were involved in

numerous informal meetings with management, offering valuable advice and suggestions on a broad range of corporate matters.

The Board has three standing committees: an Audit Committee, a Compensation Committee and a Corporate Governance and Nominating Committee. Each committee operates under a written charter which is reviewed annually by the Board.

Audit Committee

In General. The members of the Audit Committee are Alan Gilman (Chairman), Scott Davido, John Mentzer and Walter Salmon, all of whom are independent directors under the current listing standard of Nasdaq. It is the responsibility of the Audit Committee to oversee the Company's financial reporting process and to report the results of their activities to the Board. The specific duties of the Audit Committee are to monitor the integrity of the Company's financial process and systems of internal controls regarding finance, accounting and legal compliance; monitor the independence and performance of the Company's independent auditors and internal auditing functions; and provide an avenue of communication among the independent auditors, management, the internal auditing functions and the Board. The Audit Committee has the authority to conduct any investigation appropriate to fulfilling its responsibilities, and it has direct access to the independent auditors as well as anyone in the Company. The Audit Committee has the ability to retain, at the Company's expense, special legal, accounting, or other consultants or experts it deems necessary in the performance of its duties. The Audit Committee met seven times in 2002. The Audit Committee Report is on page 19.

Audit Charter. On August 5, 2002, the Board adopted a Charter for the Audit Committee of Stage Stores, Inc. On April 15, 2003, in response to the Sarbanes-Oxley Act 2002, SEC regulations and proposed Nasdaq rules, the Board adopted the current Charter for the Audit Committee of Stage Stores, Inc. (the "Audit Charter"). A copy of the Audit Charter is included as Appendix A to this Proxy Statement.

Audit Committee Financial Expert. The Board has determined that Messrs. Davido, Gilman and Salmon are Audit Committee Financial Experts ("ACFE"), as that term is defined by the SEC. Mr. Salmon acquired the attributes necessary to be deemed an ACFE by the Board through teaching courses involving the attributes for more than 40 years at the Harvard Business School and through serving on the boards of directors of 8 or more public companies over the course of 40 years.

Compensation Committee

The members of the Compensation Committee are Glenn August (Chairman), Alan Gilman and Michael Glazer, all of whom are independent directors. The Compensation Committee has two primary responsibilities: (i) to monitor the Company's management resources, structure, succession planning, development and selection process as well as the performance of key executives, and (ii) to review and approve executive compensation and changes. It also serves as the committee administering the 2001 Equity Incentive Plan and the Incentive Compensation Plan. The Compensation Committee met six times in 2002. The Compensation Committee Report begins on page 9.

Corporate Governance and Nominating Committee

In General. The Corporate Governance and Nominating Committee (the "CG&N Committee") was established on August 21, 2002. The members of the CG&N Committee are Scott Davido (Chairman), Michael Glazer and Walter Salmon, all of whom are independent directors. The CG&N Committee recommends to the Board a slate of nominees for directors to be presented on behalf of the Board for election by shareholders at each annual meeting of the shareholders and recommends to the Board persons to fill vacancies on the Board. The Committee will consider nominees recommended by shareholders upon submission in writing. For the Annual Meeting in 2004, recommendations should be submitted in writing by January 2, 2004 to the CG&N Committee, c/o Michael

McCreery, Secretary, Stage Stores, Inc., 10201 Main Street, Houston, Texas 77025 and include the names of such nominees, together with their qualifications for service as a director of the Company. Annually, the CG&N Committee will also review the Company's Corporate Governance Guidelines and oversee an evaluation of the Board and its committees and periodically the CG&N Committee will review the compensation paid to the Directors. The CG&N Committee and its predecessor, the Nominating Committee, met two times during 2002.

Corporate Governance Guidelines. On August 21, 2002, the Board adopted Corporate Governance Guidelines (the "Governance Guidelines"). On April 15, 2003 the Board amended the Governance Guidelines. The Governance Guidelines were adopted by the Board to assist the Board in the exercise of its corporate governance responsibilities. The purpose of the Governance Guidelines is to provide a structure within which Directors and the Company's management can monitor the effectiveness of policy and decision making both at the Board and management level, with a view to enhancing shareholder value over the long term. The Guidelines are subject to annual review and modification from time to time by the Board. The Governance Guidelines are available on the Company's website at stagestoresinc.com by clicking "Investor Relations", then "Corporate Governance", then "Corporate Governance Guidelines."

Code of Ethics for Senior Officers

The Board has adopted a Code of Ethics for Senior Officers (the "Code of Ethics") that applies to the Company's principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. A copy of the Code of Ethics is attached as an Exhibit to the Company's Annual Report on Form 10-K for fiscal year 2002 and is also available on the Company's website at stagestoresinc.com by clicking "Investor Relations", then "Corporate Governance", then "Code of Ethics for Senior Officers." The Company will promptly disclose any amendments to, and waivers from, the Code of Ethics either (i) on Form 8-K within five business days after it amends the Code of Ethics or grants a waiver, or (ii) on its website.

Lead Independent Director

The Company's Corporate Governance Guidelines provide that if the Chairman of the Board is not an Independent Director, the Independent Directors must appoint a Lead Independent Director. As Jim Scarborough, the Chairman of the Board, is not an Independent Director, the Independent Directors have appointed Alan Gilman as the Lead Independent Director. The Lead Independent Director is required to perform the following duties:

- ◆ Coordinate the activities of the Independent Directors;
- ◆ Provide the Chairman of the Board with input on agendas for the Board and Board committee meetings;
- ◆ Coordinate and develop the agenda for, and chair executive sessions and other meetings of, the Independent Directors;
- ◆ Facilitate communications between the Chairman of the Board and the other members of the Board, including communicating other members' requests to call special meetings of the Board;
- ◆ Discuss the results of the Chief Executive Officer's performance evaluation with the Chairman of the Compensation Committee; and
- ◆ Convey to the Chief Executive Officer, together with the Chairman of the Compensation Committee, the results of the Chief Executive Officer's performance evaluation.

Compensation of Directors

Directors who are full-time employees of the Company receive no additional compensation for serving on the Board. Directors who are not full-time employees of the Company, namely Messrs. August, Davido, Gilman, Glazer, Mentzer, Salmon and Wuensch, receive the following compensation:

Annual Retainer

. Directors receive a \$30,000 Annual Retainer, which is earned and paid pro rata over their term at the beginning of each month. The Annual Retainer is intended to compensate the Director for attendance at regularly scheduled quarterly Board meetings and Board Committee meetings held in conjunction with quarterly Board meetings, as well as periodic consultation and participation in teleconference meetings held for periodic Board updates.

Special Meeting Fee

. Directors receive a Special Meeting Fee of \$1,500 per meeting for (a) their preparation and attendance at periodic meetings of the Board and Board Committees (which may be by teleconference) called for the purpose of specific actions by the Board (consents, resolutions, etc.) and held at times other than in conjunction with regular quarterly meetings of the Board, and (b) their preparation and attendance at "ad hoc" Board Committee assignments held at times other than in conjunction with regular quarterly meetings of the Board.

GNB Director Fee. Scott Davido, Alan Gilman, Michael McCreery and Ronald Wuensch, together with Richard Stasyszen, the Company's Senior Vice President, Finance and Controller and Kenneth Brumfield, the Company's Senior Vice President, Credit, are on the Board of Directors of Granite National Bank ("GNB"). Messrs. Davido, Gilman and Wuensch receive a quarterly meeting fee of \$1,500 (the "GNB Director Fee"). The GNB Directors who are full-time employees of the Company do not receive the GNB Director Fee.

Reimbursement of Expenses. Directors are reimbursed for actual expenses they incur while attending, or otherwise participating in, Board meetings, Board Committee meetings and "ad hoc" committee assignments.

Mr. August has directed that any fees payable to him for his service as a Director are to be paid to Oak Hill Advisors, L.P.

