ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD TUESDAY, MAY 20, 2008

PROXY STATEMENT

This Proxy Statement is furnished to the Shareholders of Bar Harbor Bankshares (the "Company") in connection with the solicitation of proxies on behalf of the Board of Directors for use at the Annual Meeting of Shareholders (the "Meeting"). The Meeting will be held on Tuesday, May 20, 2008, at 11:00 a.m. EDT at the Bar Harbor Club located at 111 West Street in Bar Harbor, Maine. The official *Notice of the Annual Meeting of Shareholders* accompanies this Statement. A *Form of Proxy* for use at the meeting and a return envelope for the proxy are enclosed. A Shareholder who executes the proxy may, prior to its use, revoke it by written instrument, by a subsequently executed proxy or, if attending the Meeting, by notifying the Clerk or by giving notice at the Meeting. This *Proxy Statement* and the enclosed *Form of Proxy* will be mailed to the Shareholders of the Company on or about April 7, 2008.

Proxies are being solicited by the Board of Directors of the Company, (the "Board"), principally through the mail.

The Board of Directors and Management of the Company may also solicit proxies personally, or by telephone, e-mail, or facsimile transmission. The entire expense of solicitation, including costs of preparing, assembling, and mailing the proxy material will be borne by the Company. These expenses are not expected to exceed the amount normally expended for an annual meeting at which directors will be elected.

Unless contrary instructions are specified, if the enclosed proxy is executed and returned (and not revoked) prior to the Annual Meeting, the shares of common stock of the Company represented thereby will be voted (1) **FOR** the election of the fourteen [14] persons nominated as directors by the Board of Directors for a term of one year, (2) **FOR** setting the number of directors at fourteen [14], and (3) to transact such other business as may properly come before the Annual Meeting or any adjournment thereof.

Shareholders of record as of the close of business on March 24, 2008, (the "Record Date") will be entitled to notice of and to vote at the Annual Meeting. Each share of Company common stock issued and outstanding is entitled to one vote upon each matter presented at the Meeting. Only Shareholders of record at the close of business on the Record Date are entitled to vote at the Meeting. The presence at the Meeting, either in person or by proxy, of the holders of not less than a majority of the shares entitled to vote at any meeting will constitute a quorum. If a quorum is present at the Annual Meeting, action may be taken on any matter considered by the holders of a majority of the shares present and voting. The inspector of election will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but not for purposes of voting with respect to determining the approval of any matter submitted to the Shareholders for a vote. Shareholders who are present will have an opportunity to vote on each matter properly brought before the Meeting. If a broker indicates on the Proxy Card that it does not have discretionary authority as to certain shares to vote on a particular matter those shares will be considered as present for purposes of determining a quorum, but not for purpose of voting with respect to that matter.

CORPORATE GOVERNANCE

Board of Directors:

A Board of Directors comprised of fourteen [14] members managed the Company during 2007. A majority of the Board of Directors meets the independence standards established by AMEX. The Board has determined that all the named director-nominees listed in this Proxy, with the exception of Mr. Murphy, meet applicable independence standards established by AMEX. The Board of Directors of the Company held a total of eleven [11] regular meetings, one special meeting, and one [1] annual meeting during 2007. The Bylaws of the Company provide for a minimum of quarterly meetings. Each director attended at least 75% of the total number of board and committee meetings that he or she was eligible to attend.

The Board encourages, but does not require, each director to attend its Annual Meeting. All but one of the Board's members attended the 2007 Annual Meeting.

Committees:

The Board of Directors has a standing Audit Committee, Executive Committee, Governance Committee, and Compensation and Human Resources Committee.

(Page 11)

Executive Committee

The Bylaws of the Company provide that after each Annual Meeting of Shareholders, the Board shall designate from among its members an Executive Committee with the authority to exercise all the powers of the Board of Directors in regard to ordinary operations of the business of the Company when the Board is not in session, subject to any specific vote of the Board. The Executive Committee for 2007 included directors Colwell, Dodge, Dudman, Murphy, Phillips, Shea, and Toothaker. Mr. Colwell serves as Chairperson. The Executive Committee held three [3] meetings in 2007.

Audit Committee

The members of the Audit Committee included directors Toothaker, Dudman, Fernald, Hannah, Smith, and Woodside. Mr. Toothaker serves as Chairperson of the Committee. The Audit Committee met four [4] times during 2007. See **Appendix A** for Report of Audit Committee. The Audit Committee has a written charter, which may be viewed on the Company's general website at www.BHBT.com.

The Company's Board has determined that the Audit Committee is composed of independent directors, in accordance with applicable AMEX listing requirements and Rule 10A-3(b)(1) under the Exchange Act. The Audit Committee operates under a written charter, which has been adopted by the Audit Committee and the Company Board. Audit Committee members do not accept any consulting, advisory, or other compensatory fees (except directors fees) and are not affiliated with the Company (except as a director) or any of its subsidiaries. The Board of Directors has determined that the Company has at least one "audit committee financial expert" serving on its Audit Committee. Mr. Scott G. Toothaker, CPA, meets the criteria for an "audit committee financial expert" and is "independent" within the meaning of the rules adopted by the AMEX pursuant to the Sarbanes-Oxley Act of 2002.

