ITEM 7.01 Regulation FD Disclosure

On December 17, 2014, Pentair plc (the “Company”) issued a press release updating fourth quarter and full year 2014 adjusted earnings per share (“EPS”) guidance and providing 2015 adjusted EPS guidance. A copy of the release is furnished herewith as Exhibit 99.1 and incorporated herein by reference.

This press release refers to certain non-GAAP financial measures (adjusted operating income, adjusted operating margins, adjusted earnings per share, and pro forma financial information) and a reconciliation of those non-GAAP financial measures to the corresponding financial measures contained in the Company’s financial statements prepared in accordance with generally accepted accounting principles.

The expected full year 2014 adjusted operating income, adjusted operating margins and adjusted earnings per share eliminate certain targeted restructuring activities, certain expenses related to the redomicile of the Company and certain tax items. The 2013 adjusted operating income, adjusted operating margins and adjusted earnings per share eliminate certain expenses incurred related to the merger with the Flow Control business of Tyco International Ltd., certain targeted restructuring activities, "mark-to-market" gain for pension and other post-retirement plans, impairments, certain expenses related to the redomicile of the Company, gain on the sale of businesses, certain tax items and interest expense. Management utilizes these adjusted financial measures to assess the run-rate of its continuing operations against those of prior periods without the distortion of these factors. The Company believes that these non-GAAP financial measures will be useful to investors as well to assess the continuing strength of the Company’s underlying continuing operations.