On March 19, 2003, the Board approved the following changes in director compensation:

Lead Independent Director Retainer

. Beginning April 1, 2003, in addition to the Annual Retainer to which all Directors are entitled, the Lead Independent Director receives a \$20,000 Lead Independent Director Retainer, which is earned and paid pro rata over his or her term at the beginning of each month. The Lead Independent Director Retainer is intended to compensate the Lead Independent Director for the additional duties set forth in the Company's Corporate Governance Guidelines.

Committee Chairman Fee

. Beginning April 1, 2003, the Chairman of each Board Committee receives an annual Committee Chairman Fee of \$3,000, which is earned and paid pro rata over their term at the beginning of each month.

Stock Options

. To further align the non-employee Director's interests with the long-term interest of the shareholders, upon his or her initial election to the Board, each Director was granted options to purchase 20,000 shares of the Company's common stock under the Company's 2001 Equity Incentive Plan in three equal groupings with per share exercise prices of \$13.75, \$15.00 and \$16.25, respectively. The right to exercise these options vests over four years from August 24, 2001, with 25% of each grouping vesting at the end of each of the first four years following the date of grant and will expire if not exercised within ten years from the date of the grant. The non-employee Directors, in the aggregate, have been granted 140,000 options effective August 24, 2001 pursuant to the 2001 Equity Incentive Plan. At the direction of Mr. August, the options to purchase 20,000 shares of the Company's common stock granted to Mr. August were issued to an affiliate, Oak Hill Advisors L.P., rather than to Mr. August.

On April 2, 2003, the Board approved a provision that, upon his or her reelection to the Board, each Director shall be granted options to purchase 2,500 shares of the Company's common stock with an exercise price equal to the average high and low prices of the Company's common stock for the five trading days prior to the date he or she is reelected to the Board (the "Reelection Options"). The Reelection Options will vest 50% after two years and 50% after four years from the date of grant (the "Vesting Date"); provided, however, other than due to (i) the fact that the Director's age prohibits him from serving as a Director, (ii) death, or (iii) a disability, which in the opinion of the Board precludes the Director from serving as a Director, a Director shall forfeit the Reelection Options if he or she ceases to be a Director at any time prior to the Vesting Date.

Restricted Stock

. The Board has adopted the 2003 Non-Employee Director Equity Compensation Plan (the "Directors' Plan") as described in Item 4 of this Proxy Statement. If the Directors Plan is approved by the Company's shareholders, a Director may elect to receive the Annual Retainer, the Lead Independent Director Retainer, the Committee Chairman Fee and such other compensation as the Board may deem appropriate, as the case may be, either (a) in restricted stock, deferred stock units, cash, or a combination of restricted stock, deferred stock units and cash at the time that such compensation is earned, or (b) in cash or restricted stock at a later date. Any issuance of restricted stock in lieu of cash will be made by the Company on such terms and conditions as the Board may establish. In any event, in order to receive restricted stock, a Director must, at a minimum, (a) notify the Company of his or her election to receive restricted stock by executing an applicable Election Form, and (b) execute a Shareholder Agreement by which he or she agrees not to sell any of the restricted stock until he or she leaves the Board.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Transactions with Directors

Glenn August, a Director of the Company, is also the President of Oak Hill Advisors, Inc. and Oak Hill Advisors, L.P. As of September 21, 2001, by virtue of their positions as holders of allowed pre-petition claims in the Bankruptcy Proceedings, Mr. August and his affiliates were issued common stock as detailed in "Security Ownership of Certain Beneficial Owners and Management". On December 7, 2001, the Company executed a Registration Rights Agreement (the "Rights Agreement") with Oak Hill Securities Fund, L.P., Oak Hill Securities Fund-II, L.P., Lerner Enterprises, LP, P&PK Family Ltd. Partnership and Glenn R. August (the "Holders"). The Holders were creditors in the Company's Bankruptcy Proceedings. Pursuant to the Plan of Reorganization, each of the Holders received shares of common stock in exchange for debt. The Company believes that the issuance of the common stock to the Holders under the Plan of Reorganization satisfies the requirements under Section 1145(a)(1) of the Bankruptcy Code and, therefore, was exempt from registration under the Securities Act of 1933 (the "Securities Act") and state securities laws. However, the Company also believes that Section 1145(a)(1) of the Bankruptcy Code does not provide an exemption from registration for the resale of the common stock issued to the Holders. Therefore, the Holders requested, and the Board approved, the granting of registration rights to the Holders. The Rights Agreement covers the shares beneficially owned by the Holders on December 7, 2001, or at any time thereafter. A copy of the Rights Agreement is an exhibit to the Company's Form 10.

COMPENSATION COMMITTEE REPORT

Compensation Policies for Executive Officers

In General. The Compensation Committee of the Board (the "Compensation Committee"), consisting entirely of non-employee (outside) Directors Glenn August, Alan Gilman and Michael Glazer, approves all of the policies under which compensation is paid or awarded to the Company's executive officers. The Company's executive compensation program is designed to align the interests of senior management with those of the Company's shareholders. It is primarily intended to (i) provide appropriate incentives designed to aid in ensuring the accomplishment of the Company's performance and financial objectives, (ii) help ensure that the Company is able to attract, motivate and retain top-quality management personnel, and (iii) ensure that an appropriate portion of executive compensation is variable and dependent upon the accomplishment of specific performance and financial objectives as well as increases in shareholder value.

The Company's basic compensation program for executive officers currently consists of the following three elements: (i) base salary ("Base Salary"), (ii) pay for performance ("Incentive Bonus") and (iii) long-term performance based incentives ("Stock Options"). It is the philosophy of the Compensation Committee to allocate a significant portion of cash compensation to variable performance-based compensation in order to reward executive officers for high achievement. As described below, each element of the Company's executive compensation program has a somewhat different purpose. To enable the Company to obtain tax deductions for the full amount of performance-based compensation and awards under pertinent tax law, as described on page 21 of this Proxy Statement, the Board is requesting shareholders to approve the material terms of performance goals for five years.

The Compensation Committee believes that its principal responsibility is to incentivize and reward executive performance that will lead to long-term enhancement of shareholder value. Therefore, the Compensation Committee's judgments regarding executive compensation last year were primarily based upon the Compensation Committee's assessment of each executive officer's leadership performance and potential to enhance long-term shareholder value, rather than short term changes in the Company's stock price.

Key factors affecting the Compensation Committee's judgments included the nature and scope of the executive officer's responsibilities and his or her effectiveness in leading the Company's initiatives to successfully increase customer satisfaction, enhance Company growth, and propose, implement and ensure compliance with Company policies. The Compensation Committee also considered the compensation practices and performances of other major corporations that are most likely to compete with the Company for the services of executive officers. Based upon all factors which it considered relevant, the Compensation Committee considered it appropriate, and in the best interest of the shareholders, to set the overall level of the Company's salary, bonus and other incentive compensation awards in order to enable the Company to continue to attract, retain and motivate the highest level of executive leadership possible.

Base Salary.

Base Salaries for senior executives are based upon a combination of factors including past individual performance, competitive salary levels, and the individual's potential for making significant contributions to future Company performance.

Incentive Bonus.

Each of the named executive officers and certain other key personnel of the Company participate in a performance bonus plan (the "Incentive Compensation Plan"). The Incentive Compensation Plan provides for annual bonus awards based upon individual performance and actual operating results compared to planned operating results. Incentive Bonus payments are subject to modification at the discretion of the Compensation Committee. Incentive Bonuses for 2002 were based upon the Compensation Committee's determination that the Company's 2002 financial results had met the previously established performance goals.

Stock Options

. Stock Options are an important performance-based component of senior executive compensation. The 2001 Equity Incentive Plan was designed to motivate senior executives and other key employees to contribute to the long-term growth of shareholder value. This approach is designed to encourage the creation of long-term shareholder value since the full benefit of such options cannot be realized unless the stock price exceeds the exercise price. All Stock Option awards are made under the 2001 Equity Incentive Plan.