The Audit Committee has the sole authority to appoint and replace the Independent Registered Public Accounting Firm. The Audit Committee is responsible for the compensation and oversight of the Independent Registered Public Accounting Firm and this firm reports directly to the Audit Committee. The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to (i) the financial information to be provided to Shareholders and the Commission; (ii) the review of quarterly financial statements; (iii) the system of financial controls management has established; and (iv) the internal audit, external audit, and loan review processes.

Governance Committee

The Governance Committee for 2007 was comprised of directors Shea, Colwell, Dodge, Fernald, and Phillips. The Governance Committee met five [5] times during 2007. Mrs. Shea served as Chairperson of the Committee. The Company Board of Directors has determined that each member of the Governance Committee is independent for purposes of AMEX listing standards.

The Governance Committee's responsibilities include screening director candidates, recommending nominees to the full Board of Directors (including the slate of returning directors) to be elected each year, making recommendations concerning the size and composition of the Board of Directors, recommending Committee structure and membership, and sponsoring new director orientation and education. The Governance Committee has a written charter, which may be viewed on the Company's general website at www.BHBT.com.

The Governance Committee expects to identify nominees to serve as directors of the Company primarily by accepting and considering the suggestions and nominee recommendations made by directors, management, and shareholders. To date the Governance Committee has not engaged any third parties to assist it in identifying candidates for the Board of Directors. The Governance Committee considers among other things the background, business and professional experience (including any requisite financial expertise or other special qualifications), current employment, community service, and other board service of its director-nominees, as well as racial, ethnic, and gender diversity of the Board as a whole. The Governance Committee generally considers a candidate's qualifications in light of these broad criteria as well as an assessment as to whether the candidate can make decisions on behalf of or while representing the Company in a manner consistent with its stated business goals and objectives. The Governance Committee will also consider the candidate's "independent" status in accordance with applicable regulations and listing standards. The Governance Committee will consider nominees recommended by Shareholders. Any shareholder wishing to nominate a candidate for director must follow the procedures for submission of proposals set forth in the section of this Proxy Statement entitled "Nominations by shareholders."

(Page 12)

Compensation and Human Resources Committee

The Compensation and Human Resources Committee reviews and considers recommendations from management, consultants, and directors concerning executive compensation policies, employee benefit plans, and salary administration programs, including reviewing annually the performance, total compensation, and recommended adjustments for all executive officers and the executive officers of the Company's subsidiaries. The deliberations of the Compensation and Human Resources Committee are reported to the Board of Directors for review and approval. The Compensation and Human Resources Committee has a written charter, which may be viewed on the Company's general website at www.BHBT.com.

The Compensation and Human Resources Committee is comprised of Company directors Phillips, Dearborn, Dodge, Fernald, and Shea. Mr. Phillips serves as Chairperson of the Committee. The Company's and Bank's President and Chief Executive Officer, Mr. Murphy, serves on the Committee in a non-voting, ex-officio capacity, as does the Bank's Human Resources Officer, Mrs. Marsha C. Sawyer. All voting members of the Compensation Committee are independent for purposes of AMEX listing standards. The Compensation and Human Resources Committee met eight [8] times during 2007.

COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Discussion and Analysis

In the paragraphs that follow, we will provide an overview and analysis of our compensation program and policies, the material compensation decisions we have made under those programs and policies with respect to our named executive officers, and the material factors that we considered in making those decisions. Later in this Proxy Statement under the heading, "Executive Compensation" is a series of tables containing specific information about the compensation earned or paid in 2007 to the executives, whom we refer to as our named executive officers.

The discussion below is intended to help you understand the detailed information provided in those tables and put that information into context within our overall compensation program.

Objectives of the Company's Compensation Program

The objective of the Company's compensation program is to attract, retain, motivate, and reward executives who contribute to our financial and operational success, which ultimately builds value for our shareholders. We believe that, in order to do this effectively, our program must:

- provide our executives with total compensation opportunities at levels that are competitive for comparable positions at companies and banks with whom we compete for talent
- directly link a significant portion of total compensation to the Company's achievement of performance goals in a way that proportionally rewards higher performance levels
- provide significant upside opportunities for exceptional individual performance, which can result in differentiated compensation among executives based on performance, and
- closely align our executives' interest with those of our shareholders by making stock-based incentives a core element of our executive's compensation

Role of the Compensation Committee

The Compensation and Human Resources Committee (the "Committee") administers the Company's executive compensation programs. The Committee recommends these programs to the Company's Board of Directors for approval at least annually and more frequently, if circumstances warrant. These executive programs are intended to provide a variety of competitive compensation components including base salaries, traditional benefits,

(Page 13)

annual performance incentives, and retirement programs. In addition, the Company has sought to align the long-term interests of its executives with those of the shareholders by providing share-based incentives in the form of stock option grants.

