Chief Executive Officer's Comments

Roy T. K. Thung, Chief Executive Officer, commented, "We are delighted to report a second consecutive record quarter after our record 2002 year. As previously announced, we are continuing to expand our distribution network and grow our in-force business through the appointment of new MGUs, while maintaining favorable loss ratios. Our 32% owned affiliate, American Independence Corp. (NASDAQ: AMIC), has reported an 11% sequential increase in net income from operations for its first two complete quarters of operations as an insurance holding company, and AMIC has indicated that it remains optimistic about its future results. For these reasons, your management remains quite optimistic as to IHC's operating results for the remainder of this year."

Stockholders' Equity/Book Value

IHC's book value per share increased at June 30, 2003 to \$20.99 per share from \$20.03 per share at March 31, 2003. IHC marks-to-market all of its fixed income securities; as a result, interest rate changes impact, positively and negatively, stated stockholders' equity.

IHC is a holding company engaged principally in the life and health insurance business and the acquisition of blocks of policies through Standard Security Life Insurance Company of New York and Madison National Life Insurance Company, Inc. Standard Life markets medical stop-loss, long-term and short-term disability, group life and managed health care products. Madison Life sells group life and disability, medical stop-loss, credit life and disability and individual life insurance.

Some of the statements included herein may be considered to be forward looking statements which are subject to certain risks and uncertainties. Factors which could cause the actual results to differ materially from those suggested by such statements are described from time to time in IHC's filings with the Securities and Exchange Commission.