Tax Law Limitation on Deductibility of Compensation. The Compensation Committee is aware of the limitations imposed by Section 162(m) of the Internal Revenue Code of 1986, as amended, on the deductibility of non-performance based compensation paid to certain executive officers of the Company to the extent it exceeds \$1 million per executive. The Compensation Committee believes it has recommended compensation amounts and plans which meet the requirements for deductibility, and the Compensation Committee expects that Section 162(m) will not limit the deductibility of any compensation expense in fiscal 2002.

Basis for Chief Executive Officer Compensation

The compensation policies described above applied as well to the compensation of Mr. Scarborough. The Compensation Committee is directly responsible for making recommendations to the Board for approval of his salary level. The overall compensation package of Mr. Scarborough is designed to recognize the fact that he bears primary responsibility for effective management and operation of the Company's business, the development of a successful business plan, the implementation of changes in long-term strategy initiatives to lay the foundation for the Company's stable and steady growth and for increasing shareholder value. Accordingly, a substantial portion of his compensation is incentive-based, providing greater compensation as the direct and indirect financial measures of shareholder value increase.

For 2002, Mr. Scarborough earned \$1,712,493 in salary and bonus, as shown in the Summary Compensation Table on page 12. The specific basis for the Compensation Committee's determinations regarding Mr. Scarborough's compensation in 2002 included his role in leading the Company and his commitment to shaping an agenda to enhance long-term shareholder value by accelerating profitable growth, by increasing the Company's use of technology to create value for the Company's customers, and by focusing the Company's efforts on deepening relationships with customers and suppliers. On March 19, 2003, based on the Company's performance for the 2002 fiscal year, the Compensation Committee approved the payment of \$879,800 for 2002 under the CEO Bonus Target Plan, but did not increase Mr. Scarborough's Base Salary of \$850,000.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee is composed of the following directors: Glenn August (Chairman), Alan Gilman and Michael Glazer. None of these has ever been an officer or an employee of the Company or its subsidiaries. No executive officer of the Company serves on any other boards of directors with any of the Company's Directors other than the Company's Board and on the Board of Directors of Granite National Bank. Mr. August is also the President of Oak Hill Advisors, Inc. and Oak Hill Advisors, L.P. As of September 21, 2001, by virtue of their positions as holders of allowed pre-petition claims in the Bankruptcy Proceeding, Mr. August and his affiliates were issued common stock as detailed in "Security Ownership of Certain Beneficial Owners and Management" on page 3. On December 7, 2001, the Company executed a Registration Rights Agreement with Mr. August and his affiliates. See "Certain Relationships and Related Transactions - Transactions with Directors."

Conclusion

Through the programs described above, a significant portion of the Company's executive compensation is linked directly to corporate performance and stock price appreciation. The Compensation Committee believes that existing compensation policies and programs are competitive and effectively align executive compensation with the Company's goal of maximizing the return to shareholders.

In order to ascertain that compensation levels of executive officers are generally reasonable and competitive, the Compensation Committee reviews compensation surveys and certain publicly available compensation information disclosed by comparable companies and other retailers in their proxy statements. The fiscal 2002 salary and bonus of the chief executive officer and the other five most highly compensated executive officers of our Company (see "Summary Compensation Table") were comparable to the 2002 mean salary and bonus of their comparable position in the retail compensation surveys reviewed by the Compensation Committee, when adjusted for company performance, size and growth rates, and the individuals' respective scope of responsibilities.

After a review of all existing programs, the Compensation Committee believes that the total compensation program for executive officers is consistent with the Compensation Committee's compensation philosophy. Base Salaries are set at levels that the Compensation Committee considers to be reasonable. The executive bonus plan provides variable compensation opportunities to key associates that are directly linked to annual operating results of the Company. The Compensation Committee considers the overall executive compensation package an important reason for the Company's success to date.

The foregoing report on executive compensation is provided by the following non-employee (outside) directors, who constituted the Compensation Committee during the Company's fiscal year ended February 1, 2003:

Glenn August (Chairman)

Alan Gilman

Michael Glazer

If the Executive is terminated by the Company without Good Cause or terminates employment with the Company for Good Reason (as defined in the Agreement), the Executive will be entitled to receive: (i) any Base Salary earned and unpaid, and certain fringe benefits accrued and unpaid, through the date of termination; (ii) an amount equal to one times the aggregate of the Base Salary plus the Incentive Compensation at the Target Rate (as defined in the Agreement) in effect as of the date of termination; (iii) the Incentive Compensation for the fiscal year in which the termination occurs pro-rated through the date of termination; (iv) continuation of certain fringe benefits to which the Executive is participating as of the date of termination for a period of 12 months from the date of termination; and (v) payment of outplacement services, not to exceed \$15,000, for a period of 12 months from the date of termination, and the Executive will automatically forfeit any unvested stock options, warrants or similar rights in the Company as of the date of termination. If the Executive terminates employment with the Company without Good Reason, the Executive will be entitled to receive any Base Salary earned and unpaid, and certain fringe benefits accrued and unpaid, through the date of termination, and the Executive will automatically forfeit any unvested stock options, warrants or similar rights in the Company as of the date of termination. If a Change in Control (as defined in the Agreement) occurs and Executive is not employed with the Company or its successor thereafter, the Executive will be entitled to receive: (i) any Base Salary earned and unpaid, and certain fringe benefits accrued and unpaid, through the date of the Change in Control or termination; (ii) an amount equal to two times the aggregate of the Base Salary plus the Incentive Compensation at the Target Rate (as defined in the Agreement) in effect as of the date of the Change in Control or termination; (iii) the Incentive Compensation for the fiscal year in which the Change in Control or termination occurs pro-rated through the date of the Change in Control or termination; (iv) continuation of certain fringe benefits to which the Executive is participating as of the date of Change in Control or termination for a period of 24 months from the date of the Change in Control or termination; (v) payment of outplacement services, not to exceed \$15,000, for a period of 12 months from the date of the Change in Control or termination; and (vi) continuation of the financial planning allowance for a period of 12 months from the date of the Change in Control or termination, and all stock options, warrants or similar rights of the Executive in the Company will immediately become fully and completely vested and exercisable as of the date of the Change in Control or termination and the Company or its successor shall be obligated to compensate the Executive for any options or rights the Executive does not exercise within 60 days of the date of the Change in Control or termination at the price and in the manner described in the Agreement. If any payment to the Executive subjects the Executive to any excise tax, the Company shall pay to the Executive a gross-up payment to compensate

the Executive for the amount of the excise taxes.

Retirement Benefits

Deferred Compensation Plans

The Company has two deferred compensation plans (the "Deferred Compensation Plans") which provide executives, certain officers and other key employees of the Company with the opportunity to participate in unfunded, deferred compensation programs that are not qualified under the Internal Revenue Code of 1986, as amended, the ("Code"). Generally, the Code and the Employee Retirement Income Security Act of 1974, as amended, restrict contributions to a 401(k) plan by highly compensated employees. The Deferred Compensation Plans are intended to allow participants to defer income on a pre-tax basis. Under the Deferred Compensation Plans, participants may defer up to 50% of Base Salary and up to 100% of any bonus and earn a rate of return based on actual investments chosen by each participant. The Company has established grantor trusts for the purposes of holding assets to provide benefits to the participants. For the plan involving the executives and certain officers, the Company will match 100% of each participant's contributions, up to 10% of the sum of their base salary and any bonus. For the plan involving the other key employees, the Company may make an annual discretionary matching contribution. The Company currently matches 50% of each participant's contributions, up to 6% of the participant's compensation offset by what contribution the Company makes to the participant's 401(k) account, if any. For both plans, company contributions are vested 100%. In addition, the Company may, with approval of the Board, in its sole discretion, make an additional employer contribution in any amount with respect to any participant as is determined in its sole discretion. The Company's matching contribution expense for the Deferred Compensation Plans was approximately \$0.8 and \$0.7 million for 2002 and 2001, respectively.