Market and Comparative Data

The Committee approves and recommends to the Board compensation programs it believes meets the Company's ongoing need to attract, motivate, and retain talented and qualified executives who have the capacity to make a major contribution to the leadership and success of the Company. In fulfilling this requirement, the Committee has used a variety of consultants, employment attorneys, and third party providers of service as sources to assist in the establishment and implementation of its executive compensation programs. The Committee regularly reviews industry-standard compensation surveys provided by objective sources for state and regional perspectives. These resources primarily include the Financial Institutions Compensation and Benefit Survey for Northern New England

and Salary.com's on-line surveys. In addition, the Committee reviews comparative salary and benefit information gleaned from some public filings of a peer group the Company established for financial results comparison (the "Company Peer Group"). The Committee believes these Company Peer Group filings disclose compensation programs of similarly situated executives in comparable institutions throughout Maine and the Northeast region and are a useful comparative tool for the Committee in establishing executive compensation programs and individual criteria. In 2007, the Company Peer Group was comprised of the following:

- Arrow Financial Corp (AROW)
- Bancorp Rhode Island (BARI)
- Bridge Bancorp (BDGE)
- Camden National Corporation (CAC)
- First National Lincoln Corp (FNLC)
- Merchants Bankshares Inc/VT (MBVT)
- Northeast Bancorp ME (NBN)
- Slade's Ferry Bancorp (SFBC)
- Union Bankshares /ME (UNBH)
- The Wilbur Corp (GIW)

The Committee also considers the relative scarcity of senior banking executive candidates in its immediate market area and the difficulties of recruiting out-of-market candidates to work in rural Maine. The Committee does not use any formal, fixed, or indexed criteria for establishing compensation levels for any of its executive officers. The Committee believes over time, the growth in total compensation provided to its executive officers should be more heavily weighted towards incentive compensation opportunities directly tied to corporate performance with less emphasis upon growth in base salaries.

Role of Executives in Establishing Compensation

On an annual basis Mrs. Marsha C. Sawyer, the Senior Vice President of Human Resources, with the oversight of the Chief Executive Officer, provides the Committee with general information on executive officer compensation. The Committee then reviews, discusses, and considers this information and any recommendations. The Chief Executive Officer and the Senior Vice President of Human Resources generally attend Committee meetings but were not present for the executive sessions or for any discussion of their own compensation. Mrs. Sawyer assists in the administration of all executive compensation programs, prepares Committee and Board meeting materials and performs work as requested by the Committee, including the preparation of peer analyses. Mr. Murphy, the Company's President & Chief Executive Officer, attends portions of the Committee's meetings and makes recommendations on base salary, annual incentives, and equity compensation for executive officers who report to him. No changes occurred in 2007 with respect to this participation by the foregoing executive officers.

Compensation Consultants

The Committee has occasionally utilized, and expects to utilize in the future, various outside consultants, actuaries, and employment attorneys to assist it in developing and implementing certain of the Company's compensation program components, including its stock option program, Supplemental Executive Retirement Plan ("SERP"), and incentive compensation arrangements.

(Page 14)

During 2007, Committee Chair Phillips met with several compensation consulting firm representatives and attended a multi-day conference sponsored by *Bank Director Magazine*, NASDAQ, and Institutional Shareholder Services specifically targeted at Bank Executive & Board Compensation best practices. In January, 2008, the Committee, under authority granted by its Charter, engaged Pearl Meyer & Partners to assist in a total review of the

Company's executive and director compensation packages. The scope of Pearl Meyer's engagement includes:

- A comprehensive and competitive review of the Company's total compensation arrangements including base salaries, equity and retirement programs for the Company's CEO and its senior executives including the named executive officers
- A comprehensive review of the Company's compensation program for its directors
- Recommending possible members for an expanded, appropriate Peer Company comparison group
- Assisting in the establishment of an appropriate compensation mix and pay for performance plan based on the Company's size, geographic location, and unique characteristics
- Developing short term and long term incentive programs for its executives to include thresholds, targets, and stretch goals tied to the Company's strategic and long term financial plans
- Providing guidance in the Board's development of a future CEO compensation package and its separate components as part of the Company's long-term succession planning

Compensation Plan Components

The Company's executive compensation program is comprised of the following primary components: (a) base salaries and benefits, (b) annual incentive cash compensation programs, (c) long-term incentives in the form of stock option grants, and (d) retirement benefits:

(a) Base Salary and Benefits.

The executive compensation program provides base salaries and benefits, which include health and life insurance programs, a 401(k) retirement program, and vacation awards to compensate executive officers for capable performance of core duties and responsibilities associated with their positions. The Committee reviews base salaries annually in the context of the comparative industry information, as described above. The Committee also considers the specific contributions of the individual executive officer and the officer's opportunity for professional growth, as well as market factors, when it sets and adjusts base salaries. In addition, the Committee considers the prevailing economic climate, the overall performance of the Company, and its most current business plan.

The Committee believes that the 2007 base salaries for named executive officers, Bonsey, Hurley, and Leackfeldt were conservatively adjusted within a nominal 1.60% to 2.00% range pending the selection and engagement of a consulting firm specializing in financial executive compensation programs. At the request of CEO Murphy, no adjustment was made to his base salary for 2007. The 2007 base salaries of two named executives, Dalton and Shencavitz, were initially adjusted by 2.00% and 2.68%, respectively, but further adjusted during the calendar year. Mr. Dalton's base salary was increased to \$117,106 (9.34%) in August, 2007 in recognition of strong functional performance and local pressure on market salaries for similar positions. Mr. Shencavitz's base salary was increased in December, 2007 to \$174,000 (13.47%) in recognition of his strong corporate contributions and his promotion to Executive Vice President.

(b) Incentive Cash Compensation Program.

During 2007, named executive officers, Messrs. Murphy, Shencavitz, Bonsey, Dalton, Hurley, and Leackfeldt participated in an annual cash incentive compensation plan with two tiers representing an opportunity for incentive payments. This plan was approved by the Company's Board of Directors in 2007, but was not reduced to a formal written plan, arrangement, or program. The first tier provided for a payment equal to the corporate payout to the majority of all staff based on the final net income of the Company for 2007. A second tier provided for a pool of funds of one-and-a-half times the percentage paid under the general corporate plan to be distributed among nine identified senior managers at the Board's discretion based on performance, completion of strategic initiatives, and functional results for 2007. Each named executive received 5% of their 2007 base salary under tier one and a pro-rata share of the second \$83,850 discretionary pool distributed among the nine senior managers. The total distribution to named executive officers represented 12.50% of their 2007 base earnings.

(Page 15)

The 2007 two tiered incentive program is detailed in the table immediately below. Line A represents the 2007 income threshold required to trigger any incentive payment to plan participants. The Company achieved the \$7.154 million net income bolded on Line D, and payments were distributed accordingly to the named executive officers.

	2007 Net Income	Tier 1 General Incentive Payout as Percent of Salary	Tier 2 Percentage of Salary Contributed to Discretionary Pool for Senior Management	Dollars Contributed to Senior Management Discretionary Pool
A	\$6,880,000 (Threshold)	3.00%	4.50%	\$ 50,316
B	\$7,017,000	4.00%	6.00%	\$ 67,088
C	\$7,085,000	4.50%	6.75%	\$ 75,474
D	\$7,154,000	5.00%	7.50%	\$ 83,850
E	\$7,223,000	5.50%	8.25%	\$ 92,246
F	\$7,292,000	6.00%	9.00%	\$100,632

Stock Option Plan.

(c)

Since adopting its Stock Option Plan in 2000, the Company has provided its officers and managers, including its named executive officers, with a share-based compensation component in the form of stock options. This compensation component is used to align the interest of the Company's participating officers and managers, particularly its executive officers, with those of its Shareholders over a long-term horizon. The Company grants options upon date of hire or promotion for qualified individuals, and from time to time for special recognition. The Company awards all grants at the closing market price on the business day just prior to the enabling vote by the Company's Board of Directors. The Board of Directors also sets the vesting schedule, which is typically over a period of three to seven years. During 2007, the Company granted 2,400 stock options to each of its named executive officers, with the exception of the CEO, upon the recommendation of the Chief Executive Officer in recognition of progress on long term strategic goals as a balance to the conservative 2007 base salary adjustments.

(d) Benefits, Retirement and Post Termination Compensation Elements.

The Company provides for all employees meeting minimum age and service requirements a qualified defined contribution 401(k) benefit retirement plan. In addition, the Company provides a nonqualified, noncontributory, defined-benefit, ("SERP") for certain highly compensated officers. Currently, the Chief Executive Officer and Executive Vice President/Chief Financial Officer are the only two named executive officers that participate in a SERP. The Company's 401(k) plan has imbedded regulatory ceilings that limit the two most senior executives from deferring amounts sufficient to provide for a reasonable, final average salary retirement benefit. The Company utilizes its SERP plan as a vehicle to assist in funding the Chief Executive Officer's and Executive Vice President/Chief Financial Officer's total retirement program.

The Company also maintains change in control agreements for named executive officers Murphy, Shencavitz, Bonsey, Dalton and Hurley. The agreements provide for the payment of their salary and other specified benefits for a period of twelve to twenty-four months in the event of both a change of control of the Company and subsequent termination (or constructive termination) within set timeframes after a change of control, unless such termination was for cause. These specific payments and timeframes were established under the advice of a compensation consultant and employment attorney as representative of similar type agreements

in the industry.