401(k) Savings Plan

The Company has a contributory 401(k) savings plan covering substantially all qualifying employees. Under the 401(k) savings plan, participants may contribute up to 25% of their qualifying earnings, subject to certain restrictions. The Company may make an annual discretionary matching contribution. The Company currently matches 50% of each participant's contributions, limited to 6% of each participant's compensation. The Company's matching contributions were approximately \$0.8 million for 2002, 2001 and 2000.

Frozen Defined Benefit Plan

The Company has a defined benefit plan (the "Retirement Plan") that was frozen effective June 30, 1998. There are no future benefit accruals after that date. Any service after that date will continue to count toward vesting and eligibility for normal and early retirement. Benefits are administered through a trust arrangement which provides monthly payments or lump sum distributions. The Retirement Plan covered substantially all employees who had met eligibility requirements and were enrolled prior to June 30, 1998. Benefits under the plan were based upon a percentage of the participant's earnings during each year of credited service.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board (the "Audit Committee") is comprised of four directors. The four members of the Committee listed below are independent directors as defined by Nasdaq rules. The Audit Committee has adopted a written charter which has been approved by the Board. The Audit Committee has reviewed and discussed the Company's audited financial statements with management, which has primary responsibility for the financial

statements. Deloitte & Touche LLP, the Company's independent auditors for 2000, 2001 and 2002, is responsible for expressing an opinion on the conformity of the Company's audited financial statements with generally accepted accounting principles. The Committee has discussed with Deloitte & Touche the matters that are required to be discussed by Statement on Auditing Standards No. 61 Communication With Audit Committees. Deloitte & Touche has provided to the Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with Deloitte & Touche that firm's independence. The Committee also concluded that Deloitte Touche's provision of non-audit services to the Company and its affiliates is compatible with Deloitte & Touche's independence.

Based on the considerations referred to above, the Audit Committee approved and recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for 2002 and that Deloitte & Touche be appointed independent auditors for the Company for 2003. The foregoing report is provided by the following independent directors, who constitute all of the members of the Audit Committee:

Alan Gilman (Chairman)	John Mentzer
Scott Davido	Walter Salmon

ITEM 2 - RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS INDEPENDENT AUDITORS FOR 2003

In General

Upon the recommendation and approval of the Audit Committee, the Board has approved the selection of Deloitte & Touche LLP as independent auditors of the Company and its subsidiaries for fiscal 2003. This selection is being presented to the shareholders for their ratification. Proxies solicited by the Board will, unless otherwise directed, be voted to ratify the appointment by the Board of Deloitte & Touche LLP as independent auditors of the Company and its subsidiaries for fiscal 2003. Deloitte & Touche LLP has been the Company's independent auditors for the 2000, 2001 and 2002 fiscal years. The Board has been advised by Deloitte & Touche LLP that they are independent auditors with respect to the Company within the meaning of the Securities Exchange Act of 1934, as amended, and the rules and regulations promulgated under such act.

A representative from Deloitte & Touche LLP is expected to be at the Annual Meeting and will have the opportunity to make a statement if such representative so desires and will be available to respond to appropriate questions during the meeting.

Principal Accounting Fees and Services

The Company retained Deloitte & Touche LLP and the member firms of Deloitte & Touche (collectively "Deloitte & Touche") to audit the consolidated financial statements for 2001 and 2002 and to provide various advisory, auditing, and consulting services in 2001 and 2002. The Company understands the need for Deloitte & Touche to maintain objectivity and independence in its audit of the Company's financial statements. The Company does not use Deloitte & Touche for internal audit work and will only use Deloitte & Touche for non-audit work when it concludes that Deloitte & Touche is the most appropriate provider of that service. The Audit Committee annually evaluates whether the Company's use of Deloitte & Touche for non-audit services is compatible with Deloitte & Touche's independence. The aggregate fees billed by Deloitte & Touche, the member firms of Deloitte & Touche Tohmatsu and

their respective affiliates in 2001 and 2002 for these various services were:

Description of Professional Service	Amount Billed	
	2001	2002
Audit Fees

Audit-Related Fees

In 2001, fees included consultation regarding Statement of Financial Accounting Standards No. 140, regulatory consulting services for Granite National Bank, and other miscellaneous accounting and tax consultation and benefit plan audits. In 2002, fees were for professional services rendered in connection with benefit plan audits.	\$303,105	\$20,000
Tax Fees

In 2001, fees were for professional services rendered in connection with the evaluation of IT policies, procedures and assistance with the compilation of IT policies and procedures.	\$43,000	\$-0-
Pre-Approval Policies		

Pursuant to the Audit Committee's charter and policies adopted pursuant to the charter, all non-audit services performed for the Company by Deloitte & Touche must be reviewed and approved in advance by the Audit Committee. Since December 5, 2002, all new engagements of audit and non-audit services were approved by the Audit Committee.

Ratification of the Appointment of Deloitte & Touche LLP as Independent Auditors

Deloitte & Touche has been recommended and approved by the Audit Committee for reappointment as the independent auditors for the Company and its subsidiaries for fiscal 2003. Consequently, the Board has approved the

selection of Deloitte & Touche as the Company's independent auditors for 2003.

Your Board of Directors recommends a vote **FOR** the following proposal:

RESOLVED that the appointment by the Board of Directors of the firm of Deloitte & Touche LLP, Houston, Texas, as independent auditors for the Company for 2003, is hereby ratified.

ITEM 3 - APPROVAL OF MATERIAL TERMS OF EXECUTIVE OFFICER PERFORMANCE GOALS

In General

United States tax laws generally do not allow publicly-held companies to obtain tax deductions for compensation of more than \$1 million paid in any year to any of their five most highly paid executive officers unless such payments are "performance-based" as defined in the tax laws. One of the requirements for compensation to be performance-based under those laws is that the Company must obtain shareholder approval every five years of the material terms of performance goals for such compensation. In accordance with Internal Revenue Service rules, the material terms which the shareholders approve constitute the framework within which the Compensation Committee would set the actual performance goals. Under the tax rules, the Committee must be comprised solely of two or more outside directors.

In this proposal, to enable the Company to continue to receive tax deductions for such executive compensation awarded until the 2008 Annual Meeting, the Board is recommending shareholder approval of the material terms of performance goals - the framework for the Compensation Committee's specific actions and awards - for two specified forms of compensation to be awarded to executive officers of the Company during the next five years. The two forms of executive compensation are: (1) stock options granted under the Company's 2001 Equity Incentive Plan (the "2001 Plan") or its successor; and (2) performance based annual bonuses under the Company's Incentive Compensation Plan. The framework to be approved by the shareholders is set forth in the next section. Following that section is background material, as required by SEC rules, summarizing the key terms of these awards, and the material features of the plans under which these awards are granted. If approved by the shareholders, this proposed framework of the material terms of performance goals would enable the Company to continue to receive tax deductions for these forms of compensation awarded to executive officers of the Company until the 2008 Annual Meeting.

This proposal differs from the proposal approved by the Company's shareholders at the 2002 Annual Meeting only in that the business criteria, upon which the performance goal for annual bonuses under the Incentive Compensation Plan will be based, will be the Company's annual income before income tax ("Pre-Tax Income") rather than sales and earnings before interest, taxes, depreciation and amortization ("Operating EBITDA").

Material Terms of the Executive Officer Performance Goals

In General. As defined in the tax rules, the following are the material terms of performance goals which shareholders must approve if the Company is to obtain tax deductions for the specified forms of performance-based compensation for executives whose total annual compensation exceeds \$1 million: (i) the group of employees whose compensation would be subject to the performance goals, who are described in the next paragraph; (ii) the business criteria on which each of the performance goals is based, which are described in the second paragraph below; and (iii) the maximum amounts payable to any executive officer under each performance goal, which are described in the third paragraph

below.