The Committee believes that the Company's SERP plan and change in control agreements are advisable to provide a competitive total compensation plan to attract and retain the employment of named executive officers that are a party to the agreements.

Other Compensation and Benefits

In addition to the foregoing, all executive officers of the company are entitled to participate in certain group health, dental, and term life insurance benefits. In accordance with Company policy, all such benefits are generally available to employees of the Company and its subsidiaries.

(Page 16)

Stock Ownership Guidelines

While many of the Company's executive officers have significant Company stock holdings, it does not have specific guidelines regarding stock ownership for its named executive officers.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code limits the deductibility of executive compensation paid by publicly held companies to certain of their executive officers to \$1 million per year, but contains an exception for performance based compensation. Although the Company intends to maximize the deductibility of compensation paid to executive officers, it also intends to maintain the flexibility to take actions it considers to be in the Company's best interest including, when circumstances are appropriate, to consider factors other than tax deductibility. The Committee's objective is to structure executive compensation programs to maximize the deductibility of executive compensation under the Internal Revenue Code. The Committee reserves the right, however, in the exercise of its business judgment, to establish appropriate compensation levels for executive officers that may exceed the limits on tax deductibility established under Section 162(m). In 2007, no compensation was paid which exceeded the deductibility limit of \$1 million.

Compensation Committee Report

The Compensation Committee has reviewed the Compensation Discussion and Analysis included in this proxy statement and has discussed it with members of management. Based on such review and discussion, the Compensation Committee recommended to the Board of Director members that the Compensation Discussion and Analysis be included in its Annual Report on Form 10-K and this Proxy Statement.

NARRATIVE DISCUSSION AND ANALYSIS OF SUMMARY COMPENSATION TABLE

The Committee believes the following information and discussion is useful to the reader in understanding the information set forth in the above Summary Compensation Table.

Chief Executive Officer Employment Agreement

The Company has a written employment agreement (the "Employment Agreement") originally dated January 3, 2003, with Mr. Joseph M. Murphy, its Chief Executive Officer ("CEO"). On November 7, 2003, the Company amended its written employment agreement with Mr. Murphy in connection with adoption of the Company's Supplemental Executive Retirement Program and Change of Control Agreement. The Employment Agreement provides for the payment of an annual base salary to the CEO of not less than \$18,333.00 per month (an annualized rate of not less than \$220,000.00 per annum). The Employment Agreement provides for a review of the CEO's base salary not less than annually and may be adjusted at the Company's sole discretion. The CEO is also eligible to participate in a performance compensation plan with goals and incentive payments to be approved by the Board annually. The Employment Agreement is for an initial term of two [2] years with provisions for automatic extensions of one [1] year each in the absence of notice from the Company of its intention not to extend the term of the Employment Agreement. The initial term of the Employment Agreement commenced on January 3, 2003, and

continued through January 3, 2005, unless sooner terminated. Neither the Company nor the CEO has given notice of termination, and, therefore, the Employment Agreement has been extended by its terms through January 3, 2009. The Employment Agreement contains restrictions on competition by the CEO with the Company during the term of the Employment Agreement and for a period of one [1] year following the cessation of the CEO's employment with the Company regardless of reason.

Mr. Murphy's Employment Agreement also provides, with limited exceptions, for a severance payment to the CEO in the event his employment is terminated within one [1] year prior to or following certain events defined to constitute a change in control of the Company. This severance payment resulting from a termination of

(Page 19)

employment (constructive termination) following a change in control is equal to two [2] times the CEO's base annual salary, incentive compensation payments earned, and any accrued but unused vacation time. In addition, Mr. Murphy's stock options and supplemental executive retirement benefits will vest in accordance with the terms of the plans under which they were granted and vest fully upon a change in control. In the event that Mr. Murphy becomes subject to an excise tax on payments made under his agreements and various benefit plans in connection with a change in control, he will be reimbursed for payment of such amounts upon such time as the assumptions and calculations have been prepared, reviewed, and confirmed by a nationally recognized accounting firm.

Both the Committee and the Board of Directors have reviewed and approved Mr. Murphy's Employment Agreement and Change of Control Agreement.

Compensation of the Chief Executive Officer

On an annual basis, the Committee reviews the existing compensation plan for the Company's Chief Executive Officer, Joseph M. Murphy (the "CEO"). The Committee reviews this compensation plan in the context of the Company's overall performance, the achievement of certain financial and non-financial goals and the judgment of the entire Board of Directors as to the quality of the CEO's leadership. In addition, the Committee compares the CEO's compensation to CEOs of the Company's Peer Group and salary survey information for comparable positions. In making these comparisons, the Committee takes into account appropriate differences in the size, business model, and financial performance of the other banking institutions.

In accordance with the CEO's Employment Agreement with the Company, the Committee reviews the CEO's base salary no less often than annually and may recommend an increase in his base salary to the Board of Directors at the Committee's sole discretion. During 2007, at the request of CEO Murphy, no adjustment was made to his base salary. CEO Murphy requested the Compensation Committee distributed the budgeted pool of funds for 2007 base salary adjustments among the remaining eight senior management members.