Employees Eligible to Receive Compensation. The group of employees whose compensation would be subject to the performance goals would be eight of the Company's executive officers, as defined in SEC rules. These executive officers are included in those listed annually in our Form 10-K filed with the SEC and in this Proxy Statement. Although the tax laws only limit deductibility for compensation paid to the Chief Executive Officer and the four most highly paid executive officers other than the Chief Executive Officer, the performance goals will be applied to all executive officers in the event that one or more of them should become one of the four most highly compensated other than the Chief Executive Officer, during the five-year period covered by this proposal.

Business Criteria on Which Each of the Performance Goals is Based. The business criteria, upon which the performance goal for annual bonuses under the Incentive Compensation Plan will be based, is the Company's Pre-Tax Income. In determining the amount and timing of stock option awards, the Compensation Committee will consider the recipient's position and scope of responsibility and that individual's ability to affect the future operating performance of the Company. All of the criteria described above for performance awards will be subject to adjustments by the Compensation Committee to remove the effect of unusual events.

Maximum Amounts Payable to Any Executive Officer Under Each Performance Goal. The aggregate maximum amount payable to any executive officer under the performance goals stated above is estimated to be \$3,500,000.

The Committee has established business criteria and maximum amounts that it considers to be appropriate in light of foreseeable contingencies and future business conditions. If approved by the shareholders, this proposal would not limit the Company's right to award or pay other forms of compensation (including, but not limited to, salary, or other stock-based awards under the 2001 Equity Incentive Plan) to the Company's executive officers, regardless of whether or not the performance goals for annual bonuses, stock options, or other long-term performance awards in this proposal are achieved in any future year, and whether or not payment of such other forms of compensation would be tax deductible. The key terms of the forms of performance-based compensation covered in this proposal, and the plans under which they are paid or awarded, are described below.

Background: Terms of Awards and Plans

As noted above, and as required by SEC rules, the following sections describe both the general terms of the award that will be subject to the performance goals and the material features of the plans under which the awards are granted.

Annual Bonuses and Material Features of the Incentive Compensation Plan

Annual bonuses for members of management and other key employees of the Company and its subsidiaries are determined and paid under the Incentive Compensation Plan. This plan is administered by the Compensation Committee. The Compensation Committee selects employees eligible to participate in the Incentive Compensation Plan. Currently, eight executive officers are eligible for and received bonuses for 2002 under the Incentive Compensation Plan.

Each year, the Compensation Committee determines the specific annual bonus for each officer of the Company. That amount has been, and if this proposal is approved would continue to be, a percentage of Base Salary which is awarded by the Board based upon achievement of planned fiscal Pre-Tax Income results. Normal performance bonus amounts paid could range from 0% up to 150% of Base Salary based upon actual results versus the fiscal Pre-Tax Income plan, subject to certain adjustments specified by the Compensation Committee in writing, and would also be subject to the maximum annual limit discussed above. Bonuses are paid as soon as practicable following these determinations, except that the Compensation Committee may require deferral of, or may permit a participant to elect to defer, all or part of his or her bonus. The Board may amend, suspend, or terminate the Incentive Compensation Plan, including amending the plan in a way that might increase the Company's costs. The amounts paid to the named executive

officers for 2002 under the Incentive Compensation Plan are disclosed in the column labeled "Bonus" in the Summary Compensation Table on page 12. For 2002, the eight executive officers were paid a total of \$2.4 million in bonuses under the Incentive Compensation Plan. The amount of bonuses to be paid to Incentive Compensation Plan participants for 2003, if this proposal is approved, cannot presently be determined.

Material Features of the 2001 Equity Incentive Plan

Long-Term Performance Awards Under the Plan. Pursuant to the Plan of Reorganization as approved by the Company's shareholders (former creditors) and the Bankruptcy Court, the Company has established the 2001 Equity Incentive Plan to reward, retain and attract key personnel and non-employee directors and has reserved 4,000,000 shares for issuance of awards under the 2001 Equity Incentive Plan. The 2001 Equity Incentive Plan is administered by the Compensation Committee of the Board, which has the power to select the key employees and non-employee Directors to be granted awards under the 2001 Equity Incentive Plan, to determine the size, type and term of awards to be made to each individual selected, to modify the terms of any award that has been granted, to determine the time when awards will be granted, to establish performance objectives and to prescribe the form of the instruments embodying awards under the 2001 Equity Incentive Plan. Key employees and non-employee Directors are eligible to receive grants of options under the 2001 Equity Incentive Plan. Awards under the 2001 Equity Incentive Plan include, but need not be limited to, qualified and non-qualified stock options, stock appreciation rights or restricted stock grants. Nothing contained in the 2001 Equity Incentive Plan prevents the Company from adopting or continuing in effect other or additional compensation arrangements. The Compensation Committee's determination and interpretations under the 2001 Equity Incentive Plan will be binding on all interested persons.

The exercise price per share of stock purchasable under any stock option shall not be less than 100% of the fair market value of the stock or other security on the date of the grant of such option. However, if the Committee so determines, in the case of certain awards retroactively granted in tandem with or in substitution for other awards under the 2001 Equity Incentive Plan or for any outstanding awards granted under any other plan of the Company, the exercise price may be the price on the date of original grant of such awards. The Board may amend, alter, or discontinue the 2001 Equity Incentive Plan at any time, including amending it in ways that might increase the cost to the Company, provided that share holder approval must generally be obtained for any amendment that would increase the number of shares available for awards or that would permit the granting of options, or other stock-based awards encompassing rights to purchase shares at prices below fair market value at the time of the award.

Subject to adjustment as described below, the Company's common stock including treasury shares as of the first day of each calendar year (including any partial year) during which the 2001 Equity Incentive Plan is in effect shall become available for granting awards in such year. As of February 1, 2003, 349,931 stock options are available for awards in 2003 and future years. Under the 2001 Equity Incentive Plan, all stock options available for granting as awards in any year that are not used will be available for use in subsequent years. In the event of a stock split, stock dividend, or other change in corporate structure, the Compensation Committee will adjust the number and type of shares which may be made the subject of new awards or are then subject to outstanding awards and other award terms. The Compensation Committee is also authorized, for similar purposes, to make adjustments in performance award criteria or in the terms and conditions of other awards in recognition of unusual or nonrecurring events affecting the Company or its financial statements or of changes in applicable laws, regulations, or accounting principles. The awards that may be granted under the 2001 Equity Incentive Plan following the 2003 Annual Meeting cannot presently be determined. A copy of the 2001 Equity Incentive Plan is attached as an Exhibit to the Company's Form 10 filed on October 29, 2001. In determining the amount and timing of stock option awards, the Compensation Committee will consider the recipient's position and scope of responsibility and that individual's ability to affect the future operating performance of the Company.

Conclusion

In summary, if the shareholders approve this proposal, the material terms of the performance goals described above will constitute the framework within which the Compensation Committee will set specific performance goals for the two forms of compensation also described above to be awarded to executive officers of the Company between the dates of the 2003 and 2008 Annual Meetings, and therefore preserve the Company's ability to obtain tax deductions for such compensation.

Your Board of Directors therefore recommends a vote FOR the proposal to approve the material terms of executive officer performance goals.

ITEM 4 - APPROVAL OF 2003 NON-EMPLOYEE DIRECTOR EQUITY COMPENSATION PLAN

In General

In order to reward, retain and attract non-employee Directors, to provide non-employee Directors with the opportunity to align their interests with those of the shareholders, and to enable non-employee Directors to enhance their retirement security by permitting them to enter into annual agreements to defer certain director fees, the Board adopted the 2003 Non-Employee Director Equity Compensation Plan (the "Plan") on April 15, 2003, subject to shareholder approval. Nasdaq rules require shareholder approval when a purchase plan is to be established pursuant to which stock may be acquired by directors.

Summary of Material Terms of the Plan

The following discussion is intended to be a brief summary of the material terms of the Plan. The Plan is attached as Appendix B to this Proxy Statement. Shareholders are encouraged to read the entire Plan. Capitalized terms shall have the meanings ascribed to them in the Plan.

Stock Reserved.

One hundred thousand (100,000) shares of the Company's authorized common stock have been reserved for issuance under the Plan. Common stock issued under the Plan may be authorized but unissued shares, treasury shares, or any combination thereof. If there is any change in the shares of common stock, as by stock splits, reverse stock splits, stock dividends or recapitalization, the number of shares of common stock which may be issued under the Plan will be appropriately adjusted.

Director's Election.

If the Plan is approved by the Company's shareholders, a Director may elect to receive the Annual Retainer, the Lead Independent Director Retainer, the Committee Chairman Fee and such other compensation as the Board may deem appropriate, as the case may be, either (a) in Restricted Stock, Deferred Stock Units, cash, or a combination of Restricted Stock, Deferred Stock Units and cash at the time that such compensation is earned, or (b) in cash or Restricted Stock at a later date. Any issuance of Restricted Stock in lieu of cash will be made by the Company on such terms and conditions as the Board may establish. In any event, in order to receive Restricted Stock, a Director must, at a minimum, (a) notify the Company of his or her current election to receive Restricted Stock by executing an applicable Election Form, and (b) execute a Shareholder Agreement by which he or she agrees not to sell any of the Restricted Stock until he or she leaves the Board. Any Restricted Stock Certificate issued to a Director in lieu of cash will bear restrictive legends consistent with the terms and conditions established by the Board for the issuance of the Restricted Stock as well as such other restrictive legends as may be required by law or SEC regulation.

The amount of any Director fees which the Director has designated to be used for the acquisition of Restricted Stock or Deferred Stock Units under the Plan shall be credited toward the Director's obligation to develop and maintain a stock position in the Company with an original investment of at least \$50,000 within three years of his or her initial election to the Board as set forth in the Company's Corporate Governance Guidelines.

Distribution of Benefits.

Distribution of benefits from the Plan will be made no earlier than the Director's Termination of Service or in the event of an approved Hardship. Subject to the Plan Administrator's approval, a Director may elect either (a) a single lump sum cash distribution of his or her Deferred Stock Unit Amount plus the balance of all other funds credited to his or her Director's Account, or (b) a single Common Stock distribution of the entire Deferred Stock Unit Amount reflected in the Director's Account. The number of shares of Common Stock to be distributed will be equal to the number of Deferred Stock Units credited to the Director's Account. The shares of Common Stock to be distributed may be treasury shares, or authorized but unissued shares, or a combination of both. Any additional funds remaining in the Director's Account shall be distributed in a single lump sum cash payment. All certificates for shares of Common Stock issued under the Plan for the Deferred Stock Unit Amount will bear restrictive legends consistent with the terms and conditions established by the Board for the issuance of the Restricted Stock as well as such other restrictive legends as may be required by law or SEC regulation.

Administration of the Plan.

The Board shall be responsible for appointing a Plan Administrator to administer the Plan. The Plan Administrator may be any individual or a committee authorized to act collectively on behalf of the Plan. The Plan Administrator will have sole discretionary responsibility for the operation, interpretation and administration of the Plan. Any action taken on any matter within the discretion of the Plan Administrator shall be final, conclusive and binding on all parties. In order to discharge its duties under the Plan, the Plan Administrator has the power and authority to adopt, interpret, alter, amend or revoke rules and regulations necessary to administer the Plan, to delegate ministerial duties and to employ such outside professionals as may be required for prudent administration of the Plan. The Plan Administrator also has the authority to enter into agreements on behalf of the Company necessary to implement the Plan.

Conclusion

In summary, if the shareholders approve this proposal, the Plan will become effective as of the date of the Annual Meeting.

Your Board of Directors recommends a vote FOR the proposal to approve the 2003 Non-Employee Director Equity Compensation Plan, as it may be amended from time to time.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and officers ("reporting persons") to file reports with disclosing their ownership, and changes in their ownership of the Company's common stock. Copies of these reports must also be furnished to the Company.

Based solely upon its review of the copies of reports furnished to the Company and written representations that no other reports are required, during 2002, the Company believes that all of the Company's officers and directors made all required filings on a timely basis.

Other Shareholder Proposals for Presentation at Next Year's Annual Meeting

For any proposal that is not submitted for inclusion in next year's Proxy Statement, but is instead sought to be presented directly at the 2004 Annual Meeting, SEC rules permit management to vote proxies in its discretion if the Company: (1) receives notice of the proposal before the close of business on March 17, 2004, and advises shareholders in the 2004 Proxy Statement about the nature of the matter and how management intends to vote on such matter, or (2) does not receive notice of the proposal prior to the close of business on March 17, 2004. Individual votes of shareholders are kept private, except as appropriate to meet legal requirements. Access to proxies and other individual shareholder voting records is limited to the Independent Inspectors of Election and certain employees of the Company and its agents who must acknowledge in writing their responsibility to comply with this policy of confidentiality.

Vote Required for Approval

The nominees receiving the nine highest vote totals (a plurality) of the votes cast at the meeting in person or by proxy will be elected as directors. Therefore, they will have no effect on the outcome of the other matters to be voted on at the meeting. A broker non-vote occurs when a nominee holding shares for a beneficial holder does not have discretionary voting power and does not receive voting instructions from the beneficial owner. Broker non-votes will not be treated as shares present and entitled to vote on a voting matter and will have no effect on the outcome of the vote.

Manner for Voting Proxies

The shares represented by all valid proxies received by mail, or submitted by telephone or Internet will be voted in the manner specified. Where specific choices are not indicated, the shares represented by all valid proxies received will be voted: (1) for the nominees for director named earlier in this Proxy Statement, (2) for ratification of the appointment of Deloitte & Touche as independent auditors, (3) for approval of the proposal relating to the material terms of executive officer performance goals and (4) for approval of the proposal relating to the 2003 Non-Employee Director Equity Compensation Plan. Solicitation of Proxies

Proxies will be solicited on behalf of the Board by mail or in person, and all solicitation costs will be paid by the Company. Copies of proxy material and of the Annual Report for 2002 will be supplied to holders of record, as well as to brokers, dealers, banks and voting trustees, or their nominees, for the purpose of soliciting proxies from beneficial owners, and the Company will reimburse such holders for their reasonable expenses. Mellon Investor Services has been retained to assist in soliciting proxies at a fee of \$5,500.00 plus distribution costs and other costs and expenses.

To exercise such option, a Director shall make an election in writing to the Plan Administrator to receive all or a portion of such Total Annual Retainer Fees in the form of Restricted Stock for the upcoming Term Year. Such election shall be made during the thirty (30) day period immediately prior to the beginning of each Term Year. 4.2 RESTRICTED STOCK.

The issuance of Restricted Stock in lieu of cash will be made by the Company on such terms and conditions as the Board may establish. The amount of a Director's Total Annual Retainer Fees payable to the Director for the Term Year which such Director has elected to receive as Restricted Stock divided by the average of the high and low prices of the Common Stock for the five trading days prior to the Calculation Date. No fractional shares will be credited. The excess deferred Total Annual Retainer Fees will be carried over to the next Payment Date for the purpose of computing the number of shares of Restricted Stock to be issued at such subsequent Payment Date. One-twelfth (1/12) of the number of shares of Restricted Stock so computed shall be issued to the Director on each Payment Date during the Term Year.