As further discussed below, the CEO participated in the two-tiered annual incentive cash compensation plan provided to all executive officers. During 2007, Mr. Murphy received a payment under each tier for a total of 12.50% of salary.

During 2007, the Committee did not grant the CEO any additional stock options. The Committee believes the initial grant provided upon his hire in February 2002 was sufficient and reasonable to provide a potential reward for shareholder gains over the estimated term of his employment with the Company.

The CEO is a member of the Board of Directors of the Company and its subsidiaries. He does not receive any director fees for participating in the activities of these Boards.

Other Change in Control, Confidentiality, and Non-competition Agreements

The Company entered into Change in Control, Confidentiality, and Non-competition Agreements with the Company's Executive Vice President and Chief Financial Officer, Mr. Gerald Shencavitz. This agreement provides Mr. Shencavitz with severance of both salary and benefits for a period of eighteen [18] months in the event of both a change of control of the Company and subsequent termination (or constructive termination) within twelve [12] months after a change of control, unless such termination was for cause. In addition, Mr. Shencavitz's stock options and supplemental executive retirement benefits will vest in accordance with the terms of the plans under which they were granted and vest fully upon a change in control. In the event that Mr. Shencavitz becomes subject to an excise tax on payments made under his agreements and various benefit plans in connection with a change in control, he will be reimbursed for payment of such amounts upon such time as the assumptions and calculations have been prepared, reviewed, and confirmed by a nationally recognized accounting firm.

The Company has also entered into Change in Control, Confidentiality, and Non-competition Agreements with Bar Harbor Trust Services President, Daniel A. Hurley III, and the Bank's Senior Vice Presidents, Michael W. Bonsey and Gregory W. Dalton along with three other senior managers. Their agreements provide for severance of

(Page 20)

both salary and benefits for a period of twelve [12] months in the event of both a change of control of the Company and subsequent termination (or constructive termination) within twelve [12] months of a change of control, unless such termination was for cause.

All of these agreements were entered into as part of a total compensation program to attract and/or retain qualified executives and not entered into in response to any effort known to the Board of Directors by any party or entity to acquire control of the Company.

Incentive Cash Compensation

During 2007, named executive officers, Messrs. Murphy, Shencavitz, Bonsey, Dalton, Hurley, and Leackfeldt participated in an annual cash incentive compensation program with two tiers representing opportunities for incentive payments. The first tier provided for a payment equal to the corporate payout to the Company's general employee population based on the final net income of the Company. The second tier provided for a pool of one-and a half times the percentage paid under the corporate program to be distributed equally among nine identified senior managers, including the named executive officers, or at the Board's discretion based on performance, completion of strategic initiatives, and functional results. At the recommendation of the Compensation Committee, the Board approved each named executive to receive 5% of their 2007 earned base salary under the general corporate payout and 7.50% of their earned base salary under the second tier of the program.

Other Compensation and Benefits

In addition to the foregoing, all executive officers of the Company are entitled to participate in certain group health, dental, and term life insurance benefits. In accordance with Company policy, all such benefits are generally available to employees of the Company and its subsidiaries.

PENSION TABLE NARRATIVE

Supplemental Executive Retirement

The Company maintains a nonqualified, noncontributory, defined-benefit; supplemental executive retirement program (the "SERP") for certain highly compensated executive employees. Messrs. Murphy and Shencavitz were the only authorized participants (the "Participants") in the SERP as of December 31, 2007. Under the SERP the Participants are eligible to receive upon most termination events, disability, or death, an individually defined benefit payment based upon a predetermined vesting schedule. No plan benefits are payable to these individuals if they are terminated for cause as defined in the document.

Upon Normal Retirement Age, defined as age 68 for Mr. Murphy and age 65 for Mr. Shencavitz, monthly payments of \$11,200 and \$8,583, respectively will be paid under the SERP to the named executives (or their beneficiary) for a period of 240 months. There are also provisions under the SERP for reduced monthly payments in the event of an early retirement by any of these individuals. As of December 31, 2007, Messrs. Murphy and Shencavitz have vested monthly benefits of \$6,457 and \$1,768, respectively.

SERP benefits for both participants will fully vest upon a defined change of control of the Company.

Potential Payments upon Termination or Change in Control

The Company has entered into change of control agreements and maintains certain benefit plans that require it to provide compensation to executive officers in the event of a termination of employment or a change in control. The tables below set forth the amount and types of compensation payable to each executive officer upon voluntary termination without good reason, involuntary termination without cause, voluntary termination for good reason, termination for cause, death, disability, retirement, or termination after a change in control. The amounts assume a hypothetical termination of employment effective as of December 31, 2007, and include estimates of the amounts, which would be paid to the executives in each specified circumstance. The actual amounts to be paid can only be determined at the time of an executive's actual separation.