5.1 ANNUAL DEFERRAL ELECTION.

A Director shall have an option to defer their Annual Retainer, Lead Independent Director Retainer, Committee Chairman Fee, and such other compensation as the Board may deem appropriate, as the case may be, under the provisions of Article VI below. To exercise such option, a Director shall make an election in writing to the Plan Administrator to defer all or a portion of such Total Annual Retainer Fees for the upcoming Term Year. Such election shall be made during the thirty (30) day period immediately prior to the beginning of each Term Year. With respect to the initial deferral election under this Plan, such election shall be made during the thirty (30) day period beginning on the Effective Date of this Plan. With respect to a new Director, his or her initial deferral election must be made no later than 30 days after the first day of his or her initial term as Director. An election, once made, is irrevocable for the applicable period to which it relates. An election shall remain in force and effect for the applicable period to which such election relates and all subsequent Term Years unless changed during the thirty (30) day period prior to the beginning of a Term Year.

ARTICLE VI: DEFERRED DIRECTOR FEES PLAN

6.1 DEFERRED BENEFIT TYPE.

The type of benefit available to the Directors is the Deferred Stock Unit Amount. For purposes of this Plan, each Deferred Stock Unit is deemed to be equivalent to one (1) share of the Common Stock of the Company. The Deferred Stock Unit Amount is the value of the Deferred Stock Units credited to a Director's Account. The number of Deferred Stock Units to be credited to a Director's Account shall be computed as follows:

The amount of a Director's Total Annual Retainer Fees payable to the Director for the Term Year which such Director has elected to defer divided by the average of the high and low prices of the Common Stock for the five trading days prior to the Calculation Date. No fractional shares will be credited. The excess deferred Total Annual Retainer Fees will be carried over to the next Payment Date or the first trading day after the next dividend record date for the purpose of computing the number of Deferred Stock Units attributable to such subsequent Payment Date or the first trading day after the next dividend record date. One-twelfth (1/12) of the number of Deferred Stock Units so computed shall be credited to the Director's Account on each Payment Date during the Term Year.

The amount of any Total Annual Retainer Fees which a Director has designated to be used for the acquisition of Deferred Stock Units under this Plan shall be credited toward the Director's obligation to develop and maintain a stock position in the Company with an original investment of at least \$50,000 within three years of his or her initial election to the Board as set forth in the Company's Corporate Governance Guidelines.

The number of Deferred Stock Units to be credited to a Director's Account shall be adjusted, as appropriate, to reflect any stock split, any dividend payable in shares of Common Stock, any recapitalization of the Company or any reorganization of the Company.

A Director's Account shall be increased for cash dividends paid or payable on outstanding shares of Common Stock. In the event that the Company declares a cash dividend on the Common Stock, each Director's Account balance shall be increased by an amount equal to the number of Deferred Stock Units credited to a Director's Account on the date the cash dividend is declared multiplied by the amount of the cash dividend payable by the Company per share of outstanding Common Stock. The cash dividend amount shall then be converted into additional Deferred Stock Units as follows:

The cash dividend equivalent amount credited to a Director's Account divided by the average of the high and low prices of the Common Stock for the first trading day after the record date of the dividend. No fractional shares will be credited. The excess cash dividend equivalent amount will be carried over to the next Payment Date or the first trading day after the next dividend record date for

the purpose of computing the number of Deferred Stock Units attributable to such subsequent Payment Date or dividend record date.

6.2 DISTRIBUTION OF BENEFITS

6.2.1 ELIGIBILITY FOR PAYMENT.

Distribution of benefits from the Plan shall be made no earlier than the Director's Termination of Service or in the event of an approved Hardship.

(a) "Termination of Service" means the severance of a Director's service to the Board for any reason, including voluntary departure, failure to be renominated or re-elected, removal by vote of the shareholders, permanent disability (as determined by the Board) or death.

(b) "Hardship" means a severe financial hardship to the Director resulting from a sudden and unexpected illness or accident of the Director or a dependent of the Director, loss of the Director's property due to casualty, or other similar extraordinary and unforeseeable circumstances arising as a result of events beyond the control of the Director. The circumstances that will constitute a Hardship will depend upon the facts of each case, but, in any case, payment shall not be made in the event that such Hardship is or may be relieved:

- (1) through reimbursement or compensation by insurance or otherwise,
- (2) by liquidation of the Director's assets, to the extent that liquidation of such assets would not itself cause severe financial hardship, or
- (3) by cessation of Deferrals under this Plan.

6.2.2 DISTRIBUTION DUE TO HARDSHIP.

A Director may request a cash distribution due to a Hardship by submitting a written request to the Plan Administrator accompanied by evidence to demonstrate that the circumstances being experienced qualify as a Hardship. The Plan Administrator shall have the authority to require such evidence as it deems necessary to determine if a distribution is warranted. If an application for a distribution due to a Hardship is approved, the distribution is limited to an amount sufficient to meet the Hardship. The allowed distribution shall be payable in cash as soon as practicable after approval of such distribution. The number of Deferred Stock Units credited to the Account of a Director who receives a Hardship distribution shall be reduced by the amount of the cash Hardship distribution divided by the average of the high and low prices of the Common Stock for the five trading days prior to the date of such Hardship distribution.

6.2.3 COMMENCEMENT OF DISTRIBUTIONS.

Distribution of benefits to a Director under the Deferred Director Fees Plan shall commence thirty (30) days after the end of the month of the Director's Termination of Service, unless the Director makes a one-time irrevocable election to defer the commencement of the benefits to a specified later date and such election is made at least thirty (30) days before the date of Director's Termination of Service. A Director may elect that a distribution of benefits commence on any determinable future date as long as distributions commence no later than thirty (30) days following the later of (a) the calendar year of the Director's Termination of Service, or (b) the calendar year in which the Director attains age seventy and one half (70 1/2) years.

6.2.4 FORFEITURE OF BENEFITS.

Notwithstanding anything in this Plan to the contrary, the right of a Director or Beneficiary to receive future payments of either cash or Common Stock under this Deferred Director Fees Plan shall be forfeited upon the Director ceasing to be a Director for cause. For purposes of this Plan, "for cause" shall mean a Director's (a) conviction of, or plea of nolo contendere or guilty to, any criminal violation involving dishonesty, fraud or moral turpitude; (b) gross negligence; (c) willful and serious misconduct; (d) breach of trust or fiduciary duty in the performance of his or her duties or responsibilities; or (e) willful failure to comply with reasonable directives and policies of the Board.

6.3 FORM OF BENEFIT DISTRIBUTIONS

6.3.1

ELECTION. A Director or Beneficiary may elect the form, subject to the Plan Administrator's approval, of distribution of his or her benefits at any time at least thirty (30) days before his or her Termination of Service, by notifying the Plan Administrator in writing of his or her election.

6.3.2 FORM OF CASH DISTRIBUTIONS.

Subject to the Plan Administrator's approval, a Director or Beneficiary may elect a single lump sum cash distribution of his or her Deferred Stock Unit Amount plus the balance of all other funds credited to such Director's Account. With regard to cash distributions under this Deferred Director Fees Plan, the Deferred Stock Unit Amount shall be computed as follows:

The Deferred Stock Units credited to the Director's Account multiplied by the average of the high and low prices of the Common Stock for the five trading days prior to the date of distribution.

6.3.3 FORM OF COMMON STOCK DISTRIBUTION.

Subject to the Plan Administrator's approval, a Director or Beneficiary may elect a single Common Stock distribution of the entire Deferred Stock Unit Amount reflected in the Director's Account. The number of shares of Common Stock to be distributed shall be equal to the number of Deferred Stock Units credited to the Director's Account. The shares of Common Stock to be distributed may be treasury shares, or authorized but unissued shares or a combination of both. Any additional funds remaining in the Director's Account shall be distributed in a single lump sum cash payment.

All certificates for shares of Common Stock issued pursuant to this Plan for the Deferred Stock Unit Amount shall bear restrictive legends consistent with the terms and conditions established by the Board for the issuance of the Restricted Stock as well as such other restrictive legends as may be required by law or SEC regulation and shall be in a form substantially as follows:

The Shares represented by this Certificate have not been registered under the United States Securities Act of 1933 (the "Act") and are "restricted securities" as that term is defined in Rule 144 under the Act. The Shares may not be offered for sale, sold or otherwise transferred except pursuant to an effective registration statement under the Act, or pursuant to an exemption from registration under the Act, the availability of which is to be established to the satisfaction of the Company.