Notes

- A Cash Severance. Twenty-four months of severance would have been payable to Mr. Murphy if his employment was terminated by Bar Harbor Bankshares for any reason other than cause, death, disability, or retirement as defined in his written Employment Agreement. Severance payable to all other executives represents a payment due upon a hypothetical change of control event and their subsequent termination under the terms of their agreements. Payments disclosed represent twelve months of salary for Bonsey, Dalton, and Hurley and eighteen months for Shencavitz. Mr. Leackfeldt has not entered into a change of control agreement with the Company so no severance would be due him.
- B Pro Rata Bonus. Bonuses/Incentive amounts earned in 2007 were paid in three installments. The amount disclosed above represents the amounts due, but not yet paid, to each executive on December 31, 2007. These amounts were paid in 2008. The full amount of incentive payments earned for the fiscal year 2007 has been disclosed in the "Summary Compensation Table for 2007" on page 17 of this Proxy statement.
- C Stock Options/SARs. The price per share of Bar Harbor Bankshares common stock on December 31, 2007, was \$31.40, representing the closing per share price on the AMEX exchange for that date. Murphy would have been entitled to exercise vested options under all categories listed except Cause. If Mr. Murphy or Mr. Shencavitz were terminated involuntarily and without cause within one year prior to or following a change of control event, their unvested stock options would become fully vested. Bonsey, Dalton, Hurley, and Leackfeldt, would have been entitled to all vested options as of December 31, 2007, except in the event of a change of control whereby all unvested options would have fully vested. Disclosed amounts would have been realized if the executive actually exercised the vested options in the manner provided for by the Company's stock

option plan and award agreement at the December 31, 2007, market price. In the event of a termination of employment, the executive (or the executive's estate in the event of death) would have had the right to exercise vested stock options for a set period specified under the plan document. All executives would have forfeited the right to exercise vested or unvested options if they had been released for cause.

- D Health Insurance. The amount disclosed represents the cost of continued health, life, and disability coverage for a period of twenty-four months for Murphy, eighteen months for Shencavitz, and twelve months for Bonsey, Dalton and Hurley as provided in their respective agreements. Leackfeldt is not eligible for this continued benefit.
- E Pension Benefits/SERP. Amounts disclosed represent vested amounts as of December 31, 2007, payable to Murphy and Shencavitz (or their beneficiary/estate) over the twenty-year benefit period provided for under the Company's plan document. Amounts disclosed under Involuntary Without Cause and Voluntary With Good Reason for Murphy and Shencavitz as well as under Change of Control for both represent their vested benefits under the program to be paid over the same 20-year period. See footnote 2 for exceptions. Amounts disclosed do not reflect vested balances for each executive as part of the Company-sponsored 401(k) plan under which participation is generally available to all employees. The Company carries term life insurance policies on Murphy and Shencavitz in the amounts of \$1,350,000 and \$1,200,000, respectively, to help defray costs of these pension benefits should either die while employed by the Company, but prior to full vesting of these benefits.
- F Nonqualified Deferred Compensation Plan. No named executive participated under a Nonqualified Deferred Compensation Plan as of December 31, 2007.
- G Life Insurance Proceeds/Disability Benefits. Amounts represent benefits payable by a third party insurer (UNUM) to the designated executives or their beneficiaries under Company-sponsored life and disability programs. These life and disability insurance programs were generally available to all employees of the Company. The Disability amount quoted is representative of a 12 month, full disability paid benefit. Total benefits due would be dependent upon the severity and length of a disability.
- H Other Perquisites. Not applicable to Bar Harbor Bankshares.
- I Tax Gross Ups. In the event of the hypothetical change of control of Bar Harbor Bankshares on December 31, 2007, and the subsequent termination (or constructive termination) as detailed in their individual change of control agreements, and Murphy and Shencavitz were subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, an additional payment would be made to restore them to the after-tax position they would have been in if the excise tax had not been imposed and such excess parachute payments exceeded 110% of three times the executive's "base amount," as defined in Section 280G of the internal Revenue Code. In the event this 110% threshold is not met, the excess parachute payments will be reduced so they do not exceed three times the executive's base amount. Amounts paid under this Gross Up provision are not tax deductible by the Company or any successor company.

Director, Kenneth E. Smith deferred a portion of his compensation under a Non Qualified Deferred Compensation arrangement. This deferred arrangement is funded entirely by the director and the funds are invested and remain in the name of the Company until the director withdraws them upon his resignation, retirement, or termination from Board membership. Director Smith assumes the investment risk on these funds and holds the status of an unsecured creditor of the Company for the payment of these deferred fees at a future date.