In the event the Company determines that the distribution of Common Stock does not qualify under an appropriate exemption from the registration requirements of state and federal securities laws or that the distribution of Common Stock would result in a violation of banking regulatory laws, the Company shall not have an obligation to issue the Common Stock and the Director's or Beneficiary's benefit under this Plan shall be limited to the cash value of the Deferred Stock Unit Amount as determined under Section 6.3.2 plus the balance of all other funds credited to such Director's Account.

6.3.4 FAILURE TO MAKE ELECTION.

If a Director or Beneficiary fails to elect a form of distribution before thirty (30) days preceding the Director's Termination of Service, benefits shall be paid in a cash lump sum to the Director or Beneficiary in the amount determined under Section 6.3.2.

6.4 BENEFICIARY INFORMATION

6.4.1 DESIGNATION.

A Director shall have the right to designate a Beneficiary, and amend or revoke such designation at any time, in writing. Such designation, amendment or revocation shall be effective upon receipt by the Plan Administrator.

6.4.2 FAILURE TO DESIGNATE A BENEFICIARY.

If a Director fails to designate a Beneficiary, or if no designated Beneficiary survives the Director and the benefits are payable following the Director's death, the Plan Administrator shall direct that payment of the benefits be made to the Director's estate.

6.5 ACCOUNTS

6.5.1 ACCOUNTS.

The Plan Administrator shall maintain a ledger account (the "Account") on behalf of each Director. Such Account shall be maintained to reflect the cumulative value of the Account. Upon the written request by a Director, the Plan Administrator shall provide a written accounting of the Director's Account within thirty (30) days of such written request.

6.5.2 OWNERSHIP OF ASSETS.

All amounts of director fees deferred under the Plan shall remain, until made available to the Director or Beneficiary, solely the property of the Company and shall be subject to the claims of the Company's general creditors.

6.5.3 NO RIGHTS AS A SHAREHOLDER.

No Director or Beneficiary shall have any voting or other rights as a shareholder of the Company with respect to the Deferred Stock Units credited to the Director's Account.

6.5.4 GRANTOR TRUST.

The Company may, but is not obligated to, establish at any time, in its sole discretion, a grantor trust to be utilized in conjunction with this Deferred Director Fees Plan.

6.5.5 NONQUALIFIED AND UNFUNDED.

This Deferred Director Fees Plan is a nonqualified and unfunded deferred compensation plan. It is intended to qualify for certain exemptions under Title I of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), provided for plans that are unfunded and maintained primarily for the purpose of providing deferred compensation for a select group of management or highly compensated employees.

ARTICLE VII: PLAN ADMINISTRATION, AMENDMENT OR TERMINATION

7.1 PLAN ADMINISTRATION.

The Board shall be responsible for appointing a Plan Administrator to administer the Plan. The Plan Administrator may be any individual or a committee authorized to act collectively on behalf of the Plan. The Plan Administrator shall have sole discretionary responsibility for the operation, interpretation and administration of the Plan. Any action taken on any matter within the discretion of the Plan Administrator shall be final, conclusive and binding on all parties. In order to discharge its duties hereunder, the Plan Administrator shall have the power and authority to adopt, interpret, alter, amend or revoke rules and regulations necessary to administer the Plan, to delegate ministerial duties and to employ such outside professionals as may be required for prudent administration of the Plan. The Plan Administrator shall also have authority to enter into agreements on behalf of the Company necessary to implement this Plan.

7.2 AMENDMENT OF PLAN.

The Company shall have the right to amend the Plan, at any time and from time to time, in whole or in part; however, (a) no amendment may decrease the amount credited to a Director's Account prior to such amendment; and (b) no amendment shall be effective unless and until the same is approved by the shareholders of the Company where the failure to obtain such approval would adversely affect the compliance of the Plan under applicable law. Shareholder approval shall be required to increase the aggregate number of shares of Common Stock that may be issued under this Plan. The Company shall notify each Director in writing of any Plan amendment.

7.3 TERMINATION OF PLAN.

Although the Company has established this Plan with the intention and expectation to maintain the Plan indefinitely, the Company may terminate or discontinue the Plan at any time without any liability for such termination or discontinuance. Upon Plan termination, all Deferrals shall cease. The Company shall retain each Director's Account balance until the distribution of the benefits has been completed in the form determined under Article VI of this Plan.

ARTICLE VIII: MISCELLANEOUS

8.1 ASSIGNMENT.

Neither a Director, a Beneficiary nor their heirs shall have any right to commute, encumber, dispose of, assign or transfer the right to the benefits under this Plan, except as expressly consented to by the Plan Administrator which consent may be withheld in its sole discretion. Any attempt to commute, encumber, dispose of, assign or transfer such benefits in violation of this section is void. To the extent permitted by law, the right of any Director or Beneficiary in any benefit or to any payment under this Plan shall not be subject in any manner to attachment or other legal process for the debts of such Director or Beneficiary.

8.2 TAXES AND WITHHOLDING.

Directors shall be responsible for the payment of all applicable Federal, state and local taxes arising from the benefits hereunder, and if applicable, the Company shall withhold from the distribution of such benefits any and all taxes as required by law.

8.3 CHANGE OF CONTROL.

In the event of a Change of Control, each Director shall have the right, in his or her sole discretion, to request immediate distribution of his or her benefits under this Plan. For purposes of this Agreement, a "Change of Control" shall be deemed to have occurred if (i) any "person" or "group" (as such terms are used in Section 13(b) of the Securities Exchange Act of 1934, as amended (the "Exchange Act")), is or becomes the "beneficial owner" (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of the Company representing 50% or more of the combined voting power of the Company's then outstanding securities and within one (1) year after such "person" or "group" acquires 50% or more of the combined voting power of the Company (the "Trigger Date") the members of the Board immediately prior to the Trigger Date cease to constitute a majority of the Board, (ii) there shall be consummated any consolidation or merger of the Company in which the Company is not the surviving or continuing corporation or pursuant to which shares of the Company's Common Stock would be converted into cash, securities or other property, other than a merger of the Company in which the holders of the Company's Common Stock immediately prior to the merger have (directly or indirectly) at least a 51% ownership interest in the outstanding Common Stock of the surviving corporation immediately after the merger, or (iii) any sale, lease, exchange or other transfer (in one transaction or a series of related transactions) of all, or substantially all, of the assets of the Company, except for any sale, lease exchange or transfer resulting from any action taken by any creditor of the Company in enforcing its rights or remedies against any assets of the Company in which such creditor holds a security interest.

In the event of a Change of Control, this Plan shall continue in full force and effect until terminated as provided herein. Upon termination of this Plan, all Deferrals shall cease; however, the surviving entity in the Change of Control shall retain each Director's Account balance until the distribution of benefits has been completed in the form determined under Article VI of this Plan.

8.4 ENTIRE AGREEMENT.

This Plan supersedes all plans or agreements previously made between the Company and the Directors relating to its subject matter.

8.5 SEVERABILITY.

Every part, term or provision of this Plan is severable from the others. Notwithstanding any possible future finding by duly constituted authority that a particular part, term or provision is invalid, void or unenforceable, this Plan has been made with the clear intention that the validity and enforceability of the remaining parts, terms and provisions shall not be affected thereby.

8.6 NOTICE.

Any notice to be delivered under this Plan shall be given in writing and delivered, personally or by certified mail, postage prepaid, addressed to the Company or Director at their last known address.

8.7 GOVERNING LAW.

This Plan shall be construed in accordance with and governed by the applicable Federal law and, to the extent otherwise applicable, the laws of the State of Nevada.