Compensation Committee Interlocks and Insider Participation

The Compensation and Human Resources Committee is comprised of Company directors Phillips, Dearborn, Dodge, Fernald, and Shea. None of the Company executive officers serve as a member of a compensation committee of any other company that has an executive officer serving as a member of the Company's Board of Directors. None of the executive officers serve as a member of the board of directors of any other company that has an executive officer serving as a member of the Committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Transactions with Management and Others

The Company has entered into a long-term lease for its new Bank branch located in Somesville, Maine, effective February 1, 2006 (the "Somesville Lease"). The Somesville Lease has an initial term of five years and five months. During the first year of the Somesville Lease term, the base rent was Sixty Thousand Dollars (\$60,000.00), pro-rated for any partial lease year. During each subsequent lease year the base rent is increased using a formula tied to certain changes in the consumer price index. During 2007, the lease payments totaled \$61,380. In addition to base rent, the Bank is responsible to pay as "additional rent" certain defined real estate taxes as well as certain operating expenses, and other costs, charges, and expenses associated with the premises. The "Landlord" under the Somesville Lease is A. C. Fernald Sons Inc., a Maine corporation. Mr. Robert Fernald of Mount Desert, Maine, is a shareholder, director, and officer of A. C. Fernald Sons Inc. and is the father of Company director Lauri E. Fernald. Lauri E. Fernald does not own any stock or hold any corporate office or other position with A. C. Fernald Sons Inc. and has no direct or indirect interest in the Somesville Lease other than her familial relationship with Mr. Robert Fernald.

Except as set forth above and with regard to "Indebtedness of Management" described below, none of the director-nominees or named executive officers of the Company or of any of its subsidiaries engaged during 2007 in any transaction with the Company or any of its subsidiaries, in which the amount involved exceeded \$120,000.

The Company administers related party transactions (if any) under its Related Party Transaction Policy, which policy addresses compliance to AMEX Company Rule 120. This policy provides for Board Audit Committee oversight of related party transactions that exceed a *de minimus* lifetime income statement impact of \$25,000 (except for loan transactions, which for the Company and its subsidiaries are administered pursuant to Federal Regulation O, as described more fully below). Any transactions that qualify under this policy are reviewed by the Board Audit Committee (or another acceptable Board committee, or the full Board of Directors) for approval prior to being contractually bound by the Company. Other than the lease disclosed and described herein, and loans offered in the ordinary course of business and approved by the Bar Harbor Bank & Trust Board of Directors, the Company had no related party transactions. The Related Party Transaction Policy is approved annually by the Board of Directors and administered by management of the Bank.

Indebtedness of Management

The Company's wholly owned subsidiary, Bar Harbor Bank & Trust (the "Bank"), offers to its directors, officers, principal Shareholders and employees, and to businesses owned and/or controlled by those persons (collectively "insiders"), commercial and consumer loans in the ordinary course of its business.

All loans made by the Company and its subsidiaries to insiders are regulated by the Company's federal and state regulators under federal Regulation O ("Reg. O"). "Reg. O" sets forth various practices and reporting requirements for loans to insiders. In addition, the Sarbanes-Oxley Act of 2002 permits banks and bank holding companies to extend credit to their directors and officers provided that such extensions of credit are (a) made or provided in the ordinary course of the consumer credit business of such issuer; (b) of a type that is generally made available to such issuer to the public; and (c) made by such issuer on market terms, or terms that are no more favorable than those offered by the issuer.

All loans extended by the Bank to insiders comply with Reg. O, the Sarbanes-Oxley Act of 2002, and AMEX Company Rule 120. They are offered under the same terms and conditions available to non-insiders, including but not limited to those terms and conditions related to the requirements for approval, the interest rates charged, the required repayment terms, and the required collateral, except that the Bank waives certain fees for all employees and directors when applying for consumer residential first mortgage loans secured by the related party's primary residence. Further, the Bank may, from time to time at the discretion of management, provide interest rate discounts, fee waivers or other

pricing inducements to qualified employees and directors when doing so accomplishes or furthers an objective of the Bank and/or the Company. No such programs are made available only to insiders. The terms and conditions of all loans, including those to insiders, and the process by which they are approved, is fully documented in the Bank's written Loan Policy. The Policy is approved annually by the Board of Directors and administered by management of the Bank. Loans to insiders may not contain a higher level of risk, nor be offered

(Page 37)

with terms and conditions more favorable, than loans to non-insiders with equivalent financial profiles (except for the favorable pricing programs previously described).

We believe that all extensions of credit to Company insiders and executive officers satisfy the foregoing conditions.

No such transactions have involved more than normal risk of collectibility or presented other unfavorable features and no loans outstanding to directors, officers, principal Shareholders, or their associates in an amount in excess of \$120,000 are non-accruing or past due or otherwise considered to be potential problem loans.

No services were rendered for financial information systems design and implementation or internal audit.

The Company's Audit Committee has considered the compatibility of the non-audit services furnished by the Company's auditing firm with the firm's need to be independent.

The Audit Committee has received and reviewed the written disclosures and the letter from the independent auditors required by Independence Standard No. 1, "Independence Discussions with Audit Committees," as amended, by the Independence Standards Board, and has discussed with the independent accountant the independent accountant's independence.
